RECOMMENDATION:

It is recommended that the Board of Supervisors:

- a. SUMMARY/DISCUSSION:

In October 2000, an outside audit supported the Auditor-Controller's earlier request for disaster recovery and data center redundancy, and recommended that these services be acquired to provide security to the County's mission critical systems in the event of a systemic failure or, a natural catastrophe.

After years of efforts to obtain disaster recovery and redundant data center services through County resources, the Auditor-Controller opened a Request for Proposal (RFP#10500) in October 2014 to acquire these services. Both County ITD and external vendors were invited to respond. Upon completion of the County's RFP protocols and processes, CenturyLink Technology Solutions (CTL) was recommended as having the best solution for meeting all requirements defined in the RFP. The RFP sought proposals for both "co-location" (a secure secondary or redundant off-site location away from the physical risks to which the County facilities may be susceptible) and "managed" services. Managed service includes the maintenance of equipment, redundancy, and security services at an off-site location, but does not involve the actual performance of County ERP-specific functions, such as payroll processing and accounts payable.

The County's Enterprise Resource Planning (ERP) system includes multiple components that support AC functions integral to the County's operations. These mission-critical functions include all general accounting functions (as the County system of record), creation and distribution of bi-weekly payroll for employees, disbursement and payment of contracts and purchasing, management of County assets and debt, and performance of internal audits. Accordingly, it is imperative that the County have both redundancy in its electronic data, and a disaster recovery plan to guard against major disruptions, such as those caused by earthquakes or malware. Currently, without significant disaster recovery or data center redundancy, operational continuity of these critical County functions is jeopardized, placing the County at significant risk for the non-payment of services, should the ERP system fail.

In addition to the ERP requirements, the RFP also included co-location services for Natividad Medical Center (NMC) whose operational systems also require a high degree of reliability and continuity. By consolidating AC and NMC requirements into a single agreement, the County will benefit from economies of scale; and enable the AC and NMC to implement a long-term strategy for managing and ensuring business continuity of their respective systems.

The NMC data center presently operates within hospital space classified for patient care, and does not fully comply with the requirements set by the Office of Statewide Health Planning and Development (OSHPD) under whose jurisdiction NMC falls. These OSHPD requirements stipulate that the data center be fully earthquake proof, and that fire suppression, preferably with a pre-action system, be in place. In order to bring the NMC data center into OSHPD compliance, and to ensure continuity of its operations, NMC has provided written commitment to support and fund this disaster recovery and co-location data center effort (see Attachment 1).

The selection of CTL is based on the company's past performance with similar government and healthcare organizations, and the ability to scale its offerings to County-specific requirements. CTL is a Fortune 500 company providing disaster recovery, data, voice, co-location, and managed services, to business and government clients worldwide. Its 58 data center locations provide geographic diversity for redundancy, IT asset protection and equipment failover, and are seismically engineered to mitigate the impact of potential earthquake activity.

As part of this process, and before coming to any recommendation, the potential impact to existing employees resulting from the development of adequate redundancies and disaster recovery was considered. No existing jobs are threatened as a result of the County entering into

a contract with an outside provider for either co-location or managed services. Managed services will not eliminate the ITD staff members who are currently dedicated to supporting the application-specific requirements of the ERP system. This information was conveyed to represented employees in conversations between SEIU representatives and the AC Office.

Upon approval from the Board of Supervisors, it is anticipated that the services will start August 2015, and redundant data center, managed co-location and disaster recovery solutions will be fully operational within 90 days of initiation.

OTHER AGENCY INVOLVEMENT:

The RFP was prepared in cooperation with Contracts/Purchasing, Natividad Medical Center, and the County Administrative Office. The Agreement was the subject of negotiations including both Risk Management and County Counsel, and they have each approved the Agreement as to form. This proposal was previously presented to both the Capital Improvements Committee, and the Budget Committee.

FINANCING:

Requesting approval for a County commitment to a three-year contract for disaster recovery, data center, and co-location based on AC and NMC requirements. The first-year cost for ERP managed services, setup and installation will be approximately \$667,524; and decrease to \$644,184/yr. for the subsequent two years. An amount of \$394,000 is being reimbursed from Fund 403-Capital Projects Automation for the first year of ERP costs, with the remaining \$272,000 to be offset by General Fund Contingencies, which is sourced with one-time funding. The FY 2015-16 budgeted General Fund Contingencies is \$5,399,351. Thus far, transfers from General Fund Contingencies in the amount of \$380,406 have been approved by the Board in FY 2015-16. With this requested action, the remaining General Fund Operational Contingencies budget would be \$4,746,945

First-year costs for NMC co-location and setup will be approximately \$164,087, with subsequent service years decreasing to \$147,669/yr. Subsequent years' funding will be included in the appropriate department's budget. Funds for the initial year of NMC costs are already budgeted and approved within the 2015/2016 fiscal year.

