A. INTRODUCTION

I. Background on Region 4 Education Service Center

Region 4 Education Service Center (“Region 4 ESC” herein “Lead Public Agency”) on behalf of itself and all state, local governments, school districts, and higher education institutions in the United States of America, and other government agencies and non-profit organizations (herein “Participating Agencies”) solicits proposals from qualified Offerors to enter into a Vendor Contract (“contract”) for the goods or services solicited in this proposal.

Contracts are approved and awarded by a single governmental entity, Region 4 ESC, and are only available for use and benefit of all entities complying with state procurement laws and regulations (public and private schools, colleges and universities, cities, counties, non-profits, and all governmental entities). These types of contracts are commonly referred to as being “piggybackable”.

Region 4 ESC’s purchasing cooperative was established in 1997 as a means to increase their economic and operational efficiency. The purchasing cooperative has since evolved into a National Cooperative used to assist other government and public entities increase their economical and operational efficiency when procuring goods and services.

II. What is the role of The Cooperative Purchasing Network (“TCPN”)

The Cooperative Purchasing Network (“TCPN”) assists Region 4 ESC in helping other public agencies and non-profits reap the benefits of national leveraged pricing, with no cost to the member. TCPN leverages one of the largest pools of purchasing potential. This is accomplished by competitively soliciting proposals and awarding contracts for commonly purchased products and services. Through the TCPN solicitation process, Region 4 ESC awards contracts covering Facilities, Furniture, Office Supplies & Equipment, Security Systems, and Technology and other goods and services industries.

III. Purpose of TCPN

- Provide governmental and public entities opportunities for greater efficiency and economy in procuring goods and services.
- Take advantage of state-of-the-art purchasing procedures to ensure the most competitive contracts.
- Provide competitive price and bulk purchasing for multiple government or public entities that yields economic benefits unobtainable by the individual entity.
- Provide quick and efficient delivery of goods and services.
- Equalize purchasing power for smaller agencies that are unable to command the best contracts for themselves.
- Help in assisting with use of best business practices.

IV. Customer Service

- TCPN is dedicated to making our contracts successful for both our members and our awarded vendors.
- TCPN is committed to providing our members and awarded vendors with high quality service.
- TCPN has dedicated staff available to answer questions, offer guidance and help in any way possible.

B. SCOPE

It is the intention of Region 4 ESC to establish a contract with vendor(s) for Oracle Products and Related Services. Awarded vendor(s) shall perform covered services under the terms of this agreement. Offerors shall provide pricing based on a discount from a manufacturer's price list or catalog, or fixed price, or a combination of both with indefinite quantities. Electronic Catalog and/or price lists must accompany the proposal. Include an electronic copy of the catalog from which discount, or fixed price, is calculated. Multiple percentage discount structure is also acceptable. Please specify where different percentage discounts apply. Additional pricing and/or discounts may be included. If Offeror has existing cooperative contracts in place, Offeror is requested to submit pricing equal or better than those in place.

Each service proposed is to be priced separately with all ineligible items identified. Services may be awarded to multiple vendors. Offerors may elect to limit their proposals to a single service within any category, or multiple services within any or all categories.

Region 4 ESC is seeking a service provider that has the depth, breadth and quality of resources necessary to complete all phases of this contract. In addition, TCPN also requests any value add commodity or service that could be provided under this contract.

CONDITIONS OF SUBMITTING PROPOSALS

IX. Amendment of Proposal: A proposal may be amended up to the time of opening by submitting a sealed letter to the location indicated on the front page of this solicitation.

X. Withdrawal of Proposals: Withdrawal of proposals prior to the opening date will be permitted. Withdrawal of response will not be allowed for a period of 120 days following the opening. Pricing will remain firm for 120 days from submittal. However, consideration may be given in cases where Offeror advises that it made a clerical error that is substantially lower than it intended. In such case, Offeror must provide written notice of their desire to withdraw, along with supporting documents, within 3 business days of receiving the acceptance letter or of being requested by Region 4 ESC for clarification of the proposal, whichever is later. Any contracts entered into prior to Region 4 ESC receiving notice must be honored.

No Offeror should assume that their withdrawal request has been accepted unless, and until, they receive written acknowledgment and acceptance of their proposal withdrawal.

XI. Clarifications: Offeror may receive a written request to clarify, in writing, its proposal in order to determine whether a proposal should be considered for award. The process of clarification is not an opportunity for an Offeror to revise or modify its proposal, and any response by an Offeror to a written request for clarification that attempts to revise or modify its proposal shall be given no effect. The purpose of the request for clarification will be solely made for the purpose of eliminating minor irregularities, informalities, or apparent clerical mistakes in the proposal, which may be corrected or waived in the leading agency's sole discretion.

XII. Non-Responsive Proposals: All proposals will be reviewed for responsiveness to the material requirements of the solicitation. A proposal that is not materially responsive shall not be eligible for further consideration for award of the contract, and the Offeror shall receive notice of the rejection of its proposal.

XIII. Negotiations: Region 4 ESC shall determine which responsive proposals are in the competitive range and/or are reasonably susceptible of being selected for award. Proposals not in the competitive range may not be further evaluated. Proposals in the competitive range shall be evaluated on the basis of price and the other evaluation criteria set forth in the solicitation. In the event that Region 4 ESC decides to conduct negotiations, notice shall be provided to each Offeror whose proposal is being considered for award, which notice may identify, in general terms, the elements or factors upon which Region 4 ESC intends to base its negotiations. Offerors will not be assisted, in any way, to bring their proposal up to the level of other proposals through discussions. During the course of negotiations, no Offeror's technical proposal or pricing shall be revealed to any other Offeror or to any other person who is not involved with the evaluation process. Region 4 ESC will also not indicate to Offeror a cost or

price that it must meet to either obtain further consideration nor will it provide any information about other Offerors' proposals or prices.

XIV. Best and Final Offer: Region 4 ESC, in its sole discretion, may request all Offerors in the competitive range to submit a Best and Final Offer. Offerors must submit their Best and Final Offers in writing. If an Offeror does not respond to the request for a Best and Final Offer, that Offeror's most recent prior offer will be considered to be its Best and Final Offer.

XV. Specifications: When a solicitation contains a specification that states no substitutions, no deviation from this requirement will be permitted. Offeror must comply with the true intent of the specifications and drawings and not take advantage of any unintentional error or omission. In cases where no type and kind of product is specified, specifications have been developed to indicate minimal standards as to the usage, materials, and contents based on the needs of the members.

References to manufacturer's specifications (Design Guides), when used by Region 4 ESC, are to be considered informative to give the Offeror information as to the general style, type and kind requested. Responses proposing goods, materials or equipment regularly produced by a reputable manufacturer shall be evaluated by Region 4 ESC which will, in its sole discretion, determine whether such proposed goods, materials or equipment are substantially equivalent to the Design Guides, considering quality, workmanship, economy of operation, and suitability for the purpose intended. Offerors should include all documentation required to evaluate whether or not their proposed goods, materials or equipment are substantially equivalent to the Design Guides.

XVI. Quality of Materials or Services: Offeror shall state the brand name and number of the materials being provided. If none is indicated then it is understood that the offeror is quoting on the exact brand name and number specified or mentioned in the solicitation.

However, unless specifically stated otherwise, comparable substitutions will be permitted in cases where the material is equal to that specified, considering quality, workmanship, economy of operation and suitability for the purpose intended.

XVII. Samples: Upon request, samples shall be furnished, free of cost, within seven (7) days after receiving notice of such request. By submitting the proposal Offeror certifies that all materials conform to all applicable requirements of this solicitation and of those required by law. Offeror agrees to bear the costs for laboratory testing, if results show that the sample does not comply with solicitation requirements.

Submissions may be rejected for failing to submit samples as requested.

XVIII. Deviations and Exceptions: Deviations or exceptions stipulated in response may result in disqualification. It is the intent of Region 4 ESC to award a manufacturer's complete line of products, when possible.

XIX. Formation of Contract: A response to this solicitation is an offer to contract with Region 4 ESC based upon the terms, conditions, scope of work, and specifications contained in this request. A solicitation does not become a contract until it is awarded by Region 4 ESC. A contract is formed when Region 4 ESC's board signs the Vendor Contract Signature Form. The prospective vendor must submit a signed Vendor Signature Form with the response thus, eliminating the need for a formal signing process.

XX. Estimated Quantities: Region 4 ESC anticipates that a substantial number of participating members will enter into contracts resulting from this solicitation based on multiple surveys and usage of other contracts that may have included similar services, however, Region 4 ESC makes no guarantee or commitment of any kind concerning quantities or usage of contracts resulting from this solicitation. The volume for this contract is estimated to be in excess of \$75 million a year. This information is provided

solely as an aid to contract vendors in preparing proposals only. The successful Vendor(s) discount and pricing schedule shall apply regardless of the volume of business under the contract.

- XXI. Multiple Awards:** membership includes a large number of potential entities which may utilize this contract throughout the nation. In order to assure that any ensuing contract(s) will allow Region 4 ESC to fulfill current and future needs, Region 4 ESC reserves the right to award contract(s) to multiple vendors. The decision to award multiple contracts, award only one contract, or to make no awards rests solely with Region 4 ESC.
- XXII. Non-Exclusive:** Any contract resulting from this solicitation shall be awarded with the understanding and agreement that it is for the sole convenience and benefit of participating members. Region 4 ESC and participating entities reserve the right to obtain like goods and services from other sources.

AWARD PROCESS

- XXIII. Award or Rejection of Proposals:** In accordance with applicable laws, rules, and regulations for public purchasing, award(s) will be made to the prospective vendor whose response is determined to be the most advantageous to participating agencies, price and other factors considered. Region 4 ESC reserves the right to use a "Market Basket Survey" method, based on randomly selected criteria to determine the most advantageous response. To qualify for evaluation, a proposal must have been submitted on time, and satisfy all mandatory requirements identified in this solicitation. Proposals that are materially non-responsive will be rejected and the Offeror will be provided notice of such rejection.

The determination of whether information is confidential and not subject to disclosure is the duty of the Office of Attorney General (OAG). Region 4 ESC must provide the OAG sufficient information to render an opinion and therefore, vague and general claims to confidentiality by the Offeror are not acceptable. Region 4 ESC must comply with the opinions of the OAG. Region 4 ESC assumes no responsibility for asserting legal arguments on behalf of any Offeror. opposing party or parties when such settlement is unfavorable in the judgment of the party having the difficulty.

- 5.5 **Standard Cancellation**: Either party may cancel this contract in whole or in part by providing written notice. No products and/or services may be added to avoid competitive procurement requirements. Region 4 ESC may require additions to be submitted with documentation from Members demonstrating an interest in, or a potential requirement for, the new product or service. Region 4 ESC may reject any additions without cause.

GENERAL TERMS & CONDITIONS ACCEPTANCE FORM

Signature on Vendor Contract Signature form certifies complete acceptance of the General Terms and Conditions in this solicitation, except as noted below (additional pages may be attached, if necessary).

Check one of the following responses to the General Terms and Conditions:

- We take no exceptions/deviations to the general terms and conditions

(Note: If none are listed below, it is understood that no exceptions/deviations are taken.)

- We take the following exceptions/deviations to the general terms and conditions. All exceptions/deviations must be clearly explained. Reference the corresponding general terms and conditions that you are taking exceptions/deviations to. Clearly state if you are adding additional terms and conditions to the general terms and conditions. Provide details on your exceptions/deviations below:

(Note: Unacceptable exceptions shall remove your proposal from consideration for award. Region 4 ESC shall be the sole judge on the acceptance of exceptions/deviations and the decision shall be final.)

Mythics' Exceptions and Deviations

There are several provisions in TCPN's solicitation Mythics has identified as exceptions/deviations. Below we have referenced the corresponding general terms and conditions in the solicitation that require an exception/deviation and the rationale for the request.

D. General Terms and Instructions to Offerors, Section XVII. Samples.

Mythics proposes to revise the language identified in this section to read as follows:

Upon request, samples shall be furnished ~~as mutually agreed upon by Mythics and Participating Agencies, free of cost, within seven (7) days after receiving notice of such request.~~ By submitting the proposal Offeror certifies that all materials conform to all applicable requirements of this solicitation and of those required by law. ~~Offeror agrees to bear the costs for laboratory testing, if results show that the sample does not comply with solicitation.~~

- **Rationale.** Each request for sample products is unique in nature requiring different delivery times and terms and conditions. Thus, Mythics requires the ability to provide samples as mutually agreeable to Mythics and Participating Agencies. Since all products provided under any resulting contract award will be commercial items, laboratory testing is not required.

Appendix A, Vendor Contract and Signature Form, Section 2.1:

Mythics proposes to revise the language identified in this section to read as follows:

“Unless otherwise stated, all contracts are for a period of three (3) years with an option to renew annually for an additional two (2) years if ~~mutually~~ agreed to by Region 4 ESC and Mythics. Region 4 ESC will notify the vendor in writing if the contract is extended. Awarded vendor shall honor all administrative fees for any sales made based on the contract whether renewed or not.”

- **Rationale.** Mythics requests that exercising of option years are bilateral.

Appendix A, Vendor Contract and Signature Form, Section 9.1 Best Price Guarantee:

Mythics proposes to add the following interpretation to the contract:

“Section 9.1 shall be interpreted to exclude contracts for which Oracle approved special non-standard discounts greater than those offered to TCPN, which allowed Vendor to offer a lower price than provided under TCPN. Provided however, Vendor agrees to use best efforts to seek Oracle approval to allow Vendor to match such lower prices for individual procurement opportunities on a case by case basis.”

- **Rationale.** The Best Price Guarantee is subject to the interpretation language provided above.

Appendix A, Vendor Contract and Signature Form, Section 11.3 New products/Services:

Mythics proposes to the following language the provision:

The contract may be amended to include required Mythics/Oracle Agreements for new products and/or services added to the contract.

- **Rationale.** Mythics is contractually obligated, under Oracle's distribution agreement, to ensure the required Oracle agreements for new products and services are included in the contract.

Appendix A, Vendor Contract and Signature Form, Section 11.6 Warranty Conditions

Mythics proposes to revise the language identified in this section to read as follows:

All supplies, equipment and services shall include manufacturer's minimum standard warranty and ~~one (1) year~~ labor warranty ~~unless otherwise agreed to in writing~~ in accordance with the MLSA HWSW and/or any applicable Oracle Agreement.

- **Rationale.** All standard commercial and labor warranties will be in accordance with the MLSA and/or any applicable Oracle Agreement.

Additional Contact Terms and Conditions

Mythics proposes to add the following provisions to TCPN's Special terms and conditions:

Contract Documents

The following Mythics/Oracle Agreements are attached to the contract:

- Exhibit A – Mythics License and Services Agreement (MLSA Version HWSW 0114)
- Exhibit B – Public Sector Agreement for Oracle Cloud Services
- Exhibit C – Educational Services Agreement

Participating Agencies may add specific terms and conditions for individual orders under the contract for special purchases.

- **Rationale.** Mythics is contractually obligated by the manufacturer, Oracle America, Inc., to ensure all customers acquiring Oracle products and services are subject to a valid Oracle Agreement.

Changes

In the event of a change to the distribution agreement between Mythics and Oracle, changes to the license definitions and rules and/or changes to the Global Price Lists, Mythics may submit such changes as Oracle requires under Oracle's distribution agreement in writing to TCPN for review. TCPN shall have thirty (30) days to accept or reject those changes. In the event TCPN accepts the new terms and conditions, TCPN shall notify Mythics in writing of such acceptance and the parties will execute an Amendment to the Contract to incorporate such changes. If TCPN rejects the proposed changes or fails to respond to Mythics' request within thirty (30) days of receiving notice from Mythics, Mythics may terminate this Contract."

- **Rationale.** Mythics is contractually obligated by the manufacturer, Oracle America, Inc., to ensure all customers acquiring Oracle products and services are subject to a valid Oracle Agreement.

Contract Scope

In the event of modifications to Mythics' applicable resell criteria; Mythics may submit a request to modify the contract scope to include additional products and services in writing to TCPN for review. TCPN shall have thirty (30) days to accept or reject those changes. In the event TCPN accepts the request, TCPN shall notify Mythics in writing of such acceptance and the parties will execute an Amendment to the Contract to incorporate necessary changes.

Rationale. To ensure availability of Oracle products and service over the term of the contract, having a mechanism in place to incorporate future product additions is a benefit. In addition, Mythics is contractually obligated by the manufacturer, Oracle America, Inc., to ensure all customers acquiring Oracle products and services are subject to a valid Oracle Agreement.

Voluntary Product Accessibility Templates (VPAT)

The extent to which an Oracle product (hardware or software program) is, at the time of delivery, capable of providing comparable access to individuals with disabilities is indicated by the comments and exceptions (if any) specified on the applicable Voluntary Product Accessibility Template (VPAT) available at www.oracle.com/us/corporate/accessibility, provided that such Oracle product is used in accordance with the applicable Oracle program and hardware documentation and that any assistive technologies and any other products used with the Oracle product properly interoperate with the Oracle product. The VPAT indicates the degree of conformance with the applicable provisions of the Architectural and Transportation Barriers Compliance Board standards set out in 36 CFR Part 1194 (known as "Section 508"). In the event that Section 508 is revised over the life of this Agreement, the VPAT will indicate the applicable version. The VPAT also lists the degree of conformance with the Web Content Accessibility Guidelines (WCAG). In the event that no VPAT is available for a particular product, please contact the Oracle Accessibility Program Office at accessible_ww@oracle.com. Oracle makes no representations regarding the accessibility status of any product identified as "third party."

- **Rationale.** Mythics is required by Oracle to insert contractual language regarding the accessibility of Oracle products.

Appendix B, Section II Products and Services

Mythics' ability to accept orders for SaaS offerings and Cloud services under this agreement is contingent upon obtaining any required Oracle approvals.

- **Rationale.** Mythics must obtain approvals from Oracle in order to accept and process any orders for SaaS offerings and/or related Cloud services.

Mythics License and Services Agreement – MLSA Version HWSW 0114

A. Agreement/Definitions

This Agreement is between you and Mythics, Inc. (“Mythics”), an authorized Oracle Value Added Reseller. “You” and “your” refers to the individual or legal entity that has executed this agreement (“agreement”) and ordered Programs and/or Services from Mythics. The term “ancillary programs” refers to third party materials specified in the program documentation which may only be used for the purposes of installing or operating the Programs with which the ancillary Programs are delivered. The term “Program documentation” refers to the Program user manual and program installation manuals. The term “Programs” refers to the software owned or distributed by Oracle America, Inc. (“Oracle”) which you have ordered, Program documentation, and any Program updates acquired through technical support. For all program licenses, the “commencement date” is the date of shipment of tangible media or upon the effective date of the order if shipment of tangible media is not required. The period of performance for all services for the Programs is effective upon shipment of tangible media or upon the effective date of the order if shipment of tangible media is not required. The term “Services” refers to technical support, education, hosted/outsourcing services, consulting or other services which you have ordered. The term “end user license agreement” refers to this agreement granting you the right to use the Programs and/or Services. Oracle shall be a third party beneficiary of this agreement.

