The proposed amendments to the Monterey County Code to modify regulations for commercial cannabis activities in the unincorporated areas of Monterey County came before the Planning Commission at a duly noticed public hearing on September 12, 2018 and October 10, 2018. Having considered all the written and documentary evidence, the administrative record, the staff report, oral testimony and other evidence presented, the Planning Commission forwards the following recommendation to the Board of Supervisors with reference to the following facts:

I. RECITALS

1. Pursuant to Article XI, section 7 of the California Constitution, the County of Monterey may adopt and enforce ordinances and regulations not in conflict with general laws to protect and promote the public health, safety, and welfare of its citizens.

2. The Controlled Substances Act (21 U.S.C. §§ 801, *et seq.*) prohibits, except for certain research purposes, the possession, distribution, and manufacture of cannabis, and there is no medical necessity exception to prosecution and conviction under the Controlled Substances Act.

3. In recent years, the federal government has taken a hands-off approach with regard to states and local governments that have enacted laws authorizing cannabis related conduct, as long as the states and local governments have established strong and effective regulatory and enforcement systems that address the threats that cannabis activity could pose to public safety, public health, and other law enforcement interests.

4. On November 5, 1996, California voters approved Proposition 215, the Compassionate Use Act of 1996 (Health & Safety Code § 11362.5, “CUA”), an initiative that exempted certain patients and their primary caregivers from criminal liability under state law for the possession and cultivation of cannabis for medical purposes. One of the stated purposes of the CUA is to ensure that seriously ill Californians have the right to obtain and use cannabis for medical purposes where that medical use has been recommended by a physician.

5. On January 1, 2004, Senate Bill 420, the Medical Marijuana Program Act (Health & Safety Code §§ 11362.7-11362.83, “MMP”), became law to clarify the scope of the CUA and to facilitate the prompt identification of qualified patients and their primary caregivers.

6. On October 9, 2015, the State enacted the Medical Marijuana Regulation and Safety Act (former Business & Professions Code §§ 19300, *et seq.*; “MMRSA”). MMRSA created a state licensing program for commercial medical cannabis activities.

7. On July 12, 2016, the Monterey County Board of Supervisors adopted inland zoning regulations establishing criteria for issuing local land use permits pursuant to the MMRSA (Ordinance Number 5270, amending sections of Title 21 and adding Chapter 21.67 to Monterey County Code), and on July 19, 2016 the Monterey County Board adopted regulations establishing criteria for issuing local business permits pursuant to the MMRSA (Ordinance Numbers 5272 and 5273, codified at Monterey County Code Chapters 7.02 and 7.90). These ordinances were to become operative only if the Board of Supervisors submitted a County tax on commercial medical cannabis activities, the voters approved the tax, and the tax was certified by the County pursuant to Section 15372 of the California Elections Code. On November 8, 2016, the voters approved the tax (Measure Y, codified at Monterey County Code Chapter 7.100). On December 13, 2016, the tax was certified pursuant to Section 15372 of the Elections Code, and Ordinance Numbers 5270, 5272, and 5273 became operative.

8. Also on July 12, 2016, the Monterey County Board of Supervisors adopted a resolution of intent to adopt coastal zoning regulations to establish criteria for local land use permits pursuant to MMRSA. These regulations were sent to the California Coastal Commission

for certification, but the County withdrew the regulations because of discussions with Coastal Commission staff.

9. On November 8, 2016, by statewide initiative, the voters enacted the Control, Regulate and Tax Adult of Marijuana Act (“AUMA”). AUMA created a state licensing program for commercial adult-use cannabis activities.

10. On June 27, 2017, the State enacted the Medicinal and Adult-Use of Cannabis Regulatory and Safety Act (Business & Professions Code §§ 26000, *et seq.*; “MAUCRSA”), which combined MMRSA and AUMA into a single State licensing scheme for both medicinal and adult-use cannabis. MAUCRSA allows counties and cities to maintain local regulatory authority over commercial cannabis activities. The state will not issue a state license without first receiving authorization from the applicable local jurisdiction.

