The purpose of this amendment is to incorporate three Substantial Amendments approved by the Monterey County Board of Supervisors between January and May 2020. The First Substantial Amendment, adopted January 7, 2020, reallocated unused funds from prior grant years to Interim, Inc.'s Sun Rose Gardens project. The Second Substantial Amendment, adopted April 21, 2020, reallocated funding between projects sponsored by the City of Greenfield. The Third Substantial Amendment, adopted May 19, 2020, receipted and allocated \$816,541 in supplemental CDBG-CV (A) funding. This Fourth Substantial Amendment will receipt and allocate \$1,049,36 in additional CDBG-CV (C) funding.

Executive Summary

AP-05 Executive Summary - 24 CFR 91.200(c), 91.220(b)

1. Introduction

Fiscal Year 2019/2020 (FY19/20) is the seventh year that the County of Monterey ("Urban County") has received Community Development Block Grant (CDBG) funding as an Urban County entitlement jurisdiction. In order to qualify as an Urban County, the County and communities participating in the Urban County must have between 100,000 and 200,000 people living in them; and, the majority of low- and moderate-income people in the county must live in the participating communities and/or unincorporated areas. Collectively, the Urban County has a population of 129,165 people. The U.S. Department of Housing and Urban Development (HUD) estimates that there are 200,300 low- or moderate-income people residing in Monterey County. Of the low-mod population, 113,490 or 56.66% live in the CDBG Metropolitan Cities of Monterey, Salinas, and Seaside. The Urban County, including the participating cities of Del Rey Oaks, Gonzales, Greenfield, and Sand City, are home to 55,090 or 63.46% of the low-mod population living outside the CDBG Metropolitan Cities and therefore meets the second qualification requirement.

FY19/20 represents the seventh year of the Urban County's Consolidated Plan. The Urban County entered into an agreement with the entitlement cities of Monterey, Salinas, Seaside, and the Housing Authority of the County of Monterey in 2017 to prepare HUD's required regional Assessment of Fair Housing (AFH). HUD encouraged jurisdictions that share housing markets to cooperate in the preparation of the AFH and granted the Urban County an extension for submitting a new Consolidated Plan to May 15, 2020. HUD later rescinded the requirement to complete the AFH and went back to requiring the Analysis of Impediments (AI) to Fair Housing. The County of Monterey completed a regional AI.

For FY19/20, the Urban County anticipates having a total of \$3,438,659 available. The available funding includes \$1,391,792 in new CDBG funds, \$1,865,867 in CARES Act supplement CDBG funding; approximately \$10,000 in Program Income (PI); \$46,000 in PI transferred from the State CDBG program by the City of Del Rey Oaks and \$125,000 carried over from prior years. On April 2, 2020, the Urban County was notified that it was being awarded a supplemental CDBG funds from the CARES Act to respond to the COVID-19 public health crisis. The Urban County does not receive funding from the HOME Investment Partnership Act (HOME), Emergency Solutions Grant (ESG), or Housing Opportunities for Persons with AIDS (HOPWA) or any other HUD funded but State administered programs.

The County began receiving HUD Entitlement CDBG funds in 2013. Prior to receiving CDBG Entitlement funds, the County competed for HOME and CDBG funds through the State CDBG and HOME programs. The County still receives PI from programs originally funded with State CDBG and HOME grants for first

time homebuyer down payment assistance and housing rehabilitation programs for multi-family and single-family housing.

2. Summarize the objectives and outcomes identified in the Plan

This could be a restatement of items or a table listed elsewhere in the plan or a reference to another location. It may also contain any essential items from the housing and homeless needs assessment, the housing market analysis or the strategic plan.

The Urban County has extensive housing and community development needs. CDBG funds alone are not adequate to address the myriad needs identified during the public outreach process and summarized in the Needs Assessment of the Consolidated Plan and its update. Recognizing the national objectives of the CDBG program and specific program regulations, the Urban County intends to use CDBG funds to coordinate programs, services, and projects to create a decent and suitable living environment to benefit low- and moderate-income households and those with special needs. Use of CDBG funds in FY 19/20 will focus on some of the most critical needs in the Urban County, including the following:

- Improvements to infrastructure and public facilities to foster a suitable living environment for low- and moderate-income households and those with special needs;
- Provision of services and programs to benefit low- and moderate-income households and those with special needs, such as youth (and at-risk youth), seniors, and the disabled; and
- Provision of services to help low- and moderate-income homeowners remain in their homes and improve their quality of life through access to clean water and installation of domestic solar electric systems.

The Urban County primarily used the supplemental CARES Act funding to support non-profits that provided fair housing services and address food security issues. A limited amount of this funding was made available to the United Way's 211 service which has provided an important link helping people and households who have been impacted by the COVID-19 public health crisis.

3. Evaluation of past performance

This is an evaluation of past performance that helped lead the grantee to choose its goals or projects.

To date, the Urban County's CDBG funds have supported non-profits that provide a broad range of services (including three fair housing services providers), to the homeless, seniors, youth, and families at risk of homelessness. Nearly 8,600 Monterey County residents have benefited from these services since 2013. The Urban County has funded a variety of infrastructure and public facilities projects that have benefited more than 81,000 Monterey County residents. These projects included ADA improvements to County Parks and a variety of public buildings; renovation of neighborhood recreational facilities; curb and gutter construction; transit facilities; water and sewer system improvements; and maintenance of childcare and community medical centers. The Urban County has funded the rehabilitation of one multi-family complex with 11 rental units, helped 45 families with energy efficiency improvements through the installation of rooftop solar systems, and the development of six transitional housing beds.

4. Summary of Citizen Participation Process and consultation process

Summary from citizen participation section of plan.