B. Applicability of Agreement

This agreement is valid for the order to which this agreement accompanies or to which it is specifically incorporated into by reference.

C. Rights Granted

Upon Mythics’ acceptance of your order, you have the non-exclusive, non-assignable, royalty free, perpetual (unless otherwise specified in the ordering document), limited right to use the Programs and receive any services you ordered solely for your internal business operations and subject to the terms of this agreement, including the definitions and rules set forth in the order and the program documentation. You may allow your agents and contractors (including, without limitation, outsourcers) to use the Programs for this purpose and you are responsible for their compliance with this agreement in such use. For Programs that are specifically designed to allow your customers and suppliers to interact with you in the furtherance of your internal business operations, such use is allowed under this agreement. Some Programs may include source code that Oracle may provide as part of its standard shipment of such Programs, which source code shall be governed by the terms of this Agreement. Your use of the Programs is limited to use by the legal entity that executes this Agreement. If accepted, Mythics will notify you and this notice will include a copy of your agreement. Program documentation is delivered with the Programs, or you may access the documentation online at <http://oracle.com/contracts>. Services are provided based on Oracle’s policies for the applicable Services ordered, which are subject to change, and the specific policies applicable to you, and how to access them, will be specified on your order (except technical support Services, which are as specified in section H of this agreement). Upon payment for Services, you have the non-exclusive, non-assignable, royalty free, perpetual, limited right to use for your internal business operations anything developed by Oracle or Mythics and delivered to you under this agreement; however, certain deliverables may be subject to additional license terms provided in the ordering document.

The Services provided under this agreement may be related to your license to use Programs which you acquire under a separate order. The agreement referenced in that order shall govern your use of such Programs. Any Services acquired from Oracle or Mythics are bid separately from such program licenses, and you may acquire either Services or such Program licenses without acquiring the other.

D. Ownership and Restrictions

Oracle or its licensors retain all ownership and intellectual property rights to the Programs. Oracle retains all ownership and intellectual property rights to anything developed and delivered under this agreement resulting from Services provided by Oracle. Title to the Programs is retained by Oracle and shall not pass to you or any third party. You are prohibited from duplicating the Programs except that you may make a sufficient number of copies of each Program for your licensed use and one copy of each program media.

Third party technology that may be appropriate or necessary for use with some Oracle Programs is specified in the Program documentation. Such third party technology is licensed to you under the terms of the third party technology license agreement specified in the Program documentation and not under the terms of this agreement.

Mythics License and Services Agreement – MLSA Version HWSW 0114

You may not:

- remove or modify any program markings or any notice of Oracle's or its licensors' proprietary rights;
- make the Programs or materials resulting from the Services available in any manner to any third party for use in the third party's business operations (unless such access is expressly permitted for the specific program license or materials from the Services you have acquired) and you may not provide any timesharing, hosting, outsourcing, subscription service or rental use of the Programs ;
- cause or permit reverse engineering (unless required by law for interoperability), disassembly or decompilation of the Programs (the foregoing prohibition includes but is not limited to review of data structures or similar materials produced by Programs);
- publish results of any Program benchmark tests run on the Programs without Oracle's prior written consent;

E. Warranties, Disclaimers and Exclusive Remedies

Mythics warrants that a Program licensed to you will operate in all material respects as described in the applicable Program documentation for one year after delivery (i.e., via physical shipment or electronic download). You must notify Mythics and Oracle of any Program warranty deficiency within one year after delivery. Mythics and Oracle also warrant that Services ordered will be provided in a professional manner consistent with industry standards. You must notify Mythics and Oracle of any Services warranty deficiencies within 90 days from performance of the deficient Services.

MYTHICS AND ORACLE DO NOT GUARANTEE THAT THE PROGRAMS WILL PERFORM ERROR-FREE OR UNINTERRUPTED OR THAT MYTHICS OR ORACLE WILL CORRECT ALL PROGRAM ERRORS.

FOR ANY BREACH OF THE ABOVE WARRANTIES, YOUR EXCLUSIVE REMEDY, AND MYTHICS' AND ORACLE'S ENTIRE LIABILITY, SHALL BE: (A) THE CORRECTION OF PROGRAM ERRORS THAT CAUSE BREACH OF THE WARRANTY; OR, IF ORACLE OR MYTHICS CANNOT SUBSTANTIALLY CORRECT SUCH BREACH IN A COMMERCIALY REASONABLE MANNER, YOU MAY END YOUR PROGRAM LICENSE AND RECOVER THE FEES PAID TO MYTHICS FOR THE PROGRAM LICENSE AND ANY UNUSED, PREPAID TECHNICAL SUPPORT FEES YOU HAVE PAID FOR THE PROGRAM LICENSE; OR (B) THE REPERFORMANCE OF THE DEFICIENT SERVICES, OR IF MYTHICS OR ORACLE CANNOT SUBSTANTIALLY CORRECT A BREACH IN A COMMERCIALY REASONABLE MANNER, YOU MAY END THE RELEVANT SERVICES AND RECOVER THE FEES PAID TO MYTHICS FOR THE DEFICIENT SERVICES.

TO THE EXTENT NOT PROHIBITED BY LAW, THESE WARRANTIES ARE EXCLUSIVE AND THERE ARE NO OTHER EXPRESS OR IMPLIED WARRANTIES OR CONDITIONS, INCLUDING WARRANTIES OR CONDITIONS OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.

F. Trial Programs

You may order trial Programs, or Mythics or Oracle may include additional Programs with your order which you may use for trial, non-production purposes only. You may not use the trial Programs to provide or attend third party training on the content and/or functionality of the Programs. You have 30 days from the delivery date to evaluate these Programs. If you decide to use any of these Programs after the 30 day trial period, you must obtain a license for such Programs from Mythics or Oracle. If you decide not to obtain a license for any Program after the 30 day trial period, you will cease using and will delete any such Programs from your computer systems. Programs licensed for trial purposes are provided "as is" and Oracle and Mythics do not provide technical support or offer any warranties for these Programs.

G. Indemnification

Notwithstanding anything to the contrary in this agreement, if a third party makes a claim against either you, Mythics and/or Oracle ("Recipient" which may refer to you, Mythics and/or Oracle depending upon which party received the Material), that any information, design, specification, instruction, software, data, or material ("Material") furnished by either you, Mythics and/or Oracle ("Provider" which may refer to you, Mythics and/or Oracle depending on which party provided the Material), and used by the Recipient infringes its intellectual property rights, the Provider, at its sole cost and expense, will defend the Recipient against the claim and indemnify the Recipient from the damages,

Mythics License and Services Agreement – MLSA Version HWSW 0114

liabilities, costs and expenses awarded by the court to the third party claiming infringement or the settlement agreed to by the Provider if the Recipient does the following:

- notifies the Provider promptly in writing, not later than 30 days after the Recipient receives notice of the claim, (or sooner if required by applicable law);
- gives the Provider sole control of the defense and any settlement negotiations; and
- gives the Provider the information, authority, and assistance the Provider needs to defend against or settle the claim.

If the Provider believes or it is determined that any of the Material may have violated a third party's intellectual property rights, the Provider may choose to either modify the Material to be non-infringing (while substantially preserving its utility or functionality) or obtain a license to allow for continued use, or if these alternatives are not commercially reasonable, the Provider may end the license for, and require return of, the applicable Material and refund any fees the Recipient may have paid to the other party for it and any unused, prepaid technical support fees you have paid for the license. If you are the Provider and such return materially affects Mythics or Oracle's ability to meet its obligations under the relevant order, then Mythics and/or Oracle may, at its option and upon 30 days prior written notice, terminate the order. The Provider will not indemnify the Recipient if the Recipient alters the Material or uses it outside the scope of use identified in the Provider's user documentation or if the Recipient uses a version of the Materials which has been superseded, if the infringement claim could have been avoided by using an unaltered current version of the Material which was provided to the Recipient. The Provider will not indemnify the Recipient to the extent that an infringement claim is based upon any information, design, specification, instruction, software, data, or material not furnished by the Provider. Mythics or Oracle will not indemnify you to the extent that an infringement claim is based upon the combination of any Material with any products or Services not provided by Mythics or Oracle. Mythics or Oracle will not indemnify you for infringement caused by your actions against any third party if the Oracle Program(s) as delivered to you and used in accordance with the terms of this agreement would not otherwise infringe any third party intellectual property rights. Mythics or Oracle will not indemnify you for any claim that is based on: (1) a patent that you were made aware of prior to the effective date of this agreement (pursuant to a claim, demand or notice); or (2) your actions prior to the effective date of this agreement. This section provides the parties' exclusive remedy for any infringement claims or damages.

H. Technical Support

For purposes of the ordering document, technical support consists of annual technical support Services you may have ordered for the Programs. If ordered, annual technical support (including first year and all subsequent years) is provided under Oracle's technical support policies in effect at the time the Services are provided. You acknowledge that the technical support policies are incorporated in this agreement and are subject to change at Oracle's discretion; however, Oracle policy changes will not result in a material reduction in the level of Services provided for supported Programs during the period for which fees for technical support have been paid. You should review the policies prior to entering into the ordering document for the applicable Services. You may access the current version of the technical support policies at <http://oracle.com/contracts>. Technical support is effective upon the effective date of the ordering document unless otherwise stated in your order. Software Update License & Support (or any successor technical support offering to Software Update License & Support, "SULS") acquired with your order may be renewed annually.

If you decide to purchase technical support for any license within a license set, you are required to purchase technical support at the same level for all licenses within that license set. You may desupport a subset of licenses in a license set only if you agree to terminate that subset of licenses. The technical support fees for the remaining licenses will be priced in accordance with the technical support policies in effect at the time of termination. Oracle's license set definition is available in the current technical support policies. If you decide not to purchase technical support, you may not update any unsupported program licenses with new versions of the program and you will be required to pay reinstatement fees in accordance with Oracle's current technical support policies if you decide to purchase support at a later date.

I. End of Agreement

If either of us breaches a material term of this agreement and fails to correct the breach within 30 days of written specification of the breach, then the breaching party is in default and the non-breaching party may terminate this

Mythics License and Services Agreement – MLSA Version HWSW 0114

agreement. If Mythics ends this agreement as specified in the preceding sentence, you must pay within 30 days all amounts which have accrued prior to such end, as well as all sums remaining unpaid for Programs ordered and/or Services received under this agreement plus related taxes and expenses. If Mythics or Oracle ends the license for a program under the Indemnification section, you must pay within 30 days all amounts remaining unpaid for Services related to such license plus related taxes and expenses. Except for nonpayment of fees, the non-breaching party may agree in its sole discretion to extend the 30 day period for so long as the breaching party continues reasonable efforts to cure the breach. You agree that if you are in default under this agreement, you may not use those Programs and/or Services ordered. You further agree that if you have used an Oracle Financing Division contract to pay for the fees due under an order and you are in default under that contract, you may not use the Programs and/or Services that are subject to such contract. Provisions that survive termination or expiration are those relating to limitation of liability, infringement indemnity, payment, and others that by their nature are intended to survive. Upon the termination of this agreement you shall discontinue use and destroy or return to Mythics all copies of Programs and documentation.

In reliance on your order Mythics will place a non-cancellable order with Oracle; therefore all orders from you are non-cancellable.

J. Fees and Taxes

Program fees are invoiced as of the commencement date for the Programs. All fees payable to Mythics are due within 30 days from the invoice date unless otherwise stated on your ordering document accepted by Mythics. You agree to pay any sales, value-added or other similar taxes imposed by applicable law that Mythics must pay based on the Programs and/or Services you ordered, except for taxes based on Mythics' income. Also, you will reimburse Mythics for pre-approved reasonable expenses related to providing the Services. Fees for Services listed in an ordering document are exclusive of taxes and expenses. You agree that you have not relied on the future availability of any Programs or updates in entering into this agreement and the payment obligations in your ordering document; however, (a) if you order SULS for Programs, the preceding sentence does not relieve Oracle of its obligation to provide updates under such order, if-and-when available, in accordance with Oracle's then current technical support policies and (b) the preceding sentence does not change the rights granted to you for any Program licensed under your ordering document, per the terms of your ordering document and this agreement.

You agree to pay finance charges of 18% annually (1.5% monthly), or the highest rate permitted by applicable law, whichever is lower, on any amount, which becomes past due after the payment due date. In the event that any legal action is taken in order to collect any outstanding amount due, you agree, subject to applicable law, to pay for any reasonable costs of collection, including reasonable attorney fees. Failure to make payments in the manner set forth above shall constitute a default, which shall constitute grounds for an immediate injunction prohibiting the continued use of the Programs and/or Services. You agree that Mythics has the right to cancel your support due to non-payment.

K. Nondisclosure

By virtue of this agreement, the parties may have access to information that is confidential to one another ("confidential information"). We each agree to disclose only information that is required for the performance of obligations under this agreement. Confidential information shall be limited to the terms and pricing under this agreement and all information clearly identified as confidential at the time of disclosure.

A party's confidential information shall not include information that: (a) is or becomes a part of the public domain through no act or omission of the other party; (b) was in the other party's lawful possession prior to the disclosure and had not been obtained by the other party either directly or indirectly from the disclosing party; (c) is lawfully disclosed to the other party by a third party without restriction on the disclosure; or (d) is independently developed by the other party.

We each agree to hold each other's confidential information in confidence for a period of three years from the date of disclosure. Also, we each agree to disclose confidential information only to those employees or agents who are required to protect it against unauthorized disclosure. Nothing shall prevent either party from disclosing the terms or pricing under this agreement or orders submitted under this agreement in any legal proceeding arising from or in connection with this agreement or disclosing the confidential information to a federal or state governmental entity as required by law.

Mythics License and Services Agreement – MLSA Version HWSW 0114

L. Entire Agreement

You agree that this agreement and the information which is incorporated into this agreement by written reference (including reference to information contained in a URL or referenced policy), together with the applicable ordering document, are the complete agreement for the Programs and/or Services ordered by you, and that this agreement supersedes all prior or contemporaneous agreements or representations, written or oral, regarding such Programs and/or Services. If any term of this agreement is found to be invalid or unenforceable, the remaining provisions will remain effective and such term shall be replaced with a term consistent with the purpose and intent of this agreement. It is expressly agreed that the terms of this agreement and any Mythics ordering document shall supersede the terms in any purchase order or other non-Mythics document and no terms included in any such purchase order or other non-Mythics document shall apply to the Programs and/or Services ordered. This agreement and ordering documents may not be modified and the rights and restrictions may not be altered or waived except in a writing signed by authorized representatives of you and of Mythics. Any notice required under this agreement shall be provided to the other party in writing.

M. Limitation of Liability

SUBJECT TO THE INDEMNIFICATION PROVISIONS HEREIN, NEITHER PARTY SHALL BE LIABLE FOR ANY INDIRECT, INCIDENTAL, SPECIAL, PUNITIVE, OR CONSEQUENTIAL DAMAGES, OR ANY LOSS OF PROFITS, REVENUE, DATA, OR DATA USE ARISING FROM USE OF THE PROGRAMS. SUBJECT TO THE INDEMNIFICATION PROVISIONS HEREIN, MYTHICS' MAXIMUM LIABILITY FOR ANY DAMAGES ARISING OUT OF OR RELATED TO THIS AGREEMENT OR YOUR ORDER, WHETHER IN CONTRACT OR TORT, OR OTHERWISE, SHALL BE LIMITED TO THE AMOUNT OF THE FEES YOU PAID MYTHICS UNDER THIS AGREEMENT, AND IF SUCH DAMAGES RESULT FROM YOUR USE OF PROGRAMS OR SERVICES, SUCH LIABILITY SHALL BE LIMITED TO THE FEES YOU PAID MYTHICS FOR THE DEFICIENT PROGRAM OR SERVICES GIVING RISE TO THE LIABILITY.

N. Export

Export laws and regulations of the United States and any other relevant local export laws and regulations apply to the Programs. You agree that such export control laws govern your use of the Programs (including technical data) and any Services deliverables provided under this agreement, and you agree to comply with all such export laws and regulations (including "deemed export" and "deemed re-export" regulations). You agree that no data, information, program and/or materials resulting from Services (or direct product thereof) will be exported, directly or indirectly, in violation of these laws, or will be used for any purpose prohibited by these laws including, without limitation, nuclear, chemical, or biological weapons proliferation, or development of missile technology.

O. Other

1. This agreement is governed by the substantive and procedural laws of Virginia, and you and Mythics agree to submit to the exclusive jurisdiction of, and venue in, the federal courts in the Eastern District of Virginia, or the state courts in Virginia Beach, VA in any dispute arising out of or relating to this agreement.
2. If you have a dispute with Mythics or if you wish to provide a notice under the Indemnification section of this agreement, you will promptly send written notice to: Mythics, Inc., 1439 N. Great Neck Rd. Suite 201, Virginia Beach, VA 23454, Attention: General Counsel, Legal Department.
3. You may not assign this agreement or give or transfer the Programs and/or any Services or an interest in them to another individual or entity. If you grant a security interest in the Programs and/or any Services deliverables, the secured party has no right to use or transfer the Programs and/or any Services deliverables. If you decide to finance your acquisition of the Programs and/or any Services, you must follow Oracle's policies regarding financing which are available at <http://oracle.com/contracts>.
4. Except for actions for nonpayment or breach of Oracle's proprietary rights, no action, regardless of form, arising out of or relating to this agreement may be brought by either party more than two years after the cause of action has accrued.
5. Upon 45 days written notice, Mythics (or Oracle, who may be assigned Mythics' audit rights or be provided with the audit results) may audit your use of the Programs. You agree to cooperate with Mythics' or Oracle's audit and provide reasonable assistance and access to information. Any such audit shall not unreasonably interfere

Mythics License and Services Agreement – MLSA Version HWSW 0114

with your normal business operations. You agree to pay within 30 days of written notification any fees applicable to your use of the Programs in excess of your license rights. If you do not pay, Mythics or Oracle can end your technical support, licenses and/or this agreement. You agree that Mythics and Oracle shall not be responsible for any of your costs incurred in cooperating with the audit.

- 6. The Uniform Computer Information Transactions Act does not apply to this agreement or orders placed under it.
- 7. Oracle shall not be required to perform any obligations or incur any liability not expressly set forth herein. Oracle is not liable for nor bound by the acts of any third party firm, including Mythics, that is retained by you to provide computer consulting Services. Such firms are independent of Oracle and not Oracle's agents.
- 8. Oracle Programs, including documentation, delivered to U.S. Government end users are "commercial computer software" pursuant to the applicable Federal Acquisition Regulation ("FAR") and agency-specific supplemental regulations. As such, use, duplication, disclosure, modification, and adaptation of the Programs, including documentation, shall be subject to the license and license restrictions set forth in this Agreement, and to the extent applicable, the additional rights set forth in FAR 52.227-19, Commercial Computer Software- Restricted Rights (June 1987).
- 9. Oracle disclaims, to the extent permitted by applicable law, liability for (a) any damages, whether direct, indirect, incidental, special, punitive, or consequential, and (b) any loss of profits, revenue, data or data use, arising from the use of the Programs.