CENTURYLINK® LOYAL ADVANTAGE® AGREEMENT

provided under this Agreement.

10. Responsibilities; Indemnification.

10.1 Personal Injury/Property Damage. To the extent permitted under law, each party agrees to be responsible to the other party, its Affiliates, agents, and contractors against all third party claims for damages, liabilities, or expenses, including reasonable attorneys' fees, arising directly from performance of the Agreement and related to personal injury or death, or damage to personal tangible property that is alleged to have been caused by the negligence or willful misconduct of the responsible party. To the extent permitted under law, Customer also agrees to be responsible for all third party claims for damages, liabilities, or expenses, including reasonable attorneys' fees against CenturyLink, its Affiliates, and contractors, to the extent related to the modification or resale of the Services by Customer or End Users, or any AUP violation.

10.2 General Indemnification.

(a) Notwithstanding anything to the contrary in the Agreement, CenturyLink shall indemnify, defend, and hold harmless Customer, its officers, agents and employees from any third party claim, liability, loss, injury or damage arising out of, or in connection with, performance of this Agreement and caused by the willful or negligent act or negligent failure to act of CenturyLink and/or its agents, employees or sub-contractors, excepting only loss, injury or damage caused by the comparative negligence or willful misconduct of employees, agents or subcontractors of the Customer.

(b) Subject to the provisions of Section 9.5 (Intellectual Property Infringement), Customer shall indemnify, defend, and hold harmless CenturyLink, its officers, agents and employees from any third party claim, liability, loss, injury or damage arising out of, or in connection with, Customer or its End Users' use of the Services and caused by the willful or negligent act or negligent failure to act of Customer and/or its End Users, excepting only loss, injury or damage caused by the comparative negligence or willful misconduct of employees, agents or subcontractors of CenturyLink.

10.3 Indemnification Procedures; Insurance Coverage. The indemnification obligations of each party ("Indemnifying Party") to the other party ("Indemnified Party") under this Agreement with respect to any third party claim is contingent upon the Indemnified Party (i) promptly notifying Indemnifying Party of the claim, except that any failure to provide such notice shall only limit the Indemnifying Party's obligations to the extent such failure adversely affects the Indemnifying Party's ability to defend the claim, (ii) giving the Indemnifying Party sole control over the defense and settlement of the claim, except that the Indemnifying Party shall obtain the prior written consent from the Indemnified Party to any settlement that does not include a complete release of such Indemnified Party, and the Indemnified Party shall be entitled to participate with legal counsel of its own selection and at the Indemnifying Party's expense in any proceeding where there is any conflict of interest between the Indemnifying Party and Indemnified Party, and (iii) providing the Indemnifying Party with information and reasonable cooperation and assistance in connection with such defense and settlement. The indemnification obligations of an Indemnifying Party are not contingent on the availability of insurance coverage to the Indemnifying Party for any third party claims that the Indemnifying Party is required to indemnify under the terms of this Agreement.

11. Termination.

11.1 Service. Customer may terminate an individual Service or a Service Exhibit: (a) in accordance with the individual Service Exhibit's term requirements with 60 days' prior written notice to CenturyLink ("Notice of Non-Renewal"), or (b) for Cause. CenturyLink may terminate an individual Service or a Service Exhibit ("Termination for Convenience") (a) in accordance with the individual Service Exhibit's term requirements with 180 days' prior written notice to Customer, or (b) for Cause. If Service or a Service Exhibit is terminated by Customer for Convenience or by CenturyLink for Cause, then Customer will pay Cancellation Charges. It is expressly agreed and understood that a Notice of Non-Renewal by Customer is not a Termination for Convenience.

11.2 Agreement. Customer may terminate the Agreement and all Services by: (a) providing written notice to CenturyLink of its intention not to renew the Agreement at least sixty (60) days prior to the expiration of the then current Term, or (b) for Cause. CenturyLink may terminate the Agreement and all Services by: (i) providing written notice to Customer of its intention to not renew the Agreement at least 180 days prior to the expiration of the then-current Term, or (ii) for Cause. It is expressly agreed and understood that a Notice of Non-Renewal by Customer is not a Termination for Convenience. Cause to terminate an individual Service Exhibit will not constitute Cause to terminate the Agreement; rather, Cause to terminate the entire Agreement for Service-related claims will exist only if Customer has Cause to terminate all or substantially all of the Services under the applicable SLA, Service Exhibit, RSS or Tariff. If the Agreement is terminated by Customer for Convenience or by CenturyLink for Cause prior to the conclusion of the Term, then Customer will pay the higher of: (1) the Early Termination Charge or (2) the total Cancellation Charges that apply for terminating all CenturyLink Services at the time the Agreement is terminated.