The Urban County relies on the needs of the community as identified in the Consolidated Plan and during public hearings to determine how to allocate CDBG funds. The Urban County holds noticed public meetings and/or hearings annually in December and May as part of the process to prepare the Annual Action Plan. The Monterey County Board of Supervisors Urban County Subcommittee also conducts a meeting in April to solicit input on funding priorities that is open to the public. A third noticed public hearing is held in September to report on the Consolidated Annual Performance and Expenditure Report (CAPER). Notices of public meetings are published in the Monterey County Weekly, Gonzales Tribune, Greenfield News, King City Rustler, Soledad Bee, and El Sol consistent with the County's Citizen Participation Plan. Notices and/or agendas are also posted at the offices of the participating jurisdictions consistent with the California Ralph M. Brown Act requirements.

The Urban County did encounter one challenge related to public noticing. As noted above, the Urban County publishes notices in Spanish in the El Sol newspaper. In November 2018, El Sol had a personnel issue wherein their employee did not process the Urban County's public notice for the December 14, 2018 public meeting to solicit project proposals. Urban County staff were unaware that the notice was not published until February 2019. The Urban County was unable to remedy this oversight and still complete the Annual Action Plan on time. The Urban County will publish all future notices in English and Spanish in all publications going forward.

Between May and June 2018, the Urban County, in conjunction with the entitlement cities of Monterey, Salinas and Seaside and the Housing Authority of the County of Monterey, conducted four community workshops as part of the preparation of the regional Analysis of Impediments to Fair Housing (AI). These workshops were promoted through a combination of print materials, passive website postings, social media platforms, direct email, and through the news media. The results from the regional AI are found in the Monterey County Regional Analysis of Impediments to Fair Housing Choice and the Analysis of Impediments to Fair Housing Public Participation Summary. These documents were available on the websites of the cities of Del Rey Oaks, Gonzales, Greenfield, Sand City and Monterey County consistent with the Urban County Citizen Participation Plan.

5. Summary of public comments

This could be a brief narrative summary or reference an attached document from the Citizen Participation section of the Con Plan.

Meetings specific to the preparation of the 2019-2020 Annual Action Plan attracted between 10 and 15 representatives of agencies interested in exploring CDBG funding. Comments received during these meetings were focused on specific activities and funding requirements (e.g. match requirements) and did not identify any previously unmet priority funding areas. Other comments were more of the "thank you for your support" nature and highlighting the continued need for CDBG funds. All the comments made during the public meetings are detailed the section AP-12 Participation of this Action Plan.

6. Summary of comments or views not accepted and the reasons for not accepting them

All comments were accepted.

7. Summary

The Urban County engaged the community consistent with the requirements of the Urban County's Citizen Participation Plan except for the non-publication by El Sol. In the future, the Urban County will

follow up with publications to ensure notices were published as ordered and take corrective action sooner.

There were no public comments received that identified new unmet needs for CDBG funding. Most comments received were project specific and related to issues such as local match requirements. All comments and questions were answered during the public meetings when they were posed to staff.

AP-10 Consultation – 91.100, 91.200(b), 91.215(l)

1. Introduction

To reach various agencies, organizations and individuals, the Urban County compiled an email list consisting of approximately 200 names, including:

- Nonprofit service providers that cater to the needs of low- and moderate-income households and persons with special needs, including persons with disabilities;
- Affordable housing providers;
- Housing advocates;
- Housing professionals;
- Public agencies (such as school districts, health services, public works);
- Economic development and employment organizations; and
- Community groups.

These agencies received email of notices of the Urban County's Action Plan process and public meetings.

Provide a concise summary of the jurisdiction's activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(l))

Monterey County Behavioral Health (MCBH) exists to enhance, protect and improve the health of the people in Monterey County. To accomplish this, the Department provides a wide variety of health-related services in the areas of public health, environmental health, behavioral health and clinic services, including the Whole Person Care (WPC) program throughout the County. MCBH provides a range of mental health and substance use disorder services to children, youth, adults and families throughout Monterey County.

WPC is a program of Monterey County Health Department and community partners to provide comprehensive case management for the County's most vulnerable Medi-Cal recipients who are high users of hospital and emergency department facilities. This focus population also includes homeless/chronically homeless, individuals with mental illness or substance use disorders and individuals who have multiple chronic diseases. The WPC is a pilot project that began in 2016 for high-risk health care system users in Monterey County, which includes a focus population of "high utilizers" of health care services that are exclusively homeless and chronically homeless Medi-Cal recipients or Medi-Cal eligible persons with no medical health home (including those released from jail) and having 3 or more characteristics of diagnosed mental illness, hospital admissions in the prior year, chronic health diagnoses, emergency department visits, or 5 or more specific categories of prescribed medications.

The WPC program is centered on Registered Nurse case managers who assess WPC enrollees for health, housing, and social service's needs, and then provide warm hand-offs to primary care clinics, mental health/substance abuse therapists, social services, housing supports and placement, and employment training. Case managers also assist WPC enrollees in their normal environments with benefit assessments, setting and keeping appointments, transportation, food and nutrition, peer support groups, housing counseling and skill development training.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

The outreach list includes homeless service agencies in the Salinas/Monterey County and San Benito County Continuum of Care (COC) Strategy.

The Coalition of Housing Service Providers (CHSP) is the designated coordinator of the COC and plays an important role in the effort to eliminate homelessness. The COC is the lead agency regarding homelessness and coordinates efforts among many non-profit and public agencies. For example, the COC oversees and administers the Homeless Management Information System (HMIS), holds monthly meetings regarding Homeless Prevention and Rapid Re-housing (HPRP), and bimonthly meetings of the Services, Employment, and Income Committee regarding the 10 Year Plan to End Homelessness. The County of Monterey, including the County Administrative Office (CAO), the Department of Social Services, and the Health Department coordinated efforts to update the 10-Year Plan to End Homelessness to ensure compliance with the State No Place Like Home (NPLH) program. This update will help guide homeless state funds to be leveraged with other funding resources to maximize positive outcomes for the community that will lead to shelter and housing.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS

Although the County does not receive a direct HUD ESG entitlement allocation, the County partners with the City of Salinas who receives an entitlement allocation of ESG and the State non-entitlement allocation. The State also provides funding like ESG that is called the California Emergency Solutions and Housing (CESH) program. The County supports the City of Salinas in this program by coordinating efforts through the CoC and serving on the rating and ranking committee.

