Background

The Friends and County have had a long and productive partnership, resulting in many facets of community benefit.

The County has provided physical space inside the Big Sur Branch Library (Highway 1 at Ripplewood Resort, Big Sur, CA) to the Friends for activities including public programs held inside the facility, public programs held outside the facility, sales of used books and other fundraising items, meetings of the Board, Committees, and working groups of the Friends.

The Friends have provided support for these activities through scheduling use of the building and coordinating events with County staff, sharing information about needs, goals, and plans for Friends activities, complying with facility safety and access policies, protocols and procedures; and engaging in ongoing communication with County.

The Friends have supported the operations of the Big Sur Branch through fundraising and donations toward library programs, materials, and services; and ongoing fundraising and community support for County technology and physical amenities.

MCFL has provided support for these activities through providing access to areas of the facility (with keys or being in attendance at meetings and events); through the promotion of Friends activities; through coordination for outside events with County's landlord (Ripplewood Resort); through staff collection of cash for ongoing book sale items; through provision of increased

custodial service to accommodate events and book sales; and through coordination of facilities service, maintenance, enhancement and repair.

This partnership is beneficial to both organizations, and to the entire Big Sur community, which benefits from the enhanced collections, materials, programs, and activities at the Big Sur Branch Library.
