SOLICITATION DETAILS

1.0 INTENT

- 1.1. The County of Monterey Department of Public Works, Facilities and Parks (PWFP), hereinafter referred to as “County”, is soliciting proposal packages from qualified organization(s), hereinafter referred to as “CONTRACTOR(s)”, to provide a full range of traffic signal and lighting maintenance, and on-call repair services for various locations in the County of Monterey, California as outlined within Section 5.0, Scope of Work and Exhibit A, Traffic Signal and Lighting Maintenance Locations of this Request for Proposals (RFP) #10915.
- 1.2. The scope of work shall include, in general, traffic signal and lighting maintenance, on-call repair, and emergency repair services typically required for projects in the public sector.
- 1.3. This solicitation is not intended to create an exclusive service AGREEMENT and multiple AGREEMENT awards may be made. County retains the ability, at its sole discretion, to add qualified CONTRACTOR(s) after one (1) year from signing the AGREEMENT.

2.0 BACKGROUND

- 2.1. The County of Monterey is located on the Central Coast of California approximately 120 miles south of San Francisco and encompasses approximately 3,771 square miles. There are approximately twenty-nine (29) signal locations, electroliers, beacons, street lighting, lighted signs, and various other types of electronic devices used in traffic safety which require both preventative maintenance and on-call repair services.
- 2.2. The County has a need for traffic signal and lighting maintenance and on-call repair and emergency repair services in various locations as outlined within Section 5.0, Scope of Work and Exhibit A, Traffic Signal and Lighting Maintenance Locations.
- 2.3. This RFP #10915 is structured to allow County the option to establish one (1) or multiple AGREEMENT(s). The purpose of this AGREEMENT(s) is to provide County with a pre-qualified listing of qualified resources for traffic signal and lighting maintenance and on-call repair services as needed in various locations. Inclusion on the AGREEMENT list does not guarantee an award of any particular project or minimum dollar amount.

3.0 CALENDAR OF EVENTS

| 3.6. | Estimated AGREEMENT Date | October 2025 |

This schedule is subject to change as necessary.

- 3.7. **FUTURE ADDENDA:** CONTRACTOR(s), who received notification of this solicitation by means other than through a County mailing, shall contact the person designated in the COUNTY POINT OF CONTACT herein to request to be added to the mailing list. Inclusion on the mailing list is the only way to ensure timely notification of any addenda and/or information that may be issued prior to the solicitation submittal date. **IT IS THE CONTRACTOR(s) SOLE RESPONSIBILITY TO ENSURE THAT THEY RECEIVE ANY AND ALL ADDENDA FOR THIS RFP** by either informing the County of their mailing information or by regularly checking the County's Solicitation Center web page at <https://www.countyofmonterey.gov/government/departments-a-h/administrative-office/contracts-purchasing/solicitation-center>. Addenda are posted on the website the day they are released.

4.0 COUNTY POINT OF CONTACT

- 4.1. Questions and correspondence regarding this solicitation shall be directed to:

Primary Contact for the County: **Janie Bettencourt**
Management Analyst II
1441 Schilling Place, South 2nd Floor
Salinas, California 93901-4527
Phone: (831) 755-5184
Email: bettencourtj@countyofmonterey.gov

- 4.2. All questions regarding this solicitation shall be submitted in writing (email is acceptable and encouraged). When submitting questions, please identify the RFP # to which the question pertains. Questions will be researched, and answers will be posted on County's Solicitation Center web page at: <https://www.countyofmonterey.gov/government/departments-a-h/administrative-office/contracts-purchasing/solicitation-center> by the deadline indicated in the **CALENDAR OF EVENTS** herein.

- 4.3. The deadline for submitting written questions regarding this solicitation is indicated in the **CALENDAR OF EVENTS** herein. Questions submitted after the deadline will not be answered.
- 4.4. Only answers to questions communicated by formal written addenda will be binding.
- 4.5. Prospective CONTRACTOR(s) shall not contact County officers or employees with questions or suggestions regarding this solicitation except through the primary contact person listed above. **Any unauthorized contact may be considered undue pressure and cause for disqualification of the CONTRACTOR(s).**

5.0 SCOPE OF WORK

CONTRACTOR's Minimum Work Performance Percentage: CONTRACTOR shall perform with their own organization AGREEMENT work amounting to not less than fifty percent (50%) of the original total AGREEMENT not to exceed sum, except that any designated 'Specialty Items' may be performed by subcontract and the amount of any such 'Specialty Items' so performed may be deducted from the original total AGREEMENT price before computing the amount of work required to be performed by CONTRACTOR's organization. CONTRACTOR shall not assign, subcontract, sell, or otherwise transfer its interest or obligations in this AGREEMENT without the prior written consent of County.