2. Describe Agencies, groups, organizations and others who participated in the process and describe the jurisdiction's consultations with housing, social service agencies and other entities

Narrative (optional)

The Urban County program covers the County unincorporated areas and the cities of Gonzales, Greenfield, and Sand City. County and city departments that may have an interest in the CDBG program were invited to participate in the Action Plan process through the Notice of Funding Availability (NOFA) process. City partners also participated in reviewing service applications.

Notices of Funding Availability (NOFA) were published in the Gonzales Tribune, King City Rustler, Greenfield News, and Soledad Bee, and the Monterey County Weekly. A direct email of the NOFA was also sent to a list of approximately 200 interested parties. A public hearing was held as part of the NOFA workshop on 12/14/18, at the County Government Center, 1441 Schilling Place, Salinas (CGC-Schilling). Twelve people who represented 12 organizations attended. These comments were received:

- R3 (Rehab., Respite, and Restoration) has been working with prisoners at Soledad State Prison to build tiny homes.
- VTC is interested in developing a master plan for its Hayes Circle residential neighborhood with the possibility of adding new housing in future years.
- How much CDBG funding does Del Rey Oaks receive? DRO has approximately \$76,000 over the next three years.
- What is the County's requirement for matching funds? The County does not require any.
- Does Davis-Bacon apply to small residential developments? D-B does not apply to residential development of 1-7 units. However, projects may still be subject to CA Prevailing Wage laws.
- Can CDBG funds be used to facilitate conversion of schools to housing? Yes, at least 51% of the units must be for low- or moderate-income households.

Aside from comments about the continuing need for a wide range of services and affordable housing issues, the one new issue presented was the opportunity that tiny homes may provide for the homeless and those recently released from jail/prison.

The Urban County Standing Committee met on 3/21/19, to review requests for funding and make recommendations to the Board of Supervisors (BoS). Fifteen people attended. Comments were received from 3 people. The comments were:

- MoW Salinas Valley thanked the Board members for their continued support.
- The Environmental Justice Coalition for Water responded to questions from the Committee members regarding their 2019/20 application and the status of EJCW's 2018/19 project. EJCW indicated they encountered regulatory challenges with consolidating small water systems. EJCW's application is to assist low- and moderate-income households to comply with pending County regulation for all potable water to be compliant with nitrate and arsenic limits by installing point of entry or point of use filters.

On 5/7/19, the BoS conducted a hearing to open the public comment period for the 19/20 Annual Action Plan, the Analysis of Impediments to Fair Housing, and the 4th Amendment to the Citizen Participation Plan (CPP). This meeting was held in the BoS Chambers. No public comment was received.

On 6/25/19, the BoS closed the comment period on the AAP, AI and CPP. Comments were received from NCRPD thanking the BoS for their continued support. After considering the public comments, the Board approved the final Annual Action Plan.

The BoS has adopted 3 Substantial Amendments (SA) to the 2019-20 Annual Action Plan. SA#1 reallocated funding from cancelled projects in program years 17/18, 18/19 and 19/20 to fund a public facility operated by Interim, Inc. that will provide a combination of supportive and transitional housing for people with mental illness. SA #2 reallocated funding from Greenfield's Walnut Ave project to purchase public safety vehicles to improve the department's ability to respond to simultaneous, calls for service. SA #3 allocated CARES Act funding to five public service activities and the 5th Amendment to CPP, which authorized a 5-day notice and comment period for actions that would direct how CARES Act funds will be used. The reduced comment period was authorized by the CARES Act to facilitate the rapid investment of CARES Act funding. SA #4 allocated CDBG-CV (C) funding to provide emergency rental assistance to households at-risk of losing their housing due to COVID-19 economic losses.

Expected Resources

AP-15 Expected Resources – 91.220(c)(1,2)

Introduction

The Urban County anticipates having \$2,744,568.80 available for FY2019/2020. This includes new grant funding of \$1,391,792 (which is \$2,535 or 0.18% than the Urban County's PY2018/2019 award). The Urban County also anticipates having \$1,142,762.57 available from projects funded in prior years due to cancellations and projects not requiring the full award amount. The remaining \$210,014.23 is program income. In March 2020, the Urban County received a supplemental allocation of \$816,541 from the CARES Act (CDBG-CV (A)). In September 2020, the Urban County was awarded a second allocation of CARES Act funding (CDBG-CV (C)) in the amount of \$1,049,326

Over the five-year period, the Urban County anticipates receiving \$8.65 million in funding from HUD and program income. During 2019-2020, the Urban County will receive a one-time deposit of \$46,000 in program income from the City of Del Rey Oaks. The Urban County anticipates rolling \$75,000 from unused admin funds in 18-19 and \$50,000 from a housing rehabilitation program funded in 2017-18 into activities during 2019-2020.

Table 5 - Expected Resources – Priority Table

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

The County uses federal funds to fund a rapid rehousing program that leverages CALWorks funds through the Department of Social Services and the California Whole Person Care through the Department of Health.

These funds help keep the Salinas homeless shelter open and serving the entire homeless population of Monterey County. All public service activities that are funded by the Urban County do provide detailed information on other sources of funding for their activities and this information is reported to HUD separately.

