Version: 1

Matter Type: General Agenda Item

- a. Adopt a resolution authorizing County Administrative staff to partner with Pacific Gas and Electric to conduct research and analysis regarding strategies for community energy efficiency and electrification projects; and
- b. Authorize the County Administrative Officer, or designee, to execute Pacific Gas and Electric's Non-Disclosure Agreement that will provide staff with confidential energy infrastructure data; and,
- c. Authorize the County Administrative Officer, or designee, to execute any documents necessary to implement this partnership.

RECOMMENDATION:

It is recommended that the Board of Supervisors:

- a. Adopt a resolution authorizing County Administrative staff to partner with Pacific Gas and Electric to conduct research and analysis regarding strategies for community energy efficiency and electrification projects; and
- b. Authorize the County Administrative Officer, or designee, to execute Pacific Gas and Electric's Non-Disclosure Agreement that will provide staff with confidential energy infrastructure data; and,
- c. Authorize the County Administrative Officer, or designee, to execute any documents necessary to implement this partnership.

SUMMARY:

Staff recommend that the Board authorize signing the attached Non-Disclosure Agreement with Pacific Gas and Electric (PG&E) to increase the data accessible to staff for strategic planning for greenhouse gas reductions in the built environment through energy efficiency and electrification programming. A non-disclosure agreement is necessary to partner with PG&E to provide this information, which includes detailed maps of energy infrastructure and energy consumption data in PG&E's service area.

DISCUSSION:

Staff recommend that the Board authorize signing the attached Non-Disclosure Agreement with Pacific Gas and Electric (PG&E) to increase the data accessible to staff for strategic planning for greenhouse gas reductions in the built environment through energy efficiency and electrification programming. A non-disclosure agreement is necessary to partner with PG&E to provide this information, which includes detailed maps of energy infrastructure and energy consumption data in PG&E's service area.

This data will enhance the analytical options available to staff in the effort to prepare the upcoming Community Climate and Adaption Plan. By providing a greater level of detail in data, staff aim to evaluate building decarbonization strategies that better fit the needs and physical infrastructure of the County.
