funded by distinct benefit assessments, fees, and other revenue sources. Therefore, M1W will establish a separate fund for each WRA Program. Each WRA Program's financials, including budgets, expenses, and revenues, shall be maintained separately, and monies cannot be transferred between the individual funds established for each WRA Program, without written authorization to do so from WRA. If WRA initiates a new program that is operated by M1W, WRA will then inform M1W as to how funds for the new WRA Program shall be maintained.

A separate fund is defined as a self-balancing group of accounts that records a pool of money and its related financial resources, liabilities, and balances. It is used to classify revenue, track expenses, and segregate resources for specific activities and can be specific to one department of M1W or shared by many departments. Each fund established for the WRA programs shall have its own liability account and interest-bearing account.

2. PAYMENTS

WRA shall be responsible for paying M1W for costs incurred in connection with the WRA programs. The total annual amount paid by WRA to M1W shall not exceed the WRA approved annual budgets of each WRA Program. WRA retains discretion to plan, implement, and manage additional activities, outside of the M1W budgeted activities, in coordination with M1W. Three budgets will be prepared for each WRA Program: one for operations and maintenance, one for capital outlay (CapO) and one for capital improvement projects (CapI). The final annual budgets must be adopted by the M1W Board of Directors and the WRA Board of Supervisors after a recommendation from the WRA Board of Directors.