P. Force Majeure

Neither of us shall be responsible for failure or delay of performance if caused by: an act of war, hostility, or sabotage; act of God; electrical, internet, or telecommunication outage that is not caused by the obligated party; government restrictions (including the denial or cancellation of any export or other license); other event outside the reasonable control of the obligated party. We both will use reasonable efforts to mitigate the effect of a force majeure event. If such event continues for more than 90 days, either of us may cancel unperformed Services upon written notice. This section does not excuse either party's obligation to take reasonable steps to follow its normal disaster recovery procedures or your obligation to pay for Programs delivered or Services provided.

Q. License Definitions and Rules

To fully understand your license grant, you need to review the definition for the licensing metric and term designation as well as the licensing rules that are listed in Exhibit A attached hereto and are incorporated in and made a part of this agreement.

You agree to cooperate with Oracle and provide the access, resources, materials, personnel, information, and consents that Oracle may require in order to perform the technical support Services. The Oracle Hardware and Systems Support Policies, incorporated in this agreement, are subject to change at Oracle's discretion; however, Oracle will not materially reduce the level of technical support Services provided during the period for which fees for Oracle Hardware and Systems Support have been paid. You should review the policies prior to entering into an order for technical support. You may access the current version of the Oracle Hardware and Systems Support Policies at <http://www.oracle.com/us/support/policies/index.html>."

i. Force Majeure

In the last sentence of the Force Majeure section of the agreement, the phrase “your obligation to pay for Programs delivered or Services provided” is replaced by the phrase “your obligation to pay for Programs delivered, Services provided or Hardware ordered”.

B. Terms Specific to Hardware and Hardware Support Services

1. Hardware Composition

- a. The term “Hardware” is defined as the Hardware equipment, including components, options and spare parts. The term “Operating System” refers to the software that manages Hardware for Programs and other software. The term “Integrated Software” is defined as software embedded in the Hardware which is essential to Hardware functionality (e.g., firmware). The term “Integrated Software Options” refers to software or programmable code embedded in, installed on, or activated on the Hardware that requires one or more unit licenses that You must separately order and agree to pay additional fees. Not all Hardware contains Integrated Software Options; please refer to the Oracle Integrated Software Options License Definitions, Rules and Metrics accessible at <http://oracle.com/contracts> (the “Integrated Software Options License Rules”) for the specific Integrated Software Options that may apply to specific Hardware. Oracle reserves the right to designate new software features as Integrated Software Options in subsequent releases and that designation will be specified in the applicable documentation and in the Integrated Software Options License Rules. The term “Products” refers to Programs, Hardware, Integrated Software and Operating System.
- b. Your Hardware order consists of the following items: Operating System (as defined in your configuration), integrated software, and all Hardware equipment (including components, options and spare parts) specified on the applicable order. Your Hardware order may also include Integrated Software Options. Integrated Software Options may not be activated or used until You separately order them and agree to pay additional fees. You have the right to use the Operating System delivered with the Hardware subject to the terms of the license agreement(s) delivered with the Hardware. Current versions of the license agreements are located at <http://oracle.com/contracts>. You are licensed to use the Operating System and any Operating System updates acquired through technical support only as incorporated in, and as part of the Hardware.
- c. You have the limited, non-exclusive, royalty free, non-transferable, non-assignable right to use Integrated Software delivered with the Hardware subject to the terms of this agreement and the applicable documentation. You are licensed to use that Integrated Software and any Integrated Software updates acquired through technical support only as incorporated in, and as part of, the Hardware. You have the limited, non-exclusive, royalty free, non-transferable, non-assignable right to use Integrated Software Options that you separately order subject to the terms of this agreement, the applicable documentation and the Integrated Software Options License Rules; the Integrated Software Options License Rules are incorporated in and made a part of this agreement. You are licensed to use those Integrated Software Options and any Integrated Software Options updates acquired through technical support only as incorporated in, and as part of, the Hardware. To fully understand Your license right to any Integrated Software Options that You separately order,

Mythics License and Services Agreement – MLSA Version HWSW 0114

You need to review the Integrated Software Options License Rules. In the event of any conflict between the agreement and the Integrated Software Options License Rules, the Integrated Software Options License Rules shall take precedence.

d. The Operating System, Integrated Software and/or Integrated Software Options may include separate works, identified in a readme file, notice file or the applicable documentation, which are licensed under open source or similar license terms; your rights to use the Operating System, Integrated Software, and Integrated Software Options under such terms are not restricted in any way by the agreement including this amendment. The appropriate terms associated with such separate works can be found in the readme files, notice files or in the documentation accompanying the Operating System, Integrated Software and Integrated Software Options.

For GPLv2, LGPLv2.1, GPLv3 and LGPLv3 licensed code You received as binaries on physical media, You may receive a copy of the source code ("source code") on media via postal service by submitting a written request at <http://www.oracle.com/technetwork/opensource/index.html>. Alternatively, You can mail Your written request to Oracle Corporation, Attn: VP of Legal, Development and Engineering, 500 Oracle Parkway, MS-5OP10, Redwood Shores, CA 94065. Your request should include the name and version number of the Product, Your name, Your company name (if applicable), Your return mailing address, and Your email address. Certain source distributions require a fee for physical media; in such case, You will be sent details on the cost and payment procedure via email. Your request must be sent within three (3) years of the date of the last delivery of the applicable Product, or in the case of code licensed under the GPLv3, You may send a request for as long as Oracle offers spare parts or technical support for the applicable Product model. This offer only applies if You received Your Operating System, Integrated Software or Integrated Software Options on physical media.

e. You may only make copies of the Operating System, Integrated Software, and Integrated Software Options for archival purposes, to replace a defective copy, or for program verification. You shall not remove any copyright notices or labels on the Operating System, Integrated Software or Integrated Software Options. You shall not decompile or reverse engineer (unless required by law for interoperability) the Operating System or Integrated Software.

f. Oracle may include additional Programs on the Hardware (e.g., Exadata Storage Server software). You are not authorized to use those Programs unless You have a license specifically granting You the right to do so; however, You may use those additional Programs for trial, non-production purposes for up to 30 days from the date of delivery provided that You may not use the trial Programs to provide or attend third party training on the content and/or functionality of the Programs. To use any of these Programs after the 30 day trial period, You must obtain a license for such Programs from Oracle, Mythics, or an authorized reseller. If You decide not to obtain a license for any Program after the 30 day trial period, You will cease using and promptly delete any such Programs from Your computer systems. Programs licensed for trial purposes are provided "as is" and no technical support or offer of any warranties for these Programs is provided.

g. You acknowledge that to operate certain Hardware your facility must meet a minimum set of requirements as described in the Hardware documentation. Such requirements may change from time to time, as communicated by Oracle to you in the applicable Hardware documentation.

2. Use Restriction

The Hardware is not specifically designed, manufactured, or intended for use as parts, components, or assemblies for the planning, construction, maintenance, or operation of a nuclear facility. Use of the Hardware for these purposes is prohibited.

3. Hardware Related Service Offerings

In addition to technical support, You may order a limited number of Hardware-related Service Offerings under this agreement as listed in the Hardware-Related Service Offerings document, which is at <http://oracle.com/contracts>. You agree to provide Oracle with all information, access and full good faith cooperation reasonably necessary to enable Oracle to deliver these Service Offerings and You will perform the actions identified in the order as Your responsibility. If while performing these Service Offerings Oracle requires

Mythics License and Services Agreement – MLSA Version HWSW 0114

access to another vendor's products that are part of Your system, You will be responsible for acquiring all such products and the appropriate license rights necessary for Oracle to access such products on Your behalf. Service Offerings provided may be related to Your license to use products owned or distributed by Oracle or Mythics which You acquire under a separate order. The agreement referenced in that order shall govern Your use of such products. Upon payment for Hardware-related Service Offerings, You have the non-exclusive, non-assignable, royalty free, perpetual, limited right to use for Your internal business operations anything developed by Oracle and delivered to You under this Agreement. However, certain deliverables may be subject to additional license terms provided in the ordering document.

4. WARRANTIES, DISCLAIMERS AND EXCLUSIVE REMEDIES

a. Mythics provides a limited warranty ("Oracle Hardware Warranty") for (i) the Hardware, (ii) the Operating System and the Integrated Software and the Integrated Software Options, and (iii) the Operating System media, the Integrated Software media and the Integrated Software Options media ("media", and (i), (ii) and (iii) collectively, "Hardware Items"). Mythics warrants that the Hardware will be free from, and using the Operating System and Integrated Software and Integrated Software Options will not cause in the Hardware, material defects in materials and workmanship for one year from the date the Hardware is delivered to You. Mythics warrants that the media will be free from material defects in materials and workmanship for a period of 90 days from the date the media is delivered to You. You may access a more detailed description of the Oracle Hardware Warranty at <http://www.oracle.com/us/support/policies/index.html> ("Warranty Web Page"). At the end of the specified term, you may renew your subscription, if available, at the then current fees for the applicable subscription. If you choose not to renew your subscription, your right to use the program(s) will terminate and you must de-install all applications, tools, and binaries provided to you under the

applicable non-Community Edition license (e.g. the license for MySQL Cluster Carrier Grade Edition, MySQL Enterprise Edition and/or MySQL Standard Edition.) If you do not renew a subscription, you will not receive any updates (including patches or subsequent versions) and you may also be subject to reinstatement fees if you later choose to reactivate your subscription.

Named User Plus / Named User: is defined as an individual authorized by you to use the programs which are installed on a single server or multiple servers, regardless of whether the individual is actively using the programs at any given time. All of the remaining provisions of this definition apply only with respect to Named User Plus licenses, and not to Named User licenses. A non human operated device will be counted as a named user plus in addition to all individuals authorized to use the programs, if such devices can access the programs. If multiplexing hardware or software (e.g., a TP monitor or a web server product) is used, this number must be measured at the multiplexing front end. Automated batching of data from computer to computer is permitted. You are responsible for ensuring that the named user plus per processor minimums are maintained for the programs contained in the user minimum table in the licensing rules section; the minimums table provides for the minimum number of named users plus required and all actual users must be licensed.

For the purposes of the following programs: Configuration Management Pack for Applications, System Monitoring Plug-in for Non Oracle Databases, System Monitoring Plug-in for Non Oracle Middleware, Management Pack for Non-Oracle Middleware, Management Pack for WebCenter Suite, Data Masking Pack for Non-Oracle Databases and Test Data Management Pack for Non-Oracle Databases, only the users of the program that is being managed/monitored are counted for the purpose of determining the number of Named User Plus licenses required.

With respect to the following programs: Load Testing, Load Testing Developer Edition, Load Testing Accelerator for Web Services, Load Testing Accelerator for Oracle Database and Load Testing Suite for Oracle Applications, each emulated human user and non human operated device shall be considered as a virtual user and shall be counted for the purpose of determining the number of Named User Plus licenses required.

For the purposes of the following programs: Application Management Suite for Oracle E-Business Suite, Application Management Suite for PeopleSoft, Application Management Suite for Siebel, Application Management Suite for JD Edwards EnterpriseOne, Real User Experience Insight and Application Replay Pack, all users of the respective managed application program must be counted for the purpose of determining the number of licenses required.

For the purposes of the following program: Oracle GoldenGate, only (a) the users of the Oracle database from which you capture data and (b) the users of the Oracle database where you will apply the data must be counted for the purpose of determining the number of licenses required.

For the purposes of the following programs: Oracle GoldenGate for Mainframe and Oracle GoldenGate for Teradata Replication Services, only (a) the users of the database from which you capture data and (b) the users of the database where you will apply the data must be counted for the purpose of determining the number of licenses required.

For the purposes of the following program: Oracle GoldenGate for Non Oracle Database only (a) the users of the Non Oracle database from which you capture data and (b) the users of the Non Oracle database where you will apply the data must be counted for the purpose of determining the number of licenses required.

For the purposes of the following programs: Data Integrator Enterprise Edition and Data Integrator Enterprise Edition for Oracle Applications, only the users that are running or accessing the data transformation processes must be counted for determining the number of licenses required.

Network Device: is defined as the hardware and/or software whose primary purpose is to route and control communications between computers or computer networks. Examples of network devices include but are not limited to, routers, firewalls and network load balancers.

Non Employee User - External: is defined as an individual, who is not your employee, contractor or outsourcer, authorized by you to use the programs which are installed on a single server or multiple servers, regardless of whether or not the individual is actively using the programs at any given time.

Mythics License and Services Agreement – MLSA Version HWSW 0114

Oracle Financing Contract: is a contract between you and Oracle (or one of Oracle's affiliates) that provides for payments over time of some or all of the sums due under your order.

Order Line: is defined as the total number of order entry line items processed by the program during a 12 month period. Multiple order entry line items may be entered as part of an individual customer order or quote and may also be automatically generated by the Oracle Configurator. You may not exceed the licensed number of Order Lines during any 12 month period unless you acquire additional Order Line licenses from Oracle.

Partner Organization: is defined as an external third party business entity that provides value-added services in developing, marketing and selling your products. Depending upon the type of industry, partner organizations play different roles and are recognized by different names such as reseller, distributor, agent, dealer or broker.

Person: is defined as your employee or contractor who is actively working on behalf of your organization or a former employee who has one or more benefit plans managed by the system or continues to be paid through the system. For Project Resource Management, a person is defined as an individual who is scheduled on a project. The total number of licenses needed is to be based on the peak number of part-time and full-time people whose records are recorded in the system.

Physical Server: is defined as each physical server on which the programs are installed.

Ported Number: is defined as the telephone number that end users retain as they change from one service provider to another. This telephone number originally resides on a telephone switch and is moved into the responsibility of another telephone switch.

Processor: shall be defined as all processors where the Oracle programs are installed and/or running. Programs licensed on a processor basis may be accessed by your internal users (including agents and contractors) and by your third party users. The number of required licenses shall be determined by multiplying the total number of cores of the processor by a core processor licensing factor specified on the Oracle Processor Core Factor Table which can be accessed at <http://oracle.com/contracts>. All cores on all multicore chips for each licensed program are to be aggregated before multiplying by the appropriate core processor licensing factor and all fractions of a number are to be rounded up to the next whole number. When licensing Oracle programs with Standard Edition One or Standard Edition in the product name (with the exception of Java SE Support, Java SE Advanced, and Java SE Suite), a processor is counted equivalent to an occupied socket; however, in the case of multi-chip modules, each chip in the multi-chip module is counted as one occupied socket.

For example, a multicore chip based server with an Oracle Processor Core Factor of 0.25 installed and/or running the program (other than Standard Edition One programs or Standard Edition programs) on 6 cores would require 2 processor licenses (6 multiplied by a core processor licensing factor of .25 equals 1.50, which is then rounded up to the next whole number, which is 2). As another example, a multicore server for a hardware platform not specified in the Oracle Processor Core Factor Table installed and/or running the program on 10 cores would require 10 processor licenses (10 multiplied by a core processor licensing factor of 1.0 for 'All other multicore chips' equals 10).

For the purposes of the following program: Healthcare Transaction Base, only the processors on which Internet Application Server Enterprise Edition and Healthcare Transaction Base programs are installed and/or running must be counted for the purpose of determining the number of licenses required.

For the purposes of the following programs: iSupport, iStore and Configurator, only the processors on which Internet Application Server (Standard Edition and/or Enterprise Edition) and the licensed program (e.g., iSupport, iStore and/or Configurator) are running must be counted for the purpose of determining the number of licenses required for the licensed program; under these licenses you may also install and/or run the licensed program on the processors where a licensed Oracle Database (Standard Edition and/or Enterprise Edition) is installed and/or running.

For the purposes of the following programs: Configuration Management Pack for Applications, System Monitoring Plug-in for Non-Oracle Databases, System Monitoring Plug-in for Non-Oracle Middleware, Management Pack for Non-Oracle Middleware, Management Pack for WebCenter Suite, Grid Engine, Data Masking Pack for Non-Oracle

For the purposes of the following programs: Application Replay Pack and Real User Experience Insight, all processors on which the middleware software that supports the respective managed application program are running must be counted for the purpose of determining the number of licenses required.

For the purposes of the following programs: Informatica PowerCenter and PowerConnect Adapters, and Application Adapter for Warehouse Builder for PeopleSoft, Oracle E-Business Suite, Siebel, and SAP, only the processor(s) on which the target database is running must be counted for the purpose of determining the number of licenses required.

For the purposes of the following programs: Data Integrator Enterprise Edition, Data Integrator Enterprise Edition for Oracle Applications, Data Integrator and Application Adapter for Data Integration, and Application Adapters for Data Integration, only the processor(s) where the data transformation processes are executed must be counted for the purpose of determining the number of licenses required.

For the purposes of the following program: In-Memory Database Cache, only the processors on which the Times Ten In-Memory Database component of the In-Memory Database Cache program is installed and/or running must be counted for the purpose of determining the number of licenses required.

For the purposes of the following program: Oracle GoldenGate, only (a) the processors running the Oracle database from which you capture data and (b) the processors running the Oracle database where you will apply the data must be counted for the purpose of determining the number of licenses required.

For the purposes of the following programs: Oracle GoldenGate for Mainframe and Oracle GoldenGate for Teradata Replication Services, only (a) the processors running the database from which you capture data and (b) the processors running the database where you will apply the data must be counted for the purpose of determining the number of licenses required.

For the purposes of the following program: Oracle GoldenGate for Non Oracle Database, only (a) the processors running the non Oracle database from which you capture data and (b) the processors running the non Oracle database where you will apply the data must be counted for the purpose of determining the number of licenses required.

For the purposes of the following program: Oracle GoldenGate Application Adapters, only the processors running the source Oracle or non Oracle database(s) from which you capture data must be counted for the purpose of determining the number of licenses required. For multiple source databases, all processors for all sources must be counted.

For the purposes of the following program: Audit Vault and Database Firewall, only the processors of the sources which are protected, monitored, or audited must be counted for the purpose of determining the number of licenses required.

For the purposes of the following program: Oracle ATG Web Commerce Search, only the processors on which queries are processed must be counted. You do not need to count processors on which the program is running for indexing content in configured content sources as long as the foregoing is the only use of the program on all the processors installed in a given server.

The Oracle Solaris programs may contain third party technology. Oracle may provide certain notices to you in program documentation, "readme" files or the installation details in connection with such third party technology. Third party technology will be licensed to you either under the terms of the agreement, or if specified in the program documentation, "readme" files, or the installation details, under separate license terms ("separate terms") and not under the terms of the agreement ("separately licensed third party technology"). Licensing Rules for Oracle Technology Programs and Oracle Business Intelligence Applications

Failover: Subject to the conditions that follow below, your license for the programs listed on the US Oracle Technology Price List, which may be accessed at <http://www.oracle.com/corporate/pricing/pricelists.html>, includes the right to run the licensed program(s) on an unlicensed spare computer in a failover environment for up to a total of ten separate days in any given calendar year (for example, if a failover node is down for two hours on Tuesday and three hours on Friday, it counts as two days). **The above right only applies when a number of machines are arranged in a cluster and share one disk array. When the primary node fails, the failover node acts as the primary node. Once the primary node is repaired, you must switch back to the primary node. Once the failover period has exceeded ten days, the failover node must be licensed. In addition, only one failover node per clustered environment is at no charge for up to ten separate days even if multiple nodes are configured as failover.** Downtime for maintenance purposes counts towards the ten separate days limitation. When licensing options on a failover environment, the options must match the number of licenses of the associated database. Additionally, when licensing by Named User Plus, the user minimums are waived on one failover node only. Any use beyond the right granted in this section must be licensed separately. In a failover environment, the same license metric must be used for the production and failover nodes when licensing a given clustered configuration.

