6	2018.16	6/26/2018	Alejo	County Counsel/Auditor-Controller	McKee/Shah	8/28/2018	Update County Travel Policy by County Counsel in coordination with the Auditor-Controller's Office.	<p>Monterey County's travel policy managed by the Auditor-Controller has not been updated in many years and today, it does not compare with current market prices or organizational procedures and may exceed legal requirements. The current policy creates barriers for county staff to be able to effectively represent county business at conferences, trainings or in litigation. This policy also conflicts with another travel policy found in the Personnel Policies and Practices Resolution (PPPR). This referral seeks to update the policies to account for inconsistencies, business needs, efficiency, market prices, whether government rates are available or whether the discounted lodging rooms were secured by conference organizers, such as the California State Association of Counties. This lack in clarity in the existing policy is costing unnecessary staff time and an update would modernize our policy with current standards. The new policy should meet Federal and State law while supporting business efficiency.</p> <p>A revised policy was presented to the Board on November 6, 2018. An update memo was submitted to the Board and a revised policy is to be presented in October 15, 2019.</p>	Pending

Meeting to discuss the required Federal leasing documents, rental rate and term, additional landlord/tenant costs and responsibilities is tentatively scheduled to be shortly after the November 6th Elections. Information is pending from the Congressional District Office. Staff are conferring with Federal Agencies on requirements. A report will be presented to the Board to consider approval of lease agreement on October 2019.</p>	Pending

11	2019.01	2/26/2019	Adams	RMA	Holm	5/1/2019	Review of State and County Defensible Space Regulations	To review the State and County regulations that govern fire fuel reduction for defensible space on private property. Request is for a presentation to the Board on the applicable State and County regulations that govern fire fuel reduction for defensible space on private property and consideration of whether any changes may be warranted in the County's regulations in this current era of fire hazards. Request is to complete update to the information and resources available on the RMA web page on Removal of Trees & Vegetation & Fire Management, for example by adding links to other agencies and resources. A report was presented to the Board on 5/7/2019 and was moved to be included in the Resource Management Agency's Long Range Planning presentation scheduled on October 22, 2019.	Pending
12	2019.06	8/27/2019	Phillips	Health Department/RMA	Jimenez/Holm	9/24/2019	Evaluate Feasibility and Cost of Purchasing Mobile Warming Shelter Shower Facility	To evaluate capital and operating costs for a mobile shower facility as an auxiliary amenity to the temporary warming shelter located at the corner of West Alisal and Church Streets in Salinas. The County and City of Salinas are participating in operation of a temporary warming shelter located at the corner of West Alisal and Church Street in Salinas. It is anticipated that the shelter will operate pending completion of construction of a permanent facility at Laurel Yard in northeast Salinas by 2021. A number of showering facilities for homeless individuals have closed in Chinatown, necessitating additional units to provide basic hygiene for homeless individuals. Staff is requested to evaluate feasibility, potential sources of funding, and costs for purchase and operation of a mobile shower unit to be located behind the warming shelter. Upon closure of the temporary warming shelter, the shower unit can be relocated and repurposed for local emergency backup or other uses. A report will be presented to the Board on October 1, 2019.	Pending
13	2019.08	9/10/2019	Alejo	RMA/GLA	Holm/Chiuulos	12/10/2019	State Funding for the Historic Old Monterey County Jail	Preservation and Adaptive Reuse of the Old Monterey County Jail by seeking state funding match in the 2020 budget. This referral modifies my prior one for an RFP for a potential Public Private Partnership to save the Old Monterey County Jail. After 2 attempts to solicit P3 proposals, none were received by the County. I am now requesting that our County pursue \$10 million in the 2020 state budget to pay a partial amount of the cost to repurpose the historic Old Jail, which is the only historic landmark of the Farmworker Rights Movement on the Central Coast. A potential use would be for a multicultural workers' history museum and a performing arts/events center on the bottom floor, and office space or other uses on the top floor, but other potential uses should be explored and be presented as well. I also request that staff explore funding mechanisms to finance the remainder of the cost (as was done for the East West Building renovation) and provide the board with a cost estimates for using the entire building as is or a hybrid proposal of keeping the front portion of the jail with a new rear-portion of the building. This capital project is being proposed in light of other major county capital projects having been completed or are currently under construction. (Schilling, East-West, New Jail Facility and New Juvenile Hall). A presentation of options for the disposition of the Old Jail was provided on September 10, 2019. The Board requests a final report by December 10, 2019.	Pending
14	2019.09	9/10/2019	Alejo/Lopez	RMA	Holm	12/10/2019	Install Signage for the Salinas Valley Wine Trail to Enhance Agri-Tourism, Viticulture & Economic Prosperity in the Salinas Valley.	This referral seeks to install signage for the Salinas Valley Wine Corridor to enhance agri-tourism, viticulture and economic prosperity in the Salinas Valley. The Board of Supervisors approved \$150,000 in the 2019-20 budget to promote tourism in the Salinas Valley and these funds could be used to pay for sign costs and installation. The signs would be a one-time cost but would last for many years and would better guide motorists along the route. The referral requests that a map of the Salinas Valley Wine Trail also be produced or updating the existing wayfinding system. The Board requests a report on December 10, 2019. The Santa Clara County Board of Supervisors did the same in 2014 for their Wine Trail in Morgan Hill, San Martin and Gilroy. They adopted a trail route, logo and installed 70+ signs. Additional signs within the city limits of Morgan Hill and Gilroy were paid by those cities.	Pending

15	2019.10	9/24/2019	Phillips	CAO/Co Counsel/WRA	McKee/Bueche	11/5/2019	<p>Request County become the Groundwater Sustainability Agency limited to the area necessary to avoid any of the 180 & 400 ft aquifers declared unmanaged or probationary as the result of overlaps.</p>	<p>Take actions needed to avoid the overlapping areas and/or the 180 & 400 ft aquifers being declared unmanaged or probationary by virtue of the overlap of boundaries of the Salinas Valley Basin Groundwater Sustainability Agency (SVBGSA) and the City of Marina Groundwater Sustainability Agency (MGSA). Area to be covered should be limited to that necessary to resolve overlap ramifications.</p> <p>Both the SVBGSA and MGSA have filed with the Department of Water Resources to be the GSA for the 180 & 400 ft aquifers covering an approximately 400-acre parcel in the City of Marina. This creates an overlap of GSA boundaries. Overlaps may result in sustainability plans being rejected and/or areas determined to be unmanaged or probationary. Counties may be deemed the GSA for areas that are unmanaged. The County previously offered to be the GSA for any unmanaged or ungoverned areas. SVBGSA is far along in creating a sustainability plan for the 180/400 ft. aquifers. Request is also made that the County adopt this plan, as appropriate, and have the SVBGSA manage the area. The SVBGSA appears to support the proposal and the matter is moving through their committees.</p>	Pending