11.3 Unpaid Charges. Customer will remain liable for charges accrued but unpaid as of the termination date.

12. Non-Appropriations. Customer's payments to CenturyLink under this Agreement are funded by local, state and federal governments. If funds from local, state and federal sources are not obtained and continued at a level sufficient to allow for the Customer's purchase of the services indicated in this Agreement, Service Exhibits, Service Level Agreements or similar documents, then Customer may give written notice of this fact to CenturyLink, and the obligations of the parties under this Agreement shall terminate without charge immediately, or on such date thereafter as Customer may specify in its notice, unless in the meanwhile the parties enter into a written amendment modifying this Agreement. Customer agrees to use its best efforts to seek and acquire sufficient appropriations and to provide CenturyLink with no less than sixty (60) days' notice of non-appropriations. Notwithstanding the above, Customer agrees it will not use non-appropriations as a means of terminating this Agreement in order to acquire functionally equivalent products or services from a third party.

CENTURYLINK® LOYAL ADVANTAGE® AGREEMENT**13. Miscellaneous.**

13.1 General. The Agreement's benefits do not extend to any third party (e.g., an End User). If any term of the Agreement is held unenforceable, the remaining terms will remain in effect. Except for time requirements as specifically stated in a Service Exhibit or SLA, neither party's failure to exercise any right or to insist upon strict performance of any provision of the Agreement is a waiver of any right under the Agreement. The terms and conditions of the Agreement regarding confidentiality, the Responsibilities Section, limitation of liability, warranties, payment, dispute resolution, and all other terms of the Agreement that should by their nature survive the termination of the Agreement will survive. Each party is not responsible for any delay or other failure to perform due to a Force Majeure Event.

13.2 Conflicts Provision. If a conflict exists among provisions within the Agreement, the following order of precedence will apply in descending order of control: Service Exhibit, the Agreement, and any Order Form. If Services are provided pursuant to a Tariff, RSS, or ISS as described in the applicable Service Exhibits, the order of precedence will apply in the following descending order of control: Tariff, Service Exhibit, the Agreement, RSS, ISS, and Order Form.

13.3 Independent Contractor. CenturyLink provides the Services as an independent contractor. The Agreement will not create an employer-employee relationship, association, joint venture, partnership, or other form of legal entity or business enterprise between the parties, their agents, employees or affiliates.

13.4 ARRA. Customer will not pay for the Services with funds obtained through the American Recovery and Reinvestment Act or other similar stimulus grants or loans that would obligate CenturyLink to provide certain information or perform certain functions unless each of those obligations are explicitly identified and agreed to by the parties in the Agreement or in an amendment to the Agreement.

13.5 HIPAA. CenturyLink does not require or intend to access Customer data in its performance hereunder, including but not limited to any confidential health related information of Customer's clients, which may include group health plans, that constitutes Protected Health Information ("PHI"), as defined in 45 C.F.R. §160.103 under the Health Insurance Portability and Accountability Act of 1996 ("HIPAA Rules"). To the extent that any exposure to PHI is incidental to CenturyLink's provision of Service and not meant for the purpose of accessing, managing the PHI or creating or manipulating the PHI, such exposure is allowable under 45 CFR 164.502(a)(1)(iii).

13.6 Installation, Maintenance and Repair

(a) Provision of Services is subject to availability of adequate capacity and CenturyLink's acceptance of a complete Order Form.

(b) Customer will reasonably cooperate with CenturyLink or its agents to install, maintain, and repair Services. Customer will provide or secure at Customer's expense appropriate space and power; and rights or licenses if CenturyLink must access the building of Customer's premises to install, operate, or maintain Service or associated CenturyLink equipment. CenturyLink may refuse to install, maintain, or repair Services if any condition on Customer's premises is unsafe or likely to cause injury.

(c) Customer is responsible for any facility or equipment repairs on Customer's side of the demarcation point. Customer may request a technician dispatch for Service problems. Before dispatching a technician, CenturyLink will notify Customer of the dispatch fee. CenturyLink will assess a dispatch fee if it determines the problem is on Customer's side of the demarcation point or was not caused by CenturyLink's facilities or equipment on CenturyLink's side of the demarcation.

