a. Consider adoption of an ordinance repealing Chapter 3.14 of the Monterey County Code regarding hiring preference for veterans;
b. Consider approving the Hiring Preference for Veterans and Eligible Military Spouses Policy (P-190); and,
c. Consider approving the amended Military Leave Policy (P-220).

RECOMMENDATION:
It is recommended that the Board of Supervisors:

a. Consider adoption of an ordinance repealing Chapter 3.14 of the Monterey County Code regarding hiring preference for veterans;
b. Consider approving the Hiring Preference for Veterans and Eligible Military Spouses Policy (P-190); and,
c. Consider approving the amended Military Leave Policy (P-220).

SUMMARY:

The Human Resources Department collaborated with the Military and Veterans Affairs Office to develop enhancements to the current Hiring Preference for Veterans and Military Leave Policy programs. These enhancements strengthen the County of Monterey's ("County") commitment of those who serve, supports their families, and strengthens our community's proud tradition of respecting and valuing military service. These recommendations align with the Human Resources Department's broader objective of positioning the County as an employer of choice.

DISCUSSION:

Hiring Preference for Veterans

On October 21, 2025, the Board of Supervisors introduced and waived the first reading of the draft ordinance to repeal Chapter 3.14 of the Monterey County Code ("MCC") regarding hiring preference for veterans. In addition, the Board directed the Human Resources Department to return with a standalone policy to strengthen the County's commitment to the military community.

On October 9, 1990, the Board of Supervisors adopted Ordinance No. 3495, codified in Chapter 3.14 of the MCC, establishing a hiring preference for veterans in County employment. Subsequently, on September 10, 1991, Ordinance No. 3565 was adopted to amend Chapter 3.14 to implement modifications ensuring the hiring preference functioned as originally intended during the recruitment and selection process. Although this framework created a formal mechanism to support veterans,

maintaining it as an ordinance has limited the County's ability to make timely adjustments in response to evolving workforce needs, legal requirements, and best practices.

In collaboration with the Military and Veterans Affairs Office ("MVAO"), the Human Resources Department ("HRD") recommends repealing Chapter 3.14 and replacing it with a standalone policy governing the hiring preference for veterans and eligible military spouses. This Policy would be housed in the Board Policy Manual, and administrative procedures and guidelines will be established by HRD in coordination with MVAO. Establishing this policy will provide greater administrative flexibility, enabling updates and refinements without the need for formal legislative action. This approach ensures the County can continue to effectively support veterans and eligible military spouses while adapting to emerging employment trends and regulatory considerations.

Importantly, the proposed change does not eliminate or diminish the veteran hiring preference. Instead, it strengthens the County's commitment by facilitating the efficient and effective implementation of enhancements.

Recommended enhancements of the administrative procedures and guidelines of the Hiring Preference for Veterans and Eligible Military Spouses policy include:

- Reduce disability rating from 20% to zero to qualify for veterans' preference points.
- Expand allocation of veterans' preference points to:
  - Spouse of totally disabled veteran;
  - Spouse of veteran who has died as a direct result of qualifying service; and
  - Spouse of active-duty service member.
- Remove restriction of:
  - Only applying for 5-years after separation from service to no time-limit since honorable discharge or separation from service; and
  - Service retirement veterans who receive service retirement compensation not being eligible.
- Broaden the positions eligible for Veteran's preference points to include <u>all County positions</u>, except for Executive Management Unit Y At-will positions.

The proposed ordinance is attached to this report as Attachment A. The recommended Hiring Preference for Veterans and Eligible Military Spouses Policy (P-190) is included as Attachment B.

<u>Military Leave Policy</u>

On October 23, 2001, the County proudly introduced its first Military Leave Policy, then titled *Noble Eagle*, as a demonstration of our commitment to employees serving our nation in the armed forces. Originally renewed annually through the budget process, the policy was further strengthened in 2009 when it was converted into a formal Board Policy, ensuring its permanence and stability without the need for yearly renewal. In 2018, the policy was once again updated to provide clearer definitions and greater transparency regarding the amount of prior military service required to qualify for benefits.

At its core, the County's Military Leave Policy is designed to ensure fair, consistent, and supportive treatment of all employees serving as military reservists and National Guard members, particularly

with respect to pay, benefits, and job protections. This policy reflects the County's deep respect for those who balance civilian service with the extraordinary responsibilities of military duty.

The current policy distinguishes between "Active Military Service" and "Inactive Military Service."

- *Active Military Service* refers to full-time service in any branch of the United States Armed Forces-including annual training periods of two weeks or more for reservists and National Guard members. This duty may be compensated under existing provisions.
- *Inactive Military Service*-such as weekend drills, annual muster training, voluntary unit maintenance activities, or other required inactive training-is currently designated as unpaid by the County. However, employees may use accrued leave balances to cover this time.

While this framework has historically aligned with California Government Code section 395.01(b) and ensured operational consistency, evolving best practices in public employment highlight an opportunity to do more. Recognizing the essential role of reservists and Guard members, and the value they bring to both our community and our nation, the County is moving toward a more equitable and supportive approach.

Accordingly, the HRD, in close partnership with the MVAO, recommends expanding the policy to authorize County pay for employees performing Inactive Military Service as well. This provision would be subject to the approval of both the Appointing Authority and the Military and Veterans Affairs Officer to ensure proper oversight and fairness.

This amendment represents more than a policy change - it is a reaffirmation of the County's enduring commitment to our military employees. By ensuring fair and consistent compensation practices across all forms of service, the County honors the dedication of those who serve, supports their families, and strengthens our community's proud tradition of respecting and valuing military service. The amended Military Leave Policy (P-220) is included as Attachments C and D.

OTHER AGENCY INVOLVEMENT:
The HRD collaborated with the MVAO to develop and present these recommendations. The Military & Veterans Affairs Advisory Commission, BOS Human Resources Committee and County Administrative Office strongly support these recommendations. The Office of County Counsel has reviewed the ordinance as to form. In addition, the labor groups have been provided notice of the recommendations.

FINANCING:
There are no costs associated with approving the recommended Hiring Preference for Veterans and Eligible Military Spouses Policy. Based on the number of current County employees in inactive military status the costs associated for base wage compensation for inactive military service could range between $5-10 thousand annually and will be borne by the respective departments.

BOARD OF SUPERVISORS STRATEGIC PLAN GOALS:
The proposed recommended actions demonstrate the County's commitment in recruiting, retaining, and attracting a diverse, talented workforce that supports the mission of the County of Monterey.

__ Sustainable Infrastructure for the Present and Future

Hiring Preference for Veterans and Military Leave Policy

Board of Supervisors - November 4, 2025

Hiring Preference for Veterans and Military Leave Policy

The Human Resources Department collaborated with the Military and Veterans Affairs Office ("MVAO") to develop enhancements to the current Hiring Preference for Veterans and Military Leave Policy programs.

These enhancements strengthen the County of Monterey's ("County") commitment of those who serve, supports their families, and strengthens our community's proud tradition of respecting and valuing military service.

These recommendations align with the Human Resources Department's broader objective of positioning the County as an employer of choice.

Hiring Preference for Veterans and Eligible Spouses

Background

- On October 21, 2025, the Board of Supervisors introduced and waived the first reading of the draft ordinance to repeal Chapter 3.14 of the Monterey County Code (“MCC”) regarding hiring preference for veterans as the current Ordinance had a very narrow applicability to a very limited number of veterans and excluded veteran spouses.

- In collaboration, the Military and Veterans Affairs Office (“MVAO”), Military & Veterans Affairs Advisory Commission (MVAAC), and the Human Resources Department (“HRD”) recommends repealing Chapter 3.14 and replacing it with a standalone policy governing the hiring preference for veterans and eligible military spouses.

Hiring Preference for Veterans and Eligible Spouses

Background continued

- Establishing this policy will provide greater administrative flexibility, enabling updates and refinements without the need for formal legislative action. This approach ensures the County can continue to effectively support veterans and eligible military spouses while adapting to emerging employment trends and regulatory considerations.

- Importantly, the proposed change does not eliminate or diminish the veteran hiring preference. Instead, it strengthens the County's commitment by facilitating the efficient and effective implementation of enhancements.

Hiring Preference for Veterans and Eligible Spouses

Highlighted Recommended Enhancements

- ✓ Reduce disability rating from 20% to zero to qualify for veterans' preference points.
- ✓ Expand allocation of veterans' preference points to:
  - Spouse of totally disabled veteran;
  - Spouse of veteran who has died as a direct result of qualifying service; and
  - Spouse of active-duty service member.
- ✓ Remove restriction of:
  - Only applying for 5-years after separation from service to no time-limit since honorable discharge or separation from service; and
  - Service retirement veterans who receive service retirement compensation not being eligible.
- ✓ Broaden the positions eligible for Veteran's preference points to include all County positions, except for Executive Management Unit Y At-will positions.

Military Leave Policy

Background

- October 23, 2001, the County proudly introduced its first Military Leave Policy, then titled Noble Eagle, as a demonstration of our commitment to employees serving our nation in the armed forces.
- The current policy distinguishes between “Active Military Service” and “Inactive Military Service.”
  - **Active Military Service** refers to full-time service in any branch of the United States Armed Forces—including annual training periods of two weeks or more for reservists and National Guard members. This duty may be compensated under existing provisions.
  - **Inactive Military Service**—such as weekend drills, annual muster training, voluntary unit maintenance activities, or other required inactive training—is currently designated as unpaid by the County. However, employees may use accrued leave balances to cover this time.

Military Leave Policy

Recommended Enhancement

- Accordingly, the HRD, in close partnership with the MVAO and the MVAAC, recommends expanding the policy to authorize County pay for employees performing Inactive Military Service as well.
- This provision would be subject to the approval of both the Appointing Authority and the Military and Veterans Affairs Officer to ensure proper oversight and fairness.
- This amendment represents more than a policy change - it is a reaffirmation of the County's enduring commitment to our military employees and their family members.

- The **Military & Veterans Affairs Office (MVAO)**, the **Military & Veterans Affairs Advisory Commission (MVAAC)** strongly supports this enhancement.

Thank You

ORDINANCE NO. _____

AN ORDINANCE OF THE COUNTY OF MONTEREY, STATE OF CALIFORNIA, REPEALING CHAPTER 3.14 OF THE MONTEREY COUNTY CODE REGARDING HIRING PREFERENCE FOR VETERANS

County Counsel Summary

This ordinance repeals Chapter 3.14 of the Monterey County Code, which establishes a hiring preference for veterans in County of Monterey ("County") employment. The repeal is intended to facilitate the reestablishment of the veterans' hiring preference as a standalone Board of Supervisor policy ("Policy"), thereby enhancing administrative flexibility for future amendments to the Policy in response to evolving best practices, legal considerations, and workforce needs. The Policy will be housed in the Monterey County Board Policy Manual. This transition does not eliminate or diminish the County's commitment to veterans' employment opportunities but instead ensures that necessary adjustments can be made to the Policy without the formal legislative process required for amending the County Code. This change is consistent with the County's strategic goals, aligning policies with contemporary administrative practices while maintaining a robust commitment to veterans' employment opportunities.

The Board of Supervisors of the County of Monterey ordains as follows:

SECTION 1. FINDINGS AND DECLARATIONS.

A. Pursuant to Article XI, Section 7 of the California Constitution, the County of Monterey may adopt and enforce ordinances and regulations not in conflict with general laws to protect and promote the public health, safety, and welfare of its citizens.

B. On October 9, 1990, the Board of Supervisors adopted Ordinance Number 3495, codified in Chapter 3.14 of the Monterey County Code ("MCC"), to establish a hiring preference for veterans in County of Monterey ("County") employment.

C. Subsequently, on September 10, 1991, Ordinance Number 3565 was adopted and amendments were made to Chapter 3.14 of the MCC. The intent of the Ordinance was to make necessary changes to the hiring preference for veterans.

D. The Board of Supervisors recognizes the significant contributions of veterans and remains committed to ensuring their fair and equitable access to County employment opportunities.

E. To enhance administrative flexibility and facilitate future modifications, the Board of Supervisors finds it necessary to repeal Chapter 3.14 of the MCC and reestablish the veterans' hiring preference as a standalone policy.

F. Transitioning the veterans' hiring preference to a policy-based framework will enable the County to efficiently update and refine its approach in response to evolving legal considerations, workforce needs, and best practices without requiring formal legislative amendments.

G. The Board of Supervisors finds that repealing Chapter 3.14 and transitioning the veterans' hiring preference to a standalone policy is in the best interest of the County and its veteran community, ensuring long-term support and adaptability in employment practices.

SECTION 2. Chapter 3.14 of the Monterey County Code is hereby repealed.

SECTION 3. SEVERABILITY.

If any subsection, sentence, clause or phrase of this Ordinance is for any reason held to be invalid or unconstitutional by a court of competent jurisdiction, such decision shall not affect the validity of the remaining portions of this Ordinance, which shall remain in full force and effect. The Board of Supervisors hereby declares that it would have adopted this Ordinance and each and every subsection, sentence, clause and phrase thereof not declared invalid or unconstitutional, without regard to whether any portion of the article would be subsequently declared invalid or unconstitutional. The courts are hereby authorized to reform the provisions of this Section in order to preserve the maximum permissible effect of each subsection herein.

SECTION 4. EFFECTIVE DATE.

This Ordinance shall take effect on the thirtieth day following its adoption.

I. Purpose

The purpose of this policy is to establish a framework to support the transition of veterans and eligible military spouses into the civilian workforce while enhancing the County of Monterey's ("County") recruitment efforts with highly skilled and experienced candidates.

This policy replaces the previous provisions under Chapter 3.14 of the Monterey County Code, ensuring a streamlined and independent approach to veteran and eligible military spouses hiring preferences.

II. Background

On October 9, 1990, the Board of Supervisors adopted Ordinance Number 3495, codified in Chapter 3.14 of the Monterey County Code ("MCC"), to establish a hiring preference for veterans in County employment. Subsequently, on September 10, 1991, Ordinance Number 3565 was adopted and amended Chapter 3.14 to make necessary changes in the Hiring Preference for Veterans. While this structure provided a formalized approach to supporting veterans, its status as an ordinance constrained the County's ability to make timely adjustments in response to evolving workforce needs, legal considerations, and best practices.

On November 4, 2025, following the recommendation of the Human Resources Department and Military and Veterans Affairs Office, the Board of Supervisors repealed Chapter 3.14 and replaced it with this policy.

This transition does not diminish or eliminate the veteran hiring preference; rather, it reinforces the County's commitment to veterans and their families by facilitating any necessary future refinements without requiring a formal legislative process. Such a change enables the County

to effectively and proactively address emerging employment trends and regulatory requirements.

III. Policy

The County is committed to honoring the dedication of those who serve, supports their families, and strengthens our community's proud tradition of respecting and valuing military service.

The County shall implement a hiring preference for veterans and eligible spouses in accordance with the following principles:

1. **Eligibility**
    - Hiring preferences apply to veterans who have served in the United States Armed Forces and were discharged or released under conditions other than dishonorable.
    - Certain military spouses may also qualify.
    - Specific eligibility criteria, including required documentation, will be outlined in the corresponding administrative procedure.
2. **Hiring Preference**
    - Qualified veterans and eligible military spouses shall receive a preference in the County hiring process.
    - The preference will be applied in a manner that provides a meaningful advantage in the selection process while ensuring all candidates meet the necessary qualifications for the position.
3. **Implementation and Oversight**
    - The Human Resources Department, in collaboration with the Military and Veterans Affairs Office, shall develop administrative procedures to ensure consistent application of this policy.
    - These procedures will establish verification requirements, define the application of the hiring preference, and provide guidance for compliance and oversight.

This policy reflects the County's commitment to supporting veterans and eligible military spouses ensuring they have equitable access to employment opportunities within the County workforce while maintaining a fair and merit-based hiring process.

IV. Review Date

RECOMMENDATION:

It is recommended that the Board of Supervisors:
a. Conduct a public hearing to obtain residents' views and respond to proposals and questions received during the preceding 30-day public comment period regarding the Amended Community Development Block Grant and HOME Investment Partnership Act 2025-2029 Consolidated Plan and Annual Action Plan for Fiscal Year 2025-26;

SUMMARY:

The County of Monterey first qualified to receive Community Development Block Grant (CDBG) funding directly from the U.S. Department of Housing and Urban Development (HUD) in 2013 as an entitlement jurisdiction. The Board of Supervisors adopted the funding recommendations for the

(CDBG) funds on May 13, 2025, and Housing and Community Development (HCD) received a letter from HUD the following day (May 14, 2025), notifying us we are eligible for HOME Investment Partnership Act (HOME) entitlement funding. As part of the process to qualify for designation as an Entitlement Community, the County is required to prepare a Consolidated Plan at least once every five years. The Consolidated Plan adopted on May 13, 2025, must be updated to receive the $500,000 HOME Investment Partnership funding. The recommended actions will satisfy HUD's requirement that the County prepare and adopt a new Consolidated Plan that will guide how the County uses its CDBG and HOME funds to meet eligible community development needs through 2029.

HOME funds may be used to address affordable housing needs in the unincorporated areas of the County. It can provide for new construction, acquisition, rehabilitation, and/or rental assistance. As an entitlement community, the County must prioritize activities, which primarily benefit low- and moderate-income persons.

DISCUSSION:

Since Monterey County was first designated an Urban County in 2013, it has received more than $14 million in CDBG funds. The Urban County has the cities Gonzales, Greenfield, Marina, and Sand City. The notification from HUD on May 14, 2025, the County unincorporated is eligible for HOME entitlement in the amount of $403,480. The HOME funding is for the County unincorporated areas only. To become a participating jurisdiction in HOME, a local government must have a formula allocation of at least $500,000. Our eligibility amount is $403,480, which leaves a funding gap of $96,520. The County currently controls approximately $2.3 million of State HOME Program Income (PI) that can be used to address this gap. Unlike the CDBG program, which allows jurisdictions to transfer PI out of the state program upon achieving entitlement status, the HOME PI remains under the County's control but requires state approval before the funds can be used. The state Department of Housing and Community Development has authorized the County to utilize the program income to meet the threshold requirement to become a participating jurisdiction. This is a one-time requirement and does not need to be satisfied again once the jurisdiction qualifies as a participating jurisdiction.

HOME guidelines emphasize the importance of utilizing the funding to fill in "financing gaps" that often result when projects face more rigid requirements established either by loan regulations, or due to the degree of completion for other financing. HOME has a match requirement. HUD regulations require all participating jurisdictions to contribute or match 25 cents for each dollar of HOME funds spent on affordable housing. The County will utilize Castroville-Pajaro Housing Successor funds to fill this requirement, which is $112,500.

Home allows participating jurisdictions to use HOME funds for a variety of eligible activities, including:

- Building, buying, and rehabilitating affordable housing for rent or homeownership
- Providing direct rental assistance to low-income individuals
- Assisting homebuyers with down payments, closing costs, and rehabilitation of purchased homes
- Developing and maintaining affordable rental housing
- Financing necessary home repairs and improvements

- Tenant-based rental assistance to ensure affordable housing for low-income families

Based on the amount of funding available and the priority needs, it is recommended that the Board of Supervisors consider the recommendations from staff for housing rehabilitation with funding of $150,000 and tenant based rental assistance with funding of $300,000 for the fiscal year (FY)2025-26 Annual Action Plan (AAP) as it relates to HOME funds are shown on pages 132-152 of the Amended Consolidated Plan. HOME allows an allocation of 10% for administration costs to address costs associated with program delivery, which is $50,000.

OTHER AGENCY INVOLVEMENT:
This report has been prepared by staff from the Housing and Community Development Department with input from the CAO budget office and the office of County Counsel. On October 20, 2025, the Health, Housing, Homelessness, and Human Services Committee reviewed the funding recommendations. On October 29, 2025, the Urban County Committee reviewed the funding recommendations.

FINANCING:
The revenue and appropriation increase for Fund 013, Appropriation Unit HCD005, Unit 8546, shall use incoming HOME grant funds of $403,480. The HUD grant is an annual agreement. If the County complies with grant requirements, the County may elect to continue to receive annual entitlement funding, subject to the federal budget process.

BOARD OF SUPERVISORS STRATEGIC INITIATIVES:
Authorizing the Urban County to post the Amended FY2025-26 Consolidated Plan is the first step toward making $1,361,629 CDBG funds available to help local jurisdictions make improvements to public facilities, provide food security for seniors, help children and youth develop the social skills they need to be successful in life, and help homeless persons find shelter. It is also the first step toward making $500,000 HOME funds to help make affordable housing improvements.

(CDBG) funds on May 13, 2025, and Housing and Community Development (HCD) received a letter from HUD the following day (May 14, 2025), notifying us we are eligible for HOME Investment Partnership Act (HOME) entitlement funding. Executive Summary

ES-05 Executive Summary - 24 CFR 91.200(c), 91.220(b)

1. Introduction

Since 2013, the County of Monterey has participated in the Community Development Block Grant (CDBG) program as an entitlement jurisdiction to receive annual funding directly from the U.S. Department of Housing and Urban Development (HUD). Collectively, for CDBG purposes, Monterey County (unincorporated areas only) and the cities of Gonzales, Greenfield, Marina and Sand City are known as the Monterey Urban County (Urban County).

Additionally, beginning in HUD Fiscal Year (FY) 2025-26, the unincorporated Monterey County will become eligible as an entitlement jurisdiction to receive HOME Investment Partnership Program (HOME) funds. The HOME entitlement allocation is for the unincorporated County areas only.

This Consolidated Plan serves as the Urban County's official application to HUD for Community Development Block Grant (CDBG) funds and the unincorporated County's official application to HUD for HOME funds. The Plan identifies the housing and community development needs in the Urban County and sets forth a strategic plan for addressing the identified needs. The Plan covers Federal Fiscal Year (FFY) from July 1, 2025 to June 30, 2030.

The Urban County shall administer its grant in accordance with all applicable immigration restrictions and requirements, including the eligibility and certification requirement that apply under title IV of the Personal Responsibility and Work Opportunity Reconciliation Act of 1996, as amended (8 U.S. C. 1601-1646) (PRWORA) and any applicable requirements that HUD, the Attorney General, or the U.S. Citizenship and Immigration Services may establish from time to time to comply with PRWORA, Executive Order 14218 or other Executive Orders or immigration laws. The Urban County will not use funding under this grant in a manner that by design or effect facilitates the subsidization or promotion of illegal immigration or abets policies that seek to shield illegal aliens from deportation. Unless excepted by PRWORA, the Urban County must use SAVE, or an equivalent verification system approved by the Federal government, to prevent any Federal public benefit from being provided to an ineligible alien who entered the United States illegally or is otherwise unlawfully present in the United States.

Monterey County shall not use grant funds to promote "gender ideology," as defined in Executive Order (E.O.) 14168, Defending Women from Gender Ideology Extremism and Restoring Biological Truth to the Federal Government.

Substantial Amendment

As mentioned above, the unincorporated County will be a HOME funds recipient for the first time in FY2025-26. As a result, the County substantially amended this Consolidated Plan in September 2025 and held a public review period, along with meetings and a Board of Supervisors hearing in October and November 2025, in accordance with the County's Citizen Participation Plan. This substantial amendment includes the following:

- The unincorporated County is anticipating $403,479.96 in HOME Investment Partnership Program (HOME) entitlement funds for FY 2025-26 and anticipates will have $96,520.04 in State HOME Program Income for a

total of $500,000 in HOME allocations. This will be utilized for projects primarily in the unincorporated areas. Over the five-year planning period, the unincorporated County assumes $2,017,399.80 in HOME funds.

- In FY 2025-26, the funding will be used to set up a tenant based rental assistance program (goal of assisting 10 households), two grants for substantial housing rehabilitation and fund administration (10 percent, or $50,000.00, of total funding).

2. Summary of the objectives and outcomes identified in the Plan Needs Assessment Overview

The Urban County has extensive housing and community development needs. CDBG funds alone are not adequate to address the myriad of needs identified during the public outreach process and summarized in the Needs Assessment of this Consolidated Plan. Recognizing the national objectives of the CDBG program and specific program regulations, the Urban County intends to use CDBG funds to coordinate programs, services, and projects to create a decent and suitable living environment to benefit low and moderate-income households. Use of CDBG funds will focus on some of most critical needs in the Urban County, including the following:

- Improvements to infrastructure and public facilities in order to foster a suitable living environment for low- and moderate-income households; and
- Provision of services and programs to benefit low and moderate income households; and
- Provision of services for the homeless and those at risk of becoming homeless; and
- Provision of affordable housing to low and moderate-income households.

3. Evaluation of past performance

The following lists major activities undertaken by the Urban County using CDBG funds *(it should be noted that during the FY 2020-2024 Consolidated Plan period, the Urban County included the unincorporated areas and the cities of Del Rey Oaks, Gonzales, Greenfield and Sand City):*

As part of this Consolidated Plan development, the Urban County undertook an outreach program to consult and coordinate nonprofit agencies, affordable housing providers, and government agencies. The outreach program has been summarized in the Executive Summary and Citizen Participation sections of this Consolidated Plan.

Provide a concise summary of the jurisdiction's activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(l)).

To outreach to various agencies and organizations, the Urban County compiled an outreach list consisting of 192 agencies, including:

- Nonprofit service providers that cater to the needs of low- and moderate-income households and persons with special needs, including persons with disabilities;
- Affordable housing providers;
- Housing advocates;
- Housing professionals;
- Public agencies (such as school districts, health services, public works);
- Economic development and employment organizations; and
- Community groups.

The complete outreach list is included in **Appendix A**. These agencies received email of notices of the Urban County's Consolidated Plan process and public meetings. Specific agencies were also contacted to obtain data in preparation of this Consolidated Plan. For example, the State Developmental Services Department and State Social Services Department were contacted to obtain data and housing resources for persons with disabilities. The Housing Authority of the County of Monterey was also contacted to obtain information on public housing and Housing Choice Vouchers available to Urban County residents.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness

The outreach list includes homeless service agencies in the Salinas/Monterey County and San Benito County Continuum of Care Strategy. In addition, the Continuum of Care Strategy was consulted to provide information on homelessness and resources available.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards and evaluate outcomes, and develop funding, policies and procedures for the administration of HMIS

The Urban County's HUD allocation for entitlement grants currently does not include ESG funds.

Needs Assessment

NA-05 Overview

Needs Assessment Overview

The Needs Assessment of the Consolidated Plan, in conjunction with information gathered through consultations and the citizen participation process, provides a picture of Monterey County's needs related to affordable housing, community development, and homelessness. From this Needs Assessment, the County identified those needs with the highest priority, which will form the basis for the Strategic Plan and the programs and projects to be delivered over the five-year planning period.

The Needs Assessment relies on a variety of statistical data to inform Consolidated Plan priorities. Municipalities are required to use a template provided by the U.S. Department of Housing and Urban Development (HUD) to structure the Consolidated Plans. This HUD template includes tables with demographic information from the 2016-2020 American Community Survey (ACS), which the City uses to analyze trends and develop narratives related to housing, economic conditions, and population demographics.

When the template does not provide specific data, the County supplements with the most current information available, which may lead to variations in data periods and consistency. The data sources utilized include:

- 2024 Monterey County Homelessness Point-In-Time Count and Survey
- 2019-2023 American Community Survey Five-Year Estimates
- 2016-2020 Comprehensive Housing Affordability Strategy (CHAS) Data from HUD
- Department of Justice Domestic Violence-Related Calls for Assistance
- 2024/2025 Community Needs Assessment and Community Action Plan
- Farmworker Housing Study and Action Plan for Salinas Valley and Pajaro Valley
- County of Monterey draft 2023-2031 Housing Element
- City of Monterey 2023-2031 Housing Element
- Lead Me Home Plan Update: Five Year Plan to Reduce Homelessness in Monterey and San Benito Counties
- 2022 Monterey County Community Health Needs Assessment (CHNA)
- California HIV Surveillance Report

To the extent feasible, data specific to the Urban County is provided. However, when data is not readily available, countywide data will be used.

DRAFT

NA-10 Housing Needs Assessment - 24 CFR 91.205 (a,b,c)

Summary of Housing Needs

HUD periodically receives "custom tabulations" of Census data from the U.S. Census Bureau that are largely not available through standard Census products. These data, known as the "CHAS" data (Comprehensive Housing Affordability Strategy), demonstrate the extent of housing problems and housing needs, particularly for low-income households.

As defined by HUD in the CHAS data, housing problems include:

- Units with physical defects (lacking complete kitchen or bathroom);
- Overcrowded conditions (housing units with more than one person per room);
- Housing cost burden (including utilities) exceeding 30 percent of gross income; and
- Severe housing cost burden (including utilities) exceeding 50 percent of gross income.

HUD has also established the following income categories based on the Area Median Income (AMI) for the Metropolitan Statistical Area (MSA):

- Extremely Low Income (0-30 percent of AMI)
- Low Income (31-50 percent of AMI)
- Moderate Income (51-80 percent of AMI)
- Middle/Upper Income (above 80 percent of AMI)

Together, extremely low and low incomes (earning up to 50 percent) are referred to as "lower" income. HUD typically defines moderate-income households as those earning between 51 to 80 percent the Area Median Income (AMI) for the Metropolitan Statistical Area (MSA).

To understand the housing problems in Monterey County, the following tables provide the following:

- Table 5 presents the population and household growth between 2009 and 2020.
- Table 6 presents the number of households by special characteristics.
- Table 7 presents the number of households with one or more housing problems (inadequate housing, overcrowding, cost burden of 50 percent, or cost burden of 30 percent) by income and tenure.
- Table 8 summarizes the number of households with more than one or more severe housing problems by income and tenure. Severe housing problems are inadequate housing; severe overcrowding (1.51 persons or more per room); and housing cost burden of 50 percent.
- Table 9 isolates those households with housing cost burden of over 30 percent (inclusive of those with cost burden of over 50 percent) by income and tenure.
- Table 10 further isolates those households with cost burden of over 50 percent.
- Table 11 presents overcrowding by household type.
- Table 12 is intended to show overcrowding for households with children. However, the American Community Survey provides no data for the Urban County.

The demographic data for the County, shown in Table 5, shows slow population growth (a one percent increase) but a decrease in the number of households. While a trend of slowed growth can indicate several causes, such as less births or families, individuals relocating, and high housing costs due to high demand, geographic boundary changes for the Urban County between 2009 (base year provided by HUD in eConPlanning) and 2020 modified the locations included as part of the Urban County. Demographic shifts may be more impacted by this shift than by changes within the communities included in the Urban County.

Demographics	Base Year: 2009	Most Recent Year: 2020	% Change
Population	131,695	133,435	1%
Households	40,210	39,930	-1%

Table 5 - Housing Needs Assessment Demographics

Data Source: 2000 Census (Base Year), 2016-2020 ACS (Most Recent Year)

According to Table 6, approximately nine percent of the Urban County's households earn 0-30 percent of the Area Median Family Income (AMFI) or are extremely low income. Of households in the 0-30 percent AMFI income category, about one third (33 percent) are small family households. About 24 percent are households that contain at least one person between 62 and 74 years old, and 23 percent of households have one or more children 6 years old or younger.

Approximately 12 percent of households earn 30-50 percent of AMFI. Of these, 38 percent are small family households. One quarter are households that contain at least one person between 62 and 74 years old, and 26 percent of households have one or more children 6 years old or younger.

Approximately 17 percent of households earn 50-80 percent of AMFI. Of these, 39 percent are small family households and 24 percent are large family households. Twenty-four percent of households also contain at least one person between 62 and 74 years old.

A slight majority of households in the Urban County (52 percent) have incomes greater than 100 percent AMFI.

Describe the number and type of single person households in need of housing assistance.

According to the 2019-2023 American Community Survey (ACS), approximately 20 percent (26,878 households) of Countywide households were single person households. Of these, 48 percent were owner-occupied, and 52 percent were renter-occupied. Of all single person households in the County, 50 percent (13,313) were senior households. About 64 percent of seniors living alone own their homes. Seniors living alone are more likely to have mobility limitations or other impairments that require caretaking or other assistance in their daily lives and for home maintenance. They are also more likely to require affordable housing due to their generally lower incomes and may need some form of housing assistance.

DRAFT

Estimate the number and type of families in need of housing assistance who are disabled or victims of domestic violence, dating violence, sexual assault and stalking.

Persons with Disabilities: According to the 2019-2023 ACS, approximately nine percent (39,517) of Countywide residents were affected by one or more disabilities. Among persons living with disabilities, independent living difficulties were the most prevalent (4.6 percent of the civilian non-institutionalized population), followed by ambulatory difficulties (4.5 percent) and cognitive difficulties (3.8 percent).

According to the State Department of Developmental Services, the San Andreas Regional Center provides services for people with developmental disabilities in Monterey, Santa Clara, Santa Cruz and San Benito counties. As of 2022, approximately 1,000 Urban County residents with developmental disabilities were being assisted by the San Andreas Regional Center offices. The majority of these individuals were residing in a private home with their parent or guardian. Half of Urban County residents with developmental disabilities (52 percent) were under the age of 18.

According to the Monterey County 2024 Homeless Point-in-Time Census and Survey, 52 percent of homeless persons in the Urban County reported having a disabling condition. A disabling condition is defined by HUD as a developmental disability, HIV/ AIDS, or a long-term physical or mental impairment that impacts a person's ability to live independently but could be improved with stable housing. Approximately 31 percent of homeless people surveyed reported a physical disability and 25 percent reported a psychiatric or emotional condition, i.e. mental illness including bipolar or schizophrenia.

Victims of Domestic Violence: The State of California Department of Justice recorded over 1,400 domestic violence-related calls for assistance in Monterey County in 2023. Histories of domestic violence and partner abuse are prevalent among individuals experiencing homelessness and can be the primary cause of homelessness for many. The 2024 Monterey County Homeless Point-in-Time Census and Survey found that six percent of 315 survey respondents reported currently experiencing domestic/partner violence or abuse and 34 percent reported having experienced domestic violence in their lifetime.

What are the most common housing problems?

Of the housing problems described above, the most common in the Urban County is housing cost burden, with 70 percent of the Urban County have a cost burden over 30 percent of income. For the County's renter-households, about 63 percent of the housing problems were related to housing cost burden (Table 7). Approximately 80 percent of the housing problems for the Urban County's owner-households were also related to cost burden. Units with physical defects, or substandard units, were the least common housing problem in the Urban County.

Are any populations/household types more affected than others by these problems?

Overall, more renter-households are impacted by overcrowding issues compared to owner-households, with 34 percent of renter households overcrowded or severely overcrowded, compared to 17 percent of owner households (Table 7). However, owner households are more cost burdened than renter households, with 80 percent of owner households having a cost burden over 30 percent of income compared to 63 percent of renter households. Elderly owner are particularly cost burdened, with 3.371 elderly households with incomes under 80 percent of AMI having a cost burden over 30 percent of income.

Describe the characteristics and needs of Low-income individuals and families with children (especially extremely low-income) who are currently housed but are at imminent risk of either residing in shelters or

becoming unsheltered 91.205(c)/91.305(c)). Also discuss the needs of formerly homeless families and individuals who are receiving rapid re-housing assistance and are nearing the termination of that assistance

In the Urban County approximately 9 percent (3,780) of households earn extremely low incomes (Table 6). Of these, about 62 percent are renters and 38 percent are owners. Households with incomes below 80 percent of AMI account for approximately 39 percent (15,439) of all households in the Urban County. Of these, 42 percent (6,472) contain at least one person 62 years or older. Households with one or more children 6 years old or younger account for 22 percent (3,369) of these households, and small family households account for 37 percent (5,738) of these households.

According to the 2019-2023 ACS, 12.6 percent of the population in Monterey County had incomes below the poverty line in 2023. Families in Monterey County with children had higher rates of poverty than other families, with about 17 percent of families with children having incomes below poverty level compared to 11 percent of all families. Female-headed families with children are more likely to experience poverty and face difficulty finding affordable housing. In Monterey County, 68 percent of single-parent families were headed by women, but female-headed families with children made up 84 percent of single-parent families within incomes below poverty level in 2023. While only 7 percent of married-couple families with children had incomes below poverty level, 15 percent of male-headed families with children had incomes below poverty level and 38 of female-headed families with children had incomes below poverty level.

Rapid re-housing helps families and individuals who are not chronically homeless obtain permanent housing immediately and to stabilize themselves as soon as possible. These households have lived independently in permanent housing in the past but need temporary assistance for a limited time period (e.g., months, not years). While receiving assistance, these households can become increasingly self-sufficient through public assistance and/or employment.

The Lead Me Home Leadership Council of Monterey and San Benito Counties developed the 2021-2026 Lead Me Home Plan Update to help identify the needs of people in Monterey County experiencing homelessness and strategies to address the needs of this population. The plan included outreach and analysis to identify areas where current efforts to address homelessness were falling short. The analysis showed that an insufficient supply of rapid rehousing and permanent supportive housing in the County was a key challenge in the region, as well as the lack of a coordinated regional strategy to develop affordable housing, particularly housing for those at the lowest income levels.

According to the Monterey County 2024 Homeless Point-in-Time Census and 66 percent of people experiencing homelessness in the county are men. There are 366 people in families experiencing homelessness, a slight increase since 2022 but a significant decrease since 2019. There are also 225 children and youth experiencing homelessness, a decrease since 2022 and 2019.

People experiencing homelessness specifically requested additional supports and services to help them secure housing (e.g., housing focused case management, navigation services, property owner outreach and education), expanded availability of rental assistance, housing retention support (particularly assistance for behavioral and health conditions), and innovative housing solutions such as tiny homes, RV parks, and transitional housing.

If a jurisdiction provides estimates of the at-risk population(s), it should also include a description of the operational definition of the at-risk group and the methodology used to generate the estimates:

Households at risk of becoming homeless include those extremely low-income households with a severe housing cost burden (spending 50 percent or more of their income on housing). According to the CHAS data (Table 10), 204

extremely low-income renter-households and 860 extremely low-income owner-households in the Urban County had a severe cost burden.

Specify particular housing characteristics that have been linked with instability and an increased risk of homelessness

Monterey County faces significant challenges related to poverty and housing, including a higher-than-average cost of living, a severe lack of affordable housing. Many low-income residents, particularly farmworkers and families, struggle with inadequate housing and low-wage jobs in industries like agriculture, hospitality, and tourism. Lower income households with a housing cost burden are more likely to lose their homes in the event of loss of employment or other unexpected expenses. As shown in Table 9 and Table 10, 2,009 extremely low income renter households had a cost burden (over 30 percent of income), and 204 extremely low income renter-households had a severe costs burden (over 50 percent of income). In owner households, 1,152 extremely low-income households had a cost burden (over 30 percent of income) and 860 extremely low-income owner-households in the had a severe cost burden (over 50 percent of income).

The effects of the Covid pandemic, inflation, and severe weather events—especially flooding from the Pajaro River levee breach in 2023—have further exacerbated the situation, displacing many migrant agricultural workers and worsening housing shortages. Housing costs and low incomes are particularly challenging for people experiencing homelessness. In the Monterey County 2024 Homeless Point-in-Time Census the inability to afford rent and a lack of employment/underemployment were the two biggest obstacles to obtaining permanent housing.

NA-15 Disproportionately Greater Need: Housing Problems – 91.205 (b)(2)

Assess the need of any racial or ethnic group that has disproportionately greater need in comparison to the needs of that category of need as a whole.

Introduction

Per HUD direction as a result of Executive Order 14151, all sections regarding disproportionate needs by race/ethnicity are no longer needed.

A disproportionate housing need refers to any group that has a housing need which is at least 10 percentage points higher than the total population. The following tables identify the extent of housing problems by income and race.

Discussion

To understand which populations, have a "Disproportionately Greater Need," a baseline has been established to show the percent of households in the entire Urban County that are experiencing housing problems. This baseline is the number of households within each income category that have one or more of the four housing problems in the Urban County, divided by the total number of households in that income category as a whole (Table 13, Table 14, Table 15 and Table 16). These baseline percentages are:

- 83.6 percent for 0% - 30% of AMI (ex. 3,186/3813,)
- 74.8 percent for 30% - 50% of AMI
- 58.4 percent for 50% - 80% of AMI
- 51.5 percent for 80% - 100% of AMI

These baseline percentages have been used to assess whether any racial ethnic group shown in the following Disproportionately Greater Need Tables (Table 13, Table 14, Table 15 and Table 16) are experiencing disproportionately greater housing problems/needs.

- Among extremely low-income households (0% - 30% of AMI) in the Urban County overall, 83.6 percent of households have one more housing problems. Black/African American (100 percent), American Indian and Alaska Native (100 percent), and Pacific Islander (100 percent) households are disproportionately affected by these problems.
- Among low-income households (31% to 50% of AMI) in the Urban County overall, 74.8 percent of households have one more housing problems. Black/African American (100 percent) households have one or more of the four housing problems and are disproportionately affected by these problems.
- Among moderate income households (51% to 80% AMI) in the Urban County overall, 58.4 percent of households have one more housing problems. Black/African American (76.9 percent) and American Indian and Alaska Native (100 percent) households have one or more of the four housing problems and are disproportionately affected by housing problems.
- Among middle income households (81% to 100% of AMI) in the Urban County overall, 51.5 percent of households have one more housing problems. Black/African American (100 percent) and Pacific Islander (100 percent) households have one or more of the four housing problems and are disproportionately affected by housing problems.

Discussion

To understand which populations have a "Disproportionately Greater Need," a baseline has been established to show the percent of households in the entire Urban County that are experiencing severe housing problems. This baseline is the number of households within each income category that have one or more of the severe housing problems in the Urban County, divided by the total number of households in that income category as a whole (Table 17, Table 18, Table 19, Table 20). These baseline percentages are:

- 69.6 percent for 0% - 30% of AMI (ex. 2,661/3824,)
- 50.0 percent for 30% - 50% of AMI
- 32.6 percent for 50% - 80% of AMI
- 31.2 percent for 80% - 100% of AMI

These baseline percentages have been used to assess whether any racial ethnic group shown in the following Disproportionately Greater Need Tables (Table 17, Table 18, Table 19, Table 20) are experiencing disproportionately greater housing problems/needs.

Among extremely low-income households (0% - 30% of AMI) in the Urban County overall, 69.6 percent of households have one more severe housing problems. American Indian and Alaska Native (100 percent), and Pacific Islander (100 percent) households are disproportionately affected by these problems.

Among low-income households (31% to 50% of AMI) in the Urban County overall, 50.0 percent of households have one more severe housing problems. Black/African American (100 percent) households have one or more of the four housing problems and are disproportionately affected by these problems.

Among moderate income households (51% to 80% AMI) in the Urban County overall, 32.6 percent of households have one more severe housing problems. Black/African American (100 percent) households have one or more of the four housing problems and are disproportionately affected by housing problems.

Among middle income households (81% to 100% of AMI) in the Urban County overall, 31.2 percent of households have one more housing problems. Black/African American (61.5 percent) and American Indian and Native American (100 percent) households are disproportionately affected by housing problems in this income group.

NA-25 Disproportionately Greater Need: Housing Cost Burdens – 91.205 (b)(2)

Assess the need of any racial or ethnic group that has disproportionately greater need in comparison to the needs of that category of need as a whole.

Introduction:

A disproportionate housing need refers to any group that has a housing need which is at least 10 percentage points higher than the total population. The following tables identify the extent of housing cost burden by race.

Discussion:

Overall, in the Urban County, 34.7 percent of the households had a housing cost burden of over 30 percent (Table 21). Specifically, 20.2 percent had a housing cost burden of 30 to 50 percent, and 14.5 percent had a housing cost burden of over 50 percent. Among these households impacted with cost burden, Black/African American (64.3 percent) and Pacific Islander (59.7 percent) households were more disproportionately impacted by a housing cost burden compared to the Urban County overall.

NA-30 Disproportionately Greater Need: Discussion – 91.205(b)(2)

Are there any Income categories in which a racial or ethnic group has disproportionately greater need than the needs of that income category as a whole?

Please see discussions provided under specific needs by income group presented earlier.

If they have needs not identified above, what are those needs?

Housing needs of low- and moderate-income minority households have been previously identified.

Are any of those racial or ethnic groups located in specific areas or neighborhoods in your community?

Figure 1 identifies the Low- and Moderate-Income Areas in Monterey County. As shown, unincorporated areas are concentrated along the central portion of the coastline south of Big Sur; in the northern areas of the County in and around Salinas, Castroville and Prunedale; and the easter

A minority "concentration area" is defined as an area whose proportion of minority population is greater than the overall Monterey County average (71 percent). The minority concentration areas in the Urban County (Figure 2) range from 73 percent near the community of Pinedale to 99 percent in the City of Greenfield. As can be seen from the figures, many of the of the low- and moderate-income areas were also identified as minority concentration areas

NA-35 Public Housing – 91.205(b)

Introduction

The Housing Authority of the County of Monterey (HACM) is a public agency that provides rental assistance and manages affordable housing throughout Monterey County. HACM also administers Housing Choice Vouchers (Section 8). The Housing Choice Voucher is a rent subsidy program that helps lower-income (up to 50 percent AMI) families and seniors pay rents in private units. Voucher recipients pay a minimum of 30 percent of their income toward their contract rent, and the local housing authority pays the difference through federal funds up to the payment standard (fair market rent) established by the HACM. The County of Monterey currently has an allocation by HUD of 4,442 Housing Choice Vouchers (HCV), and there are currently 4,091 applicants on the HCV waiting list.

HACM has converted all its public housing units to Project-Based Rental Assistance and does not currently own or operate any public housing units. The HACM has established the Monterey County Housing Authority Development Corporation (HDC) to manage former public housing developments. There are 22 properties with 1,091 units under HDC management. Approximately one-quarter of the units are restricted to farmworker families. Another quarter of the units are restricted to seniors or persons with disabilities.

Six HDC-managed affordable housing projects are located in the Urban County area.

- HDC has three properties in the unincorporated areas of the Urban County, including the 48-unit Paseo de las Rosas in Castroville and 29-unit Vista del Valle in Chualar. Two of the properties are restricted to occupancy by farmworker families and the third is restricted to seniors or persons with disabilities.
- HDC has two housing developments in Gonzales, the 20-unit Casa de Oro and 30-unit Casa Santa Lucia. Casa de Oro is restricted to seniors or persons with disabilities.
- HDC has one housing development in Greenfield, the 50 unit Los Ositos. This property is restricted to seniors.
- One development in Marina with 56 units.

Section 504 Needs Assessment: Describe the needs of public housing tenants and applicants on the waiting list for accessible units:

HACM no longer operates any public housing developments and therefore does not maintain a waitlist for public housing. As shown in Table 22, there were 566 families in the HACM-managed developments who presumably required accessibility features.

Most immediate needs of residents of Public Housing and Housing Choice voucher holders

Housing Authority County of Monterey (HACM) owned and managed six public housing projects located in the Urban County area. These projects developments were converted from Public Housing to Project-Based Rental Assistance. The HACM has established the Monterey County Housing Authority Development Corporation (HDC) to manage former public housing developments.

Updated Housing Choice Voucher data provided by the Housing Authority is available only for the entire County. The County of Monterey currently has an allocation by HUD of 4,442 Housing Choice Vouchers (HCV), and there are currently 4,091 applicants on the HCV waiting list.

Overall, the need for affordable housing in the Urban County is high, based on the extent of housing problems illustrated by the CHAS data presented earlier. Many low-income residents, particularly farmworkers and families, struggle with inadequate housing and low-wage jobs in industries like agriculture, hospitality, and tourism. In addition to affordable

housing, the service needs of Housing Choice voucher holders often include: affordable childcare and after-school recreation and enrichment programs and affordable health care, among others.

How do these needs compare to the housing needs of the population at large

Housing needs in the Urban County area generally reflect the housing needs countywide (refer to discussions above). However, many communities within the unincorporated areas are rural and isolated. Extending/improving infrastructure to better serve the Urban County residents may be more critical compared to other more urbanized cities in the County.

Discussion

NA-40 Homeless Needs Assessment – 91.205(c)

Introduction:

The Coalition of Homeless Service Providers (CHSP) is the Continuum of Care (CoC) for the Counties of Monterey and San Benito. Every two years, in the month of January, communities across the United States conduct a Point-in-Time (PIT) count of the local population experiencing homelessness. For 2024, the CoC conducted its PIT county on January 31. These counts collect information on individuals and families residing in temporary shelters and places not meant for human habitation and ultimately help the federal government to better understand the nature and extent of homelessness nationwide. As required by the HUD, jurisdictions receiving federal funding to provide homeless services, CoCs must report the findings of their local PIT count to HUD. Information gathered through the PIT survey is used by the CHSP to understand the issues associated with homelessness, including causes of homelessness, service needs of the homeless, the region's unmet housing needs, and trends over time of homelessness in the region.

A total of 2,436 persons were counted in the County of Monterey, including 553 people (23 percent) living in shelters and 1,883 unsheltered people (77 percent). Countywide, the homeless population increased by 19 percent since 2022. In the Urban County, a total of 629 persons were counted, including 443 in the unincorporated County, 162 in Marina, 21 in Greenfield, 1 in Gonzales, and 2 in Sand City. Overall, in the Urban County there were 532 unsheltered people (85 percent) and 97 sheltered people (15 percent).

If data is not available for the categories "number of persons becoming and exiting homelessness each year," and "number of days that persons experience homelessness," describe these categories for each homeless population type (including chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth):

proportion of people experiencing homelessness overall in the Urban County, it is estimated that 37 veterans experiencing homelessness live within the Urban County.

Countywide about nine percent of the population experiencing homelessness were unaccompanied Youth (225 people), which includes both minors under 18 and transition age youth (ages 19-24). The majority of unaccompanied youth are unsheltered (90 percent). NA-45 Non-Homeless Special Needs Assessment - 91.205 (b,d)

Introduction:

Certain households, because of their special characteristics and needs, may require special accommodations and may have difficulty finding housing due to special needs. Special needs groups may include the elderly, persons with disabilities, persons with HIV/AIDS, female-headed households, large households, and homeless persons and persons at-risk of homelessness.

Describe the characteristics of special needs populations in your community:

To the extent feasible, information specific to the Urban County is provided. If specific local information is not available, countywide data is used to generally depict the nature and extent of a special needs group.

Elderly: According to the 2019-2023 American Community Survey, about 15 percent of the County population was 65 years and over. Approximately 11 percent of the seniors 65 years and over had incomes below the poverty level. Furthermore, the 2019-2023 ACS indicates that 30 percent of persons 65 years and over had one of more disabilities. Ambulatory difficulties (18 percent), independent living difficulties (13 percent), and hearing difficulties (12 percent) were the most prolific disabilities among elderly.

Persons with Disabilities: According to the 2019-2023 ACS, nine percent of the population in Monterey County was affected by one or more disabilities. Among persons living with disabilities, independent living difficulties were the most prevalent (4.6 percent), followed closely by ambulatory difficulties (4.5 percent), and cognitive difficulties (3.8 percent). According to the Monterey County 2024 Homeless Point-in-Time Census & Survey, 52 percent of homeless survey respondents reported having at least one disabling condition.

Large Households: Large households are those with five or more members. According to CHAS data, approximately 17 percent of the households in the Urban County were large households. Of these, 41 percent had incomes below 100 percent of AMI.

Single-Parent Households: According to the 2019-2023 ACS, about 21 percent of households countywide were headed by single parents, the large majority of which were headed by females (68 percent). Data from the 2019-2023 ACS indicates that approximately 38 percent of female-headed households (5,016 households) with children in Monterey County had incomes below the poverty level.

Victims of Domestic Violence: The State of California Department of Justice recorded over 1,400 domestic violence-related calls for assistance in Monterey County in 2023. Histories of domestic violence and partner abuse are prevalent among individuals experiencing homelessness and can be the primary cause of homelessness for many. The 2024 Monterey County Homeless Point-in-Time Census and Survey found that six percent of 315 survey respondents reported currently experiencing domestic/partner violence or abuse and 34 percent reported having experienced domestic violence in their lifetime.

Farmworkers: According to the draft 2023-2031 Monterey County Housing Element, there are 26,929 agricultural workers in Monterey County and 18% are migrant workers. Farmworker occupations make up roughly 15 percent of the unincorporated County's employed population. Farmworkers are predominantly housed in the Salinas Valley, Watsonville, and Castroville near the agricultural fields. The Housing Authority of Monterey County operates 215 migrant and permanent farm labor housing units to support the housing needs of farmworkers.

The Farmworker Housing Study and Action Plan for Salinas Valley and Pajaro Valley conducted in 2018 identified current needs and strategies to provide sufficient affordable farmworker housing over the next 10 years, including for farmworkers in Monterey County. Survey data associated with the Action Plan found that 89 percent of farmworker households were renters and 93 percent of farmworker households were overcrowded. A survey of 420 farmworkers found that the median annual income was below $25,000 and 80 of farmworkers live in the region year-round.

Persons with Alcohol/Substance Abuse Addictions: The 2022 Monterey County Health Need Assessment (CHNA) is a comprehensive report on the health needs in Monterey County. The CHNA reports on a number of factors related to alcohol and substance abuse. According to the CHNA, a total of 26 percent of adults in the County are excessive drinkers. The CHNA reports that 6.1 percent of adults in the County have used an illicit drug in the past month and 11.2 percent of adults in Monterey County have used a prescription opioid in the past year. Illicit drug use was highest among very low income and LGTBQ+ residents, and opioid use was highest among very low income, Asian and LGBTQ+. Substance use has had a "great deal" of impact on 12 percent of the population in Monterey County. Among the County's homeless population, 40 percent reported having a substance use disorder, according to the 2024 Homeless Point-In-Time Count and Survey.

Veterans: According to the 2019-2023 ACS, 4.5 percent (14,289 people) of the Monterey County population were veterans. Approximately six percent (146 people) of the homeless persons identified in the 2024 Monterey County Homeless Census and Survey were veterans, the majority of which (55 percent) were unsheltered. This is a decrease since the 2022 and 2019 counts.

What are the housing and supportive service needs of these populations and how are these needs determined?

The housing and supportive service needs of these populations are determined through a combination of data analysis, surveys, public hearings, and similar outreach. Information is gathered from a variety of sources, including those listed in the overview above.

Elderly

As with all populations in the County, high housing costs are a challenge for older people. In the Urban County, over 4,600 elderly households within incomes less than 80 percent of AMI are cost burdened or severely cost burdened. Because seniors are more likely to have a fixed income, they may be less able to respond easily to increases in housing costs. In addition, older people are more likely to have ambulatory and independent living difficulties. This indicates a need for programs to assist with maintenance and repairs for lower income elderly homeowners, as well as programs to improve accessibility within owner and renter homes, and/or provide supportive services such as home healthcare and transportation services. Specialized housing such as assisted living facilities or congregate care homes are also needed for this population, who may also require relocation assistance to move into these facilities or into homes that better accommodate their mobility needs. Older populations are also more vulnerable to health impacts from disease and chronic conditions, but due to low levels of health insurance in the County they may have difficulty accessing and paying for adequate healthcare.

Resources for elderly residents in the Urban County include:

- ECHO – provide fair housing information and education
- Legal Services for Seniors – provide direct legal services to low-income seniors

- Alliance on Aging (AOA) - will expand its presence by securing a location in UMC of Gonzales where staff can provide direct services to older adults on a regularly scheduled basis. Clients will have access to the full range of AOA's services at this site. The program services AOA offers to provide financial relief to older adults through tax refunds, lower-cost health coverage, benefit and discount programs, and the fact that services are at no cost to the senior.
- CHISPA: Non-profit housing developer in Monterey County that offers affordable rentals for families and seniors who qualify by income.

Persons with Disabilities

Ambulatory difficulties, cognitive difficulties, and independent living difficulties were the more prevalent disability types in Monterey. Disabled persons could benefit from universal design accommodations, adaptive equipment, or other features in their home. These individuals and their families would also benefit from a variety of supportive services including health care programs, respite care, special education services, independent living assistance, and transportation services. Due to low levels of health insurance in the County they may have difficulty accessing and paying for adequate healthcare.

Resources for persons with disabilities in the Urban County include:

- Central Coast Center for Independent Living (CCCIL) will provide housing and case management services to people with disabilities in the County.
- Interim, Inc – Permanent Supportive Housing: Permanent supportive housing, emergency shelter, crisis
- residential, and transitional housing for individuals with severe mental illness. This program has apartments and shared housing available.
- Residential Care Facilities:
    - Adult care, residential care and adult daycare facilities are located in the following Urban County Areas:
        - Various unincorporated areas (19 facilities with a total of 346 beds)
        - Carmel Valley (2 facilities with a total of 10 beds)
        - Castroville (2 facilities with a total of 10 beds)

Large Households

In the Urban County, over 2,100 large households within incomes less than 80 percent of AMI are cost burdened or severely cost burdened, and overcrowding or severe overcrowding is a problem for over 3,300 households in the Urban County. This indicates a particular need for affordable housing that can accommodate larger households.

Resources for large families in the Urban County include:

- Bay Area Community Services: Operates the SHARE Center, Monterey County's largest housing navigation center.
- Catholic Charities of the Diocese of Monterey: Eviction prevention assistance, financial education, nutrition education, and assistance with Covered California and CalFresh applications. Rental assistance is available November – March.

Programs include temporary cash assistance for needy families (cashaid), general assistance, Medi-Cal, CalFresh, and CalWORKs.Eligibility for these public benefits is based on income and resource levels.

Single-Parent Households

Single-parent households in Monterey County are more likely to have incomes below poverty level compared to married-couple families (31 percent of single-parent families vs. 6 percent of married-couple families according to the 2019-2023 ACS). Single-parent households typically have needs for affordable housing, quality childcare and other youth services, as well as transportation services.

Resources for Single-Parent Households (in addition to services included above):

- Gathering for Women: enter with support services and refuge for women experiencing housing insecurity in the Monterey Peninsula. The center provides women with a caring community, meals, showers, needed clothing, case management, comprehensive resource support, limited emergency assistance, education to promote their health and safety, and connections to community service providers.

Victims of Domestic Violence

Victims of domestic violence often need transitional housing and other supportive services (such as legal, counseling, affordable childcare, and employment training) to help them leave the abusive environment, gain financial self-sufficiency, and avoid homelessness. The Domestic Violence Coordinating Council of Monterey County improves coordination between agencies/departments/the courts to better service victims of domestic violence. The Council may establish procedures, conduct reviews, develop policies, and take all other actions necessary to further the board objectives of responsiveness to domestic violence and related issues.

Resources for Domestic Violence Victims (in addition to those resources listed above):

- The program offers assistance with rent, security deposit, utilities, and childcare payments and gives victims of domestic violence and human trafficking the tools they need to become financially stable.

Farmworkers

Low wages for agricultural jobs and insufficient affordable housing are a particular challenge for the County's farmworker population. The Farmworker Housing Study and Action Plan for Salinas Valley and Pajaro Valley identified permanent housing for year-round farmworkers as the greatest need for this population, particularly for married couples and couples with children.

Resources for Farmworkers (in addition to those resources listed above):

- Housing Authority of the County of Monterey (HACM): The HACM operates Migrant and Permanent Farm Labor units for a total of 215 housing units for farmworker households.

Persons with Drug/Alcohol Addictions

Substance abuse services (such as rehabilitation) and prevention services are needed in conjunction with housing for people recovering from addiction. Due to low levels of health insurance in the County they may have difficulty accessing and paying for adequate healthcare to address the physical and mental health problems associated with addiction.

Resources for Persons with Drug/Alcohol Additions (in addition to those resources listed above):

- The Boys and Girls Club of Monterey County will offer the Skills Mastery and Resistance Training (SMART) program to youth. The SMART programs have been identified by the Center for Substance Abuse (CSAP) as a model program and are recognized in the National Registry of Effective Prevention Programs.

Veterans

About six percent of veterans in Monterey County have incomes below poverty level and have a particular need for affordable housing at their income level. In addition, about 33 percent have at least one disability, and will have needs consistent with other people with disabilities.

Resources for Veterans (in addition to those resources listed above):

- The Veterans Transition Center in Marina - regional hub for veterans' service delivery. The center provides necessary support services and housing programs including emergency, transitional, and permanent supportive housing for veterans.

Housing Market Analysis

MA-05 Overview

Housing Market Analysis Overview:

The Urban County had a total housing stock of 46,069 units in 2020. Overall, the housing stock is comprised of about 81 percent single-family units (detached and attached), 12 percent multi-family units, and seven percent mobile homes. Approximately 68 percent of the housing units are owner-occupied, and 32 percent are renter-occupied. The housing stock in the Urban County is relatively old, with 56 percent of the housing units built prior to 1980, indicating a significant portion of the units may require substantial rehabilitation and upgrading.

While unemployment rates have improved in recent years, the regional economy has restructured and mismatches between jobs and skill sets exist. According to the 2016-2020 ACS, the unemployment rate in the Urban County was at 5.7 percent, compared to 5.1 percent in Monterey County and 6.2 percent in the State. The housing market is directly tied to the local and regional economy. Unemployment and underemployment will continue to impact the local and regional economy in the near future.

MA-10 Number of Housing Units – 91.210(a)&(b)(2)

Introduction

According to 2016-2020 ACS data, much of the Urban County's housing stock is comprised of single-family attached and detached homes (81 percent). Multi-family housing accounts for only 12 percent of total housing units in the Urban County and a majority of these dwelling units are in smaller multi-family structures containing fewer than 20 units. Mobile homes also make up a sizable portion of the housing stock in the Urban County (7 percent). Also, a vast majority (83 percent) of the Urban County's ownership housing was comprised of larger units (i.e. with three or more bedrooms). By comparison, only 44 percent of the Urban County's rental housing was comprised of larger units.

The Housing Authority of the County of Monterey (HACM) converted all public housing units countywide to Project-Based Rental Assistance. The former public housing units are now managed by the Monterey County Housing Authority Development Corporation (HDC). The 2023-2031 Monterey County Housing Element provides an inventory of assisted units located in unincorporated Monterey County. According to the Housing Element, there are 832 assisted units in the County serving families, the elderly, disabled, and farmworkers.

Table 29 – Assisted Units – Unincorporated Monterey County

Provide an assessment of units expected to be lost from the affordable housing inventory for any reason, such as expiration of Section 8 contracts.

The majority of the units managed by HDC and other privately owned affordable units have long-term affordability covenants due to the funding sources used (HOME, Redevelopment Housing Set-Aside, and Low Income Housing Tax Credits), which require long-term deed restrictions of low income use, or due to the requirement of the County's inclusionary housing requirements. No project is considered at risk of converting to market-rate housing during the next 10 years.

Does the availability of housing units meet the needs of the population?

Housing costs in Monterey County continue to rise at a faster rate than households incomes, in part due to the high portion of workers in lower-paying sectors such as agriculture and service, along with elevated housing prices due to the desirability of a County as a vacation destination. Households with incomes below 80 percent of AMI account for approximately 39 percent (15,439) of all households in the Urban County, and 70 percent of Urban County households have a cost burden over 30 percent of income, showing that the Urban County has a significant need for affordable housing that is not being met. In addition, there are currently over 4,000 applicants on the waiting list for Housing Choice Vouchers from the County,

There is a particular unmet need for larger rental units, as currently 34 percent of renter households in the Urban County are overcrowded or severely overcrowded. Further, with more than half of the housing units older than 45 years of age, a large portion of the Urban County's housing stock may need substantial rehabilitation and emergency repair, further contributing to high housing costs and potentially reducing the availability of high-quality housing in the County.

Describe the need for specific types of housing:

In addition to an overall need for more affordable housing throughout Monterey County, there are certain populations in the County that have specific housing needs, including farm workers, seniors, larger households, disabled people, and single female headed households. Typically, these populations have lower incomes and require housing affordable at their income levels. There are also overlaps between these populations, and they may have similar housing needs. For example, many seniors in the County also have a disability, and require housing with accommodations to support their physical needs, homes affordable on lower incomes, and homes in physical proximity to services and transportation.

Discussion

See discussion above.

MA-15 Housing Market Analysis: Cost of Housing - 91.210(a)

Introduction

One of the most important factors in evaluating a community's housing market is the cost of housing and, even more significant, whether the housing is affordable to households who live there or would like to live there. Housing problems directly relate to the cost of housing in a community. If housing costs are relatively high in comparison to household income, a correspondingly high prevalence of housing cost burden and overcrowding occurs.

As discussed in the 2023-2031 Housing Element, Zillow home price data shows median home prices in the County were $827,005 in June 2024. There were large price increases during the COVID-19 pandemic, with median home prices in the County increasing by 39 percent between 2020 to 2024, from approximately $600,000 to $800,000. Since 2014, median home prices increased by 95 percent, while median income for a family of four in Monterey County has increased by 50 percent. Rent prices have also increased significantly over the past decade, particularly from 2021 to 2024, when median rent in the County increased by 23 percent, from $2,131 to $2,622.

Is there sufficient housing for households at all income levels?

Table 6 shows the number of households by income level in the Urban County and Table 32 shows the number of available units affordable for each income level in the Urban County. According to the CHAS data, mismatches in terms of supply and affordability exist in the Urban County. There are 3,780 households earning less than 30 percent of AMI in the County (**Error! Reference source not found.**); however, there are only 538 dwelling units affordable to those a t this income level (Table 32). Similarly, there are 4,825 households earning between 31 and 50 percent of AMI and only 2,917 housing units affordable to those at this income level. While there are adequate units available for households earning 51-80 percent of AMI (8,815 units for 6,834 households), there were not enough units available for households earning 81-100 percent of AMI (2,706 units for 3,714 households). In addition, a housing unit affordable to a particular income group does not mean the unit is actually occupied by a household in that income group. Therefore, the affordability mismatches may be more severe than what is presented by the CHAS data.

How is affordability of housing likely to change considering changes to home values and/or rents?

Both mortgage and rent costs have increased at a faster pace than incomes in Monterey County over the past several years. Constraints such as limited availability of developable land, increases the prices of construction materials, higher interest rates, and lack of public subsidies for affordable housing developers mean that this pattern of rising housing costs is likely to continue, and lack of housing affordability will be a significant problem in the County in the coming years.

How do HOME rents / Fair Market Rent compare to Area Median Rent? How might this impact your strategy to produce or preserve affordable housing?

Based on a survey of rental listings on Zillow and Realtor.com in February 2025, market rents in the Urban County area vary by location and bedroom size, with median market rents ranging from $2,198 for efficiency (0-bedroom) units to $7,000 for units with four or more bedrooms. However, the price range is influenced in parts of the unincorporated county by extreme luxury rentals with monthly costs of $20,000 or more. For example, in the unincorporated county there are currently 9 rental properties with four or more bedrooms available, and the range of rents is from a minimum of $4,700 per month to a maximum of $55,000 per month.

Market rents for efficiency, one-bedroom, and two-bedroom units are generally comparable to HUD Fair Market Rents, while market rents for units with three or more bedrooms exceed Fair Market Rents. While the Urban County desires

to de-concentrate affordable housing, market economics dictate that affordable housing may not be financially feasible or cost-effective in certain locations.

Discussion

Table 9 shows that there are 5,318 renter households and 4,163 owner households in the Urban County with a housing cost burden greater than 30 percent. In addition, Table 10 shows that there are 1,277 renter households and 1,964 owner households with a housing cost burden greater than 50 percent. Paying a disproportionate amount of money for housing can impact quality of life and lead to additional housing problems such as overcrowding.

MA-20 Housing Market Analysis: Condition of Housing – 91.210(a)

Introduction

To adequately meet the needs of residents, housing within a city should be in usable condition without hazards such as lead-based paint. Housing units in poor condition create a risk to residents, as well as potential costs to the County or housing providers. This section documents the condition of housing throughout Monterey County.

Describe the jurisdiction's definition of "standard condition" and "substandard condition but suitable for rehabilitation":

The term "standard housing condition" is defined as a dwelling unit being in conformance with California State Health and Safety codes. Under that definition, substandard conditions pursuant to the State Health and Safety Code 17920.3, would involve a dwelling with any of the following conditions that would pose a danger to health or safety: (a) inadequate sanitation, (b) structural hazards, (c) nuisances, (d) wiring, (e) plumbing, (f) mechanical equipment, (g) faulty weather protection, (h) risk of fire or explosion, and other unsafe conditions. A substandard unit is generally considered suitable for rehabilitation if the cost of rehabilitation does not exceed 75 percent of the unit's replacement value.

Need for Owner and Rental Rehabilitation

Housing age can indicate general housing conditions within a community, as housing is subject to gradual deterioration over time. Typically housing over 30 years in age is likely to need rehabilitation work to major elements of the structure, such as roofing, siding, plumbing and electrical systems. According to 2016-2020 CHAS data, a majority of the Urban County's housing stock was constructed prior to 1980. Approximately 49 percent of owner-occupied housing and 44 percent of renter-occupied housing in the Urban County is over 45 years old (built before 1980).

Table 7 presents the number of housing units in Monterey County with one or more housing problems, including: 1) lack of complete plumbing facilities, 2) lack of complete kitchen facilities, 3) more than one person per room, and 4) cost burden greater than 30 percent. As presented, approximately 34 percent of owner units have one or more of these problems (or "conditions"), and approximately 58 percent of renter units have one or more problems. For lower and moderate-income households (households earning up to 100 percent of AMI), cost burden is the primary housing problem, with 63 percent of renter households and 80 percent of owner households having a cost burden over 30 percent of income.

Estimated Number of Housing Units Occupied by Low- or Moderate-Income Families with LBP Hazards

Housing age is the key variable used to estimate the number of housing units with lead-based paint (LBP). Starting in 1978, the federal government prohibited the use of LBP on residential property. The potential for housing to contain LBP varies depending on the age of the housing unit. A national study by the Environmental Protection Agency estimates that 60 percent of all residential structures built prior to 1980 contain LBP. Housing built prior to 1940, however, is much more likely to contain LBP (estimated at 87 percent of housing units). Not all units with LBP present a hazard. Properties most at risk include structures with deteriorated paint, chewable paint surfaces, friction paint surfaces, and deteriorated units with leaky roofs and plumbing.

According to the 2016-2020 ACS, approximately 57 percent of owner-occupied housing and 55 percent of renter-occupied housing in the Urban County was built prior to 1980. Using the 60 percent national average of potential LBP hazard, an estimated 14,557 units (9,197 owner-occupied units and 4,250 renter-occupied units) may contain LBP. Of the total units built before 1980, 13 percent of owner-occupied units and 15 percent of renter-occupied units have children present.

Discussion

In 2022 a windshield survey was conducted of homes throughout 19 County unincorporated residential areas to review the condition of homes from the public right-of-way. This survey was limited strictly to what was visible from the street, and did not include an evaluation of the interior of any residential structures. As described in the 2023-2031 Monterey County Housing Element, County staff surveyed about 1,150 homes for visible signs of overdue maintenance or minor damage to the residential. Of these, 67 percent were considered in sound condition (no visible signs of overdue maintenance or minor damage to the residential structure's exterior, foundation, roof, or windows and doors as visible from the street). However, 58 parcels (above 5 percent of those surveyed) showed signs of damage including electrical box issues, peeling paint/stucco, window and/or door damage, roof deterioration, and foundational damage.

The following information is available about housing conditions in the participating cities from the 2023-2031 Housing Elements.

- City of Gonzales: Of the City's 2,312 housing units, 1,849 (80 percent) are 25 years or older with 852 units (37 percent) 45 years or older. Repairs and maintenance become necessary as housing ages, particularly for units more than 30 years old.
- City of Greenfield: Of the City's 4,565 housing units, approximately 2,668 units (58 percent) are 25 years or older, with 1,165 units (25 percent) 45 years or older. An updated conditions survey in 2016 found that 15 percent of units were in minor need of rehabilitation, 14 percent were in moderate need of rehabilitation, 12 percent were in substantial need of rehabilitation and less than one percent were in dilapidated condition.
- City of Marina: Of the City's 7,777 housing units, 7,175 (92 percent) are 25 years or older, with 4,268 units (55 percent) 45 years or older. The City's Building Department estimates that about 180 units (three percent of the total housing stock) require substantial rehabilitation or replacement.
- City of Sand City: Of the City's 176 units, 107 (61 percent) was built prior to 2000. A windshield survey in 2023 found that approximately six residential structures are in need of rehabilitation.

MA-25 Public and Assisted Housing – 91.210(b)

Introduction

The Housing Authority of the County of Monterey (HACM) is a public agency that provides rental assistance and manages affordable housing throughout Monterey County. HACM also administers Housing Choice Vouchers (Section 8). The Housing Choice Voucher is a rent subsidy program that helps lower-income (up to 50 percent AMI) families and seniors pay rents in private units. Voucher recipients pay a minimum of 30 percent of their income toward their contract rent, and the local housing authority pays the difference through federal funds up to the payment standard (fair market rent) established by the HACM. The County of Monterey currently has an allocation by HUD of 4,442 Housing Choice Vouchers (HCV), and there are currently 4,091 applicants on the HCV waiting list. HACM has converted all its public housing units to Project-Based Rental Assistance and does not currently own or operate any public housing units.

Describe the supply of public housing developments:

Beginning in 2015, the HACM initiated the process of converting the public housing developments into project-based rental assistance units. That conversion process has been completed. The HACM has established the Monterey County Housing Authority Development Corporation (HDC) to manage former public housing developments. There are 22 properties with 1,091 units under HDC2 management. Approximately one-quarter of the units are restricted to farmworker families. Another quarter of the units are restricted to seniors or persons with disabilities. Six HDC2-managed affordable housing projects are located in the Urban County area.

- HDC has three properties in the unincorporated areas of the Urban County, including the 48-unit Paseo de las Rosas in Castroville, and 29-unit Vista del Valle in Chualar. Two of the properties are restricted to occupancy by farmworker families and the third is restricted to seniors or persons with disabilities.
- HDC has two housing developments in Gonzales, the 20-unit Casa de Oro and 30-unit Casa Santa Lucia. Casa de Oro is restricted to seniors or persons with disabilities.
- HDC has one housing development in Greenfield, the 50-unit Los Ositos. This property is restricted to seniors.
- There are currently no housing developments located in Sand City or Del Rey Oaks.

As of 2025, all public housing has been converted into project-based rental assistance units. There are no longer public housing developments in the Urban County.

Describe the number and physical condition of public housing units in the jurisdiction, including those that are participating in an approved Public Housing Agency Plan:

There are no longer public housing units in the jurisdiction.

Public Housing Condition

Table 39 - Public Housing Condition

Describe the restoration and revitalization needs of public housing units in the jurisdiction:

HACM converted all public housing units countywide to Project-Based Rental Assistance under the RAD program to make improvements and provide a long-term subsidy for the projects and preserve their affordability. As such, restoration and revitalization needs were addressed in the rehabilitation of the units at conversion.

Describe the public housing agency's strategy for improving the living environment of low- and moderate-income families residing in public housing:

The HACM no longer administers the Public Housing Program. All public housing units countywide have been converted into Project-Based Rental Assistance.

MA-35 Special Needs Facilities and Services – 91.210(d)

Introduction

A variety of services and facilities targeting persons with special needs are available in Monterey County. However, most services and facilities are located in the more urbanized portions of the County, in service hubs such as Salinas and Monterey. Many Urban County residents have difficulty accessing these available services and facilities.

Including the elderly, frail elderly, persons with disabilities (mental, physical, developmental), persons with alcohol or other drug addictions, persons with HIV/AIDS and their families, public housing residents and any other categories the jurisdiction may specify, and describe their supportive housing needs

Elderly: According to the 2019-2023 American Community Survey, approximately 11 percent of the seniors 65 years and over had incomes below the poverty level. The Elder Economic Security Standard Index (Elder Index), which estimates the County's senior poverty by measuring how much income is needed for a senior with a given living arrangement and geographic location to adequately meet his or her basic needs, also shows that Monterey County seniors have expenses above the national average, with housing making up the highest portion of these expenses for most seniors. In addition, the 2019-2023 ACS indicates that 30 percent of persons 65 years and over had one of more disabilities. Ambulatory difficulties (18 percent), independent living difficulties (13 percent), and hearing difficulties (12 percent) were the most prolific disabilities among elderly.

Low incomes and high housing costs mean Monterey County seniors may struggle to afford housing, as well as associated costs such as utilities, maintenance, and repairs. Adding to these costs are modifications required to address access for disabled seniors, who may require specialized changes to their homes in order to age in place. Seniors living at home may need additional services to maintain their quality of life, such as food delivery, in-home medical care, and assistance with regular cleaning and maintenance. For those who can no longer live independently, full-time care, supportive housing, and assisted living facilities are necessary.

Persons with Disabilities: According to the 2019-2023 ACS, nine percent of the population in Monterey County was affected by one or more disabilities. Among persons living with disabilities, independent living difficulties were the most prevalent (4.6 percent), followed closely by ambulatory difficulties (4.5 percent), and cognitive difficulties (3.8 percent). According to the Monterey County 2024 Homeless Point-in-Time Census & Survey, 52 percent of homeless survey respondents reported having at least one disabling condition.

People with disabilities often have limited incomes, but extensive needs for a variety of services. In general, disabled persons could benefit from special modifications, adaptive equipment, or other features in their home. If living at home, these individuals and their caregivers also may require supportive services including health care and health programs, respite care, special education services, independent living assistance, and transportation services. Those unable to live independently or at home with a caregiver may require specialized group housing with supervision or other support on site.

Persons with Alcohol/Substance Abuse Addictions: The 2022 Monterey County Health Need Assessment (CHNA) reports that a total of 26 percent of adults in the County are excessive drinkers, 6.1 percent of adults in the County have used an illicit drug in the past month, and 11.2 percent of adults in Monterey County have used a prescription

opioid in the past year. Among the County's homeless population, 40 percent reported having a substance use disorder, according to the 2024 Homeless Point-In-Time Count and Survey.

Persons with drug and alcohol abuse may require supportive housing on a short-term basis while they are undergoing rehabilitation. Additionally, sober living homes provide a safe, supportive place to live while recovering from alcohol and drug addiction. Persons with alcohol and drug addictions would benefit from recovery programs that include mental health services.

Persons with HIV/AIDS: According to the California HIV Surveillance Report for 2022, the number of persons living with diagnosed HIV infection in Monterey County totaled 791. While persons with HIV are typically able to live independently without special accommodations, those living with AIDS may require additional support, such as in-home care, financial assistance, or counseling services as their health conditions deteriorate.

Describe programs for ensuring that persons returning from mental and physical health institutions receive appropriate supportive housing

Discharge planning for people exiting acute physical and mental health treatment is critical to ensure individuals are linked with the housing and services they need to achieve ongoing housing stability. Hospital staff coordinate with local social service and housing providers to guide patients to the appropriate service when they leave the hospital. The Coordinated Assessment and Referral System (CARS), which matches individuals experiencing homelessness to appropriate resources through a standardized triage assessment, can also be accessed from participating hospitals.

Some of the options available to people returning from mental and physical health institutions include:

- Community Homeless Solutions - Central Coast Respite Center
  - Provides short-term shelter for homeless adults discharged from Community Hospital of the Monterey Peninsula (CHOMP), Natividad Medical Center, or Salinas Valley Memorial Hospital (SVMH) who need continued recovery time.
  - Offers case management, meals, and supportive services to help patients transition to stable housing.
- Interim, Inc. – Bridge House
  - 24-hour adult residential treatment for individuals recovering from both a mental illness and a substance use disorder.
  - Focuses on mental health stabilization, independent living skills, and relapse prevention.
- Interim, Inc. – Manzanita House
  - Short-term crisis residential alternative to inpatient psychiatric care for people with psychiatric disabilities experiencing mental health crises
  - Focuses on mental health stabilization, independent living skills, and long-term recovery planning.
- Veterans Transition Center
  - Provides a variety of housing programs for veterans in need of transitional housing, including those with a mental health diagnosis, substance use disorders, multiple diagnosis.
  - Offers case management, job training, and housing placement services as needed.

Specify the activities that the jurisdiction plans to undertake during the next year to address the housing and supportive services needs identified in accordance with 91.215(e) with respect to persons who are not homeless but have other special needs. Link to one-year goals. 91.315(e)

Given the limited CDBG funding, the Urban County proposes to focus CDBG public service funds for FY 2025-2026 on homeless services, homeless prevention, and services for low- and moderate-income residents.

For entitlement/consortia grantees: Specify the activities that the jurisdiction plans to undertake during the next year to address the housing and supportive services needs identified in accordance with 91.215(e) with respect to persons who are not homeless but have other special needs. Link to one-year goals. (91.220(2))

In FY 2025, the Urban County intends to fund the following housing and supportive services projects and programs:

- Services for low- and moderate-income residents; and
- Fair housing services; and
- Homeless prevention services.

MA-40 Barriers to Affordable Housing – 91.210(e)

Negative Effects of Public Policies on Affordable Housing and Residential Investment

Lack of Affordable Housing Funds

The high construction and land costs in Monterey County render the need for substantial subsidies for affordable housing. However, the availability of funding for affordable housing has been severely affected by the dissolution of redevelopment agencies in the State of California.

State and Federal Davis-Bacon Prevailing Wages

The State Department of Industrial Relations (DIR) expanded the kinds of projects that require the payment of prevailing wages. Prevailing wage adds to the overall cost of development. A prevailing wage must also be paid to laborers when federal funds are used to pay labor costs for any project over $2,000 or on any multi-family project over eight units. Based on discussions with developers, various prevailing wage requirements typically inflate the development costs by 35 percent.

Environmental Protection

State law (California Environmental Quality Act, California Endangered Species Act) and federal law (National Environmental Protection Act, Federal Endangered Species Act) regulations require environmental review of proposed discretionary projects (e.g., subdivision maps, use permits, etc.). Costs resulting from the environmental review process are also added to the cost of housing. Recent State legislation has aimed to streamline affordable housing development, including exempting certain projects from CEQA processing.

California Coastal Act of 1976

The State legislature enacted the Coastal Act in 1976 to protect California's coastline from development encroachment through long-term and comprehensive planning. The Act establishes a coastal zone, outlines standards for development in the coastal zone, and created the Coastal Commission – the State agency tasked with implementing the Act in partnership with local governments. Approximately 197,343 acres, or 10 percent of the County's land area, are located within the coastal zone. The Coastal Act's numerous regulatory requirements and limitations on the types and densities of new construction in the coastal zone and potential for appeals resulting in additional layer of project review by an outside agency are a significant constraint on housing development in Monterey County.

Land Use Policies

Local land use policies could be a constraint to housing development when the requirements for parking, height limit, density, and setbacks result in limiting the number of housing units that can be feasibly constructed on site. Recent changes in State law now require local jurisdictions to develop objective standards to facilitate housing development.

Planning and Development Fees

Planning and development impact fees, such as for transportation, water, and sewer infrastructure improvements, often add to the overall cost of development. Many jurisdictions waive, reduce, or defer fees for affordable housing.

Permit and Processing Procedures

Builders and developers frequently cite the cost of holding land during the evaluation and review process as a significant factor in the cost of housing. Processing times vary with the complexity of the project. Recent changes to State law require jurisdictions allow certain types of housing by right without discretionary review as a way to streamline housing development.

MA-45 Non-Housing Community Development Assets – 91.215 (f)

Introduction

The Urban County business and economic diversity is limited as it is heavily characterized by agricultural-based activity. The largest sector in Monterey Urban County is agriculture, providing 49 percent of the share of jobs in the County. An estimated 18 percent of this agricultural employment is sourced from the Urban County communities (Table 41).

Employment opportunities in the Urban County are estimated to represent about 20 percent of the jobs available countywide. Certain sectors (Education and Health Care Services; and Retail Trade) have higher unemployment rates, based on the number of workers compared to the number jobs available.

According to 2016-2020 ACS data in Table 42, the Urban County's unemployment rate in 2020 was 5.68. The unemployment rate in the Urban County fell from over seven percent in 2015 and remains comparable to the unemployment rates for the County and State. Unemployment is highest among young adults between 16 and 24 years of age.

Based on the Business Activity table above, what are the major employment sectors within your jurisdiction?

According to the Business Activity table above, the "Agriculture, Mining, Oil & Gas Extraction" and "Arts, Entertainment, Accommodations" sectors employ the most residents in the Urban County. The County heavily relies on agricultural activity as its economic base.

The employment related to "Retail Trade" is primarily tied to the tourism industry in the wealthy coastal Monterey peninsula area (Monterey, Pacific Grove, Pebble Beach, Carmel) and Carmel Valley areas of Monterey County. Approximately 15 percent of the local workforce is employed in the Retail Sector, and the Urban County provides 14 percent of the share of jobs in this sector.

Describe the workforce and infrastructure needs of the business community:

In June 2021, the County of Monterey established a 2021-2026 Countywide Comprehensive Economic Development Strategy (CEDS). A Year 2 CEDS Update (2022-2023) was published in June 2024. According to the Year 2 Update, despite the unprecedented challenges posed by disruptions in supply chains, labor shortages, and fluctuating

consumer demand in recent years, the County's diverse array of agricultural products continued to sustain local economies and contribute significantly to the state's food production. Agriculture sector employment reached an all-time high in 2022 with 62,356 jobs, which represented an 8.3% increase from a pandemic low of 57,556 jobs. At the same time, the sector is grappling with the impacts of climate change, water scarcity, and a regulatory environment that can at times make it harder to compete on a global scale. Land use constraints and housing shortages also threaten the sector's ability to plan for growth. With wage gains beginning to plateau — the 13.9 percent increase in average annual wages between 2018 and 2022 fell significantly below the 15.8 percent figure across all sectors — the ability of farmworkers to find adequate housing that is affordable and free from overcrowding grows increasingly precarious.

The Tourism & Hospitality sector has seen significant job growth since the depths of the pandemic, but it has yet to return to pre-pandemic employment levels. The CEDS Year 2 Update indicates both domestic and international tourism has generally declined in the County. Such secular trends can take a toll on sectors like Tourism & Hospitality that are more vulnerable than most to economic cycles, shocks, and the protracted effects of inflation. This partially explains why amenities that rely on local patronage repeat customers (such as bars and restaurants) experienced stronger employment rebounds than amenities like hotels that almost exclusively cater to out-of-town guests. Moreover, environmental hazards that effectively shut down tourist destinations like Big Sur have had cascading effects on the sector in the past year.

Describe any major changes that may have an economic impact, such as planned local or regional public or private sector investments or initiatives that have affected or may affect job and business growth opportunities during the planning period. Describe any needs for workforce development, business support or infrastructure these changes may create.

Jurisdictions in the County participated in a Regional Farmworker Housing Study in 2018. Farming is the County's leading economic sector. In recent years, as housing costs continue to escalate in the County, farm employers have difficulty attracting workers to the region due to the high housing costs. The Farmworker Housing Study is followed by Action Plans to expand housing opportunities to this important segment of the labor force.

How do the skills and education of the current workforce correspond to employment opportunities in the jurisdiction?

Two of the traditional economic "pillars"—agriculture and tourism—are industries that employ a larger proportion of low-skill, entry-level workers. Two pillars which are becoming increasingly important—post-secondary education and technology-based services—are industries where most positions have very high-skill requirements. The County's educational profile is heavily weighted towards each end of the spectrum—a large concentration of residents with graduate degrees, but also a very large share with high school degrees or even less education.

While education, tourism, and agriculture sectors generate the highest number of jobs, workers who live elsewhere are filling them. At the same time, high-skilled workers work outside of the County in Silicon Valley. This means that the productivity of those residents (and their daily spending) flows to the north, rather than staying the community.

The relative lack of residents with vocational or similar post-graduate training will limit employment growth. Many industries depend on workers with two-year degrees or similar certifications for support personnel—technicians,

assistants, IT specialists, etc. Monterey County is exporting its most talented human capital and ends up importing workers in mid-skilled positions. If the County wants to promote and build businesses in high-tech industries in particular, that middle tier of workers will be a critical part of the employment base.

Describe any current workforce training initiatives, including those supported by Workforce Investment Boards, community colleges and other organizations. Describe how these efforts will support the jurisdiction's Consolidated Plan.

In April 2024, County established the 2025-2028 Workforce Innovation and Opportunity Act (WIOA) Local Plan. The 2025-2028 Local Plan builds upon the vision set forth in the Regional Plan by providing a comprehensive overview of local workforce operations and processes. Key focus areas include:

- CalFresh Employment and Training services
- Coordination with Local Child Support Agencies (LCSAs)
- Alignment with the Comprehensive Integrated Employment (CIE) Blueprint to serve individuals with developmental and intellectual disabilities
- Workforce training for frontline staff, including digital fluency, distance learning, and cultural competencies
- Rapid Response and Layoff Aversion activities
- Youth workforce development initiatives
- America's Job Center of California (AJCC) Operator responsibilities

A core component of the Local Plan is the collaboration and coordination among local workforce partners to achieve the Regional Plan's vision. The plan highlights key cooperative agreements and core partnerships as defined under WIOA Section 121, including:

- WIOA Title II (Adult Education and Literacy)
- WIOA Title III (Wagner-Peyser Employment Services)
- WIOA Title IV (Vocational Rehabilitation Services)
- Carl Perkins Career and Technical Education

The Monterey County Workforce Development Board's (MCWDB) MOU with its partners establishes three priority areas to enhance coordination within the America's Job Center of California (AJCC) delivery system:

- Employer engagement: The MCWDB prioritizes employer engagement to better align workforce development efforts with the needs of local and regional industries, particularly in high-priority sectors. Key strategies include:
    - Strengthening employer engagement initiatives that connect job seekers with industry demands, with a focus on small businesses and priority industry sectors.
    - Implementing common performance measures for all partners to track employer services and engagement activities effectively.
    - Leveraging and expanding successful models such as the MCWDB's Sector Strategies, regional and local initiatives and Labor Market Information (LMI) systems to optimize employer outreach while minimizing duplication.

- Enhancing work-based learning opportunities, including internships, customized training, incumbent worker training, and apprenticeships to support workforce readiness.

- Aligning career pathways and sector strategies: The MCWDB is committed to increasing the number of individuals who obtain industry recognized credentials and degrees by aligning career pathways with regional sector strategies. These efforts include:
  - Developing career pathways with multiple entry and exit points to serve a diverse range of job seekers, including youth and adult workers.
  - Convening industry leaders to ensure training programs and curricula to meet evolving workforce demands.
  - Collaborating with community colleges and training providers to align coursework with stackable, industry-valued credentials, creating seamless career advancement opportunities.
  - Enhancing services for out-of-school and disconnected youth by expanding work experience and career opportunities in priority sectors.
  - Implementing measures to track progress toward self-sufficiency, including livable wages, retention rates, credential attainment, job quality, and customer satisfaction.
- System alignment and accountability: The MCWDB fosters system integration and continuous improvement by enhancing coordination across AJCC partners. These efforts focus on:
  - Reducing service duplication and streamlining operations through enhanced partner presence at AJCC locations and through virtual services.
  - Implementing human-centered design principles to improve customer flow, including intake, assessment, referral processes, and job placement services in demand sectors.
  - Strengthening partnerships to better serve hard-to-reach populations, including individuals with limited English proficiency and basic skills deficiencies.
  - Exploring cost-sharing strategies within the North Central Coast Regional Planning Unit to optimize resources related to procurement, staff training, web-based tools and applications, and evaluation tools.
  - Providing cross-training opportunities for AJCC staff to increase awareness and improve service delivery for priority populations, including unemployed and underemployed individuals, low-income job seekers, veterans, individuals with disabilities, youth, and other at-risk populations.

Does your jurisdiction participate in a Comprehensive Economic Development Strategy (CEDS)?

Yes.

If so, what economic development initiatives are you undertaking that may be coordinated with the Consolidated Plan? If not, describe other local/regional plans or initiatives that impact economic growth.

Planning for the Monterey County Comprehensive Economic Development Strategy (CEDS) is conducted under the authority of the Monterey County Board of Supervisors. The 2021-2026 CEDS identified the following goals for the County:

1. Build a Countywide Economic Development Capacity
   a. Objective 1.1: Create a public-private partnership charged with economic planning and development.
   b. Objective 1.2: Ensure Monterey County's economic development ecosystem is resilient in the face of evolving challenges.

2. Build, Support, and Retain a Robust and Adaptable Monterey County Workforce
    a. Objective 2.1: Create a talent pipeline for high school and college students through curricula and experiences geared toward more advanced opportunities in local, living-wage industries.
    b. Objective 2.2: Foster adult career pathways for residents interested in pursuing higher-paying jobs outside Agriculture, Hospitality, and Tourism.
    c. Objective 2.3: Improve tech, digital, and financial literacy training for small businesses and the workforce.
3. Address Housing Shortage, Affordability, and Barriers to New Development
    a. Objective 3.1: Foster dialogue and cooperation on housing needs and housing issues through active communication, regional working groups between all stakeholders inclusively.
    b. Objective 3.2: Promote alternative housing tenure and/or housing types for seasonal workers over the next five years to stabilize the Agriculture, Tourism, & Hospitality workforce.
    c. Objective 3.3: Change regulations to remove barriers, streamline processing, and reduce costs of housing development.
4. Foster Development of Growing Established and Emerging Clusters
    a. Objective 4.1: Expedite advanced technology innovation ecosystems in Monterey County.
    b. Objective 4.2: Expand value-added manufacturing and processing in Salinas Valley.
    c. Objective 4.3: Create and continue to support cross-sectoral opportunities between the Agriculture and Tourism sectors in Coastal Monterey.
    d. Objective 4.4: Create a regulatory compliance task force for the agriculture cluster.
5. Strengthening Small Business and Entrepreneurship Environment
    a. Objective 5.1. Ensure that the region has a robust support structure for business development and entrepreneurship in addition to workforce development programs.
    b. Objective 5.2: Ensure a resilient and equitable business ecosystem.
6. Expand the Regional Broadband Infrastructure
    a. Objective 6.1: Expand broadband access and infrastructure over the next seven years.
    b. Objective 6.2: Eliminate the student digital divide by ensuring all K-12 students have access to online distance learning infrastructure.

MA-50 Needs and Market Analysis Discussion

Are there areas where households with multiple housing problems are concentrated? (include a definition of "concentration")

Housing problems impact low- and moderate-income households disproportionately, compared to non-low- and moderate-income households. Therefore, areas with concentrations of low- and moderate-income households are likely to have high rates of housing problems. A concentration is defined as a block group where at least 51 percent of the population is low and moderate income. Figure 1 presents the geographic concentration of low- and moderate-income population by block group. Specifically, some unincorporated communities with high concentrations of farming activities tend to be lower income and disproportionately impacted by housing problems.

Are there any areas in the jurisdiction where racial or ethnic minorities or low-income families are concentrated? (include a definition of "concentration")

A minority concentration area is defined as a block group whose proportion of a non-White population is greater than the overall Monterey County average of 71.4 percent. **Error! Reference source not found.** Figure 2 illustrates the geographic concentration of minority households. Minority concentration areas within the Urban County are located primarily in the Northeastern portions of the County, including the City of Gonzales and Greenfield. Northern portions of the unincorporated County also have minority concentration areas.

What are the characteristics of the market in these areas/neighborhoods?

Many areas classified as low/moderate income and areas of minority concentration are also renters with large families. According to the 2019-2023 ACS, Boronda CDP (47 percent), Castroville CDP (57.1 percent), Chualar CDP (55.3 percent), the City of Gonzales (42.1 percent), the City of Greenfield (46.3 percent), the City of Marina (60.7 percent), Pajaro CDP (61.9 percent), the City of Sand City (75.9 percent), and San Lucas CDP (47.6) have populations of renter households higher or comparable to the County as a whole (47.7 percent). The average household size for renters countywide is 3.34 compared to only 3.0 for owner-occupied households. The following Urban County jurisdictions have renter household sizes exceeding the countywide average of 3.34: Aromas CDP, Boronda CDP, Bradley CDP, Castroville CDP, Elkhorn CDP, Gonzales (city), Greenfield (city), Pajaro CDP, Prunedale CDP, and San Ardo CDP. Such demographic characteristics often mean that affordable housing of adequate size is needed in these communities. However, with their generally lower incomes, many households experience housing problems.

Are there any community assets in these areas/neighborhoods?

Gonzales and Greenfield are important wine cultivation areas in Monterey County. Wineries and vineyards located in Gonzales and Greenfield include Blackstone, Robert Talbott Vineyards, Paul Masson Vineyards, Pisoni Vineyards, Constellation Wines, Boekenoogen Winery, Salinas Valley Vineyards, Scheid Vineyards, Mesa Del Sol, Wente Bros Vineyards, and Arroyo Seco Vineyards, among others. The Rex Goliath wine company is also based in Gonzales.

Are there other strategic opportunities in any of these areas?

Gonzales and Greenfield will continue to capitalize on its wine cultivation industry.

MA-60 Broadband Needs of Housing occupied by Low- and Moderate-Income Households - 91.210(a)(4), 91.310(a)(2)

Describe the need for broadband wiring and connections for households, including low- and moderate-income households and neighborhoods.

Broadband infrastructure consists of the backbone, the middle mile, and the last mile. A 2018 report by the Monterey Bay Economic Partnership (MBEP) and the Central Coast Broadband Consortium (the Regional Broadband Leadership Team) reported that with the completion of the Sunesys Project in 2017, which provided a fiber backbone from Soledad to Santa Cruz, local internet service providers (ISPs) can connect from this backbone to leverage the high-speed broadband access. However, high-speed service is not pervasive throughout the region because funding is needed for middle and last mile infrastructure.

According to the 2019-2023 ACS, 6.8 percent of households countywide do not have an internet subscription. The population of households lacking an internet subscription in Monterey County is slightly lower than the rate statewide (7.4 percent). The following Urban County jurisdictions have higher rates of households lacking internet subscriptions compared to the County as a whole: Aromas CDP, Bradley CDP, Castroville CDP, Chualar CDP, Elkhorn CDP, Las Lomas CDP, Marina (city), Pajaro CDP, and Sand City (city).

The County established a Broadband Strategic Plan in October 2023. The main finding of the Broadband Strategic Plan needs assessment and market analysis is the urgent need to expand and exploit fiber infrastructure within Monterey County. Approximately 97 percent of the broadband serviceable locations are considered served according to Federal Communications Commission (FCC) data. Of those unserved (3,400 locations), 79 percent are in unincorporated areas. However, there is an important gap in access to 1 G / 500 Mbps service as 77 percent of Monterey County locations lack access to this kind of service, including large areas across the cities.

The Strategic Plan market analysis revealed that competition in most areas is limited since 45 percent of locations have access to only one or no provider offering services above 100 Mbps, and only 1 percent of locations have access to more than one fiber provider.

Public fiber infrastructure that can be leveraged to accelerate the deployment of fiber-based broadband services includes the 44-mile County fiber network and the California Middle Mile Broadband Initiative (MMBI) being built by the California Department of Technology (CDT) which includes 182 miles of planned deployment within Monterey County.

Unincorporated areas outside of large communities have the highest percentages of unserved and underserved locations. According to 2023 FCC Broadband Data, 2,720 out of the 3,436 unserved locations (79 percent) in the County are located there. In contrast, the rest of the communities reported less than five percent of unserved and underserved locations.

As of January 2024, the County has implemented the following broadband activities under the Broadband Strategic Plan:

- LATA Grant Project (Golden State Connect Authority/RCRC)
- Broadband Strategic Planning (Golden State Finance Authority/RCRC)
- Affordable Connectivity Program (ACP) Future Events Planning
- Establish Partnerships to Promote Events and Share Resources

In March 2020, the City of Gonzales launched its Internet for All Initiative. Gonzales residents can receive a free 4G LTE Wi-Fi hotspot that provides unlimited, high-speed internet access, and can support up to 12 connections at once. The city acquired 2,000 hotspots for local residents. As of 2025, the program is supporting approximately 1,000 households as well as the local school district and Chualar Elementary School students.

Most affordable housing developments in California requires multiple layers of funding sources, such as Low-Income Housing Tax Credits (LIHTC) and HUD funds. These programs either mandate or encourage broadband services. All affordable housing developments in the County have access to broadband services.

Describe the need for increased competition by having more than one broadband Internet service provider serve the jurisdiction.

The County of Monterey is served by the following broadband providers: AT&T, Charter (Spectrum), Xfinity (Comcast), Razzolink, Surfnet Communications, Cruzio Internet, T-Mobile, and Verizon. Salinas, Monterey, Pacific Grove, Marina, Seaside, and Sand City are the cities with the highest number of ISPs. There are several wireless providers in the County, from small providers like RazzoLink to mobile operators offering FWA service like T-Mobile and AT&T. FWA is the most common technology implemented by broadband providers, with six wireless providers in the County. However, only one of them provides services above 100/20 Mbps, and none of the wireless providers offers services above 1 Gbps. Despite the variety of providers in the County, these providers often struggle with higher prices and lower speeds due to the challenges of offering wireless services in remote areas.

The Cities of Marina, Monterey Sand City, and the unincorporated areas reported the highest percentage of census blocks without ISPs providing services above 100/20. There are several census blocks in the southern, central, coastal, and unincorporated areas with limited ISP coverage or only one ISP serving the area. These results indicate that there is a significant gap in terms of broadband market competition in the County. Approximately 34 percent of Census blocks in the County are not served by any ISP.

Broadband accessibility in the County is generally constrained by infrastructure availability rather than the number of service providers.

MA-65 Hazard Mitigation - 91.210(a)(5), 91.310(a)(3)

Describe the jurisdiction's increased natural hazard risks associated with climate change.

Monterey County is potentially vulnerable to a wide range of hazards. These hazards can threaten the life and safety of residents and visitors and have the potential to damage or destroy both public and private property and disrupt the local economy and overall quality of life. The Disaster Mitigation Act of 2000 (DMA 2000) makes the development of a hazard mitigation plan a specific eligibility requirement for any local government applying for federal mitigation grant funds.

Monterey County adopted its first Monterey County Multi-Jurisdictional Hazard Mitigation Plan in 2007 and updated it most recently in 2022. Based on the updated risk assessment, hazards were ranked for the risk they pose to the overall Operational Area (County). Hazards related to climate change are as follows:

- Drought and water shortage – High: Droughts are a serious threat and could have devastating impacts on agriculture. Previous droughts have caused major economic damage to the agricultural industry and prolonged periods of drought can reduce water availability and increase water prices.
- Wildfire – Substantial: The geography, terrain, weather patterns and vegetation in the County provide ideal conditions for recurring wildfires and rapid spread. Past wildfires have caused damage to critical infrastructure, property, and the environment, and have led to injuries and loss of life. The County is likely to face a wildfire threat each and every year and can expect a large fire to occur every few years.
- Localized stormwater flooding – Substantial: Drainage systems in the County have a finite capacity and prolonged heavy rainfall has contributed to flooding in more urbanized areas.
- Severe winter storms – Substantial: Severe winter storms have caused damage in the County and can lead to immobility and loss of utilities. Heavy rain can have significant impacts, including flash flooding and mudslides.
- Riverine flooding – Moderate: Riverine flooding, notably along the Salinas, Carmel, and Pajaro Rivers, has caused damage in the County.
- Sea level rise – Moderate: Rising sea levels will increase the likelihood and intensity of floods, as well as lead to increased coastal and fluvial flooding, increased tidal inundation, coastal erosion, tsunami inundation, seawater intrusion, and worsened storm surge
- Flash flood – Moderate: Flash flooding occurs quickly with little to no warning and can cause serious damage in the County.
- Extreme heat – Moderate: Extreme heat has caused fatalities in the County and is associated with a variety of health-related issues.
- Coastal flooding – Moderate: Coastal flooding is generally associated with winter storms, high tides, and strong winds and is a significant hazard on the coastline.

In addition, according to Monterey County Health Department's Resilient Monterey County Dashboards, climate change is causing temperatures to increase and is changing weather patterns. This mean more frequent extreme heat events, increases risk for mosquito-borne diseases, altered crop yields and increased food prices, and increased air pollution.

Describe the vulnerability to these risks of housing occupied by low- and moderate-income households based on an analysis of data, findings, and methods.

As discussed in the County's 2022 Multi-Jurisdictional Hazard Mitigation Plan, economically disadvantaged populations are disproportionately affected by disasters and are less likely to have the income or assets needed to prepare for a possible disaster, respond to, or to recover after a disaster. Although the monetary value of their property may be less than that of other households, it likely represents a larger proportion of total household assets. For these households, lost property is proportionately more expensive to replace, especially without homeowner's or renter's insurance.

- Poverty: People living in poverty have the least resources to adapt to climate change and recover from natural hazards. Climate change could also increase the number of people living in poverty due to increasing cost of food and other resources.
- Housing affordability: Households paying more than 30 percent of their income on housing (cost-burdened) are less able to afford healthy food, air conditioning, and other items that reduce vulnerability to climate change.
- Food insecurity: Climate change's effect on weather patterns will affect crops, making food and fresh produce more expensive.
- Educational attainment: Educational attainment is associated with the level of preparedness for natural disasters. People with college degrees are less vulnerable to climate change.
- People with poor health status are more vulnerable to severe heat events and poor air quality, both of which are increased by climate change.

Other vulnerable populations include renters, the elderly, those who are less mobile, households without air conditioning, households lacking access to grocery stores, households in treeless areas, and households on impervious land cover. In addition, people in rural areas are more likely to be affected by climate change impacts, such as droughts or severe storms.

Strategic Plan

SP-05 Overview

Strategic Plan Overview

The Strategic Plan is the centerpiece of the Consolidated Plan. The Plan describes:

- General priorities for assisting households; and
- Programs to assist those households in need; and
- Five-year objectives identifying proposed accomplishments.

The Strategic Plan also addresses the following areas:

- Anti-poverty strategy; and
- Lead-based paint hazard reduction; and
- Reduction of barriers to affordable housing; and
- Institutional Structure/Coordination among agencies.

Given the demographic characteristics, housing market conditions, and economic climate impact of the Urban County, this Consolidated Plan focuses on housing and community development strategies that will:

- Concentrate the limited resources available to help those at the very bottom of the economic ladder - the extremely low and low income and special needs populations; and
- Link housing strategies to economic development activities, promoting housing programs and projects that will also offer employment and training opportunities.