The scope of work in general, consists of preventive maintenance and on-call repair of traffic signal and lighting systems in various locations throughout the County as listed in Exhibit A, Traffic Signal and Lighting Maintenance Locations. CONTRACTOR shall have sufficient equipment and experienced and qualified staff to provide services, and otherwise do all things necessary for or incidental to the performance of work as set forth below:

5.1 CONTRACTOR's Business Hours and Response Time:

CONTRACTOR must have capacity to perform immediate emergency service calls twenty-four (24) hours per day and seven (7) days per week (including holidays) to make temporary or permanent repairs to traffic signal or lighting equipment as directed by County when damage or malfunctions occur.

CONTRACTOR's regular business hours shall include the following at a minimum:

Monday through Friday, 9:00 a.m. to 5:00 p.m.

CONTRACTOR's response time must be within the following maximum guidelines:

During Regular Business Hours: Respond to and provide traffic signal and/or equipment services within a maximum of one and one-half (1.5) hours

After Regular Business Hours, Weekends or Holidays: Respond to and provide traffic signal and/or equipment services within a maximum of two (2) hours

- 5.1.1 CONTRACTOR shall provide a phone number where CONTRACTOR's personnel are available twenty-four (24) hours per day and seven (7) days per week to receive notification of County traffic signal, lighting and equipment repair needs and respond. Notifications may originate from County and the California Highway Patrol.

In the event multiple calls are received simultaneously, CONTRACTOR shall service each location on a priority basis based upon assessment of public safety. CONTRACTOR shall first endeavor to make the first response location safe and secure prior to responding to other calls.

CONTRACTOR must respond to all direct calls for emergency traffic signal and/or lighting equipment repair service from law enforcement officers if the location is included in Exhibit A, Traffic Signal and Lighting Maintenance Locations, which may be amended from time to time to add or delete locations.

5.2 **Preventative Maintenance and Testing:**

CONTRACTOR shall conduct inspection, testing, record keeping, cleaning, repair, and replacement of all traffic signal equipment to prevent or reduce the occurrence of potential malfunctions and extend the useful life of the equipment listed in Exhibit A, Traffic Signal and Lighting Maintenance Locations. All service, preventive maintenance, equipment, and materials shall be subject to the inspection and approval of County Traffic Engineering Team. Preventative, routine maintenance and testing of the County's traffic signal system, lighting, respective electroliers, illuminated street name signs, flashing beacons, and radar feedback signs shall include, but is not limited to, the following:

5.2.1 Monthly Inspections:

On a monthly basis, CONTRACTOR shall inspect and maintain each traffic signal controller cabinet included in Exhibit A, Traffic Signal and Lighting Maintenance Locations, Exhibit B, Monthly Checklist and Exhibit C, Monthly Inspections including but not limited to the following:

- CONTRACTOR shall visually inspect for signs of pest or rodent infestation and take appropriate action to prevent damage to electrical system. (For billing purposes, inspection is considered routine maintenance, and treatment for infestation is considered repair service).
- CONTRACTOR shall vacuum cabinet, remove any foreign material, and clean or change air filters as needed.
- CONTRACTOR shall visually inspect controller service cabinets for proper operation including battery backup system and ventilation.
- CONTRACTOR shall verify timing of individual signal phases and interval timing circuits and adjust as necessary to comply with timing card.
- CONTRACTOR shall inspect and test pedestrian buttons, and detector units (video, loop, or micro-loop), interconnect communication between intersections where applicable, and make routine adjustments and/or repairs as necessary.
- CONTRACTOR shall visually inspect the operation of all signal head lamps (light emitting diode [LEDs]), pedestrian signal head lamps (LEDs), relays, clocks, dials, switches, battery backup system, etc., and make routine adjustments and/or repairs as necessary.
- CONTRACTOR shall inspect equipment for missing or bent visors and back plates and turned signal heads and repair or replace equipment as needed.
- CONTRACTOR shall document the following on CONTRACTOR provided maintenance log sheets in controller cabinet: inspection date, time, work performed, name of CONTRACTOR's employee.
- CONTRACTOR shall email a summary of monthly inspections with any recommendations to County Traffic Engineering Team with details listed by intersection included as Exhibit B, Monthly Checklist.

5.2.2 Spare Equipment:

CONTRACTOR shall maintain adequate storage and shop repair facilities to perform work as outlined in this RFP #10915, including a sufficient stock of spare equipment and materials such as standby Type 170 controllers, Type 2070 controllers, Type 1-A poles, signal heads, pedestrian push buttons, and common 332 cabinet replacement parts to perform permanent repairs to the system within a ten (10) day period. Failure to perform permanent repairs within this time limit shall be sufficient cause for County to authorize another contractor to perform repairs. Repetitive failure to adhere to the time limit shall be sufficient cause for the County to terminate the AGREEMENT.

