This includes any changes in business form, such as a change from sole proprietorship or partnership into a corporation or vice-versa; any changes in company ownership; any dissolution of the business; any change of the name of the business; any filing in bankruptcy; any revocation of corporate status by the Secretary of State; and any other material changes in the Contractor's business status or structure that could affect the performance of the Contractor's duties under the Agreement.

If the Contractor violates any provision of the above paragraphs, such action by the Contractor shall render this Agreement void.

This will include CDCR staff and outside audit personnel (who also conduct PREA audits of state prisons) conducting audits to ensure compliance with the standards.

As a Contractor with CDCR, you shall not assign an employee to a CDCR facility or assign an employee to duties if that employee will have contact with CDCR inmates, if that employee has 1) engaged in sexual abuse in a prison, jail, lockup, community confinement facility, juvenile facility, or other institution (as defined in 42 U.S.C. 1997); 2) been convicted of engaging or attempting to engage in sexual activity in the community facilitated by force, overt or implied threats of force, or coercion, or if the victim did not consent or was unable to consent or refuse; or 3) has been civilly or administratively adjudicated to have engaged in the activity described in this section.

CALIFORNIA DEPARTMENT OF CORRECTIONS AND REHABILITATION
PRISON RAPE ELIMINATION POLICY
Volunteer/Contractor Informational Sheet

The Prison Rape Elimination Policy for the California Department of Corrections and Rehabilitation (CDCR) is explained on this informational sheet. As a volunteer or private contractor who has contact with CDCR offenders, it is your responsibility to do what you can, within the parameters of your current assignment, to reduce incidents of sexual violence, staff sexual misconduct, and sexual harassment and to report information appropriately when they are reported to you or when you observe such an incident.

Historical Information

Both the Congress and State Legislature passed laws, the Federal Prison Rape Elimination Act (PREA) of 2003, the Sexual Abuse in Detention Elimination Act, Chapter 303, Statutes of 2005, and most recently the United States, Department of Justice Final Rule; National Standards of 2012 to help prevent, detect and respond to sexual violence, staff sexual misconduct and sexual harassment behind bars. It is important that we, as professionals, understand all aspects of these laws and our responsibilities to help prevent, detect, and respond to instances by offenders and staff.

The CDCR policy is found in Department Operations Manual (DOM), Chapter 5, Article 44. PREA addresses five types of sexual offenses. Sexual violence committed by offenders will encompass: Abusive Sexual Contact, Nonconsensual Sex Acts, or Sexual Harassment by an Offender (towards an offender). The two remaining types of sexual offenses covered by PREA are Staff Sexual Misconduct and Staff Sexual Harassment (towards an offender).

CDCR's policy provides for the following:

- CDCR is committed to continuing to provide a safe, humane, secure environment, free from offender on offender sexual violence, staff sexual misconduct, and sexual harassment.
- CDCR maintains zero tolerance for sexual violence, staff sexual misconduct, and sexual harassment in its institutions, community correctional facilities, conservation camps, and for all offenders under its jurisdiction.
- All sexual violence, staff sexual misconduct, and sexual harassment is strictly prohibited.
- This policy applies to all offenders and persons employed by the CDCR, including volunteers and independent contractors assigned to an institution, community correctional facility, conservation camp, or parole.

Retaliatory measures against employees or offenders who report incidents of sexual violence, staff sexual misconduct, or sexual harassment as well as retaliatory measures taken against those who cooperate with investigations shall not be tolerated and shall result in disciplinary action and/or criminal prosecution.

Retaliatory measures include, but are not limited to:

- Coercion.
- Threats of punishment.
- Any other activities intended to discourage or prevent staff or offenders from reporting incident(s).

Professional Behavior

Staff, including volunteers and private contractors are expected to act in a professional manner while on the grounds of a CDCR institution and while interacting with other staff and offenders.

Key elements of professional behavior include:

- Treating everyone, staff and offenders alike, with respect
- Speaking without judging, blaming, or being demeaning
- Listening to others with an objective ear and trying to understand their point of view
- Avoiding gossip, name calling, and what may be perceived as offensive or “off-color” humor
- Taking responsibility for your own behavior

Preventative Measures

You can help reduce sexual violence, staff sexual misconduct, and sexual harassment by taking various actions during the performance of your duties as a volunteer or private contractor.

The following are ways in which you can help:

- Know and enforce the rules regarding the sexual conduct of offenders.
- Be professional at all times.
- Make it clear that sexual activity is not acceptable.
- Treat any suggestion or allegation of sexual violence, staff sexual misconduct, and sexual harassment as serious.
- Follow appropriate reporting procedures and assure that the alleged victim is separated from the alleged predator.
- Never advise an offender to use force to repel sexual advances.

