2014-2015 Area Plan Update

AAA Name: Monterey County Area Agency on Aging

PSA 32

This Area Plan is hereby submitted to the California Department of Aging for approval. The Governing Board and the Advisory Council have each had the opportunity to participate in the planning process and to review and comment on the Area Plan. The Governing Board, Advisory Council, and Area Agency Director actively support the planning and development of community-based systems of care and will ensure compliance with the assurances set forth in this Area Plan. The undersigned recognize the responsibility within each community to establish systems in order to address the care needs of older individuals and their family caregivers in this planning and service area.

Executive Summary PSA 32

This report is the second annual update to the 2012-2016 Area Plan and is submitted to the California Department of Aging in compliance with Older Americans Act requirements. The update report provides an opportunity to make adjustments to the Area Plan. This update report is limited in scope and addresses only those areas from the 2012-2016 Area Plan that require a change. The Area Plan Update Checklist on page two identifies the components being updated in this report. The 2012-2016 Area Plan remains the primary source of information for local service planning and advocacy efforts.

The findings from the needs assessment conducted in support of the Area Plan remain unchanged. As reported in the 2012-2016 Area Plan, the needs of greatest importance to seniors are food, transportation, and access to affordable health care and insurance, affordable housing and assistance with legal affairs round out the top five needs identified by Monterey County seniors.

The goals and objectives reported in the 2012-2016 Area Plan remain relevant and stand unchanged. The AAA continues to lead local efforts in a redesign of the service delivery system to better integrate and coordinate Long Term Services and Supports and health care services under a model of service delivery known as Aging & Disability Resource Connections (ADRC). On the advocacy front, the AAA Advisory Council has been active in identifying issues important to seniors and working with policy makers to strengthen social security and Medicare, bring attention to the problem of elder and dependent adult abuse, and call for parity in the provision of mental health services and treatment for older adults.

In addition to system planning and advocacy, the AAA contracts with an array of community based non-profit senior service providers for the provision of services funded under the Older Americans Act. The aging services network was hit particularly hard during California's budget crises, the great recession, and federal sequester. A number of service programs have either reduced service hours; the number of persons served or in too many cases, closed their doors for business. An unfortunate consequence of policy decisions made at the state and federal level at a time when policy makers call for local communities to prepare for a rapidly aging population.

Mission PSA 32

The AAA has adopted the guiding mission as established by the California Code of Regulations (CCR Article 3, Section 7302). The mission statement reads as follows:

"To provide leadership in addressing issues that relate to older Monterey County residents; to develop community-based systems of care that provide services which support independence, and which protect the quality of life of older persons and persons with functional impairments; and to promote citizen involvement in the planning and delivery of services."

In addition, the Monterey County Area Agency on Aging strives to:

- Lead community planning efforts to meet future service needs of older adults
- Inspire the development of partnerships to work collaboratively on behalf of older adults
- Promote professional knowledge and development
- Serve as advocate for the development of community based services for older adults
- Promote a respect of social and cultural diversity
- Engage older adults and family caregivers in identifying service needs and priorities

The Monterey County AAA further believes in the rights of older adults to live in dignity with an adequate income in retirement; to have access to the best possible physical and mental health without regard to economic status; to be given opportunities for employment.

The AAA adopts the following values important to older adults:

• Quality of Life

"I want to be treated with dignity and respect"

• Quality of Care

"I want service providers to be knowledgeable, experienced and well trained"

• Access and Affordability

"I want to be able to easily find services and be able to afford them"

• Choice and Person-Centered Services

"I want to be in charge and have options presented to me"

Lowest Level of Care

"I want to stay in my own home"

All together, this information provides the framework within which the AAA carries out its duties and responsibilities.

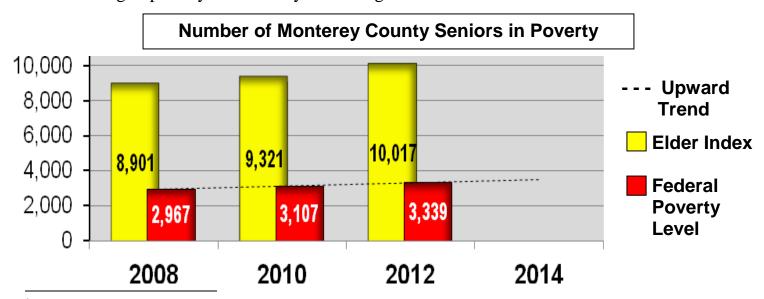

Section 4 (Required) Estímate of Lower Income Minority Older Individuals PSA 32

Monterey County AAA continues to monitor the population growth ² each year on the total estimated number of residents in Monterey County by age group. The prior year reflected an overall increase of 3.5% in the 60 and older population and this year's increase is another 3.5%:

AGE	Total Population by Age Group	% of Total Population All ages	Male	% of Total Population All ages	Female	% of Total Population All ages
60-64	20,474	4.9%	10,243	2.5%	10,231	2.5%
65-69	13,092	3.1%	6,473	1.6%	6,619	1.6%
70-79	18,406	4.4%	8,083	1.9%	10,323	2.5%
80 & up	13,330	3.2%	5,065	1.2%	8,265	2.0%
Total 60+	65,302	15.7%	29,864	7.2%	35,438	8.5%
Total 65+	44,828	10.8%	19,621	4.7%	25,207	6.8%

Information is available each year for low income seniors that are 65 and older living at the Federal Poverty Level (FPL) and outlined in the chart below (the maximum income for a single adult is \$10,400 for 2008 and rises to \$11,170 for 2012). Considering the high cost of living in California and especially in coastal counties like Monterey, another resource is often used for service planning purposes. The Elder Economic Security Standard Index³ is customized for each area and outlines that the actual number of seniors living in true poverty is approximately three times the number of FPL reported seniors (\$25,530 poverty threshold for a single individual renting).

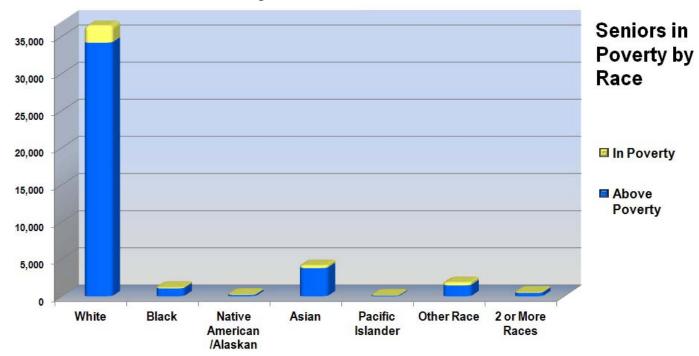

Using the two measures side by side shows the same trend and projects that the number of seniors living in poverty ⁴ is steadily increasing:

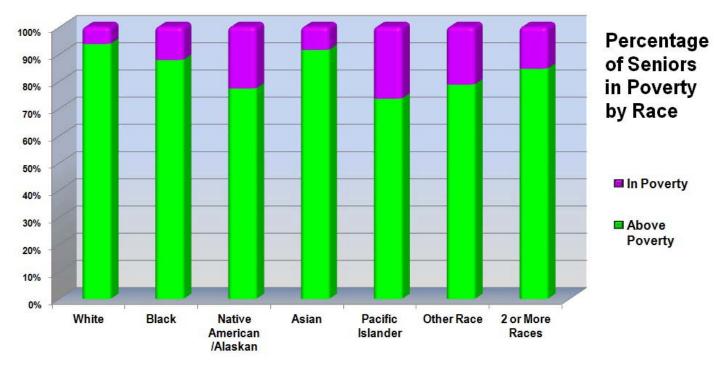

U.S. Census, American Community Survey 2008-2012, Table B01001, total population all ages 416,199.
 The 2011 Elder Economic Security Standard Index (Elder Index) is a measure of economic security for older adults developed by Wider Opportunities for Women in collaboration with the Gerontology Institute at the University of Massachusetts Boston.

⁴ U.S. Census, American Community Survey 2008-2012, Tables S1701, 3 Year Estimates.

A closer analysis of seniors in poverty by race⁵ is another important consideration used by the AAA to determine individuals in greatest economic need:

The chart above clearly shows that the number of seniors age 65 and older classified as White (inclusive of Latinos who are classified as white by the U.S. Census) far exceeds the number of seniors in other races⁶. Similarly, the number of White seniors in poverty is significantly higher as well. Using another perspective can be helpful in analyzing the total number of minority seniors in poverty. Rather than comparing total population numbers, the chart below compares the percentage (rate) of seniors in poverty by race. A quick glance reveals that the percentage of poverty for non-White minority seniors is higher.

