CA RANCHES LLC and REYNOLDS LAND & CATTLE CO.
(PLN230230) LOCATED OFF OF LONOAK ROAD, KING
CITY, CENTRAL SALINAS VALLEY AREA PLAN (APNs:
419-151-014-000 & 419-151-015-000)

The CA RANCHES LLC and REYNOLDS LAND & CATTLE CO. application (PLN230230) came on for a public hearing before the Board of Supervisors of the County of Monterey on October 15, 2024, and June 24, 2025. Having considered all the written and documentary evidence, the administrative record, the staff report, oral testimony, and other evidence presented, the Board of Supervisors finds and decides as follows:

FINDINGS

1. **FINDING:** **PROCESS** – The County has processed the subject Lot Line Adjustment Permit Application (HCD-Planning File No. PLN230230 / CA Ranches LLC [CA Ranches] and Reynolds Land and Cattle Co. [Reynolds]).
- EVIDENCE:**
- a) On August 1, 2023, pursuant to Monterey County Code (Title 21) Chapter 19.09, CA Ranches LLC and Reynolds Land and Cattle Co. (applicants) filed an application for a Lot Line Adjustment between two (2) legal lots of record: Parcel 1 (Assessor's Parcel Number 419-151-015-000) consisting of 388 acres subject to Agricultural Preserve and Land Conservation Contract No. 68-34 established by County pursuant to Board of Supervisors' Resolution No. 68-56-34 and Parcel 2 (Assessor's Parcel Number 419-151-014-000) consisting of 471.77 acres subject to Agricultural Preserve and Land Conservation Contract No. 69-2 established by Board of Supervisors' Resolution No. 69-35-2, with the intent to reconfigure Parcel 1 (Assessor's Parcel Number 419-151-015-000) and Parcel 2 (Assessor's Parcel Number 419-151-014-000) into two (2) legal lots, 254.65 (adjusted Parcel 1A) and 605.12 acres (adjusted Parcel 2A) located off of Lonoak Road, King City, Central Salinas Valley Area Plan.
 - b) The project was referred to the Agricultural Advisory Committee (AAC) for review. The AAC, at a duly noticed public meeting at which all persons had an opportunity to be heard, reviewed the proposed Lot Line Adjustment on June 27, 2024. See Finding No. 2 (Consistency), Evidence "k".
 - c) The project was referred to the South County Land Use Advisory Committee (LUAC) for review. The LUAC, at a duly noticed public meeting at which all persons had an opportunity to be heard, reviewed the proposed Lot Line Adjustment on June 18, 2025.
 - d) On October 15, 2024, after review of the application and submitted documents, and a duly noticed public hearing at which all persons had the opportunity to be heard, the Board of Supervisors continued the project to allow for additional time for staff to conduct a parcel legality status determination. (See Finding 2. Evidence c) Lot Legality below).
 - e) The application, project plans, and related support materials submitted by the project applicant to County of Monterey HCD-Planning for the

proposed development found in Project File No. PLN230230; Clerk of the Board of Supervisors' file(s).

2. **FINDING:**

CONSISTENCY – The Project, as conditioned, is consistent with the policies of the 2010 Monterey County General Plan and Central Salinas Valley Area Plan, the requirements of the subdivision ordinance and zoning ordinance (Title 19 and 21, respectively), and Section 51257 of the California Government Code (Williamson Act).

EVIDENCE:

- a) The properties are located off of Lonoak Road, King City, Central Salinas Valley Area Plan (Accessors Parcel Numbers: 419-151-014-000 & 419-151-015-000).
- b) Allowed Uses. The project involves a Lot Line Adjustment between two legal lots of record: Parcel 1 (Assessor's Parcel Number 419-151-015-000) consisting of 388 acres and Parcel 2 (Assessor's Parcel Number 419-151-014-000) consisting of 471.77 acres, resulting in two legal lots, 254.65 (adjusted Parcel 1) and 605.12 acres (adjusted Parcel 2). Parcel 1 is split zoned Permanent Grazing, 40 acres per unit [PG/40], and Farmland, 40 acres per unit [F/40] while Parcel 2 is zoned Permanent Grazing, 40 acres per unit [PG/40]. The current use of the properties is cattle grazing, with no changes proposed. Cattle grazing is consistent with the applicable agricultural zoning designations.
- c) Lot Legality. Parcel 1 (388 acres in size) is identified in its current configuration, and under separate ownership, as the North half and the North half of the Southeast quarter of Section 28, in Township 19 South, Range 9 East of Mount Diablo and Meridian, as described and recorded in the original patent on March 1, 1909; excluding a portion of the Southwest quarter of the Northwest quarter, as described in the Grant Deed to Eades recorded on March 30, 1918, in Book 156, Page 427 of Deeds, in Monterey County Records of Section 28, Township 19 South, Range 9 East, Mount Diablo and Meridian. Parcel 2 (471.77 acres in size) is identified in its current configuration, and under separate ownership, as the Southwest quarter and West half of the Southeast quarter of Section 35, the East half of the Southeast quarter of Section 27, in Township 19 South, Range 9 East of Mount Diablo and Meridian. The South half of the North half of Section 27, in Township 19 South, Range 9 East of Mount Diablo Base and Meridian; excluding the portion illustrated in the Survey of Certain Parcels for Exchanges of Deeds prepared in January 1926. And the North half of the Northeast quarter of Section 27, in Township 19 South, Range 9 East of Mount Diablo Base and Meridian as described as Lot 4 on the Survey of Certain Parcels for Exchange of Deeds prepared in January 1926. Therefore, the County recognizes Parcels 1 and 2 as being legal lots of record.
- d) Williamson Act Contracts. Currently, both Parcel 1 and Parcel 2 are under Williamson Act Agricultural Preserve (AGP) and Land Conservation Contract (LCC). Parcel 1 is located in AGP/LCC No. 69-2, established by Board of Supervisor Resolution No. 69-35-2 and

Parcel 2 is located in AGP/LCC No. 68-34, established by Board of Supervisor Resolution No. 68-56-34.

- e) The purpose of the Lot Line Adjustment is for CA Ranches LLC (CA Ranches) (owner of Parcel 2) to acquire 133.35 acres from Reynolds Land & Cattle Co. (Reynolds) (owner of Parcel 1) to provide CA Ranches with direct access from Lonoak Road. Both parcels are currently undeveloped with the principal use being cattle grazing. The agricultural uses on Parcel 1 and Parcel 2 are compatible with AGP/LCC No. 69-2 (Document No. 05436, Reel 595, Pages 212 to 222) established pursuant to Board of Supervisors Resolution No. 69-35-2 dated January 23, 1969, and AGP/LCC No. 34 (Document No. 05591, Reel 545, Pages 806 to 822) established pursuant to Board of Supervisors Resolution No. 68-56-34 dated February 27, 1968.
- f) The lot line adjustment would require that the Williamson Act contracts be amended to reflect the new parcel configuration and legal descriptions. The lot line adjustment will not reduce the acreage of property under the contract or effect the current agricultural operations at the site; nor change the collective exterior boundaries of the adjacent Williamson Act Contracts.
- g) Adjusted Parcels 1 and 2 will continue to be in conformance with the minimum lot size requirements of F/40 and PG/40 zoning districts. The Lot Line Adjustment will result in two legal lots consisting of 254.65 acres (adjusted Parcel 1 [owned by Reynolds]) and 605.12 acres (adjusted Parcel 2 [owned by CA Ranches]). Both properties continuing to contain more than 40 acres.
- h) No changes to the use of the property or the construction of structures are proposed as part of this Lot Line Adjustment.
- i) The proposed Lot Line Adjustment would promote appropriate and orderly growth and development while protecting desirable land uses, in this case, agricultural land uses pursuant to the General Plan Goal Policy 26. The proposed Lot Line Adjustment will provide for a superior lot configuration by allowing access to the resulting parcels directly from a public road eliminating the need for easements across land under separate ownership without impacting the ability of the properties to continue the grazing use.
- j) No conflicts were found to exist. No communications were received during the course of review of the project indicating any inconsistencies with the text, policies, and regulations in the 2010 Monterey County General Plan and Central Salinas Valley Area Plan, the requirements of the subdivision ordinance and zoning ordinance (Title 19 and 21, respectively) and Section 51257 of the California Government Code (Williamson Act).
- k) Agricultural Advisory Committee (AAC). The project was referred to the Agricultural Advisory Committee (AAC) for review on June 27, 2024. The AAC unanimously recommended approval by a vote of 10 – 0, with 2 members absent, to support the project.
- l) Land Use Advisory Committee (LUAC). Based on the Land Use Advisory Committee (LUAC) Procedure Guidelines adopted by the

Monterey County Board of Supervisors, this application warranted referral to the LUAC because it involves a lot line adjustment with parcels under Williamson Act contracts (see Evidence “d”). The project was referred to the South County LUAC for review on June 18, 2025. The LUAC vote was verbally provided to the Board prior to adoption of this resolution.