13.7 Governing Law; Dispute Resolution.

(a) **Billing Disputes.** If Customer disputes a charge in good faith, Customer may withhold payment of that charge if Customer makes timely payment of all undisputed charges when due and provides CenturyLink with a written explanation of the reasons for Customer's dispute of the charge within 90 days after the invoice date of such amount. If CenturyLink determines, in its good faith, that the disputed charge is valid, CenturyLink will notify Customer and within five business days after CenturyLink's notification Customer shall either (i) pay the charge and accrued interest, or (ii) request escalation of the dispute in accordance with the Billing Dispute Resolution and Escalation Process set forth below.

(b) **Governing Law; Forum.** The Agreement will be governed by the laws of the State in which the Customer's principal office is located without regard to its choice of law principles. Any legal proceeding relating to the Agreement will be brought in a U.S. District Court, or absent federal jurisdiction, in a state court of competent jurisdiction, in Monterey, California.

(c) **Waiver of Jury Trial and Class Action.** Each party, to the extent permitted by law, knowingly, voluntarily, and intentionally waives its right to a jury trial and any right to pursue any claim or action relating to the Agreement on a class or consolidated basis or in a representative capacity. The arbitration will be conducted in accordance with the JAMS Comprehensive Arbitration Rules. Judgment upon the arbitration award may be entered in any court having jurisdiction.

Any other assignment will require the prior written consent of the other party.

13.10 Amendments; Changes. The Agreement may be amended only in a writing signed by both parties' authorized representatives. Any amendment must be approved by the Monterey County Board of Supervisors. Each party may, at any time, reject any handwritten change or other alteration to the Agreement. CenturyLink may change features or functions of its Services; for material changes that are adverse to Customer, CenturyLink will provide ninety (90) days' prior written notice, but may provide a shorter notice period if the change is based on Regulatory Activity. If CenturyLink modifies its SG, SLA or its Customer Guide, except as required by law or regulation, or industry standard ("SG/SLA/Customer Guide Change"), and the Service is materially and adversely affected by the SG/SLA/Customer Guide Change, Customer may, within fifteen (15) business days of the date CenturyLink notifies Customer in writing of the SG/SLA/Customer Guide Change ("SG/SLA/Customer Guide Change Notice Period"), send written notice to CenturyLink indicating the Service affected and including details sufficient to demonstrate the adverse material effect on Customer ("Customer SG/SLA/Customer Guide Change Notice"). 2. Term. Services have a minimum term which begins on the BCD and continues for the period set forth in the relevant Service Order or SOW ("Initial Service Term"), at the conclusion of which the Service will automatically renew for successive periods equal to one-month ("Automatic Renewal Term"), unless terminated by either party in writing at least 60 days prior to the expiration of the then-current Service Term. The Initial Service Term and any renewal terms are collectively referred to as the "Service Term".

Customer shall have three business days after such use or notification to notify CenturyLink of any deficiency ("Acceptance Period"). Such notice shall include a written description that specifically demonstrates the deficiency in Service. If CenturyLink determines in its reasonable judgment that the written notice of deficiency is insufficient, Customer and CenturyLink shall meet and confer to identify and resolve any deficiencies. The Service shall be deemed accepted unless Customer provides CenturyLink with notice to the contrary during the

**CENTURYLINK® TOTAL ADVANTAGE® AGREEMENT
CENTURYLINK TS SERVICE EXHIBIT**

Acceptance Period. Upon timely notice to CenturyLink of a deficiency, CenturyLink will remedy the Service deficiency and provide Customer notification of such remedy at which time a new Acceptance Period shall begin, and CenturyLink will delay billing until accepted in accordance with this provision. Notwithstanding anything to the contrary in the Agreement, if CenturyLink partially installs or activates a Service, CenturyLink reserves the right to commence billing for such Service on a pro rata basis.

