Attachments: Prop 47 Implementation Overview - Exec Team.docx

Hi Emilie and Don,

My apologies for the delay in responding. We've drawn up a letter (attached), but have run into a snag and haven't been able to get a signature as our team's director has been out sick for the past few days. I've done some legwork here and it turns out that we can waive the internal foundation deadline for having this grant paid out. In other words, if this grant gets put on Budget Committee meeting agenda further into March or possibly April, that's not a problem on our end. Does this help?

Will
