From time to time, during the term of this agreement the County may request the additional compliance of new technical requirements and controls in order to meet Federal, State laws and regulations that govern and protect

PII/CWSCMS/CMIPS Client Data. The County will communicate any new applicable security controls being requested by State/Federal entities within 30 days of being notified, and the Contractor shall in good faith effort work with County on a plan for compliance.

10. Data Breach:

- a) Northwoods shall perform bi-annual security/vulnerability tests/scans of the application and AWS environment and mitigate any issues found promptly. Northwoods agrees to take reasonable steps to ensure that County's information is kept in a private confidentially secure manner, including but not limited to auditing and verifying that AWS S3 containers containing County data under Northwoods control are not publicly accessible and are secured according to industry standards.

Such third party software is available for use solely within the Northwoods Software and is not to be used on a stand-alone basis. Notwithstanding the above, County acknowledge that the Northwoods Software may include open source software governed by an open source license, in which case the open source license may grant County additional rights to such open source software.

Ongoing support services are provided via Northwoods Support Center and generally will be available during the hours of 7:00 a.m. to 5:00 p.m., in the applicable time zone for the Subscriber, Monday through Friday, excluding Northwoods' holidays, or as otherwise provided by Northwoods to its end users in the normal course of its business, either by telephone or email.

It contains Traverse-specific videos and training courses designed to strengthen a worker's skills and familiarity with their solution.
- c. Exclusions. Northwoods is not responsible for providing, nor obligated to provide, support services under this Agreement if County requested integration services and changes are made to the source data subsequent to Northwoods performing the integration services. This includes, but is not limited to, (i) making changes to the format of the source data; (ii) changing, removing, or introducing new APIs; (iii) changing, removing, or introducing an enterprise service bus; and (iv) changing, removing, or introducing direct database access. Any request by County for Northwoods to support such an instance is available at the sole discretion of Northwoods and Northwoods reserves the right to bill for any such request on a time and materials basis at Northwoods' then-current rates.

Service Level Agreement

Service Commitment

This Service Level Agreement (SLA) applies to County because County have contracted for web-based software and/or infrastructure hosting services (“Hosting Services”).

Northwoods will use commercially reasonable efforts to make its Hosting Services available with a monthly System Availability Percentage (defined below) of at least 99.9% (“Service Commitment”).

Definitions

“System Availability Percentage” is calculated by subtracting from 100% the percentage of minutes during the month in which the Hosting Services were Unavailable to County. System Availability Percentage measurements exclude downtime resulting directly or indirectly from any Hosting Services Exclusion (defined below).

“Scheduled Downtime” equals the aggregate total of all minutes of planned and scheduled maintenance performed during the month to perform any necessary hardware, operating system, network, database, application software maintenance, repair, upgrades, and updates. Northwoods will work with County to determine and use commercially reasonable efforts to schedule any such downtime after regular business hours, during times that minimize the disruption to operations. The amount of Scheduled Downtime may vary from month to month depending on the level of change to the system.

“Unavailable” and “Unavailability” mean all of County running instances have no external connectivity.

Service Credits

Service credits are calculated as a percentage of the total charges paid by County annually for the Hosting Services, divided by twelve (12) to determine the credit for the month in which the Unavailability occurred.

In the event Northwoods does not meet the Service Commitment, County may be eligible to receive a 10% service credit. Northwoods will apply any such service credit only against future Hosting Services payments otherwise due from County. Service credits will not entitle County to any refund or other payment from Northwoods. Service credits may not be transferred or applied to any other account County may have with Northwoods. Unless otherwise provided, County sole and exclusive remedy for any Unavailability, non-performance, or other failure by Northwoods to provide the Hosting Services is the receipt of a service credit in accordance with the terms of this SLA.

Credit Request and Payment Procedures

To receive a service credit, County must submit a claim by contacting the Director of Customer Relations. To be eligible, the credit request must be received by us by the end of the calendar month after which the incident occurred and must include:

EXHIBIT D

- The words “SLA Credit Request” in the subject line;
- The dates and times of each Unavailability incident that County are claiming;
- County request logs that document the errors and corroborate County claimed outage.

If the System Availability Percentage of such request is confirmed by Northwoods and is less than the Service Commitment, then Northwoods will issue the service credit to County and will apply such credit against County next annual invoice for Hosting Services. County failure to provide the request and other information as required above will disqualify County from receiving a service credit.

Hosting Services Exclusions

The Service Commitment does not apply to any Unavailability, suspension, or termination of Hosting Services: (i) caused by factors outside of our reasonable control, include any force majeure event or internet access or related problems beyond the demarcation point of the hosting data center; (ii) that result from any actions or inactions of County or a third party, including failure to acknowledge a recovery volume; (iii) that result from County equipment, software, or other technology and/or third party equipment, software or other technology (other than third party equipment within our direct control); or (iv) that are due to any Scheduled Downtime (collectively, the “Hosting Services Exclusions”). If availability is impacted by factors others than those used in our System Availability Percentage calculation, then we may issue a service credit considering such factors at our discretion.

