I. SITE PLAN

This plan should be an overview of your entire activity area on a map. Elements of other plans may appear on this map. In addition, you may want to include some narrative descriptions. Your plan may include locations of:

If it is determined that this is required, you will be provided with the necessary form and instructions. Upon completion the form may be returned to the Parks Department for processing.
- B. If you are not required to submit an EMS Medical Plan, then a simple statement on your event application addressing the issue of First Aid will probably be adequate together with the First Aid station location on your Site Plan.

Medical Plan Approval by EMS: Required X Not Required ____

- A. List names of persons responsible for this aspect of your event together with their work schedules.
- B. On a map show the traffic plan patterns within the park at different stages of your event. You should differentiate between general traffic routes and VIP, vendor, or participant routes, if applicable.

V. SANITATION PLAN

- A. The Sanitation Plan will be completed by the CONCESSIONAIRE.
- B. On a map show the location of various groupings of chemical toilets as you want them distributed. Show location of all permanent restroom facilities in the event area.
- C. The permanent facilities open to the public serving your event area will offset the number of chemical toilets that may be required for your event. The Parks Department will help you calculate the actual number of chemical toilets for your event.
- D. If your contract with the Parks Department requires that you pay for all chemical toilets and their servicing during your event, you may elect to use the vendor recommended by the Parks Department or hire your own. In any case, the name of the company, contact person, phone number, the date that chemical toilets will be moved into place per the Sanitation Plan and the date they will be moved back, should all be contained in your Sanitation Plan.

VI. CAMPING PLAN

- A. List names of persons responsible for this aspect of your event together with their work schedules.
- B. Using a map show the areas of the park to be camped, times and dates of occupancy and how you will identify different areas, i.e., "A" Camp, "B" Camp, VIP, vendors, overflow, etc.
- C. If campers are to be assigned to a particular site or area, how will this be accomplished? How many campers will occupy any given area?
- D. How will you deal with early arrivals for your event? How will you deal with campers occupying campsites when you take over? Some may plan to attend your event, others may not.

VII. SECURITY PLAN

There are two primary factors to the development of this plan.

- A. First, there are the security requirements that you will want for various aspects of your event (i.e., general crowd control, entry point management, equipment, vendor booths, alcohol sales, etc.). Pre and post event security for equipment, vehicles, vendor booths etc., should also be planned. Your plan should clearly state:
 - 1) The name(s) of persons responsible for this aspect of your event together with their work schedules and how they can be contacted.
 - 2) The total number of security personnel, their assignments, how they will be communicated with, how will they be identified, and their work schedules.
- B. Second, there are the security requirements that others will require of you in order for your application to be approved. Normally these requirements will come from the Parks Department and the Monterey County Sheriff's Department, who have jurisdiction within Monterey County Parks.
- C. The Parks Department may make a recommendation to the Sheriff's Department to accept your security plan as submitted or either the Parks Department or Sheriff's Department may require that you furnish additional security. This may be accomplished either by your furnishing additional volunteer security, hiring a private security company, hiring Sheriff personnel, or some combination of all three. In either case, the

determination of what is acceptable will lay with the Parks Department and the Sheriff's Department, with the Sheriff's Department having the final word. Should the Sheriff's Department or Parks Department require that one or more of their units be on site during your event, you are required to fill out an "Application for Special Police Protection". This form is available through the Sheriff's Department or Parks Department.

Application for Special Police Protection: Required X Not Required

VIII. DISABLED ACCESS PLAN

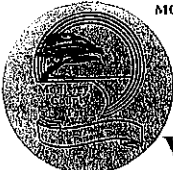

Your plan must describe, in narrative form, the numbers and locations of handicapped (disabled) parking and restrooms. (Parking and restroom must be shown on your Site Plan.) Your plan must also include narrative on disabled access to all areas of your event and how it will be accomplished.

IX. ANIMAL CONTROL PLAN

Your plan must address in narrative form the following: advertisement of restrictions, entrance control, vaccination verification, alternative to bringing pets in the park and a temporary holding facility. Other issues should be addressed as necessary.

X. COUNTY VEHICLE PASSES

Below is a facsimile of a vehicle pass that your event should honor. This pass is intended to allow access to various areas of the Laguna Seca Recreation facility by those who have official business within the park. It is in no way intended to circumvent the normal ticketing system associated with your event. Distribution of the pass will be strictly monitored by the Park Supervisor. All uniformed personnel in marked vehicles should be allowed access without a pass.