If appropriate, describe publicly owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

The County of Monterey has agreed to utilize two parcels of land, 855 E. Laurel Drive (3.0-acre parcel) and 1220 Natividad Road (1.3 acres) toward the development of a permanent shelter at 855 E. Laurel and permanent supportive housing and other services at 1220 Natividad Road. The County and City of Seaside are also exploring options to develop a similar shelter and services for homeless in conjunction with a non-profit in Seaside to be located at 1292 Olympia Ave.

Discussion

The Shelter and Regional Emergency Shelter fit within a wider regional approach to ending homelessness. Individuals who enter a shelter can receive services such as rapid rehousing and other services that would help them on a path to housing. The County is still considered to be rural and not all programs fit one size and not one program will be the solution to ending homelessness. The goal is to leverage County resources that will allow people to afford and better leverage mainstream workforce, housing, and health care systems to expand permanent solutions. The Emergency shelter is envisioned to play an essential role within an effective, housing-focused crisis response system utilizing HUD best practices.

CDBG funds will be used to connect income qualified homes to the new water mains. The second program is targeted at single family homes that rely on a single well but may not meet water quality standards. The program will help install point of use or point of entry treatment systems for income qualified homeowners.</p> <p>The Urban County will also provide up to \$350,000 to EAH Housing to construct offsite street and sidewalk improvements required by the 200-unit affordable housing development.</p>
<p>5</p> <p>Goal Name</p> <p>Goal Description</p>	<p>Public Facilities</p> <p>The Urban County will fund two public facility projects. The first project is the rehabilitation and possible repurposing of part of the North County Recreation and Park District's Castroville Recreation Center and will serve the predominately low/mod community of Castroville. The second project is the purchase of a new Type I Fire Engine for the predominately low/mod income city of Greenfield.</p>

6	Goal Name	Public Services
	Goal Description	The Urban County will fund nine public service activities, in addition to the two fair housing and one homelessness prevention activities listed elsewhere. The activities will fund services from helping people with disabilities continue to live independently, providing community activities, food security, job readiness training and helping community members connect with non-profits and governments agencies.

Projects

AP-35 Projects – 91.220(d)

Introduction

FY19/20 will be the Urban County's seventh year of implementing the Community Development Block Grant (CDBG) program. This program is administered by the U.S. Department of Housing and Urban Development and provides funding for a variety of projects and programs, with eligibility based on meeting the following national objectives:

- Benefitting low- and moderate-income persons;
- Eliminating slum and blight; or
- Meeting a particularly urgent community need.

The Urban County plans to expend the CDBG funds to address housing and community development needs identified in the Consolidated Plan. The projects described in this section are consistent with implementing specific activities to address those needs.

On March 27, 2020, the President signed the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) into law. The CARES Act included a \$5 billion allocation for the CDBG program, of which the Urban County was subsequently awarded \$1,865,867. The CARES Act waived the 15% limit on public services so that the funds could be used to immediately address the needs of households and people who were negatively impacted by the Coronavirus public health emergency.

Backup Projects - Should the Urban County receive unanticipated program income of up to \$99,999, it will be used to augment the Environmental Justice Coalition for Water's project. If the Urban County receives program income of more than \$100,000, it shall be retained and awarded to new projects during 2020-2021.

The Urban County does not have any unfunded projects besides EAH and ECJW applications.

Substantial Amendment Summaries

1st Substantial Amendment: The Environmental Justice Coalition for Water (ECJW) received a \$382,618 allocation to help income qualified households comply with the County's Point of Use/Point of Entry water treatment ordinance. The Ordinance was suspended by the Board of Supervisors in July 2019, in response to litigation challenging the validity of the Ordinance by installing water filtration systems.

Funding for this activity has been reprogrammed to support Interim, Inc.'s Sun Rose Gardens project which will create more permanent supportive and transitional housing units. The Veterans Transition Center is working with EAH Housing to develop Lightfighter Village to provide additional permanent housing for homeless veterans and their families. VTC has voluntarily withdrawn their application for \$20,000 to master plan their remaining property at Hayes Circle.

2nd Substantial Amendment: The City of Greenfield requested cancellation of the Walnut Ave. improvements that were funded with allocations from 2017-18 and 2018-19 and redirected the funds to purchasing additional public safety equipment for the Greenfield Fire Protection District. The Amendment also reinstated the North County Recreation and Park District's Skate Park rehabilitation project that was omitted from the 2019-20 Action Plan by mistake.

3rd Substantial Amendment: The 3rd SA was adopted to take advantage an additional \$816,541 in CDBG-CV funding made available to respond to the COVID-19 public health emergency. The response to COVID-19 has caused widespread economic dislocation as businesses have closed and workers laid off.

This dislocation has increased demand for a wide range of public services as dislocated workers are forced to pay ongoing housing and grocery bills while unable to earn an income. COVID-19 has also forced some members of the community who are normally independent to remain homebound and reliant on service providers for things as basic as food delivery. The CDBG-CV funds were allocated to public service providers responding to higher than normal demand for assistance with landlord/tenant housing issues, food insecurity, and information and referral services.

4th Substantial Amendment: the 4th SA was adopted to take advantage of a second round of CDBG-CV funding in the amount of \$1,049,326. These CDBG-CV funds were allocated to the United Way to augment their emergency rental assistance program for households facing eviction due to non-payment of rent when the income loss was due to COVID-19 related job loss or reduction in work hours.

Table 7 - Project Information

Describe the reasons for allocation priorities and any obstacles to addressing underserved needs

The Urban County continues to allocate funding to meet the priorities identified in the Consolidated Plan. Unfortunately, the demand for all types of activities greatly exceeds the financial resources available to the Urban County.

The Urban County is continuing to explore ways it can use its CDBG, and other resources, to meet the needs of the low/moderate income people who live in Monterey County. Aside from the limited financial resources that are available, the Urban County is challenged to meet the needs of this

population because the majority live in the entitlement communities of the cities of Monterey, Salinas and Seaside.

