SUMMARY/DISCUSSION:

The Department of Public Works, Facilities and Parks (PWFP) projects a shortfall in the Facility Services Fund 001, Appropriation Unit PFP054, Unit 8552, by \$371,828 and the Utilities Fund 001, Appropriation Unit PFP055, Unit 8553, by about \$259,718.

The Facility Services Division has continued to incur COVID-19-related expenses such as day porter services and extra security guards at 168 W Alisal and 1441 Schilling Place. Also, an increase in

File Number: RES 22-123

personnel service charges not budgeted for, furthers the need for increased appropriation. With most of the appropriations already encumbered for budgeted expenditures, a need to increase appropriations by \$371,828 is requested to cover the additional expenses not budgeted for earlier.

Similarly, staff projects higher-than-budgeted utility costs, requiring \$259,718 in additional appropriations in Utilities Unit 8553. This is primarily due to increased PG&E rates at County locations, along with higher than estimated natural gas rates.

Park Operations Unit 8556 has about \$700,000 of unspent ARPA Revenue Loss appropriations due to several vacancies in the Parks Operations Unit 8556 throughout the fiscal year.

The Department requests to reallocate the unspent ARPA Revenue Loss appropriations from Parks Operations to Facilities and Utilities operations. There is no impact on the overall PWWP General Fund budget. This is only a request to reallocate appropriations within the PWWP General Fund Units.

The Budget Committee received and supported this action during the May 25th, 2022 meeting.

OTHER AGENCY INVOLVEMENT:

None.

FINANCING:

This request would reduce appropriations in the Park Operations Fund 001, Appropriation Unit PFP058, Unit 8556, from its ARPA Revenue Loss appropriations, by \$631,546, and correspondingly increase appropriations in Facility Services Fund 001, Appropriation Unit PFP054, Unit 8552, by \$371,828 and in Utilities Fund 001, Appropriation Unit PFP055, Unit 8553 by \$259,718.

Using ARPA funds will reduce the amount of COWCAP reimbursements in future years to both Facilities Services and Utilities.