SP-10 Geographic Priorities – 91.215 (a)(1)

Geographic Area

The Urban County has not established specific target areas to focus the investment of CDBG funds. This section and Table 48 are not applicable.

Table 48 - Geographic Priority Areas

General Allocation Priorities

Describe the basis for allocating investments geographically within the jurisdiction (or within the EMSA for HOPWA)

The Monterey Urban County is comprised of the unincorporated areas and the cities of Gonzales, Greenfield, Marina and Sand City. Overall, funding allocated to participating jurisdictions is based on the estimated amount each jurisdiction would receive if it were able to individually apply to HUD for CDBG funding. The HUD statutory formula for allocation is based on overall population, distribution of low- and moderate-income persons, and poverty rate. The minimum amount awarded to any participating jurisdiction is $10,000 annually regardless of the amount allocated by HUD.

In terms of specific geographic distribution of investments, infrastructure improvements and public facilities will be focused primarily in areas with concentrations of low- and moderate-income population. **Figure 1** shows a map illustrating the low- and moderate-income areas in the Urban County (defined as a block group where at least 51 percent of the population with incomes not exceeding 80 percent of the Area Median Income). Investments in public facilities and services serving special needs populations and primarily low- and moderate-income persons will be made throughout the Urban County area.

SP-25 Priority Needs - 91.215(a)(2)

1	**Priority Need Name**	Affordable Housing
	Priority Level	High
	Population	Extremely Low Low Moderate Large Families Families with Children Elderly Elderly Frail Elderly Persons with Mental Disabilities Persons with Physical Disabilities Persons with Developmental Disabilities Persons with Alcohol or Other Addictions Persons with HIV/AIDS and their Families Victims of Domestic Violence
	Geographic Areas Affected	Not Applicable
	Associated Goals	Affordable Housing
	Description	Given the limited allocation, CDBG funds will be focused primarily on the rehabilitation of existing housing or providing infrastructure improvement to support affordable housing development. The HOME funds can be used for new construction, acquisition, rehabilitation, and/or rental assistance in the unincorporated County.
	Basis for Relative Priority	The focus of CDBG funds would be residential rehabilitation activities and infrastructure improvements for affordable housing projects. Use of CDBG funds for residential new construction is only eligible under limited conditions. The HOME funds can be used to address affordable housing needs in the unincorporated County.

2	**Priority Need Name**	Homeless Services and Homeless Prevention
	Priority Level	High
	Population	Extremely Low Low Large Families Families with Children Elderly Public Housing Residents Rural Chronic Homelessness Individuals Families with Children Mentally Ill Chronic Substance Abuse veterans Persons with HIV/AIDS Victims of Domestic Violence Unaccompanied Youth
	Geographic Areas Affected	Not Applicable
	Associated Goals	Homeless and Homeless Prevention Services
	Description	CDBG funds will be used to complement the Continuum of Care Strategy (CoC) to provide homeless services and prevention services for those who are at risk of becoming homeless.
	Basis for Relative Priority	Homeless counts in the County increased by 19 percent since 2022. Unemployment and underemployment is higher in the Urban County compared to Monterey County. The top most common obstacles cited to obtaining permanent housing were ability to afford rent and lack of a job/income and a lack of money for moving costs. Homeless and homeless prevention services are critical to those who are most in need.

3	**Priority Need Name**	Infrastructure Improvements
	Priority Level	High
	Population	Extremely Low Low Moderate Large Families Families with Children Elderly Non-housing Community Development
	Geographic Areas Affected	Not Applicable
	Associated Goals	Infrastructure Improvements
	Description	The Urban County will pursue infrastructure improvements to benefit low- and moderate-income areas and low and moderate income households. Infrastructure improvements may include, but are not limited to: • Water and sewer improvements • Drainage improvements • Streetlights • Streets and sidewalks • ADA improvements
	Basis for Relative Priority	Many communities within the Urban County lack basic infrastructure. Infrastructure improvements not only serve to create a suitable living environment for low- and moderate-income residents. They can also be a catalyst to economic development, facilitating business retention and attraction activities in the Urban County.

4	**Priority Need Name**	Public Facilities
	Priority Level	High
	Population	Extremely Low Low Moderate Large Families Families with Children Elderly Rural Chronic Homelessness Individuals Families with Children Mentally Ill Chronic Substance Abuse veterans Persons with HIV/AIDS Victims of Domestic Violence Unaccompanied Youth Elderly Frail Elderly Persons with Mental Disabilities Persons with Physical Disabilities Persons with Developmental Disabilities Persons with Alcohol or Other Addictions Persons with HIV/AIDS and their Families Victims of Domestic Violence Non-housing Community Development
	Geographic Areas Affected	Not Applicable
	Associated Goals	Public Facilities

	Description	The Urban County has extensive needs for public facility improvements. CDBG funds may be used to construct, improve, or expand a variety of public facilities in low- and moderate-income areas and to benefit low- and moderate-income persons, as well as persons with special needs. Projects may include, but are not limited to: • Community centers • Public libraries • Youth and childcare centers • Health centers • Senior centers • Emergency and transitional housing facilities
	Basis for Relative Priority	Many communities in the Urban County lack public and community facilities to serve the low- and moderate-income residents and those with special needs. Existing facilities are mostly dated and inadequate in amenities or capacity to meet the needs of residents.
5	**Priority Need Name**	Public Services
	Priority Level	High
	Population	Extremely Low Low Moderate Large Families Families with Children Elderly Elderly Frail Elderly Persons with Mental Disabilities Persons with Physical Disabilities Persons with Developmental Disabilities Persons with Alcohol or Other Addictions Persons with HIV/AIDS and their Families Victims of Domestic Violence
	Geographic Areas Affected	Not Applicable
	Associated Goals	Fair Housing Public Services

	Description	A variety of supportive services are needed in the Urban County. Emphasis will be placed on the following: • Youth services (including services for at-risk youth) • Health services • Senior services • Fair housing and legal services
	Basis for Relative Priority	The lack of supportive services for persons with special needs was a recurring theme during the Consolidated Plan development process. Most services are located in service hubs such as Salinas and Monterey. Urban County residents have limited ability to access these services. Therefore, using CDBG funds to provide services targeted for Urban County residents is a high priority need.
6	**Priority Need Name**	Planning and Administration
	Priority Level	High
	Population	Extremely Low Low Moderate Middle
	Geographic Areas Affected	Not Applicable
	Associated Goals	Planning and Administration
	Description	Compliance with all CDBG regulations, planning and reporting requirements is important to ensure that the Urban County continues to receive funding from HUD. A high priority of the Consolidated Plan is also allocating adequate staff time and resources to implement the CDBG-funded programs and to monitor program achievements. With the HOME funds, compliance with HOME regulations, planning and reporting requirements will be needed.
	Basis for Relative Priority	Planning and administration is critical to the delivery of the Urban County CDBG Program and the unincorporated County HOME funds to ensure compliance with regulations.

Table 49 – Priority Needs Summary

Narrative (Optional)

In establishing five-year priorities for assistance, the Monterey Urban County has taken several concerns into consideration:

- Those categories of low- and moderate-income households most in need of housing and community development assistance; and
- Which activities will best meet the needs of those identified households; and
- The extent of federal and other resources available to address these needs.

Based on input obtained from the Consolidated Plan development participation process, this Consolidated Plan will address needs that are identified as High Priority.

Specifically, the following participating jurisdictions provided a list of projects they might consider for CDBG funds during the FY 2025-2029 Consolidated Planning Period:

- Gonzales: New Type 1 model CAL OES Specification Fire Engine
- Greenfield: Walnut Avenue Specific Plan Pedestrian Improvements. This project, or a comparable project would remain among the City's highest priority if it is eligible.
- Marina:
    - Bus Stop ADA Improvements - Located at Del Monte and Reservation Road
    - Permanent Supportive Housing (PSH) Facilities Improvement Project – Replacement roofs for 40+ year old roofs on 22 buildings (59 units/200 low-income client/tenants). These buildings are part of Community Homeless Solutions' PSH, Youth Housing, Bridge Housing and Domestic Violence Programs. This project will provide riders with safe ADA connection between the bus and sidewalk.
    - Veteran's Transition Center – ADA bathroom renovations to provide functional and accommodating bathroom facilities for homeless veterans with disabilities.
- Sand City: ADA Compliant Restrooms installed on Coastal Trail.

In September 2024, the County Board of Supervisors adopted a Resolution supporting budget priorities for future discretionary funds made available to use in the unincorporated area of the County of Monterey. The priorities include:

- Road Repair and Infrastructure Projects - repair streets, potholes and bridges, and address failing public facilities and infrastructure that have exceeded their useful life.
- Water and Sewer (Wastewater) Infrastructure Projects - improve efficiency, quality, and service for reliable and safe water.
- Parks Projects-restoring the recreational features and improve our County park lake recreational facilities for enhancing visitorship experience.
- Other essential County services, programs, and improvements, including but not limited to strategies to address housing affordability, reduce homelessness, and provide healthcare services for children and vulnerable populations as well as improved emergency services.

SP-30 Influence of Market Conditions – 91.215 (b)

Influence of Market Conditions

Affordable Housing Type	Market Characteristics that will influence the use of funds available for housing type
Tenant Based Rental Assistance (TBRA)	The Urban County does not anticipate using CDBG funds for Tenant-Based Rental Assistance. Due to the costs of operating a TBRA program, the unincorporated County is planning to partner with a nonprofit to operate a TBRA program utilizing HOME funds.
TBRA for Non-Homeless Special Needs	The Urban County does not anticipate using CDBG funds for Tenant-Based Rental Assistance. Due to the costs of operating a TBRA program, the unincorporated County will partner with a nonprofit to operate a program utilizing HOME funds. Such a program may benefit non-homeless special needs households.
New Unit Production	The Urban County does not anticipate using CDBG funds for new construction of housing. However, CDBG funds may be used to provide infrastructure improvements associated with new construction of affordable housing. The unincorporated County may use HOME funds for new construction, depending on funding levels and opportunities to partner with nonprofit developers.
Rehabilitation	Given the age of the housing stock in the Urban County, the number of substandard housing units is moderate. Housing age can indicate general housing conditions within a community. Housing is subject to gradual deterioration over time. Deteriorating housing can depress neighboring property values, discourage reinvestment, and eventually impact the quality of life in a neighborhood. According to 2016-2020 CHAS data, a majority of the Urban County's housing stock was constructed prior to 1980. Approximately 49 percent of owner-occupied housing and 44 percent of renter-occupied housing in the Urban County is over 45 years old (built before 1980). Given the limited amount of CDBG funds available, and the difficulty of low- and moderate-income households in obtaining home improvement financing on the private market, CDBG funds may be used for rehabilitation and emergency repairs of housing for low- and moderate-income households. HOME funds may be used for rehabilitation of units located within the unincorporated County.
Acquisition, including preservation	The Urban County anticipates about $1.36 million in CDBG funds annually. The unincorporated County will be receiving $403,479.96 in HOME entitlement funds for FY2025-26. The County will utilize $96,520.04 in State HOME Program Income for a total $500,000 in HOME allocations. This limited level of funding makes it difficult to pursue any major affordable housing projects such as acquisition or preservation unless partnering opportunities can be identified.

Table 50 – Influence of Market Conditions

SP-35 Anticipated Resources - 91.215(a)(4), 91.220(c)(1,2)

Introduction

The FY 2025 HUD allocation is $1,361,629 for the unincorporated areas and the Cities of Gonzales, Greenfield, Marina and Sand City (Table 51). Currently, the Urban County is not eligible to receive funding under the Emergency Solutions Grant (ESG) or Housing Opportunities for Persons with AIDS (HOPWA) – programs also covered under the Consolidated Plan regulations. Over the five-year planning period, the Urban County assumes $6,808,145 in CDBG allocations, excluding funds carried over from prior years and program income.

In FY 2025, the unincorporated County will be receiving HOME entitlement funds allocation of $403,479.96, The County will utilize $96,520.04 in State HOME Program Income for a total $500,000 in HOME funds. This will be utilized for projects primarily in the unincorporated areas. Over the five-year planning period, the unincorporated County assumes $2,017,399.80 in HOME funds.

Over the five-year planning period, the unincorporated County assumes $2,017,399.80 in HOME allocations excluding funds carried over from prior years and program income.

Table 51 - Anticipated Resources

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

The County continues to pursue additional funding aggressively and to leverage its funding partnerships with public, private and non-profit groups. The Urban County will utilize a variety of funding sources to leverage CDBG funds and the unincorporated County will do the same for the HOME funds. These include:

- **Low Income Housing Tax Credit (LIHTC):** LIHTC is perhaps the single most important funding source available for affordable housing development. The County continues to support funding applications by affordable housing developers to pursue additional LIHTC.
- **No Place Like Home (NPLH):** This program provides funding for acquiring, designing, constructing, rehabilitating, or preserving permanent supportive housing for persons who are experiencing homelessness, chronic homelessness or who are at risk of chronic homelessness, and who are in need of mental health services.
- **General:** The County has some sources of funding for affordable housing. These include Inclusionary Housing In-Lieu fees, Program Income, and competitive State HOME funds. Many of these funds are being spent down and future funding will be at reduced levels. The County will also work with housing developers to pursue LIHTC and NPLH, as well as other funding sources. HOME guidelines emphasize the importance of using HOME to fill in 'financing gaps' that often result when projects face more rigid requirements established either by particular loan regulations, or due to the degree of competition for other financing.
- **Housing Choice Voucher/VASH:** The Housing Authority of the County of Monterey (HACM) operates Rental Assistance programs for County residents. HACM programs are a critical resource for extremely low- and low-income households. The HACM converted all public housing units county-wide to Project-Based Rental Assistance under the Rental Assistance Demonstration program in 2015.
- **Federal:** The County uses federal funds to fund a rapid rehousing program that leverages CALWorks funds through the Department of Social Services and the California Whole Person Care through the Department of Health. These funds help keep the Salinas homeless shelter open and serving the entire homeless population of Monterey County.
- **Home Match Requirements:** Pursuant to HUD regulations, all participating jurisdictions (PJs) must contribute or match 25 cents for each dollar of HOME funds spent on affordable housing. The unincorporated County will use California Permanent Local Housing Allocation (PLHA) grant funds.

  For FY 2025, the County will match $112,500 from Castroville/Pajaro Redevelopment leftover funding. After subtracting the ten percent of HOME allocations for administration ($50,000), this meets the $0.25 per HOME dollar spent on affordable housing ($450,000 X $0.25 = $112,500.00). For the remaining four years of the Consolidated Plan period, the County will match the $403,479.96 HUD annual allocation with $100,869.99, for a total of $403,479.96.

  All public service activities that are funded by the Urban County do provide detailed information on other sources of funding for their activities and this information is reported to HUD separately.

If appropriate, describe publicly owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

The Share Center at 855 East Laurel has been open since May 26, 2021, and supported by County General Funds, California Permanent Local Housing Allocation (PLHA) grant funds and City of Salinas contributions. The Seaside Shelter, located at 1292 Olympia Avenue is open and is a 35-bed year-round shelter.

Discussion

Over the Consolidated Planning Period FY 2025-2029, the Urban County will distribute CDBG funds to specific jurisdictions each fiscal year following the schedule below. The HOME funds will be used for the unincorporated County only.

Assess of Strengths and Gaps in the Institutional Delivery System

Housing, supportive services, and community development activities for residents in the Urban County are delivered by a large number of public agencies, nonprofit organizations, and private entities. However, several gaps still exist in the delivery system:

- Staff Capacity of the Participating Jurisdictions: With local, state, and federal budget cuts, the Urban County participating jurisdictions have all faced some level of staffing cuts in recent years. Implementation of the CDBG program requires dedicated staff resources. Implementation of HOME funds will require dedicated unincorporated County staff resources.
- Coordination: With a multitude of agencies providing a variety of services, there is a general lack of coordination among agencies to avoid overlaps in services or to direct clients to the appropriate agencies.

Table 53 - Homeless Prevention Services Summary

Describe how the service delivery system including, but not limited to, the services listed above meet the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth)

As discussed previously, while services are available to residents in Monterey County, the level of services available is not adequate to meet the needs. Furthermore, there are gaps in the geographic coverage. Most affordable housing and licensed care facilities in the County are found in Salinas and Monterey. Most services follow this trend.

Describe the strengths and gaps of the service delivery system for special needs population and persons experiencing homelessness, including, but not limited to, the services listed above

The Lead Me Home Leadership Council of Monterey and San Benito Counties developed the 2021-2026 Lead Me Home Plan Update to help identify the needs of people in Monterey County experiencing homelessness and strategies to address the needs of this population. The plan, which was an update to the original 2019 Lead Me Plan, included outreach and analysis to identify areas where current efforts to address homelessness were falling short. The analysis showed that an insufficient supply of rapid rehousing and permanent supportive housing in the County was a key challenge in the region, as well as the lack of a coordinated regional strategy to develop affordable housing, particularly housing for those at the lowest income levels.

Findings from the 2021-2026 Update found that while the response system has included recent expansion of the shelter system, rapid rehousing and permanent supportive housing, most programs in the system are underperforming in terms of their ability to help secure housing when they exit. Additional gaps included a need to refine the Coordinated Access and Referral System to provide for effective and streamlined connections to housing, particularly for youth.

The 2021-2026 Update sets a goal to reduce homelessness in the region by 50 percent over the five-year period. The strategies include improving the performance of the homelessness response system, and particularly the system's effectiveness in supporting people to secure and sustain housing. This improvement can happen through expanding

housing solutions, enriching and expanding mobile outreach services, providing support services to retain housing and implement performance measures.

Provide a summary of the strategy for overcoming gaps in the institutional structure and service delivery system for carrying out a strategy to address priority needs

For the Urban County, allocating up to 15 percent of the CDBG funds for supportive services is an important step in addressing gaps in the service delivery system. The Urban County will identify gaps in services through the needs assessment process and fund public/supportive service programs that are most in need. A portion of the CDBG funds will also be used to address costs associated with program delivery.

For the unincorporated County, allocating ten percent of HOME funds for service delivery will be required to address costs associated with program delivery.

Estimate the number of extremely low-income, low-income, and moderate-income families to whom the jurisdiction will provide affordable housing as defined by HOME 91.315(b)(2)

The County may provide up to $250,000 in support of Eden Housing's 845 E. Laurel Dr. affordable housing project. This project will result in 130 affordable units, primarily financed with tax credits. Because of the tax credit financing, the units will be primarily affordable to extremely low- and low-income households.

Rental Units Constructed and Rehabilitated

Unincorporated County HOME funds will be used to expand the affordable housing inventory for extremely low, low, and moderate-income households through new construction, acquisition, and/or rehabilitation. Approximately 48 households will be assisted, primarily for very low and low income households.

SP-50 Public Housing Accessibility and Involvement – 91.215(c)

Need to Increase the Number of Accessible Units (if Required by a Section 504 Voluntary Compliance Agreement)

The Housing Authority of the County of Monterey (HACM) is not required to increase the number of accessible units by a Section 504 Voluntary Compliance Agreement. HACM does provide reasonable accommodation and modifications for its disabled applicants and residents so that they have equal access to housing and programs. HACM also participates as a board member in the Housing Alliance for Persons with Disabilities to further the development of accessible units in the region.

Activities to Increase Resident Involvements

The HACM requires or promotes a range of activities to increase resident involvement. These include:

- Requiring each adult household member to participate in eight hours of community services; and
- Encouraging the installation of neighborhood watch programs; and
- Conducting tenant meetings to receive input from residents; and
- Conducting specific meetings before the HACM board regarding tenant involvement.

SP-55 Barriers to affordable housing – 91.215(h)

Barriers to Affordable Housing

Lack of Affordable Housing Funds

The high construction and land costs in Monterey County render the need for substantial subsidies for affordable housing. However, the availability of funding for affordable housing has been severely affected by the dissolution of redevelopment agencies in the State of California.

State and Federal Davis-Bacon Prevailing Wages

The State Department of Industrial Relations (DIR) expanded the kinds of projects that require the payment of prevailing wages. Prevailing wage adds to the overall cost of development. A prevailing wage must also be paid to laborers when federal funds are used to pay labor costs for any project over $2,000 or on any multi-family project over eight units. Based on discussions with developers, various prevailing wage requirements typically inflate the development costs by 35 percent.

Environmental Protection

State law (California Environmental Quality Act, California Endangered Species Act) and federal law (National Environmental Protection Act, Federal Endangered Species Act) regulations require environmental review of proposed discretionary projects (e.g., subdivision maps, use permits, etc.). Costs resulting from the environmental review process are also added to the cost of housing. Recent State legislation has aimed to streamline affordable housing development, including exempting certain projects from CEQA processing.

California Coastal Act of 1976

The State legislature enacted the Coastal Act in 1976 to protect California's coastline from development encroachment through long-term and comprehensive planning. The Act establishes a coastal zone, outlines standards for development in the coastal zone, and created the Coastal Commission – the State agency tasked with implementing the Act in partnership with local governments. Approximately 197,343 acres, or 10 percent of the County's land area, are located within the coastal zone. The Coastal Act's numerous regulatory requirements and limitations on the types and densities of new construction in the coastal zone and potential for appeals resulting in additional layer of project review by an outside agency are a significant constraint on housing development in Monterey County.

Land Use Policies

Local land use policies could be a constraint to housing development when the requirements for parking, height limit, density, and setbacks result in limiting the number of housing units that can be feasibly constructed on site. Recent changes in State law now require local jurisdictions develop objective standards to facilitate housing development.

Planning and Development Fees

Planning and development impact fees, such as for transportation, water, and sewer infrastructure improvements, often add to the overall cost of development. Many jurisdictions waive, reduce, or defer fees for affordable housing.

Permit and Processing Procedures

Builders and developers frequently cite the cost of holding land during the evaluation and review process as a significant factor in the cost of housing. Processing times vary with the complexity of the project. Recent changes to State law require jurisdictions allow certain types of housing by right without discretionary review as a way to streamline housing development.

SP-60 Homelessness Strategy – 91.215(d)

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

The Monterey County Continuum of Care (CoC) follows the HUD determined core practices that that have been used to help solve local homelessness in other communities including Street Outreach and Engagement. Outreach begins the initial steps that lead to engagements which includes building a personal connection with the individuals, assessing their immediate needs a with a basic field needs assessment, and working to identify barriers that the individual must address and overcome to improve health status, social support network and address their housing crisis. Engagement is continued multiple contacts with the individuals living on the street, continued attempts in those contacts to develop and establish a rapport and trust that leads to a trusting relationship that can facilitate the development of a Housing goal and plan as well as addressing the individuals medical, mental health and service needs.

The Monterey Continuum of Care (CoC) coordinates with Coalition member agencies to provide extensive community outreach relating to the availability of rental assistance for eligible homeless. Housing Locators, with support from a wide range of community members, focus on finding various housing options for street outreach workers to engage homeless persons. CoC providers have also expanded outreach services for the purpose of providing resource availability information in the North County/Pajaro areas and South County areas that have seen an increased number of homeless families with dependent children.

Several CoC service providers also have outreach workers that engage those persons sleeping on the streets and places not meant for habitation:

- A Mobile Outreach Services Team (MOST) provides assistance for people living outside on the street in the Monterey Peninsula, Salinas, and North and South County areas. Operated by Community Homeless Solutions, services include referrals to shelters, substance abuse programs, linkages to medical care, and other supportive services within Monterey County. The MOST van has a limited supply of emergency food, clothing, blankets, and other supplies for immediate distribution at their stopping places.
- MCHOME also has a Homeless Outreach Program that helps homeless adults with mental illness off the streets and into housing and treatment. MCHOME provides intensive integrated services, including assistance with housing (transitional/permanent), intensive case management services, mental health services, medication evaluation and support.

Community Human Services' Safe Place program provides street outreach, survival aid, and hygiene products to runaway and homeless youth up to age 25.

Addressing the emergency and transitional housing needs of homeless persons

Monterey County's CoC strategy to improve interim housing outcomes includes ensuring sufficient supply of interim housing, including respite care, emergency and transitional housing, to meet the need for all parts and populations of the County to address crises, assess needs and provide service linkages, and move people into permanent housing as quickly as possible. The CoC collaborates with emergency shelter housing providers on a regular basis relevant to increasing their capacity to participate in HMIS. Improvements in emergency shelter bed coverage have been made and this collaboration will continue.

Transitional and temporary housing available in Monterey County includes:

- Franciscan Workers – House of Peach
  - Transitional program for unaccompanied men and women, case management and supportive services provided.
- Interim, Inc. – Shelter Cove & Sun Rose Apartments
  - Transitional housing for homeless adults with severe mental disabilities.
- Salvation Army – Case de Las Palmas
  - Transitional housing for families with children, provides case management and support services.
- Veterans Transition Center – Coming Home GPD Program
  - Transitional housing for veterans and family

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again.

Housing First is a HUD best practice that has proven to allow for opportunities for people to end homelessness in greater numbers. Housing First is a low barrier approach that consists of removing barriers that have hindered homeless persons from obtaining housing (e.g. too little/no income, active or history of substance abuse) and maintaining housing (e.g. failure to participate in supportive services, loss of income).

Countywide about nine percent of the population experiencing homelessness were unaccompanied Youth (225 people), which includes both minors under 18 and transition age youth (ages 19-24). The majority of unaccompanied youth are unsheltered (90 percent). Based on the proportion of people experiencing homelessness overall in the Urban County, it is estimated that 56 of these unaccompanied youth are living in the Urban County. The following assistance and services available to families and youth in Monterey County include:

- Community Homeless Solutions – Serenity Youth Housing
  - Transitional housing for unsheltered youth ages 18-24 and support services.
- Community Human Services – Safe Passage
  - Transitional housing for youth (ages 18-24) with supportive services for stability and self-sufficiency.
- Community Human Services – Safe Place Shelter

    - Provides shelter, counseling, and family reunification services for runaway and homeless youth.
- The Epicenter – Youth Drop-in Center
    - Resource center for youth (ages 16-24) offering support in housing, education, and employment.
- Unity Care Group – Youth Housing Services
    - Provides stable housing and supportive services for young adults (ages 18-25).

Veterans comprise six percent (146 people) of the people experiencing homelessness in the County overall, a decrease since 2022. Based on the proportion of people experiencing homelessness overall in the Urban County, it is estimated that 37 veterans experiencing homelessness live within the Urban County. There are a variety of services and housing supports available to Monterey County veterans and their families. Some of these include:

- Front Street Inc. – Pageant Center
    - Temporary emergency housing for homeless veterans and supportive services.
- Monterey County Military & Veterans Affairs Office
    - Assists veterans with accessing federal, state, and local benefits.
- Nation's Finest – Veteran's Services
    - Housing, health, and employment services for veterans and their families.
- Veterans Crisis Line
    - A 24/7 crisis support line for veterans and their families.
- U.S. Department of Veteran Affairs – Outpatient Clinic
    - Provides primary care and specialty health services for veterans.
- Veterans Transition Center of California
    - Provides meals, clothing, and housing to veterans who are homeless or have been incarcerated.

Employment plays a key role in ending homelessness, giving people dignity, self-respect, and the resources to help pay for housing and other necessities of life. It also supports recovery for those suffering from mental and substance use disorders. A number of programs exist in Monterey County, some of which include employment services, that address homelessness for persons with serious mental illness who are chronically homeless, homeless, or at-risk of being chronically homeless include:

- **County of Monterey Health Department** operates the state/federally-funded Whole Person Care Pilot 1115 Waiver program to provide people who are homeless and high utilizers of hospitals and emergency rooms with comprehensive, coordinated case management consisting of physical and mental health, substance use treatment, sobering center services, medical-legal services, social services benefits, tenancy preparedness, landlord recruitment, Housing Choice Voucher coordination, financial assistance, housing placement and placement supports, transportation support, life skills education, meals and other basic provisions.
- **Monterey County Behavioral Health Bureau (MCBHB)- Adult System of Care (ASOC). The ASOC** program provides a continuum of County operated and community-based mental health services to individuals with severe and persistent mental illnesses. The services include inpatient, social rehabilitation, supportive housing, and outpatient services to adults eighteen (18) years of age and above. Monterey County Behavioral Health Bureau also collaborates with contract providers who provide supportive housing, linkage to employment and education services.
- **Interim, Inc.** ("Interim") is a non-profit organization founded in partnership with Monterey County's Behavioral Health Bureau (MCBHB) that provides a continuum of residential treatment, affordable supportive housing,

and social rehabilitation services for adults with psychiatric disabilities residing in Monterey County. Interim's goals are to reduce the incidence of and the need for costly inpatient psychiatric hospital care, to prevent mentally ill adults from becoming homeless, and to assist those who are homeless to obtain and maintain housing in the community. Interim provides wrap-around intensive, and outreach for adults with psychiatric disability who are homeless or at risk of homelessness through the MCHOME Program. The purpose of the program is to assist consumers to move off the street into housing and employment and/or benefits through outreach, assessments, intensive case management services, mental health services, and assistance with daily living skills.

Help low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families who are likely to become homeless after being discharged from a publicly funded institution or system of care, or who are receiving assistance from public and private agencies that address housing, health, social services, employment, education or youth needs

Earlier discussion under MA-35-Special Needs Facilities and Services- of this Consolidated Plan describes the discharge planning activities are underway in Monterey County.

Discharge planning for people exiting acute physical and mental health treatment is critical to ensure individuals are linked with the housing and services they need to achieve ongoing housing stability. Hospital staff coordinate with local social service and housing providers to guide patients to the appropriate service when they leave the hospital. The Coordinated Assessment and Referral System (CARS), which matches individuals experiencing homelessness to appropriate resources through a standardized triage assessment, can also be accessed from participating hospitals.

Some of the options available to people returning from mental and physical health institutions include:

- Community Homeless Solutions - Central Coast Respite Center
  - Provides short-term shelter for homeless adults discharged from Community Hospital of the Monterey Peninsula (CHOMP), Natividad Medical Center, or Salinas Valley Memorial Hospital (SVMH) who need continued recovery time.
  - Offers case management, meals, and supportive services to help patients transition to stable housing.
- Interim, Inc. – Bridge House
  - 24-hour adult residential treatment for individuals recovering from both a mental illness and a substance use disorder.
  - Focuses on mental health stabilization, independent living skills, and relapse prevention.
- Interim, Inc. – Manzanita House
  - Short-term crisis residential alternative to inpatient psychiatric care for people with psychiatric disabilities experiencing mental health crises
  - Focuses on mental health stabilization, independent living skills, and long-term recovery planning.
- Veterans Transition Center
  - Provides a variety of housing programs for veterans in need of transitional housing, including those with a mental health diagnosis, substance use disorders, multiple diagnosis.
  - Offers case management, job training, and housing placement services as needed.

SP-65 Lead based paint Hazards – 91.215(i)

Actions to address LBP hazards and increase access to housing without LBP hazards

In Monterey County, lead poisoning is addressed by the Monterey County Health Department Childhood Lead Poisoning Prevention Program (CLPPP). CLPPP provides services to the community to:

- Increase awareness of the hazards of lead exposure; and
- Reduce lead exposure.; and
- Increase the number of children assessed and appropriately blood tested for lead poisoning.

A public health nurse provides home visitation and case management, and a registered environmental health specialist provides environmental home inspections to families of children found to be severely lead-poisoned. Local code enforcement staff will continue to provide information on lead-based paint hazards and resources to abatement.

How are the actions listed above related to the extent of lead poisoning and hazards?

Housing age is the key variable used to estimate the number of housing units with lead-based paint (LBP). Starting in 1978, the federal government prohibited the use of LBP on residential property. The potential for housing to contain LBP varies depending on the age of the housing unit. A national study by the Environmental Protection Agency estimates that 60 percent of all residential structures built prior to 1980 contain LBP. Housing built prior to 1940, however, is much more likely to contain LBP (estimated at 87 percent of housing units). Not all units with LBP present a hazard. Properties most at risk include structures with deteriorated paint, chewable paint surfaces, friction paint surfaces, and deteriorated units with leaky roofs and plumbing.

According to the 2016-2020 ACS, approximately 57 percent of owner-occupied housing and 55 percent of renter-occupied housing in the Urban County was built prior to 1980. Using the 60 percent national average of potential LBP hazard, an estimated 14,557 units (9,197 owner-occupied units and 4,250 renter-occupied units) may contain LBP. Of the total units built before 1980, 13 percent of owner-occupied units and 15 percent of renter-occupied units have children present.

How are the actions listed above integrated into housing policies and procedures?

When public funds are used to assist in the substantial rehabilitation of housing units, testing for lead-based paint is required and when lead-based paint is found, the abatement efforts are included in the scope of the rehabilitation assistance.

SP-70 Anti-Poverty Strategy – 91.215(j)

Jurisdiction Goals, Programs and Policies for reducing the number of Poverty-Level Families

As described in Section NA-10 above, Monterey County faces significant challenges related to poverty and housing, including a higher-than-average cost of living, and a severe lack of affordable housing. Many low-income residents, particularly farmworkers and families, struggle with inadequate housing and low-wage jobs in industries like agriculture, hospitality, and tourism. Lower income households with a housing cost burden are more likely to lose their homes in the event of loss of employment or other unexpected expenses. As shown in Table 9 and Table 10, 2,009 extremely low income renter households had a cost burden (over 30 percent of income), and 204 extremely low income renter-households had a severe costs burden (over 50 percent of income). In owner households, 1,152 extremely low-income households had a cost burden (over 30 percent of income) and 860 extremely low-income owner-households in the had a severe cost burden (over 50 percent of income).

In addition to an overall need for more affordable housing throughout Monterey County, there are certain populations in the County that have specific housing needs, including farm workers, seniors, larger households, disabled people, and single female headed households. Typically, these populations have lower incomes and require housing affordable at their income levels. There are also overlaps between these populations, and they may have similar housing needs. For example, many seniors in the County also have a disability, and require housing with accommodations to support their physical needs, homes affordable on lower incomes, and homes in physical proximity to services and transportation.

In April 2024, County established the 2025-2028 Workforce Innovation and Opportunity Act (WIOA) Local Plan. The 2025-2028 Local Plan builds upon the vision set forth in the Regional Plan by providing a comprehensive overview of local workforce operations and processes. Key focus areas include:

- CalFresh Employment and Training services
- Coordination with Local Child Support Agencies (LCSAs)
- Alignment with the Comprehensive Integrated Employment (CIE) Blueprint to serve individuals with developmental and intellectual disabilities
- Workforce training for frontline staff, including digital fluency, distance learning, and cultural competencies
- Rapid Response and Layoff Aversion activities
- Youth workforce development initiatives
- America's Job Center of California (AJCC) Operator responsibilities

A core component of the Local Plan is the collaboration and coordination among local workforce partners to achieve the Regional Plan's vision. The plan highlights key cooperative agreements and core partnerships as defined under WIOA Section 121, including:

- WIOA Title II (Adult Education and Literacy)
- WIOA Title III (Wagner-Peyser Employment Services)
- WIOA Title IV (Vocational Rehabilitation Services)
- Carl Perkins Career and Technical Education

How are the Jurisdiction poverty reducing goals, programs, and policies coordinated with this affordable housing plan

Expanding and preserving affordable housing opportunities will reduce the housing cost burden of households living in poverty. Therefore, a portion of the disposable income may be used to pursue other educational or career goals, as well as for other daily necessities. In addition, public services funding supports local programs that assist residents living in poverty.

SP-80 Monitoring – 91.230

Describe the standards and procedures that the jurisdiction will use to monitor activities carried out in furtherance of the plan and will use to ensure long-term compliance with requirements of the programs involved, including minority business outreach and the comprehensive planning requirements

The Urban County will maintain accurate records (both program and financial) pertaining to its CDBG-funded activities. Fund disbursements to CDBG public services subrecipients are predicated upon receipt of beneficiary demographics and related programmatic statistics. On-site monitoring of public services activities will be performed annually.

The Urban County will review its CDBG-funded activities on a regular basis to determine whether they are being carried out in accordance with the Consolidated Plan, subrecipient contracts, and memorandum of understanding. The results of such review will be used to:

- Determine suggested revisions to the Consolidated Plan and to the Urban County policies and procedures related to the use of CDBG funds; and
- Confirm compliance with statutory and regulatory requirements of applicable provisions of the CDBG program; and
- Prepare performance reports as required by HUD.

The Economic Development Department of Monterey County will undertake monitoring of the use of CDBG funds received and administered by the Urban County. Each year, an outside audit will also be performed by a qualified accounting firm.

Expected Resources

AP-15 Expected Resources – 91.220(c)(1,2)

Introduction

The FY 2025 HUD allocation is $1,361,629 for the unincorporated areas and the Cities of Gonzales, Greenfield, Marina and Sand City. Currently, the Urban County is not eligible to receive funding under the HOME Investment Partnership Program (HOME), Emergency Solutions Grant (ESG, or Housing Opportunities for Persons with AIDS (HOPWA) – programs also covered under the Consolidated Plan regulations. The unincorporated County is anticipating $403,479.96 in HOME Investment Partnership Program (HOME) entitlement funds for FY 2025-26 and will have $96,520.04 in State HOME Program Income for a total of $500,000 in HOME allocations.

Over the five-year planning period, the unincorporated County assumes $2,017,399.80 in HOME allocations excluding funds carried over from prior years and program income.

Table 55 - Expected Resources – Priority Table

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

The County continues to pursue additional funding aggressively and to leverage its funding partnerships with public, private and non-profit groups. The Urban County will utilize a variety of funding sources to leverage CDBG funds. These include:

- **Low Income Housing Tax Credit (LIHTC):** LIHTC is perhaps the single most important funding source available for affordable housing development. The County continues to support funding applications by affordable housing developers to pursue additional LIHTC.
- **No Place Like Home (NPLH):** This program provides funding for acquiring, designing, constructing, rehabilitating, or preserving permanent supportive housing for persons who are experiencing homelessness, chronic homelessness or who are at risk of chronic homelessness, and who are in need of mental health services.
- **General:** The County has some sources of funding for affordable housing. These include Inclusionary Housing In-Lieu fees, Program Income, and competitive State HOME funds. Many of these funds are being spent down and future funding will be at reduced levels. The County will also work with housing developers to pursue LIHTC and NPLH, as well as other funding sources.
- **Housing Choice Voucher/VASH:** The Housing Authority of the County of Monterey (HACM) operates Rental Assistance programs for County residents. HACM programs are a critical resource for extremely low- and low-income households. The HACM converted all public housing units county-wide to Project-Based Rental Assistance under the Rental Assistance Demonstration program in 2015.
- **Federal**: The County uses federal funds to fund a rapid rehousing program that leverages CALWorks funds through the Department of Social Services and the California Whole Person Care through the Department of Health. These funds help keep the Salinas homeless shelter open and serving the entire homeless population of Monterey County.
- **Home Match Requirements:** Pursuant to HUD regulations, all participating jurisdictions (PJs) must contribute or match 25 cents for each dollar of HOME funds spent on affordable housing. The unincorporated County will use California Permanent Local Housing Allocation (PLHA) grant funds.

  For FY 2025, the County will match $112,500 from Castroville/Pajaro Redevelopment leftover funding. After subtracting the ten percent of HOME allocations for administration ($50,000), this meets the $0.25 per HOME dollar spent on affordable housing ($450,000 X $0.25 = $112,500.00). For the remaining four years of the Consolidated Plan period, the County will match the $403,479.96 HUD annual allocation with $100,869.99, for a total of $403,479.96.

All public service activities that are funded by the Urban County do provide detailed information on other sources of funding for their activities and this information is reported to HUD separately.

If appropriate, describe publicly owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

The Share Center at 855 East Laurel has been open since May 26, 2021 and supported by County General Funds, California Permanent Local Housing Allocation (PLHA) grant funds and City of Salinas contributions. The Seaside Shelter, located at 1292 Olympia Avenue is open and is a 35-bed year-round shelter.

Discussion

The County will be implementing a funding methodology that will allow the County and its partners to plan for larger projects by utilizing their overall allocations within a 2 to 3-year time period. This change should reduce overall administration and allow more time to develop larger, more impactful projects. Over the Consolidated Planning period, County would like to award a minimum of $14,319 to Public Service projects.

CDBG and HOME regulations limit the maximum amount of annual grant funding that can be used to fund general administration (20 percent and 10 percent, respectively). For the FY 2025-26 this will limit general administration to $272,326 for CDBG funds and $50,000 for HOME funds. CDBG regulations also limit the amount of annual funding that can be used for public services (15 percent). As a result, a maximum of $204,244 of CDBG funds can be allocated for public services in FY 2025-26.

The Urban County received ten requests totaling $519,575 for public service activities and four proposals for CDBG funding.

For FY 2025-2026, the Urban County will distribute CDBG funds as follows:

- $787,153 for Public Facilities (City of Gonzales new fire engine and City of Marina Permanent Supportive Housing Facility Improvement Project)
- $107,906 for Public Facilities (County Infrastructure Project)
- $204,244 for Public Services, including Homeless Prevention Services
- $272,326 for Administration, including Fair Housing

For FY 2025-2026, the unincorporated County will distribute $450,000 in HOME funds for affordable housing projects.

Projects

AP-35 Projects – 91.220(d)

Introduction

FY 2025-2026 is the Urban County's first year of implementing the Community Development Block Grant (CDBG) program for the FY 2025 – FY 2029 Planning Period. This program is administered by the U.S. Department of Housing and Urban Development, and provides funding for a variety of projects and programs, with eligibility based on meeting the following national objectives:

- Benefitting low- and moderate-income persons; or
- Eliminating slum and blight; or
- Meeting a particularly urgent community need.

The Urban County plans to expend the CDBG funds to address housing and community development needs identified in the five-year Consolidated Plan. The projects described in this section are consistent with implementing specific activities to address those needs.

The unincorporated County is also anticipating participating in and receiving funds from the HOME Investment Partnership Program (HOME). Funding for this program can be used to increase affordable housing for low/moderate-income households through construction of new housing and rehabilitation of rental and ownership housing.

FY 2025-2026 Funding Allocation

The Urban County CDBG allocation for FY 2025-2026 is $1,371,629.The unincorporated County HOME allocation for FY 2025-2026 is $403,479.96.

CDBG and HOME regulations limit the maximum amount of annual grant funding that can be used to fund general administration (20 percent and ten percent, respectively). For the FY 2025-26 this will limit general administration to $272,326 for CDBG funds and $50,000 for HOME funds. CDBG regulations also limit the amount of annual funding that can be used for public services (15 percent). As a result, $204,244 of CDBG funds will be allocated for public services in FY 25-26.

The Urban County received ten requests totaling $519,575 for public service activities and four proposals for CDBG funding. For FY 2025-2026, the Urban County will distribute CDBG funds as follows:

- $630,566 for City of Gonzales (new fire engine)
- $156,587 for City of Marina (Community Homeless Solutions Permanent Supportive Housing Facility Improvement Project)
- $107,906 for Public Facilities Projects (Infrastructure Project)
- $204,244 for Public Services, including Homeless Prevention Services
- $272,326 for Administration, including Fair Housing

For FY 2025-2026, the unincorporated County will distribute $450,000 in HOME allocations ($403,479.96 in HUD HOME funds and $96,520.04 in State HOME PI) for affordable housing projects.

Table 57 – Project Information

Describe the reasons for allocation priorities and any obstacles to addressing underserved needs

The following established Priority Needs form the basis for allocating investments geographically within the Urban County during the next five-year period and are a result of various community outreach efforts and consultation meetings conducted during the Citizen Participation process.

- Improvements to infrastructure and public facilities in order to foster a suitable living environment for low- and moderate-income households; and
- Provision of services and program to benefit low- and moderate-income households; and
- Provision of services for the homeless and those at risk of becoming homeless; and
- Provision of affordable housing to low- and moderate-income households.
- Adequate staff time and resources to implement the CDBG-funded programs and to monitor program achievements.

Only eligible activities that received a high priority level in the FY 2025-2029 Consolidated Plan were funded on FY 2025-2026. Unfortunately, the demand for all types of activities greatly exceeds the financial resources available to the Urban County.

The lack of adequate funding is a critical obstacle to addressing the underserved needs. The Urban County is continuing to explore ways it can use its CDBG funds (and the unincorporated County's HOME funds), and other resources, to meet the needs of the low/moderate income people who live in Monterey County. Aside from the limited financial resources that are available, the Urban County is challenged to meet the needs of this population because the majority live in the entitlement communities of the cities of Monterey, Salinas and Seaside.

AP-50 Geographic Distribution – 91.220(f)

Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed

The Urban County is composed of the cities of Gonzales, Greenfield, Marina and Sand City, and the unincorporated areas of Monterey County. The Urban County has not established specific target areas where CDBG funds will be focused. Additionally, the unincorporated County has not established specific geographic target areas for HOME funds. Monterey County covers over 3,000 square miles and outside of the cities there are very few areas of low income and minority concentration. The census block groups that do have concentrations of low income and minority populations are either densely concentrated in the communities of Castroville and Pajaro or so widely disbursed that it is not possible to focus on those areas

Geographic Distribution

The Urban County has not established any specific target area for expending CDBG funds.

Target Area	Percentage of Funds
NA	NA

Table 58 - Geographic Distribution

Rationale for the priorities for allocating investments geographically

The Urban County has not established specific geographic target areas where CDBG funds will be focused. Additionally, the unincorporated County has not established specific geographic target areas for HOME funds. Housing and community development needs in the Urban County far exceed the availability of funding to address those needs. Annually, Urban County staff and the CDBG Ad Hoc Committee will evaluate applications for funding based on a number of factors, including:

- Urgency of needs; and
- Availability of other funding sources; and
- Project feasibility and cost effectiveness.

Affordable Housing

AP-55 Affordable Housing – 91.220(g)

Introduction

The County does not anticipate expending any FY 2025-2026 CDBG funds on providing affordable housing. However, in FY 2025-26, the unincorporated County is anticipating receiving HOME entitlement funds. These funds, along with other sources such as State HOME funds, inclusionary housing in-lieu fees, and Housing Successor Agency funds will be the primary sources of funding to address affordable housing needs in the County.

The unincorporated County is anticipating $403,479.96 in HOME Investment Partnership Program (HOME) entitlement funds for FY 2025-26 and will have $96,520.04 in State HOME Program Income for a total of $500,000 in HOME allocations. Funding will be used to set up a tenant based rental assistance program (goal of assisting 10 households), two grants for substantial housing rehabilitation and fund administration (10 percent, or $50,000.00, of total funding) .

AP-60 Public Housing – 91.220(h)

Introduction

The Housing Authority of the County of Monterey (HACM) has converted all its public housing units to Project-Based Rental Assistance and does not currently own or operate any public housing units. The HACM has established the Monterey County Housing Authority Development Corporation (HDC) to manage former public housing developments. There are 22 properties with 1,091 units under HDC management. Approximately one-quarter of the units are restricted to farmworker families. Another quarter of the units are restricted to seniors or persons with disabilities.

Six HDC-managed affordable housing projects are located in the Urban County area.

- HDC has three properties in the unincorporated areas of the Urban County, including the 48-unit Paseo de las Rosas in Castroville and 29-unit Vista del Valle in Chualar. Two of the properties are restricted to occupancy by farmworker families and the third is restricted to seniors or persons with disabilities.
- HDC has two housing developments in Gonzales, the 20-unit Casa de Oro and 30-unit Casa Santa Lucia. Casa de Oro is restricted to seniors or persons with disabilities.
- HDC has one housing development in Greenfield, the 50-unit Los Ositos. This property is restricted to seniors.
- One development in Marina with 56 units.

Actions planned during the next year to address the needs to public housing

HACM privatized all public housing and placed them under the control of HDC. During the coming years, HDC will continue to modernize and rehabilitate or tear down and rebuild former public housing units through the HUD RAD program.

Actions to encourage public housing residents to become more involved in management and participate in homeownership

The HACM requires or promotes a range of activities to increase resident involvement. These include:

- Requiring each adult household member to participate in eight hours of community services; and
- Encouraging the installation of neighborhood watch programs; and
- Conducting tenant meetings to receive input from residents; and
- Conducting specific meetings before the HACM board regarding tenant involvement

If the PHA is designated as troubled, describe the manner in which financial assistance will be provided or other assistance

The HACM is not designated as "troubled."

Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including

For FY 2025-2026, the Urban County anticipates expending approximately 12 percent of its public service cap funds ($23,865) and 17 percent ($156,587) of the FY 2025-2026 CDBG project funds to provide homeless and homeless prevention services through the following:

- Interim, Inc MCHOME (Homeless Street Outreach): MCHOME is a street outreach & Full-Service Partnership (FSP) program serving adults, age 18 and older, who have psychiatric disabilities, are homeless, & who are very low income. MCHOME's goal is to provide wrap-around services for individuals with mental illness to enable them to stabilization and get on the pathway to housing. Services include: case management, counseling, assistance with social services apps (Medi-Cal, benefits), referrals, linkage to housing services providers, etc. A total of 50 bed nights will be provided to those who are receiving needed mental health services, while they prepare for appointments with housing providers, and other medical professionals.
- Community Homeless Solutions Permanent Supportive Housing Facilities Improvement Project: Roofing repairs are needed to maintain the PSH units to federal Housing Quality Standards ensuring their availability. The facility, located in the City of Marina, has a total of 22 buildings with 59 units as part of the PSH, Youth Housing, Bridge Housing and Domestic Violence Program.

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

The funding for the MCHOME program will focus on outreach to those homeless individuals in the unincorporated areas of the county as well as in Sand City, Marina, Gonzales, and Greenfield. In 2024, Interim acquired office space in Soledad, which has improved outreach to surrounding unincorporated areas in South County. The homeless population in these areas will benefit as they now have access to mental health services as well as increased access

to motel rooms to limit congestion in homeless encampments and get on the path to housing.

Addressing the emergency shelter and transitional housing needs of homeless persons

In addition to the above, the Urban County will continue to rely on a vast network of public and nonprofit agencies in the Continuum of Care (CoC) system to provide a range of housing options and services. The CoC system strives to provide and expand housing opportunities for the homeless and formerly homeless, through emergency shelters, transitional housing, supportive housing, and permanent housing. Outreach, assessment, and case management services are also offered through this network to assist the homeless in transitioning to permanent housing.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

The Community Homeless Solutions facilities includes Permanent Supportive Housing, Youth Housing, Bridge Housing and a Domestic Violence Program in the City of Marina. This facility has 22 buildings with 59 units able to serve 200 low-income clients.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs.

AP-75 Barriers to affordable housing – 91.220(j)

Introduction

Market and governmental factors pose constraints to the provision of adequate and affordable housing. These factors tend to disproportionately impact low- and moderate-income households due to their limited resources for absorbing the costs.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

Lack of Affordable Housing Funds

The high construction and land costs in Monterey County render the need for substantial subsidies for affordable housing. However, the availability of funding for affordable housing has been severely affected by the dissolution of redevelopment agencies in the State of California.

State and Federal Davis-Bacon Prevailing Wages

The State Department of Industrial Relations (DIR) expanded the kinds of projects that require the payment of prevailing wages. Prevailing wage adds to the overall cost of development. A prevailing wage must also be paid to laborers when federal funds are used to pay labor costs for any project over $2,000 or on any multi-family project over eight units. Based on discussions with developers, various prevailing wage requirements typically inflate the development costs by 35 percent.

Environmental Protection

State law (California Environmental Quality Act, California Endangered Species Act) and federal law (National Environmental Protection Act, Federal Endangered Species Act) regulations require environmental review of proposed discretionary projects (e.g., subdivision maps, use permits, etc.). Costs resulting from the environmental review process are also added to the cost of housing. Recent State legislation has aimed to streamline affordable housing development, including exempting certain projects from CEQA processing.

California Coastal Act of 1976

The State legislature enacted the Coastal Act in 1976 to protect California's coastline from development encroachment through long-term and comprehensive planning. The Act establishes a coastal zone, outlines standards for development in the coastal zone, and created the Coastal Commission – the State agency tasked with implementing the Act in partnership with local governments. Approximately 197,343 acres, or 10 percent of the County's land area, are located within the coastal zone. The Coastal Act's numerous regulatory requirements and limitations on the types and densities of new construction in the coastal zone and potential for appeals resulting in additional layer of project review by an outside agency are a significant constraint on housing development in Monterey County.

Land Use Policies

Local land use policies could be a constraint to housing development when the requirements for parking, height limit, density, and setbacks result in limiting the number of housing units that can be feasibly constructed on site. Recent changes in State law now require local jurisdictions to develop objective standards to facilitate housing development.

Planning and Development Fees

Planning and development impact fees, such as for transportation, water, and sewer infrastructure improvements, often add to the overall cost of development. Many jurisdictions waive, reduce, or defer fees for affordable housing.

Permit and Processing Procedures

Builders and developers frequently cite the cost of holding land during the evaluation and review process as a significant factor in the cost of housing. Processing times vary with the complexity of the project. Recent changes to State law require jurisdictions allow certain types of housing by right without discretionary review as a way to streamline housing development.

AP-85 Other Actions – 91.220(k)

Introduction

This section discusses the Urban County's efforts in addressing underserved needs, developing the institutional structure for delivering housing and community development activities, and expanding and preserving affordable housing opportunities.

Actions planned to address obstacles to meeting underserved needs

Based on the results of the community outreach process, the Urban County's most underserved groups are the homeless and youth. Generally, the lack of funding is the most critical obstacle to meeting the needs of these groups. The Urban County intends to help bridge the gap by allocating CDBG funds to homeless, homeless prevention, and youth programs.

CDBG funds are limited. Therefore, the Urban County will continue to rely on the existing network of public and nonprofit agencies to deliver a variety of housing and supportive services for the homeless and youth in the community.

Actions planned to foster and maintain affordable housing

The unincorporated County is anticipating $403,479.96 in HOME Investment Partnership Program (HOME) entitlement funds for FY 2025-26 and will have $96,520.04 in State HOME Program Income for a total of $500,000 in HOME allocations, which will be used for TBRA and substantial housing rehabilitation.

In accordance with State law, the Urban County will continue to foster and maintain affordable housing development through the following:

- Streamline affordable housing development, including exempting certain projects from CEQA processing.
- Develop objective standards to facilitate housing development.
- Where feasible, waive, reduce, or defer fees for affordable housing
- Allow certain types of housing by right without discretionary review as a way to streamline housing development

Actions planned to reduce lead-based paint hazards

In Monterey County, lead poisoning is addressed by the Monterey County Health Department Childhood Lead Poisoning Prevention Program (CLPPP). CLPPP provides services to the community to:

- Increase awareness of the hazards of lead exposure; and
- Reduce lead exposure.; and
- Increase the number of children assessed and appropriately blood tested for lead poisoning.

A public health nurse provides home visitation and case management, and a registered environmental health specialist provides environmental home inspections to families of children found to be severely lead-poisoned. Local code

enforcement staff will continue to provide information on lead-based paint hazards and resources to abatement.

Actions planned to reduce the number of poverty-level families

The Urban County seeks to reduce the number of people living in poverty (extremely low-income households earning less than 30 percent of the AMI) by providing a number of programs, including housing assistance, supportive services, economic development assistance, and job training opportunities. This anti-poverty strategy utilizes existing County job training and social service programs to increase employment marketability, household income, and housing options.

Actions planned to develop institutional structure

Urban County staff will continue to communicate with local HUD staff, consult with neighboring CDBG jurisdictions, and attend HUD trainings to expand their knowledge in the CDBG program. The unincorporated County will develop a structure for allocating HOME entitlement funds, as this is the first year as an entitlement recipient.

Actions planned to enhance coordination between public and private housing and social service agencies

The Urban County will continue to coordinate with public and private housing and services agencies to deliver housing and community development activities in the Urban County area. Various agencies will continue to be invited to attend public meetings related to the CDBG program. The Urban County will continue to maintain and expand the outreach list for the CDBG program.

The outreach list will also be utilized by the unincorporated County regarding the HOME funds.

Receive an update in response to Board Referral No. 2024.11, asking staff to investigate possible modifications to the County's Rooster Ordinance to make it more effective at eradicating cockfighting operations in unincorporated Monterey County.

RECOMMENDATION:
It is recommended that the Board of Supervisors:

a. Receive an update report in response to Board Referral No. 2024.11 to have staff look at modifying the County's Rooster Ordinance in order to make it more effective at eradicating cockfighting operations in unincorporated Monterey County; and
b. Provide further direction, as appropriate.

SUMMARY:
On September 5, 2024, Board Referral No. 2024.11 was assigned to the Health Department, via Hitchcock Road Animal Services (HRAS) to have staff look at modifying the County's Rooster Ordinance to make it more effective at eradicating cockfighting operations in unincorporated Monterey County.

On October 1, 2024, staff provided the Board of Supervisors with a preliminary response to this referral. Staff estimated it would take it six (6) months to review the ordinance, meet with stakeholders, and work with County Counsel on proposed amendments to the Ordinance, before returning to the Board.

During this time, the State of California proposed AB 928, which would have limited the number of roosters per parcel size. Staff then paused to see if the bill would be approved. In July 2025, AB 928 was pulled from Committee. Consequently, the County is now proceeding with making modifications to the County of Monterey Ordinance 8.50, Requirements for Keeping Five (5) or More Roosters.

The County of Monterey adopted its Rooster Ordinance in 2015. One of the main purposes of the ordinance was to prevent illegal cockfighting. There are several aspects of the ordinance, however, that make it difficult to enforce. While other counties have rooster ordinances that limit the number of roosters a person can have with a permit, the County of Monterey's ordinance allows for up to 499 roosters in certain zoning areas. Additionally, the ordinance places the burden of proof on HRAS to prove that cockfighting is taking place.

PRELIMINARY ANALYSIS:
Background:

Board Referral No. 2024.11 was assigned to the Health Department on September 5, 2024. It requested that staff consider potential modifications of the County's Rooster Ordinance to make it more effective at eradicating cockfighting operations in unincorporated Monterey County.

In January 2023, the County of Monterey and the City of Salinas executed a Joint Powers Agreement (JPA) forming the Hitchcock Road HRAS (HRAS) agency reporting to a JPA Board of Directors with two representatives each from the County of Monterey and the City of Salinas. HRAS staff presented this Board Referral to the JPA Board of Directors at their meeting on October 17, 2024, seeking their direction, as efforts towards recommending a County Ordinance update may impact HRAS operations. Additionally, on May 15, 2025, staff presented a letter of support for AB 928 to the HRAS JPA Board of Directors who authorized Chair Church to sign.

Project Description:
This referral asks staff to investigate making the following changes to the County's Rooster Ordinance (and other changes as they see fit):

- Placing limits on the maximum number of roosters allowed, similar to other counties in CA, possibly a sliding scale based on lot size.
- Shifting the burden of proof from the County to the permit seeker to show that they are not using birds for cockfighting.

On October 1, 2024, staff provided the Board with a preliminary response to this referral. Staff estimated it would take six (6) months to review the ordinance, meet with stakeholders, and work with County Counsel on modifications before bringing back a proposed updated ordinance to the Board. Around the same time, the state of California proposed AB 928. This law would:

- Prohibit game fowl yards by limiting the number of roosters maintained on a property to 3 per acre or 25 total.
- Only impact illegal operations by exempting commercial poultry operations, schools, poultry hobbyists, animal welfare organizations, 4-H, and FFA projects.
- Only apply when roosters are tethered or housed alone in a cage, which is the typical confinement of choice for breeding chickens for fighting, and far different than legitimate poultry farms and facilities.

Both the County of Monterey and HRAS JPA Board provided support for AB 928 and were monitoring its progress in the Legislature. In July 2025, AB 928 was pulled from Committee. It may come back as a 2-year bill; however, it did not proceed as anticipated. Had it been adopted; the County of Monterey could have adopted this law or choose to update the current Ordinance, with stricter allowances as deemed appropriate.

Effective July 14, 2015, Monterey County Code Ordinance 5249 requires permitting for Rooster Keeping Operations where five (5) or more roosters are kept on any single property within the unincorporated areas of Monterey County. The Rooster Ordinance was intended to balance the legitimate interests of agricultural businesses and agricultural educational organizations with need to

prevent rooster keeping that is unsanitary, environmentally damaging, inhumane, and conducive to illegal cockfighting. HRAS estimated there are currently has over 100 properties with over 5 roosters that are in various stages of the permit process. Due to current staffing levels, these permits are not considered priorities for call response; live animal calls are currently prioritized.

Staff has run into many difficulties in attempting to enforce this Ordinance. Additionally, staff has not found that the current Ordinance has reduced illegal cockfighting. In fact, considering the types of numbers of birds housed onsite, many of the properties in the permit process may be cockfighters, but HRAS does not have sufficient evidence otherwise.

The permit process is also labor intensive, and its impact is greater still when staffing is lower than normal, which has been an ongoing issue. To ensure safety, at least two Animal Control Officers are required for each onsite property inspection. Office staff must devote significant time to working with applicants on their applications and related forms.

Moreover, the Ordinance lacks sufficient enforcement powers. The only sanction for operating without a permit is continued citations. Nothing authorizes staff to remove or confiscate birds. Even when HRAS posts “Cease and Desist” notices for failure to get a permit, the onus remains on HRAS to continue to post and issue citations. Given the staffing difficulties described above, this is not realistic, and it is unclear whether even if continued posting were possible, it would have a meaningful impact absent active remedies. Therefore, the birds remain.

HRAS staff has met internally to review potential modifications to the Rooster ordinance. Additionally, staff met with other County departments and stakeholders in the Ordinance’s enforcement, including County Housing and Community Development (HCD), the Agricultural Commissioner, and the SPCA for Monterey County. Staff has reached out to the Sheriff’s Department as well but has yet to set up a time for discussion.

In researching other county’s ordinances, staff found that numerous other jurisdictions took a zoning approach to this issue, addressing the rooster issue within zoning law, rather than tying regulation to their HRAS departments. Those jurisdictions, such as San Diego, San Bernardino, and San Luis Obispo Counties, limit the number of roosters per parcel, a simpler to understand and enforce approach. Such an approach was the basis for AB 928. Staff is having ongoing, continued discussions with HCD to determine whether the zoning approach is feasible here. HCD has raised additional questions that need to be further investigated to determine the best approach.

Estimated Project Cost:
HRAS does not, at this time, project costs outside of the staff time needed to work with other departments, including Housing and Community Development and the Agricultural Commissioner.

Staffing Level Estimate:
HRAS staff will include 2-3 staff providing input and work on this referral.

Departmental Challenges:
Limited staffing continues to remain a challenge for HRAS. Additionally, staff needs to coordinate

efforts and discussions with other County departments such as HCD, County Counsel, and the Agricultural Commissioner's office. The HRAS JPA Board of Directors will also need to take a position on the updates related to this referral during one of their regular meetings. Those meetings currently occur every other month with the next meetings in November 2025 and January 2026.

Proposed Response Date:
HRAS staff estimates an additional six (6) months is needed to further research and continue to have discussions with other County departments concerning the feasibility of either updating this ordinance and/or moving outside of Chapter 8 entirely. If it is determined to be a feasible to move this work outside of Chapter 8, additional time would be needed to identify the priority of making such a move.

BOARD OF SUPERVISORS STRATEGIC INITIATIVES:
The proposed project is targeted to improve health and quality of life through County supported policies, programs, and services, promoting access to equitable opportunities for healthy choices and healthy environments in collaboration with communities.

Board Referral No. # 2024.11
Preliminary Analysis Report

Introduced: 10/8/2025
Version: 1

Current Status: Agenda Ready
Matter Type: General Agenda Item

Receive an update in response to Board Referral No. 2024.11, asking staff to investigate possible modifications to the County's Rooster Ordinance to make it more effective at eradicating cockfighting operations in unincorporated Monterey County.

RECOMMENDATION:
It is recommended that the Board of Supervisors:

a. Receive an update report in response to Board Referral No. 2024.11 to have staff look at modifying the County's Rooster Ordinance in order to make it more effective at eradicating cockfighting operations in unincorporated Monterey County; and
b. Provide further direction, as appropriate.

SUMMARY:
On September 5, 2024, Board Referral No. 2024.11 was assigned to the Health Department, via Hitchcock Road Animal Services (HRAS) to have staff look at modifying the County's Rooster Ordinance to make it more effective at eradicating cockfighting operations in unincorporated Monterey County.

On October 1, 2024, staff provided the Board of Supervisors with a preliminary response to this referral. Staff estimated it would take it six (6) months to review the ordinance, meet with stakeholders, and work with County Counsel on proposed amendments to the Ordinance, before returning to the Board.

During this time, the State of California proposed AB 928, which would have limited the number of roosters per parcel size. Staff then paused to see if the bill would be approved. In July 2025, AB 928 was pulled from Committee. Consequently, the County is now proceeding with making modifications to the County of Monterey Ordinance 8.50, Requirements for Keeping Five (5) or More Roosters.

The County of Monterey adopted its Rooster Ordinance in 2015. One of the main purposes of the ordinance was to prevent illegal cockfighting. There are several aspects of the ordinance, however, that make it difficult to enforce. While other counties have rooster ordinances that limit the number of roosters a person can have with a permit, the County of Monterey's ordinance allows for up to 499 roosters in certain zoning areas. Additionally, the ordinance places the burden of proof on HRAS to prove that cockfighting is taking place.

PRELIMINARY ANALYSIS:
Background:

Board Referral No. 2024.11 was assigned to the Health Department on September 5, 2024. It requested that staff consider potential modifications of the County's Rooster Ordinance to make it more effective at eradicating cockfighting operations in unincorporated Monterey County.

In January 2023, the County of Monterey and the City of Salinas executed a Joint Powers Agreement (JPA) forming the Hitchcock Road HRAS (HRAS) agency reporting to a JPA Board of Directors with two representatives each from the County of Monterey and the City of Salinas. HRAS staff presented this Board Referral to the JPA Board of Directors at their meeting on October 17, 2024, seeking their direction, as efforts towards recommending a County Ordinance update may impact HRAS operations. Additionally, on May 15, 2025, staff presented a letter of support for AB 928 to the HRAS JPA Board of Directors who authorized Chair Church to sign.

Project Description:
This referral asks staff to investigate making the following changes to the County's Rooster Ordinance (and other changes as they see fit):

- Placing limits on the maximum number of roosters allowed, similar to other counties in CA, possibly a sliding scale based on lot size.
- Shifting the burden of proof from the County to the permit seeker to show that they are not using birds for cockfighting.

On October 1, 2024, staff provided the Board with a preliminary response to this referral. Staff estimated it would take six (6) months to review the ordinance, meet with stakeholders, and work with County Counsel on modifications before bringing back a proposed updated ordinance to the Board. Around the same time, the state of California proposed AB 928. This law would:

- Prohibit game fowl yards by limiting the number of roosters maintained on a property to 3 per acre or 25 total.
- Only impact illegal operations by exempting commercial poultry operations, schools, poultry hobbyists, animal welfare organizations, 4-H, and FFA projects.
- Only apply when roosters are tethered or housed alone in a cage, which is the typical confinement of choice for breeding chickens for fighting, and far different than legitimate poultry farms and facilities.

Both the County of Monterey and HRAS JPA Board provided support for AB 928 and were monitoring its progress in the Legislature. In July 2025, AB 928 was pulled from Committee. It may come back as a 2-year bill; however, it did not proceed as anticipated. Had it been adopted; the County of Monterey could have adopted this law or choose to update the current Ordinance, with stricter allowances as deemed appropriate.

Effective July 14, 2015, Monterey County Code Ordinance 5249 requires permitting for Rooster Keeping Operations where five (5) or more roosters are kept on any single property within the unincorporated areas of Monterey County. The Rooster Ordinance was intended to balance the legitimate interests of agricultural businesses and agricultural educational organizations with need to

prevent rooster keeping that is unsanitary, environmentally damaging, inhumane, and conducive to illegal cockfighting. HRAS estimated there are currently has over 100 properties with over 5 roosters that are in various stages of the permit process. Due to current staffing levels, these permits are not considered priorities for call response; live animal calls are currently prioritized.

Staff has run into many difficulties in attempting to enforce this Ordinance. Additionally, staff has not found that the current Ordinance has reduced illegal cockfighting. In fact, considering the types of numbers of birds housed onsite, many of the properties in the permit process may be cockfighters, but HRAS does not have sufficient evidence otherwise.

The permit process is also labor intensive, and its impact is greater still when staffing is lower than normal, which has been an ongoing issue. To ensure safety, at least two Animal Control Officers are required for each onsite property inspection. Office staff must devote significant time to working with applicants on their applications and related forms.

Moreover, the Ordinance lacks sufficient enforcement powers. The only sanction for operating without a permit is continued citations. Nothing authorizes staff to remove or confiscate birds. Even when HRAS posts “Cease and Desist” notices for failure to get a permit, the onus remains on HRAS to continue to post and issue citations. Given the staffing difficulties described above, this is not realistic, and it is unclear whether even if continued posting were possible, it would have a meaningful impact absent active remedies. Therefore, the birds remain.

HRAS staff has met internally to review potential modifications to the Rooster ordinance. Additionally, staff met with other County departments and stakeholders in the Ordinance’s enforcement, including County Housing and Community Development (HCD), the Agricultural Commissioner, and the SPCA for Monterey County. Staff has reached out to the Sheriff’s Department as well but has yet to set up a time for discussion.

In researching other county’s ordinances, staff found that numerous other jurisdictions took a zoning approach to this issue, addressing the rooster issue within zoning law, rather than tying regulation to their HRAS departments. Those jurisdictions, such as San Diego, San Bernardino, and San Luis Obispo Counties, limit the number of roosters per parcel, a simpler to understand and enforce approach. Such an approach was the basis for AB 928. Staff is having ongoing, continued discussions with HCD to determine whether the zoning approach is feasible here. HCD has raised additional questions that need to be further investigated to determine the best approach.

Estimated Project Cost:
HRAS does not, at this time, project costs outside of the staff time needed to work with other departments, including Housing and Community Development and the Agricultural Commissioner.

Staffing Level Estimate:
HRAS staff will include 2-3 staff providing input and work on this referral.

Departmental Challenges:
Limited staffing continues to remain a challenge for HRAS. Additionally, staff needs to coordinate

efforts and discussions with other County departments such as HCD, County Counsel, and the Agricultural Commissioner's office. The HRAS JPA Board of Directors will also need to take a position on the updates related to this referral during one of their regular meetings. Those meetings currently occur every other month with the next meetings in November 2025 and January 2026.

Proposed Response Date:
HRAS staff estimates an additional six (6) months is needed to further research and continue to have discussions with other County departments concerning the feasibility of either updating this ordinance and/or moving outside of Chapter 8 entirely. If it is determined to be a feasible to move this work outside of Chapter 8, additional time would be needed to identify the priority of making such a move.

BOARD OF SUPERVISORS STRATEGIC INITIATIVES:
The proposed project is targeted to improve health and quality of life through County supported policies, programs, and services, promoting access to equitable opportunities for healthy choices and healthy environments in collaboration with communities.

PRELIMINARY ANALYSIS:

Referral Summary & Background:

On September 5th, 2024, Board Referral No. 2024.11 was assigned to the Health Department to have staff look at modifying the County's Rooster Ordinance in order to make it more effective at eradicating cockfighting operations in unincorporated Monterey County.

The County of Monterey adopted its Rooster Ordinance in 2015. One of the main purposes of the ordinance was to prevent illegal cockfighting. There are several aspects of the ordinance, however, that make it difficult to enforce. While other counties across the state who have rooster ordinances limit the number of roosters a person can have with a permit, the County of Monterey's ordinance allows for up to 499 roosters in certain zoning areas. Additionally, the County of Monterey's ordinance places the burden of proof on Animal Control to prove that cockfighting is taking place.

Proposed Project Description:

This referral asks staff to investigate making the following changes to the County's Rooster Ordinance (and other changes as they see fit):

1. Placing limits on the maximum number of roosters allowed, similar to other counties in CA, possibly a sliding scale based on lot size.

2. Placing the burden of proof on the permit seeker to show that they are not using birds for cockfighting.

Animal Services, through Hitchcock Road Animal Services, enforces County of Monterey Ordinance 8.50, Requirements for Keeping Five or More Roosters. Currently, HRAS has 60 pending permit cases in the unincorporated areas in Monterey County, with 15 current permits and 15 expired permits.

Hitchcock Road Animal Services staff have already met internally to review potential modifications to the Rooster ordinance. Prior to making recommendations, staff intends to also meet with other County departments and external organizations that are stakeholders in the enforcement process of this ordinance:

1. Housing and Community Development
2. Agricultural Commissioner
3. Sheriff
4. SPCA for Monterey County

Estimated Project Cost:
At this time, there is no projected cost for this review and update.

Staffing Level Estimate:
Animal Services will have 3-4 staff members assigned to this project and will collaborate with County Counsel and various departments. This will take approximately 40-60 hours of cumulative staff time.

Departmental Challenges:
Limited staffing continues to remain a challenge for Animal Services.

Proposed Response Date:
Hitchcock Road Animal Services staff estimates to take about 6 months to review the ordinance, meet with stakeholders and work with County Counsel on modifications before bringing back an updated ordinance.

This work supports the County of Monterey Health Department 2018-2024 Strategic Plan Goal: 4) Engage MCHD workforces and improve operational functions to meet current and developing population heath needs.

OTHER AGENCY INVOLVEMENT:
Hitchcock Road Animal Services staff will continue to have discussions with representatives from stakeholders from other agencies and departments.

    a) Retain the name *Recurso de Fuerza*;
    b) Rename the program *Casitas de Fuerza*; or

c. Provide direction as necessary.

RECOMMENDATION:

It is recommended that the Board of Supervisors:

a. Receive a presentation in response to Board Referral No. 2024.13 (Alejo) on the history of *Recurso de Fuerza*, a low barrier navigation center currently in development in partnership with the County of Santa Cruz;
b. Consider the following options for renaming *Recurso de Fuerza*:
    a) Retain the name *Recurso de Fuerza*;
    b) Rename the program *Casitas de Fuerza*; or
    c) Direct staff to rename the project through a public engagement process; and
b. Provide direction as necessary.

SUMMARY:

Referral No. 2024.13 was submitted by Supervisor Alejo, requesting the renaming of *Recurso de Fuerza Village* ("RdF Village"), a 34-bed, non-congregate, low-barrier navigation center currently in the building phase in Watsonville, California.

The purpose of this presentation is to inform the Board of Supervisors about the contextual background of the existing project name, *Recurso de Fuerza*, which translates to "Resource of Strength", and receive further direction on either keeping the name or renaming the project.

RdF Village is a product of a collaborative partnership between the Counties of Monterey (“County”) and Santa Cruz (“COSC”). Under the terms of this partnership, Monterey County has secured funding for construction and start-up costs and is serving as the lead entity on site development and implementation. According to a Memorandum of Understanding approved by the Monterey County Board of Supervisors on February 27, 2024, both counties intend to transfer ownership of the units to Santa Cruz County, with the process to be finalized no later than June 30, 2026. Given the temporary

nature of Monterey County's ownership of RdF Village, County staff are actively working among key stakeholders, including the County of Santa Cruz, Community Action Board of Santa Cruz County, and Westview Presbyterian Church to ensure all parties agree to decisions of the County.

DISCUSSION:
County staff have coordinated closely with COSC throughout the project's development, including the visioning and design stages that shaped the grant proposal. To prepare for the grant application, the County Homeless Services Director engaged the former County-funded outreach team from CSUMB's Center for Community Health Engagement to conduct outreach and assess the needs of individuals residing along the Pajaro River.

The project's partners, including the property owner, Westview Presbyterian Church, agreed to allow encampment occupants the opportunity to name the low-barrier navigation center, with the goal of fostering a sense of ownership and hope for future residents. On February 27, 2023, the County submitted the Encampment Resolution Fund (ERF) application, where the response to Question 24: "How were persons with lived experience meaningfully incorporated into the planning and proposed implementation of this proposal? Please identify whether any perspectives were incorporated from persons who are currently unsheltered and/or formerly or currently residing within the prioritized encampment," was that the name *Recurso de Fuerza* was selected by the encampment occupants.

Recurso de Fuerza is listed as the official name of the navigation center in several key documents, including the Encampment Resolution Funding (ERF) project proposal to the State, County-administered standard agreements and contracts administered by other funding partners.

Potential impacts of renaming the project include:

1. **Disrupt the trust of future program participants:** Overriding the name selected by the encampment occupants may undermine the efforts of community-based organizations striving to build and sustain rapport with the occupants.
2. **Increased Administrative Workload:** Additional time and resources will be required from staff to update internal and external documents.
3. **State Engagement:** Coordination with the State may be necessary to determine whether a name change would impact the project's scoring on the approved application as it was listed as the response to community engagement.
4. **Community Engagement Coordination:** Development and implementation of a comprehensive community engagement process, in collaboration with the County of Santa Cruz, Westview Presbyterian Church, and Community Action Board of Santa Cruz County and reengage the encampment residents asking them to choose a different name.
5. **Modification of Agreements:** Amendments will be needed for existing County standard agreements.
6. **Funder Coordination:** Engagement with other funding partners to update agreements and documents, managed by other entities.
7. **Additional Community Outreach:** Additional communication may be required to mitigate potential confusion resulting from the name change within the local community.

OTHER AGENCY INVOLVEMENT/COMMITTEE ACTIONS:

Introduced: 10/29/2025
Version: 1

Current Status: Agenda Ready
Matter Type: Preliminary Analysis Report

a. Receive a presentation in response to Board Referral No. 2024.13 (Alejo) on the history of *Recurso de Fuerza*, a low barrier navigation center currently in development in partnership with the County of Santa Cruz;
b. Consider the following options for renaming *Recurso de Fuerza*:
    a) Retain the name *Recurso de Fuerza*;
    b) Rename the program *Casitas de Fuerza*; or
    c) Direct staff to rename the project through a public engagement process; and
c. Provide direction as necessary.

RECOMMENDATION:

It is recommended that the Board of Supervisors:

a. Receive a presentation in response to Board Referral No. 2024.13 (Alejo) on the history of *Recurso de Fuerza*, a low barrier navigation center currently in development in partnership with the County of Santa Cruz;
b. Consider the following options for renaming *Recurso de Fuerza*:
    a) Retain the name *Recurso de Fuerza*;
    b) Rename the program *Casitas de Fuerza*; or
    c) Direct staff to rename the project through a public engagement process; and
b. Provide direction as necessary.

SUMMARY:

Referral No. 2024.13 was submitted by Supervisor Alejo, requesting the renaming of *Recurso de Fuerza Village* ("RdF Village"), a 34-bed, non-congregate, low-barrier navigation center currently in the building phase in Watsonville, California.

The purpose of this presentation is to inform the Board of Supervisors about the contextual background of the existing project name, *Recurso de Fuerza*, which translates to "Resource of Strength", and receive further direction on either keeping the name or renaming the project.

RdF Village is a product of a collaborative partnership between the Counties of Monterey (“County”) and Santa Cruz (“COSC”). Under the terms of this partnership, Monterey County has secured funding for construction and start-up costs and is serving as the lead entity on site development and implementation. According to a Memorandum of Understanding approved by the Monterey County Board of Supervisors on February 27, 2024, both counties intend to transfer ownership of the units to Santa Cruz County, with the process to be finalized no later than June 30, 2026. Given the temporary

nature of Monterey County's ownership of RdF Village, County staff are actively working among key stakeholders, including the County of Santa Cruz, Community Action Board of Santa Cruz County, and Westview Presbyterian Church to ensure all parties agree to decisions of the County.

DISCUSSION:
County staff have coordinated closely with COSC throughout the project's development, including the visioning and design stages that shaped the grant proposal. To prepare for the grant application, the County Homeless Services Director engaged the former County-funded outreach team from CSUMB's Center for Community Health Engagement to conduct outreach and assess the needs of individuals residing along the Pajaro River.

The project's partners, including the property owner, Westview Presbyterian Church, agreed to allow encampment occupants the opportunity to name the low-barrier navigation center, with the goal of fostering a sense of ownership and hope for future residents. On February 27, 2023, the County submitted the Encampment Resolution Fund (ERF) application, where the response to Question 24: "How were persons with lived experience meaningfully incorporated into the planning and proposed implementation of this proposal? Please identify whether any perspectives were incorporated from persons who are currently unsheltered and/or formerly or currently residing within the prioritized encampment," was that the name *Recurso de Fuerza* was selected by the encampment occupants.

Recurso de Fuerza is listed as the official name of the navigation center in several key documents, including the Encampment Resolution Funding (ERF) project proposal to the State, County-administered standard agreements and contracts administered by other funding partners.

Potential impacts of renaming the project include:

1. **Disrupt the trust of future program participants:** Overriding the name selected by the encampment occupants may undermine the efforts of community-based organizations striving to build and sustain rapport with the occupants.
2. **Increased Administrative Workload:** Additional time and resources will be required from staff to update internal and external documents.
3. **State Engagement:** Coordination with the State may be necessary to determine whether a name change would impact the project's scoring on the approved application as it was listed as the response to community engagement.
4. **Community Engagement Coordination:** Development and implementation of a comprehensive community engagement process, in collaboration with the County of Santa Cruz, Westview Presbyterian Church, and Community Action Board of Santa Cruz County and reengage the encampment residents asking them to choose a different name.
5. **Modification of Agreements:** Amendments will be needed for existing County standard agreements.
6. **Funder Coordination:** Engagement with other funding partners to update agreements and documents, managed by other entities.
7. **Additional Community Outreach:** Additional communication may be required to mitigate potential confusion resulting from the name change within the local community.

OTHER AGENCY INVOLVEMENT/COMMITTEE ACTIONS:
Recurso de Fuerza is a partnership between the County Administrative Office Homelessness Strategies and Initiatives Division, County of Santa Cruz Human Services Department, California Housing and Community Development, California Interagency Council on Homelessness, Community Action Board of Santa Cruz County, Central California Alliance on Health, Coalition of Homeless Services Providers, Persons with Lived Experience, Community Health Engagement, and Westview Presbyterian Church.

California Interagency Council on Homelessness (Cal ICH)

Encampment Resolution Funding Program, Round 2, Second Disbursement (ERF-2-R)

Notice of Funding Availability (NOFA)

I. GRANT OVERVIEW

A. ERF-2-R Objective

The Encampment Resolution Funding (ERF) Program will fund actionable, person-centered local proposals that resolve the experience of unsheltered homelessness for people residing in encampments. Resolving these experiences of homelessness will necessarily address the safety and wellness of people within encampments, resolve critical encampment concerns, and transition individuals into interim shelter with clear pathways to permanent housing or directly into permanent housing, using data-informed, non-punitive, low-barrier, person-centered, Housing First, and coordinated approaches.

Proposals may bolster existing, successful models and/or support new approaches that provide safe stable, and ultimately permanent housing for people experiencing homelessness in encampments.

B. Authority

Under the authority of Chapter 7 of Part 1 of Division 31 of the California Health and Safety Code (HSC) (sections 50250 et seq.), the Encampment Resolution Funding Program (Program) was established to increase collaboration between the California Interagency Council on Homelessness (Cal ICH), Local Jurisdictions, and Continuums of Care for the following purposes:

- Assist Local Jurisdictions in ensuring the safety and wellness of people experiencing homelessness in encampments.
- Provide grants to Local Jurisdictions and continuums of care to resolve critical encampment concerns and transition individuals into safe and stable housing.
- Encourage a data-informed, coordinated approach to address encampment concerns.

The ERF Program was initially authorized in 2021 through Assembly Bill (AB) 140 (Chapter 111, Statutes of 2021), which allocated $50 million for what would become the first round of funding. SB 197 (Chapter 70, Statutes of 2022) amended the program and AB 178 (Chapter 45, Statutes of 2022) allocated an additional $300 million for Round 2 of ERF funding.

C. Background

Cal ICH was created in 2017 to oversee the implementation of Housing First policies, guidelines, and regulations to reduce the prevalence and duration of homelessness in California. Cal ICH's mission is to develop policies and to identify and coordinate resources, benefits, and services to prevent and work toward ending homelessness in California.

The ERF Program is a 4-year grant program that includes two rounds of funding: $50 million in Fiscal Year (FY) 2021-22 (ERF-1) and $300 million in FY 2022-23 (ERF-2) to provide grants to Local Jurisdictions and continuums of care to resolve critical encampment concerns and transition individuals into safe and stable housing.

The first disbursement from the $300 million of ERF-2 funds was provided to applicants from ERF-1 that satisfactorily met all program requirements but had not been awarded grants due to lack of available funds.

This NOFA is for the remaining $237,301,738 of ERF-2 funds. Applications will be accepted on a rolling basis until June 30, 2023, or until all funds are exhausted, whichever comes first. Up to $150 million will be prioritized for proposals that serve people living in encampments on state right-of-ways.

D. Eligible Applicants

- Local Jurisdiction – means a city, including a charter city, a county, including a charter county, or a city and county, including a charter city and county.

- Continuum of Care (CoC) – as defined in Section 578.3 of Title 24 of the Code of Federal Regulations.

    - Per statute (AB 178, Budget Act of 2022), Local Jurisdictions have priority to apply for ERF programs on state right-of-ways, over CoC applicants, until a date specified by Cal ICH. If a CoC applies for an ERF proposal located on a state right-of-way before May 1, 2023, the CoC must provide a Letter of Local Acknowledgment from each overlapping Local Jurisdiction that identifies the prioritized encampment and confirms that the CoC has communicated with each Local Jurisdiction and that no Local Jurisdiction intends to apply for ERF-2-R funds for the prioritized encampment.

E. Eligible Population to Serve

ERF-2-R funds may only be used for proposals that connect people experiencing homelessness in encampments to interim shelter with clear pathways to permanent housing or place people directly into permanent housing.

F. Rounds of Funding

- ERF-1 is Round 1 of the Encampment Resolution Funding Program. It featured one disbursement totaling $48 million to 19 jurisdictions.

- ERF-2 is Round 2 of the Program. It features at least two disbursements.

- ERF-2's first disbursement (ERF-2-L) was made available to jurisdictions that applied for ERF-1, satisfactorily met all applicable program requirements, but did not receive awards due to lack of available funds. $47.7 M was awarded to eight jurisdictions (ERF-2-L indicates a *lookback* to unfunded ERF-1 applicants).

- ERF-2's second disbursement (ERF-2-R) is made available through this NOFA (ERF-2-R indicates a *rolling* application process).

G. Available Funds

- Up to $237,301,738 are available for award through ERF-2-R.

  - Applications will be accepted on a rolling basis until June 30, 2023, or until funds are exhausted, whichever is sooner.

  - Pursuant to the Budget Act of 2022 (Section 20 of AB 178), up to 50 percent of the $300 million authorized for ERF-2 shall be prioritized for Local Jurisdictions with proposals that address encampments on state right-of-ways and that meet priority criteria established by Cal ICH in consultation with the Department of Transportation.

H. Key Dates

The rolling Application Window will open upon the release of this NOFA and the accompanying ERF-2-R application on December 1, 2022, and will remain open until June 30, 2023, or until all program funds have been exhausted, whichever comes first. Applications will be reviewed in batches as illustrated in the table and diagram below. Applications for projects on state right-of-ways will be prioritized in this review process.

If a CoC applies for an ERF proposal located on a state right-of-way (SROW) before May 1, 2023 (during Application Window #1 or #2), the CoC must provide a Letter of Local Acknowledgment from each overlapping Local Jurisdiction that identifies the prioritized encampment and confirms that no Local Jurisdiction intends to apply for funding for the prioritized encampment.

Administrative Costs	Administrative costs incurred by the city, county, continuum of care, to administer its program allocation. **Up to 5% of grant funds may be applied to administrative costs.**

Site restoration is not a permitted Eligible Use for ERF-2-R funds.

B. Budgets

Applicants must use the standardized budget template available at Box.com: (https://dca.box.com/s/3hil5rn8zp4g4q91r619fjlt2lrc6qvl). Where necessary, applicants may modify the budget template.

These budgets will be submitted through the Cognito submission portal: (https://www.cognitoforms.com/CaliforniaInteragencyCouncilOnHomelessness/ERF2RApplication).

Applicants must demonstrate a reasonable effort to correctly categorize their budgets into the appropriate Eligible Uses. Additionally, if one larger proposal may fall within two or more Eligible Use categories, applicants should split up the line item so that Cal ICH staff can track and better understand proposal components.

IV. APPLICATION

A. ERF-2-R Application

The ERF-2-R Application is a questionnaire style survey and has three required parts. A submitted Application that deviates from the following requirements may be considered nonresponsive and may be disqualified from the evaluation.

1. Part 1: Administrative Information

Requires the applicant to provide information pertaining to jurisdiction type, implementing organization, and contacts.

2. Part 2: Proposal Overview

Requires the applicant to provide information on three main areas:

a) People Served: including metrics on how many people are living in the prioritized encampment and how many people are proposed to be served.

b) Encampment Information: including a description of the people living in the prioritized encampment, the physical characteristics of the encampment, why the site and the people residing there are being prioritized, and whether the encampment is located entirely or partially on a state right-of-way. This includes:

- **Attachment, Map:** Applicants must submit a map of the encampment site proposed to be served with ERF-2-R funds.

- **If applicable, Attachment, Caltrans Letter of Support:** Projects entirely or partially on a state right-of-way must include a Letter of Support from Caltrans.
  - This letter must include confirmation from Caltrans that they are aware of and in support of the ERF project, including the projected timeline, and that they will only take action on that encampment site in collaboration with and with at least two weeks-notice to the ERF grantee, unless critical circumstances exist when an encampment poses an imminent threat to life, health, safety, or infrastructure and must be immediately addressed.
  - This letter should be signed by the local Caltrans Deputy District Director of Maintenance (DDDM) or their designee.
  - This letter may also include Caltrans role in the proposal and what Caltrans resources are being leveraged.

c) Proposal's Outcomes: including a description of the proposal's planned outcomes, activities to support meeting these outcomes, and how the applicant will measure their progress.

3. *Part 3: Implementation*

Requires the applicant to provide details around proposal implementation around five key areas:

a) Centering People: includes data, evidence, etc. that informed the proposal's design, how input from people with lived expertise was meaningfully incorporated into the proposal, the proposal's adherence to Housing First, the proposal's delivery of trauma informed housing services and supports, as well as how the proposal will prioritize the dignity, health and safety of people experiencing homelessness in the encampment.

b) Core Service Delivery and Housing Strategies: including the proposed outreach strategies and/or service coordination for the persons experiencing homelessness while they continue to reside in the encampment, the proposed living situations immediately following the encampment, displacement mitigation strategies, commitment and ability to deliver permanent housing, service pathways to permanent housing, and strategies to mitigate returns to unsheltered homelessness.

c) Budget and Resource Plan: including the total amount of ERF-2-R funds requested, the amount and description of non-ERF resources that will support the proposal, and an explanation for how the requested amount was determined based on the number of people served and the housing options provided. This includes:

- **Attachment, Standardized Budget**: Applicants must use the standardized budget template available at Box.com: (https://dca.box.com/s/3hil5rn8zp4g4q91r619fjlt2lrc6qvl). Where necessary, applicants may modify the budget template. For guidance on Eligible Uses and categorization, *see* Eligible Uses in Section III.A.

d) Key Entities and Staff: including the experience and qualifications for the implementing organization and key partners, evidence of collaboration between Local Jurisdiction(s) and the CoC, as well as identification of the primary parties with rights to and/or control of the property upon which the encampment resides (Caltrans, Union Pacific, private landowner, etc.) and their shared understanding of and commitment to the implementation of the proposal. For proposals on state right-of-ways, applicants must describe how they collaborated with Caltrans on their program design, implementation plans, and projected timeline.

- **If applicable, Attachment, Letter of Local Acknowledgement**: Local Jurisdictions have priority to apply for ERF programs on state right-of-ways. If a CoC is applying for an ERF project for an encampment that is entirely or partially on a state right-of-way before May 1, 2023, the CoC must include a Letter of Local Acknowledgment from each overlapping jurisdiction. This letter must confirm that the applicant has communicated with each overlapping Local Jurisdiction and that no overlapping jurisdiction intends to apply for ERF-2-R funds for this particular encampment.

e) Accelerated Timeline: including how your community will act urgently and efficiently while prioritizing the dignity, safety and wellness of people experiencing homelessness within the encampment site and proposal milestones. This includes:

- **Attachment, Timeline**: Applicants must use the standardized timeline template for the appropriate application window available at Box.com:
  - Timeline for Application Window 1 (through February 28, 2023) (https://dca.box.com/s/44esrb8roe0pc3lmm3y7h1v4qkja8qbk)
  - Timeline for Application Window 2 (through April 30, 2023) (https://dca.box.com/s/mn0oepvjshisp6asdg32g0duxfhy0phy)
  - Timeline for Application Window 3 (through June 30, 2023) (https://dca.box.com/s/kl1r5ndssno0uygi66sz7b4zooweolts)

V. APPLICATION SUBMISSION

A. Submission Portal Requirements

Applicants will utilize the Cognito submission portal: (https://www.cognitoforms.com/CaliforniaInteragencyCouncilOnHomelessness/ERF2RApplication).

Applications will be accepted on a rolling basis beginning on December 1, 2022, until June 30, 2023, or until all funds have been exhausted, whichever occurs first. As detailed above in the Key Dates table, this rolling application period will span three possible application submission windows. Complete applications submitted and received by 5:00 p.m. on the last day of the corresponding application window, will be reviewed and evaluated as a batch for that window. Applications received after 5:00 p.m. on the last day of the application window will be reviewed and evaluated during the following application window. Because Cal ICH does not have control over the platform's timing apparatus and uploading speed, and to mitigate for unforeseen occurrences, applicants are strongly encouraged to submit by noon on the last day of the corresponding application window. For example, applications submitted during application window #1 for the period of December 1, 2022 through February 28, 2023, must be submitted no later than 5:00 p.m. on February 28, 2023, and applicants are encouraged to submit by noon on that day to mitigate any unforeseen occurrences in the Cognito application portal. Applicants are permitted to submit a "test" submission at a time of their choosing to familiarize themselves with the Application and the Cognito platform. The Cognito platform will instruct applicants how to navigate this process.

VI. REVIEW, SCORING, AND AWARD

A. Review

Phase 1 – Administrative Review: Applications will be reviewed and evaluated for completeness of NOFA specifications, including checking that the application was submitted on behalf of an eligible applicant. In this review stage, reviewers will compare the contents of each application to ensure that all required items are populated and / or received. Applications that are not complete or do not contain all the required items and attachments will be considered non-responsive and may be disqualified from the evaluation.

Phase 2 – Scoring Review: Cal ICH and/or its designee will convene an evaluation panel of three qualified individuals who have knowledge and experience of the state grantmaking process and subject matter of the Program (Evaluation Panel). The Evaluation Panel will review and score applications in accordance with the ERF Scoring Matrix below. This panel will produce an application's average score. Applications eligible for funding must score an average of at least 70 of the possible 100 points. In addition to receiving an average total score of at least 70, all applicant scores must average no less than the minimum scoring threshold for each of the following sections:

1) People Served and Encampment Information (must receive 3 out of the 5 possible points)
2) Proposal's Outcomes (must receive 10 out of the 15 possible points)
3) Centering People (must receive 16 out of the 20 possible points)
4) Core Service Delivery and Housing Strategies (must receive 11 out of the 15 possible points)

Describe lead entity's mission, goals, values, geographic service area and existing efforts related to serving persons living in encampments. • Demonstrates the ability to recruit and deploy personnel with experience and expertise needed to support the success of the proposal. • Demonstrates commitment to cross-systems collaboration with descriptions of key contributions of each organization and local community partners including their experience and expertise in serving persons experiencing unsheltered homelessness with a range of service needs. • Demonstrates collaboration between Local Jurisdiction(s) and the CoC for this proposal. • Demonstrates capacity to carry out the proposal. • Identifies the primary parties with rights to and / or control of the property upon which the encampment resides and their shared understanding of and commitment to the implementation of the proposal. • If the encampment is on a state right-of-way, the proposal describes how the applicant collaborated with Caltrans on their program design, implementation plan, and projected timeline.
Accelerated Timeline *(Must receive 10 out of the possible 15 points)*	• Demonstrates how the community will act urgently and efficiently while prioritizing the dignity, safety and wellness of people experiencing homelessness within the encampment site. • Demonstrates likelihood of meeting proposal milestones and objectives.

C. Award

After each application window has closed and all applications received during the window have been reviewed and scored, a Notice of Intent to Award shall be posted on the Cal ICH website and shall be sent by email to the proposed awardees.

Once awards have been determined by Cal ICH, a contract packet including the Standard Agreement and Request for Funds Form (RFF) form will be prepared and sent to the grantee. The grantee will return the signed Standard Agreement and RFF. Funds will be disbursed to the grantee upon receipt, review and approval of the completed Standard Agreement and RFF by Cal ICH, the Department of General Services (DGS) and the State Controller's Office (SCO). The RFF must include the total amount of funds

proposed for expenditure. Grant funds will be disbursed via mailed check once the RFF has been received by the SCO. Checks will be mailed to the address and contact name listed on the RFF.

Applications that are denied funding will be provided Evaluation Panel feedback. Applicants are encouraged to incorporate this feedback and reapply in the next Application Window. Projects on state right-of-ways will be prioritized in this feedback process.

D. Appeals

Pursuant to HSC Section 50251(c)(1), Cal ICH's decision to approve or deny an application and the determination of the amount of funding to be provided shall be final and is not subject to appeal.

VII. PERFORMANCE AND REPORTING

A. Performance

Performance shall start no later than 30 days, or on the express date set by Cal ICH and the grantees, after all approvals have been obtained and the Standard Agreement is fully executed. Should the grantee fail to commence work at the agreed upon time, Cal ICH, upon five (5) days written notice to the grantee, reserves the right to terminate the Agreement. All performance under the Agreement shall be completed on or before the termination date of the Agreement.

ERF-2-R funds not expended by the 6/30/26 deadline shall be returned to Cal ICH and will revert to the fund of origin.

B. Reporting

The grantee shall submit quarterly reports to Cal ICH with fiscal and programmatic data reflecting the progress of their ERF program in a format provided by Cal ICH. These quarterly reports will include an anonymized person served list illustrating the housing outcomes of each person served by the grantee's ERF program. Grantees may also receive ad hoc requests for information from Cal ICH or its contractors in support of program monitoring, research, and evaluation. Grantees with projects on state right-of-ways may also be required to provide programmatic data to Caltrans.

At the end of the grant period, or upon request by Cal ICH, all grantees shall provide information and products developed with grant funds on service delivery models including any materials that may be necessary to study the program or replicate it for implementation across the state.

60

Of people currently residing in prioritized encampment site, how many will be served by this proposal?
60

Given the potential for inflow of people into the prioritized encampment site, how many people are projected to be served across the entire grant period?
70

Of people projected to be served across the entire grant period, number of people projected to transition into interim shelters
60

Of people projected to be served across the entire grant period, number of people projected to transition into permanent housing
42

Is the prioritized encampment site part of a larger encampment area?
Yes

Approximately how many people are residing in the entire larger encampment area, including the prioritized site?
100

Briefly describe the prioritized site in relation to the larger encampment area. (1000 character limit)
The entire encampment site spans approximately 7 river miles. The area of focus for this proposal is between river mile markers 2 through 5.5.

Encampment Information

1. Briefly describe the characteristics of the people residing within the prioritized encampment site. The description must include demographics and may include household compositions, disabilities, and projected service and housing needs. (1500 character limit)
The prioritized encampment sites are located along the Pajaro River and Lower Salsipuedes Creek near the City of Watsonville (Santa Cruz County) and unincorporated town of Pajaro (Monterey County). A multi-jurisdictional collaborative that includes both Santa Cruz and Monterey counties, the City of Watsonville and the Pajaro Regional Flood Management Agency (PRFMA) has identified this encampment to be prioritized for funding through ERF-2R.
Cal State University Monterey Bay (CSUMB) Center for Community Health Engagement (CHE) has been providing outreach and mobile case management to the Pajaro River occupants no less than once a week for over a year. Based on their interactions with the individuals in the encampment, the CHE team estimates that there are about 60 people on the site. In general, the occupants of the encampment are chronically homeless, unaccompanied adults who work in the surrounding agricultural fields. They are primarily Spanish speaking and about 50% are believed to be undocumented. The majority are men. Ages range mostly from 30 to 60. There is a subgroup of individuals who suffer from one or more co-occurring health and behavioral health issues. Some occupants have disclosed that they have criminal backgrounds and other barriers to housing, and that they need assistance with securing housing. Occupants have also shared their need for immigration and citizenship services, pet care, transportation, legal assistance, and employment and educational services.

2. Briefly describe physical characteristics of the prioritized encampment site in which the people you are proposing to serve are residing. The description must include the specific location, physical size of the area, the types of structures people are residing in at the site, whether vehicles are present, and any other relevant or notable physical characteristics of the site. (1000 character limit)
The site is located along the Pajaro River and Lower Salsipuedes Creek near the City of Watsonville (Santa Cruz County) and unincorporated town of Pajaro (Monterey County). The approximate location is latitude 36.907229, longitude -121.748089. The total area covers roughly 100 acres along 3.5 miles of stream length. The area is composed primarily of ecologically sensitive wooded, riparian habitat. The area is contained within the Pajaro River and Salsipuedes Creek flood control system, which is under management of the Pajaro Regional Flood Management Agency (PRFMA). The flood control system consists of earthen levee embankments. Structures within this community range from simple tents to larger assemblies constructed from pallets, tarps, vegetation and other debris. These structures have been dug into channel and levee banks which destabilizes the soil and increases the chance of erosion and bank failure. Vehicles are often found parked in unauthorized areas if the river.

3. Why is this particular encampment site being prioritized? (1000 character limit)
This encampment is being prioritized due to the vulnerability of the residents. Many have significant health and behavioral health challenges and their status as immigrants makes it challenging for them to access housing and services. The area surrounding the encampment is a “service desert” with minimal community-based supports available. The encampment sits in a flood plain, putting residents in danger during rainy periods such as the recent atmospheric river events.
Another reason for prioritizing this site is that the land it occupies is slated for a major levee construction project that will require the current residents to move. The levees have broken multiple times, causing nearly $100M in damages and loss of lives. The US Army Corps of Engineers and the State have agreed to jointly invest $400M to expand and repair the levee in upcoming years. This work will be overseen by the Pajaro Regional Flood Management Agency (PRFMA), one of the collaborative partners in this project.

Map.pdf

4. Is the prioritized site on a state right-of-way?
No

Proposal's Outcomes

5. What are the outcomes this proposal seeks to accomplish by the grant close (6/30/2026)? If funded, what are the primary activities you are planning to implement to achieve the proposal's outcomes? (1000 character limit)
1. Outcome: 100% of the current encampment residents will engage with outreach. Activity: Trauma-informed outreach services provided by CHE.
2. Outcome: 85% of individuals will enter interim housing. Activity: Create new interim housing project (Recurso de Fuerza); offer placement in other interim housing in Monterey and Santa Cruz Counties.
3. Outcome: 60% of individuals served by Recurso de Fuerza and other IH options will secure permanent housing in a median time frame of 180 days. Activity: Provide flexible rapid rehousing funds, problem solving services, placement in housing through CE, housing focused case management in interim housing.
4. Outcome: 25% of participants at Recurso de Fuerza will increase income. Activity: employment assistance and case management by HomeFirst, referral to project partners
5. Outcome: 90% or greater of participants at Recurso de Fuerza will be satisfied with the program. Activity: measured via satisfaction surveys administered twice per year.

6. How will the applicant measure progress towards the proposal's outcomes? (1000 character limit)
Housing and service outcomes will be tracked using HMIS data. Clients will be entered into the Santa Cruz County HMIS system. Monterey County will receive a user license and will also receive data exports from Santa Cruz County for purposes of grant tracking and ERF program reporting. APR and CAPER reports will allow for understanding the longitudinal achievements of a person as they progress in a program and the combination of services that ultimately led to their housing outcomes. All partners will enter into a data-sharing agreement and will customize existing HMIS and Coordinated Entry release of information forms to create a fluid space for case-conferencing. Bi-weekly case-conferencing with service providers, administrators and outreach workers will promote accountability, transparency, and data quality.

7. Are there any local ordinances, resources, or other factors that may hinder achieving the proposal's outcomes? If so, how will the applicant navigate these challenges? (1000 character limit)
There are no local ordinances or other jurisdictional factors that would hinder achieving the proposal outcomes. The primary resource challenge will be securing housing for the participants, given the very limited supply of deeply affordable housing that is accessible to the encampment residents, particularly those who are undocumented.

8. Is this proposal a standalone project or part of a larger initiative?
Larger initiative

8. a) How would this larger initiative be categorized?
Part of a larger project for this specific encampment site

Please describe. (1000 character limit)
The Pajaro River Flood Risk Management Project – a $400 million effort to reduce flood risk from the lower Pajaro River and Corralitos and Salsipuedes Creeks -- will provide 100-year flood protection to the City of Watsonville and the town of Pajaro, and a mix of 100-year and 25-year flood protection to the surrounding agricultural areas. The US Army Corps of Engineers and the CA Department of Water Resources will pay 100 percent of all project costs.

Part 3: IMPLEMENTATION

Core Service Delivery and Housing Strategies

9. Describe the proposed outreach and engagement strategy, case management, and / or service coordination for people while they are continuing to reside within the encampment site. Quantify units of service to be delivered including the ratio of staff to people served, frequency of engagement, and length of service periods. (2000 character limit)

CSUMB's Center for Community Health Engagement (CHE) currently provides county-wide outreach, field-based case management, and housing resource navigation services to people experiencing homelessness in Monterey County. The CHE outreach team assigned to northern Monterey County is composed of two outreach workers and one MSW case manager assigned to work on the Pajaro river encampment twice per week. These activities are currently funded with HHAP from both the CoC and County allocations. Should ERF be awarded, this team will pivot to being 50% dedicated to the project and will engage daily and will be leveraged with PLHA from County HCD and HHIP from the Managed Care Plan. This ratio equates to 1:20 and is in alignment with the Monterey County Outreach guidelines and best practices.