4. **Compliance and Security.** Each party shall comply with all laws and regulations applicable to the provision (in the case of CenturyLink) and use (in the case of Customer) of the Services provided hereunder. CenturyLink has adopted and implemented, and shall maintain throughout the Term, a corporate information security program designed to comply with applicable laws and protect Customer's information, materials and data ("Customer Data") from loss, misuse and unauthorized access or disclosure. As of the Effective Date, CenturyLink has completed an AICPA sanctioned Type II audit report (i.e., SSAE16/ISAE3402 SOC 1 or AT-101 SOC 2) in certain data centers and intends to continue to conduct such audits pursuant to a currently sanctioned or successor standard. Customer will be entitled to receive a copy of the then-available report, which is CenturyLink Confidential Information. Customer may make such report available to its End Users subject to confidentiality terms provided by CenturyLink.
5. **Use of Service.** Customer and its End Users will not use or access the Services or any data center in a manner that materially interferes with or harms the CenturyLink infrastructure or any third parties; or is tortious or violates any third party right. CenturyLink will attempt to notify Customer in writing prior to suspending Service; provided, however, CenturyLink may suspend Service without notice if CenturyLink becomes aware of a violation of any applicable law or regulation or of activity that exposes CenturyLink to criminal or civil liability or that exposes the CenturyLink network, CenturyLink property or CenturyLink customers' network or property to harm as identified in the CenturyLink TS AUP. Customer agrees to defend, indemnify and hold CenturyLink harmless from third party claims, losses, damages, liabilities, costs and expenses, including, without limitation, reasonable attorneys' fees arising from non-compliance with this section.
6. **Termination.** Either party may terminate this Service Exhibit or affected Services (i) upon 30 days' prior written notice for Cause; or (ii) in accordance with any other express term contained in the Agreement or applicable SLA. If Customer terminates an ordered Service prior to its BCD, Customer will pay a Cancellation Charge equal to one month's projected MRC, plus all reasonable and documented out-of-pocket costs incurred by or imposed upon CenturyLink by third parties (e.g., ordered equipment, licenses, carrier termination charges). If the Service or this Agreement is terminated by Customer for Convenience prior to the conclusion of the applicable Service Term, then Customer shall be liable for a Cancellation Charge equal to: (a) unless otherwise set forth on a Service Order, 50% of the then current MRC for the affected Services multiplied by the number of months remaining in the Service Term; (b) Service charges accrued but unpaid as of the termination date; (c) any NRC discount or waiver granted by CenturyLink, and (d) any reasonable and documented out-of-pocket costs incurred by or imposed upon CenturyLink (e.g., ordered equipment, licenses, carrier termination charges). If the Service or this Agreement is terminated by CenturyLink for Cause, Customer shall be liable for (i) 40% of the then-current MRC for the affected Services multiplied by the number of months remaining in the Service Term; (ii) Service charges accrued but unpaid as of the termination date; (iii) any reasonable and documented out-of-pocket costs incurred by or imposed upon CenturyLink (e.g., ordered equipment, licenses, carrier termination charges) and (iv) any direct damages resulting from the nature of the Cause of termination. If a particular Service is terminated upon which another service is dependent, all such dependent services shall be deemed to be terminated as well.
7. **Intellectual Property.** Nothing in the Agreement or the performance thereof shall convey, license, or otherwise transfer any right, title, or interest in any intellectual property or other proprietary rights held by either party or its licensors. CenturyLink's intellectual property and proprietary rights include any skills, know-how, modifications or other enhancements developed or acquired in the course of configuring, providing, or managing the Service. Each party agrees that it will not, directly or indirectly, reverse engineer, decompile, reproduce or otherwise attempt to derive source code, trade secrets, or other intellectual property from any information, material, or technology of the other party or its licensors.
8. **Equipment.** If the Service includes access to or the use of CenturyLink-provided equipment ("CenturyLink Equipment"), Customer: (a) will not assert any ownership interest whatsoever in the CenturyLink Equipment; (b) will keep the CenturyLink Equipment free and clear from all liens, claims and encumbrances; (c) shall protect and use all CenturyLink Equipment in accordance with the Agreement; and (d) will cooperate with CenturyLink to allow installation, maintenance and, upon termination, removal of the CenturyLink Equipment. Unless otherwise set forth in the applicable SG or Service Order, Customer is responsible for selecting, supplying, installing and maintaining any equipment used in connection with the Service and not provided by CenturyLink ("Customer Equipment") including any related applications, systems, or software.
9. **No Transfer of Undertakings.** CenturyLink and Customer agree that the provision and subsequent expiry, cancellation or termination of the Services are not intended to be transfers of undertakings within the meaning of the Transfer of Undertaking (Protection of Employment) Regulations 2006 and related legislation ("TUPE"), and consequently there will be no transfer of employees between Customer and CenturyLink (or any other subsequent service provider of Customer) as a result of the operation of this

"Customer Area" means the space within a CenturyLink Premises specifically identified as available to Customer for the placement and operation of Customer Equipment.

2. Notwithstanding anything to the contrary in the Agreement, CenturyLink may increase the rates associated with existing Colocation Service at any time after twelve months of the initial installation date for such Service, but only in order to pass through documented increases in such Service's underlying power facility costs and such increase shall be effective upon the date set forth in CenturyLink's written notice thereof to Customer, which notice shall be provided at least thirty (30) days in advance.

