ENCAMPMENT RESOLUTION FUNDING OPPORTUNITY

ENCAMPMENT RESOLUTION FUNDING SUMMARY

Under the authority of Chapter 7 of Part 1 of Division 31 of the California Health and Safety Code (sections 50250 et seq.), the Encampment Resolution Funding (ERF) Program was established to increase collaboration between the California Interagency Council on Homelessness (CAL ICH), local jurisdictions, and continuums of care (CoC's) to accomplish the following:

- Assist local jurisdictions in ensuring the wellness and safety of people experiencing homelessness in encampments, including their immediate physical and mental wellness and safety needs arising from unsheltered homelessness and their longer-term needs addressed through a path to safe and stable housing.
- Provide encampment resolution grants to local jurisdictions and continuums of care to support innovative and replicable efforts to resolve critical encampment concerns and to support individuals to access safe and stable housing, using Housing First approaches.
- Encourage a data-informed, coordinated approach to address unsheltered homelessness at encampments by establishing, through the encampment resolution grants, effective, scalable, and replicable demonstration projects.