CONTRACTOR shall keep and maintain a spare Type 170 controller with Type C Programmable Read Only Memory (PROM) module, Type 2070 controller, Model 206 24-volt DC power supply, and Model 210 conflict monitor in North Monterey County. Each unit may be used at any specific location for up to six (6) months without charge until the replaced unit is repaired and reinstalled, a County spare is installed, or new equipment is purchased and installed.

All service vehicles responding to calls must have spare used or new Model 200 load switches, 242 isolators, 222 detector amplifiers, 204 flashers, and 430 flash transfer relays available for immediate use.

5.2.3 Aging Equipment and Replacement:

CONTRACTOR shall replace five (5) traffic signal controllers per year in locations determined by County Traffic Engineering Team or designee. All controllers shall be McCain 2070 controllers compatible with existing intersection location as specified in Exhibit A, Traffic Signal and Lighting Maintenance Locations.

5.2.4 LED Replacement, Servicing and Testing:

CONTRACTOR shall replace all incandescent lamps in all signals based on an eighty percent (80%) depletion period. All incandescent lamps shall be replaced with LED modules. All LED modules in all signals shall be replaced when more than two percent (2%) of the LEDs have failed. CONTRACTOR shall only use standard LED traffic signal modules approved by the State of California Department of Transportation (Caltrans).

5.2.5 All equipment (controller units, auxiliary equipment, and appurtenances such as detectors, transformers, battery backup system (BBS) inverter units, batteries, timers, and related items) must be serviced as recommended by the manufacturer.

5.2.6 CONTRACTOR must clean the lens of all vehicular signal LED section modules and test all suspect 8" and 12" red LED modules for light intensity degradation using a portable meter such as KLIGHT's TLM-100 meter annually. Testing must occur in April of each year unless a different month has been authorized in writing by the County Traffic Engineering Team. The inspection and testing results must be sent via email to the County Traffic Engineering Team within fifteen (15) calendar days of completion of the tests. CONTRACTOR shall list the locations and details of specific deficiencies and email a written report to the County Traffic Engineering Team with proposed costs to replace the modules. Module replacement must not occur until approved in writing by the County Traffic Engineering Team. While cleaning and testing of LED modules is routine maintenance, cost to replace LED modules is considered repair.

5.2.7 Battery Back Up/PROM Module Annual Testing:

CONTRACTOR shall inspect and test the BBS and batteries and the lithium battery in the controller's PROM module on an annual basis in September and email a written report to County Traffic Engineering Team within fifteen (15) calendar days of test completion. The written report format and detail shall be pre-approved by County.

CONTRACTOR shall include costs for lithium battery replacement as part of CONTRACTOR's monthly preventive maintenance billing. CONTRACTOR shall replace BBS batteries every other year. BBS battery replacement is considered repair which requires prior written approval from County Traffic Engineering Team.

Batteries supplied shall be in accordance with equipment manufacturer's recommendation and approved by the County Traffic Engineering Team for the specific unit involved. CONTRACTOR SHALL CONDUCT CONFIRMATION TESTING OF REPLACED BATTERIES and appropriately dispose of the spent batteries. After replacement of BBS batteries, test results shall be emailed to County Traffic Engineering Team within fifteen (15) calendar days of test completion.

5.2.8 Conflict Monitor Testing:

In June of each year, CONTRACTOR shall field test each conflict monitor for proper operation, check each program card for proper conflict monitoring, and provide a certifying report to County Traffic Engineering Team within fifteen (15) calendar days of test completion. The written report format and detail shall be pre-approved by County. CONTRACTOR shall test all intersections except those newly installed within the last six (6) months. CONTRACTOR shall coordinate with County Traffic Engineering Team to resolve any doubt as to which locations shall be tested. CONTRACTOR shall replace or repair failed units as directed by County Traffic Engineering Team. If failed/defective units are under warranty, CONTRACTOR shall seek warranty replacement and provide notification and documentation to County Traffic Engineering Team so that the warranty may be exercised.