CHE outreach workers use person-centered and harm reduction approaches to actively develop a rapport with participants based on respect and trust to engage them in services. They have already identified encampment leaders as points of contact and this ensures there is a robust connection between the team and the encampment. One of the main goals of CHE for this project will be working to connect people from the encampment to the available interim housing options, including the planned Recurso de Fuerza non-congregate, low barrier interim housing project to be funded through this grant.

In addition to CHE, there are other community-based providers delivering services to people living in this encampment. Volunteers from Westview Presbyterian Church provide food to the residents and will continue to do so until everyone has moved from the site. Santa Cruz County outreach providers including an employment and training program known as Watsonville Works, a behavioral health outreach team known as Healing the Streets, and a federally designated Health Care for the Homeless program, known as the Homeless Persons Health Project (HPHP), also outreach to those living there.

10. Describe the role of Coordinated Entry in the context of this proposal and how Coordinated Entry policies or processes will support and / or hinder the implementation of this proposal. (1000 character limit)

Coordinated Entry is one of the tools the CHE outreach workers and interim housing case managers will utilize to connect encampment residents to housing. Participants in the ERF project will be entered into the Santa Cruz or Monterey County CES based on their preferred county of residence and where they have linkages with public benefits such as Medi-Cal. Some participants may be entered into both CES systems if they move between counties. The Medi-Cal managed care plan for the region, the Central California Alliance for Health covers the counties in the region so participants can retain their connection with the same managed care plan even when they change their county of residence. CE systems in both counties generally tend to have large backlogs of people waiting for a housing match and many are not prioritized due to their assessed level of vulnerability. We are projecting only a small number of encampment residents will secure housing through CE.

11. Please describe the interim shelter and permanent housing opportunities proposed to support this proposal and provide evidence of the applicant's demonstrated ability and commitment to deliver permanent housing for people residing in the prioritized encampment. (2000 character limit)

The Collaborative will offer both interim housing and permanent housing opportunities for residents of the encampment with the goal that 85% will secure an interim housing placement and 60% will secure permanent housing.

The area surrounding the encampment lacks easily accessible services and sheltering programs. As part

of this ERF-2 project, the Collaborative partners will stand up a 34-bed non-congregate interim housing program – Recurso de Fuerza. The project will be developed by Dignity Moves using modular units manufactured and designed by BOSS. The program operator will be HomeFirst. The project site is a lot in Watsonville owned by Westview Presbyterian Church, a key project partner that views this project as advancing their social mission. HomeFirst will operate a low-barrier, person-centered and trauma-informed program. Recurso de Fuerza will be the primary interim housing option offered to participants, but they will also be offered placement in other shelters or residential programs in the region if they are seeking another type of environment, such as a recovery residence or domestic violence shelter.
Permanent housing for the encampment residents will be challenging to secure given their high needs and immigration status. The CHE outreach team will provide navigation services to support residents to secure housing directly from the encampment, but most will first enter interim housing as the initial step to permanent housing. HomeFirst's service model will focus on providing support to interim housing residents to secure housing via a variety of pathways. HomeFirst will leverage a flexible pool of rapid rehousing and problem-solving funds to help support rehousing activities. Leveraged housing pathways will also include Project Homekey units that are coming online in Santa Cruz County and housing placements through CE in both counties.

12. Describe how this proposal is tailored to meet the needs and preferences of people residing within the prioritized encampment. (1500 character limit)
CSUMB's Center for Community Health Engagement (CHE) is already conducting and will continue to conduct outreach and engagement with encampment residents. CHE's approach to engagement is to first focus on building trust, which means authentically listening and meeting people where they are. Over the past several months, the CHE team has been consulting with occupants of the Pajaro River encampment to understand what they need and want as the next step in their lives. CHE interviewed over 40 residents and virtually all of them indicated they would prefer to move to interim housing, provided it is non-congregate, low-barrier and allows them to bring their partners, pets and belongings. The proposed project will meet this need through the Recurso de Fuerza interim housing project, as well as by offering other interim housing opportunities. Employment services, transportation, veterinary services, immigration services, health (SUD/physical/mental) and legal services were also listed as high priorities. Connections to these services will be offered by CHE and by HomeFirst at Recurso de Fuerza.
Throughout the project, participants will be afforded many opportunities to voice their concerns and make recommendations for improvement. HomeFirst offers frequent opportunities for feedback to further engender greater engagement with the Interim Housing program. Participants can offer input through case management sessions, satisfaction surveys, and exit interviews.

13. Describe how this proposal considers and plans for the dynamic nature of encampments including potential inflow of people into the geographically served areas. (1000 character limit)
The Pajaro River encampment site has been occupied by unsheltered individuals for many years and exemplifies the dynamic nature of encampments. The site has been cleared by law enforcement numerous times, often as a safety measure in response to expected flooding, such as during the January 2023 storm event. However, residents typically return to the site within a few weeks after it is cleared. This proposal intends to serve all the current residents and has set a goal that 85% will move to interim housing. Due to the levee improvement project that will be starting in 2025, the site will be secured and people will not be able to come back. However, if there are new people who arrive at the site or people who decline interim housing, the project will continue to work with them and will offer them services, shelter, and housing. The CHE outreach team will also engage with Pajaro River encampment residents who have chosen to move to another location and encourage them to enter shelter.

14. Describe how this proposal will support individuals with continued access to and / or the storage of their personal property. (1000 character limit)
The project and all the partners will embrace Housing First principles, including allowing people to bring their partners, pets, and possessions when they move to interim housing. The Recursa de Fuerza project operated by HomeFirst will allow people to bring possessions into their units. Storable personal belongings that cannot fit into non-congregate units will be stored in an onsite storage container where individuals will have access to their belongings throughout the duration of the project. Case managers will work with individuals to assess needs, wants and discardable items after trust and rapport are established. Whenever possible, case managers will work with individuals to replace broken but important items, like medical equipment or clothing. Most of the other interim housing options that will be offered to encampment residents have capacity for storage of belongings.

15. Describe how this proposal will support individuals with service animals and/or pets. (1000 character limit)
Pets are often the only reliable and loyal living thing to a person experiencing homelessness; therefore, they too will be provided support throughout the duration of the project. Many of the current encampment residents have dogs and cats, and some have chickens. The Recurso de Fuerza interim housing program will allow people to bring their pets into their individual units. There will also be a kennel facility on site for larger animals and space for residents to keep chicken coops. All residents of the encampment will be offered pet food, litter, vaccinations, flea remediation, spaying/neutering, and chicken coops through the

SPCA and other community partners. Qualified individuals will be connected to a health provider who can provide reasonable accommodation and emotional support letters when needed and appropriate.

Budget and Resource Plan

16. State the total amount of ERF-2-R funds requested.
$7,986,354.26

17. State the estimated dollar value of secured, non-ERF-2-R resources that will help meet this proposal's outcomes.
$1,265,335.00

18. Identify and describe these non-ERF-2-R resources. (1000 character limit)
- CHE outreach team – Monterey County PLHA, Monterey County HHIP
- HomeFirst – case management, housing specialist, clinician, shift supervisor, maintenance tech lead, janitorial services, operations, and program administration staff – in kind contribution
- HomeFirst – rapid rehousing and problem-solving fund – Santa Cruz County HHAP R3 & R4, Santa Cruz County PLHA
- Santa Cruz Housing for Health Partnership – HMIS licenses – in kind contribution

19. Describe how the proposal is a prudent and effective use of requested funding relative to the number of people it seeks to serve and the types of services and housing to be provided in the proposal. Include an explanation of how the requested ERF-2-R amount was determined. (1000 character limit)
The total ERF request is $7,986,354, which translates to$114,090 per person from the encampment served. However, the collaborative partners view this project as an investment in infrastructure to reduce homelessness in Santa Cruz and Monterey Counties over the long term. Once the term of the ERF-2 grant ends, Santa Cruz County intends to prioritize available funding resources to continue operating the Recurso de Fuerza interim housing site so that it can be a continuing resource for unsheltered people throughout southern Santa Cruz County. Santa Cruz County intends to partner with the Managed Care Plan to transition the interim housing to include recuperative care and short-term post hospitalization housing capacity. Resolving this encampment will also ensure that the $400 million levee repair project overseen by the Pajaro Regional Flood Management Agency (PRFMA) can proceed without displacing people to other unsheltered locations.

Key Entities and Staff

20. First, describe the implementing organization and specific unit or office within the implementing organization that would administer ERF-2-R. Then, describe their role and primary responsibilities for this proposal. Finally, if these entities have managed a complex homelessness

project or grant, describe how those experiences informed this proposal. (1500 character limit)
The implementing organization for this grant is the Monterey County Homeless Services Unit, within the County Administrative Office, Office of Legislative and Intergovernmental Affairs. This is a relatively new unit created in 2022 to coordinate work to reduce homelessness that is spread across several departments, including Social Services, Health, and Housing and Community Development. All of these Departments have experience managing complex homelessness projects including Project Roomkey, SHARE Center (Navigation Center), HDAP, Family Stabilization Program, and the Housing Support Program. For this ERF project, Monterey County's role will be to receive and administer the funding from CA-ICH, prepare required reports, and serve as the overall coordinator of the work of the different partners. Due to their ability to be nimbler and more flexible in contracting, Monterey County will pass through the funding to the Coalition of Homeless Services Providers (CHSP), the CoC lead agency, to enter into and manage contracts with the project partners. This will ensure the funds are disbursed and the activities implemented as quickly as possible.

21. First, describe key partners that will collectively pursue the proposal's outcomes. Then, describe their role and primary responsibilities for this proposal. Finally, if these entities have managed a complex homelessness project or grant, describe how those experiences informed this proposal. (1500 character limit)

- County of Monterey – see above.
- County of Santa Cruz, Housing for Health (H4H) Division (also serves as the CoC CA-508) - leveraged services, interim and permanent housing, CE and HMIS. Experience managing CoC, HHAP and Homekey projects among others.
- Coalition of Homeless Services Providers (CoC lead for Monterey/San Benito Counties) - manage ERF funds passed through from Monterey County for contracts with provider partners; managing HMIS and CE systems.
- City of Watsonville - supporting the overall project and assisting with the development of Recurso de Fuerza (land use approvals, etc.).
- Pajaro Region Flood Management Agency (PRFMA) -- overseeing the rebuilding of the levee where the encampment is located.
- CSUMB Community Health Engagement (CHE) – lead entity providing outreach to encampment residents; more than three-years' experience as county-wide outreach provider.
- Dignity Moves –developer of the Recurso de Fuerza modular interim housing project; prior experience with IH project development.
- HomeFirst –service provider operating the Recurso de Fuerza IH project. Providing shelter, housing and services to homeless individuals and families since 1980.
- Westview Presbyterian Church – owns the land on which Recurso de Fuerza will be developed and will provide food, outreach and support to encampment residents.

- Community Action Board – immigration services and rehousing fund management

22. Describe specific examples of how Local Jurisdiction(s) and the CoC have collaborated on the design and implementation of this proposal. (1000 character limit)

Due to the complex needs of the occupants and overlapped jurisdictional boundaries in which the encampment exists, the County of Monterey engaged with the County of Santa Cruz and its CoC, the City of Watsonville, the Coalition of Homeless Services Providers (Monterey County CoC) and the Pajaro Regional Flood Management Agency (PRFMA) to create a highly collaborative partnership, aka "The Collaborative". The Collaborative has held regular coordination meetings with outreach teams and other direct service providers to get insight on the diverse needs of the population intended to be served by this grant. These high-level meetings provided the space and opportunity to foresee and overcome complications that may arise as the ERF project application develops. To develop this application, the Collaborative has been holding bi-weekly strategy meetings/brainstorming sessions since August 2022. Each of the jurisdictional partners has provided a letter of support for this application.

23. Identify any entities that have a right to and/or control of the property upon which the encampment site resides and discuss whether each of these entities committed allowing the

implementation of this proposal. If they have not committed, please explain how you have or plan to engage with this entity to implement your proposal. (1000 character limit)
Existing encampments within the Pajaro River corridor are positioned on both public and private lands. Regardless of land ownership, existing levee maintaining agencies (Santa Cruz County Flood Control and Water Conservation District – Zone 7 ("Zone 7") and Monterey County Water Resources Agency ("MCWRA") hold maintenance easements and other rights, and in some cases fee title ownership, that allow these entities to maintain the Pajaro River levee system and the river channel. Beginning in 2023, the Pajaro Regional Flood Management Agency ("PRFMA") will secure these rights and assume full responsibility for levee and river channel maintenance. PRFMA, and by extension the existing levee and river maintaining agencies (Zone 7 and MCWRA) are in full commitment to allow implementation of the proposal in this application which will support the current encampment residents to relocate to locations outside of the river and levee corridor, ideally in interim and/or permanent housing.

Centering People

24. How were persons with lived experience meaningfully incorporated into the planning and proposed implementation of this proposal? Please identify whether any perspectives were incorporated from persons that are currently unsheltered and / or formerly or currently residing within the prioritized encampment. (1000 character limit)
The Monterey and San Benito County CoC has adopted a Five-Year Plan that was developed with strong input and involvement from people with lived experience of homelessness. One of the primary goals of the Plan is to "Expand Service-Oriented Responses to Unsheltered Homelessness" by providing services and supports to encampments, building collaborative relationships with people living in encampments, providing safe temporary housing, and connecting people to permanent housing.
The CHE outreach team and members of Westview Presbyterian have provided services and consulted with more than 40 occupants of the Pajaro River encampment to understand their needs and desires. The residents indicated they would prefer to move to interim housing, provided it is non-congregate and low barrier. The proposed project will meet this need through the new interim housing project – Recurso de Fuerza - to be funded through this grant. Encampment residents proposed this name for the project.

25. Briefly describe how the proposal exemplifies Housing First approaches as defined in Welfare and Institutions Code section 8255. (1000 character limit)
Monterey County and the CoC embrace Housing First principles and require contracting agencies to align their policies and procedures to Housing First requirements as set forth by the State of CA and best practices in the field. CHE will provide trauma informed outreach and engagement services to build rapport with encampment residents and address basic needs first to steward participants away from "survivor-mode" and into a place where they feel safe and stable enough to voluntarily participate in supportive services and begin the journey towards housing. HomeFirst will operate the low-barrier, non-congregate interim housing program – Recurso de Fuerza. This program will not impose sobriety requirements, requirements to participate in services or other barriers; allow participants to bring pets, possessions and partners; and employ staff with expertise in housing search and navigation. The project budget includes flexible funds for rapid rehousing and housing problem solving.

26. Briefly describe how this proposal will center an individual's choice and provide trauma informed services and supports. (1000 character limit)
The primary provider partners that will be providing services to the occupants of the Pajaro River encampment, CHE (outreach) and HomeFirst (interim housing) are well-versed in trauma-informed services and integrate this approach into their work with people experiencing homelessness. CHE outreach adopts an engagement philosophy that recognizes the impact of trauma – they seek to help people access whatever resources they first need in the moment (which could be as simple as a bottle of water) to help build trust that can lead to engaging on more challenging issues such as accessing shelter or housing. HomeFirst practices a Trauma Informed model of care that fosters supportive engagement with program participants including those in the pre-contemplative and contemplative stages of change, and in

turn contributes to increased participant involvement in goal setting, the development of their individual Housing Action Plan, and the steps necessary to execute that plan.

27. Describe how this proposal will operationalize harm reduction and provide services that improve a person's health, dignity, and safety while they continue to reside within the prioritized encampment site. (1000 character limit)
Monterey County and the CoC embrace harm reduction principles and expect contracting agencies to implement harm reduction approaches to the maximum extent possible. CHE offers intensive, trauma informed outreach and engagement services and provides connections to a range of treatment options that include MAT and other non-abstinence focused approaches. The Recurso de Fuerza interim housing program operated by HomeFirst will not impose any sobriety requirements as a condition of access to the shelter or continuing participation. Shelter rules will focus on ensuring the safety of participants and not behavior modification or mandatory service participation. Both providers will connect participants to health and behavioral health services, as well as the Central California Alliance for Health – the regional Medi-Cal health plan and payor for CalAIM.

28. For encamped locations that are objectively dangerous, describe how the proposal will seek to prevent harm for people experiencing unsheltered homelessness in these locations. (1000 character limit)
The primary safety issue at the Pajaro River encampment is the danger of flooding. The site sits in a flood plain protected by an inadequate levee that is slated to be improved by the Pajaro Regional Flood Management Agency with federal and State funding. This proposal seeks to prevent harm by ensuring that the residents can move to an interim housing situation that meets their needs and preferences, and from there to housing. Once construction begins on the levee project, it will not be safe for people to return, so the site will be secured while under construction to prevent people from attempting to camp in a construction zone.

29. Identify what controls are or will be in place to ensure that all ERF-2-R funded parties will not penalize homelessness. The term "penalize homelessness" means to impose, by a governmental unit, criminal or civil penalties on persons who are homeless in a manner that is related to those persons' engagement in necessary human activities, including sleeping, resting, and eating. (1000 character limit)
Currently there are no policies in place to penalize or criminalize the people living at the Pajaro River encampment. Law enforcement has required residents to evacuate during flooding events for their own safety. Occasional clean-ups are mandated to address environmental impacts of people camping in the levee area. Once the ERF project launches, the CHE outreach team will work with everyone to identify a pathway to interim housing, directly to permanent housing, or other options such as in-patient treatment. No one will be allowed to remain on the site once construction on the levee project begins in 2025. If anyone refuses to leave, CHE will continue with daily, continual engagement. As a last result, the Monterey County Sherriff will be called in to tell people they must move.

30. Describe how this proposal considers sanitation services for people residing in the prioritized encampment. This may include but is not limited to non-intrusive, curb-side waste removal and access to clean and available bathrooms. (1000 character limit)
The Pajaro Regional Flood Management Agency limits what sanitation services can be provided in the environmentally sensitive levee area where the encampment is located. As the ERF project launches, Monterey County will work with PRFMA to begin providing waste removal services to engage the residents and begin preparing them to move.

Accelerated Timeline

31. How is your community currently supporting and / or engaging with people residing within the prioritized encampment? (1000 character limit)

CSUMB's Center for Community Health Engagement (CHE) currently provides outreach and engagement to the residents of the Pajaro River encampment. They are using person-centered and harm reduction approaches to actively develop rapport with current residents based on respect and trust. They help meet residents' immediate needs for food, clothing, IDs and other practical items. They also assess each individual and work to connect them to services and resources they need or are eligible for. They are working to identify interim and permanent housing options for any interested resident. There are also a few Watsonville-based CBOs delivering services to this encampment, including the Community Action Board, Healing the Streets and Watsonville Works. Westview Presbyterian volunteers have been serving breakfast at the levee 5/days week for the past 5 years, building relationships and earning trust. They will continue to do so until everyone has moved from the site.

32. If this proposal is selected, in advance of receiving funding, what steps will your community take to support the people living in the encampment and swift implementation of this proposal? (1000 character limit)
If this proposal is selected for funding, the CHE team will continue their outreach efforts and will begin advising the residents of the many services that will become available through this project, and particularly the new non-congregate shelter. They will also begin to inform residents of the imminent start of the levee construction project and the need for them to identify alternative places to stay. Any resident who wishes to move to the Recurso de Fuerza will be placed on a list to move there once it opens, which is expected to be within six months of the grant award date. Residents who wish to explore other options for interim or permanent housing can do so immediately with support from CHE.

- **February 2023** –Board of Supervisors authorized the County Administrative Office to apply on behalf of both counties.
- **June 2023** - County was awarded $7,986,354 to build a Low-Barrier Navigation Center in Watsonville, CA.
- **February 2024** - County and SCC executed a Memorandum of Understanding that assigned roles and responsibilities of each jurisdiction.
- **July 2025** – The City of Watsonville issued a building permit.

ABOUT THE PROGRAM

The Low-Barrier Navigation Center is being developed at 118 First Street in Watsonville, California.

32 non-congregate sleeping units, eating facility/community area, pet area, showers and restroom units, and outdoor living space.

Will shelter approximately 34 individuals at any point in time.

Onsite services that include wrap-around intensive case management, housing navigation, and medical service linkages.

Community Action Board been identified through coordinated efforts between the partner jurisdiction and the local CoC lead agency.

Encampment Resolution Funding (ERF) program application requires applicants to demonstrate that meaningful input was received by people with lived experience.

Question 24: "How were persons with lived experience meaningfully incorporated into the planning and proposed implementation of this proposal? Please identify whether any perspectives were incorporated from persons who are currently unsheltered and/or formerly or currently residing within the prioritized encampment"

Response: "…The CHE outreach team and members of Westview Presbyterian have provided services and consulted with more than 40 occupants of the Pajaro River encampment to understand their needs and desires. The residents indicated they would prefer to move to interim housing, provided it is non-congregate and low barrier. **The proposed project will meet this need through the new interim housing project – Recurso de Fuerza - to be funded through this grant. Encampment residents proposed this name for the project."**

POTENTIAL IMPACTS

- Confusion Within Community
- Increased Administrative Workload
- State Engagement
- Community Engagement Coordination
- Modification of Agreements
- Funder Coordination

SUGGESTED THROUGH REFERRAL

HOPE Village (Housing, Opportunity, Programs and Employment)
- Benefit(s): Easy to pronounce, empowering, memorable
- Disadvantage(s): The County has invested over $11 million into developing a program called HOPE Housing in the City of Marina. Could add confusion on what program is referenced.

Casitas de Esperanza
- Benefit(s): Inclusive, inspirational, memorable
- Disadvantage(s): The County is a main partner on Casa de Esperanza, also known as the King City Homekey. Could add confusion on what program is referenced.

Dignity Village
- Benefit(s): Easy to pronounce, empowering, memorable
- Disadvantage(s): The development management agency of the site is Dignity Moves; May inadvertently tie the program to this agency.

Aspire Village
- Benefit(s): Easy to pronounce, empowering, memorable
- Disadvantage(s): There is a Health Care Plan that also carries this name; However, it is the Central California Alliance on Health's Managed Care Plan that is the investor.

All of these name changes will change the name from the name selected by the people who will be living at the site.

ALTERNATIVE OPTION FOR CONSIDERATION

Casitas de Fuerza (Translation: Little houses of strength)

- Benefit(s): Inclusive, empowering, aligns with the recommended name offered by those who will benefit from this program.

ALTERNATIVE NAME

IT IS RECOMMENDED THAT THE BOARD OF SUPERVISORS

Consider the following options for renaming Recurso de Fuerza:

1. Retain the name *Recurso de Fuerza*;
2. Rename the program *Casitas de Fuerza*; or
3. Direct staff to rename the project through a public engagement process.

Matter Type: BoS Agreement

Authorize the Chief Executive Officer for Natividad Medical Center (NMC) or his designee to execute renewal & amendment No. 2 to the agreement with HPC International, Inc. dba HPC for medical librarian services, extending the agreement an additional 6-month period (July 1, 2025 through December 31, 2025) for a revised full agreement term of May 1, 2022 through December 31, 2025, and adding $31,620 for a revised total agreement amount not to exceed $214,004.

RECOMMENDATION:

It is recommended the Board of Supervisors:

Authorize the Chief Executive Officer for Natividad Medical Center (NMC) or his designee to execute renewal & amendment No. 2 to the agreement with HPC International, Inc. dba HPC for medical librarian services, extending the agreement an additional 6-month period (July 1, 2025 through December 31, 2025) for a revised full agreement term of May 1, 2022 through December 31, 2025, and adding $31,620 for a revised total agreement amount not to exceed $214,004.

SUMMARY:

Natividad Medical Center will receive a comprehensive suite of library support services through HPC. These services are designed to enhance access to medical literature and maintain a current and functional virtual library presence for staff and providers. HPC will provide a range of services including library management, subscription oversight, and budget monitoring to ensure the library remains current and cost-effective. They will maintain and update the virtual library webpage monthly to keep content accurate and relevant. A master's-trained medical librarian will offer on-demand research support, literature searches, article requests, and manage InterLibrary Loan services and general inquiries.

DISCUSSION

The services provided by HPC are highly beneficial to Natividad Medical Center as they ensure consistent access to current medical literature, support informed clinical decision-making, and maintain a well-managed library system. By overseeing subscriptions, developing the collection, and helping manage the library budget, HPC helps maintain a cost-effective and relevant resource for staff. Monthly updates to the online library webpage ensure that content remains accurate and accessible.

Additionally, having a qualified librarian available for research support, article requests, and document delivery enhances staff efficiency and promotes evidence-based care. These services indirectly benefit patients by supporting clinicians with timely access to reliable medical information, which can improve the quality of care. PLEASE NOTE THAT (I) VIZIENT HAS NOT NEGOTIATED OR APPROVED THE TERMS OF THIS END USER AGREEMENT AND (II) MEMBERS HAVE THE ABILITY TO NEGOTIATE THE TERMS OF SUCH END USER AGREEMENT LOCALLY TO SUIT THEIR SPECIFIC NEEDS. MEMBERS SHOULD BE AWARE THERE MAY BE INCONSISTENCIES BETWEEN THE TERMS OF THE VIZIENT AGREEMENT AND THIS END USER AGREEMENT. AS SUCH, EACH MEMBER MAY WANT TO CONSIDER RETAINING ITS OWN LEGAL COUNSEL WHEN NEGOTIATING AND/OR ENTERING INTO THIS END USER AGREEMENT.

THIS AGREEMENT (the "Agreement") is made and entered effective the 1st day of January 2026 ("Effective Date"), by and between County of Monterey, for services at **Natividad Medical Center** ("Member" or "Client"), and HPC International, Inc. (dba **HPC),** an Illinois company ("HPC" or "Supplier"). Member and HPC are sometimes referred to herein individually as a "Party" and collectively as the "Parties". This Agreement is subject to the Product Supplier Agreement between Vizient Supply, LLC ("Vizient") and HPC (the "Vizient Agreement"). Notwithstanding anything to the contrary in this Agreement, or in any order acknowledgement, instrument, correspondence or other terms or conditions provided, presented or submitted, from time to time, by HPC or its representatives to, or executed by, any Member (any of the foregoing, "HPC's Other Terms"), HPC hereby expressly agrees and acknowledges that none of the rights and remedies of Members, or the obligations and liabilities of HPC, contained in the Vizient Agreement shall be reduced, eliminated, superseded or otherwise affected by any of the terms, conditions, limitations, disclaimers, restrictions or other provisions set forth in this Agreement or in any of HPC's Other Terms.

WHEREAS, Member and HPC are entering into this certain Supplier Agreement which is further identified as Supplier contract number _NMC-LMS-2026-VIZ_ (as may be amended from time-to-time, the "Agreement"); and

WHEREAS, the Parties create this Agreement pursuant to the terms, covenants and conditions set forth herein as it pertains to the specific products and services (the "Products & Services") which are further described in Vizient Exhibit A.

NOW THEREFORE, in consideration of the mutual covenants and conditions hereinafter expressed, the Parties agree as follows:

1. Defined Terms. Unless otherwise defined herein, all capitalized terms used in this Agreement shall have the same meanings as those defined in the Vizient Agreement BP0120.

2. Term and Termination.

   A. Term. This Agreement shall have an initial term of three (3) years beginning on January 1, 2026 and expiring on December 31, 2028 (the "Initial Term"). Parties may extend via written amendment signed by both parties.

   B. Without Cause Termination. After the Initial Term, either Party may terminate this Agreement at any time, with or without cause, by delivering not less than one hundred twenty (120) days' prior written notice thereof to the other Party.

Docusign Envelope ID: 303F2FD7-49AB-434D-850F-88CDAE74DC4B

In the event this Agreement is terminated, Member is responsible for paying to HPC all Product Charges and Service Fees earned through the effective date of termination, including the full 12-month Annual Service Fee for the current year of service for **HPC**Librarian and a prorated Shared Savings Fee, if applicable, for the portion of the current year that has been completed if savings are reported year-to-date as compared to the same time period during the previous year period. Full payment of all earned and invoiced revenue through the date of termination is due to HPC prior to the termination becoming effective.

In the event the source of funding for HPC's services is covered through local, state or federal government funds and in the event those funds become unavailable to Client (i.e. a non-appropriation of funds), this Agreement may be immediately terminated by Client without advance notice to HPC, provided that full payment to HPC is made for all services rendered and already performed through the date of immediate termination. Failure to pay or delayed payment to HPC for services rendered will be considered unacceptable and a material breach of this Agreement, and HPC reserves the right to take legal action against the Client to recoup any outstanding balance due.

C. Termination of Prior Agreement. HPC and Client previously entered into a service agreement effective May 1, 2022 (the "Prior Agreement"). HPC and Client wish to mutually terminate all obligations between the parties arising from the Prior Agreement, effective as of the Effective Date of this Agreement. Therefore, as the Effective Date of this Agreement, HPC and Client agree that the Prior Agreement is unconditionally terminated in its entirety and shall have no further force and effect.

3. Payment Terms. Payment terms are Net-30 from when the County of Monterey Auditors Office receives the invoice certified for payment by Natividad. Payments may be made via check.

   A. Client agrees to provide HPC with their completed and signed w-9 form, their completed HPC New Customer Form, and, if applicable, their tax exemption certificate.

   B.

4. Non-Payment or Insolvency of a Member. In the event that a Member fails to pay Supplier for Products, becomes bankrupt or insolvent, makes an assignment for the benefit of creditors or goes into liquidation, or if proceedings are initiated for the purpose of having a receiving order or winding up order made against a Member, or if a Member applies to the courts for protection from its creditors, then this Agreement shall not terminate, but HPC shall have the right to discontinue the sale of Products and Services to that Member and to seek the full collection by any means necessary of all unpaid outstanding invoices due to HPC for services rendered.

5. Miscellaneous.

   A. Deliverables vary by service, as described in detail in EXHIBIT 1 (**HPC**Librarian).

   B. Member and HPC each represent and warrant to the other that the person signing this Agreement on its respective behalf has the requisite authority and power to do so, and to thereby bind the Party on whose behalf such person is signing.

   C. This Agreement may be executed in a number of identical counterparts which, taken together, shall constitute collectively one Agreement.

   D. Any changes to this Agreement, the Exhibits and/or the Attachments must be made in writing after mutual agreement of the Parties.

   E. A waiver of any breach of this Agreement of any of the terms or conditions by either Party thereto shall not be deemed a waiver of any repetition of such breach or in any way affect any other terms or conditions hereof; no waiver shall be valid or binding unless in writing and signed by all Parties.

Docusign Envelope ID: 303F2FD7-49AB-434D-850F-88CDAE74DC4B

6. Independent Contractors. For the purposes of this Agreement, the Parties are acting as independent contractors. Member shall not be entitled to worker's compensation, retirement, insurance, or other benefits afforded to employees of HPC, and likewise HPC shall not be entitled to worker's compensation, retirement, insurance, or other benefits afforded to employees of Member. Each party forever agrees not to use the confidential/proprietary information disclosed to it by the other party for its own use or for any other purpose except to carry out this Agreement, and each party forever agrees not to disclose such information to any unauthorized party, individual, agency, entity or medium without the express written consent of the other party. HPC considers its specialized training of its employees, the operational processes it has developed, the technological systems it has created, the deliverables of its services, the customized reporting it provides, and the services it offers as the exclusive proprietary and confidential information of HPC. During the Term of this Agreement, including any extensions thereof, neither party shall knowingly recruit, solicit, employ, provide internship to, promise to hire, or hire any of the other party's employees assigned to this project or assigned to HPC's HPCLibrarian division(s) for the duration of this Agreement and for an additional two years thereafter. Confidential information of the Parties does not include information that is or becomes publicly known or available as a result of Member's proper compliance with the California Public Records Act.

7. Governing Law. This Agreement shall be governed by the laws of the State of California.

   Any controversy or claim arising out of this Agreement or the breech thereof shall be settled with the sole and exclusive courts and under the jurisdiction of the State of Illinois within the United States of America unless otherwise agreed by the Parties.

SUMMARY:

Natividad Medical Center is initiating an education clinical affiliation agreement with Sonoma State University for the Family Nurse Practitioner (FNP) Program. Under this agreement, Natividad Medical Center will provide qualified FNP students with structured clinical rotations in designated service areas. These rotations will allow students to gain practical experience in patient care while supporting Natividad Medical Center's goals of advancing professional development and contributing to the broader healthcare workforce. In addition, this collaboration will strengthen Natividad Medical Center's talent pipeline, creating opportunities to recruit highly trained nurse practitioners and other advanced practice professionals to fill future vacancies. To ensure that all deliverables under the agreement are achieved, Natividad Medical Center will collaborate with Sonoma State University faculty through regular communication, ongoing monitoring, and clinical supervision to confirm alignment with program requirements.

DISCUSSION
The proposed services are mutually beneficial to both Natividad Medical Center and the patients it serves. This agreement provides a reliable pipeline of advanced practice clinicians who are trained within Natividad Medical Center's system and familiar with its culture of care. By hosting FNP

students, Natividad Medical Center has the opportunity to identify and recruit talented individuals, addressing workforce needs in high-demand roles. Additionally, opportunities for staff to serve as preceptors and educators foster ongoing professional development while reinforcing Natividad Medical Center's reputation as a leading teaching hospital.

Patients benefit from enhanced access to care through the integration of supervised FNP students into clinical practice, expanding provider capacity while maintaining quality oversight. Exposure to current best practices from the academic setting also strengthens the delivery of evidence-based care. In the long term, this partnership helps ensure that Natividad Medical Center can sustain well-trained workforce dedicated to meeting the needs of Monterey County's diverse community.

OTHER AGENCY INVOLVEMENT:

The Office of County Counsel has reviewed and approved this agreement as to form, and the Auditor-Controller has reviewed and approved as to payment provisions. The agreement has also been reviewed and approved by NMC's Finance Committee and by its Board of Trustees on October 3, 2025.

FINANCING:

There is no impact on the General Fund with this action.

BOARD OF SUPERVISORS STRATEGIC PLAN GOALS SECTION:

RECOMMENDATION:

It is recommended that the County of Monterey Board of Supervisors:
a. Approve and authorize the Director of Health Services or designee to execute Renewal and Amendment No.1 to Agreement A-164043 between the County of Monterey and Monterey County Rape Crisis Center (MCRCC) to provide in-person advocate accompaniment during evidentiary exams, ongoing support services, and resource connection for survivors of sexual assault at no cost to the County of Monterey, and extend the term an additional three (3) years, for the revised full Agreement term of October 1, 2022 through September 30, 2028;

SUMMARY:

The acronym “SART” (Sexual Assault Response Team) is used to identify the multidisciplinary team (MDT) comprised of trained sexual assault counselors, responding law enforcement agents, and sexual assault forensic examiners (SAFE) when an evidentiary exam is requested for suspected sexual assault or abuse. The health care sector of SART is currently under the administration of the County of Monterey Health Department (MCHD). MCHD contracts with a private physician-owned medical group that employs the SAFEs who conduct the evidentiary exams.

DISCUSSION:

In August of 1998, Monterey County implemented the first multidisciplinary SART. SAFEs were provided by other agencies until July 2007, when MCHD became the program administrator. MCRCC and SAFEs have continued to work cooperatively since that time. MCRCC's sexual assault counselors respond to requests for evidentiary exams along with the SAFEs to offer legally mandated advocacy services for victims who report sexual assault. MCRCC responders are on call 24 hours a day, 7 days a week, to accompany victims when an evidentiary exam is conducted by a SAFE.

The MCRCC supplies written materials, snacks, and comfort objects that are offered by the SAFE to the victim at the time of an evidentiary exam. In addition, MCRCC personnel work both independently and in conjunction with the SAFEs to provide education to various sectors of the MDT. The MCRCC and SAFEs are available to debrief staff and offer informational and emotional support to the extended MDT. MCRCC employees participate in case reviews with both the SAFEs and the extended MDT and are a source of consultation for referrals for survivors of sexual assault and commercial sexual exploitation of children (CSEC).

The Health Department has an ongoing need for services under the Agreement beyond its expiration date of September 30, 2025. Although an amendment was drafted prior to the expiration, negotiations with the Contractor over additional terms extended the process, ultimately resulting in the Agreement's expiration.

OTHER AGENCY INVOLVEMENT/COMMITTEE ACTIONS:
The Offices of the County Counsel and Auditor-Controller have reviewed and approved this agreement as to legal and fiscal provisions, respectively.

FINANCING:
There is no exchange of funds with this agreement. There are sufficient appropriations in the Health Department's (001-4000-8124-HEA003) FY 2025-26 Adopted Budget.

BOARD OF SUPERVISORS STRATEGIC PLAN GOALS:
This agreement aligns with the Strategic Plan Goal Safe and Resilient Communities, Key Objective Justice: Provide for essential justice-focused activities by providing support services to survivors of sexual assault during evidentiary exams, which gather forensic evidence that can inform law enforcement's prosecution of offenders.

The MCRCC supplies written materials, snacks, and comfort objects that are offered by the SAFE to the victim at the time of an evidentiary exam. In addition, MCRCC personnel work both independently and in conjunction with the SAFEs to provide education to various sectors of the MDT. The MCRCC and SAFEs are available to debrief staff and offer informational and emotional support to the extended MDT. MCRCC employees participate in case reviews with both the SAFEs and the extended MDT and are a source of consultation for referrals for survivors of sexual assault and commercial sexual exploitation of children (CSEC).

The Health Department has an ongoing need for services under the Agreement beyond its expiration date of September 30, 2025. Although an amendment was drafted prior to the expiration, negotiations with the Contractor over additional terms extended the process, ultimately resulting in the Agreement's expiration.

2. PERMITTED USES AND DISCLOSURES OF PHI

(a) Use or Disclose PHI to perform Services for, or on behalf of, Covered Entity, provided that such Use or Disclosure would not violate the Privacy or Security Rules, this BAA, or California Confidentiality Laws if done by Covered Entity;

(b) Use PHI to provide Data Aggregation Services for the Health Care Operations of Covered Entity, if required by the Services Agreement and as permitted by 45 C.F.R. § 164.504(e)(2)(i)(B);

Docusign Envelope ID: B25DA299-A1E0-4563-9EDA-0DABB2DDA12C

permitted under 45 C.F.R. § 164.504(e)(4)(ii), provided that Disclosures are Required by Law, or Business Associate obtains reasonable assurances from the person to whom the information is Disclosed that it will remain confidential and be Used or further Disclosed only as Required by Law or for the purpose for which it was Disclosed to the person, and that such person will notify the Business Associate of any instances of which such person is aware that the confidentiality of the information has been breached; and

(e) Use PHI to report violations of law to appropriate Federal and state authorities, consistent with 45 C.F.R. § 164.502(j)(1).

3. RESPONSIBILITIES OF THE PARTIES WITH RESPECT TO PHI

3.1. Responsibilities of Business Associate. Business Associate shall:

(a) Notify the Privacy Officer of Covered Entity, in writing, of: (i) any Use and/or Disclosure of the PHI that is not permitted by this BAA; (ii) any Security Incident of which Business Associate becomes aware; and (iii) any suspected Breach. Such notice shall be provided within five (5) business days of Business Associate's discovery of such unauthorized access, acquisition, Use and/or Disclosure, Security Incident, or suspected Breach. Notwithstanding the foregoing, the Parties acknowledge the ongoing existence and occurrence of attempted but ineffective Security Incidents that are trivial in nature, such as pings and other broadcast service attacks, and unsuccessful log-in attempts. The Parties acknowledge and agree that this Section 3.1(a) constitutes notice by Business Associate to Covered Entity of such ineffective Security Incidents and no additional notification to Covered Entity of such ineffective Security Incidents is required, provided that no such Security Incident results in unauthorized access, acquisition, Use or Disclosure of PHI. For the avoidance of doubt, a ransomware attack shall not be considered an ineffective Security Incident and shall be reported to Covered Entity, irrespective of whether such Security Incident results in a Breach. Business Associate shall investigate each Security Incident or unauthorized access, acquisition, Use, or Disclosure of PHI, or suspected Breach that it discovers and shall provide a summary of its investigation to Covered Entity, upon request;

(i) If Business Associate or Covered Entity determines that such Security Incident or unauthorized access, acquisition, Use, or Disclosure, or suspected Breach constitutes a Breach, then Business Associate shall provide a supplemental written report in accordance with 45 C.F.R. § 164.410(c), which shall include, to the extent possible, the identification of each individual whose PHI has been, or is reasonably believed by the Business Associate to have been, accessed, acquired, Used or Disclosed during the Breach, to Covered Entity without unreasonable delay, but no later than five (5) business days after discovery of the Breach;

(ii) In consultation with Covered Entity, Business Associate shall promptly mitigate, to the extent practicable, any harmful effect that is known to the Business Associate of such improper access, acquisition, Use, or Disclosure, Security Incident, or Breach; and

Docusign Envelope ID: B25DA299-A1E0-4563-9EDA-0DABB2DDA12C

(iii) Covered Entity shall have sole control over the timing and method of providing notification of such Breach to the affected individual(s), the appropriate government agencies, and other persons required by law to be notified. Business Associate shall assist with any notifications, as requested by Covered Entity. Business Associate shall take prompt corrective action, including any action required by applicable State or federal laws and regulations relating to such Security Incident or non-permitted access, acquisition, Use, or Disclosure. Business Associate shall reimburse Covered Entity for its reasonable costs and expenses in providing notification to affected individuals, appropriate government agencies, and any other persons required by law to be notified (e.g., without limitation, the media or consumer reporting agencies), including, but not limited to, any administrative costs associated with providing notice, printing and mailing costs, public relations costs, attorney fees, and costs of mitigating the harm (which may include the costs of obtaining up to one (1) year of credit monitoring services and identity theft insurance) for affected individuals whose PHI or other PII has or may have been compromised as a result of the Breach.

(b) Implement appropriate administrative, physical, and technical safeguards and comply with the Security Rule and industry best practices to prevent Use and/or Disclosure of EPHI other than as provided for by this BAA;

(c) Obtain and maintain a written agreement with each of its Subcontractors that creates, receives, maintains, or transmits PHI that requires each such Subcontractor to adhere to restrictions and conditions that are at least as restrictive as those that apply to Business Associate pursuant to this BAA. Upon request, Business Associate shall provide Covered Entity with copies of its written agreements with such Subcontractors;

(d) Make available all internal practices, records, books, agreements, policies and procedures and PHI relating to the Use and/or Disclosure of PHI received from, created, maintained, or transmitted by Business Associate on behalf of Covered Entity to the Secretary of the Department of Health and Human Services ("Secretary") in a time and manner designated by the Secretary for purposes of determining Covered Entity's or Business Associate's compliance with HIPAA. Business Associate shall immediately notify Covered Entity of any such requests by the Secretary and, upon Covered Entity's request, provide Covered Entity with any copies of documents Business Associate provided to the Secretary. In addition, Business Associate shall promptly make available to Covered Entity such practices, records, books, agreements, policies and procedures relating to the Use and Disclosure of PHI for purposes of determining whether Business Associate has complied with this BAA or maintains adequate security safeguards, upon reasonable request by Covered Entity. The fact that Covered Entity has the right to inspect, inspects, or fails to inspect Business Associate's internal practices, records, books, agreements, policies and procedures does not relieve Business Associate of its responsibility to comply with this BAA, regardless of whether Covered Entity detects or fails to detect a violation by Business Associate, nor does it constitute Covered Entity's acceptance of such practices or waiver of Covered Entity's rights under this BAA;

Docusign Envelope ID: B25DA299-A1E0-4563-9EDA-0DABB2DDA12C

(e) Document Disclosures of PHI and information related to such Disclosure and, within twenty (20) days of receiving a written request from Covered Entity, provide to Covered Entity such information as is requested by Covered Entity to permit Covered Entity to respond to a request by an individual for an accounting of the Disclosures of the individual's PHI in accordance with 45 C.F.R. § 164.528 and the HITECH Act. At a minimum, the Business Associate shall provide Covered Entity with the following information: (i) the date of the Disclosure; (ii) the name of the entity or person who received the PHI, and if known, the address of such entity or person; (iii) a brief description of the PHI Disclosed; and (iv) a brief statement of the purpose of such Disclosure which includes an explanation of the basis for such Disclosure. In the event the request for an accounting is delivered directly to the Business Associate, the Business Associate shall, within ten (10) days, forward such request to Covered Entity. The Business Associate shall implement an appropriate recordkeeping process to enable it to comply with the requirements of this Section;

(f) Subject to Section 4.4 below, return to Covered Entity in a mutually agreeable format and medium, or destroy, within thirty (30) days of the termination of this BAA, the PHI in its possession and retain no copies, including backup copies;

(g) Use, Disclose to its Subcontractors or other third parties, and request from Covered Entity, only the minimum PHI necessary to perform or fulfill a specific function required or permitted hereunder;

(h) If all or any portion of the PHI is maintained in a Designated Record Set;

(i) Upon ten (10) days' prior written request from Covered Entity, provide access to the PHI to Covered Entity, or to the individual, if so directed by Covered Entity, to meet a request by an individual under 45 C.F.R. § 164.524 or California Confidentiality Laws. Business Associate shall notify Covered Entity within five (5) days of its receipt of a request for access to PHI from an individual; and

(ii) Upon ten (10) days' prior written request from Covered Entity, make any amendment(s) to the PHI that Covered Entity directs pursuant to 45 C.F.R. § 164.526. Business Associate shall notify Covered Entity within five (5) days of its receipt of a request for amendment of PHI from an individual.

(i) If applicable, maintain policies and procedures to detect and prevent identity theft in connection with the provision of the Services, to the extent required to comply with the Red Flag Rules;

(j) To the extent that Business Associate carries out one or more of Covered Entity's obligations under the Privacy Rule, Business Associate shall comply with the requirements of the Privacy Rule that apply to Covered Entity in the performance of such obligations;

(k) Unless prohibited by law, notify Covered Entity as soon as possible and in no case later than five (5) days after the Business Associate's receipt of any request

Docusign Envelope ID: B25DA299-A1E0-4563-9EDA-0DABB2DDA12C

or subpoena for PHI. To the extent that Covered Entity decides to assume responsibility for challenging the validity of such request, the Business Associate shall cooperate fully with Covered Entity in such challenge; and

(l) Maintain policies and procedures materially in accordance with HIPAA and California Confidentiality Laws and industry standards designed to ensure the confidentiality, availability, and integrity of Covered Entity's data and protect against threats or vulnerabilities to such data.

3.2 Business Associate Acknowledgment.

(a) Business Associate acknowledges that, as between the Business Associate and Covered Entity, all PHI shall be and remain the sole property of Covered Entity.

(b) Business Associate is not permitted to Use PHI to create de-identified information except as approved in writing by Covered Entity.

(c) Business Associate further acknowledges that it is obligated by law to comply, and represents and warrants that it shall comply, with HIPAA. Business Associate shall comply with all California Confidentiality Laws, to the extent that such state laws are not preempted by HIPAA.

(d) Business Associate further acknowledges that Uses and Disclosures of PHI must be consistent with Covered Entity's privacy practices, as stated in Covered Entity's Notice of Privacy Practices. The current Notice of Privacy Practices can be retrieved online from the Covered Entity's webpage. Business Associate agrees to review the Notice of Privacy Practices at this URL at least once annually while doing business with Covered Entity to ensure it remains updated on any changes to the Notice of Privacy Practices Covered Entity may make.

3.3 Responsibilities of Covered Entity. Covered Entity shall notify Business Associate of any (i) changes in, or withdrawal of, the authorization of an individual regarding the Use or Disclosure of PHI provided to Covered Entity pursuant to 45 C.F.R. § 164.508, to the extent that such changes may affect Business Associate's Use or Disclosure of PHI; or (ii) restrictions on Use and/or Disclosure of PHI as provided for in 45 C.F.R. § 164.522 agreed to by Covered Entity, to the extent that such restriction may affect Business Associate's Use or Disclosure of PHI.

4. TERM AND TERMINATION

4.1 Term. This BAA shall become effective on the Effective Date and shall continue in effect until all of the PHI provided by Covered Entity to Business Associate, or created or received by Business Associate on behalf of Covered Entity, is destroyed or returned to Covered Entity, or if it is infeasible to return or destroy PHI, protections are extended to such PHI, in accordance with the termination provisions in Section 4.4. Certain provisions and requirements of this BAA shall survive its expiration or other termination as set forth in Section 5 herein.

Docusign Envelope ID: B25DA299-A1E0-4563-9EDA-0DABB2DDA12C

4.2 Termination. If Covered Entity determines in good faith that Business Associate has breached a material term of this BAA, Covered Entity may either: (i) immediately terminate this BAA and any underlying Services Agreement without penalty; or (ii) terminate this BAA and any underlying Services Agreement within thirty (30) days of Business Associate's receipt of written notice of such breach, if the breach is not cured to the satisfaction of Covered Entity.

4.3 Automatic Termination. This BAA shall automatically terminate without any further action of the Parties upon the termination or expiration of all Services Agreements between Covered Entity and Business Associate that would necessitate having this BAA in place.

4.4 Effect of Termination. Upon termination or expiration of this BAA for any reason, Business Associate shall return or destroy all PHI pursuant to 45 C.F.R. § 164.504(e)(2)(ii)(J) if, and to the extent that, it is feasible to do so. Prior to returning or destroying the PHI, Business Associate shall recover any PHI in the possession of its Subcontractors. Business Associate shall certify in writing that all PHI has been returned or securely destroyed, and no copies retained, upon Covered Entity's request. To the extent it is not feasible for Business Associate to return or destroy any portion of the PHI, Business Associate shall notify Covered Entity in writing of the condition that makes return or destruction infeasible. If Covered Entity agrees that return or destruction of the PHI is infeasible, as determined in its sole discretion, Business Associate shall: (i) retain only that PHI which is infeasible to return or destroy; (ii) return to Covered Entity the remaining PHI that the Business Associate maintains in any form; (iii) continue to extend the protections of this BAA to the PHI for as long as Business Associate retains PHI; (iv) limit further Uses and Disclosures of such PHI to those purposes that make the return or destruction of the PHI not feasible and subject to the same conditions as set out in Sections 2 and 3 above, which applied prior to termination; and (v) return to Covered Entity the PHI retained by Business Associate when such return is no longer infeasible.

5. MISCELLANEOUS

5.1 Survival. The obligations of Business Associate under the provisions of Sections 3.1, 3.2, and 4.4 and Article 5 shall survive termination of this BAA until such time as all PHI is returned to Covered Entity or destroyed.

5.2 Amendments; Waiver. This BAA may not be modified or amended, except in a writing duly signed by authorized representatives of the Parties. To the extent that any relevant provision of HIPAA or California Confidentiality Laws is materially amended in a manner that changes the obligations of the Parties, the Parties agree to negotiate in good faith appropriate amendment(s) to this BAA to give effect to the revised obligations. Further, no provision of this BAA shall be waived, except in a writing duly signed by authorized representatives of the Parties. A waiver with respect to one event shall not be construed as continuing, or as a bar to or waiver of any right or remedy as to subsequent events.

Docusign Envelope ID: B25DA299-A1E0-4563-9EDA-0DABB2DDA12C

5.3 **No Third Party Beneficiaries**. Nothing express or implied in this BAA is intended to confer, nor shall anything herein confer, upon any person other than the Parties and the respective successors or assigns of the Parties, any rights, remedies, obligations, or liabilities whatsoever.

Docusign Envelope ID: B25DA299-A1E0-4563-9EDA-0DABB2DDA12C

5.8 Indemnification. Business Associate shall indemnify, defend, and hold harmless the County of Monterey (the "County"), its officers, agents, and employees from any claim, liability, loss, injury, cost, expense, penalty or damage, including costs incurred by the County with respect to any investigation, enforcement proceeding, or third party action, arising out of, or in connection with, a violation of this BAA, HIPAA or California Confidentiality Laws, or a Breach that is attributable to an act or omission of Business Associate and/or its agents, members, employees, or Subcontractors, excepting only loss, injury, cost, expense, penalty or damage caused by the negligence or willful misconduct of personnel employed by the County. It is the intent of the Parties to provide the broadest possible indemnification for the County. This provision is in addition to, and independent of, any indemnification provision in any Services Agreement between the Parties.

5.9 Applicability of Terms. This BAA applies to all present and future Services Agreements and business associate relationships, written or unwritten, formal or informal, in which Business Associate creates, receives, transmits, or maintains any PHI for or on behalf of Covered Entity in any form whatsoever. This BAA shall automatically be incorporated in all subsequent agreements between Business Associate and Covered Entity involving the Use or Disclosure of PHI whether or not specifically referenced therein. In the event of any conflict or inconsistency between a provision of this BAA and a provision of any other agreement between Business Associate and Covered Entity, the provision of this BAA shall control unless the provision in such other agreement establishes additional rights for Business Associate or additional duties for or restrictions on Business Associate with respect to PHI, in which case the provision of such other agreement will control.

5.10 Insurance. In addition to any general and/or professional liability insurance required of Business Associate under the Services Agreement, Business Associate agrees to obtain and maintain, at its sole expense, liability insurance on an occurrence basis, covering any and all claims, liabilities, demands, damages, losses, costs expenses, fines, and compliance costs arising from a breach of the obligations of Business Associate, its officers, employees, agents and Subcontractors under this BAA. Without limiting the foregoing, at a minimum, Business Associate's required insurance under this Section shall include cyber liability insurance covering breach notification expenses, network security and privacy liability. The insurance coverage limits, per claim and in the aggregate, shall not be less than the following amounts based upon the number of unique patient served under this agreement:

Any available insurance proceeds in excess of the specified minimum limits of insurance and coverage shall be

5.11 Legal Actions. Promptly, but no later than five (5) calendar days after notice thereof, Business Associate shall advise Covered Entity of any actual or potential action, proceeding, regulatory or governmental orders or actions, or any material threat thereof that becomes known to it that may affect the interests of Covered Entity or jeopardize this BAA, and of any facts and circumstances that may be pertinent to the prosecution or defense of any such actual or potential legal action or proceeding, except to the extent prohibited by law. Matter Type: BoS Agreement

a. Approve and authorize the Contracts & Purchasing Officer or designee to execute a ten (10) year Lease Agreement, effective December 1, 2025 or upon issuance of a certificate of occupancy from the City of Salinas and County's final walk through and approval of all Premise Improvements (Lease Commencement Date), whichever is later, with San Jose Ave. Apartments, LLC. (Lessor), for approximately 12,986 rentable square feet of space at 559 East Alisal Street, Suites 106, 107, 108 & Salinas, California, for use by the Health Department's Clinic Services Bureau (Health); and
b. Authorize the Auditor-Controller to make lease payments starting at $34,161 per month, for twelve (12) months, upon issuance of a certificate of occupancy form the City of Salinas, final walk through, and approval of all Premise Improvements, whichever is later, in accordance with the terms and adjusted rent schedule as outlined in the Lease Agreement.

RECOMMENDATION:

It is recommended that the County of Monterey Board of Supervisors:
a. Approve and authorize the Contracts & Purchasing Officer or designee to execute a ten (10) year Lease Agreement, effective December 1, 2025 or upon issuance of a certificate of occupancy from the City of Salinas and County's final walk through and approval of all Premise Improvements (Lease Commencement Date), whichever is later, with San Jose Ave. Apartments, LLC. (Lessor), for approximately 12,986 rentable square feet of space at 559 East Alisal Street, Suites 106, 107, 108 & Salinas, California, for use by the Health Department's Clinic Services Bureau (Health); and
b. Authorize the Auditor-Controller to make lease payments starting at $34,161 per month, for twelve (12) months, upon issuance of a certificate of occupancy form the City of Salinas, final walk through, and approval of all Premise Improvements, whichever is later, in accordance with the terms and adjusted rent schedule as outlined in the Lease Agreement.

SUMMARY:

The Clinic Services Bureau has occupied 559 East Alisal in Salinas, California (Premises) since 2001 and operates as the Alisal Health Center. The Alisal Health Center is designated as a Federally Qualified Health Center and, as a requirement of its licensure, must remain located in the area of the population it serves. Situated in the heart of East Salinas and within walking distance of its patient population, Alisal Health Center also offers convenient access to public bus lines and a secured parking garage for staff. Due to its proximity to community residents, the clinic serves approximately 34,000 patients annually and is the second-largest outpatient clinic operated by the County. Notably, this facility has not undergone tenant improvements in over a decade; the planned upgrades will enhance patient flow and provide a more comfortable experience for both patients and staff.

Approval of this Lease Agreement will provide Clinic Services with occupancy through October 1, 2034, or upon issuance of a certificate of occupancy from the City of Salinas, Health's final walkthrough, and approval of all Premise Improvements, whichever is later, ensuring continued occupancy of approximately 12,986 rentable square feet.

DISCUSSION:
The monthly rent shall be $34,160.57, consisting of a base rent of $2.25 per square foot per month for clinic and medical offices, plus a cost not to exceed $0.38 per square foot for the amortized Premise Improvement Allowance payment. Subject to the State constitutional debt limitation provisions, Health shall have the option to either reimburse Lessor for the Premise Improvement Allowance within sixty (60) days of receipt from Lessor or request that Lessor amortize the Premise Improvement Allowance at a rate of five and one-half percent (5.5%) over a ten (10) year term.

Additionally, Health shall have the option to reimburse Lessor with a one-time lump sum payment for contingency costs to address unforeseen costs, not to exceed $142,845. Subject to the State constitutional debt limitation provisions, Health shall reimburse Lessor for such contingency costs within sixty (60) days of completion of the Premise Improvements, subject to approval by the Health Department Facilities Manager. The contingency funds shall be expended only upon the mutual written agreement of Lessor and Health and shall be applied solely to address unforeseen conditions or circumstances arising from improvements to the Premises.

The Lease Agreement provides for two (2), three (3) year extension options under the same terms and conditions. A "Termination by County" clause and the County's standard insurance and indemnity provisions are incorporated in the Lease Agreement.

The identified facility continues to provide Alisal Health Center operations with needed clinical and medical office space for patients and staff, and the monthly rent is considered cost-effective when compared to relocating or constructing a new facility in a similar facility in the East Alisal Community of Salinas. These spaces are vital for the Clinic's provision of services to the residents of the local community and neighboring areas.

OTHER AGENCY INVOLVEMENT:
The Department of Public Works, Facilities, and Parks (PWFP) assisted with the development of this report and proposed Lease Agreement. The Office of the County Counsel and the Auditor-Controller's Office have reviewed and approved the proposed Lease Agreement as to form and fiscal provisions, respectively.

FINANCING:
There is no financial impact to the General Fund resulting from the approval of the proposed Agreement. Sufficient funds are available in the Health Department, Clinic Services Bureau (4000-HEA007) FY 2025-26 Adopted Budget and provision for it will be made in the Department's Requested Budget for future years out.

BOARD OF SUPERVISORS STRATEGIC PLAN GOALS:
This agreement will create easier access to healthcare for underserved populations in the community,

aligning with the Strategic Plan Goal of Well-Being and Quality of Life.

LESSEE may request that LESSOR hire a qualified industrial hygienist, approved by LESSOR and LESSEE, to perform indoor air quality testing/surveying for the Premises and the Common Areas of the building as described in **Article 1.2** with the understanding that if test results reveal that unacceptable levels (as determined by EPA guidelines) of Environmental Hazards are not present, LESSEE will reimburse LESSOR the cost of the testing within thirty (30) day of receipt of the County Auditor-Controller's receipt of a County approved invoice from LESSOR. By providing for and requesting air quality testing, LESSOR'S duties and obligations are not diminished and LESSEE does not assume or agree to share in LESSOR'S duties and obligations in respect of maintenance of the Premises.

ARTICLE 12 - SIGNS AND FIXTURES

LESSEE may place such signs and advertisements upon the Premises as LESSEE may desire, subject to compliance with applicable law and approval by the LESSOR which consent shall not be unreasonably withheld provided, however, that at the expiration of the term hereof or any renewal or extension of this Lease, LESSEE will remove said signs and will repair any damage caused by such removal, such repair shall be reasonably determined at the sole discretion of LESSOR. ARTICLE 19 - INSURANCE AND INDEMNIFICATION

LESSEE, during the term hereof, shall indemnify and hold harmless the LESSOR from and against any and all claims and demands whether for injuries to persons or loss of life, or damage to property, occurring within the Premises and to the extent arising out of the use of the Premises by the LESSEE, excepting however, such claims and demands whether for injuries to persons or loss of life, or damage to property, caused by acts or omissions of the LESSOR.

LESSEE shall maintain public liability and property damage coverage or program of self-insurance with liability limits of not less than $2,000,000 for injury or death to one (1) or more persons and property damage limits of not less than $100,000 per occurrence insuring against all liability of LESSEE and its authorized representatives arising out of and in connection with LESSEE'S use or occupancy of the Premises.

ARTICLE 21 - DESTRUCTION

If the Premises are totally destroyed by fire or other casualty, either party may terminate this Lease immediately by giving notice to the other party.

If such casualty shall render ten percent (10%) or less of the rentable area of the Premises unusable for the purpose intended, LESSOR shall effect restoration of the Premises as quickly as is reasonably possible, but in any event restoration shall begin within thirty (30) days after such destruction.

Docusign Envelope ID: B65DDC84-3247-4314-BF16-2FF37FB05BCC

If such casualty shall render more than ten percent (10%) of such floor space unusable but not constitute total destruction, LESSOR shall forthwith give notice to LESSEE of the specific number of days required to repair the same. If LESSOR under such circumstances shall not give such notice within fifteen (15) calendar days after such destruction, or if such notice shall specify that such repairs will require more than ninety (90) days to complete from the date such notice is given, LESSEE, in either such event, at its option, may terminate this Lease.

In the event of any such destruction other than total, where LESSEE has not terminated the Lease as herein provided, LESSOR shall diligently prosecute the repair of the Premises and, in any event, if said repairs are not completed within thirty (30) calendar days from the work commencement date, for destruction aggregating ten percent (10%) or less of the floor space, or within the thirty (30) calendar day period specified herein in connection with partial destruction aggregating more than ten percent (10%), LESSEE shall have the option to terminate this Lease. LESSEE shall assist LESSOR with obtaining all applicable building permits if necessary.

LESSOR and LESSEE understand that, in normal circumstances, work cannot commence before a building permit is obtained. Time deadlines set forth herein shall not commence before required permits are issued. LESSOR warrants to diligently pursue issuance of said permits.

If LESSEE remains in occupancy of the Premises though partially destroyed, the rent for said Premises as herein provided, during restoration, shall be reduced by the same ratio as the rentable square feet LESSEE is thus precluded from occupying, bears to the total rentable square feet in the Premises. For purposes of this ARTICLE 21, "rentable square feet" shall mean actual inside dimensions and shall not include public areas.

ARTICLE 22 - DEFAULT BY LESSEE

22.1 ***Default:*** If any of the following events occur, each such event shall constitute a material breach of this Lease, and LESSOR may, at LESSOR'S option, exercise any or all rights available to a LESSOR under the laws of the State of California:

a. A default in the payment of rent or other obligation when such default continues for a period of thirty (30) days after written notice from LESSOR to LESSEE of such default, or
b. LESSEE fails to faithfully perform or observe any other covenant or undertaking required under this Lease and such failure continues for a period of thirty (30) days after written notice thereof from LESSOR to LESSEE of such default or, if such default is not reasonably curable within such thirty (30) day period, LESSEE fails to commence to cure such default within such thirty (30) day period and thereafter diligently pursues such cure to completion . LESSOR'S obligation to provide written notice to LESSEE of a default by LESSEE is limited to those instances where knowledge of LESSEE'S default is within the actual knowledge of LESSOR, or
c. LESSEE is adjudicated bankrupt, or
d. LESSEE'S lease interest is sold under execution of judgment.

22.2 ***Remedies:*** If LESSEE fails to cure a default within the time frames outlined above, LESSOR shall have the option to cure the default, if curable, or to terminate this Lease, in addition to any other remedies at law not inconsistent herewith. Should LESSOR elect to cure the default, all reasonable costs associated with such cure, including reasonable attorneys' fees incurred and awarded as a result of any legal action or proceeding brought to enforce or interpret this Lease Agreement (if any), shall be reimbursed by LESSEE to LESSOR, as additional rent, within thirty (30) days of the County Auditor-Controller's receipt of LESSOR'S County approved invoice for said costs which shall be accompanied by County approved

Docusign Envelope ID: B65DDC84-3247-4314-BF16-2FF37FB05BCC

invoices and receipts to document LESSOR'S cost to cure said default, and by any Court Order awarding reasonable attorney's fees incurred to cure said default.

ARTICLE 23 - DEFAULT BY LESSOR

23.1 ***Default:*** LESSOR shall not be in default unless LESSOR fails to perform its obligations under this Lease within a reasonable time, but in no event later than thirty (30) days after written notice by LESSEE to LESSOR specifying wherein LESSOR has failed to perform such obligations. If the nature of LESSOR'S obligation is such that more than thirty (30) days are required for performance, then LESSOR shall not be in default if LESSOR commences performance within such thirty (30) day period and thereafter diligently prosecutes the same to completion. LESSEE'S obligation to provide written notice to LESSOR of a default by LESSOR is limited to those instances where knowledge of LESSOR'S default is within the actual knowledge of LESSEE.

23.2 ***Remedies:*** If LESSOR fails to cure a prospective default within the time periods outlined above, LESSEE shall have the option to cure the default or to terminate this Lease, in addition to any other remedies at law not inconsistent herewith. Should LESSEE elect to cure the default, all reasonable costs associated with such cure, including reasonable attorneys' fees incurred and awarded as a result of any legal action or proceeding brought to enforce or interpret this Lease Agreement (if any), shall be reimbursed by LESSOR to LESSEE within thirty (30) days of receipt of LESSEE'S invoice for said costs which shall be accompanied by invoice and receipts to document LESSEE'S cost to cure said default, and by any Court Order awarding reasonable attorney's fees incurred to cure said default. However, upon LESSOR'S failure to so reimburse LESSEE within thirty (30) days of receipt of LESSEE'S invoice for said costs, at LESSEE'S option, said costs shall be deducted from rent due hereunder. If LESSOR'S default hereunder prevents LESSEE'S use of the Premises, there shall be an abatement of rental payments for the period of such non-use.

ARTICLE 24 - CONDEMNATION

If more than ten percent (10%) of the floor space area of the Premises is taken or condemned for a public or quasi-public use, or the part taken renders the entire Premises insufficient for the conduct of LESSEE'S business and operations, then this Lease shall terminate at the option of LESSEE as of the date title shall vest in the condemner. If only part of the Premises is taken and the remainder of the Premises is sufficient for the conduct of LESSEE'S business and operations, then LESSOR shall restore the Premises to a single architectural unit and the Lease shall continue as to the part not taken, but the monthly rent shall be reduced in proportion that the rentable area of the Premises taken bears to the rentable area of the Premises before the taking.

EXHIBIT C - 1

PREMISE IMPROVEMENTS

1. Premise Improvements:

   a. LESSOR shall construct all Premise Improvements in accordance with the Plans and Specifications as approved by LESSOR and LESSEE, which Plans and Specifications are or will be attached to this Exhibit C upon such approval. Premise Improvements must satisfy the Federal Americans with Disabilities Act, as and if applicable.

   b. Premise Improvements are generally described as follows: **Please refer to Exhibit C-2 for details.**

   c. LESSOR shall commence construction of the Premises Improvement work at the earliest opportunity. Cost and schedule of Premise Improvement work shall be approved by LESSOR and LESSEE prior to commencement.

   d. LESSOR shall diligently pursue construction of approved Premises Improvement work and deliver the Premises to LESSEE in a condition suitable for occupancy no later than a date certain, that will be mutually established by LESSOR and LESSEE on or before the date LESSOR'S contractor commences construction of the Premise Improvements.

2. Construction Plans and Specifications, Change Orders and Delay:

   a. LESSOR shall provide for LESSEE'S approval the complete and detailed proposed Plans and Specifications for the Premises Improvements, the design of which shall conform to LESSEE'S approved program for use of the Premises.

   b. LESSEE shall provide LESSOR with written notice of its approval or disapproval of the Plans and Specifications within five (5) business days after receipt of such Plans and Specifications. If LESSEE disapproves the Plans and Specifications, LESSEE shall describe the reasons for its disapproval in reasonable detail in LESSEE'S notice of disapproval. LESSOR shall revise the Plans and Specifications to satisfy the issues giving rise to LESSEE'S disapproval and submit the revised Plans and Specification to LESSEE as provided in clause 2.a. of this Exhibit C.

   c. During construction, LESSOR and LESSEE'S Representative (as defined below) shall confer periodically regarding the progress of the work and the approximate cost of the work completed. LESSEE'S Representative may request changes, modifications or alterations to the Plans and Specifications by written change order delivered to LESSOR, but no such change shall be made without the written approval of LESSOR, which approval shall not be unreasonably withheld. LESSOR shall approve or deny each LESSEE change order within four (4) business days, and LESSOR shall also provide to LESSEE'S Representative, by written notice to LESSEE, an estimate of the maximum cost of each change order within five (5) business days after the delivery of the change order to LESSOR. No work based upon a change order shall be undertaken unless and until LESSEE'S Representative shall have approved (by notice to LESSOR) LESSOR'S cost estimate.

   d. If LESSOR determines that a change proposed by LESSEE will delay completion of the construction beyond the period allocated for such construction, LESSOR shall, within four (4) business days, notify LESSEE'S Representative of the estimated length of the delay caused by LESSEE'S request. LESSEE'S Representative shall advise LESSOR within two (2) business days after receipt of such notice as to whether LESSOR shall proceed with requested change, modification or alteration. LESSOR shall not make the requested change to the Plans and Specifications without LESSEE'S approval of any proposed time extensions.

Docusign Envelope ID: B65DDC84-3247-4314-BF16-2FF37FB05BCC

e. If LESSOR requires that LESSEE clarify or refine the Plans and Specifications, then LESSEE'S Representative shall meet with LESSOR for the purpose of clarifying or refining the Plans and Specifications within two (2) business days after LESSEE'S receipt of LESSOR'S request therefore. No such clarification or refinement shall be deemed to be a change order.

f. If LESSOR determines that the Plans and Specifications must be changed as a result of omissions or errors in the Plans and Specifications, then LESSOR shall, prepare and submit to LESSEE revised Plans and Specifications correcting any such omission or error. LESSEE shall approve or disapprove such revised Plans and Specifications within two (2) business days after receipt and shall not unreasonably withhold its approval.

g. LESSOR shall not be responsible for any delays in the time for completion of construction resulting from LESSEE'S delay. For purposes herein, LESSEE'S delay in the completion of the construction of the Premise Improvements are delays that may arise solely as a result of: (1) LESSEE'S failure to comply with its obligations set forth in subsection b, d, e, or f, above, within the time specified; (2) any change directed by LESSEE after notification to LESSEE that the change will delay completion of the construction as provided in subsection d, above; or (3) extra time required to obtain any long lead items specified by LESSEE. For purposes herein, an item shall be considered a long lead item if LESSOR notifies LESSEE within fifteen (15) business days after receipt of LESSEE'S approval of the Plans and Specifications that such item is not readily available or readily installable after the same is requested by LESSEE.

3. Approval of Plans by Public Authorities: Following LESSEE'S approval of the Plans and Specifications, LESSOR shall obtain approval of the Plans and Specifications for the Premises from all appropriate governmental agencies, and a copy of the Plans and Specifications, as approved by such governmental agencies, shall be dated and initialed by both LESSOR and LESSEE. LESSOR shall exercise due diligence in obtaining any such approval. LESSEE shall cooperate with LESSOR in obtaining all such approvals, and in this regard, LESSEE shall approve all revisions and changes to the Plans and specifications reasonably required by any governmental agency, with due diligence and without delays.

4. Quality of Work: All work performed hereunder shall be done in a good and workmanlike manner, free from faults and defects and in accordance with the Plans and Specifications. All materials and equipment installed in the Premise Improvements shall be new unless otherwise specified in the Plans and Specifications.

5. LESSEE'S Access during Construction: LESSEE'S representative, agents, consultants and contractors ("LESSEE'S Representatives") shall have access to the Premises during the construction of the Premise Improvements for activities and purposes related to construction of the Premises or preparation of the Premises for occupancy. LESSEE'S Representatives on the Premises during construction shall cooperate with LESSOR'S contractor and not delay in any way the performance by LESSOR'S contractors or LESSOR'S representatives of any work (including but not limited to the construction of Premise Improvements).

6. Acceptance of Premises:

PROPOSITION 65 WARNING

CALIFORNIA PROPOSITION 65 WARNING. This warning is provided in compliance with the requirements of California's Proposition 65, due to exposure to formaldehyde and other chemicals known to the State to cause cancer and birth defects or other reproductive harm, from exposures to materials used in and around the construction site of _____.

> **"WARNING: MATERIALS INCLUDED IN THE CONSTRUCTION OF THE PREMISES AND PROPERTY WILL EXPOSE YOU TO FORMALDEHYDE AND OTHER CHEMICALS KNOWN TO THE STATE OF CALIFORNIA TO CAUSE CANCER AND BIRTH DEFECTS OR OTHER REPRODUCTIVE HARM. FURTHER INFORMATION MAY BE OBTAINED FROM THE MANAGER/OWNER."**

This warning is provided to inform tenants of the exposure to formaldehyde and other chemicals known to the State to cause cancer and birth defects or other reproductive harm. The exposures are caused by the materials of which the office buildings on this site are constructed. **Environmental exposures to chemicals known to the State of California to cause cancer and birth defects or other reproductive harm will continue for as long as _____ engages in ongoing construction on and around the surrounding property.**

Formaldehyde. The United States Environmental Protection Agency, the California Air Resources Board, and other agencies have measured the presence of formaldehyde in the indoor air of homes in California. Levels of formaldehyde that present a significant cancer risk have been measured in most homes and offices. Formaldehyde is present in the air because it is emitted by a variety of building materials and products purchased by the builder from materials suppliers. These materials and products include carpeting, pressed wood products, insulation, plastics, and glues.

Other Chemicals. The Premises and/or ongoing construction sites in this development have not been tested. Given the cost of testing, it is not feasible to test every rental property and nearby construction site to ascertain the level of formaldehyde or other carcinogens and reproductive toxicants present in the rental property or ongoing construction sites nearby. Most homes, offices and construction sites that have been tested elsewhere do contain formaldehyde as well as other carcinogens and reproductive toxicants, although their concentrations vary from property to property with no obvious explanations for the differences. One of the problems is that many of the suppliers of building materials and products do not provide information on chemical ingredients to their builders. In the absence of specific information on these leased premises, and in light of the materials used in and around their construction, we believe that a warning is necessary.

Please provide this warning to invitees and guests entering this leased property. All rights not expressly granted herein are reserved by PDDS.

4. DISCLAIMERS. CLIENT UNDERSTANDS THAT THE PDDS MATERIALS AND ANY OTHER SERVICES ARE BEING PROVIDED "AS IS" WITHOUT WARRANTY OF ANY KIND. PDDS HEREBY DISCLAIMS ALL WARRANTIES, WHETHER EXPRESS OR IMPLIED, ORAL OR WRITTEN, WITH RESPECT TO THE SERVICES INCLUDING ALL WARRANTIES OF TITLE, NON-INFRINGEMENT, MERCHANTABILITY OR FITNESS FOR ANY PARTICULAR PURPOSE.

In the event of any loss or damage to Client's Data, reports or numeric results, Client's sole and exclusive remedy shall be for PDDS to use commercially reasonable efforts to replace or restore the lost or damaged data from the latest backup of such Data, reports, or numeric results which PDDS has maintained in accordance with its standard archival procedures.

7.2. PDDS will host Data in secure, U.S. based facilities. PDDS shall be deemed to have exercised reasonable care in the maintenance, custody and preservation of Data in Company's possession if such Data is treated substantially the same as Company treats its own like data.

Docusign Envelope ID: 56EA91F8-46D5-47C8-AD1E-5F8064566E4C

from any access to, sharing or use of Client's accounts, credentials, passwords or encryption keys.

8. CONFIDENTIALITY.

8.2. Protection of Confidential Information. Client agrees to not, directly or indirectly, without PDDS' prior written consent, use the Confidential Information for any purpose other than as expressly permitted under this Agreement; divulge, discuss, provide, transmit, copy, make available or otherwise communicate the Confidential Information to a third party; or permit any third party to use such Confidential Information. Notwithstanding the foregoing, Client shall be permitted to disclose Confidential Information if such disclosure is required by law, provided that Client shall (i) give prompt notice of such requirement to PDDS so that PDDS it will have the opportunity to seek a protective order or other appropriate remedy; and (ii) cooperate in PDDS' attempts to obtain confidential treatment of such Confidential Information.

9. TRADE NAMES AND TRADEMARKS. Each Party hereby agrees that it shall not use or permit any third party to use, at any time, the other Party's trademarks, trade names, or logos without written permission of the other Party, although, each Party may use the other Party's trademarks, trade names, and logos in a nominative, non-trademark sense in connection with its marketing materials and/or public client lists.

10. NON-SOLICITATION OF EMPLOYEES. Client acknowledges that PDDS has extended significant time and energy recruiting, training, and retaining its employees. 11. INJUNCTIVE RELIEF.

11.1. Each Party acknowledges that a violation of Sections 1, 2, 3, 7, 8, 9, or 10 of this Agreement would cause irreparable harm to the other Party for which no adequate remedy at law exists, and each Party therefore agrees that, in addition to any other remedies available, the aggrieved Party shall be entitled to seek injunctive relief to enforce the terms of Sections 1, 2, 3, 7, 8, 9, or 10. The prevailing Party shall be entitled to recover all cost and expenses, including reasonable attorney's fees incurred because of any such legal action.

Docusign Envelope ID: 56EA91F8-46D5-47C8-AD1E-5F8064566E4C

damages that would be incurred by PDDS in the event of any such breach or violation and the Parties intend for such amount to be an enforceable liquidated damages remedy. The amount is reasonable and not intended to be, nor shall it be deemed to constitute, a penalty and is not greatly disproportionate to the significant business loss likely to be sustained by PDDS in connection with any such breach or violation.

12. HARDWARE AND SERVICE REQUIREMENTS. Client is solely responsible for acquiring, servicing, maintaining, and updating adequate equipment, computers, software, communications services (such as internet connectivity charges) and all other technology and services not owned or operated by or on behalf of PDDS, that enable Client to access and use the Services, and for all expenses relating thereto (plus any applicable taxes). (b) Client's breach of any covenant or obligation under this Agreement or violation of applicable law; or
(c) negligence or more culpable act or omission (including recklessness or willful misconduct) by Client, any Licensed User, or any third party on behalf thereof, in connection with this Agreement.

14.3. Indemnification Procedure.

(b) Indemnitor shall, at its own sole cost and expense, promptly assume control of the defense employing counsel reasonably acceptable to Indemnitee; provided, however, that Indemnitor shall not settle any Action in any manner that adversely affects the rights of any Indemnitee without Indemnitee's prior written consent, which shall not be unreasonably withheld or delayed.
(c) Failure to perform any obligation under this Section will not relieve either Party of its obligations except to the extent that such Party can demonstrate that it has been materially prejudiced as a result thereof.

15. U.S. GOVERNMENT CLIENTS. The Services and Documentation are "**Commercial Items**", as that term is defined at 48 C.F.R. §2.101, consisting of "**Commercial Computer Software**" and "**Commercial Computer Software Documentation**", as such terms are used in 48 C.F.R. §12.212 or 48 C.F.R. §227.7202, as applicable. Client shall be responsible for the payment of all applicable sales, use or other consumer taxes, unless a valid exemption certificate is provided.

16.2. This Agreement shall remain in effect for so long as Services are being provided pursuant to any applicable Order. Unless otherwise specified in the applicable Order, the License to the applicable Services set forth in an Order shall remain in effect for an initial term commencing on the Effective Date (or, with respect to any Services added after the Effective Date, the date the applicable Order is executed) and ending on the first anniversary of the initial Billing Start Date (as defined below) (the "**Initial Term**"). Thereafter, unless otherwise set forth on the applicable Order, the Services will automatically renew for successive one (1) year terms (each a "**Renewal Term**" and together with the Initial Term, the "**Term**") unless either Party

Docusign Envelope ID: 56EA91F8-46D5-47C8-AD1E-5F8064566E4C

notifies the other of non-renewal at least thirty (30) days prior to the expiration of the then-current Term. Orders for additional Services and/or Client locations that are entered into during the Term will be conterminous with all other Services. Upon the expiration of the Initial Term and/or any Renewal Term, PDDS may, upon written notice to Client, make reasonable adjustments to the pricing of the Services effective for the upcoming Renewal Term(s); *provided*, that the Parties agree that subscription pricing for each of the first two Renewal Terms (*i.e.*, for the second and third years of the Term) will increase by 10% over the prior year's pricing. Any adjustments to pricing permitted under this Section 16 shall apply concurrently to all Client locations and affected Services. This Agreement may be amended or modified only by an instrument in writing signed by both parties.

16.3. Unless otherwise specified in the applicable Order, PDDS shall invoice Client for fees associated with implementation, training, conversion, and other professional Services upon the commencement of such Services. Fees for subscription-based Services shall begin to accrue on the "**Billing Start Date**" determined (a) as set forth on the applicable Order or (b) if the applicable Order does not specify a billing start date, based on the earliest to occur of: (i) the date of first installation of on-premises software (if applicable) or other use of the Services; or (ii) sixty (60) days from the date this Agreement is executed; *provided*, that if this date occurs (x) between the 1st and 15th day of a month, the Billing Start Date shall be the 1st of that month and (y) between the 16th and final day of a month, the Billing Start Date shall be the 1st of the following month.

17. TERMINATION.

17.1. Termination. Either Party may terminate this Agreement immediately upon notice if the other Party breaches a material term of this Agreement and fails to remedy that breach within five (5) business days after written notice, which may be electronic (subject to Section 18.7), from the terminating Party.

17.2. Effect of Termination. Upon termination of this Agreement, all rights, including the license granted to Client under this Agreement will cease and Client's access to the Services may be disabled.

(a) *Data Export*. It shall be Client's sole responsibility to extract a copy of the Data from PDDS' data repositories prior to termination of this Agreement. Client may also request, at any time prior to or within ten (10) business days after termination of this Agreement, that PDDS transmit all Data to a secure site from which Client shall have access to the Data until thirty (30) days after termination of this Agreement. Notwithstanding the foregoing, (i) Client may be required to pay a processing fee of $995 per extract/download in connection with the export of Client's XVWeb server patient and imaging data via a secure download link, (ii) if, as part of the implementation process or otherwise during the Initial Term, Client provides Data for conversion by PDDS into a format suitable for use with XVWeb, Client will not be entitled to an export of such converted Data prior to the expiration of the Initial Term (*i.e.*, Client will retain the unconverted Data in its original format and PDDS will only provide an export of new Data captured during the Initial Term), and

(iii) PDDS may charge a reasonable fee for exports of Data from other PDDS Services. Additional terms may apply as set forth in the applicable Order. PDDS may retain Data (including in its backups, archives, and disaster recovery systems) to comply with applicable law or internal business policies and procedures until such Data is deleted in the ordinary course.

(b) *Early Termination*. Client may terminate this Agreement at any time without cause upon at least thirty (30) days written notice to PDDS. If Client terminates any Services without cause before expiration of the of the Initial Term, or if PDDS terminates this Agreement due to Client's material breach as authorized by this Section 17, then Client shall remain responsible for all

Docusign Envelope ID: 56EA91F8-46D5-47C8-AD1E-5F8064566E4C

subscription and other fees invoiced for the then-current subscription term and shall not be entitled to any refund of pre-paid fees. If Client terminates and Services without cause during any Renewal Term, or if Client terminates this Agreement due to PDDS's material breach as authorized by this Section 17, then PDDS shall provide Client with a pro-rated refund in respect of pre-paid fees for any remaining months of the then-current subscription term.

17.3. Termination for Lack of Government Funding. Client's payments to PDDS under this Agreement are funded by local, state and federal governments. If funds from local, state and federal sources are not obtained and continued at a level sufficient to allow Client's purchase of the indicated Services, then Client may give written notice and reasonable evidence of this fact to PDDS, and the obligations of the parties under this Agreement shall terminate immediately, or on such date thereafter, as the County may specify in its sole notice, unless in the meanwhile the parties enter into a written amendment modifying this Agreement.

17.4. Survival. Upon termination or expiration of this Agreement, Sections 2, 3, 5, 6, 7, 8, 9, 10, 11, 17.2 and 18 of the Agreement along with all payment obligations under this Agreement with respect to fees accrued prior to termination, and any other right or obligation of the Parties in this Agreement that, by its nature, should survive termination or expiration of this Agreement, shall survive such termination or expiration.

18. MISCELLANEOUS.

18.1. Complete Agreement. This Agreement, including any Exhibits attached hereto and any executed Orders that reference this Agreement, constitute the complete and exclusive statement of the agreement between Client and PDDS, and supersedes any proposal or prior agreement, oral or written, and any other communications between the parties relating to the subject matter of this Agreement. This Agreement may not be modified by Client except upon mutual agreement by the Parties in writing. The Agreement may be modified by PDDS as set forth herein. In the event of any inconsistency between the statements made in the body of this Agreement, the related exhibits, schedules, attachments, and appendices (other than an exception expressly set forth as such therein) and any other documents incorporated herein by reference, the following order of precedence governs: (a) the body of this Agreement; (b) the exhibits, schedules, attachments, and appendices attached hereto; (c) Orders (except as expressly agreed to by the Parties that an Order provision supersedes the Agreement); (d) the Web Terms and any other documents incorporated herein by reference; and (d) the Documentation.

18.2. Assignment. The Agreement shall bind the Parties and their respective successors and assigns. PDDS may assign the Agreement to a third party without Client's prior written consent. Client may assign the Agreement to an affiliate or due to a change of control or corporate reorganization upon prior written notice to PDDS and subject to the execution by Client and the applicable assignee of an assignment and assumption agreement in a form reasonably acceptable to PDDS.

18.3. Force Majeure. Neither Party will be responsible for any failure to perform due to causes beyond its reasonable control, including acts of God, acts of terrorism, war, riot, embargoes, acts of civil or military authorities, national disasters, strikes and the like, except that this provision shall not limit Client's obligation to make payments under the Agreement.

18.4. Governing Law and General Provisions. This Agreement will be governed by the laws of the State of California, USA, excluding the application of its conflicts of law rules. This Agreement will not be governed by the United Nations Convention on Contracts for the International Sale of Goods, the application of which is expressly excluded. If any part of this Agreement is found void and unenforceable, it will not affect the validity

Docusign Envelope ID: 56EA91F8-46D5-47C8-AD1E-5F8064566E4C

of the remainder of the Agreement, which shall remain valid and enforceable according to its terms. The word "including" shall mean "including without limitation" and "including but not limited to" to provide the broadest interpretation. The headings contained in this Agreement are for reference only and shall not affect the meaning or interpretation of this Agreement. PDDS' failure to exercise or enforce any right or power under this Agreement shall not constitute a waiver of such right or power.

18.5. Non-Disparagement. The Parties agree not to disparage to any other person or entity each other or any of their business or businesses, business ventures, business transactions, or business operations, marketing, management, or any other business related activities whatsoever, or anything else about any or all of them, whether learned before, on or after the date of this Agreement.

18.6. Third Parties. Nothing contained in this Agreement is intended to confer upon any person other than the Parties hereto and their respective successors and permitted assigns, any benefit, right or remedy under or by reason of this Agreement, except with respect to PDDS Parties who shall be deemed third party beneficiaries under this Agreement but solely with respect to those terms that specifically reference a PDDS Party or the PDDS Parties.

18.7. Notices. Any notice or communication from one Party to the other is to be in writing and either personally delivered or sent via certified mail, postage prepaid and return receipt requested to the addresses below. In addition, the Parties may use e-mail for notice, provided that the receiving Party acknowledges receipt of the e- mail in writing, such acknowledgment not to be unreasonably withheld. All notices are to be in English and will be effective upon receipt or, in the case of e-mail notice, upon written acknowledgment. To be clear, an automatically generated e-mail response, such as one designed to alert recipients that the sender is out of the office and unable to respond to e-mails, shall not constitute acknowledgment for purposes of this Section.

Notices required under this Agreement shall be delivered personally or by first-class, postage pre-paid mail to Client and PDDS's contract administrators at the addresses listed below:

19. INSURANCE.

19.1. Other Insurance Requirements. All insurance required by this Agreement shall be issued and executed by an admitted insurer authorized to transact insurance business in the State of California. Unless otherwise specified by this Agreement, all such insurance shall be written on an occurrence basis, or, if the policy is not written on an occurrence basis, such policy with the coverage required herein shall continue in effect for a period of three (3) years following the date PDDS completes its performance of services under this Agreement.

19.2. As between PDDS and Client, PDDS shall be responsible for ensuring that any subcontractor engaged by PDDS in connection with the Services complies with the terms and conditions of this Agreement.

19.3. Commercial General Liability Insurance: including but not limited to premises and operations, including coverage for Bodily Injury and Property Damage, Personal Injury, Contractual Liability, Broad Form Property Damage, Independent Contractors, Products and Completed Operations, with a combined single limit for Bodily Injury and Property Damage of not less than $1,000,000 per occurrence and $2,000,000 in the aggregate.

19.4. Worker's Compensation Insurance: If PDDS employs others in the performance of this Agreement, in accordance with California Labor Code section 3700 and with Employer's Liability limits not less than $1,000,000 each person, $1,000,000 each accident and $1,000,000 each disease.

19.5. Waiver of Subrogation: Regarding Commercial General Liability and Automobile Liability policies, CONTRACTOR hereby grants to County a waiver of any rights to subrogation which any insurer of said CONTRACTOR may acquire against the County by virtue of the payment of any loss under such insurance. CONTRACTOR agrees to obtain any endorsement that may be necessary to affect this waiver of subrogation, but this provision applies regardless of whether or not the County has received a waiver of subrogation endorsements from the insurer.

19.6. Prior to the execution of this Agreement by Client, PDDS shall provide certificates of insurance to Client evidencing insurance satisfactory to Client. PDDS shall notify Client and provide a new or amended certificate of insurance within thirty (30) calendar days after any material change is made in such insurance. Acceptance or approval of insurance shall in no way modify or change the indemnification clause in this Agreement, which shall continue in full force and effect.

19.7. PDDS shall at all times during the term of this Agreement maintain in force the insurance coverage required under this Agreement and shall send, upon request by Client, annual certificates to Client. Failure by PDDS to maintain such insurance coverage is a breach of this Agreement, which entitles PDDS, at its sole and absolute discretion, to terminate this Agreement in accordance with Section 17.1.

3. Licensed Users may not be computerized bots, scripts, screen scrapers and/or any other automated mechanism designed to access the Services posing as a human user, and no Licensed User shall permit their Licensed User ID to be used with any such automated mechanism.

4. Except where otherwise set forth in the applicable Order, a Licensed User is restricted to accessing the Services via a single device and may not maintain active sessions on multiple devices simultaneously. Inactive sessions may be auto-terminated as an added security precaution.

EXHIBIT B – SUPPORT

1. Enterprise Clients.

1.1. Client shall provide a person(s) or team(s) of Level 1 Support personnel to act as its internal Help Desk(s).

1.2. Level 1 Support, provided by Client's internal Help Desk, is the first line of support for all Licensed Users of Client, responsible for resolving issues raised by its Licensed Users, except those of an unusual, technical or defective nature.

1.3. If Client's Help Desk cannot, after a reasonable expenditure of time and effort, resolve an issue raised by its Licensed Users, the issue may then be escalated to Level 2 Support. Level 2 Support is provided by PDDS.

1.4. PDDS shall provide unlimited Level 2 Support to Client's Help Desk. Level 2 Support will be provided during PDDS' normal business hours.

1.5. Level 2 Support typically addresses issues of an infrequent, unusual, technical, or defective nature, issues that are not typically encountered.

1.6. Level 2 Support shall support Client's Help Desk but will not directly support Client's Licensed users.

1.7. A resolution by Level 2 Support may require the assistance of Client's Help Desk. Any resolution of an issue by Level 2 Support shall be propagated by Client's Help Desk to the appropriate Licensed User(s).

1.8. Should PDDS determine that some portion of the Level 2 Support it is providing to Client is in fact training or Level 1 Support, PDDS reserves the right to bill Client for these services at the Training Rate therefor

2. Single Practice Clients.

2.1. Client shall designate a person or team to act as its Support Contact.

2.2. PDDS shall provide unlimited Level 1 and 2 Support via Client's Support Contact. Support will be provided during PDDS' normal business hours.

EXHIBIT C – DATA CONVERSION

1. Standard Conversion Services. Conversion of historical data included in the bundled Denticon implementation services fee is set forth on the following table. Data and document conversion may not be available for every system, and the compatible data available from each system may vary; the conversion checklist provided by the PDDS sales representative and referenced in the Order contains specific details regarding the data that can and cannot be converted from supported systems.

Standard Conversion History

Transactional Data (prior history, treatments, financial transactions, etc.)	10 years of historical data
Treatment Plans	2 years of historical data
Appointment History	Future appointments plus 30 days prior to go-live

2. Non-Standard Conversion Services. The following items may be considered non-standard and incur additional costs as outlined in the following table. Please see the conversion checklist for specific details regarding the data that can and cannot be converted from supported systems.

Non-Standard Items

Item	**Price**
Perio Charting	$350
Pre-Existing Conditions	$350
Subscriber Information	$350

3. Trial Conversions. PDDS will perform at least one trial conversion to ensure the data was converted accurately from Client's source system. PDDS will provide audit sheets and asks that Client review the data thoroughly to ensure accuracy and identify any requested enhancements. Should issues be identified, additional trials may be necessary to validate results. Additional trial conversions to verify results can be completed with Client approval at an additional cost of $750 per location.

4. Custom Conversion Services. Custom programming to complete enhanced non-standard conversion work (a "**Custom Conversion**") may be accommodated for an additional fee, assuming the data required for the conversion is available and compatible with Denticon. If Client requests a Custom Conversion, the PDDS conversion team will size the request based on the complexity and level of effort, and the Custom Conversion will be priced based on the following table. Work on the Custom Conversion will begin upon Client approval, and changes to the scheduled trial or go-live may be required to accommodate the additional development time.

Custom Conversion Pricing:

Size	**Price**
XS	$350
S	$700

Docusign Envelope ID: 56EA91F8-46D5-47C8-AD1E-5F8064566E4C

M	$1,400
L	$3,500
XL	$7,000
XXL	$14,000

PDDS typically re-loads the trial environment after any Custom Conversion. If the Custom Conversion requires a re-trial, an additional trial fee of $750 per location may be applied in addition to the cost of the Custom Conversion. If the client chooses not to pay for a re-trial after a Custom Conversion, or if a request for a Custom Conversion is made so late that a re-trial is not possible, PDDS cannot guarantee accuracy of the converted data for go-live. Some items may not be able to be updated or fixed once the data is loaded into the live environment.

5. Post Go-Live Changes. Clients should review trial data carefully and make any requests for enhancements or corrections during the trial phase. Modifying converted data post go-live significantly increases the complexity and risk to production data, so requests for post go-live changes may not be possible in some cases. Post go-live changes are also significantly more expensive, due to the complexity involved with integrating changes into live data. When permitted, post go-live changes may incur a fee of $750 per location in addition to the fees set forth above.

6. Delivery of Historical Data. PDDS will provide scheduled dates for delivery of Client's historical data for both trial and final data conversions. Late fees or delays to trial or go-live dates may result if Client does not deliver such data by the scheduled date.

7. Rescheduling. A $350 late cancellation or rescheduling fee may apply for trials and/or final data conversions if the scheduled extract or upload is rescheduled less than one week prior to the originally scheduled date.

EXHIBIT D – IMPLEMENTATION, SETUP, AND TRAINING

1. Standard package includes the setup, implementation, and training hours set forth on the applicable Order.

2. Unused hours included as part of the standard package are non-transferrable and expire once customer go-live is complete.

3. Any additional setup, implementation, and training sessions will be made available upon written request and are subject to charges of $175 per hour.

4. A $175 fee will be billed for any no-show or late cancellation (less than 24-hour notice) of virtual trainings or setup meetings.

5. PDDS understands that unexpected events may result in customer tardiness to a training or setup meeting and will do its best to review all topics in the remaining meeting time. If an extension is needed to ensure all content is covered, then Client will be billed for the additional time at $175 per hour.

6. Virtual go-live support is sold separately at $175 per hour. A minimum purchase of four hours is required.

7. Onsite training and onsite go-live support are sold separately at a fee of $1,500 per eight-hour day, plus travel and related expenses. A two-day minimum is required for each, and the days must be consecutive. Any training time beyond the included 8-hour sessions will be billed at $175 per hour.

8. Upon Client request, onsite go-live prep/gap data entry can be scheduled the day before onsite go-live support and will be charged at a fee of $1,500 per eight-hour day.

9. All onsite training and support must be scheduled at least six weeks in advance. Once an onsite visit is scheduled, any requested changes are subject to availability and changes must be made at least two weeks prior to the scheduled visit. Any cancellations or changes made within two weeks of the scheduled visit will result in fees of $1,500, plus any non-refundable expenses incurred by PDDS.

EXHIBIT E – AI FEATURES ADDENDUM

If Client has purchased Apteryx XVWeb AI or Apteryx XVWeb AI Integration, the terms of this Exhibit E – AI Features Addendum (““**Addendum**”) will apply to such services. To the extent there is any conflict between this Exhibit E and the Agreement, this Addendum will control. All terms used and not defined herein will have their respective meanings as set forth in the Agreement.

1. AI Features. This Addendum governs Client’s use of the clinical artificial intelligence software functionality and documentation (“**AI Features**”) made available by PDDS under license from the applicable third-party service provider(s) (“**PDDS’ Licensor**”). During the term of this Addendum, PDDS will provide Client with access to the AI Features and deliver to Client through the Services the results of automatic clinical data analysis (the “**Results**”) of digital dental images submitted by Client to the Services (“**Scan(s)**”). For purposes of this Addendum, the Services will include the AI Features and the Data will include the Scan(s).

2. Data License. Client hereby grants to PDDS a limited, worldwide, non-exclusive, royalty-free, fully paid up, non-transferable (except in connection with a permitted assignment of this Addendum) right and license (with right of sublicense to third party service providers in connection with providing the Services) during the term of this Addendum (i) to use, reproduce, host, store, process, transmit, manipulate and display the Data and Results solely in connection with providing the Services to Client; and (ii) to anonymize the Data and Results and aggregate the same with other anonymized data and results such that the identity of Client or any individual cannot be determined or reverse engineered (such anonymized and aggregated data, “**Anonymized Data**”). For clarity, Anonymized Data is not Data.

3. Pilot Subscriptions. Notwithstanding anything to the contrary herein, the warranties, indemnities and other obligations of PDDS and PDDS’ Licensor in the Agreement and this Addendum shall not apply to trials, evaluations or beta functionality of the AI Features, all of which are provided “as is” and “as available.”

4. Client Obligations. In addition to Client’s obligations set forth in the Agreement, Client shall not (and shall require that its Licensed Users do not) and shall not allow any third party to: (i) use the Services for the benefit of any unauthorized third party or for any other purpose not expressly permitted by PDDS or PDDS’ Licensor; (ii) use any robot, spider, scraper or other automated means to access the Services in an unauthorized manner, or engage in any scraping, data-mining, harvesting, data aggregating or indexing of the Services; (iii) create Internet “links” to or from the Services or “frame” or “mirror” any content forming part of the Services, other than on Client’s own intranets or otherwise for its own internal business purposes, or access or search the Services by any means other than the publicly supported interfaces of PDDS and PDDS’ Licensor; (iv) access or use the Services to create a new or competitive product or service or build a new or competitive add-on, module, or enhancement to an existing product or service; or (v) publicly disseminate information regarding the performance of the Services or Results.

5. Term and Termination. The “**Effective Date**” of this Addendum shall be determined (a) as set forth on the applicable Order or (b) if the applicable Order does not specify an effective date, based on the earliest to occur of: (i) the date of first installation of on-premises software (if applicable) or other use of the AI Features; or (ii) sixty (60) days from the date this Addendum is executed. If this determined date occurs from the 1st–15th of the month, the Effective Date shall be the 1st of that month. Should the determined date occur between the 16th-end of month, then the Effective Date shall be the 1st of the following month. This Addendum shall remain in effect for a term commencing on the Effective Date and, unless otherwise set forth on the applicable Order, continuing on a month-

Docusign Envelope ID: 56EA91F8-46D5-47C8-AD1E-5F8064566E4C

to-month basis until terminated. Either Party may terminate this Addendum (x) immediately upon notice if the other Party breaches a material term of this Addendum and fails to remedy that breach within five (5) business days after written notice, which may be electronic, from the terminating Party and (y) without cause at any time upon thirty (30) days' written notice. On termination of this Addendum, all rights granted to Client under this Addendum will cease and Client's access to the AI Features may be disabled. Upon termination or expiration of this Addendum, Sections 6 through 9 of this Addendum, and the sections identified in the Agreement as surviving, as incorporated into this Addendum, shall so survive.

6. Data Security. Client acknowledges and agrees that PDDS' Licensor will have no responsibility for errors in transmission, unauthorized third-party access, loss, corruption, destruction, alteration, or unauthorized disclosure of or access to Data which occurs outside of PDDS' Licensor's reasonable control. Client acknowledges and agrees that PDDS' Licensor does not provide an archiving or data backup service. PDDS' Licensor expressly disclaims all other obligations and liability with respect to storage and data backup.

7. Ownership and Feedback. As between PDDS' Licensor and Client, PDDS' Licensor owns all right, title and interest in and to the AI Features, including all intellectual property and other property rights therein, and PDDS' Licensor expressly reserves all rights to the AI Features not expressly granted to Client herein. To the extent Client submits any feedback to PDDS' Licensor with respect to the AI Features or other PDDS' Licensor products or services, Client grants to PDDS' Licensor a worldwide, nonexclusive, royalty-free, fully paid, perpetual, irrevocable, transferable license (with right of sublicense) to use, reproduce, modify, translate, distribute, adapt, translate, publicly perform and display, import, sell, license, offer for sale, make, have made and otherwise commercially exploit the feedback in any form, media, or technology, whether now known or hereafter developed, without restriction or obligation of any kind.

8. **Warranty Disclaimers and Limitation of Liability**.

a. Disclaimers. THE AI FEATURES AND RESULTS ARE PROVIDED "AS-IS" AND PDDS AND PDDS' LICENSOR DO NOT MAKE ANY REPRESENTATION OR WARRANTY WITH RESPECT THERETO. PDDS AND PDDS' LICENSOR HEREBY DISCLAIM ALL REPRESENTATIONS AND WARRANTIES, EXPRESS, IMPLIED, STATUTORY OR OTHERWISE WITH RESPECT TO THE AI FEATURES AND RESULTS, INCLUDING ANY IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR PURPOSE, AND NON-INFRINGEMENT OF THIRD PARTY RIGHTS, AND ANY WARRANTY ARISING THROUGH COURSE OF PERFORMANCE OR USAGE OF TRADE. NEITHER PDDS NOR PDDS' LICENSOR NOR ITS OR THEIR EMPLOYEES, AFFILIATES, SUBSIDIARIES, CONTRACTORS, REPRESENTATIVES OR CONSULTANTS SHALL HAVE ANY RESPONSIBILITY TO CLIENT OR CLIENT'S USERS WHO USE THE AI FEATURES, OR ANY THIRD PARTY, FOR DIAGNOSIS, TREATMENT, OR MEDICAL PROCEDURES OR PRESCRIPTIONS FOR OR WITH RESPECT TO ANY PATIENT, OR OTHER PROVISION OF HEALTH CARE SERVICES. PDDS AND PDDS' LICENSOR DO NOT WARRANT THAT CLIENT'S USE OF THE AI FEATURES WILL BE SECURE, UNINTERRUPTED OR ERROR-FREE, NOR DO PDDS AND PDDS' LICENSOR WARRANT THAT THE RESULTS WILL BE ACCURATE OR RELIABLE. PDDS AND PDDS' LICENSOR DO NOT WARRANT THAT THEY WILL REVIEW THE DATA SUBMITTED TO THE AI FEATURES FOR ACCURACY OR THAT THEY WILL PRESERVE OR MAINTAIN THE DATA WITHOUT LOSS OR CORRUPTION. PDDS AND PDDS' LICENSOR SHALL NOT BE LIABLE FOR THE RESULTS OF ANY COMMUNICATIONS SENT OR ANY COMMUNICATIONS THAT WERE FAILED TO BE SENT USING THE AI FEATURES. PDDS AND PDDS' LICENSOR SHALL NOT BE LIABLE FOR DELAYS, INTERRUPTIONS, SERVICE FAILURES OR OTHER PROBLEMS INHERENT IN USE OF THE INTERNET AND ELECTRONIC COMMUNICATIONS, THIRD-PARTY PLATFORMS OR OTHER SYSTEMS OUTSIDE THE REASONABLE CONTROL OF PDDS AND PDDS' LICENSOR. PDDS AND PDDS' LICENSOR EXPRESSLY DISCLAIM

Docusign Envelope ID: 56EA91F8-46D5-47C8-AD1E-5F8064566E4C

ANY REPRESENTATIONS OR WARRANTIES THAT CLIENT'S USE OF THE AI FEATURES WILL SATISFY ANY STATUTORY OR REGULATORY OBLIGATIONS, OR WILL ASSIST WITH, GUARANTEE OR OTHERWISE ENSURE COMPLIANCE WITH ANY APPLICABLE LAWS OR REGULATIONS. CLIENT IS SOLELY RESPONSIBLE FOR ENSURING THAT CLIENT'S AND ITS USERS' USE OF AND ACCESS TO THE AI FEATURES IS IN ACCORDANCE WITH APPLICABLE LAW. CLIENT MAY HAVE OTHER STATUTORY RIGHTS, BUT THE DURATION OF STATUTORILY REQUIRED WARRANTIES, IF ANY, SHALL BE LIMITED TO THE SHORTEST PERIOD PERMITTED BY LAW. TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, PDDS' AND PDDS' LICENSOR' LIABILITY UNDER ANY IMPLIED OR STATUTORY WARRANTY, CONDITION, TERM, REPRESENTATION, UNDERTAKING OR GUARANTY WHICH CANNOT BE LEGALLY EXCLUDED IS LIMITED IN RESPECT OF THE AI FEATURES. PDDS and PDDS' Licensor are not engaged in the practice of dentistry, and the AI Features and Results provided under this Agreement shall not be considered medical advice. Client acknowledges that the AI Features and any Results are not standalone clinical decision tools. Analytics or Results produced by the AI Features are not intended to be medical advice or instructions for medical diagnosis, treatment or care of persons and are designed to be used in conjunction with other processes and procedures used by Client or its users to provide care to patients under the supervision of appropriate healthcare professionals. Business Associate agrees to take reasonable steps, including providing adequate training to its employees to ensure compliance with this BAA and to ensure that the actions or omissions of its employees or agents do not cause Business Associate to breach the terms of this BAA.