General Assumptions

The following assumptions are made in regard to the project:

- Monterey DSS will identify primary and secondary points of contact within the agency and provide Northwoods with the appropriate contact information.
- All project participants will provide adequate resources (people and equipment) to complete all tasks based within time frames established in a mutually agreed-upon work plan.
- Monterey DSS will provide Northwoods with the appropriate security and network access levels to all support systems related to the project.
- Northwoods will deliver all services associated with this Work Order remotely.
- Monterey DSS will ensure staff are able to access the remote training sessions. Northwoods will not be responsible for providing make-up training sessions.
- If Monterey DSS requests that Northwoods re-design forms as a result of this project, the forms re-design hours will be deducted from Monterey DSS' allotted forms maintenance hours.
- Business process considerations and best practices as they relate to Traverse Connect could include—but are not limited to—what forms need to change to accommodate electronic collaborator signatures, the workers who are responsible for communicating with Northwoods and agency staff about form changes, how the agency will introduce Traverse Connect to outside collaborators, what kinds of content should or should not be shared with collaborators, and what standardized messages workers will use when communicating with collaborators.

Work Order Acceptance Procedures

Following completion of the project, the Monterey DSS Project Sponsor, or authorized designee, will evaluate whether the items in the ["Work Requirements"](#) section have been successfully completed. Modification to 3.02, Term of Agreement

3.02 During the term of this Agreement, either Party may terminate this Agreement for any reason only on the anniversary date (December 10th) of each contract year by giving the other Party not less than sixty (60) days' written notice of termination prior to the effective date of the termination. Such notice shall set forth the effective date of termination.

Modification to 7.02, Termination

7.02 The County may cancel and terminate this Agreement for good cause effective immediately upon written notice to CONTRACTOR. "Good cause" includes the failure of CONTRACTOR to perform the required services at the time and in the manner provided under this Agreement, if the failure is solely the fault of CONTRACTOR. If County terminates this Agreement for good cause, the County may be relieved of the payment of any consideration to CONTRACTOR, and the County may proceed with the work in any manner, which County deems proper. The cost to the County shall be deducted from any sum due the CONTRACTOR under this Agreement and a pro-rated portion of any fees paid by County to CONTRACTOR shall be refunded in the event of a good cause termination.

Modification to 8.0, Indemnification

8.0 Northwoods will defend, indemnify and hold harmless the County, its officers, agents, employees, against any and all claims, suits, actions, proceedings, judgements, losses, payments, costs, expenses (including reasonable attorney's fees), damages, and liabilities arising from or relating to a third party claim against County for (i) the breach by Northwoods or its personnel of its confidentiality or security obligations under this Agreement; (ii) the non-compliance by Northwoods or its personnel with applicable law; (iii) death, personal injury, bodily injury or any real or tangible personal property damage caused or incurred by Northwoods or its personnel; (iv) the negligent acts or omissions or willful misconduct of Northwoods or its personnel; (v) any breach incident involving any County data in Northwoods' possession, custody, or control or County's network or systems.

In the event of any claim for indemnification by County in accordance with this Section (the "Claim"), County will notify Northwoods of the Claim promptly and tender sole control of the Claim to Northwoods and/or its insurer(s) and Northwoods will defend such Claim in County's name at Northwoods' expense, and will indemnify County against any liability, including but not limited to reasonable attorneys' fees and disbursements arising out of such Claim. Northwoods will also indemnify County in the event of a breach of data for any costs associated with notification to people whose data was breached. Northwoods will also indemnify County in the event of a breach in data for identity theft protection services for one year for people whose information was breached and who ask to sign up for the program.

Exclusions: Northwoods shall have no obligation to defend or indemnify County with respect to any Claim to the extent that the claim is based upon the sole negligence or willful misconduct of the County. If the County and Northwoods are

Modifications to Standard Agreement**EXHIBIT H**

both at fault in connection with the data and security breach, Northwoods' obligation to defend and indemnify shall be limited and proportional to the parties' relative fault.

Infringement Indemnification

In the event of any claim against the County (the "IP Claim"), alleging that the use of the Northwoods Software infringes upon any intellectual property rights of such third party, the County will notify Northwoods of the IP Claim promptly and tender sole control of the IP Claim to Northwoods and/or its insurer(s) and Northwoods will defend such IP Claim in the County's name at Northwoods' expense, and will indemnify County against any liability, including but not limited to reasonable attorneys' fees and disbursements arising out of such IP Claim. - i) Obtain for County the right to continue using the Northwoods' Software;
- ii) Replace or modify the Northwoods Software with an alternative software of substantially equivalent functionality and features; or
- iii) If neither (a) nor (b) can be provided by Northwoods within ninety (90) days of notice of the claim, either party may terminate County's rights and Northwoods' obligation under this agreement. In the event of such a termination, Northwoods shall promptly refund to Customer with a pro rata share of the license fees paid for the infringing Northwoods' software, plus any professional services fees paid for implementation of the software.
- iv) Any cost(s) associated with implementing either of the above alternatives shall be absorbed by Northwoods.

Exclusions: Northwoods is not liable under this section to the extent an infringement claim is based on:

- i) the negligence or willful misconduct of the County;
- ii) the use of the Northwoods Software in combination with other products or services not made or furnished by Northwoods, provided that the Northwoods Software alone is not the cause of such IP Claim (except for any Third-party solutions);
- iii) the modification of the Northwoods' Software or any portion thereof by anyone other than Northwoods, provided that the Northwoods' Software in unmodified form is not the cause of such IP Claim.

Modifications to Standard Agreement**EXHIBIT H**

Modification to 8.03, Insurance Coverage**Cyber Liability is added:**

Modification to 10.2, County Records**Data Availability is added:**

For all reasons that lead to termination, after ninety days from the date of termination, Northwoods will have no obligation to maintain or provide County Data, and will thereafter delete or destroy all copies of County Data in Northwoods' possession or control, unless legally prohibited. Northwoods will provide County with a statement certifying to County that all data has been destroyed from all AWS platforms and any ancillary Northwoods or its partner systems.