5.2.9 Unscheduled Traffic Signal Maintenance (Non-Emergency):

Unscheduled Traffic Signal Maintenance includes tasks not specifically included in Scheduled Traffic Signal Maintenance as noted in **Attachment C, Pricing Schedule**, that are not considered emergency in nature and are performed as requested by the County to ensure that all traffic signal systems and equipment operate safely and continuously in good working order. The CONTRACTOR shall perform Unscheduled Traffic Signal Maintenance tasks on all maintenance sites listed in Exhibit A, Traffic Signal and Lighting Maintenance Locations or as directed by the County's Traffic Engineering Team. Common Unscheduled Traffic Signal Maintenance tasks include, but are not limited to the following:

- Modification of various signal components
- Detector Loop Replacement due to pavement failure, utility work or other impact
 - Maintenance records indicate that the County replaces approximately thirty (30) detector loops each year. In addition to the basic steps, Detector Loop Replacement shall include the following:
 - o a. Layout and installation of loop and home run;
 - o b. Replacement of conduit if necessary; and
 - o c. Testing on loop for conductivity and integrity; Reconnection to amplifier and testing for proper sensitivity

Other traffic signal problems not considered an emergency:

- Cameras mounted on signal poles which require cleaning, alignment, replacement and adjustment
- Signal Timing Revisions/Adjustments
- Review of construction documents for new traffic signal installations
- Assist in inspection of signal construction work performed by other contractors; and
- Other tasks as requested within the expertise of the CONTRACTOR

5.3 **On-Call and Emergency Repair Services:**

These services consist of repairing signal malfunctions of any kind including but not limited to the following: result of damage, vandalism, or failure. All service, equipment, and materials shall be subject to the inspection and approval of County and the County Traffic Engineering Team. Total permanent replacement of any County traffic signal controller cabinet, electrical service cabinets, or mast arm signal poles will only be allowed with the written or e-mail approval of County Traffic Engineering Team.

- 5.3.1 CONTRACTOR shall provide a written quote for all equipment and repair services that exceed \$250.00 for County's written approval prior to proceeding with repairs. If the repair exceeds \$250.00, and the need for the repair is before or after normal County business hours, and the County Traffic Engineering Team cannot be reached, CONTRACTOR shall implement a temporary repair and the County Traffic Engineering Team must be notified of the repair within twenty-four (24) hours or the next business day if the repair is on a weekend.

Claims for traffic signal, lighting system and or equipment repair over \$250 and not of an emergency nature, which have not been authorized by County Traffic Engineering Team, will be rejected.

- 5.3.2 CONTRACTOR must provide backup documentation for any claim regardless of the dollar amount to County Traffic Engineering Team within three (3) business days of correspondence.
- 5.3.3 In the event of substantial collision damage to any part of a traffic signal, lighting system, and or equipment, CONTRACTOR shall transport all damaged parts to a County designated location for evaluation and photographic documentation for future cost recovery.
- 5.3.4 The replacement of blacked-out LED lamp modules need not be on an emergency basis provided there are at least two (2) indications still operative for the same traffic movement and direction of travel and at least one (1) of the modules is a mast arm indication. Such replacement should be handled as soon as possible in a routine manner.
- 5.3.5 County shall send a Monthly Inspection Report (Exhibit C, Monthly Inspections) of street lighting, illuminated street name signs, flashing beacons, etc. to CONTRACTOR with instructions regarding what to repair. CONTRACTOR must make the requested repairs in an expeditious manner at regular rates (not overtime).

5.3.6 Whenever any equipment or system component in any system malfunctions, is damaged, or has deteriorated as a result of causes other than the negligence of CONTRACTOR or CONTRACTOR's agents so as to require repairs to or replacement of such equipment, or whenever County deems it necessary to make changes in existing equipment or

components, and the work is not covered under **Attachment C, Pricing Schedule**. If the work exceeds \$250 or is not at locations listed on Exhibit A, Traffic Signal and Lighting Maintenance Locations, the repair work must be performed only with the written or e-mail approval of County Traffic Engineering Team prior to any material orders or any work being performed.

5.4 **Additions and Deletions to the System:**

Exhibit A, Traffic Signal and Lighting Maintenance Locations may be edited by County from time to time to add or delete listed locations.

5.4.1 Additions to the System:

CONTRACTOR shall maintain additional traffic signals and appurtenant device locations as they are installed and become a part of the maintenance requirements of County and in accordance with manufacturer's recommendations including but not limited to additional electroliers, flashing beacons, radar feedback signs, rectangular rapid flashing beacons and tunnel lighting. CONTRACTOR shall provide maintenance of additions at the same unit price shown in **Attachment C, Pricing Schedule** provided by CONTRACTOR. All additions shall be pro-rated from the day that CONTRACTOR is notified.

CONTRACTOR shall service and maintain all new signals, which are covered by manufacturer's material and workmanship warranty in accordance with manufacturer's specifications. In the event that parts or material become defective during the warranty period, CONTRACTOR shall seek warranty replacement and provide notification and documentation to County Traffic Engineering Team so that the warranty may be exercised.