4. Reporting Disclosures of PHI and Security Incidents. Business Associate will report to Covered Entity in writing (a) any use or disclosure of PHI not provided for by this BAA of which it becomes aware, including Breaches of Unsecured PHI as required by 45 C.F.R. § 164.410, and (b) any Security Incident of which it becomes aware. 6. **Mitigation of Disclosures of PHI**. Business Associate will take reasonable measures to mitigate, to the extent practicable, any harmful effect that is known to Business Associate of any use or disclosure of PHI by Business Associate or its agents or subcontractors in violation of the requirements of this BAA.

7. **Agreements with Agents or Subcontractors**. Business Associate will ensure that any of its agents or subcontractors that have access to, or to which Business Associate provides, PHI agree in writing to the restrictions and conditions concerning uses and disclosures of PHI contained in this BAA and agree to implement reasonable and appropriate safeguards to protect any Electronic PHI that it creates, receives, maintains or transmits on behalf of Business Associate or, through the Business Associate, Covered Entity. Business Associate shall ensure that all subcontracts and agreements provide the same level of privacy and security as this BAA.

8. **Audit Report.** Upon request, Business Associate will provide Covered Entity, or upstream Business Associate, with a copy of its most recent independent HIPAA compliance report (AT-C 315), HITRUST certification or other mutually agreed upon independent standards based third party audit report. Covered entity agrees not to re-disclose Business Associate's audit report.

9. **Access to PHI by Individuals.**

(a) Upon request, Business Associate agrees to furnish Covered Entity with copies of the PHI maintained by Business Associate in a Designated Record Set in the time and manner designated by Covered Entity to enable Covered Entity to respond to an Individual's request for access to PHI under 45 CFR §164.524.

(b) In the event any Individual or personal representative requests access to the Individual's PHI directly from Business Associate, Business Associate within ten business days, will forward that request to Covered Entity. Any disclosure of, or decision not to disclose, the PHI requested by an Individual or a personal representative and compliance with the requirements applicable to an Individual's right to obtain access to PHI shall be the sole responsibility of Covered Entity.

10. **Amendment of PHI.**

(a) Upon request and instruction from Covered Entity, Business Associate will amend PHI or a record about an Individual in a Designated Record Set that is maintained by, or otherwise within the possession of, Business Associate as directed by Covered Entity in accordance with procedures established by 45 CFR §164.526. Business Associate also will make available information related to such disclosures as would be required for Covered Entity to respond to a request for an accounting of disclosures in accordance with 45 CFR §164.528. At a minimum, Business Associate will furnish Covered Entity the following with respect to any covered disclosures by Business Associate: (i) the date of disclosure of PHI; (ii) the name of the entity or person who received

Docusign Envelope ID: 56EA91F8-46D5-47C8-AD1E-5F8064566E4C

PHI, and, if known, the address of such entity or person; (iii) a brief description of the PHI disclosed; and (iv) a brief statement of the purpose of the disclosure which includes the basis for such disclosure.

(b) Business Associate will furnish to Covered Entity information collected in accordance with this Section 11, within ten business days after written request by Covered Entity, to permit Covered Entity to make an accounting of disclosures as required by 45 CFR §164.528, or in the event that Covered Entity elects to provide an Individual with a list of its business associates, Business Associate will provide an accounting of its disclosures of PHI upon request of the Individual, if and to the extent that such accounting is required under the HITECH Act or under HHS regulations adopted in connection with the HITECH Act.

(c) In the event an Individual delivers the initial request for an accounting directly to Business Associate, Business Associate will within ten business days forward such request to Covered Entity.

12. Availability of Books and Records. Business Associate will make available its internal practices, books, agreements, records, and policies and procedures relating to the use and disclosure of PHI, upon request, to the Secretary of HHS for purposes of determining Covered Entity's and Business Associate's compliance with HIPAA, and this BAA.

13. Responsibilities of Covered Entity. With regard to the use and/or disclosure of Protected Health Information by Business Associate, Covered Entity agrees to:

(a) Notify Business Associate of any limitation(s) in its notice of privacy practices in accordance with 45 CFR §164.520, to the extent that such limitation may affect Business Associate's use or disclosure of PHI.

(b) Notify Business Associate of any changes in, or revocation of, permission by an Individual to use or disclose Protected Health Information, to the extent that such changes may affect Business Associate's use or disclosure of PHI.

(c) Notify Business Associate of any restriction to the use or disclosure of PHI that Covered Entity has agreed to in accordance with 45 CFR §164.522, to the extent that such restriction may affect Business Associate's use or disclosure of PHI.

(d) Except for data aggregation or management and administrative activities of Business Associate, Covered Entity shall not request Business Associate to use or disclose PHI in any manner that would not be permissible under HIPAA if done by Covered Entity.

14. Data Ownership. Business Associate's data stewardship does not confer ownership rights on Business Associate with respect to any PHI created, received, maintained or transmitted by it under the Agreement.

15. Term and Termination.

(a) This BAA will become effective on the date first written above and will continue in effect until all obligations of the Parties have been met under the Agreement and under this BAA.

(b) Covered Entity may terminate immediately this BAA, the Agreement, and any other related agreements if Covered Entity makes a determination that Business Associate has breached a material term of this BAA and Business Associate has failed to cure that material breach, to Covered Entity's reasonable satisfaction, within 30 days after written notice from Covered Entity. Covered Entity may report the problem to the Secretary of HHS if termination is not feasible.

(c) If Business Associate determines that Covered Entity has breached a material term of this

Docusign Envelope ID: 56EA91F8-46D5-47C8-AD1E-5F8064566E4C

BAA, then Business Associate will provide Covered Entity with written notice of the existence of the breach and shall provide Covered Entity with 30 days to cure the breach. Covered Entity's failure to cure the breach within the 30-day period will be grounds for immediate termination of the Agreement and this BAA by Business Associate. Business Associate may report the breach to HHS.

(d) Upon termination of the Agreement or this BAA for any reason, all PHI maintained by Business Associate will be returned to Covered Entity or destroyed by Business Associate. Business Associate will not retain any copies of such information. This provision will apply to PHI in the possession of Business Associate's agents and subcontractors. If such return or destruction of the PHI is not feasible, in Business Associate's reasonable judgment, Business Associate will extend the protections of this BAA to such information for as long as Business Associate retains such information and will limit further uses and disclosures to those purposes that make the return or destruction of the information not feasible. The Parties understand that this Section 15.(d) will survive any termination of this BAA.

16. Effect of BAA.

(a) This BAA is a part of and subject to the terms of the Agreement. In the event of any inconsistency between the provisions of this BAA and the Agreement, the provisions of the Agreement shall control unless it would result in a violation of HIPAA, in which case this BAA shall control. In the event of inconsistency between the provisions of this BAA and mandatory provisions of the Privacy Rule, the Security Rule or the HITECH Act, as amended, or their interpretation by any court or regulatory agency with authority over Business Associate or Covered Entity, such interpretation shall control. Where provisions of this BAA are different from those mandated in the Privacy Rule, the Security Rule, or the HITECH Act, but are nonetheless permitted by such rules as interpreted by courts or agencies, the provisions of this BAA shall control.

(b) Except as expressly stated in this BAA or as provided by law, this BAA will not create any rights in favor of any third party.

17. Regulatory References. A reference in this BAA to a section in HIPAA means the section as in effect or as amended at the time.

18. Notices. All notices, requests and demands or other communications to be given to a Party under this BAA shall be provided in writing to such Party's address set forth in the signature block below, or to such other address as may be designated by such Party by notice to the other Party, and shall reference this BAA.

19. Amendments and Waiver. Upon the effective date of any federal statute or regulation amending or expanding HIPAA that is applicable to this BAA, this BAA shall be deemed automatically amended to the extent necessary for the obligations imposed on Covered Entity and Business Associate herein to remain in compliance with HIPAA, as so amended or expanded. Except as provided in the preceding sentence, this BAA may not be modified, nor will any provision be waived or amended, except in writing duly signed by authorized representatives of the Parties. A waiver with respect to one event shall not be construed as continuing, or as a bar to or waiver of any right or remedy as to subsequent events.

IN WITNESS WHEREOF, Covered Entity and Business Associate execute this BAA effective as of the date first written above.

a. Approve and authorize the Director of Health Services or designee to ratify the executed Participation Agreement No. 12725-MONT-PICR-25_26 between the County of Monterey and the California Mental Health Services Authority for the provision of psychiatric inpatient authorization services, for a maximum County obligation of $268,968 for the term of July 1, 2025 through June 30, 2026; and
b. Approve and authorize the Director of Health Services or designee to execute up to three (3) future amendments that do not exceed 10% ($26,896) of the original agreement, do not significantly change the scope of services, and do not increase the total not to exceed amount over $295,864.

RECOMMENDATION:

It is recommended that the Board of Supervisors:
a. Approve and authorize the Director of Health Services or designee to ratify the executed Participation Agreement No. 12725-MONT-PICR-25_26 between the County of Monterey and the California Mental Health Services Authority for the provision of psychiatric inpatient authorization services, for a maximum County obligation of $268,968 for the term of July 1, 2025 through June 30, 2026; and
b. Approve and authorize the Director of Health Services or designee to execute up to three (3) future amendments that do not exceed 10% ($26,896) of the original agreement, do not significantly change the scope of services, and do not increase the total not to exceed amount over $295,864.

SUMMARY:

Participation Agreement No. 12725-MONT-PICR-25_26 must be ratified to make whole the status of its execution. The Participation Agreement, which maintains a total NTE amount of $268,968 for FY 2025-26, was inadvertently and erroneously approved and executed under the auspices of Board Order No. 34 pertaining to Agreement No. A-17338, wherein the Director of Health Services or designee may execute subcontractor agreements associated with the California Mental Health Services Authority that are not in excess of $200,000.

DISCUSSION:

Board action on February 10, 2009, approved and authorized County of Monterey Department of

Health to participate as a member of the California Mental Health Services Authority (CalMHSA) to jointly develop and fund mental health services and education programs. Any services performed by CalMHSA on behalf of its members are entered into upon execution of a specific Participation Agreement.

Board action on July 10, 2025, as reflected in Board Order No. 34 pertaining to Agreement No. A-17338, approved and authorized the Director of Health or designee to execute subcontractor agreements that are associated with continued funding agreements for designated programs, wherein CalMHSA agreements are identified and included. Participation Agreement No. 12725-MONT-PICR-25_26 was approved and executed June 27, 2025 under the auspices of the July 10, 2025 Board action. However, this approval and execution was made in inadvertent error as the agreement as total NTE amount of $268,968 of the agreement exceeds the allowable $200,000 threshold. For this reason, staff is seeking ratification by the board to make whole the execution status of Participation Agreement No. 12725-MONT-PICR-25-26.

OTHER AGENCY INVOLVEMENT/COMMITTEE ACTIONS:
The Offices of the County Counsel and Auditor-Controller have reviewed and approved this agreement as to legal form and fiscal provisions, respectively.

FINANCING:
This Agreement is funded by Realignment. The funds for this Agreement are included in the Health Department Behavioral Health Bureau (HEA012, Unit 8410) Fiscal Year (FY) 2025-26 Adopted Budget.

Matter Type: BoS Agreement

a. Approve and authorize the Director of Health Services or designee to ratify the executed Participation Agreement No. 12725-MONT-PICR-25_26 between the County of Monterey and the California Mental Health Services Authority for the provision of psychiatric inpatient authorization services, for a maximum County obligation of $268,968 for the term of July 1, 2025 through June 30, 2026; and
b. Approve and authorize the Director of Health Services or designee to execute up to three (3) future amendments that do not exceed 10% ($26,896) of the original agreement, do not significantly change the scope of services, and do not increase the total not to exceed amount over $295,864.

RECOMMENDATION:
It is recommended that the Board of Supervisors:
a. Approve and authorize the Director of Health Services or designee to ratify the executed Participation Agreement No. 12725-MONT-PICR-25_26 between the County of Monterey and the California Mental Health Services Authority for the provision of psychiatric inpatient authorization services, for a maximum County obligation of $268,968 for the term of July 1, 2025 through June 30, 2026; and
b. Approve and authorize the Director of Health Services or designee to execute up to three (3) future amendments that do not exceed 10% ($26,896) of the original agreement, do not significantly change the scope of services, and do not increase the total not to exceed amount over $295,864.

SUMMARY:
Participation Agreement No. 12725-MONT-PICR-25_26 must be ratified to make whole the status of its execution. The Participation Agreement, which maintains a total NTE amount of $268,968 for FY 2025-26, was inadvertently and erroneously approved and executed under the auspices of Board Order No. 34 pertaining to Agreement No. A-17338, wherein the Director of Health Services or designee may execute subcontractor agreements associated with the California Mental Health Services Authority that are not in excess of $200,000.

DISCUSSION:
Board action on February 10, 2009, approved and authorized County of Monterey Department of Health to participate as a member of the California Mental Health Services Authority (CalMHSA) to jointly develop and fund mental health services and education programs. Any services performed by CalMHSA on behalf of its members are entered into upon execution of a specific Participation Agreement.

Board action on July 10, 2025, as reflected in Board Order No. 34 pertaining to Agreement No. A-17338, approved and authorized the Director of Health or designee to execute subcontractor agreements that are associated with continued funding agreements for designated programs, wherein CalMHSA agreements are identified and included. Participation Agreement No. 12725-MONT-PICR-25_26 was approved and executed June 27, 2025 under the auspices of the July 10, 2025 Board action. However, this approval and execution was made in inadvertent error as the agreement as total NTE amount of $268,968 of the agreement exceeds the allowable $200,000 threshold. For this reason, staff is seeking ratification by the board to make whole the execution status of Participation Agreement No. 12725-MONT-PICR-25-26.

OTHER AGENCY INVOLVEMENT/COMMITTEE ACTIONS:
The Offices of the County Counsel and Auditor-Controller have reviewed and approved this agreement as to legal form and fiscal provisions, respectively.

FINANCING:
This Agreement is funded by Realignment. The funds for this Agreement are included in the Health Department Behavioral Health Bureau (HEA012, Unit 8410) Fiscal Year (FY) 2025-26 Adopted Budget.

Objective

CalMHSA shall administer this Program to assist participating counties in conducting concurrent review and authorization for all psychiatric inpatient hospital and psychiatric health facility services on behalf of participating California County Mental Health Plans ("MHPs").

Per the Department of Health Care Services ("DHCS") Behavioral Health Information Notices (BHIN) 19-026 and BHIN 22-017, MHPs are required to conduct concurrent review and authorization for all psychiatric inpatient hospital services and psychiatric health facility services. These BHINs outline policy changes implemented to ensure an MHPs' compliance with the Parity in Mental Health and Substance Use Disorder Services Final Rule (Parity Rule; Title 42 of the CFR, part 438.910).

By utilizing a technology-assisted concurrent review process, a consistent and efficient review process will support MHP compliance with BHINs 19-026 and 22-017 (or any additional or superseding BHIN), and the Parity in Mental Health and Substance Use Disorder Services Final Rule (Parity Rule; Tittle 42 of the CFR, part 438.910).

CalMHSA has entered into a services contract ("Service Agreement") with Acentra Health (formerly known as Kepro/Keystone Peer Review Organization, Inc. ("Contractor")) to provide participating counties a web-enabled utilization review platform and clinical services to carry out psychiatric inpatient concurrent review and authorization services on behalf of multiple California County MHPs.

CalMHSA shall work closely with Contractor to coordinate implementation and onboarding of participating counties. Participants shall submit their Monthly MEDS Extract File ("MMEF") to Contractor via secure transfer utilizing Dropbox or a successor application, as determined by CalMHSA. For Participants utilizing the SmartCare electronic health record, Participant authorizes CalMHSA to import Participant's MMEF data from Participant's CalMHSA SmartCare instance, or any other data sources as otherwise agreed upon between CalMHSA and Participant, directly to Dropbox.

MHPs delegating concurrent review and authorization services to Contractor will range in size from small/rural to large counties and will be located throughout California. Although the review and authorization requirements are uniform, the communication needs of the participating counties or inpatient psychiatric hospitals where county beneficiaries are hospitalized may vary.

There must be a documented patch management process which determines installation timeframe based on risk assessment and vendor recommendations. At a maximum, all applicable patches must be installed within 30 days of vendor release. Applications and systems that cannot be patched within this time frame due to significant operational reasons must have compensatory controls implemented to minimize risk until the patches can be installed. Applications and systems that cannot be patched must have compensatory controls implemented to minimize risk, where possible.

g. **User IDs and Password Controls**. All users must be issued a unique user name for accessing DHCS PHI or Pl. Username must be promptly disabled, deleted, or the password changed upon the transfer or termination of an employee with knowledge of the password. Passwords are not to be shared. Media may also be physically destroyed in accordance with NIST Special Publication 800-88. Other methods require prior written permission of the DHCS Information Security Office.

m. **System Timeout**. The system providing access to DHCS PHI or PI must provide an automatic timeout, requiring re-authentication of the user session after no more than 20 minutes of inactivity.

n. **Warning Banners**. All systems providing access to DHCS PHI or PI must display a warning banner stating that data is confidential, systems are logged, and system use is for business purposes only by authorized users. User must be directed to log off the system if they do not agree with these requirements.

o. **System Logging**. The system must maintain an automated audit trail which can identify the user or system process which initiates a request for DHCS PHI or PI, or which alters DHCS PHI or Pl. The audit trail must be date and time stamped, must log both successful and failed accesses, must be read only, and must be restricted to authorized users. If DHCS PHI or PI is stored in a database, database logging functionality must be enabled. Audit trail data must be archived for at least 3 years after occurrence.

p. **Access Controls**. The system providing access to DHCS PHI or PI must use role based access controls for all user authentications, enforcing the principle of least privilege.

RECOMMENDATION:

It is recommended that the Board of Supervisors:
a. Approve and Authorize the Sheriff or Sheriff's designee to sign a retroactive Memorandum of Understanding (MOU) with the Law enforcement Agencies for the funding of one (1) Records Specialist II position, in the amount of $115,699 who provide support to law enforcement agencies/departments after hours, weekends and holidays, effective July 1, 2025; and

SUMMARY/DISCUSSION:

Current financial challenges faced by the County of Monterey necessitated an over $5 million reduction in the Monterey County Sheriff's Office FY25-26 budget. This led to the elimination of 28 vacant positions at the Sheriff's Office which included 6 professional staff positions in the Sheriff's Office Records Division. Future fiscal year projections at this time indicate the County of Monterey will continue to face financial challenges in FY26-27 and FY27-28 with unknown impacts on the Sheriff's Office budget at this time. As a result of the financial challenges facing the County of Monterey and reduction in Sheriff's Office staffing an evaluation of services being provided to the

community and our municipal partners was initiated. As a result it was determined the Sheriff's Office has been supplementing the services of numerous municipal law enforcement partners, that are their legal requirement, at no cost; therefore, the Sheriff's Office is seeking approval of this Memorandum of Understanding (MOU) with the following municipalities and their Police Departments: City of Gonzales, City of Greenfield, City of King, City of Marina, City of Sand, City of Soledad.

The above-mentioned municipal police departments do not have sufficient independent staffing within their agencies to meet their compliance requirements 24 hours pers day/7 days per week mandated by the California Law enforcement Telecommunications Systems (CLETS) Polices, Practices and Procedures. Due to insufficient staffing in their respective agencies it is cost effective for the noted municipal police departments to share the expenses for one (1) Sheriff's Office Records Specialist II position. The purpose of this MOU is to define the parameters of service the Sheriff's Office will provide Monday thru Friday from 1700-0800, all day Saturday and Sunday and all Holidays when the noted municipal police departments are closed to the general public allowing the Sheriff's Office to assist in ensuring compliance requirements mandated by the California Law Enforcement Telecommunications Systems (CLETS) Polices, Practices and Procedures are met. The MOU will be reviewed annually to ensure that the cost for the one (1) Records Specialist II position will continue to be covered by the participating agencies.

OTHER AGENCY INVOLVEMENT:
County Counsel and the Auditor/Controller have reviewed this document and approved as to legal and fiscal provisions, respectively. The noted municipal police departments have been provided an opportunity to elect or decline to participate in this shared services agreement. This item was presented at the September 24, 2025 Board of Supervisors Budget Committee meeting.

FINANCING:
The revenue generated by this MOU will be paid by Subscribing Agencies and included in future fiscal year budgets if the Subscribing Agencies elect to continue to participate. There will be no increase in General Fund contributions to the Sheriff's Office as a result of this board action.

RECOMMENDATION:

It is recommended that the Board of Supervisors:
a. Approve and authorize the County Administrative Officer or designee to execute Amendment No. 2 to Agreement A-17197 with Step Up on Second Street, Inc. to add $132,481 to provide rapid rehousing, transitional, and supportive services to assist with transitioning chronically homeless program participants participating in the former Homekey King City program into permanent supportive housing for a total contract amount of $1,849,663 with no change to the term of November 1, 2024, to June 30, 2027; and
b. Approve and authorize the County Administrative Officer or designee, to sign up to an additional three (3) future amendments to this agreement where amendments do not exceed 10% ($184,966) and do not significantly alter the scope of services as determined by the Director of the Homelessness Strategies and Initiatives Division and subject to approval by County Counsel.

SUMMARY/DISCUSSION:

This Amendment No. 2 to Agreement A-17197 with Step Up on Second Street, Inc. (“Step Up”) is to add $132,481 to provide additional rapid rehousing, transitional, and supportive services to assist with transitioning chronically homeless individuals currently sheltering at the Monarch Inn King City into Casa de Esperanza, a permanent supportive housing program, for a total contract amount of $1,849,663 with no change to the term of November 1, 2024, to June 30, 2027.
Step Up is a 501(c)(3) non-profit organization and full-service mental health agency that has been serving communities nationwide since 1994, offering both permanent and interim supportive housing services. Step Up is a recognized industry leader in delivering housing navigation and supportive housing services in Monterey County.

Since March 2023, Step Up has provided the individuals formerly residing in an encampment along the Salinas River near King City with transitional and supportive services that are also enrolled in a Permanent Supportive Housing (PSH) project, formerly known as Homekey King City, originally planned for development at the Days Inn motel located at 1130 Broadway Street. In the interim, participants were temporarily housed at the nearby Monarch Inn (60 Broadway Street, King City) while construction of the permanent site was underway.

However, development of the PSH site faced significant delays due to financial challenges with the original Homekey developer, Shangri-La Industries. In response, a coordinated effort among the County of Monterey, Step Up, the City of King, the California Department of Housing and Community Development (HCD), the Housing Authority of the County of Monterey (HACM), and the Central California Alliance for Health (CCAH) secured the project's preservation through various grant funding sources from the County, King City, HCD, CCAH, and the Coalition of Homeless Services Providers. As part of this collaborative solution, HACM was selected as the new developer of the PSH site.

In June 2025, HACM acquired the Days Inn property, and renovations are now underway to convert the motel into *Casa de Esperanza*-a 44-unit studio PSH project expected to be completed by February 2026. Until that time, the Monarch Inn King City continues to serve as an essential interim housing solution, ensuring uninterrupted shelter and supportive services.

This Amendment No. 2 with Step Up ensures continued delivery of critical housing supportive services until all program participants successfully transition to permanent housing at *Casa de Esperanza*.

OTHER AGENCY INVOLVEMENT:
The Office of the County Counsel-Risk Management, and the Office of the Auditor-Controller have approved the Amendment as to form, insurance, and indemnification.

FINANCING:
There will be no impact on the General Fund from approval of this action. If approved, this Amendment will be financed with the Department of Social Services' Homeless, Housing, Assistance, and Prevention grants rounds 3 and 4 (001-5010-8258-SOC004) in the amount of $132,481. Sufficient appropriations and estimated revenues for SOC004 are included in the Department of Social Services Fiscal Year Adopted Budget 2025-2026.

BOARD OF SUPERVISORS STRATEGIC INITIATIVES:
This initiative supports the County of Monterey's 2025-2026 Strategic Goals and Key Objectives through the sustainability of interim sheltering and services programs for the purpose of transitioning eligible residents into permanent supportive housing.

(“Step Up”) is to add $132,481 to provide additional rapid rehousing, transitional, and supportive services to assist with transitioning chronically homeless individuals currently sheltering at the Monarch Inn King City into Casa de Esperanza, a permanent supportive housing program, for a total contract amount of $1,849,663 with no change to the term of November 1, 2024, to June 30, 2027.
Step Up is a 501(c)(3) non-profit organization and full-service mental health agency that has been serving communities nationwide since 1994, offering both permanent and interim supportive housing services. Step Up is a recognized industry leader in delivering housing navigation and supportive housing services in Monterey County.

Since March 2023, Step Up has provided the individuals formerly residing in an encampment along the Salinas River near King City with transitional and supportive services that are also enrolled in a Permanent Supportive Housing (PSH) project, formerly known as Homekey King City, originally planned for development at the Days Inn motel located at 1130 Broadway Street. In the interim, participants were temporarily housed at the nearby Monarch Inn (60 Broadway Street, King City) while construction of the permanent site was underway.

However, development of the PSH site faced significant delays due to financial challenges with the original Homekey developer, Shangri-La Industries. In response, a coordinated effort among the County of Monterey, Step Up, the City of King, the California Department of Housing and Community Development (HCD), the Housing Authority of the County of Monterey (HACM), and the Central California Alliance for Health (CCAH) secured the project's preservation through various grant funding sources from the County, King City, HCD, CCAH, and the Coalition of Homeless Services Providers. As part of this collaborative solution, HACM was selected as the new developer of the PSH site.

In June 2025, HACM acquired the Days Inn property, and renovations are now underway to convert the motel into *Casa de Esperanza*-a 44-unit studio PSH project expected to be completed by February 2026. Until that time, the Monarch Inn King City continues to serve as an essential interim housing solution, ensuring uninterrupted shelter and supportive services.

This Amendment No. 2 with Step Up ensures continued delivery of critical housing supportive services until all program participants successfully transition to permanent housing at *Casa de Esperanza*.

deemed payment in full for the month in question and may not thereafter be questioned by CONTRACTOR.

No court action may be taken on such dispute until the parties have met and attempted to resolve the dispute in person.

II. PERFORMANCE STANDARDS & COMPLIANCE

2.01 Outcome objectives and performance standards: CONTRACTOR shall for the entire term of this Agreement provide the service outcomes set forth in **Exhibit A-2.** CONTRACTOR shall meet the contracted level of service and the specified performance standards described in **Exhibit A-2**, unless prevented from doing so by circumstances beyond CONTRACTOR's control, including but not limited to, natural disasters, fire, theft, and shortages of necessary supplies or materials due to labor disputes.

2.02 Housing First Standards. CONTRACTOR shall ensure services provided for the Monarch Inn Interim Sheltering Sites follow the core components of Housing First as defined in the State Welfare and Institutions Code Section 8255(b)," and shall include all of the following:

1. Tenant screening and selection practices that promote accepting applicants regardless of their sobriety or use of substances, completion of treatment, or participation in services.
2. Applicants are not rejected on the basis of poor credit or financial history, poor or lack of rental history, criminal convictions unrelated to tenancy, or behaviors that indicate a lack of "housing readiness."
3. Acceptance of referrals directly from shelters, street outreach, drop-in centers, and other parts of crisis response systems frequented by vulnerable people experiencing homelessness.
4. Supportive services that emphasize engagement and problem solving over therapeutic goals and service plans that are highly tenant-driven without predetermined goals.
5. Participation in services or program compliance is not a condition of permanent housing tenancy.
6. Tenants have a lease and all the rights and responsibilities of tenancy, as outlined in California's Civil, Health and Safety, and Government codes.
7. The use of alcohol or drugs in and of itself, without other lease violations, is not a reason for eviction.
8. In communities with coordinated assessment and entry systems, incentives for funding promote tenant selection plans for supportive housing that prioritize eligible tenants based on criteria other than "first-come-first serve," including, but not limited to, the duration or chronicity of homelessness, vulnerability to early mortality, or high utilization of crisis services. Prioritization may include triage tools, developed through local data, to identify high-cost, high-

need homeless residents.

9. Case managers and service coordinators who are trained in and actively employ evidence-based practices for client engagement, including, but not limited to, motivational interviewing and client-centered counseling.
10. Services are informed by a harm-reduction philosophy that recognizes drug and alcohol use and addiction as a part of tenants' lives, where tenants are engaged in nonjudgmental communication regarding drug and alcohol use, and where tenants are offered education regarding how to avoid risky behaviors and engage in safer practices, as well as connected to evidence-based treatment if the tenant so chooses.
11. The project and specific apartment may include special physical features that accommodate disabilities, reduce harm, and promote health and community and independence among tenants.

2.03 County monitoring of services: COUNTY shall monitor services provided under this Agreement in order to evaluate the effectiveness and quality of services provided.

2.04 Notice of defective performance: COUNTY shall notify CONTRACTOR in writing within thirty (30) days after discovering any defects in CONTRACTOR's performance. CONTRACTOR shall promptly take action to correct the problem and to prevent its recurrence. Such corrective action shall be completed, and a written report made to the COUNTY concerning such action not later than thirty (30) days after the date of the COUNTY's written notice to CONTRACTOR.

2.05 Termination for cause: Notwithstanding Section 7.02 of the Agreement, if the corrective actions required above are not completed and the report to the COUNTY not made within thirty (30) days, the COUNTY may terminate this Agreement by giving five (5) days' written notice to CONTRACTOR.

2.06 Training for Staff: CONTRACTOR shall insure that sufficient training is provided to its volunteer and paid staff to enable them to perform effectively on the project, and to increase their existing level of skills. Additionally, CONTRACTOR shall ensure that all staff completes Division 21 Civil Rights training.

  1) the dangers of drug abuse in the workplace;
  2) the organization's policy of maintaining a drug-free workplace;
  3) any available drug counseling, rehabilitation, and employee assistance programs;
  4) the penalties that may be imposed upon employees for drug abuse violations;
  5) requiring that each employee engaged in the performance of the contract or grant be given a copy of the company's drug-free policy statement and that, as a condition of employment on the contract or grant, the employee agrees to abide by the terms of the statement.

III. CONFIDENTIALITY

CONTRACTOR and its officers, employees, agents, and subcontractors shall comply with Welfare and Institutions (W & I) Code Sec. 10850, 45 CFR Sec. 205.50, and all other applicable provisions of law which provide for the confidentiality of records and prohibit their being opened for examination for any purpose not directly connected with the administration of public social services. Whether or not covered by W&I Code Sec. 10850 or by 45 CFR Sec. 205.50, confidential medical or personnel records and the identities of clients and complainants shall not be disclosed unless there is proper consent to such disclosure or a court order requiring disclosure. 1.06 Disputed payment amount: If COUNTY pays a lesser amount than the amount requested, and if CONTRACTOR submits a written notice of protest to COUNTY within twenty (20) days after CONTRACTOR's receipt of the certification, then the parties shall promptly meet to review the dispute and resolve it on a mutually acceptable basis. No court action may be taken on such dispute until the parties have met and attempted to resolve the dispute in person.

II. PERFORMANCE STANDARDS & COMPLIANCE

2.01 Outcome objectives and performance standards: CONTRACTOR shall for the entire term of this Agreement provide the service outcomes set forth in **Exhibit A-1.** CONTRACTOR shall meet the contracted level of service and the specified performance standards described in **Exhibit A-1**, unless prevented from doing so by circumstances beyond CONTRACTOR's control, including but not limited to, natural disasters, fire, theft, and shortages of necessary supplies or materials due to labor disputes.

2.02 Housing First Standards. CONTRACTOR shall ensure services provided for the Soledad Interim Sheltering Sites follow the core components of Housing First as defined in the State Welfare and Institutions Code Section 8255(b)," and shall include all of the following:

6. Tenants have a lease and all the rights and responsibilities of tenancy, as outlined in California's Civil, Health and Safety, and Government codes.
7. The use of alcohol or drugs in and of itself, without other lease violations, is not a reason for eviction.
8. In communities with coordinated assessment and entry systems, incentives for funding promote tenant selection plans for supportive housing that prioritize eligible tenants based on criteria other than "first-come-first serve," including, but not limited to, the duration or chronicity of homelessness, vulnerability to early mortality, or high utilization of crisis services. Prioritization may include triage tools, developed through local data, to identify high-cost, high-

HOUSING FIRST MANDATE

This Exhibit J ("Exhibit") is hereby incorporated into and made part of the Agreement dated November 1, 2024 ("Agreement") by and between the County of Monterey and Step Up on Second Street, Inc. (“CONTRACTOR”). The purpose of this Exhibit is to establish requirements under Senate Bill (SB) 1380, which mandates all state-funded housing programs to utilize Housing First principles (WIC § 8255). Housing First is an evidence-based, client-centered approach that recognizes housing as necessary to make other voluntary life changes, such as seeking treatment or medical care. This approach is in contrast with the traditional model of rewarding “housing readiness.” The goal of Housing First is to provide housing to individuals and families quickly with as few obstacles as possible, along with voluntary support services according to their needs.

According to Housing First law, the “Core components of Housing First” means all of the following:

a. Tenant screening and selection practices that promote accepting applicants regardless of their sobriety or use of substances, completion of treatment, or participation in services.
b. Applicants are not rejected on the basis of poor credit or financial history, poor or lack of rental history, criminal convictions unrelated to tenancy, or behaviors that indicate a lack of “housing readiness.”
c. Acceptance of referrals directly from shelters, street outreach, drop-in centers, and other parts of crisis response systems frequented by vulnerable people experiencing homelessness.
d. Supportive services that emphasize engagement and problem solving over therapeutic goals and service plans that are highly tenant-driven without predetermined goals.
e. Participation in services or program compliance is not a condition of permanent housing tenancy. Tenants have a lease and all the rights and responsibilities of tenancy, as outlined in California’s Civil, Health and Safety, and Government codes.
f. The use of alcohol or drugs in and of itself, without other lease violations, is not a reason for eviction.
g. In communities with coordinated assessment and entry systems, incentives for funding promote tenant selection plans for supportive housing that prioritize eligible tenants based on criteria other than “first-come-first serve,” including, but not limited to, the duration or chronicity of homelessness, vulnerability to early mortality, or high utilization of crisis services. Prioritization may include triage tools, developed through local data, to identify high-cost, high-need homeless residents.
h. Case managers and service coordinators who are trained in and actively employ evidence-based practices for client engagement, including, but not limited to, motivational interviewing and client-centered counseling.
i. Services are informed by a harm-reduction philosophy that recognizes drug and alcohol use and addiction as a part of tenants’ lives, where tenants are engaged in nonjudgmental communication regarding drug and alcohol use, and where tenants are offered education

Docusign Envelope ID: 2A44490F-C21C-42BF-8D49-ADFA070B0849

regarding how to avoid risky behaviors and engage in safer practices, as well as connected to evidence-based treatment if the tenant so chooses.

j. The project and specific apartment may include special physical features that accommodate disabilities, reduce harm, and promote health and community and independence among tenants.

These components are the minimum efforts required by California State law; however, it is encouraged that all contracted agencies seek trainings to discover other ways you can embed a true Housing First philosophy into your program.

Non-Compliance and Remedies

Failure to comply with Housing First requirements may result in corrective actions, including but not limited to:

- Required remedial training; and
- Withholding of funding until compliance is achieved; and
- Termination of this Agreement for repeated non-compliance.

Docusign Envelope ID: 2A44490F-C21C-42BF-8D49-ADFA070B0849

COORDINATED ENTRY REQUIREMENTS

This Exhibit K ("Exhibit") is hereby incorporated into and made part of the Agreement dated November 1, 2024 ("Agreement") by and between the County of Monterey and Step Up on Second Street, Inc. (“CONTRACTOR”). The purpose of this Exhibit is to establish mandatory requirements for the use of the Coordinated Entry System in accordance with federal, state, and local regulations.

Coordinated Entry is a standardized process used by homeless service systems to ensure that people experiencing or at risk of homelessness are quickly and equitably connected to available housing and services. It is required by the U.S. Department of Housing and Urban Development (HUD) and some State of California homeless programs and aims to prioritize assistance based on vulnerability and need rather than on a first-come, first-served basis.

Key Components of Coordinated Entry:

1. **Standardized Assessment:** Uses a common tool identified by the Coalition of Homeless Services Providers, as the lead Continuum of Care (“CoC”) lead agency, to evaluate individuals’ and families’ needs and vulnerabilities.
2. **Prioritization:** Allocates housing and services based on established criteria, often prioritizing people who are chronically homeless, highly vulnerable, or have the highest needs.
3. **Referral Process:** Matches individuals to the most appropriate available housing and services, such as Permanent Supportive Housing (PSH), Rapid Rehousing (RRH), or Transitional Housing.
4. **Accessibility:** Ensures that all populations, including those with disabilities or language barriers, can access services equitably.
5. **Streamlined Entry System:** Reduces the need for individuals to navigate multiple agencies by centralizing access to resources.

Coordinated Entry is designed to improve the efficiency of homelessness response systems, reduce barriers to housing, and ensure that limited resources are used effectively. In Monterey and San Benito Counties, Coordinated Entry, locally known as the Coordinated Assessment and Referral System (“CARS”), is managed through the local Homeless Management Information System (“HMIS”).

For the purposes of this agreement, CONTRACTOR is hereby mandated to: (Check all that apply.)

☒ Enter all clients experiencing homelessness into CARS for consideration of housing options made available through the program.

☐ Receive client referrals solely through CARS.

Docusign Envelope ID: 2A44490F-C21C-42BF-8D49-ADFA070B0849

☐ Receive client referrals through CARS and other means established in EXHIBIT A of this Agreement.

CONTRACTOR RESPONSIBILITIES

1. **Purpose and Compliance**
   - 1.1. CONTRACTOR shall utilize CARS to ensure that all homeless individuals and families are assessed and prioritized for housing and services in a standardized, equitable, and transparent manner.
   - 1.2. CONTRACTOR shall comply with the requirements set forth in the U.S. Department of Housing and Urban Development (HUD) Continuum of Care (CoC) Program and Emergency Solutions Grant regulations, including 24 CFR Part 578 and the HUD Coordinated Entry Notice.
   - 1.3. CONTRACTOR shall adhere to the CARS Policies and Procedures established by the Coalition of Homeless Services Providers, the local Continuum of Care ("CoC") lead agency, to ensure consistency, fairness, and efficiency in housing referrals and service provision.
2. **Data Entry and Reporting Requirements**
   - 2.1. CONTRACTOR shall enter accurate, complete, and timely data into CARS within 3 business days of client assessment, referral, or service provision.
   - 2.2. CONTRACTOR shall ensure all program participants complete the required Release of Information form prior to data entry in accordance with the CoC's privacy policies.

5.0 PERFORMANCE STANDARDS:

5.01 CONTRACTOR warrants that CONTRACTOR and CONTRACTOR's agents, employees, and subcontractors performing services under this Agreement are specially trained, experienced, competent, and appropriately licensed to perform the work and deliver the services required under this Agreement and are not employees of the County, or immediate family of an employee of the County.

5.02 CONTRACTOR, its agents, employees, and subcontractors shall perform all work in a safe and skillful manner and in compliance with all applicable laws and regulations. All work performed under this Agreement that is required by law to be performed or supervised by licensed personnel shall be performed in accordance with such licensing requirements.

5.03 CONTRACTOR shall furnish, at its own expense, all materials, equipment, and personnel necessary to carry out the terms of this Agreement, except as otherwise specified in this Agreement. CONTRACTOR shall not use County premises, property (including equipment, instruments, or supplies) or personnel for any purpose other than in the performance of its obligations under this Agreement.

6.0 PAYMENT CONDITIONS:

6.01 Prices shall remain firm for the initial term of the Agreement and, thereafter, may be adjusted annually as provided in this paragraph. The County does not guarantee any minimum or maximum amount of dollars to be spent under this Agreement.

7.0 TERMINATION:

7.01 During the term of this Agreement, the County may terminate the Agreement for any reason by giving written notice of termination to the CONTRACTOR at least thirty (30) days prior to the effective date of termination. Such notice shall set forth the effective date of termination. In the event of such termination, the amount payable under this Agreement shall be reduced in proportion to the services provided prior to the date of termination.

Docusign Envelope ID: F5D7AA76-3C6E-4782-B245-B1528938C428

7.02 The County may cancel and terminate this Agreement for good cause effective immediately upon written notice to CONTRACTOR. "Good cause" includes the failure of CONTRACTOR to perform the required services at the time and in the manner provided under this Agreement. If County terminates this Agreement for good cause, the County may be relieved of the payment of any consideration to CONTRACTOR, and the County may proceed with the work in any manner, which County deems proper. The cost to the County shall be deducted from any sum due the CONTRACTOR under this Agreement.

7.03 The County's payments to CONTRACTOR under this Agreement are funded by local, state and federal governments. If funds from local, state and federal sources are not obtained and continued at a level sufficient to allow for the County's purchase of the indicated quantity of services, then the County may give written notice of this fact to CONTRACTOR, and the obligations of the parties under this Agreement shall terminate immediately, or on such date thereafter, as the County may specify in its notice, unless in the meanwhile the parties enter into a written amendment modifying this Agreement.

8.0 INDEMNIFICATION:

CONTRACTOR shall indemnify, defend, and hold harmless the County, its officers, agents, and employees, from and against any and all claims, liabilities, and losses whatsoever (including damages to property and injuries to or death of persons, court costs, and reasonable attorneys' fees) occurring or resulting to any and all persons, firms or corporations furnishing or supplying work, services, materials, or supplies in connection with the performance of this Agreement, and from any and all claims, liabilities, and losses occurring or resulting to any person, firm, or corporation for damage, injury, or death arising out of or connected with the CONTRACTOR's performance of this Agreement, unless such claims, liabilities, or losses arise out of the sole negligence or willful misconduct of the County. "CONTRACTOR's performance" includes CONTRACTOR's action or inaction and the action or inaction of CONTRACTOR's officers, employees, agents and subcontractors.

9.0 INSURANCE REQUIREMENTS:

9.01 **Evidence of Coverage:** Prior to commencement of this Agreement, the Contractor shall provide a "Certificate of Insurance" certifying that coverage as required herein has been obtained. Individual endorsements executed by the insurance carrier shall accompany the certificate. In addition, the Contractor upon request shall provide a certified copy of the policy or policies.

This verification of coverage shall be sent to the County's Contracts/Purchasing Department, unless otherwise directed. The Contractor shall not receive a "Notice to Proceed" with the work under this Agreement until it has obtained all insurance required and the County has approved such insurance. This approval of insurance shall neither relieve nor decrease the liability of the Contractor.

9.02 **Qualifying Insurers:** All coverages, except surety, shall be issued by companies which hold a current policy holder's alphabetic and financial size category rating of not less than A- VII, according to the current A.M. Best's Rating Guide or a company of equal financial stability that is approved by the County's Purchasing Agent.

Docusign Envelope ID: F5D7AA76-3C6E-4782-B245-B1528938C428

9.03 **Insurance Coverage Requirements:** Without limiting CONTRACTOR's duty to indemnify, CONTRACTOR shall maintain in effect throughout the term of this Agreement a policy or policies of insurance with the following minimum limits of liability:

Commercial General Liability Insurance: including but not limited to premises and operations, including coverage for Bodily Injury and Property Damage, Personal Injury, Contractual Liability, Broad form Property Damage, Independent Contractors, Products and Completed Operations, with a combined single limit for Bodily Injury and Property Damage of not less than $1,000,000 per occurrence, and $2,000,000 in the aggregate.
(Note: any proposed modifications to these general liability insurance requirements shall be attached as an Exhibit hereto, and the section(s) above that are proposed as not applicable shall be lined out in blue ink. All proposed modifications are subject to County approval.)

Auto Liability Coverage: must include motor vehicles, including scheduled, non-owned, and hired vehicles, used in providing services under this Agreement, with a combined single limit or Bodily Injury and Property Damage of not less than $1,000,000 per occurrence.
(Note: any proposed modifications to these auto insurance requirements shall be attached as an Exhibit hereto, and the section(s) above that are proposed as not applicable shall be lined out in blue ink. All proposed modifications are subject to County approval.)

Workers' Compensation Insurance: if CONTRACTOR employs others in the performance of this Agreement, in accordance with California Labor Code section 3700 and with Employer's Liability limits not less than $1,000,000 each person, $1,000,000 each accident and $1,000,000 each disease.
(Note: any proposed modifications to these workers' compensation insurance requirements shall be attached as an Exhibit hereto, and the section(s) above that are proposed as not applicable shall be lined out in blue ink. All proposed modifications are subject to County approval.)

Professional Liability Insurance: if required for the professional services being provided, (e.g., those persons authorized by a license to engage in a business or profession regulated by the California Business and Professions Code), in the amount of not less than $1,000,000 per claim and $2,000,000 in the aggregate, to cover liability for malpractice or errors or omissions made in the course of rendering professional services. If professional liability insurance is written on a "claims-made" basis rather than an occurrence basis, the CONTRACTOR shall, upon the expiration or earlier termination of this Agreement, obtain extended reporting coverage ("tail coverage") with the same liability limits. Any such tail coverage shall continue for at least three years following the expiration or earlier termination of this Agreement.
(Note: Professional liability insurance coverage is required if the contractor is providing a professional service regulated by the state. Examples of service providers regulated by the state are insurance agents, professional architects and engineers, doctors, certified public accountants, lawyers, etc. However, other professional Contractors, such as computer or software designers, technology services, and services providers such as claims administrators, should also have professional liability. If in doubt, consult with your risk or contract manager.)

Docusign Envelope ID: F5D7AA76-3C6E-4782-B245-B1528938C428

If the contractor maintains broader coverage and/or higher limits than the minimums shown above, the County requires and shall be entitled to the broader coverage and/or higher limits maintained by the contractor.

9.04 Other Requirements:

All insurance required by this Agreement shall be with a company acceptable to the County and issued and executed by an admitted insurer authorized to transact Insurance business in the State of California. Unless otherwise specified by this Agreement, all such insurance shall be written on an occurrence basis, or, if the policy is not written on an occurrence basis, such policy with the coverage required herein shall continue in effect for a period of three years following the date CONTRACTOR completes its performance of services under this Agreement.

Each liability policy shall provide that the County shall be given notice in writing at least thirty days in advance of any endorsed reduction in coverage or limit, cancellation, or intended non-renewal thereof. Each policy shall provide coverage for Contractor and additional insureds with respect to claims arising from each subcontractor, if any, performing work under this Agreement, or be accompanied by a certificate of insurance from each subcontractor showing each subcontractor has identical insurance coverage to the above requirements.

Additional Insured Status:

The County of Monterey, its officers, officials, employees, and volunteers are to be covered as additional insureds on the commercial general liability policy with respect to liability arising out of work or operations performed by or on behalf of the CONTRACTOR including materials, parts, or equipment furnished in connection with such work or operations. General liability coverage shall be provided in the form of an endorsement to the CONTRACTOR'S insurance (at least as broad as ISO Form CG 20 10 11 85 or if not available, through the addition of both CG 20 10, CG 20 26, CG 20 33, or CG 20 38; and CG 20 37 if a later edition is used).

Primary Coverage:

For any claims related to this contract, the CONTRACTOR'S insurance coverage shall be primary and non-contributory and at least as broad as ISO CG 20 01 04 13 as respects the County, its officers, officials, employees, and volunteers. Any insurance or self-insurance maintained by the County, its officers, officials, employees, or volunteers shall be excess of the CONTRACTOR'S insurance and shall not contribute with it. This requirement shall also apply to any Excess or Umbrella liability policies.

Waiver of Subrogation:

CONTRACTOR hereby grants to County a waiver of any right to subrogation which any insurer of said CONTRACTOR may acquire against the County by virtue of the payment of any loss under such insurance. CONTRACTOR agrees to obtain any endorsement that may be necessary to affect this waiver of subrogation, but this provision applies regardless of whether or not the County has received a waiver of subrogation endorsement from the insurer.

Docusign Envelope ID: F5D7AA76-3C6E-4782-B245-B1528938C428

Prior to the execution of this Agreement by the County, CONTRACTOR shall file certificates of insurance with the County's contract administrator and County's Contracts/Purchasing Division, showing that the CONTRACTOR has in effect the insurance required by this Agreement. The CONTRACTOR shall file a new or amended certificate of insurance within five calendar days after any change is made in any insurance policy, which would alter the information on the certificate then on file. Acceptance or approval of insurance shall in no way modify or change the indemnification clause in this Agreement, which shall continue in full force and effect. CONTRACTOR shall always during the term of this Agreement maintain in force the insurance coverage required under this Agreement and shall send, without demand by County, annual certificates to County's Contract Administrator and County's Contracts/Purchasing Division. If the certificate is not received by the expiration date, County shall notify CONTRACTOR and CONTRACTOR shall have five calendar days to send in the certificate, evidencing no lapse in coverage during the interim. Failure by CONTRACTOR to maintain such insurance is a default of this Agreement, which entitles County, at its sole discretion, to terminate this Agreement immediately.

10.0 RECORDS AND CONFIDENTIALITY:

10.1 **Confidentiality:** CONTRACTOR and its officers, employees, agents, and subcontractors shall comply with any and all federal, state, and local laws, which provide for the confidentiality of records and other information. CONTRACTOR shall not disclose any confidential records or other confidential information received from the County or prepared in connection with the performance of this Agreement, unless County specifically permits CONTRACTOR to disclose such records or information. CONTRACTOR shall promptly transmit to County any and all requests for disclosure of any such confidential records or information. CONTRACTOR shall not use any confidential information gained by CONTRACTOR in the performance of this Agreement except for the sole purpose of carrying out CONTRACTOR's obligations under this Agreement.

10.2 **County Records:** When this Agreement expires or terminates, CONTRACTOR shall return to County any County records which CONTRACTOR used or received from County to perform services under this Agreement.

10.3 **Maintenance of Records:** CONTRACTOR shall prepare, maintain, and preserve all reports and records that may be required by federal, state, and County rules and regulations related to services performed under this Agreement. CONTRACTOR shall maintain such records for a period of at least three years after receipt of final payment under this Agreement. If any litigation, claim, negotiation, audit exception, or other action relating to this Agreement is pending at the end of the three-year period, then CONTRACTOR shall retain said records until such action is resolved.

10.4 **Access to and Audit of Records:** The County shall have the right to examine, monitor and audit all records, documents, conditions, and activities of the CONTRACTOR and its subcontractors related to services provided under this Agreement. Pursuant to Government Code section 8546.7, if this Agreement involves the expenditure of public funds in excess of $10,000, the parties to this Agreement may be subject, at the request of the County or as part of any audit of the County,

Docusign Envelope ID: F5D7AA76-3C6E-4782-B245-B1528938C428

10.5 **Royalties and Inventions:** County shall have a royalty-free, exclusive and irrevocable license to reproduce, publish, and use, and authorize others to do so, all original computer programs, writings, sound recordings, pictorial reproductions, drawings, and other works of similar nature produced in the course of or under this Agreement. CONTRACTOR shall not publish any such material without the prior written approval of County.

11.0 NON-DISCRIMINATION:

11.1 During the performance of this Agreement, CONTRACTOR, and its subcontractors, shall not unlawfully discriminate against any person because of race, religious creed, color, sex, national origin, ancestry, physical disability, mental disability, medical condition, marital status, age (over 40), sexual orientation, or any other characteristic set forth in California Government code § 12940(a), either in CONTRACTOR's employment practices or in the furnishing of services to recipients. CONTRACTOR shall ensure that the evaluation and treatment of its employees and applicants for employment and all persons receiving and requesting services are free of such discrimination. CONTRACTOR and any subcontractor shall, in the performance of this Agreement, fully comply with all federal, state, and local laws and regulations which prohibit discrimination. The provision of services primarily or exclusively to such target population as may be designated in this Agreement shall not be deemed to be prohibited discrimination.

12.0 COMPLIANCE WITH TERMS OF STATE OR FEDERAL GRANTS:

If this Agreement has been or will be funded with monies received by the County pursuant to a contract with the state or federal government in which the County is the grantee, CONTRACTOR will comply with all the provisions of said contract, to the extent applicable to CONTRACTOR as a subgrantee under said contract, and said provisions shall be deemed a part of this Agreement, as though fully set forth herein. Upon request, County will deliver a copy of said contract to CONTRACTOR, at no cost to CONTRACTOR.

13.0 COMPLIANCE WITH APPLICABLE LAWS:

13.1 CONTRACTOR shall keep itself informed of and in compliance with all federal, state, and local laws, ordinances, regulations, and orders, including but not limited to all state and federal tax laws that may affect in any manner the Project or the performance of the Services or those engaged to perform Services under this AGREEMENT as well as any privacy laws including, if applicable, HIPAA. CONTRACTOR shall procure all permits and licenses, pay all charges and fees, and give all notices require by law in the performance of the Services.

14.0 INDEPENDENT CONTRACTOR:

In the performance of work, duties, and obligations under this Agreement, CONTRACTOR is always acting and performing as an independent contractor and not as an employee of the County. No offer or obligation of permanent employment with the County or County department or agency is intended in any manner, and CONTRACTOR shall not become entitled by virtue of this Agreement to receive from County any form of employee benefits including but not limited to sick leave, vacation, retirement benefits, workers' compensation coverage, insurance or disability benefits. CONTRACTOR shall be solely liable for and obligated to pay directly all applicable taxes, including federal and state income taxes and social security, arising out of CONTRACTOR's performance of this Agreement. PARTICIPANT ANIMAL GUIDELINES – PET FRIENDLY FACILITY

A. PURPOSE

The following are guidelines regarding personal pet care while residing within the Soledad Interim Housing Program located at 990 Los Coches Road and the Motel 6 in the City of Soledad. If vaccination proof is unavailable, the pet may be accepted temporarily but must be scheduled for vaccination. All guests with pets must sign an acknowledgement of these guidelines. A sample acknowledgement form is provided at the end of this exhibit below.

B. POLICY GUIDELINES

Both service and emotional support animals and pets are eligible to reside at any of the Soledad interim housing sites. CONTRACTOR is responsible for providing clear client advisement on, as well as ongoing enforcement of, the following pet policies and practices: Upon entry into the program the participant must be advised of the following:

- B.1 All animals must be registered with the shelter.
- B.2 The animal must display behavior that is appropriate for a communal living space and will be held to the same standards as all residents. If the animal displays inappropriate (e.g., aggressive, or destructive) behavior, the animal will be assessed and provided with resources to assist with the issue. If the behavior does not improve, the animal may be provided with temporary housing resources outside of the shelter. Participants may be required to remove their animals for any of the following reasons:
  - B.2.1 The animal's behavior poses a direct threat to the safety of others and the threat cannot be eliminated by a reasonable modification.
  - B.2.2 The animal is disruptive and interfering with the program and the participant does not take effective action to control it.
  - B.2.3 The animal is creating an unsanitary condition.
- B.3 Participants are responsible for taking care of their animal. This includes:
  - B.3.1 The animal must have food and fresh water.
  - B.3.2 Dogs must be walked daily.
  - B.3.3 Waste material is to be picked-up and properly disposed.
  - B.3.4 The animal must be kept clean – e.g., bathed one time per week or as needed; the participant is responsible for cleaning the bathroom tub or sink if used for animal washing.
  - B.3.5 Crate/carriers must be washed on a weekly basis or as needed.
  - B.3.6 Participants must keep their animal current with any required vaccinations (proof is required) and attend to any medical needs that their animal may have.
- B.4 Animals must be free of fleas and other pests.
- B.5 Owners must agree to store food for their animals in designated areas and may not to leave food or water for their animal outside of their dwelling where it may attract other animals.
- B.6 Participants must feed, water, clean, exercise and cleanup after their animal.
- B.7 All animals must be appropriately contained. For example, dogs must be on a leash or in a crate while indoors and cats must be carried or kept in an appropriately sized crate/carrier when outside the participant's dwelling.
- B.8 Animals must be in a crate if left unattended. If the owner allows another participant to watch the animal while they are off site, this decision is solely the responsibility of the owner and the animal's behavior remains the responsibility of the owner.

Docusign Envelope ID: F5D7AA76-3C6E-4782-B245-B1528938C428

B.9 The animal's owner is accountable for providing for and taking care of the animal. The shelter does not assume any liability for the animal while it is in the shelter.

B.10 Owners must have an identified emergency care person.

B.10.1 Owners must provide the name and contact information of an emergency care person who will take care of their animal in the event that the owner is in the hospital, jail, or otherwise indisposed.

B.10.2 Animal control will be contacted if the emergency care person is unable to be contacted or unwilling to care for the animal.

B.11 The following are recommendations for the animals before entering the shelter. If animals do not meet these suggested policies, the shelter staff is able to provide information about low-cost/free resources for animals to receive these services:

B.11.1 Pets should have a current vaccination (e.g., rabies) and city licensure.

B.11.2 Dogs and cats should be spayed/neutered.

B.11.3 If applicable, participants should register their animal as a service animal or emotional support animal as it may facilitate the process to obtain permanent housing.

C. GUIDELINES REGARDING SERVICE ANIMALS

C.1 Clients may request permission to be accompanied by a service animal. Service animals are individually trained to do work or perform tasks for people with disabilities. When it is not obvious what service an animal provides, staff should limit inquiries to the following two questions:

C.1.1 Is the animal required because of a disability?

C.1.2 What work or task has the animal been trained to perform?

C.2 Staff should not ask about the person's disability or ask that the animal demonstrate its ability to perform the work or task. Participants that require the assistance of a service animal are not required to provide any form of documentation. Participants that require the assistance of an emotional support animal may be required to provide documentation from a medical provider, psychologist, social worker, non-medical service provider, peer support group member, or other reliable third party that the participant has a disability, and that the animal provides support that alleviates a symptom or effect of their disability. A determination regarding whether any documentation for an emotional support animal is required will be considered on a case-by-case basis. If the client answers 'yes' to either of the questions, they are entitled to be accompanied by the service animal pending immunization verification of the following:

C.2.1 Rabies Certification

C.2.2 Spray/Neuter Certification (if applicable)

In the event of an inconsistency between the provisions of this Certification and mandatory provisions of the HIPAA Privacy Rule, as amended, the HIPAA Privacy Rule shall control. Where provisions of this Certification are different than those mandated in the HIPAA Privacy Rule, but are nonetheless permitted by the HIPAA Privacy Rule, the provisions of this Certification shall control.

The term "Protected Health Information" means individually identifiable health information including, without limitation, all information, data, documentation, and materials, including without limitation, demographic, medical and financial information, that relates to the past, present, or future physical or mental health or condition of an individual; the provision of health care to an individual; or the past, present, or future payment for the provision of health care to an individual; and that identifies the individual or with respect to which there is a reasonable basis to believe the information can be used to identify the individual.

CONTRACTOR acknowledges and agrees that all Protected Health Information that is created or received by COUNTY and disclosed or made available in any form, including paper record, oral communication, audio recording, and electronic display by COUNTY, or its operating units, to CONTRACTOR or is created or received by CONTRACTOR on COUNTY's behalf shall be subject to this Certification.

II. CONFIDENTIALITY REQUIREMENTS

Docusign Envelope ID: F5D7AA76-3C6E-4782-B245-B1528938C428

(i) to use or disclose any Protected Health Information solely: (1) for meeting its obligations as set forth in any agreements between the Parties evidencing their business relationship or (2) as required by applicable law, rule or regulation, or by accrediting or credentialing organization to whom COUNTY is required to disclose such information, or as otherwise permitted under this Certification, or the underlying Agreement ,(if consistent with this Certification and the HIPAA Privacy Rule), or the HIPAA Privacy Rule, and (3) as would be permitted by the HIPAA Privacy Rule if such use or disclosure were made by COUNTY; and
(ii) at termination of the Agreement, (or any similar documentation of the business relationship of the Parties), or upon request of COUNTY, whichever occurs first, if feasible CONTRACTOR will return or destroy all Protected Health Information received from or created or received by CONTRACTOR on behalf of COUNTY that CONTRACTOR still maintains in any form, and retain no copies of such information, or if such return or destruction is not feasible, CONTRACTOR will extend the protections of this Agreement to the information and limit further uses and disclosures to those purposes that make the return or destruction of the information not feasible; and
(iii) to ensure that its agents, including a subcontractor(s), to whom it provides Protected Health Information received from or created by CONTRACTOR on behalf of COUNTY, agrees to the same restrictions and conditions that apply to CONTRACTOR with respect to such information. In addition, CONTRACTOR agrees to take reasonable steps to ensure that its employees' actions or omissions do not cause CONTRACTOR to breach the terms of the Agreement.

(b) Notwithstanding the prohibitions set forth in this Certification or the Agreement, CONTRACTOR may use and disclose Protected Health Information as follows:
(i) if necessary, for the proper management and administration of CONTRACTOR or to carry out the legal responsibilities of CONTRACTOR, provided that as to any such disclosure, the following requirements are met:
(A) the disclosure is required by law; or
(B) CONTRACTOR obtains reasonable assurances from the person to whom the information is disclosed that it will be held confidentially and used or further disclosed only as required by law, or for the purpose for which it was disclosed to the person, and the person notifies CONTRACTOR of any instances of which it is aware in which the confidentiality of the information has been breached;

COUNTY's compliance with the terms of the HIPAA Privacy Rule. CONTRACTOR shall report to COUNTY any use or disclosure of Protected Health Information which is not in compliance with the terms of this Certification of which it becomes aware. In addition, CONTRACTOR agrees to mitigate, to the extent practicable, any harmful effect that is known to CONTRACTOR of a use or disclosure of Protected Health Information by CONTRACTOR in violation of the requirements of this Certification or the Agreement.

IV. TERMINATION

Notwithstanding anything in this Certification or the Agreement to the contrary, COUNTY shall have the right to terminate the Agreement immediately if COUNTY determines that CONTRACTOR has violated any material term of this Certification and/or the Agreement. If COUNTY reasonably believes that CONTRACTOR will violate a material term of this Certification and/or the Agreement and, where practicable, COUNTY gives written notice to CONTRACTOR of such belief within a reasonable time after forming such belief, and CONTRACTOR fails to provide adequate written assurances to COUNTY that it will not breach the cited term of this Certification and/or the Agreement within a reasonable period of time given the specific circumstances, but in any event, before the threatened breach is to occur, then COUNTY shall have the right to terminate the Agreement immediately.

V. MISCELLANEOUS

Except as expressly stated herein or the HIPAA Privacy Rule, the parties to the Agreement do not intend to create any rights in any third parties. The obligations of CONTRACTOR under this Section shall survive the expiration, termination, or cancellation of this Certification and/or the Agreement, and/or the business relationship of the parties, and shall continue to bind CONTRACTOR, its agents, employees, contractors, successors, and assigns as set forth herein.

The parties agree that, in the event that any documentation of the arrangement pursuant to which CONTRACTOR provides services to COUNTY contains provisions relating to the use or disclosure of Protected Health Information which are more restrictive than the provisions of this Certification or the Agreement, the provisions of the more restrictive documentation will control. The provisions of this Certification and the Agreement are intended to establish the minimum requirements regarding CONTRACTOR's use and disclosure of Protected Health Information.

In the event that either party believes in good faith that any provision of this Certification and/or the Agreement fails to comply with the then current requirements of the HIPAA Privacy Rule, such party shall notify the other party in writing. For a period of up to thirty (30) days, the parties shall address in good faith such concern and amend the terms of this Certification and/or the Agreement, if necessary to bring it into compliance. comply with the HIPAA Privacy Rule, then either party has the right to terminate upon written notice to the other party.

1. INTRODUCTION / OVERVIEW

A. Background and Purpose

The Monterey and San Benito County CoC Shelter Standards provide the policy framework for emergency shelter programs located within these two counties. These standards have been developed collaboratively by the primary funders of shelter in the community: the Coalition of Homeless Services Providers (CHSP), County of Monterey, County of San Benito, City of Salinas and United Way of Monterey County.

The purpose of these standards is to:

- Create a baseline set of funder expectations for shelter program operations
- Ensure shelter programs are operating in alignment with known best practices in the field, including Housing First principles and practices.
- Ensure all participants who access emergency shelter have a similar experience, regardless of funding source.
- Provide all local funders of shelter with a common set of standards for the programs they fund.

These general standards serve as minimum requirements for the operation of shelter programs in Monterey and San Benito Counties. The standards outlined in this manual are designed to provide a framework that individual shelter programs can align to. Each individual provider or program will be expected to develop and maintain policies and procedures consistent with this umbrella set of standards.

Some funding sources have specific requirements. The program operator shall ensure that each program complies with all funder requirements. If any funder requirements are not aligned with these standards, the program will ensure compliance with all funding requirements. In those cases where a specific funding regulation does not align with these standards, the program operator will notify CHSP of the situation to discuss possible options and strategies. The program operator will also note the reason(s) for any inconsistencies in their written program documentation.

B. Programs Covered by These Standards

The Lead Me Home CoC Written Standards define "Emergency Shelter" as: *facilities providing shelter in a permanent location, for a limited period of time, to individuals and families having neither a home nor the means to obtain a home or other temporary lodging*. Shelters provide time-limited accommodations in either a congregate or non-congregate setting.

These shelter standards cover emergency shelter programs receiving funding from any of the following sources:

- HUD Emergency Solutions Grant (ESG)
- Community Development Block Grant (CDBG)
- State of California Homelessness Housing, Assistance and Prevention (HHAP)
- State of California Permanent Local Housing Allocation (PLHA)
- Community Action Agency/Community Services Block Grant (CSBG)
- State of California Encampment Resolution Funding (ERF)

Programs receiving funding from alternative sources may also align to these standards to ensure community-wide continuity in shelter services.

Docusign Envelope ID: F5D7AA76-3C6E-4782-B245-B1528938C428

Seasonal shelters are activated in inclement weather or cold/wet winter weather. Seasonal shelters may not offer the same level of services as a year-round shelter and may not be able to align to all the standards detailed in this document. Seasonal shelter operators should, however, strive to comply with these operational standards to the maximum extent possible given space and funding constraints.

Transitional housing provides time limited housing but with longer lengths of stay and more intensive services than emergency shelter. Transitional housing programs are not covered by these standards.

C. Guiding Principles for Shelters

The Monterey and San Benito County CoC maintains a strong commitment to prevent and end homelessness for county residents, with the goal of reducing the total population of people experiencing homelessness by 50% by June 2026. The CoC recently adopted a Five-Year Strategic Plan that provides a roadmap for the CoC and its partners to coordinate, align, and focus their efforts to maximize impact on reducing homelessness.

The strategies and policies adopted by Monterey and San Benito County CoC, jurisdictions (Counties and Cities), funders, providers and other key stakeholders are guided by the following principles:

- **Embedded with dignity and respect**: The homelessness response system's efforts center the needs of people requesting assistance by delivering individualized, comprehensive, and culturally competent services. Strengths-based, person-centered, trauma-informed, and harm reduction-based approaches are integrated into all aspects of service design and delivery.
- **Informed by people with lived experience of homelessness**: People experiencing homelessness are experts of their personal needs; the homelessness response system honors and elevates their input on service design and delivery.
- **Housing-focused**: The solution to homelessness is housing; all efforts of the homelessness response system work towards the goal of helping people gain and maintain stable, permanent housing situations.
- **Data-driven towards results**: Strategies and priorities for reducing homelessness will be informed by data to best serve people experiencing homelessness, achieve desired outcomes, and guide strategic investments in programs and services.
- **Coordinated**: The homelessness response system and other systems of care will communicate and partner towards shared goals of improving service linkages and reducing homelessness.
- **Equitable and social justice oriented**: The homelessness response system acknowledges the barriers to housing and resource connection that disproportionately impact people by race, ethnicity, gender, and other identities. The system adopts intentional policies and programs to reduce these disparities and advance equity in system experiences and outcomes.

D. State of CA Housing First Principles

The State of California has adopted a set of Housing First requirements that apply to programs receiving funding from a range of sources, including HHAP and ERF. Some of these requirements are only applicable to permanent housing programs, but others are applicable to both shelter and housing. Shelter providers are expected to comply with the State of California's Housing First requirements as applicable to

Docusign Envelope ID: F5D7AA76-3C6E-4782-B245-B1528938C428

emergency shelter programs. The requirements may be found in the Welfare and Institutions Code (WIC) Section 8275(b). Additional information on Housing First may be found at the California Interagency Council on Homelessness (CA-ICH) website at: **https://bcsh.ca.gov/calich/resources.html**

2. SHELTER ACCESS

To ensure consistency with Housing First principles and ensure that people who are unsheltered have streamlined access to available shelter beds, shelter programs should adopt policies for eligibility and screening that impose minimal barriers to access.

A. Eligibility Criteria and Screening

Screening Criteria

Each shelter program in Monterey or San Benito County will establish its own eligibility criteria in compliance with applicable funding sources. Funder-mandated eligibility restrictions are allowed and may include factors such as: maximum income levels, convictions for specific criminal offenses (e.g., sex offender), minimum or maximum age of participants (e.g., must be at least 18, must be 18-24), veteran status and other factors.

Shelter programs **shall not** adopt additional eligibility or screening criteria beyond what is required by a funding source. In particular, providers shall **not** impose additional targeting or screening criteria designed to identify whether an individual or household is "suitable" or housing ready," such as:

- Sobriety or participation in treatment services
- Employability or employment readiness
- Income or ability to pay rent
- "Motivation" or willingness to participate in services
- Proof of citizenship/immigration status

Shelter programs will adopt policies and procedures that "**screen in**" individuals and households with higher barriers to housing, including:

- Adult individuals and families who are unsheltered (living outdoors or in vehicles);
- Households with no, low or fixed income;
- Adults with disabilities, including behavioral health issues (mental illness, substance use);
- People with limited or no employment history; and
- People with criminal records and/or evictions.

Shelter programs may conduct a service needs assessment as part of the screening and admission process, but only for the purpose of developing a housing-focused case plan with the participant and determining their immediate needs. Service needs or other types of assessments are not to be used to make eligibility and admission decisions. However, shelters may decline to accept a participant if there is a clear safety issue (see below).

Docusign Envelope ID: F5D7AA76-3C6E-4782-B245-B1528938C428

Safety Screening

Shelters may use their screening procedures to identify individuals who might pose a safety concern to other shelter participants, including, for example, recent history of violent behavior. Criteria for assessing safety concerns must be clear and objective to the maximum extent possible. These instances should be rare and the reason for the refusal to serve a participant must be documented. Shelters may also terminate a client's participation after enrollment should they receive information that raises concerns about safety.

Compliance with Federal Requirements

Shelter Programs will operate in compliance with the **Department of Housing and Urban Development's (HUD) Equal Access to Housing Final Rule**, ensuring that all individuals have equal access and accommodations to shelter, regardless of gender, gender identity, sexual orientation, and/or marital status.

Programs must have policies to ensure compliance with Fair Housing rules and implement a set of policies and procedures to provide reasonable accommodations for households with disabilities.

Screening Criteria Relating to Youth and Families

Programs should ensure they are operating in compliance with HUD requirements relating to involuntary separation of families. The CoC and ESG Interim Rules require that the age and gender of a child under age 18 must not be used as a basis for denying any family admission to a project that receives funds through the CoC or ESG program.

Unaccompanied minors may only be served with agreement of a legal guardian or appropriate authorities. Basic Center Programs (BCP) projects serving runaway youth must create a MOU between their programs and child welfare agencies that clarify roles, responsibilities and define the provision of services at the time youth enter shelter. This requirement is in accordance with the **Runaway and Homeless Youth Act**.

No one under the age of 18 should be allowed to reside in a single-adult shelter. If a household with minors presents for service at a single-adult shelter, shelter staff should refer the family to more appropriate services.

B. Admission, Intake, and Readmission Policies

Admissions

Shelters are required to create policies and procedures for accepting individuals into their shelter programs including procedures for intake and readmission policies. Admission policies must specify the process individuals or families should follow to request access to shelter including how to contact the shelter, times of day when intakes are conducted, and waiting list procedures (if applicable).

Whenever possible programs shall work to divert participants seeking shelter entry by encouraging them to re-connect with family or friends who could temporarily or permanently house them.

Docusign Envelope ID: F5D7AA76-3C6E-4782-B245-B1528938C428

Shelter Intake Documents

Shelter intake documents should be compliant with funding source requirements and should not impose additional or unnecessary barriers to access. The following are examples of intake documents that may be required.

1. Personal identification; at least one photo ID is preferred.
1. Documentation of Homelessness or At-Risk status per federal guidelines.
2. Income self-declaration.
3. HMIS Intake form.
4. Signed Release of Information (ROI)
5. Signed acknowledgement of receiving program rules or requirements.
6. Signed acknowledgement of receiving any other participant rights and responsibility.
7. Signed acknowledgement of receiving an agency grievance procedure. All participants will be provided a copy of the procedure.

Shelters should adopt policies that allow for maximum flexibility to make exceptions in cases where a participant cannot secure a needed document. Shelters should also do everything possible to minimize the number and length of forms to be completed by participants to ensure the intake process is not creating barriers to access.

Readmission

Shelter providers shall develop written policies regarding the conditions under which participants who have been exited from a program for violations of rules may be re-admitted. Policies may include conditions under which participants may be "banned" either temporarily or permanently. If a shelter program chooses to have policies regarding bans (due to significant safety concerns and/or related to "time out" periods where participants may not access shelter for a certain amount of time after exiting the program), the program will maintain documentation of their "ban" policies, the grievance/appeal process, and documentation of the reason for any bans that occur. All shelter providers should operate low barrier programs and strive to avoid banning participants whenever possible, utilizing techniques and resources such as harm reduction and de-escalation. Bans should be reserved for instances where participants pose safety threats to other program participants and/or staff.

3. SERVICES STANDARDS

A. Housing-Focused Case Management

The primary purpose of shelter is to provide a safe place for participants to stay while they quickly implement a plan to secure housing. To meet this objective, the primary support service intervention offered at shelter programs is housing-focused case management and service linkages.

Shelter case managers will respond to participants' immediate and short-term service needs, complete an initial housing needs assessment, and develop a housing-focused case plan to secure and sustain housing. Case managers will work to identify and build upon participants' strengths. Additionally, case management will provide linkage to appropriate services and supports, including housing retention planning and retention services, as well as continued monitoring and follow-up regarding participant

Docusign Envelope ID: F5D7AA76-3C6E-4782-B245-B1528938C428

progress and ongoing needs. The goal of the housing-focused case management is to help participants locate and move to a permanent housing situation as quickly as possible and to retain their housing once they leave shelter. Permanent housing includes market housing, senior housing, affordable housing, shared housing situations, moving in with a relative or friend, obtaining housing with a voucher or subsidy, or any housing situation that is not time limited.

Case management is offered to all participants, not only participants who are there for longer stays or participants in certain parts of the shelter program(s).

Shelter providers may establish rules strongly encouraging participants to participate in case management. However, participants should not be discharged from shelter for failure to attend case management meetings. Case managers will engage with and develop a rapport with each participant, using engagement techniques such as motivational interviewing, and offer assistance that is relevant and useful to addressing the goals and needs the participant has identified to reach the goal of re- entering permanent housing as quickly as possible.

While service participation should be voluntary, shelters are not expected to allow participants to stay in shelter indefinitely if they are not participating in case management or housing search activities. If shelter staff have made robust efforts to engage a participant and "meet them where they are," yet the participant declines to participate, the shelter may provide the participant with an exit date. Shelters should have a written policy laying out their process and criteria for determining whether to terminate participation for a participant on the basis that they not engaging in the process of developing a housing plan or taking steps along a pathway to housing.

Case Manager Responsibilities

Responsibilities of the case manager shall generally include:

- Employ a person-centered, strengths-based approach that tailors case management to each participant/household. Case management is individualized to each participant or household; case managers actively work to identify the unique needs and goals of each participant.
- Develop individual housing plan with each participant/household, with participant participation, covering goals related to housing and other needed services. Housing plan templates should limit the number of goals and action steps to be included in a single plan in order to focus attention on housing and related goals.
- Assist the participant with exploring potential housing resources, such as shared housing, reunifying with relatives, and identifying friends or relatives who could provide housing options.
- Support participants to draw on their existing support networks, and help participants identify people already in their lives who can help with specific things, such as transportation or childcare.
- Implement Housing First principles, focusing on addressing participants' housing needs and goals.
- Employ harm-reduction and trauma-informed care to tailor services to participants' needs.

Docusign Envelope ID: F5D7AA76-3C6E-4782-B245-B1528938C428

- Work collaboratively with any other programs/staff that are providing services to the participant while in the program (e.g., a rapid re-housing program case manager). Shelter case managers will work to ensure a smooth transition and continuity of care with a participant's new or additional case manager. Ensure collaboration and clear roles and responsibilities on case plan and housing goals.
- Support participants to manage conflict and/or any other problems that may be presented during their shelter stay.
- Provide services that are culturally appropriate and have needed language abilities. Multi-lingual case managers should be available as needed.
- The case manager will support the participant with housing search and assist the participant in obtaining and moving into housing, including helping participants resolve or mitigate tenant screening barriers like rental and utility arrears or multiple evictions, as well as obtain necessary identification or other documents if needed.
- Support participants to access services for which they are eligible and that will help support s successful transition to housing.
- Case managers may offer budgeting assistance when desired by participants.

Case Manager Supervisory Responsibilities

Responsibilities of the Case Manager Supervisor shall generally include:

- Monitor the Case Managers duties and accomplishments throughout their engagements with participants. It is the supervisor's responsibility to ensure that case managers are properly connecting participants to services and resources, tracking information for participant record and HMIS usage, and general compliance with case management responsibilities.
- The supervisor should provide support and training opportunities to the Case Managers when needed to ensure strong supportive services for the participants in the shelter program.

Case Loads

Case managers will generally maintain a manageable caseload of households, to the extent this is feasible given funding constraints. Shelters are expected to operate with no more than 20 participants assigned to each case manager (1:20 case manager to client ratio).

Case Manager Training

Case management staff should be provided with initial training and orientation and ongoing training, supervision, and support. Programs will conduct ongoing training, supervision, and quality assurance to ensure consistency and compliance with program policies including housing-focused case management policies, trauma-informed approaches, sexual harassment, harm reduction, de-escalation, and housing first principles. Programs will also ensure that all case management staff maintain updated knowledge of community-based services such as mainstream benefits, employment services, childcare resources, behavioral health services, and other services.

Docusign Envelope ID: F5D7AA76-3C6E-4782-B245-B1528938C428

All staff will have written job descriptions that include requirements that they focus on activities relating to obtaining housing, while maintaining participant-centered, low barrier, safe programs.

The program shall have a case review process, as well as ongoing staff supervision and training, to help staff problem-solve around housing plans and around participants who are having difficulty following the established housing plan and/or other challenges while residing at the shelter.

B. Service Linkages

The shelter program shall collect, maintain, and update records of available mainstream and community resources for program participants. This includes community resources that can reduce burdens on income to increase resources to pay for housing costs, including employment opportunities, food banks, clothing consignment stores, mainstream benefits (including CalFresh, WIC, Medi-Cal/health coverage, General Assistance, and CalWORKs) low-income utility programs, childcare resources, and others. Additionally, it is recommended that case managers utilize the Smart Referral Software developed and maintained by United Way of Monterey County to increase service connections and facilitate sending referrals to services.

The program will collaborate with providers that provide domestic violence specific services to determine most appropriate housing or shelter plans for participants who are experiencing or have experienced domestic violence, and to connect participants with applicable domestic violence survivor services

Additional Supportive Services & Voluntary Service Participation

As a general matter, supportive services in shelter programs are offered and encouraged, however participation is not mandatory. Programs may offer health and behavioral health services, employment and training services, budgeting classes, life skills, parenting classes and other types of support, but participation is not mandatory as a condition of receiving assistance. Programs may set up savings programs in which participants are supported to save some of their income for move-in expenses once they secure housing. However, savings programs cannot be mandatory.

Programs will utilize motivational interviewing and other engagement techniques to encourage participants to participate in supportive services.

Services for Families with Children

In accordance with federal requirements, each family shelter will consider the educational needs of children in households experiencing homelessness to the greatest extent possible and ensure that staff are trained and knowledgeable about these educational needs and rights of children staying in shelter.

If a family with children is not already connected to McKinney Vento services, the shelter staff should connect them to either the Monterey County or San Benito County Office of Education to ensure the family is receiving the services available to them.

4. PROGRAM OPERATIONS

A. Program Rules

In keeping with the principles of participant self-determination and to ensure that programs have low barriers to participation, Shelter Programs should establish program rules that foster an environment of trust, are clear and reasonable, and are focused ensuring that all participants have a safe environment in which to live. Program rules should not mandate participation in services as a condition of remaining in the program. Rules should be enforced consistently using a transparent process.

To the extent feasible, shelter providers should involve shelter participants in shelter governance and the development of shelter rules. Rules should be reviewed regularly to ensure they support the overall goal of creating a housing-focused, participant-centered, safe environment.

B. Time Limits and Extensions.

Each shelter will establish its own rules relating to how long participants may stay in the program. The overall focus of shelter services should be to help participants exit to a permanent housing situation as quickly as possible. To the extent shelters have a fixed maximum length of stay, exceptions should be available for participants who are in the process of securing housing to ensure they are able to transition directly from shelter to housing.

C. Termination/Disenrollment

Involuntary exit from shelter should always be a last resort. Program rules and services should be designed to support participants to access the support they need to participate in the shelter program and to exit as rapidly as possible to housing. Shelter leadership and staff should strive as much as possible to avoid discharging participants who struggle to comply with rules or to participate in services, approaching these challenges through a trauma-informed lens. Staff should be trained in trauma-informed care, conflict resolution, de-escalation and motivational interviewing to equip them with the tools needed to work with clients who are challenging to engage and support. (See also section on Training)

Programs will maintain written grievance policies and procedures regarding involuntary exits/asked to leave situations. Participants will be made aware of the grievance procedures.

D. Facility Access

Shelter providers shall establish written policies regarding when and how program participants may access the shelter program facility during the course of their stay. In alignment with Housing First principles and practices, programs should maximize the ability of participants to come and go as they choose and not impose curfews or requirements that participants must leave the site during the day.

The written program policies should cover:

- Times of day when program participants may enter and leave the program
- Policies regarding any visitors (how many, when they can visit, how long they can stay)
- Policies to prevent unauthorized people from entering the facility, to protect the safety of participants and staff – such as by having a 24/7 staffed front desk, locked gate or door with

Docusign Envelope ID: F5D7AA76-3C6E-4782-B245-B1528938C428

controlled access to ensure only participants are entering the building, or other method for securing access to the site.

E. Gender Identity and Sexual Orientation

Shelter programs should affirmatively develop and implement policies to prevent discrimination and create a welcoming environment for people regardless of their gender identity. Policies should cover, at a minimum:

- Access, intake and enrollment – gender identity or sexual orientation is not a reason to deny access to emergency shelter
- Room or bed assignments – Assignment should be made based on the gender that the client identifies with, while also taking into consideration the client's views with respect to their personal health and safety. Participants should not be isolated based on their gender identity.
- Bathrooms – participants should be permitted to use the bathroom that corresponds to the gender they identify with. To the extent feasible, shelters should offer a gender-neutral or unisex bathroom.
- Creating a welcoming environment for people who identify as transgender, including:
    - Adopting a formal policy of respect
    - Asking participants their preferred pronouns and taking care to not misgender participants
    - Using gender neutral terms if the participant's gender is unknown
    - Refraining from asking unnecessary questions or making remarks regarding a participant's gender
    - Using inclusive language in program materials (posters, forms, written policies, etc.)
    - Taking reasonable steps to address participant privacy or safety concerns
- Providing training to staff on gender identity and gender expression, appropriate use of language, how to create an inclusive and respectful environment and the requirements of HUD's Equal Access Rule.
- Providing participants with service connections and linkages to organizations and programs for the LGTBQIA community.

Shelter providers are encouraged to consult: **Equal Access for Transgender People - Supporting Inclusive Housing and Shelters** when developing operational policies.

F. Service Animals, Emotional Support Animals, and Pets

Each shelter will establish a clear written policy regarding pets. All shelters should allow service animals for people with disabilities. Shelters may establish a policy regarding what documentation or verification is required for an animal to be considered a service animal.

Shelters are not required to accept pets (i.e., non-service animals), however, allowing participants to have pets is a key element of lowering barriers to shelter access. Shelter providers are encouraged to adopt policies allowing pets and providing accommodations for pets to the maximum extent possible. If pets are allowed, there must be a clear policy regarding types of pets allowed, and the respective responsibilities for shelter staff and participants for managing pets to ensure safety of all participants.

G. Participant Rights & Responsibilities

All shelters shall adopt a policy on participant rights and responsibilities. These policies must be in writing and shared with each participant upon admission. The written policy should be both person-centered and trauma informed, and should affirm:

- The right to be treated with dignity and respect
- The right to privacy within the constraints of a shelter environment
- The right to reasonable accommodations
- The right to self-determination in participation in case management and services, including the right to decline to participate in supportive services
- The right to have all records and disclosures maintained according to written standards and rules regarding confidentiality and privacy
- The right to be clearly informed, in understandable and applicable language, about the purposes of services being delivered
- The right to not be discriminated against based on categories including race, color, ancestry, national origin, religion, creed, age, disability, sex, gender, gender identity, gender expression, sexual orientation, medical condition, genetic information, marital status, military status, and veteran status.

H. Grievance and Appeal Procedures

Shelter providers must develop a written set of policies and procedures relating to participant appeals including:

- What types of decisions are subject to appeal (e.g., denial of admission, denial of extension of stay, program termination)
- Grounds for appeal
- How to file an appeal
- Process for the shelter will follow to consider the appeal, including timeframe for each step

Shelter providers must also develop a written set of policies and procedures relating to the filing of participant grievances to address the participant's treatment in the shelter program, including how to file a grievance, the process the shelter will follow to investigate, and how grievances will be resolved, and timeframe for each step.

In accordance with requirements of the State of California, shelter providers written policies and procedures should include directions on how to file a facility complaint to the Monterey or San Benito County Department of Housing and Community Development.

Copies of both the appeal and grievance policy should be posted in the shelter and staff should make forms available to participants upon request.

I. Participant Involvement and Feedback

Shelter providers should involve shelter participants in shelter program oversight and evaluation and proactively solicit input and feedback from participants on all aspects of shelter operations. This may take the form of a resident council (either volunteer or elected), regularly scheduled meetings between participant representatives and shelter staff, having a participant sit on the organization's board of directors, or other means. Shelter providers should also use a range of tools to gather ongoing input

Docusign Envelope ID: F5D7AA76-3C6E-4782-B245-B1528938C428

from participants, such as through a suggestion box, surveys, focus groups, exit interviews and other approaches. Shelters should analyze participant feedback and use it to assess program quality and performance and adjust as needed.

J. Reasonable Accommodations

Shelter providers must develop reasonable accommodation policies and ensure these policies are regularly and clearly communicated to participants.

A reasonable accommodation is a change, exception or adjustment to a program, service building or dwelling unit that will allow a qualified person with a disability to:

- Participate fully in the program
- Take advantage of a service
- Live in a dwelling

Shelter providers must provide notice to participants of their right to request reasonable accommodations and the process for making a request. A sample reasonable accommodation request form is provided in the Appendices. When a participant makes a reasonable accommodation request, the program must provide the accommodation unless doing so would result in a fundamental alteration in the nature of the program or would pose an undue financial or administrative burden. Providers must maintain documentation of all reasonable accommodation requests and how they were handled. If an accommodation is denied, a written explanation must be provided to the participant and documented in their program file.

K. Emergency Preparedness/Natural Disasters

Shelter providers will develop policies and procedures for emergency situations to safeguard staff and participant safety and security. Policies and procedures must include plans for the safe evacuation of shelter participants and staff in case of natural disasters and for sheltering-in-place if evacuation is not possible or safe. All staff must be fully trained on emergency procedures.

L. Data Collection, Quality Assurance, and Reporting

All emergency shelter programs must enter participant data into the Homeless Management Information System (HMIS) managed by the Coalition of Homeless Services Providers, with the exception of shelters operated by victim service agencies. Programs must follow CHSP's HMIS policies and procedures which are detailed in a separate document. Program staff will enter complete and accurate information into HMIS in a timely manner for all participants. Participant information, including universal data elements and program-specific data elements, will be accurate, complete, and current.

Programs will conduct ongoing training, coaching, and internal review to ensure quality and consistency of services, and adherence to policies and procedures. Providers will conduct ongoing reviews of services and documentation of services (file reviews), and data quality.

Shelter programs will implement systematic processes to review outcomes, operations, procedures, and participant experience. Programs will maintain a continuous quality improvement process including reviewing outcome data, trend data, and data on the performance measures listed above. Programs also collect, review, and utilize ongoing feedback from participants and other stakeholders.

Docusign Envelope ID: F5D7AA76-3C6E-4782-B245-B1528938C428

All Shelter programs shall complete and submit reports that are required by their funding sources in a timely manner.

M. Staff Training

Emergency shelter programs shall each develop a comprehensive training program and policy for all staff that covers, at a minimum:

- Harm Reduction
- Trauma-Informed Care
- Housing First Principles and Practices
- Motivational Interviewing
- Cultural Humility/Anti Racism
- Non-Violent Crisis Intervention/De-Escalation
- Emergency Procedures
- Domestic Violence and Safety Planning
- CPR
- Mandated Reporting
- Sexual Harassment
- Conflict Resolution

5. FACILITIES, HEALTH, AND SAFETY

This section specifies some high-level policies that programs are expected to comply with, but it is not intended to provide comprehensive policies for operating a shelter facility. Each shelter program shall develop detailed policies relating to facilities management, health and safety.

A. Facility Standards

Shelter providers are responsible for ensuring that physical facilities are maintained in compliance with all applicable local, state, and federal regulations, including building and fire codes. Shelter providers must ensure the program safe provides a safe living space for participants. The program provider will work to create and maintain an environment where the safety of participants, staff, and volunteers are always prioritized.

Safety Standards and Policies

Shelter Providers are responsible for maintaining and implementing policies and following protocols to ensure shelter program's participant and staff health and safety. Policies should include, but are not limited to:

- Training for staff on health and safety measures to effectively promote a desirable, safe environment for all shelter participants. This includes training on emergency situations, de-escalation, and crisis prevention.
- Training, policies, and protocol to prevent violence, theft, and other incidents that put the safety and well-being of shelter participants and/or staff at risk. Have policies and procedures in place to investigate any potential incident of violence, theft, or other incidents, including a thorough investigation and actions to address the findings.
- Complete appropriate background checks and screening for all staff and any volunteers who have frequent, direct interactions with participants or may have access to participant information.
- Maintain process to thoroughly investigate any alleged incident involving participants. If an incident occurred, identify, and address any staffing, staff training, facility improvement, policy/protocol/procedure, or other changes necessary to address the incident and prevent future incidents.

- Train staff and any volunteers who may interact with participants or participant information on participant confidentiality.

- Shelters have procedures for preventing and controlling bed bug infestations. Bedding should be regularly changed and washed.
- Staff members must be properly immunized and encouraged to receive flu vaccines each season.
- All shelter staff are mandatory reporters of suspected neglect or abuse. Staff members must be trained on and comply with mandatory reporting statutes.

Docusign Envelope ID: F5D7AA76-3C6E-4782-B245-B1528938C428

Facility Configuration

Shelter programs may have different types of bed configurations, ranging from congregate/dormitory arrangements to private units. Whatever the configuration, the following general standards should be followed:

- Each participant should have his or her own bed.
- Cribs or Pack N Plays must be available for infants and very young children.
- Participants should be afforded privacy in their living space to the maximum extent possible given the facility configuration.
- Shelter programs should offer participants some common areas for recreation and socializing to the extent possible given the facility configuration.
- To the extent possible, shelter programs should provide safe common areas for recreation and socializing for young children and school aged children. It is further recommended that there be space for school aged children to be able to work on homework and study.
- Participants should have the ability to securely store possessions, and programs will work to maximize the secure storage space available for each participant. Programs may limit the number of possessions participants may bring to the shelter due to storage limitations and to prevent hoarding.
- Participants should have access to laundry facilities.
- Whenever possible, shelters should provide gender-neutral or unisex restrooms to make facilities more welcoming for transgender and non-binary participants.

Meals/Food Preparation Facilities

Shelter programs should provide participants with meals or should provide cooking facilities so that participants may prepare their own food. Facilities that prepare meals on-site must comply with all applicable health and safety codes relating to food preparation and handling.

B. Communicable Diseases

Shelter providers are responsible for developing written policies and procedures for preventing the transmission of COVID-19 and other communicable diseases, in alignment with the recommendations of the CDC, State of California and county public health departments. Policies must cover social distancing, screening and testing, isolation and quarantine, and vaccination.

6. GLOSSARY

Continuum of Care (CoC) Program. The Federal grant program for targeted homeless activities, including Rapid Rehousing, and Permanent Supportive Housing. Administered federally by the U.S. Department of Housing and Urban Development and locally by a nonprofit or governmental lead agency and overseen by the Continuum of Care governing body or board. In Monterey and San Benito Counties, the Lead Me Home Leadership Council is the Continuum of Care governing body and the Coalition of Homeless Services Providers (CHSP) is the lead agency. A Continuum of Care also refers to the overall system of shelter, housing, and services available in a community to assist people experiencing homelessness.

Docusign Envelope ID: F5D7AA76-3C6E-4782-B245-B1528938C428

Coordinated Entry System (CES). Coordinated Entry is a framework and process that organizes the homelessness response system through a common, population-specific assessment, centralized data system, and prioritization method that directs clients to appropriate resources and allows for data- driven decision-making and performance-based accountability. Coordinated Entry processes are divided into four parts: Access, Assessment, Prioritization, and Referral.

Diversion/Problem Solving. A strategy that prevents or diverts people from homelessness by helping identify immediate safe, indoor housing arrangements outside of the homelessness response system. Problem solving strategies operate with the goal of providing people with the appropriate level of assistance needed to resolve their homelessness and ensuring that scarce resources, especially more intensive housing supports, can serve households with higher levels of identified need.

Emergency Shelter. A facility providing shelter in a permanent location, for a limited period of time, to individuals and families having neither a home nor the means to obtain a home or other temporary lodging. Shelters provide time-limited accommodations in either a congregate or non-congregate setting.

Emergency Solutions Grant (ESG). A federal funding source for programs serving people experiencing homelessness with a focus on assisting people to quickly regain stability in permanent housing after experiencing a housing crisis and/or homelessness. In Monterey and San Benito Counites, the City of Salinas is the Administrative Entity (AE) for ESG funding.

Family. One or more adults with physical and legal custody of one or more minor children;

Housing First. A proven approach, applicable across all elements of systems for ending homelessness, in which people experiencing homelessness are connected to permanent housing swiftly and with few to no treatment preconditions, behavioral contingencies, or other barriers. (USICH, Housing First Checklist, 2016)

Permanent Supportive Housing (PSH) Subsidized rental housing without time limits and with intensive on-site support services to help tenants maintain housing and meet their desired goals. Permanent Supportive Housing is designed to house those individuals with the greatest housing barriers and the highest service needs.

Rapid Re-Housing (RRH). A housing program model that assists individuals and families who are homeless to move quickly into permanent housing, usually to housing in the private market. It does so by offering housing search assistance, time-limited and targeted services, and short-term rental assistance.

Transitional Housing (TH). An interim housing program model that provides persons or households with shared or private housing units for a time-limited period, during which time the person or household receives support services to help with the transition to permanent housing.

8. Encampment Resolution Funding Addendum

A. Background and Purpose

The California Interagency Council on Homelessness' (Cal ICH) Encampment Resolution Funding (ERF) is focused on ensuring the wellness and safety of people experiencing homelessness in encampments by providing services and supports that address their immediate physical and mental wellness and result in meaningful paths to safe and stable housing. ERF is competitive funding available to cities, counties, and Continuums of Care. Monterey County was awarded an ERF 2R grant in June 2023.

Each community must focus their project on a prioritized encampment site. For Monterey County's project, the prioritized encampment sites are located along the Pajaro River and Lower Salsipuedes Creek near the City of Watsonville (Santa Cruz County) and unincorporated town of Pajaro (Monterey County). This project is a multi-jurisdictional collaborative that includes both Santa Cruz and Monterey counties, the City of Watsonville, and the Pajaro Regional Flood Management Agency (PRFMA).

This addendum offers additional context about the requirements of the ERF project. This addendum should be used in tandem with the Monterey and San Benito County Shelter Standards when designing a shelter project.

B. Fiscal Deadlines

Monterey County was awarded an ERF 2R grant in June 2023. "2" refers to this being the second round of funding available through the ERF program. "R" refers to the rolling application process.

For ERF 2R grantees, the following fiscal deadlines apply:

Obligation Deadlines		Expenditure Deadlines	
100%	6/30/2024	50%	6/30/2024
		100%	6/30/2026

"Obligation" means that the grantee (Monterey County) has placed orders, awarded contracts, received services, or entered into similar transactions that require payment using ERF funding (Standard Agreement, Exhibit A, Section 3). For more detail about obligating funds, please see the Cal ICH Grants Obligation Handout.

"Expended" means ERF funds have been fully paid and receipted, and no invoices remain outstanding.

All requirements listed above, including expenditure maximums and expenditure minimums, are required per statute. Cal ICH monitors progress toward these deadlines using data provided on the quarterly reports.

C. Reporting Deadlines

The ERF grantee (Monterey County) is required to submit a quarterly report to Cal ICH. Cal ICH will share templates and instructions for the quarterly report with the grantee. Sub-grantees and partners may be

Docusign Envelope ID: F5D7AA76-3C6E-4782-B245-B1528938C428

required to submit data regarding expenditures, technical assistance needs, and project status to support this reporting process.

For ERF 2R grantees, the following reporting calendar applies:

Report Period	Report Available	Report due to Cal ICH
January 1 - March 31	April 1	April 30
April 1 - June 30	July 1	July 31
July 1 - September 30	October 1	October 31
October 1 - December 31	January 1	January 31

SUMMARY:

Monterey County Free Libraries has been awarded a grant from the California State Library to continue provision of Adult Literacy and Families for Literacy services.

DISCUSSION:

MCFL provides services for adults to build and enhance reading skills through group events, recruitment and training of individual tutors, and maintaining specific literacy focused materials in the library collections. This fundamental program is managed by a Librarian II and Library Assistant II who focus on Literacy programs, collections, and services systemwide. The program is supported through grants from the California Library Literacy Service (CLLS), donations from the Foundation for Monterey County Free Libraries, and the MCFL's operational budget. Additional support for California's Adult Literacy initiatives come from the federal Institution of Museum and Library Services, via Library Services and Technology Act grants to the California State Library. This multi-layered system of support allows public libraries to offer the chance to read and succeed at any age.

This CLLS grant supports MCFL in providing Adult Literacy and Families for Literacy programs, directly supporting a portion of staff time, materials for tutors and events, literacy collections, and ongoing recruitment and training of volunteer tutors.

OTHER AGENCY INVOLVEMENT/COMMITTEE ACTIONS:
County Counsel has reviewed as to form.

FINANCING:
The Literacy services are a standard part of MCFL's services to the public, and the Department's operational budget anticipated this grant award, so no additional appropriations are necessary.

budget on file with the State Library. Encumbered funds are those that have been deposited in the grantee's accounting system and for which a budget has been provided to and approved by the State Library.

Review the California Library Literacy Services Allowable and Unallowable Expenses guidelines to ensure project expenditures are consistent with the California Library Literacy Services allowable expenses. If you have questions about expenses or expending award funds, contact Allyson Jeffredo at CLLS@library.ca.gov.

We strongly encourage your program staff to develop and maintain community partners to strengthen your program, attend regular regional library literacy network meetings, participate in your local Adult Education Consortium/a, and participate in library literacy training opportunities offered by the regional networks and the State Library to meet the California Library Literacy Services Mission, Values, and Program Essentials. Additional California Library Literacy Services resources can be found on the California Library Literacy Services website.

The payment process begins when we receive your completed and signed claim form, certification form, and State Funded Grants Award Agreement and Certificate of Compliance included in this packet. All forms should be completed and signed through Docusign to be processed for payment.

2. All the reports must be current, include all required sections and documents, and must be approved by the Grant Monitor before any payment request can be processed. Failure to comply with the specified reporting requirements may be considered a breach of this Agreement and result in the termination of the Agreement or rejection of the payment request and/or forfeiture by the Grantee of claims for costs incurred that might otherwise have been eligible for grant funding. Any problems or delays must be reported immediately to the Grant Monitor. The financial reports shall reflect the expenditures made by the Grantee under the Agreement and may be incorporated into the same reporting structure as the narrative reports.

If the use of DocuSign is not acceptable to your organization, please contact your grant monitor regarding alternate options.
3. Any of the sums appearing under the categories in the approved budget may be adjusted with prior authorization from the California State Library Grant Monitor. This would be to increase the allotment with the understanding that there will be corresponding decreases in the other allotments so that the total amount paid by the California State Library to the Grantee under this Agreement shall not exceed the awarded amount, which shall be expended/encumbered during the grant period.
4. If the payment amount made by the California State Library exceeds the actual expenses incurred during the term of this Agreement, as reflected in the financial reports to be filed by the Grantee, the Grantee shall immediately refund the excess payment amount to the California State Library.
5. The Award payments will only be made to the Grantee. It is the Grantee's responsibility to pay all contractors and subcontractors for purchased goods and services.

    c. Require that every employee who works on the Agreement will:
        1) Receive a copy of the Grantee's drug-free workplace policy statement.
        2) Agrees to abide by the terms of the Grantee's statement as a condition of employment on the Agreement.

    Failure to comply with these requirements may result in suspension of payments under the Agreement or termination of the Agreement or both and grantee may be ineligible for award of any future state agreements if the California State Library determines that the grantee has made a false certification or violated the certification by failing to carry out the requirements as noted above.

16. Effectiveness of Agreement: This Agreement is of no force or effect until signed by both parties.

17. Entire Agreement: This Agreement supersedes all prior agreements, oral or written, made with respect to the subject hereof and, together with all attachments hereto, contains the entire agreement of the parties.

18. Exclusive Agreement: This is the entire Agreement between the California State Library and Grantee.

42. Pledge: This Agreement shall not be interpreted to create any pledge or any commitment by the State Library to make any other or further grants or contributions to Grantee, or any other person or entity in connection with the Project. It is mutually agreed that Grantee is responsible for furnishing funds beyond the grant award that may be necessary to complete outcomes or deliverables.

Grantee agrees to ensure that all content contained in its written reports are appropriate for publication. Said material, along with all other reports, documentation and data collected during the term of the Agreement, will be subject to disclosure unless it qualifies for exemption under the PRA in whole or in part. Grantee agrees to alert the State Library as to a basis for exemption, if any exists.

46. Publicity Obligations: Grantee will notify the State Library of any promotional materials or publications resulting from the grant no later than five (5) days in advance of distribution, whether they are print, film, electronic, or in any other format or medium. Copies of all promotional materials will be provided to the State Library. Grantee will acknowledge the State Library's support as noted above. Grantee agrees that the State Library may include information about this grant and its outcomes in its own annual reports, with specific reference to Grantee, and may distribute such information to third parties.

47. Records: Communications, grant related documents, data, original receipts, and invoices must be maintained by Grantee and shall be made available to the State Library upon request. Grantee agrees to maintain adequate grant program records and adequate financial records consistent with generally accepted accounting practices, and to retain all records for at least five (5) years after the end-of-term. The State Library may monitor or conduct an onsite evaluation of Grantee's operation to ensure compliance with this Agreement, with reasonable advance notice.

48. Reduction of Waste: In the performance of this Agreement, Grantee shall take all reasonable steps to ensure that materials purchased or utilized in the course of the project are not wasted. Steps should include, but not be limited to: the use of used, reusable, or recyclable products; discretion in the amount of materials used; alternatives to disposal of materials consumed; and the practice of other waste reduction measures where feasible and appropriate.

51. Self-Dealing and Arm's Length Transactions: All expenditures for which reimbursement pursuant to this Agreement is sought shall be the result of arm's-length transactions and not the result of, or motivated by, self-dealing on the part of the Grantee or any employee or agent of the Grantee. For purposes of this provision, "arm's-length transactions" are those in which both parties are on equal footing and fair market forces are at play, such as when multiple vendors are invited to compete for an entity's business and the entity chooses the lowest of the resulting bids. "Self-dealing" is involved where an individual or entity is obligated to act as a trustee or fiduciary, as when handling public funds, and chooses to act in a manner that will benefit the individual or entity, directly or indirectly, to the detriment of, and in conflict with, the public purpose for which all grant monies are to be expended.