Testing: For the purpose of testing physical copies of backups, your license for the Oracle Database (Enterprise Edition, Standard Edition or Standard Edition One) includes the right to run the database on an unlicensed computer for up to four times, not exceeding 2 days per testing, in any given calendar year. The aforementioned right does not cover any other data recovery method-such as remote mirroring- where the Oracle program binary files are copied or synchronized.

You are responsible for ensuring that the following restrictions are not violated:

- Oracle Database Standard Edition can only be licensed on servers that have a maximum capacity of 4 sockets. Oracle Database Standard Edition, when used with Oracle Real Application Clusters, may only be licensed on a single cluster of servers supporting up to a maximum capacity of 4 sockets.
- Oracle Standard Edition One, Internet Application Server Standard Edition One and Portal Standard Edition One can only be licensed on servers that have a maximum capacity of 2 sockets.
- WebLogic Server Standard Edition does not include WebLogic Server Clustering.
- Business Intelligence Standard Edition One can only be licensed on servers that have the ability to run a maximum of 2 sockets. The data sources for BI Server and BI Publisher are limited to the included Oracle Standard Edition One, one other database, and any number of flat file sources such as CSV, and XLS. You may use Oracle Warehouse Builder Core ETL to pull data from any number of data sources but you must use only the included Oracle Standard Edition One as the target database.
- Informatica PowerCenter and PowerConnect Adapters may not be used on a standalone basis or as a standalone ETL tool. The Informatica PowerCenter and PowerConnect Adapters may be used with any data source provided the target(s) are: (i) the Oracle Business Intelligence applications programs (excluding Hyperion Enterprise Performance Management Applications), (ii) the underlying platforms on which the Oracle Business Intelligence Suite Enterprise Edition Plus program, Oracle Business Intelligence Standard Edition One or associated components of those Business Intelligence applications programs run, or (iii) a staging database for any of the foregoing. Informatica PowerCenter and PowerConnect Adapters may also be used where the Oracle Business Intelligence applications programs (excluding Hyperion Enterprise Performance Management Applications) are the source and non-Oracle Business Intelligence application programs are the target, provided, that users do not use Informatica PowerCenter and PowerConnect Adapters to transform the data.
- With respect to the Java SE Advanced and Java SE Suite programs, you may not create, modify, or change the behavior of, or authorize your users to create, modify, or change the behavior of, classes, interfaces, or subpackages that are in any way identified as "java", "javax" "sun" or "oracle" or any variation of the aforementioned naming conventions. The installation and auto-update processes for these programs transmit a limited amount of data to Oracle (or its service provider) about those specific processes to help Oracle understand and optimize them. Oracle does not associate the data with personally identifiable information. You can find more information about the data Oracle collects at <http://oracle.com/contracts>. Additional copyright notices and license terms applicable to portions of the programs are set forth at <http://oracle.com/contracts>.

Workflow interactions between eligible Oracle Applications and, other Oracle Applications or third party applications are allowed as long as they are enabled/initiated within the eligible Oracle Applications. Business Processes defined in BPEL are allowed as long as at least one of the services invoked from within the Business Process access an eligible Oracle Application either natively (via Web Services) or via an adapter.
- Oracle Business Intelligence Foundation for Oracle Applications may be used only to perform query, reporting and analysis against a transaction database, data warehouse or an Essbase OLAP cube if: (i) the transaction database is an eligible Oracle Applications transaction database itself or an extraction, in whole or in part, of an eligible Oracle Applications transaction database, without transformation (query, reporting and analysis against a transaction database that is not an eligible Oracle Applications transaction database requires a full use license of Oracle Business Intelligence Foundation Suite); or (ii) the data warehouse is a pre-packaged eligible Oracle Applications data warehouse, with any customizations necessary to reflect customizations made in the eligible Oracle Applications, and restricted only to the eligible Oracle Applications sources (query, reporting and analysis against extensions to the data warehouse drawn from source systems not supported by the pre-packaged data warehouses require a full use license of Oracle Business Intelligence Foundation Suite); or (iii) the dimensions of each Essbase OLAP Cube are sourced from eligible Oracle Applications.
- Oracle WebLogic Suite for Oracle Applications may be used only as an embedded runtime for eligible Oracle Applications or to deploy customizations to an eligible Oracle Application. The WebLogic global datasource or one of the WebLogic application datasources must be configured to access the schema of an eligible Oracle Application.
- Data Integrator Enterprise Edition for Oracle Applications may only be used with the Oracle supplied data integration jobs and customization of the supplied jobs is allowed. For the avoidance of doubt, examples of uses that are not permitted include, but are not limited to, the following: adding new jobs that support different applications, new schemas, or previously unsupported application modules.
- Oracle SOA Suite for Oracle Applications may be used only to enable integration, business processes, workflow interactions and approvals within eligible Oracle Applications. Workflow interactions between eligible Oracle Applications and other non-eligible Oracle Applications or third party applications are allowed as long as they are either initiated or terminated within eligible Oracle Applications. Usage of SOA composites (including but not limited to Rules, Mediator, XSLT transforms, BPEL processes, Spring components, Workflow services and OWSM security policies) is allowed as long as at least one of the services invoked from within each composite accesses an eligible Oracle Application either natively (via Web services) or via an adapter and the invocation is part of a flow that is either initiated or terminated within eligible Oracle Applications. Oracle Service Bus (OSB) usage is allowed as long as each service deployed accesses an eligible Oracle Application either natively (via Web services) or via an adapter.
- Oracle WebCenter Portal for Oracle Applications may be used only to surface eligible Oracle Application(s) and custom applications (collectively, “eligible applications”). Surfacing any third-party applications, including other applications from Oracle, requires a license for Oracle WebCenter Portal. Multiple eligible applications may be

Mythics License and Services Agreement – MLSA Version HWSW 0114

surfaced in a single portal instance provided that a WebCenter Portal for Oracle Applications license exists for each eligible application surfaced in the portal. WebCenter Portal for Oracle Applications may be used to integrate the various WebCenter services (e.g., wikis, blogs, and discussions) into an application context, as well as to build out custom workflows and notifications between the eligible application and WebCenter Portal components. The content management features of the Oracle WebCenter Portal for Oracle Applications program may be used to store and manage documents created outside of the eligible application provided that such documents are related to the eligible application or to the application context.

- Oracle WebCenter Imaging for Oracle Applications may be used to create and modify imaging searches, to modify pre-packaged imaging application document types, and to create and modify input mappings to imaging applications. Oracle WebCenter Imaging for Oracle Applications may also be used to invoke web service application programming interfaces (API's) from Oracle Application workflows. A license for WebCenter Imaging for Oracle Applications is required to define new document types for the management of images unrelated to a pre-packaged Oracle Applications integration, to develop custom workflows, and to invoke APIs from custom workflows or custom application integrations.
- Oracle Identity and Access Management Suite Plus for Oracle Applications may be used only to perform associated actions for users of and within the eligible Oracle Applications. The programs may be used to do the following: (1) add, delete, modify, and manage user identities and roles in the eligible Oracle Applications; (2) provide web access management and single sign-on into eligible Oracle Applications; (3) provide data storage or virtualization to data storage of user identities and user identity related information or authentication and authorization policies for eligible Oracle Applications; (4) provide federated single sign-on to eligible Oracle Applications
- Oracle Coherence Enterprise Edition for Oracle Applications may only be used within the same Java Virtual Machine as the eligible Oracle Application components.
- Hyperion Data Integration Management, Hyperion Data Integration Management Team Based Development, and the Hyperion Data Integration Management Adapters for SAP BW, SAP R3, PeopleSoft and Siebel are licensed by Computer. Each Computer license is limited to support the use of up to 8 CPUs and each Computer license must be licensed in increments of 8 CPUs. Each core is recognized as a CPU. For computers that have more than 8 CPUs, additional Computer licenses must be purchased based upon the amount of CPUs that you are using. For example, if you are using Hyperion Data Integration Management on 12 CPUs, you need to purchase 2 Computer licenses; if you are using Hyperion Data Integration Management on 17 CPUs, you need to purchase 3 Computer licenses. These programs may be used solely in connection with moving data into and out of a Hyperion Data Store(s) (data/metadata repository(ies) delivered with the Hyperion programs). These programs may not be used to extract data from a non-Hyperion Data Store(s) to load a custom data warehouse (a data warehouse not built solely from data from a Hyperion Data Store(s)). The Hyperion Data Integration Management Computer license allows for such program to 1) connect to the following relational databases only: Oracle, Sybase, IBM DB2, MS SQL Server and 2) source from and write to an unlimited number of flat file/XML files. Hyperion Data Integration Management Adapters for SAP BW, SAP R3, PeopleSoft and Siebel must be licensed separately to allow Hyperion Data Integration Management to connect to these additional sources.
- The number of Hyperion program option licenses must match the number of licenses of the associated Hyperion program.
- The license for the Hyperion Planning Plus program includes a limited use license for the Hyperion Essbase Plus, Hyperion Financial Reporting and Hyperion Web Analysis programs. Such limited use license means that the Hyperion Essbase Plus, Hyperion Financial Reporting and Hyperion Web Analysis programs may only be used to access data from the Hyperion Planning Plus program. The Oracle Data Integrator—Target Database program may be used to load data from any data source provided that the target database is the Hyperion Planning Plus program. Specifically, the Hyperion Essbase Plus program cannot be used to create Essbase cubes that do not contain data used by the Hyperion Planning Plus program and the Aggregate Storage option component of the Hyperion Essbase Plus program may not be used.
- The license for the Hyperion Profitability and Cost Management program includes a limited use license for the Hyperion Essbase Plus, Hyperion Financial Reporting, Hyperion Web Analysis and Oracle Data Integrator - Target Database programs. Such limited use license means that the Hyperion Essbase Plus, Hyperion Financial Reporting, Hyperion Web Analysis and Oracle Data Integrator - Target Database programs may only be used to access data from the Hyperion Profitability and Cost Management program. Specifically, the Hyperion Essbase Plus program cannot be used to create Essbase cubes that do not contain data used by the Hyperion Profitability and Cost Management program and the Aggregate Storage option component of the Hyperion Essbase Plus program may not be used.

25 Concurrent Sessions is defined as a maximum of 25 established virtual connections between two endpoints (with or without media anchoring) represented by subscriber devices or network switching equipment and traversing the licensed software at any one time.

500 Concurrent Sessions is defined as a maximum of 500 established virtual connections between two endpoints (with or without media anchoring) represented by subscriber devices or network switching equipment and traversing the licensed software at any one time. For the purposes of the following programs: Oracle Communications Session Border Controller - SRTP and Oracle Communications Unified Session Manager - SRTP, only concurrent sessions with media anchoring and negotiating Secure Real-Time Transport Protocol are counted. For the purposes of the following

programs: Oracle Communications Session Border Controller - MSRP B2BUA and Oracle Communications Unified Session Manager - MSRP B2BUA, only concurrent sessions with media anchoring and negotiating Message Session Relay Protocol are counted.

Device is defined as a network element being modeled, discovered or managed by the application.

- For the Oracle Communications Network Integrity, Discovery Manager programs, devices are discovered through either a third party discovery applications or through a network management system or an element management system (both as defined below). Your premise equipment (that is, terminating equipment located at your location and connected to the service provider's network) shall not be counted as a device. For the program above, (a) network management system is defined as a system that monitors and administers a network and the devices that are attached to the network and (b) an element management system is defined as a system that manages one or more of a specific type of telecommunications network element.
- For the Oracle Communications Network Intelligence programs, devices are modeled based on devices in inventory / network resource management systems. For the above program, an inventory/network resource management system is defined as a system that maintains physical and logical network inventory data (a) upon which to base decisions, (b) to establish and maintain the linkages among resources necessary to provide service, and (c) to integrate with other systems that depend on the resource tracking and assignment services.
- For the Oracle Communications Unified Inventory Management Devices program, devices are functionally independent components (e.g., physical shelves, chassis or units, logical devices, servers or elements). Logical or physical separation denotes different devices.
- For the Oracle Communications Session Element Manager program, the Oracle Communications Session Route Manager program and the Oracle Communications Session Report Manager program, a device is defined as managed when one or more of the fault, configuration, auditing, performance and security functions are in use.

5K Endpoints is defined as five thousand individual user devices identified by a unique internet protocol (IP) and port combination. If subscribers have multiple user devices, each unique user device must be counted.

20K Endpoints is defined as twenty thousand individual user devices identified by a unique internet protocol (IP) and port combination. If subscribers have multiple user devices, each unique user device must be counted.

1K Messages per Second is defined as one thousand messages that are each composed of an envelope that contains information required to accomplish transmission, delivery, and contents to the recipient. You must count all messages whether received or sent over a fixed period of time during peak usage.

Server is defined as the computer on which the programs are installed. A Server license allows you to use the licensed program on a single specified computer. For the purposes of Acme Packet programs, a Server in a virtual environment is defined as a virtual machine image.

100 Tunnels is defined as one hundred connections where one network protocol (the delivery protocol) encapsulates a different payload protocol. For the purpose of the following program: Oracle Communications Session Border Controller – TSC, only Tunneled Services Control Function (TSCF) tunnels must be counted.

1K Tunnels is defined as one thousand connections where one network protocol (the delivery protocol) encapsulates a different payload protocol.

2. TERM OF AGREEMENT

Unless this Agreement is terminated earlier as described below, You may place orders governed by this Agreement for a period of five years from the effective date of this Agreement (indicated below in Section 25). This Agreement will continue to govern any order for the duration of the Services Period of such order.

3. RIGHTS GRANTED

3.1 For the duration of the Services Period and subject to Your payment obligations, and except as otherwise set forth in this Agreement or Your order, You have the non-exclusive, non-assignable, royalty free, worldwide limited right to access and use the Services that You ordered, including anything developed by Oracle and delivered to You as part of the Services, solely for Your internal business operations and subject to the terms of this Agreement and Your order, including the Service Specifications. You may allow Your Users to use the Services for this purpose and You are responsible for Your Users’ compliance with this Agreement and the order.

3.2 You do not acquire under this Agreement any right or license to use the Services, including the Oracle Programs and Services Environment, in excess of the scope and/or duration of the Services stated in Your order. Upon the end of the Services ordered, Your right to access and use the Services will terminate.

3.3 To enable Oracle to provide You and Your Users with the Services, You grant Oracle the right to use, process and transmit, in accordance with this Agreement and Your order, Your Content and Your Applications for the duration of the Services Period plus any additional post-termination period during which Oracle provides You with access to retrieve an export file of Your Content and Your Applications. If Your Applications include third party programs, You acknowledge that Oracle may allow providers of those third party programs to access the Services Environment, including Your Content and Your Applications, as required for the interoperation of such third party programs with the Services. Oracle will not be responsible for any use, disclosure, modification or

deletion of Your Content or Your Applications resulting from any such access by third party program providers or for the interoperability of such third party programs with the Services.

3.4 Except as otherwise expressly set forth in Your order for certain Cloud Services offerings (e.g., a private cloud hosted at Your facility), You acknowledge that Oracle has no delivery obligation for Oracle Programs and will not ship copies of such programs to You as part of the Services.

3.5 The Services may contain or require the use of Separately Licensed Third Party Technology. You are responsible for complying with the Separate Terms specified by Oracle that govern Your use of Separately Licensed Third Party Technology. Oracle may provide certain notices to You in the Service Specifications, Program Documentation, readme or notice files in connection with such Separately Licensed Third Party Technology. The third party owner, author or provider of such Separately Licensed Third Party Technology retains all ownership and intellectual property rights in and to such Separately Licensed Third Party Technology.

3.6 As part of certain Cloud Services offerings, Oracle may provide You with access to Third Party Content within the Services Environment. The type and scope of any Third Party Content is defined in the Service Specifications applicable to Your order. The third party owner, author or provider of such Third Party Content retains all ownership and intellectual property rights in and to that content, and Your rights to use such Third Party Content are subject to, and governed by, the terms applicable to such content as specified by such third party owner, author or provider.

4. OWNERSHIP AND RESTRICTIONS

4.1 You retain all ownership and intellectual property rights in and to Your Content and Your Applications. Oracle or its licensors retain all ownership and intellectual property rights to the Services, including Oracle Programs and Ancillary Programs, and derivative works thereof, and to anything developed or delivered by or on behalf of Oracle under this Agreement.

4.2 You may not and may not cause or permit others to:

- a) remove or modify any program markings or any notice of Oracle's or its licensors' proprietary rights;
- b) make the programs or materials resulting from the Services (excluding Your Content and Your Applications) available in any manner to any third party for use in the third party's business operations (unless such access is expressly permitted for the specific Services You have acquired);
- c) modify, make derivative works of, disassemble, decompile, or reverse engineer, reproduce, distribute, republish or download any part of the Services (the foregoing prohibitions include but are not limited to review of data structures or similar materials produced by programs), or access or use the Services in order to build or support, and/or assist a third party in building or supporting, products or Services competitive to Oracle;
- d) perform or disclose any benchmark or performance tests of the Services, including the Oracle Programs,;
- e) perform or disclose any of the following security testing of the Services Environment or associated infrastructure: network discovery, port and service identification, vulnerability scanning, password cracking, remote access testing, or penetration testing; and
- f) license, sell, rent, lease, transfer, assign, distribute, host, outsource, permit timesharing or service bureau use, or otherwise commercially exploit or make available the Services, Oracle Programs, Ancillary Programs, Services Environments or Oracle materials, to any third party, other than as expressly permitted under the terms of the applicable order.

5. SERVICE SPECIFICATIONS

5.1 The Services are subject to and governed by Service Specifications applicable to Your order. Service Specifications may define provisioning and management processes applicable to the Services (such as capacity planning), types and quantities of system resources (such as storage allotments), functional and technical aspects of the Oracle Programs, as well as any Services deliverables. You acknowledge that use of the Services in a manner not consistent with the Service Specifications may adversely affect Services performance and/or may result in additional fees. If the Services permit You to exceed the ordered quantity (e.g., soft limits on counts for Users, sessions, storage, etc.), then You are responsible for promptly purchasing such additional quantity to account for Your excess usage.

5.2 Oracle may make changes or updates to the Services (such as infrastructure, security, technical configurations, application features, etc.) during the Services Period, including to reflect changes in technology,

industry practices, patterns of system use, and availability of Third Party Content. The Service Specifications are subject to change at Oracle's discretion; however, Oracle changes to the Service Specifications will not result in a material reduction in the level of performance or availability of the applicable Services provided to You for the duration of the Services Period.

5.3 Your order will specify the Data Center Region in which Your Services Environment will reside. As described in the Service Specifications and to the extent applicable to the Cloud Services that You have ordered, Oracle will provide production, test, and backup environments in the Data Center Region stated in Your order. Oracle and its affiliates may perform certain aspects of Cloud Services, such as service administration and support, as well as other Services (including Professional Services and disaster recovery), from locations and/or through use of subcontractors, worldwide.

