II. BACKGROUND

Medical-legal partnership (MLP) is an approach to health that integrates healthcare and legal services to positively impact social challenges that can adversely influence health, commonly called Social Determinants of Health (SDOH). Legal professionals meet with patients on-site in the healthcare setting to provide legal services that can positively impact social determinants of health, including income, housing, education, workplace safety, and physical environment. This MLP will be between the County of Monterey ("County"), on behalf of the Clinic Services Bureau ("CSB") and California Rural Legal Assistance, Inc. ("CRLA" or "CONTRACTOR").

The County owns and operates various community clinics pursuant to Section 1206(b) of the California Health and Safety Code and designated as Federally Qualified Health Center (each, a "Clinic" and collectively, the "Clinics"). Under the direction of the County and governance of the Community Health Center Board ("CHCB"), the Clinics provide preventative, primary, and specialty medical care services.

CRLA is a community partner with a 50-year history of working with underserved populations,

Established in 1966, CRLA serves over 43,000 low-income individuals residing in 24 rural counties across California every year. CRLA's mission is to fight for justice and individual rights alongside the most exploited communities of our society. CRLA meets its mission through a combination of advocacy strategies that: (1) provide high-quality, no cost legal services; (2) ensures the equitable distribution of resources in rural communities; and (3) protect the rights of low-income individuals to seek justice under the law. Consistent with its mission, CRLA has a robust statewide expertise and specialized programs serving the LGBT+ population, addressing fair housing issues, and has strong contacts with Monterey County's Spanish and indigenous language speaking populations. The CRLA office in