The State Librarian shall determine and pay the Grantee for necessary and appropriate expenditures and obligations up to the date of termination which have not been covered by prior installments previously paid to the Grantee. Upon such termination, the unused portion of the grant award must be returned to the California State Library within 45 days. 56. Unused Funds: At the end-of-term Grantee agrees to return any unexpended or unaccounted for funds to the State Library, or to submit a written request for an extension of the grant period. Funds will be considered unexpended or unaccounted if they were: (1) not used for their intended purpose, or (2) used inconsistent with the terms of this Agreement.

    Funds will also be considered unaccounted for, and must be returned, if the proposal outcomes or deliverables are materially incomplete by the end-of-term or earlier termination, as determined by the State Library in its sole discretion.

57. Waiver of Rights: California State Library shall not be deemed to have waived any rights under this Agreement unless such waiver is given in writing and signed by California State Library. No delay or omission on the part of California State Library in exercising any rights shall operate as a waiver of such right or any other right. A waiver by California State Library of a provision of this Agreement shall not prejudice or constitute a waiver of California State Library's right otherwise to demand strict compliance with

Docusign Envelope ID: FCB0B0D3-A2F5-4ED1-8A04-03EF1AB8BD4D

that provision or any other provision of this Agreement. No prior waiver by California State Library, nor any course of dealing between California State Library and Grantee, shall constitute a waiver of any of California State Library's rights or of any of grantee's obligations as to any future transactions. Whenever the consent of California State Library is required under this Agreement, the granting of such consent by California State Library in any instance shall not constitute continuing consent to subsequent instances where such consent is required and in all cases such consent may be granted or withheld in the sole discretion of California State Library.

58. Work Products: Grantee shall provide California State Library with copies of all final products identified in the Work Plan and Application. Grantee shall also provide the State Library with copies of all public education and advertising material produced pursuant to this Agreement.

RE: Contractor and Grantee Compliance with Economic Sanctions Imposed in Response to Russia's Actions in Ukraine

Dear Grantee,

You are receiving this notification because you currently have an active grant through the California State Library.

On March 4, 2022, Governor Gavin Newsom issued Executive Order N-6-22 (EO) regarding sanctions in response to Russian aggression in Ukraine. The EO is located at https://www.gov.ca.gov/wp-content/uploads/2022/03/3.4.22-Russia-Ukraine-Executive-Order.pdf.

The EO directs all agencies and departments that are subject to the Governor's authority to take certain immediate steps, including notifying all contractors and grantees of their obligations to comply with existing economic sanctions imposed by the U.S. government in response to Russia's actions in Ukraine, as well as any sanctions imposed under state law.

This correspondence serves as a notice under the EO that as a contractor or grantee, compliance with the economic sanctions imposed in response to Russia's actions in Ukraine is required, including with respect to, but not limited to, the federal executive orders identified in the EO and the sanctions identified on the U.S. Department of the Treasury website (https://home.treasury.gov/policy-issues/financial-sanctions/sanctions-programs-and-country-information/ukraine-russia-related-sanctions). Failure to comply may result in the termination of contracts or grants, as applicable.

Please note that for any agreements or grants valued at $5 million or more, a separate notification will be sent outlining additional requirements specified under the EO.

Authorize the Department of Emergency Management (DEM) to submit an application for the purpose of obtaining financial assistance from the California Governor's Office of Emergency Services for Fiscal Years (FY) 2025 and 2026 Homeland Security Grant Program (HSGP).

RECOMMENDATION:
It is recommended that the Board of Supervisors:
Authorize the Department of Emergency Management (DEM) to submit an application for the purpose of obtaining financial assistance from the California Governor's Office of Emergency Services for Fiscal Years (FY) 2025 and 2026 Homeland Security Grant Program (HSGP).

SUMMARY:
The Department of Emergency Management coordinates applications and reporting efforts for the Homeland Security Grant Program. As authorized representatives DEM can submit applications and execute grant documents for the purpose of obtaining financial assistance from the California Governor's office of Emergency Services for FY 2025, and 2026 Homeland Security Grant Program.

DISCUSSION:
The Homeland Security Grant Program (HSGP) is a federally funded grant that supports local government agencies in their efforts to prevent, protect, mitigate, and respond to acts of terrorism and other threats. HSGP funding also provides resources necessary for the implementation and administration of the National Preparedness System. The Fiscal Year 2026 HSGP Notice of Funding Opportunity (NOFO) was released on July 28, 2025. The Department of Emergency Management (DEM) administers the program and receives an annual award on behalf of the Monterey County Operational Area. HSGP funds are received annually and used to purchase specialized equipment for fire, law enforcement, public safety, and other local jurisdictional emergency management preparedness needs. Equipment purchased with HSGP funding strengthens the capabilities of local governments and partner agencies to plan for and respond to large-scale emergencies, disasters, and other hazardous events. DEM solicits project applications from partner agencies within the Operational Area and submits a consolidated application to CalOES on behalf of Monterey County.

OTHER AGENCY INVOLVEMENT/COMMITTEE ACTIONS:
CalOES, County Counsel, Auditors and Contracts Purchasing review documents in relation to HSGP

and have approved as to form.

FINANCING:
Support for this action will not impact the Department of Emergency Management's FY 2025-26 Adopted budget and does not require matching funds. Projects will be initially funded through HSGP appropriations 024-001-8590-DEM002 and reimbursed upon project completion and when grant requirements are met.

BOARD OF SUPERVISORS STRATEGIC PLAN GOALS:
Applying for the Homeland Security Grant Program (HSGP) supports the County of Monterey Board of Supervisors' Strategic Plan by enhancing public safety, emergency preparedness, and community resilience through regional collaboration and resource-sharing. Leveraging federal funding reduces local costs while strengthening the County's ability to prevent, protect against, respond to, and recover from threats and hazards.

2. Eligibility

A. Eligible Entities/Entity Types	Only the following entities or entity types are eligible to apply. **a.** ***Applicants*** 1. Eligible Applicants The State Administrative Agency (SAA) is the only entity eligible to submit HSGP applications to DHS/FEMA. HSGP funds are provided to SAAs, which manage and distribute the funds within their respective states or territories. SAAs issue subawards to local governments and other eligible organizations, ensuring that resources reach areas that need them to enhance security and disaster response. For this funding opportunity, the term "state" includes all U.S. states, the District of Columbia, the Commonwealth of Puerto Rico, the U.S. Virgin Islands, Guam, American Samoa, and the Commonwealth of the Northern Mariana Islands. Tribal governments are not eligible to apply directly for HSGP funding but may receive funding through their state's SAA. **b**. ***Subapplicant*** SAAs distribute HSGP funds through subawards to other state, local, or tribal organizations. These organizations, called subrecipients, use the funds to improve local and regional security efforts. Subapplicants should not have foreign nationals or noncitizens included. If a subapplicant has foreign nationals, they must be

	properly vetted and must adhere to all government statutes, policies, and procedures including "staff American, stay in America" and security requirements. 1. Subrecipient Eligibility Under HSGP, FEMA provides funds to each state's SAA. The SAA distributes these funds to other state or local organizations, such as city agencies or county departments. These distributed funds are called subawards, and the organizations receiving them are referred to as subrecipients. • SHSP: All U.S. states and territories listed above are eligible. Tribal governments must work through their state's SAA. • OPSG: Eligible subrecipients include county-level or equivalent governments and federally recognized tribal governments in states bordering Canada or Mexico, or those with international water borders. Applicants must have active U.S. Border Patrol operations coordinated with a U.S. Customs and Border Protection sector office to qualify. OPSG subrecipients are divided into three tiers based on their location: o Tier 1 includes counties or tribal governments directly on the land borders with Canada and Mexico, or those located directly on physical borders with Canada, Mexico, or along international water borders. o Tier 2 includes counties or tribal governments next to Tier 1 locations. o Tier 3 includes counties or tribal governments next to Tier 2 locations. The tier structure is only applicable with regard to eligibility. OPSG funding allocations are based on the assessed border security risks as determined by the U.S. Border Patrol. ***c. All Recipients - Compliance with Federal Immigration Laws*** An immigration term and condition may be material to the Department of Homeland Security's decision to make this grant award, and the Department of Homeland Security may take any remedy for noncompliance, including termination, if the state or territorial recipient or any local government subrecipient fails to comply with this term and condition. No final agency determination has been made as of the date of this publication 2. Reducing Subapplicant Burden

	For FY 2025, each SAA is strongly encouraged to re-evaluate its process for collecting and evaluating subaward applications. FEMA encourages each SAA to minimize the type and quantity of information that it collects as part of the subaward application process, in order to decrease the overall financial and time burden associated with applying for subawards under this grant program. Each SAA should review its subaward application and reduce or eliminate the request for any information that is not needed for legal, financial, or oversight purposes. For more details on eligibility requirements or restrictions to subawards/subrecipients, please see the Preparedness Grants Manual.
B. Project Type Eligibility	**a. *Unallowable Project Types*** See Section 3.F "Program-Specific Unallowable Costs" and 7.A.b "Ineligible Projects" for more information on unallowable project types. **b. *Allowable Project Types*** Allowable costs for SHSP and OPSG generally fall into five main categories: planning, organization, equipment, training, and exercises (POETE). All projects funded under SHSP must demonstrate a clear connection to building capabilities that prevent, prepare for, protect against, or respond to acts of terrorism. Please see Appendix 12.B: Allowable Costs for more information on allowable costs. If there are questions about specific experiences, contact your FEMA Preparedness Officer.
C. Requirements for Personnel, Partners, and Other Parties	An application submitted by an otherwise eligible non-federal entity (i.e., the applicant) may be deemed ineligible when the person that submitted the application is not: 1. ***A current employee, official, or leader*** of the recipient organization; and 2. ***Authorized to apply*** for the award on behalf of the entity at the time of submission. Additionally, the **Authorized Organization Representative (AOR)** must: 1. Be a current authorized employee, official, or leader of the recipient organization. 2. Use a unique email address associated with the recipient organization at the time of application and upon any change in assignment during the period of performance.

	Consultants or contractors are not permitted to serve as the AOR of the recipient organization. For more information on the roles and responsibilities of the AOR, refer to FEMA's guidance on Roles and Permissions. Subapplicants should not have foreign nationals or noncitizens included. If a subapplicant has foreign nationals, they must be properly vetted and must adhere to all government statutes, policies, and procedures including "staff American, stay in America" and security requirements. Subapplicants/subrecipients must submit short bios and resumes. This should include the type of entity, organizational leadership, and board members along with both the names and addresses of the individuals. Resumes are subject to approval.
D. Maximum Number of Applications	The maximum number of applications that can be submitted is: 1. One per SAA
E. Additional Restrictions	Applicants/subapplicants or recipients/subrecipients are required to certify their compliance with federal statutes, DHS directives, policies, and procedures. Under HSGP, there are specific funding guidelines / requirements for allocating funds: **a.** ***Pass-Through Requirements*** Awards made to the SAA for HSGP carry additional statutorily mandated pass-through requirements. Pass-through is defined as an obligation on the part of the SAA to make funds available to local units of government, combinations of local units, tribal governments, or other specific groups or organizations as defined at 6 U.S.C. § 101(13). **b.** ***National Priority Areas (NPAs) Minimum Spend Requirements*** Requires that SHSP recipients allocate at least 30% of their funds between the five NPAs. The five NPAs, along with the relevant minimum spend percentage, are: • Enhancing the Protection of Soft Targets/Crowded Places: No minimum spend. • Supporting Homeland Security Task Forces and Fusion Centers: No minimum spend. • Enhancing Cybersecurity: No minimum spend. • Enhancing Election Security: At least 3% of the total allocation must be dedicated to this area. • Supporting Border Crisis Response and Enforcement: At least 10% of the total allocation must be dedicated to this area.

	c. ***Law Enforcement Terrorism Prevention Activities (LETPA)*** 1. **Legal Requirement**: Per section 2006 of the *Homeland Security Act* of 2002 (codified as amended at 6 U.S.C. § 607(a)) DHS/FEMA is required to ensure that at least 25% of grant funding under HSGP is used for LETPA. 2. **FY 2025 Update:** DHS/FEMA has maintained this requirement at the FY 2024 level, mandating at least 35% HSGP funds are used for LETPA. 3. **Recipient Obligations:** • The requirement can be fulfilled by funding projects across any of the five NPAs or other investments that meet the LETPA criteria. **Additional Guidance:** Information Bulletin (IB) 485 includes the most up-to-date information on project selection considerations and allowable activities for LETPA investments and compliments IB 473. Both IBs are applicable to the FY 2025 HSGP NOFO. For comprehensive LETPA requirements, refer to the Law Enforcement Terrorism Prevention Activities Resource Guide. For more information on funding restrictions, refer to General Funding Requirements.
F. References for Eligibility Factors within the NOFO	Please see the following references provided below: 1. "Responsiveness Review Criteria" subsection 2. "Financial Integrity Criteria" subsection 3. "Supplemental Financial Integrity Criteria and Review" subsection 4. FEMA may/will request financial information such as Employer Identification Number (EIN) and bank information as part of the potential award selection. This will apply to everyone proposed, including subrecipients.
G. Cost Sharing Requirement	There is no cost share requirement.
H. Cost Share Description, Type and Restrictions	Not applicable.
I. Cost Sharing Calculation Example	Not applicable.

3. Program Description

A. Background, Program Purpose, and Program History

Background

HSGP includes two key grant programs designed to enhance the capabilities of state, local, tribal, and territorial governments, as well as nonprofits, in preventing, protecting against, and responding to terrorist attacks. These programs are part of a comprehensive set of measures authorized by Congress and implemented by the Department of Homeland Security (DHS) to strengthen the nation's communities against potential terrorist threats.

In FY 2025, HSGP continues to include two key grant programs:

- SHSP: Supports the implementation of risk-driven, capabilities-based State Homeland Security Strategies to address capability targets.
- OPSG: Enhances cooperation and coordination among state, local, tribal, territorial, and federal law enforcement agencies to jointly enhance security along the United States land and water borders.

These programs collectively aim to strengthen the nation's ability to prevent, prepare for, protect against, and respond to acts of terrorism and other threats.

Program Purpose and History

Since its inception in 2003, HSGP has significantly enhanced the nation's preparedness. HSGP addresses evolving threats such as cybersecurity vulnerabilities and the protection of soft targets and crowded places. It represents a comprehensive approach to national security, fostering collaboration across all levels of government and within communities to build a safer, more resilient nation. Through planning, training, equipment procurement, and exercises, the program ensures jurisdictions are prepared for a wide range of risks.

In recent years:

- Funding priorities have evolved to include cybersecurity, election security, and countering emerging national security threats.
- Key accomplishments include the development of interoperable communication systems, emergency response training, and investment in physical and cybersecurity measures.
- The program emphasizes strategic investments to address identified capability gaps, requiring alignment with Threat and Hazard Identification and Risk Assessment (THIRA) and Stakeholder Preparedness Review (SPR).

This support equips various jurisdictions with the necessary tools and resources to effectively manage and mitigate a wide range of threats and hazards, aligning with FEMA's goal of building a secure and resilient nation.

B. Goals and Objectives

As HSGP is comprised of two different grant programs, this section is divided into SHSP and OPSG, each with its own focus and goals. SHSP aims to strengthen the ability of states to prevent, prepare for, protect against, and respond to acts of terrorism and other hazards. OPSG, on the other hand, remains unique to border security, and focuses on improving cooperation between local, tribal, state, and federal law enforcement to secure America's international borders. These programs work together to build a secure and resilient nation, giving communities the tools and resources they need to handle various threats and emergencies effectively.

a. *SHSP Goal*

The goal of SHSP is to **support statewide and state, local, tribal, and territorial (SLTT) governments** in building, enhancing, and sustaining the capabilities needed to prevent, prepare for, protect against, and respond to acts of terrorism. SHSP funding is intended to help SLTT agencies address capability gaps identified through the THIRA/SPR process, as well as prioritize resources toward high-impact security focus areas, known as NPAs.

SHSP aims to build a cohesive and collaborative approach to homeland security by promoting national preparedness and resilience.

b. *SHSP Objectives*

SHSP provides resources that support eligible SLTT governments in meeting the following objectives:

- Build and sustain core capabilities, including LETPA and the NPAs (see priorities below);
- Address capability gaps identified in their THIRA and SPR process; and
- Implement a comprehensive and coordinated approach to address enduring security needs of communities that includes planning, training and awareness campaigns, equipment and capital projects, and exercises.

c. *SHSP Funding Priorities and Requirements*

HSGP establishes specific funding requirements to ensure resources are allocated effectively and address critical national priorities.

1. Law Enforcement Terrorism Prevention Activities (LETPA)

- Description: LETPA are initiatives funded through HSGP aimed at enhancing law enforcement's ability to prevent terrorist attacks. These activities focus on building and sustaining capabilities in areas such as intelligence analysis, information sharing, threat recognition, and terrorist interdiction.
- Allocation Requirement: At least 35% of total HSGP funds must be allocated to LETPA-related activities.
- Project Alignment: LETPA funds can be applied to projects across the five NPAs or other investments that meet LETPA criteria.
- Additional Guidance: For detailed guidance on allowable LETPA expenditures and requirements, refer to FEMA's Preparedness Grants Manual and Information Bulletin 485 and Information Bulletin 497.

2. National Priority Areas (NPAs)

- Description: FY 2025 HSGP aligns with the Administration's priorities by directing resources toward the most urgent threats facing the Nation. Through the State Homeland Security Program (SHSP), HSGP supports the development and sustainment of core capabilities essential to achieving the National Preparedness Goal (NPG): "A secure and resilient Nation."

  To ensure strategic focus, DHS has identified five NPAs that reflect the evolving risk landscape and national policy objectives. These priorities serve as a framework for targeting investments that build capability, reduce risk, and promote cross-sector coordination.

  The FY 2025 NPAs are:

  1. Enhancing the protection of soft targets and crowded places,
     - This includes faith-based organizations and election sites;
  2. Supporting Homeland Security Task Forces and fusion centers;
  3. Enhancing and integrating cybersecurity resiliency;
  4. Enhancing election security; and
  5. Border Crisis Response and Enforcement Support.
     - Example activities under border crisis response and enforcement support may include:
       1. Participation in the Department of Homeland Security/Immigration and Customs Enforcement 287(g) training program;
       2. Cooperation with Immigration and Customs Enforcement detainers; and
       3. Other jurisdictional responsibilities to support the enforcement of United States immigration law.

  These NPAs are rooted in the core mission areas of the NPG—prevention, protection, mitigation, and response—, and reflect a whole-of-government approach to homeland security. Applicants should use these priorities to guide planning, investment, and implementation to drive measurable outcomes and long-term resilience.

- Allocation Requirement:
  Recipients must allocate at least 30% of their SHSP funds to the five NPAs. Funds can be applied to projects across the five NPAs and can be used to meet LETPA criteria. By meticulously outlining how each investment and project meets LETPA and NPA requirements within the Investment Justifications (IJ), applicants can enhance the effectiveness and compliance of their funding proposals.

- Minimum Spend:
  - Enhancing Election Security requires at least 3% of total SHSP funds.
  - Supporting Border Crisis Response and Enforcement requires at least 10% of total SHSP funds.

- The remaining 17% can be allocated across the other NPAs.

Failure to meet NPA spending requirements will result in a hold on affected funds until compliance issues are resolved.

Priority Areas	Description	Minimum Allocation Requirement
Enhancing the Protection of Soft Targets/Crowded Places	Improving security at locations accessible to the public and vulnerable to attacks.	No minimum allocation
Supporting Homeland Security Task Forces and Fusion Centers	Promoting coordination of activities and critical information sharing and analysis to prevent and respond to threats.	No minimum allocation
Enhancing Cybersecurity	Strengthening the protection of computer systems and networks against cyber threats.	No minimum allocation
Enhancing Election Security	Ensuring the integrity and security of voting systems.	At least 3% of the total SHSP allocation must be dedicated to this area
Supporting Border Crisis Response and Enforcement	Supporting collaboration between state and local law enforcement and U.S. Immigration and Customs Enforcement (ICE) through the 287(g) program to identify and remove individuals who pose a threat to public safety and national security.	At least 10% of the total SHSP allocation must be dedicated to this area

States are encouraged to review the Strategic Framework for Countering Terrorism and Targeted Violence when developing investments.

- **NPA Investments: SHSP**
  - **Soft Targets/Crowded Places (no minimum percent)**
    Soft targets and crowded places, like parks, shopping centers, transportation hubs, and event venues, are increasingly appealing to terrorists because of their accessibility and the large gatherings. These areas often lack strict security measures, making them vulnerable. To address this, public and private sectors must collaborate to strengthen the security of locations such as transportation centers, restaurants, polling places, and similar facilities. Personnel responding to incidents at these sites should also be trained in key operational systems, such as the Incident Command System (ICS), to ensure effective on-scene incident management.

    In addition, the malicious use of unmanned aircraft systems (i.e., drones) poses safety and security risks to soft targets and crowded places. Detecting drones is an allowable use of funds under the HSGP in accordance with Executive Order 14305, *Restoring American Airspace Sovereignty*, which allows the purchase of unmanned aircraft systems (UAS) or equipment or services for the detection, tracking, or identification

of drones and drone signals, and FEMA Information Bulletin 530. Before purchasing and deploying these systems, as outlined EO 14305, recipients must:

- **Consult FEMA and Legal Experts:** Work with FEMA's Preparedness Officer and legal experts to ensure your policies and procedures comply with federal and state laws regarding surveillance and communication.
- **Develop Standard Operating Procedures (SOPs):** Establish clear guidelines to ensure operations are conducted in a manner consistent with First and Fourth Amendment protections, and other applicable provisions of federal law.
- **Provide Training and Certification:** Ensure personnel operating UAS systems are properly trained and certified, in accordance with FEMA and Federal Aviation Administration standards.

Applicants are encouraged to submit an investment related to protecting soft targets/crowded places. The proposed investment will be subject to DHS/FEMA's evaluation of the effectiveness of the proposed investments. States are encouraged to engage DHS' Protective Security Advisors for security assessments of soft targets to ensure that recommendations from those assessments are taken into consideration when allocating grant funding.

Additional Resources
Further guidance and resources for securing soft targets and crowded places can be found through the Cybersecurity and Infrastructure Security Agency (CISA) and the National Institute of Standards and Technology). For comprehensive compliance and operational details, refer to FEMA's Preparedness Grants Manual and related program documents.

- **Supporting Homeland Security Task Forces and Fusion Centers (no minimum percent)**
  This priority supports the Administration's direction under Executive Order 14159, *Protecting the American People Against Invasion*, which calls for the establishment of Homeland Security Task Forces (HSTFs) nationwide. These multi-agency teams—composed of federal and local law enforcement partners—are tasked with disrupting and dismantling transnational criminal organizations, targeting cross-border human smuggling and trafficking networks (especially those involving children), and using all appropriate law enforcement tools to support lawful immigration enforcement.

  Activities under this NPA also enhance broader national efforts in:

  - Counterterrorism
  - Cybersecurity
  - Border security
  - Immigration enforcement
  - Transnational organized crime
  - Protection of economic and critical infrastructure

  Allowable Costs:

Applicants may use grant funds for:

- Establishing or enhancing multi-agency HSTFS, including operational coordination centers
- Enhancing capabilities and integration with local fusion centers
- Procurement of technology or equipment to support surveillance, communications, and data analysis
- Development of standard operating procedures for information sharing, joint operations, and immigration enforcement coordination
- Personnel training, credentialing, and certification to improve interoperability and mission alignment
- Intelligence analysis, reporting, and suspicious activity monitoring
- Exercises and simulations focused on joint operations, intelligence sharing, or interdiction/disruption of criminal or smuggling networks
- Community engagement efforts to foster trust and encourage threat reporting

Fusion Center Requirements: While there is no minimum spending requirement for this NPA, applicants must include at least one dedicated fusion center project under this priority. Applicants must clearly justify how their project will enhance information sharing, collaboration, and a culture of national preparedness. DHS/FEMA will evaluate these investments based on their effectiveness and alignment with program objectives. Please see the Preparedness Grants Manual for more information on fusion center performance measures.

Additional resources and information regarding collaboration and information sharing are also available through the Department's Office of Intelligence and Analysis.

- **Cybersecurity (no minimum percent)**
  In today's interconnected world, increased connectivity brings greater risks, including the potential for adversaries and terrorists to exploit cyber vulnerabilities and disrupt critical systems. While not mandatory, applicants are encouraged to submit proposals for ongoing or high-priority cybersecurity projects. DHS/FEMA will evaluate these investments based on their effectiveness.

  Cybersecurity investments should enhance the security and functioning of critical infrastructure and core capabilities related to preventing, preparing for, protecting against, or responding to acts of terrorism.

  Additional resources and information regarding cybersecurity and cybersecurity performance goals are available through the Cybersecurity and Infrastructure Security Agency, Cross-Sector Cybersecurity Performance Goals | CISA, and the National Institute of Standards and Technology.

- **Election Security (3% minimum allocation)**
  In January 2017, DHS designated the infrastructure used to administer the Nation's elections as critical infrastructure. This designation recognizes that the United States'

election infrastructure is of such vital importance to the American way of life that its incapacitation or destruction would have a devastating effect on the country. Additionally, the Homeland Threat Assessment 2024 indicates that electoral processes remain an attractive target for many adversaries.

Securing election infrastructure, ensuring its continued operation in the face of threats and harassment, advancing the safety of election officials, and protecting against foreign interference are national security priorities. Because threats to election systems are constantly evolving, defending these systems requires constant vigilance, innovation, and adaptation. By integrating the directives of Executive Order 14248, *Preserving and Protection the Integrity of American Elections*, into the Election Security NPA, HSGP recipients can ensure that their efforts contribute to a secure, transparent, and resilient electoral process, thereby reinforcing public trust and the integrity of democratic institutions.[1]

To address these priorities, each state must make at least one (1) investment that supports physical and/or cyber election security. Proposed investments must meet or exceed the FY 2025 national priority percentage for election security (minimum 3%) and will be evaluated by DHS/FEMA for effectiveness and alignment with program goals.

To further strengthen election integrity, jurisdictions must:

- Prioritize compliance with the Voluntary Voting System Guidelines (VVSG) 2.0 established by the U.S. Election Assistance Commission;
- Complete testing through a Voting System Test Laboratory (VSTL) accredited by the Commission;[1]
- Utilize the U.S. Citizenship and Immigration Services' Systematic Alien Verification Entitlements (SAVE) system to verify that anyone working at a polling place in any capacity is a U.S. citizen.
- Demonstrate proof of compliance before accessing the full HSGP award—3% of the award will be withheld from drawdown until compliance is confirmed.

Additional resources and information regarding election security are available through the Cybersecurity and Infrastructure Security Agency.

Supporting Border Crisis Response and Enforcement (10% minimum allocation)
State and local law enforcement agencies are essential partners in safeguarding national security and public safety. Pursuant to Executive Order 14159, *Protecting the American People Against Invasion*, it is the policy of the United States to enforce immigration laws against all inadmissible and removable aliens—particularly those who threaten the safety or security of the American

[1] Exec. Order No. 14,248, Preserving and Protecting the Integrity of American Elections, 90 Fed. Reg. 14,005 (Mar. 25, 2025).

people. This includes the efficient execution of these laws through lawful incentives and enhanced detention capabilities.

This NPA supports efforts that align with this policy and promote cooperation between local and federal partners. Projects may include, but are not limited to:

- Participation in the DHS/ICE 287(g) program, allowing trained local officers to support ICE with immigration enforcement;
- Cooperation with ICE detainers and other jurisdictional responsibilities related to immigration enforcement; and
- Supportive activities such as officer training, technology and information sharing, operational support, and community engagement.

At least one (1) investment must support efforts under this NPA. Applicants must allocate at least 10% of total SHSP funds to this area. All investments will be reviewed by DHS/FEMA to ensure they are effective, lawful, and aligned with program goals. The SAA must coordinate with ICE on all projects and related matters. Additional guidance and information on the 287(g) program is available through the ICE 287(g) program website.

d. *Other FY 2025 SHSP Funding Priorities*

There are several enduring security needs that crosscut the homeland security enterprise to which recipients should consider allocating funding across core capability gaps and national priorities. The following are enduring needs that help recipients implement a comprehensive approach to securing communities:

- Effective planning;[2]
- Training and awareness campaigns;
- Equipment and capital projects; and
- Exercises.

The table below provides a breakdown of the FY 2025 SHSP priorities showing the core capabilities enhanced and lifelines supported, as well as examples of eligible project types for each area. More information on allowable investments can be found in Appendix 12.B and in the Preparedness Grants Manual (FM-207-23-001).

DHS/FEMA expects that national priorities will continue to be included in future years, evolving as threats change and capability gaps are addressed. Applicants are strongly encouraged to start planning now to sustain existing capabilities using funding sources other than DHS preparedness grants.

[2] Including assessment of critical infrastructure system vulnerabilities and plans to reduce consequences of disruptions, using the Infrastructure Resilience Planning Framework and Regional Resiliency Assessment Methodology produced by the Cybersecurity and Infrastructure Security Agency.

Projects listed in the table below may be useful in preparing for disasters unrelated to terrorism, as long as they also support the primary goals of preventing, preparing for, protecting against, or responding to acts of terrorism.

For FY 2025, each SHSP recipient is required to submit an Investment Justification (IJ) for the NPAs with minimum spend requirements (i.e., Enhancing Election Security and Supporting Border Crisis Response and Enforcement). The investments must also account for at least the relevant minimum percentage of the applicant's SHSP allocations. SAAs may submit complete project-level information at the time of application, including the NPA IJs, but are not required to do so. ***As a reminder, all SHSP-funded projects must have a demonstrated nexus to achieving target capabilities related to preventing, preparing for, protecting against, and responding to acts of terrorism***. At the same time, these projects can also help improve preparedness for other types of disasters.

e. *Goals and Objectives for OPSG*

Operation Stonegarden (OPSG) supports enhanced cooperation and coordination among Customs and Border Protection (CBP)/United States Border Patrol (USBP), and federal, state, local, tribal, and territorial law enforcement agencies to strengthen border security.

The program's objectives are to:

- Enhance collaboration and coordination among federal, state, local, tribal, and territorial law enforcement agencies to strengthen border security;
- Support joint efforts to secure borders, including land and water routes, and critical travel corridors; and
- Improve information and intelligence sharing to address border-related threats effectively.

f. *OPSG Funding Priorities*

FY 2025 Emphasis:

- Jurisdictions are encouraged to participate in the 287(g) program as part of their OPSG efforts when coordinated with and endorsed by USBP.

- Funding dedicated to support 287(g) activities under OPSG is encouraged but does not count toward the 10% minimum allocation required for the new "Supporting Border Crisis Response and Enforcement" National Priority Area (NPA) under SHSP.

The table below provides examples of project types.

FY 2025 OPSG - Example Project Types

Priority Areas	Core Capabilities	Lifelines	Example Project Types
National Priorities			
Supporting Border Crisis Response and Enforcement	• Training and awareness • Community resilience • Operational coordination • Risk management for protection programs and activities	• Enhance collaboration and coordination among federal, state, local, tribal, and territorial law enforcement agencies to strengthen border security • Support joint efforts to secure borders, including land and water routes, and critical travel corridors • Improve information and intelligence sharing to address border-related threats effectively • Provide staffing support to expand 287(g) screening operations within correctional facilities • Operational overtime costs directly tied to 287(g) screening, processing, and enforcement activities • Training programs for state and local law enforcement officers in immigration law, civil rights protections, and 287(g) procedures	

CBP/USBP remains the lead federal entity in determining eligibility, setting operational priorities, and coordinating all OPSG activities. Any use of 287(g) as part of eligibility must be developed in close coordination with CBP and reflect USBP's operational assessments and strategic goals.

C. Program Rationale
The stated goals, objectives, and priorities of HSGP support Section 2002 of the *Homeland Security Act of 2002*, Pub. L. No. 107-296 (codified as amended at 6 U.S.C. § 603).

D. Federal Assistance Type
Grant

E. Performance Measures and Targets
a. ***SHSP***

1. Number of recipients and stakeholders participating in the HSGP program.
2. Number of recipients and stakeholders addressing capability gaps identified through the THIRA/SPR process.
3. Number of gaps mitigated in a core capabilities that have a target(s) rated as high priority.
4. Percent change in year-over-year capability levels relating to targeted high priority capabilities identified through the THIRA/SPR process.

FEMA will calculate and analyze the above metrics through a review of state/territory SPR submissions and required programmatic reports.

b. ***OPSG***

1. Number of OPSG-funded overtime hours contributed by subrecipients to support and strengthen the U.S. CBP's border security operations.
2. Number of OPSG-funded overtime hours contributed by subrecipients to support and strengthen the U.S. CBP's border security operations.
3. Number of SLTT law enforcement agencies participating in joint OPSG activities.

F. Program-Specific Unallowable Costs

a. ***Unallowable Costs for SHSP and OPSG***

Per FEMA policy, the purchase of weapons and weapons accessories, including ammunition, is not allowed with HSGP funds. Grant funds may not be used for the purchase of the following equipment: firearms; ammunition; grenade launchers; bayonets; or weaponized aircraft, vessels, or vehicles of any kind with weapons installed. Unauthorized exercise-related costs include:

- Reimbursement for the maintenance or wear and tear costs of general use vehicles (e.g., construction vehicles), medical supplies, and emergency response apparatus (e.g., fire trucks, ambulances); and
- Equipment that is purchased for permanent installation and/or use, beyond the scope of the conclusion of the exercise (e.g., electronic messaging sign).

HSGP funds may not be used to support the hiring of sworn public safety officers for purposes of fulfilling traditional public safety duties or to supplant traditional public safety positions and responsibilities (6 U.S.C. § 609(b)(1)(A)).

As directed by Section 2008(b)(2) of the *Homeland Security Act of 2002* (codified as amended at 6 U.S.C. § 609(b)(2)), all personnel and personnel-related costs, including those of intelligence analysts and operational overtime, are allowed up to 50 percent of HSGP funding without time limitation placed on the period of time that such personnel can serve. FEMA may provide a waiver at the request of the recipient to allow personnel expenses to exceed 50 percent of the amount awarded, however.

b. ***Unallowable Costs for OPSG Only***

OPSG funds may not be used for the following:

- Evidence collection, arrest processing, prosecution, and Traffic/DUI checkpoints, such as evidence documentation cameras, fingerprinting supplies, alcohol breathalyzers, portable work lights, traffic barricades, and similar law enforcement expenses;
- Staffing (other than overtime) and general information technology computing equipment and hardware, such as personal computers, faxes, copy machines, and modems;
- Hiring full-time or permanent sworn public safety officers;
- Supplanting of inherent routine patrols and law enforcement operations or activities not directly related to providing enhanced coordination between local and federal law enforcement agencies;
- Construction and/or renovation costs; or
- Exercise expenses.

Applicants should refer to IB 421b, or contact their FEMA Headquarters (HQ) Preparedness Officer for guidance and clarification. Due to the nature of OPSG, exercise expenses are not allowable costs under OPSG.

G. General Funding Requirements
Costs charged to federal awards (including federal and non-federal cost share funds) must comply with applicable statutes, rules and regulations, policies, this NOFO, the Preparedness Grants Manual, and the terms and conditions of the federal award. This includes, among other requirements, that costs must be incurred, and products and services must be delivered within the budget period. 2 C.F.R. § 200.403(h).

Recipients may not use federal funds or any cost share funds for the following activities:

1. Matching or cost sharing requirements for other federal grants and cooperative agreements (see 2 C.F.R. § 200.306).
2. Lobbying or other prohibited activities under 18 U.S.C. § 1913 or 2 C.F.R. § 200.450.
3. Prosecuting claims against the federal government or any other government entity (see 2 C.F.R. § 200.435).

1. Funds Transfer Restriction

Recipients are not allowed to move funds between programs (SHSP and OPSG). While projects can be funded by multiple sources, recipients cannot shift funds from one program to another.

H. Indirect Costs (Facilities and Administrative Costs)
Indirect costs are allowed for recipients and subrecipients.

Indirect costs (IDC) are costs incurred for a common or joint purpose benefitting more than one cost objective and not readily assignable to specific cost objectives without disproportionate effort. Applicants with a current negotiated IDC rate agreement who desire to charge indirect costs to a federal award must provide a copy of their IDC rate agreement with their applications. Not all applicants are required to have a current negotiated IDC rate agreement. Applicants that are not required to have a negotiated IDC rate agreement, but are required to develop an IDC rate proposal, must provide a copy of their proposal with their applications. Applicants without a current negotiated IDC rate agreement (including a provisional rate) and wish to charge the de minimis rate must reach out to FEMA for further instructions. Applicants who wish to use a cost allocation plan in lieu of an IDC rate proposal must reach out to FEMA for further instructions. As it relates to the IDC for subrecipients, a recipient must follow the requirements of 2 C.F.R. §§ 200.332 and 200.414 in approving the IDC rate for subawards.

See the Preparedness Grants Manual for information on establishing indirect cost rates.

I. Management and Administration (M&A) Costs
Recipients can use up to 5% of their HSGP funds for M&A purposes. *Full-Year Continuing Appropriations and Extensions Act, 2025, Pub. L. No. 119-4, § 1101*. Subrecipients may also use

up to 5% of the funding passed through by the state specifically for M&A related to the HSGP award.

Recipients or subrecipients can apply M&A costs toward meeting the NPA spending requirements. For example, if a recipient spent $5,000 on administering election security projects, it could count toward the mandatory 3% allocation for the election security NPA.

The total M&A funds a state can retain are based on 5% of the combined total of its SHSP and OPSG awards. However:

- States must ensure subrecipient awards meet the mandatory pass-through requirements before retaining M&A funds.
- Pass-through percentages are calculated based on the total HSGP award, before M&A deductions.

Under OPSG, subrecipients - including local law enforcement agencies referred to as "friendly forces" - can use up to 5% of their awarded funds for M&A expenses (*Full-Year Continuing Appropriations and Extensions Act, 2025, Pub. L. No. 119-4, § 1101*). In retaining these funds, states may retain a maximum of 2.5% of the OPSG allocation, which must be withheld from the pass-through to each subrecipient county or tribe in an equal percentage. The SAA may also retain additional funding from its SHSP award to manage and administer the OPSG award, but that additional amount is also capped at an amount equal to 2.5% of the OPSG award.

Example of applying this principle:

SAA 1:

- Total award: $4,500,000
- SHSP: $3,500,000 OPSG: $1,000,000
- M&A Maximum: $225,000 (5% of $4,500,000)
- Maximum M&A for SHSP = $175,000
- Maximum M&A for OPSG = $50,000. Of that amount, $25,000 (2.5%) may be retained from the OPSG allocation, and the other $25,000 would come from the SHSP allocation. Any amount used to manage and administer OPSG that is charged to SHSP may be above and beyond the $175,000 available to manage the SHSP allocation.

M&A charged to OPSG and SHSP funding must be used to support that particular program. See the Preparedness Grants Manual for information on M&A costs.

J. Pre-Award Costs

Pre-award costs are defined as costs incurred by the applicant prior to the start date of the period of performance of the federal award and are allowable only with the prior written approval of DHS/FEMA and as included in the award agreement. To request pre-award costs, a written request must be included with the application, signed by the AOR of the entity. The letter must outline what the pre-award costs are for, including a detailed budget break-out of pre-award costs from the post-award costs, and a justification for approval. For more information, please contact your assigned FEMA HQ Preparedness Officer.

K. Beneficiary Eligibility
There are no program requirements. This NOFO and any subsequent federal awards create no rights or causes of action for any beneficiary.

L. Participant Eligibility
There are no program requirements. This NOFO and any subsequent federal awards create no rights or causes of action for any participant.

M. Authorizing Authority
Section 2002 of the *Homeland Security Act of 2002*, Pub. L. No. 107-296 (codified as amended at 6 U.S.C. § 603).

P. Prohibition on Covered Equipment or Services
See the Preparedness Grants Manual for information on prohibitions on expending funds on covered telecommunications and surveillance equipment and services.

a. ***IJ Development: SHSP***

Each IJ begins with an overview that aligns the proposed investments with the applicant's homeland security strategy and the program's goals.

1. **Investments:** Applicants must propose a minimum of two and a maximum of twelve investments within the IJ. Each investment represents a strategic area of focus and should include:
   - **Investment Name:** A clear title that reflects the focus area.
   - **Description:** An explanation of how the investment supports planning, organization, equipment, training, and exercises.
   - **Alignment:** Identification of goals and objectives from the State Homeland Security Strategy that the investment supports.

2. **Projects:** Each investment contains one or more projects detailing specific activities. For each project, the IJ requires:
   - **Project Name and Description:** A concise title and summary of the project's purpose and activities.

- **Subrecipient Information:** Details about any subrecipients involved, including their names and whether they are state or local entities.
- **Location:** The primary location's zip code where the project will be implemented.
- **Core Capability Supported:** The main capability the project aims to build or sustain.
- **Shareability and Deployability:** Information on whether the project's activities can be shared with or deployed to other jurisdictions.

3. **Funding Details:** The IJ must specify the funding amount for each investment and project, ensuring alignment with program guidelines and the minimum spending thresholds for NPAs and LETPA.

4. **Capability Gaps and Outcomes:** Applicants should describe existing capability levels, identify gaps the investment intends to address, and outline the expected outcomes and improvements resulting from the proposed projects.

b. ***LETPA and NPA Requirements***

Applicants must ensure their IJs meet specific requirements for LETPA and the NPAs.

1. **LETPA**

- At least 35% of SHSP funds must go toward LETPA projects that prevent terrorism, such as law enforcement training or equipment.
- Eligible activities must have a clear nexus to law enforcement terrorism prevention, including equipment, training, exercises, and operational overtime directly related to preventing terrorism.
- Applicants should clearly identify which investments and projects contribute to the LETPA allocation within their IJs.
- It's allowable for an investment to simultaneously support LETPA and an NPA, provided it meets the criteria for both.
- Investments and projects meeting LETPA requirements must be clearly labeled in the IJ.

2. **NPA:**

- At least 30% of SHSP funds must go toward projects in five NPAs:
  - Protecting soft targets/crowded places;
  - Supporting Homeland Security Task Forces and Fusion Centers;
  - Enhancing cybersecurity;
  - Enhancing election security (requires at least 3%); and
  - Supporting Border Crisis Response and Enforcement (requires at least 10%).
- Among these, only "Enhancing election security" and “Supporting Border Crisis Response and Enforcement” have a specified minimum spend requirement of 3% and 10%, respectively. The remaining 17% can be flexibly allocated across the remaining NPAs.
- For NPAs with a minimum spend requirement (election security and 287(g)), related projects must be consolidated into single IJs, clearly labeled IJ.

- Other NPA projects may be combined into one or more IJs, but applicants must clearly identify which NPAs each project supports to ensure they count toward the 30% minimum allocation.

c. *Fusion Center Project IJ Requirement*

For SHSP funded investments, each applicant must designate one project in support of a designated fusion center under the "*Supporting Homeland Security Task Forces and Fusion Centers*" priority area. Coordination with the fusion center is required when developing the project prior to submission. Additional guidance on developing fusion center projects can be found below and in the Preparedness Grants Manual.

Applicants must identify a fusion center project that includes:

- **Alignment with the Designated Fusion Center**: Clearly indicate which fusion center the project supports and that it's under the "*Supporting Homeland Security Task Forces and Fusion Centers*" priority area.
- **Project Description and Funding Details**: Provide a brief narrative describing the proposed activities and a detailed funding breakdown that directly supports the fusion center.

The narrative and financial itemization must align with fusion center improvement or sustainment needs, as outlined in the Fusion Center Performance Measures section of the Preparedness Grants Manual. Recipients can also refer to the Fusion Centers | Homeland Security website for more information.

d. *What Happens if IJ Requirements Aren't Met?*

- If IJs don't meet the NPA and LETPA spending requirements, FEMA will place a hold on those impacted funds until the issues are resolved.
- Applicants can provide project details either during the application process or by including them in the Biannual Strategy Implementation Report (BSIR) due by January 30, 2026.

e. *How to Succeed*

- Clearly explain how your projects meet LETPA and NPA goals, and which IJ includes the Fusion Center.
- Ensure investments and projects align with homeland security strategies and fill capability gaps.
- Maintain detailed records to support your application and help FEMA review it.

By following these steps, applicants can ensure their funding proposals are clear, meet program requirements, and align with homeland security priorities.

f. *FEMA GO - Grant Request Details (Web-Based)*

When completing the Grant Request Details section in the FEMA GO Application, entities are strongly encouraged to provide complete details about their proposed projects. This includes project names, descriptions, and associated costs to ensure clarity and accuracy in funding requests.

However, applicants will not be penalized if they do not enter full details at this stage. They will have another opportunity to refine and expand upon this information when completing the Winter BSIR.

At a minimum, applicants must submit the IJ to demonstrate the projects they intend to fund. The IJ provides a high-level summary of proposed initiatives and aligns them with grant priorities.

For additional guidance on completing the Grant Request Details section, refer to the FEMA GO Application Process Guide or consult your HQ FEMA Preparedness Officer.

g. ***Senior Advisory Committee (SAC) Charter and Advisory List***

Recipients are required to establish a SAC and provide a copy of the SAC Charter with their application. The SAC Charter should include a detailed description of the committee's composition, governance processes, meeting frequency, decision-making procedures, and defined roles and responsibilities. All members of the SAC should sign and date the charter to indicate their agreement with its content and their representation on the committee. Recipients must include the information as an attachment in FEMA GO when submitting their application. SAA will use the URT to verify compliance with SAC charter requirements. For more information on SAC composition, scope, responsibilities, see the Preparedness Grants Manual.

h. ***National Incident Management System (NIMS) Implementation***

Prior to allocation of any federal preparedness awards, recipients must ensure and maintain adoption and implementation of NIMS, including implementation of important operational systems defined under NIMS, such as the Incident Command System (ICS). The list of objectives used for progress and achievement reporting is on FEMA's website at https://www.fema.gov/emergency-managers/nims/implementation-training.

Please see the Preparedness Grants Manual for more information on NIMS.

i. ***Emergency Management Assistance Compact (EMAC) Membership***

In support of the National Preparedness Goal (the Goal), SHSP recipients must participate in the EMAC. Exceptions are made for American Samoa and the Commonwealth of the Northern Mariana Islands, which are not required to join EMAC at this time.

All assets supported in part or entirely with FY 2025 HSGP funding must be readily deployable and NIMS-typed, when possible, to support emergency or disaster operations per existing EMAC agreements. In addition, funding may be used for the sustainment of core capabilities that, while they may not be physically deployable, support national response capabilities, such as Geographic/Geospatial Information Systems, interoperable communications systems, and capabilities as defined under the Mitigation Mission Area of the Goal.

k. ***Detailed Budget***

Applicants must complete the web-based budget summary within FEMA GO for all funds requested at the time of the application. For detailed guidance, refer to the FEMA GO Application Process Guide.

For a visual guide on entering sub-recipient management costs in FEMA GO, you may find the following tutorial helpful: How To Enter Sub-recipient Management Costs In FEMA-Go.

E. Post-Application Requirements for Successful Applicants

e. Register in FEMA GO, add the organization to the system, and establish the AOR. The organization's electronic business point of contact (eBiz POC) from the SAM registration may need to be involved in this step. For step-by-step instructions, see https://www.fema.gov/media-library/assets/documents/181607;
f. Submit the complete application in FEMA GO; and
g. Continue to maintain an active SAM registration with current information at all times during which it has an active federal award or an application or plan under consideration by a federal awarding agency. As part of this, applicants must also provide information on an applicant's immediate and highest-level owner and subsidiaries, as well as on all predecessors that have been awarded federal contracts or federal financial assistance within the last three years, if applicable.

Per 2 C.F.R. § 25.110(a)(2)(iv), if an applicant is experiencing exigent circumstances that prevents it from obtaining an UEI number and completing SAM registration prior to receiving a federal award, the applicant must notify FEMA as soon as possible. Contact fema-grants-news@fema.dhs.gov and provide the details of the exigent circumstances.

How to Register to Apply:

General Instructions:

Registering and applying for an award under this program is a multi-step process and requires time to complete. Below are instructions for registering to apply for FEMA funds. Read the instructions carefully and prepare the requested information before beginning the registration process. Gathering the required information before starting the process will alleviate last-minute searches for required information.

The registration process can take up to four weeks to complete. To ensure an application meets the deadline, applicants are advised to start the required steps well in advance of their submission.

Organizations must have a UEI number, EIN, and an active SAM registration.

Obtain a UEI Number:

All entities applying for funding, including renewal funding, must have a UEI number. Applicants must enter the UEI number in the applicable data entry field on the SF-424 form. For more detailed instructions for obtaining a UEI number, refer to SAM.gov.

Obtain Employer Identification Number:

In addition to having a UEI number, all entities applying for funding must provide an EIN. The EIN can be obtained from the IRS by visiting https://www.irs.gov/businesses/small-businesses-self-employed/apply-for-an-employer-identification-number-ein-online.

Create a login.gov account:

Applicants must have a login.gov account in order to register with SAM or update their SAM registration. Applicants can create a login.gov account at: https://secure.login.gov/sign_up/enter_email?request_id=34f19fa8-14a2-438c-8323-a62b99571fd.

Applicants only have to create a login.gov account once. For existing SAM users, use the same email address for both login.gov and SAM.gov so that the two accounts can be linked.

For more information on the login.gov requirements for SAM registration, refer to https://www.sam.gov/SAM/pages/public/loginFAQ.jsf.

Register with SAM:

In addition to having a UEI number, all organizations must register with SAM. Failure to register with SAM will prevent your organization from applying through FEMA GO. SAM registration must be renewed annually and must remain active throughout the entire grant life cycle.

For more detailed instructions for registering with SAM, refer to: Register with SAM

Note: per 2 C.F.R. § 25.200, applicants must also provide the applicant's immediate and highest-level owner, subsidiaries, and predecessors that have been awarded federal contracts or federal financial assistance within the past three years, if applicable.

Register in FEMA GO, Add the Organization to the System, and Establish the AOR:

Applicants must register in FEMA GO and add their organization to the system. The organization's electronic business point of contact (eBiz POC) from the SAM registration may need to be involved in this step. For step-by-step instructions, see FEMA GO Startup Guide.

Note: FEMA GO will support only the most recent major release of the following browsers:

- Google Chrome;
- Mozilla Firefox;
- Apple Safari; and
- Microsoft Edge.

Applicants using tablet type devices or other browsers may encounter issues with using FEMA GO.

Submitting the Final Application:

Applicants will be prompted to submit the standard application information, and any program-specific information required. Standard Forms (SF) may be accessed in the Forms tab under the: SF-424 Family | Grants.gov.

Applicants should review these forms before applying to ensure they are providing all required information.

After submitting the final application, FEMA GO will provide either an error message, or an email to the submitting AOR confirming the transmission was successfully received.

B. Application Deadline
08/11/25 05:00:00 PM Eastern Time

C. Pre-Application Requirements Deadline
Not applicable.

D. Post-Application Requirements Deadline
Not Applicable.

E. Effects of Missing the Deadline
All applications must be completed in FEMA GO by the application deadline. FEMA GO automatically records proof of submission and generates an electronic date/time stamp when FEMA GO successfully receives an application. The submitting AOR will receive via email the official date/time stamp and a FEMA GO tracking number to serve as proof of timely submission prior to the application deadline.

Applicants experiencing system-related issues have until 3:00 PM ET on the date applications are due to notify their FEMA Preparedness Officer or the FEMA GO Helpdesk. No new system-related issues will be addressed after this deadline. Applications not received by the application submission deadline will not be accepted.

6. Intergovernmental Review

A. Requirement Description and State Single Point of Contact
An intergovernmental review may be required. Applicants must contact their state's Single Point of Contact (SPOC) to comply with the state's process under Executive Order 12372.

7. Application Review Information

A. Threshold Criteria

The SAA is the sole entity authorized to submit HSGP applications to FEMA on behalf of the state and subrecipients. This section highlights the specific criteria that determine ineligibility, ensuring applicants understand and adhere to the program's requirements.

a. ***Entities Ineligible for HSGP Funding***

- **Non-SAA Organization -** SAA are the only eligible applicants to submit HSGP applications to FEMA. This includes applications for SHSP and OPSG.
- **Unaffiliated or Unauthorized Representatives -** Applications submitted by individuals who are not current employees, personnel, or authorized representatives of the applicant organization (e.g., consultants or contractors acting on behalf of an organization) will be deemed ineligible.
- **Organizations Not Registered in SAM.gov -** Applicants that fail to register and maintain an active profile in SAM.gov, or those without a UEI, are not eligible to receive funding.
- **Direct Applications by Tribal Governments -** Tribal governments cannot directly apply for HSGP funding (SHSP, OPSG). However, they may receive funding as subrecipients through their state's SAA.

b. ***Ineligible Projects***

- Projects that do not align with the purposes of the HSGP, including those that fail to demonstrate a clear nexus to preventing, preparing for, protecting against, or responding to acts of terrorism.
- Activities not permitted under HSGP guidance or that do not meet criteria for allowable costs as outlined in the NOFO and Preparedness Grants Manual.

c. ***Non-Compliance with Federal Requirements***

- Failure to submit a complete and accurate application by the deadline.
- Applications missing required documentation or information, such as an active registration in SAM.gov or compliance with UEI requirements.
- Entities with a history of non-compliance with federal statutes, regulations, or program requirements that impact eligibility for federal funding.

B. Application Criteria

a. ***Programmatic Criteria***

1. Risk Methodology

The risk methodology determines the relative risk[3] of terrorism a jurisdiction faces by assessing the expressed or implied threats, the asset/system vulnerabilities, and the communal consequences of an attack. The equation for relative risk is comprised of three components:

[3] DHS defines risk as: "potential for an adverse outcome assessed as a function of hazard/threats, assets and their vulnerabilities, and consequences." See DHS Lexicon Terms and Definitions: 2018 Edition – Revision 04, (Apr. 2018)

Threat x Vulnerability x Consequence. Each component is comprised of data elements that are reviewed yearly, in collaboration with FEMA stakeholders, to ensure alignment with the changing U.S. terrorism threat environment. Each eligible jurisdiction's relative risk is assessed, which helps to inform grant funding. For more information on the SHSP and OPSG allocation processes, please see Appendix 11.A.

The three components of risk and their functions are outlined below:

- Threat: Assesses reports documenting indication of potential harm to life, information, operations, the environment and/or property within a jurisdiction.
- Vulnerability: Assesses assets and systems - such as infrastructure, borders, special events, and movements of individuals or groups - that may render terrorist attacks on a jurisdiction more likely to succeed, if attempted.
- Consequence: Assesses the impact of a terrorist attack on a jurisdiction through direct measures such as the numerical values for its population, gross domestic product, and infrastructure.

NOTE: The risk methodology is separate from the THIRA/SPR process. Risk methodology results do affect grant allocations while the THIRA/SPR process does not.

b. ***Application Evaluation Criteria***
FEMA will evaluate the FY 2025 HSGP applications for completeness, adherence to programmatic guidelines, and anticipated effectiveness of the proposed investments. FEMA's review will include verification that each IJ and project:

- Aligns with at least one core capability identified in the Goal;
- Demonstrates how investments support building capability and/or closing capability gaps or sustaining capabilities identified in the THIRA/SPR process; and
- Supports a NIMS-typed resource and whether those assets are deployable/shareable to support emergency or disaster operations per existing EMAC agreements.

In addition to the above, FEMA will evaluate whether proposed projects are: 1) both feasible and effective at reducing the risks for which the project was designed; and 2) able to be fully completed within the three-year period of performance. FEMA will use the information provided in the application and after the submission of the first BSIR to determine the feasibility and effectiveness of a grant project. To that end, IJs should include:

- An explanation of how the proposed project(s) will achieve objectives as identified in the SPR, including expected long-term impact where applicable, and which core capability gap(s) it helps to close and how;
- A summary of the status of planning and design efforts accomplished to date (e.g., included in a capital improvement plan); and
- A project schedule with clear milestones.

Recipients are expected to conform, as applicable, with accepted engineering practices, established codes, standards, modeling techniques, and best practices, and participate in the development of case studies demonstrating the effective use of grant funds, as requested.

FEMA will also review any submitted NPA-aligned IJs and projects to ensure they meet the minimum spend requirements. Additional information on how the NPA IJs and projects will be reviewed for effectiveness is included in the Review and Selection Process section below.

b. ***Review and Selection Process***

1. SHSP

FY 2025, HSGP applications will be reviewed through a two-phase state and federal review process for completeness, adherence to programmatic guidelines, feasibility, and how well the IJ (project description and justification) addresses the identified risk(s).

State Review

The SAA is the sole entity authorized to submit HSGP applications to FEMA on behalf of the state and subrecipients. The SAA reviews subaward applications to ensure they meet the legal, financial, and programmatic requirements set forth by FEMA and the state's guidelines before submitting on behalf of the state to DHS/FEMA. As part of the review for HSGP - SHSP - the SAA must:

- Conduct an eligibility review;
- Review and score only complete application packages (including mission statements and vulnerability assessments) using the HSGP Scoring Criteria provided by DHS/FEMA;
- Coordinate with the local and tribal governments, then prioritize projects that align with the NOFO requirements;
- Submit IJs that are recommended for funding to DHS/FEMA; and,
- Submit IJs received and not recommended for funding, including incomplete IJs and IJs from subapplicants deemed ineligible to DHS/FEMA.

Federal Review

All proposed investments will undergo a federal review by DHS/FEMA to ensure compliance with all administrative and eligibility criteria identified in the NOFO. The Federal Reviewers will check each proposed investment for the following:

- Eligibility, feasibility, and alignment with the application criteria listed in this NOFO;
- Compliance and effectiveness in addressing NPAs, ensuring required spend percentages are met;
- Compliance with SAFECOM Guidance on Emergency Communications Grants (SAFECOM Guidance); and,
- LETPA project alignment with program objectives and required spend percentages.

National Priority Area Funding Holds

If applicants submit IJs and project-level details at the time of application, FEMA will evaluate effectiveness prior to award. If projects do not sufficiently align with NPAs, up to 30% of funds may be placed on hold until revisions are made.

If applicants submit IJs and project-level details as part of their December 2026 BSIR, 30% of funds will be placed on hold until FEMA reviews the BSIR and confirms alignment with NPAs.

2. OPSG

For OPSG, applications will be reviewed by the SAA and USBP Sector Headquarters for completeness and adherence to programmatic guidelines and evaluated for anticipated feasibility, need, and impact..

DHS/FEMA will verify compliance with all administrative and eligibility criteria outlined in the NOFO. DHS/FEMA and USBP will use the results of both the risk analysis and the federal review to make recommendations for funding to the Secretary of Homeland Security.

OPSG funds will be allocated among the eligible jurisdictions based on risk-based prioritization using the OPSG Risk Assessment described in Appendix A. Final funding allocations are determined by the Secretary of Homeland Security, who may consider information and input from various law enforcement offices or subject-matter experts within the Department. Factors considered include, but are not limited to:

- Threat and vulnerability assessments
- Total miles of the border Border-specific law enforcement intelligence
- Feasibility of Operations Orders to designated localities within border states and territories.

This comprehensive review and selection process ensures that HSGP and OPSG funds are distributed effectively to enhance national preparedness, border security, and overall homeland security efforts.

C. Financial Integrity Criteria

Before making an award, FEMA is required to review OMB-designated databases for applicants' eligibility and financial integrity information. This is required by the Payment Integrity Information Act of 2019 (Pub. L. No. 116-117, § 2 (2020)), 41 U.S.C. § 2313, and the "Do Not Pay Initiative" (31 U.S.C. 3354). For more details, please see 2 C.F.R. § 200.206.

Thus, the Financial Integrity Criteria may include the following risk-based considerations of the applicant:

1. Financial stability.
2. Quality of management systems and ability to meet management standards.
3. History of performance in managing federal award.
4. Reports and findings from audits.
5. Ability to effectively implement statutory, regulatory, or other requirements.

D. Supplemental Financial Integrity Criteria and Review

Before making an award expected to exceed the simplified acquisition threshold (currently a total federal share of $250,000) over the period of performance:

1. FEMA is required by 41 U.S.C. § 2313 to review or consider certain information found in SAM.gov. For details, please see 2 C.F.R. § 200.206(a)(2).

2. An applicant may review and comment on any information in the responsibility/qualification records available in SAM.gov.
3. Before making decisions in the risk review required by 2 C.F.R. § 200.206, FEMA will consider any comments by the applicant.

E. Reviewers and Reviewer Selection

Reviewers for HSGP are selected from within FEMA, across the federal government, and, where applicable, may include external subject matter experts. These reviewers are chosen based on their expertise in homeland security, emergency management, and grant administration.

To prevent conflicts of interest, reviewers must disclose any personal or professional relationships with applicants before the review process begins. Any individual with a conflict is recused from evaluating the affected application. Additionally, reviewers are required to complete ethics and impartiality training to ensure a fair and unbiased review process.

F. Merit Review Process

HSGP applications are not reviewed solely on merit. While merit plays a role—such as evaluating the effectiveness, feasibility, and impact of proposed investments—the review process heavily incorporates risk-based methodologies and compliance criteria. HSGP does not use a weighted scoring method. All criteria are considered equally during the review process.

Review Process:

- State Review (SHSP): The SAA conducts an initial eligibility review and prioritizes projects for submission to FEMA.
- OPSG Review: OPSG applications are reviewed in coordination with the SAA and USBP Sector Headquarters to assess completeness, feasibility, need, and the anticipated impact of proposed Operations Orders.
- Federal Review: FEMA conducts a federal review of all applications to ensure eligibility, feasibility, and compliance with NOFO requirements.

While merit is a key factor in assessing alignment with national priorities, state and local needs, expected impact, and cost-effectiveness, funding decisions also weigh risk assessments, eligibility criteria, and available funding allocations.

G. Final Selection

The Secretary of Homeland Security makes the final funding decisions, considering risk assessments, subject-matter expert input, and project feasibility, while also ensuring alignment with national priorities and compliance with legal, financial, and policy guidelines for strategic allocation of funds.

8. Award Notices

A. Notice of Award

The Authorized Organization Representative (AOR) should carefully read the federal award package before accepting the federal award. The federal award package includes instructions on administering the federal award as well as terms and conditions for the award.

By submitting an application, applicants agree to comply with the prerequisites stated in this NOFO, the Preparedness Grants Manual, and the material terms and conditions of the federal award, should they receive an award.

FEMA will provide the federal award package to the applicant electronically via FEMA GO. Award packages include an Award Letter, Summary Award Memo, Agreement Articles, and Obligating Document. An award package notification email is sent via the grant application system to the submitting AOR. The package provides instructions on how to manage the award and outlines the terms and conditions. The AOR should carefully read the federal award package before accepting it.

For HSGP, "receipt of funds" happens when the recipient accepts the award or 15 calendar days after receiving the award notification, whichever comes first. IF the recipient accepts the award within 15 calendar days of the notification, the 45-day pass-through period starts on the acceptance date. If the recipient does not accept the award within 15 calendar days, the 45-day pass-through period automatically begins 15 calendar days after the notification is sent through FEMA GO. For detailed guidance on managing preparedness grants, including pass-through requirements and timelines, please refer to the FEMA Preparedness Grants Manual, Pass-Through Requirements. For more information on award acceptance, refer to the FEMA GO Award Acceptance Guide.

Funds will remain on hold until the recipient accepts the award via FEMA GO and all other conditions of the award have been satisfied, or until the award is otherwise rescinded. Failure to accept a grant award within the specified timeframe may result in a loss of funds.

B. Pass-Through Requirements
Under HSGP, SAAs must pass at least 80% of SHSP funding to local or tribal governments. The state may retain up to 20% for state-level needs. "Pass-through" means SAAs must allocate funds to eligible entities as defined by law, such as counties, municipalities, tribal governments, or other public entities. For detailed guidance on HSGP pass-through requirements and timelines, please see Section 8 of the FEMA Preparedness Grants Manual.

After award acceptance, the state must pass through at least 80% of SHSP funds to local or tribal governments within 45 days. The timeline starts when the SAA accepts the award or 15 days after FEMA notifies the SAA, whichever is sooner. Funds must be distributed unconditionally, and the SAA must certify to FEMA that the pass-through is complete, listing amounts and recipients. U.S. territories are exempt, except for Puerto Rico, which must comply. States may keep more than 20% of funds only with written consent from local recipients, outlining the retained amount and purpose.

C. Note Regarding Pre-Award Costs
Even if pre-award costs are allowed, beginning performance is at the applicant and/or sub-applicant's own risk.

D. Obligation of Funds

The funds are obligated only when and once the agency's signatory authority approves and signs the award package.

E. Notification to Unsuccessful Applicants
FEMA informs the SAA about unsuccessful subrecipients or projects under HSGP at the time of the award. The SAA is then responsible for notifying the subapplicants and sharing any relevant feedback or information.

9. Post-Award Requirements and Administration

A. Administrative and National Policy Requirements

Presidential Executive Orders

Recipients must comply with the requirements of Presidential Executive Orders related to grants (also known as federal assistance and financial assistance), the full text of which are incorporated by reference.

In accordance with *Executive Order 14305, Restoring American Airspace Sovereignty (June 6, 2025)*, and to the extent allowed by law, eligible state, local, tribal, and territorial grant recipients under this NOFO are permitted to purchase unmanned aircraft systems, otherwise known as drones, or equipment or services for the detection, tracking, or identification of drones and drone signals, consistent with the legal authorities of state, local, tribal, and territorial agencies. Recipients must comply with all applicable federal, state, and local laws and regulations, and adhere to any statutory requirements on the use of federal funds for such unmanned aircraft systems, equipment, or services.

Subrecipient Monitoring and Management

Pass-through entities must comply with the requirements for subrecipient monitoring and management as set forth in 2 C.F.R. §§ 200.331-333.

B. DHS Standard Terms and Conditions
A recipient under this funding opportunity must comply with the DHS Standard Terms and Conditions in effect as of the date of the federal award. The DHS Standard Terms and Conditions are available online: DHS Standard Terms and Conditions | Homeland Security. For continuation awards, the terms and conditions for the initial federal award will apply unless otherwise specified in the terms and conditions of the continuation award. The specific version of the DHS Standard Terms and Conditions applicable to the federal award will be in the federal award package.

C. Financial Reporting Requirements
See the Preparedness Grants Manual for information on financial reporting requirements.

D. Programmatic Performance Reporting Requirements
See the Preparedness Grants Manual for information on performance reporting requirements.

E. Closeout Reporting Requirements
See the Preparedness Grants Manual for information on closeout reporting requirements and administrative closeout.

Additional Reporting Requirements

Anytime there is a change in personnel for any of the awardees and/or subrecipients, their information needs to be submitted for approval (all the previous personal information identified).

F. Disclosing Information per 2 C.F.R. § 180.335
See the Preparedness Grants Manual for information on disclosing information per 2 C.F.R. § 180.335.

G. Reporting of Matters Related to Recipient Integrity and Performance
See the Preparedness Grants Manual for information on reporting of matters related to recipient integrity and performance.

H. Single Audit Report
See the Preparedness Grants Manual for information on single audit reports.

I. Monitoring and Oversight
Per 2 C.F.R. § 200.337, DHS and its authorized representatives have the right of access to any records of the recipient or subrecipient pertinent to a Federal award to perform audits, site visits, and any other official use. The right also includes timely and reasonable access to the recipient's or subrecipient's personnel for the purpose of interview and discussion related to such documents or the Federal award in general.

Pursuant to this right and per 2 C.F.R. § 200.329, DHS may conduct desk reviews and make site visits to review and evaluate project accomplishments and management control systems as well as provide any required technical assistance. Recipients and subrecipients must respond in a timely and accurate manner to DHS requests for information relating to a federal award. See the Preparedness Grants Manual for more information on monitoring and oversight.

J. Program Evaluation
Title I of the Foundations for Evidence-Based Policymaking Act of 2018, Pub. L. No. 115-435 (2019) (Evidence Act), PUBL435.PS urges federal agencies to use program evaluation as a critical tool to learn, improve delivery, and elevate program service and delivery across the program lifecycle. Evaluation means "an assessment using systematic data collection and analysis of one or more programs, policies, and organizations intended to assess their effectiveness and efficiency." Evidence Act, § 101 (codified at 5 U.S.C. § 311). OMB A-11, Section 290 (Evaluation and Evidence-Building Activities) further outlines the standards and practices for evaluation activities. Federal agencies are required to specify any requirements for recipient participation in program evaluation activities (2 C.F.R. § 200.301). Program evaluation activities incorporated from the outset in the NOFO and program design and implementation allow recipients and agencies to meaningfully document and measure progress and achievement

towards program goals and objectives, and identify program outcomes and lessons learned, as part of demonstrating recipient performance (2 C.F.R. § 200.301).

As such, recipients and subrecipients are required to participate in a Program Office (PO) or a DHS Component-led evaluation, if selected. This may be carried out by a third-party on behalf of the PO or the DHS Component. Such an evaluation may involve information collections including but not limited to, records of the recipients; surveys, interviews, or discussions with individuals who benefit from the federal award, program operating personnel, and award recipients; and site visits or other observation of recipient activities, as specified in a DHS Component or PO-approved evaluation plan. More details about evaluation requirements may be provided in the federal award, if available at that time, or following the award as evaluation requirements are finalized. Evaluation costs incurred during the period of performance are allowable costs (either as direct or indirect) in accordance with 2 C.F.R.§ 200.413.

Recipients and subrecipients are also encouraged, but not required, to participate in any additional evaluations after the period of performance ends, although any costs incurred to participate in such evaluations are not allowable and may not be charged to the federal award.

K. Additional Performance Reporting Requirements
Award recipients must submit the following reports: quarterly financial reports, semi-annual performance reports and BSIR submissions, final financial and performance reports, and an annual audit report (if required). These must follow the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, found at 2 C.F.R. Part 200, or specific conditions of the award. If reports are late, future funding or fund access may be delayed, and additional reports may be requested in some cases.

a. *Reporting on the Implementation of the National Preparedness System*
Recipients are required to complete the THIRA every three years and the SPR annually through the URT on the Preparedness Toolkit no later than December 31. These assessments help jurisdictions identify and address capability gaps to enhance overall preparedness. See the Preparedness Grants Manual for information on reporting on the Implementation of the National Preparedness System.

b. *BSIR*
In addition to submitting semi-annual progress reports, recipients are required to complete the BSIR. The BSIR is submitted twice a year—in June and December—and provides detailed updates on the status and progress of funded projects. For comprehensive guidance on BSIR submission and other reporting requirements, see the Preparedness Grants Manual.

c. *Emergency Communications Investments - SAFECOM Compliant Letter*
An Emergency Communications Investments - SAFECOM Compliant Letter is required when utilize federal grants to fund emergency communications projects. The signatory authority for the SAA must certify in writing to DHS/FEMA their compliance with the SAFECOM Guidance. The certification letter should be coordinated with the Statewide Interoperability Coordinators (SWIC) for each state and must be uploaded to FEMA GO at the time of the Winter BSIR submission.

For detailed information on SAFECOM Guidance and compliance requirements, refer to the https://www.cisa.gov/safecom/funding. If you have further questions or need assistance, contact the SAFECOM Program at SAFECOMGovernance@cisa.dhs.gov.

d. *Operations Orders for OPSG*

The Operations Order (OO) is a detailed plan that explains the specific aspects of an operation, including its goals, tasks, timelines, and resources needed. It provides clear instructions on how to carry out the operation, identifying who is responsible for each task, the resources required, and the expected results. Recipients are required to submit an OO to show their ability to implement the proposed activities effectively, align with program goals, and meet funding requirements.

1. Accessing the OO Template Instructions

To access the OPSG OO Template:

- Find the HSGP posting via the search function on Grants.gov;
- Select the Related Documents tab on the posting; and
- Click on the OPSG OO Template and fill out all sections of the template.
- Writing the Executive Summary

The OO Executive Summary must:

- Identify the organization name, point of contact, committees, and other structures accountable for implementing OPSG in the jurisdiction (typically this will be a program lead or manager overseeing operations and individuals assigned to that agency); and
- Describe how federal and SLTT law enforcement agencies will work together to establish and enhance coordination and collaboration on border security issues.

3. Budget Requirements Overview

The OO Detailed Annual Budget must:

- Explain how costs and expenses were estimated; and
- Provide a narrative justification for costs and expenses.
- Supporting tables describing cost and expense elements (e.g., equipment, fuel, vehicle maintenance costs) may be included.

4. Submission Requirements

The OO must meet the following submission requirements:

- Must be submitted as an Adobe PDF document;

- All documents submitted must use the unique identifier created by the OPSG data management system from the original associated operation order; and

- Applicable OPSG sector representatives must coordinate with the SAA and OPSG participants to submit an accurate inventory of all specified OPSG purchased property with each Operations Order/ Fragmentary Order (FRAGO).

L. Termination of the Federal Award

1. Paragraph C.XL of the FY 2025 DHS Standard Terms and Conditions, v.3 sets forth a term and condition entitled "Termination of a Federal Award." The termination provision condition listed below applies to the grant award and the term and condition in Paragraph C.XL of the FY 2025 DHS Standard Terms and Conditions, v.3 does not.

2. Termination of the Federal Award by FEMA

   FEMA may terminate the federal award in whole or in part for one of the following reasons identified in 2 C.F.R. § 200.340:

   a. If the recipient or subrecipient fails to comply with the terms and conditions of the federal award.
   b. With the consent of the recipient, in which case FEMA and the recipient must agree upon the termination conditions. These conditions include the effective date and, in the case of partial termination, the portion to be terminated.
   c. If the federal award no longer effectuates the program goals or agency priorities. Under this provision, FEMA may terminate the award for these purposes if any of the following reasons apply:

      i. If DHS/FEMA, in its sole discretion, determines that a specific award objective is ineffective at achieving program goals as described in this NOFO;
      ii. If DHS/FEMA, in its sole discretion, determines that an objective of the award as described in this NOFO will be ineffective at achieving program goals or agency priorities;
      iii. If DHS/FEMA, in its sole discretion, determines that the design of the grant program is flawed relative to program goals or agency priorities;
      iv. If DHS/FEMA, in its sole discretion, determines that the grant program is not aligned to either the DHS Strategic Plan, the FEMA Strategic Plan, or successor policies or documents;
      v. If DHS/FEMA, in its sole discretion, changes or re-evaluates the goals or priorities of the grant program and determines that the award will be ineffective at achieving the updated program goals or agency priorities; or
      vi. For other reasons based on program goals or agency priorities described in the termination notice provided to the recipient pursuant to 2 C.F.R. § 200.341.
      vii. If the awardee falls out of compliance with the Agency's statutory or regulatory authority, award terms and conditions, or other applicable laws.

3. Termination of a Subaward by the Pass-Through Entity

The pass-through entity may terminate a subaward in whole or in part for one of the following reasons identified in 2 C.F.R. § 200.340:

a. If the subrecipient fails to comply with the terms and conditions of the federal award.
b. With the consent of the subrecipient, in which case the pass-through entity and the subrecipient must agree upon the termination conditions. These conditions include the effective date and, in the case of partial termination, the portion to be terminated.
c. If the pass-through entity's award has been terminated the pass-through recipient will terminate its subawards.

4. Termination by the Recipient or Subrecipient

The recipient or subrecipient may terminate the federal award in whole or in part for the following reason identified in 2 C.F.R. § 200.340: Upon sending FEMA or pass-through entity a written notification of the reasons for such termination, the effective date, and, in the case of partial termination, the portion to be terminated. However, if FEMA or the pass-through entity determines that the remaining portion of the federal award will not accomplish the purposes for which the federal award was made, FEMA or the pass-through entity may terminate the federal award in its entirety.

5. Impacts of Termination

a. When FEMA terminates the federal award prior to the end of the period of performance due to the recipient's material failure to comply with the terms and conditions of the federal award, FEMA will report the termination in SAM.gov in the manner described at 2 C.F.R. § 200.340(c).
b. When the federal award is terminated in part or its entirety, FEMA or the pass-through entity and the recipient or subrecipient remain responsible for compliance with the requirements in 2 C.F.R. §§ 200.344 and 200.345.

6. Notification requirements

FEMA or the pass-through entity must provide written notice of the termination in a manner consistent with 2 C.F.R. § 200.341. The federal award will be terminated on the date of the notification unless stated otherwise in the notification.

7. Opportunities to Object and Appeal

Where applicable, when FEMA terminates the federal award, the written notification of termination will provide the opportunity and describe the process, to object and provide information challenging the action, pursuant to 2 C.F.R. § 200.342.

8. Effects of Suspension and Termination

The allowability of costs to the recipient or subrecipient resulting from financial obligations incurred by the recipient or subrecipient during a suspension or after the termination of a federal award are subject to 2 C.F.R. § 200.343.

M. Best Practices

While not a requirement in the DHS Standard Terms and Conditions, as a best practice, entities receiving funds through this program should ensure that cybersecurity is integrated into the design, development, operation, and maintenance of investments that impact information technology (IT) and/ or operational technology (OT) systems. Additionally, "The recipient and subrecipient must … take reasonable cybersecurity and other measures to safeguard information including protected personally identifiable information (PII) and other types of information." 2 C.F.R. § 200.303(e).

N. Payment Information

Recipients will submit payment requests in FEMA GO for FY25 awards under this program.

Instructions to Grant Recipients Pursuing Payments

FEMA reviews all grant payments and obligations to ensure allowability in accordance with 2 C.F.R. § 200.305. These measures ensure funds are disbursed appropriately while continuing to support and prioritize communities who rely on FEMA for assistance. Once a recipient submits a payment request, FEMA will review the request. If FEMA approves a payment recipients will be notified by FEMA GO and the payment will be delivered pursuant to the recipients SAM.gov financial information. If FEMA disapproves a payment, FEMA will inform the recipient.

Processing and Payment Timeline

FEMA must comply with regulations governing payments to grant recipients. See 2 C.F.R. § 200.305. For grant recipients other than States, 2 C.F.R. § 200.305(b)(3) stipulates that FEMA is to make payments on a reimbursement basis within 30 days after receipt of the payment request, unless FEMA reasonably believes the request to be improper. For state recipients, 2 C.F.R. § 200.305(a) instructs that federal grant payments are governed by Treasury-State Cash Management Improvement Act (CMIA) agreements ("Treasury-State agreement") and default procedures codified at 31 C.F.R. part 205 and Treasury Financial Manual (TFM) 4A-2000, "Overall Disbursing Rules for All Federal Agencies." *See* 2 C.F.R. § 200.305(a).

Treasury-State agreements generally apply to "major federal assistance programs" that are governed by 31 C.F.R. part 205, subpart A and are identified in the Treasury-State agreement. 31 C.F.R. §§ 205.2, 205.6. Where a federal assistance (grant) program is not governed by subpart A, payment and funds transfers from FEMA to the state are subject to 31 C.F.R. part 205, subpart B. Subpart B requires FEMA to "limit a funds transfer to a state to the minimum amounts needed by the state and must time the disbursement to be in accord with the actual, immediate cash requirements of the state in carrying out a federal assistance program or project. The timing and amount of funds transfers must be as close as is administratively feasible to a state's actual cash outlay for direct program costs and the proportionate share of any allowable indirect costs." 31 C.F.R. § 205.33(a). Nearly all FEMA grants are not "major federal assistance programs." As

a result, payments to states for those grants are subject to the "default" rules of 31 C.F.R. part 205, subpart B.

If additional information is needed, a request for information will be issued by FEMA to the recipient; recipients are strongly encouraged to respond to any additional FEMA request for information inquiries within three business days. If an adequate response is not received, the request may be denied, and the entity may need to submit a new reimbursement request; this will re-start the 30-day timeline.

Submission Process

All non-disaster grant program reimbursement requests must be reviewed and approved by FEMA prior to drawdowns.

For all non-disaster reimbursement requests (regardless of system), please ensure submittal of the following information:

1. Grant ID / Award Number
2. Total amount requested for drawdown
3. Purpose of drawdown and timeframe covered (must be within the award performance period)
4. Subrecipient Funding Details (if applicable).
    - Is funding provided directly or indirectly to a subrecipient?
        - If **no,** include statement "This grant funding is not being directed to a subrecipient."
    - If **yes**, provide the following details:
        - The name, mission statement, and purpose of each subrecipient receiving funds, along with the amount allocated and the specific role or activity being reimbursed.
        - Whether the subrecipient's work or mission involves supporting aliens, regardless of whether FEMA funds support such activities.
        - Whether the payment request includes an activity involving supporting aliens.
        - Whether the subrecipient has any diversity, equity, and inclusion practices.
5. Supporting documentation to demonstrate that expenses are allowable, allocable, reasonable, and necessary under 2 C.F.R. Part 200 and in compliance with the grant's NOFO, award terms, and applicable federal regulations.

O. Immigration Conditions

1. Materiality of Pending Immigration Condition

An immigration term and condition, including those in the DHS Standard Terms and Conditions, may be material to the Department of Homeland Security's decision to make this grant award, and the Department of Homeland Security may take any remedy for noncompliance, including termination, if the state or territorial recipient or any local government subrecipient fails to comply with this term and condition. No final agency determination has been made as of the date of this publication.

10. Other Information

A. Period of Performance Extension

Extensions to the period of performance are allowed.

Recipients should consult with their FEMA point of contact for requirements related to a performance period extension.

See the Preparedness Grants Manual for information on period of performance extension.

B. Other Information

a. *Environmental Planning and Historic Preservation (EHP) Compliance*

See the Preparedness Grants Manual for information on EHP compliance.

b. *Procurement Integrity*

See the Preparedness Grants Manual for information on procurement integrity.

c. *Financial Assistance Programs for Infrastructure*

1. Build America, Buy America Act Recipients and subrecipients must comply with FEMA's implementation requirements of the Build America, Buy America Act (BABAA), which was enacted as part of the Infrastructure Investment and Jobs Act §§ 70901-70927, Pub. L. No. 117-58 (2021); and Executive Order 14005, Ensuring the Future is Made in All of America by All of America's Workers. See also 2 C.F.R. Part 184, Buy America Preferences for Infrastructure Projects and Office of Management and Budget (OMB), Memorandum M-24-02, Implementation Guidance on Application of Buy America Preference in Federal Financial Assistance Programs for Infrastructure.

None of the funds provided under this program may be used for a project for infrastructure unless the iron and steel, manufactured products, and construction materials used in that infrastructure are produced in the United States.

The Buy America preference only applies to articles, materials, and supplies that are consumed in, incorporated into, or affixed to an infrastructure project. As such, it does not apply to tools, equipment, and supplies, such as temporary scaffolding, brought to the construction site and removed at or before the completion of the infrastructure project. Nor does a Buy America preference apply to equipment and furnishings, such as movable chairs, desks, and portable computer equipment, that are used at or within the finished infrastructure project but are not an integral part of the structure or permanently affixed to the infrastructure project.

To see whether a particular FEMA federal financial assistance program is considered an infrastructure program and thus required to implement FEMA's Build America, Buy America requirements, please see Programs and Definitions: Build America, Buy America Act | FEMA.gov.

2. Waivers

When necessary, recipients (and subrecipients through their pass-through entity) may apply for, and FEMA may grant, a waiver from these requirements.

A waiver of the domestic content procurement preference may be granted by the agency awarding official if FEMA determines that:

- Applying the domestic content procurement preference would be inconsistent with the public interest, or
- The types of iron, steel, manufactured products, or construction materials are not produced in the United States in sufficient and reasonably available quantities or of a satisfactory quality, or
- The inclusion of iron, steel, manufactured products, or construction materials produced in the United States will increase the cost of the overall project by more than 25%.

The process for requesting a waiver from the Buy America preference requirements can be found on FEMA's website at: "Buy America" Preference in FEMA Financial Assistance Programs for Infrastructure | FEMA.gov.

3. Definitions

For definitions of the key terms of the Build America, Buy America Act, please visit Programs and Definitions: Build America, Buy America Act | FEMA.gov.

d. *Mandatory Disclosures*
The non-Federal entity or applicant for a federal award must disclose, in a timely manner, in writing to the federal awarding agency or pass-through entity all violations of federal criminal law involving fraud, bribery, or gratuity violations potentially affecting the Federal award. (2 C.F.R. § 200.113)

HSGP Programs	FY 2025 Allocation
SHSP	$373,500,000
OPSG	$ 81,000,000
Total	**$454,500,000**

A. SHSP Allocations

For FY 2025, DHS/FEMA will distribute SHSP funds based on their risk assessment methodology and legal minimums outlined in the *Homeland Security Act of 2002*, as amended. ***THIRA and SPR results do not affect how grant funds are allocated.***

Each state and territory will receive a guaranteed minimum amount:

- All 50 states, Washington, D.C., and Puerto Rico will receive at least 0.35% of the total funds available under Sections 2003 and 2004 of the Homeland Security Act.
- The four territories (American Samoa, Guam, the Northern Mariana Islands, and the U.S. Virgin Islands) will receive at least 0.08% of the total funds available under these sections.

States must include a separate IJ for the NPA focused on Enhancing Election Security (at least 3% minimum spend requirement) and Supporting Border Crisis Response and Enforcement (at least a 10% minimum spend requirement), but there is flexibility on the remaining 17% required to meet the overall 30% minimum spend requirement for the NPAs associated with the SHSP allocation.

These are target allocations pending final decisions by the Department of Homeland Security. These target allocations act as an estimate, and final allocations may be different in the award letter.

B. OPSG Allocations

For FY 2025, DHS/FEMA will award OPSG funds based on two main factors: the risk to border security and the anticipated effectiveness of proposed projects. The OPSG risk assessment identifies potential threats to border security, guiding the distribution of funds to areas with the highest need. Eligible applicants are thelocal and tribal law enforcement agencies located along the U.S. borders.

For OPSG, "risk" refers to the potential for adverse outcomes, assessed by evaluating threats, vulnerabilities, and consequences associated with specific incidents or events. The risk model used to allocate OPSG funds considers the potential risk that certain threats pose to border security and estimates the relative risk faced by a given area. In evaluating threat, DHS/CBP considers intelligence, situational awareness, criminal trends, and statistical data specific to each of the border sectors, and the potential impacts that these threats pose to the security of the border area. For vulnerability and consequence, DHS/CBP considers the expected impact and consequences of successful border events occurring in specific areas. The effectiveness of proposed investments is evaluated based on the subrecipient’s investment strategy, budget, collaboration, and past performance.

These are target allocations pending final decisions by the Department of Homeland Security. These target allocations act as an estimate, and final allocations may be different in the award letter.

B. SHSP Other Direct Costs

Recipients must comply with all the requirements in 2 C.F.R. Part 200 (*Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*). In general, recipients should consult with their FEMA HQ Preparedness Officer prior to making any investment that does not clearly meet the allowable expense criteria. Funding guidelines established within this section support four of the five mission areas—Prevention, Protection, Mitigation, and Response—and associated core capabilities within the Goal. While Recovery is part of the Goal, it is not explicitly part of the HSGP. Allowable investments made in support of

the national priorities, as well as other capability-enhancing projects must have a nexus to terrorism preparedness and fall into the categories of planning, organization, exercises, training, or equipment, aligned to building capability, closing capability gaps, and/or sustaining capabilities, as defined by CPG 201: THIRA/SPR Guide—3rd Edition (Comprehensive Preparedness Guide (CPG) 201, 3rd Edition (fema.gov)). Recipients are encouraged to use grant funds for evaluating grant-funded project effectiveness and return on investment. FEMA encourages recipients to provide the results of that analysis to FEMA.

a. *Planning*

SHSP funds may be used for a range of emergency preparedness and management planning activities, such as those associated with the development, review, and revision of the THIRA, SPR, continuity plans, and other planning activities that support the Goal and placing an emphasis on updating and maintaining a current Emergency Operations Plan (EOP) that conforms to the guidelines outlined in Comprehensive Preparedness Guide (CPG) 101 v3. Planning efforts can also include conducting risk and resilience assessments on increasingly connected cyber and physical systems, on which security depends, using the Infrastructure Resilience Planning Framework and related CISA resources.

Additionally, SHSP funds may be used for planning efforts related to state court cybersecurity, 911 call capabilities, alert and warning capabilities, and implementation of the REAL ID Act (Pub. L. No. 109-13).

b. *Organization*

Organization costs are allowed under this program only as described in this funding notice and the Preparedness Grants Manual.

States must justify proposed expenditures of SHSP funds to support organization activities within their IJ submission. Organizational activities include:

1. Program management;
2. Development of whole community partnerships, through groups such as Citizen Corp Councils;
3. Structures and mechanisms for information sharing between the public and private sector;
4. Implementing models, programs, and workforce enhancement initiatives to address ideologically inspired radicalization to violence in the homeland;
5. Tools, resources, and activities that facilitate shared situational awareness between the public and private sectors;
6. Operational Support;
7. Utilization of standardized resource management concepts such as typing, inventorying, organizing, and tracking to facilitate the dispatch, deployment, and recovery of resources before, during, and after an incident;
8. Responding to an increase in the threat level under the NTAS or needs resulting from a National Special Security Event;
9. Paying salaries and benefits for personnel to serve as qualified Intelligence Analysts. Per the *Personnel Reimbursement for Intelligence Cooperation and Enhancement of Homeland Security Act (PRICE Act)*, Pub. L. No. 110-412, § 2, codified in relevant part, as amended, at 6 U.S.C. § 609(a), SHSP funds may be used to hire new staff and/or

contractor positions to serve as intelligence analysts to enable information/intelligence sharing capabilities, as well as support existing intelligence analysts previously covered by SHSP funding. *See* 6 U.S.C. § 609(a). To be hired as an intelligence analyst, staff and/or contractor personnel must meet at least one of the following criteria:

- Complete training to ensure baseline proficiency in intelligence analysis and production within six months of being hired; and/or,
- Previously served as an intelligence analyst for a minimum of two years either in a federal intelligence agency, the military, or state and/or local law enforcement intelligence unit.

10. All fusion center analytical personnel must demonstrate qualifications that meet or exceed competencies identified in the Common Competencies for state, local, and tribal intelligence analysts, which outlines the minimum categories of training needed for intelligence analysts. A certificate of completion of such training must be on file with the SAA and must be made available to the recipient's respective FEMA HQ Preparedness Officer upon request; and
11. Migrating online services to the ".gov" internet domain.

All SAAs are allowed to use up to 50% of their SHSP funding for personnel costs per 6 U.S.C. § 609(b)(2)(A). Personnel hiring, overtime, and backfill expenses are permitted under this grant only to the extent that such expenses are for the allowable activities within the scope of the grant. Personnel expenses may include, but are not limited to training and exercise coordinators, program managers and planners, intelligence analysts, and SWICs.

At the request of a recipient, the FEMA Administrator (or their designee) may grant a waiver of this 50% limitation under 6 U.S.C. § 609(b)(2)(B). Requests for waivers to the personnel cap must be submitted by the authorized representative of the SAA to FEMA in writing on official letterhead, with the following information:

1. Documentation explaining why the cap should be waived;
2. Conditions under which the request is being submitted; and
3. A budget and method of calculation of personnel costs both in percentages of the grant award and in total dollar amount.

Please see IB 421b, Clarification on the Personnel Reimbursement for Intelligence Cooperation and Enhancement of Homeland Security Act of 2008 (Public L. No. 110–412 – the PRICE Act), dated October 30, 2019, for additional information on the waiver request process.

c. *Equipment*

Equipment costs are allowed under this program only as described in this funding notice and the Preparedness Grants Manual.

The 21 allowable prevention, protection, mitigation, and response equipment categories for HSGP are listed on the Authorized Equipment List (AEL). Some equipment items require prior approval from FEMA before obligation or purchase of the items. Please reference the grant notes for each equipment item to ensure prior approval is not required or to ensure prior approval is obtained if necessary. Recipients and subrecipients may purchase equipment not listed on the AEL, but **only** if they first seek and obtain **prior approval** from FEMA.

Unless otherwise stated, all equipment must meet all mandatory regulatory and/or FEMA-adopted standards to be eligible for purchase using these funds. In addition, recipients will be responsible for obtaining and maintaining all necessary certifications and licenses for the requested equipment. Investments in emergency communications systems and equipment must meet applicable SAFECOM Guidance on Emergency Communications Grants (SAFECOM Guidance) recommendations. Such investments must be coordinated with the SWIC and the State Interoperability Governing Body to ensure interoperability and long-term compatibility. For personal protective equipment (PPE), recipients are encouraged to give procurement preference to domestic manufacturers of PPE or PPE raw materials to the maximum practicable and allowed by law.

Grant funds may be used for the procurement of medical countermeasures. Procurement of medical countermeasures must be conducted in collaboration with state, city, or local health departments that administer federal funds from the Department of Health and Human Services for this purpose and with existing Metropolitan Medical Response System committees where available, to sustain their long-term planning for appropriate, rapid, and local medical countermeasures, including antibiotics and antidotes for nerve agents, cyanide, and other toxins. Procurement must have a sound threat-based justification with an aim to reduce the consequences of mass casualty incidents during the first crucial hours of a response. Prior to procuring pharmaceuticals, recipients must have in place an inventory management plan to avoid large periodic variations in supplies due to coinciding purchase and expiration dates. Recipients are encouraged to enter into rotational procurement agreements with vendors and distributors. Purchases of pharmaceuticals must include a budget for the disposal of expired drugs within each fiscal year's Period of Performance (POP) for HSGP. The cost of disposal cannot be carried over to another FEMA grant or grant period.

EMS electronic patient care data systems should comply with the most current data standard of the National Emergency Medical Services Information System.

Recipients are reminded that school hardening is an eligible activity under SHSP. School hardening measures include but are not limited to:

1. Bullet resistant doors and glass;
2. Hinge-locking mechanisms;
3. Immediate notification to emergency 911 systems;
4. Mechanisms that provide real time actionable intelligence directly to law enforcement and first responders;
5. Installation of distraction devices or other countermeasures administered by law enforcement; and
6. Other measures determined to provide significant improvements to schools' physical security.

Additionally, SHSP funds may be used for equipment purchases related to state court cybersecurity, 911 call capabilities, alert and warning capabilities, and implementation of the REAL ID Act (Pub. L. No. 109-13).

sUAS and critical emergency supply costs are allowable under this program. See the Preparedness Grants Manual for more information.

1. General Purpose Equipment

HSGP allows expenditures on general purpose equipment if it aligns to and supports one or more core capabilities identified in the Goal and has a nexus to terrorism preparedness. General purpose equipment, like all equipment funded under the HSGP, must be sharable through the EMAC[4] and allowable under 6 U.S.C. § 609, and any other applicable provision of the *Homeland Security Act of 2002*, as amended. Examples of such general-purpose equipment may include:

- Law enforcement/general use vehicles (OPSG only);
- Emergency medical services equipment and vehicles;
- Fire service equipment and vehicles, to include hose, pump accessories, and foam concentrate for specialized chemical/biological/radiological/nuclear/explosive (CBRNE) response;
- Interoperability of data systems, such as CAD and RMS; and
- Office equipment for staff[5] engaged in homeland security program activity.

2. Controlled Equipment

For decades, the federal government has provided equipment to state, local, and tribal LEAs through federal grants. Some federal grant programs have assisted LEAs as they carry out their critical missions to keep the American people safe. The equipment acquired by LEAs through these programs includes administrative equipment, such as office furniture and computers. Some federal grant programs also may include military and military-styled equipment, firearms, and tactical vehicles provided by the federal government, including property covered under 22 C.F.R. Part 121 and 15 C.F.R. Part 774 (collectively, "controlled equipment").

However, not all equipment that is considered controlled equipment is allowable under the HSGP. Grant funds under this program may not be used for the purchase of equipment not approved by DHS/FEMA. For example, the purchase of tracked armored vehicles, camouflage uniforms, weapons, and weapons accessories, including ammunition, is generally not allowed with HSGP funds.

DHS/FEMA will continue to collaborate with federal agency partners to ensure that there is a consistent and reasonable approach to the restrictions placed on certain equipment expenditures while continuing to support these investments when there is a justifiable need. Further, DHS/FEMA will continue to maintain an awareness of the evolving policy developments related to certain equipment expenditures and keep grant recipients up to date on future developments.

[4] Except for American Samoa and the Commonwealth of the Northern Mariana Islands, which are not required to belong to EMAC at this time.
[5] This applies to all homeland security personnel and is not limited to M&A staff, and costs are to be captured outside the cap on M&A costs.

For additional information on controlled equipment, see IB # 530 Guidance to Recipients and Subrecipients of FEMA's Non-Disaster Preparedness Grants Policy on Prohibited and Controlled Equipment Policy Recission.

3. Construction and Renovation

Construction and renovation costs to achieve capability targets related to preventing, preparing for, protecting against, or responding to acts of terrorism are allowed under this program. For construction and renovation costs to be allowed, they must be specifically approved by DHS/FEMA in writing prior to the use of any program funds. Limits on the total amount of grant funding that may be used for construction or renovation may apply. Additionally, recipients are required to submit SF-424C and SF-424D.

All proposed construction and renovation activities must undergo an EHP review, including approval of the review from FEMA, prior to undertaking any action related to the project. Failure of a grant recipient to meet these requirements may jeopardize Federal funding. Please see the Preparedness Grants Manual for more information.

d. *Training and Exercises*

Training and exercise costs are allowed under this program only as described in this funding notice and the Preparedness Grants Manual. Recipients are encouraged to consider tuition-free courses offered by FEMA first, before investing in training. For more information and a catalog of courses please refer to the National Preparedness Course Catalog at the National Training and Education Division (NTED).

Allowable training-related costs under HSGP include the establishment, support, conduct, and attendance of training specifically identified under the SHSP program and/or in conjunction with emergency preparedness training by other federal agencies (e.g., HHS and Department of Transportation [DOT]). Training conducted using HSGP funds should address a performance gap identified through an Integrated Preparedness Plan (IPP) or other assessments (e.g., National Emergency Communications Plan Goal Assessments) and contribute to building a capability that will be evaluated through a formal exercise. When developing new courses, recipients are encouraged to apply the Analysis, Design, Development, Implementation, and Evaluation model of instructional design.

1. Law Enforcement Readiness

SHSP grant funds may be requested and may be approved on a case-by-case basis for immigration enforcement training in support of the border security mission. Requests for training will be evaluated on a case-by-case basis and can only be used for certification in the section 287(g) program provided by DHS/ICE. SHSP subrecipients with agreements under section 287(g) of the *Immigration and Nationality Act* (INA) (8 U.S.C. § 1357(g)) to receive delegated authority for immigration enforcement within their jurisdictions may also be reimbursed for section 287(g) related operational activities with approval from FEMA on a case-by-case basis.

e. *Maintenance and Sustainment*

Maintenance and sustainment related costs are allowed under this program only as described in the Preparedness Grants Manual.

f. *Travel*

Domestic travel costs are allowed under this program, as provided for in this NOFO. International travel is not an allowable cost under this program unless approved in advance by DHS/FEMA. See the Allowable Cost Matrix above for more information on allowable travel activities under SHSP.

g. *Personnel*

Personnel hiring, overtime, and backfill expenses are permitted under this grant to perform allowable HSGP planning, organization, training, exercise, and equipment activities. All recipients and subrecipients of HSGP funds, including SHSP allocations, may not use more than 50% of their awards to pay for personnel activities unless a waiver is approved by FEMA. For more information on the 50% personnel cap, please see FEMA IB 421b, Clarification on the *Personnel Reimbursement for Intelligence Cooperation and Enhancement of Homeland Security Act of 2008* (Pub. L. No. 110-412) – the PRICE Act.

HSGP funds may not be used to support the hiring of any personnel to fulfill traditional public health and safety duties nor to supplant traditional public health and safety positions and responsibilities. The following definitions apply to personnel costs:

- **Hiring**. State and local entities may use grant funding to cover the salary of newly hired personnel who are exclusively undertaking allowable FEMA grant activities as specified in this guidance. This may not include new personnel who are hired to fulfill any non-FEMA program activities under any circumstances. Hiring will always result in a net increase of Full Time Equivalent (FTE) employees.
- **Overtime**. These expenses are limited to the additional costs that result from personnel working over and above 40 hours of weekly work time as the direct result of their performance of FEMA-approved activities specified in this guidance. Overtime associated with any other activity is not eligible.
- **Backfill-Related Overtime**. Also called "Overtime as Backfill," these expenses are limited to overtime costs that result from personnel who are working overtime (as identified above) to perform the duties of other personnel who are temporarily assigned to FEMA-approved activities outside their core responsibilities. Neither overtime nor backfill expenses are the result of an increase of FTE employees.
- **Supplanting**. Grant funds will be used to supplement existing funds and will not replace (supplant) funds that have been appropriated for the same purpose. Applicants or recipients may be required to supply documentation certifying that a reduction in non-federal resources occurred for reasons other than the receipt or expected receipt of federal funds.

1. Operational Overtime Costs

In support of efforts to enhance capabilities for detecting, deterring, disrupting, and preventing acts of terrorism and other catastrophic events, operational overtime costs are allowable for increased protective security measures at critical infrastructure sites or other high-risk locations and to

enhance public safety during mass gatherings and high-profile events. In that regard, HSGP recipients are urged to consider using grant funding to support soft target preparedness activities. SHSP funds may be used to support select operational expenses associated with increased security measures in the authorized categories cited in the table below, but this table is not exhaustive. FEMA retains the discretion to approve other types of requests that do not fit within one of the categories of the table.

Authorized Operational Overtime Categories

	Category	Description
1	**National Terrorism Advisory System (NTAS)**	Security measures in response to an increase in the threat level under the NTAS to an "elevated" or "imminent" alert status. FEMA Information Bulletin No. 367, Impact of National Terrorism Advisory System on Homeland Security Grant Programs, remains applicable; therefore, advance authorization from FEMA is not required. Refer to National Terrorism Advisory System | Homeland Security (dhs.gov) for additional information on the NTAS.
2	**National Security Special Event (NSSE)**	Security measures for a designated NSSE. NSSEs are events of national or international significance deemed by DHS to be a potential target for terrorism or other criminal activity.
3	**Special Event Assessment Rating (SEAR) Level 1 through Level 4 Events**	Security measures required for SEAR Level 1 through Level 4 events as designated by DHS and included in the DHS National Special Events List, as defined below: • SEAR 1: A significant event with national and/or international importance that may require extensive federal interagency support. • SEAR 2: A significant event with national and/or international importance that may require some level of federal interagency support. • SEAR 3: An event of national and/or international importance that requires only limited federal support. • SEAR 4: An event with limited national importance that is managed at state and local level. NOTE: In cases where a threat of terrorism can be associated with a SEAR Level 5 event, the event planners should coordinate with their state or territory Homeland Security Advisor to seek re-adjudication of the SEAR rating. Operational overtime for security measures associated with such events will be considered for approval by FEMA if re-adjudication results in a SEAR 1 through 4 rating.
4	**States of Emergency**	Declarations of states of emergency by the Governor associated with a terrorism-related threat or incident. This excludes Presidentially declared major disasters or emergencies where

	Category	Description
		federal funding support for the proposed grant-funded activity is made available through the FEMA Public Assistance program or other federal disaster grants.
5	**National Critical Infrastructure Prioritization Program (NCIPP)**	Protection of Level 1 and Level 2 facilities identified through DHS's NCIPP based on a terrorism-related threat to critical infrastructure.
6	**Directed Transit Patrols**	Targeted security patrols in airports and major transit hubs based on a terrorism-related threat to transportation systems.
7	**Other Related Personnel Overtime Costs**	Overtime costs may be authorized for personnel assigned to directly support any of the security activities relating to the categories above. Examples include firefighters and emergency medical services personnel; public works employees who may be responsible for installing protective barriers and fencing; public safety personnel assigned to assist with event access and crowd control; emergency communications specialists; backfill and overtime for staffing state fusion centers; state Active Duty National Guard deployments to protect critical infrastructure sites, including all resources that are part of the standard National Guard deployment package (note: consumable costs, such as fuel expenses, are not allowed except as part of the standard National Guard deployment package); contract security services for critical infrastructure sites; participation in Regional Resiliency Assessment Program activities, increased border security activities in coordination with USBP, etc.
8	**Operational Support to a Federal Agency**	Overtime costs are allowable for personnel to participate in information, investigative, and intelligence sharing activities related to homeland security/terrorism preparedness and specifically requested by a federal agency. Allowable costs are limited to overtime associated with federally requested participation in eligible activities, including anti-terrorism task forces, Joint Terrorism Task Forces (JTTFs), Area Maritime Security Committees (as required by the *Maritime Transportation Security Act of 2002*), DHS Border Enforcement Security Task Forces, and Integrated Border Enforcement Teams. In addition, reimbursement for operational overtime law enforcement activities related to combating transnational crime organizations in support of efforts to enhance capabilities for detecting, deterring, disrupting, and preventing acts of terrorism is an allowable expense under SHSP on a case-by-case basis. Grant funding can only be used in proportion to the federal man-hour estimate and only after funding for these activities from

	Category	Description
		other federal sources (i.e., FBI JTTF payments to state and local agencies) has been exhausted.
9	**Response to Catastrophic Incidents that are Acts of Terrorism**	Operational overtime is allowable for responding to acts of terrorism. This includes overtime accrued during the immediate response to events, such as mass casualty acts of targeted violence or other activities where the act (i) is dangerous to human life or potentially destructive of critical infrastructure or key resources; and (ii) is a violation of the criminal laws of the United States or of any State or other subdivision of the United States, and the act appears to be intended to coerce civilian populations, influence the policy of a government by intimidation or coercion, or affect the conduct of a government by mass destructions, assassination, or kidnapping.

All allowable operational overtime costs are also subject to the administration requirements outlined in the following subsection.