6. USE OF THE SERVICES

6.1 You are responsible for identifying and authenticating all Users, for approving access by such Users to the Services, for controlling against unauthorized access by Users, and for maintaining the confidentiality of usernames, passwords and account information. By federating or otherwise associating Your and Your Users' usernames, passwords and accounts with Oracle, You accept responsibility for the confidentiality and timely and proper termination of user records in Your local (intranet) identity infrastructure or on Your local computers. Oracle is not responsible for any harm caused by Your Users, including individuals who were not authorized to have access to the Services but who were able to gain access because usernames, passwords or accounts were not terminated on a timely basis in Your local identity management infrastructure or Your local computers. You are responsible for all activities that occur under Your and Your Users' usernames, passwords or accounts or as a result of Your or Your Users' access to the Services, and agree to notify Oracle immediately of any unauthorized use. You agree to make every reasonable effort to prevent unauthorized third parties from accessing the Services.

6.2 You agree not to use or permit use of the Services, including by uploading, emailing, posting, publishing or otherwise transmitting any material, including Your Content, Your Applications and Third Party Content, for any purpose that may (a) menace or harass any person or cause damage or injury to any person or property, (b) involve the publication of any material that is false, defamatory, harassing or obscene, (c) violate privacy rights or promote bigotry, racism, hatred or harm, (d) constitute unsolicited bulk e-mail, "junk mail", "spam" or chain letters; (e) constitute an infringement of intellectual property or other proprietary rights, or (f) otherwise violate applicable laws, ordinances or regulations. In addition to any other rights afforded to Oracle under this Agreement, Oracle reserves the right, but has no obligation, to take remedial action if any material violates the restrictions in the foregoing sentence (the "Acceptable Use Policy"), including the removal or disablement of access to such material. Oracle shall have no liability to You in the event that Oracle takes such action. You shall have sole responsibility for the accuracy, quality, integrity, legality, reliability, appropriateness and ownership of all of Your Content and Your Applications. To the extent not prohibited by applicable law, You agree to defend and indemnify Oracle against any claim arising out of a violation of Your obligations under this section.

6.3 You are required to accept all patches, bug fixes, updates, maintenance and service packs (collectively, "Patches") necessary for the proper function and security of the Services, including for the Oracle Programs, as such Patches are generally released by Oracle as described in the Service Specifications. Oracle is not responsible for performance or security issues encountered with the Cloud Services that result from Your failure to accept the application of Patches that are necessary for the proper function and security of the Services. Except for emergency or security related maintenance activities, Oracle will coordinate with You the scheduling of application of Patches, where possible, based on Oracle's next available standard maintenance window.

7. TRIAL USE AND PILOT CLOUD SERVICES

7.1 Oracle may make available certain Cloud Services for trial, non-production purposes. Cloud Services for trial purposes must be ordered under a separate Agreement. Cloud Services acquired for trial purposes are provided on an "as is" and "as available" basis and may not be used with production data that has not been masked, anonymized or otherwise rendered unreadable. Oracle does not provide technical or other support or offer any warranties for such Services.

7.2 Oracle may make available "conference room pilots" for certain Cloud Services under a separate agreement. Conference room pilots ordered by You are described in Your order and are provided solely for You to evaluate and test the Cloud Services for Your internal business purposes. Conference room pilots are provided by Oracle on an "as is" and "as available" basis, and Oracle does not provide technical or other support or offer any warranties for such Services. You may not include any production data in Your conference room Services.

Environment that has not been masked, anonymized or otherwise rendered unreadable. You may be required to order certain Professional Services as a prerequisite to an order for a conference room pilot.

7.3 Oracle may make available “production pilots” for certain Cloud Services under this Agreement. Production pilots ordered by You are described in the Service Specifications applicable to Your order, and are provided solely for You to evaluate and test Cloud Services for Your internal business purposes. You may be required to order certain Professional Services as a prerequisite to an order for a production pilot.

8. FEES AND TAXES

8.1 All fees payable to Oracle are due within 30 days from the invoice date. Once placed, Your order is non-cancelable and the sums paid nonrefundable, except as provided in this Agreement or Your order. You agree to pay any sales, value-added or other similar taxes imposed by applicable law that Oracle must pay based on the Services You ordered, except for taxes based on Oracle’s income. Fees for Services listed in an order are exclusive of taxes. Reimbursement of expenses related to providing any Professional Services, if any, will be addressed in the relevant ordering document and/or statement of work.

8.2 You understand that You may receive multiple invoices for the Services You ordered. Invoices will be submitted to You pursuant to Oracle’s Invoicing Standards Policy, which may be accessed at <http://oracle.com/contracts>.

8.3 You agree and acknowledge that You have not relied on the future availability of any Services, programs or updates in entering into the payment obligations in Your order; however, the preceding does not relieve Oracle of its obligation during the Services Period to deliver Services that You have ordered per the terms of this Agreement.

9. SERVICES PERIOD; END OF SERVICES

9.1 Services provided under this Agreement shall be provided for the Services Period defined in Your order, unless earlier suspended or terminated in accordance with this Agreement or the order. Even though You order Cloud Services that are designated in the Service Specifications or Your Order as Auto Renew, such services will NOT automatically renew. In order to renew, You must provide Oracle with written notice no later than thirty (30) days prior to the end of the applicable Services Period of Your intent to renew and You must execute a contract modification evidencing such renewal. The preceding sentence shall not apply if Oracle provides You with written notice no later than ninety (90) days prior to the end of the applicable Services Period that it will not renew such Cloud Services.

9.2 Upon the end of the Services, You no longer have rights to access or use the Services, including the associated Oracle Programs and Services Environments; however, at Your request, and for a period of up to 60 days after the end of the applicable Services Period, Oracle will make available Your Content and Your Applications then in the Services Environment for the purpose of retrieval by You. At the end of such 60 day period, and except as may be required by law, Oracle will delete or otherwise render inaccessible any of Your Content and Your Applications that remain in the Services Environment.

9.3 Oracle may temporarily suspend Your password, account, and access to or use of the Services if You or Your Users violate any provision within the ‘Rights Granted’, ‘Ownership and Restrictions’, ‘Fees and Taxes’, ‘Use of the Services’, or ‘Export’ sections of this Agreement, or if in Oracle’s reasonable judgment, the Services or any component thereof are about to suffer a significant threat to security or functionality. Oracle will provide advance notice to You of any such suspension in Oracle’s reasonable discretion based on the nature of the circumstances giving rise to the suspension. Oracle will use reasonable efforts to re-establish the affected Services promptly after Oracle determines, in its reasonable discretion, that the situation giving rise to the suspension has been cured; however, during any suspension period, Oracle will make available to You Your Content and Your Applications as existing in the Services Environment on the date of suspension. Oracle may terminate the Services under an order if any of the foregoing causes of suspension is not cured within 30 days after Oracle’s initial notice thereof. Any suspension or termination by Oracle under this paragraph shall not excuse You from Your obligation to make payment(s) under this Agreement.

9.4 If either of us breaches a material term of this Agreement and fails to correct the breach within 30 days of written specification of the breach, then the breaching party is in default and the non-breaching party may terminate the order under which the breach occurred. If Oracle terminates the order as specified in the preceding sentence, You must pay within 30 days all amounts that have accrued prior to such termination, as well as all sums remaining unpaid for the Services ordered under such order plus related taxes and expenses.

Except for nonpayment of fees, the nonbreaching party may agree in its sole discretion to extend the 30 day period for so long as the breaching party continues reasonable efforts to cure the breach. You agree that if You are in default under this Agreement, You may not use those Services ordered.

9.5 You may terminate this Agreement at any time without cause by giving Oracle 30 days prior written notice of such termination. Termination of the Agreement will not affect orders that are outstanding at the time of termination. Those orders will be performed according to their terms as if this Agreement were still in full force and effect. However, those orders may not be renewed subsequent to termination of this Agreement.

9.6 If You have used an Oracle Financing Division contract to pay for the fees due under an order and You are in default under that contract, You may not use the Services that are subject to such contract.

9.7 Provisions that survive termination or expiration of this Agreement are those relating to limitation of liability, indemnification, payment and others which by their nature are intended to survive.

10. NONDISCLOSURE

10.1 By virtue of this Agreement, the parties may have access to information that is confidential to one another (“Confidential Information”). We each agree to disclose only information that is required for the performance of obligations under this Agreement. To the extent permitted by law, Confidential information shall be limited to the terms and pricing under this Agreement, Your Content and Your Applications residing in the Services Environment, and all information clearly identified as confidential at the time of disclosure.

10.2 A party’s Confidential Information shall not include information that: (a) is or becomes a part of the public domain through no act or omission of the other party; (b) was in the other party’s lawful possession prior to the disclosure and had not been obtained by the other party either directly or indirectly from the disclosing party; (c) is lawfully disclosed to the other party by a third party without restriction on the disclosure; or (d) is independently developed by the other party.

10.3 Subject to applicable law, we each agree not to disclose each other’s Confidential Information to any third party other than as set forth in the following sentence for a period of three years from the date of the disclosing party’s disclosure of the Confidential Information to the receiving party; however, Oracle will hold Your Confidential Information that resides within the Services Environment in confidence for as long as such information resides in the Services Environment. We each may disclose Confidential Information only to those employees, agents or subcontractors who are required to protect it against unauthorized disclosure in a manner no less protective than required under this Agreement. Oracle will protect the confidentiality of Your Content or Your Applications residing in the Services Environment in accordance with the Oracle security practices defined as part of the Service Specifications applicable to Your order. In addition, Your Personal Data will be treated in accordance with the terms of Section 11 below. Nothing shall prevent either party from disclosing the terms or pricing under this Agreement or orders placed under this Agreement in any legal proceeding arising from or in connection with this Agreement or from disclosing the Confidential Information to a governmental entity as required by law.

The parties acknowledge and agree that You and this Agreement are subject to applicable freedom of information or open records law. Should You receive a request under such law for Oracle’s Confidential Information, You agree to give Oracle adequate prior notice of the request and before releasing Oracle’s Confidential Information to a third party, in order to allow Oracle sufficient time to seek injunctive relief or other relief against such disclosure.

11. DATA PROTECTION

11.1 In performing the Services, Oracle will comply with the *Oracle Services Privacy Policy*, which is available at <http://www.oracle.com/html/Services-privacy-policy.html> and incorporated herein by reference. The *Oracle Services Privacy Policy* is subject to change at Oracle’s discretion; however, Oracle policy changes will not result in a material reduction in the level of protection provided for Your Personal Data provided as part of Your Content during the Services Period of Your order.

11.2 Oracle’s *Data Processing Agreement for Oracle Cloud Services* (the “Data Processing Agreement”), which is available at <http://www.oracle.com/dataprocessingagreement> and incorporated herein by reference, describes the parties’ respective roles for the processing and control of Personal Data that You provide to Oracle as part of

the Cloud Services. Oracle will act as a data processor, and will act on Your instruction concerning the treatment of Your Personal Data residing in the Services Environment, as specified in this Agreement, the Data Processing Agreement and the applicable order. You agree to provide any notices and obtain any consents related to Your use of the Services and Oracle's provision of the Services, including those related to the collection, use, processing, transfer and disclosure of Personal Data.

11.3 The Service Specifications applicable to Your order define the administrative, physical, technical and other safeguards applied to Your Content residing in the Services Environment, and describe other aspects of system management applicable to the Services. You are responsible for any security vulnerabilities, and the consequences of such vulnerabilities, arising from Your Content and Your Applications, including any viruses, Trojan horses, worms or other programming routines contained in Your Content or Your Applications that could limit or harm the functionality of a computer or that could damage, intercept or expropriate data.

11.4 You may not provide Oracle access to health, payment card or similarly sensitive personal information that imposes specific data security obligations for the processing of such data unless specified in Your order. If available, You may purchase additional Services from Oracle (e.g., Oracle Payment Card Industry Compliance Services, Oracle HIPAA Security Services, Oracle Federal Security Services, etc.) designed to address particular data protection requirements applicable to Your business or Your Content.

12. WARRANTIES, DISCLAIMERS AND EXCLUSIVE REMEDIES

12.1 Oracle warrants that it will perform (i) Cloud Services in all material respects as described in the Service Specifications, and (ii) Professional Services in a professional manner in accordance with the Service Specifications. If the Services provided to You were not performed as warranted, You must promptly provide written notice to Oracle that describes the deficiency in the Services (including, as applicable, the service request number notifying Oracle of the deficiency in the Services).

12.2 ORACLE DOES NOT GUARANTEE THAT (A) THE SERVICES WILL BE PERFORMED ERROR-FREE OR UNINTERRUPTED, OR THAT ORACLE WILL CORRECT ALL SERVICES ERRORS, (B) THE SERVICES WILL OPERATE IN COMBINATION WITH YOUR CONTENT OR YOUR APPLICATIONS, OR WITH ANY OTHER HARDWARE, SOFTWARE, SYSTEMS, SERVICES OR DATA NOT PROVIDED BY ORACLE, AND (C) THE SERVICES WILL MEET YOUR REQUIREMENTS, SPECIFICATIONS OR EXPECTATIONS. YOU ACKNOWLEDGE THAT ORACLE DOES NOT CONTROL THE TRANSFER OF DATA OVER COMMUNICATIONS FACILITIES, INCLUDING THE INTERNET, AND THAT THE SERVICES MAY BE SUBJECT TO LIMITATIONS, DELAYS, AND OTHER PROBLEMS INHERENT IN THE USE OF SUCH COMMUNICATIONS FACILITIES. ORACLE IS NOT RESPONSIBLE FOR ANY DELAYS, DELIVERY FAILURES, OR OTHER DAMAGE RESULTING FROM SUCH PROBLEMS. ORACLE IS NOT RESPONSIBLE FOR ANY ISSUES RELATED TO THE PERFORMANCE, OPERATION OR SECURITY OF THE SERVICES THAT ARISE FROM YOUR CONTENT, YOUR APPLICATIONS OR THIRD PARTY CONTENT. ORACLE DOES NOT MAKE ANY REPRESENTATION OR WARRANTY REGARDING THE RELIABILITY, ACCURACY, COMPLETENESS, CORRECTNESS, OR USEFULNESS OF THIRD PARTY CONTENT OR SERVICES, AND DISCLAIMS ALL LIABILITIES ARISING FROM OR RELATED TO THIRD PARTY CONTENT OR SERVICES.

12.3 FOR ANY BREACH OF THE SERVICES WARRANTY, YOUR EXCLUSIVE REMEDY AND ORACLE'S ENTIRE LIABILITY SHALL BE THE CORRECTION OF THE DEFICIENT SERVICES THAT CAUSED THE BREACH OF WARRANTY, OR, IF ORACLE CANNOT SUBSTANTIALLY CORRECT THE DEFICIENCY IN A COMMERCIALY REASONABLE MANNER, YOU MAY END THE DEFICIENT SERVICES AND ORACLE WILL REFUND TO YOU THE FEES PAID FOR THE DEFICIENT SERVICES FOR THE PERIOD OF TIME DURING WHICH THE SERVICES WERE DEFICIENT.

12.4 TO THE EXTENT NOT PROHIBITED BY LAW, THESE WARRANTIES ARE EXCLUSIVE AND THERE ARE NO OTHER EXPRESS OR IMPLIED WARRANTIES OR CONDITIONS INCLUDING FOR SOFTWARE, HARDWARE, SYSTEMS, NETWORKS OR ENVIRONMENTS OR FOR MERCHANTABILITY, SATISFACTORY QUALITY AND FITNESS FOR A PARTICULAR PURPOSE.

13. LIMITATION OF LIABILITY

NEITHER PARTY SHALL BE LIABLE FOR ANY INDIRECT, INCIDENTAL, SPECIAL, PUNITIVE, OR CONSEQUENTIAL DAMAGES, OR ANY LOSS OF REVENUE OR PROFITS (EXCLUDING FEES UNDER THIS AGREEMENT), DATA, OR DATA USE. ORACLE'S AGGREGATE LIABILITY FOR ALL DAMAGES ARISING OUT OF OR RELATED TO THIS AGREEMENT OR YOUR ORDER, WHETHER IN CONTRACT OR TORT, OR OTHERWISE, SHALL BE LIMITED TO THE TOTAL AMOUNTS ACTUALLY PAID TO ORACLE FOR

THE SERVICES UNDER THE ORDER GIVING RISE TO THE LIABILITY IN THE TWELVE (12) MONTH PERIOD IMMEDIATELY PRECEDING THE EVENT GIVING RISE TO SUCH LIABILITY LESS ANY REFUNDS OR CREDITS RECEIVED BY YOU FROM ORACLE UNDER SUCH ORDER.

14. INDEMNIFICATION

14.1 Subject to the terms of this Section 14 (Indemnification), if a third party makes a claim against either You or Oracle ("Recipient" which may refer to You or Oracle depending upon which party received the Material), that any information, design, specification, instruction, software, service, data, hardware, or material (collectively, "Material") furnished by either You or Oracle ("Provider" which may refer to You or Oracle depending on which party provided the Material) and used by the Recipient infringes the third party's intellectual property rights, the Provider, at the Provider's sole cost and expense, will, to the extent not prohibited by law, defend the Recipient against the claim and indemnify the Recipient from the damages, liabilities, costs and expenses awarded by the court to the third party claiming infringement or the settlement agreed to by the Provider, if the Recipient does the following:

- a. notifies the Provider promptly in writing, not later than 30 days after the Recipient receives notice of the claim (or sooner if required by applicable law);
- b. gives the Provider sole control of the defense and any settlement negotiations; and
- c. gives the Provider the information, authority and assistance the Provider needs to defend against or settle the claim.

14.2 If the Provider believes or it is determined that any of the Material may have violated a third party's intellectual property rights, the Provider may choose to either modify the Material to be non-infringing (while substantially preserving its utility or functionality) or obtain a license to allow for continued use, or if these alternatives are not commercially reasonable, the Provider may end the license for, and require return of, the applicable Material and refund any unused, prepaid fees the Recipient may have paid to the other party for such Material. If such return materially affects Oracle's ability to meet its obligations under the relevant order, then Oracle may, at its option and upon 30 days prior written notice, terminate the order.

14.3 The Provider will not indemnify the Recipient if the Recipient (a) alters the Material or uses it outside the scope of use identified in the Provider's user or program documentation or Service Specifications, (b) uses a version of the Material which has been superseded, if the infringement claim could have been avoided by using an unaltered current version of the Material which was made available to the Recipient, or (c) continues to use the applicable Material after the end of the license to use that Material. The Provider will not indemnify the Recipient to the extent that an infringement claim is based upon any information, design, specification, instruction, software, service, data, hardware or material not furnished by the Provider. Oracle will not indemnify You for any portion of an infringement claim that is based upon the combination of any Material with any products or Services not provided by Oracle. Oracle will not indemnify You to the extent that an infringement claim is based on Third Party Content or any Material from a third party portal or other external source that is accessible to You within or from the Services (e.g., a social media post from a third party blog or forum, a third party Web page accessed via a hyperlink, etc.). Oracle will not indemnify You for infringement caused by Your actions against any third party if the Services as delivered to You and used in accordance with the terms of this Agreement would not otherwise infringe any third party intellectual property rights. Oracle will not indemnify You for any intellectual property infringement claim(s) known to You at the time Services rights are obtained.

