

County of Monterey

Government Center - Board Chambers
168 W. Alisal St., 1st Floor
Salinas, CA 93901

Meeting Agenda - Final

Wednesday, May 28, 2025

9:00 AM

**Join via Zoom at <https://montereycty.zoom.us/j/224397747> - or in person at the
address listed above**

East Garrison Community Services District

Participation in meetings

While the Board chambers remain open, members of the public may participate in Board meetings in 2 ways:

1. You may attend the meeting in person; or,
2. You may observe the live stream of the Board of Supervisors meetings at <https://monterey.legistar.com/Calendar.aspx>, <http://www.mgtvonline.com/>, www.youtube.com/c/MontereyCountyTV or <https://www.facebook.com/MontereyCoInfo/>

If you choose not to attend the Board of Supervisors meeting but desire to make general public comment, or comment on a specific item on the agenda, you may do so in 2 ways:

a. submit your comment via email by 5:00 p.m. on the Monday prior to the Board meeting. Please submit your comment to the Clerk of the Board at cob@co.monterey.ca.us. In an effort to assist the Clerk in identifying the agenda item relating to your public comment please indicate in the Subject Line, the meeting body (i.e. Board of Supervisors Agenda) and item number (i.e. Item No. 10). Your comment will be placed into the record at the Board meeting.

b. you may participate through ZOOM. For ZOOM participation please join by computer audio at: <https://montereycty.zoom.us/j/224397747>

OR to participate by phone call any of these numbers below:

+1 669 900 6833 US (San Jose)
+1 346 248 7799 US (Houston)
+1 312 626 6799 US (Chicago)
+1 929 205 6099 US (New York)
+1 253 215 8782 US
+1 301 715 8592 US

Enter this Meeting ID number: 224397747 when prompted. Please note there is no Participant Code, you will just hit # again after the recording prompts you.

You will be placed in the meeting as an attendee; when you are ready to make a public comment if joined by computer audio please Raise your Hand; and by phone please push *9 on your keypad.

PLEASE NOTE: IF ALL BOARD MEMBERS ARE PRESENT IN PERSON, PUBLIC PARTICIPATION BY ZOOM IS FOR CONVENIENCE ONLY AND IS NOT REQUIRED BY LAW. IF THE ZOOM FEED IS LOST FOR ANY REASON, THE MEETING MAY BE PAUSED WHILE A FIX IS ATTEMPTED BUT THE MEETING MAY CONTINUE AT THE DISCRETION OF THE CHAIRPERSON.

Participación en reuniones

Mientras las cámaras de la Junta permanezcan abiertas, los miembros del público pueden participar en las reuniones de la Junta de 2 maneras:

1. Podrá asistir personalmente a la reunión; o,

2. Puede observar la transmisión en vivo de las reuniones de la Junta de Supervisores en <https://monterey.legistar.com/Calendar.aspx>, <http://www.mgtvonline.com/>, www.youtube.com/c/MontereyCountyTV o <https://www.facebook.com/MontereyCoInfo/>

Si elige no asistir a la reunión de la Junta de Supervisores pero desea hacer comentarios del público en general o comentar un tema específico de la agenda, puede hacerlo de 2 maneras:

a. envíe su comentario por correo electrónico antes de las 5:00 p.m. el lunes anterior a la reunión de la Junta. Envíe su comentario al Secretario de la Junta a cob@co.monterey.ca.us. En un esfuerzo por ayudar al secretario a identificar el tema de la agenda relacionado con su comentario público, indique en la línea de asunto el cuerpo de la reunión (es decir, la agenda de la Junta de Supervisores) y el número de artículo (es decir, el artículo n.º 10). Su comentario se colocará en el registro en la reunión de la Junta.

b. puedes participar a través de ZOOM. Para participar en ZOOM, únase por audio de computadora en: <https://montereycty.zoom.us/j/224397747>

O para participar por teléfono llame a cualquiera de estos números a continuación:

+1 669 900 6833 EE. UU. (San José)
+1 346 248 7799 EE. UU. (Houston)
+1 312 626 6799 EE. UU. (Chicago)
+1 929 205 6099 EE. UU. (Nueva York)
+1 253 215 8782 EE. UU.
+1 301 715 8592 EE. UU.

Ingrese este número de ID de reunión: 224397747 cuando se le solicite. Tenga en cuenta que no hay un código de participante, simplemente presione # nuevamente después de que la grabación lo solicite.

Se le colocará en la reunión como asistente; cuando esté listo para hacer un comentario público si se une al audio de la computadora, levante la mano; y por teléfono, presione *9 en su teclado.

TENGA EN CUENTA: SI TODOS LOS MIEMBROS DE LA JUNTA ESTÁN PRESENTES EN PERSONA, LA PARTICIPACIÓN DEL PÚBLICO POR ZOOM ES ÚNICAMENTE POR CONVENIENCIA Y NO ES REQUERIDA POR LA LEY. SI LA ALIMENTACIÓN DE ZOOM SE PIERDE POR CUALQUIER MOTIVO, LA REUNIÓN PUEDE PAUSARSE MIENTRAS SE INTENTA UNA SOLUCIÓN, PERO LA REUNIÓN PUEDE CONTINUAR A DISCRECIÓN DEL PRESIDENTE.

NOTE: All agenda titles related to numbered agenda items are live web links. Click on the title to be directed to the corresponding Board Report.

PUBLIC COMMENTS: Members of the public may address comments to the Board concerning each agenda item. The timing of public comment shall be at the discretion of the Chair.

9:00 A.M. - Call to Order

Roll Call

Additions and Corrections by Clerk

The Clerk of the Board will announce agenda corrections and proposed additions, which may be acted on by the Board as provided in Sections 54954.2 of the California Government Code.

General Public Comments

This portion of the meeting is reserved for persons to address the Board on any matter not on this agenda but under the jurisdiction of the Board of Supervisors. Board members may respond briefly to the statement made or questions posed. They may ask a question for clarification; make a referral to staff for factual information or request staff to report back to the Board at a future meeting.

This year's Recommended Budget Book features images from the 4th Supervisorial District of Monterey County.

1. **Panoramic View of Seaside:** The City of Seaside is an ocean-side community that overlooks the beautiful Monterey Bay. Founded in 1887 and incorporated in 1954, the City continues to grow while holding on to the rich values upon which it was established. Pictured from atop the Bayonet & Black Horse Golf Course, this panoramic view of Seaside perfectly captures the City's beauty and diverse terrain.
2. **Marina Pride Flag Ceremony:** June is LGBTQ+ Pride Month, a month-long observance dedicated to commemorating the contributions of lesbian, gay, bisexual, transgender and queer (LGBTQ+) culture and community. Several communities throughout the County host Pride Month with Pride Flag raising celebration ceremonies, including the City of Marina.
3. **Salinas Juneteenth Celebration:** The Salinas Juneteenth Celebration Association's mission is to host Black and African culturally centered events in the Salinas Valley with its purpose of ensuring the visibility and preservation of Salinas' Black and African American community members and their cultural contributions to Salinas' local history. The Salinas Juneteenth Celebration Association's flagship event is the annual Juneteenth celebration at Hartnell College.
4. **Seaside Oaxaca by the Sea:** Seaside's *Oaxaca by the Sea* is an annual celebration of Oaxaqueño culture which aims to uplift the Oaxacan community living on the Central Coast. Nearly half of Seaside's Latino community is from the Mexican state of Oaxaca. There are a significant number of Oaxacan community members throughout the County. The City of Seaside and Oaxaca de Juarez, the capital city of the state of Oaxaca, formed a sister city agreement in 2022.
5. **Sand City West End Celebration:** For the last two decades, Sand City has proudly hosted the free, family-friendly West End Celebration. The celebration is a showcase of the diversity of artistic talent

to be found within the County. Every year, over 150 vendors, artists and organizations exhibit over the two-day community event filled with art and music.

6. East Garrison Transgender Day of Remembrance: Transgender Day of Remembrance (TDOR) was set aside in 1998 to memorialize those who were killed due to anti-transgender hatred or prejudice, and it is currently held around the world every November 20th. The County Board of Supervisors adopted a resolution in 2021 in observance of Transgender Day of Remembrance and called for the Transgender Flag to be flown at the 168 West Alisal Monterey County Government Center and other flagpoles in the County, including East Garrison's Lincoln Park.

7. Del Rey Oaks Filipino American History Month: Filipino American History Month (FAHM) is celebrated in October in recognition of the history and contributions of Filipino Americans. In 2024, the City of Del Rey Oaks adopted a proclamation celebrating Filipino American History Month writing in part: " Del Rey Oaks recognizes the lasting and significant contributions of Filipino Americans to our city and our nation, as educators and artists, politicians and laborers, veterans and judges. Every day, Filipino Americans continue to enrich our cultural, economic, intellectual, social, spiritual, and political lives."

About the County of Monterey

The County of Monterey is located on the breathtaking Pacific Coast of California, south of San Francisco and north of Los Angeles. The County is comprised of 3,771 square miles and includes 12 incorporated cities and numerous unincorporated areas. The City of Salinas is the largest municipality and serves as the County's seat.

Established in 1850, the County was the second to be chartered in the newly formed State of California. The County derived its name from the Monterey Bay, which was named by Sebastian Vizcaino in 1602, in honor of Gaspar de Zuniga y Acevedo, Conde de Monterrey, the Viceroy of New Spain. The word itself is composed of the Spanish words "monte" and "rey", which literally translate to "king of the mountain." In 2025, the County is celebrating its 175th anniversary.

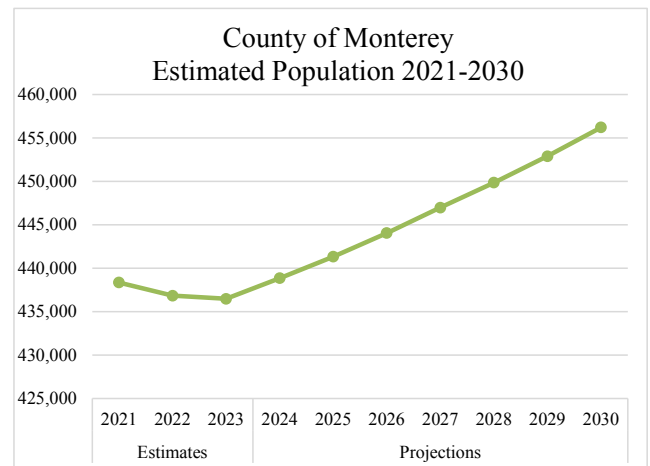

The County is known to the world for its majestic coastlines including Big Sur, California State Route 1, and 17-Mile Drive on the Monterey Peninsula, as well as the agriculturally rich Salinas Valley, also known as the "Salad Bowl of the World." The County is home to Pinnacles National Park near the City of Soledad, the Monterey Bay Aquarium in the City of Monterey, and the site of a Monarch butterfly preserve in the City of Pacific Grove.

Population

The County is one of 58 counties in the State of California and is designated as the Salinas Metropolitan Statistical Area by the United States Census Bureau. As of September 2024, the California Department of Finance (DOF) projected the County's population in 2025 to be 441,321. This is a 0.6% increase from the population projected for 2024. Over the next several years, the County's population is projected to continue to increase at a steady rate.

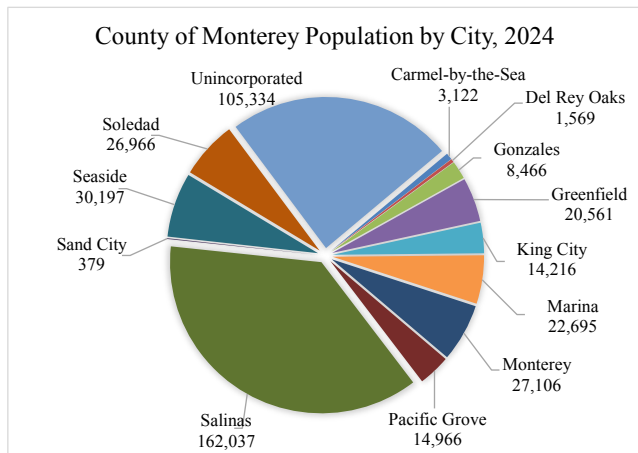

Source: State of California, Department of Finance, Report P-2A: County Population, Sept. 2024

Future population change projections for the County are in line with the projections for the comparably sized neighboring Counties of San Luis Obispo and Santa Barbara. From 2025 to 2026, the County is projected to see a 0.62% increase in population while the Counties of San Luis Obispo and Santa Barbara are projected to see increases in population of 0.18% and 0.81%, respectively, over the same period.

