**Re: AB 1014 (Rogers) Traffic safety: speed limits – SUPPORT**

Dear Assemblymember Rogers:

On behalf of the County of Monterey, we support AB 1014. Existing law sets default speed limits for highways and the Department of Transportation must adjust these limits to the nearest 5 miles per hour based on the 85th percentile of traffic speed.

Local authorities can lower speed limits if the current limit is deemed too high for safety or specific conditions, such as designating a highway section as a "safety corridor." This bill would allow the Department of Transportation to similarly lower or keep speed limits under specific circumstances and introduces additional criteria for defining "safety corridor." It permits further reductions of 5 miles per hour for safety concerns, such as safe pedestrian crossings. Additionally, the bill allows setting a 25- or 20-mile-per-hour speed limit on non-freeway highways. As for enforcement, the bill mandates that any peace officer, instead of just the local authority, must issue warning citations for the first 30 days of a new lower speed limit.

The bill benefits counties by providing increased flexibility in setting speed limits, enhancing safety measures, and improving enforcement and public awareness. Lower speed limits can reduce accidents and fatalities, especially in areas with pedestrians or cyclists.

For these reasons, we support AB 1014. Should you have any questions, please feel free to contact Monterey County's Public Policy Advisor, Ashley Walker of Nossaman LLP, at 916-442-8888.

Sincerely,

**DRAFT**