	Target Date	6/30/2020
	Estimate the number and type of families that will benefit from the proposed activities	The targeted population consists of approximately 30 at-risk youth, grades 5th – 8th and approximately 11 to 14 years old.
	Location Description	The Boys & Girls Clubs of Monterey County Gonzales SMART Leaders project will take place in the city of Gonzales at Fairview Middle School, located at 401 4th Street. The city of Gonzales is home to a population with a predominately Latino heritage. Many of the residents are moderate to low income, as indicated by 87% of Gonzales Unified students eligible for free or reduced lunch (ed-data.org). In 2016-17, over 2,000 students were eligible for this assistance.

	Planned Activities	<p>Project focuses on these major components:</p> <ul style="list-style-type: none"> • SMART Leaders program is a 5-session small group program followed by a prevention involvement component in which the SMART Leaders youth participate as peer leaders and positive role models in prevention related and other general activities in the program. SMART Leaders is based on the personal and social competence approach to prevention. • SMART Leaders teach SMARTs program as a team approach involving Club staff, peer leaders, parents and community representatives. More than simply emphasizing a 'Say No' message, the program teaches young people ages 6 to 15 how to say no by involving them in discussion and roleplaying, practicing resistance and refusal skills, developing assertiveness, strengthening decision making skills and analyzing media and peer influence. The goal: to promote abstinence from substance abuse and adolescent sexual involvement through the practice of responsible behavior. • The annual Crossroads Gang Prevention Summit provides youth, parents, business and community members the opportunity to engage in a free event dedicated to intervening with youth exhibiting at risk gang related behavior. • The annual Career Expo provides youth with full day conference style experience, gear towards career exploration, soft skill development and identifying short and long term goals for a successful career.

	Target Date	6/30/2020

	Estimate the number and type of families that will benefit from the proposed activities	CCCIL anticipates helping 27 people and/or households with a disabled member with finding housing or helping them obtain accommodations necessary to help them remain in an independent living situation.
	Location Description	Core services will be offered at the CCCIL office located at 318 Cayuga St., Suite 208, Salinas, CA 93901. Presentations will be made throughout the County.
	Planned Activities	CCCIL services will teach people with disabilities to develop the skills they need to successfully access and retain affordable and accessible housing. Through CCCIL's case management services consumers receive training and information on fair housing rights, HUD regulations and policies, and eligibility requirements. The information is presented in a non-bureaucratic method that is understandable to folks that have limited educational skills. In addition, consumers will have access to other CCCIL services such as benefits counseling, information and referral, individual and system change, independent living skills training and assistive technology.

5	Project Name	Girls, Inc. of the Central Coast
	Target Area	
	Goals Supported	Public Services
	Needs Addressed	Public Services
	Funding	CDBG: \$20,000

Description	Provide youth leadership development services to low-income girls, ages 9-18, in North Monterey County and Greenfield through a series of after-school programs at 8 school sites Castroville and Greenfield. Girls, Inc. will offer 5 age-appropriate programs that (1) encourage girls to pursue a college education and plan for future careers; (2) provide paid internships to program graduates to develop leadership and employment skills by teaching the program to the next generation of girls; (3) develop skills in resisting pressure from others to engage in risky behaviors; and (4) promote positive, open communication between mothers and daughters. 1. Matrix Code - 05D (24CFR570.201(e)); 2. National Objective - LMC (24CFR570.208(a)(2)(i)(B)); 3. Presumed Benefit - No; 4. Performance Objective - Public Services and Anti-Poverty Strategy 5. Performance Measure - Create Suitable Living Environments; 6. Performance Outcome - Availability/Accessibility to leadership and mentoring for approximately 50 girls between the ages of 15-18 from households at or below the moderate-income threshold.
Target Date	6/30/2020
Estimate the number and type of families that will benefit from the proposed activities	Approximately 50 girls between the ages of 9 to 18.
Location Description	Greenfield High School, 225 El Camino Real, Greenfield, CA 93927 North County High School, 13990 Castroville Blvd., Castroville, CA 95012 North County Middle School, 10301 Seymour St., Castroville, CA 95012 Vista Verde Middle School, 1199 Elm Ave., Greenfield, CA 93927

	Planned Activities	<ul style="list-style-type: none"> • ECHO Leadership and Mentoring program. Through a series of 16 interactive modules, guest speakers, field trips and retreats, young women, ages 15-18, are encouraged to stay in school, pursue post-secondary education, avoid pregnancy, and plan for future careers. Girls explore career paths, prepare resumes, prepare for job interviews, plan for college, and learn about women’s health, budgeting, and influencing public policy. • Will Power/Won’t Power is a series of interactive assertive communication workshops for girls ages 12-14, whose topics include: learning age-appropriate information about their bodies and how to stay healthy, identifying sexual pressures and how to resist them, exploring personal values and their importance in decision-making, defending your decisions, identifying values about sexual behavior and abstinence, and avoiding risks. • The Friendly PEERsuasion program is a unique response to girls' needs because it approaches drug-abuse prevention as a peer issue, using the positive influence of young people modeling healthy behavior. Part I: Girls ages 11 to 14 go through a series of workshops that train them as facilitators to provide programming on decision-making, assertiveness, and communication skills. They also practice walking away from situations where they feel pressured to use alcohol or drugs. • Friendly PEERsuasion Part II: The newly trained “PEERsuaders” plan substance-abuse prevention activities for groups of children ages 6 through 10. Looked up to as leaders, the older girls' commitment to stay drug- and alcohol-free is reinforced. • Growing Together. Offered in English and Spanish, the program is designed to increase positive communication between mothers and their 9 -12-year-old daughters, and helps them discuss questions about sexual behavior and puberty without embarrassment, establish mutual trust, and allows them to spend quality time together while learning about open communication, decision-making and physical life changes. • Youth Leaders are ECHO graduates, who are placed in paid internships and trained to deliver programs to younger girls in middle and high school; they plan, facilitate and evaluate programs, train new youth leaders and adult mentors, give presentations to school boards, city councils, and at public events.