- m) The application, project map, and related support materials submitted by the project applicant to the Department of Housing and Community Development – Planning of the County of Monterey (HCD-Planning) for the proposed development found in Project File PLN230230.

2. **FINDING:** **SITE SUITABILITY** – The site is physically suitable for the use proposed.

- EVIDENCE:**
- a) The project has been reviewed for site suitability by the following departments and agencies: HCD-Planning, HCD-Engineering Services, HCD-Environmental Services, Environmental Health Bureau, and the South County Fire Protection District. Conditions recommended by HCD-Planning, Environmental Health Bureau, and HCD Environmental Services have been incorporated.
 - b) The project planner reviewed the submitted maps and support materials to verify that the project conforms to the plans listed above and that the project site is suitable for the proposed use. The use of the properties will not change as a result of the Lot Line Adjustment.
 - c) The application, project map, and related support materials submitted by the project applicant to HCD-Planning for the proposed development found in Project File PLN230230.

3. **FINDING:** **HEALTH AND SAFETY** - The establishment, maintenance, or operation of the project applied for, will not, under the circumstances of the particular case, be detrimental to the health, safety, peace, morals, comfort, and general welfare of persons residing or working in the neighborhood of such proposed use, or be detrimental or injurious to property and improvements in the neighborhood, or to the general welfare of the County.

- EVIDENCE:**
- a) The project has been reviewed for site suitability by the following departments and agencies: HCD-Planning, HCD-Environmental Services, Environmental Health Bureau, and the South County Fire Protection District. The respective agencies have recommended conditions, where appropriate, to ensure that the project will not have an adverse effect on the health, safety, and welfare of persons either residing or working in the neighborhood.
 - b) The Environmental Health Bureau (EHB) reviewed the project application and observed no wells or septic systems near the proposed lot line. EHB had no issues with the proposed Lot Line Adjustment.
 - c) The application, project map, and related support materials submitted by the project applicant to HCD-Planning for the proposed development found in Project File PLN230230.
 - d) No changes to the existing use or operations are proposed.

4. **FINDING:** **NO VIOLATIONS** - The subject property is in compliance with all rules and regulations pertaining to zoning uses, subdivision, and any other applicable provisions of the County's zoning ordinance. No violations exist on the property.
- EVIDENCE:**
- a) Staff reviewed HCD - Planning and Building Services Department records and is not aware of any violations existing on the subject property.
 - b) There are no structures on the properties.
 - c) The application, project map, and related support materials submitted by the project applicant to HCD-Planning for the proposed Lot Line Adjustment found in Project File PLN230230.
5. **FINDING:**
- a) **CALIFORNIA ENVIRONMENTAL QUALITY ACT (CEQA) (EXEMPT)** – The project is categorically exempt from environmental review and no unusual circumstances were identified to exist for the proposed project. The proposed Lot Line Adjustment qualifies for a Class 5 categorical exemption as a minor lot line adjustment which does not result in any changes in land use or density; therefore, it is Categorically Exempt pursuant to California Code of Regulations (CCR) Section 15305(a) of the CEQA Guidelines, and there are no exceptions pursuant to CCR Section 15300.2 of the CEQA Guidelines.
 - b) California Environmental Quality Act (CEQA) Guidelines CCR Section 15305(a) categorically exempts minor lot line adjustments not resulting in the creation of any new parcel. The County, pursuant to Monterey County Code Title 19 (Subdivision Ordinance) Section 19.09.005.C, has determined that lot line adjustments which do not result in the relocation of the building area are consistent with the intent of the categorical exemption for minor lot line adjustments. This determination and application to the subject lot line adjustment is also consistent with CEQA Guidelines CCR Section 15305(a), which exempts minor lot line adjustments, side yard, and set back variances not resulting in the creation of any new parcel.
 - c) None of the exceptions under CEQA Guidelines CCR Section 15300.2 apply to this project. The proposed project would not have a significant impact on any resources. There is not a reasonable possibility that the project will have a significant effect on the environment due to unusual circumstances. The site is not located in a sensitive environment. There are no significant cumulative effects from the Lot Line Adjustment on surrounding lands. There are no historical resources nor hazardous waste sites involved. The Lot Line Adjustment will not have a significant effect on the environment and qualifies for a categorical exemption as a minor alteration in land use. The proposed Lot Line Adjustment will not intensify the level of development allowed on the parcels.
 - d) The application, project map, and related support materials submitted by the project applicant to HCD-Planning for the proposed development found in Project File PLN230230.