14.4 The term "Material" defined above does not include Separately Licensed Third Party Technology. Solely with respect to Separately Licensed Third Party Technology that is part of or is required to use the Cloud Services and that is used: (a) in unmodified form; (b) as part of or as required to use the Cloud Services; and (c) in accordance with the usage grant for the relevant Cloud Services and all other terms and conditions of this Agreement, Oracle will indemnify You for infringement claims for Separately Licensed Third Party Technology to the same extent as Oracle is required to provide infringement indemnification for Materials under the terms of the Agreement.

14.5 This Section 14 provides the parties' exclusive remedy for any infringement claims or damages.

15. THIRD PARTY WEB SITES, CONTENT, PRODUCTS AND SERVICES

15.1 The Services may enable You to link to, transmit Your Content to, or otherwise access, other Web sites, content, products, services, and information of third parties. Oracle does not control and is not responsible for such Web sites or any such content, products, services and information accessible from or provided through the

Services, and You bear all risks associated with access to and use of such Web sites and third party content, products, services and information.

15.2 Any Third Party Content made accessible by Oracle in or through the Services Environment is provided on an “as-is” and “as available” basis without any warranty of any kind. Third Party Content may be indecent, offensive, inaccurate, infringing or otherwise objectionable or unlawful, and You acknowledge that Oracle is not responsible for and under no obligation to control, monitor or correct Third Party Content; however, Oracle reserves the right to take remedial action if any such content violates applicable restrictions under Section 6.2 of this Agreement, including the removal of, or disablement of access to, such content.

15.3 You acknowledge that: (i) the nature, type, quality and availability of Third Party Content may change at any time during the Services Period, and (ii) features of the Services that interoperate with third parties such as Facebook™, YouTube™ and Twitter™, etc. (each, a “Third Party Service”), depend on the continuing availability of such third parties’ respective application programming interfaces (APIs) for use with the Services. Oracle may update, change or modify the Services under this Agreement as a result of a change in, or unavailability of, such Third Party Content, Third Party Services or APIs. If any third party ceases to make its Third Party Content or APIs available on reasonable terms for the Services, as determined by Oracle in its sole discretion, Oracle may cease providing access to the affected Third Party Content or Third Party Services without any liability to You. Any changes to Third Party Content, Third Party Services or APIs, including their availability or unavailability, during the Services Period does not affect Your obligations under this Agreement or the applicable order, and You will not be entitled to any refund, credit or other compensation due to any such changes.

15.4 Any Third Party Content that You store in Your Services Environment will count towards any storage or other allotments applicable to the Cloud Services that You ordered.

16. SERVICES TOOLS AND ANCILLARY PROGRAMS

16.1 Oracle may use tools, scripts, software, and utilities (collectively, the “Tools”) to monitor and administer the Services and to help resolve Your Oracle service requests. The Tools will not collect or store any of Your Content or Your Applications residing in the Services Environment, except as necessary to provide the Services or troubleshoot service requests or other problems in the Services. Information collected by the Tools (excluding Your Content and Your Applications) may also be used to assist in managing Oracle’s product and service portfolio, to help Oracle address deficiencies in its product and service offerings, and for license and Services management.

16.2 As part of the Cloud Services, Oracle may provide You with on-line access to download certain Ancillary Programs for use with the Services. If Oracle does not specify separate terms for such Ancillary Programs, then, subject to Your payment obligations, You have the non-exclusive, non-assignable, royalty-free, worldwide limited right to use such Ancillary Programs solely to facilitate Your access to, operation of, and/or use of the Services Environment, subject to the terms of this Agreement and Your order, including the Services Specifications. Your right to use such Ancillary Programs will terminate upon the earlier of Oracle’s notice (which may be through posting on <https://support.oracle.com> or such other URL designated by Oracle), the end of the Cloud Services associated with the Ancillary Programs, or the date on which the license to use the Ancillary Programs ends under the Separate Terms specified for such programs.

17. SERVICE ANALYSES

Oracle may (i) compile statistical and other information related to the performance, operation and use of the Services, and (ii) use data from the Services Environment in aggregated form for security and operations management, to create statistical analyses, and for research and development purposes (clauses i and ii are collectively referred to as “Service Analyses”). Oracle may make Service Analyses publicly available; however, Service Analyses will not incorporate Your Content or Confidential Information in a form that could serve to identify You or any individual, and Service Analyses do not constitute Personal Data. Oracle retains all intellectual property rights in Service Analyses.

18. EXPORT

18.1 Export laws and regulations of the United States and any other relevant local export laws and regulations apply to the Services. You agree that such export laws govern Your use of the Services (including technical data) and any Services deliverables provided under this Agreement, and You agree to comply with all such export laws and regulations (including “deemed export” and “deemed re-export” regulations). You agree that no data, information, software programs and/or materials resulting from Services (or direct product thereof) will be exported, directly or indirectly, in violation of these laws, or will be used for any purpose prohibited by these laws

including, without limitation, nuclear, chemical, or biological weapons proliferation, or development of missile technology.

18.2 You acknowledge that the Cloud Services are designed with capabilities for You and Your Users to access the Services Environment without regard to geographic location and to transfer or otherwise move Your Content and Your Applications between the Services Environment and other locations such as User workstations. You are solely responsible for the authorization and management of User accounts, as well as export control and geographic transfer of Your Content and Your Applications.

19. FORCE MAJEURE

Neither of us shall be responsible for failure or delay of performance if caused by: an act of war, hostility, or sabotage; act of God; pandemic; electrical, internet, or telecommunication outage that is not caused by the obligated party; government restrictions (including the denial or cancelation of any export, import or other license); or other event outside the reasonable control of the obligated party. We both will use reasonable efforts to mitigate the effect of a force majeure event. If such event continues for more than 30 days, either of us may cancel unperformed Services and affected orders upon written notice. This Section does not excuse either party's obligation to take reasonable steps to follow its normal disaster recovery procedures or Your obligation to pay for the Services.

20. NOTICE

20.1 Any notice required under this Agreement shall be provided to the other party in writing. If You have a dispute with Oracle or if You wish to provide a notice under the Indemnification Section of this Agreement, or if You become subject to insolvency or other similar legal proceedings, You will promptly send written notice to: Oracle America, Inc., 500 Oracle Parkway, Redwood Shores, CA 94065. Attention: General Counsel, Legal Department.

20.2 To request the termination of Services in accordance with this Agreement, You must submit a service request to Oracle at the address specified in Your order or the Service Specifications.

20.3 Oracle may give notices applicable to Oracle's Cloud Services customer base by means of a general notice on the Oracle portal for the Cloud Services, and notices specific to You by electronic mail to Your e-mail address on record in Oracle's account information or by written communication sent by first class mail or pre-paid post to Your address on record in Oracle's account information.

21. ASSIGNMENT

You may not assign this Agreement or give or transfer the Services (including the Oracle Programs) or an interest in them to another individual or entity. If You grant a security interest in any portion of the Services, the secured party has no right to use or transfer the Services or any deliverables, and if You decide to finance Your acquisition of the Services, You will follow Oracle's policies regarding financing which are at <http://oracle.com/contracts>. The foregoing shall not be construed to limit the rights You may otherwise have with respect to Separately Licensed Third Party Technology licensed under open source or similar license terms.

22. OTHER

22.1 Oracle is an independent contractor and we agree that no partnership, joint venture, or agency relationship exists between us. We each will be responsible for paying our own employees, including employment related taxes and insurance. To the extent not prohibited by law, You shall defend and indemnify Oracle against liability arising under any applicable laws, ordinances or regulations related to Your termination or modification of the employment of any of Your employees in connection with any Services under this Agreement. You understand that Oracle's business partners and other third parties, including any third party firms retained by You to provide consulting or implementation services or applications that interact with the Cloud Services, are independent of Oracle and are not Oracle's agents. Oracle is not liable for, bound by, or responsible for any problems with the Services arising due to any acts of any such business partner, unless the business partner is providing Services as an Oracle subcontractor on an engagement ordered under this Agreement and, if so, then only to the same extent as Oracle would be responsible for Oracle resources under this Agreement.

22.2 If any term of this Agreement is found to be invalid or unenforceable, the remaining provisions will remain effective and such term shall be replaced with another term consistent with the purpose and intent of this

Agreement.

22.3 Except for actions for nonpayment or breach of Oracle's proprietary rights, no action, regardless of form, arising out of or relating to this Agreement may be brought by either party more than two years after the cause of action has accrued.

22.4 Oracle Programs and Services are not designed for or specifically intended for use in nuclear facilities or other hazardous applications. You agree that it is Your responsibility to ensure safe use of Oracle Programs and Services in such applications.

22.5 You shall obtain at Your sole expense any rights and consents from third parties necessary for Your Content, Your Applications, and Third Party Content, as well as other vendor's products provided by You that You use with the Services, including such rights and consents as necessary for Oracle to perform the Services under this Agreement.

22.6 You agree to provide Oracle with all information, access and full good faith cooperation reasonably necessary to enable Oracle to provide the Services and You will perform the actions identified in Your order as Your responsibilities.

22.7 You remain solely responsible for Your regulatory compliance in connection with Your use of the Services. You are responsible for making Oracle aware of any technical requirements that result from Your regulatory obligations prior to entering into an order governed by this Agreement. Oracle will cooperate with Your efforts to determine whether use of the standard Oracle Services offering is consistent with those requirements. Additional fees may apply to any additional work performed by Oracle or changes to the Services.

22.8 Oracle may audit Your use of the Services (e.g., through use of software tools) to assess whether Your use of the Services is in accordance with Your order and the terms of this Agreement. You agree to cooperate with Oracle's audit and provide reasonable assistance and access to information. Any such audit shall not unreasonably interfere with Your normal business operations. You agree to pay within 30 days of written notification any fees applicable to Your use of the Services in excess of Your rights. If You do not pay, Oracle can end Your Services and/or Your order. You agree that Oracle shall not be responsible for any of Your costs incurred in cooperating with the audit.

22.9 The purchase of Cloud Services, Professional Services, or other service offerings, programs or products are all separate offers and separate from any other order. You understand that You may purchase Cloud Services, Professional Services, or other service offerings, programs or products independently of any other order. Your obligation to pay under any order is not contingent on performance of any other service offerings or delivery of programs or products.

23. ENTIRE AGREEMENT

23.1 You agree that this Agreement and the information which is incorporated into this Agreement by written reference (including reference to information contained in a URL or referenced policy), together with the applicable order, is the complete agreement for the Services ordered by You and supersedes all prior or contemporaneous agreements or representations, written or oral, regarding such Services.

23.2 It is expressly agreed that the terms of this Agreement and any Oracle order shall supersede the terms in any purchase order, procurement internet portal, or other similar non-Oracle document and no terms included in any such purchase order, portal, or other non-Oracle document shall apply to the Services ordered. In the event of any inconsistencies between the terms of an order and the Agreement, the order shall take precedence; however, unless expressly stated otherwise in an order, the terms of the Data Processing Agreement shall take precedence over any inconsistent terms in an order. Except as otherwise permitted in Section 5 (Service Specifications), Section 11 (Data Protection) and Section 15 (Third Party Web Sites) with respect to the Services, this Agreement and orders hereunder may not be modified and the rights and restrictions may not be altered or waived except in a writing signed or accepted online through the Oracle Store by authorized representatives of You and of Oracle. No third party beneficiary relationships are created by this Agreement.

VALUE ADD (APPENDIX G)

Mythics Technology Innovation Center

Mythics' Enterprise Architecture (EA) team provides tremendous value to our customers around enterprise solutions strategy, system architecture, and implementation of enterprise solutions - including Oracle Engineered Systems, Cloud, and Data Center Consolidation. Mythics invested in the latest infrastructure for our Technology Innovation Center (TIC) in 2011 and continues to invest to provide our customers an experience center and way to get close to the most extreme computing platforms available in industry today. The TIC allows customers to experience Oracle products and specifically Engineered Systems such as Exadata, Oracle Database Appliance, and Exalytics in action: www.mythics.com/resources/mythics-technology-innovation-center-brochure

Our investment in the TIC infrastructure today includes Oracle Engineered Systems and other Oracle hardware and software. This includes two Exadata, one Exalytics, two Oracle Database Appliances (ODA), one ZFS storage appliance, X Series Blades, and an Oracle VM Cluster running many of the required products from this solicitation including Applications, DB, RAC, TimesTen, Data Warehouse, Enterprise Management, Fusion Middleware, Solaris, and Linux.

Mythics extends this TIC capability through new investment, and coordination with Oracle – with current focus on covering capability for SuperCluster, OVCA, and Big Data. This ongoing expansion is based on customer demand and industry trends. Mythics has supported our customers through pre-implementation and post-implementation

activities. Mythics has at times provided Oracle access to our TIC infrastructure to assist with customer activities and product support initiatives. Our pre and post implementation activities include hands-on demonstrations, workshops, training, proof of concepts, technical benchmarking, and even loaning our equipment to customers for trial in their data centers or as stop-gap solutions if timing is critical. Our customers have told us that this has helped in many cases make technology decisions and aid in budget cycles.

In addition to customer and Oracle access to our TIC, the Mythics investment provides a way for our architects and consultants to train Mythics' expanding consulting and sales staff on the latest technology in order to provide the very best service to our customers. The environment also allows us to try the latest releases and patches in a safe environment.

The Mythics TIC is located in Chantilly, Virginia. Mythics has hosted customers at our facility, performed remote/virtual support, and have supported on customer premise activities with our mobile equipment – we have found that the physical location is not a hindrance to supporting our geographically diverse customer base. The Technology Innovation Center and our Mythics Enterprise Architecture capabilities are unique to Mythics, and have provided many benefits to customers:

- **CalPERS.** Using the TIC resources, the Mythics EA and Consulting team was able to provide just-in-time prototyping and piloting of the CalPERS ZFS storage strategy and solution, including the configuration, patching, maintenance, and operational procedures.
- **Georgia Department of Transportation.** The Mythics EA and TIC team worked with GADOT on a proof-of-concept for their first Exadata project, to allow them to validate the solution and resolve any issues prior to the start of the implementation. Mythics also used the TIC and EA resources to deliver training to the GADOT technical team during the course of project.
- **Liberty University.** The Mythics TIC and Enterprise Architecture capabilities provided a solution roadmap for their highly successful Exadata implementation and Oracle database consolidation project, helping them achieve a faster time to value.

- **Long Island Power.** The Mythics EA and Consulting team used the TIC resources to provide a smoother transition from order-to-standup of their Engineered Systems platform, providing a broad range of skills including Networking, Exadata, Exalogic, and ZFS Storage to accelerate the project.
- **Texas Department of Information Resources.** The Mythics team uses the TIC resources to support multiple training, sandboxing, and prototyping activities for their Oracle Database-as-a-Service program and Exadata platform.

Mythics Technology Roadshows

In addition to providing our customers with access to the Mythics Technology Innovation Center, Mythics also hosts nationwide Technology Roadshows highlighting the latest Oracle products. This is a great opportunity for customers around the U.S. to have an opportunity to see new Oracle products such as Oracle Exalytics In-Memory Machine, Business Intelligence Applications and Oracle Technology Software and hear from technical experts on the features, functions and benefits organizations have been able to realize using this technology.

On January 30, 2014, Mythics initiated run a nation-wide Exalytics Road Show tour to showcase the capabilities of Oracle Exalytics, Oracle BI Foundation Suite, and Oracle BI Applications. The roadshow included stops in:

Richmond, VA	Chicago, IL	Tallahassee, FL
Philadelphia, PA	Sacramento, CA	Ft. Lauderdale, FL,
New York City, NY	Austin, TX	Atlanta, GA
Minneapolis, MN	Pittsburgh, PA	Charlotte, NC
Indianapolis, IN	Washington, DC	

When not on the road, the Exalytics In-Memory machine resides at our TIC, where it is on display in a glass enclosed data center. The road show series is a mobile demonstration of our onsite demonstrations at the TIC, which allows for customers to see and experience real-time data assessments and application utilization.

IT Asset Management

Today, enterprises must manage the cumbersome process for managing, tracking and reporting on legacy software, hardware, support contracts and other IT assets. The information surrounding these contracts and support expiration dates is normally stored in various channels thereby requiring a manual process to develop reports on the expenditures and usage of licenses or equipment. The business process and multiple decentralized tools create a chaotic and inefficient environment for effectively managing the enterprise IT assets.

The Mythics Solution

Mythics has developed a software tool that will orchestrate the overall IT asset management process. Mythics License Orchestrator allows non-technical users to centrally manage, track and report on software licenses, support contracts and other user defined IT assets within an organization. The tool is an embedded feature of the Oracle database, so there is no software cost to enable the full License Orchestrator functionality in an existing Oracle database. For customers who do not own Oracle, Mythics makes it easy and affordable by including a license of the necessary Oracle components with the Mythics License Orchestrator software bundle. The web-based platform of the tool enables you to easily track and manage software and hardware inventory including purchasing details, support contract expirations, and spare pools to eliminate unneeded purchases. The software also tracks intended future requirements to bundle future purchases which in some cases may achieve a higher volume discounts.

Mythics Managed Support Services

Special Programs

Mythics & Oracle Insights

Mythics, working in unison with Oracle, is able to provide our customers with a unique review of their current business processes and infrastructure and provide them with a roadmap to reach their long-term strategic goals. The insight helps customers identify aging systems and processes that can be upgraded to provide better response and customer support throughout their organization.

The Oracle Insight Program is a comprehensive business strategy development program in which customers work closely with Oracle business and IT strategy experts to identify the critical objectives and challenges for their unique business needs and understand how technology can help address. The Insight Program was created to bring Oracle's deep industry experience, technical skills, and extensive knowledge of business and IT issues directly to customers in a one-on-one collaborative setting. Leveraging industry frameworks and best practices such as SCOR for Supply Chain or ITIL for Data Centers, Oracle Insight helps identify the capabilities needed to transform business or IT operations and quantifies the financial impact that can be achieved with these capabilities.

Oracle Exadata Rapid Success Solutions

Oracle Exadata Rapid Success Solutions provides comprehensive architecture, configuration and implementation of Exadata Services. Mythics is able to leverage our expertise and experience in providing services for the Oracle Exadata Database Machine. This service is designed to help organizations develop a roadmap, create an assessment of their current IT infrastructure and develop the business justification to deliver to their organizational leadership. Once Exadata is selected as the solution, Mythics can work closely with the customer to ensure applications are EXA-ready, provide migration and upgrade services, create a highly available and disaster recovery environment and provide ongoing performance tuning and managed services.

Quality Control Processes

In 2012, Mythics received its ISO 9001:2008 certification. This quality management certification and standard demonstrates our organization's commitment to quality assurance, control and management. It also confirms our team uses thoroughly defined and proven processes to deliver high-quality solutions to our public sector customers.