7	Project Name	Salinas Valley Home Delivered Meal Program
	Target Area	
	Goals Supported	Public Services
	Needs Addressed	Public Services
	Funding	CDBG: \$20,000

	Description	Deliver nutritious meals, created for the specific health needs of older Americans, to the homes of seniors, 62 and older, who are unable to shop or cook for themselves. 1. Matrix Code - 05A (24CFR570.201(e)); 2. National Objective - LMC (24CFR570.208(a));3. Presumed Benefit - Yes, Disabled or elderly persons aged 62 or older 4. Performance Objective - Public Services 5. Performance Measure - Create Suitable Living Environments; 6. Performance Outcome - Sustainability for the program and increase service to approximately 25 seniors who are otherwise unable to shop or cook for themselves.
	Target Date	6/30/2020
	Estimate the number and type of families that will benefit from the proposed activities	Approximately 25, new, homebound people will receive home delivered meals.
	Location Description	Meals on Wheels of the Salinas Valley's main office is located at 40 Clark Street Suite C, Salinas, CA 93901. Meals are delivered to specific homes within the Salinas Valley by volunteers.
	Planned Activities	Meals on Wheels of the Salinas Valley delivers nutritious meals on a weekly basis to the homes of seniors, 62 and older, who are unable to shop or cook for themselves because of a variety of reasons. These low-income seniors will benefit from our program because many of them do not have access to, or the ability to eat nutritious meals on a consistent basis, which is essential to their overall health. The seniors benefit not only from the consistent, home-delivered meals, but also because of the 'welfare' check we provide during our weekly deliveries. Our volunteers and staff get to know the clients because of their regular contact and are often the first people to notice when something is awry; be it their physical, emotional or psychological condition. The benefit is two-fold, receiving healthy main meals delivered directly to their homes, and friendly and caring contact with an individual. We've had situations where we've called the emergency contact of our clients to express our concerns and observations and we've also reached out to APS when appropriate.

Target Date	12/31/21
Estimate the number and type of families that will benefit from the proposed activities	115 low- and moderate-income households at risk of eviction due to COVID-19 related economic losses, e.g. lost wages due to layoff and/or reduction in hours worked.
Location Description	Various locations throughout the Urban County.
Planned Activities	Emergency rental assistance payments for up to six consecutive months for income qualified households. Monthly rental assistance is not expected to exceed \$1,500 or \$9,000 per household.

AP-50 Geographic Distribution – 91.220(f)

Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed

The Urban County is composed of the cities of Del Rey Oaks, Gonzales, Greenfield and Sand City, and the unincorporated areas of Monterey County. The Urban County has not established specific target areas where CDBG funds will be focused. Monterey County covers over 3,000 square miles and outside of the cities there are very few areas of low-income and minority concentration. The census block groups that do have concentrations of low-income and minority populations are either densely concentrated in the communities of Castroville and Pajaro or so widely disbursed that it is not possible to focus on those areas.

Del Rey Oaks has a low/moderate income population is 17.31%.

Gonzales consists of three Census Block Groups with an average low/moderate income population of 66.23%.

Greenfield consists of eight Census Block Groups with an average low/moderate income population of 56.52%. Girls, Inc. and Meals on Wheels of the Salinas Valley have expanded their service areas to increase their level of service in Greenfield.

Sand City has one Census Block Group with an average low/moderate income population of 58.06%

The unincorporated areas of the Urban County have 65 Census Block Groups of which 13 have low/moderate income populations of greater than 50%.

The Urban County has targeted projects and services to address the needs of people and households living primarily in these 25 Census Block Groups.

Affordable Housing

AP-55 Affordable Housing – 91.220(g)

Introduction

With a limited CDBG allocation, the Urban County does not anticipate expending a significant portion of its CDBG funds on providing affordable housing. Other funding sources, such as State HOME funds, inclusionary housing in-lieu fees, and Housing Successor Agency funds will be the primary sources of funding to address affordable housing needs in the Urban County.

Discussion

The Urban County is planning to support GRID Alternatives efforts to bring solar energy systems to low-moderate income households who own their homes.

The Urban County is investing in EAH Housing which will use CDBG funds to construct off-site sidewalk and street improvements required as part of their 200-unit Greenfield Commons affordable housing development. Construction is anticipated to begin in mid-2020.

The Urban County is also investing in the Veterans Transition Center to fund a master plan for the VTC's remaining property on Hayes Circle on the former Fort Ord. VTC is currently contemplating construction of tiny homes on the property but the number of units that can be accommodated and the services that need to be provided will be determined through the master planning process.

AP-60 Public Housing – 91.220(h)

Introduction

The Housing Authority of the County of Monterey (HACM) is the local Public Housing Authority. The HACM has established the Monterey County Housing Development Consulting Corporation (HDC2) to manage former public housing developments. There are 22 properties with 1,091 units under HDC2 management. Approximately one-quarter of the units are restricted to farmworker families. Another quarter of the units are restricted to seniors or persons with disabilities.

- HDC2 has three properties in the unincorporated areas of the Urban County. Two of the properties are restricted to occupancy by farmworker families and the third is restricted to seniors or persons with disabilities.
- HDC2 has two public housing developments in Gonzales. One of the properties is restricted to seniors or persons with disabilities.
- HDC2 has one public housing development in Greenfield.
- There are currently no public housing developments located in Sand City.

Actions planned during the next year to address the needs to public housing

HACM is in the process of privatizing all public housing and placing them under the control of HDC2. During the coming year, HDC2 will continue to modernize and rehabilitate or tear down and rebuild former public housing units through the HUD RAD program.