Subject to the rest of this section, CenturyLink may enter the Customer Area and/or access Customer Equipment only to the extent necessary to provide a Service or otherwise exercise its rights under the Agreement. If Customer Equipment needs to be moved to another area within the same CenturyLink Premises or to another CenturyLink Premises due to either Customer's requirements for additional space or CenturyLink's reasonable business needs, the parties will cooperate to complete and minimize the impact of the relocation. CenturyLink may temporarily store Customer Equipment pending its installation at a CenturyLink Premises ("Equipment Storage"). If Equipment Storage continues for more than 30 days, CenturyLink may return, at Customer's expense, the Customer Equipment. The risk of loss or damage for any Customer Equipment during any Equipment Storage shall be upon Customer. If any Authorized Representative or Customer Equipment presents any material risk of harm to CenturyLink, its employees, agents, contractors, or customers, or the CenturyLink Premises, Customer shall take prompt action to eliminate such risk. If Customer fails to do so or if there is risk of material and imminent harm, CenturyLink may, without prior notice or liability to Customer, take appropriate action itself, including accessing the Customer Area. Customer, its Authorized Representatives and Customer Equipment will not cause personal injury or property damage at a CenturyLink Premise.

5. Customer shall within five (5) business days of the end of the Service Term: (a) remove all Customer Equipment and any other Customer property ("Customer Materials") from the CenturyLink Premises; and (b) return the Customer Area to CenturyLink in the same condition as it was on the BCD, normal wear and tear excepted. If Customer fails to remove the Customer Materials within such period or if Customer has an outstanding balance at the end of the Service Term, CenturyLink may remove any Customer Materials (without liability) and, at Customer's expense, either: (a) store it until Customer remits all amounts owed (including storage expenses) or (b) ship such Customer Materials FOB Origin to Customer at Customer's last address of record.

6. Network Connectivity.

6.1 Hosting Network Infrastructure. The Colocation network infrastructure provides connectivity from Customer's environments to the available networks within each facility, including the CenturyLink backbone(s), and other Colocation customers or Alternate Carrier Network Connections. With valid orders, Customer is permitted to interconnect to other customers or alternate carriers as described; however, all connections from Customer environment to any other customer or any network infrastructure must be performed by CenturyLink.

6.2 Alternate Carrier Network Connection. An Alternate Carrier Network Connection is a connection to a non-CenturyLink network. Depending on the particular data center's configuration, Alternate Carrier Network Connections can be made at either the data center's carriers' premises or at the data center's servicing point of presence. Depending on the data center and alternate carrier availability, the rates and required components may vary. In the event that a carrier of interest to Customer is not available at the data center's carriers' premises Customer is encouraged to inform its CenturyLink sales representative or the data center manager so that CenturyLink may inform such carrier of potential demand for carrier's services which may lead to a CenturyLink agreement with such carrier to establish a presence at the data center.

7. This is a service agreement and does not constitute a lease of any real property or create any tenant or other real property rights. Customer has been granted only a license to occupy the Customer Area and use the CenturyLink Premises and any

CenturyLink Equipment in accordance with the Agreement and agrees that this Service Schedule, to the extent it involves the use of space leased by CenturyLink, shall be subordinate to any lease between CenturyLink and its landlord(s). Customer hereby waives and releases any claims that it may have against the landlord(s) under any lease by CenturyLink with respect to any Customer Equipment or property located in the CenturyLink Premises demised to CenturyLink by such landlord(s). If the CenturyLink Premises becomes the subject of a taking by eminent domain by any authority having such power, CenturyLink shall have the right to terminate any or all of the affected Services without liability after at least ninety (90) days' prior notice; provided, however, that CenturyLink will use commercially reasonable efforts to move Customer to another, comparable CenturyLink Premises prior to exercising such termination right. CenturyLink shall have the right to terminate any or all of the Services without liability of any kind on the earlier of (i) the expiration of or earlier termination of CenturyLink's underlying lease for the CenturyLink Premises, provided CenturyLink has used its best efforts to find another, comparable CenturyLink Premises and has given at least 120 days' prior notice of the expiration of the underlying lease, or (ii) expiration or earlier termination of this Service Schedule. The parties agree that any renewal of the Services shall be contingent on the election by CenturyLink, in its sole discretion, to continue to own or lease the CenturyLink Premises.

8. Marketing. Notwithstanding anything to the contrary elsewhere in the Agreement, Customer agrees that (i) CenturyLink has the right to use Customer's name, trademarks, or other proprietary identifying symbol for its marketing communication activities and (ii) CenturyLink may issue a mutually acceptable press release (approval of which shall not be unreasonably withheld) announcing Customer's selection or expansion with CenturyLink as its provider of colocation services.