5.4.2 Deletions to the System:

County may modify or delete traffic signal, lighting and equipment locations and monthly inspections at locations not needing maintenance or inspections. Such events include but are not limited to temporary maintenance and operation by other Public agencies, annexation to cities, formation of a city, removal of equipment, etc. In lieu of Section 4-1.03B (2) of the Standard Specifications compensation per location to CONTRACTOR for the reduction in locations must remain unchanged until less than fifty percent (50%) of either category of locations remains. If this reduction in maintenance needs occurs, CONTRACTOR may request an increase in compensation. Should agreement not be reached as to the amount of increased compensation, CONTRACTOR may terminate the AGREEMENT to provide maintenance and inspection services to County within thirty (30) days written notice to the County.

Attachment C, Pricing Schedule shall include all costs to service locations shown in **Exhibit A, Traffic Signal and Lighting Locations** and services outlined in **Exhibit B, Monthly Checklist** and **Exhibit C, Monthly Inspections** which reflect current locations that may require monthly/annual services. **Attachment C, Pricing Schedule** shall be used to establish a budget for the awarded AGREEMENT. The quantities may not represent the actual amount of work that may be available or may become available. Except for this Section, Deletions to the System, adjustments in unit prices will not be allowed on any bid item regardless of the quantity of work available from or authorized by County.

5.5 **Traffic Control:**

CONTRACTOR shall conduct operations to cause the least possible obstruction and inconvenience to public traffic. CONTRACTOR shall provide traffic control (including flags,

signs, flashing lights, and barricades) as may be required to safely perform work and to ensure public and field crew safety when repairs are being performed on or near the roadway. All signs and devices used shall conform to the current California Manual on Uniform Traffic Control Devices (MUTCD) as published and adopted by Caltrans.

5.5.1 Maintaining Traffic:

Lane closures must conform to the provisions in the IAW California MUTCD 2014 Rev 3 Temp Traffic Control Procedures **Section 5.5.2, Traffic Control System for Lane Closure**. Whenever vehicles or equipment are parked on the shoulder within six (6) feet of a traffic lane, the shoulder area must be closed with fluorescent traffic cones or portable delineators placed on a taper in advance of the parked vehicles or equipment. A W20-1 (Road Work Ahead) or W21-5 (Shoulder Work) sign shall be placed an adequate distance from work area in conformance with MUTCD prior to commencing work.

5.5.2 Traffic Control System for Lane Closure:

CONTRACTOR shall provide safe and continuous passage for pedestrian and vehicular traffic at all times and take precautions to cause the least possible impact to traffic while maintaining public safety. Lane closures will not be permitted between the hours of 7:00 a.m. and 9:00 a.m. or 3:00 p.m. to 6:00 p.m. (peak traffic hours) unless an emergency exists, and such closure is necessary to safeguard the traveling public. A traffic control system shall consist of closing traffic lane(s) in accordance with Part 6, Temporary Traffic Control of MUTCD.

5.5.3 Whenever it is necessary to close any traffic lane longer than thirty (30) minutes to complete any portion of the work, CONTRACTOR shall notify County Traffic Engineering Team. The closure and time schedule must be subject to the approval of the County Traffic Engineering Team. Work creating excessive delays to critical traffic movements shall be scheduled during off peak traffic periods when possible. At least one (1) traffic lane must be kept open in each direction at all times.

5.6 Records/Reporting:

The following records shall be maintained by CONTRACTOR to document traffic signal maintenance activities:

5.6.1 County shall maintain a log with Signal Timing Charts in each controller cabinet. County Traffic Engineering Team must authorize all timing changes. CONTRACTOR may make changes required on a temporary basis due to maintenance operation such as when detectors fail. CONTRACTOR shall record the timing changes, date, time, and person making the change on the standard maintenance log sheet kept in the cabinet and provide a copy to the County Traffic Engineering Team via email.

5.6.2 CONTRACTOR shall maintain a duplicate record of all service calls, repairs, and pertinent data pertaining to each individual intersection on file in CONTRACTOR's office and available to County upon request.

5.6.3 CONTRACTOR must send a status report on all intersections and other serviced locations to County Traffic Engineering Team once each month. Report shall include all service calls, repairs, and other pertinent data occurring the previous month.

5.7 **Unsatisfactory Work:**

5.7.1 Any maintenance operations found unsatisfactory, any equipment found not properly maintained, or any repair or extra work found necessary by the County Traffic Engineering Team will be reported to CONTRACTOR and confirmed in writing. Upon receipt of such report, CONTRACTOR must immediately make the necessary corrections and perform any work necessary to bring the system up to the prescribed standard. Upon completion of requested repair services, CONTRACTOR must submit a report to the County Traffic Engineering Team confirming the requested service has been completed, and the date the requested service was completed.

