Marketing & Communications \$843,299: Marketing includes the promotion of the Monterey County brand "Grab life by the Moments" through advertising, social media and website development. Communications integrates with marketing by utilizing media relations to "earn" publicity that is user-generated or editorial in nature. This supports advertising and marketing messages through credible, objective sources, and expands the reach of our ad buys, allowing for resource leveraging and a collective regional approach that is preferred by target customers. Marketing and communications messaging tells the story of the destination, with focus on our natural and special assets including outdoor adventure, ecotourism opportunities, wine and food, agriculture, golf and of course the scenic beauty of the region. The diversity of our destination's assets allows us to target a broad range of customers from wine connoisseurs to sports enthusiasts, photographers, families or couples looking for an extraordinary getaway.

Continued investment targeting China, Canada, Millennial and Hispanic markets is anticipated for 2014-15. Partnerships with our food and wine associations and businesses and the specific regions of Salinas Valley, Carmel Valley, Big Sur and Pebble Beach are established and critical to the success of these market investments.

Sales & Group Services \$96,698: Sales is an essential component to destination marketing and especially important to our region. Group visitors typically spend more than leisure customers, and fill occupancy needs in shoulder seasons when leisure visitation is lower. Group Sales involves one-to-one

relationship building with group travel decision makers, and matching their needs with appropriate venues in the region. Through prospecting, trade shows, sales missions, curated experiences and client events, MCCVB develops lasting relationships with customers and generates high-quality leads that are delivered to hotels and venues for bid opportunities. The Sales and Group Services department at MCCVB finds, develops and services clients by ensuring the value proposition of the destination is developed and promoted to those who have the ability to bring their business to Monterey County.

In addition, MCCVB has built a robust servicing program to strengthen the destination's value proposition. The services are offered to meeting planners to extend stays and expenditures of meeting attendees by adding itineraries, providing welcome tables, airport greetings and other services to conferences and group events. Destination services are designed to ensure conference attendees experience the entire region and not just their conference venue.

Visitor Services \$136,732: The MCCVB Visitor Services program's purpose is to directly affect economic impact. Visitor Centers provide an opportunity to "upsell", and have direct influence on extending visitor stays and how visitors spend their time and money. More than 122,000 travelers are assisted annually at the MCCVB Visitor Center at El Estero Park, where lodging, restaurant and attraction reservations and referrals for the entire county are made. It is also important to maximize the visitor services resources available in the region. Several visitor centers are operated in individual communities by various entities. We will continue to hold information services annual summits to share best practices resources among these organizations.

General administration expenses are required to support all marketing, sales and service programs and are allocated throughout the work plan.

The MCCVB's business plan contains a great deal of detail on the programs that Monterey County's DSA investment is a part of and will be provided as a supplement to this document when it is finalized and approved by the MCCVB Board of Directors later this year. The County's investment in this program is critical to the creation of a robust, integrated, partnership-oriented program designed to drive business opportunities and bring important tourism dollars to our region.
