Eligibility

The program is limited to residents who do not currently qualify for a medical plan and who earn less than 138 % of the federal poverty level. Individuals are encouraged to apply for Medi-Cal when enrolling in the Pilot Project.

The County of Monterey has previously enrolled approximately 2100 residents. These members were determined to be eligible based upon the County's sliding scale fee structure in place at its clinics. Once deemed eligible, members shall maintain membership by submitting updated documents providing proof of continued eligibility annually. The County shall have the ultimate authority to enroll or dis-enroll members. The Administrator will make reasonable enrollment decisions based upon criteria established by the County of Monterey.

Referrals of eligible residents will be made by the county's clinics and Natividad Medical Center (including its clinics). Program enrollment shall be limited to adults above age 19.

The County will set up a new payor class in its financial systems to capture claims and eligibility information.

Initially, the County will provide to PHA an electronic database of enrolled members in a format to be mutually determined. On a monthly basis, there will be a data exchange reflecting updated eligibility. Designated individuals at the County shall have the power to authorize "immediate enrollment" through a process to be delineated.

Pacific Health Alliance will provide a staff person at least eight hours per regular work week to handle on-site eligibility questions. Natividad Medical Center (NMC) has agreed to provide a confidential work space with a telephone line for the PHA staff member.

Exhibit A: Third Party Administration of the County of Monterey Pilot Program for the Remaining Uninsured

We propose a claims payment strategy that assures that individuals are receiving service by valuing each service at the State's posted Medi-cal fee schedule as of July 15, 2017 and paying out the lesser of the claim amount or the amount determined by the inclusion of the claim into the monthly claims pool.

1. Claims from the primary care clinics will be paid the lower of Medi-Cal rates or as a capped pool equal to the balance of the monthly allotment.
2. Natividad Medical Center lab and radiology will be paid at the lesser of Medi-cal rates or a fixed capitation rate (monthly allotment as above).
3. Claims from Salinas Radiology Medical Group be paid at the Medi-Cal rate. These will be paid on a fee for service basis but then reconciled to assure aggregate payment does not exceed the budgeted radiology pool.
4. Claims from the 340B program will be paid in capitation to Natividad Medical Center after submission of claim information to the payor.
