If the sample appears, by visual inspection, to lack the necessary properties, the entire load will be returned. A County designated laboratory or the State Materials and Research Laboratory in Sacramento, California will test the respective sample(s). Samples that are taken and found not to conform to these Special Provisions and Standard Specifications will result in the rejection of the entire load, and no payment will be allowed for the asphalt emulsion product or for the applicable transportation costs to the job. Samples that are taken where the product appears unacceptable and the load is returned, but upon lab inspection, does in fact meet all of the Special Provisions and Standard Specifications requirements, will result in the County making payment to the contractor for the applicable loading, unloading, and transportation costs, but not for the asphalt emulsion product involved.

In general, the County estimates spreading 75 tons (three loads) of PMCRS2h for chip seal on a normal day. Seventy five (75) tons PMCRS2h consist of: two spreaders carrying 25 tons each and a booster load with 25 tons that can be unloaded within two hours.

The unit price for bid item 7 shall be one percent of the sum of the total amounts for bid items 1 to 4. The total amount (Item Total) for each bid item 1 to 4 shall be the product of the estimated quantity multiplied by the unit price. Unit price for bid item 7 shall be calculated as follows:

$$\text{Unit Price} = 0.01 * (\text{Item Total Bid Item 1} + \text{Item Total Bid Item 2} + \text{Item Total Bid Item 3} + \text{Item Total Bid Item 4})$$

Where: Item Total for each bid item = Estimated Quantity * Unit Price

Surety hereby stipulates and agrees that no change, extension of time, alteration or addition to the terms of the contract on the call for bids, or to the work to be performed there under, or the specifications accompanying the same, shall in any way affect its obligation under this bond, and it does hereby waive notice of any such change, extension of time, alteration or addition to the terms of said contract or the call for bids, or to the work, or to the specifications.