2. Administration of Operational Overtime Requests

- Except for an elevated NTAS alert, SHSP funds may only be spent for operational overtime costs upon prior written approval by FEMA. The SAA must submit operational overtime requests in writing to its assigned FEMA HQ Preparedness Officer. FEMA will consider requests for special event activities up to one year in advance. However such requests must be within the award's current POP and must not result in the need for a request to extend the period of performance. SAAs should contact FEMA Grants News by e-mail at fema-grants-news@fema.dhs.gov or by phone at (800) 368-6498, Monday through Friday, 9:00 AM – 5:00 PM ET, for clarification.
- All operational overtime requests must clearly explain how the request meets the criteria of one or more of the categories listed in the table above. Requests must address the threat environment as it relates to the event or activity requiring operational overtime support and explain how the overtime activity is responsive to the threat. Request letters sent to FEMA must be UNCLASSIFIED but may be labeled "For Official Use Only." If explaining the threat will require the sharing of classified information, the letter should state that fact. FEMA will then plan for the sharing of classified information through official channels;
- Post-event operational overtime requests will only be considered on a case-by-case basis, where it is demonstrated that exigent circumstances prevented submission of a request in advance of the event or activity;
- Under no circumstances may FEMA grant funding be used to pay for costs already supported by funding from another federal source; and
- FEMA will consult and coordinate with appropriate DHS components as necessary to verify information used to support operational overtime requests.

h. *Secure Identification*
Secure identification costs are allowed under this program. SHSP funds may be used to support the implementation activities associated with the Western Hemisphere Travel Initiative (WHTI), including the issuance of WHTI-compliant tribal identification cards.

i. *Multiple Purpose or Dual-Use of Funds*
Please see the Preparedness Grants Manual for information on multiple purpose of dual-use of funds under HSGP.

C. OPSG Other Direct Costs
Recipients must comply with all the requirements in 2 C.F.R. Part 200 (*Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*). In general, recipients should consult with their FEMA HQ Preparedness Officer prior to making any investment that does not clearly meet the allowable expense criteria. Funding guidelines established within this section support four of the five mission areas—Prevention, Protection, Mitigation, and Response—and associated core capabilities within the Goal. While Recovery is part of the Goal, it is not explicitly part of the HSGP. Allowable investments made in support of the national priorities, as well as other capability-enhancing projects must have a nexus to terrorism preparedness and fall into the categories of planning, organization, exercises, training, or equipment, aligned to building capability, closing capability gaps, and/or sustaining capabilities, as defined by CPG 201: THIRA/SPR Guide—3rd Edition (Comprehensive Preparedness Guide (CPG) 201, 3rd Edition (fema.gov)). Recipients are encouraged to use grant funds for evaluating grant-funded project effectiveness and return on investment. FEMA encourages recipients to provide the results of that analysis to FEMA.

a. *Planning*
Planning costs are allowed under this program only as described in this funding notice. See the Allowable Cost Matrix above for more information on allowable planning activities for OPSG.

b. *Organization*
Organization costs are allowed under this program only as described in this funding notice and the Preparedness Grants Manual. See the Allowable Cost Matrix above for more information on allowable organizational activities for OPSG.

c. *Equipment*
Equipment costs are allowed under this program only as described in this funding notice and the Preparedness Grants Manual.

OPSG equipment is intended to be incidental to the enhanced border security operations being performed. The grant is not intended to be used to outfit or supply general equipment to SLTT law enforcement agencies. Equipment must be relatable to and justified by the operational benefit it will provide. Each appropriate OPSG sector coordinator is required to keep an inventory of OPSG purchased equipment that includes at a minimum: 1) grant funding year; 2) purchase amount; 3) purchase date; 4) purchase quantity; 5) equipment ID; 6) source of funding for the property, including the Federal Award Identification Number; 7) who holds title to the property; 8) federal share percent of the property; 9) location of the property; 10) use and condition of the property; 11) disposal date; and 12) brief disposal justification information and

sale price if sold. Each Operations Order/FRAGO will require that each friendly force submit the equipment inventory for each Operations Order/FRAGO submission.

1. **Equipment Marking**. Because equipment purchased with OPSG funding is intended to be used to support OPSG activities, it **may** be appropriately marked to ensure its ready identification and primary use for that purpose. **When practicable**, any equipment purchased with OPSG funding **should** be prominently marked as follows: **"Purchased with DHS funds for Operation Stonegarden Use."**
2. **Fuel Cost and Mileage Reimbursement.** There is no cap for reimbursement of fuel or mileage costs in support of operational activities. Subrecipients and friendly forces may not claim reimbursements for both mileage and fuel/maintenance for the same equipment at the same time.
3. **Vehicle and Equipment Acquisition, Including Leasing and Rentals**. Allowable purchases under OPSG include patrol vehicles and other mission-specific equipment whose primary purpose is to increase operational capabilities on or near a border nexus in support of approved border security operations. A detailed justification must be submitted to the respective FEMA HQ Preparedness Officer prior to purchase.
4. **Medical Emergency Countermeasures.** Allowable purchases under OPSG include narcotic antagonist pharmaceuticals, detection and identification equipment, safe storage and transportation, personnel protective equipment, and initial equipment training, as reflected in the AEL.

1. Requirements for sUAS

sUAS are allowable under the HSGP. See the Preparedness Grants Manual for more information.

2. General Purpose Equipment

HSGP allows expenditures on general purpose equipment if it aligns to and supports one or more core capabilities identified in the Goal and has a nexus to terrorism preparedness. General purpose equipment, like all equipment funded under the HSGP, must be sharable through the EMAC[6] and allowable under 6 U.S.C. § 609, and any other applicable provision of the *Homeland Security Act of 2002*, as amended. Examples of such general-purpose equipment may include:

- Law enforcement/general use vehicles (OPSG only);
- Emergency medical services equipment and vehicles;
- Fire service equipment and vehicles, to include hose, pump accessories, and foam concentrate for specialized chemical/biological/radiological/nuclear/explosive (CBRNE) response;
- Interoperability of data systems, such as CAD and RMS; and
- Office equipment for staff[7] engaged in homeland security program activity.

[6] Except for American Samoa and the Commonwealth of the Northern Mariana Islands, which are not required to belong to EMAC at this time.
[7] This applies to all homeland security personnel and is not limited to M&A staff, and costs are to be captured outside the cap on M&A costs.

3. Controlled Equipment

For decades, the federal government has provided equipment to state, local, and tribal LEAs through federal grants. Some federal grant programs have assisted LEAs as they carry out their critical missions to keep the American people safe. The equipment acquired by LEAs through these programs includes administrative equipment, such as office furniture and computers. Some federal grant programs also may include military and military-styled equipment, firearms, and tactical vehicles provided by the federal government, including property covered under 22 C.F.R. Part 121 and 15 C.F.R. Part 774 (collectively, "controlled equipment").

However, not all equipment that is considered controlled equipment is allowable under the HSGP. Grant funds under this program may not be used for the purchase of equipment not approved by DHS/FEMA. For example, the purchase of tracked armored vehicles, camouflage uniforms, weapons, and weapons accessories, including ammunition, is generally not allowed with HSGP funds.

DHS/FEMA will continue to collaborate with federal agency partners to ensure that there is a consistent and reasonable approach to the restrictions placed on certain equipment expenditures while continuing to support these investments when there is a justifiable need. Further, DHS/FEMA will continue to maintain an awareness of the evolving policy developments related to certain equipment expenditures and keep grant recipients up to date on future developments.

4. Construction and Renovation

OPSG funds may not be used for any construction.

d. *Training and Exercises*

Training and exercise costs are allowed under this program only as described in this funding notice and the Preparedness Grants Manual (e.g., related to EHP compliance). Recipients are encouraged to consider tuition-free courses offered by FEMA first, before investing in training. For more information and a catalog of courses please refer to the National Preparedness Course Catalog at NTED.

1. Law Enforcement Readiness

OPSG grant funds may be used to increase operational, material, and technological readiness of SLTT law enforcement agencies. The Delegation of Immigration Authority, Section 287(g) of the *Immigration and Nationality Act (INA)* program allows a state or local law enforcement entity to enter into a partnership with ICE, under a joint Memorandum of Agreement (MOA), to receive delegated authority for immigration enforcement within their jurisdictions.

OPSG grant funds may be requested and may be approved on a case-by-case basis for immigration enforcement training in support of the border security mission. Requests for training will be evaluated on a case-by-case basis and can only be used for certification in the section 287(g) program provided by DHS/ICE. OPSG subrecipients with agreements under section 287(g) of the *INA* (8 U.S.C. § 1357(g)) to receive delegated authority for immigration

enforcement within their jurisdictions may also be reimbursed for section 287(g) related operational activities with approval from FEMA on a case-by-case basis. For OPSG, subrecipients must be authorized by USBP Headquarters and Sectors, and operational activities must be coordinated through a USBP Sector.

e. *Maintenance and Sustainment*
Maintenance and sustainment related costs are allowed under this program only as described in the Preparedness Grants Manual.

f. *Travel*
Domestic travel costs are allowed under this program, as provided for in this NOFO and in the Preparedness Grants Manual. International travel is not an allowable cost under this program unless approved in advance by DHS/FEMA. See the Allowable Cost Matrix in Appendix B for more information on allowable travel activities under OPSG.

g. *Personnel*
Personnel hiring, overtime, and backfill expenses are permitted under this grant to perform allowable HSGP planning, organization, training, exercise, and equipment activities. Under OPSG, overtime costs are allowable only in so far as they meet the intent of the program. All recipients and subrecipients of HSGP funds, including OPSG allocations, may not use more than 50% of their awards to pay for personnel activities unless a waiver is approved by FEMA. For more information on the 50% personnel cap, please see FEMA IB 421b, *Clarification on the Personnel Reimbursement for Intelligence Cooperation and Enhancement of Homeland Security Act of 2008* (Pub. L. No. 110-412 – the PRICE Act).

Further, changes in scope or objective also require FEMA's prior written approval pursuant to 2 C.F.R. § 200.308(c)(1). If the cost changes are allowable under the grant, a FRAGO must be submitted to Homeland Security Information Network (HSIN) to obtain FEMA's prior written approval of such changes in accordance with 2 C.F.R. § 200.308(c)(1). These modifications will be annotated in the annex section of the FRAGO.

OPSG funds may be used for domestic travel and *per diem*, including costs associated with the deployment/redeployment of personnel to border areas and for travel associated with law enforcement entities assisting other local jurisdictions in law enforcement activities. In addition, allowable costs include supporting up to six-month deployment of law enforcement personnel to critical Southwest Border locations for operational activities (travel costs must be in accordance with applicable travel regulations).

OPSG funds may be used to pay additional current part-time law enforcement personnel salaries to bring them to temporary full-time status. OPSG funds may support a Governor's request to activate, deploy, or redeploy specialized National Guard Units/Package and/or elements of state law enforcement serving as friendly forces to increase or augment specialized/technical law enforcement elements' operational activities. Costs associated with backfill for personnel supporting operational activities are allowable.

As with all OPSG personnel costs, OPSG grant funds will be used to supplement existing funds

and will not replace (supplant) funds that have been appropriated for the same purpose. Applicants or recipients may be required to supply documentation certifying that a reduction in non-federal resources occurred for reasons other than the receipt or expected receipt of federal funds.

1. Operational Overtime Costs

OPSG funds should be used for operational overtime costs associated with law enforcement activities in support of border law enforcement agencies for enhanced border security. Overtime pay is for increased patrol time for certified public safety officers, along with limited support for other law enforcement direct support personnel (e.g., Communication Officers/Dispatchers, non-sworn patrol pilots, etc.). Overtime shall be reimbursed consistent with the non-federal entity's overtime policy and the requirements as stated below:

- Overtime is time worked that exceeds the required number of hours during an employee's designated shift;
- Overtime must be worked to increase patrol capacity and be in support of identified and approved USBP border security operations;
- The OPSG overtime hourly rate of pay will be no more than the approved overtime rate per local law and policy and must be in accordance with applicable state and federal regulations;
- All overtime expenses under OPSG must be reasonable for the services rendered and conform to the non-federal entity's established written policy, which must apply to both federally funded and non-federally funded activities and comply with the other applicable requirements under 2 C.F.R. §§ 200.430-200.431; and
- The non-federal entity may not utilize OPSG funding to pay for an employee's overtime hours or pay that exceeds 16-hours worked in any 24-hour period.

2. Intelligence Support

Per 6 U.S.C. § 609(a), OPSG funds may, as applicable and operationally beneficial, be used to pay salaries and benefits or overtime for personnel to serve as qualified Intelligence Analysts to enable and enhance information/intelligence sharing capabilities, as well as support existing intelligence analysts previously covered by OPSG funding. Qualified OPSG-funded intelligence analysts can be assigned to an applicable law enforcement facility/intelligence function as long as information/intelligence sharing is maintained. To serve as an OPSG-funded intelligence analyst, personnel must meet at least one of the following criteria:

- Complete training to ensure baseline proficiency in intelligence analysis and production within six months of being hired; and/or,
- Previously served as an intelligence analyst for a minimum of two years either in a federal intelligence agency, the military, or state and/or local law enforcement intelligence unit.

OPSG-funded intelligence analysts must demonstrate qualifications that meet or exceed competencies identified in the Common Competencies for state, local, and tribal intelligence analysts, which outlines the minimum categories of training needed for intelligence analysts. A certificate of completion of such training must be on file with the SAA and must be made

available to the recipient's respective FEMA HQ Preparedness Officer upon request.

h. ***Regional Border Projects***

Recipients are encouraged to prioritize the acquisition and development of regional projects on the borders to maximize interoperability and coordination capabilities among federal agencies and with state, local, and tribal law enforcement partners. Such regional projects include:

1. Communications equipment;
2. Radio systems and repeaters;
3. Integration with regional intelligence and information sharing effort (i.e., fusion centers):
   - Intelligence analysts.
4. Situational Awareness equipment:
   - License Plate Reader Networks;
   - Visual detection and surveillance systems;
   - Sensor Systems;
   - Radar Systems (for air and/or marine incursions); and
   - Aircraft systems (manned or unmanned).

i. ***Transportation Costs and Costs Related to the Provision of Acute Medical Care***

Vehicle, fuel, mileage, operational overtime, and other types of costs otherwise allowable under an OPSG award's HSGP NOFO are allowable where the costs are in support of the necessary transportation of individuals interdicted while carrying out allowable OPSG-funded activities or operations from the point of interdiction to an applicable law enforcement facility.

When transporting individuals interdicted in the course of carrying out allowable OPSG-funded activities or operations from the point of interdiction, non-Federal entities may charge vehicle, fuel, mileage, operational overtime, and other types of costs otherwise allowable under an OPSG award's HSGP NOFO associated with necessary transportation to provide acute medical care for individuals being transported from the point of interdiction. In such cases, non-Federal entities may also charge operational overtime for personnel that monitor a detained individual receiving acute medical care where the individual remains in the custody of the non-Federal law enforcement agency. Costs incurred beyond the acute phase of medical care (e.g., upon admission to the hospital, or after transfer from an acute care facility to the hospital) and costs incurred once the custodial responsibility of the individual is transferred to CBP are not allowable under OPSG.

Costs described above are allowable regardless of what entity or agency initially makes the interdiction. Personnel costs incurred by non-Federal law enforcement agencies eligible under OPSG (including deputies, corrections officers, or detention officers) for costs described above are allowable.

j. ***Temporary or Term Appointments***

Temporary or term appointments are allowable under an OPSG award, so long as they comply with the following:

1. Subrecipients may utilize temporary or term appointments to augment the law enforcement presence on the borders. However, applying funds toward hiring full-time or permanent sworn public safety officers is unallowable;

2. OPSG-funded temporary or term appointments may not exceed the approved period of performance:
    - For OPSG purposes, temporary appointments are non-status appointments for less than one year; and
    - For OPSG purposes, term appointments are non-status appointments for one year, extendable for one year as necessary.
3. OPSG funding for temporary or term appointments may pay for salary only. Benefits are not allowable expenses for term or temporary employees;
4. OPSG remains a non-hiring program. Appropriate uses of temporary or term appointments include:
    - To carry out specific enforcement operations work for ongoing OPSG-funded patrols throughout the Sector Area of Operation;
    - To staff operations of limited duration, such as OPSG-enhanced enforcement patrols targeting specific locations or criminal activity; and
    - To fill OPSG positions in activities undergoing transition or personnel shortages and local backfill policies (medical/military deployments).
5. OPSG term and temporary appointments must have all necessary certifications and training to enforce state and local laws. OPSG funds will not be used to train or certify term or temporary appointments except as otherwise stated in this NOFO and the Preparedness Grants Manual; and
6. FEMA provides no guarantee of funding for temporary or term appointments. In addition to the terms of this NOFO, subrecipients must follow their own applicable policies and procedures regarding temporary or term appointments.

GRANT MANAGEMENT MEMORANDUM
GMM 2025-08

Date: August 26, 2025

To: **All California Governor's Office of Emergency Services (Cal OES) Homeland Security Grant Program (HSGP) Subrecipients**

From: Cal OES Grants Management

Subject: Fiscal Year (FY) 2025 HSGP Application Updates, Guidance, and Allocations

---

On August 8, 2025, Cal OES released GMM 2025-06 with FY 2025 HSGP allocations and program updates. This memo provides additional guidance to help facilitate the submission of required project-level details for DHS/FEMA review as part of our FY 2025 HSGP application process.

The FY 2025 HSGP National Priority Areas (NPAs) and required minimum spends are as follows:

NPA	Minimum Spend Requirement
***NEW** – Supporting Border Crisis Response and Enforcement	10% minimum spend
***NEW** – Supporting Homeland Security Task Forces and Fusion Centers	No minimum spend
Enhancing the Protection of Soft Targets/Crowded Places	No minimum spend (no change)
Enhancing Cybersecurity	No minimum spend (no change)
Enhancing Election Security	3% minimum spend (no change)
Removed – Enhancing Information and Intelligence Sharing	-
Removed – Enhancing Community Preparedness and Resilience	-
Removed – Combating Domestic Violence Extremism	-

Subrecipients must allocate a minimum of 30% of funding across the five NPAs.

Enhancing Election Security and Supporting Border Crisis Response and Enforcement are the only national priorities with minimum spends totaling 13%. Subrecipients will have the flexibility to allocate the remaining 17% across the remaining priorities.

The updated Investment Justifications (IJ)s and numbering are as follows:

- IJ (1) - Supporting Homeland Security Task Forces and Fusion Centers
- IJ (2) - Enhance the Protection of Soft Targets/Crowded Places
- IJ (3) - Enhance Cybersecurity
- IJ (4) - Supporting Border Crisis Response and Enforcement
- IJ (5) - Strengthen Emergency Communications Capabilities Through Planning, Governance, Technology, And Equipment
- IJ (6) - Enhance Medical and Public Health Preparedness
- IJ (7) - Strengthen Information Sharing and Collaboration
- IJ (8) - Enhance Multi-Jurisdictional/Inter-Jurisdictional All- Hazards/Whole Community Incident Planning, Response & Recovery Capabilities
- IJ (9) - Protect Critical Infrastructure and Key Resources (including Food & Agriculture)
- IJ (10) - Enhance Election Security

The minimum spend requirement for Law Enforcement Terrorism Prevention Activities (LETPA) will remain at 35% of the award. For an activity to be classified as LETPA, it must have both a law enforcement and terrorism prevention nexus. Information Bulletin (IB)485 includes the most up-to-date information on project selection considerations and allowable activities for LETPA investments.

Management and administration costs for FY 2025 should be captured under Investment Justification #6. All emergency communications projects must comply with the SAFECOM Guidance and must be captured under Investment Justification #5. The project description should contain the SCIP goal and "emergency communications" in the project description.

As you develop your projects you may reference the example project types listed in the latest copy of the FY 2025 HSGP NOFO released on August 1, 2025. You may also reach out to your assigned Grants Analyst for any questions related to project development.

The deadline to submit revised FY 2025 projects with final allocations to your HSGP Grants Analyst is **Tuesday, September 16, 2025**. This timeline allows Cal OES sufficient time for our internal review and project entry into FEMA's new grants management system, FEMA GO. To meet the grant requirements for an award under HSGP, the State must pass at least 80% of funding to local or tribal governments. By submitting our required project-level details in advance, we

can submit our projects to DHS/FEMA for review before receiving our award, thus avoiding unnecessary delays in receiving HSGP funding.

California and 19 other states filed a lawsuit challenging the lawfulness of the civil immigration terms and conditions set forth in DHS Standard Terms and Conditions and seeking to prohibit their enforcement (See *State of Illinois et al. v. Federal Emergency Management Agency, et al.* (D. R.I., No. 1:25-cv-206-WES-PAS). The parties are currently awaiting a decision from the court as to the lawfulness of these provisions. Once the court issues its decision, Cal OES will update its FAQs.

In submitting the FY 25 HSGP application, Cal OES also submitted a reservation of rights (RoR) letter which provided that submission of the FY 25 HSGP application should not be construed as agreement to the disputed conditions, certification of compliance with the disputed conditions or as a waiver of any rights by Cal OES or the State of California, including the civil immigration terms and conditions.

The RoR letter also addressed the Election Security NPA portion of the FY 25 HSGP NOFO, which "integrat[es] the directives of Executive Order 14248", which is the subject of ongoing litigation, including in *State of California, et al. v. Donald J. Trump, et al.* (D. Mass., No. 1:25-cv-10810-DJC). The RoR rights letter stated that the application should not be construed as an agreement to the Election Security NPA conditions or as a waiver of any rights or arguments by Cal OES or the State of California concerning the election-related conditions
In light of the above-referenced reservation of rights, subrecipients are encouraged to submit their applications.

There have been no changes to the allocations provided in the chart from the GMM sent out on August 8, 2025. The allocations are provided in this document as well for reference.

As any grant program updates are made, Cal OES will continue to share information on our Frequently Asked Questions (FAQ) page on the Cal OES webpage at: DHS-FEMA Grant Guidance FAQs.

We appreciate your patience and cooperation during this coordinated effort.

Exercise objectives for public alert and warning should include practice of analysis and decision-making in sending an alert to the public; public alert message writing; procedures for coordination, review, and approval to send the alert; and practice in sending an alert though the IPAWS. Moreover, recipients should clearly outline how they will integrate public alert and warning tests into

6. References for Eligibility Factors within the NOFO	Please see the following references provided below: 1. “Responsiveness Review Criteria” subsection 2. “Financial Integrity Criteria” subsection 3. “Supplemental Financial Integrity Criteria and Review” subsection 4. FEMA may/will request financial information such as Employer Identification Number (EIN) and bank information as part of the potential award selection. This will apply to everyone proposed, including subrecipients.
7. Cost Sharing Requirement	Applicants and subapplicants selected for this award must commit to an acceptable cost share agreement. Otherwise, they will not be funded.

8. Cost Share Description, Type and Restrictions	The FY 2025 EMPG Program has a cost-share requirement. The recipient contribution can be cash (hard match) or third-party in-kind (soft match). Eligible EMPG Program applicants shall agree to make available non-federal funds to carry out an EMPG Program award in an amount not less than 50% of the total project cost. In other words, the federal share applied toward the EMPG Program budget shall not exceed 50% of the total budget as submitted in the application and approved in the award. If the total project ends up costing more, the recipient is responsible for any additional costs; if the total project ends up costing less, the recipient may owe FEMA an amount required to ensure that the federal cost share is not in excess of 50%. A state must at least equally match (cash or third party in-kind) the federal contribution pursuant to sections 611(j) and 613(a) of the *Robert T. Stafford Disaster Relief and Emergency Assistance Act* (Pub. L. No. 93-288), as amended, (42 U.S.C. §§ 5121 *et seq.*). Unless otherwise authorized by law, federal funds cannot be matched with other federal funds. The recipient's contribution should be specifically identified. These non-federal contributions have the same eligibility requirements as the federal share. DHS/FEMA administers cost-matching requirements in accordance with 2 C.F.R. § 200.306. To meet matching requirements, the recipient contributions must be verifiable, reasonable, allowable, allocable, and necessary under the grant program, and in compliance with all applicable federal requirements and regulations.

9. Cost Sharing Calculation Example	For example, if the federal award were at a 50% cost share and the total approved budget cost was $100,000, then: ▪ Federal share is 50% of $100,000 = $50,000 ▪ Recipient share is 50% of $100,000 = $50,000 However, with this example, if the total cost ended up being $120,000, the federal share would remain at 50% of the total approved budget at the time of application of $100,000, or $50,000. If the total cost ended up being $80,000, then the 50% federal share would decrease to $40,000, and the recipient cost share would be $40,000. In accordance with 48 U.S.C. § 1469a, cost-match requirements are waived for the insular areas of the U.S. territories of American Samoa, Guam, the U.S. Virgin Islands, and the Commonwealth of the Northern Mariana Islands.
10. Required information for verifying Cost Share	Applicants should submit the following cost share (or match) documents: 1. A detailed description of the source of the cost share/matching funds. If funds or services are to be provided by a third party for in-kind match, a dated letter of commitment is required to document the donation. Please see the “Application Format and Contents” section for more details. Maintenance of Effort Not applicable.

Program Description

A. Background, Program Purpose, and Program History

The Fiscal Year (FY) 2025 Emergency Management Performance Grant (EMPG) Program provides funding to states or territorial governments to enhance their emergency management capabilities. The funding allows recipients to address risks and strengthen core emergency management functions.

Last year, all 56 states and territories were awarded EMPG Program funding, as were two Compact of Free Association nations. For a full list of FY 2024 recipients, please refer to Information Bulletin (IB) 517a.

B. Goals, Objectives, and Priorities

Goals: The goal of the FY 2025 EMPG Program is to provide funds to assist state, local, tribal, and territorial emergency management agencies to implement the National Preparedness System (NPS) and to support the Goal of a secure and resilient nation.

Objectives: The EMPG funds will address the increasing range and complexity of disasters, support the wide variety of communities we serve, and complement the nation's growing expectations of the emergency management community by meeting the following objectives:

1. Building or sustaining those preparedness capabilities that are identified as high priority through the Threat and Hazard Identification and Risk Assessment (THIRA)/Stakeholder Preparedness Review (SPR) process and other relevant information sources (see Priorities section below);
2. Closing capability gaps that are identified in the state or territory's most recent SPR; and
3. Building continuity capabilities to ensure governmental essential functions and services resilience.

DHS/FEMA requires EMPG Program recipients to complete a THIRA/SPR. Additional information on the THIRA/SPR process, including other NPS tools and resources, can be found at National Preparedness System | FEMA.gov and the Preparedness Grants Manual (FM-207-23-001).

Priorities: All EMPG Program applicants are required to develop and submit a Work Plan as described in Appendix B below. All EMPG Program Work Plans will require final approval by the applicable FEMA Regional Administrator (RA). The

applicant must work with the RA or designated Regional EMPG Program Manager to ensure that appropriate regional and state/territory priorities are effectively addressed in the Work Plan.

Priorities, and associated EMPG Program-funded projects, must be mutually agreed to by the recipient and RA. Identification of priorities and development of the EMPG Program Work Plan should involve a collaborative negotiation process through which a common set of priorities will emerge based on a combination of state/territory priorities, regional priorities, and national priorities (as outlined in the table below). State/territory priorities should be primarily driven by the THIRA/SPR process, as explained in the Objectives section above. Other relevant information sources, such as: 1) after-action reports (AARs) following exercises or real-world events; 2) audit and monitoring findings; 3) Hazard Mitigation Plans; and/or 4) other deliberate planning products may also be used to inform state/territory priorities. Additionally, states and territories are urged to consider the funding needs of local governments when developing their funding priorities. Regional priorities will be determined by the RA based on their unique knowledge of the region's preparedness and emergency management needs, including broader insight into common capability gaps across the region and potential opportunities for economies of scale to capitalize on those commonalities. Regional priorities should also be based on an analysis of THIRA/SPR data and other information sources provided by the states/territories in their area(s) of responsibility. Ideally, all EMPG Program funded projects, as outlined in the approved FY 2025 EMPG Program Work Plan, will support the priorities identified through this approach.

Through the priority development and negotiation process, each region and state/territory should discuss state/territory, regional, and national priorities. Converging their processes for identifying priorities and reaching consensus on a common set of shared priorities helps the region and each state/territory to realize economies of scale. As a result of these negotiations, the region and state/territory should reach a consensus on three-to-five priorities each recipient will focus on addressing and improving in its EMPG Program Work Plan.

Federal regulations outlined in 2 C.F.R. Part 200 require federal awarding agencies to measure recipient performance to show achievement of program goals and objectives, share lessons learned, improve program outcomes, and foster adoption of promising practices (*see* 2 C.F.R. § 200.301, Performance Measurement). For FY 2025, there is a continuing emphasis on priorities-based

investments. Additionally, recipients must set outcome-oriented performance goals for closing capability gaps related to the three-to-five agreed-upon priorities, aligning funding with high-priority strategic preparedness needs. An outcome-oriented approach will allow recipients to define success, benchmark their projects, and measure their progress in building capability. Recipients will be able to use this to generate a feedback cycle. If projects are not achieving desired outcomes, recipients will have a basis for revisiting plans and assessments and adjusting their projects and other investments.

When developing state/territory priorities, applicants should consider the following national priorities:

- Extreme Weather Resilience; and
- Readiness

a. Extreme Weather Resilience

Extreme weather is one of the greatest challenges facing emergency managers today. To meet this challenge, the emergency management field needs to anticipate the increasing demands generated by more extreme and frequent disasters, from wildfires and coastal storms to inland flooding. Additionally, emergency managers must learn to manage and support weather-related emergencies such as drought and extreme heat. The emergency management community must aim to strengthen capabilities for extreme weather events by better understanding extreme weather risks and identifying mitigation strategies and other preparedness actions necessary to address those risks. This includes expanded training and capacity-building for emergency managers and first responders at the state and local level. Additionally, emergency managers at the federal, state, territorial, tribal, and local levels need to undertake targeted efforts to increase resilience in the most disaster vulnerable communities.

Extreme weather resilience requires a whole-community approach. The whole community is an inclusive approach to emergency preparedness and management through the inclusion of individuals and families, including those with access and functional needs; businesses; faith-based and community organizations; non-profit groups; schools and academia; media outlets; and all levels of government, including state, local, tribal, territorial, and federal partners. Extreme weather events can cause both acute and chronic impacts; communities

must be resilient against threats as varied as extreme flooding, drought, hurricanes, and wildfires. Community resilience requires expanding partnerships, especially with community-based organizations that are on the ground before disasters strike and well after. Emergency management partners must support the preparedness needs of disaster vulnerable communities to mitigate the impacts of future disasters.

Many communities are faced with aging infrastructure, which can increase risk from major disasters. To have the greatest impact, FEMA encourages smart investments in system-based, community-wide projects to protect those with the most severe and persistent risk. Communities can better target investments to the most transformational projects when they better understand the unique risks posed by extreme weather events.

The future disaster environment will not resemble that of the past, or even what is experienced today. To build long-term resilience, communities must understand their future risk and have the resources and capacity to reduce that risk. Even within the same geographic area, different communities will face differing levels of risk due to their unique demographic, economic, and physical characteristics. It is important for the emergency management community to develop capacity to access and interpret accurate information about this localized risk, specifically in light of future conditions. This information will help communities better understand their own risks and identify the most appropriate resilience actions.

The more we build our partner's resilience, the more prepared our nation will be, which positively influences the impact and severity of significant events. This approach enables disaster response efforts that are locally led, state managed, and federally supported.

b. Readiness

As disasters become more frequent, severe, and complex, the demands placed upon the emergency management community have increased dramatically. To adapt to this trend, FEMA and the emergency management community must expand our approach to readiness, preparedness, continuity, and resiliency by increasing the overall emergency management capabilities at the state and local government level, as well as the private sector, the nonprofit sector, and among individuals. The National Capability Targets provide a shared vision of the staff,

expertise, tools, and resources required to build a prepared nation. Aligning state and local readiness plans to these targets will ensure agencies can continuously support the needs and priorities identified by whole community partners, in addition to continuity of government across all hazards.

Disaster mitigation, preparedness, response, and recovery are not the responsibility of just one agency. Rather, these functions are a shared responsibility requiring coordination of federal agencies, private and social sectors, state, local, tribal, and territorial governments, and other partners. The ability to support communities begins with how emergency management agencies help them prepare before a disaster occurs. This includes preparing for evolving concurrent, complex disasters, including response to potential national security emergencies. Through better coordination of pre-disaster programs, we can all help communities identify, prioritize, and plan to address their specific community-based threats, identify hazards and risks, and mitigate capability gaps. Together, federal assistance can be targeted to address areas of greatest national risk and increase support to the most at-risk communities thereby improving our Nation's readiness.

c. *Additional Guidance on EMPG Program Priorities*

Recognizing that every state and territory has its own unique preparedness and emergency management needs, the national priorities outlined above should inform the identification of state/territory priorities and regional priorities when developing the common set of mutual priorities as agreed upon by the RA and each state/territory. Ideally, the regional and state/territory priorities will complement and support the national priorities. The only mandate stemming from these national priorities is the requirement for all EMPG Program recipients to develop and maintain a Distribution Management Plan as an annex to their existing Emergency Operations Plan (EOP). See the Logistics Planning section of the Preparedness Grants Manual for additional details on this requirement.

The table below provides a high-level breakdown of the national priority areas, the associated core capabilities, as well as examples of project types for each area. Please see Appendix A of this NOFO for more detailed information about allowable costs for projects.

E. Performance Measures and Targets

Performance metrics for this program are as follows:

- Performance Measure 1: Percentage of capability-building projects that align to capability gaps identified by states, territories, and urban areas in their THIRA/SPR submissions (50%).
- Performance Measure 2: Percentage of high priority capabilities, as identified in THIRA/SPR submissions, that are built or sustained prior to award closeout (50%).
- Performance Measure 3: Percentage of capability-building projects that address a high priority core capability as identified by THIRA/SPR submissions (50%).
- Performance Measure 4: Percentage of projects that build or sustain capabilities relating to the EMPG Program national priority areas and RA agreed-upon priorities (80%).
- Performance Measure 5: Percentage of Planning, Training, and/or Exercise related projects that align with closing address capability gaps as identified and documented in the state/territory's most recent THIRA/SPR submission, Mitigation Plan, AARs, Audit/Monitoring Findings, Continuity Assessments, or Other Deliberate Plans (50%).

FEMA will analyze the above metrics through the review of state/territory SPR submissions, EMPG Program Work Plans, and required programmatic reports.

F. Program-Specific Unallowable Costs

Specific unallowable costs for **EMPG** include:

1. Grant funds may not be used for the purchase of firearms, ammunition, grenade launchers, bayonets, or weaponized aircraft, vessels, or vehicles of any kind with weapons installed;
2. Expenditures for weapons systems and ammunition;
3. Costs associated with hiring, equipping, training, etc. sworn public safety officers whose primary job responsibilities include fulfilling traditional public safety duties such as law enforcement, firefighting, emergency medical services, or other first responder duties;

4. Costs that supplant traditional public safety positions and responsibilities;
5. Activities and projects unrelated to the completion and implementation of the EMPG Program; or
6. Clothing used for everyday wear by emergency management employees or other personnel.

Recipients should consult with their Regional EMPG Program Manager prior to making any investment that does not clearly meet the allowable expense criteria established in this NOFO and the Preparedness Grants Manual.

G. General Funding Requirements

Costs charged to federal awards (including federal and non-federal cost share funds) must comply with applicable statutes, rules and regulations, policies, this NOFO, the Preparedness Grants Manual, and the terms and conditions of the federal award. This includes, among other requirements, that costs must be incurred, and products and services must be delivered within the budget period. See 2 C.F.R. § 200.403(h).

Recipients may not use federal funds or any cost share funds for the following activities:

1. Matching or cost sharing requirements for other federal grants and cooperative agreements (see 2 C.F.R. § 200.306).
2. Lobbying or other prohibited activities under 18 U.S.C. § 1913 or 2 C.F.R. § 200.450.
3. Prosecuting claims against the federal government or any other government entity (see 2 C.F.R. § 200.435).

See the Preparedness Grants Manual for more information on funding restrictions and allowable costs.

H. Indirect Costs (Facilities and Administrative Costs)

Indirect costs are allowed for recipients and subrecipients.

Indirect costs (IDC) are costs incurred for a common or joint purpose benefitting more than one cost objective and not readily assignable to specific cost objectives without disproportionate effort. Applicants with a current negotiated IDC rate

agreement who desire to charge indirect costs to a federal award must provide a copy of their IDC rate agreement with their applications. Not all applicants are required to have a current negotiated IDC rate agreement. Applicants that are not required to have a negotiated IDC rate agreement, but are required to develop an IDC rate proposal, must provide a copy of their proposal with their applications. Applicants without a current negotiated IDC rate agreement (including a provisional rate) and wish to charge the de minimis rate must reach out to FEMA for further instructions. Applicants who wish to use a cost allocation plan in lieu of an IDC rate proposal must reach out to FEMA for further instructions. As it relates to the IDC for subrecipients, a recipient must follow the requirements of 2 C.F.R. §§ 200.332 and 200.414 in approving the IDC rate for subawards. See the Preparedness Grants Manual for information on establishing indirect cost rates.

a. *Unrecovered Indirect Costs*

In accordance with 2 C.F.R. § 200.306(c) "[u]nrecovered indirect costs, including indirect costs on cost sharing or matching may be included as part of cost sharing or matching only with the prior approval of the Federal awarding agency. Unrecovered indirect cost means the difference between the amount charged to the Federal award and the amount which could have been charged to the Federal award under the non-Federal entity's approved negotiated indirect cost rate." Therefore, unrecovered indirect costs may be applied to meet cost share requirements of the EMPG Program grant with the approval of the Regional Grants Division. To meet the cost sharing requirements, the recipient's indirect costs contributions must be verifiable, reasonable, allocable, necessary, and otherwise allowable under the grant program, and in compliance with all applicable Federal requirements and regulations.

I. Management and Administration (M&A) Costs

Per FEMA policy, M&A costs are allowed for both states and territories and local-level Emergency Management Agencies (EMAs). A state or territory EMA may use up to 5% of the EMPG Program award for M&A purposes. In addition, local EMAs may retain and use up to 5% of the amount they receive from the state for local M&A purposes. If the SAA is not the state or territory-level EMA, the SAA is not eligible to retain funds for M&A costs.

M&A activities are those defined as directly relating to the management and administration of EMPG Program funds, such as financial management, reporting, and program and financial monitoring. Some examples of M&A costs include grants management training for M&A staff, equipment and supplies for M&A staff to administer the EMPG Program grant, travel costs for M&A staff to attend conferences or training related to the EMPG Program, travel costs for the M&A staff to conduct subrecipient monitoring, contractual services to support the M&A staff with M&A activities, and auditing costs related to the grant award to the extent required or permitted by statute or 2 C.F.R. Part 200. Characteristics of M&A expenses can include the following: 1) direct costs that are incurred to administer a particular Federal award; 2) identifiable and unique to each Federal award; 3) charged based on the activity performed for that particular Federal award; and 4) not duplicative of the same costs that are included in the approved Indirect Cost Rate Agreement, if applicable.

M&A costs are not overhead costs but are necessary direct costs incurred in direct support of the federal award or as a consequence of it, such as travel, meeting-related expenses, and salaries of full/part-time staff in direct support of the program. As such, M&A costs can be itemized in financial reports. They are directly related to managing and administering the award, such as financial management, reporting, and program and financial monitoring. It should be noted that salaries of state and local emergency managers are not typically categorized as M&A costs unless the state or local EMA chooses to assign personnel to specific M&A activities.

J. Pre-Award Costs

Pre-award costs are not allowed.

Regions can request additional budget detail information, if necessary, to ensure the proposed projects and associated costs are in alignment with the agreed-upon priorities, address the identified need/capability gaps, and are in compliance with the cost principles.

See the EMPG Program Work Plan appendix in Appendix B below for additional information on Work Plan requirements.

E. Post-Application Requirements for Successful Applicants

Not applicable.

Submission Requirements and Deadlines

A. Address to Request Application Package

Applications are processed through the FEMA GO system. To access the system, go to https://go.fema.gov/.

Steps required to apply for an award under this program and submit an application:

To apply for an award under this program, all applicants must:

a. Apply for, update, or verify their Unique Entity Identifier (UEI) number and Employer Identification Number (EIN) from the Internal Revenue Service (IRS);

b. In the application, provide an UEI number;

c. Have an account with login.gov;

d. Register for, update, or verify their System for Award Management (SAM) account and ensure the account is active before submitting the application;

e. Register in FEMA GO, add the organization to the system, and establish the Authorized Organizational Representative (AOR). The organization's electronic business point of contact (eBiz POC) from the SAM registration may need to be involved in this step. For step-by-step instructions, see https://www.fema.gov/media-library/assets/documents/181607;

f. Submit the complete application in FEMA GO; and

g. Continue to maintain an active SAM registration with current information at all times during which it has an active federal award or an application or plan under consideration by a federal awarding agency. As part of this, applicants must also provide information on an applicant's immediate and highest-level owner and subsidiaries, as well as on all predecessors that have been awarded federal contracts or federal financial assistance within the last three years, if applicable.

Per 2 C.F.R. § 25.110(a)(2)(iv), if an applicant is experiencing exigent circumstances that prevents it from obtaining an UEI number and completing SAM registration prior to receiving a federal award, the applicant must notify FEMA as soon as possible. Contact fema-grants-news@fema.dhs.gov and provide the details of the exigent circumstances.

How to Register to Apply:

General Instructions:

Registering and applying for an award under this program is a multi-step process and requires time to complete. Below are instructions for registering to apply for FEMA funds. Read the instructions carefully and prepare the requested information before beginning the registration process. Gathering the required information before starting the process will alleviate last-minute searches for required information.

The registration process can take up to four weeks to complete. To ensure an application meets the deadline, applicants are advised to start the required steps well in advance of their submission.

Organizations must have a UEI number, EIN, and an active SAM registration.

Obtain a UEI Number:

All entities applying for funding, including renewal funding, must have a UEI number. Applicants must enter the UEI number in the applicable data entry field on the SF-424 form. For more detailed instructions for obtaining a UEI number, refer to SAM.gov.

Obtain Employer Identification Number:

In addition to having a UEI number, all entities applying for funding must provide an EIN. The EIN can be obtained from the IRS by visiting https://www.irs.gov/businesses/small-businesses-self-employed/apply-for-an-employer-identification-number-ein-online.

Create a login.gov account:

Applicants only have to create a login.gov account once. For existing SAM users, use the same email address for both login.gov and SAM.gov so that the two accounts can be linked.

For more information on the login.gov requirements for SAM registration, refer to https://www.sam.gov/SAM/pages/public/loginFAQ.jsf.

Register with SAM:

In addition to having a UEI number, all organizations must register with SAM. Failure to register with SAM will prevent your organization from applying through FEMA GO. SAM registration must be renewed annually and must remain active throughout the entire grant life cycle.

For more detailed instructions for registering with SAM, refer to: Register with SAM

Note: per 2 C.F.R. § 25.200, applicants must also provide the applicant's immediate and highest-level owner, subsidiaries, and predecessors that have been awarded federal contracts or federal financial assistance within the past three years, if applicable.

Register in FEMA GO, Add the Organization to the System, and Establish the AOR:

Applicants must register in FEMA GO and add their organization to the system. The organization's electronic business point of contact (eBiz POC) from the SAM registration may need to be involved in this step. For step-by-step instructions, see FEMA GO Startup Guide.

Note: FEMA GO will support only the most recent major release of the following browsers:

- Google Chrome;
- Mozilla Firefox;
- Apple Safari; and
- Microsoft Edge.

Applicants using tablet type devices or other browsers may encounter issues with using FEMA GO.

Submitting the Final Application:

Applicants will be prompted to submit the standard application information, and any program-specific information required. Standard Forms (SF) may be accessed in the Forms tab under the: SF-424 Family | Grants.gov.

Applicants should review these forms before applying to ensure they are providing all required information.

After submitting the final application, FEMA GO will provide either an error message, or an email to the submitting AOR confirming the transmission was successfully received.

B. Application Deadline

08/11/25 05:00:00 PM Eastern Time

C. Pre-Application Requirements Deadline

Not applicable.

D. Post-Application Requirements Deadline

Not applicable.

E. Effects of Missing the Deadline

All applications must be completed in FEMA GO by the application deadline. FEMA GO automatically records proof of submission and generates an electronic date/time stamp when FEMA GO successfully receives an application. The submitting AOR will receive via email the official date/time stamp and a FEMA GO tracking number to serve as proof of timely submission prior to the application deadline.

Applicants experiencing system-related issues have until 3:00 PM ET on the date applications are due to notify FEMA. No new system-related issues will be addressed after this deadline. Applications not received by the application submission deadline will not be accepted.

Intergovernmental Review

A. Requirement Description and State Single Point of Contact

An intergovernmental review may be required. Applicants must contact their state's Single Point of Contact (SPOC) to comply with the state's process under Executive Order 12372.

Application Review Information

A. Threshold Criteria

Only State or territorial governments (the State Administrative Agency [SAA] or the state's Emergency Management Agency [EMA]) are authorized to submit EMPG applications to FEMA.

a. *Unaffiliated or Unauthorized Representatives*

Applications submitted by individuals who are not 1) a current employee, personnel, official, staff, or leadership of the non-federal entity; and 2) duly authorized to apply for an award on behalf of the non-federal entity at the time of application (e.g. consultants or contractors acting on behalf of an organization) will be deemed ineligible.

b. *Organizations Not Registered in SAM.gov*

Applicants that fail to register and maintain an active profile in SAM.gov, or those without a UEI, are not eligible to receive funding.

B. Application Criteria

a. Programmatic Criteria

Application evaluation for the EMPG Program focuses on the EMPG Program Work Plan. Please see sections 3.B., 4.D., and the EMPG Program Work Plan in Appendix B for more information on Work Plan requirements and process.

b. Review and Selection Process

Recipients must comply with all administrative requirements described herein including the submission of the EMPG Program Work Plan and other application materials as required. The following process will be used to make awards for the EMPG Program:

1. **Initial Review**

The Regional EMPG Program Managers conduct all pre-award reviews for EMPG Program grant awards. All EMPG Program Work Plans require final approval by the RA. Prior to submission of the EMPG Program Work Plan, the applicant must work with the RA or designated Regional EMPG Program Manager to ensure that regional or state priorities are properly addressed in the EMPG Program Work Plan.

Funds for recipients will not be released until such Work Plan is received, reviewed, and approved by DHS/FEMA. Recipients will be notified by the RA or their Regional EMPG Program Manager should any component of the EMPG Program application require additional information.

2. **Overall Review**

FEMA Regions are responsible for reviewing submitted applications. Each Regional EMPG Program Manager reviews the FY 2025 EMPG Program Work Plans for their states or territories to assess the proposed EMPG Program investments against the agreed upon priorities. This will include a financial review using the following criteria:

- Allowability, allocability, and financial reasonableness of the proposed budget and investment information; and
- Whether a recipient meets the financial and legal requirements listed in 2 C.F.R. Part 200.

C. Financial Integrity Criteria

Before making an award, FEMA is required to review OMB-designated databases for applicants' eligibility and financial integrity information. This is required by the Payment Integrity Information Act of 2019 (Pub. L. No. 116-117, § 2 (2020)), 41 U.S.C. § 2313, and the "Do Not Pay Initiative" (31 U.S.C. 3354). For more details, please see 2 C.F.R. § 200.206.

Thus, the Financial Integrity Criteria may include the following risk-based considerations of the applicant:

1. Financial stability.
2. Quality of management systems and ability to meet management standards.
3. History of performance in managing federal award.
4. Reports and findings from audits.
5. Ability to effectively implement statutory, regulatory, or other requirements.

D. Supplemental Financial Integrity Criteria and Review

Before making an award expected to exceed the simplified acquisition threshold (currently a total federal share of $250,000) over the period of performance:

1. FEMAis required by 41 U.S.C. § 2313 to review or consider certain information found in SAM.gov. For details, please see 2 C.F.R. §

200.206(a)(2).

2. An applicant may review and comment on any information in the responsibility/qualification records available in SAM.gov.
3. Before making decisions in the risk review required by 2 C.F.R. § 200.206, FEMA will consider any comments by the applicant.

E. Reviewers and Reviewer Selection

Reviewers for the Emergency Management Performance Grant (EMPG) are typically selected from within FEMA, specifically the Regional EMPG Program Managers, who are subject matter experts in grant management and emergency management. They conduct reviews based on regional or state priorities and ensure compliance with program requirements. To avoid conflicts of interest, FEMA adheres to federal regulations, including 2 C.F.R. Part 200, which mandates financial and ethical standards, and reviewers must disclose potential conflicts before participating.

F. Merit Review Process

Not applicable.

G. Final Selection

FEMA uses a population-based allocation formula as dictated by statute. See Appendix D for details.

Award Notices

A. Notice of Award

The Authorized Organization Representative should carefully read the federal award package before accepting the federal award. The federal award package includes instructions on administering the federal award as well as terms and conditions for the award.

By submitting an application, applicants agree to comply with the prerequisites stated in this NOFO, the Preparedness Grants Manual, and the material terms and conditions of the federal award, should they receive an award.

FEMA will provide the federal award package to the applicant electronically via FEMA GO. Award packages include an Award Letter, Summary Award Memo, Agreement Articles, and Obligating Document. An award package notification email is sent via the grant application system to the submitting AOR.

Recipients must accept their awards no later than 60 days from the award date. Recipients shall notify FEMA of their intent to accept the award and proceed with work via the FEMA GO system.

Funds will remain on hold until the recipient accepts the award via FEMA GO and all other conditions of the award have been satisfied, or until the award is otherwise rescinded. Failure to accept a grant award within the specified timeframe may result in a loss of funds.

B. Pass-Through Requirements

Each state or territory shall obligate 100% of its total EMPG Program allocation to the designated state-level EMA. If the SAA is also the EMA, this requirement is automatically met. If the SAA is a separate agency or has a separate budget process, then all EMPG Program funds must be obligated to the EMA within 15 days of the grant award date. In instances where the state EMA is making subawards to local jurisdictions, DHS/FEMA expects the state EMA to make these subawards as expeditiously as possible.

C. Note Regarding Pre-Award Costs

Even if pre-award costs are allowed, beginning performance is at the applicant and/or sub-applicant's own risk.

D. Obligation of Funds

The funds are obligated only when and once the agency's signatory authority approves and signs the award package.

E. Notification to Unsuccessful Applicants

Unsuccessful Applicants will be notified through the FEMA GO system after all successful awards have been made, but not sooner than October 1st of this award cycle. Applicants may contact the program office for additional feedback.

Post-Award Requirements and Administration

A. Administrative and National Policy Requirements

Presidential Executive Orders

Recipients must comply with the requirements of Presidential Executive Orders related to grants (also known as federal assistance and financial assistance), the full text of which are incorporated by reference.

In accordance with Executive Order 14305, Restoring American Airspace Sovereignty (June 6, 2025), and to the extent allowed by law, eligible state, local, tribal, and territorial grant recipients under this NOFO are permitted to purchase unmanned aircraft systems, otherwise known as drones, or equipment or services for the detection, tracking, or identification of drones and drone signals, consistent with the legal authorities of state, local, tribal, and territorial agencies. Recipients must comply with all applicable federal, state, and local laws and regulations, and adhere to any statutory requirements on the use of federal funds for such unmanned aircraft systems, equipment, or services.

Subrecipient Monitoring and Management

Pass-through entities must comply with the requirements for subrecipient monitoring and management as set forth in 2 C.F.R. §§ 200.331-333.

B. DHS Standard Terms and Conditions

A recipient under this funding opportunity must comply with the DHS Standard Terms and Conditions in effect as of the date of the federal award. The DHS Standard Terms and Conditions are available online: DHS Standard Terms and Conditions | Homeland Security. For continuation awards, the terms and conditions for the initial federal award will apply unless otherwise specified in the terms and conditions of the continuation award. The specific version of the DHS Standard Terms and Conditions applicable to the federal award will be in the federal award package.

C. Financial Reporting Requirements

See the Preparedness Grants Manual for information on financial reporting requirements.

D. Programmatic Performance Reporting Requirements

See the Preparedness Grants Manual for information on performance reporting requirements.

E. Closeout Reporting Requirements

See the Preparedness Grants Manual for information on closeout reporting requirements and administrative closeout.

Anytime there is a change in personnel for any of the awardees and/or subrecipients, their information needs to be submitted for approval (all the previous personal information identified).

F. Disclosing Information per 2 C.F.R. § 180.335

See the Preparedness Grants Manual for information on disclosing information per 2 C.F.R. § 180.335.

G. Reporting of Matters Related to Recipient Integrity and Performance

See the Preparedness Grants Manual for information on reporting of matters related to recipient integrity and performance.

H. Single Audit Report

See the Preparedness Grants Manual for information on single audit reports.

I. Monitoring and Oversight

Per 2 C.F.R. § 200.337, DHS and its authorized representatives have the right of access to any records of the recipient or subrecipient pertinent to a Federal award to perform audits, site visits, and any other official use. The right also includes timely and reasonable access to the recipient's or subrecipient's personnel for the purpose of interview and discussion related to such documents or the Federal award in general.

Pursuant to this right and per 2 C.F.R. § 200.329, DHS may conduct desk reviews and make site visits to review and evaluate project accomplishments and management control systems as well as provide any required technical assistance. Recipients and subrecipients must respond in a timely and accurate manner to DHS requests for information relating to a federal award. See the Preparedness Grants Manual for more information on monitoring and oversight.

J. Program Evaluation

Title I of the Foundations for Evidence-Based Policymaking Act of 2018, Pub. L. No. 115-435 (2019) (Evidence Act), urges federal agencies to use program evaluation as a critical tool to learn, improve delivery, and elevate program service and delivery across the program lifecycle. Evaluation means "an assessment using systematic data collection and analysis of one or more programs, policies, and organizations intended to assess their effectiveness and efficiency." Evidence Act, § 101 (codified at 5 U.S.C. § 311). OMB A-11, Section 290 (Evaluation and Evidence-Building Activities) further outlines the standards and practices for evaluation activities. Federal agencies are required to specify any requirements for recipient participation in program evaluation activities (2 C.F.R. § 200.301). Program evaluation activities incorporated from the outset in the NOFO and program design and implementation allow recipients and agencies to meaningfully document and measure progress and achievement towards program goals and objectives, and identify program outcomes and lessons learned, as part of demonstrating recipient performance (2 C.F.R. § 200.301).

As such, recipients and subrecipients are required to participate in a Program Office (PO) or a DHS Component-led evaluation, if selected. This may be carried out by a third-party on behalf of the PO or the DHS Component. Such an evaluation may involve information collections including but not limited to, records of the recipients; surveys, interviews, or discussions with individuals who benefit from the federal award, program operating personnel, and award recipients; and site visits or other observation of recipient activities, as specified in a DHS Component or PO-approved evaluation plan. More details about evaluation requirements may be provided in the federal award, if available at that time, or following the award as evaluation requirements are finalized. Evaluation costs incurred during the period of performance are allowable costs (either as direct or indirect) in accordance with 2 C.F.R.§ 200.413.

Recipients and subrecipients are also encouraged, but not required, to participate in any additional evaluations after the period of performance ends, although any costs incurred to participate in such evaluations are not allowable and may not be charged to the federal award.

K. Additional Performance Reporting Requirements

Not applicable.

L. Termination of the Federal Award

1. Paragraph C.XL of the FY 2025 DHS Standard Terms and Conditions, v.3 sets forth a term and condition entitled “Termination of a Federal Award.” The termination provision condition listed below applies to the grant award and the term and condition in Paragraph C.XL of the FY 2025 DHS Standard Terms and Conditions, v.3 does not.

2. Termination of the Federal Award by FEMA

   FEMA may terminate the federal award in whole or in part for one of the following reasons identified in 2 C.F.R. § 200.340:

   a. If the recipient or subrecipient fails to comply with the terms and conditions of the federal award.

   b. With the consent of the recipient, in which case FEMA and the recipient must agree upon the termination conditions. These conditions include the effective date and, in the case of partial termination, the portion to be terminated.

   c. If the federal award no longer effectuates the program goals or agency priorities. Under this provision, FEMA may terminate the award for these purposes if any of the following reasons apply:

- If DHS/FEMA, in its sole discretion, determines that a specific award objective is ineffective at achieving program goals as described in this NOFO;
- If DHS/FEMA, in its sole discretion, determines that an objective of the award as described in this NOFO will be ineffective at achieving program goals or

agency priorities;
- If DHS/FEMA, in its sole discretion, determines that the design of the grant program is flawed relative to program goals or agency priorities;
- If DHS/FEMA, in its sole discretion, determines that the grant program is not aligned to either the DHS Strategic Plan, the FEMA Strategic Plan, or successor policies or documents;
- If DHS/FEMA, in its sole discretion, changes or re-evaluates the goals or priorities of the grant program and determines that the award will be ineffective at achieving the updated program goals or agency priorities; or
- For other reasons based on program goals or agency priorities described in the termination notice provided to the recipient pursuant to 2 C.F.R. § 200.341.
- If the awardee falls out of compliance with the Agency's statutory or regulatory authority, award terms and conditions, or other applicable laws.

3. Termination of a Subaward by the Pass-Through Entity

   The pass-through entity may terminate a subaward in whole or in part for one of the following reasons identified in 2 C.F.R. § 200.340:

   a. If the subrecipient fails to comply with the terms and conditions of the federal award.

   b. With the consent of the subrecipient, in which case the pass-through entity and the subrecipient must agree upon the termination conditions. These conditions include the effective date and, in the case of partial termination, the portion to be terminated.

   c. If the pass-through entity's award has been terminated, the pass-through recipient will terminate its subawards.

4. Termination by the Recipient or Subrecipient

   The recipient or subrecipient may terminate the federal award in whole or in part for the following reason identified in 2 C.F.R. § 200.340: Upon sending FEMA or the pass-through entity a written notification of the reasons for such termination, the effective date, and, in the case of partial termination, the

portion to be terminated. However, if FEMA or the pass-through entity determines that the remaining portion of the federal award will not accomplish the purposes for which the federal award was made, FEMA or the pass-through entity may terminate the federal award in its entirety.

5. Impacts of Termination

   a. When FEMA terminates the federal award prior to the end of the period of performance due to the recipient's material failure to comply with the terms and conditions of the federal award, FEMA will report the termination in SAM.gov in the manner described at 2 C.F.R. § 200.340(c).

   b. When the federal award is terminated in part or its entirety, FEMA or the pass-through entity and the recipient or subrecipient remain responsible for compliance with the requirements in 2 C.F.R. §§ 200.344 and 200.345.

6. Notification Requirements

   FEMA or the pass-through entity must provide written notice of the termination in a manner consistent with 2 C.F.R. § 200.341. The federal award will be terminated on the date of the notification unless stated otherwise in the notification.

7. Opportunities to Object and Appeals

   Where applicable, when FEMA terminates the Federal award, the written notification of termination will provide the opportunity, and describe the process, to object and provide information challenging the action, pursuant to 2 C.F.R. § 200.342.

8. Effects of Suspension and Termination

   The allowability of costs to the recipient or subrecipient resulting from financial obligations incurred by the recipient or subrecipient during a suspension or after the termination of a federal award are subject to 2 C.F.R.

§ 200.343.

M. Best Practices

While not a requirement in the DHS Standard Terms and Conditions, as a best practice, entities receiving funds through this program should ensure that cybersecurity is integrated into the design, development, operation, and maintenance of investments that impact information technology (IT) and/ or operational technology (OT) systems. Additionally, “The recipient and subrecipient must … take reasonable cybersecurity and other measures to safeguard information including protected personally identifiable information (PII) and other types of information.” 2 C.F.R. § 200.303(e).

N. Payment Information

Recipients will submit payment requests in FEMA GO for FY25 awards under this program.

Instructions to Grant Recipients Pursuing Payments

FEMA reviews all grant payments and obligations to ensure allowability in accordance with 2 C.F.R. ?§ 200.305. ?These measures ensure funds are disbursed appropriately while continuing to support and prioritize communities who rely on FEMA for assistance. Once a recipient submits a payment request, FEMA will review the request. If FEMA approves a payment, recipients will be notified by FEMA GO and the payment will be delivery pursuant to the recipients SAM.gov financial information. If FEMA disapproves a payment, FEMA will inform the recipient.

Processing and Payment Timeline

FEMA must comply with regulations governing payments to grant recipients. See 2 C.F.R. § 200.305. For grant recipients other than States, 2 C.F.R. § 200.305(b)(3) stipulates that FEMA is to make payments on a reimbursement basis within 30 days after receipt of the payment request, unless FEMA reasonably believes the request to be improper. For state recipients, 2 C.F.R. § 200.305(a) instructs that federal grant payments are governed by Treasury-State

Cash Management Improvement Act (CMIA) agreements ("Treasury-State agreement") and default procedures codified at 31 C.F.R. part 205 and Treasury Financial Manual (TFM) 4A-2000, "Overall Disbursing Rules for All Federal Agencies." *See* 2 C.F.R. § 200.305(a).

Treasury-State agreements generally apply to "major federal assistance programs" that are governed by 31 C.F.R. part 205, subpart A and are identified in the Treasury-State agreement. 31 C.F.R. §§ 205.2, 205.6. Where a federal assistance (grant) program is not governed by subpart A, payment and funds transfers from FEMA to the state are subject to 31 C.F.R. part 205, subpart B. Subpart B requires FEMA to "limit a funds transfer to a state to the minimum amounts needed by the state and must time the disbursement to be in accord with the actual, immediate cash requirements of the state in carrying out a federal assistance program or project. The timing and amount of funds transfers must be as close as is administratively feasible to a state's actual cash outlay for direct program costs and the proportionate share of any allowable indirect costs." 31 C.F.R. § 205.33(a). Nearly all FEMA grants are not "major federal assistance programs." As a result, payments to states for those grants are subject to the "default" rules of 31 C.F.R. part 205, subpart B.

If additional information is needed, a request for information will be issued by FEMA to the recipient; recipients are strongly encouraged to respond to any additional FEMA request for information inquiries within three business days. If an adequate response is not received, the request may be denied, and the entity may need to submit a new reimbursement request; this will re-start the 30-day timeline.

Submission Process

All non-disaster grant program reimbursement requests must be reviewed and approved by FEMA prior to drawdowns.

For all non-disaster reimbursement requests (regardless of system), please ensure submittal of the following information:

1. Grant ID / Award Number
2. Total amount requested for drawdown
3. Purpose of drawdown and timeframe covered (must be within the award performance period)

4. Subrecipient Funding Details (if applicable).

- Is funding provided directly or indirectly to a subrecipient?
  - If **no,** include statement “This grant funding is not being directed to a subrecipient.”
- If **yes**, provide the following details:
  - The name, mission statement, and purpose of each subrecipient receiving funds, along with the amount allocated and the specific role or activity being reimbursed.
  - Whether the subrecipient’s work or mission involves supporting aliens, regardless of whether FEMA funds support such activities.
  - Whether the payment request includes an activity involving support to aliens.
  - Whether the subrecipient has any diversity, equity, and inclusion practices.

5. Supporting documentation to demonstrate that expenses are allowable, allocable, reasonable, and necessary under 2 C.F.R. Part 200 and in compliance with the grant’s NOFO, award terms, and applicable federal regulations.

O. Immigration Conditions

1. Materiality of Pending Immigration Condition

An immigration term and condition, including those in the DHS Standard Terms and Conditions, may be material to the Department of Homeland Security’s decision to make this grant award, and the Department of Homeland Security may take any
remedy for noncompliance, including termination, if the state or territorial recipient or any local government subrecipient fails to comply with this term and condition. No final agency decision has been made as of the date of this publication.

Other Information

A. Period of Performance Extension

Extensions to the period of performance are allowed.

Recipients should consult with their FEMA point of contact for requirements related to a performance period extension. See the Preparedness Grants Manual for more information on period of performance extensions.

B. Other Information

a. *Environmental Planning and Historic Preservation (EHP) Compliance*

See the Preparedness Grants Manual for information on EHP compliance.

b. *Procurement Integrity*

See the Preparedness Grants Manual for information on procurement integrity.

c. *Financial Assistance Programs for Infrastructure*

1. Build America, Buy America Act

Recipients and subrecipients must comply with FEMA's implementation requirements of the Build America, Buy America Act (BABAA), which was enacted as part of the Infrastructure Investment and Jobs Act §§ 70901-70927, Pub. L. No. 117-58 (2021); and Executive Order 14005, Ensuring the Future is Made in All of America by All of America's Workers. See also 2 C.F.R. Part 184, Buy America Preferences for Infrastructure Projects and Office of Management and Budget (OMB), Memorandum M-24-02, Implementation Guidance on Application of Buy America Preference in Federal Financial Assistance Programs for Infrastructure.

None of the funds provided under this program may be used for a project for infrastructure unless the iron and steel, manufactured products, and construction materials used in that infrastructure are produced in the United States.

The Buy America preference only applies to articles, materials, and supplies that are consumed in, incorporated into, or affixed to an infrastructure project. As such, it does not apply to tools, equipment, and supplies, such as temporary scaffolding, brought to the construction site and removed at or before the completion of the infrastructure project. Nor does a Buy America preference apply to equipment and

furnishings, such as movable chairs, desks, and portable computer equipment, that are used at or within the finished infrastructure project but are not an integral part of the structure or permanently affixed to the infrastructure project.

To see whether a particular FEMA federal financial assistance program is considered an infrastructure program and thus required to implement FEMA's Build America, Buy America requirements, please see Programs and Definitions: Build America, Buy America Act | FEMA.gov.

2. Waivers

When necessary, recipients (and subrecipients through their pass-through entity) may apply for, and FEMA may grant, a waiver from these requirements.

A waiver of the domestic content procurement preference may be granted by the agency awarding official if FEMA determines that:

- Applying the domestic content procurement preference would be inconsistent with the public interest, or
- The types of iron, steel, manufactured products, or construction materials are not produced in the United States in sufficient and reasonably available quantities or of a satisfactory quality, or
- The inclusion of iron, steel, manufactured products, or construction materials produced in the United States will increase the cost of the overall project by more than 25%.

The process for requesting a waiver from the Buy America preference requirements can be found on FEMA's website at: "Buy America" Preference in FEMA Financial Assistance Programs for Infrastructure | FEMA.gov.

3. Definitions

For definitions of the key terms of the Build America, Buy America Act, please visit Programs and Definitions: Build America, Buy America Act | FEMA.gov.

d. *Mandatory Disclosures*

The non-Federal entity or applicant for a federal award must disclose, in a timely manner, in writing to the federal awarding agency or pass-through entity all violations of federal criminal law involving fraud, bribery, or gratuity violations potentially affecting the Federal award. (2 C.F.R. § 200.113).

e. *Adaptive Support*

Pursuant to Section 504 of the Rehabilitation Act of 1973, recipients of FEMA financial assistance must ensure that their programs and activities do not discriminate against qualified individuals with disabilities.

f. *Record Retention*

See the Preparedness Grants Manual for information on record retention.

g. *Actions to Address Noncompliance*

See the Preparedness Grants Manual for information on actions to address noncompliance.

h. *Audits*

See the Preparedness Grants Manual for information on audits.

Appendix A: Allowable Costs

A. Planning

Planning costs are allowed under this program only as described in this NOFO and the Preparedness Grants Manual.

Planning spans all five mission areas of the Goal and provides a methodical way to engage the whole community in the development of a strategic, operational, and/or community-based approach to preparedness. EMPG Program funds may

be used to develop or enhance emergency management planning activities. Some examples are included below.

a. Emergency Operations Plan

- Maintaining a current EOP that is aligned with guidelines set out in Comprehensive Preparedness Guide (CPG) 101: Developing and Maintaining Emergency Operations Plans;
- Modifying existing incident management and emergency operations plans; and
- Developing/enhancing large-scale and catastrophic event incident plans.

b. Public Alert and Warning System Plans

- Development of plans for deploying, training, exercising, and testing of public alert and warning systems.

c. Communications Plans

- Developing and updating Statewide Communication Interoperability Plans; and
- Developing and updating Tactical Interoperability Communications Plans.

d. Administrative Plans

- Developing/enhancing financial and administrative procedures for use before, during, and after disaster events in support of a comprehensive emergency management program.

e. Whole Community Engagement/Planning

- Developing or enhancing mutual aid agreements/compacts, including required membership in EMAC;
- Developing/enhancing emergency operations plans to integrate citizen/volunteer and other Non-Governmental Organization (NGO) resources and participation; and
- Integrating program design and delivery practices that ensure representation and services for disaster vulnerable, at-risk populations that may be more

impacted by disasters, including children, seniors, individuals with disabilities or other access and functional needs, non-English speaking individuals, individuals with lower economic capacity, and other at-risk populations.

f. Resource Management Planning

- Developing/enhancing logistics and resource management plans; and
- Developing/enhancing volunteer and/or donations management plans.

g. Shelter and Evacuation Planning

- Developing/enhancing sheltering and evacuation plans, including plans for alerts/warning, crisis communications, pre-positioning of equipment for areas potentially impacted by mass evacuations, and re-entry.

h. Recovery Planning

- Disaster housing planning, such as creating/supporting a state disaster housing task force and developing/enhancing state disaster housing plans;
- Pre-event response, recovery, and mitigation plans in coordination with state, local, and tribal governments;
- Developing/enhancing other response and recovery plans; and
- Developing recovery plans and preparedness programs consistent with the principles and guidance in the National Disaster Recovery Framework (NDRF) that will provide the foundation for recovery programs and whole community partnerships. Preparedness and pre-disaster planning were given special attention within the NDRF with specific guidance: *Planning for a Successful Disaster Recovery* (pages 63-70). For more information on the NDRF see National Disaster Recovery Framework.

i. Continuity Planning

Continuity planning and operations are an inherent element of each core capability. Continuity operations increase resilience and the probability that organizations can perform essential functions. FEMA develops and promulgates Federal Continuity Directives (FCDs) to establish continuity program and planning requirements for executive departments and agencies and Continuity Guidance

Circulars (CGCs) for SLTT governments, non-governmental organizations, and private sector critical infrastructure owners and operators. This direction and guidance assist in developing capabilities for continuing the essential functions of federal, state, local, tribal, territorial governmental entities as well as the public/private critical infrastructure owners, operators, and regulators enabling them.

Presidential Policy 40, FCD 1, FCD 2, and the CGC outline the overarching continuity requirements and guidance for organizations and provide guidance, methodology, and checklists. For additional information on continuity programs, guidance, directives, and available technical assistance, refer to the Continuity Resource Toolkit.

Allowable continuity planning activities include the development of the following:

1. Continuity of Operations and Continuity of Government planning products for the continuance of essential functions and associated leadership;
2. Continuity Assessment Tool-Based evaluations of continuity programs capability;
3. Risk-based needs assessments based on the THIRA to inform risk mitigation efforts to ensure the continuity of essential functions and associated leadership; and
4. Public and private sector outreach and messaging regarding continuity resilience benefits and strategies.

B. Organization

Organization costs are allowed under this program only as described in this NOFO and the Preparedness Grants Manual.

Per the Robert T. Stafford Disaster Relief and Emergency Assistance Act, Pub. L. No. 93-288 (1974) (codified as amended at 42 U.S.C. §§ 5121-5207), EMPG Program funds may be used for all-hazards emergency management operations, staffing, and other day-to-day activities in support of emergency management, including hazard mitigation staffing of the State Hazard Mitigation Officer position; staffing CERT and Citizen Corps positions at the state and local levels to promote whole community engagement in all phases of emergency management; performing closeout activities on FEMA disaster assistance grants; staffing

permanent technical advisors on children's needs at the state, local, tribal, and territorial levels; staffing Continuity Coordinators and Managers to lead and coordinate development and integration of continuity readiness across all governmental levels and the private sector; and supporting fusion center analysts who are directly involved in all-hazards preparedness activities as defined by the Stafford Act. Proposed staffing activities should be linked to accomplishing the activities outlined in the EMPG Program Work Plan. Recipients are encouraged to fund at least one dedicated Planner, Training Officer, and Exercise Officer. Personnel costs, including salary, overtime, compensatory time off, and associated fringe benefits, are allowable EMPG Program costs and must comply with 2 C.F.R. Part 200, Subpart E – Cost Principles.

a. Federal (and Mutual Aid) Emergency Response Official (F/ERO) Credentialing and Validation

The following costs related to F/ERO credentialing and validation are allowable under the EMPG Program:

- Working group meetings and conferences relating to emergency responder credentialing and validation;
- Compiling data to enter into an emergency responder repository;
- Coordinating with other state, local, territorial, and tribal partners to ensure interoperability among existing and planned credentialing and validation systems and equipment; and
- Planning to incorporate emergency responder identity and credential validation into training and exercises.

b. Organizational Clothing Costs for Emergency Management Personnel

There may be a need for emergency management personnel to wear clothing that clearly identifies their agency, organizational function, and responsibilities when carrying out their official emergency-related duties. EMPG funding may be used to purchase organizational clothing for full-time emergency management personnel who may be deployed for emergency operations, including when:

1. The Emergency Operations Center (EOC) is activated;

2. Emergency management personnel are deployed in the field to conduct damage assessments and response and recovery operations;
3. Assisting in and delivering official emergency management training and exercises, and;
4. Providing public information briefs and interviews on behalf of their emergency management agency.

The state or territory emergency management agency should maintain an inventory of such clothing and uniforms to allow for issuance to other personnel who may be deployed for emergency operations.

In addition:

- EMPG funding **may not** be used to purchase clothing that would be used for everyday wear by emergency management employees or other personnel; and
- Clothing, uniforms, undergarments, jackets, vests, etc. are also allowable for CERT members as listed on the Authorized Equipment List (AEL): 21GN-00-CCEQ | FEMA.gov.

For a complete list of other eligible clothing and protective gear allowable for purchase with EMPG funding, applicants, recipients and FEMA staff are encouraged to refer to the AEL website for the most up to-date information: Authorized Equipment List | FEMA.gov.

C. Equipment

Equipment costs are allowed under this program only as described in this NOFO and the Preparedness Grants Manual.

Allowable equipment categories for the EMPG Program are listed in the AEL. Unless otherwise stated, equipment must meet all mandatory regulatory and/or FEMA-adopted standards to be eligible for purchase using these funds. In addition, agencies will be responsible for obtaining and maintaining all necessary certifications and licenses for the requested equipment. Allowable equipment includes equipment from the following AEL categories:

- Personal Protective Equipment (Category 1);
- Information Technology (Category 4);
- Cybersecurity Enhancement Equipment (Category 5);

- Interoperable Communications Equipment (Category 6);
- Detection Equipment (Category 7);
- Power Equipment (Category 10);
- Chemical, Biological, Radiological, Nuclear, and Explosive (CBRNE) Reference Materials (Category 11);
- CBRNE Incident Response Vehicles (Category 12);
- Physical Security Enhancement Equipment (Category 14);
- CBRNE Logistical Support Equipment (Category 19); and
- Other Authorized Equipment (Category 21).

In addition to the above, general-purpose vehicles may be procured in order to carry out the responsibilities of the EMPG Program.

If recipients have questions concerning the eligibility of equipment not specifically addressed in the AEL, they should contact their Regional EMPG Program Manager for clarification. Applicants should analyze the cost benefits of purchasing versus leasing equipment, especially high-cost items and those subject to rapid technical advances. Large equipment purchases must be identified and explained. For more information regarding property management standards for equipment, please reference 2 C.F.R. Part 200, including 2 C.F.R. §§ 200.310, 200.313, and 200.316. Also see 2 C.F.R. §§ 200.216, 200.471, and FEMA Policy #405- 143-1, Prohibitions on Expending FEMA Award Funds for Covered Telecommunications Equipment or Services, or successor policy, regarding prohibitions on covered telecommunications equipment or services.

Recipients using EMPG Program funds to support emergency communications equipment activities must comply with the SAFECOM Guidance on Emergency Communications Grants, including provisions on technical standards that ensure and enhance interoperable communications. See the Preparedness Grants Manual for more information.

In general, with exception of critical emergency supplies and the associated inventory management plan, equipment included in the AEL may be purchased without separate approval from FEMA. However, as with all grant-funded activities, the equipment purchase must be well justified and reasonable. Furthermore, the purchase must be supported by the approved Work Plan. If the equipment is not clearly supported by the approved Work Plan, the recipient must seek advance approval from the applicable FEMA Regional Grant Program Office

prior to purchasing the equipment, and an updated Work Plan may be required.

FEMA will consider requests to purchase equipment that is not listed in the AEL on a case-by-case basis. Such requests should be submitted in writing to the applicable FEMA Regional Grant Program Office. FEMA's review and approval of such requests will involve both the FEMA regional office and headquarters program staff to ensure nationwide consistency in the decision-making process and to support any necessary updates to the AEL.

Costs associated with the development and maintenance of fixed and mobile contingency communications and information systems as well as investments in hardening and other resilience strategies to ensure the continuance of essential government functions and services are allowed.

Small Unmanned Aircraft Systems (sUAS) and critical emergency supply costs are also allowable under this program. See the Preparedness Grants Manual for more information. Additional information and requirements applicable to sUAS purchases can be found in the AEL at 03OE-07-SUAS.

D. Training and Exercises

Training and exercise costs are allowed under this program only as described in this NOFO and the Preparedness Grants Manual.

EMPG Program funds may be used for a range of emergency management-related training activities to enhance the capabilities of state and local emergency management personnel through the establishment, support, conduct, and attendance of training. Training activities should align to a current, multi-year Integrated Preparedness Plan (IPP) developed through an annual Integrated Preparedness Planning Workshop (IPPW) and build from training gaps identified in the THIRA/SPR process. Further guidance concerning the IPP and the IPPW can be found at Preparedness Toolkit Program Management Templates. Training should:

- Foster the development of a community-oriented approach to emergency management that emphasizes engagement at the community level;
- Strengthen best practices; and
- Provide a path toward building sustainable resilience.

Allowable training-related costs include the following:

1. **Funds Used to Develop, Deliver, and Evaluate Training**: Includes costs related to administering training, such as planning, scheduling, facilities, materials and supplies, reproduction of materials, and equipment. Training should provide the opportunity to demonstrate and validate skills learned, as well as to identify any gaps in these skills. Any training or training gaps, including those for children and individuals with disabilities or other access and functional needs, should be identified in the multi-year IPP and addressed in the training cycle. States are encouraged to use existing training rather than developing new courses. When developing new courses, states are encouraged to apply the Analysis, Design, Development, Implementation, and Evaluation (ADDIE) model for instructional design. More information is available at NTED | Training Resource Development Center;
2. **Overtime and Backfill**: Overtime costs, including payments related to backfilling personnel, that are the direct result of attendance at FEMA and/or approved training courses and programs are allowable. These costs are allowed only to the extent the payment for such services is in accordance with the policies of the state or unit(s) of local government and has the approval of the state or FEMA, whichever is applicable. In no case is dual compensation allowable. That is, an employee of a unit of government may not receive compensation from their unit or agency of government and from an award for a single period of time (e.g., 1:00 p.m. to 5:00 p.m.), even though such work may benefit both activities;
3. **Travel**: Travel costs (e.g., airfare, mileage, per diem, and hotel) are allowable as expenses by employees who are on travel status for official business related to approved training. International travel is not an allowable cost under this program unless approved in advance by FEMA;
4. **Hiring of Full- or Part-Time Staff or Contractors/Consultants**: Full- or part-time staff or contractors/consultants may be hired to support direct training-related activities. Hiring of contractors/consultants must follow the applicable federal procurement requirements at 2 C.F.R. §§ 200.317-200.327. Payment of salaries and fringe benefits must be in accordance with the policies of the state or unit(s) of local government and have the approval of the state or FEMA, whichever is applicable; and

5. **Certification/Recertification of Instructors**: Costs associated with the certification and recertification of instructors are allowed. States are encouraged to follow the FEMA Instructor Quality Assurance Program to ensure a minimum level of competency and corresponding levels of evaluation of student learning. This is particularly important for those courses that involve training of trainers.

Additional types of allowable training or training-related activities include, but are not limited to:

- Developing/enhancing systems to monitor training programs;
- Public Alert and Warning System training;
- Conducting all-hazards emergency management training;
- Attending EMI training or delivering EMI train-the-trainer courses;
- Attending other FEMA-approved emergency management training;
- State-approved, locally sponsored CERT training;
- Participating in FEMA Continuity Excellence Service Certificate Program activities; and
- Mass evacuation training at local, state, territorial and tribal level.

Allowable exercise-related costs include:

1. **Funds Used to Design, Develop, Conduct and Evaluate Preparedness Exercises**: This includes costs related to planning, meeting space and other meeting costs, facilitation costs, materials and supplies, travel, and documentation. Recipients are encouraged to use free public space/locations/facilities whenever available prior to the rental of space/locations/facilities. Exercises should provide the opportunity to demonstrate and validate skills learned, as well as to identify any gaps in these skills. Gaps identified during an exercise, including those for children and individuals with disabilities or other access and functional needs, should be included in the AAR/IP and addressed in the exercise cycle;
2. **Hiring of Full- or Part-Time Staff or Contractors/Consultants**: Full- or part-time staff may be hired to support direct exercise activities. Payment of salaries and fringe benefits must be in accordance with the policies of the state or unit(s) of local government and have the approval of the state or FEMA, whichever is applicable. The services of contractors/consultants may also be procured to support the design, development, conduct, and

evaluation of exercises. Hiring of contractors/consultants must follow the applicable federal procurement requirements at 2 C.F.R. §§ 200.317-200.327;

3. **Overtime and Backfill**: The entire amount of overtime costs, including payments related to backfilling personnel, that are the direct result of time spent on the design, development and conduct of exercises are allowable expenses. These costs are allowed only to the extent the payment for such services is in accordance with the policies of the state or unit(s) of local government and has the approval of the state or FEMA, whichever is applicable. Dual compensation is never allowable, meaning, in other words, that an employee of a unit of government may not receive compensation from their unit or agency of government and from an award for a single period of time (e.g., 1:00 p.m. to 5:00 p.m.), even though their work may benefit both entities;
4. **Travel**: Travel costs (e.g., airfare, mileage, per diem, hotel) are allowable as expenses by employees who are on travel status for official business related to the planning and conduct of the exercise activities;
5. **Supplies**: Supplies are items that are expended or consumed while planning and conducting the exercise activities (e.g., gloves, non-sterile masks, and disposable protective equipment);
6. **HSEEP Implementation**: This refers to costs related to developing and maintaining an exercise program consistent with HSEEP; and
7. **Other Items**: These costs are limited to items consumed in direct support of exercise activities, such as space/locations rentals for planning and conducting an exercise, equipment rentals (e.g., portable toilets, tents), food/refreshments, and the procurement of other essential nondurable goods.

Costs associated with the provision of reasonable accommodations and modifications that facilitate full access for children and adults with disabilities are allowable.

Unauthorized exercise-related costs include:

- Reimbursement for maintenance and/or wear and tear costs of general use vehicles (e.g., construction vehicles) and emergency response apparatus (e.g., fire trucks, ambulances). The only vehicle costs that are reimbursable are fuel/gasoline or mileage;

- Equipment that is purchased for permanent installation and/or use beyond the scope of exercise conduct (e.g., electronic messaging signs); and
- Durable and nondurable goods purchased for installation and/or use beyond the scope of exercise conduct.

E. Travel

Domestic travel costs are allowed under this program, as provided for in this NOFO and the Preparedness Grants Manual. International travel is not an allowable cost under this program unless approved in advance by FEMA.

F. Construction and Renovation

Construction and renovation costs are allowed under this program only as described in this NOFO and the Preparedness Grants Manual. All proposed construction and renovation activities must undergo an Environmental Planning and Historic Preservation (EHP) review, including approval of the review from FEMA, before undertaking any action related to the project. Failure of a grant recipient to meet these requirements may jeopardize Federal funding.

Construction and renovation projects for a state, local, tribal, or territorial government's principal Emergency Operations Center (EOC), as defined by the SAA, as well as costs associated with the development and maintenance of capabilities such as alternate sites and associated fixed and mobile communications and information systems as well as investments in hardening and other resilience strategies to ensure the continuance of essential government functions and services are allowable under the EMPG Program. FEMA must provide written approval prior to the use of any EMPG Program funds for construction or renovation. Requests for EMPG Program funds for construction of an EOC must be accompanied by an EOC Investment Justification (located in the Related Documents tab of the EMPG Program Grants.gov posting) to their Regional EMPG Program Manager for review. Additionally, recipients are required to submit a SF-424C Form, SF-424D Form, and Budget detail citing the project costs.

The above examples are not intended to exclude other construction projects as potentially allowable costs. For example, construction of a facility for the storage and distribution of critical emergency supplies and/or to serve as a staging area

for deployment of emergency response resources is potentially an allowable expense. Other construction or renovation projects, such as a secondary or local EOC, will be considered on a case-by-case basis, as described below in the guidance regarding advance written approval.

a. Advance Approval Requirement

Recipients must receive advance written approval from FEMA prior to the use of any annual EMPG Program funds for construction or renovation, including such activities at the subrecipient level. Such costs would need to fall within the scope of the recipient's final approved Work Plan, otherwise an updated Work Plan may be required. Such requests should be submitted in writing to the applicable FEMA Regional Grant Program Office. FEMA's review and approval will involve both the regional office and the FEMA Grant Programs Directorate.

b. Real Property Use and Disposition Requirements

Real property improved under a federal award falls under the 2 C.F.R. Part 200 guidance for real property. In accordance with 2 C.F.R. § 200.311, a recipient or subrecipient may only use real property acquired or improved under a federal award for the originally authorized purpose, as long as it is needed for that purpose, during which time the recipient or subrecipient must not dispose of or encumber its title or other interests. However, upon the end of that period where it needs the property for the originally authorized purpose (i.e., the functional use of the property for which FEMA awarded the grant), the recipient or subrecipient will then dispose of the property in keeping with the requirements set forth in 2 C.F.R. § 200.311. When a grant-funded property is no longer needed for the originally authorized purpose, the recipient or subrecipient (through the pass-through entity) must obtain disposition instructions from the cognizant FEMA Regional Administrator or the pass-through entity. For additional information on this, see Information Bulletin 458a, Clarifying Guidance for the Annual Emergency Management Performance Grant (EMPG) and the FY 2020 COVID-19 EMPG Supplemental (EMPG-S) Programs.

c. Construction of Communication Towers

When applying for funds to construct communication towers, recipients and subrecipients must submit evidence that the Federal Communication Commission's Section 106 review process has been completed and submit all documentation resulting from that review to FEMA prior to submitting materials for EHP review. Recipients and subrecipients are also encouraged to have completed as many steps as possible for a successful EHP review in support of their proposal for funding (e.g., coordination with their State Historic Preservation Office to identify potential historic preservation issues and to discuss the potential for project effects, compliance with all state and EHP laws and requirements). Projects for which the recipient believes an Environmental Assessment may be needed, as defined in Implementation of the National Environmental Policy Act, and EHP Directive and Instructions: FEMA Directive 108-1 and FEMA Instruction 108-1-1, must also be identified to the Regional EMPG Program Manager within six months of the award, and completed EHP review materials must be submitted no later than 12 months before the end of the period of performance. EHP review packets should be sent to gpdehpinfo@fema.gov.

d. Davis-Bacon Act Compliance

EMPG Program recipients using funds for construction projects must comply with the Davis-Bacon Act and subsequent legislation (codified as amended at 40 U.S.C. §§ 3141-3144, 3146-3148). Grant recipients must ensure that their contractors or subcontractors for construction projects pay workers no less than the prevailing wages for laborers and mechanics employed on projects of a character similar to the contract work in the civil subdivision of the state in which the work is to be performed. Additional information regarding compliance with the Davis-Bacon Act, including Department of Labor wage determinations, is available at Davis-Bacon and Related Acts.

e. Accessibility Compliance

EMPG Program recipients using funds to build or alter buildings must comply with accessibility requirements under the Rehabilitation Act of 1973 and Architectural Barriers Act of 1968 (ABA), as well as the Americans with Disabilities Act (ADA), if applicable, to ensure individuals with disabilities have access to such buildings. Accessibility standards under the ABA and ADA are highly similar. Additional information regarding compliance with the ABA is available at Guide to the ABA.

G. Acquisition of Real Property

Acquisition of real property is permissible if such property is needed to support other allowable program costs or activities. For additional information on this, see Information Bulletin 458a, Clarifying Guidance for the Annual Emergency Management Performance Grant (EMPG) and the FY 2020 COVID-19 EMPG Supplemental (EMPG-S) Programs.

a. Advance Approval Requirement

Consistent with the requirements outlined above regarding construction activities, recipients and subrecipients (through the pass-through entity) must obtain advance written approval from the cognizant FEMA Regional Administrator prior to obligating annual EMPG Program funds for acquisition of real property. Additionally, in cases of acquisition or improving real property, recipients are required to submit a SF-429-B, Real Property Status Report, Attachment B providing details of the relevant property to be acquired.

b. Property Use, Reporting, and Disposition Requirements

The acquisition, use, and disposition of real property shall be subject to the provisions of 2 C.F.R. Part 200. In accordance with 2 C.F.R. Part 200, recipients and subrecipients are required to report on the status of the acquired property on an annual basis using SF-429-A, Real Property Status Report, Attachment A (General Reporting). Such reporting shall continue as long as the property is being used for the originally authorized purpose.

The same use and disposition guidance as outlined in Sections 11.F.b above applies to real property acquired with annual EMPG Program funds. For additional information on this, see Information Bulletin 458a, Clarifying Guidance for the Annual Emergency Management Performance Grant (EMPG) and the FY 2020 COVID-19 EMPG Supplemental (EMPG-S) Programs.

H. Leasing of Real Property

Leasing of real property is permissible if the property is needed to support other allowable annual EMPG Program activities.

a. Advance Approval Requirement

Recipients and subrecipients (through the pass-through entity) must obtain advance written approval from the cognizant FEMA Regional Administrator prior to obligating annual EMPG Program funds for the leasing of real property.

b. Allowable Period of Lease Expenses

In cases where a property will be leased and the lease will be paid in full or in part using annual EMPG Program, any costs associated with the lease that are charged to an annual EMPG Program award must occur within the period of performance of the associated award(s). Real property lease costs must also comply with 2 C.F.R. Part 200

I. Operational Overtime

Operational overtime costs are allowed under this program only as described in this NOFO and the Preparedness Grants Manual.

J. Whole Community Preparedness

EMPG Program recipients should engage with the whole community to advance community and individual preparedness and to work as a nation to build and sustain resilience. Recipients should integrate program design and delivery practices that ensure representation and services for disaster vulnerable populations that may be more impacted by disasters including children, seniors, individuals with disabilities or other access and functional needs, individuals with diverse culture and language use, individuals with lower economic capacity, and other disaster vulnerable populations.

Individual preparedness should be coordinated by an integrated body of government and nongovernmental representatives as well, including but not limited to, elected officials, the private sector (especially privately owned critical infrastructure), private nonprofits, nongovernmental organizations (including faith-based, community-based, and voluntary organizations), advocacy groups for disaster vulnerable populations that may be more impacted by disasters including children, seniors, individuals with disabilities or other access and functional needs, individuals with diverse culture and language use, individuals with lower economic

capacity, and other disaster vulnerable populations. By engaging these stakeholders, EMPG Program recipients can help FEMA develop and promote a suite of well-targeted solutions for individuals and communities to adopt. Recipients should coordinate preparedness initiatives with FEMA and whole community partners to efficiently apply federal funding to reach the goal of individual and community resilience.

The following preparedness programs are allowable expenses and resources:

- Community Emergency Response Team (CERT) programs, which educate volunteers about disaster preparedness for the hazards that may impact their area and train them in basic disaster response skills, such as fire safety, light search and rescue, team organization, and disaster medical operations. CERT offers a consistent, nationwide approach to volunteer training and organization that professional responders can rely on during disaster situations, allowing them to focus on more complex tasks.
- Financial Preparedness Activities that encourage and assist Americans in preparing for the true cost of disasters. Allowable activities include encouraging emergency savings, promoting home and renter's insurance, and promoting flood insurance for individuals and families. Partnerships with local financial wellness organizations such as credit unions, financial counselors, community banks, and others that reach a variety of audiences are encouraged.
- Preparedness of Community-Based Organizations that serve as a critical safety net for Americans disproportionately impacted by disasters. Examples of community-based organizations include but are not limited to food banks, food pantries, homeless shelters, school readiness and after school centers, adult day care centers, job training centers, legal assistance centers, and cultural centers. Allowable activities include Whole Community exercises, trainings, and activities focused on staff preparedness, information sharing with clients and government, and continuity of essential functions in the event of an emergency.
- Youth Preparedness Resources are available on Ready Kids. Bolstering youth preparedness across the nation is a priority for FEMA as the Agency works with state, local, tribal, and territorial partners to create a culture of preparedness in the United States. Information on youth-centric educational curricula, games, planning materials, and other relevant resources can be found at Ready Kids . Furthermore, FEMA's Individual and Community Preparedness Division and regional-based Community Preparedness Officers are available to provide grant recipients with guidance and assistance. Please email FEMA-

Prepare@fema.dhs.gov to contact one of the Agency's subject matter experts.

The following are examples of youth preparedness activities that recipients are encouraged to undertake as allowable costs:

1. Outreach to a local school board or elementary school to encourage the adoption of the Student Tools for Emergency Planning (STEP) curriculum. STEP is a classroom-based emergency preparedness curriculum for 4th - and 5th -graders in an easy, ready-to-teach format. Students will learn about disasters, emergencies, and hazards, and how to create a disaster supply kit and family emergency communication plan. An overview of the STEP program along with the instructor guide and student activity book is available at Ready STEP.
2. Sponsor the creation of a Teen for Community Emergency Response Team (CERT) in your jurisdiction. The CERT Program is a national program of volunteers trained in disaster preparedness and emergency response. Volunteers come from all ages and all walks of life, including teenagers. Additional information, including a step-by-step guide on how to start a Teen CERT, is available at Ready Teen CERT.

The following tools are available to order from FEMA's warehouse free of charge:

1. "Prepare with Pedro" is a joint product of FEMA and the American Red Cross. The "Prepare with Pedro: Disaster Preparedness Activity Book" is designed to teach young children and their families about how to stay safe during disasters and emergencies. The book follows Pedro around the United States and offers safety advice through crosswords, coloring pages, matching games, and more. Additional information, including an ordering form, is available at Ready - Prepare with Pedro.
2. The Ready 2 Help card game is a fun way for kids to learn how to respond to emergencies by working with friends and using skills that will help in a real emergency. Ready 2 Help teaches five simple steps to stay safe and make a difference until help arrives:
   - Stay Safe
   - Stay Calm
   - Get Help
   - Give Info
   - Give Care

- Ready 2 Help is designed for children ages 8 and up. Additional information, including an ordering form, is available at Ready 2 Help.

K. Maintenance and Sustainment

Maintenance and sustainment costs are allowed under this program only as described in this NOFO and the Preparedness Grants Manual.

L. Amendments for EMPG Program Costs

In 2 C.F.R. § 200.308(i) it states that the Federal awarding agency may, at its option, restrict transfer of funds among direct cost categories where the Federal share exceeds the simplified acquisition threshold, and the cumulative amount of the transfer exceeds 10% of the total budget last approved by the awarding agency. For purposes of 2 C.F.R. § 200.308(i), the term “budget” includes both the federal and non-federal cost share. For EMPG Program awards (which include a 50% cost share), if the recipient wants to revise their budget and there are transfers between the direct cost categories exceeding the Simplified Acquisition Threshold and the cumulative amount of the transfers exceeds 10% of the total project costs (federal and non-federal), then EMPG recipients must request prior written approval from their Regional EMPG Program Manager for those transfers and amendments. Recipients should consult with their Regional EMPG Program Manager prior to making any changes to their EMPG Program Work Plan. For more information on EMPG Program Work Plans, please see the appendix in Section 12 of this NOFO.

Appendix B: EMPG Program Work Plan

A. EMPG Program Work Plan

Submission of an EMPG Program Work Plan is mandatory. The Work Plan outlines the state’s emergency management sustainment and enhancement efforts, including new and ongoing activities and projects, that are driven by identified preparedness priorities and proposed for the EMPG Program period of performance. An FY 2025 EMPG Program Work Plan Template (available on the Grants.gov EMPG Program application page and on the EMPG Program page on FEMA.gov) is provided to facilitate the work plan development process. The

submitted Work Plan must address all the data and information requirements included in the FY 2025 EMPG Program Work Plan Template and in the supplemental guidance included in this section. Therefore, EMPG Program applicants are strongly encouraged to use the provided FY 2025 EMPG Program Work Plan Template.

Prior to submission of the EMPG Program Work Plan, the applicant must work with the Regional Administrator or designated Regional EMPG Program Manager to identify three-to-five priority areas which will serve as the focus for EMPG Program-funded investments. The priorities must be mutually agreed to by the applicant and Regional Administrator and should be driven by the THIRA/SPR process – specifically, the outputs from the THIRA/SPR process – and other relevant information sources such as AARs, audit and monitoring findings, Hazard Mitigation Plans and other deliberate planning products. Priorities should also reflect those included in each recipient's IPP so that recipients are focusing all investments, projects, and other resources on a common set of priorities. As they select priorities, applicants should consider which capability gaps would be most operationally consequential, must be closed most urgently, and could be meaningfully addressed within the period of performance. Applicants should refer to Section 3.B. above for further guidance on the priority identification process.

Applicants must set at least one performance goal for each RA agreed-upon priority area that achieves a specific outcome. Each goal must be specific, measurable, and achievable within the period of performance, relevant to the priority area, and have a target date for completion. Applicants must describe how achieving each goal or objective will impact the priority area it supports by the end of the period of performance. Each goal must include an estimate quantifying the extent to which the supporting investments will close capability gaps (e.g., “Increase the percentage of people who can find and secure long-term housing by 10% within 1 year of an incident”). The FY 2025 EMPG Program Work Plan Template includes instructions and examples to help guide this process so that recipients can develop goals that focus on achieving specific outcomes.

The Regional Administrator or designated Regional EMPG Program Manager will ensure that the mutually agreed priorities are fully addressed in the EMPG Program Work Plan. In addition, the Regional Administrator must approve final Work Plans before states may draw down EMPG Program funds. Grant funds will be released upon approval of the state’s final Work Plan.

Following Work Plan approval, regional EMPG Program Managers will work closely with recipients to monitor progress toward goals and activities in the Work Plans during the performance period and may request further documentation from the recipients to clarify the projected Work Plan. Further, in accordance with 2 C.F.R. § 200.308 – Revision of budget and program plans, any changes to the approved Work Plan – including changes in project scope and budget changes within any direct cost category exceeding 10% of the total award amount – will require advance approval from the Regional Administrator or designated Regional EMPG Program Manager.

a. Instructions

The FY 2025 EMPG Program Work Plan Template reflects the collection of objective information and quantitative data that will allow FEMA to measure program effectiveness and investment impacts more effectively. This also enables compliance with 2 C.F.R. § 200.301, which requires federal awarding agencies to measure recipient performance to show achievement of program goals and objectives, share lessons learned, improve program outcomes, and foster adoption of promising practices. To this end, the FY 2025 EMPG Program guidance in the NOFO and Work Plan requires recipients to link EMPG Program-funded investments to THIRA/SPR results and other relevant materials that inform capability priorities and needs and to include specific performance measures that will allow FEMA to measure the impact of those investments based on the core capabilities that are addressed.

The FY 2025 EMPG Program Work Plan Template largely complements the THIRA/SPR process outlined in the Comprehensive Preparedness Guide (CPG) 201, Third Edition (CPG 201, v3). As noted in CPG 201, v3, a coordinated approach to track investments, and understand the return on investments, can help improve the effectiveness of those investments. Tracking how EMPG Program-funded investments result in specific, quantitative changes in capabilities can help guide communities' strategic planning considerations and inform resource allocation decisions that will maximize effectiveness in building or sustaining capabilities. Therefore, applicants are encouraged to refer to CPG 201, v3, along with their most recent THIRA and SPR, when developing their EMPG Program Work Plan.

The FY 2025 EMPG Program Work Plan Template consists of the following tabs: Definitions and Guidance, Quick Links, Grant Investment Strategy, Grant Activities Outline, Detailed Budget – Excluding M&A, Budget Narrative – Excluding M&A, Detailed Budget – M&A Only, Budget Narrative – M&A Only, EMPG Program Summary, Implementation Schedule, Training Data Table, and Exercise Data Table. As explained above, the focus of the FY 2025 EMPG Program Work Plan Template is on improving data collection to better enable measurement of grant outcomes. Therefore, the narrative content is minimized and many of the cells include dropdowns for selecting applicable data. This approach also helps to simplify the Work Plan development process.

Instructions for each Work Plan section are provided below. Additional guidance and instructions are provided in the FY 2025 EMPG Program Work Plan Template on Grants.gov.

b. Definitions and Guidance

The Definitions and Guidance tab collects applicant information and provides instructions for completing each subsequent tab.

c. Quick Links

The Quick Links Tab uses the link functionality in Excel to allow users to navigate throughout the template quickly and minimize the need to scroll through projects and implementation schedules.

d. Grant Investment Strategy

The intent of the Grant Investment Strategy tab of the FY 2025 EMPG Program Work Plan Template is to provide an overview of the state/territory's preparedness investment strategy. It should serve as the foundation for completing the remainder of the Work Plan. It includes separate sections to explain the following:

- The performance goals associated with each priority area;
- The most recent THIRA/SPR results;
- Significant risks and capability gaps that currently exist;
- Resulting preparedness priorities; and

- The anticipated impact of the proposed EMPG Program-funded investments.

For the Performance Goals section, the applicant should identify the three-to-five priorities that were mutually agreed to and approved between the Regional Administrator and the state/territory. These goals serve as the focus for the EMPG Program-funded investments. The reference materials used to identify the priorities should be cited and their relevance explained in this section. At least one performance goal should be identified for each priority area. Each goal must be specific, measurable, achievable within the period of performance, relevant to the priority area, and have a target date for completion (i.e., SMART goal). It should describe how achieving each goal will impact the priority area it supports by the end of the period of performance.

e. Grant Activities Outline

The Grant Activities Outline (GAO) is used to capture the proposed EMPG Program-funded projects and link them to the identified priorities, performance goals, and gaps or needs. Coupled with the Implementation Schedule, the GAO supports identification and tracking of EMPG Program-funded project outcomes, which will enable better understanding of the impacts of those investments relative to the performance goals and the associated core capabilities. Identifying and tracking project outcomes also supports compliance with the Foundations for Evidence-Based Policy Making Act of 2018 and changes to 2.C.F.R related to performance, evaluation, and risk for federal grants. The GAO includes sections that allow the applicant to identify the performance goals that are supported by each project and the milestones that are critical to accomplishing each goal. Additional guidance on performance goals and milestones, including specific examples of each, are provided below.

The GAO also requires the applicant to explain the objective and anticipated impact of each project relative to the associated priorities, performance goals, and related core capabilities:

- The “Project Objective” should explain what the project will accomplish; specifically, how the project will address the identified gap or need and how it supports one or more of the identified performance goals.
- The “Anticipated Project Impact” should explain the expected project outcome relative to the associated priorities and performance goals.

- The impact statement should include a quantitative estimate of the degree to which the project will contribute to achieving the identified performance goal (see hierarchy example below).

Effective completion of the GAO requires an understanding of the established planning hierarchy. Priorities are at the top of the hierarchy, followed by performance goals that define a clear outcome or end-state and provide the basis for addressing each priority. Project proposals should be identified based on the performance goals. High priority capability gaps or needs identified through the THIRA/SPR process, particularly SPR Step 2, and other assessments are also used to inform project selection and to identify specific project objectives. Project objectives, and accompanying impact statements, should complement the performance goals by including similar outcome-focused metrics, as explained above. Lastly, identifying the specific project activities are the last step in the process of completing the GAO. Project activities are key components and/or milestones that are critical to successful completion of the project.

An example of this planning hierarchy for completing the GAO is provided below:

- **Priority**: Logistics and Supply Chain Management
  - **Performance Goal**: Within 24 hours of an incident, identify and mobilize life-sustaining commodities, resources, and services to 10,000 people requiring shelter and 100,000 people requiring food and water. Maintain distribution system for at least 30 days.
    - **Project**: Update State Logistics and Distribution Management Plan and qualify 40 additional personnel for logistics operations in NQS.
      - **Project Objective/Impact**: Increase capacity to identify and mobilize life-sustaining commodities, resources, and services to people requiring shelter, food, and water by 50%, allowing the state to do so for 7,500 people requiring shelter and 75,000 requiring food and water within 24 hours of an incident and maintain that distribution system for at least 30 days.
        - **Activity**: Convene cross-discipline working group meeting on May 30, 2026, to review current State Logistics and Distribution Management Plan

All EMPG Program-funded investments must be accounted for in the GAO. However, recognizing that some sustainment activities, such as funding of

emergency manager salaries, may not align to a specific priority or performance goal, applicants are not required to identify priorities and performance goals for such investments. However, all other portions of the GAO must be completed to justify the applicable sustainment costs.

In cases where emergency management personnel are not assigned to support specific projects included in the Work Plan, the applicant may choose to create a single project (e.g., Emergency Management Personnel Project) to encompass the majority of the EMPG Program-funded salaries and fringe benefits costs. This single project would be populated on the GAO and include the associated activities, priorities, goals, anticipated outcomes, milestones, etc. for the applicable EMPG Program-funded emergency management staff, including staff supporting the M&A activities.

The various elements of the GAO tab are outlined below, along with basic instructions for completing the required entries. Supplemental guidance and instructions are included in the FY 2025 EMPG Program Work Plan Template.

