John,

You are correct, we are withdrawing our application. Yes, we are disappointed as well. Thank you for your help in getting this through the system. I am sorry and disappointed we will not be able to move forward.

Regards,

John

Hi John:

This is sad news. We will interpret this as a request to withdraw the application. We will ask the property owner to acknowledge the withdrawal of the application. Since this project is in front of the Board of Supervisors, we will probably present an alternative resolution to the board granting the appeal and denying the project.

Thanks

John

John,

I hope you're having a good Friday. Some information pertaining to the site was brought to our attention about three weeks ago. We were hoping that the seller had some additional information, but it appears he does not. Based on the information that was discovered during our NEPA study, we can no longer move forward with the development.

If you would like to discuss further, please do not hesitate to call 949.293.4420.

You and David have been extremely helpful in this process. We are very disappointed that we will have to turn back the funding and abandon this opportunity.

Regards,

John F. Bigley