5.8 **Compensation:**

Compensation for traffic signal maintenance and repair services shall be in accordance with the unit prices shown on the **Attachment C, Pricing Schedule** included with the CONTRACTOR's proposal package. The CONTRACTOR's rates provided shall be considered inclusive of all materials, equipment, labor, mobilization and traffic controls necessary to perform all work as outlined in this RFP #10915.

County reserves the right to secure competitive bids to perform repairs or changes on any system exceeding \$250.

For billing purposes, providing and installing new equipment shall be considered repair.

5.9 **Additional Provisions:**

5.9.1 All work performed shall be subject to the inspection and approval by County and County Traffic Engineering Team.

5.9.2 CONTRACTOR shall perform all maintenance and repair work in conformance with the manufacturer's recommendation.

5.9.3 County reserves the right to furnish any materials to perform permanent repairs.

5.9.4 CONTRACTOR shall promptly notify the County Traffic Engineering Team of the disablement of any piece of equipment on any system due to an accident or other causes, including but not limited to: damaged cable, broken parts, or other difficulties when such pieces of equipment cannot be readily repaired making it necessary to discontinue operation of all or part of the installation.

5.9.5 CONTRACTOR shall provide response service twenty-four (24) hours per day, seven (7) days per week for repair of the equipment and appurtenances, such as safety lighting, street name signs, flashing beacons, and other electrical equipment which CONTRACTOR may be called upon from time to time by County to repair, replace or refurbish even though not listed on **Exhibit A, Traffic Signal and Lighting Maintenance Locations**. Such additional work must only be at the written or e-mail direction of the County Traffic Engineering Team.

5.9.6 CONTRACTOR shall dispose of damaged parts only upon completion of all related actions and approval by County.

- 5.9.7 All vehicular and pedestrian signal heads must be maintained with LED module lamps at all times including flashing beacons.
- 5.9.8 CONTRACTOR must notify County Traffic Engineering Team or their designee by the end of the next business day when any County controller, PROM module, 24-volt power supply, or conflict monitor is removed from an intersection, or the intersection timing is changed from the intersection timing chart.
- 5.9.9 All LED module lamps for vehicular signal faces must conform to the Institute of Transportation Engineers' standards and Caltrans LED purchase specifications. LED modules must be on Caltrans Qualified Products List (QPL) list except for locations where countdown pedestrian heads are approved by the County Traffic Engineering Team for installation. If failed/defective units are under warranty, CONTRACTOR shall provide notification and documentation to County Traffic Engineering Team so that the warranty may be exercised. CONTRACTOR must return all defective LED unit(s) to County within four (4) business days for confirmation of being defective and for warranty replacement or disposal.
- In the event of an extended power outage (four (4) or more hours), CONTRACTOR will need to supply a generator to power a critical intersection. County may request more than one (1) generator.
- 5.9.10 CONTRACTOR must contact Underground Service Alert (U.S.A.) to identify and mark all utility locations prior to performing any excavation work.
- 5.9.11 Construction Area Signs:
Construction area signs must be furnished, installed, maintained, and removed by CONTRACTOR when no longer required.

6.0 AGREEMENT TERM

- 6.1. The term of the AGREEMENT(s) will be for a period of three (3) years with the option to extend the AGREEMENT(s) for up to two (2) additional years, for a total maximum term of five (5) years.
- 6.1.1. County is not required to state a reason if it elects not to renew.
- 6.2. If the AGREEMENT includes options for renewal or extension, **CONTRACTOR(s) must commence negotiations for any desired rate changes a minimum of ninety (90) days prior to the expiration of the AGREEMENT.**
- 6.2.1. Both parties shall agree upon rate changes in writing.
- 6.3. The AGREEMENT shall contain a clause that provides that County reserves the right to cancel the AGREEMENT, or any extension of the AGREEMENT, without cause, with a thirty (30)-day written notice, or immediately, with cause.

7.0 QUALIFICATION REQUIREMENTS

Interested firms must meet ALL of the following qualification requirements in order to be considered by County:

- 7.1
- CONTRACTOR shall have a minimum of five (5) years of experience providing traffic signal and lighting maintenance and on-call repair services in the public sector. Experience shall be in the State of California.
- 7.2
- CONTRACTOR shall hold a current C-10 License issued by the California Contractors State Licensing Board throughout the term of the AGREEMENT.
- 7.3
- CONTRACTOR shall possess all equipment and qualified personnel necessary for the testing and certification of new controller assemblies except environmental testing.
- 7.4
- CONTRACTOR shall have under its employment or as subcontractor registered professionals who possess applicable State of California licenses or other equivalent licenses, registrations or certificates in the particular discipline of interest. The required applicable licenses, registrations or certificates will depend on the specific project scope.
- 7.5
- CONTRACTOR’s technicians shall have a minimum of five (5) years of experience specializing in the State of California or Caltrans specification projects and extensive experience working with the local, state and national regulatory agencies, including but not limited to: California Environmental Protection Agency (CalEPA), United States Environmental Protection Agency (USEPA), and the California Occupational Safety and Health Administration (Cal/OSHA).
- 7.6
- CONTRACTOR shall comply with all applicable laws, ordinances, rules and regulations for the scope.