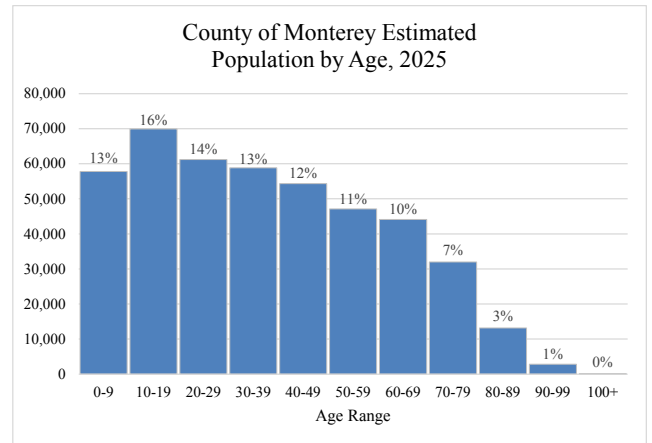

Source: State of California, Department of Finance, Report P-2A: County Population, Sept. 2024

Salinas is the largest city in the County with approximately 162,037 residents as estimated by the California DOF in May 2024. The cities of Greenfield, Marina, Monterey, Seaside, and Soledad form the second largest group in population, ranging from 20,561 to 30,197 residents each. The smallest cities include Carmel-by-the-Sea, Del Rey Oaks, Gonzales, and Sand City with populations ranging from 379 to 8,466. The population for the unincorporated areas of the County is 105,334. All cities except Monterey experienced population increases from 2023 to 2024.

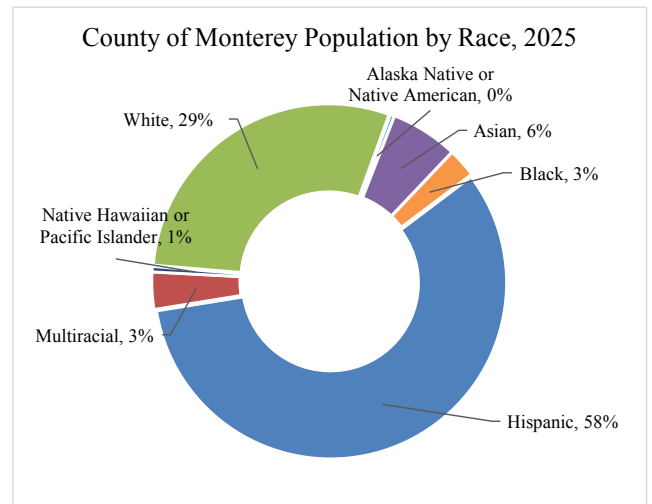

Source: State of California, Department of Finance, Report E-1: Population Estimates, May 2024

The County's residents under the age of 30 represent a projected 43% of the total population in 2025. The next largest age group consists of adults between the ages of 30-59 comprising 36% of the population. Older adults ages 60 to 100+ make up the County's smallest age group at 21%. The median age for the County is 35 years.

Source: State of California, Department of Finance, Report P-2B: County Pop. by Age, Sept. 2024

In 2025, the projected population by race in the County is 57.7% Hispanic, 29.2% White, 6.2% Asian, 2.6% Black, 3.4% Multiracial, 0.5% Native Hawaiian or Pacific Islander, and 0.4% Native American or Alaskan Native.

Source: State of California, Department of Finance, Report P-2D County Population by Race, Sept. 2024

Income

Per the U.S. Census Bureau, in 2023 dollars, the County has a per capita income of \$39,523, which is lower than the per capita income for the state as a whole and neighboring Counties of San Luis Obispo, Santa Barbara, and Santa Clara.

The Median Household Income in the County is \$94,486 in 2023 dollars, or approximately 2% below the statewide average and the second lowest compared to neighboring counties.

The County's poverty level of 14% is higher than the statewide average of 12%. Of the neighboring counties, only the County of Santa Barbara has a poverty level higher than the County of Monterey.

Per Capita Income and Median household Income Selected Counties and California			
County	Per Capita Income	Median Household Income	Persons in Poverty
Monterey	\$39,523	\$94,486	14.0%
San Luis Obispo	\$49,581	\$93,398	12.8%
Santa Barbara	\$46,679	\$95,977	14.9%
Santa Clara	\$77,018	\$159,674	7.6%
State of California	\$47,977	\$96,334	12.0%

Unemployment	16,217
Unemployment Rate	7.4%

Source: California Employment Development Department, Labor Market Information Division, Labor Force Data, 2024 Annual Average, Revised March 2025

The County's economic strength lies in occupations that generally pay lower wages, helping explain why per capita income levels trend lower than in neighboring counties.

Occupational Share of Employment for County of Monterey		
Occupation	May 2023 Occupational Share	1st Qtr. 2024 Hourly Wage
Farming, Fishing, and Forestry	15.2%	\$19.34
Food Preparation and Serving-Related	10.4%	\$20.86
Transportation and Material Moving	9.1%	\$22.45
Office and Administrative Support	8.9%	\$26.17
Education, Training, and Library	7.1%	\$42.15

Source: California Employment Development Department, Labor Market Information Division, Occupational Employment and Wage Statistics, 1st Quarter 2024

In the County, 15.2% of the labor force consists of occupations in Farming, Fishing, and Forestry, which had a mean hourly wage of \$19.34 in the first quarter of 2024. Food Preparation and Serving-Related occupations are the second largest category, accounting for 10.4% of the workforce with a mean wage of \$20.86 per hour. The third largest category is Transportation and Material Moving occupations at 9.1% of the labor force with a mean wage of \$22.45 per hour. These top three categories, out of 22 total occupational categories, represent 34.7% of all employment.

Education

The education system in the County, tasked with developing a skilled labor force, primarily consists of a

public school system headed by the Monterey County Office of Education (MCOE), which operates independent of the County. MCOE was established more than 150 years ago by California’s Constitution and supports 24 school districts, two community colleges, and a state university.

The County’s student enrollment in K-12 public schools in the 2023-24 school year was 72,872, continuing the downward trend since the 2019-20 school year when enrollment decreased for the first time in a decade due in part to the pandemic. Since then, K-12 student enrollment has decreased by more than 1% each year.

The decline in K-12 enrollment since the pandemic is occurring in the comparably sized neighboring Counties of San Luis Obispo and Santa Barbara as well as across the state generally.

Beginning in 2012, California schools saw an increase in revenue due to the voter-approved Proposition 30 (Sales and Income Tax Increase Incentive), which temporarily raised personal income and sales taxes to provide funding to public school, alleviating many financial challenges. In 2016, voters approved Proposition 55 (Extension of the Proposition 30 Income Tax Increase), extending the tax

increases through 2030. The State’s implementation of a local control funding formula provides school district boards the flexibility on the use of funds for classroom expenses. This funding formula increases the local responsibility for student achievement.

Historically, measures of educational performance in the County have lagged behind statewide and other Central Coast counties’ performance rates. The pandemic further impacted student academic achievement both locally and across the nation. In recent years, the percentage of students in the County achieving levels of proficiency in English Language Arts/Literacy (ELA) and Mathematics was increasing until the 2021-22 school year when rates dropped below pre-pandemic levels. Statewide, the percentage of students meeting or exceeding standards for ELA and math declined from 2018-19 levels. In the 2023-24 school year, 36% of students tested in the County met or exceeded the standard for ELA, and 23% of students met or exceeded the standard for math. Each of these rates are one percentage point higher than the previous school year.

Although the County has had lower graduation rates compared to its neighboring counties, it has shown improvement over time and continues to align with the statewide graduation rates. From 2021 to 2024, the high school graduation rate has remained between 85.0% and 88.7%. The County’s graduation rate has generally stayed slightly above the state rate, but in 2023, it dropped below the state rate of 86.2% for the first time since 2019.

High School Graduation Rates 2021 to 2024				
County	2021	2022	2023	2024
Monterey	85.0%	88.5%	85.7%	88.7%
San Luis Obispo	89.5%	93.2%	90.8%	91.8%
Santa Barbara	89.5%	92.7%	91.8%	91.4%
State of California	83.6%	87.0%	86.2%	86.4%

Source: California Department of Education, DataQuest, Four-Year Adjusted Cohort Graduation Rate

The County continues to prepare its students for higher education, which will allow them to take advantage of the vast educational opportunities available in the area. In the 2021-22 school year, the college-going rate was 63%, comparable to the state’s rate of 62% according to the California Department of Education. In the County, the number of high school graduates enrolled in college increased from the prior year by 7.4% while the State’s rate increased by 4.5%.

Higher Education and Research Institutions

The County is home to a range of institutions of higher learning – public and private, large and small, general and highly focused – particularly related to marine research. The higher education and research institutions located within the County contribute to the local economy through research and grant funding and employment of more than 15,000 faculty, staff, and researchers.

Institutions include:

- California Department of Fish & Wildlife (CDFW) Marine Region
- California State University, Monterey Bay
- Central Coast College
- Defense Language Institute Foreign Language Center
- Defense Manpower Data Center
- Elkhorn Slough National Estuarine Research Reserve
- Fleet Numerical Meteorology & Oceanography Center, US Navy
- Hartnell College
- Hopkins Marine Station
- Middlebury Institute of International Studies
- Monterey Bay Aquarium
- Monterey Bay Aquarium Research Institute (MBARI)
- Monterey College of Law
- Monterey Bay National Marine Sanctuary
- Monterey Peninsula College
- Moss Landing Marine Laboratories
- Pacific Marine Environmental Laboratory (National Oceanic & Atmospheric Administration (NOAA))
- Panetta Institute for Public Policy
- National Weather Service (NOAA)
- Naval Postgraduate School
- U.S. Geological Survey (USGS), Pacific Science Center
- U.S Naval Research Laboratory – Marine Meteorology Division
- University of California, Santa Cruz (UCSC)

Social Services

The need for governmental assistance has grown in the County, even while nearby regions have experienced decreased need for the past decade. The County, via its Department of Social Services, provides temporary public assistance benefits and services to eligible residents for their basic needs.

CalWORKs (California Work Opportunities and Responsibility for Kids) assists families with a path of work and self-sufficiency. It provides financial assistance to economically disadvantaged families. The County has the highest yearly enrollment when compared to its similarly sized neighboring counties. However, in FY 2023-24, the County experienced a 0.88% decrease from the prior fiscal year in the annual number of processed CalWORKs applications. The application approval rate increased from 20% in the prior fiscal year to 22% in FY 2023-24.

CalWORKs FY 2023-24				
County	Annual Applications			
	Processed	Approved	Denied	Pending / Other
Monterey	9,663	2,126	3,382	4,155
San Luis Obispo	3,210	609	1,075	1,526
Santa Barbara	9,470	1,237	2,662	5,571

Source: California Department of Social Services, CalWORKs Cash Grant Caseload Movement Report; January 2025; FY 2023-24 data.

The County administers CalFresh, known federally as the Supplemental Nutrition Assistance Program or SNAP, which provides monthly food benefits to low-income individuals and families and provides economic benefits to communities. It is the largest food program in the state and provides an essential hunger safety net. Although federally mandated, it is a state-supervised and county-operated program. The amount of assistance is based on household size, family income, and resources. The available data shows that the County had an average of 28,509 households participating in CalFresh in FY 2023-24, which lands between the participation numbers in the Counties of San Luis Obispo and Santa Barbara.

CalFresh FY 2023-24	
County	Monthly Average Household Participation
Monterey	28,509
San Luis Obispo	17,495
Santa Barbara	31,511

Source: California Department of Social Services, CalFresh Data Dashboard

Several factors contribute to the overall wellbeing of community members: health factors, like access to healthcare providers and healthy foods; social and economic factors, like poverty rates and public safety; and physical environment factors, like the ability to purchase a home and air pollution rates. According to available data, in terms of community wellbeing, the County generally aligns with the state. The following table contains various indicators of overall health and wellbeing of the County’s residents as compared to the state overall.

County of Monterey Health and Wellbeing Snapshot, 2025		
	Monterey	California

² Ratio of women's median earnings to men's median earnings for all full-time, year-round workers, presented as "cents on the dollar."

³ Average daily density of fine particulate matter in micrograms per cubic meter (PM2.5).

Agriculture

The County is one of the nation's top agricultural producers, and the Salinas Valley has been dubbed the Salad Bowl of the World. Agriculture is the County's largest sector in terms of economic output and employment and represents a vital link to both the County's cultural past and competitive future. Agriculture touches nearly every facet of life in the County: lettuce in the Salinas Valley, artichokes in Castroville, berries in North County, and vineyards in Carmel Valley. It shapes the lives of county residents. Most agricultural companies based in the County are family-owned and -operated. Unlike most agriculture across the country that is machine harvested, the crops grown in the County are dependent upon a highly skilled labor force to produce the fresh fruits and vegetables that feed the nation and keep us healthy.

The 2023 Crop and Livestock Report (Ag Report) produced by the County's Office of the Agricultural Commissioner described a gross production value of over \$4.35 billion in crop farming and livestock, which represents a decrease of 6.1% from the production value in 2022. Of the six production areas listed in the report, the three areas that increased in production value were nursery crops, livestock and poultry, and field crops. The report highlighted the diversification of growing many different crops and the beneficial impact this lends to the agricultural industry in the County.