Actions to encourage public housing residents to become more involved in management and participate in homeownership

The HACM requires or promotes a range of activities to increase resident involvement in the public housing program. These include:

- Requiring each adult household member to participate in eight hours of community services;
- Encouraging the installation of neighborhood watch programs;
- Conducting tenant meetings to receive input from residents; and
- Conducting specific meetings before the HACM board regarding tenant involvement.

If the PHA is designated as troubled, describe the manner in which financial assistance will be provided or other assistance

The HACM is not designated as "troubled."

Discussion

The Urban County is providing funding to the HDC2 to begin a more robust resident services program at Los Ositos. Los Ositos is a former public housing development located in Greenfield, CA and open to seniors and the disabled. The HDC2 conducted a survey of residents to determine what kinds of programs they would like to see and that would improve the quality of life for the residents.

AP-65 Homeless and Other Special Needs Activities – 91.220(i)

Introduction

Homeless and homeless prevention services are identified as a high priority need in the FY 2013 - FY 2017 Consolidated Plan. The Urban County anticipates expending approximately 33 percent of its public service cap (up to 15 percent of the CDBG annual allocation and program income) to provide homeless and homeless prevention services through the following:

- Case management of disabled persons to maintain their ability to live independently – Central Coast Center for Independent Living
- Case management for homeless at-risk youth in transitional housing - Rancho Cielo
- Food distribution to residents in the Castroville, Pajaro and Prunedale areas - Food Bank for Monterey County
- Food distribution to residents in Gonzales and nearby unincorporated areas – Meals on Wheels

Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including:

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

The Urban County is providing funding for one program that primarily serve the homeless or those at risk of homelessness. The Rancho Cielo project provides case management to 30 at-risk youth in transitional housing who were homeless because they are attempting to leave gangs or escape gang-controlled neighborhoods. Six of the slots are specifically set-aside for youth from the cities of Gonzales, Greenfield, Sand City or the unincorporated areas of the County.

The Urban County is also providing funding for VTC to prepare a Master Plan for their Hayes Circle property. The Master Plan will evaluate the type of housing needed to serve homeless veterans and their families and help VTC develop funding strategies to develop new units.

Addressing the emergency shelter and transitional housing needs of homeless persons

Rancho Cielo is a transitional housing and educational program that is designed to help individuals at risk of homelessness as they attempt to escape neighborhoods that do not provide positive opportunities. Rancho Cielo has five units of transitional housing that can accommodate up to 30 people at a time. Six of the beds are allocated for persons from the Urban County.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

In addition to the above, the Urban County will continue to rely on a vast network of public and nonprofit agencies in the Continuum of Care (CoC) system to provide a range of housing options and services. The CoC system strives to provide and expand housing opportunities for the homeless and formerly homeless, through emergency shelters, transitional housing, supportive housing, and permanent housing. Outreach, assessment, and case management services are also offered through this

network to assist the homeless in transitioning to permanent housing.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs.

Regarding individuals being discharged from publicly funded institutions and systems of care, the Rancho Cielo program works with youth who have been in foster care or other youth facilities or corrections programs and institutions to help them from becoming homeless. Outside of the Urban County programs, the Veterans Transition Center, which is funded through the COC and the Urban County, can also provide services to those who are being discharged from health care facilities, mental health facilities, and corrections programs and institutions.

Regarding helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs, a variety of resources are available. The Food Bank project in North County delivers to Senior Centers and/or food pantries on a weekly basis in Castroville, Pajaro and Prunedale. This will assist the low-income population by reducing their food expense which allows them to use more income for housing, medical, and other monthly expenses. Meals on Wheels delivers meals to homebound individuals daily in Gonzales and nearby unincorporated areas. This also assists the low-income population by reducing their food expense which allows them to use more income for housing, medical, and other monthly expenses. Additionally, agencies such as Catholic Charities and the Housing Resource Center provide rental and utility payment services on a crisis basis to prevent homelessness.

Discussion

Regarding the frail and elderly, the Food Bank and Meals on Wheels programs proposed to be funded under the services component of the Urban County Annual Action Plan, will provide nutritional supportive services to those who are not homeless. Activities for non-homeless persons with mental, physical, developmental, alcohol and drug addictions, or HIV/AIDS and their families are addressed outside of the Urban County by a variety of non-profit agencies and through the Monterey County Social Services Department. The housing and supportive services needs of Public Housing residents are addressed in part by the Housing Authority as well as by other non-profits and public agencies.

AP-75 Barriers to affordable housing – 91.220(j)

Introduction:

Market and governmental factors pose constraints to the provision of adequate and affordable housing. These factors tend to disproportionately impact low- and moderate-income households due to their limited resources for absorbing the costs. Individually, local jurisdictions have little influence over the market factors (such as the cost of labor and construction materials, cost of land, or availability of financing), or statewide and national policies (such as prevailing wage requirements, environmental protection, and California Coastal Act). Other local factors that could potentially impede affordable housing development include:

- Residential Land Use Policies
- Development Regulations
- Development Review Process

The Urban County strives to mitigate local barriers to affordable housing by offering incentives to encourage affordable housing development.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

The Urban County uses the following tools to mitigate the cost of housing development.

- Density Bonus: State density bonus law provides density increases, along with other regulatory concessions and incentives in exchange for affordable housing.
- Second Units: Jurisdictions are required to permit second units through a ministerial process in single-family zones.
- Streamline Processing: All local jurisdictions are required to adhere to the Streamline Processing Act to reduce the time associated with project review and approval.
- CEQA Exemption: Affordable housing and infill housing projects are exempt under the California Environmental Quality Act (CEQA).

In October 2017, the State of California enacted 14 new laws directed at creating new and preserving existing affordable housing. The Urban County has begun analyzing how these laws can be used to contribute to the supply of affordable housing in Monterey County. Monterey County is also reanalyzing its current Inclusionary Housing Ordinance and preparing to redraft it to make it a more impactful affordable housing program.