8.0 PROPOSAL PACKAGE REQUIREMENTS

8.1. CONTENT AND LAYOUT:

8.1.1. CONTRACTOR should provide the information as requested and as applicable to the proposed services. The proposal package shall be organized as per the table below; headings and section numbering utilized in the proposal package shall be the same as those identified in the table. Proposal packages shall include, at a minimum, but not limited to, the following information in the format indicated:

<u>Proposal Layout</u> Organize and Number Sections as Follows:

8.3. **CONFIDENTIAL, PROPRIETARY, OR TRADE SECRET INFORMATION:** Proposal packages submitted in response to this RFP are not to be marked, in whole or in part, as confidential or proprietary and must not constitute or contain information that is confidential, proprietary, or trade secret, or subject to any other claim that it is not subject to public disclosure under applicable law. The County may refuse to consider any proposal package so marked. Proposal packages submitted in response to this RFP will become subject to public disclosure per the requirements of applicable law, including but not limited to the California Public Records Act, Government Code Section 6250 et seq, and the Ralph M. Brown Act, Government Code Section 54950 et seq. Please be advised that all information and documents submitted to County by CONTRACTOR shall become non-confidential, non-proprietary, non-trade secret, public records without exception and subject to public disclosure by the County at any time without prior notice to CONTRACTOR, whether pursuant to a request for disclosure or otherwise, including but not limited to disclosure in the course of County's normal procedures to post on the internet or otherwise make available to the general public documents of interest to the public. All interested CONTRACTORS are advised to consider, when deciding what information to include in their submitted proposal package, that such inclusion will result in the information becoming a fully disclosable public record. The County shall not be liable in any way for disclosure of any such records or part thereof related to this RFP or any proposal package, including, but not limited to, evaluations, proposals, or any other information or records. In submitting the information and documents, the CONTRACTOR is agreeing to the County's release of such information and documents under the Public Records Act or the Brown Act, without further notice to the CONTRACTOR, and is agreeing to release, indemnify, and hold harmless the County from any harm that may result to the Proposer or any third party for release of such information and documents. This release and promise to defend and indemnify is given regardless of whether any exemption from disclosure may be available or might have been claimed under applicable law, and CONTRACTOR's responding to this RFP acknowledge that the decision whether to assert any such exemption will be made in the County's sole discretion. Submission by an interested CONTRACTOR constitutes a complete waiver of any claims whatsoever against the County, and/or its agents, officers, or employees, that the County has violated a vendor's right to privacy, disclosed trade secrets, or caused any damage by allowing the Proposal to be inspected.

Additionally, all proposal packages received by County in response to this RFP shall become the exclusive property of the County. The County reserves the right, without limitation, to make use of any information or ideas contained in the proposal packages submitted. By submitting information and documents to the County as part of this RFP, CONTRACTORS acknowledge and agree to the terms of this Section 8.3.

If and when CONTRACTOR extends the prices, terms, and conditions of their proposal to other public agencies, any resulting agreement shall be between CONTRACTOR and the other public agencies

and County shall bear no responsibility or liability for any agreements between CONTRACTOR and the other public agencies.