6. **FINDING:** **LOT LINE ADJUSTMENT** – Section 66412(d) of the California Government Code (Subdivision Map Act) and Title 19 (Subdivision Ordinance) of the Monterey County Code (MCC) allow a lot line adjustment that meets the following standards:

1. The lot line adjustment is between four or fewer existing adjoining parcels;
2. A greater number of parcels than originally existed will not be created as a result of the lot line adjustment;
3. The parcels resulting from the lot line adjustment conform to the County’s general plan, any applicable specific plan and zoning and building ordinances.

As proposed, the project meets these standards.

- EVIDENCE:**
- a) The subject Lot Line Adjustment is between two existing adjacent legal lots of record and will result in two lots of record.
 - b) No additional developable parcels will be created.
 - c) The parcels from the proposed lot line adjustment will conform to the County’s General Plan, area plan, zoning and building ordinances. See evidence in Finding No. 1 and supporting evidence.
 - d) The application, project map, and related support materials submitted by the project applicant to HCD-Planning for the proposed development found in Project File PLN230230.

7. **FINDING:** **WILLIAMSON ACT – CONTRACTS** – Pursuant to California Government Code Section 51257(a)(1), the new or amended Contract or Contracts would enforceably restrict the adjusted boundaries of the parcel for an initial term for at least as long as the unexpired term of the rescinded Contract or Contracts, but for not less than ten (10) years.

- EVIDENCE:**
- a) Parcel 1 is subject to LCC No. 69-2 which provides for a twenty-year term. Parcel 2 is subject to LCC No. 34 which provides for a ten-year term. The new or amended Williamson Act Contracts shall be applicable to the corresponding reconfigured parcels.
 - b) The terms of the original Land Conservation Contracts renew annually on each succeeding January 1; the term of the new or amended Contract or Contracts shall be automatically renewed on January 1 and one additional year shall be added automatically to the initial term unless notice of nonrenewal is given.
 - c) The new or amended Land Conservation Contract(s) will rescind a portion of the existing Land Conservation Contract(s) as applicable to the reconfigured lots and simultaneously execute new or amended Land Conservation Contract(s) for the reconfigured lots between the County and the property owners reflecting the new legal descriptions, current ownership interests and incorporate any legislative changes to State Williamson Act provisions and current County Agricultural Preserve Policies or Procedures which provide for twenty year terms.

8. **FINDING:** **WILLIAMSON ACT – NO NET ACREAGE DECREASE -**

- EVIDENCE:**
- a) Pursuant to California Government Code Section 51257(a)(2), there is no net decrease in the amount of the acreage restricted. The proposed Lot Line Adjustment will adjust the legal lots of record; however, the adjustment will not result in a net loss of acreage under the Williamson Act Contracts. The total acreage of the proposed parcels will remain the same as the current acreage.
 - b) A condition of approval shall require that a surveyor prepare legal descriptions for each newly configured parcel and submit them to HCD-Planning for review and approval for recordation with the Monterey County Assessor-Recorder's Office as attachments to the Certificates of Compliance for the reconfigured parcels.
 - c) The application, plans, and related support materials found in HCD-Planning File No. PLN230230.

- 9. FINDINGS:** **WILLIAMSON ACT – NEW CONTRACTS** - Pursuant to California Government Code Section 51257(a)(3), at least 90 percent of the land under the former Contract or Contracts remains under the new or amended Contract or Contracts.

- EVIDENCE:**
- a) The proposed new or amended Contracts will continue to cover at least 90 percent of the lots which are subject to Land Conservation Contract No. 68-34 and Land Conservation Contract No. 69-2 as applicable.
 - b) The application, plans, and related support materials found in HCD-Planning File No. PLN230230.

- 10. FINDING:** **WILLIAMSON ACT – SUSTAIN AGRICULTURAL USE** - Pursuant to California Government Code Section 51257(a)(4), after the Lot Line Adjustment, the parcels of land subject to Contract will be large enough to sustain their agricultural use, as defined in Section 51222.

