The goal is to provide design consultation, drawings, exhibits, and participation in meetings with stakeholders, other consultants, and public entities as necessary to develop a small area plan that will guide the successful development and redevelopment of the planning area. The suggested area is Del Monte Blvd between Highway 1 and Reservation Road; Reservation Road from Beach Road to De Forest Road; Reindollar Avenue between Del Monte Blvd and Sunset Avenue. Additionally, will look at connecting this planning area to the existing Dunes Development area. The design team shall consist of Dover, Kohl & Partners ("DKP"), town planning and Dena Belzer of Strategic Economics, economic & market analysis.

### Tasks

#### Phase 1: Pre-Workshop

##### 1.01 Project Kick-off Conference Call

At the start of the project, the Senior Project Director from DKP will schedule a conference call with Client staff to review base information needs, design the workshop format, identify stakeholders, and finalize the schedule for the project.

##### 1.02 Review of Relevant Information

DKP will assemble and review relevant information, provided by the client, in order to familiarize themselves with the characteristics of the planning area. A study of existing land development regulations, development ordinances, previous studies and plans, current and historical maps, and demographic information will prepare the team for the project ahead.

##### 1.03 Generate Base Map

The team will work closely with Client staff to acquire the necessary information to produce a base maps for the workshop. The appropriate data will include color aerial photographs at a suitable scale as well as ArcGIS base data for the planning area.

1.04 Design the Workshop Format

DKP will work with the Client to structure the format of the workshop. Emphasis will be placed on the development and revitalization of the planning area. The format will incorporate the findings of the Client input, previous planning efforts, previous community meetings, community events, and interviews.

Phase 2: The Workshop

On a mutually agreeable date, DKP will travel to Monterey County for a three (3) day workshop. DKP will provide a staff of three Planners, which will include a Senior Project Director, an Illustrator, and an Urban Designer, as well as Dena Belzer, Principal of Strategic Economics to facilitate the workshop. The workshop will feature the following events:

Working on-site or at a nearby temporary design studio secured by the Client, the team will concentrate on the design of the study area. Members of the Client staff, elected officials, and invited stakeholders will be encouraged to stop in to provide input and check on the project's status.

2.02 Technical Meetings and Stakeholder Interviews

While working on-site, the team will schedule various technical meetings and stakeholder interviews with Client staff and other key stakeholders as appropriate for the project. These meetings will assist in the team's continued understanding of the physical, market, and organizational forces that are shaping or missing from the planning area. The Client shall be responsible for scheduling the meetings and informing key stakeholders.

2.03 Illustrative Plan and Visualizations

DKP will create an Illustrative Plan for the planning area that illustrates the desired potential build-out of the planning area. The Illustrative Plan will include building placement, parking locations, street and block network, and civic amenities to illustrate a potential future build out of the area. Visualizations of what the area may look like will be created to provide a greater feel for what the area may grow to be in the future. Renderings will include "before and after" illustrations that show possible scenarios for development in the planning area.

2.04 "Work in Progress" Presentation

At the end of the workshop, the team will present the work generated in the design studio at a “Work in Progress” Presentation to staff and officials. Sketches and visualizations will be presented illustrating the hypothetical build-out for the planning area. These initial plans will serve as examples of how the area can change and grow.

## **SCHEDULE**

The three day Workshop shall be scheduled in a timely manner on a mutually agreeable date. Tentative dates may be February 11-13, 2016, subject to change. Work products completed after the Workshop require 4 to 6 weeks for completion.

Contractor will be fully responsible and liable for the administration, completion, presentation, and quality of all work performed. City reserves its right to employ other contractors in connection with this Project.

(b) If the work hereunder is performed by a design professional, design professional shall be directly involved with performing the work or shall work through his, her or its employees. The design professional's responsibilities under this Agreement shall not be delegated. The design professional shall be responsible to the City for acts, errors or omissions of his, her or its subcontractors. Negligence of subcontractors or agents retained by the design professional is conclusively deemed to be the negligence of the design professional if not adequately corrected by the design professional. Use of the term subcontractor in any other provision of this Agreement shall not be construed to imply authorization for a design professional to use subcontractors for performance of any professional service under this Agreement.

(c) The City is an intended beneficiary of any work performed by a subcontractor for purposes of establishing a duty of care between the subcontractor and the City.