County of Monterey Crop and Livestock Gross Production Value			
Categories	2022 Value	2023 Value	Change in Value
Vegetable Crops	\$ 3,129,167,000	\$ 2,882,975,000	-7.9%
Fruit & Nuts	\$ 1,234,722,000	\$ 1,191,221,000	-3.5%
Nursery Crops	\$ 124,314,000	\$ 128,886,000	3.7%
Livestock & Poultry	\$ 113,121,000	\$ 115,584,000	2.2%
Field Crops	\$ 30,098,000	\$ 30,350,000	0.8%
Seed Crops & Apiary	\$ 6,914,000	\$ 4,322,000	-37.5%
Total:	\$ 4,638,336,000	\$ 4,353,338,000	-6.1%

Source: County of Monterey, Office of the Agricultural Commissioner, 2023 Crop and Livestock Report

In gross production value, vegetable crops continue to rank highest of the six production areas, with a 2023 value of \$2.9 billion, representing 66.2% of the total gross production value of the crops and livestock produced in the County.

County of Monterey's Top Crops			
Crop	2023 Crop Value	Crop Ranking	
		2023	2022
Strawberry	\$ 903,791,000	1	1
Leaf Lettuce	\$ 782,134,000	2	2
Head Lettuce	\$ 493,464,000	3	3
Broccoli	\$ 468,871,000	4	4
Wine Grape	\$ 194,642,000	5	7

Cilantro	\$ 15,190,000	24	26
Kale	\$ 14,089,000	25	25
Leek	\$ 12,144,000	26	--

Source: County of Monterey, Office of the Agricultural Commissioner, 2023 Crop and Livestock Report

At more than 150 crops, the County's farmers are among the most productive and efficient in the world. The top four crops produced in the County since 2020 are strawberries, leaf lettuce, head lettuce, and broccoli. According to the Ag Report, the two top crops with the most significant changes from 2022 to 2023 were garlic, which dropped in

production rank by eight places, and leeks, which appeared for the first time on the list of top crops for the County.

Cannabis

In 2015, the County’s Board of Supervisors adopted an ordinance allowing cannabis cultivators to utilize greenhouse space for production. Several cities throughout the County followed, rolling out their own ordinances limiting cultivation to indoor facilities and greenhouses and introducing regulations and tax structures. Over the years, the Board of Supervisors has approved reductions to cannabis production tax rates to alleviate the financial burden on the industry so that it can continue to operate. The vast majority of cannabis cultivation operations take place in the unincorporated areas of the County.

Cannabis production value totaled \$362.6 million in 2023, an increase of \$79.5 million, or 28%, from the low of \$283.2 million in 2022. The uptick in production value seen in 2023 indicates a potential recovery from the drop of production value in 2022.

Source: County of Monterey, Office of the Agricultural Commissioner, 2022 Crop & Livestock Report

Cannabis production includes nursery products, flower (mixed light), flower (indoor), trim, and seed. Flower (mixed light) continues to have the highest production value of the five categories, and it experienced a 7.3% increase from 2022 to 2023. All product categories experienced increasing value from 2022 to 2023, with nursery products seeing the largest increase at 79.1% and an overall total cannabis product value increase of 28.1%

Cannabis Product Value			
Product	2022 Value	2023 Value	Change in Value
Nursery Products	\$ 76,646,000	\$ 137,250,000	79.1%
Flower (Mixed Light)	\$ 154,360,000	\$ 165,699,000	7.3%
Flower (Indoors)	\$ 42,674,000	\$ 49,449,000	15.9%
Trim	\$ 414,000	\$ 447,000	8.0%
Seed	\$ 9,064,000	\$ 9,765,000	7.7%
TOTAL:	\$ 283,158,000	\$ 362,610,000	28.1%

Source: County of Monterey, Office of the Agricultural Commissioner, 2023 Crop & Livestock Report

Beginning in FY 2016-17, the County cannabis tax revenue rose year over year, reaching a high of \$20.1 million in FY 2020-21. However, revenues have decreased dramatically to \$3.5 million in FY 2022-23. In FY 2023-24, tax revenues experienced a 42.9% uptick to \$5.0 million. Projections for future fiscal years show that cannabis the tax revenues will likely remain close to the \$3.5 to \$4 million range.

Source: County of Monterey, Administrative Office, Budget & Analysis Unit

Hospitality

The County remains a tourist destination, attracting an estimated 4.6 million visitors annually. According to the Monterey County 2023 Travel Impacts Report published in April 2024 by See Monterey, travel spending in the County increased by 0.27% from \$2.955 billion in 2022 to \$2.963 billion in 2023. This rise in travel spending led to a corresponding 0.68% increase in local tax revenues, from \$176 million in 2022 to an estimated \$177.2 million in 2023. While these increases show a recovery in progress from the pandemic, travel spending is still 8.5% below 2019 pre-pandemic levels.

The County has recognized destinations such as Big Sur, Pebble Beach, Carmel-by-the-Sea, and Monterey. Similarly, attractions such as the Monterey Bay Aquarium, National Steinbeck Center, 17-Mile Drive, Cannery Row, Fisherman’s Wharf, Pinnacles National Park, and the Monterey Wine Country drive tourism from all over the world.

Visitors can enjoy a wide range of recreational activities including golfing, beach combing, scuba diving, sailing, kayaking, whale watching, fishing, camping, horseback riding, skydiving, hiking, biking, art galleries, exhibits, music, and theatre. Nearly 300 special events take place in the County annually, including the AT&T Pebble Beach Pro-Am Golf Tournament, Monterey Jazz Festival, races at WeatherTech Raceway Laguna Seca, the Concours d'Elegance, Big Sur Marathon, California Rodeo Salinas, and other food, wine, cultural, and family festivals.

COUNTY DEPARTMENT SPOTLIGHT

Department of Emergency Management

The Department of Emergency Management (DEM) plays a critical role in safeguarding the lives and property of county residents by ensuring the community is prepared for, responds to, and recovers from all types of emergencies, whether natural or man-made. As part of the County's overarching commitment to public safety, DEM focuses on comprehensive emergency planning, coordination, and resource management to ensure effective and timely responses to disasters.

Mission

DEM's mission is to enhance the resilience of the County by facilitating a collaborative approach to emergency preparedness, response, recovery, and mitigation. The vision is to ensure that all individuals in the County are empowered with the knowledge and resources necessary to survive and thrive in the event of an emergency. By focusing on resilience, DEM strengthens not only its immediate response capabilities but also the long-term stability of communities after a disaster.

Department History

On December 7, 2022, the County Board of Supervisors created the County's Department of Emergency Management from the former Office of Emergency Management that functioned as a division within the County Administrative Office. The Board of Supervisors adopted Ordinance No. 5393, amending Chapter 2.12 – County Administrative Officer and adding Chapter 2.68 – Emergency Procedures and Organization of the Monterey County Code.

The amendment and addition to the County Code reflected the creation of DEM and the Director of Emergency Management and were ratified effective on December 31,

2022. The transition to an independent department occurred over the course of the following year, administratively separating emergency operations from the County Administrative Office effective July 1, 2023; however, DEM continues to operate under the authority of the County Administrative Officer.

Challenges

Challenges due to emerging threats like cybersecurity risks, terrorism, and the impacts of climate change often lack historical data. These are impacted with rising temperatures and sea levels, drought, flooding, and wildfires, which threaten public health, infrastructure, and local economies. Impacts include utility failures, medical service disruptions, and complex recovery needs after disasters. Deteriorating community lifelines—such as a shrinking first responder workforce, unreliable utilities, and crumbling infrastructure—further strain emergency response capabilities.

Rising disaster costs, compounded by decaying infrastructure and competing funding needs, exacerbate these challenges. Emergency management professionals are tasked with adapting to these changing risks and ensuring resilient, collaborative responses to the growing array of new and traditional threats.

Disasters in the County

Over the past decade, the County has faced a series of significant disasters, including a pandemic, severe winter storms, wildfires, and flooding, which have highlighted the region's vulnerability to natural hazards, particularly due to its coastal location and diverse terrain. Notably, the 2023 Winter Storms caused widespread flooding, particularly in the Pajaro Valley, leading to extensive damage and long-term recovery efforts. Emerging threats, such as the 2025 Moss Landing Lithium-Ion Battery Facility plant structure fire and hazardous materials incident, have introduced

complex challenges requiring specialized response efforts. These disasters have underscored the need for improved emergency management, community preparedness, and coordinated response efforts to protect lives and property.

The elevation of the emergency management organization targets preparation for the increasing frequency of disasters and addresses the community's need for enhanced, comprehensive support.

Programs

When not responding to a disaster, DEM focuses on proactive planning, preparedness, and community engagement to ensure the County is ready for the next emergency. This includes developing and updating emergency response plans, conducting training exercises, and coordinating with local agencies, community organizations, and businesses. DEM offers public education to raise awareness about disaster preparedness, provides ongoing training for first responders and disaster service workers, and works on hazard mitigation strategies to reduce future risks.

DEM ensures the maintenance of vital systems and resources to remain operational when needed. DEM administers post-disaster recovery programs to help communities return to normalcy after an emergency and pursues disaster cost recovery.

Grant administration is another key aspect of DEM's work, as it secures and manages funding to support emergency management initiatives and disaster response capabilities, thereby helping to build a more prepared and resilient community, reducing the impact of future emergencies.

Preparedness, Planning, & Response:

- **Emergency Alert and Warning System:** Administers the Emergency Alert and Warning System (Alert Monterey County) for timely and accurate communication during emergencies.

- **Emergency Operations Center:** Manages and maintains the Emergency Operations Center (EOC) to coordinate response during disasters.
- **Emergency Response Planning:** Develops and maintains emergency response plans for a wide range of disaster scenarios and capabilities.
- **Coordination with Local Partners:** Collaborates with local agencies, private sector, and community and non-profit organizations to enhance disaster preparedness and response.
- **Incident Management:** Provides response coordination during active emergencies, including staffing the EOC and supporting incident management teams.
- **Training and Support for Disaster Service Workers:** Provides logistical and administrative support for training and development of emergency response staff.

Resilience, Recovery, & Mitigation:

- **Community Outreach and Public Education:** Educates the public on emergency preparedness, offering training programs, and awareness campaigns.
- **Community Empowerment and Training:** Empowers community members through hands-on training and resources to better prepare for emergencies and recover effectively.
- **Resilience Initiatives:** Works on strengthening community resilience through training, infrastructure improvements, and fostering partnerships.
- **Disaster Recovery Planning:** Develops recovery strategies and long-term restoration plans to help communities prepare, manage, and recover from disasters.
- **Hazard Mitigation:** Identifies and mitigates risks posed by natural and man-made disasters, focusing on reducing future disaster impacts.
- **Long-Term Community Recovery:** Works with local governments, businesses, and communities

to rebuild and strengthen the County's resilience after disasters.

Finance & Administration:

- **Budget and Resource Management:** Oversees fiscal planning, resource allocation, and procurement during emergencies.
- **Grants Management:** Secures and manages state and federal funding for emergency preparedness, response, and recovery efforts.
- **Financial Assistance:** Coordinates financial support and pursuance of reimbursement for disaster-related costs from state and federal programs.

Management and Government Affairs:

- **Strategic Planning and Oversight:** Develops and implements the strategic goals and priorities for DEM.
- **Policy and Legislative Advocacy:** Monitors and informs local, state, and federal policies related to emergency management and public safety.
- **Government Relations:** Coordinates with elected officials, government agencies, and external stakeholders to ensure effective communication and collaboration.
- **Public Information and Media Relations:** Manages media relations and public messaging to ensure clear communication during disasters and ongoing preparedness efforts.
- **Interagency Coordination:** Facilitates collaboration and operational clarity between different government agencies and sectors to ensure seamless responses during emergencies.

This comprehensive approach provides a strong foundation for DEM to effectively manage internal operations and external relationships, and ensuring preparedness, coordination, and resilience across each level of government and the community.

2024-25 Priorities

In 2023, DEM focused on flood response, recovery, and adapting to internal transitions while creating a service-oriented work environment that values diversity, equity, and professionalism.

In 2024, DEM's priorities realigned with the 2023-2025 Strategic Plan, focusing on standardizing emergency management, ensuring readiness, and training the future workforce. Key programs included long-term recovery for the community of Pajaro, updating the Emergency Operations Plan (EOP), enhancing the Alert and Warning system, launching a new website, and improving the Disaster Service Worker Program. Additional priorities include strengthening Community Organizations Active in Disasters (COAD), expanding Community Emergency Response Teams (CERT), implementing the Youth Preparedness Program, and improving cost recovery and grant administration processes.

Recent Accomplishments

DEM has been recognized for its outstanding service and contributions with several prestigious awards over the past two years. In 2023, DEM was honored by the Honorary Mexican Consulate for its vital work serving the Mexican community, particularly after the winter storms, where critical emergency information was provided in Spanish and an Equity Officer position was established in the EOC.

In May 2023, DEM was recognized by the City of Monterey for its role in the pandemic response. Additionally, the team received the United Way Monterey County Community Partner Award for its efforts during the winter storms. In the same year, DEM was named Support Organization of the Year by the Monterey County Fire Chiefs Association for its dedication and hard work in emergency management.

