Re: Bio - Board Reappointment Northern Salinas Valley Mosquito Abatement District

Dear Board of Supervisors,

My Name is Jeff Cecilio and I am writing this bio for you to get to know a little bit about my-self as a Trustee who sits on the Board of Trustees at The Northern Salinas Valley Mosquito Abatement.

In November of 2006, I won the City Council seat for the City Of Del Rey Oaks and was appointed to the Board of Trustees of The Northern Salinas Valley Mosquito Abatement District. I chose not to run for City Council for the City of Del Rey Oaks in 2016 which would mean that my seat at the Mosquito District would expire as well. The Board of Trustees did, however, recommend me for the County at Large position on the Board, which was vacant at the time.

As a local business owner of Monterey Fire, I am concerned with the health and safety of other local businesses. My wife and I have been serving the community by providing fire protection and safety products since 1981 to the residents of Monterey County and have expanded beyond the County. That is why I fit so well with my current position, as the Mosquito District is very concerned with public health and safety.

I have served as Board President for The Northern Salinas Valley Mosquito Abatement District since 2012. Over the years we have made very positive changes in the overall strategic plan of the District. Currently we are in the process of owning and developing land for the District. This is a positive move toward independence, the District has never owned property, they have only leased it.

Please feel free to reach out to me if you would like any other information. It has been my pleasure to continue to serve on the Mosquito District's Board.

Sincerely,

Jeff Cecilio
