Re: Williamson Act- Farmland Security Zone Contract Application No. 2024-07 (Beverly Joan Morgantini, Trustee of the 1996 Morgantini Revocable Trust Under Declaration of Trust dated August 16, 1996)

Dear Ms. Ochoa:

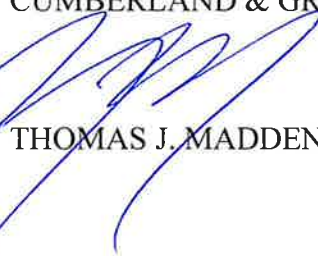

Thank you for your call today together with the Agriculture Preservation Review Committee. As indicated in the conference call today with my assistant, Elora Hartmann, our client Morgantini Revocable Trust, is requesting a continuation of Application No. 2024-7 from the Board of Supervisors for review in 2025 due to extenuating circumstances in connection with collecting tenant improvement information for the purpose of reporting the required tax valuation information to Monterey County Assessor Office in connection with Application No. 2024-07.

We would like to thank Ms. Ochoa for contacting our office regarding Application No. 2024-07 and providing the information for submission of our letter request for continuance.

If the committee has any questions or concerns regarding our request for continuance, please do not hesitate to contact our office.

Sincerely,