In 2024, DEM was awarded the California Emergency Services Association Exceptional Service Award for its exemplary response and recovery efforts in Pajaro.

These awards highlight DEM's commitment to serving the community with excellence and compassion in times of crisis.

Contributions to the County of Monterey's Prior Strategic Initiatives

DEM has made significant contributions to the County's prior strategic initiatives, enhancing the resilience, safety, and wellbeing of the community across various sectors.

Economic Development

DEM plays an essential role in supporting economic development by ensuring that the County is prepared to respond to and recover from disasters that could potentially disrupt local economies. This work helps protect critical infrastructure, such as businesses and utilities, from the impacts of natural and man-made disasters. DEM works with stakeholders to ensure an economic resilience through stabilization of the business environment, which fosters economic recovery post disaster.

Coordination with local businesses and other agencies strengthens the capacity of communities to recover after an emergency, reducing the fiscal impact of disasters, and creating a more resilient economy. For example, the Pajaro Business Assistance program was established in partnership with the Monterey County Workforce Development Board.

Administration

Restructuring the Office of Emergency Management into DEM in 2022 exemplified the County's commitment to better organizing and prioritizing emergency management efforts. By improving internal operations, DEM enhances fiscal planning, resource allocation, and grant management, ensuring that the County has the necessary resources to respond to crises. Administrative work also includes policy and legislative advocacy, ensuring that the County's emergency management policies align with state

and federal standards. Moreover, the establishment of DEM elevates the County's capacity to manage large-scale emergencies, offering a robust framework for coordination between county offices and departments, agencies, and external partners.

Health and Human Services

DEM prioritizes the health and safety of residents during preplanning, preparedness, and through disaster incidents. Community outreach and public education programs increase awareness about emergency preparedness, including how to access disaster services and resources. In the event of a disaster, DEM's operation of the cross-sector EOC response and recovery efforts ensures that disaster survivors, especially socially vulnerable populations, receive timely support.

Infrastructure

DEM plays a key role in planning and developing sustainable infrastructure that improves the quality of life for county residents and supports economic development. In collaboration with the Department of Public Works, Facilities and Parks, the Water Resources Agency, and other special districts, DEM works to ensure critical systems such as roads, bridges, levees, dams, water and wastewater infrastructure, and communication networks are resilient to climate change and natural disasters. These partnerships help mitigate risks to transportation, flood control, and water systems, ensuring they remain functional during and after emergencies. DEM works on long-term recovery efforts, leveraging Federal Emergency Management Agency (FEMA) cost recovery programs to secure funding for repairing and rebuilding damaged infrastructure.

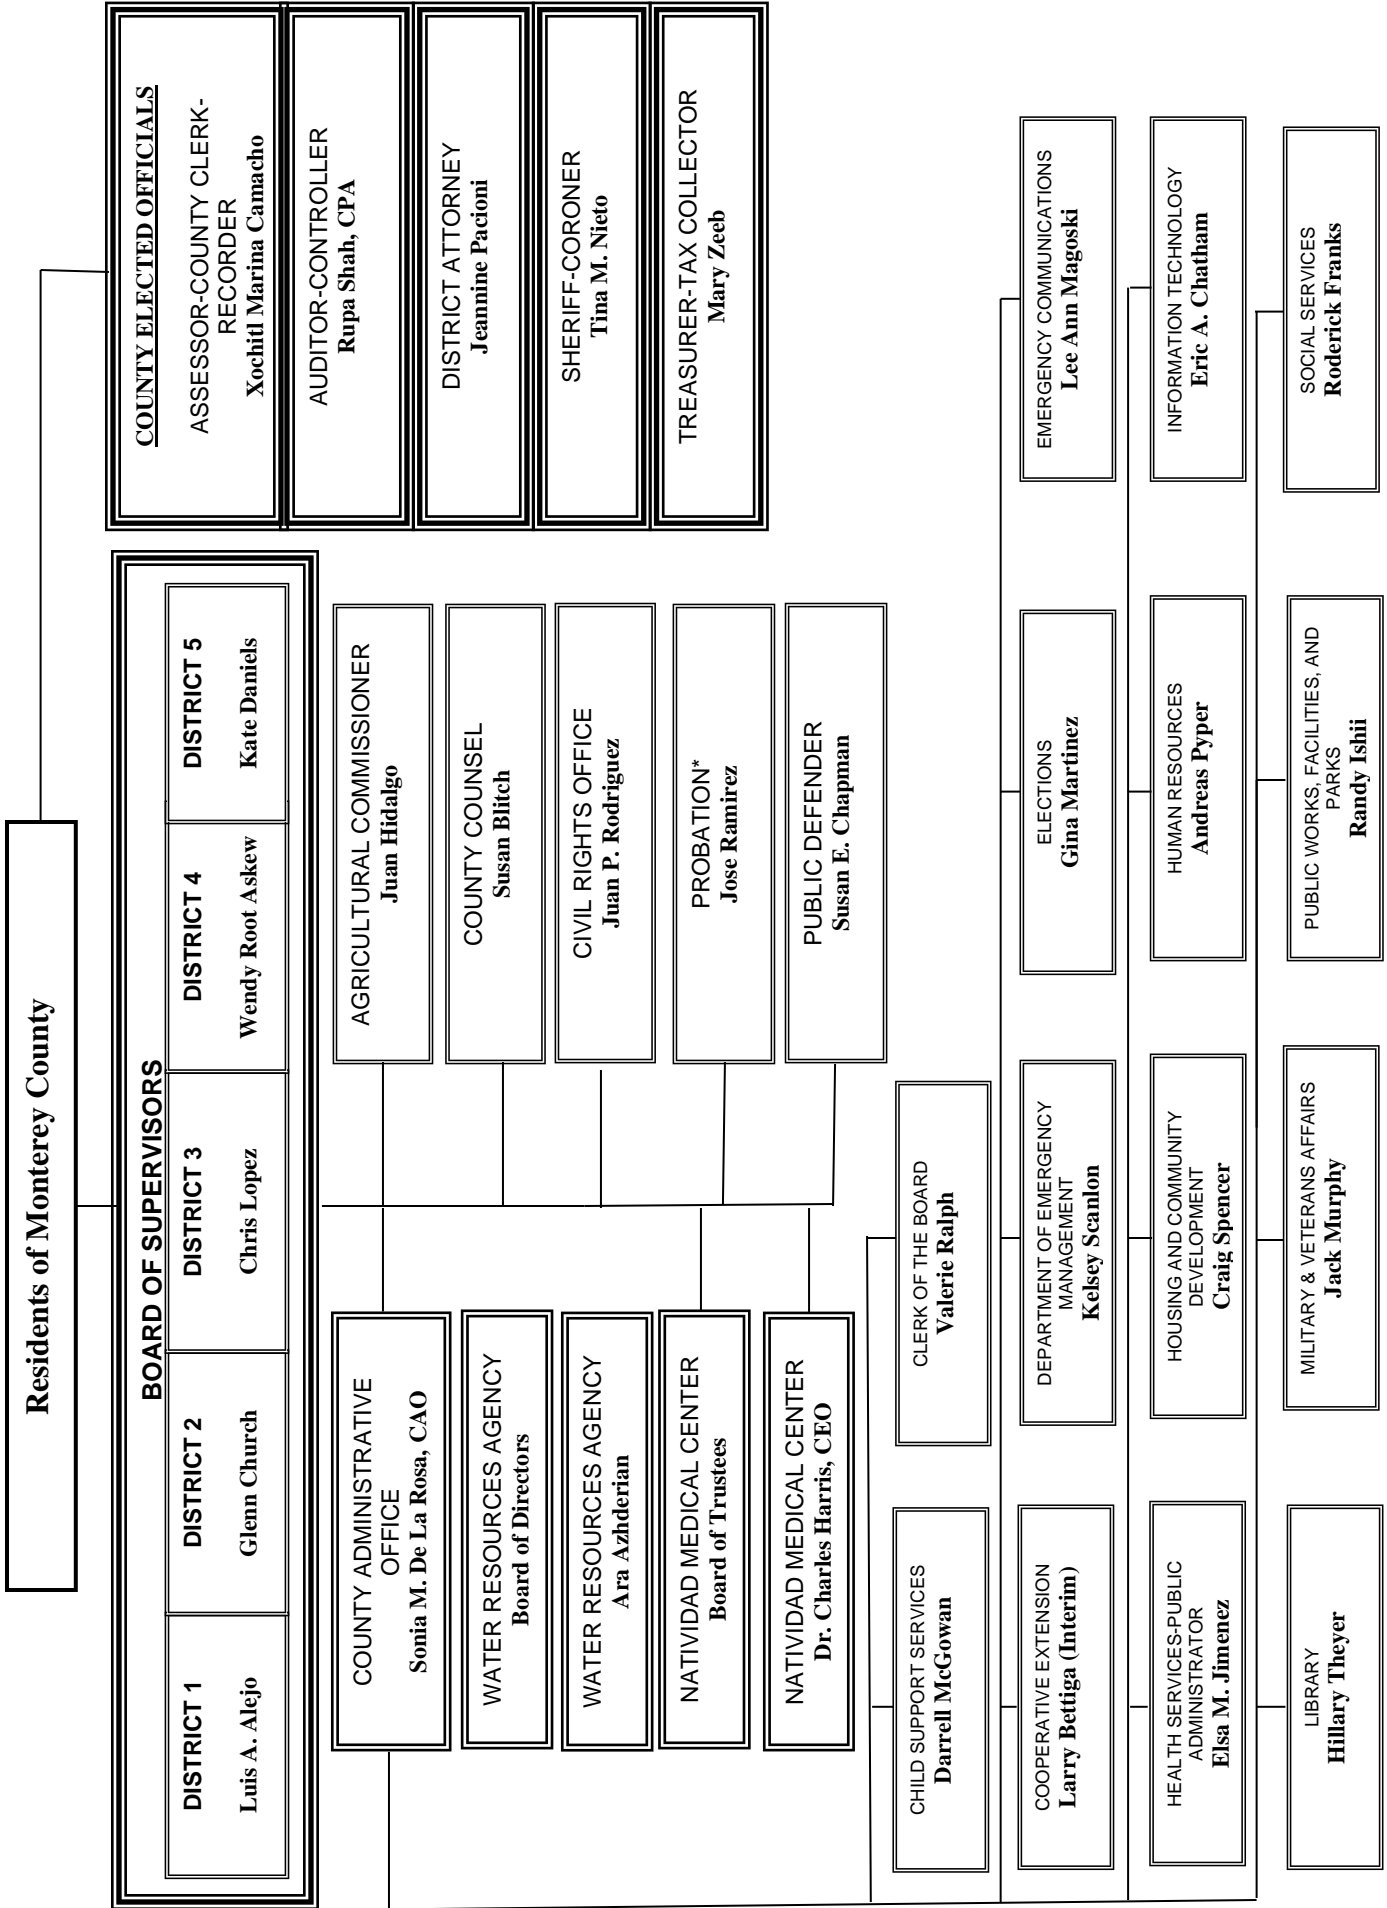

Public Safety

DEM is responsible for coordinating disaster response and ensuring, through cross-departmental partnerships, that the County's public safety services are prepared, equipped, and ready to handle emergencies. By maintaining the EOC and managing the Alert Monterey County system, DEM ensures that the public receives timely information during crises, helping them make informed decisions. DEM's proactive emergency response planning and training initiatives strengthen first responder capacity and coordination across agencies, ensuring quick and effective responses during disasters. Additionally, work on resilience initiatives and long-term recovery programs improves the safety and stability of communities after a disaster, further supporting public safety.

Executive Summary

County Administrative Officer's Message

Dear Honorable Members of the Board of Supervisors:

It is my pleasure to present the County of Monterey's *Fiscal Year (FY) 2025-26 Recommended Budget*, compiled in collaboration with the County's Elected Officials and their offices and Appointed Department Heads and their departments, for your review, modification, and adoption. Over the past year, the County has made significant investments in key infrastructure projects and provided essential services and critical programs for diverse communities and resilient populations, while strategically planning for the County's fiscal future. This budget book provides added clarity through more in-depth information on funding authorities for the various office and departmental budgets.

The Recommended Budget proposes a balanced \$2.3 billion spending plan, an increase of \$255.3 million (12.7%) over the current year (FY 2024-25) adopted budget. It supports a workforce of 5,780.9 positions, a 116.7 (-2%) decrease from the current year's adopted budget. The budget anticipates fund balance use of \$69.2 million, comprised of restricted funds to support health clinics, social services programs, capital projects, behavioral health programs, and state-realigned public safety, health, and social services programs. Expenditure increases are due to negotiated salary adjustments, backlogged base wage study implementation, and health, social service, and homelessness program expansion. Primary cost drivers across county offices and departments include approved employee compensation increases, higher California Public Employees' Retirement System (CalPERS) pension costs and health insurance premiums. Natividad Medical Center (NMC) expenditures increased to support growing labor costs and medical services.