11. On December 5, 2017, the Monterey County Board of Supervisors, adopted:

a. An ordinance amending inland zoning regulations to regulate medicinal and adult-use commercial cannabis activities in the inland unincorporated area of Monterey County consistent with state law (Ordinance Number 5292).

b. A resolution of intent to adopt an ordinance amending the Monterey County Coastal Implementation Plan, Part 1 and Part 2 (Title 20, coastal zoning ordinance) of the Monterey County Code to regulate commercial cannabis activities in the coastal zone of unincorporated Monterey County consistent with state law and to amend the text of the North County Land Use Plan to allow permitting of commercial cannabis activities at the former Kaiser National Refractories site notwithstanding the coastal-dependent industrial land use designation at the site (Resolution of Intent 17-501).

c. An ordinance amending Chapter 7.90 to the Monterey County Code to add commercial adult-use cannabis activities to the County’s current commercial medical cannabis permit regulatory structure and to regulate the operation of commercial adult-use cannabis activities in a manner that is consistent with state law (Ordinance Number 5293); and

d. An ordinance amending Section 7.02.060 of the Monterey County Code to add commercial adult-use cannabis activities as a type of business that must obtain a business license within the unincorporated area of Monterey County (Ordinance Number 5294).

12. On February 7, 2018, the California Coastal Commission certified the Monterey County Local Coastal Program Amendments (LCP-3-MCO-18-0004-1) amending the Monterey County Coastal Implementation Plan, Part 1 and Part 2 (Title 20, coastal zoning ordinance) of the Monterey County Code to regulate commercial cannabis activities in the coastal zone of unincorporated Monterey County consistent with state law and to amend the text of the North County Land Use Plan to allow permitting of commercial cannabis activities at the former Kaiser National Refractories site notwithstanding the coastal-dependent industrial land use designation at the site.

13. On March 20, 2018, the Monterey County Board of Supervisors adopted:

a. The California Coastal Commission certified ordinance amending the Monterey County Coastal Implementation Plan, Part 1 and Part 2 (Title 20, coastal zoning ordinance) of the Monterey County Code (Ordinance Number 5299);

b. A resolution amending the text of the North County Land Use Plan to allow permitting of commercial cannabis activities at the former Kaiser National Refractories site notwithstanding the coastal-dependent industrial land use designation at the site (Resolution 18-071);

c. An ordinance amending Title 21 (non-coastal zoning ordinance) of the Monterey County Code to remove the 600-foot setback from public parks, and add a 600-foot setback from playgrounds, child care centers, and youth centers for all types of commercial cannabis activities (Ordinance Number 5300); and

d. Adopted a Resolution of Intent to adopt an ordinance amending the Monterey County Coastal Implementation Plan, Part 1 (Title 20 coastal zoning ordinance) to remove the 600-foot setback from public parks, and add a 600-foot setback from playgrounds, child care centers, and youth centers for all types of commercial cannabis activities (Resolution of Intent Number 18-070).

14. The Resolution of Intent adopted by the Board of Supervisors on March 20, 2018 (Resolution of Intent Number 18-070) codified the intent of the Board to adopt an ordinance amending Title 20 of the Monterey County Code to remove the 600-foot setback from public parks, and add a 600-foot setback from playgrounds, child care centers, and youth centers for all types of commercial cannabis activities. This ordinance has not been certified by the Coastal Commission, or subsequently adopted by the Board of Supervisors. With the aforementioned edits not having been adopted as of the date of this Resolution, the edits included in the ordinance attached to Resolution of Intent Number 18-070 have been carried forward in the draft ordinances attached hereto as Attachments 2 and 4. As such, the recitals and findings in Resolution 18-070 are also incorporated herein by reference.

15. In the process of implementing the previously adopted commercial cannabis regulations, County staff, the Planning Commission, The Board Cannabis Committee, and the full Board of Supervisors identified challenges in processing large volumes of cannabis land use permits and implementation of the 1,500-foot setback required between commercial cannabis retailers (dispensaries). These challenges, include competition for permits, lack of process for consideration of exceptions, limited planning staff to process Use Permits, and alignment with evolving state law. To address these challenges, the Board of Supervisors has directed staff to consider amending the adopted regulations.

16. On September 12, 2018, the Planning Commission held a duly noticed public hearing to consider making a recommendation to the Board of Supervisors on proposed ordinances (**Attachments 1 and 2**) that were intended to address the permitting challenges identified. At the conclusion of the hearing on the matter, the Planning Commission voted to continue the hearing

to October 10, 2018 and provided direction to staff to consider additional revisions to the ordinances that would accomplish the following:

- a. Change the process for commercial cannabis activities from a Use Permit/Coastal Development Permit in each case to an Administrative Permit/Coastal Administrative Permit for projects applications that meet all of the required criteria; and
- b. Require a Use Permit/Coastal Development Permit for any proposal for a commercial cannabis activity that fails to meet the criteria in the regulations, and craft findings required for the consideration of such permits that address information and circumstances that should be evaluated in consideration of these permits.