Mythics understands that successful services engagements start with putting the customer mission and success first and foremost. To ensure "customer delight" and high customer satisfaction and success, in 2012 Mythics formed a dedicated Quality Department, led by our Vice President of Program Management and Quality, Mr. Brian Meincke, PMP. This department is located in our government headquarters office in Vienna, Virginia, and dedicated to customer support, quality control, tracking/reporting and overall delivery quality for our customers. As the VP of Quality, Mr. Meincke has a direct organizational mapping to the Mythics Chairman of the Board, Mr. Scott LaRose, to ensure the necessary resources are available to support our customers to the best of our ability. When necessary, we will make the proper investments in the customer relationship to ensure "customer delight" across our programs.

Our customer advocate program is another initiative within the Quality department that provides all of our customers with a dedicated quality representative for their project effort. This quality representative conducts independent, periodic check-ins with our customer stakeholders to ensure we are receiving accurate feedback. This representative also works within the department and with the PM to resolve any identified issues.

Additionally, all Mythics consulting engagements, no matter the size of the effort, are assigned a dedicated Mythics Project Manager (PM) to oversee our project, and ensure the customer's needs are met or exceeded. This PM will be the primary point of contact for our customers, and their responsibility is to ensure project success across all areas of the program, including planning, risk management/mitigation, staffing, technical execution, and accurate reporting. They also serve as the interface to other customer support capabilities, such as accounting and invoicing teams. The PM is supported by the Mythics PMO group, setting standards and expectations across the Mythics PM community.

If additional technical support and/or expertise are needed to ensure success, the PM has reach-back capabilities into both our consulting organization’s Technical Services competency groups as well as our overall organizational Enterprise Architecture team. Within the Technical Services groups, we have teams of engineers across a wide variety of Oracle disciplines, including Engineered Systems/Core Technology, Fusion Middleware, Analytics, Applications, and Identity Management & Security. These teams can provide additional guidance, mentoring, and trouble-shooting capabilities as needed. Our Enterprise Architecture group brings seasoned Oracle veterans who can architect the long-term vision and roadmaps for our customers.

Mythics recognizes the importance of quality and the controls required to be in place to ensure consistent, repeatable high quality results on all of our customer engagements. As such, we undertook an extensive internal effort to analyze, document, and formalize a Mythics Quality Management System (QMS). Our QMS was designed around widely recognized industry standards (PMI), and covers all aspects of our services organization, from properly scoping and responding to opportunities, into the management and execution of programs, through project close-out and reporting activities. This quality management certification and standard demonstrates our organization’s commitment to quality assurance, control and management. It also confirms our team uses thoroughly defined and proven processes to deliver high-quality solutions to our customers.

As required on individual programs, we will provide a project-specific Quality Control Plan (QCP) to ensure the timely delivery of high-quality solutions and deliverables by skilled, Mythics professionals. Mythics will identify in the QCP the applicable QMS processes and metrics that will be used guide our performance. Mythics adheres to sound Oracle engineering processes based on industry standards/best practices to enhance the quality and ensure our work is performed in accordance with not only the contract requirements, but also our QMS (and more specifically, our project QCP). Our team has successfully implemented these best practices with critical projects at State and Local government organizations such as the Fire Department of the City of New York, Maryland-Administrative Office of the Courts, City of Virginia Beach, Hampton City Schools and many others.

Clear, frequent communication with the Mythics is the driving principle we utilize to ensure constant quality control. Our performance will be continuously monitored and measured against customer feedback, as well as through our Customer Advocate program representative and independent, third party quarterly customer satisfaction surveys. Commitment to this fundamental principle ensures that we detect problems in project execution and Mythics performance before they negatively impact cost, schedule or technical aspects of the project. Our QCP is based on three concepts: quality planning, quality control, and quality improvement. As outlined in our QCP, we will monitor status and progress using clearly defined metrics that provide our customers with an accurate snapshot of our performance against the baseline. The table below outlines sample metrics we have successfully used on other projects to measure quality and will use on the programs under this contract.

Required Outcome	Measure of Success	Standard Criteria for Acceptance	Method of Surveillance
On-time, Accurate Reports	Required/requested topics covered	All topics covered	Report review

Enterprise Management System

Mythics utilizes a single system, NetSuite, from point of customer contact through delivery and billing. Mythics applies NetSuite ERP and CRM to track and manage the complete customer lifecycle from initial point of contact to billing and ongoing customer support.

NetSuite CRM provides complete customer lifecycle management from marketing automation, opportunity management, order management and customer service. NetSuite CRM delivers a real-time 360-degree view of our customers experience from initial lead generation and opportunity creation through order processing management, support renewals and ongoing service.

NetSuite ERP runs all of our critical back-office operations and financial business processes including accounting, inventory and supply chain and order management.

Mythics Customer Lifecycle Management with NetSuite

Mythics utilizes NetSuite CRM to create customer account information from initial point of customer contact. During the initial lead phase, Mythics captures account contact information, project overview and existing product information. As a transaction progresses from a lead to an opportunity, Mythics inputs itemized Oracle product information, pricing and contract fees and selects the TCPN Contract Number. When Mythics receives an order from a Participating Member, our sales team uploads all relevant documents related to the order including the customer purchase order, customer quote and any Oracle approvals if necessary. Once completed, our sales team creates a sales order triggering an automated process for our accounting/finance department to begin processing an order to send to Oracle utilizing our ERP system.

Mythics' Accounting Department begins processing an order by reviewing all of the documents loaded into our CRM system by the Mythics sales team. Upon reviewing and validating the uploaded documents and information keyed in the customer opportunity that is automatically replicated into the sales order, our accounting/finance team drafts the Mythics purchase order to Oracle and, if necessary, the Oracle required Ordering Document. For non-standard transactions, Oracle drafts an Ordering Document for Mythics that is loaded into the opportunity by the sales team. Once the complete order package has been completed, an automated review process is initiated which requires the Mythics sales team, Mythics Executive Management and Mythics Contracts and Compliance team to review the order to ensure accuracy as well as Oracle order compliance and contract compliance. After all required teams have reviewed and approved an order, our accounting/finance team submits the order to Oracle for processing. Lastly this will trigger a notification for our Accounts Receivable and Payable Teams to create the required invoices based on the agreed upon payment terms with the Participating Public Agency and track the receipt of Oracle invoices so they can be paid based on the agreed upon payment terms with Oracle.

By utilizing this single system for all phases of ordering, processing, delivery and billing, Mythics is able to effectively and efficiently manage our customers' requirements on an on-going basis. This also allows us to create contract reports in a timely and efficient manner due to the information we capture throughout the entire sales lifecycle process.

Resolving Customer Complaints

After the Mythics Customer Excellence team receives any complaint, issue or challenge, an evaluation of each issue takes place and is then assigned a severity level to streamline its review, response and resolution. This process includes 3 severity levels that help the Mythics Customer Excellence team and supporting teams categorize issues, their severity and response times to resolve. These include:

Severity Level 3: No Service Impact

- Initial response to customer that the issue has been received shall be immediate via electronic response and a follow-up phone call no later than 12 hours (during normal business hours).

- Resolution information is reported back to the customer by Customer Excellence representative and as archived as closed in Customer Excellence monthly reporting.

- Customer Excellence Lead resolves via executive team, sales manager or sales representative within 24 hours.

Among the Oracle VAR community, Mythics has taken unrivaled steps to ensure customer delight and excellence in working with Mythics. Mythics sees customer excellence as a long-term invaluable differentiator, which is often sighted as the reason our customers purchase and then purchase from us again.

The company has invested in dedicated personal and processes to:

PROCUREMENT, PROFESSIONAL AND SERVICE
CONTRACTS

During the performance of this contract, the contractor agrees as follows:

The contractor or subcontractor, where applicable, will not discriminate against any employee or applicant for employment because of age, race, creed, color, national origin, ancestry, marital status, sex, affectional or sexual orientation. The contractor will take affirmative action to ensure that such applicants are recruited and employed, and that employees are treated during employment, without regard to their age, race, creed, color, national origin, ancestry, marital status, sex, affectional or sexual orientation. Such action shall include, but not be limited to the following: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the Public Agency Compliance Officer setting forth provisions of this non-discrimination clause.

The contractor or subcontractor, where applicable will, in all solicitations or advertisement for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to age, race, creed, color, national origin, ancestry, marital status, sex, affectional or sexual orientation.

The contractor or subcontractor, where applicable, will send to each labor union or representative of workers with which it has a collective bargaining agreement or other contract or understanding, a notice, to be provided by the agency contracting officer advising the labor union or workers' representative of the contractor's commitments under this act and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

The contractor or subcontractor, where applicable, agrees to comply with any regulations promulgated by the Treasurer pursuant to P.L. 1975, c. 127, as amended and supplemented from time to time and the Americans with Disabilities Act.

The contractor or subcontractor agrees to attempt in good faith to employ minority and female workers trade consistent with the applicable county employment goal prescribed by N.J.A.C. 17:27-5.2 promulgated by the Treasurer pursuant to P.L. 1975, C.127, as amended and supplemented from time to time or in accordance with a binding determination of the applicable county employment goals determined by the Affirmative Action Office pursuant to N.J.A.C. 17:27-5.2 promulgated by the Treasurer pursuant to P.L. 1975, C.127, as amended and supplemented from time to time.

The contractor or subcontractor agrees to inform in writing appropriate recruitment agencies in the area, including employment agencies, placement bureaus, colleges, universities, labor unions, that it does not discriminate on the basis of age, creed, color, national origin, ancestry, marital status, sex, affectional or sexual orientation, and that it will discontinue the use of any recruitment agency which engages in direct or indirect discriminatory practices.

The contractor or subcontractor agrees to revise any of its testing procedures, if necessary, to assure that all personnel testing conforms with the principles of job-related testing, as established by the

statutes and court decisions of the state of New Jersey and as established by applicable Federal law and applicable Federal court decisions.

The contractor or subcontractor agrees to review all procedures relating to transfer, upgrading, downgrading and lay-off to ensure that all such actions are taken without regard to age, creed, color, national origin, ancestry, marital status, sex, affectional or sexual orientation, and conform with the applicable employment goals, consistent with the statutes and court decisions of the State of New Jersey, and applicable Federal law and applicable Federal court decisions.

The contractor and its subcontractors shall furnish such reports or other documents to the Affirmative Action Office as may be requested by the office from time to time in order to carry out the purposes of these regulations, and public agencies shall furnish such information as may be requested by the Affirmative Action Office for conducting a compliance investigation pursuant to Subchapter 10 of the Administrative Code (NJAC 17:27).

C. 271 POLITICAL CONTRIBUTION DISCLOSURE FORM Public Agency Instructions

This page provides guidance to public agencies entering into contracts with business entities that are required to file Political Contribution Disclosure forms with the agency. **It is not intended to be provided to contractors.** What follows are instructions on the use of form local units can provide to contractors that are required to disclose political contributions pursuant to N.J.S.A. 19:44A-20.26 (P.L. 2005, c. 271, s.2). Additional information on the process is available in Local Finance Notice 2006-1 (www.nj.gov/dca/lgs/lfn/lfnmenu.shtml).

1. The disclosure is required for all contracts in excess of \$17,500 that are **not awarded** pursuant to a "fair and open" process (N.J.S.A. 19:44A-20.7).
2. Due to the potential length of some contractor submissions, the public agency should consider allowing data to be submitted in electronic form (i.e., spreadsheet, pdf file, etc.). Submissions must be kept with the contract documents or in an appropriate computer file and be available for public access. **The form is worded to accept this alternate submission.** The text should be amended if electronic submission will not be allowed.
3. The submission must be **received from the contractor and** on file at least 10 days prior to award of the contract. Resolutions of award should reflect that the disclosure has been received and is on file.
4. The contractor must disclose contributions made to candidate and party committees covering a wide range of public agencies, including all public agencies that have elected officials in the county of the public agency, state legislative positions, and various state entities. The Division of Local Government Services recommends that contractors be provided a list of the affected agencies. This will assist contractors in determining the campaign and political committees of the officials and candidates affected by the disclosure.
 - a. The Division has prepared model disclosure forms for each county. They can be downloaded from the "County PCD Forms" link on the Pay-to-Play web site at www.nj.gov/dca/lgs/p2p. They will be updated from time-to-time as necessary.
 - b. A public agency using these forms **should edit them to properly reflect the correct legislative district(s)**. As the forms are county-based, **they list all legislative districts** in each county. **Districts that do not represent the public agency should be removed from the lists.**
 - c. Some contractors may find it easier to provide a single list that covers all contributions, regardless of the county. These submissions are appropriate and should be accepted.
 - d. The form may be used "as-is", subject to edits as described herein.
 - e. The "Contractor Instructions" sheet is intended to be provided with the form. It is recommended that the Instructions and the form be printed on the same piece of paper. The form notes that the Instructions are printed on the back of the form; where that is not the case, the text should be edited accordingly.
 - f. The form is a Word document and can be edited to meet local needs, and posted for download on web sites, used as an e-mail attachment, or provided as a printed document.
5. It is recommended that the contractor also complete a "Stockholder Disclosure Certification." This will assist the local unit in its obligation to ensure that contractor did not make any prohibited contributions to the committees listed on the Business Entity Disclosure Certification in the 12 months prior to the contract. (See Local Finance Notice 2006-7 for additional information on this obligation) A sample Certification form is part of this package and the instruction to complete it is included in the Contractor Instructions. **NOTE: This section is not applicable to Boards of Education.**

C. 271 POLITICAL CONTRIBUTION DISCLOSURE FORM

Contractor Instructions

Business entities (contractors) receiving contracts from a public agency that are NOT awarded pursuant to a "fair and open" process (defined at N.J.S.A. 19:44A-20.7) are subject to the provisions of P.L. 2005, c. 271, s.2 (N.J.S.A. 19:44A-20.26). This law provides that 10 days prior to the award of such a contract, the contractor shall disclose contributions to:

- any State, county, or municipal committee of a political party
- any legislative leadership committee*
- any continuing political committee (a.k.a., political action committee)
- any candidate committee of a candidate for, or holder of, an elective office:
 - of the public entity awarding the contract
 - of that county in which that public entity is located
 - of another public entity within that county
 - or of a legislative district in which that public entity is located or, when the public entity is a county, of any legislative district which includes all or part of the county. The disclosure must list reportable contributions to any of the committees that exceed \$300 per election cycle that were made during the 12 months prior to award of the contract. See N.J.S.A. 19:44A-8 and 19:44A-16 for more details on reportable contributions.

N.J.S.A. 19:44A-20.26 itemizes the parties from whom contributions must be disclosed when a business entity is not a natural person. This includes the following:

- individuals with an "interest" ownership or control of more than 10% of the profits or assets of a business entity or 10% of the stock in the case of a business entity that is a corporation for profit
- all principals, partners, officers, or directors of the business entity or their spouses
- any subsidiaries directly or indirectly controlled by the business entity
- IRS Code Section 527 New Jersey based organizations, directly or indirectly controlled by the business entity and filing as continuing political committees, (PACs). When the business entity is a natural person, "a contribution by that person's spouse or child, residing therewith, shall be deemed to be a contribution by the business entity." [N.J.S.A. 19:44A-20.26(b)] The contributor must be listed on the disclosure. Any business entity that fails to comply with the disclosure provisions shall be subject to a fine imposed by ELEC in an amount to be determined by the Commission which may be based upon the amount that the business entity failed to report. The enclosed list of agencies is provided to assist the contractor in identifying those public agencies whose elected official and/or candidate campaign committees are affected by the disclosure requirement. It is the contractor's responsibility to identify the specific committees to which contributions may have been made and need to be disclosed. The disclosed information may exceed the minimum requirement. The enclosed form, a content-consistent facsimile, or an electronic data file containing the required details (along with a signed cover sheet) may be used as the contractor's submission and is disclosable to the public under the Open Public Records Act. The contractor must also complete the attached Stockholder Disclosure Certification. This will assist the agency in meeting its obligations under the law.

NOTE: This section does not apply to Board of Education contracts.

* N.J.S.A. 19:44A-3(s): "The term "legislative leadership committee" means a committee established, authorized to be established, or designated by the President of the Senate, the Minority Leader of the Senate, the Speaker of the General Assembly or the Minority Leader of the General Assembly pursuant to section 16 of P.L.1993, c.65 (C.19:44A-10.1) for the purpose of receiving contributions and making expenditures."

CODE OF CONDUCT

AND

BUSINESS ETHICS

Mythics, Inc., and its subsidiaries and affiliates including Emergent, LLC (hereafter collectively the “Company”) are committed to conducting business in accordance with all applicable federal, state, and local laws, rules, and regulations and in accordance with high standards of business ethics. Our officers and employees are expected to comply, and assist the Company to comply, with all applicable laws and regulations. They also have a responsibility to assist the Company to conduct our business in an ethical manner. Our standards of business ethics and conduct and the associated policies governing business ethics and legal and regulatory compliance are described in this policy.

Ethics are the principles governing the behavior of an individual or a group. These principles establish appropriate behavior indicating what is right and wrong. Defining the term is easy, but determining what the principles are is difficult. What is ethical can vary from country to country and from industry to industry. An ethical principle can change over time.

We are dedicated to the delivery of quality services. We believe high ethical standards are essential to the achievement of our individual and corporate goals. As such, we fully subscribe to the following commitments:

To our customers:

- We shall place the highest priority on the quality, timeliness, and competitiveness of our service.
- We shall pursue our objectives with a commitment to personal integrity and high professional standards.

To Our Fellow Employees, Present and Prospective:

- We shall promote an environment that encourages new ideas, high quality work, and professional achievement.
- We shall treat our fellow employees honestly and fairly and shall ensure equal opportunity for employment and advancement.
- We shall share the rewards of success with those whose honest efforts contribute to that success.

To Our Vendors, Suppliers, and Subcontractors:

- We shall be fair and professional in all our business dealings and shall honor our commitments to our business partners.
- We shall endeavor to select vendors, suppliers, and subcontractors who will adhere to our ethical standards and commitment to quality products and services.

To Our Neighbors:

- We shall be responsible citizens, respecting the laws and customs of each community in which we live or conduct business.

To Our Shareholders:

- We shall conduct ourselves to enhance and preserve the reputation of our Company.
- Consistent with the commitments expressed above, we shall strive to provide our shareholders a fair return on investment.

High ethical standards are essential to the achievement of our business goals and our commitment to deliver quality products and services to our clients. In addition, high ethical values in the workplace can help create an environment of mutual trust, respect, accountability, personal responsibility, and integrity that make our Company a good place to work.

Professional integrity is essential to fulfill contractual obligations, to maintain quality in the delivery of products and services, and to uphold our reputation. It grows within each individual's conscience and is fostered by maintaining a professional environment that tolerates only the highest quality output from each employee and the Company as a whole. It is essential that all employees have a personal commitment to meeting these standards because our success and reputation depend upon the performance of our employees.