**7. Skill of Employees.** Contractor shall ensure that any employees or agents providing services under this Agreement possess the requisite skill, training and experience to properly perform such services.

**8. Confidential and Proprietary Information.** In the course of performing services under this Agreement Contractor may obtain, receive, and review confidential or proprietary documents, information or materials that are and shall remain the exclusive property of the City. Contractor shall be permitted to maintain copies of all such data for its files. City acknowledges that its use of the work product is limited to the purposes contemplated by the Scope of Work and, should City use these products or data in connection with additions to the work required under this Agreement or for new work

without consultation with and without additional compensation to Contractor, Contractor makes no representation as to the suitability of the work product for use in or application to circumstances not contemplated by the Scope of Work and shall have no liability or responsibility whatsoever in connection with such use which shall be at the City's sole risk. Any and all liability arising out of changes made by the City to Contractor's deliverables is waived against Contractor unless City has given Contractor prior written notice of the changes and has received Contractor's written consent to such changes.

**10. Conflict of Interest.**

(a) Contractor covenants that neither it, nor any officer or principal of its firm has or shall acquire any interest, directly or indirectly, which would conflict in any manner with the interests of the City or which would in any way hinder Contractor's performance of services under this Agreement. Contractor further covenants that in the performance of this Agreement, no person having any such interest shall be employed by it as an officer, employee, agent or subcontractor without the express written consent of the City Manager. Contractor agrees to at all times avoid conflicts of interest or the appearance of any conflicts of interest with the interests of the City in the performance of this Agreement. Contractor shall represent the interest of the City in any discussion or negotiation with property owners, tenants, prospective tenants, developers, project "stakeholders," real estate professionals, state or county officials, and as such, may not accept compensation, commission or payment of any type from any such party or such party's agent.

(b) City understands and acknowledges that Contractor may be, as of the date of commencement of services under this Agreement, independently involved in the performance of non-related services for other governmental agencies and private parties. Contractor is unaware of any stated position of the City relative to such projects. Any future position of the City on such projects may result in a conflict of interest for purposes of this section.

(c) No official or employee of the City who is authorized in such capacity on behalf of the City to negotiate, make, accept, or approve, or take part in negotiating, making accepting or approving this contract, shall become directly or indirectly interested in this contract or in any part thereof. No officer or employee of the City who is authorized in such capacity and on behalf of the City to exercise any executive, supervisory, or similar function in connection with the performance of this contract shall become directly or indirectly interested personally in this contract or any part thereof.

**11. Disclosure.** Contractor may be subject to the appropriate disclosure requirements of the California Fair Political Practices Act, as determined by the City Manager.

**12. Non-Discrimination.**

(a) During the performance of this Agreement the Contractor shall comply with the applicable nondiscrimination and affirmative action provisions of the laws of the United States of America, the State of California and the City. In performing this Agreement, Contractor shall not discriminate, harass, or allow harassment, against any employee or applicant for employment because of sex, race, color, ancestry, religious creed, national origin, physical disability (including HIV and AIDS), medical condition

(including cancer), age, marital status, denial of family and medical care leave and denial of pregnancy disability leave. Contractor shall give written notice of its obligations under this clause to labor organizations with which it has a collective bargaining or other agreement.

(b) Contractor shall include the nondiscrimination and compliance provisions of this Section in all subcontracts.

**13. Indemnification.**

(a) Other than in the performance of professional services by a design professional, which shall be solely as addressed by subsection (b) below, and to the full extent permitted by law, Contractor shall (1) immediately defend (with independent counsel reasonably acceptable to the City) and (2) indemnify the City, its Council, boards, commissions, employees, officials and agents ("Indemnified Parties" or in the singular "Indemnified Party") from and against all liabilities regardless of nature or type arising out of or resulting from Contractor's performance of services under this contract, or any negligent or wrongful act or omission of the Contractor or Contractor's officers, employees, agents or subcontractors. Liabilities subject to the duties to defend and indemnify include, without limitation, all claims, losses, damages, penalties, fines and judgments, associated investigation and administrative expenses; defense costs including but not limited to reasonable attorney's fees; court costs; expert witness fees; and costs of alternate dispute resolution ("Liabilities"). The Contractor's obligation to indemnify applies unless it is adjudicated that its liability was caused by the sole active negligence or sole willful misconduct of an indemnified party. If it is finally adjudicated that liability is caused by the comparative active negligence or willful misconduct of an Indemnified Party, the Contractor's indemnification obligation shall be reduced in proportion to the established comparative liability of the Indemnified Party.