Compiling the FY 2025-26 Recommended Budget was more challenging because specific resources previously utilized to fund ongoing operations were one-time solutions. In the current year, the supplemental Unfunded Accrued Liability contribution was suspended to redirect funding for critical programs and services at risk of elimination. Additionally, Unassigned Fund Balance was utilized to fund other unfunded needs. Cost pressures consistently exceed revenue growth, leading the County to implement numerous reductions to align expenditures with available resources.

The Recommended Budget utilizes limited one-time funding solutions including the use of reserves to partially fund the contingency appropriation and redirects Transient Occupancy Tax contributions from the Road Fund and Development Set-Aside (DSA) agencies to free up resources to fund critical programs and services across county offices and departments that were at risk of being suspended due to the lack of revenue. Although many needs remain unfunded, the proposed plan begins the reduction of vacant positions across offices and departments to reduce the overall cost and improve structural balance between ongoing expenditures and revenues.

The budget anticipates continued economic growth and increased revenue, primarily driven by rising assessed property values. However, sales tax and most other discretionary revenues remain static. Realignment revenues are not growing but remain stable. Given the constraints on resources, it is essential to thoroughly assess and plan any new or expanded programs. The County will continue to support external agencies that share its strategic goals for a diverse and thriving economy and safe and resilient communities.

With your Board's leadership and prudent financial management, the County will keep aligning essential needs with available resources while preserving financial reserves to address unanticipated situations. Similarly, due to your Board's stewardship, strategic reserves were partially replenished through investment of one-time surpluses and continue to be utilized for disaster repairs pending reimbursements. I want to thank the County's Elected Officials and Department Heads for their collaborative efforts during the budget development process, and all employees who consistently deliver outstanding services to our community. I also want to thank the Budget Team from the County Administrative Office and the finance and budget staff from every department. The following budget overview offers your Board and the public a summary of the County's spending plan for the upcoming fiscal year.

Sincerely,

Sonia M. De La Rosa
County Administrative Officer

Budget Overview

Current Financial Outlook

The County of Monterey (County) faces significant cost pressures in FY 2025-26 due to rising employee compensation, pension, and health care costs. Although the County has experienced discretionary revenue growth, including sales tax, Transient Occupancy Tax (TOT), and property tax, these have not kept pace with cost pressures in the past few fiscal years. The County utilized the American Rescue Plan Act (ARPA) (signed into law on March 11, 2021, which provided a COVID-19 relief package designed to provide direct economic assistance to Americans and fund recovery efforts) and other one-time funds to support service delivery and avert service reductions across the County's critical programs.

Many needs remain unmet next fiscal year, as one-time solutions used in the current year's (FY 2024-25) adopted budget are no longer available, including the Unfunded Accrued Liability (UAL) suspension charge, which provided \$10.4 million to fund augmentations (added funding requests) in the General Fund as well as \$5.2 million of Unassigned Fund Balance that was used for modifications during Budget Hearings. Without these one-time solutions, the funding gaps re-emerge next fiscal year. They are exacerbated by negotiated salary adjustments from labor agreements and the implementation of backlogged base wage studies approved in the current year.

The Recommended Budget includes \$13.1 million in augmentations for the General Fund, primarily funded with one-time dollars, including the use of \$5.4 million of reserves that were designated to fund the contingency appropriations, which frees up discretionary funding for filled positions and programs across public safety, social services, and public works. Additionally, the Recommended Budget redirects TOT contributions from the Road Fund and the Development Set-Aside agencies (\$4.1 million combined) to recommended augmentations providing funding for filled positions. Unfortunately, many requests for new service provisions and capital needs are not recommended due to lacking resources.

In recognition of the growing imbalance of costs and revenue, Measure AA - County, Unincorporated Area was introduced for the November 2024 Election, a new 1% transaction and use tax in the unincorporated county areas. The unincorporated county voters passed the measure, and the County will begin collecting new revenue in June 2025 (for tax effective April 2025). The Recommended Budget incorporates \$1.9 million of the original \$29 million estimates. This new revenue source is considered ongoing; however, the County should heed caution in budgeting this revenue, as there is no history, and the current economic uncertainty can change the outlook on this revenue.

Although the economy remains resilient, and this Recommended Budget incorporates continued stability within discretionary revenue sources, the uncertainty in federal policy and financial markets poses the risk of an economic slowdown. Negative economic changes would affect revenue, negatively impacting county programs and services.

This Recommended Budget utilizes one-time funds to fund operational gaps. The current spending plan is prudent in funding essential services and providing county offices and departments with funding to continue at-risk-filled positions. Still, it eliminates vacant positions across multiple offices and departments, beginning the process of reducing the workforce to align operations to available resources. The Recommended Budget provides a fully funded \$8.7 million appropriation for Contingency in the General Fund for unanticipated events or emergencies during the budget year.

The County has placed one-time surpluses into its General Fund Strategic Reserve, per its General Financial Policy. The reserve ended FY 2023-24 with a balance of \$57.8 million for the General Fund and \$25.0 million for Natividad Medical Center (NMC). In the current year, the County utilized \$9.2 million to respond to disasters and repair damaged infrastructure pending federal and state reimbursements, and added \$10.0 million from prior year surplus, while NMC added \$8.5 million. This leaves the reserve with a current balance of \$92.1 million. Additionally, the County designated \$6.0 million of prior year surplus to mitigate wage increases in the current year.

Recommended Budget – All Funds

The Recommended Budget for all the County's funds total \$2.3 billion for the next fiscal year. The budget includes 5,780.9 authorized positions. Significant changes since the adoption of the FY 2024-25 budget include:

Appropriations increase by \$255.3 million. Notable increases include \$131.4 million in the General Fund to support higher costs of employees, programmatic expansions in health and social services programs, and a technical change (\$65.7 million) due to Cost Plan (CP) (cost allocation system developed by the federal government to compile, identify, and classify costs for all central service units) budgeting. NMC increased by \$105.2 million to support growing labor costs and medical services. Still, the majority (\$79.3 million) was a change for Intergovernmental Transfers (transferring funds between different levels of government to help finance Medicaid programs) for government funding previously reported as an offset to revenue; \$28.7 million increase in the Health Department's - Behavioral Health's Bureau (Behavioral Health) for the

new 96-bed Mental Health Rehabilitation Center (MHRC) (program that provides 24-hour intensive support and rehabilitative services for adults with mental disorders) and expansion of programs; and \$15.6 million increase in Public Safety Realignment and Health Realignment funds for various public safety, health, and social service programs. Appropriations decreased by \$16.5 million in the Road Fund, \$11.7 million in the Capital Project Fund, and \$20.7 million in the Laguna Seca Recreation Area (LSRA) Enterprise Fund due to a shift of operating expenses to a concessionaire agreement.

Revenue increased by \$265.6 million.

Significant increases include \$130.7 million in the General Fund, primarily due to increased Charges for Services for health clinics, higher federal and state revenues related to social service programs, and new grant revenue for homelessness programs, and due to a technical change in budgeting for CP credits. NMC's revenue increased by \$104.9 million, most of the increase (\$86.7 million) is due to the change in accounting for Intergovernmental Revenues, and the remaining increase was primarily from patient revenue and health fees. Other increases include \$30.1 million in Behavioral Health due to a grant supporting infrastructure for the MHRC project; \$17.2 million in the Enterprise Resource Planning Internal Service Fund (ISF) due to the technical change for CP credits; \$5.9 million from state realignment funds that support public safety, social services, and health programs for expansion of programs; and \$5.1 million increase in the Pajaro County Sanitation District (CSD) mainly due to a federal grant for repairs to the sewer system.

Funds anticipating lower revenues include the LSRA Enterprise Fund, reflecting a \$21.9 million decrease due to the management shift from the County to a concessionaire agreement; Capital Project Fund anticipates \$17.0 million lower Operating Transfers In for budgeted projects.

Rising labor costs. Next fiscal year, salaries and benefits costs for the County's workforce total \$1,037.9 million, a \$79.4 million increase over the current year adopted budget. Employee wages increase by \$53.4 million due to Cost of Living Adjustments (COLA) approved through negotiated salary adjustments from labor agreements, higher step increases, and wage study implementations resulting in higher compensation. Most labor agreements were finalized in FY 2024-25, with many labor groups receiving a 4% COLA during the current year, which was unbudgeted as most agreements expired in December 2024 (in the middle of the FY). Most bargaining units will receive 4% increases in the next two years, with most agreements expiring June 30, 2027. NMC and the General Fund account for the most significant salary and benefit cost increases, as these funds have the greatest number of employees. Other major cost drivers within the salaries and benefits category include pension contributions and health insurance premiums, increasing by \$13.9 million and \$8.4 million over the current year adopted budget (all funds).

Recommended use of fund balance. The General Fund uses fund balance to support departmental programs with restricted fund balance and to fund one-time expenses (\$19.2 million). Other funds with significant fund balance utilization include realignment funds (\$30.7 million) to meet State-County Realignment commitments for public safety, health, and social services programs; Behavioral Health (\$4.5 million) for expanded programs and one-time expenses; and Capital Project Fund (\$16.8 million). NMC expects to improve its fund balance by \$3.5 million.

Infrastructure replacement. The Recommended Budget provides \$50.1 million in appropriations for capital projects such as solar projects within county facilities; continued progress on the Carmel River and Carmel Lagoon floodplain projects; parking lot repaving at the King City Courthouse; repairs and renovation of the women's shelter building; and the Department of Social Services - Seaside Community Benefits Office. Other projects include repairs and/or replacements throughout county buildings occupied by the departments of Health, Elections, Public Defender, and Probation. NMC's capital projects include a comprehensive remodel to the surgical unit and projects to upgrade technology and equipment across the hospital grounds.

All Funds	2023-24 Actual	2024-25 Adopted	2025-26 Recommended

Recommended Budget – General Fund

The General Fund supports 3,477.2 authorized positions in 23 offices/departments, which encompass most county services and essential governmental functions, including public safety and criminal justice, health, social services, land use, recreation, environment, administration, and finance. The following is an overview of the General Fund:

General Fund appropriations total \$1,023.7 million next fiscal year, an increase of \$131.4 million over the current year adopted budget.

A technical change that increased appropriations and revenue was the CP charges and credits, which were budgeted as an expense and revenue, respectively, instead of the prior method of contra-expense, where only the expenditure was affected. This change increased General Fund expenditures and revenues by \$65.7 million and \$60.6 million, respectively. Excluding this change, operating expenditures increase by \$65.7 million. Most of the increase is driven by \$48.9 million higher cost for employee salaries and benefits, of which \$28.2 million is due to wage increases from negotiated salary adjustments from labor agreements and backlogged base wage study implementation. The Recommended Budget for the General Fund includes a decrease of 123.5 vacant positions to begin the alignment of operational expenditures with ongoing revenues. Even with a significant reduction of vacant positions, countywide labor cost is the main cost driver. The remaining \$17.7 million increase in the salaries and benefits category is due to rising pension and health insurance costs.

Increases in other areas include: \$12.9 million in higher appropriations to support program growth in clinic services and public health; \$6.1 million higher expenditures due to growth in entitlement programs such as California Work Opportunities and Responsibility to Kids (CalWORKS) and higher expenses associated with placements in foster care for children with acute needs; and \$10.3 million in appropriations related to new state grants supporting homelessness programs.

Revenue increases \$130.7 million over the current year's adopted budget. An increase of \$60.6 million is due to the change in budgeting for CP credit as revenue. The remaining \$70.1 million is derived from program and non-program revenue growth. Program revenue increases by \$59.0 million, with growth driven primarily by: expanded clinic and public health services to meet demand resulting in higher Charges for Services; growth in social service programs such as CalWORKS; increased state grants for homelessness programs; state grant for Pajaro recovery project; and increased realignment transfers to the General Fund for public safety, health, and social service programs. Due to strong assessments, non-program revenue will increase \$11.1 million next year, with most of the increase from property tax revenue (\$10.8 million).

Recommended use of one-time funds includes \$19.2 million to support department programs and funding needs arising from cost pressures. Departmental restricted fund balance is utilized by the Health Department (\$10.5 million) to cover a liability payment to the state related to the true-up of payments (adjustment payment made after an initial estimate or projection, to account for any differences between the initial amount and the actual amount) received and services rendered in health clinics and for environmental health oversight. The Department of Social Services plans to utilize \$2.2 million in restricted funds for its community programs. Public safety departments plan to use \$650,405 in departmental restricted fund balance for expenses that meet the restrictions of the funds. Additionally, the Recommended Budget includes cancellation of assignments, including \$5.4 million from the Contingencies Assignment to partially fund the contingencies appropriation in the General Fund and free up resources to fund augmentations for offices/departments impacted by rising cost pressures. Other uses include \$201,612 from the Cannabis Assignment to continue to fund the Climate Action Plan [strategic framework for reducing greenhouse gas (GHG) emissions and adapting to the effects of climate change]; \$125,214

General Fund	2023-24 Actual	2024-25 Adopted	2025-26 Recommended
Expenditures			
Salaries & Benefits	\$ 505.0	\$ 560.7	\$ 606.5
Services & Supplies	186.9	208.5	214.8

*Amount in Millions, may not add up due to rounding.

from the Compensated Absences Assignment to fund community requests; and \$22,000 from the General Capital Assignment to fund the Elections Department’s voting equipment.