17. In continuing the hearing from September 12, 2018 to October 10, 2018, the Planning Commission recommended that Board of Supervisors decline to adopt the draft ordinances presented at that hearing because those draft ordinances create an unnecessary process, referred to as a “minor exception,” and the ordinances do not address all potential circumstances that may warrant approval of projects involving exceptions to standards contained in the adopted cannabis regulations, nor do they establish applicable criteria that should be considered in granting an exception.

18. It is the intent of the County of Monterey to have a strong and effective regulatory and enforcement system with regard to cannabis that addresses threats to public safety, health and other law enforcement interests through robust controls and procedures that are effective in practice. The draft ordinances attached as **Attachments 1 and 2** to this resolution would amend the County’s cannabis regulations to simplify the permitting process for commercial cannabis activities, clarify regulations and exceptions for implementation of the 1,500-foot setback between cannabis retailers, and maintain robust controls and procedures that address threats to public safety, health and other law enforcement interests.

19. In forwarding this recommendation to the Board of Supervisors on the attached ordinances (**Attachments 1 and 2**), the Planning Commission has balanced public opinion, prudent planning, zoning, and land use principals, and potential public health, safety, and welfare impacts. The Planning Commission will continue to balance these factors in any land use entitlements or decisions within their purview.

20. Chapters 7.02, 7.90, 20.67, and 21.67 of the Monterey County Code are intended to establish criteria for issuing local permits pursuant to the MAUCRSA and to establish an effective regulatory and enforcement system.

21. For the proposed amendments to the Coastal Implementation Plan, pursuant to the Coastal Act, the County may amend the certified Local Coastal Program, provided the County follows certain procedures. The procedures include: the County’s Planning Commission hold a noticed public hearing and make a recommendation to the Board of Supervisors; the Board of Supervisors hold a noticed public hearing, adopt a resolution of intent, and submit the proposed amendment to the California Coastal Commission for certification together with materials sufficient for a thorough and complete review; the Board of Supervisors take subsequent final action on the ordinance after the Coastal Commission acts; and the Coastal Commission confirm the County’s action. Accordingly, the ordinance amending Part 1 of the Coastal Implementation

Plan will not go into effect until after certification by the Coastal Commission and subsequent formal adoption by the Board of Supervisors at a duly noticed public hearing, and it will not become operative until the Coastal Commission's certification is final and effective.

22. The County intends to carry out the ordinance amending the Coastal Implementation Plan in a manner fully in conformity with the California Coastal Act.

23. State law provides a statutory exemption from the California Environmental Quality Act (CEQA) for consideration and adoption of local commercial cannabis regulations that require subsequent discretionary permits which are themselves subject to CEQA review [Business and Professions Code section 26055(h)]. The County's draft ordinances require an Administrative Permit or Coastal Administrative Permit, for all commercial cannabis activities in the County. Administrative Permits and Coastal Administrative Permits are individually subject to CEQA review. Therefore, the County's updated regulations are statutorily exempt from CEQA review pursuant to Business and Professions Code section 26055(h).

24. State law requires the Planning Commission to hold a noticed public hearing on proposed amendments to zoning ordinances and to make a written recommendation to the Board of Supervisors.

25. On September 12, 2018, the Planning Commission held a duly noticed public hearing to consider making a recommendation to the Board of Supervisors. At least 10 days before the hearing date, notices of the hearing before the Planning Commission were published in The Monterey County Herald and The Salinas Californian. At the conclusion of the hearing on the matter, the Planning Commission continued the public hearing to October 10, 2018.