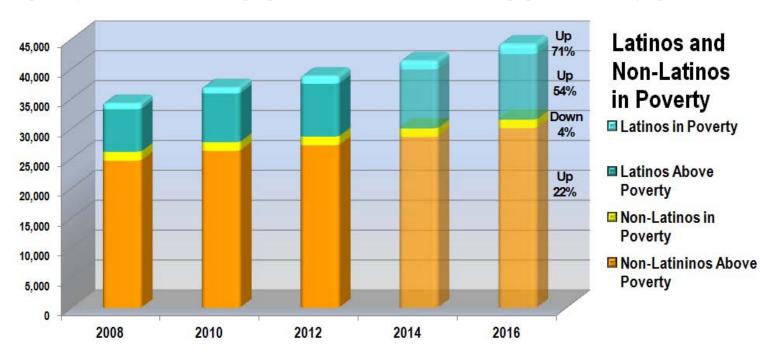

⁵ U. S. Census, American Community Survey 2008-2012, Tables B17001A through B17001I.

Latinos are reported in White or in other race categories.

7

Seniors with Latino ancestry are counted by the U.S. Census, American Community Survey separately by ethnicity. Although most Latinos are reported as White by race, it is possible that some Latinos may identify with other race categories. Latinos currently make up 26% of the senior population equaling a total of 10,115 with 1,254 living in poverty (over 12%) However, 228,320 Latinos of all ages make up 64% of the general population with 53,928 at poverty levels (almost 24%). A population shift is projected as Latinos age and the percentage of older Latinos begin to mirror the percentage in the general population. It is also projected that senior poverty will increase at a disproportionate rate with this shift in population demographics.

Limited resource information is available for the age group 60 to 64 although AAA services are available to seniors that fall into this age category. Also important to consider are the seniors above the Federal Poverty Level but below the true cost of living in Monterey County (Elder Index). The seniors in this income range are not eligible for many public services and are referred to as experiencing an "eligibility gap."

Understanding the populations we serve in Monterey County is key to planning for future service needs. The projections show that the senior population is rising at a steady rate each year and, unfortunately, the recent trend is that the poverty rate for seniors is increasing at a faster rate. All this translates to more seniors next year and the years to come with a higher percentage of seniors living in poverty.

Costs are up, government funding has been cut, more seniors need services and donations are down. Already the need for services is beyond the capacity of local non-profits and public social service programs. The funding provided by the AAA through the Federal Older Americans Act covers only a portion of many programs and contracting agencies are expected to fundraise to make up the difference. All projections and indications show that the challenges faced today will increase in the future.

Section 7 (Required) Public Hearings PSA 32

Conducted for the 2014-2015 Planning Period

Fiscal Year	Date	Location	Number of Attendees	Presented in languages other than English? ⁷ Yes or No	Was hearing held at a Long-Term Care Facility? ⁸ Yes or No
2013-14	April 17, 2014	Monterey County AAA Advisory Council Meeting, Salinas	15	Spanish available	No

The following must be discussed at each Public Hearing conducted during the planning cycle:

- 1. Summarize the outreach efforts used in seeking input into the Area Plan from institutionalized, homebound, and/or disabled older individuals.
 - a. Public Hearing Notice in English and Spanish, flyers developed, distributed, and posted (see Appendixes 1 and 2).
 - b. Emails to existing list-serves including service providers.
 - c. Press releases to local newspapers: Salinas Californian, Monterey Herald, Pine Cone, Watsonville Pajaronian, and South County papers (4 editions).
 - d. Flyers and communications widely distributed through the Aging & Disability Services Network (email, meetings, front lobbies).

2.	Were proposed expenditures for Program Development (PD) and Coordination (C) discussed?				
	☐ Yes. Go to question #3				
	Not applicable, PD and C funds are not used. Go to question #4				
3.	Summarize the comments received concerning proposed expenditures for PD and C.				
	Not applicable.				
4.	Attendees were provided the opportunity to testify regarding setting of minimum percentages of Title III B program funds to meet the adequate proportion funding for Priority Services				
	⊠Yes. Go to question #5				
	□No, Explain:				

9

⁷ A translator is not required unless the AAA determines a significant number of attendees require translation services.

⁸ AAAs are encouraged to include individuals in LTC facilities in the planning process, but hearings are not required to be held in LTC facilities.

5. Summarize the comments received concerning minimum percentages of Title III B funds to meet the adequate proportion funding for priority services.

There were no comments made concerning minimum percentages of Title III B funds.

6. List any other issues discussed or raised at the public hearing.

There was a discussion about the annual increase in the number of seniors 60 and over in Monterey County and that the rate in poverty is growing at a faster pace.