(b) To the fullest extent permitted by law (including without limitation California Civil Code Sections 2782.8), when the services to be provided under this Agreement by Contractor are design professional services to be performed by a design professional, as that term is defined under said section 2782.8, the design professional shall (1) immediately defend (with independent counsel reasonably acceptable to the City) and (2) indemnify the City and any Indemnified Party for all Liabilities regardless of nature or type that arise out of, pertain to, or relate to the negligence, recklessness, or willful misconduct of design professional, or the acts or omissions of an officer, employee, agent or subcontractor of the design professional. The design professional's obligation to indemnify applies unless it is finally adjudicated that the liability was caused by the sole active negligence or sole willful misconduct of an Indemnified Party. If it is finally adjudicated that liability is caused by the comparative active negligence or willful misconduct of an Indemnified Party, then design professional's indemnification obligation shall be reduced in proportion to the established comparative liability of the Indemnified Party.

(c) All obligations under this section are to be paid by Contractor as incurred by City. The provisions of this Section are not limited by the provisions of sections relating to insurance including provisions of any worker's compensation act or similar act. Contractor expressly waives its statutory immunity under such statutes or laws as to City, its employees and officials. An allegation or determination of comparative active negligence or willful misconduct by an Indemnified Party does not relieve the Contractor

from its separate and distinct obligation to defend the City. Contractor agrees to obtain executed indemnity agreements with provisions identical to those set forth here in this section from each and every subcontractor, sub tier contractor or any other person or entity involved by, for, with or on behalf of Contractor in the performance or subject matter of this Agreement. In the event Contractor fails to obtain such indemnity obligations from others as required here, Contractor agrees to be fully responsible according to the terms of this section. Failure of City to monitor compliance with these requirements imposes no additional obligations on City and will in no way act as a waiver of any rights hereunder.

(d) If any action or proceeding is brought against any Indemnified Party by reason of any of the matters against which the Contractor has agreed to defend the Indemnified Party, as provided above, Contractor, upon notice from the City, shall immediately defend any Indemnified Party at Contractor's expense by counsel reasonably acceptable to the City. An Indemnified Party need not have first paid for any of the matters to which it is entitled to indemnification in order to be so defended.

(e) The review, acceptance or approval of the Contractor's work or work product by any Indemnified Party shall not affect, relieve or reduce the Contractor's indemnification or defense obligations. This obligation to indemnify and defend City, as set forth herein, is binding on the successors, assigns, or heirs of Contractor and shall survive the completion of the services or the termination of this Agreement or this Section.

#### **14. Insurance.**

(a) As a condition precedent to the effectiveness of this Agreement and without limiting Contractor's indemnification of the City, Contractor agrees to obtain and maintain in full force and effect at its own expense the insurance policies set forth in Exhibit "C" "Insurance" attached hereto and made a part hereof. Contractor shall furnish the City with original certificates of insurance, manually autographed in ink by a person authorized by that insurer to bind coverage on its behalf, along with copies of all required endorsements. All certificates and endorsements must be received and approved by the City before any work commences. All insurance policies shall be subject to approval by the City Attorney and Risk Manager as to form and content. Specifically, such insurance shall: (1) protect City as an additional insured for commercial general and business auto liability; (2) provide City at least thirty days written notice of cancellation, material reduction in coverage or reduction in limits and ten days written notice for non-payment of premium; and (3) be primary with respect to City's insurance program. Contractor's insurance is not expected to respond to claims that may arise from the acts or omissions of the City.

(b) City reserves the right at any time during the term of this Agreement to change the amounts and types of insurance required herein by giving Contractor ninety days advance written notice of such change. If such change should result in substantial additional cost of the Contractor, City agrees to negotiate additional compensation proportional to the increased benefit to City.

(c) All required insurance must be submitted and approved the City Attorney and Risk Manager prior to the inception of any operations by Contractor.