Provides funding to the Road Fund to support road maintenance. It is recommended that \$6.5 million be contributed to the Road Fund to meet the voter-approved Measure X (Transportation Safety and Investment Plan approved on November 8, 2016, by Monterey County voters) Maintenance-of-Effort (MOE) requirement. This is a reduction of \$3.1 million from the current year’s adopted budget.

Includes Transient Occupancy Tax (TOT) funding for external agencies that support public safety and promote tourism, arts, and economic development. The Recommended Budget provides for contributions to Development Set Aside (DSA) Agencies, fire agencies, and 9-1-1 user agencies. Contributions to the DSA agencies and the Monterey County Business Council (MCBC) total \$2.2 million in the next fiscal year, a reduction of \$842,975 from the current year’s adopted budget. Discretionary contributions of Proposition 172 (1993) (Public Safety Sales Tax) funds to the fire agencies and 9-1-1 dispatch center user agencies total \$4.1 million and \$2.2 million, respectively.

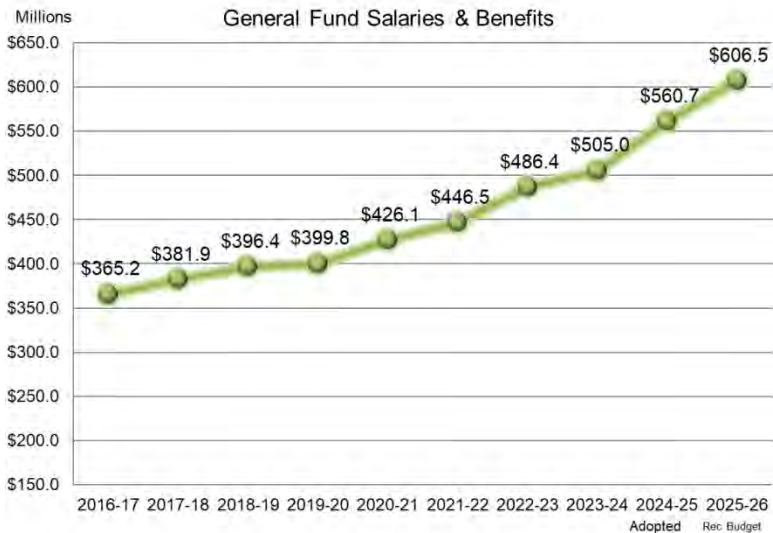

The recommended contributions to the Road Fund and the DSAs represent reduced amounts of \$4.1 million combined from their established formulas. These were redirected to fund county departmental requests impacted by cost pressures discussed below.

Fiscal Pressures Shaping the General Fund Budget

The following section outlines major cost drivers that are affecting the General Fund:

Employee compensation and growing workforce.

Salaries and benefits of \$606.5 million increased by \$45.9 million (8.2%) over the current year adopted budget. This includes wages of \$352.6 million that are \$28.2 million (8.9%) higher than the current year adopted budget, this is after county offices and departments included salary savings of \$33.7 million, primarily in the Departments of Health and Social Services, for expected vacant positions estimated at a 9% savings. The increase is prominent in FY 2025-26 because most bargaining units reached labor agreements in FY 2024-25 with wage increases that were effective in the current year, but unbudgeted. Many of the labor groups received a 4% COLA during the current fiscal year and will receive 4% increases in the next two fiscal years, with most agreements expiring June 30, 2027. Additionally, some classifications received wage adjustments due to backlogged base wage studies, and the County continues to undertake compensation studies for various classifications, typically resulting in higher compensation.

The Recommended Budget eliminates vacant positions for some offices and departments. A decrease of 123.5 positions (-3.4%) is recommended in the General Fund from the current year’s adopted budget. Despite the reduction of vacant positions, the growth in salaries and benefits costs remain considerable and is one of the main cost drivers.

The impact of salaries and benefits has continued to magnify over the years, as wage increases from the prior year, rising pension costs, and health insurance premium increases accumulate. Additionally, over time, the County has added staff to its workforce, contributing to the growth in salaries and benefits. Employee salaries and benefits are the County’s most significant cost, representing 63.0% of the General Fund budget. The cost has grown from \$365.2 million in FY 2016-17 to \$606.5 million in FY 2025-26, an increase of \$241.4 million (66.1%). Through the current year adopted budget, General Fund positions increased by 149 (4.3%) since FY 2016-17; however, the Recommended Budget reduces positions by 123.5 (-3.4%) from the adopted budget. This position level is only 25 positions higher than in FY 2016-17, but the cost is 66% higher.

Pension contributions continue to increase. Contributions to the CalPERS pension fund have increased significantly since FY 2017-18 due to changes in CalPERS’ actuarial methodology and funding policies. Significant changes include lowering the discount rate to reflect CalPERS’ expected return on investments, updating demographic assumptions that show retirees live longer and require higher lifetime payouts of benefits, and accelerating payment of unfunded liabilities by changing

amortization policies. Part of the pension contributions go toward paying down unfunded liabilities; since FY 2017-18, this portion of the payment is fixed and not based on payroll, protecting the pension fund in situations where employers have declining payroll.

The projections in the PERS – General Fund Contributions chart are based on CalPERS’ actuarial valuations, which are built on actual payroll data obtained by CalPERS, and therefore, based on existing staffing levels and do not account for new positions. These estimates are based on current pension plans and assume no gains or losses to the current portfolio. Changes in any of the preceding matters will impact required contributions. The chart reflects the projected fixed contributions toward unfunded liabilities, about 60% of the total contributions. The Recommended Budget includes funding for required employer contributions for regular costs and unfunded liability. The estimated \$52.6 million in the General Fund and \$81.2 million, including all funds, go toward paying down the County’s unfunded pension liability.

Pension costs also impact county employees. Over the years, employees have also contributed to the CalPERS pension fund because of ongoing fiscal pressures and pension reform. In the upcoming fiscal year (FY 2025-26), based on actuarial information, employees will contribute an estimated \$38.3 million for all funds into the miscellaneous and safety pension plans.

Unfunded pension liabilities. Despite rising employee and employer contributions toward pensions, the County has an unfunded liability of \$1.0 billion for the Miscellaneous and Safety Plans as of the latest valuation report by CalPERS, an increase of \$63.4 million from the previous report. The significant jump in unfunded liability as of June 30, 2022 was due to investment losses realized. Investment returns have since improved; however, unfunded liability is not expected to improve dramatically. As of June 30, 2023, the return on investment is still under the assumption of 6.8% utilized by CalPERS. Moreover, the unfunded liability is also affected by amortization policies on losses and other assumptions, such as higher projected benefits and covered payroll.

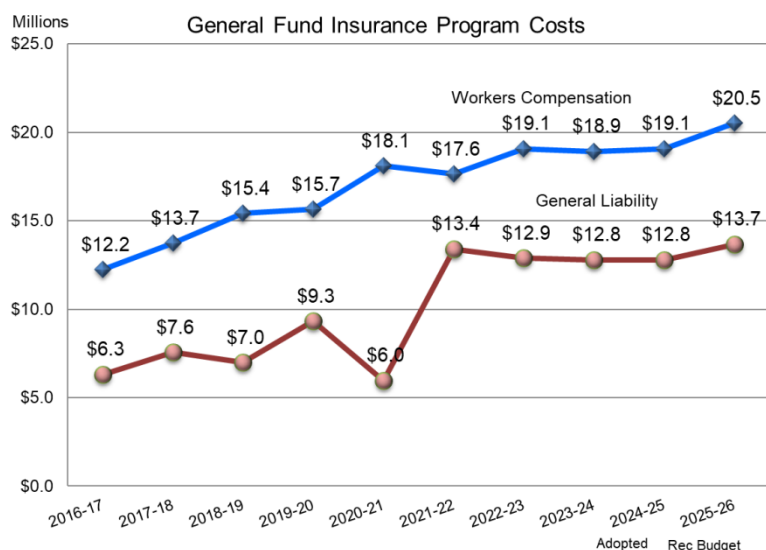

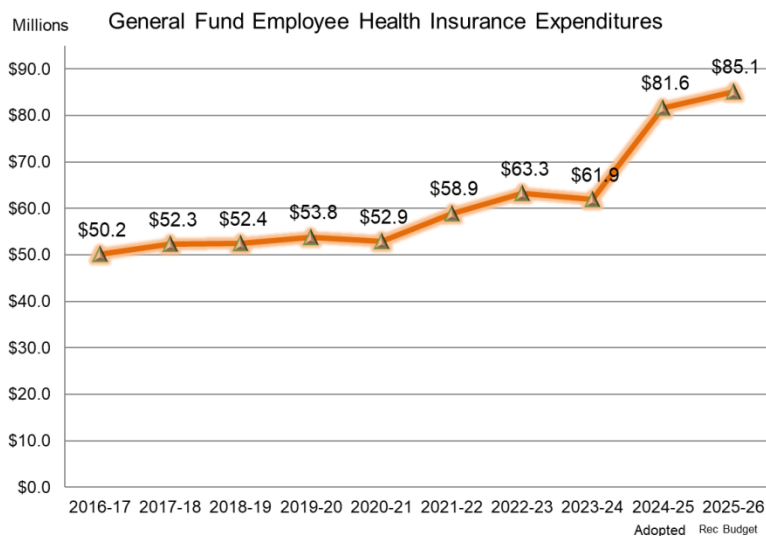

The Board of Supervisors adopted a pension liability policy on June 2, 2021 (Resolution 21-147), and the County established an Internal Revenue Service (IRS) Section 115 pension trust, which serves as an investment vehicle outside of the County’s Treasury Pool to generate proceeds to address future pension liability obligations. The County had previously implemented a supplemental pension contribution charge to offices and departments to contribute on an ongoing basis to the pension trust fund; the last contribution charged to offices and departments was in FY 2023-24 (\$10.9 million in the General Fund and \$15.2 million in all funds). The charges were suspended in the FY 2024-25 Recommended Budget as resources were redirected to other critical programs and services. Although there is no planned contribution to the pension trust, the Recommended Budget includes \$6.3 million from the trust to pay toward the unfunded accrued liability payment, representing the increase in the Miscellaneous and Safety plans in FY 2025-26 across all funds.

Health insurance premiums continue to rise. The Recommended Budget includes \$85.1 million for health insurance costs, an increase of \$3.5 million (4.3%) over the FY 2024-25 Adopted Budget. Recent increases beginning in FY 2022-23 result from higher contributions for premiums under negotiated labor contracts. Another factor impacting the increase is position growth over the years. Historically, the County has absorbed yearly premium increases, which is a significant cost pressure. The County's cost of health care insurance has cumulatively increased by \$34.9 million (70% increase) since FY 2016-17.

It should be noted that the County typically has salary and benefit savings due to vacancies. The budget figures on the Health Insurance Expenditures chart for FY 2024-25 and FY 2025-26 do not reflect savings. However, salary savings/vacancy assumptions are factored into the overall salary and benefit figures in the adopted and recommended budgets to account for the potential lower number of filled positions.

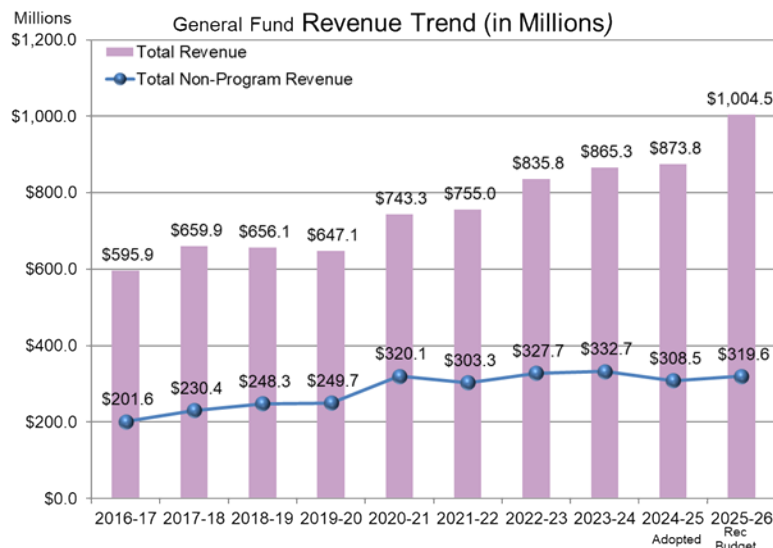

Workers' Compensation and General Liability program costs. In recent years, costs for Workers' Compensation (WC) and General Liability (GL) have levelled off. However, costs are still significant for the County and are \$15.6 million (84.3%) higher than in FY 2016-17. Both programs are forecasted to increase 10-15% in the following two fiscal years. Additionally, the programs may be impacted by changes in actual claims as compared to the actuarial estimates and by investment return on assets.