II. DECISION

NOW, THEREFORE, BE IT RESOLVED that the Planning Commission hereby recommends that the Board of Supervisors:

- a) Find the project is the adoption of commercial cannabis regulations that require subsequent discretionary permits that are themselves subject to CEQA review, and therefore is statutorily exempt from CEQA pursuant to Business and Professions Code section 26055(h).
- b) Adopt an ordinance to amend Title 21 (non-coastal zoning ordinance) of the Monterey County Code to change commercial cannabis activities from a conditional use allowed subject to a Use Permit in each case within specified zoning districts, to a principal use allowed subject to an Administrative Permit in each case within the same specified zoning districts; to require a Use Permit for a commercial cannabis retail facility ("dispensaries") that is located within the 1,500 feet of another approved retail facility; and to establish findings required in order to grant a Use Permit for a retail facility within 1,500 feet of another retail facility (**Attachment 1**); and
- c) Adopt a resolution of intent to adopt an ordinance amending the Monterey County Coastal Implementation Plan, Part 1 (Title 20, coastal zoning) of the Monterey County Code to change commercial cannabis activities from a conditional use allowed subject to a Coastal Development Permit in each case within specified zoning districts, to a principal use allowed subject to a Coastal Administrative Permit in each case within the same specified zoning

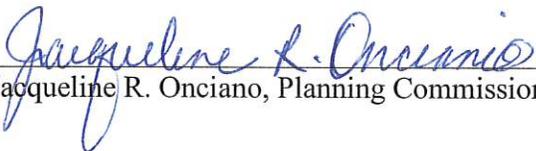

districts; to require a Coastal Development Permit for a retail facility that is within 1500-feet of another approved retail facility ; and to establish findings required in order to grant a Coastal Development Permit for a retail facility within 1,500 feet of another retail facility (**Attachment 2**).

ORDINANCE NO. _____

**AN ORDINANCE OF THE COUNTY OF MONTEREY, STATE OF CALIFORNIA,
AMENDING TITLE 21 (NON-COASTAL ZONING) OF THE MONTEREY COUNTY
CODE RELATING TO COMMERCIAL CANNABIS ACTIVITIES**

County Counsel Summary

This ordinance amends Title 21 (non-coastal zoning) of the Monterey County Code related to regulation of commercial cannabis activities in the inland unincorporated area of Monterey County. This ordinance changes commercial cannabis activities from a conditional use allowed subject to a use permit in each case within specified zoning districts, to a principal use allowed subject to an administrative permit in each case within the same specified zoning districts. This ordinance also provides that the 1500-foot setback required between commercial cannabis retailers may be reduced if findings are made to support a Use Permit. New findings have been added for granting a Use Permit to reduce the required setback between dispensaries including finding that special circumstances are applicable to the project, the project will not result in disproportionate impacts to low income communities or communities with a high percentage of youth population, and the project would not result in adverse impacts because of excessive concentrations of retailers. The Planning Commission is designated as the appropriate Authority to consider such permits.

ORDINANCE NO. _____

**AN ORDINANCE OF THE COUNTY OF MONTEREY, STATE OF CALIFORNIA,
AMENDING TITLE 20 (COASTAL ZONING) OF THE MONTEREY COUNTY CODE
RELATING TO COMMERCIAL CANNABIS ACTIVITIES**

County Counsel Summary

This ordinance amends Title 20 (coastal zoning) of the Monterey County Code related to regulation of commercial cannabis activities in the coastal unincorporated area of Monterey County. This ordinance changes commercial cannabis activities from a conditional use allowed subject to a Coastal Development Permit in each case within specified zoning districts, to a principal use allowed subject to a Coastal Administrative Permit in each case within the same specified zoning districts. This ordinance also provides that the 1500-foot setback required between commercial cannabis retailers may be reduced if findings are made to support a Coastal Development Permit. New findings have been added for granting a Coastal Development Permit to reduce the required setback between dispensaries including finding that special circumstances are applicable to the project, the project will not result in disproportionate impacts to low income communities or communities with a high percentage of youth population, and the project would not result in adverse impacts because of excessive concentrations of retailers. The Planning Commission is designated as the appropriate Authority to consider such permits.

C. Upon receipt of a timely written request for a hearing, the Director of the Resource Management Agency or the Chief of Planning, or his or her designee shall set a date for a hearing to be held within 60 days of receipt of the request, unless an immediate threat to the public health, safety and welfare necessitates an earlier hearing date. D. Hearing by the Hearing Officer:

F. If neither owner nor any permittee nor their authorized representatives appear at the noticed hearing, such failure to appear shall constitute an abandonment of the hearing request and a failure to exhaust administrative remedies.

If any section, subsection, sentence, clause or phrase of this ordinance is for any reason held to be invalid, such decision shall not affect the validity of the remaining portions of this ordinance. The Board of Supervisors hereby declares that it would have passed this ordinance and each section, subsection, sentence, clause and phrase thereof, irrespective of the fact that any one or more sections, subsections, sentences, clauses, or phrases be declared invalid.