(d) The required coverage and limits are subject to availability on the open market at reasonable cost as determined by the City. Non availability or non affordability must be documented by a letter from Contractor's insurance broker or agency indicating a good faith effort to place the required insurance and showing as a minimum the names of the insurance carriers and the declinations or quotations received from each. Within the foregoing constraints, Contractor's failure to procure or maintain required insurance during the entire term of this Agreement shall constitute a material breach of this Agreement under which City may immediately suspend or terminate this Agreement or, at its discretion, procure or renew such insurance to protect City's interests and pay any and all premium in connection therewith and recover all monies so paid from Contractor.

(e) By signing this Agreement, Contractor hereby certifies that it is aware of the provisions of Section 3700 *et seq.*, of the Labor Code which require every employer to be insured against liability for Workers' Compensation or to undertake self-insurance in accordance with the provision of that Code, and that it will comply with such provisions at all such times as they may apply during the performance of the work pursuant to this Contract. Unless otherwise agreed, a waiver of subrogation in favor of the City is required.

**15. Independent Contractor.** The parties agree that Contractor, its officers, employees and agents, if any, shall be independent contractors with regard to the providing of services under this Agreement, and that Contractor's employees or agents shall not be considered to be employees or agents of the City for any purpose and will not be entitled to any of the benefits City provides for its employees. ## Exhibit C - Insurance

Contractor agrees to provide insurance in accordance with the requirements set forth herein. If Contractor uses existing coverage to comply with these requirements and that coverage does not meet the requirements set forth herein, Contractor agrees to amend, supplement or endorse the existing coverage to do so. Contractor shall furnish the City with original certificates of insurance, manually autographed in ink by a person authorized by that insurer to bind coverage on its behalf. All certificates and endorsements must be received and approved by the City before any work commences. The City reserves its right to require complete, certified copies of all required insurance policies at any time. The following coverage will be provided by Contractor and maintained on behalf of the City and in accordance with the requirements set forth herein.

**Commercial General Liability (primary).** Commercial general liability insurance covering Contractor's operations (and products where applicable) is required whenever the City is at risk of third party claims which may arise out of Contractor's work or presence on City premises. Contractual liability coverage is a required inclusion in this insurance.

General liability insurance coverage shall be at least as broad as ISO form CG 00 01 10 01 and approved in advance by the City Attorney and Risk Manager. Total limits shall be no less than one million dollars (\$1,000,000) combined single limit per occurrence for general liability, bodily injury, personal injury and property damage. If commercial general liability insurance or other form with a general aggregate limit is used, either the general aggregate limit shall apply separately to this Project or the general aggregate limit shall be two million dollars (\$2,000,000). Contractor must give written notice to the City of any pending claim, action or lawsuit which has or may diminish the aggregate. If any such claim or lawsuit exists, Contractor shall be required, prior to commencing work under this Agreement, to restore the impaired aggregate or prove it has replacement insurance protection to the satisfaction of the City Attorney and Risk Manager.

City, its Council, boards and commissions, officers, employees, agents and volunteers shall be added as additional insured, and the policy shall be endorsed with a form equivalent to ISO form CG 20 10 10 93, that contains the provisions required by this contract. Coverage shall apply on a primary, non-contributing basis in relation to any other insurance or self-insurance, primary or excess, available to the City or any agent of City. Coverage is not expected to respond to the claims which may arise from the acts or omissions of the City. Coverage shall not be limited to the vicarious liability or supervisory role of any additional insured. Coverage shall contain no contractors' limitation endorsement. There shall be no endorsement or modification limiting the scope of coverage for liability arising from pollution, explosion, collapse, underground property damage or employment-related practices.

**Umbrella Liability Insurance.** Umbrella liability insurance (over primary) shall apply to bodily injury/property damage, personal injury/advertising injury, at a minimum, and shall include a "drop down" provision providing primary coverage above a maximum \$25,000.00 self-insured retention for liability not covered by primary policies but covered by the umbrella policy. Coverage shall be following form to any underlying coverage.

Coverage shall be provided on a "pay on behalf" basis, with defense costs payable in addition to policy limits. There shall be no cross liability exclusion and no contractor's limitation endorsement. Policies limits shall be not less than one million dollars (\$1,000,000) per occurrence and in the aggregate, above any limits required in the underlying policies shall have starting and ending dates concurrent with the underlying coverage.