- **Project Name:** Provide a descriptive name for each planned project. Examples include “Development of Emergency Function Annexes,” “Development of Earthquake Scenario Loss Estimations,” “Implementation of Statewide Interoperability Plan,” “NIMS Training for Emergency Management Personnel,” “Development of Emergency Preparedness Plan for Individuals with Disabilities,” etc.
- **Brief Project Description:** Provide further details on the project, particularly where the project name does not sufficiently describe the project.
- **Gap or Need Addressed:** Briefly describe the specific gap or need addressed by the project.
- **Reference for Identified Gap or Need:** Select the documentation used to identify the cited gap or need from the drop-down menu.
- **Project Objective:** Explain how the project addresses the identified gap or need, and how it supports the identified priorities and performance goals.
- **Anticipated Project Impact:** Explain the expected project outcome relative to the associated priorities and performance goals.
- **Build or Sustain:** Select whether the project will build or maintain/sustain the identified core capability(ies).
- **EMPG Program National Priority Area:** Select the applicable National Priority Area from the drop-down menu.

- **Regional Administrator (RA) Agreed Upon Priority Area:** Select from a drop-down list of the 32 core capabilities and other priorities identified in the latest version of the National Preparedness Report. If the priority is not included in the drop-down list, enter “other” for Primary, Secondary and/or Tertiary, and then enter the priority in the adjacent cell.
- **POETE Category:** Select whether the project relates to Planning, Organization, Equipment, Training, or Exercises. Multiple POETE categories can be selected to accommodate projects that span multiple categories. For example, building capability often involves a combination of planning, training, and exercise activities. Space is provided to populate the Primary, Secondary and Tertiary POETE category.
- **Emergency Management Accreditation Program (EMAP) Standard Element:** This field is optional. It is made available to those states/territories that are EMAP certified and want to continue tracking their investments by EMAP Standard Elements. Select the appropriate EMAP Standard Elements from the drop-down menu, if applicable.
- **Mission Area:** Select the appropriate preparedness mission area supported by the project: Prevention, Protection, Mitigation, Response, or Recovery. Multiple mission areas can be selected to accommodate projects such as plans and exercises that involve multiple mission areas, and space is provided to populate the Primary, Secondary and Tertiary Mission Areas.
- **Core Capabilities:** Select up to five core capabilities supported by the project. Indicate whether the Core Capability has a target with a gap rated as high priority.
- **Performance Goals:** Select the performance goal(s) from the drop-down menu. The drop-down menu will consist of the performance goals as entered in the Grant Investment Strategy.
- **Current Capability Metrics:** Identify capability metrics prior to the project implementation.
- **Milestones:** Identify key project activities and other deliverables or outputs that are critical to accomplishing the identified performance goal and can be tracked to demonstrate progress toward achieving the performance goal.

B. Detailed Budget - Excluding M&A

The Detailed Budget – Excluding M&A tab enables a full accounting of all project activity costs, excluding M&A costs. This tab contains an itemization of non-M&A costs related to personnel, fringe benefits, travel, equipment, supplies, contractual

services, construction, other, and indirect costs. For personnel and fringe benefits, the position title and percentage of time or fringe allocated to the EMPG Program grant is required. Each line item is assigned to its relevant project, allowing the information in mission areas, core capabilities, priorities, EMAP, and POETE categories to populate accordingly. This enables a breakdown of the full EMPG Program budget into various categories: Mission Area, Core Capabilities, National Priority Area, RA Agreed Upon Priority, EMAP Standard Elements, and POETE Category. The cells for each of these categories are automatically populated based on the project number as identified in the Grant Activities Outline.

C. Budget Narrative - M&A Only

The purpose of the Budget Narrative – M&A Only tab is to: 1) justify the need for each line item and the cost estimates; 2) explain how costs relate to the programmatic goals of the project(s); and 3) supplement other budget information provided on the Detailed Budget– M&A Only tab. For the Cost Share, applicants must include a detailed description of the source of the cost share/matching funds. If funds or services are to be provided by a third party for in-kind match, a dated letter of commitment is required to document the donation. This tab will include a narrative for each cost category of the budget.

D. Information for the Detailed Budget and Budget Narrative

This section of the Work Plan is a detailed description of the budget found in the SF-424A and must include a detailed discussion of how EMPG Program funds will be used. Applicants must **itemize** costs related to personnel, fringe benefits, travel, equipment, supplies, contractual costs, other direct costs, indirect costs, and total costs.

Applicants should use the following instructions and budget cost category descriptions to complete the Budget Detail section of the Work Plan.

Personnel: List each position with a brief description of the duties and responsibilities (no personnel names), as well as the salary computation for staff. If a Cost-of-Living Adjustment increase and/or merit pay increase in salary will be provided for the position, include those costs in calculations for personnel and the associated fringe benefits on the applicable Detailed Budget and the Budget Narrative.

Fringe Benefits: List the computation for fringe benefits for each of the personnel listed in the budget worksheet. Estimated rates for fringe are allowable but provide the basis for that estimation in the budget narrative (e.g., average percent fringe paid for most employees within the agency). If not using an estimate, list fringe benefit and the associated costs for each employee that will be paid by EMPG Program funding (e.g., Social Security/FICA, Unemployment Compensation, Medicare, Retirement, Health Insurance, Life Insurance, etc.). Also, in cases where fringe benefits costs are included in an indirect cost rate agreement, the fringe benefits cannot also be charged as a direct cost for reimbursement.

Travel: Specify the mileage, per diem, estimated number of trips in-state and out-of-state, number of travelers, and other costs for each type of travel for staff. Travel may be integral to the purpose of the proposed project (e.g., management, monitoring and/or oversight of grant award and/or subrecipients) or related to propose project activities (e.g., attendance at training or meetings related to management of the EMPG Program award). Travel costs identified in this section are for employees of the applicant/recipient only. For travel costs related to staff training, include as many details as possible about each proposed training cost, including the name of the training course(s), training provider, personnel who will attend the training, proposed dates (estimates are accepted), etc. Travel category costs do not include 1) costs for travel of consultants, contractors, consortia members, or other partner organizations, which are included in the “Contractual” category; or 2) travel costs for employees of subrecipient agencies (those should be included in the Contractual category, if applicable).

Equipment: List each equipment item for EMPG Program purposes only by Line-Item Name and in the same order as listed on the Detailed Budget. Include a brief description of each equipment item (no brand names); per unit cost, quantity, and total cost; location of equipment (if other than the direct recipient agency); and how the equipment will be utilized. Equipment is defined in 2 C.F.R. § 200.1.

Supplies: Include all tangible personal property other than those described in the definition of “equipment” as defined by 2 C.F.R. § 200.1. Supplies are also defined in 2 C.F.R. § 200.1. The budget detail should identify categories of supplies to be procured for EMPG Program purposes only (e.g., printing supplies, office supplies, etc.) and the calculation of those costs (e.g., based on monthly rates or based on an average of previous years’ similar costs). Non-tangible goods and services associated with supplies, such as printing service, photocopy services, and rental

costs should be included in the “Other” category. Provide the basis for calculation of supplies including the Line-Item Name and list supplies in the Budget Narrative in the same order as listed on the Detailed Budget. Subrecipient M&A and non-M&A costs should be included in the “Other” category.

Contractual: Identify each proposed contract related to EMPG Program purposes only and specify its purpose and estimated cost. Contractual/consultant services are those services to be carried out by an individual or organization (do not include company or individual names in budget narrative), other than the applicant, in the form of a procurement relationship. Leased or rented goods (equipment or supplies) for EMPG Program purposes should be included in the “Other” category. The applicant should list the proposed contract activities along with a brief description of the scope of EMPG Program work or services to be provided and proposed duration. Include the basis for the calculation of contractual services costs (e.g., contractor training instructor speaking fee, contractor travel costs and contractor instructional materials).

Other: This category should include only those types of direct costs that do not fit in any of the other budget categories and are related to EMPG Program purposes only. Include a description of each cost by Line-Item Name and in the same order as listed on the applicable Detailed Budget. Include the basis for calculation of the costs. Examples of costs for EMPG Program purposes that may be in this category include the following: insurance, rental/lease of equipment or supplies, equipment service or maintenance contracts, printing or photocopying rental, etc. Subrecipient M&A and non-M&A costs from their subawards (e.g., subgrants) are a distinct type of cost under this category. The term “subaward” means an award of financial assistance (money or property) by any legal agreement made by the recipient to an eligible subrecipient. This term does not include procurement purchases, technical assistance in the form of services instead of money, or other assistance in the form of revenue sharing, loans, loan guarantees, interest subsidies, insurance, or direct appropriations. Subcontracts are not subawards and belong in the contractual category. Applicants must provide the aggregate amount they propose to issue as subaward work and a description of the types of M&A and non-M&A activities to be supported.

Construction: Include construction costs, including renovation projects for a state or territorial government’s principal EOC. Include a description of the types of construction or renovation services proposed and the calculation of these costs

(no company or individual names). Subrecipient construction costs should be included in the Other category. M&A funding cannot be used for construction or renovation costs.

Indirect Costs: If indirect charges are budgeted, indicate the approved rate and base (the cost categories for which this indirect cost percentage rate will be applied.) Indirect costs are those incurred by the recipient for a common or joint purpose that benefit more than one cost objective or project and are not readily assignable to specific cost objectives or projects as a direct cost. In order for indirect costs to be allowable, the applicant must have a federal or state negotiated indirect cost rate (e.g., fixed, predetermined, final or provisional), or must have submitted a proposal to the cognizant federal or state agency. An approved Indirect Cost Rate Agreement signed by the recipient agency and the cognizant agency for the recipient, or a copy of the proposal to the cognizant federal or state agency for an indirect cost rate, must be included in the submission of the Work Plan Template for application purposes.

Examples of Indirect Cost Rate calculations are shown below:

1. Personnel (Indirect Rate x Personnel = Indirect Costs)
2. Personnel and Fringe (Indirect Rate x Personnel & Fringe = Indirect Costs)
3. Total Direct Costs (Indirect Rate x Total Direct Costs = Indirect Costs)

Applicants who wish to use a cost allocation plan in lieu of an indirect cost rate must also reach out to the FEMA Grants Management Specialist for further instructions. Per 2 C.F.R. Part 200, Appendix VII, paragraph D.1.c, this established rate must be accepted by any Federal agency to which the governmental department or agency applies for funding. Applicants who wish to request the case-by-case exception should reach out to their FEMA Grants Management Specialist for further instructions.

Post-award requests to charge indirect costs will be considered on a case-by-case basis and based upon the submission of an agreement or proposal as discussed above or based upon the de minimis rate or cost allocation plan, as applicable.

E. EMPG Program Summary

This tab includes summary information for the award as entered in the budget tabs and the Grant Activity Outline. The overall budget summary will include the total award amount, federal amount, non-federal amount (cost share), and M&A amount, along with the calculated percentage of each. The additional budget summary tables will calculate the amount allocated for federal funds, non-federal funds (cost share) and total project costs for each cost category. There is also a budget summary table with similar information for each primary mission area and core capability.

The EMPG Program Summary tab also provides users with an overview of their progress in the FY 2025 EMPG Program Performance Metrics. The metrics are automatically populated from the calculations of information provided in the GAO. These metrics aim to provide the count, percentage, and associated dollar amount affiliated with the following performance metrics: 1) Capability-building Projects for Alignment to Capability Gaps in SPR; 2) Funding Spent on Capability-building Projects Aligned to Capability Gaps in SPR; 3) Building Capabilities for High Priority Targets; 4) Regional and National Priority Area Alignment; and 5) Plans-Training-Exercise Alignment.

a. Implementation Schedule

The Implementation Schedule includes the basic elements of a project management plan. It is used to capture key project activities to include both EMPG Program-funded activities that are critical to accomplishing the project objectives as identified in the Grant Activities Outline, as well as tasks that are essential to effective project management. Thus, this product can be used as a basic project management tool to plan and track the progress of key project activities and associated tasks. Key project activities should generally correlate with the “Milestones” identified for each project included in the Grant Activities Outline.

The Implementation Schedule enables the applicant to identify key project activities by year/quarter, the associated tasks, timelines, status reports, and challenges or risks that may affect successful completion of the activity as planned. It also allows for the tracking of project progress by including estimated and actual completion dates for each activity and the ability to enter quarterly accomplishments relating to the activity. This functionality allows for quarterly

reporting of project progress, in accordance with the programmatic requirements of the EMPG Program. Also, data from the Implementation Schedule should be completed and submitted to FEMA as a component of quarterly reporting on grant activities.

b. Training Data Table

To facilitate consistent data reporting and performance measures collection, the FY 2025 EMPG Program Work Plan Template includes a Training Data Table. This table should reflect training activities outlined in the multi-year IPP and completion of required EMPG Program training courses. The data requirements are defined in the section below. Applicants/recipients are not required to report EMPG Program-funded personnel costs associated with training. Training related to the NQS is not reported on the Training Data Table. Also, data from the Training Data Table should be completed and submitted to FEMA as a component of quarterly reporting on grant activities. Upon entering the project name or number in the template, the cells located to the right of the main Training Data Table will auto-populate the associated priority, mission area, capabilities, and functional areas based on the project data included in the Grant Activities Outline.

c. Exercise Data Tables

To facilitate consistent data reporting and performance measure collection, an Exercise Data Table should be completed for any exercises that meet EMPG Program requirements and/or exercises conducted in whole or part with EMPG Program funds. The Exercise Data should include EMPG Program-funded exercises and costs to run the exercise (e.g., planning, materials, props, contractual services for conducting the exercise, AAR and IP, etc.). Any exercise planned or conducted during the grant period of performance should be reported on the Exercise Data Table. Applicants/recipients are not required to report EMPG Program-funded personnel costs associated with exercises. Data from the Exercise Data Table should also be completed and submitted to FEMA as a component of quarterly reporting on grant activities. The data requirements are defined in the section below. Upon entering the project name or number in the template, the cells located to the right of the main Exercise Data Table will auto-populate the associated priority, mission area, capabilities, and functional areas based on the project data included in the Grant Activities Outline.

Appendix D: FY 2025 EMPG Program Allocations

EMPG Program awards are based on section 662 of the *Post-Katrina Emergency Management Reform Act of 2006*, Pub. L. No. 109-295 (codified as amended at 6 U.S.C. § 762). All 50 States, the District of Columbia, and Puerto Rico receive a base amount of 0.75% of the total available funding appropriated for the EMPG Program. Four territories (American Samoa, Guam, the Commonwealth of the Northern Mariana Islands, and the U.S. Virgin Islands) receive a base amount of 0.25% of the total available funding appropriated for the EMPG Program. The remaining balance of the funds appropriated for the EMPG Program are distributed on a population-share basis.

These are target allocations pending final decisions by the Department of Homeland Security. These target allocations act as an estimate, and final allocations may be different in the award letter.

GRANT MANAGEMENT MEMORANDUM
GMM 2025-07

Date: August 8, 2025

To: All California Governor's Office of Emergency Services (Cal OES) Emergency Management Performance Grant (EMPG) Subrecipients

From: Cal OES Grants Management

Subject: Fiscal Year (FY) 2025 EMPG Allocations

On July 28, 2025, the Department of Homeland Security (DHS), Federal Emergency Management Agency (FEMA) released the FY 2025 EMPG Notice of Funding Opportunity. California was allocated $24,392,241, a decrease of $73,551 from the FY 2024 EMPG allocation of $24,465,792.

The EMPG is a critical grant program that enables state, local, and tribal governments to prepare for all hazards. These funds are allocated annually to all counties and tribal nations to support these very important efforts. Historically, the annual EMPG funding is allocated to Cal OES for statewide initiatives and Operational Area objectives.

The enclosed chart delineates the FY 2025 EMPG allocations to Operational Areas, with a comparison to the FY 2024 allocations. Cal OES is preparing the FY 2025 EMPG application that will be submitted to FEMA no later than August 11, 2025. The allocations are being shared so that subrecipients can begin planning.

Cal OES recognizes subrecipients have many questions and concerns regarding the FY 2025 EMPG NOFO. Cal OES has updated its Frequently Asked Questions (FAQ) page to address common questions received about the new terms and conditions contained in the NOFO. Cal OES is working diligently to not only submit the FY 2025 EMPG application to FEMA, but also to obtain clarification regarding the new terms and conditions.

As updates are made, Cal OES will be sharing information on our Frequently Asked Questions (FAQ) page on the Cal OES webpage at:
DHS-FEMA Grant Guidance FAQs – 8.8.2025.

Board of Supervisors
Chambers
168 W. Alisal St., 1st Floor
Salinas, CA 93901

November 04, 2025

Introduced: 10/20/2025

Current Status: General Government - Consent

Version: 1

Matter Type: General Agenda Item

Receive and accept the Treasurer's Report of Investments for the quarter ending September 30, 2025.

RECOMMENDATION:
It is recommended that the Board of Supervisors:
Receive and accept the Treasurer's Report of Investments for the quarter ending September 30, 2025.

SUMMARY:
Government Code Section 53646 (b) (1) states the Treasurer may submit a quarterly report of investments. The following discussion of economic and market conditions along with attached exhibits support investment activity during the July - September period.

DISCUSSION:
The U.S. economy has remained resilient, but a cooling labor market is emerging as a potential risk. Job creation has nearly come to a halt as employers adopt a cautious "no hire, no fire" approach. While inflation has recently picked up, the Federal Reserve expects these upward price pressures to be temporary. Overall uncertainty has eased as markets have adjusted to recent tariff and fiscal policy announcements.

In September, the Federal Reserve implemented its first rate cut of 2025. Chair Powell acknowledged the ongoing challenge of balancing risks between inflation and employment but emphasized that the health of the labor market remains the Federal Reserve's primary focus. The Federal Reserve's September "dot plot" suggests an additional 50 basis points in cuts for 2025, though opinions among policymakers remain divided, with several members supporting no further reductions this year.

On September 30, 2025, the County of Monterey investment portfolio contained an amortized book value of $3,079,220,309 spread among 264 separate securities and funds. The par value of those funds was $3,096,305,181 with a market value of $3,096,629,606 or 100% of amortized book value. The portfolio's effective rate of return for the period was 4.26% generating estimated quarterly interest earnings of $32,518,115. Earnings received in cash will be distributed proportionally to all agencies participating in the investment pool by the Auditor-Controller. The investment portfolio had a weighted average maturity of 492 days. The County Treasury continues to achieve safety, liquidity, and yield goals by balancing shorter-term debt and longer-term debt given investment opportunities in the current market environment.

The investment portfolio follows all applicable provisions of state law and the adopted Investment Policy. Market value pricings were obtained through resources such as Bloomberg LLP, US Bank, and live-bid pricing of corporate securities.

OTHER AGENCY INVOLVEMENT/COMMITTEE ACTIONS:
A copy of this report will be distributed to all agencies participating in the investment pool. The Treasury Quarterly Reports are also posted on the County Treasurer's website. A monthly report of investment transactions is provided to the Board of Supervisors as required by Government Code 53607.

FINANCING:
The investment portfolio contains sufficient liquidity to meet all projected expenditures over the next six months. Investment earnings in the General Fund appear to be trending at a rate that will meet the FY 2025-26 budgeted total.

SUMMARY/DISCUSSION:
Kennedy/Jenks Consultants, Inc. provides environmental consulting and oversight of remediation activities at the Lake San Antonio Resort/Marina Site, as required by the California State Water Resources Control Board and the Regional Water Quality Control Board ("Water Boards"). The County initially entered into an agreement with Kennedy/Jenks in 2016 to address a historical fuel spill at the site..

The most recent work has involved operation of a "bioventing system" required by the Water Boards, designed to reduce the contaminant mass in the soil and groundwater in and around the affected area. Kennedy/Jenks Consultants, Inc. previously requested authority to close out the monitoring phase; however, the Regional Water Quality Control Board determined that additional monitoring and reporting are necessary to ensure that remediation is complete and conditions remain protective of water quality.

Under this new agreement, Kennedy/Jenks will continue to provide environmental consulting services, including semiannual groundwater and surface water monitoring and sampling, well resurveying, management and disposal of investigation-derived waste, data migration into a centralized database and Power BI visualization platform, and evaluation of groundwater and surface water data. The firm will also prepare and submit required reports to the Regional Board and coordinate with County staff and regulatory agencies to determine any future actions required.

The total contract amount shall not exceed $200,000 over the three-year term, from June 30, 2025, through July 1, 2028. The scope and budget are based on Regional Board requirements for continued monitoring, as detailed in Exhibit A to the Professional Services Agreement. All written reports will be submitted to David J. Bolton, Risk Manager, in accordance with the schedule provided in Exhibit A.

OTHER AGENCY INVOLVEMENT/COMMITTEE ACTIONS:
County Counsel has reviewed and approved as to form; Contracts/Purchasing and the Office of the Auditor-Controller as to fiscal terms; and Risk Management for insurance and indemnity provisions.

FINANCING:
Services rendered under this agreement will be paid through the Internal Services Fund, with no impact to the General Fund.

BOARD OF SUPERVISORS STRATEGIC PLAN GOALS:
The recommended action supports the Board's Strategic Plan Goals of Well-Being and Quality of Life and Safe and Resilient Communities by protecting public health, environmental resources, and recreational water quality at Lake San Antonio.

If any term, provision or application of this Indemnification Agreement is found to be invalid, in violation of public policy or unenforceable to any extent, such finding shall not invalidate any other term or provision of this Indemnification Agreement and such other terms and provisions

shall continue in full force and effect. 8.02 Indemnification for Design Professional Services Claims:
CONTRACTOR shall indemnify, defend and hold harmless County, its governing board, directors, officers, employees, and agents against any claims that arise out of, or pertain to, or relate to the negligence, recklessness, or willful misconduct of CONTRACTOR, its employees, subcontractors, and agents in the performance of design professional services under this Agreement, excepting only liability arising from the sole negligence, active negligence or willful misconduct of County, or defect in a design furnished by County, but in no event shall the amount of such CONTRACTOR's liability exceed such CONTRACTOR's proportionate percentage of fault as determined by a court, arbitrator or mediator, or as set out in a settlement agreement. In the event one (1) or more defendants to any action involving such claim or claims against County is unable to pay its share of defense costs due to bankruptcy or dissolution of the business, such CONTRACTOR shall meet and confer with the other parties to such action regarding unpaid defense costs.

8.03 Indemnification for All Other Claims or Loss:
For any claim, loss, injury, damage, expense or liability other than claims arising out of CONTRACTOR's performance of design professional services under this Agreement, CONTRACTOR shall indemnify, defend and hold harmless County, its governing board, directors, officers, employees, and agents against any claim for loss, injury, damage, expense or liability resulting from or alleging injury to or death of any person or loss of use of or damage to property, arising from or related to the performance of services under this Agreement by CONTRACTOR, its employees, subcontractors or agents, excepting only liability arising from the sole negligence, active negligence or willful misconduct of County, or defect in a design furnished by County.

9. INSURANCE.

9.01 Evidence of Coverage:
Prior to commencement of this Agreement, the Contractor shall provide a "Certificate of Insurance" certifying that coverage as required herein has been obtained. Individual endorsements executed by the insurance carrier shall accompany the certificate. In addition, the Contractor upon request shall provide a certified copy of the policy or policies.

This verification of coverage shall be sent to the County's Contracts/Purchasing Division, unless otherwise directed. The CONTRACTOR shall not receive a "Notice to Proceed" with the work under this Agreement until it has obtained all insurance required and such, insurance has been approved by the County. This approval of insurance shall neither relieve nor decrease the liability of the CONTRACTOR.

9.02 Qualifying Insurers:
All coverages, except surety, shall be issued by companies which hold a current policy holder's alphabetic and financial size category rating of not less than A VII, according to the current A.M.

Best's Rating Guide or a company of equal financial stability that is approved by the County's Purchasing Agent.

9.03 Insurance Coverage Requirements: Without limiting CONTRACTOR's duty to indemnify, CONTRACTOR shall maintain in effect throughout the term of this Agreement a policy or policies of insurance with the following minimum limits of liability:

Commercial General Liability Insurance: including but not limited to premises and operations, including coverage for Bodily Injury and Property Damage, Personal Injury, Contractual Liability, Broad form Property Damage, Independent Contractors, Products and Completed Operations, with a combined single limit for Bodily Injury and Property Damage of not less than $1,000,000 per occurrence, and $2,000,000 in the aggregate.

If professional liability insurance is written on a "claims-made" basis rather than an occurrence basis, the CONTRACTOR shall, upon the expiration or earlier termination of this Agreement, obtain extended reporting coverage ("tail coverage") with the same liability limits. Any such tail coverage shall continue for at least three years following the expiration or earlier termination of this Agreement.
(Note: Professional liability insurance coverage is required if the contractor is providing a professional service regulated by the state. Examples of service providers regulated by the state are insurance agents, professional architects and engineers, doctors, certified public accountants, lawyers, etc. However, other professional Contractors, such as computer or software designers, technology services, and services providers such as claims administrators, should also have professional liability. If in doubt, consult with your risk or contract manager.)

If the contractor maintains broader coverage and/or higher limits than the minimums shown above, the County requires and shall be entitled to the broader coverage and/or higher limits maintained by the contractor.

9.04 Other Requirements:

All insurance required by this Agreement shall be with a company acceptable to the County and issued and executed by an admitted insurer authorized to transact Insurance business in the State of California. Unless otherwise specified by this Agreement, all such insurance shall be written on an occurrence basis, or, if the policy is not written on an occurrence basis, such policy with the coverage required herein shall continue in effect for a period of three years following the date CONTRACTOR completes its performance of services under this Agreement.

Each liability policy shall provide that the County shall be given notice in writing at least thirty days in advance of any endorsed reduction in coverage or limit, cancellation, or intended non-renewal thereof. Each policy shall provide coverage for Contractor and additional insureds with respect to claims arising from each subcontractor, if any, performing work under this Agreement, or be accompanied by a certificate of insurance from each subcontractor showing each subcontractor has identical insurance coverage to the above requirements.

Additional Insured Status:
The County of Monterey, its officers, officials, employees, agents, and volunteers are to be covered as additional insureds on the auto liability policy for liability arising out of automobiles owned, leased, hired or borrowed by or on behalf of the Contractor. Auto liability coverage shall be provided in the form of an endorsement to the CONTRACTOR'S insurance.

The County of Monterey, its officers, officials, employees, agents, and volunteers are to be covered as additional insureds on the commercial general liability policy with respect to liability arising out of work or operations performed by or on behalf of the CONTRACTOR including materials, parts, or equipment furnished in connection with such work or operations. General liability coverage shall be provided in the form of an endorsement to the CONTRACTOR'S insurance (at least as broad as ISO Form CG 20 10 11 85 or if not available, through the addition of both CG 20 10, CG 20 26, CG 20 33, or CG 20 38; and CG 20 37 if a later edition is used).

Primary Coverage:
For any claims related to this contract, the CONTRACTOR'S insurance coverage shall be primary and non-contributory and at least as broad as ISO CG 20 01 04 13 as respects the County, its officers, officials, employees, agents, and volunteers. Any insurance or self-insurance maintained by the County, its officers, officials, employees, agents, or volunteers shall be excess of the CONTRACTOR'S insurance and shall not contribute with it. This requirement shall also apply to any Excess or Umbrella liability policies.

Workers' Compensation Waiver of Subrogation:
The workers' compensation policy required hereunder shall be endorsed to state that the workers' compensation carrier waives its right of subrogation against COUNTY, its officers, officials, employees, agents, or volunteers, which might arise by reason of payment under such policy in connection with performance under this Agreement by CONTRACTOR. Should CONTRACTOR be self-insured for workers' compensation, CONTRACTOR hereby agrees to waive its right of subrogation against COUNTY, its officers, officials, employees, agents, or volunteers.

Prior to the execution of this Agreement by the County, CONTRACTOR shall file certificates of insurance and endorsements with the County's contract administrator and County's Contracts/Purchasing Division, showing that the CONTRACTOR has in effect the insurance required by this Agreement. The CONTRACTOR shall file a new or amended certificate of insurance within five calendar days after any change is made in any insurance policy, which would alter the information on the certificate then on file. Acceptance or approval of insurance shall in no way modify or change the indemnification clause in this Agreement, which shall continue in full force and effect. CONTRACTOR shall always during the term of this Agreement maintain in force the insurance coverage required under this Agreement and shall send, without demand by County, annual certificates to County's Contract Administrator and County's Contracts/Purchasing Division. If the certificate is not received by the expiration date, County shall notify CONTRACTOR and CONTRACTOR shall have five calendar days to send in the certificate, evidencing no lapse in coverage during the interim. Failure by CONTRACTOR to maintain such insurance is a default of this Agreement, which entitles County, at its sole discretion, to terminate this Agreement immediately.

10. **RECORDS AND CONFIDENTIALITY.**

10.01 Confidentiality. CONTRACTOR and its officers, employees, agents, and subcontractors shall comply with any and all federal, state, and local laws, which provide for the confidentiality of records and other information. CONTRACTOR shall promptly transmit to County any and all requests for disclosure of any such confidential records or information. CONTRACTOR shall not use any confidential information gained by CONTRACTOR in the performance of this Agreement except for the sole purpose of carrying out CONTRACTOR's obligations under this Agreement.

CONTRACTOR shall prepare, maintain, and preserve all reports and records that may be required by federal, state, and County rules and regulations related to services performed under this Agreement. CONTRACTOR shall maintain such records for a period of at least three years after receipt of final payment under this Agreement. EXHIBIT-A

To Agreement by and between
County of Monterey hereinafter referred to as "County"
AND
Kennedy/Jenks Consultants, hereinafter referred to as "CONTRACTOR"

Scope of Services / Payment Provisions

A. SCOPE OF SERVICES

This new scope of services supersedes any prior services identified in prior fully performed agreements.

Kennedy/Jenks Consultants (Kennedy Jenks) has been assisting the County of Monterey (County) for many years by providing environmental consulting services for the Lake San Antonio Resort/Marina site (Site) located in Monterey County, California. The following provides our scope of services respond to Regional Board requirements including monitoring and reporting activities at the Site in late 2025/early 2026.

The scope of services includes conducting one semiannual monitoring event and submitting a report for that event to the Regional Board; re-surveying the network of wells at the Site; removal and appropriate disposal of onsite investigation-derived waste; migrating the available historic Site data into a database and PowerBi visualization platform; evaluation of the compiled information; preparation for and participation in a project direction review meeting with the Regional Board; developing a future scope of work based on the outcome of that meeting; and associated project management, client, and agency communications. The services are expected to be provided from 30 June 2025 to early 2026.

Outstanding Invoice and Post-Invoice Billings Accrued

As discussed with David Bolton, the following project charges set up under the prior contract will be migrated over and billed under this new contract:

- Invoice 182433 for $7,217.73 dated 27 August 2025 for services rendered from 30 June 2025 through 25 July 2025.
- An additional $16,262.28 in charges have been accrued from 28 July 2025 through 26 September 2025 for data compilation and review, Regional Board communications, County communications, and scope of work development and costing.

Task 1 – Project Management, Client, and Agency Communications

This task includes routine project communications with the County and Regional Board, monitoring and communicating the status of the schedule and budget. This task also includes Kennedy Jenks quality assurance procedures. For purposes of this scope of services, it is assumed that the project duration will be through early 2026 and that project management will be provided for that duration. Project management will only be provided for the tasks included in this scope of services.

Task 2 – October 2025 Semiannual Monitoring and Reporting

Monitoring:

Kennedy Jenks will subcontract with Blaine Tech Services, Inc. (Blaine) to provide the groundwater monitoring at the Site. Monitoring will be conducted in October 2025. Water-level measurements will be collected at 12 monitoring wells and 5 extraction wells. Groundwater samples will be collected from 12 wells, and surface water samples will be collected at three locations within Lake San Antonio. The surface water samples will be collected as grab samples from locations near the lake shoreline. Blaine will coordinate delivery of samples to the analytical laboratory.

Twenty water samples (12 monitoring well, 5 extraction well, and 3 lake) will be analyzed for volatile organic compounds (VOCs) by EPA method 8260 and for total petroleum hydrocarbons as gasoline (TPHg) and diesel (TPHd) by EPA method 8015. Samples will be analyzed on a standard turnaround basis.

One composite investigation-derived waste sample will be collected from the purge water drums and analyzed for volatile organic compounds (VOCs) plus fuel oxygenates by EPA method 8260, Title 22 Metals EPA Method 6010B/7471A, and for total petroleum hydrocarbons as gasoline (TPHg) and diesel (TPHd) by EPA method 8015.

Quality control samples will also be collected and will consist of 2 duplicate groundwater samples, one equipment blank sample, and 1 trip blank sample. Quality control samples will be analyzed for the same suite of analyses as the water samples, with the exception of the equipment blank sample, which will only be analyzed for VOCs and fuel oxygenates by EPA Method 8260.

Investigation-derived waste generated during the monitoring event will be containerized and left onsite. Kennedy Jenks will arrange for disposal of the waste when the analytical results are available under Task 4 below.

Reporting:

Kennedy Jenks will prepare a semiannual report to summarize the results of the monitoring event. The semiannual report will be submitted to the Regional Board by 30 December 2025. The report will have a similar format to prior semiannual reports for the Site. Historical data will be included in an appendix to the report. An electronic version of the draft report will be provided to the County for review and comment prior to submittal to the Regional Board. The final report will be submitted to the Regional Board via Geotracker.

All written reports required under this Agreement must be delivered to David J. Bolton, Risk Manager, in accordance with the schedule above.

Task 3 – Re-Survey the Network of Onsite Wells

Well elevation discrepancies were identified during Kennedy Jenks historic data review activities. Therefore, budget for this task is requested to have all eighteen onsite wells resurveyed (12 groundwater monitoring wells, 5 extraction wells, and 5 air sparge wells) so accurate well elevations and location data can be incorporated into the Site database to support groundwater gradient calculations.

Task Assumption:

The survey activities will require a Kennedy Jenks staff member to visit the Site to assist with locating and opening the network of wells.

Task 4 – Investigation-Derived Waste Removal and Disposal

This task will cover the pickup and disposal of seven investigation-derived waste drums from the Site. Four drums are currently onsite from prior groundwater monitoring activities, and three drums are expected to be generated from the October 2025 sampling event.

Task Assumption:

A Site visit will not be required for the drum pickup and removal activities.

Task 5 – Data Migration, Database Setup, and PowerBi Visualization Platform Setup and Evaluation

Available historical hardcopy and GeoTracker groundwater elevation and chemical constituent data will be loaded into an environmental database. The newly collected well survey data and historical boring location data will be georeferenced and all data will be uploaded to a PowerBI. Dashboard that will aid in future data manipulation/evaluation. Kennedy Jenks will then evaluate the data set to answer key questions posed by the Regional Board including but not limited to:

- How water levels in the lake relate to groundwater elevations,
- Is there still a threat to the lake from the former release,
- Does there appear to be a secondary source of impact that has not been addressed, and
- Are there any other actions that might change the risk profile that currently exists at the Site.

This evaluation will include generation of materials that will be used to answer these questions and to convey current Site conditions to the Regional Board during the meeting identified below as Task 6.

Task Assumption:

A contingency budget of ~$4,800 has been included in the budget for this task to process data from the pre-2007 reports Kennedy Jenks has requested from the Regional Board. On 23 September 2025 the Regional Board informed Kennedy Jenks that their office is currently closed for renovations and that access to their files would be available when the office reopens in a few weeks.

Task 6 – Participation in a Future Project Status Review Meeting with the Regional Board

Once the activities in Task 5 have been completed, Kennedy Jenks will prepare for and schedule a pre-call with the County to review our findings. Thereafter, a call/meeting will be scheduled with the Regional Board to present our findings and determine the appropriate next steps for the Site.

Task 7 – Next Steps Scope of Work Development and Budgeting

Based on the outcome of the Regional Board call/meeting, Kennedy Jenks will prepare a scope of work and Contract Amendment Request for action items agreed to during the call/meeting. This will include future groundwater monitoring activities in 2026. Kennedy Jenks assumes developing a scope of work and costs for remedial actions will not be necessary.

B. PAYMENT PROVISIONS

B.1 COMPENSATION/PAYMENT

County shall pay an amount not to exceed $126,080 for the performance of all things necessary for or incidental to the performance of work as set forth in the Scope of Work. Matter Type: BoS Agreement

a. Approve and authorize the Chief Contracts and Procurement Officer or their designee to execute an Agreement with West Publishing Corporation dba West, a Thomson Reuters Business, for the subscription of West Proflex legal support software for Child Support attorneys for the period retroactive to November 1, 2025 through October 31, 2028, for the maximum amount of $85,132.
b. Accept non-standard contract provisions and insurance provisions as recommended by the Director of Child Support Services.
c. Approve and authorize the Chief Contracts and Procurement Officer or their designee to execute up to three (3) future amendments to the Agreement, provided the total amendments do not exceed 10% ($8,513) of the original Agreement amount, do not significantly alter the scope of work, and do not cause the total contract amount to exceed $93,645.

RECOMMENDATION:
It is recommended that the Board of Supervisors:
a. Approve and authorize the Chief Contracts and Procurement Officer or their designee to execute an Agreement with West Publishing Corporation dba West, a Thomson Reuters Business, for the subscription of West Proflex legal support software for Child Support attorneys for the period retroactive to November 1, 2025 through October 31, 2028, for the maximum amount of $85,132.
b. Accept non-standard contract provisions and insurance provisions as recommended by the Director of Child Support Services.
c. Approve and authorize the Chief Contracts and Procurement Officer or their designee to execute up to three (3) future amendments to the Agreement, provided the total amendments do not exceed 10% ($8,513) of the original Agreement amount, do not significantly alter the scope of work, and do not cause the total contract amount to exceed $93,645.

SUMMARY:
It is requested that the Board authorize approval of a non-standard Agreement and amendments with West Publishing Corporation for the use of West Proflex software beginning November 1, 2025 through October 31, 2028, in the amount of $85,132. The proposed agreement will ensure continued online access to attorney reference materials essential to the child support process.

DISCUSSION:
DCSS is requesting approval to enter into a non-standard agreement with West Publishing Corporation for the use of West Proflex software. This agreement would cover the period from November 1, 2025, through October 31, 2028, for a total contract amount of $85,132.

West Proflex provides essential online access to legal reference materials that are critical to the department's ability to carry out its mandate effectively. These materials include current legal research tools, case law databases, statutes, and other attorney resources that support accurate and timely legal actions related to child support enforcement.

DCSS has been utilizing the services of West Publishing Corporation since 2010 due to the specialized nature of the software services and limited availability of comparable alternative services that meet DCSS's specific legal research needs. The proposed agreement ensures continuity of service and access to up-to-date legal resources necessary for case preparation, litigation, and compliance with state and federal regulations.

The Agreement is non-standard for the County. It adopts modifications to the County's standard agreement, set forth in Exhibit B-1. Additionally, the proposed Agreement is based upon West Publishing Corporation's standard agreement, attached as Exhibit B, "Order Form."

A three-year contract was negotiated to take advantage of discounted rates available with a longer contract and the cost of service was found to be comparable with other providers.

OTHER AGENCY INVOLVEMENT/COMMITTEE ACTIONS:
County Counsel, Contracts and Procurement, and Risk Management have reviewed the agreement as to legal form and insurance requirements. Auditor-Controller's Office reviewed the contract but does not agree to the non-standard payment provisions.

FINANCING:
This agreement is funded by Federal (66%) and State (34%) funds and approval of this action does not require County General Fund contributions. Funds for this agreement are included in the Child Support Services' adopted budget for FY 2025-26, with no increase in appropriations required. Transactions relating to future fiscal years will be included in each respective recommended budget.

BOARD OF SUPERVISORS STRATEGIC PLAN GOALS:
Entering into this agreement aligns with the Board of Supervisors' Strategic Plan goals by indirectly enhancing the health and quality of life for families and children in Monterey County, thereby supporting the "Well-Being and Quality of Life" goal. It also supports the "Administrative" goal by providing the department with efficient, cost-effective access to online attorney reference materials.

The cost to the County shall be deducted from any sum due the CONTRACTOR under this Agreement.

7.03 The County's payments to CONTRACTOR under this Agreement are funded by local, state and federal governments. If funds from local, state and federal sources are not obtained and continued at a level sufficient to allow for the County's purchase of the indicated quantity of services, then the County may give written notice of this fact to CONTRACTOR, and the obligations of the parties under this Agreement shall terminate immediately, or on such date thereafter, as the County may specify in its notice, unless in the meanwhile the parties enter into a written amendment modifying this Agreement.

8.0 INDEMNIFICATION:

CONTRACTOR shall indemnify, defend, and hold harmless the County, its officers, agents, and employees, from and against any and all claims, liabilities, and losses whatsoever (including damages to property and injuries to or death of persons, court costs, and reasonable attorneys' fees) occurring or resulting to any and all persons, firms or corporations furnishing or supplying work, services, materials, or supplies in connection with the performance of this Agreement, and from any and all claims, liabilities, and losses occurring or resulting to any person, firm, or corporation for damage, injury, or death arising out of or connected with the CONTRACTOR's performance of this Agreement, unless such claims, liabilities, or losses arise out of the sole negligence or willful misconduct of the County. "CONTRACTOR's performance" includes CONTRACTOR's action or inaction and the action or inaction of CONTRACTOR's officers, employees, agents and subcontractors.

9.0 INSURANCE REQUIREMENTS:

9.01 **Evidence of Coverage:** Prior to commencement of this Agreement, the Contractor shall provide a "Certificate of Insurance" certifying that coverage as required herein has been obtained. Individual endorsements executed by the insurance carrier shall accompany the certificate. In addition, the Contractor upon request shall provide a certified copy of the policy or policies.

This verification of coverage shall be sent to the County's Contracts/Purchasing Department, unless otherwise directed. The Contractor shall not receive a "Notice to Proceed" with the work under this Agreement until it has obtained all insurance required and the County has approved such insurance. This approval of insurance shall neither relieve nor decrease the liability of the Contractor.

9.02 **Qualifying Insurers:** All coverages, except surety, shall be issued by companies which hold a current policy holder's alphabetic and financial size category rating of not less than A- VII, according to the current A.M. Best's Rating Guide or a company of equal financial stability that is approved by the County's Purchasing Agent.

9.03 **Insurance Coverage Requirements:** Without limiting CONTRACTOR's duty to

Docusign Envelope ID: CB0BB0D4-955D-4961-8F00-82252A459552

indemnify, CONTRACTOR shall maintain in effect throughout the term of this Agreement a policy or policies of insurance with the following minimum limits of liability:

Commercial General Liability Insurance: including but not limited to premises and operations, including coverage for Bodily Injury and Property Damage, Personal Injury, Contractual Liability, Broad form Property Damage, Independent Contractors, Products and Completed Operations, with a combined single limit for Bodily Injury and Property Damage of not less than $1,000,000 per occurrence, and $2,000,000 in the aggregate.
(Note: any proposed modifications to these general liability insurance requirements shall be attached as an Exhibit hereto, and the section(s) above that are proposed as not applicable shall be lined out in blue ink. All proposed modifications are subject to County approval.)

Auto Liability Coverage: must include motor vehicles, including scheduled, non-owned, and hired vehicles, used in providing services under this Agreement, with a combined single limit or Bodily Injury and Property Damage of not less than $1,000,000 per occurrence.
(Note: any proposed modifications to these auto insurance requirements shall be attached as an Exhibit hereto, and the section(s) above that are proposed as not applicable shall be lined out in blue ink. All proposed modifications are subject to County approval.)

Workers' Compensation Insurance: if CONTRACTOR employs others in the performance of this Agreement, in accordance with California Labor Code section 3700 and with Employer's Liability limits not less than $1,000,000 each person, $1,000,000 each accident and $1,000,000 each disease.
(Note: any proposed modifications to these workers' compensation insurance requirements shall be attached as an Exhibit hereto, and the section(s) above that are proposed as not applicable shall be lined out in blue ink. All proposed modifications are subject to County approval.)

Professional Liability Insurance: if required for the professional services being provided, (e.g., those persons authorized by a license to engage in a business or profession regulated by the California Business and Professions Code), in the amount of not less than $1,000,000 per claim and $2,000,000 in the aggregate, to cover liability for malpractice or errors or omissions made in the course of rendering professional services. If professional liability insurance is written on a "claims-made" basis rather than an occurrence basis, the CONTRACTOR shall, upon the expiration or earlier termination of this Agreement, obtain extended reporting coverage ("tail coverage") with the same liability limits. Any such tail coverage shall continue for at least three years following the expiration or earlier termination of this Agreement.
(Note: Professional liability insurance coverage is required if the contractor is providing a professional service regulated by the state. Examples of service providers regulated by the state are insurance agents, professional architects and engineers, doctors, certified public accountants, lawyers, etc. However, other professional Contractors, such as computer or software designers, technology services, and services providers such as claims administrators, should also have professional liability. If in doubt, consult with your risk or contract manager.)

If the contractor maintains broader coverage and/or higher limits than the minimums shown above, the County requires and shall be entitled to the broader coverage and/or higher limits maintained by the contractor.

9.04 **Other Requirements:**

All insurance required by this Agreement shall be with a company acceptable to the County and issued and executed by an admitted insurer authorized to transact Insurance business in the State of California. Unless otherwise specified by this Agreement, all such insurance shall be written on an occurrence basis, or, if the policy is not written on an occurrence basis, such policy with the coverage required herein shall continue in effect for a period of three years following the date CONTRACTOR completes its performance of services under this Agreement.

Each liability policy shall provide that the County shall be given notice in writing at least thirty days in advance of any endorsed reduction in coverage or limit, cancellation, or intended non-renewal thereof. Each policy shall provide coverage for Contractor and additional insureds with respect to claims arising from each subcontractor, if any, performing work under this Agreement, or be accompanied by a certificate of insurance from each subcontractor showing each subcontractor has identical insurance coverage to the above requirements.

Additional Insured Status:

The County of Monterey, its officers, officials, employees, agents, and volunteers are to be covered as additional insureds on the auto liability policy for liability arising out of automobiles owned, leased, hired or borrowed by or on behalf of the Contractor. Auto liability coverage shall be provided in the form of an endorsement to the CONTRACTOR'S insurance.

The County of Monterey, its officers, officials, employees, agents, and volunteers are to be covered as additional insureds on the commercial general liability policy with respect to liability arising out of work or operations performed by or on behalf of the CONTRACTOR including materials, parts, or equipment furnished in connection with such work or operations. General liability coverage shall be provided in the form of an endorsement to the CONTRACTOR'S insurance (at least as broad as ISO Form CG 20 10 11 85 or if not available, through the addition of both CG 20 10, CG 20 26, CG 20 33, or CG 20 38; and CG 20 37 if a later edition is used).

Primary Coverage:

For any claims related to this contract, the CONTRACTOR'S insurance coverage shall be primary and non-contributory and at least as broad as ISO CG 20 01 04 13 as respects the County, its officers, officials, employees, agents, and volunteers. Any insurance or self-insurance maintained by the County, its officers, officials, employees, agents, or volunteers shall be excess of the CONTRACTOR'S insurance and shall not contribute with it. This requirement shall also apply to any Excess or Umbrella liability policies.

Workers' Compensation Waiver of Subrogation:

The workers' compensation policy required hereunder shall be endorsed to state that the workers' compensation carrier waives its right of subrogation against COUNTY, its officers, officials, employees, agents, or volunteers, which might arise by reason of payment under such policy in connection with performance under this Agreement by CONTRACTOR. Should CONTRACTOR be self-insured for workers' compensation, CONTRACTOR hereby agrees to waive its right of subrogation against COUNTY, its officers, officials,

Docusign Envelope ID: CB0BB0D4-955D-4961-8F00-82252A459552

employees, agents, or volunteers.

Prior to the execution of this Agreement by the County, CONTRACTOR shall file certificates of insurance and endorsements with the County's contract administrator and County's Contracts/Purchasing Division, showing that the CONTRACTOR has in effect the insurance required by this Agreement. The CONTRACTOR shall file a new or amended certificate of insurance within five calendar days after any change is made in any insurance policy, which would alter the information on the certificate then on file. Acceptance or approval of insurance shall in no way modify or change the indemnification clause in this Agreement, which shall continue in full force and effect. CONTRACTOR shall always during the term of this Agreement maintain in force the insurance coverage required under this Agreement and shall send, without demand by County, annual certificates to County's Contract Administrator and County's Contracts/Purchasing Division. If the certificate is not received by the expiration date, County shall notify CONTRACTOR and CONTRACTOR shall have five calendar days to send in the certificate, evidencing no lapse in coverage during the interim. Failure by CONTRACTOR to maintain such insurance is a default of this Agreement, which entitles County, at its sole discretion, to terminate this Agreement immediately.

10.0 RECORDS AND CONFIDENTIALITY:

10.01 **Confidentiality:** CONTRACTOR and its officers, employees, agents, and subcontractors shall comply with any and all federal, state, and local laws, which provide for the confidentiality of records and other information. CONTRACTOR shall not disclose any confidential records or other confidential information received from the County or prepared in connection with the performance of this Agreement, unless County specifically permits CONTRACTOR to disclose such records or information. CONTRACTOR shall promptly transmit to County any and all requests for disclosure of any such confidential records or information. 10.05 **Royalties and Inventions:** County shall have a royalty-free, exclusive and irrevocable license to reproduce, publish, and use, and authorize others to do so, all original computer programs, writings, sound recordings, pictorial reproductions, drawings, and other works of similar nature produced in the course of or under this Agreement. CONTRACTOR shall not publish any such material without the prior written approval of County.

CONTRACTOR shall ensure that the evaluation and treatment of its employees and applicants for employment and all persons receiving and requesting services are free of such discrimination. CONTRACTOR and any subcontractor shall, in the performance of this Agreement, fully comply with all federal, state, and local laws and regulations which prohibit discrimination. As amended, the Agreement will remain in full force and effect according to its terms and conditions. All capitalized terms not otherwise defined in this Addendum will have the meanings given to them in the Agreement. This Addendum supersedes any and all prior understandings and agreements, oral or written, relating to the subject matter. If there is a conflict between the terms and conditions of the Agreement and the terms and conditions of this Addendum, the terms and conditions of this Addendum will control.

Docusign Envelope ID: CB0BB0D4-955D-4961-8F00-82252A459552

extent to which West ProFlex currently conforms with that standard. Contractor will create updated product VPATs to the extent practicable, but no more than once annually. County may request a copy of Contractor's current VPAT at any time. Contractor will be responsible to respond to and resolve any complaint brought to its attention regarding the accessibility of its products or services. County and Contractor shall work together to determine a reasonable response to and resolution of all complaints. a. Approve the 2025 Winter Recess for units P, Y, Z and ZX (excluding elected officials in unit Y); and,
b. Direct the Auditor-Controller to implement the 2025 Winter Recess for these specific units.

RECOMMENDATION:
It is recommended that the Board of Supervisors:

a. Approve the 2025 Winter Recess for units P, Y, Z and ZX (excluding elected officials in unit Y); and,
b. Direct the Auditor-Controller to implement the 2025 Winter Recess for these specific units.

SUMMARY:
The Human Resources Department is recommending the Board of Supervisors approve the 2025 Winter Recess for the period December 26, 2025, through December 31, 2025, for units P, Y, Z and ZX.

DISCUSSION:
As part of negotiated labor agreements with Units F, H, J and K (Service Employees International Union Local 521), D (Public Defenders' Association), E (Prosecutors Association), G (County Counsel Employee Association) and X (County Employee Management Association), the County approved wage increases of 4% for FY 2024-25, 2025-26 and 2026-27 and the Winter Recess for the span of the agreements.

In addition, your Board has historically granted the Winter Recess to the unrepresented units of P, Y, Z and ZX (excluding elected officials in Unit Y) as negotiated with represented bargaining units. Granting of the Winter Recess for these specific unrepresented units requires your Boards approval in each Fiscal Year.

It is therefore recommended your Board approve the recommended actions.

OTHER AGENCY INVOLVEMENT:
The County Administrative Office concurs with these recommendations.

FINANCING:
There is no additional impact to the general fund as this cost was already budgeted.

BOARD OF SUPERVISORS STRATEGIC PLAN GOALS:
The proposed recommended actions demonstrate the County's commitment in recruiting, retaining, and attracting a diverse, talented workforce that supports the mission of the County of Monterey.

__ Sustainable Infrastructure for the Present and Future

Motion Failed Majority Vote needed (2 to 1)

Supervisor Alejo AYE
Supervisor Church NAY
Supervisor Root Askew Absent
Supervisor Daniels Absent

Counsel reads into the record a State case where the judiciary has ruled on the matter where the statute governing transactions of business by the County Board of Supervisors requires the concurrence of a majority of all members of the Board before the body actions may be valid or binding. Valid acts require the affirmative vote of a majority of the Board's entire membership and not merely that of a majority of a quorum. Therefore, the prior 2 to 1 vote would not be action of the Board.

A motion was made by Supervisor Luis A. Alejo, seconded by Supervisor Glenn Church:
If the above motion is valid the Board would allow staff to make the necessary name amendments/changes to the contracts if Santa Cruz County Board of Supervisors accepts/concurs with one of the top four name changes in lieu of staff having to come back to the County of Monterey Board of Supervisors for that approval.

5.0 PERFORMANCE STANDARDS:

5.01 CONTRACTOR warrants that CONTRACTOR and CONTRACTOR's agents, employees, and subcontractors performing services under this Agreement are specially trained, experienced, competent, and appropriately licensed to perform the work and deliver the services required under this Agreement and are not employees of the County, or immediate family of an employee of the County.

5.02 CONTRACTOR, its agents, employees, and subcontractors shall perform all work in a safe and skillful manner and in compliance with all applicable laws and regulations. All work performed under this Agreement that is required by law to be performed or supervised by licensed personnel shall be performed in accordance with such licensing requirements.

6.0 PAYMENT CONDITIONS:

6.01 Prices shall remain firm for the initial term of the Agreement and, thereafter, may be adjusted annually as provided in this paragraph. The County does not guarantee any minimum or maximum amount of dollars to be spent under this Agreement.

7.02 The County may cancel and terminate this Agreement for good cause effective immediately upon written notice to CONTRACTOR. "Good cause" includes the failure of CONTRACTOR to perform the required services at the time and in the manner provided under this Agreement. If County terminates this Agreement for good cause, the County may be relieved of the payment of any consideration to CONTRACTOR, and the County may proceed with the work in any manner, which County deems proper. The cost to the County shall be deducted from any sum due the CONTRACTOR under this Agreement.

7.03 The County's payments to CONTRACTOR under this Agreement are funded by local, state and federal governments. If funds from local, state and federal sources are not obtained and continued at a level sufficient to allow for the County's purchase of the indicated quantity of services, then the County may give written notice of this fact to CONTRACTOR, and the obligations of the parties under this Agreement shall terminate immediately, or on such date thereafter, as the County may specify in its notice, unless in the meanwhile the parties enter into a written amendment modifying this Agreement.

8.0 INDEMNIFICATION:

CONTRACTOR shall indemnify, defend, and hold harmless the County, its officers, agents, and employees, from and against any and all claims, liabilities, and losses whatsoever (including damages to property and injuries to or death of persons, court costs, and reasonable attorneys' fees) occurring or resulting to any and all persons, firms or corporations furnishing or supplying work, services, materials, or supplies in connection with the performance of this Agreement, and from any and all claims, liabilities, and losses occurring or resulting to any person, firm, or corporation for damage, injury, or death arising out of or connected with the CONTRACTOR's performance of this Agreement, unless such claims, liabilities, or losses arise out of the sole negligence or willful misconduct of the County. "CONTRACTOR's performance" includes CONTRACTOR's action or inaction and the action or inaction of CONTRACTOR's officers, employees, agents and subcontractors.

9.0 INSURANCE REQUIREMENTS:

9.01 **Evidence of Coverage:** Prior to commencement of this Agreement, the Contractor shall provide a "Certificate of Insurance" certifying that coverage as required herein has been obtained. Individual endorsements executed by the insurance carrier shall accompany the certificate. In addition, the Contractor upon request shall provide a certified copy of the policy or policies.

This verification of coverage shall be sent to the County's Contracts/Purchasing Department, unless otherwise directed. The Contractor shall not receive a "Notice to Proceed" with the work under this Agreement until it has obtained all insurance required and the County has approved such insurance. This approval of insurance shall neither relieve nor decrease the liability of the Contractor.

9.02 **Qualifying Insurers:** All coverages, except surety, shall be issued by companies which hold a current policy holder's alphabetic and financial size category rating of not less than A- VII, according to the current A.M. Best's Rating Guide or a company of equal financial stability that is approved by the County's Purchasing Agent.

9.03 **Insurance Coverage Requirements:** Without limiting CONTRACTOR's duty to

Docusign Envelope ID: CB0BB0D4-955D-4961-8F00-82252A459552

indemnify, CONTRACTOR shall maintain in effect throughout the term of this Agreement a policy or policies of insurance with the following minimum limits of liability:

Commercial General Liability Insurance: including but not limited to premises and operations, including coverage for Bodily Injury and Property Damage, Personal Injury, Contractual Liability, Broad form Property Damage, Independent Contractors, Products and Completed Operations, with a combined single limit for Bodily Injury and Property Damage of not less than $1,000,000 per occurrence, and $2,000,000 in the aggregate.
(Note: any proposed modifications to these general liability insurance requirements shall be attached as an Exhibit hereto, and the section(s) above that are proposed as not applicable shall be lined out in blue ink. All proposed modifications are subject to County approval.)

Auto Liability Coverage: must include motor vehicles, including scheduled, non-owned, and hired vehicles, used in providing services under this Agreement, with a combined single limit or Bodily Injury and Property Damage of not less than $1,000,000 per occurrence.
(Note: any proposed modifications to these auto insurance requirements shall be attached as an Exhibit hereto, and the section(s) above that are proposed as not applicable shall be lined out in blue ink. All proposed modifications are subject to County approval.)

Workers' Compensation Insurance: if CONTRACTOR employs others in the performance of this Agreement, in accordance with California Labor Code section 3700 and with Employer's Liability limits not less than $1,000,000 each person, $1,000,000 each accident and $1,000,000 each disease.
(Note: any proposed modifications to these workers' compensation insurance requirements shall be attached as an Exhibit hereto, and the section(s) above that are proposed as not applicable shall be lined out in blue ink. All proposed modifications are subject to County approval.)

Professional Liability Insurance: if required for the professional services being provided, (e.g., those persons authorized by a license to engage in a business or profession regulated by the California Business and Professions Code), in the amount of not less than $1,000,000 per claim and $2,000,000 in the aggregate, to cover liability for malpractice or errors or omissions made in the course of rendering professional services. If professional liability insurance is written on a "claims-made" basis rather than an occurrence basis, the CONTRACTOR shall, upon the expiration or earlier termination of this Agreement, obtain extended reporting coverage ("tail coverage") with the same liability limits. Any such tail coverage shall continue for at least three years following the expiration or earlier termination of this Agreement.
(Note: Professional liability insurance coverage is required if the contractor is providing a professional service regulated by the state. Examples of service providers regulated by the state are insurance agents, professional architects and engineers, doctors, certified public accountants, lawyers, etc. However, other professional Contractors, such as computer or software designers, technology services, and services providers such as claims administrators, should also have professional liability. If in doubt, consult with your risk or contract manager.)

If the contractor maintains broader coverage and/or higher limits than the minimums shown above, the County requires and shall be entitled to the broader coverage and/or higher limits maintained by the contractor.

9.04 **Other Requirements:**

All insurance required by this Agreement shall be with a company acceptable to the County and issued and executed by an admitted insurer authorized to transact Insurance business in the State of California. Unless otherwise specified by this Agreement, all such insurance shall be written on an occurrence basis, or, if the policy is not written on an occurrence basis, such policy with the coverage required herein shall continue in effect for a period of three years following the date CONTRACTOR completes its performance of services under this Agreement.

Each liability policy shall provide that the County shall be given notice in writing at least thirty days in advance of any endorsed reduction in coverage or limit, cancellation, or intended non-renewal thereof. Each policy shall provide coverage for Contractor and additional insureds with respect to claims arising from each subcontractor, if any, performing work under this Agreement, or be accompanied by a certificate of insurance from each subcontractor showing each subcontractor has identical insurance coverage to the above requirements.

Additional Insured Status:

The County of Monterey, its officers, officials, employees, agents, and volunteers are to be covered as additional insureds on the auto liability policy for liability arising out of automobiles owned, leased, hired or borrowed by or on behalf of the Contractor. Auto liability coverage shall be provided in the form of an endorsement to the CONTRACTOR'S insurance.

The County of Monterey, its officers, officials, employees, agents, and volunteers are to be covered as additional insureds on the commercial general liability policy with respect to liability arising out of work or operations performed by or on behalf of the CONTRACTOR including materials, parts, or equipment furnished in connection with such work or operations. General liability coverage shall be provided in the form of an endorsement to the CONTRACTOR'S insurance (at least as broad as ISO Form CG 20 10 11 85 or if not available, through the addition of both CG 20 10, CG 20 26, CG 20 33, or CG 20 38; and CG 20 37 if a later edition is used).

Primary Coverage:

For any claims related to this contract, the CONTRACTOR'S insurance coverage shall be primary and non-contributory and at least as broad as ISO CG 20 01 04 13 as respects the County, its officers, officials, employees, agents, and volunteers. Any insurance or self-insurance maintained by the County, its officers, officials, employees, agents, or volunteers shall be excess of the CONTRACTOR'S insurance and shall not contribute with it. This requirement shall also apply to any Excess or Umbrella liability policies.

Workers' Compensation Waiver of Subrogation:

The workers' compensation policy required hereunder shall be endorsed to state that the workers' compensation carrier waives its right of subrogation against COUNTY, its officers, officials, employees, agents, or volunteers, which might arise by reason of payment under such policy in connection with performance under this Agreement by CONTRACTOR. Should CONTRACTOR be self-insured for workers' compensation, CONTRACTOR hereby agrees to waive its right of subrogation against COUNTY, its officers, officials,

Docusign Envelope ID: CB0BB0D4-955D-4961-8F00-82252A459552

employees, agents, or volunteers.

Prior to the execution of this Agreement by the County, CONTRACTOR shall file certificates of insurance and endorsements with the County's contract administrator and County's Contracts/Purchasing Division, showing that the CONTRACTOR has in effect the insurance required by this Agreement. The CONTRACTOR shall file a new or amended certificate of insurance within five calendar days after any change is made in any insurance policy, which would alter the information on the certificate then on file. Acceptance or approval of insurance shall in no way modify or change the indemnification clause in this Agreement, which shall continue in full force and effect. CONTRACTOR shall always during the term of this Agreement maintain in force the insurance coverage required under this Agreement and shall send, without demand by County, annual certificates to County's Contract Administrator and County's Contracts/Purchasing Division. If the certificate is not received by the expiration date, County shall notify CONTRACTOR and CONTRACTOR shall have five calendar days to send in the certificate, evidencing no lapse in coverage during the interim. Failure by CONTRACTOR to maintain such insurance is a default of this Agreement, which entitles County, at its sole discretion, to terminate this Agreement immediately.

10.0 RECORDS AND CONFIDENTIALITY:

10.01 **Confidentiality:** CONTRACTOR and its officers, employees, agents, and subcontractors shall comply with any and all federal, state, and local laws, which provide for the confidentiality of records and other information. CONTRACTOR shall not disclose any confidential records or other confidential information received from the County or prepared in connection with the performance of this Agreement, unless County specifically permits CONTRACTOR to disclose such records or information. CONTRACTOR shall promptly transmit to County any and all requests for disclosure of any such confidential records or information. 8.0 INDEMNIFICATION:

CONTRACTOR shall indemnify, defend, and hold harmless the County, its officers, agents, and employees, from and against any and all claims, liabilities, and losses whatsoever (including damages to property and injuries to or death of persons, court costs, and reasonable attorneys' fees) occurring or resulting to any and all persons, firms or corporations furnishing or supplying work, services, materials, or supplies in connection with the performance of this Agreement, and from any and all claims, liabilities, and losses occurring or resulting to any person, firm, or corporation for damage, injury, or death arising out of or connected with the CONTRACTOR's performance of this Agreement, unless such claims, liabilities, or losses arise out of the sole negligence or willful misconduct of the County. "CONTRACTOR's performance" includes CONTRACTOR's action or inaction and the action or inaction of CONTRACTOR's officers, employees, agents and subcontractors.

9.0 INSURANCE REQUIREMENTS:

9.01 **Evidence of Coverage:** Prior to commencement of this Agreement, the Contractor shall provide a "Certificate of Insurance" certifying that coverage as required herein has been obtained. Individual endorsements executed by the insurance carrier shall accompany the certificate. In addition, the Contractor upon request shall provide a certified copy of the policy or policies.

This verification of coverage shall be sent to the County's Contracts/Purchasing Department, unless otherwise directed. The Contractor shall not receive a "Notice to Proceed" with the work under this Agreement until it has obtained all insurance required and the County has approved such insurance. This approval of insurance shall neither relieve nor decrease the liability of the Contractor.

9.02 **Qualifying Insurers:** All coverages, except surety, shall be issued by companies which hold a current policy holder's alphabetic and financial size category rating of not less than A- VII, according to the current A.M. Best's Rating Guide or a company of equal financial stability that is approved by the County's Purchasing Agent.

9.03 **Insurance Coverage Requirements:** Without limiting CONTRACTOR's duty to indemnify, CONTRACTOR shall maintain in effect throughout the term of this Agreement a policy or policies of insurance with the following minimum limits of liability:

Commercial General Liability Insurance: including but not limited to premises and operations, including coverage for Bodily Injury and Property Damage, Personal Injury, Contractual Liability, Broad form Property Damage, Independent Contractors, Products and Completed Operations, with a combined single limit for Bodily Injury and Property Damage of not less than $1,000,000 per occurrence, and $2,000,000 in the aggregate.
(Note: any proposed modifications to these general liability insurance requirements shall be attached as an Exhibit hereto, and the section(s) above that are proposed as not applicable shall be lined out in blue ink. All proposed modifications are subject to County approval.)

Auto Liability Coverage: must include motor vehicles, including scheduled, non-owned, and hired vehicles, used in providing services under this Agreement, with a combined single limit or Bodily Injury and Property Damage of not less than $1,000,000 per occurrence.
(Note: any proposed modifications to these auto insurance requirements shall be attached as an Exhibit hereto, and the section(s) above that are proposed as not applicable shall be lined out in blue ink. All proposed modifications are subject to County approval.)

Workers' Compensation Insurance: if CONTRACTOR employs others in the performance of this Agreement, in accordance with California Labor Code section 3700 and with Employer's Liability limits not less than $1,000,000 each person, $1,000,000 each accident and $1,000,000 each disease.
(Note: any proposed modifications to these workers' compensation insurance requirements shall be attached as an Exhibit hereto, and the section(s) above that are proposed as not applicable shall be lined out in blue ink. All proposed modifications are subject to County approval.)

Professional Liability Insurance: if required for the professional services being provided, (e.g., those persons authorized by a license to engage in a business or profession regulated by the California Business and Professions Code), in the amount of not less than $1,000,000 per claim and $2,000,000 in the aggregate, to cover liability for malpractice or errors or omissions made in the course of rendering professional services. If professional liability insurance is written on a "claims-made" basis rather than an occurrence basis, the CONTRACTOR shall, upon the expiration or earlier termination of this Agreement, obtain extended reporting coverage ("tail coverage") with the same liability limits. Any such tail coverage shall continue for at least three years following the expiration or earlier termination of this Agreement.
(Note: Professional liability insurance coverage is required if the contractor is providing a professional service regulated by the state. Examples of service providers regulated by the state are insurance agents, professional architects and engineers, doctors, certified public accountants, lawyers, etc. However, other professional Contractors, such as computer or software designers, technology services, and services providers such as claims administrators, should also have professional liability. If in doubt, consult with your risk or contract manager.)

If the contractor maintains broader coverage and/or higher limits than the minimums shown above, the County requires and shall be entitled to the broader coverage and/or higher limits maintained by the contractor.

9.04 Other Requirements:

All insurance required by this Agreement shall be with a company acceptable to the County and issued and executed by an admitted insurer authorized to transact Insurance business in the State of California. Unless otherwise specified by this Agreement, all such insurance shall be written on an occurrence basis, or, if the policy is not written on an occurrence basis, such policy with the coverage required herein shall continue in effect for a period of three years following the date CONTRACTOR completes its performance of services under this Agreement.

Each liability policy shall provide that the County shall be given notice in writing at least thirty days in advance of any endorsed reduction in coverage or limit, cancellation, or intended non-renewal thereof. Each policy shall provide coverage for Contractor and additional insureds with respect to claims arising from each subcontractor, if any, performing work under this Agreement, or be accompanied by a certificate of insurance from each subcontractor showing each subcontractor has identical insurance coverage to the above requirements.

Additional Insured Status:

The County of Monterey, its officers, officials, employees, and volunteers are to be covered as additional insureds on the commercial general liability policy with respect to liability arising out of work or operations performed by or on behalf of the CONTRACTOR including materials, parts, or equipment furnished in connection with such work or operations. General liability coverage shall be provided in the form of an endorsement to the CONTRACTOR'S insurance (at least as broad as ISO Form CG 20 10 11 85 or if not available, through the addition of both CG 20 10, CG 20 26, CG 20 33, or CG 20 38; and CG 20 37 if a later edition is used).

Primary Coverage:

For any claims related to this contract, the CONTRACTOR'S insurance coverage shall be primary and non-contributory and at least as broad as ISO CG 20 01 04 13 as respects the County, its officers, officials, employees, and volunteers. Any insurance or self-insurance maintained by the County, its officers, officials, employees, or volunteers shall be excess of the CONTRACTOR'S insurance and shall not contribute with it. This requirement shall also apply to any Excess or Umbrella liability policies.

Waiver of Subrogation:

CONTRACTOR hereby grants to County a waiver of any right to subrogation which any insurer of said CONTRACTOR may acquire against the County by virtue of the payment of any loss under such insurance. CONTRACTOR agrees to obtain any endorsement that may be necessary to affect this waiver of subrogation, but this provision applies regardless of whether or not the County has received a waiver of subrogation endorsement from the insurer.

Docusign Envelope ID: F5D7AA76-3C6E-4782-B245-B1528938C428

Prior to the execution of this Agreement by the County, CONTRACTOR shall file certificates of insurance with the County's contract administrator and County's Contracts/Purchasing Division, showing that the CONTRACTOR has in effect the insurance required by this Agreement. The CONTRACTOR shall file a new or amended certificate of insurance within five calendar days after any change is made in any insurance policy, which would alter the information on the certificate then on file. Acceptance or approval of insurance shall in no way modify or change the indemnification clause in this Agreement, which shall continue in full force and effect. CONTRACTOR shall always during the term of this Agreement maintain in force the insurance coverage required under this Agreement and shall send, without demand by County, annual certificates to County's Contract Administrator and County's Contracts/Purchasing Division. If the certificate is not received by the expiration date, County shall notify CONTRACTOR and CONTRACTOR shall have five calendar days to send in the certificate, evidencing no lapse in coverage during the interim. Failure by CONTRACTOR to maintain such insurance is a default of this Agreement, which entitles County, at its sole discretion, to terminate this Agreement immediately.

10.0 RECORDS AND CONFIDENTIALITY:

10.1 **Confidentiality:** CONTRACTOR and its officers, employees, agents, and subcontractors shall comply with any and all federal, state, and local laws, which provide for the confidentiality of records and other information. CONTRACTOR shall not disclose any confidential records or other confidential information received from the County or prepared in connection with the performance of this Agreement, unless County specifically permits CONTRACTOR to disclose such records or information. CONTRACTOR shall promptly transmit to County any and all requests for disclosure of any such confidential records or information. CONTRACTOR shall not use any confidential information gained by CONTRACTOR in the performance of this Agreement except for the sole purpose of carrying out CONTRACTOR's obligations under this Agreement.

10.2 **County Records:** When this Agreement expires or terminates, CONTRACTOR shall return to County any County records which CONTRACTOR used or received from County to perform services under this Agreement.

10.3 **Maintenance of Records:** CONTRACTOR shall prepare, maintain, and preserve all reports and records that may be required by federal, state, and County rules and regulations related to services performed under this Agreement. CONTRACTOR shall maintain such records for a period of at least three years after receipt of final payment under this Agreement. If any litigation, claim, negotiation, audit exception, or other action relating to this Agreement is pending at the end of the three-year period, then CONTRACTOR shall retain said records until such action is resolved.

10.4 **Access to and Audit of Records:** The County shall have the right to examine, monitor and audit all records, documents, conditions, and activities of the CONTRACTOR and its subcontractors related to services provided under this Agreement. Pursuant to Government Code section 8546.7, if this Agreement involves the expenditure of public funds in excess of $10,000, the parties to this Agreement may be subject, at the request of the County or as part of any audit of the County,

Docusign Envelope ID: F5D7AA76-3C6E-4782-B245-B1528938C428

to the examination and audit of the State Auditor pertaining to matters connected with the performance of this Agreement for a period of three years after final payment under the Agreement.

10.5 **Royalties and Inventions:** County shall have a royalty-free, exclusive and irrevocable license to reproduce, publish, and use, and authorize others to do so, all original computer programs, writings, sound recordings, pictorial reproductions, drawings, and other works of similar nature produced in the course of or under this Agreement. CONTRACTOR shall not publish any such material without the prior written approval of County.

11.0 NON-DISCRIMINATION:

11.1 During the performance of this Agreement, CONTRACTOR, and its subcontractors, shall not unlawfully discriminate against any person because of race, religious creed, color, sex, national origin, ancestry, physical disability, mental disability, medical condition, marital status, age (over 40), sexual orientation, or any other characteristic set forth in California Government code § 12940(a), either in CONTRACTOR's employment practices or in the furnishing of services to recipients. CONTRACTOR shall ensure that the evaluation and treatment of its employees and applicants for employment and all persons receiving and requesting services are free of such discrimination. CONTRACTOR and any subcontractor shall, in the performance of this Agreement, fully comply with all federal, state, and local laws and regulations which prohibit discrimination. The provision of services primarily or exclusively to such target population as may be designated in this Agreement shall not be deemed to be prohibited discrimination.

12.0 COMPLIANCE WITH TERMS OF STATE OR FEDERAL GRANTS:

If this Agreement has been or will be funded with monies received by the County pursuant to a contract with the state or federal government in which the County is the grantee, CONTRACTOR will comply with all the provisions of said contract, to the extent applicable to CONTRACTOR as a subgrantee under said contract, and said provisions shall be deemed a part of this Agreement, as though fully set forth herein. Upon request, County will deliver a copy of said contract to CONTRACTOR, at no cost to CONTRACTOR.

13.0 COMPLIANCE WITH APPLICABLE LAWS:

13.1 CONTRACTOR shall keep itself informed of and in compliance with all federal, state, and local laws, ordinances, regulations, and orders, including but not limited to all state and federal tax laws that may affect in any manner the Project or the performance of the Services or those engaged to perform Services under this AGREEMENT as well as any privacy laws including, if applicable, HIPAA. CONTRACTOR shall procure all permits and licenses, pay all charges and fees, and give all notices require by law in the performance of the Services.

13.2 CONTRACTOR shall report immediately to County's Contracts/Purchasing Officer, in writing, any discrepancy or inconsistency it discovers in the laws, ordinances, regulations, orders, and/or guidelines in relation to the Project of the performance of the Services.

13.3 All documentation prepared by CONTRACTOR shall provide for a completed project that conforms to all applicable codes, rules, regulations, and guidelines that are in force at the time such documentation is prepared.

14.0 INDEPENDENT CONTRACTOR:

In the performance of work, duties, and obligations under this Agreement, CONTRACTOR is always acting and performing as an independent contractor and not as an employee of the County. No offer or obligation of permanent employment with the County or County department or agency is intended in any manner, and CONTRACTOR shall not become entitled by virtue of this Agreement to receive from County any form of employee benefits including but not limited to sick leave, vacation, retirement benefits, workers' compensation coverage, insurance or disability benefits. CONTRACTOR shall be solely liable for and obligated to pay directly all applicable taxes, including federal and state income taxes and social security, arising out of CONTRACTOR's performance of this Agreement. PARTICIPANT ANIMAL GUIDELINES – PET FRIENDLY FACILITY

A. PURPOSE

The following are guidelines regarding personal pet care while residing within the Soledad Interim Housing Program located at 990 Los Coches Road and the Motel 6 in the City of Soledad. If vaccination proof is unavailable, the pet may be accepted temporarily but must be scheduled for vaccination. All guests with pets must sign an acknowledgement of these guidelines. A sample acknowledgement form is provided at the end of this exhibit below.

B. POLICY GUIDELINES

Both service and emotional support animals and pets are eligible to reside at any of the Soledad interim housing sites. CONTRACTOR is responsible for providing clear client advisement on, as well as ongoing enforcement of, the following pet policies and practices: Upon entry into the program the participant must be advised of the following:

- B.1 All animals must be registered with the shelter.
- B.2 The animal must display behavior that is appropriate for a communal living space and will be held to the same standards as all residents. If the animal displays inappropriate (e.g., aggressive, or destructive) behavior, the animal will be assessed and provided with resources to assist with the issue. If the behavior does not improve, the animal may be provided with temporary housing resources outside of the shelter. Participants may be required to remove their animals for any of the following reasons:
  - B.2.1 The animal's behavior poses a direct threat to the safety of others and the threat cannot be eliminated by a reasonable modification.
  - B.2.2 The animal is disruptive and interfering with the program and the participant does not take effective action to control it.
  - B.2.3 The animal is creating an unsanitary condition.
- B.3 Participants are responsible for taking care of their animal. This includes:
  - B.3.1 The animal must have food and fresh water.
  - B.3.2 Dogs must be walked daily.
  - B.3.3 Waste material is to be picked-up and properly disposed.
  - B.3.4 The animal must be kept clean – e.g., bathed one time per week or as needed; the participant is responsible for cleaning the bathroom tub or sink if used for animal washing.
  - B.3.5 Crate/carriers must be washed on a weekly basis or as needed.
  - B.3.6 Participants must keep their animal current with any required vaccinations (proof is required) and attend to any medical needs that their animal may have.
- B.4 Animals must be free of fleas and other pests.
- B.5 Owners must agree to store food for their animals in designated areas and may not to leave food or water for their animal outside of their dwelling where it may attract other animals.
- B.6 Participants must feed, water, clean, exercise and cleanup after their animal.
- B.7 All animals must be appropriately contained. For example, dogs must be on a leash or in a crate while indoors and cats must be carried or kept in an appropriately sized crate/carrier when outside the participant's dwelling.
- B.8 Animals must be in a crate if left unattended. If the owner allows another participant to watch the animal while they are off site, this decision is solely the responsibility of the owner and the animal's behavior remains the responsibility of the owner.

Docusign Envelope ID: F5D7AA76-3C6E-4782-B245-B1528938C428

B.9 The animal's owner is accountable for providing for and taking care of the animal. The shelter does not assume any liability for the animal while it is in the shelter.

B.10 Owners must have an identified emergency care person.

B.10.1 Owners must provide the name and contact information of an emergency care person who will take care of their animal in the event that the owner is in the hospital, jail, or otherwise indisposed.

B.10.2 Animal control will be contacted if the emergency care person is unable to be contacted or unwilling to care for the animal.

B.11 The following are recommendations for the animals before entering the shelter. If animals do not meet these suggested policies, the shelter staff is able to provide information about low-cost/free resources for animals to receive these services:

B.11.1 Pets should have a current vaccination (e.g., rabies) and city licensure.

B.11.2 Dogs and cats should be spayed/neutered.

B.11.3 If applicable, participants should register their animal as a service animal or emotional support animal as it may facilitate the process to obtain permanent housing.

C. GUIDELINES REGARDING SERVICE ANIMALS

C.1 Clients may request permission to be accompanied by a service animal. Service animals are individually trained to do work or perform tasks for people with disabilities. When it is not obvious what service an animal provides, staff should limit inquiries to the following two questions:

C.1.1 Is the animal required because of a disability?

C.1.2 What work or task has the animal been trained to perform?

C.2 Staff should not ask about the person's disability or ask that the animal demonstrate its ability to perform the work or task. Participants that require the assistance of a service animal are not required to provide any form of documentation. Participants that require the assistance of an emotional support animal may be required to provide documentation from a medical provider, psychologist, social worker, non-medical service provider, peer support group member, or other reliable third party that the participant has a disability, and that the animal provides support that alleviates a symptom or effect of their disability. A determination regarding whether any documentation for an emotional support animal is required will be considered on a case-by-case basis. If the client answers 'yes' to either of the questions, they are entitled to be accompanied by the service animal pending immunization verification of the following:

C.2.1 Rabies Certification

C.2.2 Spray/Neuter Certification (if applicable)

WHEREAS, Sections 261 through 264 of the federal Health Insurance Portability and Accountability Act of 1996, Public Law 104-191, known as "the Administrative Simplification provisions," direct the Department of Health and Human Services to develop standards to protect the security, confidentiality and integrity of health information; and

WHEREAS, pursuant to the Administrative Simplification provisions, the Secretary of Health and Human Services has issued regulations modifying 45 CFR Parts 160 and 164 (the "HIPAA Privacy Rule"); and

WHEREAS, CONTRACTOR and COUNTY have entered into an Agreement ("the Agreement") to which this Certification is an attachment whereby CONTRACTOR will provide certain services to COUNTY; and

WHEREAS, CONTRACTOR may have access to Protected Health Information (as defined below) in fulfilling its responsibilities under the underlying Agreement.

THEREFORE, in consideration of the Parties' continuing obligations under the Agreement, compliance with the HIPAA Privacy Rule, and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, CONTRACTOR agrees to the provisions of this Certification and of the HIPAA Privacy Rule and to protect the interests of COUNTY.

I. DEFINITIONS

Except as otherwise defined herein, any and all capitalized terms in this Section shall have the definitions set forth in the HIPAA Privacy Rule. In the event of an inconsistency between the provisions of this Certification and mandatory provisions of the HIPAA Privacy Rule, as amended, the HIPAA Privacy Rule shall control. Where provisions of this Certification are different than those mandated in the HIPAA Privacy Rule, but are nonetheless permitted by the HIPAA Privacy Rule, the provisions of this Certification shall control.

The term "Protected Health Information" means individually identifiable health information including, without limitation, all information, data, documentation, and materials, including without limitation, demographic, medical and financial information, that relates to the past, present, or future physical or mental health or condition of an individual; the provision of health care to an individual; or the past, present, or future payment for the provision of health care to an individual; and that identifies the individual or with respect to which there is a reasonable basis to believe the information can be used to identify the individual.

II. CONFIDENTIALITY REQUIREMENTS

Docusign Envelope ID: F5D7AA76-3C6E-4782-B245-B1528938C428

(a) CONTRACTOR agrees:
(i) to use or disclose any Protected Health Information solely: (1) for meeting its obligations as set forth in any agreements between the Parties evidencing their business relationship or (2) as required by applicable law, rule or regulation, or by accrediting or credentialing organization to whom COUNTY is required to disclose such information, or as otherwise permitted under this Certification, or the underlying Agreement ,(if consistent with this Certification and the HIPAA Privacy Rule), or the HIPAA Privacy Rule, and (3) as would be permitted by the HIPAA Privacy Rule if such use or disclosure were made by COUNTY; and
(ii) at termination of the Agreement, (or any similar documentation of the business relationship of the Parties), or upon request of COUNTY, whichever occurs first, if feasible CONTRACTOR will return or destroy all Protected Health Information received from or created or received by CONTRACTOR on behalf of COUNTY that CONTRACTOR still maintains in any form, and retain no copies of such information, or if such return or destruction is not feasible, CONTRACTOR will extend the protections of this Agreement to the information and limit further uses and disclosures to those purposes that make the return or destruction of the information not feasible; and
(iii) to ensure that its agents, including a subcontractor(s), to whom it provides Protected Health Information received from or created by CONTRACTOR on behalf of COUNTY, agrees to the same restrictions and conditions that apply to CONTRACTOR with respect to such information. In addition, CONTRACTOR agrees to take reasonable steps to ensure that its employees' actions or omissions do not cause CONTRACTOR to breach the terms of the Agreement.

(b) Notwithstanding the prohibitions set forth in this Certification or the Agreement, CONTRACTOR may use and disclose Protected Health Information as follows:
(i) if necessary, for the proper management and administration of CONTRACTOR or to carry out the legal responsibilities of CONTRACTOR, provided that as to any such disclosure, the following requirements are met:
(A) the disclosure is required by law; or
(B) CONTRACTOR obtains reasonable assurances from the person to whom the information is disclosed that it will be held confidentially and used or further disclosed only as required by law, or for the purpose for which it was disclosed to the person, and the person notifies CONTRACTOR of any instances of which it is aware in which the confidentiality of the information has been breached;
(ii) for data aggregation services, if to be provided by CONTRACTOR for the health care operations of COUNTY pursuant to any agreements between the Parties evidencing their business relationship. For purposes of this Certification and the Agreement, data aggregation services means the combining of Protected Health Information by CONTRACTOR with the protected health information received by CONTRACTOR in its capacity as CONTRACTOR of another COUNTY, to permit data analyses that relate to the health care operations of the respective covered entities.

(c) CONTRACTOR will implement appropriate safeguards to prevent use or disclosure of Protected Health Information other than as permitted in this Certification. The Secretary of Health and Human Services shall have the right to audit CONTRACTOR's records and practices related to use and disclosure of Protected Health Information to ensure

Docusign Envelope ID: F5D7AA76-3C6E-4782-B245-B1528938C428

COUNTY's compliance with the terms of the HIPAA Privacy Rule. CONTRACTOR shall report to COUNTY any use or disclosure of Protected Health Information which is not in compliance with the terms of this Certification of which it becomes aware. In addition, CONTRACTOR agrees to mitigate, to the extent practicable, any harmful effect that is known to CONTRACTOR of a use or disclosure of Protected Health Information by CONTRACTOR in violation of the requirements of this Certification or the Agreement.

III. AVAILABILITY OF PHI

CONTRACTOR agrees to make available Protected Health Information to the extent and in the manner required by Section 164.524 of the HIPAA Privacy Rule. CONTRACTOR agrees to make Protected Health Information available for amendment and incorporate any amendments to Protected Health Information in accordance with the requirements of Section 164.526 of the HIPAA Privacy Rule. In addition, CONTRACTOR agrees to make Protected Health Information available for purposes of accounting of disclosures, as required by Section 164.528 of the HIPAA Privacy Rule.

IV. TERMINATION

Notwithstanding anything in this Certification or the Agreement to the contrary, COUNTY shall have the right to terminate the Agreement immediately if COUNTY determines that CONTRACTOR has violated any material term of this Certification and/or the Agreement. If COUNTY reasonably believes that CONTRACTOR will violate a material term of this Certification and/or the Agreement and, where practicable, COUNTY gives written notice to CONTRACTOR of such belief within a reasonable time after forming such belief, and CONTRACTOR fails to provide adequate written assurances to COUNTY that it will not breach the cited term of this Certification and/or the Agreement within a reasonable period of time given the specific circumstances, but in any event, before the threatened breach is to occur, then COUNTY shall have the right to terminate the Agreement immediately.

V. MISCELLANEOUS

Except as expressly stated herein or the HIPAA Privacy Rule, the parties to the Agreement do not intend to create any rights in any third parties. The obligations of CONTRACTOR under this Section shall survive the expiration, termination, or cancellation of this Certification and/or the Agreement, and/or the business relationship of the parties, and shall continue to bind CONTRACTOR, its agents, employees, contractors, successors, and assigns as set forth herein.

The parties agree that, in the event that any documentation of the arrangement pursuant to which CONTRACTOR provides services to COUNTY contains provisions relating to the use or disclosure of Protected Health Information which are more restrictive than the provisions of this Certification or the Agreement, the provisions of the more restrictive documentation will control. The provisions of this Certification and the Agreement are intended to establish the minimum requirements regarding CONTRACTOR's use and disclosure of Protected Health Information.

In the event that either party believes in good faith that any provision of this Certification and/or the Agreement fails to comply with the then current requirements of the HIPAA Privacy Rule, such party shall notify the other party in writing. For a period of up to thirty (30) days, the parties shall address in good faith such concern and amend the terms of this Certification and/or the Agreement, if necessary to bring it into compliance. If, after such thirty-day period, the Certification and/or the Agreement fails to

1. INTRODUCTION / OVERVIEW

A. Background and Purpose

The Monterey and San Benito County CoC Shelter Standards provide the policy framework for emergency shelter programs located within these two counties. These standards have been developed collaboratively by the primary funders of shelter in the community: the Coalition of Homeless Services Providers (CHSP), County of Monterey, County of San Benito, City of Salinas and United Way of Monterey County.

The purpose of these standards is to:

- Create a baseline set of funder expectations for shelter program operations
- Ensure shelter programs are operating in alignment with known best practices in the field, including Housing First principles and practices.
- Ensure all participants who access emergency shelter have a similar experience, regardless of funding source.
- Provide all local funders of shelter with a common set of standards for the programs they fund.

These general standards serve as minimum requirements for the operation of shelter programs in Monterey and San Benito Counties. The standards outlined in this manual are designed to provide a framework that individual shelter programs can align to. Each individual provider or program will be expected to develop and maintain policies and procedures consistent with this umbrella set of standards.

Some funding sources have specific requirements. The program operator shall ensure that each program complies with all funder requirements. If any funder requirements are not aligned with these standards, the program will ensure compliance with all funding requirements. In those cases where a specific funding regulation does not align with these standards, the program operator will notify CHSP of the situation to discuss possible options and strategies. The program operator will also note the reason(s) for any inconsistencies in their written program documentation.

B. Programs Covered by These Standards

The Lead Me Home CoC Written Standards define "Emergency Shelter" as: *facilities providing shelter in a permanent location, for a limited period of time, to individuals and families having neither a home nor the means to obtain a home or other temporary lodging*. Shelters provide time-limited accommodations in either a congregate or non-congregate setting.

These shelter standards cover emergency shelter programs receiving funding from any of the following sources:

- HUD Emergency Solutions Grant (ESG)
- Community Development Block Grant (CDBG)
- State of California Homelessness Housing, Assistance and Prevention (HHAP)
- State of California Permanent Local Housing Allocation (PLHA)
- Community Action Agency/Community Services Block Grant (CSBG)
- State of California Encampment Resolution Funding (ERF)

Programs receiving funding from alternative sources may also align to these standards to ensure community-wide continuity in shelter services.

Docusign Envelope ID: F5D7AA76-3C6E-4782-B245-B1528938C428

Seasonal shelters are activated in inclement weather or cold/wet winter weather. Seasonal shelters may not offer the same level of services as a year-round shelter and may not be able to align to all the standards detailed in this document. Seasonal shelter operators should, however, strive to comply with these operational standards to the maximum extent possible given space and funding constraints.

Transitional housing provides time limited housing but with longer lengths of stay and more intensive services than emergency shelter. Transitional housing programs are not covered by these standards.

C. Guiding Principles for Shelters

The Monterey and San Benito County CoC maintains a strong commitment to prevent and end homelessness for county residents, with the goal of reducing the total population of people experiencing homelessness by 50% by June 2026. The CoC recently adopted a Five-Year Strategic Plan that provides a roadmap for the CoC and its partners to coordinate, align, and focus their efforts to maximize impact on reducing homelessness.

The strategies and policies adopted by Monterey and San Benito County CoC, jurisdictions (Counties and Cities), funders, providers and other key stakeholders are guided by the following principles:

- **Embedded with dignity and respect**: The homelessness response system's efforts center the needs of people requesting assistance by delivering individualized, comprehensive, and culturally competent services. Strengths-based, person-centered, trauma-informed, and harm reduction-based approaches are integrated into all aspects of service design and delivery.
- **Informed by people with lived experience of homelessness**: People experiencing homelessness are experts of their personal needs; the homelessness response system honors and elevates their input on service design and delivery.
- **Housing-focused**: The solution to homelessness is housing; all efforts of the homelessness response system work towards the goal of helping people gain and maintain stable, permanent housing situations.
- **Data-driven towards results**: Strategies and priorities for reducing homelessness will be informed by data to best serve people experiencing homelessness, achieve desired outcomes, and guide strategic investments in programs and services.
- **Coordinated**: The homelessness response system and other systems of care will communicate and partner towards shared goals of improving service linkages and reducing homelessness.
- **Equitable and social justice oriented**: The homelessness response system acknowledges the barriers to housing and resource connection that disproportionately impact people by race, ethnicity, gender, and other identities. The system adopts intentional policies and programs to reduce these disparities and advance equity in system experiences and outcomes.

D. State of CA Housing First Principles

The State of California has adopted a set of Housing First requirements that apply to programs receiving funding from a range of sources, including HHAP and ERF. Some of these requirements are only applicable to permanent housing programs, but others are applicable to both shelter and housing. Shelter providers are expected to comply with the State of California's Housing First requirements as applicable to

Docusign Envelope ID: F5D7AA76-3C6E-4782-B245-B1528938C428

emergency shelter programs. The requirements may be found in the Welfare and Institutions Code (WIC) Section 8275(b). Additional information on Housing First may be found at the California Interagency Council on Homelessness (CA-ICH) website at: **https://bcsh.ca.gov/calich/resources.html**

2. SHELTER ACCESS

To ensure consistency with Housing First principles and ensure that people who are unsheltered have streamlined access to available shelter beds, shelter programs should adopt policies for eligibility and screening that impose minimal barriers to access.

A. Eligibility Criteria and Screening

Screening Criteria

Each shelter program in Monterey or San Benito County will establish its own eligibility criteria in compliance with applicable funding sources. Funder-mandated eligibility restrictions are allowed and may include factors such as: maximum income levels, convictions for specific criminal offenses (e.g., sex offender), minimum or maximum age of participants (e.g., must be at least 18, must be 18-24), veteran status and other factors.

Shelter programs **shall not** adopt additional eligibility or screening criteria beyond what is required by a funding source. In particular, providers shall **not** impose additional targeting or screening criteria designed to identify whether an individual or household is "suitable" or housing ready," such as:

- Sobriety or participation in treatment services
- Employability or employment readiness
- Income or ability to pay rent
- "Motivation" or willingness to participate in services
- Proof of citizenship/immigration status

Shelter programs will adopt policies and procedures that "**screen in**" individuals and households with higher barriers to housing, including:

- Adult individuals and families who are unsheltered (living outdoors or in vehicles);
- Households with no, low or fixed income;
- Adults with disabilities, including behavioral health issues (mental illness, substance use);
- People with limited or no employment history; and
- People with criminal records and/or evictions.

Shelter programs may conduct a service needs assessment as part of the screening and admission process, but only for the purpose of developing a housing-focused case plan with the participant and determining their immediate needs. Service needs or other types of assessments are not to be used to make eligibility and admission decisions. However, shelters may decline to accept a participant if there is a clear safety issue (see below).

Docusign Envelope ID: F5D7AA76-3C6E-4782-B245-B1528938C428

Safety Screening

Shelters may use their screening procedures to identify individuals who might pose a safety concern to other shelter participants, including, for example, recent history of violent behavior. Criteria for assessing safety concerns must be clear and objective to the maximum extent possible. These instances should be rare and the reason for the refusal to serve a participant must be documented. Shelters may also terminate a client's participation after enrollment should they receive information that raises concerns about safety.

Compliance with Federal Requirements

Shelter Programs will operate in compliance with the **Department of Housing and Urban Development's (HUD) Equal Access to Housing Final Rule**, ensuring that all individuals have equal access and accommodations to shelter, regardless of gender, gender identity, sexual orientation, and/or marital status.

Programs must have policies to ensure compliance with Fair Housing rules and implement a set of policies and procedures to provide reasonable accommodations for households with disabilities.

Screening Criteria Relating to Youth and Families

Programs should ensure they are operating in compliance with HUD requirements relating to involuntary separation of families. The CoC and ESG Interim Rules require that the age and gender of a child under age 18 must not be used as a basis for denying any family admission to a project that receives funds through the CoC or ESG program.

Unaccompanied minors may only be served with agreement of a legal guardian or appropriate authorities. Basic Center Programs (BCP) projects serving runaway youth must create a MOU between their programs and child welfare agencies that clarify roles, responsibilities and define the provision of services at the time youth enter shelter. This requirement is in accordance with the **Runaway and Homeless Youth Act**.

No one under the age of 18 should be allowed to reside in a single-adult shelter. If a household with minors presents for service at a single-adult shelter, shelter staff should refer the family to more appropriate services.

B. Admission, Intake, and Readmission Policies

Admissions

Shelters are required to create policies and procedures for accepting individuals into their shelter programs including procedures for intake and readmission policies. Admission policies must specify the process individuals or families should follow to request access to shelter including how to contact the shelter, times of day when intakes are conducted, and waiting list procedures (if applicable).

Whenever possible programs shall work to divert participants seeking shelter entry by encouraging them to re-connect with family or friends who could temporarily or permanently house them.

Docusign Envelope ID: F5D7AA76-3C6E-4782-B245-B1528938C428

Shelter Intake Documents

Shelter intake documents should be compliant with funding source requirements and should not impose additional or unnecessary barriers to access. The following are examples of intake documents that may be required.

1. Personal identification; at least one photo ID is preferred.
1. Documentation of Homelessness or At-Risk status per federal guidelines.
2. Income self-declaration.
3. HMIS Intake form.
4. Signed Release of Information (ROI)
5. Signed acknowledgement of receiving program rules or requirements.
6. Signed acknowledgement of receiving any other participant rights and responsibility.
7. Signed acknowledgement of receiving an agency grievance procedure. All participants will be provided a copy of the procedure.

Shelters should adopt policies that allow for maximum flexibility to make exceptions in cases where a participant cannot secure a needed document. Shelters should also do everything possible to minimize the number and length of forms to be completed by participants to ensure the intake process is not creating barriers to access.

Readmission

Shelter providers shall develop written policies regarding the conditions under which participants who have been exited from a program for violations of rules may be re-admitted. Policies may include conditions under which participants may be "banned" either temporarily or permanently. If a shelter program chooses to have policies regarding bans (due to significant safety concerns and/or related to "time out" periods where participants may not access shelter for a certain amount of time after exiting the program), the program will maintain documentation of their "ban" policies, the grievance/appeal process, and documentation of the reason for any bans that occur. All shelter providers should operate low barrier programs and strive to avoid banning participants whenever possible, utilizing techniques and resources such as harm reduction and de-escalation. Bans should be reserved for instances where participants pose safety threats to other program participants and/or staff.

3. SERVICES STANDARDS

A. Housing-Focused Case Management

The primary purpose of shelter is to provide a safe place for participants to stay while they quickly implement a plan to secure housing. To meet this objective, the primary support service intervention offered at shelter programs is housing-focused case management and service linkages.

Shelter case managers will respond to participants' immediate and short-term service needs, complete an initial housing needs assessment, and develop a housing-focused case plan to secure and sustain housing. Case managers will work to identify and build upon participants' strengths. Additionally, case management will provide linkage to appropriate services and supports, including housing retention planning and retention services, as well as continued monitoring and follow-up regarding participant

Docusign Envelope ID: F5D7AA76-3C6E-4782-B245-B1528938C428

progress and ongoing needs. The goal of the housing-focused case management is to help participants locate and move to a permanent housing situation as quickly as possible and to retain their housing once they leave shelter. Permanent housing includes market housing, senior housing, affordable housing, shared housing situations, moving in with a relative or friend, obtaining housing with a voucher or subsidy, or any housing situation that is not time limited.

Case management is offered to all participants, not only participants who are there for longer stays or participants in certain parts of the shelter program(s).

Shelter providers may establish rules strongly encouraging participants to participate in case management. However, participants should not be discharged from shelter for failure to attend case management meetings. Case managers will engage with and develop a rapport with each participant, using engagement techniques such as motivational interviewing, and offer assistance that is relevant and useful to addressing the goals and needs the participant has identified to reach the goal of re- entering permanent housing as quickly as possible.

While service participation should be voluntary, shelters are not expected to allow participants to stay in shelter indefinitely if they are not participating in case management or housing search activities. If shelter staff have made robust efforts to engage a participant and "meet them where they are," yet the participant declines to participate, the shelter may provide the participant with an exit date. Shelters should have a written policy laying out their process and criteria for determining whether to terminate participation for a participant on the basis that they not engaging in the process of developing a housing plan or taking steps along a pathway to housing.

Case Manager Responsibilities

Responsibilities of the case manager shall generally include:

- Employ a person-centered, strengths-based approach that tailors case management to each participant/household. Case management is individualized to each participant or household; case managers actively work to identify the unique needs and goals of each participant.
- Develop individual housing plan with each participant/household, with participant participation, covering goals related to housing and other needed services. Housing plan templates should limit the number of goals and action steps to be included in a single plan in order to focus attention on housing and related goals.
- Assist the participant with exploring potential housing resources, such as shared housing, reunifying with relatives, and identifying friends or relatives who could provide housing options.
- Support participants to draw on their existing support networks, and help participants identify people already in their lives who can help with specific things, such as transportation or childcare.
- Implement Housing First principles, focusing on addressing participants' housing needs and goals.
- Employ harm-reduction and trauma-informed care to tailor services to participants' needs.

Docusign Envelope ID: F5D7AA76-3C6E-4782-B245-B1528938C428

- Work collaboratively with any other programs/staff that are providing services to the participant while in the program (e.g., a rapid re-housing program case manager). Shelter case managers will work to ensure a smooth transition and continuity of care with a participant's new or additional case manager. Ensure collaboration and clear roles and responsibilities on case plan and housing goals.
- Support participants to manage conflict and/or any other problems that may be presented during their shelter stay.
- Provide services that are culturally appropriate and have needed language abilities. Multi-lingual case managers should be available as needed.
- The case manager will support the participant with housing search and assist the participant in obtaining and moving into housing, including helping participants resolve or mitigate tenant screening barriers like rental and utility arrears or multiple evictions, as well as obtain necessary identification or other documents if needed.
- Support participants to access services for which they are eligible and that will help support s successful transition to housing.
- Case managers may offer budgeting assistance when desired by participants.

Case Manager Supervisory Responsibilities

Responsibilities of the Case Manager Supervisor shall generally include:

- Monitor the Case Managers duties and accomplishments throughout their engagements with participants. It is the supervisor's responsibility to ensure that case managers are properly connecting participants to services and resources, tracking information for participant record and HMIS usage, and general compliance with case management responsibilities.
- The supervisor should provide support and training opportunities to the Case Managers when needed to ensure strong supportive services for the participants in the shelter program.

Case Loads

Case managers will generally maintain a manageable caseload of households, to the extent this is feasible given funding constraints. Shelters are expected to operate with no more than 20 participants assigned to each case manager (1:20 case manager to client ratio).

Case Manager Training

Case management staff should be provided with initial training and orientation and ongoing training, supervision, and support. Programs will conduct ongoing training, supervision, and quality assurance to ensure consistency and compliance with program policies including housing-focused case management policies, trauma-informed approaches, sexual harassment, harm reduction, de-escalation, and housing first principles. Programs will also ensure that all case management staff maintain updated knowledge of community-based services such as mainstream benefits, employment services, childcare resources, behavioral health services, and other services.

Docusign Envelope ID: F5D7AA76-3C6E-4782-B245-B1528938C428

All staff will have written job descriptions that include requirements that they focus on activities relating to obtaining housing, while maintaining participant-centered, low barrier, safe programs.

The program shall have a case review process, as well as ongoing staff supervision and training, to help staff problem-solve around housing plans and around participants who are having difficulty following the established housing plan and/or other challenges while residing at the shelter.

B. Service Linkages

The shelter program shall collect, maintain, and update records of available mainstream and community resources for program participants. This includes community resources that can reduce burdens on income to increase resources to pay for housing costs, including employment opportunities, food banks, clothing consignment stores, mainstream benefits (including CalFresh, WIC, Medi-Cal/health coverage, General Assistance, and CalWORKs) low-income utility programs, childcare resources, and others. Additionally, it is recommended that case managers utilize the Smart Referral Software developed and maintained by United Way of Monterey County to increase service connections and facilitate sending referrals to services.

The program will collaborate with providers that provide domestic violence specific services to determine most appropriate housing or shelter plans for participants who are experiencing or have experienced domestic violence, and to connect participants with applicable domestic violence survivor services

Additional Supportive Services & Voluntary Service Participation

As a general matter, supportive services in shelter programs are offered and encouraged, however participation is not mandatory. Programs may offer health and behavioral health services, employment and training services, budgeting classes, life skills, parenting classes and other types of support, but participation is not mandatory as a condition of receiving assistance. Programs may set up savings programs in which participants are supported to save some of their income for move-in expenses once they secure housing. However, savings programs cannot be mandatory.

Programs will utilize motivational interviewing and other engagement techniques to encourage participants to participate in supportive services.

Services for Families with Children

In accordance with federal requirements, each family shelter will consider the educational needs of children in households experiencing homelessness to the greatest extent possible and ensure that staff are trained and knowledgeable about these educational needs and rights of children staying in shelter.

If a family with children is not already connected to McKinney Vento services, the shelter staff should connect them to either the Monterey County or San Benito County Office of Education to ensure the family is receiving the services available to them.

4. PROGRAM OPERATIONS

A. Program Rules

In keeping with the principles of participant self-determination and to ensure that programs have low barriers to participation, Shelter Programs should establish program rules that foster an environment of trust, are clear and reasonable, and are focused ensuring that all participants have a safe environment in which to live. Program rules should not mandate participation in services as a condition of remaining in the program. Rules should be enforced consistently using a transparent process.

To the extent feasible, shelter providers should involve shelter participants in shelter governance and the development of shelter rules. Rules should be reviewed regularly to ensure they support the overall goal of creating a housing-focused, participant-centered, safe environment.

B. Time Limits and Extensions.

Each shelter will establish its own rules relating to how long participants may stay in the program. The overall focus of shelter services should be to help participants exit to a permanent housing situation as quickly as possible. To the extent shelters have a fixed maximum length of stay, exceptions should be available for participants who are in the process of securing housing to ensure they are able to transition directly from shelter to housing.