Detection

All staff, including volunteers and private contractors, is responsible for reporting immediately and confidentially to the appropriate supervisor any information that indicates an offender is being, or has been, the victim of sexual violence, staff sexual misconduct, or sexual harassment.

After immediately reporting to the appropriate supervisor, you are required to document the information you reported. You will be instructed by the supervisor regarding the appropriate form to be used for documentation.

You will take necessary action (i.e., give direction or press your alarm) to prevent further harm to the victim.

I have read the information above and understand my responsibility to immediately report any information that indicates an offender is being, or has been, the victim of sexual violence, staff sexual misconduct, or sexual harassment.

The concept of operations within ARMS includes security and protection for Personal Health Information (PHI) and Personally Identifiable Information (PII). The data in ARMS has been classified as Moderate according to Federal Information Processing Standard (FIPS) Publication 199 Standards for Security Categorization of Federal Information and Information Systems and the ARMS solution has been contracted to provide Federal Risk and Authorization Management Program (FedRAMP) standards for technical implementation to protect information maintained in the "Cloud."

3.0 In order to ensure the security of the ARMS Data the Provider agrees to permit CDCR or its authorized representatives to make online inspections at any time, or onsite inspections during regular business hours, for the purpose of conducting program and/or performance audits to ensure Provider is preserving the security of CDCR electronic data. CDCR is authorized to investigate reports of Provider misuse of electronic data. During such security audit or investigation, Provider shall comply with CDCR requests in providing access to its employees, together with records, books and correspondence, hardware and/or electronic files, and other documentation or media of every kind directly related to this ARMS DSA that are necessary for CDCR to carry out such security audit and investigation.

4.0 ARMS Data includes each of the types of information listed below. For purposes of this ARMS DSA the following definitions apply:

5.0. Period of Agreement

The period of this ARMS DSA shall be in effect for the time Provider is on contract to provide rehabilitation services with CDCR and making use of the CDCR ARMS Software as a Service (SaaS) solution, unless earlier terminated by 30-day written notice by either organization. The ARMS DSA is to be reviewed not less than every three years from the date of this ARMS DSA coordinated by the CDCR Information Security Officer (ISO). In the absence of this ARMS DSA, Provider may be prevented from retaining a contract for services.

6.0. Intended Use of ARMS Data

By this Agreement CDCR has appointed Provider as a licensed user organization of ARMS and ARMS Data. ARMS Data will be uploaded into ARMS from various CDCR systems for the purpose of ensuring contracted providers in ARMS have data necessary to make continuity of care decisions. Provider is granted permission for the use of the ARMS Data and is a caretaker or custodian of the ARMS data.

7.0. Constraints on Use of ARMS Data

All ARMS data to which CDCR provides access to Provider or which is collected by Provider on behalf of CDCR's employees is the property of CDCR, and shall not be sold, loaned, licensed, given, assigned, or in any way shared with third parties without the express prior written permission of the CDCR ISO. Data will be entered by Provider to the ARMS as well as by CDCR staff members from multiple divisions into the hosted application. The CDCR ARMS data shall not be sold or used, internally or externally, for any purpose not directly related to the scope of work defined in this agreement without the express prior written permission of the CDCR ISO. This duty extends to all authorized persons, agents, and employees of the Provider. This obligation survives the termination of this Agreement.

ARMS DATA SHARING SECURITY AGREEMENT

8.0. ARMS Data Security

Provider shall employ industry best practices, both technically and procedurally, to protect all ARMS Data from unauthorized physical and electronic access. Methods employed are subject to review and approval by CDCR at such times and with such frequency as CDCR deems necessary.

a. ARMS Data Elements

ARMS Data shared with Provider shall be limited to the data elements specifically defined and authorized by CDCR for use by Provider. Data collected within ARMS includes data to meet application requirements. If Provider wishes to collect additional data within ARMS other than that directed through CDCR requirements, Provider must submit a request in writing to CDCR. Under no circumstances shall Provider collect any information classified as SI or CI without the express prior written approval of the CDCR ISO. Data to be shared or collected shall be strictly limited to the elements defined within the ARMS specifications, including interfacing or uploaded data files for use in ARMS.

b. ARMS Data Handling Requirements

ARMS Data handling requirements may vary depending on the classification of ARMS Data shared with Provider. However, it is anticipated that most ARMS Data shared with Provider will involve a mix of classes of ARMS Data including SI, CI, HRCI, PHI, PII, or CORI. Therefore, whenever ARMS Data elements are aggregated for collection, transmission, or storage, the aggregate ARMS Data shall be handled using the protocols that apply to the most sensitive ARMS Data element.

c. In the general course of business with CDCR rehabilitative programming, the Provider must handle and treat ARMS Data of all types in full compliance with the following provisions as a general standard of care:

- i. Provider acknowledges and agrees that in the course of its engagement may receive or have access to some or all of the types of confidential ARMS Data listed above. Provider shall comply with the terms and conditions set forth in this Agreement in its collection, receipt, transmission, storage, disposal, use and disclosure of such ARMS Data and be responsible for the unauthorized collection, receipt, transmission, access, storage, disposal, use and disclosure of ARMS Data under its control or in its possession by all Authorized Persons. Provider shall be responsible for, and remain liable to, CDCR for the actions and omissions of all Authorized Persons that are not Authorized Employees

ARMS DATA SHARING SECURITY AGREEMENT

- concerning the handling or treatment of ARMS Data as if they were Provider's own actions and omissions.
- ii. ARMS Data is deemed to be Confidential Information of CDCR and is not Confidential Information of Provider. In the event of a conflict or inconsistency between this Section and the ARMS DSA to which this ARMS DSA is added by this Attachment or Amendment, the terms and conditions set forth in this Section shall govern and control.
 - iii. In recognition of the foregoing, Provider agrees and covenants that it shall:
 - a) Keep and maintain all ARMS Data in strict confidence to avoid unauthorized access, use, or disclosure.
 - b) Use and disclose ARMS Data solely and exclusively for the purposes for which the data, or access to it, is provided pursuant to the terms and conditions of this ARMS DSA, and not use, sell, rent, transfer, distribute, or otherwise disclose or make available ARMS Data for Provider's own purposes or for the benefit of anyone other than CDCR, in each case, without CDCR ISO prior written consent. Release of information including any data from ARMS to the media in any fashion that identifies client or CDCR individuals is prohibited. Aggregate summarization of data for programs may be shared if no individual information is disclosed. Examples include: types of programs offered, number of individuals in programs, length of programs, completion rate averages, etc.
 - c) Not, directly or indirectly, disclose ARMS Data to any person other than its Authorized Persons, including any, subcontractors, agents, lessees, licensees, outsourcers, or auditors (an "Unauthorized Third Party"), without the express prior written consent from the CDCR ISO unless and to the extent required by Government Authorities or as otherwise, to the extent expressly required, by applicable law, in which case, Provider shall (i) notify CDCR before such disclosure or as soon as possible but not later than 48 hours; (ii) be responsible for and remain liable to CDCR for the actions and/or omissions of such Unauthorized Third Parties concerning the treatment of such ARMS Data as if they were the Provider's own actions and/or omissions; and (iii) require the Unauthorized Third Party that has access to ARMS Data to execute a written agreement agreeing to comply with the terms and conditions of this Agreement relating to the treatment of ARMS Data.
 - iv. Provider User Management
 - a) Provider agrees to submit each ARMS user for CDCR program review and approval in accordance with program contract terms

ARMS DATA SHARING SECURITY AGREEMENT

- and conditions. CDCR reserves the right to require Provider to remove any user which CDCR determines is unqualified to continue to have access to ARMS.
- b) In the event that the employment of a Provider employee or sub-contract entity or person who utilizes an ARMS user account for the CDCR program, is terminated for cause, or whose employment is terminated or ended for any reason, Provider agrees that the Providers local Site Administrator will inactivate the ARMS user's account immediately.
 - c) Provider agrees to inform CDCR of any change in the status of an ARMS user, including those referenced this section within one (1) business day.
 - d) CDCR reserves the right to inspect Provider user status change records in accordance with Section 3 of this ARMS DSA.
- v. Provider shall exercise care for ARMS Data that is brought into ARMS, but not entered by Provider. ARMS Data not entered by Provider will be released to Provider for one offender at a time if the following conditions are met to facilitate Provider's control and responsibility (Provider may be required to perform these functions to facilitate their own continuity of care for clients managed in ARMS):
- a) The offender has signed a release of information (ROI) and that ROI is loaded into ARMS and verified prior to granting access to data other than that input by the program.
 - b) The Provider is under contract with CDCR as a provider or as a subcontractor to Provider.
 - c) Referral information may go to any provider and will not include information that is not releasable to the public.
 - d) Providers can only view information on offenders that are referred to them for rehabilitation services and upon acceptance of that referral with the intent to enroll the offender.
- vi. Providers must ensure that their staff members are authorized to perform in appropriate roles for the information they will be handling. This will include roles that have access to medical information that must have the need to know and require the data for performing their function. The Health Information Portability and Accountability Act (HIPAA) governs the use of medical data; however, mental health information is further controlled to DAPO clinicians (internal or contracted) for mental health specified programs within ARMS. The CFR 42, Part 2 governs the use of alcohol and drug abuse patient records. Education data for clients shall be managed in compliance with the Family Educational Rights and Privacy Act (FERPA).
- vii. Providers are permitted to use the data provided to them online in ARMS for the purposes of delivering contracted services to referred