7. Note any changes to the Area Plan which were a result of input by attendees.

No changes needed to the Area Plan as a result of the public hearing.

Section 9 (Required if recent changes) Area Plan Narratíve Goals and Objectíves PSA 32

There is only one objective changed from the 2012-2016 Area Plan that is updated below. This change actually occurred in the prior year and also reported in the 2013-2014 Area Plan Update. All other goals and objectives remain the same.

Goal 3: California Department of Aging Required Program Goals9

Goal

The AAA will support services that promote healthy aging.

Rationale

Quality of life is an indicator for attaining a healthy aging outlook. The needs assessment finds seniors identify staying physically fit as important.

Objective 3.1 The AAA will contract with a local provider who will provide the following evidence-based health	Projected Start and End Dates	Title III B Funded PD or C	Update Status
promotion programs; Arthritis Exercise and Tai Chi for Arthritis. Outcomes will improve participants health, well-being, and strengthen disease self-management skills. The programs will provide 2,500 contacts of Health Promotion annually.	07/01/13 – 06/30/16	Title III D Disease Prevention/ Health Promotion

Section 10 (Required) Service Unit Plan (SUP) Objectives

PSA <u>32</u> 2014-2015 Annual Plan Update

TITLE III/VII SERVICE UNIT PLAN OBJECTIVES CCR Article 3, Section 7300(d)

The Service Unit Plan (SUP) uses the National Aging Program Information System (NAPIS) Categories and units of service. They are defined in the NAPIS State Program Report.

For services not defined in NAPIS, refer to the Service Categories and Data Dictionary.

Report the units of service to be provided with <u>ALL funding sources</u>. Related funding is reported in the annual Area Plan Budget (CDA 122) for Titles III B, III C-1, III C-2, III D, VII (a) and VII (b).

1. Personal Care (In-Home)

Unit of Service = 1 hour

Fiscal Year	Proposed Units of Service	Goal Numbers	Objective Numbers (if applicable)
2012-2013	300	3	
2013-2014	0	N/A	
2014-2015	0	N/A	
2015-2016			

Note: Funding for personal care services are being discontinued in FY 13-14. For justification see section 13 "Priority Services," page 35 of this report.

2. Homemaker

Unit of Service = 1 hour

Fiscal Year	Proposed Units of Service	Goal Numbers	Objective Numbers(if applicable)
2012-2013	300	3	
2013-2014	0	N/A	
2014-2015	0	N/A	
2015-2016			

Note: Refer to Section 13 "Priority Services, page 35 for justification.

3. Chore

Unit of Service = 1 hour

Fiscal Year	Proposed Units of Service	Goal Numbers	Objective Numbers (if applicable)
2012-2013	0	N/A	
2013-2014	0	N/A	
2014-2015	0	N/A	
2015-2016			

4. Home-Delivered Meal

Unit of Service = 1 meal

Fiscal Year	Proposed Units of Service	Goal Numbers	Objective Numbers (if applicable)
2012-2013	253,725	3	
2013-2014	202,000	3	
2014-2015	211,952	3	
2015-2016			

Note: A three-year trend analysis showed the projected numbers from the prior four year Area Plan did not match service delivery outputs. Service unit targets beginning FY 13-14 will reflect a more accurate projection. Projected numbers are adjusted each year based on recent service levels as well as any other factors.

5. Adult Day Care/Adult Day Health

Unit of Service = 1 hour

Fiscal Year	Proposed Units of Service	Goal Numbers	Objective Numbers (if applicable)
2012-2013	1,700	3	
2013-2014	0	N/A	
2014-2015	0	N/A	
2015-2016			

Note: The sole day care provider in the PSA did not submit a bid to contract for services with the AAA. The provider will continue to provide services without fiscal support from the AAA using alternative funding.

6. Case Management

Unit of Service = 1 hour

Fiscal Year	Proposed Units of Service	Goal Numbers	Objective Numbers (if applicable)
2012-2013	0	N/A	
2013-2014	0	N/A

7. Assisted Transportation

Unit of Service = 1 one-way trip

Fiscal Year	Proposed Units of Service	Goal Numbers	Objective Numbers(if applicable)
2012-2013	0	N/A	
2013-2014	0	N/A	
2014-2015	0	N/A	
2015-2016			

8. Congregate Meals

Unit	of Se	rvice	= 1	meal
------	-------	-------	-----	------

Fiscal Year	Proposed Units of Service	Goal Numbers	Objective Numbers (if applicable)
2012-2013	61,250	3	
2013-2014	46,000	3	
2014-2015	56,238	3	
2015-2016			

Note: Trend analysis shows the projected numbers from the prior four year Area Plan did not match service delivery outputs. Service unit targets beginning FY 13-14 will reflect a more accurate projection with recent service levels including site closures/changes.