C. Termination/Disenrollment

Involuntary exit from shelter should always be a last resort. Program rules and services should be designed to support participants to access the support they need to participate in the shelter program and to exit as rapidly as possible to housing. Shelter leadership and staff should strive as much as possible to avoid discharging participants who struggle to comply with rules or to participate in services, approaching these challenges through a trauma-informed lens. Staff should be trained in trauma-informed care, conflict resolution, de-escalation and motivational interviewing to equip them with the tools needed to work with clients who are challenging to engage and support. (See also section on Training)

Programs will maintain written grievance policies and procedures regarding involuntary exits/asked to leave situations. Participants will be made aware of the grievance procedures.

D. Facility Access

Shelter providers shall establish written policies regarding when and how program participants may access the shelter program facility during the course of their stay. In alignment with Housing First principles and practices, programs should maximize the ability of participants to come and go as they choose and not impose curfews or requirements that participants must leave the site during the day.

The written program policies should cover:

- Times of day when program participants may enter and leave the program
- Policies regarding any visitors (how many, when they can visit, how long they can stay)
- Policies to prevent unauthorized people from entering the facility, to protect the safety of participants and staff – such as by having a 24/7 staffed front desk, locked gate or door with

Docusign Envelope ID: F5D7AA76-3C6E-4782-B245-B1528938C428

controlled access to ensure only participants are entering the building, or other method for securing access to the site.

E. Gender Identity and Sexual Orientation

Shelter programs should affirmatively develop and implement policies to prevent discrimination and create a welcoming environment for people regardless of their gender identity. Policies should cover, at a minimum:

- Access, intake and enrollment – gender identity or sexual orientation is not a reason to deny access to emergency shelter
- Room or bed assignments – Assignment should be made based on the gender that the client identifies with, while also taking into consideration the client's views with respect to their personal health and safety. Participants should not be isolated based on their gender identity.
- Bathrooms – participants should be permitted to use the bathroom that corresponds to the gender they identify with. To the extent feasible, shelters should offer a gender-neutral or unisex bathroom.
- Creating a welcoming environment for people who identify as transgender, including:
    - Adopting a formal policy of respect
    - Asking participants their preferred pronouns and taking care to not misgender participants
    - Using gender neutral terms if the participant's gender is unknown
    - Refraining from asking unnecessary questions or making remarks regarding a participant's gender
    - Using inclusive language in program materials (posters, forms, written policies, etc.)
    - Taking reasonable steps to address participant privacy or safety concerns
- Providing training to staff on gender identity and gender expression, appropriate use of language, how to create an inclusive and respectful environment and the requirements of HUD's Equal Access Rule.
- Providing participants with service connections and linkages to organizations and programs for the LGTBQIA community.

Shelter providers are encouraged to consult: **Equal Access for Transgender People - Supporting Inclusive Housing and Shelters** when developing operational policies.

F. Service Animals, Emotional Support Animals, and Pets

Each shelter will establish a clear written policy regarding pets. All shelters should allow service animals for people with disabilities. Shelters may establish a policy regarding what documentation or verification is required for an animal to be considered a service animal.

Shelters are not required to accept pets (i.e., non-service animals), however, allowing participants to have pets is a key element of lowering barriers to shelter access. Shelter providers are encouraged to adopt policies allowing pets and providing accommodations for pets to the maximum extent possible. If pets are allowed, there must be a clear policy regarding types of pets allowed, and the respective responsibilities for shelter staff and participants for managing pets to ensure safety of all participants.

Docusign Envelope ID: F5D7AA76-3C6E-4782-B245-B1528938C428

G. Participant Rights & Responsibilities

All shelters shall adopt a policy on participant rights and responsibilities. These policies must be in writing and shared with each participant upon admission. The written policy should be both person-centered and trauma informed, and should affirm:

- The right to be treated with dignity and respect
- The right to privacy within the constraints of a shelter environment
- The right to reasonable accommodations
- The right to self-determination in participation in case management and services, including the right to decline to participate in supportive services
- The right to have all records and disclosures maintained according to written standards and rules regarding confidentiality and privacy
- The right to be clearly informed, in understandable and applicable language, about the purposes of services being delivered
- The right to not be discriminated against based on categories including race, color, ancestry, national origin, religion, creed, age, disability, sex, gender, gender identity, gender expression, sexual orientation, medical condition, genetic information, marital status, military status, and veteran status.

H. Grievance and Appeal Procedures

Shelter providers must develop a written set of policies and procedures relating to participant appeals including:

- What types of decisions are subject to appeal (e.g., denial of admission, denial of extension of stay, program termination)
- Grounds for appeal
- How to file an appeal
- Process for the shelter will follow to consider the appeal, including timeframe for each step

Shelter providers must also develop a written set of policies and procedures relating to the filing of participant grievances to address the participant's treatment in the shelter program, including how to file a grievance, the process the shelter will follow to investigate, and how grievances will be resolved, and timeframe for each step.

In accordance with requirements of the State of California, shelter providers written policies and procedures should include directions on how to file a facility complaint to the Monterey or San Benito County Department of Housing and Community Development.

Copies of both the appeal and grievance policy should be posted in the shelter and staff should make forms available to participants upon request.

I. Participant Involvement and Feedback

Shelter providers should involve shelter participants in shelter program oversight and evaluation and proactively solicit input and feedback from participants on all aspects of shelter operations. This may take the form of a resident council (either volunteer or elected), regularly scheduled meetings between participant representatives and shelter staff, having a participant sit on the organization's board of directors, or other means. Shelter providers should also use a range of tools to gather ongoing input

Docusign Envelope ID: F5D7AA76-3C6E-4782-B245-B1528938C428

from participants, such as through a suggestion box, surveys, focus groups, exit interviews and other approaches. Shelters should analyze participant feedback and use it to assess program quality and performance and adjust as needed.

J. Reasonable Accommodations

Shelter providers must develop reasonable accommodation policies and ensure these policies are regularly and clearly communicated to participants.

A reasonable accommodation is a change, exception or adjustment to a program, service building or dwelling unit that will allow a qualified person with a disability to:

- Participate fully in the program
- Take advantage of a service
- Live in a dwelling

Shelter providers must provide notice to participants of their right to request reasonable accommodations and the process for making a request. A sample reasonable accommodation request form is provided in the Appendices. When a participant makes a reasonable accommodation request, the program must provide the accommodation unless doing so would result in a fundamental alteration in the nature of the program or would pose an undue financial or administrative burden. Providers must maintain documentation of all reasonable accommodation requests and how they were handled. If an accommodation is denied, a written explanation must be provided to the participant and documented in their program file.

K. Emergency Preparedness/Natural Disasters

Shelter providers will develop policies and procedures for emergency situations to safeguard staff and participant safety and security. Policies and procedures must include plans for the safe evacuation of shelter participants and staff in case of natural disasters and for sheltering-in-place if evacuation is not possible or safe. All staff must be fully trained on emergency procedures.

L. Data Collection, Quality Assurance, and Reporting

All emergency shelter programs must enter participant data into the Homeless Management Information System (HMIS) managed by the Coalition of Homeless Services Providers, with the exception of shelters operated by victim service agencies. Programs must follow CHSP's HMIS policies and procedures which are detailed in a separate document. Program staff will enter complete and accurate information into HMIS in a timely manner for all participants. Participant information, including universal data elements and program-specific data elements, will be accurate, complete, and current.

Programs will conduct ongoing training, coaching, and internal review to ensure quality and consistency of services, and adherence to policies and procedures. Providers will conduct ongoing reviews of services and documentation of services (file reviews), and data quality.

Shelter programs will implement systematic processes to review outcomes, operations, procedures, and participant experience. Programs will maintain a continuous quality improvement process including reviewing outcome data, trend data, and data on the performance measures listed above. Programs also collect, review, and utilize ongoing feedback from participants and other stakeholders.

Docusign Envelope ID: F5D7AA76-3C6E-4782-B245-B1528938C428

All Shelter programs shall complete and submit reports that are required by their funding sources in a timely manner.

M. Staff Training

Emergency shelter programs shall each develop a comprehensive training program and policy for all staff that covers, at a minimum:

- Harm Reduction
- Trauma-Informed Care
- Housing First Principles and Practices
- Motivational Interviewing
- Cultural Humility/Anti Racism
- Non-Violent Crisis Intervention/De-Escalation
- Emergency Procedures
- Domestic Violence and Safety Planning
- CPR
- Mandated Reporting
- Sexual Harassment
- Conflict Resolution

5. FACILITIES, HEALTH, AND SAFETY

This section specifies some high-level policies that programs are expected to comply with, but it is not intended to provide comprehensive policies for operating a shelter facility. Each shelter program shall develop detailed policies relating to facilities management, health and safety.

A. Facility Standards

Shelter providers are responsible for ensuring that physical facilities are maintained in compliance with all applicable local, state, and federal regulations, including building and fire codes. Shelter providers must ensure the program safe provides a safe living space for participants. The program provider will work to create and maintain an environment where the safety of participants, staff, and volunteers are always prioritized.

Safety Standards and Policies

Shelter Providers are responsible for maintaining and implementing policies and following protocols to ensure shelter program's participant and staff health and safety. Policies should include, but are not limited to:

- Policies and procedures to adhere to all applicable local, state, and federal safety and health guidelines to address safe food handling, injury and burn prevention, sanitation and hygiene, participant health management, and staff health management.

Docusign Envelope ID: F5D7AA76-3C6E-4782-B245-B1528938C428

- Training for staff on health and safety measures to effectively promote a desirable, safe environment for all shelter participants. This includes training on emergency situations, de-escalation, and crisis prevention.
- Training, policies, and protocol to prevent violence, theft, and other incidents that put the safety and well-being of shelter participants and/or staff at risk. Have policies and procedures in place to investigate any potential incident of violence, theft, or other incidents, including a thorough investigation and actions to address the findings.
- Complete appropriate background checks and screening for all staff and any volunteers who have frequent, direct interactions with participants or may have access to participant information.
- Maintain process to thoroughly investigate any alleged incident involving participants. If an incident occurred, identify, and address any staffing, staff training, facility improvement, policy/protocol/procedure, or other changes necessary to address the incident and prevent future incidents.
- Develop and implement policies and procedures to prevent, identify and address workplace violence and sexual harassment.
- Train staff and any volunteers who may interact with participants or participant information on participant confidentiality.
- Maintain a disaster response plan and maintain an emergency response resources, such as a fully stocked First Aid Kit and emergency supplies of food and water, are readily available and replaced as necessary. A telephone should be available always, should 911 need to be dialed.
- No weapons or illegal substances are permitted on the premises.
- Measures and policies to ensure the proper disposal of needles and syringes are in place.
- Policies and procedures for natural disasters, fires, and other emergency situations are in place and made known to shelter participants and staff. For example, fire drills should be conducted routinely.
- Shelters have procedures for preventing and controlling bed bug infestations. Bedding should be regularly changed and washed.
- Staff members must be properly immunized and encouraged to receive flu vaccines each season.
- All shelter staff are mandatory reporters of suspected neglect or abuse. Staff members must be trained on and comply with mandatory reporting statutes.

Docusign Envelope ID: F5D7AA76-3C6E-4782-B245-B1528938C428

Facility Configuration

Shelter programs may have different types of bed configurations, ranging from congregate/dormitory arrangements to private units. Whatever the configuration, the following general standards should be followed:

- Each participant should have his or her own bed.
- Cribs or Pack N Plays must be available for infants and very young children.
- Participants should be afforded privacy in their living space to the maximum extent possible given the facility configuration.
- Shelter programs should offer participants some common areas for recreation and socializing to the extent possible given the facility configuration.
- To the extent possible, shelter programs should provide safe common areas for recreation and socializing for young children and school aged children. It is further recommended that there be space for school aged children to be able to work on homework and study.
- Participants should have the ability to securely store possessions, and programs will work to maximize the secure storage space available for each participant. Programs may limit the number of possessions participants may bring to the shelter due to storage limitations and to prevent hoarding.
- Participants should have access to laundry facilities.
- Whenever possible, shelters should provide gender-neutral or unisex restrooms to make facilities more welcoming for transgender and non-binary participants.

Meals/Food Preparation Facilities

Shelter programs should provide participants with meals or should provide cooking facilities so that participants may prepare their own food. Facilities that prepare meals on-site must comply with all applicable health and safety codes relating to food preparation and handling.

B. Communicable Diseases

Shelter providers are responsible for developing written policies and procedures for preventing the transmission of COVID-19 and other communicable diseases, in alignment with the recommendations of the CDC, State of California and county public health departments. Policies must cover social distancing, screening and testing, isolation and quarantine, and vaccination.

6. GLOSSARY

Continuum of Care (CoC) Program. The Federal grant program for targeted homeless activities, including Rapid Rehousing, and Permanent Supportive Housing. Administered federally by the U.S. Department of Housing and Urban Development and locally by a nonprofit or governmental lead agency and overseen by the Continuum of Care governing body or board. In Monterey and San Benito Counties, the Lead Me Home Leadership Council is the Continuum of Care governing body and the Coalition of Homeless Services Providers (CHSP) is the lead agency. A Continuum of Care also refers to the overall system of shelter, housing, and services available in a community to assist people experiencing homelessness.

Docusign Envelope ID: F5D7AA76-3C6E-4782-B245-B1528938C428

Coordinated Entry System (CES). Coordinated Entry is a framework and process that organizes the homelessness response system through a common, population-specific assessment, centralized data system, and prioritization method that directs clients to appropriate resources and allows for data- driven decision-making and performance-based accountability. Coordinated Entry processes are divided into four parts: Access, Assessment, Prioritization, and Referral.

Diversion/Problem Solving. A strategy that prevents or diverts people from homelessness by helping identify immediate safe, indoor housing arrangements outside of the homelessness response system. Problem solving strategies operate with the goal of providing people with the appropriate level of assistance needed to resolve their homelessness and ensuring that scarce resources, especially more intensive housing supports, can serve households with higher levels of identified need.

Emergency Shelter. A facility providing shelter in a permanent location, for a limited period of time, to individuals and families having neither a home nor the means to obtain a home or other temporary lodging. Shelters provide time-limited accommodations in either a congregate or non-congregate setting.

Emergency Solutions Grant (ESG). A federal funding source for programs serving people experiencing homelessness with a focus on assisting people to quickly regain stability in permanent housing after experiencing a housing crisis and/or homelessness. In Monterey and San Benito Counites, the City of Salinas is the Administrative Entity (AE) for ESG funding.

Family. One or more adults with physical and legal custody of one or more minor children;

Housing First. A proven approach, applicable across all elements of systems for ending homelessness, in which people experiencing homelessness are connected to permanent housing swiftly and with few to no treatment preconditions, behavioral contingencies, or other barriers. (USICH, Housing First Checklist, 2016)

Permanent Supportive Housing (PSH) Subsidized rental housing without time limits and with intensive on-site support services to help tenants maintain housing and meet their desired goals. Permanent Supportive Housing is designed to house those individuals with the greatest housing barriers and the highest service needs.

Rapid Re-Housing (RRH). A housing program model that assists individuals and families who are homeless to move quickly into permanent housing, usually to housing in the private market. It does so by offering housing search assistance, time-limited and targeted services, and short-term rental assistance.

Transitional Housing (TH). An interim housing program model that provides persons or households with shared or private housing units for a time-limited period, during which time the person or household receives support services to help with the transition to permanent housing.

8. Encampment Resolution Funding Addendum

A. Background and Purpose

The California Interagency Council on Homelessness' (Cal ICH) Encampment Resolution Funding (ERF) is focused on ensuring the wellness and safety of people experiencing homelessness in encampments by providing services and supports that address their immediate physical and mental wellness and result in meaningful paths to safe and stable housing. ERF is competitive funding available to cities, counties, and Continuums of Care. Monterey County was awarded an ERF 2R grant in June 2023.

Each community must focus their project on a prioritized encampment site. For Monterey County's project, the prioritized encampment sites are located along the Pajaro River and Lower Salsipuedes Creek near the City of Watsonville (Santa Cruz County) and unincorporated town of Pajaro (Monterey County). This project is a multi-jurisdictional collaborative that includes both Santa Cruz and Monterey counties, the City of Watsonville, and the Pajaro Regional Flood Management Agency (PRFMA).

This addendum offers additional context about the requirements of the ERF project. This addendum should be used in tandem with the Monterey and San Benito County Shelter Standards when designing a shelter project.

B. Fiscal Deadlines

Monterey County was awarded an ERF 2R grant in June 2023. "2" refers to this being the second round of funding available through the ERF program. "R" refers to the rolling application process.

For ERF 2R grantees, the following fiscal deadlines apply:

Obligation Deadlines		Expenditure Deadlines	
100%	6/30/2024	50%	6/30/2024
		100%	6/30/2026

"Obligation" means that the grantee (Monterey County) has placed orders, awarded contracts, received services, or entered into similar transactions that require payment using ERF funding (Standard Agreement, Exhibit A, Section 3). For more detail about obligating funds, please see the Cal ICH Grants Obligation Handout.

"Expended" means ERF funds have been fully paid and receipted, and no invoices remain outstanding.

All requirements listed above, including expenditure maximums and expenditure minimums, are required per statute. Cal ICH monitors progress toward these deadlines using data provided on the quarterly reports.

C. Reporting Deadlines

The ERF grantee (Monterey County) is required to submit a quarterly report to Cal ICH. Cal ICH will share templates and instructions for the quarterly report with the grantee. Sub-grantees and partners may be

Docusign Envelope ID: F5D7AA76-3C6E-4782-B245-B1528938C428

required to submit data regarding expenditures, technical assistance needs, and project status to support this reporting process.

For ERF 2R grantees, the following reporting calendar applies:

Report Period	Report Available	Report due to Cal ICH
January 1 - March 31	April 1	April 30
April 1 - June 30	July 1	July 31
July 1 - September 30	October 1	October 31
October 1 - December 31	January 1	January 31

HOUSING FIRST MANDATE

This Exhibit J ("Exhibit") is hereby incorporated into and made part of the Agreement dated November 1, 2024 ("Agreement") by and between the County of Monterey and Step Up on Second Street, Inc. (“CONTRACTOR”). The purpose of this Exhibit is to establish requirements under Senate Bill (SB) 1380, which mandates all state-funded housing programs to utilize Housing First principles (WIC § 8255). Housing First is an evidence-based, client-centered approach that recognizes housing as necessary to make other voluntary life changes, such as seeking treatment or medical care. This approach is in contrast with the traditional model of rewarding “housing readiness.” The goal of Housing First is to provide housing to individuals and families quickly with as few obstacles as possible, along with voluntary support services according to their needs.

According to Housing First law, the “Core components of Housing First” means all of the following:

a. Tenant screening and selection practices that promote accepting applicants regardless of their sobriety or use of substances, completion of treatment, or participation in services.
b. Applicants are not rejected on the basis of poor credit or financial history, poor or lack of rental history, criminal convictions unrelated to tenancy, or behaviors that indicate a lack of “housing readiness.”
c. Acceptance of referrals directly from shelters, street outreach, drop-in centers, and other parts of crisis response systems frequented by vulnerable people experiencing homelessness.
d. Supportive services that emphasize engagement and problem solving over therapeutic goals and service plans that are highly tenant-driven without predetermined goals.
e. Participation in services or program compliance is not a condition of permanent housing tenancy. Tenants have a lease and all the rights and responsibilities of tenancy, as outlined in California’s Civil, Health and Safety, and Government codes.
f. The use of alcohol or drugs in and of itself, without other lease violations, is not a reason for eviction.
g. In communities with coordinated assessment and entry systems, incentives for funding promote tenant selection plans for supportive housing that prioritize eligible tenants based on criteria other than “first-come-first serve,” including, but not limited to, the duration or chronicity of homelessness, vulnerability to early mortality, or high utilization of crisis services. Prioritization may include triage tools, developed through local data, to identify high-cost, high-need homeless residents.
h. Case managers and service coordinators who are trained in and actively employ evidence-based practices for client engagement, including, but not limited to, motivational interviewing and client-centered counseling.
i. Services are informed by a harm-reduction philosophy that recognizes drug and alcohol use and addiction as a part of tenants’ lives, where tenants are engaged in nonjudgmental communication regarding drug and alcohol use, and where tenants are offered education

Docusign Envelope ID: 2A44490F-C21C-42BF-8D49-ADFA070B0849

regarding how to avoid risky behaviors and engage in safer practices, as well as connected to evidence-based treatment if the tenant so chooses.

j. The project and specific apartment may include special physical features that accommodate disabilities, reduce harm, and promote health and community and independence among tenants.

These components are the minimum efforts required by California State law; however, it is encouraged that all contracted agencies seek trainings to discover other ways you can embed a true Housing First philosophy into your program.

Non-Compliance and Remedies

Failure to comply with Housing First requirements may result in corrective actions, including but not limited to:

- Required remedial training; and
- Withholding of funding until compliance is achieved; and
- Termination of this Agreement for repeated non-compliance.

Docusign Envelope ID: 2A44490F-C21C-42BF-8D49-ADFA070B0849

COORDINATED ENTRY REQUIREMENTS

This Exhibit K ("Exhibit") is hereby incorporated into and made part of the Agreement dated November 1, 2024 ("Agreement") by and between the County of Monterey and Step Up on Second Street, Inc. (“CONTRACTOR”). The purpose of this Exhibit is to establish mandatory requirements for the use of the Coordinated Entry System in accordance with federal, state, and local regulations.

Coordinated Entry is a standardized process used by homeless service systems to ensure that people experiencing or at risk of homelessness are quickly and equitably connected to available housing and services. It is required by the U.S. Department of Housing and Urban Development (HUD) and some State of California homeless programs and aims to prioritize assistance based on vulnerability and need rather than on a first-come, first-served basis.

Key Components of Coordinated Entry:

1. **Standardized Assessment:** Uses a common tool identified by the Coalition of Homeless Services Providers, as the lead Continuum of Care (“CoC”) lead agency, to evaluate individuals’ and families’ needs and vulnerabilities.
2. **Prioritization:** Allocates housing and services based on established criteria, often prioritizing people who are chronically homeless, highly vulnerable, or have the highest needs.
3. **Referral Process:** Matches individuals to the most appropriate available housing and services, such as Permanent Supportive Housing (PSH), Rapid Rehousing (RRH), or Transitional Housing.
4. **Accessibility:** Ensures that all populations, including those with disabilities or language barriers, can access services equitably.
5. **Streamlined Entry System:** Reduces the need for individuals to navigate multiple agencies by centralizing access to resources.

Coordinated Entry is designed to improve the efficiency of homelessness response systems, reduce barriers to housing, and ensure that limited resources are used effectively. In Monterey and San Benito Counties, Coordinated Entry, locally known as the Coordinated Assessment and Referral System (“CARS”), is managed through the local Homeless Management Information System (“HMIS”).

For the purposes of this agreement, CONTRACTOR is hereby mandated to: (Check all that apply.)

☒ Enter all clients experiencing homelessness into CARS for consideration of housing options made available through the program.

☐ Receive client referrals solely through CARS.

Docusign Envelope ID: 2A44490F-C21C-42BF-8D49-ADFA070B0849

☐ Receive client referrals through CARS and other means established in EXHIBIT A of this Agreement.

Participation Agreement
EXHIBIT A – PROGRAM DESCRIPTION, FUNDING AND FEES

I. Name of Program: Psychiatric Inpatient Concurrent Review ("PICR")

II. Program Overview:

Objective

CalMHSA shall administer this Program to assist participating counties in conducting concurrent review and authorization for all psychiatric inpatient hospital and psychiatric health facility services on behalf of participating California County Mental Health Plans ("MHPs").

Per the Department of Health Care Services ("DHCS") Behavioral Health Information Notices (BHIN) 19-026 and BHIN 22-017, MHPs are required to conduct concurrent review and authorization for all psychiatric inpatient hospital services and psychiatric health facility services. These BHINs outline policy changes implemented to ensure an MHPs' compliance with the Parity in Mental Health and Substance Use Disorder Services Final Rule (Parity Rule; Title 42 of the CFR, part 438.910).

By utilizing a technology-assisted concurrent review process, a consistent and efficient review process will support MHP compliance with BHINs 19-026 and 22-017 (or any additional or superseding BHIN), and the Parity in Mental Health and Substance Use Disorder Services Final Rule (Parity Rule; Tittle 42 of the CFR, part 438.910).

Services

CalMHSA has entered into a services contract ("Service Agreement") with Acentra Health (formerly known as Kepro/Keystone Peer Review Organization, Inc. ("Contractor")) to provide participating counties a web-enabled utilization review platform and clinical services to carry out psychiatric inpatient concurrent review and authorization services on behalf of multiple California County MHPs.

CalMHSA shall work closely with Contractor to coordinate implementation and onboarding of participating counties. Participants shall submit their Monthly MEDS Extract File ("MMEF") to Contractor via secure transfer utilizing Dropbox or a successor application, as determined by CalMHSA. For Participants utilizing the SmartCare electronic health record, Participant authorizes CalMHSA to import Participant's MMEF data from Participant's CalMHSA SmartCare instance, or any other data sources as otherwise agreed upon between CalMHSA and Participant, directly to Dropbox.

MHPs delegating concurrent review and authorization services to Contractor will range in size from small/rural to large counties and will be located throughout California. Although the review and authorization requirements are uniform, the communication needs of the participating counties or inpatient psychiatric hospitals where county beneficiaries are hospitalized may vary.

IV. Program Funding

Maximum program funding under this Agreement shall not exceed the Not to Exceed ("NTE") amount set forth below for all the stated services during the term of the Agreement:

The Software Services may include PDDS's online dental practice management, imaging, or patient communication software, and/or any other software services or other offerings made generally available by PDDS to its customers (including, for each, any subsequent updates, modifications, enhancements, or new versions).

Docusign Envelope ID: 56EA91F8-46D5-47C8-AD1E-5F8064566E4C

addition, Client is solely responsible for: (a) collecting and maintaining its subscriber lists and other customer data in accordance with Applicable Laws; (b) providing notice and obtaining consent from any customer, prospective customer, or any other individual who interacts with Client, its affiliates, or agents in connection with the Service as required under Applicable Laws for its use of the Services, including sending text messages; and (c) ensuring that all marketing and promotional activities that it conducts through the Services comply with Applicable Laws, including the content of its messages and campaigns. Client should confer with its own independent legal counsel to determine whether marketing activities and content are sufficient for its purposes and meet its obligations under Applicable Laws.

3. OWNERSHIP. As between PDDS and Client, Client agrees that the Services, as well as all related technology, software code, services, trademarks, service marks, logos, and all content displayed in the Services, as well as all of the Documentation (collectively, the "**PDDS Materials**"), constitute the intellectual property of and are owned by PDDS. As between PDDS and Client, Client agrees that PDDS retains title to and ownership of all right, title, and interest in the PDDS Materials, including all intellectual property and other proprietary rights therein (subject to the applicable limited licenses expressly granted by PDDS to Client under this Agreement). If Client submits any feedback or otherwise requests, suggests or recommends any changes to the PDDS Materials, including, without limitation, new features or functionality relating thereto, Client hereby assigns to PDDS, and PDDS is free to use, without any attribution or compensation to Client or any third party, any ideas, know-how, concepts, techniques, or other intellectual property rights contained in such feedback with respect to the PDDS Materials, for any purpose whatsoever; *provided*, for the avoidance of doubt, that PDDS is not required to implement any requested changes or otherwise use any such feedback. All rights not expressly granted herein are reserved by PDDS.

4. DISCLAIMERS. CLIENT UNDERSTANDS THAT THE PDDS MATERIALS AND ANY OTHER SERVICES ARE BEING PROVIDED "AS IS" WITHOUT WARRANTY OF ANY KIND. PDDS HEREBY DISCLAIMS ALL WARRANTIES, WHETHER EXPRESS OR IMPLIED, ORAL OR WRITTEN, WITH RESPECT TO THE SERVICES INCLUDING ALL WARRANTIES OF TITLE, NON-INFRINGEMENT, MERCHANTABILITY OR FITNESS FOR ANY PARTICULAR PURPOSE.

5. LIMITATIONS ON LIABILITY. THE TOTAL AND ENTIRE LIABILITY OF PDDS AND THE PDDS PARTIES IN THE AGGREGATE ARISING OUT OF OR IN CONNECTION WITH THIS AGREEMENT OR CLIENT'S USE OF THE SERVICES WILL BE LIMITED TO THE LESSER OF (i) FEES RECEIVED FROM CLIENT UNDER THIS AGREEMENT IN THE MOST RECENT THREE (3) MONTH PERIOD; OR (ii) FIFTY THOUSAND DOLLARS ($50,000). PDDS AND THE PDDS PARTIES SHALL NOT BE LIABLE FOR DIRECT, INDIRECT, SPECIAL, INCIDENTAL, CONSEQUENTIAL OR PUNITIVE DAMAGES OF ANY TYPE ARISING OUT OF OR IN CONNECTION WITH THIS AGREEMENT OR THE SERVICES, WHETHER OR NOT PDDS, THE PDDS PARTIES AND/OR ITS LICENSORS HAVE BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES AND WHETHER BASED UPON BREACH OF CONTRACT OR TORT (INCLUDING NEGLIGENCE). PDDS AND THE PDDS PARTIES SHALL HAVE NO LIABILITY FOR ANY DAMAGES RESULTING FROM ANY ALTERATION, DESTRUCTION OR LOSS OF ANY DATA OR INFORMATION INPUT, GENERATED OR OBTAINED FROM ACCESS AND/OR USE OF THE SERVICES, INCLUDING ANY REPORTS OR NUMERIC RESULTS, WHETHER OR NOT PDDS AND THE PDDS PARTIES HAVE BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. THE LIMITATIONS OF DAMAGES AND LIABILITIES SET FORTH IN THIS AGREEMENT ARE FUNDAMENTAL ELEMENTS OF THE BASIS OF THE BARGAIN BETWEEN PDDS AND CLIENT, AND THE PRICING FOR THE LICENSE REFLECTS SUCH LIMITATIONS.

6. REGISTERED AND LICENSED USERS. In order for Client to access and use the Services, Client shall register an account with PDDS, provide PDDS with an email address, complete the online signup process (to include providing

Docusign Envelope ID: 56EA91F8-46D5-47C8-AD1E-5F8064566E4C

valid payment information), and obtain a unique password for accessing the Services ("**Password**"). Upon receiving an initial system Password, Client may issue unique User IDs and passwords, as provided for in Exhibit A hereto, to its authorized employees and agents ("**Licensed Users**"), if applicable, as provided for in Exhibit A hereto. PDDS may obtain email addresses from Licensed Users upon their accessing and using the Services for the express purpose of supporting Client. Licensed Users shall be subject to all applicable terms and restrictions governing Client's access to and use of the Services (including, without limitation compliance with the Documentation and Web Terms and the use restrictions set forth in Section 2), and Client is responsible and wholly liable for all acts or omissions committed under Client's Password and any and all accounts issued by Client to Licensed Users.

7. CLIENT DATA.

7.1. As between Client and PDDS, Client owns and will remain the sole and exclusive owner of all information and data it (or a Licensed User) inputs into the Services (the "**Data**"). Client hereby grants to PDDS (and its service providers) a limited, non-exclusive, worldwide license to access and use the Data in order to provide the Services. In addition, Client permits PDDS to access any reports or numeric results for the purpose of ensuring proper access and use of the Services by Client in accordance with this Agreement and to maintain and troubleshoot the Services. PDDS will maintain reasonable technical, physical, and administrative measures to safeguard the confidentiality of the Data. For Clients located in Alberta, PDDS shall, on request of Client, provide Client with information necessary to monitor compliance with this agreement including providing a description of safeguards in place for the security and protection of the Data. In the event of any loss or damage to Client's Data, reports or numeric results, Client's sole and exclusive remedy shall be for PDDS to use commercially reasonable efforts to replace or restore the lost or damaged data from the latest backup of such Data, reports, or numeric results which PDDS has maintained in accordance with its standard archival procedures.

7.2. PDDS will host Data in secure, U.S. based facilities. PDDS shall be deemed to have exercised reasonable care in the maintenance, custody and preservation of Data in Company's possession if such Data is treated substantially the same as Company treats its own like data.

7.3. In addition, Client agrees that PDDS may use such Data to compile and distribute statistical analyses, benchmarking and reports utilizing Aggregated Data derived from the Data in accordance with applicable law (including, but not limited to the Health Insurance Portability and Accountability Act of 1996, as amended by the Health Information Technology for Economic and Clinical Health Act of 2009, and any regulations issued pursuant thereto). For purposes of this Agreement, "**Aggregated Data**" means data and information gathered or obtained by PDDS in connection with the Services, in an aggregated, de-identified form that does not contain or reveal personally identifiable information of Client or any of Client's customers and does not reveal any information that would allow for the identification of Client and/or Client's customers.

7.4. Nothing in this Section limits Client's responsibility for (i) maintaining the confidentiality of the its credentials, passwords and encryption keys associated with its and its Licensed Users' accounts, (ii) properly configuring and using the Services as required by Client and taking its own steps to maintain appropriate security, protection and backup of the Data, (iii) all activities that occur with respect to its accounts regardless of whether the activities are undertaken by Client, its Licensed Users, its employees or a third party (including its contractors or agents), (iv) Client's access and use of the Services in compliance with this Agreement and the applicable Documentation, (v) all Data, and (vi) ensuring that the storage of Data on the Services system is compliant with applicable privacy law requirements, including obtaining any necessary patient consents of authorizations. PDDS is not responsible for any alteration, compromise, corruption, or loss of Data that arises

Docusign Envelope ID: 56EA91F8-46D5-47C8-AD1E-5F8064566E4C

from any access to, sharing or use of Client's accounts, credentials, passwords or encryption keys.

8. CONFIDENTIALITY.

8.1. Confidential Information. Client acknowledges that the Services as well as PDDS's and PDDS Parties' technology, trade secrets, know-how, business operations, plans, strategies, customers, pricing, (except pricing that appears in the Agreement or amendments thereto is not Confidential Information), and other information and materials constitute and contain confidential, proprietary, and copyrighted information and subject matter of PDDS and PDDS Parties ("**Confidential Information**"). Confidential Information shall not include information that is shown by competent evidence: (i) is in or enters the public domain without breach of this Agreement; (ii) was possessed by Client prior to first receiving it from PDDS or an PDDS Party; (iii) was developed by Client independently and without use of or reference to the Confidential Information; or (iv) was received by Client from a third party without restriction on disclosure and without breach of a nondisclosure obligation.

8.2. Protection of Confidential Information. Client agrees to not, directly or indirectly, without PDDS' prior written consent, use the Confidential Information for any purpose other than as expressly permitted under this Agreement; divulge, discuss, provide, transmit, copy, make available or otherwise communicate the Confidential Information to a third party; or permit any third party to use such Confidential Information. Notwithstanding the foregoing, Client shall be permitted to disclose Confidential Information if such disclosure is required by law, provided that Client shall (i) give prompt notice of such requirement to PDDS so that PDDS it will have the opportunity to seek a protective order or other appropriate remedy; and (ii) cooperate in PDDS' attempts to obtain confidential treatment of such Confidential Information.

9. TRADE NAMES AND TRADEMARKS. Each Party hereby agrees that it shall not use or permit any third party to use, at any time, the other Party's trademarks, trade names, or logos without written permission of the other Party, although, each Party may use the other Party's trademarks, trade names, and logos in a nominative, non-trademark sense in connection with its marketing materials and/or public client lists.

10. NON-SOLICITATION OF EMPLOYEES. Client acknowledges that PDDS has extended significant time and energy recruiting, training, and retaining its employees. Client agrees to not, directly or indirectly, during the term of this Agreement and for a period of twelve (12) consecutive months immediately following the termination of this Agreement by either Party for any reason, solicit for employment any employees of PDDS or any person who had been employed by PDDS during the then-prior three (3) month period, or otherwise interfere with the employment relationship between PDDS and any of its employees. This Section 10 does not preclude Client from hiring any such employee of PDDS who responds to a general solicitation of employment through an advertisement not targeted specifically at PDDS or its employees.

11. INJUNCTIVE RELIEF.

11.1. Each Party acknowledges that a violation of Sections 1, 2, 3, 7, 8, 9, or 10 of this Agreement would cause irreparable harm to the other Party for which no adequate remedy at law exists, and each Party therefore agrees that, in addition to any other remedies available, the aggrieved Party shall be entitled to seek injunctive relief to enforce the terms of Sections 1, 2, 3, 7, 8, 9, or 10. The prevailing Party shall be entitled to recover all cost and expenses, including reasonable attorney's fees incurred because of any such legal action.

11.2. In the event of a violation or breach by Client of Section 10, Client will pay to PDDS an amount equal to $135,000. The Parties agree that such amount is a negotiated agreement as a reasonable estimate of actual

Docusign Envelope ID: 56EA91F8-46D5-47C8-AD1E-5F8064566E4C

damages that would be incurred by PDDS in the event of any such breach or violation and the Parties intend for such amount to be an enforceable liquidated damages remedy. The amount is reasonable and not intended to be, nor shall it be deemed to constitute, a penalty and is not greatly disproportionate to the significant business loss likely to be sustained by PDDS in connection with any such breach or violation.

12. HARDWARE AND SERVICE REQUIREMENTS. Client is solely responsible for acquiring, servicing, maintaining, and updating adequate equipment, computers, software, communications services (such as internet connectivity charges) and all other technology and services not owned or operated by or on behalf of PDDS, that enable Client to access and use the Services, and for all expenses relating thereto (plus any applicable taxes). Client agrees to access and use the Services in accordance with any and all operating instructions or procedures that may be issued by PDDS and amended by PDDS from time to time.

13. AVAILABILITY. Client acknowledges that functionality of the Services may at times be unavailable and outages may occur. PDDS will use commercially reasonable efforts to make the Services available to Client twenty-four (24) hours a day, seven (7) days a week, except for: (i) planned downtime (typically during weekend off-hours) and (ii) unplanned downtime beyond PDDS's reasonable control. Notwithstanding the foregoing, PDDS reserves the right, in its sole discretion, to make unscheduled updates or upgrades to the Services.

14. INDEMNITY.

14.1. Indemnification by PDDS.

(a) Except as provided in this Section, PDDS will defend and indemnify Client from and against any damages, liabilities, costs and expenses (including reasonable attorney's fees) ("**Losses**"), arising out of any claim that the Services infringe a valid United States patent or copyright, or misappropriates a trade secret, of a third party.

(b) If any part of the Services used by Client becomes, or in PDDS's opinion is likely to become, the subject of any injunction preventing its use as contemplated herein, PDDS will at its option: (i) procure for Client the right to continue using the Services; (ii) replace or modify the Services, so that it becomes non-infringing without substantially compromising its principal functions; or, if (a) and (b) are not commercially reasonable, then (iii) terminate Client's license to allegedly infringing part(s) of the Services and provide Client with a refund on a pro rata basis of any monies prepaid by Client for the of the infringing part(s) of the Services.

(c) PDDS will have no liability or obligation to Client hereunder with respect to any claim for United States patent or copyright infringement or trade secret misappropriation that is based upon: (i) use of the Services in an application or environment or on a platform or with devices for which the Services were not designed or contemplated; (ii) modifications, alterations, combinations or enhancements of the Services not created by PDDS; or (iii) failure to timely implement any modifications, upgrades, replacements, or enhancements made available to Client by or on behalf of PDDS. This Section 14 states the entire liability of PDDS with respect to infringement of any intellectual property rights by the Services or any part thereof or by its use or operation.

14.2. Indemnification by Client. Client shall indemnify, defend, and hold harmless PDDS, its subcontractors and affiliates, and each of its and their respective officers, directors, employees, agents, successors, and assigns from and against any and all Losses incurred thereby as a result of any third-party claim to the extent that such Losses arise out of or result from, or are alleged to arise out of or result from:

Docusign Envelope ID: 56EA91F8-46D5-47C8-AD1E-5F8064566E4C

(a) any materials or information (including Data) provided by or on behalf of Client to the extent prepared without contribution by PDDS;
(b) Client's breach of any covenant or obligation under this Agreement or violation of applicable law; or
(c) negligence or more culpable act or omission (including recklessness or willful misconduct) by Client, any Licensed User, or any third party on behalf thereof, in connection with this Agreement.

14.3. Indemnification Procedure.

(a) A Party seeking indemnification ("**Indemnitee**") shall promptly notify the other Party ("**Indemnitor**") in writing of any claim or proceeding ("**Action**") for which indemnification is sought pursuant to this Section 14 and shall cooperate with Indemnitor at Indemnitor's sole cost and expense.
(b) Indemnitor shall, at its own sole cost and expense, promptly assume control of the defense employing counsel reasonably acceptable to Indemnitee; provided, however, that Indemnitor shall not settle any Action in any manner that adversely affects the rights of any Indemnitee without Indemnitee's prior written consent, which shall not be unreasonably withheld or delayed.
(c) Failure to perform any obligation under this Section will not relieve either Party of its obligations except to the extent that such Party can demonstrate that it has been materially prejudiced as a result thereof.

15. U.S. GOVERNMENT CLIENTS. The Services and Documentation are "**Commercial Items**", as that term is defined at 48 C.F.R. §2.101, consisting of "**Commercial Computer Software**" and "**Commercial Computer Software Documentation**", as such terms are used in 48 C.F.R. §12.212 or 48 C.F.R. §227.7202, as applicable. Consistent with 48 C.F.R. §12.212 or 48 C.F.R. §227.7202-1 through 227.7202-4, as applicable, the Commercial Computer Software and Commercial Computer Software Documentation are being licensed to U.S. Government end users (a) only as Commercial Items and (b) with only those rights as are granted to all other end users pursuant to the terms and conditions herein.

16. LICENSE FEE AND TERM.

16.1. In exchange for Client's right to use the Services, Client shall pay PDDS licensing and other fees set forth in the applicable Order and, if applicable, the Variable Fee Schedule published at https://www.planetdds.com/planet-dds-variable-fee-schedule/. PDDS will invoices Client annually at the commencement of each subscription term. Client shall pay all undisputed amounts due to PDDS within forty-five (45) days from receipt of the applicable invoice. Client shall be responsible for the payment of all applicable sales, use or other consumer taxes, unless a valid exemption certificate is provided.

16.2. This Agreement shall remain in effect for so long as Services are being provided pursuant to any applicable Order. Unless otherwise specified in the applicable Order, the License to the applicable Services set forth in an Order shall remain in effect for an initial term commencing on the Effective Date (or, with respect to any Services added after the Effective Date, the date the applicable Order is executed) and ending on the first anniversary of the initial Billing Start Date (as defined below) (the "**Initial Term**"). Docusign Envelope ID: 56EA91F8-46D5-47C8-AD1E-5F8064566E4C

notifies the other of non-renewal at least thirty (30) days prior to the expiration of the then-current Term. Orders for additional Services and/or Client locations that are entered into during the Term will be conterminous with all other Services. Upon the expiration of the Initial Term and/or any Renewal Term, PDDS may, upon written notice to Client, make reasonable adjustments to the pricing of the Services effective for the upcoming Renewal Term(s); *provided*, that the Parties agree that subscription pricing for each of the first two Renewal Terms (*i.e.*, for the second and third years of the Term) will increase by 10% over the prior year's pricing. Any adjustments to pricing permitted under this Section 16 shall apply concurrently to all Client locations and affected Services. This Agreement may be amended or modified only by an instrument in writing signed by both parties.

16.3. Unless otherwise specified in the applicable Order, PDDS shall invoice Client for fees associated with implementation, training, conversion, and other professional Services upon the commencement of such Services. Fees for subscription-based Services shall begin to accrue on the "**Billing Start Date**" determined (a) as set forth on the applicable Order or (b) if the applicable Order does not specify a billing start date, based on the earliest to occur of: (i) the date of first installation of on-premises software (if applicable) or other use of the Services; or (ii) sixty (60) days from the date this Agreement is executed; *provided*, that if this date occurs (x) between the 1st and 15th day of a month, the Billing Start Date shall be the 1st of that month and (y) between the 16th and final day of a month, the Billing Start Date shall be the 1st of the following month.

17. TERMINATION.

17.1. Termination. Either Party may terminate this Agreement immediately upon notice if the other Party breaches a material term of this Agreement and fails to remedy that breach within five (5) business days after written notice, which may be electronic (subject to Section 18.7), from the terminating Party.

17.2. Effect of Termination. Upon termination of this Agreement, all rights, including the license granted to Client under this Agreement will cease and Client's access to the Services may be disabled.

(a) *Data Export*. It shall be Client's sole responsibility to extract a copy of the Data from PDDS' data repositories prior to termination of this Agreement. Client may also request, at any time prior to or within ten (10) business days after termination of this Agreement, that PDDS transmit all Data to a secure site from which Client shall have access to the Data until thirty (30) days after termination of this Agreement. Notwithstanding the foregoing, (i) Client may be required to pay a processing fee of $995 per extract/download in connection with the export of Client's XVWeb server patient and imaging data via a secure download link, (ii) if, as part of the implementation process or otherwise during the Initial Term, Client provides Data for conversion by PDDS into a format suitable for use with XVWeb, Client will not be entitled to an export of such converted Data prior to the expiration of the Initial Term (*i.e.*, Client will retain the unconverted Data in its original format and PDDS will only provide an export of new Data captured during the Initial Term), and

(iii) PDDS may charge a reasonable fee for exports of Data from other PDDS Services. Additional terms may apply as set forth in the applicable Order. PDDS may retain Data (including in its backups, archives, and disaster recovery systems) to comply with applicable law or internal business policies and procedures until such Data is deleted in the ordinary course.

(b) *Early Termination*. Client may terminate this Agreement at any time without cause upon at least thirty (30) days written notice to PDDS. Docusign Envelope ID: 56EA91F8-46D5-47C8-AD1E-5F8064566E4C

subscription and other fees invoiced for the then-current subscription term and shall not be entitled to any refund of pre-paid fees. If Client terminates and Services without cause during any Renewal Term, or if Client terminates this Agreement due to PDDS's material breach as authorized by this Section 17, then PDDS shall provide Client with a pro-rated refund in respect of pre-paid fees for any remaining months of the then-current subscription term.

17.3. Termination for Lack of Government Funding. Client's payments to PDDS under this Agreement are funded by local, state and federal governments. If funds from local, state and federal sources are not obtained and continued at a level sufficient to allow Client's purchase of the indicated Services, then Client may give written notice and reasonable evidence of this fact to PDDS, and the obligations of the parties under this Agreement shall terminate immediately, or on such date thereafter, as the County may specify in its sole notice, unless in the meanwhile the parties enter into a written amendment modifying this Agreement.

17.4. Survival. Upon termination or expiration of this Agreement, Sections 2, 3, 5, 6, 7, 8, 9, 10, 11, 17.2 and 18 of the Agreement along with all payment obligations under this Agreement with respect to fees accrued prior to termination, and any other right or obligation of the Parties in this Agreement that, by its nature, should survive termination or expiration of this Agreement, shall survive such termination or expiration.

18. MISCELLANEOUS.

18.1. Complete Agreement. This Agreement, including any Exhibits attached hereto and any executed Orders that reference this Agreement, constitute the complete and exclusive statement of the agreement between Client and PDDS, and supersedes any proposal or prior agreement, oral or written, and any other communications between the parties relating to the subject matter of this Agreement. Neither Party will be responsible for any failure to perform due to causes beyond its reasonable control, including acts of God, acts of terrorism, war, riot, embargoes, acts of civil or military authorities, national disasters, strikes and the like, except that this provision shall not limit Client's obligation to make payments under the Agreement.

18.4. Governing Law and General Provisions. This Agreement will be governed by the laws of the State of California, USA, excluding the application of its conflicts of law rules. This Agreement will not be governed by the United Nations Convention on Contracts for the International Sale of Goods, the application of which is expressly excluded. If any part of this Agreement is found void and unenforceable, it will not affect the validity

of the remainder of the Agreement, which shall remain valid and enforceable according to its terms. The word "including" shall mean "including without limitation" and "including but not limited to" to provide the broadest interpretation. The headings contained in this Agreement are for reference only and shall not affect the meaning or interpretation of this Agreement. PDDS' failure to exercise or enforce any right or power under this Agreement shall not constitute a waiver of such right or power.

18.5. Non-Disparagement. The Parties agree not to disparage to any other person or entity each other or any of their business or businesses, business ventures, business transactions, or business operations, marketing, management, or any other business related activities whatsoever, or anything else about any or all of them, whether learned before, on or after the date of this Agreement.

18.6. Third Parties. All notices are to be in English and will be effective upon receipt or, in the case of e-mail notice, upon written acknowledgment. To be clear, an automatically generated e-mail response, such as one designed to alert recipients that the sender is out of the office and unable to respond to e-mails, shall not constitute acknowledgment for purposes of this Section.

19. INSURANCE.

19.1. Other Insurance Requirements. All insurance required by this Agreement shall be issued and executed by an admitted insurer authorized to transact insurance business in the State of California. Unless otherwise specified by this Agreement, all such insurance shall be written on an occurrence basis, or, if the policy is not written on an occurrence basis, such policy with the coverage required herein shall continue in effect for a period of three (3) years following the date PDDS completes its performance of services under this Agreement.

19.2. As between PDDS and Client, PDDS shall be responsible for ensuring that any subcontractor engaged by PDDS in connection with the Services complies with the terms and conditions of this Agreement.

19.3. Commercial General Liability Insurance: including but not limited to premises and operations, including coverage for Bodily Injury and Property Damage, Personal Injury, Contractual Liability, Broad Form Property Damage, Independent Contractors, Products and Completed Operations, with a combined single limit for Bodily Injury and Property Damage of not less than $1,000,000 per occurrence and $2,000,000 in the aggregate.

19.4. Worker's Compensation Insurance: If PDDS employs others in the performance of this Agreement, in accordance with California Labor Code section 3700 and with Employer's Liability limits not less than $1,000,000 each person, $1,000,000 each accident and $1,000,000 each disease.

19.5. Waiver of Subrogation: Regarding Commercial General Liability and Automobile Liability policies, CONTRACTOR hereby grants to County a waiver of any rights to subrogation which any insurer of said CONTRACTOR may acquire against the County by virtue of the payment of any loss under such insurance. CONTRACTOR agrees to obtain any endorsement that may be necessary to affect this waiver of subrogation, but this provision applies regardless of whether or not the County has received a waiver of subrogation endorsements from the insurer.

19.6. Prior to the execution of this Agreement by Client, PDDS shall provide certificates of insurance to Client evidencing insurance satisfactory to Client. PDDS shall notify Client and provide a new or amended certificate of insurance within thirty (30) calendar days after any material change is made in such insurance. Acceptance or approval of insurance shall in no way modify or change the indemnification clause in this Agreement, which shall continue in full force and effect.

19.7. PDDS shall at all times during the term of this Agreement maintain in force the insurance coverage required under this Agreement and shall send, upon request by Client, annual certificates to Client. Failure by PDDS to maintain such insurance coverage is a breach of this Agreement, which entitles PDDS, at its sole and absolute discretion, to terminate this Agreement in accordance with Section 17.1.

1. Enterprise Clients.

1.1. Client shall provide a person(s) or team(s) of Level 1 Support personnel to act as its internal Help Desk(s).

1.2. Level 1 Support, provided by Client's internal Help Desk, is the first line of support for all Licensed Users of Client, responsible for resolving issues raised by its Licensed Users, except those of an unusual, technical or defective nature.

1.3. If Client's Help Desk cannot, after a reasonable expenditure of time and effort, resolve an issue raised by its Licensed Users, the issue may then be escalated to Level 2 Support. Level 2 Support is provided by PDDS.

1.4. PDDS shall provide unlimited Level 2 Support to Client's Help Desk. Level 2 Support will be provided during PDDS' normal business hours.

1.5. Level 2 Support typically addresses issues of an infrequent, unusual, technical, or defective nature, issues that are not typically encountered.

1.6. Level 2 Support shall support Client's Help Desk but will not directly support Client's Licensed users.

1.7. A resolution by Level 2 Support may require the assistance of Client's Help Desk. Any resolution of an issue by Level 2 Support shall be propagated by Client's Help Desk to the appropriate Licensed User(s).

EXHIBIT C – DATA CONVERSION

1. Standard Conversion Services. Conversion of historical data included in the bundled Denticon implementation services fee is set forth on the following table. Data and document conversion may not be available for every system, and the compatible data available from each system may vary; the conversion checklist provided by the PDDS sales representative and referenced in the Order contains specific details regarding the data that can and cannot be converted from supported systems.

Standard Conversion History

Transactional Data (prior history, treatments, financial transactions, etc.)	10 years of historical data
Treatment Plans	2 years of historical data
Appointment History	Future appointments plus 30 days prior to go-live

2. Non-Standard Conversion Services. The following items may be considered non-standard and incur additional costs as outlined in the following table. Please see the conversion checklist for specific details regarding the data that can and cannot be converted from supported systems.

Non-Standard Items

Item	**Price**
Perio Charting	$350
Pre-Existing Conditions	$350
Subscriber Information	$350

3. Trial Conversions. PDDS will perform at least one trial conversion to ensure the data was converted accurately from Client's source system. PDDS will provide audit sheets and asks that Client review the data thoroughly to ensure accuracy and identify any requested enhancements. Should issues be identified, additional trials may be necessary to validate results. Additional trial conversions to verify results can be completed with Client approval at an additional cost of $750 per location.

4. Custom Conversion Services. Custom programming to complete enhanced non-standard conversion work (a "**Custom Conversion**") may be accommodated for an additional fee, assuming the data required for the conversion is available and compatible with Denticon. If Client requests a Custom Conversion, the PDDS conversion team will size the request based on the complexity and level of effort, and the Custom Conversion will be priced based on the following table. Work on the Custom Conversion will begin upon Client approval, and changes to the scheduled trial or go-live may be required to accommodate the additional development time.

Custom Conversion Pricing:

Size	**Price**
XS	$350
S	$700

Docusign Envelope ID: 56EA91F8-46D5-47C8-AD1E-5F8064566E4C

M	$1,400
L	$3,500
XL	$7,000
XXL	$14,000

PDDS typically re-loads the trial environment after any Custom Conversion. If the Custom Conversion requires a re-trial, an additional trial fee of $750 per location may be applied in addition to the cost of the Custom Conversion. If the client chooses not to pay for a re-trial after a Custom Conversion, or if a request for a Custom Conversion is made so late that a re-trial is not possible, PDDS cannot guarantee accuracy of the converted data for go-live. Some items may not be able to be updated or fixed once the data is loaded into the live environment.

5. Post Go-Live Changes. Clients should review trial data carefully and make any requests for enhancements or corrections during the trial phase. Modifying converted data post go-live significantly increases the complexity and risk to production data, so requests for post go-live changes may not be possible in some cases. Post go-live changes are also significantly more expensive, due to the complexity involved with integrating changes into live data. When permitted, post go-live changes may incur a fee of $750 per location in addition to the fees set forth above.

6. Delivery of Historical Data. PDDS will provide scheduled dates for delivery of Client's historical data for both trial and final data conversions. Late fees or delays to trial or go-live dates may result if Client does not deliver such data by the scheduled date.

7. Rescheduling. A $350 late cancellation or rescheduling fee may apply for trials and/or final data conversions if the scheduled extract or upload is rescheduled less than one week prior to the originally scheduled date.

EXHIBIT D – IMPLEMENTATION, SETUP, AND TRAINING

1. Standard package includes the setup, implementation, and training hours set forth on the applicable Order.

2. Unused hours included as part of the standard package are non-transferrable and expire once customer go-live is complete.

3. Any additional setup, implementation, and training sessions will be made available upon written request and are subject to charges of $175 per hour.

4. A $175 fee will be billed for any no-show or late cancellation (less than 24-hour notice) of virtual trainings or setup meetings.

5. PDDS understands that unexpected events may result in customer tardiness to a training or setup meeting and will do its best to review all topics in the remaining meeting time. If an extension is needed to ensure all content is covered, then Client will be billed for the additional time at $175 per hour.

6. Virtual go-live support is sold separately at $175 per hour. A minimum purchase of four hours is required.

7. Onsite training and onsite go-live support are sold separately at a fee of $1,500 per eight-hour day, plus travel and related expenses. A two-day minimum is required for each, and the days must be consecutive. Any training time beyond the included 8-hour sessions will be billed at $175 per hour.

8. Upon Client request, onsite go-live prep/gap data entry can be scheduled the day before onsite go-live support and will be charged at a fee of $1,500 per eight-hour day.

9. All onsite training and support must be scheduled at least six weeks in advance. Once an onsite visit is scheduled, any requested changes are subject to availability and changes must be made at least two weeks prior to the scheduled visit. Any cancellations or changes made within two weeks of the scheduled visit will result in fees of $1,500, plus any non-refundable expenses incurred by PDDS.

5. Term and Termination. The “**Effective Date**” of this Addendum shall be determined (a) as set forth on the applicable Order or (b) if the applicable Order does not specify an effective date, based on the earliest to occur of: (i) the date of first installation of on-premises software (if applicable) or other use of the AI Features; or (ii) sixty (60) days from the date this Addendum is executed. If this determined date occurs from the 1st–15th of the month, the Effective Date shall be the 1st of that month. On termination of this Addendum, all rights granted to Client under this Addendum will cease and Client's access to the AI Features may be disabled. Upon termination or expiration of this Addendum, Sections 6 through 9 of this Addendum, and the sections identified in the Agreement as surviving, as incorporated into this Addendum, shall so survive.

6. Data Security. Client acknowledges and agrees that PDDS' Licensor will have no responsibility for errors in transmission, unauthorized third-party access, loss, corruption, destruction, alteration, or unauthorized disclosure of or access to Data which occurs outside of PDDS' Licensor's reasonable control. Client acknowledges and agrees that PDDS' Licensor does not provide an archiving or data backup service. PDDS' Licensor expressly disclaims all other obligations and liability with respect to storage and data backup.

7. Ownership and Feedback. As between PDDS' Licensor and Client, PDDS' Licensor owns all right, title and interest in and to the AI Features, including all intellectual property and other property rights therein, and PDDS' Licensor expressly reserves all rights to the AI Features not expressly granted to Client herein. To the extent Client submits any feedback to PDDS' Licensor with respect to the AI Features or other PDDS' Licensor products or services, Client grants to PDDS' Licensor a worldwide, nonexclusive, royalty-free, fully paid, perpetual, irrevocable, transferable license (with right of sublicense) to use, reproduce, modify, translate, distribute, adapt, translate, publicly perform and display, import, sell, license, offer for sale, make, have made and otherwise commercially exploit the feedback in any form, media, or technology, whether now known or hereafter developed, without restriction or obligation of any kind.

(c) In the event an Individual delivers the initial request for an accounting directly to Business Associate, Business Associate will within ten business days forward such request to Covered Entity.

12. Availability of Books and Records. Business Associate will make available its internal practices, books, agreements, records, and policies and procedures relating to the use and disclosure of PHI, upon request, to the Secretary of HHS for purposes of determining Covered Entity's and Business Associate's compliance with HIPAA, and this BAA.

13. Responsibilities of Covered Entity. With regard to the use and/or disclosure of Protected Health Information by Business Associate, Covered Entity agrees to:

(a) Notify Business Associate of any limitation(s) in its notice of privacy practices in accordance with 45 CFR §164.520, to the extent that such limitation may affect Business Associate's use or disclosure of PHI.

(b) Notify Business Associate of any changes in, or revocation of, permission by an Individual to use or disclose Protected Health Information, to the extent that such changes may affect Business Associate's use or disclosure of PHI.

(c) Notify Business Associate of any restriction to the use or disclosure of PHI that Covered Entity has agreed to in accordance with 45 CFR §164.522, to the extent that such restriction may affect Business Associate's use or disclosure of PHI.

(d) Except for data aggregation or management and administrative activities of Business Associate, Covered Entity shall not request Business Associate to use or disclose PHI in any manner that would not be permissible under HIPAA if done by Covered Entity.

14. Data Ownership. Business Associate's data stewardship does not confer ownership rights on Business Associate with respect to any PHI created, received, maintained or transmitted by it under the Agreement.

15. Term and Termination.

(a) This BAA will become effective on the date first written above and will continue in effect until all obligations of the Parties have been met under the Agreement and under this BAA.

(b) Covered Entity may terminate immediately this BAA, the Agreement, and any other related agreements if Covered Entity makes a determination that Business Associate has breached a material term of this BAA and Business Associate has failed to cure that material breach, to Covered Entity's reasonable satisfaction, within 30 days after written notice from Covered Entity. Covered Entity may report the problem to the Secretary of HHS if termination is not feasible.

(c) If Business Associate determines that Covered Entity has breached a material term of this

Docusign Envelope ID: 56EA91F8-46D5-47C8-AD1E-5F8064566E4C

BAA, then Business Associate will provide Covered Entity with written notice of the existence of the breach and shall provide Covered Entity with 30 days to cure the breach. Covered Entity's failure to cure the breach within the 30-day period will be grounds for immediate termination of the Agreement and this BAA by Business Associate. Business Associate may report the breach to HHS.

(d) Upon termination of the Agreement or this BAA for any reason, all PHI maintained by Business Associate will be returned to Covered Entity or destroyed by Business Associate. Business Associate will not retain any copies of such information. This provision will apply to PHI in the possession of Business Associate's agents and subcontractors. If such return or destruction of the PHI is not feasible, in Business Associate's reasonable judgment, Business Associate will extend the protections of this BAA to such information for as long as Business Associate retains such information and will limit further uses and disclosures to those purposes that make the return or destruction of the information not feasible. The Parties understand that this Section 15.(d) will survive any termination of this BAA.

16. Effect of BAA.

(a) This BAA is a part of and subject to the terms of the Agreement. In the event of any inconsistency between the provisions of this BAA and the Agreement, the provisions of the Agreement shall control unless it would result in a violation of HIPAA, in which case this BAA shall control. In the event of inconsistency between the provisions of this BAA and mandatory provisions of the Privacy Rule, the Security Rule or the HITECH Act, as amended, or their interpretation by any court or regulatory agency with authority over Business Associate or Covered Entity, such interpretation shall control. Where provisions of this BAA are different from those mandated in the Privacy Rule, the Security Rule, or the HITECH Act, but are nonetheless permitted by such rules as interpreted by courts or agencies, the provisions of this BAA shall control.

(b) Except as expressly stated in this BAA or as provided by law, this BAA will not create any rights in favor of any third party.

17. Regulatory References. A reference in this BAA to a section in HIPAA means the section as in effect or as amended at the time.

18. Notices. All notices, requests and demands or other communications to be given to a Party under this BAA shall be provided in writing to such Party's address set forth in the signature block below, or to such other address as may be designated by such Party by notice to the other Party, and shall reference this BAA.

19. Amendments and Waiver. Upon the effective date of any federal statute or regulation amending or expanding HIPAA that is applicable to this BAA, this BAA shall be deemed automatically amended to the extent necessary for the obligations imposed on Covered Entity and Business Associate herein to remain in compliance with HIPAA, as so amended or expanded. Except as provided in the preceding sentence, this BAA may not be modified, nor will any provision be waived or amended, except in writing duly signed by authorized representatives of the Parties. A waiver with respect to one event shall not be construed as continuing, or as a bar to or waiver of any right or remedy as to subsequent events.

IN WITNESS WHEREOF, Covered Entity and Business Associate execute this BAA effective as of the date first written above.

ARTICLE 2 - TERM

2.1 ***Lease Term:*** The term of this Lease (the "Lease Term") shall be ten (10) years, commencing on December 1st, 2025 or upon issuance of a certificate of occupancy from the City of Salinas and LESSEE'S final walk through and approval of all Premise Improvements, whichever is later, ("Lease Commencement

2.2 ***Extended Term:*** Upon completion of the initial Lease Term, the LESSEE may renew the Lease for two (2) additional **Three (3) year terms** ("First Extended Term"), and upon the expiration of the First Extended Term, the LESSEE may renew the Lease for a second additional **Three (3) year term** ("Second Extended Term"), in each case by giving LESSOR advance written notice of its intent to renew one hundred fifty (150) days prior to expiration of the initial Lease Term or First Extended Term, as applicable.

2.3 ***Monthly Rent Limit:*** LESSOR and LESSEE agree that the monthly rent of any extended term shall be no more than Ninety Five percent (95%) of the then current market "Gross Lease" rents for *similar office space* in the Salinas, California area. As it pertains to this Lease, "Gross Lease" shall mean that the LESSOR will be responsible to pay for the general maintenance and repair, elevator maintenance and repair, property taxes and assessments, insurances (Real Property and lessor's risk liability), utilities and Common Area expenses out of the monthly rent paid by the LESSEE for the Premises and LESSEE shall not pay any additional rent therefor. In the event that LESSOR and LESSEE are unable to agree upon the then current market Gross Lease rents for the Premises within thirty (30) days of LESSEE'S delivery of its intent to renew this Lease as described in ARTICLE 2.2, LESSOR and LESSEE shall submit the determination of the then current market Gross Lease rent to arbitration.

ARTICLE 3 - RENT

By providing for and requesting air quality testing, LESSOR'S duties and obligations are not diminished and LESSEE does not assume or agree to share in LESSOR'S duties and obligations in respect of maintenance of the Premises.

ARTICLE 12 - SIGNS AND FIXTURES

LESSEE may place such signs and advertisements upon the Premises as LESSEE may desire, subject to compliance with applicable law and approval by the LESSOR which consent shall not be unreasonably withheld provided, however, that at the expiration of the term hereof or any renewal or extension of this Lease, LESSEE will remove said signs and will repair any damage caused by such removal, such repair shall be reasonably determined at the sole discretion of LESSOR. ARTICLE 21 - DESTRUCTION

If the Premises are totally destroyed by fire or other casualty, either party may terminate this Lease immediately by giving notice to the other party.

If such casualty shall render ten percent (10%) or less of the rentable area of the Premises unusable for the purpose intended, LESSOR shall effect restoration of the Premises as quickly as is reasonably possible, but in any event restoration shall begin within thirty (30) days after such destruction.

Docusign Envelope ID: B65DDC84-3247-4314-BF16-2FF37FB05BCC

If such casualty shall render more than ten percent (10%) of such floor space unusable but not constitute total destruction, LESSOR shall forthwith give notice to LESSEE of the specific number of days required to repair the same. If LESSOR under such circumstances shall not give such notice within fifteen (15) calendar days after such destruction, or if such notice shall specify that such repairs will require more than ninety (90) days to complete from the date such notice is given, LESSEE, in either such event, at its option, may terminate this Lease.

In the event of any such destruction other than total, where LESSEE has not terminated the Lease as herein provided, LESSOR shall diligently prosecute the repair of the Premises and, in any event, if said repairs are not completed within thirty (30) calendar days from the work commencement date, for destruction aggregating ten percent (10%) or less of the floor space, or within the thirty (30) calendar day period specified herein in connection with partial destruction aggregating more than ten percent (10%), LESSEE shall have the option to terminate this Lease. LESSEE shall assist LESSOR with obtaining all applicable building permits if necessary.

LESSOR and LESSEE understand that, in normal circumstances, work cannot commence before a building permit is obtained. Time deadlines set forth herein shall not commence before required permits are issued. LESSOR warrants to diligently pursue issuance of said permits.

If LESSEE remains in occupancy of the Premises though partially destroyed, the rent for said Premises as herein provided, during restoration, shall be reduced by the same ratio as the rentable square feet LESSEE is thus precluded from occupying, bears to the total rentable square feet in the Premises. For purposes of this ARTICLE 21, "rentable square feet" shall mean actual inside dimensions and shall not include public areas.

ARTICLE 22 - DEFAULT BY LESSEE

22.1 ***Default:*** If any of the following events occur, each such event shall constitute a material breach of this Lease, and LESSOR may, at LESSOR'S option, exercise any or all rights available to a LESSOR under the laws of the State of California:

a. A default in the payment of rent or other obligation when such default continues for a period of thirty (30) days after written notice from LESSOR to LESSEE of such default, or
b. LESSEE fails to faithfully perform or observe any other covenant or undertaking required under this Lease and such failure continues for a period of thirty (30) days after written notice thereof from LESSOR to LESSEE of such default or, if such default is not reasonably curable within such thirty (30) day period, LESSEE fails to commence to cure such default within such thirty (30) day period and thereafter diligently pursues such cure to completion . LESSOR'S obligation to provide written notice to LESSEE of a default by LESSEE is limited to those instances where knowledge of LESSEE'S default is within the actual knowledge of LESSOR, or
c. LESSEE is adjudicated bankrupt, or
d. LESSEE'S lease interest is sold under execution of judgment.

22.2 ***Remedies:*** If LESSEE fails to cure a default within the time frames outlined above, LESSOR shall have the option to cure the default, if curable, or to terminate this Lease, in addition to any other remedies at law not inconsistent herewith. Should LESSOR elect to cure the default, all reasonable costs associated with such cure, including reasonable attorneys' fees incurred and awarded as a result of any legal action or proceeding brought to enforce or interpret this Lease Agreement (if any), shall be reimbursed by LESSEE to LESSOR, as additional rent, within thirty (30) days of the County Auditor-Controller's receipt of LESSOR'S County approved invoice for said costs which shall be accompanied by County approved

Docusign Envelope ID: B65DDC84-3247-4314-BF16-2FF37FB05BCC

invoices and receipts to document LESSOR'S cost to cure said default, and by any Court Order awarding reasonable attorney's fees incurred to cure said default.

ARTICLE 23 - DEFAULT BY LESSOR

23.1 ***Default:*** LESSOR shall not be in default unless LESSOR fails to perform its obligations under this Lease within a reasonable time, but in no event later than thirty (30) days after written notice by LESSEE to LESSOR specifying wherein LESSOR has failed to perform such obligations. If the nature of LESSOR'S obligation is such that more than thirty (30) days are required for performance, then LESSOR shall not be in default if LESSOR commences performance within such thirty (30) day period and thereafter diligently prosecutes the same to completion. LESSEE'S obligation to provide written notice to LESSOR of a default by LESSOR is limited to those instances where knowledge of LESSOR'S default is within the actual knowledge of LESSEE.

23.2 ***Remedies:*** If LESSOR fails to cure a prospective default within the time periods outlined above, LESSEE shall have the option to cure the default or to terminate this Lease, in addition to any other remedies at law not inconsistent herewith. Should LESSEE elect to cure the default, all reasonable costs associated with such cure, including reasonable attorneys' fees incurred and awarded as a result of any legal action or proceeding brought to enforce or interpret this Lease Agreement (if any), shall be reimbursed by LESSOR to LESSEE within thirty (30) days of receipt of LESSEE'S invoice for said costs which shall be accompanied by invoice and receipts to document LESSEE'S cost to cure said default, and by any Court Order awarding reasonable attorney's fees incurred to cure said default. However, upon LESSOR'S failure to so reimburse LESSEE within thirty (30) days of receipt of LESSEE'S invoice for said costs, at LESSEE'S option, said costs shall be deducted from rent due hereunder. If LESSOR'S default hereunder prevents LESSEE'S use of the Premises, there shall be an abatement of rental payments for the period of such non-use.

ARTICLE 24 - CONDEMNATION

If more than ten percent (10%) of the floor space area of the Premises is taken or condemned for a public or quasi-public use, or the part taken renders the entire Premises insufficient for the conduct of LESSEE'S business and operations, then this Lease shall terminate at the option of LESSEE as of the date title shall vest in the condemner. If only part of the Premises is taken and the remainder of the Premises is sufficient for the conduct of LESSEE'S business and operations, then LESSOR shall restore the Premises to a single architectural unit and the Lease shall continue as to the part not taken, but the monthly rent shall be reduced in proportion that the rentable area of the Premises taken bears to the rentable area of the Premises before the taking.

ARTICLE 25 - HOLDING OVER

If LESSEE remains in possession of the Premises after the Lease Term or any Extended Term, this Lease shall automatically be extended on a two month-to-two month basis at the monthly rent applicable to the last month of the Lease Term or Extended Term, subject to termination upon Ninety (90) days written notice by either party. All other terms and conditions shall remain in full force and effect.

ARTICLE 26 - WAIVER

EXHIBIT C - 1

PREMISE IMPROVEMENTS

1. Premise Improvements:

   a. LESSOR shall construct all Premise Improvements in accordance with the Plans and Specifications as approved by LESSOR and LESSEE, which Plans and Specifications are or will be attached to this Exhibit C upon such approval. Premise Improvements must satisfy the Federal Americans with Disabilities Act, as and if applicable.

   b. Premise Improvements are generally described as follows: **Please refer to Exhibit C-2 for details.**

   c. LESSOR shall commence construction of the Premises Improvement work at the earliest opportunity. Cost and schedule of Premise Improvement work shall be approved by LESSOR and LESSEE prior to commencement.

   d. LESSOR shall diligently pursue construction of approved Premises Improvement work and deliver the Premises to LESSEE in a condition suitable for occupancy no later than a date certain, that will be mutually established by LESSOR and LESSEE on or before the date LESSOR'S contractor commences construction of the Premise Improvements.

2. Construction Plans and Specifications, Change Orders and Delay:

   a. LESSOR shall provide for LESSEE'S approval the complete and detailed proposed Plans and Specifications for the Premises Improvements, the design of which shall conform to LESSEE'S approved program for use of the Premises.

   b. LESSEE shall provide LESSOR with written notice of its approval or disapproval of the Plans and Specifications within five (5) business days after receipt of such Plans and Specifications. If LESSEE disapproves the Plans and Specifications, LESSEE shall describe the reasons for its disapproval in reasonable detail in LESSEE'S notice of disapproval. LESSOR shall revise the Plans and Specifications to satisfy the issues giving rise to LESSEE'S disapproval and submit the revised Plans and Specification to LESSEE as provided in clause 2.a. of this Exhibit C.

   c. During construction, LESSOR and LESSEE'S Representative (as defined below) shall confer periodically regarding the progress of the work and the approximate cost of the work completed. LESSEE'S Representative may request changes, modifications or alterations to the Plans and Specifications by written change order delivered to LESSOR, but no such change shall be made without the written approval of LESSOR, which approval shall not be unreasonably withheld. LESSOR shall approve or deny each LESSEE change order within four (4) business days, and LESSOR shall also provide to LESSEE'S Representative, by written notice to LESSEE, an estimate of the maximum cost of each change order within five (5) business days after the delivery of the change order to LESSOR. No work based upon a change order shall be undertaken unless and until LESSEE'S Representative shall have approved (by notice to LESSOR) LESSOR'S cost estimate.

   d. If LESSOR determines that a change proposed by LESSEE will delay completion of the construction beyond the period allocated for such construction, LESSOR shall, within four (4) business days, notify LESSEE'S Representative of the estimated length of the delay caused by LESSEE'S request. LESSEE'S Representative shall advise LESSOR within two (2) business days after receipt of such notice as to whether LESSOR shall proceed with requested change, modification or alteration. LESSOR shall not make the requested change to the Plans and Specifications without LESSEE'S approval of any proposed time extensions.

e. If LESSOR requires that LESSEE clarify or refine the Plans and Specifications, then LESSEE'S Representative shall meet with LESSOR for the purpose of clarifying or refining the Plans and Specifications within two (2) business days after LESSEE'S receipt of LESSOR'S request therefore. No such clarification or refinement shall be deemed to be a change order.

f. If LESSOR determines that the Plans and Specifications must be changed as a result of omissions or errors in the Plans and Specifications, then LESSOR shall, prepare and submit to LESSEE revised Plans and Specifications correcting any such omission or error. LESSEE shall approve or disapprove such revised Plans and Specifications within two (2) business days after receipt and shall not unreasonably withhold its approval.

g. LESSOR shall not be responsible for any delays in the time for completion of construction resulting from LESSEE'S delay. For purposes herein, LESSEE'S delay in the completion of the construction of the Premise Improvements are delays that may arise solely as a result of: (1) LESSEE'S failure to comply with its obligations set forth in subsection b, d, e, or f, above, within the time specified; (2) any change directed by LESSEE after notification to LESSEE that the change will delay completion of the construction as provided in subsection d, above; or (3) extra time required to obtain any long lead items specified by LESSEE. For purposes herein, an item shall be considered a long lead item if LESSOR notifies LESSEE within fifteen (15) business days after receipt of LESSEE'S approval of the Plans and Specifications that such item is not readily available or readily installable after the same is requested by LESSEE.

3. Approval of Plans by Public Authorities: Following LESSEE'S approval of the Plans and Specifications, LESSOR shall obtain approval of the Plans and Specifications for the Premises from all appropriate governmental agencies, and a copy of the Plans and Specifications, as approved by such governmental agencies, shall be dated and initialed by both LESSOR and LESSEE. LESSOR shall exercise due diligence in obtaining any such approval. LESSEE shall cooperate with LESSOR in obtaining all such approvals, and in this regard, LESSEE shall approve all revisions and changes to the Plans and specifications reasonably required by any governmental agency, with due diligence and without delays.

4. Quality of Work: All work performed hereunder shall be done in a good and workmanlike manner, free from faults and defects and in accordance with the Plans and Specifications. All materials and equipment installed in the Premise Improvements shall be new unless otherwise specified in the Plans and Specifications.

5. LESSEE'S Access during Construction: LESSEE'S representative, agents, consultants and contractors ("LESSEE'S Representatives") shall have access to the Premises during the construction of the Premise Improvements for activities and purposes related to construction of the Premises or preparation of the Premises for occupancy. LESSEE'S Representatives on the Premises during construction shall cooperate with LESSOR'S contractor and not delay in any way the performance by LESSOR'S contractors or LESSOR'S representatives of any work (including but not limited to the construction of Premise Improvements).

6. Acceptance of Premises:

a. At any time during the construction of the Premise Improvements, LESSEE may reject any work that does not conform to the Plans and Specifications or does not meet good and workmanlike standards as reasonably interpreted by and at the sole discretion of the LESSEE.

b. Within five (5) business days after LESSOR delivers to LESSEE a list of work items remaining to be done or corrected and notifies LESSEE that the Premise Improvements are ready for inspection by LESSEE'S representative, LESSEE shall deliver to LESSOR a list of items that LESSEE shall have reasonably determined that LESSOR must complete or correct prior to LESSEE'S acceptance of possession in order for the work to conform to the Plans and Specifications. LESSOR shall immediately commence to complete or correct the items listed by LESSEE, except those it contends are not justified. PROPOSITION 65 WARNING

CALIFORNIA PROPOSITION 65 WARNING. This warning is provided in compliance with the requirements of California's Proposition 65, due to exposure to formaldehyde and other chemicals known to the State to cause cancer and birth defects or other reproductive harm, from exposures to materials used in and around the construction site of _____.

> **"WARNING: MATERIALS INCLUDED IN THE CONSTRUCTION OF THE PREMISES AND PROPERTY WILL EXPOSE YOU TO FORMALDEHYDE AND OTHER CHEMICALS KNOWN TO THE STATE OF CALIFORNIA TO CAUSE CANCER AND BIRTH DEFECTS OR OTHER REPRODUCTIVE HARM. FURTHER INFORMATION MAY BE OBTAINED FROM THE MANAGER/OWNER."**

This warning is provided to inform tenants of the exposure to formaldehyde and other chemicals known to the State to cause cancer and birth defects or other reproductive harm. The exposures are caused by the materials of which the office buildings on this site are constructed. **Environmental exposures to chemicals known to the State of California to cause cancer and birth defects or other reproductive harm will continue for as long as _____ engages in ongoing construction on and around the surrounding property.**

Formaldehyde. The United States Environmental Protection Agency, the California Air Resources Board, and other agencies have measured the presence of formaldehyde in the indoor air of homes in California. Levels of formaldehyde that present a significant cancer risk have been measured in most homes and offices. Formaldehyde is present in the air because it is emitted by a variety of building materials and products purchased by the builder from materials suppliers. These materials and products include carpeting, pressed wood products, insulation, plastics, and glues.

Other Chemicals. The Premises and/or ongoing construction sites in this development have not been tested. Given the cost of testing, it is not feasible to test every rental property and nearby construction site to ascertain the level of formaldehyde or other carcinogens and reproductive toxicants present in the rental property or ongoing construction sites nearby. Most homes, offices and construction sites that have been tested elsewhere do contain formaldehyde as well as other carcinogens and reproductive toxicants, although their concentrations vary from property to property with no obvious explanations for the differences. One of the problems is that many of the suppliers of building materials and products do not provide information on chemical ingredients to their builders. In the absence of specific information on these leased premises, and in light of the materials used in and around their construction, we believe that a warning is necessary.

Please provide this warning to invitees and guests entering this leased property. You may have further questions about these issues. _____, has made no inquiries of our material suppliers concerning these matters. _____ is willing to provide, upon request, the names of known material suppliers, which may be contacted for further information.

E. WHEREAS, the Privacy and Security Rules require Covered Entity and Business Associate to enter into a business associate agreement that meets certain requirements with respect to the Use and Disclosure of PHI. This BAA sets forth the terms and conditions pursuant to which PHI, and, when applicable, Electronic Protected Health Information ("EPHI") shall be handled, in accordance with such requirements.

NOW THEREFORE, in consideration of the mutual promises below and the exchange of information pursuant to this BAA, the Parties agree as follows:

AGREEMENT

1. DEFINITIONS

Docusign Envelope ID: B25DA299-A1E0-4563-9EDA-0DABB2DDA12C

(a) "Breach" shall have the same meaning as "breach" as defined in 45 C.F.R. § 164.402; however, the term "Breach" as used in this BAA shall also mean the unlawful or unauthorized access to, Use or Disclosure of a patient's "medical information" as defined under Cal. PHI, when used in this BAA, includes EPHI.

(d) "Services" shall mean the services for or functions performed by Business Associate on behalf of Covered Entity pursuant to an underlying services agreement "(Services Agreement") between Covered Entity and Business Associate to which this BAA applies.

2. PERMITTED USES AND DISCLOSURES OF PHI

Unless otherwise limited herein, Business Associate may:

(a) Use or Disclose PHI to perform Services for, or on behalf of, Covered Entity, provided that such Use or Disclosure would not violate the Privacy or Security Rules, this BAA, or California Confidentiality Laws if done by Covered Entity;

(b) Use PHI to provide Data Aggregation Services for the Health Care Operations of Covered Entity, if required by the Services Agreement and as permitted by 45 C.F.R. § 164.504(e)(2)(i)(B);

(c) Use PHI if necessary for the proper management and administration of Business Associate or to carry out the legal responsibilities of Business Associate as permitted by 45 C.F.R. § 164.504(e)(4)(i);

Docusign Envelope ID: B25DA299-A1E0-4563-9EDA-0DABB2DDA12C

permitted under 45 C.F.R. § 164.504(e)(4)(ii), provided that Disclosures are Required by Law, or Business Associate obtains reasonable assurances from the person to whom the information is Disclosed that it will remain confidential and be Used or further Disclosed only as Required by Law or for the purpose for which it was Disclosed to the person, and that such person will notify the Business Associate of any instances of which such person is aware that the confidentiality of the information has been breached; and

(e) Use PHI to report violations of law to appropriate Federal and state authorities, consistent with 45 C.F.R. § 164.502(j)(1).

3. RESPONSIBILITIES OF THE PARTIES WITH RESPECT TO PHI

3.1. Responsibilities of Business Associate. Business Associate shall:

(a) Notify the Privacy Officer of Covered Entity, in writing, of: (i) any Use and/or Disclosure of the PHI that is not permitted by this BAA; (ii) any Security Incident of which Business Associate becomes aware; and (iii) any suspected Breach. Such notice shall be provided within five (5) business days of Business Associate's discovery of such unauthorized access, acquisition, Use and/or Disclosure, Security Incident, or suspected Breach. Notwithstanding the foregoing, the Parties acknowledge the ongoing existence and occurrence of attempted but ineffective Security Incidents that are trivial in nature, such as pings and other broadcast service attacks, and unsuccessful log-in attempts. The Parties acknowledge and agree that this Section 3.1(a) constitutes notice by Business Associate to Covered Entity of such ineffective Security Incidents and no additional notification to Covered Entity of such ineffective Security Incidents is required, provided that no such Security Incident results in unauthorized access, acquisition, Use or Disclosure of PHI. For the avoidance of doubt, a ransomware attack shall not be considered an ineffective Security Incident and shall be reported to Covered Entity, irrespective of whether such Security Incident results in a Breach. Business Associate shall investigate each Security Incident or unauthorized access, acquisition, Use, or Disclosure of PHI, or suspected Breach that it discovers and shall provide a summary of its investigation to Covered Entity, upon request;

(i) If Business Associate or Covered Entity determines that such Security Incident or unauthorized access, acquisition, Use, or Disclosure, or suspected Breach constitutes a Breach, then Business Associate shall provide a supplemental written report in accordance with 45 C.F.R. § 164.410(c), which shall include, to the extent possible, the identification of each individual whose PHI has been, or is reasonably believed by the Business Associate to have been, accessed, acquired, Used or Disclosed during the Breach, to Covered Entity without unreasonable delay, but no later than five (5) business days after discovery of the Breach;

(ii) In consultation with Covered Entity, Business Associate shall promptly mitigate, to the extent practicable, any harmful effect that is known to the Business Associate of such improper access, acquisition, Use, or Disclosure, Security Incident, or Breach; and

Docusign Envelope ID: B25DA299-A1E0-4563-9EDA-0DABB2DDA12C

(iii) Covered Entity shall have sole control over the timing and method of providing notification of such Breach to the affected individual(s), the appropriate government agencies, and other persons required by law to be notified. Business Associate shall assist with any notifications, as requested by Covered Entity. Business Associate shall take prompt corrective action, including any action required by applicable State or federal laws and regulations relating to such Security Incident or non-permitted access, acquisition, Use, or Disclosure. Business Associate shall reimburse Covered Entity for its reasonable costs and expenses in providing notification to affected individuals, appropriate government agencies, and any other persons required by law to be notified (e.g., without limitation, the media or consumer reporting agencies), including, but not limited to, any administrative costs associated with providing notice, printing and mailing costs, public relations costs, attorney fees, and costs of mitigating the harm (which may include the costs of obtaining up to one (1) year of credit monitoring services and identity theft insurance) for affected individuals whose PHI or other PII has or may have been compromised as a result of the Breach.

(b) Implement appropriate administrative, physical, and technical safeguards and comply with the Security Rule and industry best practices to prevent Use and/or Disclosure of EPHI other than as provided for by this BAA;

(c) Obtain and maintain a written agreement with each of its Subcontractors that creates, receives, maintains, or transmits PHI that requires each such Subcontractor to adhere to restrictions and conditions that are at least as restrictive as those that apply to Business Associate pursuant to this BAA. Upon request, Business Associate shall provide Covered Entity with copies of its written agreements with such Subcontractors;

(d) Make available all internal practices, records, books, agreements, policies and procedures and PHI relating to the Use and/or Disclosure of PHI received from, created, maintained, or transmitted by Business Associate on behalf of Covered Entity to the Secretary of the Department of Health and Human Services ("Secretary") in a time and manner designated by the Secretary for purposes of determining Covered Entity's or Business Associate's compliance with HIPAA. Business Associate shall immediately notify Covered Entity of any such requests by the Secretary and, upon Covered Entity's request, provide Covered Entity with any copies of documents Business Associate provided to the Secretary. In addition, Business Associate shall promptly make available to Covered Entity such practices, records, books, agreements, policies and procedures relating to the Use and Disclosure of PHI for purposes of determining whether Business Associate has complied with this BAA or maintains adequate security safeguards, upon reasonable request by Covered Entity. The fact that Covered Entity has the right to inspect, inspects, or fails to inspect Business Associate's internal practices, records, books, agreements, policies and procedures does not relieve Business Associate of its responsibility to comply with this BAA, regardless of whether Covered Entity detects or fails to detect a violation by Business Associate, nor does it constitute Covered Entity's acceptance of such practices or waiver of Covered Entity's rights under this BAA;

Docusign Envelope ID: B25DA299-A1E0-4563-9EDA-0DABB2DDA12C

(e) Document Disclosures of PHI and information related to such Disclosure and, within twenty (20) days of receiving a written request from Covered Entity, provide to Covered Entity such information as is requested by Covered Entity to permit Covered Entity to respond to a request by an individual for an accounting of the Disclosures of the individual's PHI in accordance with 45 C.F.R. § 164.528 and the HITECH Act. At a minimum, the Business Associate shall provide Covered Entity with the following information: (i) the date of the Disclosure; (ii) the name of the entity or person who received the PHI, and if known, the address of such entity or person; (iii) a brief description of the PHI Disclosed; and (iv) a brief statement of the purpose of such Disclosure which includes an explanation of the basis for such Disclosure. In the event the request for an accounting is delivered directly to the Business Associate, the Business Associate shall, within ten (10) days, forward such request to Covered Entity. The Business Associate shall implement an appropriate recordkeeping process to enable it to comply with the requirements of this Section;

(f) Subject to Section 4.4 below, return to Covered Entity in a mutually agreeable format and medium, or destroy, within thirty (30) days of the termination of this BAA, the PHI in its possession and retain no copies, including backup copies;

(g) Use, Disclose to its Subcontractors or other third parties, and request from Covered Entity, only the minimum PHI necessary to perform or fulfill a specific function required or permitted hereunder;

(h) If all or any portion of the PHI is maintained in a Designated Record Set;

(i) Upon ten (10) days' prior written request from Covered Entity, provide access to the PHI to Covered Entity, or to the individual, if so directed by Covered Entity, to meet a request by an individual under 45 C.F.R. § 164.524 or California Confidentiality Laws. Business Associate shall notify Covered Entity within five (5) days of its receipt of a request for access to PHI from an individual; and

(ii) Upon ten (10) days' prior written request from Covered Entity, make any amendment(s) to the PHI that Covered Entity directs pursuant to 45 C.F.R. § 164.526. Business Associate shall notify Covered Entity within five (5) days of its receipt of a request for amendment of PHI from an individual.

(i) If applicable, maintain policies and procedures to detect and prevent identity theft in connection with the provision of the Services, to the extent required to comply with the Red Flag Rules;

(j) To the extent that Business Associate carries out one or more of Covered Entity's obligations under the Privacy Rule, Business Associate shall comply with the requirements of the Privacy Rule that apply to Covered Entity in the performance of such obligations;

(k) Unless prohibited by law, notify Covered Entity as soon as possible and in no case later than five (5) days after the Business Associate's receipt of any request

Docusign Envelope ID: B25DA299-A1E0-4563-9EDA-0DABB2DDA12C

or subpoena for PHI. To the extent that Covered Entity decides to assume responsibility for challenging the validity of such request, the Business Associate shall cooperate fully with Covered Entity in such challenge; and

(l) Maintain policies and procedures materially in accordance with HIPAA and California Confidentiality Laws and industry standards designed to ensure the confidentiality, availability, and integrity of Covered Entity's data and protect against threats or vulnerabilities to such data.

3.2 Business Associate Acknowledgment.

(a) Business Associate acknowledges that, as between the Business Associate and Covered Entity, all PHI shall be and remain the sole property of Covered Entity.

(b) Business Associate is not permitted to Use PHI to create de-identified information except as approved in writing by Covered Entity.

(c) Business Associate further acknowledges that it is obligated by law to comply, and represents and warrants that it shall comply, with HIPAA. Business Associate shall comply with all California Confidentiality Laws, to the extent that such state laws are not preempted by HIPAA.

(d) Business Associate further acknowledges that Uses and Disclosures of PHI must be consistent with Covered Entity's privacy practices, as stated in Covered Entity's Notice of Privacy Practices. The current Notice of Privacy Practices can be retrieved online from the Covered Entity's webpage. Business Associate agrees to review the Notice of Privacy Practices at this URL at least once annually while doing business with Covered Entity to ensure it remains updated on any changes to the Notice of Privacy Practices Covered Entity may make.

3.3 Responsibilities of Covered Entity. Covered Entity shall notify Business Associate of any (i) changes in, or withdrawal of, the authorization of an individual regarding the Use or Disclosure of PHI provided to Covered Entity pursuant to 45 C.F.R. § 164.508, to the extent that such changes may affect Business Associate's Use or Disclosure of PHI; or (ii) restrictions on Use and/or Disclosure of PHI as provided for in 45 C.F.R. § 164.522 agreed to by Covered Entity, to the extent that such restriction may affect Business Associate's Use or Disclosure of PHI.

4. TERM AND TERMINATION

4.1 Term. This BAA shall become effective on the Effective Date and shall continue in effect until all of the PHI provided by Covered Entity to Business Associate, or created or received by Business Associate on behalf of Covered Entity, is destroyed or returned to Covered Entity, or if it is infeasible to return or destroy PHI, protections are extended to such PHI, in accordance with the termination provisions in Section 4.4. Certain provisions and requirements of this BAA shall survive its expiration or other termination as set forth in Section 5 herein.

Docusign Envelope ID: B25DA299-A1E0-4563-9EDA-0DABB2DDA12C

4.2 Termination. If Covered Entity determines in good faith that Business Associate has breached a material term of this BAA, Covered Entity may either: (i) immediately terminate this BAA and any underlying Services Agreement without penalty; or (ii) terminate this BAA and any underlying Services Agreement within thirty (30) days of Business Associate's receipt of written notice of such breach, if the breach is not cured to the satisfaction of Covered Entity.

4.3 Automatic Termination. This BAA shall automatically terminate without any further action of the Parties upon the termination or expiration of all Services Agreements between Covered Entity and Business Associate that would necessitate having this BAA in place.

4.4 Effect of Termination. Upon termination or expiration of this BAA for any reason, Business Associate shall return or destroy all PHI pursuant to 45 C.F.R. § 164.504(e)(2)(ii)(J) if, and to the extent that, it is feasible to do so. Prior to returning or destroying the PHI, Business Associate shall recover any PHI in the possession of its Subcontractors. Business Associate shall certify in writing that all PHI has been returned or securely destroyed, and no copies retained, upon Covered Entity's request. To the extent it is not feasible for Business Associate to return or destroy any portion of the PHI, Business Associate shall notify Covered Entity in writing of the condition that makes return or destruction infeasible. If Covered Entity agrees that return or destruction of the PHI is infeasible, as determined in its sole discretion, Business Associate shall: (i) retain only that PHI which is infeasible to return or destroy; (ii) return to Covered Entity the remaining PHI that the Business Associate maintains in any form; (iii) continue to extend the protections of this BAA to the PHI for as long as Business Associate retains PHI; (iv) limit further Uses and Disclosures of such PHI to those purposes that make the return or destruction of the PHI not feasible and subject to the same conditions as set out in Sections 2 and 3 above, which applied prior to termination; and (v) return to Covered Entity the PHI retained by Business Associate when such return is no longer infeasible.

5. MISCELLANEOUS

5.1 Survival. The obligations of Business Associate under the provisions of Sections 3.1, 3.2, and 4.4 and Article 5 shall survive termination of this BAA until such time as all PHI is returned to Covered Entity or destroyed.

5.2 Amendments; Waiver. This BAA may not be modified or amended, except in a writing duly signed by authorized representatives of the Parties. To the extent that any relevant provision of HIPAA or California Confidentiality Laws is materially amended in a manner that changes the obligations of the Parties, the Parties agree to negotiate in good faith appropriate amendment(s) to this BAA to give effect to the revised obligations. Further, no provision of this BAA shall be waived, except in a writing duly signed by authorized representatives of the Parties. A waiver with respect to one event shall not be construed as continuing, or as a bar to or waiver of any right or remedy as to subsequent events.

Docusign Envelope ID: B25DA299-A1E0-4563-9EDA-0DABB2DDA12C

5.3 **No Third Party Beneficiaries**. Nothing express or implied in this BAA is intended to confer, nor shall anything herein confer, upon any person other than the Parties and the respective successors or assigns of the Parties, any rights, remedies, obligations, or liabilities whatsoever.

Docusign Envelope ID: B25DA299-A1E0-4563-9EDA-0DABB2DDA12C

5.8 Indemnification. Business Associate shall indemnify, defend, and hold harmless the County of Monterey (the "County"), its officers, agents, and employees from any claim, liability, loss, injury, cost, expense, penalty or damage, including costs incurred by the County with respect to any investigation, enforcement proceeding, or third party action, arising out of, or in connection with, a violation of this BAA, HIPAA or California Confidentiality Laws, or a Breach that is attributable to an act or omission of Business Associate and/or its agents, members, employees, or Subcontractors, excepting only loss, injury, cost, expense, penalty or damage caused by the negligence or willful misconduct of personnel employed by the County. It is the intent of the Parties to provide the broadest possible indemnification for the County. This provision is in addition to, and independent of, any indemnification provision in any Services Agreement between the Parties.

5.9 Applicability of Terms. This BAA applies to all present and future Services Agreements and business associate relationships, written or unwritten, formal or informal, in which Business Associate creates, receives, transmits, or maintains any PHI for or on behalf of Covered Entity in any form whatsoever. This BAA shall automatically be incorporated in all subsequent agreements between Business Associate and Covered Entity involving the Use or Disclosure of PHI whether or not specifically referenced therein. In the event of any conflict or inconsistency between a provision of this BAA and a provision of any other agreement between Business Associate and Covered Entity, the provision of this BAA shall control unless the provision in such other agreement establishes additional rights for Business Associate or additional duties for or restrictions on Business Associate with respect to PHI, in which case the provision of such other agreement will control.

5.10 Insurance. In addition to any general and/or professional liability insurance required of Business Associate under the Services Agreement, Business Associate agrees to obtain and maintain, at its sole expense, liability insurance on an occurrence basis, covering any and all claims, liabilities, demands, damages, losses, costs expenses, fines, and compliance costs arising from a breach of the obligations of Business Associate, its officers, employees, agents and Subcontractors under this BAA. Without limiting the foregoing, at a minimum, Business Associate's required insurance under this Section shall include cyber liability insurance covering breach notification expenses, network security and privacy liability. The insurance coverage limits, per claim and in the aggregate, shall not be less than the following amounts based upon the number of unique patient served under this agreement:

County

More than 60,000	$10,000,000

If the Business Associate maintains broader coverage and/or higher limits than these minimums, the Covered Entity requires, and shall be entitled to, the broader coverage and/or the higher limits maintained by the Business Associate. Any available insurance proceeds in excess of the specified minimum limits of insurance and coverage shall be

Docusign Envelope ID: B25DA299-A1E0-4563-9EDA-0DABB2DDA12C

available to the Covered Entity. Such insurance coverage will be maintained for the term of this BAA, and a copy of such policy or a certificate evidencing the policy shall be provided to Covered Entity at Covered Entity's request.

5.11 Legal Actions. Promptly, but no later than five (5) calendar days after notice thereof, Business Associate shall advise Covered Entity of any actual or potential action, proceeding, regulatory or governmental orders or actions, or any material threat thereof that becomes known to it that may affect the interests of Covered Entity or jeopardize this BAA, and of any facts and circumstances that may be pertinent to the prosecution or defense of any such actual or potential legal action or proceeding, except to the extent prohibited by law. 5.13 Assistance in Litigation or Administrative Proceedings. Business Associate shall make itself, and any Subcontractors, employees, or agents assisting Business Associate in the performance of its obligations under any Services Agreements, available to Covered Entity, at no cost to Covered Entity, to testify in any claim commenced against Covered Entity, its directors, officers, employees, successors, and assigns based upon claimed violation by Business Associate or its agents or subcontractors of HIPAA or other applicable law, except where Business Associate or its Subcontractor, employee, or agent is a named adverse party.

5.14 No Offshore Work. In performing the Services for, or on behalf of, Covered Entity, Business Associate shall not, and shall not permit any of its Subcontractors, to transmit or make available any PHI to any entity or individual outside the United States without the prior written consent of Covered Entity.

5.15 Information Blocking Rules. Business Associate shall not take any action, or refuse to take any action, with regard to Covered Entity's electronic health information that would result in "information blocking" as prohibited by 42 U.S.C. § 300jj-52 and 45 C.F.R. Part 171 (collectively, "Information Blocking Rules"). Business Associate and Covered Entity shall cooperate in good faith to ensure Covered Entity's electronic health information is accessed, exchanged, and used in compliance with the Information Blocking Rules.

THIS AGREEMENT (the "Agreement") is made and entered effective the 1st day of January 2026 ("Effective Date"), by and between County of Monterey, for services at **Natividad Medical Center** ("Member" or "Client"), and HPC International, Inc. (dba **HPC),** an Illinois company ("HPC" or "Supplier"). Member and HPC are sometimes referred to herein individually as a "Party" and collectively as the "Parties". This Agreement is subject to the Product Supplier Agreement between Vizient Supply, LLC ("Vizient") and HPC (the "Vizient Agreement"). Notwithstanding anything to the contrary in this Agreement, or in any order acknowledgement, instrument, correspondence or other terms or conditions provided, presented or submitted, from time to time, by HPC or its representatives to, or executed by, any Member (any of the foregoing, "HPC's Other Terms"), HPC hereby expressly agrees and acknowledges that none of the rights and remedies of Members, or the obligations and liabilities of HPC, contained in the Vizient Agreement shall be reduced, eliminated, superseded or otherwise affected by any of the terms, conditions, limitations, disclaimers, restrictions or other provisions set forth in this Agreement or in any of HPC's Other Terms.

WHEREAS, Member and HPC are entering into this certain Supplier Agreement which is further identified as Supplier contract number _NMC-LMS-2026-VIZ_ (as may be amended from time-to-time, the "Agreement"); and

WHEREAS, the Parties create this Agreement pursuant to the terms, covenants and conditions set forth herein as it pertains to the specific products and services (the "Products & Services") which are further described in Vizient Exhibit A.

NOW THEREFORE, in consideration of the mutual covenants and conditions hereinafter expressed, the Parties agree as follows:

1. Defined Terms. Unless otherwise defined herein, all capitalized terms used in this Agreement shall have the same meanings as those defined in the Vizient Agreement BP0120.

2. Term and Termination.

   A. Term. This Agreement shall have an initial term of three (3) years beginning on January 1, 2026 and expiring on December 31, 2028 (the "Initial Term"). Parties may extend via written amendment signed by both parties.

Docusign Envelope ID: 303F2FD7-49AB-434D-850F-88CDAE74DC4B

Full payment of all earned and invoiced revenue through the date of termination is due to HPC prior to the termination becoming effective.

In the event the source of funding for HPC's services is covered through local, state or federal government funds and in the event those funds become unavailable to Client (i.e. a non-appropriation of funds), this Agreement may be immediately terminated by Client without advance notice to HPC, provided that full payment to HPC is made for all services rendered and already performed through the date of immediate termination. Failure to pay or delayed payment to HPC for services rendered will be considered unacceptable and a material breach of this Agreement, and HPC reserves the right to take legal action against the Client to recoup any outstanding balance due.

C. Termination of Prior Agreement. HPC and Client previously entered into a service agreement effective May 1, 2022 (the "Prior Agreement"). HPC and Client wish to mutually terminate all obligations between the parties arising from the Prior Agreement, effective as of the Effective Date of this Agreement.    B.

4. Non-Payment or Insolvency of a Member. In the event that a Member fails to pay Supplier for Products, becomes bankrupt or insolvent, makes an assignment for the benefit of creditors or goes into liquidation, or if proceedings are initiated for the purpose of having a receiving order or winding up order made against a Member, or if a Member applies to the courts for protection from its creditors, then this Agreement shall not terminate, but HPC shall have the right to discontinue the sale of Products and Services to that Member and to seek the full collection by any means necessary of all unpaid outstanding invoices due to HPC for services rendered.

5. Miscellaneous.

   A. Deliverables vary by service, as described in detail in EXHIBIT 1 (**HPC**Librarian).

   B. Member and HPC each represent and warrant to the other that the person signing this Agreement on its respective behalf has the requisite authority and power to do so, and to thereby bind the Party on whose behalf such person is signing.

   C. This Agreement may be executed in a number of identical counterparts which, taken together, shall constitute collectively one Agreement.

   D. Any changes to this Agreement, the Exhibits and/or the Attachments must be made in writing after mutual agreement of the Parties.

   E. A waiver of any breach of this Agreement of any of the terms or conditions by either Party thereto shall not be deemed a waiver of any repetition of such breach or in any way affect any other terms or conditions hereof; no waiver shall be valid or binding unless in writing and signed by all Parties.

Docusign Envelope ID: 303F2FD7-49AB-434D-850F-88CDAE74DC4B

6. Independent Contractors. For the purposes of this Agreement, the Parties are acting as independent contractors. Neither Party has any authority to act as agent for, or on behalf of, the other Party, or to represent or bind the other Party, in any manner without its prior written consent. Member shall not be entitled to worker's compensation, retirement, insurance, or other benefits afforded to employees of HPC, and likewise HPC shall not be entitled to worker's compensation, retirement, insurance, or other benefits afforded to employees of Member. Confidentiality and Proprietary Information. The Parties mutually agree that all knowledge and information regarding and related to the products, services, processes, terms and deliverables under this Agreement are proprietary and/or confidential in nature. Each party forever agrees not to use the confidential/proprietary information disclosed to it by the other party for its own use or for any other purpose except to carry out this Agreement, and each party forever agrees not to disclose such information to any unauthorized party, individual, agency, entity or medium without the express written consent of the other party. HPC considers its specialized training of its employees, the operational processes it has developed, the technological systems it has created, the deliverables of its services, the customized reporting it provides, and the services it offers as the exclusive proprietary and confidential information of HPC. During the Term of this Agreement, including any extensions thereof, neither party shall knowingly recruit, solicit, employ, provide internship to, promise to hire, or hire any of the other party's employees assigned to this project or assigned to HPC's HPCLibrarian division(s) for the duration of this Agreement and for an additional two years thereafter. Confidential information of the Parties does not include information that is or becomes publicly known or available as a result of Member's proper compliance with the California Public Records Act.

Acceptance or approval of insurance shall in no way modify or change the indemnification clause in this Agreement, which shall continue in full force and effect.

HPC shall at all times during the term of this Agreement maintain in force the insurance coverage required under this Agreement and shall send, without demand by Client, annual certificates to Client's Contracts/Purchasing Department. If the certificate is not received by the expiration date, Client shall notify HPC and HPC shall have five calendar days to send in the certificate, evidencing no lapse in coverage during the interim.