The General Fund Insurance Program Costs chart reflects the historical trend for WC and GL costs. Due to budgetary constraints, the decrease in FY 2020-21 for GL costs reflects the suspension of approximately \$8.5 million in charges of GL non-recoverable costs to General Fund offices and departments. That was a one-time funding solution, and in FY 2021-22, the increased costs resumed. The WC and GL insurance programs are based on a 70% funding confidence level.

General Fund Revenue

Overall, General Fund revenue increases by \$130.7 million in the next fiscal year. Excluding the change in the CP credits (\$60.6 million), General Fund revenue increases by \$70.1 million. Significant increases come from federal and state aid for caseload and grant increases in CalWORKs in the Department of Social Services, increased charges for services in the Health Department due to the expansion of clinic services and public health programs, and new grant revenue for homelessness strategies and initiatives programs. Additionally, offices and departments are utilizing about \$15.0 million more in realignment funds over the current year adopted budget for social service, health, and public safety programs in the General Fund. General Fund revenue comprises about two-thirds of

the program revenue generated by offices and departments for their specific programs, and about one-third is discretionary revenue.

Discretionary revenue increases \$11.1 million (3.6%) from the adopted budget. The bulk of the increase is due to property tax, since assessments remain strong and are anticipated to increase by \$10.8 million based on projections from the Assessor's Office. Other positive changes to discretionary revenue include \$1.9 million of the new Transaction and Use (Measure AA), a 1% tax in the County's unincorporated areas, and slightly higher TOT and franchise fees. Offsetting decreases include eliminating \$1.8 million of budgeted ARPA revenue since that funding concluded in the current year, in addition to lower cannabis tax, tobacco settlement funds, and sales and use tax based on current collection trends.

Revenue	2023-24 Actual	2024-25 Adopted	2025-26 Recommended	Change from Rec. to Adopt.
Property Tax	222,691,362	226,902,085	237,714,460	10,812,375
Transient Occupancy Tax	38,564,453	38,838,898	39,227,287	388,389
Cannabis Tax	4,992,948	4,000,000	3,500,000	(500,000)
Vehicle License Fees	453,686	270,725	458,205	187,480
Sales & Use Tax	14,968,064	15,465,502	15,088,516	(376,986)
Transaction & Use Tax	0	0	1,873,677	1,873,677
Franchise Fees	9,251,576	7,151,144	7,801,216	650,072
Tobacco Settlement	3,819,638	4,283,004	3,819,638	(463,366)
Federal Aid	17,067,809	1,823,993	0	(1,823,993)
Other	20,915,109	9,725,586	10,094,176	368,590
Total	332,724,645	308,460,937	319,577,175	11,116,238

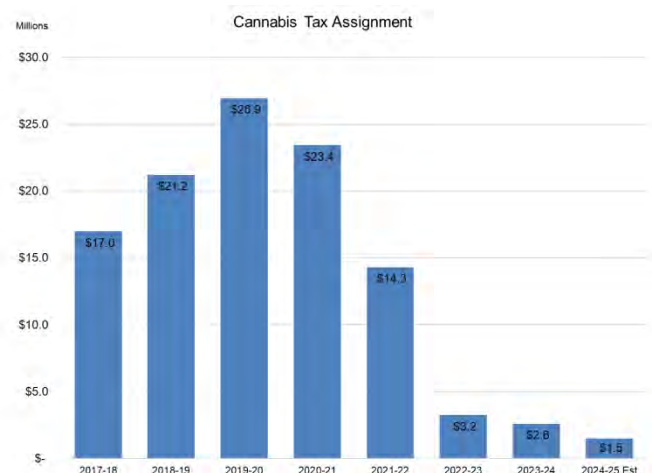

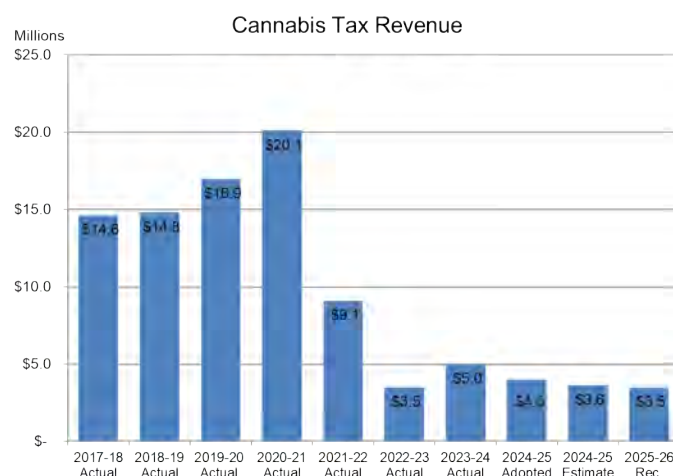

The next fiscal year assumes no negative developments and that current economic conditions do not deteriorate. It is important to note that TOT is highly sensitive to the economy, and a recession would rapidly impact this revenue, as well as sales and use tax revenue.

Cannabis Revenue and Assignment

Previously, cannabis revenues were utilized for the cannabis regulation program only, with excesses reserved in an assignment for Board of Supervisors-directed purposes. Beginning FY 2020-21, the Board of Supervisors approved all ongoing cannabis revenue as discretionary revenue, providing offices and departments with funds to continue programs at risk due to insufficient funding.

During FY 2021-22, the Board of Supervisors approved reductions to cannabis tax rates, resulting in a decrease of \$9.7 million from the \$18.8 million budget. The FY 2022-23 Adopted Budget included \$7.4 million; however, due to further reductions approved by the Board of Supervisors, actual revenues were \$3.5 million. The FY 2023-24 actuals increased over the prior year, primarily due to payment plans for deferred taxes for previous years. The current year estimate reflects lower than budgeted cannabis revenue of about \$400,000. The Recommended Budget includes \$3.5 million based on the latest information, including current square footage and rates. Further tax reductions, payment arrangements, or closures would impact the actual revenue received, creating an imbalance in the budget requiring modifications.

The Board of Supervisors has funded many critical needs over the years through the assignment. The balance was estimated to be depleted by FY 2024-25 due to approved uses in the adopted budget. The revised balance reflects a \$1.1 million swap of funding from the Sheriff's Office body-worn cameras of previously allocated cannabis in the current year to ARPA funds, which freed up Cannabis Assignment dollars. No additions to the assignment are anticipated, given the reduced cannabis revenue. Still, there may be lower uses to the extent authorized uses have lower expenses due to program or project completion delays.

Baseline Budgets and Requested Augmentations

In March, the County Administrative Office presented the Financial Forecast, which estimated a deficit of \$43.3 million for FY 2025-26 due to significant cost pressures, resulting predominantly from wage increases stemming from approved labor agreements and backlogged base wage study implementations. Additional cost pressures include rising pension and health care costs. Contributing to the deficit, was the elimination of one-time funding solutions used in the FY 2024-25 Adopted Budget including \$5.2 million of Unassigned Fund Balance used to fund ongoing needs; and the suspension of the supplemental UAL contribution to the Pension Trust Fund, which was a one-time funding solution that provided \$10.4 million in FY 2024-25 to fund augmentations. These sources are unavailable, yet costs continue to outpace other ongoing resources.

In March, departments submitted initial baseline budgets, which communicated what level of operations can be afforded with preliminary General Fund Contributions (GFC). General Fund office and departments start out with a base-level GFC allocation, adjusted for variances in WC and GL payments and CP charges, so that it remains budget neutral. Initially, all discretionary revenue growth was allocated to offices and departments for utilization in baseline budgets.

At the March 25, 2025 Budget Workshop, the Board of Supervisors was presented with the status of the baseline budgets and requested augmentations, and the Board provided direction to staff. The County Administrative Office presented available one-time funding options for augmentations and potential redirection of resources to maintain critical programs and services at risk of elimination.

County offices and departments reduced baseline budgets to meet allocated GFC targets. They submitted augmentation requests for gaps in funding status quo operations because of cost pressures, for expansion of programs, adding new programs, and for infrastructure. General Fund office and departments reduced 201 positions from their baseline budgets to meet their GFC targets. Offices and departments did not request to restore all eliminated positions; for example, the Department of Social Services deleted 79 positions and only submitted augmentations for three, while the Department of Child Support Services permanently eliminated nine. These departments are eliminating vacant positions to align expenditures with ongoing revenues, as revenues are not keeping pace with costs. General Fund office and departments requested augmentations for 49.1 filled and 62 vacant positions to maintain status quo operations.

General Fund augmentation requests totaled \$57.9 million in expenditures, offset by \$1.5 million of revenues, for a net request of \$56.4 million. Augmentations for capital projects totaled \$64.2 million, and details of the requests are included in Attachment A. The following table breaks out augmentations in the General Fund and other funds.

Requested Augmentations by Fund	Req. FTE	Sum of Exp.	Sum of Rev.	Net Request	Rec FTE	Sum of Recommended
1001						
General	180.6	57,849,125	1,474,995	56,374,130	62.1	13,124,798

Position impacts \$19.2 million. Position-related impacts for baseline budgets included \$8.7 million for 49.1 filled positions including five sworn officers and 15 professional positions in the Sheriff's Office; 13 positions in the District Attorney's Office; 15 positions in the Office of the Public Defender; one position in the Department of

Emergency Management; and a partially filled position in Cooperative Extension. Offices and departments requested \$10.2 million to restore 62 vacant positions in the General Fund, including 29 positions in the Sheriff's Office which consists of 16 sworn officers and 13 professional positions; the District Attorney's Office included 13 vacant positions which consists of nine attorneys and four support positions; nine positions in the Public Works, Facilities and Parks Department; three positions in the County Counsel's Office; three positions in the Department of Social Services including two for community benefits and one for CalWORKs; two positions in the Human Resources Department; and three positions in the Assessor's Office. Additionally, \$308,226 was requested to restore non-General Fund positions at risk of elimination, including six vacant dispatcher positions in the Emergency Communications Department.

Other status quo needs \$21.5 million. County offices and departments requested other status quo needs to continue current service levels. Examples of these requests include the Department of Emergency Management's Emergency Operations Center budget; the Elections Department's operational costs to carry out a scheduled primary election; the Housing and Community Development Department's on-call services for building and planning; the Public Works, Facilities and Parks Department custodial and security services for county facilities, unscheduled maintenance at county facilities, contributions to Vehicle Asset Management Program (VAMP), temporary staff for lakes; the County Administrative Office's Sustainability Program's funding for the Climate Action Plan; the Human Resources Department legal service related to labor negotiations; the Department of Social Services Out-of-Home care costs for placement of children in foster care and General Assistance; the Sheriff's Office inmate medical care and body-worn cameras; and a range of other needs across offices and departments to meet status quo operations.

New positions \$11.4 million. County offices and departments requested 73.5 new positions; including 47 for \$10.0 million for 34 sworn officer positions and 13 professional positions in the Sheriff's Office; 16 in the Health Department with offsetting program revenue (including seven positions in their Behavioral Health Bureau); 4.5 in Public Works, Facilities and Parks for \$313,781; three were requested for the Department of Emergency Management for \$526,906; and the remainder were requested in the Human Resources Department (1.0), Information Technology Department (1.0), and Clerk of the Board's Office (1.0).

New Programs \$5.0 million. Requests include general plan housing update; Chualar community plan; funding for the Emergency Operations Plan; low-cost spay and neuter mobile clinics; funding for four new positions in Animal Services leveraging funding from the shared cost with City of Salinas; technology for land use permitting; implementation new Civil Rights programs; funding to install additional Flock Safety cameras [security system that utilizes Automatic License Plate Readers (ALPRs) to capture vehicle data] throughout the County; upgrade for a computer system at the County Jail; preventative maintenance at county facilities; and enhanced security service at county office buildings. There are an additional three new positions requested under new programs: two new investigators in the District Attorney's Office and one Management Analyst in Department of Emergency Management.

Capital Projects \$64.2 million. The Public Works, Facilities and Parks Department submitted requests for capital projects including improvements to county-owned buildings, library projects, improvements and repairs to Lake San Antonio, and repairs at several County Sanitation Districts and County Service Areas. The Information Technology (IT) Department also submitted requests for IT infrastructure projects.

Recommended Augmentations

During the March Budget Workshop, the Board of Supervisors gave general suggestions to the County Administrative Office. The feedback from the workshop resulted in the prioritization of augmentation requests to the extent of resource availability. As in prior years, the baseline budget allocated all discretionary revenue to departments. Revisions to discretionary revenue provided \$1.0 million for augmentations. Alternative funding sources were identified, primarily consisting of \$5.4 million of reserve funds designated for contingencies; \$4.1 million in TOT funds that were redirected from contributions to the Road Fund and DSA agencies; \$1.9 million in revenue from of a new 1% Transaction and Use Tax (Measure AA); and \$348,824 in use of assigned funds. The primary funding sources for recommended augmentations include:

- **\$5.4 million Contingency reserve funds utilized to fund the contingency appropriation, which freed up discretionary revenue to fund augmentations.** Reserve funds were identified to fund the appropriation contingency within the Recommended Budget, initially funded with discretionary revenue. This funding is not from the contingency appropriation itself, which is fully funded for unplanned contingencies during the budget year. This allowed discretionary revenue funds initially used for the contingency appropriation to be reallocated to fund 22 filled positions within the Sheriff's Office and the District Attorney's Office, as well as other critical programs within the Departments of Social Services and Public Works, Facilities and Parks.

