**EXHIBIT A-1: Additional Scope of Services as per Amendment No. 1**

---

**To Agreement by and between  
Natividad Medical Center, hereinafter referred to as “NMC”  
AND  
Verge Solutions, LLC, hereinafter referred to as “CONTRACTOR”**

**I. Additional Scope of Services as per Amendment No 1**

The following are considered within the scope of this project:

- a. CONTRACTOR will generate a standard file format for AHRQ data from VSuite.
  - i. The proposed file format will be provided based on the form used in VSuite.
  - ii. Changes to NMC’s current form may be required based on information needed for AHRQ submission.
  - iii. CONTRACTOR will conduct acceptance testing of the data files for compliance with the proposed format.
  - iv. The data files created by CONTRACTOR will be provided to NMC for NMC to provide to its PSO.
- b. CONTRACTOR and NMC agree to work jointly to develop a representative set of test data in VSuite that can be used to test the solution.
- c. CONTRACTOR will successfully complete testing of the solution, and turn it over to NMC to conduct user acceptance testing with their PSO.

**II. Deliverables**

- a. Error-free data provided by CONTRACTOR in AHRQ v2 format and loaded into the SFTP site flows into VSuite error-free, as defined by the agreed-upon matching logic described in the Scope section, above.

**III. Scope Exclusions**

The following are explicitly considered as outside the scope of this project and will not be addressed by this PSO Amendment:

- a. PSOs requiring a custom format or any format other than AHRQ.
- b. CONTRACTOR requires the use of SFTP for file data transfer. CONTRACTOR will supply information necessary to set up this feed but will not support creation of this protocol for NMC. Alternate methods of data transfer will not be supported without additional costs.

#### **IV. NMC Obligations**

- a. NMC will have the appropriate subject matter experts available to participate in discussions with the CONTRACTOR team during the Analysis phase, which are intended to cover the full set of scenarios we will encounter once NMC is submitting to a PSO.
- b. NMC will have the appropriate subject matter experts available to review and validate the proposed file format that is developed and finalized during the Design phase.
- c. NMC will have the appropriate subject matter experts available to participate in the Testing that is part of the testing phase.
- d. NMC agrees with the approach/logic outlined in the Scope section of this PSO Amendment No. 1.
- e. NMC agrees that manual reconciliation of some transactions will be required, and will make available resources to be trained and complete the reconciliation without impacting the project deliverable dates.
- f. If through the course of the project, any of the obligations identified above are identified to be incorrect, the CONTRACTOR project team will immediately communicate that fact to NMC and will work collaboratively with NMC to understand the potential impact to the delivery schedule.

#### **V. Pricing**

There is no charge to NMC for the services outlined in this PSO Amendment No. 1.

IN WITNESS WHEREOF, the Parties hereto are in agreement with this Amendment No. 1 on the basis set forth in this document and have executed this Amendment No. 1 on the day and year set forth herein.