SERVICE SCHEDULE: SECURITY SERVICES**

1. Customer acknowledges that the Services endeavor to mitigate security incidents, but such incidents may not be mitigated entirely or rendered harmless. Each Service is subject to limitations in its scope or performance, as may be more fully set forth in the applicable SG. Security services already provided by CenturyLink under a separate Service Exhibit are governed solely by the terms of such Service Exhibit.
2. Customer should consider any particular Service as just one tool to be used as part of an overall security strategy and not a guarantee of security.
3. Non-standard installations (as identified by CenturyLink in its reasonable opinion and as mutually agreed upon), may require extended provisioning intervals and/or additional costs.
4. Customer shall submit a sufficiently detailed description of any test plan to CenturyLink in advance. The test plan must adhere to any applicable testing standards or procedures provided by CenturyLink. CenturyLink may modify the test plan in its reasonable discretion and may require the execution of additional contractual documents prior to testing. CenturyLink will not respond to any security-related alarms during a scheduled testing period. CenturyLink will have no responsibility whatsoever for any loss or outages during a Customer test, including any otherwise available service credits. Customer agrees that neither it nor its agents will engage in any destructive or otherwise harmful testing.
5. Customer represents that Customer is not (a) located in, under the control of, or a national or resident of any country or territory to which export is prohibited under the laws of any country in which CenturyLink operates, or (b) on the U.S. Treasury Department List of Specially Designated Nationals or the U.S. Commerce Department's Table of Deny Orders.

1. Professional services purchased hereunder shall be more specifically identified in one or more SOWs executed by Customer, each of which is incorporated herein by reference. This Service Schedule applies solely to professional services to be performed by CenturyLink TS; all other professional services provided by other CenturyLink affiliates are available under a separate Service Exhibit.
2. The termination of any professional services will not affect Customer's obligations to pay for other Services. Customer may cancel any SOW within two (2) business days of order submission to CenturyLink without liability for Cancellation Charge(s). If Customer terminates all or part of a SOW three (3) or more business days after order submission but prior to CenturyLink notification that installation is complete, Customer agrees to pay a cancellation fee of 25% of the affected fees set forth in the SOW plus all documented third party out-of-pocket costs incurred by CenturyLink. If a SOW or a part thereof is terminated by Customer for any reason other than Cause after the BCD but prior to completion of the Professional Services under such SOW, then Customer shall be liable for: (a) a Cancellation Charge equal to 50% of the NRC and MRC for any Tasks, as defined in the SOW, not yet completed by CenturyLink as specified in the SOW; (b) any charges accrued but unpaid as of the termination date; and (c) any documented third party out-of-pocket costs incurred by or imposed upon CenturyLink (e.g., ordered equipment, licenses, carrier termination charges). If a SOW or a part thereof is terminated by CenturyLink for Cause, then Customer shall be liable for (i) any Service charges accrued but unpaid as of the termination date; (ii) any reasonable and documented out-of-pocket costs incurred by or imposed upon CenturyLink by third parties (e.g., ordered equipment, licenses, carrier termination charges); and (iii) any direct damages resulting from the nature of the Cause of termination.
3. "Customer Technology" means the proprietary technology of Customer and its licensors, including Customer's Internet operations design, software tools, hardware designs, algorithms, software (in source and object forms), user interface designs, architecture, class libraries, objects and documentation (both printed and electronic), know-how, trade secrets and any related intellectual property rights throughout the world and also including any derivatives, improvements, enhancements or extensions of Customer Technology conceived, reduced to practice, or developed by Customer during the term of a SOW. "CenturyLink Technology" means the proprietary technology of CenturyLink and its licensors, including services, software tools, hardware designs, algorithms, software (in source and object forms), user interface designs, architecture, class libraries, report formats, objects and documentation (both printed and electronic), network designs, know-how, trade secrets and any related intellectual property rights throughout the world and also including any derivatives, improvements, enhancements or extensions of CenturyLink Technology conceived, reduced to practice, or developed during the term of a SOW.
4. Except for the rights expressly granted in this Service Schedule, nothing herein or in any SOW shall transfer to Customer any CenturyLink Technology, and all right, title and interest in and to CenturyLink Technology will remain solely with CenturyLink, its affiliates and their licensors. Notwithstanding anything to the contrary herein, CenturyLink will not be prohibited or enjoined at any time by Customer from utilizing any skills or knowledge acquired during the course of providing the Services, including, without limitation, information publicly known or available or that could reasonably be acquired in similar work performed for another customer of CenturyLink.
5. Effective at the time CenturyLink receives full and final payment for a Deliverable (as defined in the applicable SOW), CenturyLink: (a) assigns to Customer all right, title and interest CenturyLink may possess, including all intellectual property rights, in such Deliverable provided by CenturyLink to Customer pursuant to the applicable SOW, excluding any CenturyLink Technology; and (b) grants to Customer a non-exclusive, non-transferable, royalty free license to use the CenturyLink Technology incorporated into the Deliverable solely and exclusively as incorporated into and made part of the Deliverable as a whole. To the extent Customer, its employees or contractors participate in the creation of CenturyLink Technology, Customer, on behalf of itself, its employees and contractors, hereby assigns to CenturyLink all right, title and interest, including all intellectual property rights, in and to such creation. Customer will obtain assignments from its employees and contractors as necessary to comply with this section. Customer acknowledges that CenturyLink grants no other rights of license (including implied licenses or the right to sub-license) other than the express rights granted herein.