EXPECTATIONS OF THE COMPANY, ITS EMPLOYEES, & ASSOCIATES

General Behavior

The full value of employees' contributions and commitments to each other can only be realized when we treat one another with the respect, trust and dignity we ourselves seek. Employees are entitled to work in an environment that supports these principles and is free from all harassment, coercion, and discrimination. We provide our employees with opportunity to contribute to the success of the Company through individual participation and personal accountability. We believe our employees are capable, loyal, and concerned about the success of the business in which we all share. We respect employees, consider their opinions and ideas, and encourage them to use their own initiative in a disciplined manner to satisfy our customers and improve profitability.

All employees are expected to comply with both the letter and spirit of all laws and governing regulations applicable in the country, state, county, and jurisdictions where they are conducting business. Applicable rules and regulations, as outlined in the employee handbook and other Company communications, are expected to be followed. Violations of these standards will be investigated promptly and appropriate disciplinary action will be taken if an employee violates this Code of Conduct, up to and including termination.

Before speaking or acting, ask yourself whether you would be embarrassed if your conduct were revealed to your family, friends, co-workers, or the public.

When in doubt, use common sense and seek advice from your manager, Human Resources, executive management and/or our General Counsel.

Open Communications

The Company has an open door policy, which encourages employees to approach any level of management to express problems, voice concerns, or ask for guidance. All managers should keep their employees informed using appropriate methods of communications. We believe direct communication and involvement of people often eliminates the need for third party involvement.

Substance Use

Abuse of alcoholic beverages and use of unauthorized drugs or controlled substances during the time you are at work, on our premises, within vehicles being used for Company-related business or travel, or on Company business or travel is prohibited. Our handbook clearly outlines our policy concerning such behavior and the consequences that will result for violation.

The consumption of even small amounts of alcohol impairs judgment and safety, the consumption (including possession of open containers) of alcohol in all such circumstances is strictly forbidden, with these exceptions:

- Responsible use during authorized business entertaining;
- Responsible use at social/business functions (including Company sponsored events) that are authorized by executive management.

Harassment

We support the opportunity for our employees to work in an environment that is free from any type of harassment, including sexual harassment. This principle is clearly outlined in Company handbooks. Violations will be dealt with in a timely manner. In instances where the proper and ethical course of action is unclear, employees should seek guidance from their supervisors, other levels of management, legal counsel, our General Counsel, or Human Resources.

Violence

We are committed to providing a work environment that is free from violence. Acts or threats of physical abuse, or other forms of intimidation, will not be tolerated. The possession of firearms, explosive or incendiary devices, any item brought onto our property or a Customer work site that may be used to inflict bodily harm or threaten or intimidate others, any surreptitious recording devices or surveillance equipment, and other items which may be prohibited by law will not be tolerated and violations will be dealt with in accordance with the rules outlined in the employee handbook.

Accuracy of Information, Reports & Records

In order to earn the trust of fellow employees, customers, suppliers and all with whom we have occasion to interact, we strive to provide clear and accurate public statements about our business and intentions, as well as to provide accurate reporting of records and business results for those entitled to receive them. As a privately-owned business, our financial results are confidential as a general matter. We may, however, be committed on occasion to sharing other measures of our business performance. Providing factual and accurate information to our key stakeholders when appropriate

will create partnerships that will support a strong and secure future for our company. All communications to our employees, customers, and suppliers will be accurate and timely.

External Communications

Employees are expected to conduct all general communications in a professional manner. The content of all communications must be truthful, accurate and not disclose confidential information of the Company or others unless authorized. Senior management must approve all external speeches and publications related to the Company or our marketplace.

Occasionally, government agencies, legal counsel, or public media personnel may contact employees. These are to be immediately reported to your department manager or executive management. Any legal issues (including lawsuits, subpoenas, legal claims, requests to produce documents or to testify), or contacts from attorneys who do not represent Mythics should be referred immediately to the General Counsel, Human Resources or executive management. Inquiries regarding current or former employees must be referred to the Human Resources department.

Confidentiality

Non-public information obtained or used in the course of conducting our business is considered "confidential". Confidential information should not be disclosed to people outside the Company and only to those employees who have a business need to know. Employees are further restricted by the terms of any existing confidentiality agreements that were signed as a condition of employment.

Similarly, Company or third party confidential and proprietary information may only be used for authorized purposes and may not be provided to others until an appropriate non-disclosure agreement has been executed to protect Company or third party confidential and proprietary information from unauthorized use and disclosure.

Employee records shall be preserved by Human Resources and employee managers and may only be used for legitimate business purposes. We will comply with all applicable laws relating to employee records and personnel files.

During the course of their employment, authorized employees may be given access to materials designated as "Confidential", "Secret", or "Top Secret". Use and protection of such materials shall be zealously handled only in accordance with the Company's procedures which were developed in accordance with the National Industrial Security Program Operating Manual (DoD 5220.22-M) and approved by the Defense Security Service.

Proprietary/Competitive Information

It is permissible to obtain public information about a competitor, but it is unethical and illegal to wrongfully obtain a competitor's trade secrets or other confidential information or to use such trade secrets or other information without authorization. Doing so can result in civil or criminal penalties.

Our employees must not solicit or obtain, from any source, any proprietary information concerning a competitor. Information concerning competitors shall be obtained only through publicly available sources, or through unrestricted disclosures made by the competitor. So-called “industrial espionage” is prohibited, and no employee shall knowingly induce a competitor or third party to disclose a competitor’s proprietary information. Should an employee inadvertently come into possession of information known or suspected to be the proprietary information of another, the employee shall refrain from reading the information, safeguard and segregate the information, prevent copying or further disclosure, and seek immediate counsel from our legal department.

Additional information concerning government procurement and source selection information is addressed in the Company’s Government Contracts Compliance Policies.

Fraud

All forms of fraud are prohibited. Fraud is the crime of obtaining money or some other benefit by deliberate or intentional deception. Forms of fraud include the theft of property, and misstatements or omissions designed to deceive users of that information. Employees are expected to work with honesty and integrity in our best interest and to report any fraudulent activity immediately to the Company’s legal counsel.

RESPONSIBILITIES TO SAFEGUARD ASSETS

Employees are responsible for safeguarding all Company assets from misuse, abuse, damage, loss, theft, and fraud. This responsibility includes the duty to support the internal controls and security measures designed to protect our assets -- be they physical, electronic, or intellectual assets – and ensure that all assets are used, stored, and destroyed properly, and the obligation to report any known or suspected violations.

RELATIONSHIPS WITH OTHERS

Customers and Suppliers

CONFIDENTIALITY: Through the course of business, employees may obtain, or become aware of, confidential information about our customers or suppliers. This information must be kept private both during and after employment with the Company pursuant to the non-disclosure agreements between the Company and the other party and to the non-disclosure agreement signed by each employee at time of acceptance of employment.

Safeguarding the Physical and Intellectual Assets of Others

Employees with access to any of the assets of customers, suppliers, other entities, or persons are responsible for safeguarding them. All employees are required to use adequate protective measures to insure that all physical property, intellectual property, proprietary information, and electronic information of others is used, stored, and destroyed properly. Proprietary information includes trade

secrets, business plans, processes, financial status, costs, pricing, and any information that is considered confidential or has a competitive value. In addition, each employee should be aware of the terms and conditions of any non-disclosure agreement in place with a customer or supplier which governs his/her handling of confidential information. Our Contracts Department is responsible for maintaining non-disclosure agreements with the Company's customers and suppliers and making them available to personnel upon request.

In the performance of services, employees and/or subcontractors may receive, use and/or disclose Protected Health Information depending on the specific service contracted. These employees may be required to execute confidentiality agreements in compliance with the Standards for Privacy of Individually Identifiable Health Information ("the Privacy Regulation"), 45 C.F.R. Parts 160 and 164, promulgated under the Health Insurance Portability and Accountability Act of 1996 ("HIPAA").

Conflicts of Interest

Our employees must refrain from any private business or professional activity and from having any direct or indirect financial interest that would create a conflict between their private interests and their legal and ethical responsibilities to the Company. Conflicts of interest occur when an employee uses Company capabilities or relationships to benefit their own interests in preference to the Company's best interest. Employees are not to engage in any private business or professional activity or to enter into any financial transaction that involves the direct or indirect use of Company confidential information (or the confidential information of its customers or suppliers) gained through their position with the Company to further a private gain for themselves or another person or entity. They are not to use their position in the Company, in any way, nor to induce or coerce any person or entity to provide any financial benefit to themselves or another person or entity. To minimize misunderstandings of this rule, employees are encouraged to disclose possible conflicts of interest to Human Resources and the General Counsel.

Additional guidance regarding Organizational Conflicts of Interest is provided in our Government Contracts Compliance Policies.

Gifts & Entertainment

The occasional exchange of modest gifts and entertainment is permitted as a common business courtesy. All exchanges must be reasonable in cost or value and frequency. Employees may not accept or offer gifts, entertainment, or personal favors that are intended to improperly influence, or may appear to inappropriately or unlawfully influence, their or another person's business decisions or judgment. Employees should obtain prior written approval from the President or Chief Operating Officer ("COO") if the gift is greater than nominal value (\$100.00) and they are uncertain about the appropriateness of giving or receiving gifts or entertainment. Personal gifts and entertainment greater than nominal value may never be given or accepted without prior disclosure and approval of the President or COO. Cash may never be given or accepted. In some cases it may be determined that due to the nature of the gift, it would be appropriate that it be used to benefit all employees rather than the specific recipient.

Specific additional guidelines apply to our government business and are set forth in our Government Contracts Compliance Policies. Such policies must be strictly followed.

Relationships with Competitors

Making false claims about a competitor's products or sabotaging their efforts is clearly unethical and often illegal. We do not condone this practice. When customers detect these practices, the reputation of the employee and the Company may be permanently damaged.

Misleading Representations or Sales Puffery

In their enthusiasm salespeople may exaggerate the performance of products/services to get an order. Over time, common and administrative laws have defined the difference between illegal misrepresentation and sales puffery. Not all statements salespeople make have legal consequences. However, misleading representations can destroy a business relationship and may subject the employee and the Company to legal action.

Glowing descriptions such as "Our service can't be beat" are considered opinions or sales puffery. Customers cannot reasonably rely on these statements. However, statements about the inherent capabilities of products or services, such as "Our system will reduce your inventory by 40 percent", may be treated as statements of fact and warranties.

To avoid legal and ethical problems, our personnel should try to educate customers thoroughly with only truthful facts while conducting a sale. Personnel should refer to only substantiated performance measures concerning the product. Unless you have non-confidential test results concerning the product's performance, you should avoid offering opinions about the product's performance with regard to a customer's application.

Political

Company resources, such as money, property, and employee time, should not be used to participate in political activities unless expressly approved by the President or COO. Employees may not engage in and support political activities as representatives of the Company unless specifically approved by executive management and in consultation with the General Counsel. No employee may pressure or solicit another employee to contribute to political causes during working hours or on Company property. For additional guidance regarding such matters, refer to our Political Compliance Policy.

Government

Employees involved with any governmental entity as a part of their responsibilities are obligated to know and comply with our Government Contracts Compliance Policies in addition to this Code of Conduct. The Company and its employees shall comply with all laws and regulations applicable to doing business with government entities. Any questions should be discussed with your supervisor, Human Resources or the General Counsel.

INFORMATION AND DATA PROTECTION

Good judgment and security measures must be used in the protection of all information, including any and all data on computer systems used for work. Portable information sources including desktops, laptops, PDAs and memory sticks require extra care and consideration. Personal awareness, as well as appropriate physical and software security measures, is necessary to ensure the safekeeping of this property and the data contained therein. Managers should see that all employees under their management are aware of Company policies regarding sensitive information, password protection, and back-ups as described in policies issued from time to time by the Company's IT Department or in the Company Handbook. Any loss of property including a desktop computer, laptop, memory stick, cell phone or PDA must be immediately reported to the Company's Information Technology Department and your supervisor.

Computer System Usage

Company computers, software and/or email systems are for use for Company business. Our email systems are intended for Company business, not for personal communication or other inappropriate activities. All Company systems, network traffic, and messaging systems may be monitored at any time without notice. All persons using or accessing Company resources, including computing systems, network, or messaging systems, consent to having their activities monitored as a condition of such access. The Company may audit telephone, computer, voicemail, or email accounts without notice to ensure their proper use. Our employees working on an external host site outside of the Company must also abide by the security policies at that site.

Accessing Computers or Networks

Employees must have proper authorization and follow specified procedures to access computers and computer networks. No employee shall engage in any activity that compromises or intends to compromise the security or access controls of any computer system within the Company or any outside company or agency, whether or not an intention to do harm exists. Any access or attempt to access any system or resources for which the user is not a legitimate or authorized user (hacking) is expressly forbidden.

Account Name and Password Security

Each employee with authorized access to a computer system using a password for access must prevent disclosure of any account name and/or password to others. Each individual granted access to our systems must protect personal identification numbers (PINs) or passwords, as well as other means of authentication, such as tokens or public key infrastructure (PKI) certificates. Each employee with authorized access to a computer system must do his or her utmost to prevent disclosure of any password to unauthorized users.

Disruptive Software

Our policy prohibits introducing into a computer system any software or hardware intended to disrupt normal operations, including viruses, worms, logic bombs, Trojan horses, adware or spyware. In addition to violating our ethics standards, such actions may be illegal. Freeware programs that do not fulfill a specific business need may not be downloaded or installed on Mythics systems.

Internet & World Wide Web Access and Appropriate Use

Internet access to the World Wide Web is provided as a tool to support Company business purposes. Our computers, software and/or email systems are for use for Company business. It is our intention to provide the appropriate level of access to the Internet without assisting, promoting, allowing or contributing to any violations of law or engaging in conduct that would be offensive to others or damage our reputation. Each employee's use of Company connections to the Internet to send email, post to newsgroups, participate in chat rooms, transfer files, login remotely to external systems, and visit external Web sites is traceable to the Company and, therefore, these activities must be conducted with our reputation in mind. While a wide variety of Internet Web sites exist, many of which support business purposes, other sites exist that are inappropriate to contact through Company systems. Examples of such sites may include, but are not limited to:

- Sexually explicit or graphically oriented sites;
- Sites that could be perceived as promoting racism or bigotry;
- Sites that may conflict with Company policies and/or business interests.

Our employees are expected to limit their Internet usage to appropriate sites.

Unlicensed Software Use

The use of unlicensed or illegally copied software is strictly forbidden. The use of peer-to-peer programs used to share software may result in a violation of software licensing or copyright infringement. Such programs are not permitted on any computer used to connect to our systems. Our employees learning of any misuse of software or related documentation within the Company shall notify the Director of Information Technology immediately. Any employee who knowingly makes, acquires or uses unauthorized copies of computer software licensed to the Company or who places or uses unauthorized software on Company premises or equipment will be subject to appropriate disciplinary action, up to and including termination of employment.

ACCURACY OF FINANCIAL RECORDS

Billing Procedures

All invoices to customers are to originate in the Accounting Department and will reflect accurately the price, terms, and timing of a transaction. No false entries may be initiated or timed to create misleading results.

Internal Controls

Internal controls, as defined within existing policies and industry best practices procedures, must be in place, and followed to provide reasonable assurance of accurate and reliable financial information.

Company Accounting Policies

All employees in a position to initiate, influence or record transactions must comply with Company accounting and financial reporting policies, practices, and procedures.

Accounting Transactions

Every employee has the responsibility to maintain accurate, timely, and complete records. Documents must not be inappropriately altered or signed by those lacking proper authority. Accurate records are necessary to meet our legal obligations, as well as to enable responsible business decisions.

No false or misleading entries or records should be initiated or created by any employee. All business transactions should be executed only with authorization including, but not limited to, expense reports, supplier payments, journal entries, payroll checks, and customer invoices. We expect you to comply with this policy, and with all applicable laws and regulations.

Refer to the Company's Government Contracts Compliance Policies for additional information regarding the Company's obligations with regard to governmental entities.

LEGAL RESPONSIBILITIES OF THE COMPANY

Antitrust Law

Many countries have laws and regulations, usually referred to as antitrust or competition law, that prohibit unlawful restraint of trade or restrictive practices and agreements that may unreasonably reduce competition without providing beneficial effects to consumers. Among those agreements and activities generally found to violate antitrust or competition laws are agreements and understandings among competitors: to fix or control prices; to boycott specified suppliers or customers; to divide or allocate markets or customers; or to limit the production or sale of products or product lines for anticompetitive purposes. Such agreements are against public policy and against Company policy.

Employees and associates must comply with all antitrust laws. We are committed to rigorously observing the applicable antitrust or competition laws of all nations and organizations. This includes

not discussing pricing with our competitors or any non-authorized person, or engaging in illegal practices in restraint of trade. Antitrust laws pertain to many diverse activities and are very complex. Any questions about how the law may apply to a particular situation should be directed to your supervisor, executive management, or legal counsel.

The Company affirms the principle of equal employment and business opportunities without regard to race, religion, national origin, veteran or uniformed service status, gender, age, physical ability, physical or mental disability, pregnancy, marital status, or sexual orientation. Our policy prohibits harassment in any form, and we require that you practice and promote such policies in all locations, as appropriate under local laws.

We maintain open and frank business dealings with all Partners and strive to develop mutually advantageous relationships. The Company expects you to adhere to high ethical standards and to avoid engaging in any activity that involves even the appearance of impropriety. You must comply with all applicable laws and regulations to ensure that all services provided by you conform to all applicable legal standards.

If you have questions about this Code of Conduct and Business Ethics or are in doubt of the best course of action in a particular situation, you should seek guidance from Human Resources, executive management and/or the Company's General Counsel. If you know of or suspect a violation of applicable laws or regulations of this Code of Conduct and Business Ethics, you must immediately report that information to the Company's General Counsel. In the event an employee desires to report anonymously, or otherwise, any activity which gives rise to concerns regarding the Company's compliance policies or procedures, the employee may contact our Compliance Hotline (1-844-240-0005), monitored by Lighthouse Services, and independent hotline service provider. The information provided by you may be the basis for an investigation into the issue reported and your anonymity will be protected to the extent possible by law by Lighthouse. However, your identity may become known during the course of the investigation because of the information you provided. Reports are submitted by Lighthouse to a Company designee for investigation according to Company policies.

Disciplinary action will be taken against any individual violating these standards. Specifically, disciplinary action will be taken against any employee who is found to have authorized, condoned, participated in or concealed actions that are in violation of these standards; against any member of management who disregards or approves a violation, or who, through lack of diligence in supervision, fails to prevent or report violations; and against any employee who retaliates, directly or indirectly, or encourages others to retaliate, against an employee who reports a potential violation of these standards.

Investigations of Possible Violations

Human Resources and the General Counsel are responsible for ensuring that this Code of Conduct and Business Ethics is properly administered, is monitored for compliance, and that appropriate records of violations are maintained and regularly reported to executive management and/or the Board of Directors.

Human Resources and the General Counsel shall be responsible for conducting any required investigations of suspected misconduct under this Code of Conduct. All employees are expected to cooperate in any internal investigations of misconduct.

The anonymity of the employee reporting a possible suspected violation will be protected to the maximum extent legally possible. However, there may be instances when anonymity cannot be guaranteed. However, in no case will executive management of the Company allow an employee reporting a possible violation in good faith to be subjected to retaliatory action for doing so.