9. Nutrition Counseling

Unit of Service = 1 session per participant

Fiscal Year	Proposed Units of Service	Goal Numbers	Objective Numbers (if applicable)
2012-2013	0	N/A	
2013-2014	0	N/A	
2014-2015	0	N/A	
2015-2016			

10. Transportation

Unit of Service = 1 one-way trip

Fiscal Year	Proposed Units of Service	Goal Numbers	Objective Numbers (if applicable)
2012-2013	300	3	
2013-2014	0	N/A	
2014-2015	0	N/A	
2015-2016			

Note: The contract for services was discontinued for 2013-14. Federal sequester, limited funds, and increased service costs prevent continued funding. AAA focus on transportation issues will be directed toward planning and coordination activities with the local transportation network.

11. Legal Assistance

Unit of Service = 1 hour

Fiscal Year	Proposed Units of Service	Goal Numbers	Objective Numbers (if applicable)
2012-2013	14,000	3	
2013-2014	10,000	3	
2014-2015	6,870	3	
2015-2016			

Note: Trend analysis is used to more accurately project expected service delivery outputs. In addition, funding cuts have also reduced service levels in this category.

12. Nutrition Education

Unit of Service = 1 session per participant

Fiscal Year	Proposed Units of Service	Goal Numbers	Objective Numbers (if applicable)
2012-2013	10,000	3	
2013-2014	4,390	3	
2014-2015	3,788	3	
2015-2016			

Note: More accurate projections are calculated after trend analysis of recent services as well as considerations of continued/expanded/reduced contracts with service providers.

13. Information and Assistance

Unit of Service = 1 contact

Fiscal Year	Proposed Units of Service	Goal Numbers	Objective Numbers(if applicable)
2012-2013	5,000	3	
2013-2014	9,000	3	
2014-2015	12,678	3	
2015-2016			

Note: Partnering with County Social Services has resulted in increased service delivery capacity due to an increase in staffing and better tracking of client contacts.

14. Outreach

Unit of Service = 1 contact

Fiscal Year	Proposed Units of Service	Goal Numbers	Objective Numbers(if applicable)
2012-2013	5,900	3	
2013-2014	15,000	3	
2014-2015	12,446	3	
2015-2016			

Note: Service unit outputs can vary depending on opportunities available through community engagements and public attendance. Increased staff capacity and community linkages in 2013-14 created a broader resource base for general and targeted outreach activities.

15. NAPIS Service Category – "Other" Title III Services

- Each <u>Title III B</u> "Other" service must be an approved NAPIS Program 15 service listed on the "Schedule of Supportive Services (III B)" page of the Area Plan Budget (CDA 122) and the CDA Service Categories and Data Dictionary.
- Identify <u>Title III D</u>/Medication Management services (required) and all <u>Title III B</u> services to be funded that were <u>not</u> reported in NAPIS categories 1–14 and 16. (Identify the specific activity under the Service Category on the "Units of Service" line when applicable.)
- Title III D/Health Promotion and Medication Management requires a narrative goal and objective. The objective should clearly explain the service activity being provided to fulfill the service unit requirement.

Title III B, Other Supportive Services 10

For all Title IIIB "Other" Supportive Services, use the appropriate Service Category name and Unit of Service (Unit Measure) listed in the CDA Service Categories and Data Dictionary. All "Other" services must be listed separately. Duplicate the table below as needed.

Service Category 15-Community Education

Unit of Service 1 Activity

Fiscal Year	Proposed Units of Service	Goal Numbers	Objective Numbers (if applicable)
2012-2013	4,480	3	
2013-2014	0	0	
2014-2015	0	0	
2015-2016			

Note: Funding for Community Education services will be discontinued for 2013-14. Federal sequester and limited funds result in shifting funds to legal assistance which is a designated service priority.

Instructions for Title III D /Health Promotion and Medication Management: List number of contacts for unit of service being performed to fulfill the service unit requirement. If Title III D Health Promotion funds are designated to support Title III C Nutrition Education and/or Nutrition Counseling services, report the service units under Title III C NAPIS 9. Nutrition Counseling and/or NAPIS 12. Nutrition Education. Add an objective under Title III D Nutrition Education to identify if Title III D funds are used to pay for Title III C Nutrition Education service units.

