Monterey County.....

**WHEREAS**, The Monterey County Fire Chiefs Association requested that the Dedicated Fire Dispatch (DFD) subcommittee evaluate Tablet Command as a potential incident management tool for Monterey County Fire Agencies; and

**WHEREAS**, Through multiple presentations and working group meetings, the subcommittee evaluating the product has determined it will enhance our capabilities as a County, and can be integrated with the existing Computer Aided Dispatch system software/hardware; and

**WHEREAS**, Tablet Command is designed to be an integral tool in emergency response efforts, providing real-time data that is crucial for managing incidents effectively. With its intuitive interface and robust functionality, Tablet Command facilitates a streamlined command and control environment that allows incident commanders to make informed decisions quickly. This directly contributes to improved safety for both the public and emergency personnel; and

**WHEREAS**, The Monterey County Emergency Communications Department will be holding the agreement for Tablet Command and multiple fire departments within the County will be the end users of the product. The first-year costs are anticipated to be \$148,250 which includes \$28,500 of one-time implementation costs; and

**WHEREAS**, The entire cost will be collected from the participating fire agencies and billed under the authority of the 9-1-1 Services Agreement to which all participating agencies are party to; and

**NOW, THEREFORE BE IT RESOLVED**, by the Board of Supervisors in and for the County of Monterey, to authorize and direct the Auditor-Controller to amend the FY 2024-2025 Adopted Budget for the Emergency Communications Department (028-1520-EME004-8507) to increase revenue and appropriations by \$148,250 to purchase Tablet Command incident management software where the increase is funded entirely with non-County revenue from cities and fire districts in Monterey County.
