Any such tail coverage shall continue for at least three years following the expiration or earlier termination of this Agreement.

(Note: any proposed modifications to these insurance requirements shall be attached as an Exhibit hereto, and the section(s) above that are proposed as not applicable shall be lined out in blue ink. All proposed modifications are subject to County approval.)

Acceptance or approval of insurance shall in no way modify or change the indemnification clause in this Agreement, which shall continue in full force and effect.

CONTRACTOR shall always during the term of this Agreement maintain in force the insurance coverage required under this Agreement and shall send, without demand by County, annual certificates to County's Contract Administrator and County's Contracts/Purchasing Division. If the certificate is not received by the expiration date, County shall notify CONTRACTOR and CONTRACTOR shall have five calendar days to send in the certificate, evidencing no lapse in coverage during the interim. Failure by CONTRACTOR to maintain such insurance is a default of this Agreement, which entitles County, at its sole discretion, to terminate this Agreement immediately.

- 10.1 **Confidentiality:** CONTRACTOR and its officers, employees, agents, and subcontractors shall comply with any and all federal, state, and local laws, which provide for the confidentiality of records and other information. These conditions include but are not limited to leaves, heavy silt, sand or other types of large debris.

Attachments to and incorporated into this Scope of Services and Specifications include: Inventory listing and distance categories, including centerline miles and curb miles, and provide for cleaning and sweeping of all paved surfaces (asphalt concrete and concrete) as 1) identified and requested

EXHIBIT A - SCOPE OF SERVICES/PAYMENT PROVISIONS

m. PERFORMANCE

Primary objectives of the street sweeping program are:

CONTRACTOR shall comply with specific requirements of the NPDES. CONTRACTOR shall immediately notify County Inspector of any pollution discharge entering into storm drains as a result of CONTRACTOR's performance. Failure to comply with notification to the County Inspector may be considered a cause for termination pursuant to Section 7.0 of this AGREEMENT and/or criminal charges against CONTRACTOR. CONTRACTOR must establish and adhere to a regular schedule of performance. CONTRACTOR must maintain gutter flow lines free of debris for free flow of water. Sweeping shall normally consist of a single pass over an area. CONTRACTOR shall make as many additional passes or such extra effort as may be required to adequately clean the street. Obstructions such as accumulations of silt, compacted dirt, leaves and similar debris will be removed unless removal of such obstruction cannot be accomplished without damage to equipment, inflicting personal injury or if removal is clearly beyond the capabilities of the specified equipment. Obstructions such as small tree limbs and rocks shall be removed from the sweeping path and hauled away by CONTRACTOR. Larger obstructions such as impaired vertical and/or horizontal clearance by tree limbs, fallen tree limb equipment or materials, and/or other similar items shall be reported per "Notification of Obstruction", resulting in deficient performance beyond CONTRACTOR's control. Inspections, spot checks and responses to complaints shall be performed on a regular basis. County Inspector shall decide upon the adequacy of sweeping.

In the event CONTRACTOR's performance results in a sweep which is determined to be unsatisfactory by the County Inspector, CONTRACTOR shall re-sweep the area determined to be unsatisfactory by County Inspector, at CONTRACTOR's expense, within twenty-four (24) hours after notification of County Inspector's determination.

County reserves right to withhold payment for missed, incomplete or unsatisfactory sweeping performance.

n. DEFICIENT PERFORMANCE

Liquidated damages shall be applied to deficient performance and/or late completion. The Parties hereto understand and agree that it is impracticable or extremely difficult to determine actual damages County shall sustain by reason of delay in performance. Therefore, Three Hundred Dollars (\$300.00) shall be deducted and withheld from payments due or to become due to CONTRACTOR for each calendar day work is incomplete beyond the scheduled day. CONTRACTOR shall be granted an extension of time and shall not be assessed liquidated damages for delays caused by acts of God. The provisions shall apply to submittal of the cleaning/sweeping schedule and

EXHIBIT A - SCOPE OF SERVICES/PAYMENT PROVISIONS

to performance according to that schedule. Repeated instances of failure to perform shall result in cancellation of the AGREEMENT.

NPDES fines assessed to County shall be paid by CONTRACTOR in the event CONTRACTOR does not complete all of the cleaning/sweeping scheduled in this AGREEMENT

o. NOTIFICATION OF SWEEPING OBSTRUCTIONS

CONTRACTOR shall notify the County Inspector of any obstruction and/or reason why cleaning/sweeping could not be performed for a specific area. The initial report shall be made verbally within twenty-four (24) hours, followed by a written report within seven (7) days. The County shall take appropriate action to mitigate the obstruction.

p. CHANGES IN AREAS SERVICED

Changes in the areas serviced may be necessary during the term of this AGREEMENT. Changes in the AGREEMENT requirements and corresponding changes in compensation may be implemented upon mutual agreement between County and CONTRACTOR. These changes will be processed by the County via written amendment to the AGREEMENT.

q. GENERAL REQUIREMENTS

1. COOPERATION AND COLLATERAL WORK

CONTRACTOR shall submit working hours and schedule. CONTRACTOR shall endeavor to coordinate all cleaning/sweeping operations between the hours indicated unless otherwise approved by the County Inspector. In those instances where operations would interfere with CONTRACTOR's work, CONTRACTOR shall submit to County's Inspector a written request stating days, times and operations which should be suspended or conducted at a different time of the day. No additional compensation or adjustment of the allotted working days shall be granted for compliance with these requirements.

These Model Maintenance Procedures apply to any party conducting municipal activities and contain pollution prevention and source control techniques to minimize the impact of those activities upon dry weather urban runoff, storm water runoff, and receiving water quality. Work performed under this AGREEMENT shall conform to permit requirements, MRSWMP, and Model Maintenance Procedures. CONTRACTOR shall fully understand Model Maintenance Procedures applicable to activities that are being conducted under this AGREEMENT prior to conducting them and maintain copies of Model Maintenance Procedures throughout the AGREEMENT duration.