• Service Activity: List all the specific allowable service activities provided in the definition of Title III D/Health Promotion in the CDA Service Categories and Data Dictionary, i.e., health risk assessments; routine health screening; nutrition counseling/education services; evidence-based health promotion; physical fitness, group exercise, music, art therapy, dance movement and programs for multigenerational participation; home injury control services; screening for the prevention of depression and coordination of other mental health services; gerontological and social service counseling; and education on preventive health services. Primary activities are normally on a one-to-one basis; if done as a group activity, each participant shall be counted as one contact unit.

¹⁰ Other Supportive Services: Visiting (In-Home) now includes telephoning (See Area Plan budget).

Service Activities: Evidence based health promotion, health screening, and physical fitness

TITLE III B and Title VII A:

LONG-TERM CARE (LTC) OMBUDSMAN PROGRAM OUTCOMES

2014-2015 Annual Plan Update

As mandated by the Older Americans' Act, the mission of the LTC Ombudsman Program is to seek resolution of problems and advocate for the rights of residents of LTC facilities with the goal of enhancing the quality of life and care of residents.

Baseline numbers are obtained from the local LTC Ombudsman Program's FY 2010-2011National Ombudsman Reporting System (NORS) data as reported in the State Annual Report to the Administration on Aging (AoA).

Targets are to be established jointly by the AAA and the local LTC Ombudsman Program Coordinator. Use the baseline year data as the benchmark for determining FY 2012-2013 targets. For each subsequent FY target, use the most recent FY AoA data as the benchmark to determine realistic targets. Refer to your local LTC Ombudsman Program's last three years of AoA data for historical trends. Targets should be reasonable and attainable based on current program resources.

Complete all Measures and Targets for Outcomes 1-3.

Outcome 1. The problems and concerns of long-term care residents are solved through complaint resolution and other services of the Ombudsman Program. [OAA Section 712(a)(3),(5)]

Measures and Targets:

A. Complaint Resolution Rate (AoA Report, Part I-E, Actions on Complaints) The average California complaint resolution rate for FY 2009-2010 was 73%.

FY 2010-2011 Baseline Resolution Rate: 54% Number of complaints resolved 152 + Number of partially resolved complaints 0 divided by the Total Number of Complaints Received 280 = Baseline Resolution Rate 54%			
2. FY 2012-2013 Target: Resolution Rate 84%			
3. FY 2011-2012 AoA Resolution Rate 83%	FY 2013-2014 Target: Resolution Rate 70%		
4. FY 2012-2013 AoA Resolution Rate 77%	FY 2014-2015 Target: Resolution Rate 77%		
5. FY 2013-2014 AoA Resolution Rate%	FY 2015-2016 Target: Resolution Rate%

G. Systems Advocacy

• FY 2012-2013 Activity: In the box below, in narrative format, please provide at least one new priority systemic advocacy effort the local LTC Ombudsman Program will engage in during the fiscal year.

Systems Advocacy can include efforts to improve conditions in one LTC facility or can be county-wide, State-wide, or even national in scope. (Examples: Work with LTC facilities to improve pain relief or increase access to oral health care, work with law enforcement entities to improve response and investigation of abuse complaints, collaboration with other agencies to improve LTC residents' quality of care and quality of life, participation in disaster preparedness planning, participation in legislative advocacy efforts related to LTC issues, etc.)

Enter information in the box below.

Systemic Advocacy Efforts:

Work collaboratively with residential care facilities and law enforcement to improve response and investigation of abuse complaints.

Participate in legislative advocacy efforts related to quality of care and quality of life for resident in LTC.

Encourage SNF to provide regular family councils to family members who have a resident living in a LTC facility.

A new advocacy effort continues for collaboration between Monterey County LTC Ombudsman, CANHR, and Santa Clara, Santa Cruz & San Benito Ombudsman Programs to produce a symposium in early 2014 on use of antipsychotics in nursing homes. Target audience is 200 including staff of facilities, attorneys, and social workers.

NEW for 2014-15

Leveraging on the success of the jointly sponsored 2013 symposium (220) attendees), the Monterey County Ombudsman will work with its affiliate in Santa Cruz County and CANHR to provide a one-day symposium on advancing person-centered dementia care while minimizing the use of psychoactive medication in long-term care. Plans are to feature Tina Alonzo MSW, whose nationally recognized program model *Comfort First* at the Beatitudes Campus in Arizona, has virtually eliminated the use of these drugs for persons with dementia. The target audience will be long-term care facility administrators and line staff, and will be a didactic experience.

