WHEREAS, a **Minor and Trivial Amendment to a Combined Development Permit** consisting of **Coastal Development Permits, a Coastal Administrative Permit and Design Approval** (File Number **PLN060430**) (hereinafter referred to as the "Permit") was granted on **February 18, 2016** by the Monterey County **Director of RMA - Planning** pursuant to the Findings, Evidence and Conditions contained in Resolution No. **060430**, attached hereto as Exhibit "B" and hereby incorporated by reference, (hereinafter the "Resolution") subject to the following condition(s):

Condition No. 31

A Scenic and Conservation Easement shall be granted to the County of Monterey for the areas comprising environmentally sensitive habitat outside of the approved driveway access and the house footprints. The easement shall be submitted to and approved by the Director of the Planning and Building Inspection Department.

WHEREAS, the specific resources being protected are environmentally sensitive habitat; and

WHEREAS, the County, acting on behalf of the People of the State of California and pursuant to the Act, and in accordance with the findings contained in the Resolution granted the Permit to the Grantor upon condition (hereinafter the "Condition") described above requiring inter alia, that the Grantor record a conservation and scenic easement (hereinafter "easement") affecting a portion of the Property as shown in Exhibit "C" attached hereto and hereby incorporated by reference (the "Conservation and Scenic Easement Area"), and agree to restrict development on and use of the Property so as to preserve the open space, scenic, and/or natural resource values present on the Property and so as to prevent the adverse direct and cumulative effects on coastal

resources and public access to the coast which could occur if the Property were not restricted in accordance with this easement; and

WHEREAS, the County has placed the Condition on the permit because a finding must be made under the law that the proposed development is in conformity with the provisions of the certified Local Coastal Program and that in the absence of the protections provided by the Condition said finding could not be made; and

WHEREAS, Grantor has elected to comply with the Condition and execute this easement so as to enable Grantor to undertake the development authorized by the Permit; and

WHEREAS, it is intended that this easement is irrevocable and shall constitute enforceable restrictions within the meaning of Article XIII, Section 8, of the California Constitution and that said easement shall thereby qualify as an enforceable restriction under the provision of the California Revenue and Taxation Code, Section 402.1; and

WHEREAS, the said Grantor is willing to grant to the Del Monte Forest Conservancy the conservation and scenic use as herein expressed of the Property, and thereby protect the present scenic beauty and existing openness by the restricted use and enjoyment of the Property by the Grantor through the imposition of the conditions hereinafter expressed;

NOW, THEREFORE, the Grantor does hereby grant and convey unto the Del Monte Forest Conservancy on behalf of the County of Monterey an estate, interest, and Conservation and Scenic Easement Area of the nature and character and to the extent hereinafter expressed, which estate, interest, and easement will result from the restrictions hereby imposed upon the use of said Property by said Grantor, and to that end and for the purposes of accomplishing the intent of the parties hereto, said Grantor covenants on behalf of itself, its heirs, successors, and assigns, with the said Grantee, its successors and assigns, to do and refrain from doing severally and collectively upon the Grantor's Property the various acts hereinafter mentioned.

A. **PROPERTY SUBJECT TO EASEMENT.** The portion of Property of the Grantor hereinabove referred to and to which the provisions of this instrument apply is situated in the County of Monterey, State of California, and is particularly described and depicted in Exhibit "C", attached hereto, and made a part hereof, and is the Conservation and Scenic Easement Area (as previously defined). Angle points of easement boundaries shall be permanently marked or monumented with surveyors'

pipe or similar prior to commencement of grading so that the Conservation and Scenic Easement Area can be easily identified both during and after construction.

B. RESTRICTIONS. Except as otherwise provided herein, the restrictions hereby imposed upon the use of the Conservation and Scenic Easement Area by the Grantor and the acts which said Grantor shall refrain from doing upon the Conservation and Scenic Easement Area in connection herewith are, and shall be, as follows:

1. That no structures will be placed or erected upon said Conservation and Scenic Easement Area.

2. That no advertising of any kind or nature shall be located on or within the Conservation and Scenic Easement Area.

3. That the Grantor shall not plant nor permit to be planted any vegetation upon the Conservation and Scenic Easement Area, except drought tolerant native plants and include Silver bush lupine, Tree lupine and Mock heather to improve habitat for the black legless lizard, as well as native vegetation to enhance Monterey cypress habitat, and approved by the County and the Grantee. Periodic efforts to control invasive non-native plants within the easement area are encouraged. No Exceptions.

4. That, except for the construction, alteration, relocation and maintenance of public roads, public and private pedestrian trails, the general topography of the landscape shall be maintained in its present condition and no excavation or topographic changes shall be made.

5. That no use of the Conservation and Scenic Easement Area which will or does materially alter the landscape or other attractive scenic features of said Property other than those specified above shall be done or suffered.

6. Grantor shall provide Grantee with copies of all Site and Construction Plans (e.g. Site, Grading, Utility, Drainage, Erosion Control and Landscape plans, etc.) showing the location of existing and proposed facilities of the materials and specifications for proposed grading and construction within and immediately adjacent to the Easement area. An advance notice is required from Grantor to Grantee whenever maintenance or construction activities will occur within or immediately adjacent to the Easement.