**Business Auto.** Automobile liability insurance is required where vehicles are used in performing the work under this Agreement or where vehicles are driven off-road on City premises, it is not required for simple commuting unless City is paying mileage. However,

compliance with California law requiring auto liability insurance is a contractual requirement.

If automobile insurance is required for work under this Agreement coverage shall be at least as broad as ISO form CG 00 01 10 01 including symbol 1 (Any Auto) approved by the City Attorney and Risk Manager. Coverage shall be endorsed to stated that the City, its Council, boards and commissions, officers, employees, agents and volunteers shall be added as additional insured with respect to the ownership, operation, maintenance, use, loading or unloading of any auto owned, leased, hired or borrowed by the Contractor or for which the Contractor is responsible with a form equivalent to ISO form CG 20 10 10 93. Limits shall be no less than one million dollars (\$1,000,000) combined single limit per accident for bodily injury and property damage. Starting and ending dates shall be concurrent. If Contractor owns no autos, a non-owned auto endorsement to the commercial general liability policy described above is acceptable.

**Workers' Compensation/Employers' Liability.** Workers' Compensation and Employer's Liability insurance are not required for single-person contractors. However, under California law these coverages (or a copy of the State's Consent to Self-Insure) must be provided if Contractor has any employees at any time during the period of this Agreement. Policy(s) shall be written on a policy form providing workers' compensation statutory benefits as required by law. Employers' liability limits shall be no less than one million dollars (\$1,000,000) per accident or disease and shall be scheduled under any umbrella policy described above. Unless otherwise agreed, policy(s) shall be endorsed to waive any right of subrogation as respects the City, its Council, boards and commissions, officers, employees, agents and volunteers.

**Property Insurance.** Property insurance, in a form and amount approved by the City Attorney and Risk Manager, is required for Contractors having exclusive use of premises or equipment owned or controlled by the City. City is to be named a Loss Payee "As Its Interest May Appear" in property insurance in which the City has an interest, e.g., as a lien holder. Fire damage legal liability is required for persons occupying a portion of City premises.

**Errors and Omissions/Professional Liability.** Errors and Omissions or professional liability coverage appropriate to Contractor's profession, in a form and amount approved by the City Attorney and Risk Manager, will be specified on a project-by-project basis if Contractor is working as a licensed professional. Contractor shall maintain such insurance for a period of five years following completion of the project. Such insurance shall be in an amount of not less than one million dollars (\$1,000,000) per claim and in annual aggregate. Design professionals shall maintain such insurance in place until the expiration of the warranty period of the Project.

**Contractor and City further agree as follows:**

a) This Exhibit supersedes all other sections and provisions of this Agreement to the extent that any other section or provision conflicts with or impairs the provisions of this Exhibit.

b) Nothing contained in this Exhibit is to be construed as affecting or altering the legal status of the parties to this Agreement. The insurance requirements set forth in this Exhibit are intended to be separate and distinct from any other provision in this Agreement and shall be interpreted as such.

c) All insurance coverage and limits provided pursuant to this Agreement shall apply to the full extent of the policies involved, available or applicable. Nothing contained in this Agreement or any other agreement relating to the City or its operations limits the application of such insurance coverage.

d) Requirements of specific coverage features or limits contained in this Exhibit are not intended as a limitation on coverage, limits or other requirements, or a waiver of any coverage

normally provided by any insurance. Specific reference to a given coverage feature is for purposes of clarification only and is not intended by any party to be all inclusive, or to the exclusion of other coverage, or a waiver of any type.

e) For purposes of insurance coverage only, this Agreement will be deemed to have been executed immediately upon any party hereto taking any steps that can be deemed to be in furtherance of or toward performance of this Agreement.

f) All general or auto liability insurance coverage provided pursuant to this Agreement, or any other agreements pertaining to the performance of this Agreement, shall not prohibit Contractor, Contractor's employees, or agents from waiving the right of subrogation prior to a loss. Contractor hereby waives all rights of subrogation against the City.

