Hi Nadia, This is Michelle Van Boxtel and we own the ranch adjacent to the solar field in question with the pending amendment. At this time we strongly object to this project as we do not know exact location, size of batteries and if they will impact our view along with other nuisances like noise, lights,color etc. We were also not given sufficient time to respond to this letter as it could impact us greatly.

Please let me know more info on this project before you review and approve this.

Thank you,

Michelle