C. EXCEPTIONS AND RESERVATIONS. The following are excepted and reserved to the Grantor with the understanding that the purpose of the easement is to preserve to the most feasible extent the drought tolerant native plants, including Silver

bush lupine, Tree lupine and Mock heather, to improve habitat for the black legless lizard, as well as native vegetation to enhance Monterey cypress habitat and the natural vegetation and topography and that all exceptions and reservations of Grantor shall minimize disturbance to these features using the best available technologies and practices to be implemented consistent with the objectives, purposes and conditions of this easement in consultation with Grantee:

1. The right to maintain all existing private roads, bridges, trails and structures upon the Conservation and Scenic Easement Area.
2. The use and occupancy of the Conservation and Scenic Easement Area not inconsistent with the conditions and restrictions herein imposed.
3. Management of vegetation within the Conservation and Scenic Easement Area in accordance with the Fuel Management Plan approved with the Permit on file with Monterey County RMA-Planning.

D. SUBJECT TO APPLICABLE LAWS. Land uses permitted or reserved to the Grantor by this instrument shall be subject to all applicable laws regulating the use of land.

E. BENEFIT AND BURDEN. This grant of conservation and scenic easement shall run with and burden the Property, and all obligations, terms, conditions, and restrictions hereby imposed shall be deemed to be covenants and restrictions running with the land and shall be effective limitations on the use of the Property from the date of recordation of this document and shall bind the Grantor and all of its successors and assigns. This grant shall benefit the Del Monte Forest Conservancy on behalf of the County of Monterey and its successors and assigns forever. This grant shall further benefit the County of Monterey in the event that the Del Monte Forest Conservancy is unable to adequately manage the conservation and scenic easement for the intended purpose of scenic and visual resource protection.

F. RIGHT OF ENTRY. The Grantee or its agent may enter onto the Property to ascertain whether the use restrictions set forth above are being observed at times reasonably acceptable to the Grantor. The public may not enter onto the Property.

G. ENFORCEMENT. Any act or any conveyance, contract, or authorization whether written or oral by the Grantor which uses or would cause to be used or would permit use of the Conservation and Scenic Easement Area contrary to the terms of this grant of easement will be deemed a breach hereof. The Grantee or the County may

bring any action in court necessary to enforce this grant of easement, including, but not limited to, injunction to terminate a breaching activity and to force the restoration of all damage done by such activity, or an action to enforce the terms and provisions hereof by specific performance. It is understood and agreed that the Grantee or the County may pursue any appropriate legal and equitable remedies. The Grantee or the County shall have sole discretion to determine under what circumstances an action to enforce the terms and conditions of this grant of easement shall be brought in law or in equity. Any forbearance on the part of the Grantee or the County to enforce the terms and provisions hereof in the event of a breach shall not be deemed a waiver of Grantee's or the County's rights regarding any subsequent breach.

H. MAINTENANCE. The Grantee or the County shall not be obligated to maintain, improve, or otherwise expend any funds in connection with the Property or any interest or easement created by this grant of easement. All costs and expenses for such maintenance, improvement use, or possession shall be borne by the Grantor, except for costs incurred by Grantee or the County for monitoring compliance with the terms of this easement.

I. LIABILITY AND INDEMNIFICATION. This conveyance is made and accepted upon the express condition that the Grantee, the County, and their agencies, departments, officers, agents, and employees are to be free from all liability and claim for damage by reason of any injury to any person or persons, including Grantor, or property of any kind whatsoever and to whomsoever belonging, including Grantor, from any cause or causes whatsoever, except matters arising out of the sole negligence of the Grantee or the County, while in, upon, or in any way connected with the Property, Grantor hereby covenanting and agreeing to indemnify and hold harmless the Grantee, the County, and their agencies, departments, officers, agents, and employees from all liability, loss, cost, and obligations on account of or arising out of such injuries or losses however occurring. The Grantee and the County shall have no right of control over, nor duties and responsibilities with respect to the Property which would subject the Grantee or the County to any liability occurring upon the Property by virtue of the fact that the right of the Grantee to enter the Property or Conservation and Scenic Easement Area is strictly limited to preventing uses inconsistent with the interest granted, the Property is not "property of a public entity" or "public property," and Grantee's rights herein do not include the right to enter the Property or Conservation and Scenic Easement Area for

the purposes of correcting any "dangerous condition" as those terms are defined by California Government Code Section 830.

J. SUCCESSORS AND ASSIGNS. The terms, covenants, conditions, exceptions, obligations, and reservations contained in this conveyance shall be binding upon and inure to the benefit of the successors and assigns of both the Grantor and the Grantee and the County, whether voluntary or involuntary.

K. CONSTRUCTION OF VALIDITY. If any provision of this conservation and scenic easement is held to be invalid or for any reason becomes unenforceable, no other provision shall be thereby affected or impaired.
