Ms. Aldrich,

Amendments 4-6 were never fully executed by both parties. 3M uses the Amendment numbering system for any potential sale, change, or cancelation to any contract. Because an amendment may be signed and returned anytime within 90 days of issue, our standard practice is to move to the next amendment number for each proposed amendment. Often these amendments may never get executed, but we don't reuse an amendment number once it has been issued. Sorry about the confusion. Please email me directly if you have any questions.

Sincerely,

**Benjamin Lamb JD, Legal Services Analyst

**Subject:** [EXTERNAL] Miscellaneous Amendment No 7 to our Agreement (3M - NMC)  
**Importance:** High

Hello Mr. Matheson,

Attached is an Amendment #7 which I received today in the mail notifying Natividad Medical Center of the sunseting/cancellation of certain services and software tools. The problem is that I do not have copies of any other amendments after Amendment #3.

Will you please forward me ALL amendments that you have on file for this agreement ASAP? Accepting this Amendment #7 is problematic considering there are other amendments missing from our records.

Thank you,

Kristen Aldrich, Contracts Manager  
Natividad Medical Center, County of Monterey