Discussion:

See discussion above.

AP-85 Other Actions – 91.220(k)

Introduction:

This section discusses the Urban County's efforts in addressing underserved needs, developing the institutional structure for delivering housing and community development activities, and expanding and preserving affordable housing opportunities.

Actions planned to address obstacles to meeting underserved needs

Based on the results of the community outreach process, the Urban County's most underserved groups are the homeless and youth. Generally, the lack of funding is the most critical obstacle to meeting the needs of these groups. The Urban County is helping to bridge the gap by allocating CDBG funds to homeless, homeless prevention, and youth programs.

As CDBG funds are limited, the Urban County will continue to rely on the existing network of public and nonprofit agencies to deliver most housing and supportive services for the homeless and youth in the community.

Actions planned to foster and maintain affordable housing

The Urban County will continue to foster and maintain affordable housing through the following:

- **Density Bonus:** State density bonus law provides density increases, along with other regulatory concessions and incentives in exchange for affordable housing.
- **Second Units:** Jurisdictions are required to permit second units through a ministerial process in single-family zones.
- **Streamline Processing:** All local jurisdictions are required to adhere to the Streamline Processing Act to reduce the time associated with project review and approval.
- **CEQA Exemption:** Affordable housing and infill housing projects are exempt under the California Environmental Quality Act (CEQA).

In addition, the Urban County will continue to pursue funding at both the State and Federal levels to support new construction, rehabilitation, and acquisition/rehabilitation of affordable housing.

Actions planned to reduce lead-based paint hazards

Lead poisoning is addressed by the Monterey County Health Department Childhood Lead Poisoning Prevention Program (CLPPP). CLPPP provides services to the community to:

- Increase awareness of the hazards of lead exposure;
- Reduce lead exposure; and
- Increase the number of children assessed and appropriately blood tested for lead poisoning.

A public health nurse provides home visitation and case management, and a registered environmental health specialist provides environmental home inspections to families of children found to be severely lead-poisoned. Local code enforcement staff will continue to provide information on lead-based paint hazards and resources for abatement.

Actions planned to reduce the number of poverty-level families

The Urban County seeks to reduce the number of people living in poverty (extremely low-income households earning less than 30 percent of the AMI) by providing several programs, including housing assistance, supportive services, economic development assistance, and job training opportunities. This anti-poverty strategy utilizes existing County job training and social service programs to increase employment marketability, household income, and housing options. These programs are detailed in the

FY 2013-2017 Consolidated Plan and its update.

Actions planned to develop institutional structure

The Urban County will continue to coordinate with public and private housing and services agencies to deliver housing and community development activities in the Urban County area. Various agencies will continue to be invited to attend public meetings related to the CDBG program. The Urban County will continue to maintain and expand the outreach list for the CDBG program.

Actions planned to enhance coordination between public and private housing and social service agencies

The Urban County will continue to work with HUD and the various public and private housing and social service agencies to use CDBG funding to support projects. This will have to be done on a case-by-case basis so that the Urban County can properly establish a nexus between the Urban County and support for housing and social services in other entitlement jurisdictions.

Discussion:

See discussions above.

Program Specific Requirements

AP-90 Program Specific Requirements – 91.220(l)(1,2,4)

Introduction:

The following provides additional information about the CDBG program requirements. The Urban County does receive program income from residual loan repayments that were originally funded with State CDBG funds. Pursuant to 24 CFR 570.489(c)(iii), the County and City of Del Rey Oaks have certified to the California Department of Housing and Community Development that program income from these sources is now receipted into IDIS and no longer reported to HCD

The Urban County does not anticipate expending funding on Urgent Need activities, as defined by HUD as activities that:

- Pose a serious and immediate threat to the health or welfare of the community;
- Are of recent origin or recently became urgent;
- The state grant recipient is unable to finance the activity on its own; and
- Other sources of funding are not available to carry out.

A condition will generally be of recent origin if it is developed or became critical within the last 18 months.

Community Development Block Grant Program (CDBG)

Reference 24 CFR 91.220(l)(1)

Projects planned with all CDBG funds expected to be available during the year are identified in the Projects Table. The following identifies program income that is available for use that is included in projects to be carried out.

1. The total amount of program income that will have been received before the start of the next program year and that has not yet been reprogrammed	0
2. The amount of proceeds from section 108 loan guarantees that will be used during the year to address the priority needs and specific objectives identified in the grantee's strategic plan.	0
3. The amount of surplus funds from urban renewal settlements	0
4. The amount of any grant funds returned to the line of credit for which the planned use has not been included in a prior statement or plan	0
5. The amount of income from float-funded activities	0
Total Program Income:	0

Other CDBG Requirements

1. The amount of urgent need activities	0
2. The estimated percentage of CDBG funds that will be used for activities that benefit persons of low and moderate income. Overall Benefit - A consecutive period of one, two or three years may be used to determine that a minimum overall benefit of 70% of CDBG funds is used to benefit persons of low and moderate income. Specify the years covered that include this Annual Action Plan.	81.24%

The period which will be used to calculate the overall benefit to persons of low to moderate income for activities using CDBG funds will be three years, of which this Plan, covering July 1, 2019 to June 30, 2020, is the first year. During FY19/20 the Urban County anticipates using 20% of the available CDBG funds for administrative expenses.

The Urban County anticipates receiving \$1,572,792 in CDBG funds (including Program Income) for FY 19/20. The Urban County plans to allocate the available funds as follows:

- 69% for community development and housing activities
- 13% percent of the funds for public services
- 18% of CDBG funds will be used for planning and general administration of the CDBG grant.

All community development, housing and public service activities are expected to primarily benefit low and moderate income persons because they live in a "LMA" Low and Moderate Income Area, they meet the "LMC" Low and Moderate Income Clientele eligibility criteria, or they are LMH based on their household income.
