A motion was made by Supervisor Chris Lopez, seconded by Supervisor Mary L. Adams to:

- a. Receive an update on current Cannabis Program allocations; and
- b. Review proposed changes to cannabis positions and related non-cannabis staff costs with an effective date of February 1, 2023; and
- c. Consider recommending other County resources to fund the non-cannabis staff and costs; and
- d. Consider identifying other funding sources to pay for the Cannabis Program costs if commercial cannabis business tax collections are found to be insufficient; and
- e. Provided direction to staff to accept staff recommendation for the reductions laid out with clarification on the Health Department funding for the Youth Prevention and Public Awareness programs to leave it with Cannabis through the end of the year with a commitment on how this is structured and to make sure long term it is funded through Cannabis. As the rate is assessed for first time through the end of the year with a commitment to a reassessment of the figure to make sure this is built in to the next number. Moving forward the tax rate to be reduced to the figure stated by staff with a commitment to continue to work on a sliding scale (modification twice a year) so when the industry prospers again we will be able to fund more of these programs long term. Taken the rates that have been proposed and structured as laid out by staff and adding 15% at each one of the different steps as part of a buffer in case we see losses of businesses beginning January 2023. Also, accept staff recommendation on the payment plan with a move of the first payment due from December 31, 2022 to January 31, 2023. The Public Guardian, the MVAO Representative, District 3's office in Greenfield and the Racists Street Names in East Garrison all Non-Cannabis Allocations will remain funded by the Cannabis fund through the end of the year. Further discussions to be had during the budget season cycle for fiscal year 2024.
