Table 19.2.2.13 – Criminal Justice Information Services (CJIS) Compliance Solution

<p>Contractor's Description of Service, include required service description, features and additional features offered by the Contractor: Software interface that customers can purchase for any compatible device, that allows customers to review and deploy end-user device security capabilities, securing the mobile radio frequency interfaces, securing the connections between the cell sites and core network systems and gateways, and monitoring mission critical systems with a variety of sophisticated tools and solutions.</p>
<p>Geographic Availability: Verizon's Nationwide Network Coverage</p>
<p>Service Limitations and Restrictions: Full solution under development</p>
<p>State Associated Administrative Fee (SAAF) Charge: Services identified below with "Yes" in the SAAF Applied column will have a 2.5% fee applied to the Monthly Recurring Charge or usage. Charges below do not include the SAAF. The SAAF will appear as a separate line on the customer's invoice.</p>

Table 19.2.2.13 – Criminal Justice Information Services (CJIS) Compliance Solution									
Line Item #	Feature Name	Product Identifier	Restrictions, Limitations and Additional Information	Non-Recurring Charge	Monthly Recurring Charge	Unit of Measure	SAAF Applied (Yes/No)	Delegation Needed (Yes/No)	Required or Discretionary
Table 19.2.2.13 – Criminal Justice Information Services (CJIS) Compliance Solution									
1	CJIS/CLETS Compliance Solution	GOLD	All features of the Mobility VPN base product, plus the Policy, Network Access Control (NAC) and Mobile Analysis Modules.	N/A	\$6.93	Month	Yes	No	Required

Table 19.2.2.21 – Push-To-Talk Solution

Contractor's Description of Service, include required service description, features and additional features offered by the Contractor: Using a compatible device, Push to Talk Plus connects you to contacts with one-button calling over the Verizon 4G LTE network or a compatible Wi-Fi hotspot
Geographic Availability: Verizon's Nationwide Network Coverage
Service Limitations and Restrictions: Equipment must be Verizon Compatible/Authenticated. Additional Limitations and Restrictions listed below. Click HERE for current device options.
State Associated Administrative Fee (SAAF) Charge: Services identified below with "Yes" in the SAAF Applied column will have a 2.5% fee applied to the Monthly Recurring Charge or usage. Charges below do not include the SAAF. The SAAF will appear as a separate line on the customer's invoice.

			Coverage Area and WiFi access points. There will be a delay from the time a Push to Talk Plus call is initiated until the Push to Talk Plus call is first received by the called party. Only one person can speak at a time during a Push to Talk Plus call. In-Call Talker Override (Talker Priority) allows a pre-determined user priority to take the floor to communicate urgent message over participant. Push to Talk Plus services cannot be used for (i) access to the Internet, intranets or other data networks, except as the device's native applications & capabilities permit, (ii) any applications that tether Equipment to laptops, personal computers or other devices for any purpose.						

Table 19.2.2.24 – Cellular Building Amplification Services

<p>Contractor's Description of Service, include required service description, features and additional features offered by the Contractor: Single unit to support approximately up to 31,500 square feet of circular coverage area with 42 active users/connections. The number of idle devices supported may vary based on the location's usage pattern</p>
<p>Geographic Availability: Available in buildings as determined by requirements in the IFB.</p>
<p>Service Limitations and Restrictions: *Coverage may differ depending on building materials and obstructions. **Each unit delivers its own capacity.</p>
<p>State Associated Administrative Fee (SAAF) Charge: Services identified below with "Yes" in the SAAF Applied column will have a 2.5% fee applied to the Monthly Recurring Charge or usage. Charges below do not include the SAAF. The SAAF will appear as a separate line on the customer's invoice.</p>

Table 19.2.3.2.8.a – International Roaming									
1	Canada and Mexico	0/	Allows travelers to use their device with the usage coming out of their Domestic Talk, Message, and Data allowances while roaming in Canada or Mexico	N/A	\$0.00	Day	Yes	No	Required

2	All countries on the Contractor's web maintained reference list	/10	<p>Allows travelers to use their device with the usage coming out of their Domestic Talk, Message, and Data allowances while roaming in more than 185 countries with a daily charge for a 24-hour session. TravelPass is only available on 4G LTE World dual or quad band devices on an eligible monthly Smartphone plan. TravelPass lets the customer use their talk, text and data allowances for a daily fee. International data will be reduced to 2G speeds after 500 MB/day. Calls while traveling are permitted within the destination of travel and back to the USA. If more than 50% of the customer's talk, text or data usage in a 60-day period is within the destination of travel, Verizon may disable or limit the use of those services in those destinations. When the customer connects to a foreign carrier's network, Verizon may send him or her text messages to explain how to dial for the destination they're in and the rates they will pay to use services there. When traveling, some services such as domestic data applications, voicemail or call waiting, may not</p>	N/A	\$10.00	Day	Yes	No	Required