19.0 PREFERENCE FOR LOCAL CONTRACTORS

- 19.1. General Requirements: Each local supplier funded in whole or in part by County funds, or funds which County expends or administers, shall be eligible for a local preference as provided in this section.
- 19.2. Rights of First Refusal: Each local supplier who is within five percent (5%) of the lowest responsible bid and who is otherwise responsive and responsible to the call for bids shall be provided the opportunity to reduce the local supplier's bid to the amount equal to the amount of the lowest responsible bid, if the lowest responsible bid is submitted by other than a local supplier. The opportunity to reduce the amount of the bid shall be provided first to the lowest eligible local supplier and, if not accepted by such local supplier within five (5) business days of the opening of bids, who is within five percent (5%) of the lowest responsible bid. In the event an eligible local supplier reduces the bid to the amount of the lowest responsible bid, the eligible local supplier shall be deemed to have provided the lowest responsible bid and shall be awarded the AGREEMENT.
- 19.3. The foregoing provisions apply only to competitive bids that require that contracts be awarded to the lowest responsible bidder. For contracts awarded pursuant to RFPs or requests for quotations, the awarding authority may consider, as one (1) of the factors in determining the most suitable proposal or quotation, whether or not a local supplier submits the proposal or quotation.
- 19.4. Definitions: For the purpose of this section, the following terms have the meanings indicated:
- 19.4.1. "Area" means Monterey County, San Benito County, and Santa Cruz County.
- 19.4.2. "Bid" includes any competitive bid, whether formal or informal.
- 19.4.3. "Local Supplier" shall mean a supplier doing business in the Area for not less than the past five (5) consecutive years.
- 19.4.4. "Supplier" shall mean a business or resident providing goods, supplies, or professional services.
- 19.4.5. "Local Vendor" means a Vendor for which all of the following criteria apply:
- 19.4.5.1. Vendor either owns, leases, rents or otherwise occupies a fixed office or other commercial building, or portion thereof, having a street address within the Area. Vendor possesses a valid and verifiable business license, if required, issued by a city within the Area or by one of the three counties within the Area when the address is located in an unincorporated area within one of the three (3) counties as defined as "Area";
- 19.4.5.2. Vendor employs at least one (1) full time employee within the "Area", or if the business has no employees, the business shall be at least fifty percent (50%) owned by one (1) or more persons whose primary residence(s) is located within the "Area";

19.4.5.3. Vendor's business must have been in existence, in Vendor's name, within the "Area" for at least two (2) years immediately prior to the issuance of either a request for competitive bids or request for qualifications for the County.

19.4.5.4. Newly established businesses which are owned by an individual(s) formerly employed by a Local Vendor for at least two (2) years also qualifies for the preference; and

19.4.5.5. If applicable vendor must possess a valid resale license from the State Franchise Tax Board showing vendor's local address within the "Area" and evidencing that payment of the local share of the sales tax goes to either a city within the "Area" or to one (1) of the three (3) counties within the defined "Area".

ATTACHMENT D: LOCAL BUSINESS DECLARATION FORM**COUNTY OF MONTEREY LOCAL BUSINESS DECLARATION FORM**

If a business entity is claiming to be a “Local Vendor” as defined by the “Monterey County Local Preference Policy,” adopted by the Monterey County Board of Supervisors on August 29, 2012, it must certify it meets the definition of “Local Vendor” as defined and in accordance with the adopted policy. Any business entity claiming to be a local business as defined by the policy, shall so certify, in writing herein, that it meets all of the criteria listed within the policy, which can be accessed online at the following link: <https://www.countyofmonterey.gov/home/showdocument?id=22313>.

“Local Vendor” is defined as follows:

1. Vendor either owns, leases, rents or otherwise occupies a fixed office or other commercial building, or portion thereof, having a street address within the Area. Vendor possesses a valid and verifiable business license, if required, issued by a city within the Area or by one of the three counties within the Area when the address is located in an unincorporated area within one of the three counties as defined as “Area”; **and**
2. Vendor employs at least one full time employee within the “Area”, or if the business has no employees, the business shall be at least fifty percent (50%) owned by one or more persons whose primary residence(s) is located within the “Area”; **and**
3. Vendor’s business must have been in existence, in Vendor’s name, within the “Area” for at least two (2) years immediately prior to the issuance of either a request for competitive bids or request for qualifications for the County; **and**
4. Newly established businesses which are owned by an individual(s) formerly employed by a Local Vendor for at least two (2) years also qualifies for the preference; **and**
5. If applicable vendor must possess a valid resale license from the State Franchise Tax Board showing vendor’s local address within the “Area” and evidencing that payment of the local share of the sales tax goes to either a city within the “Area” or to one of the three counties within the defined “Area”.

County shall not be responsible or required to verify the accuracy or any such certifications and shall have sole discretion to determine if a bidder meets the definition of “Local Vendor” as provided herein.

Any business which falsely claims a preference pursuant to Monterey County Local Preference Policy shall be ineligible to bid on County purchases or contracts for a period of three (3) years from the date of discovery of the false certification(s).

Any business eligible for the local preference who desires to have the preference applied during the award selection process shall return this completed Local Business Preference Declaration Form with its proposal or qualifications package response. Upon request, bidder agrees to provide additional information to substantiate this certification.

As per the policy: “**Area**” shall mean Monterey County, San Benito County, and Santa Cruz County.

Note: If applicable your organization must possess a valid resale license from the California Department of Tax and Fee Administration showing its local address within the “Area” and evidencing that payment of the local share of the sales tax goes to either a city within the “Area” or to one (1) of the three (3) counties within the defined “Area.”

On behalf of my business entity (i.e., organization) I certify under penalty of perjury that I have both read and confirm that my business entity meets the requirements as outlined within the County’s Local Preference Policy for the procurement in question.
