It is recommended that the Board of Supervisors:

- a) Approve and authorize the Director or Assistant Director of the Department of Social Services to sign an agreement for \$1,032,000 with Aspiranet for operation of the Cherish Receiving Center for the period of July 1, 2022 through June 30, 2023; and

SUMMARY/DISCUSSION:

Aspiranet currently operates the Cherish Receiving Center (Cherish) which provides a safe and nurturing environment for children 0-17 years of age who have been removed from their homes due to abuse, neglect, or a disruption in foster care placement. These children need a safe, comfortable place to stay until their home issues are resolved or until they can be placed with an appropriate resource (foster family.) Cherish has provided the much needed transitional care and temporary housing for youth entering protective custody as well as providing respite and placement stabilization support for youth and families already engaged with FCS.

The Receiving Center has served approximately 65 youth annually, and continues to provide immediate services for youth taken into protective care. As of 2021, Aspiranet has successfully become the only agency in the region to obtain the newly required 72 hour Transitional Care Facility license obligated by the California Department of Social Services.

OTHER AGENCY INVOLVEMENT:

The Auditor-Controller and Purchasing have reviewed and approved this Agreement. County Counsel has approved the Agreement as to form.

FINANCING:

Funding for this Agreement is provided with a combination of Federal revenues, Realignment, Wraparound-Flex, and Children's Trust Funds. Sufficient appropriations and estimated revenues in Social Services, Fund 001-5010-SOC005 are included in the FY2022-23 Recommended Budget.

BOARD OF SUPERVISORS STRATEGIC INITIATIVES:

This Agreement correlates to the Health & Human Services Strategic Initiative adopted by the Board of Supervisors by allowing the Department to improve the quality of life for children at risk of abuse and neglect through expanding the Department's ability to work in collaboration with the community to address services needed during the youth's temporary custody or removal.