Outcome 2. Residents have regular access to an Ombudsman. [(OAA Section 712(a)(3)(D), (5)(B)(ii)]

Measures and Targets:

A. Facility Coverage (other than in response to a complaint), (AoA Report, Part III-D, #6) Percentage of nursing facilities within the PSA that were visited by an ombudsman representative at least once each quarter **not** in response to a complaint. The percentage is determined by dividing the number of nursing facilities in the PSA that were visited at least once each quarter not in response to a complaint by the total number of nursing facilities in the PSA. NOTE: This is not the total number of visits per year. In determining the number of facilities visited for this measure, no nursing facility can be counted more than once.

Program Goals and Objective Numbers: Goal #3, Objective 3.2

Outcome 3. Ombudsman representatives accurately and consistently report data about their complaints and other program activities in a timely manner. [OAA Section 712(c)]

Measures and Targets:

A. At least once each fiscal year, the Office of the State Long-Term Care Ombudsman sponsors free training on each of four modules covering the reporting process for the National Ombudsman Reporting System (NORS). These trainings are provided by telephone conference and are available to all certified staff and volunteers. Local LTC Ombudsman Programs retain documentation of attendance in order to meet annual training requirements.

TITLE VII B ELDER ABUSE PREVENTION SERVICE UNIT PLAN OBJECTIVES

Units of Service: AAA must complete at least one category from the Units of Service below. Units of Service categories include public education sessions, training sessions for professionals, training sessions for caregivers served by a Title III E Family Caregiver Support Program, educational materials distributed, and hours of activity spent developing a coordinated system which addresses elder abuse prevention, investigation, and prosecution.

When developing targets for each fiscal year, refer to data reported on the Elder Abuse Prevention Quarterly Activity Reports. Set realistic goals based upon the prior year's numbers and the resources available.

AAAs must provide one or more of the service categories below. NOTE: The number of sessions refers to the number of presentations and not the number of attendees

- **Public Education Sessions** Please indicate the total number of projected education sessions for the general public on the identification, prevention, and treatment of elder abuse, neglect, and exploitation.
- **Training Sessions for Professionals** Please indicate the total number of projected training sessions for professionals (service providers, nurses, social workers) on the identification, prevention, and treatment of elder abuse, neglect, and exploitation.
- Training Sessions for Caregivers Served by Title III E Please indicate the total number of projected training sessions for unpaid family caregivers who are receiving services under Title III E of the Older Americans' Act (OAA) on the identification, prevention, and treatment of elder abuse, neglect, and exploitation. OAA 302(3) 'Family caregiver' means an adult family member, or another individual, who is an informal provider of in-home and community care to an older individual or to an individual with Alzheimer's disease or a related disorder with neurological and organic brain dysfunction.
- Hours Spent Developing a Coordinated System to Respond to Elder Abuse Please indicate the
 number of hours to be spent developing a coordinated system to respond to elder abuse. This category
 includes time spent coordinating services provided by the AAA or its contracted service provider with
 services provided by Adult Protective Services, local law enforcement agencies, legal services providers,
 and other agencies involved in the protection of elder and dependent adults from abuse, neglect, and
 exploitation.
- Educational Materials Distributed Please indicate the type and number of educational materials to be distributed to the general public, professionals, and caregivers (this may include materials that have been developed by others) to help in the identification, prevention, and treatment of elder abuse, neglect, and exploitation.
- **Number of Individuals Served** Please indicate the total number of individuals expected to be reached by any of the above activities of this program.

HEALTH INSURANCE COUNSELING AND ADVOCACY PROGRAM (HICAP) SERVICE UNIT PLAN CCR Article 3, Section 7300(d)

MULTIPLE PSA HICAPs: If you are a part of a <u>multiple PSA HICAP</u> where two or more AAAs enter into agreement with one "Managing AAA," then each AAA must enter State and federal performance target numbers in each AAA's respective SUP. Please do this in cooperation with the Managing AAA. The Managing AAA is responsible for providing HICAP services in the covered PSAs in a way that is agreed upon and equitable among the participating parties.

HICAP PAID LEGAL SERVICES: Complete Section 3 if your Master Contract contains a provision for using HICAP funds to provide HICAP Legal Services.