- EVIDENCE:**
- a) The proposed Lot Line Adjustment shall reflect the redistribution of 859.77 acres of land subject to Land Conservation Contract No. 68-34 and Land Conservation Contract No. 69-2.
 - b) Pursuant to California Government Code Section 51222 (Williamson Act), "agricultural land shall be presumed to be in parcels large enough to sustain their agricultural use if the land is (1) at least 10 acres in size in the case of prime agricultural land, or (2) at least 40 acres in size in the case of land which is not prime agricultural land." All resulting parcels will be greater than 40 acres in size (minimum size of 254.65 acres and maximum size of 605.12 acres). Therefore, the adjusted parcels will be large enough to continue to sustain their agriculture use.
 - c) The application, plans, and related support materials found in Planning File No. PLN230230.

- 11. FINDINGS:** **WILLIAMSON ACT – LONG-TERM AGRICULTURAL PRODUCTIVITY** - Pursuant to California Government Code Section 51257(a)(5), the Lot Line Adjustment would not compromise the long-term agricultural productivity of the parcel or other agricultural lands

EVIDENCE: a) subject to a Contract or Contracts.
Resulting Parcel 2 (owned by CA Ranches) will have direct access to Lonoak Road. Parcel 1 (owned by Reynolds) will continue to have direct access to Lonoak Road; therefore, the Lot Line Adjustment will allow the property owners to efficiently sustain and facilitate their existing agricultural operations.

12. FINDING: **WILLIAMSON ACT – ADJACENT AGRICULTURAL LAND USE** - Pursuant to California Government Code Section 51257(a)(6), the Lot Line Adjustment is not likely to result in the removal of adjacent land from agricultural use.

EVIDENCE: a) The subject parcels and surrounding area are designated either Permanent Grazing – 40-acre minimum Zoning District [PG/40] or Farmland– 40-acre minimum Zoning District [F/40], or a combination of both. The Lot Line Adjustment will not affect the current agricultural operations on the subject parcels or adjacent parcels. No physical development is proposed. The adjustment would not allow any uses that could not also occur under the current configuration.
b) The application, plans, and related support materials found in Planning File No. PLN230230.

13. FINDING: **WILLIAMSON ACT – NO NEW DEVELOPABLE PARCELS** - Pursuant to California Government Code Section 51257(a)(7), the Lot Line Adjustment does not result in a greater number of developable parcels than existed prior to the adjustment, or an adjusted lot that is inconsistent with the general plan.

EVIDENCE: a) The two reconfigured lots do not result in a greater number of developable parcels than existed prior to the adjustment. See Finding No. 6 and supporting evidence.
b) The application, plans, and related support materials found in Planning File No. PLN230230.

DECISION

NOW, THEREFORE, based on the above findings and evidence, the Board of Supervisors of the County of Monterey does hereby:

1. Find the project qualifies for a Class 5 categorical exemption as a minor lot line adjustment which does not result in any changes in land use or density pursuant to California Code of Regulations (CCR) Section 15305(a) of the California Environmental Quality Act (CEQA) Guidelines, and there are no exceptions pursuant to CCR Section 15300.2 of the CEQA Guidelines;

Approve a Lot Line Adjustment between two legal lots of record: Parcel 1 (Assessor's Parcel Number 419-151-015-000) consisting of 388 acres subject to Agricultural Preserve and Land Conservation Contract No. 68-34 established by County pursuant to Board of Supervisors' Resolution No. 68-56-34 and Parcel 2 (Assessor's Parcel Number 419-151-014-000) consisting of 471.77 acres subject to Agricultural Preserve and Land Conservation Contract No. 69-2 established by County pursuant to Board of Supervisors'

Resolution No. 69-35-2, resulting in two legal lots, 254.65 (adjusted Parcel 1) and 605.12 acres (adjusted Parcel 2), with no net change in acreage under the Williamson Act Land Conservation Contracts;

3. Authorize the Chair to execute new or amended Land Conservation Contract(s) in order to rescind a portion of the existing Land Conservation Contracts as applicable to the reconfigured lots only and simultaneously execute a new or amended Land Conservation Contract or Contracts for the reconfigured lots between the County and the property owners of record reflecting the new legal descriptions, current ownership interests and to incorporate any legislative changes to State Williamson Act provisions and current County Agricultural Preserve Policies or Procedures; and
4. Direct the Clerk of the Board to record the new or amended Land Conservation Contract or Contracts with the County Recorder and file the Lot Line Adjustment Map with the County Recorder for recording with all applicable recording fees paid by the Property Owners of record in conformance with the attached Lot Line Adjustment map.