SERVICE SCHEDULE: CENTURYLINK CLOUD SERVICES

The parties acknowledge and agree that all Services provided pursuant to this Service Schedule are provided by CenturyLink through CenturyLink TS' affiliate, Tier 3, Inc. The parties agree that solely with respect to the CenturyLink Cloud Services (hereafter "Cloud Services" or "Services") the following terms shall supplement the terms set forth elsewhere in the Agreement (including this Service Schedule) and in the event of a direct conflict with such terms, these Cloud terms shall govern with respect to the Services.

1. **Service Order.** "Service Order" means either: a service order request submitted on a form issued by CenturyLink and signed by Customer or the online order that Customer submits to CenturyLink via the client management section of the Web site ("Control portal") that includes the type and details of the specific Services ordered by Customer.
2. **Portal.** Customer may access the Services via the online Control portal or via a CenturyLink-provided Application Programming Interface ("API"). CenturyLink may modify its portal or APIs at any time, or may transition to new API's. Customer's use of the portal and any API Customer downloads from a CenturyLink Web site are governed by this Agreement or any license terms that may be included with the download.
3. **Term.** Unless otherwise agreed by the parties, individual Services will not have designated term periods.
4. **Billing Commencement Date.** Notwithstanding anything to the contrary, (i) the BCD for recurring Cloud Services is the date in which CenturyLink delivers the Services; and (ii) the BCD for usage based Services is the time/date Services are activated. No Acceptance Period shall apply to Cloud Services. Fees are due and payable on the date that Customer places its order for such Services. Payment obligations are non-cancelable and fees paid are non-refundable.
5. **Termination.** Customer may terminate any individual Service Order that is not subject to a minimum term commitment for any reason or no reason at all without liability for early termination charges. Customer must follow CenturyLink's termination procedures made available in the Control portal.
6. **Service Level Agreement.** CenturyLink may modify any particular composition of the Service (including the SLA) from time to time upon notice to all customers by posting on the applicable Web site so long as they are changes that affect all customers collectively and not Customer alone.
7. **Charges.** Fees for any new Service or new Service feature will be effective upon posting to the Control portal. If CenturyLink proposes to increase fees for any existing Service, CenturyLink shall provide notice of such increase not less than 60 days prior to the end of the then-current term.
8. **Security.** Given that Customer can self-provision and self-configure the Services and Customer's environment in ways that may reduce their security, notwithstanding anything else to the contrary in the Agreement, Customer acknowledges that it and not CenturyLink will be responsible for whether the Services and Customer environment are configured in a secure manner. Nothing in this provision shall modify or absolve CenturyLink from its obligations to maintain its corporate security program as provided in the Agreement.
9. **Authorization.** Customer agrees that: (i) it will provide accurate and complete information as requested by CenturyLink in connection with its registration for the Services; and (ii) any registrants, users, or others placing orders for Service on its behalf have full legal capacity to do so and are authorized to do so and to legally bind Customer to the Agreement and all transactions conducted under Customer's account.
10. **Third Party Software.** Customer represents and warrants that it will not use, and will not authorize any third party to use, any software with the Services, including without limitation the CenturyLink APIs, in any manner that may require, pursuant to any applicable license, that any CenturyLink Services, components thereof, or other intellectual property of CenturyLink or its licensors be (a) disclosed or distributed in source code form, (b) made available free of charge to recipients, or (c) modifiable without restriction by recipients. Additionally, Customer agrees to comply with the terms of any applicable third party software license used in connection with the Service to the extent such terms are made available to Customer by CenturyLink.
11. **Marketing.** Notwithstanding anything to the contrary elsewhere in the Agreement, Customer agrees that CenturyLink has the right, with prior written approval from Customer, to use Customer's name, trademarks, or other proprietary identifying symbol in any medium for its marketing and publicity activities.
12. **Terms of Use and SLA Attachment.** Customer's use of Services hereunder is subject to acceptance by Customer of the terms of acceptable use available at <http://www.centurylinkcloud.com/legal/aup>. This policy may be updated from time to time by CenturyLink upon notice to all customers by posting on the applicable Web site. In addition, the SLA Attachment, as defined in the Agreement, applicable to the Service is available at <http://www.centurylinkcloud.com/legal/sla>.