STATE & FEDERAL PERFORMANCE TARGETS: The Centers for Medicare and Medicaid Services (CMS) requires all State Health Insurance Assistance Programs (SHIP) to meet certain targeted performance measures. To help AAAs complete the Service Unit Plan, CDA will annually provide AAAs with individual PSA state and federal performance measure targets.

2014-2015 Area Plan Update

Funding for Access, In-Home Services, and Legal Assistance

The CCR, Article 3, Section 7312, requires the AAA to allocate an "adequate proportion" of federal funds to provide Access, In-Home Services, and Legal Assistance in the PSA. The annual minimum allocation is determined by the AAA through the planning process. The minimum percentages of applicable Title III B funds¹³ listed below have been identified for annual expenditure throughout the four-year planning period. These percentages are based on needs assessment findings, resources available within the PSA, and discussions at public hearings on the Area Plan.

Category of Service and the Percentage of Title III B Funds expended in/or to be expended in FY 2012-13 through FY 2015-16. This change was submitted and approved as a part of the 2013-2014 Area Plan Update.

Explain how allocations are justified and how they are determined to be sufficient to meet the need for the service within the PSA.32

¹³ Minimum percentages of applicable funds are calculated on the annual Title III B baseline allocation, minus Title III B administration and minus Ombudsman. At least one percent of the final Title III B calculation must be allocated for each "Priority Service" category or a waiver must be requested for the Priority Service category(s) that the AAA does not intend to fund.

¹⁴ Legal Assistance must include all of the following activities: Legal Advice, Representation, Assistance to the Ombudsman Program and Involvement in the Private Bar.

NARRATIVE SUBMITTED AND APPROVED IN THE 2013-2014 AREA PLAN UPDATE

Te percentages remain the same as the previous period for **Access** and **Legal Assistance** and have been confirmed by the AAA through the planning process including the Needs Assessment analysis and input from the public hearings. Mandates of the Older Americans' Act that outline outreach and targeting requirements have been met.

The percentage of Title III B funds for **In-Home Services** remains zero "0" percent effective that became effective fiscal year 2013-2014. The AAA has confirmed this change in adequate proportion through the planning process, input from the Advisory Council, and a public hearing. Alternative community resources exist within the PSA for the continued provision of personal care, homemaker, chore and adult day care. The existing service providers of In-Home Services are serving individuals in greatest economic and social need and are able to continue service delivery in absence of AAA funding. The needs assessment conducted in support of the 2012-2016 Area Plan did not identify In-Home Services as a priority area. This shift in funding supports local planning efforts to eliminate duplication of effort and rebalances reduced funding due to the federal sequester to other core services such as information and Assistance, Outreach, and legal services. These funded services deliver larger service unit outcomes and demonstrate greater community impact.

¹⁵ Refer to PM 11-11 for definitions for the above Title III E categories.

Justification: For <u>each</u> service category checked "no", explain how it is being addressed within the PSA. The justification must include the following:

- Provider name and address of agency
- Description of the service
- Where the service be provided (entire PSA, certain counties, etc.)
- Information that influenced the decision not to provide the service (research, feedback from needs assessment, survey of senior population in PSA, etc.)
- How the AAA ensures the service continues to be provided in the PSA without the use of Title IIIE funds

For Monterey County, PSA 32:

Family Caregiver Services for the Elderly: Supplemental Services is not being funded with III E funds because of the availability of alternative resources. Supplemental services are provided through a community based nonprofit organization in our aging services network. This provider is not a contractor of the AAA. The organization is named Episcopal Community Services; their address is 1071 Pajaro Street, Salinas, CA 93901. In particular, this organization operates a lending closet of equipment and assistive devices that is available to seniors and family caregivers free of charge. Access to this service allows the AAA to allocate limited III E funding to other critically important family caregiver mandated services. Episcopal Community Services provides services and supports throughout the entire PSA 32 area. The AAA ensures the service continues to be provided in the PSA via service reports provided by our Information & Assistance Program which is a direct service of the AAA.

Grandparent Services Caring for Children: Grandparent services will not be funded through the AAA. These services will continue to be provided by Seneca Residential and Day Treatment Center for Children, 124 River Road, Salinas California. Seneca is a statewide nonprofit organization, grandparent services will continue in absence of AAA funding through alternative resources. Seneca will provide services throughout the PSA. Staff from the grandparent program will remain in contact with the AAA through participation in the Aging & Disability Services Network quarterly meetings. Program information and resource sharing occurs during network meetings. The decision to not fund grandparent services is supported by the area planning process, low priority service, and a decision to discontinue the practice of funding small contracts that yield small service unit outcomes.