g) Contractor's insurance shall be written by an acceptable insurance provided, as determined by the City, which satisfies the following minimum requirements: An insurance carried authorized and admitted to do business in the State of California and maintaining an agent for service of process within the state. Such insurance carrier shall maintain a current "A.M. Best" rating classification of "A-" or better and a financial size of \$10 million to \$24 million (Class V) or better, or a Lloyds of London program provided by syndicates of Lloyds of London and other London insurance carriers, providing all participants are qualified to do business in California and the policy provides for an agent for process in the state. Self-insurance will not be considered to comply with these insurance specifications. Workers Compensation and Employer's Liability shall be provided by an A-V rated carrier or by the California State Compensation Fund. If provided by a carrier other than California State Compensation Fund, Contractor shall provide proof of the carrier's A-V rating to the City.

h) In the event any policy of insurance required under this Agreement does not comply with these requirements or is canceled and not replaced, City has the right but not the duty to obtain the insurance it deems necessary and any premium paid by City will be promptly reimbursed by Contractor.

i) Contractor agrees to provide evidence of the insurance required herein, satisfactory to City Attorney and Risk Manager, consisting of certificate(s) of insurance evidencing all of the coverages required and an additional endorsement to Contractor's general liability and umbrella liability policies. Certificate(s) are to reflect that the insurer will provide at least thirty days written notice of cancellation, material reduction in coverage or reduction in limits and ten days written notice for non-payment of premium. Contractor agrees to require its insurer to modify such certificates to delete any exculpatory wording stating that failure of the insurer to mail written notice of cancellation imposes no obligation, and to delete the word "endeavor" with regard to any notice provisions. Contractor agrees to provide complete copies of policies to City within ten days of City's request for said copies.

j) Contractor shall provide proof that policies of insurance required herein expiring during the term of this Agreement have been renewed or replaced with other policies providing at least the same coverage. Such proof will be furnished at least two weeks prior to the expiration of the coverages.

k) Any actual or alleged failure on the part of the City or any other additional insured under these requirements to obtain proof of insurance required under this Agreement in no way waives any right or remedy of City or any additional insured, in this or any other regard.

l) Contractor agrees to require all subcontractors or other parties hired for this Project to provide workers' compensation insurance as required herein and general liability insurance naming as additional insureds all parties to this Agreement. Contractor agrees to obtain certificates evidencing such coverage and make reasonable efforts to ensure that such

coverage is provided as required here. Contractor agrees to require that no contract used by any subcontractor, or contracts Contractor enters into on behalf of City, will reserve the right to charge back to City the cost of insurance

required by this Agreement. Contractor agrees that upon request, all agreements with subcontractors or others with whom Contractor contracts with on behalf of City will be submitted to City for review. Contractor acknowledges that such contracts or agreements may require modification if the insurance requirements do not reflect the requirements herein. Failure of City to request copies of such agreements will not impose any liability on City, its Council, boards and commissions, officers, employees, agents and volunteers.

m) If Contractor is a Limited Liability Company, general liability coverage must be amended so that the Limited Liability Company and its Managers, Affiliates, employees, agents and other persons necessary or incidental to its operation are insureds.

n) Contractor agrees to provide immediate notice to City of any claim or loss against Contractor that includes City as a defendant. City assumes no obligation or liability by such notice, but has the right (but not the duty) to monitor the handling of any such claim or claims if they are likely to involve the City.

o) Coverage will not be limited to the specific location or individual entity designated as the address of the Project. Contractor agrees to have its coverage endorsed so that all coverage limits required pursuant to this requirement are available separately for each and every location at which Contractor conducts operations of any type on behalf of City. Contractor warrants that these limits will not be reduced or exhausted except for losses attributable to those specific locations and not by losses attributable to any other operations of Contractor.

p) Contractor agrees not to attempt to avoid its defense and indemnity obligations to City, its Council, boards and commissions, officers, employees, agents and volunteers by using as a defense Contractor's statutory immunity under workers' compensation or similar statutes.

r) Contractor agrees to ensure that coverage provided to meet these requirements is applicable separately to each insured and that there will be no cross liability exclusions that preclude coverage for suits between Contractor and City or between City and any other insured or Named Insured under the policy, or between City and any party associated with City or its employees.

s) Contractor shall maintain commercial general liability, and if necessary, commercial umbrella liability insurance, with a limit of not less than one million dollars (\$1,000,000) each occurrence for at least three years following substantial completion of the work.
