BEHAVIORAL HEALTH BUREAU
(MCBH)**

2023 – 2024

Interagency Agreement Between The Monterey County Special Education Local Plan Area and
The Monterey County Health Department, Behavioral Health Bureau for 2023-24

On October 8, 2010, California Governor Arnold Schwarzenegger vetoed a fiscal year 2010-11 appropriation for educationally-related mental health services mandated by AB 3632, and stated in doing so that “[t]his mandate is suspended.” AB 114, Statutes of 2011, Chapter 43 (AB 114) became effective July 1, 2011, and placed the responsibility for provision of mental health services for students with disabilities (AB 114 Services) with LEAs.

Monterey County Special Education Local Plan Area (SELPA) acknowledges that the Local Education Agencies (LEAs) are mandated to provide services necessary to ensure students a free and appropriate public education (FAPE), including mental health services (hereinafter Psychological Services), pursuant to a student’s Individualized Education Plan (IEP), the federal Individuals with Disabilities Education Act (IDEA) and state law. SELPA is authorized to obligate its member LEAs to the terms of this Agreement.

County of Monterey Health Department, Behavioral Health Bureau (MCBH) offers outpatient mental health services by qualified professionals at its current publicized rates. SELPA requests that MCBH facilitate the provisions of Psychological Services to students of the LEAs within SELPA who are eligible and where such services are deemed necessary in the IEP.

This Agreement defines the roles and responsibilities of SELPA, on behalf of its member LEAs, and MCBH in the provision of special education and related services to school-age individuals residing in Monterey County. Individuals referred to MCBH must be suspected of needing related services provided by MCBH. Special education and related services covered under the terms of this Agreement shall be at no cost to the parent or guardian of the student being served.

A primary goal of this Agreement is to ensure that necessary special education and related services are provided to qualifying individuals with special needs in an efficient manner through joint planning, cooperative service delivery, and the judicious use of resources in accordance with applicable federal and state laws and regulations.