ARMS DATA SHARING SECURITY AGREEMENT

- clients only. Providers are also permitted to upload data to ARMS; however, whatever data is uploaded to ARMS must be treated as ARMS data for the purpose of any further sharing from ARMS.
- viii. When typing, keying, or in any way entering data into ARMS in open text fields, there are mandatory restrictions to the data entered in these fields. Images and documents uploaded to ARMS also cannot have the data in this section included. Under no circumstances should the following data be entered into text fields or included in uploaded images or documents (this information must be part of annual training):
- a) Any specific (named) gang affiliations.
 - b) Any information that could identify any victims of the clients.
 - c) Any information that could identify witnesses of events related to the clients.
 - d) Specific offenses for which clients were convicted.
 - e) Offender enemy information.
 - f) The CDCR program area data unit will audit text fields for inappropriate information pertinent to this clause.
- ix. If providers elect to download data from ARMS for uploading to their systems, the following provisions must be in effect at all times:
- a) The data must be protected (encrypted) at all times in storage or in transit.
 - b) The data may be uploaded to provider systems to allow their systems to support their business model, invoicing, and other appropriate purposes. Data is still the property of the State and must be protected in provider systems from further inspection or use under the same conditions as if it were in ARMS (HIPAA, FERPA, etc.).
 - c) CDCR data must not be further exchanged with any other system or entity electronically or manually unless specifically authorized in writing by the CDCR ISO.
 - d) CDCR reports of data must not be shared for other than business purposes in support of State funded program services each provider is under contract to provide.
 - e) Data download files or extracts from ARMS must be destroyed promptly once the data is uploaded to other systems.
- x. Training will be made available by the CDCR program area data unit on conditions requiring release of information and data handling or sharing for any reason related to ARMS data. Providers must ensure each employee is trained in these conditions prior to using ARMS and on an annual basis and certify this training is complete within ARMS on an annual basis. Training will include:
- a) Roles that are required by contracts to handle and protect specific types of data.

ARMS DATA SHARING SECURITY AGREEMENT

- b) Conditions under which data can be seen by users.
- c) Conditions under which data from ARMS can be extracted for external use and how that data must be handled and protected if extracted.
- d) User responsibility to protect data in Provider environment.
- e) Requirement to destroy all data extracts when no longer under contract with CDCR. Destruction includes elimination of the possibility to recreate the file from any non-application source. Paper files and data in protected systems can be maintained for contract required durations.
- f) Methods to clear all CDCR data from enterprise systems in the event of a mandatory closure or if the Provider goes out of business.
- g) Methods to ensure that no data shall be shared beyond Provider's own systems needed for activity invoicing. No exceptions are allowed.
- h) Training to ensure that the Provider takes appropriate measures to ensure that all its agents, partners and subcontractors comply with all the provisions herein. PRA requests shall be referred to the CDCR contract point of contact and Title 15 for information that can be released to the public.
- i) Training as to what information is prohibited for open text fields.

9.0. Network Security

a. Internet Access to ARMS

Connections to Provider computers utilizing the Internet, whether for client access or remote administration, must be protected at all times using any of the following industry standard cryptographic technologies: SSL/TLS, IPsec, SSH/SCP, PGP.

b. Data Storage

Regardless of the media employed (i.e., disk, tape, etc.), data must be stored at all times in an encrypted format. Encryption algorithms shall be AES-128 or better, or Triple-DES (3-DES). The use of other encryption algorithms for data storage must be approved in writing by CDCR ISO. Approval may be granted or withheld at CDCR's sole discretion. CDCR ISO reserves the right to inspect all storage systems during business hours to ensure the continued security of the ARMS Data.

CDCR reserves the right to terminate this agreement for its convenience upon 30 days written notice. CDCR may terminate this Agreement for cause for the failure of Provider to cure a breach within the time stated in a notice thereof. Such termination may be without further notice. In the event CDCR terminates this Agreement, or Provider ceases operation, Provider shall return to CDCR ISO all ARMS Data collected in the course of providing the application service. Provider shall certify in writing within five business days that all copies of the ARMS Data stored on Provider servers, backup servers, backup media, or other media have been permanently erased or destroyed. Destruction includes elimination of the possibility to recreate the file from any non-application source. Business Associate shall be responsible for any and all costs (including the costs of Covered Entity) associated with mitigating or remedying any violation of this Agreement;
 - (d) to enforce and maintain appropriate policies, procedures, and access control mechanisms to ensure that any agent, including a subcontractor, to whom it provides PHI received from, or created or received by Business Associate on behalf of Covered Entity agrees to the same restrictions and conditions that apply through this Agreement to Business Associate with respect to such information. The access and privileges granted to any such agent shall be the minimum necessary to perform the assigned functions;
