Ms. Marti Noel
Monterey County Resource Management Agency
168 West Alisal Street, 3rd Floor
Salinas, CA 93901

Dear Ms. Noel,

This letter is to confirm that Coastal Conservation & Research, Inc., acting as lead applicant on behalf of the Greater Monterey County Integrated Regional Water Management (IRWM) Region, submitted a grant application for Round 2 Proposition 84 IRWM Implementation Grant funds. One of the proposed projects included in the application is the "San Lucas Water District Public Water Supply Project," submitted by the County of Monterey on behalf of the San Lucas Water District.

Consultants were hired to assist in developing and writing the Round 2 Implementation Grant application, and each of the project proponents that submitted a project in the application agreed to split the consultant costs. Monterey County's share of this cost is \$12,403.05.

If you have any questions, please feel free to call me at (828) 649-9742, or email me at srobinsongs@frontier.com. Thank you.

Sincerely,

Susan Robinson
Coordinator for the Greater Monterey County IRWM Plan