- **\$4.1 million in redirected TOT funds.** The Recommended Budget redirects \$3.2 million of the Road Fund contribution (reduces from \$9.6 million to \$6.5 million) and \$881,585 from the DSAs (reduces from \$3.0 million to \$2.2 million) to fund 20 filled positions within the District Attorney's Office and the Office of the Public Defender.
- **\$1.9 million in new Measure AA funds.** Those augmentations determined to meet the criteria for the newly passed ordinance establishing a 1% transaction and use tax in county unincorporated areas, fund three filled sworn officers in the Sheriff's Office, spay and neuter clinics, and the Housing and Community Development Department's planning programs.
- **\$1.0 million discretionary revenue.** Revenue projections were revised after baseline submissions, primarily from positive property tax projections based on the Assessor's data and slight reductions to other sources, with a net positive result to fund augmentations for filled positions in the Office of the Public Defender and the Department of Emergency Management.
- **Other one-time funds.** The Cannabis Assignment (\$201,612) is funding the Climate Action Plan in the County Administrative Office's Sustainability program, for which funds are carried over from the current year; the Compensated Absences Assignment (\$125,214) and other one-time reallocated funds (\$374,786) were utilized to fund \$500,000 for community requests; and \$22,000 from the General Capital Assignment is used to fund the Elections Department's voting equipment.

General Fund Augmentations - In reviewing requests for augmentation, recommendations were prioritized based on feedback received at the Budget Workshop. Augmentation requests were prioritized with at-risk filled and vacant positions, leveraging sustainable revenue from other agencies. Additionally, recommendations for critical programs and services were shared, albeit in some cases, funding was recommended at a lower amount due to funding constraints. In total, \$13.1 million (net of offsetting revenues) was recommended in augmentations in the General Fund.

Fund / Department	Rec. FTE	Expenditures	Revenues	Net Request	Recommended

Recommended augmentations approve 50.1 filled and 3.0 vacant unfunded positions. The requested augmentations reflect 49.1 filled requested positions; however, one vacant position was filled as of this writing and thus was recommended for funding. Augmentations also approved nine new positions, entirely funded with departmental revenue, including five in Health, two in the District Attorney's Office, and two in Public Works, Facilities and Parks. Recommended augmentations include:

- \$3.2 million for the Sheriff's Office, including \$2.5 million from contingency reserve and \$749,888 in Measure AA funds for 20 filled and one vacant position augmentation, which has subsequently been filled. Those filled include five deputies, one sergeant, and 15 professional positions. The Measure AA funds were utilized for two deputies and a sergeant.

- \$2.9 million for the Office of the Public Defender, including \$2.0 million from redirection of TOT funds and \$0.9 million from discretionary revenue to fund 15 filled positions. Those filled include two investigators, five attorneys, five legal secretaries, an accountant, an account clerk, an administrative secretary, and five temporary positions.
- \$2.8 million for the District Attorney's Office, including \$2.1 million from redirection of TOT funds and \$0.7 million of contingency reserve to fund 13 filled positions. Those filled include nine criminal attorneys, three criminal investigators, and one civil investigator. Two new investigators were funded with departmental program revenue.
- \$1.5 million for the Department of Social Services, including \$1.1 million to fund the Out-of-Home Care program for the placement of children with acute needs in foster care, and \$359,918 for the General Assistance Program, both funded from the contingency reserve.
- \$936,287 for the Housing and Community Development Department from Measure AA funds for consultant services for planning and building checks, the Chualar community plan, and the General Plan Update.
- \$673,047 for the Public Works, Facilities, and Parks Department, including \$534,750 from contingency reserve to fund custodial service; \$97,500 from Measure AA funds for temporary Parks staff; and \$40,797 from restricted funds for Lake San Antonio landfill gas monitoring. Additionally, two new sanitation worker assistants were added, funded by sanitation district revenue.
- \$500,000 for the Board of Supervisors to fund community requests in their respective districts, funded by a one-time reallocation of GFC and Compensated Absences Assignment.
- \$409,836 to the County Administrative Office, including \$201,610 from the Cannabis Assignment for the Climate Action Plan and \$208,226 from the contingency reserve for the County's share-of-cost of the Emergency Communication Department's request to fund six vacant dispatcher positions, leveraging funds from other user agencies.
- \$129,370 for the Department of Emergency Management to fund a filled administrative secretary position.
- Other augmentations include \$90,000 to the Health Department for spay and neuter clinics and overtime for enforcement of unpermitted food operations; \$22,000 to the Elections Department for voting equipment; \$18,000 to the Civil Rights Office for investigations; and \$9,219 to the Cooperative Extension to restore a partially filled position. Additionally, the Assessor's Office was approved to retain its three requested vacant positions without funding.

Remaining Unfunded Needs

Remaining unfunded requests are described below and Attachment A includes further details. Unfunded requests total \$42.0 million. Capital project augmentations totaling \$64.2 million were not included in the Recommended Budget and will be presented for consideration at the Budget Hearings; the capital project augmentations list is provided in Attachment A.

Fund / Augmentation Category	Req FTE	Expenditures	Revenues	Net Request
General				
1001	118.5	41,982,438	186,458	41,795,980
New Mandated Program/Service w/ Ge	0.0	178,000	-	178,000
New Program/Service w/ General Fund	1.0	3,237,762	-	3,237,762
Request New Position	59.5	11,365,551	-	11,365,551
Status Quo Other	0.0	17,651,748	-	17,651,748
Status Quo Vacant Position	58.0	9,549,377	186,458	9,362,919
Hitchcock Road Animal Services				
1380	0.0	444,196	218,144	226,052
New Program/Service w/ General Fund	0.0	444,196	218,144	226,052
Grand Total	118.5	42,426,634	404,602	42,022,032

New position requests. A total of 60.5 new positions (\$11.6 million) were not recommended including: 47 positions in the Sheriff's Office (\$10.0 million) which included 34 sworn officer and 13 professional staff positions to expand managerial oversight and increase jail and patrol staffing; three positions in the Department of Emergency Management (\$526,906) including a public information specialist and two new management analyst positions; 2.5 positions in the Public Works, Facilities, and Parks Department (\$313,781) including a real property specialist, a half-time fleet position, and a supervising sanitation worker; four positions in the Health Department (\$226,052) for animal services; and other new position requests in the Clerk of the Board's Office, the Human Resources Department, and Information Technology Department.

Vacant positions eliminated or unfunded. Unfunded vacant positions totaled 58 for \$9.4 million. The table below lists the offices and departments that requested augmentations for vacant positions, but were not recommended:

Fund / Augmentation Category	Req FTE	Expenditures	Revenues	Net Request
Status Quo Vacant Position				
1001	58.0	9,549,377	186,458	9,362,919
County Counsel	3.0	569,786	-	569,786
District Attorney	13.0	1,811,936	-	1,811,936
Human Resources	2.0	421,914	-	421,914
Public Works, Facilities and Parks	9.0	1,274,018	-	1,274,018
Sheriff-Coroner	28.0	5,098,809	-	5,098,809
Social Services	3.0	372,914	186,458	186,456
Grand Total	58.0	9,549,377	186,458	9,362,919

Other status quo needs. County offices and departments requested other augmentations to maintain status quo operations, totaling \$17.7 million. Unfunded requests include the Elections Department for \$1.5 million to carry out the Primary Election in 2026; the Public Works, Facilities, and Parks Department had \$3 million in unfunded requests for unscheduled facilities maintenance (\$1.0 million), security services at county facilities (\$1.1 million), Carmel Lagoon sandbar management, contribution to VAMP, encampment cleanup, and Ford Ord maintenance (\$960,564 combined requests); Sheriff's Office had \$11.3 million to continue the agreement for body-worn cameras (\$2.2 million), inmate medical care anticipated increase (\$7.2 million), and overtime (\$2.0 million); and the Department of Emergency Management had \$693,542 for the Emergency Operations Center Budget (\$600,000) and the management of the Assembly Bill 102 (Chapter 38, Statutes of 2023) grant.

New mandated programs. Requests for \$140,000 for the Emergency Operations Plan and \$38,000 for Civil Rights Act Plan implementation (Title VI) remain unfunded.

New or expanded programs remain unfunded. The Public Works, Facilities, and Parks Department for \$1.7 million in requests, such as preventative maintenance (\$1.0 million), new mobile shred truck (\$386,520), and enhanced security services at county offices (\$350,000 combined requests) were not included in the Recommended Budget. The Sheriff's Office for \$1.2 million in requests, including an upgrade to the jail computer system (\$800,000) and installing additional Flock Security cameras throughout the County to enhance public safety and security (\$400,000) were not included in the Recommended Budget.

Unfunded Capital Projects. Capital improvement requests of \$64.2 million are not included as they are unfunded. These include improvements to the various county-owned facilities, such as Schilling Campus, the County Jail, juvenile hall, libraries, the Lakes, etc.

Next Steps

The Recommended Budget will be presented at the Budget Hearings commencing on May 28th. The County Administrative Office will present an overview of the spending plan, and the Board of Supervisors will hear presentations from Elected Officials and Appointed Department Heads. In addition, input from individuals and organizations within the community is anticipated. During the budget hearings, the Board may make additions, reductions, or modifications to the recommended spending plan, and can consider other options, presented below, for potential funding of additional requests.

- **Contingencies appropriation.** Per the General Financial Policy, the budget includes 1% of estimated General Fund revenues (\$8.7 million for FY 2025-26) for operational contingencies that arise in the next fiscal year. Contingencies are considered one-time funding; therefore, to the extent these funds are utilized to fund ongoing operations, funding gaps will emerge in the subsequent budget cycle.
- **Cannabis Tax Assignment.** The Cannabis Assignment is estimated to have a balance of \$1.3 million available. The assignment is considered one-time funding; therefore, to the extent these funds are utilized to fund ongoing operations, funding gaps will emerge in the subsequent budget cycle.
- **Measure AA Funds.** The Board enacted a new sales tax ordinance providing a 1% transaction and use tax effective April 1, 2025. The Recommended Budget incorporates \$1.9 million of these funds. This new revenue source is considered ongoing; however, caution is warranted as it has no established historical trend.
- **Redirection of resources.** The Board can direct the deletion or modification of county programs or contributions to other agencies funded in the Recommended Budget and redirect those resources to fund other requests.

Other Funds

This section summarizes the Recommended Budget and anticipated fund balance for other major funds. Fund balance information for FY 2023-24 is derived from the County's financial system, which is different than what is presented in the Annual Comprehensive Financial Report (ACFR), which contains adjustments required per the Governmental Accounting Standards Board (GASB) to report changes in fair market value of investments.

Natividad Medical Center (NMC)

Natividad Medical Center	Actuals 2023-24	Adopted Budget 2024-25	Current Year Estimate 2024-25	Recommended 2025-26
A. Beginning Fund Balance	\$ 359,530,015	\$ 373,483,649	\$ 373,483,649	\$ 386,937,108
B. Revenue	435,085,481	440,185,028	600,632,056	545,093,167
C. Use of Fund Balance	-	-	-	-
D. Total Financing, A+B+C	794,615,496	813,668,677	974,115,705	932,030,275
E. Expenditures	421,131,847	426,455,576	587,178,597	531,635,150
F. Assignments to Fund Balance	-	-	-	-
G. Total Financing Uses, E+F	421,131,847	426,455,576	587,178,597	932,030,275
H. Ending Fund Balance, D-G	\$ 373,483,649	\$ 387,213,101	\$ 386,937,108	\$ 400,395,125

The Recommended Budget for the NMC Enterprise Fund totals \$531.6 million in expenditures, financed by \$545.1 million in revenue, resulting in a \$13.2 million (3.5%) increase in fund balance.

Personnel and medical operating costs are the most significant cost drivers in the budget. Personnel costs are budgeted at \$319.9 million, an increase of \$33.7 million (11.8%) from the FY 2024-25 Adopted Budget. The increase is attributed to additional full-time equivalent (FTE) positions where the growth is primarily in nursing and volume-driven departments such as Medical/Surgical and Emergency. Employee step advances, higher employee benefit costs, and pay raises also contribute to the increase in personnel costs. Services and supplies are budgeted at \$105.1 million, a decrease of \$6.8 million from the FY 2024-25 Adopted Budget, primarily due to decreases in medical supplies and professional services usage. The remaining increase of \$79.3 million in expenditures is due to Intergovernmental Transfers (IGT) for various government funding programs, previously budgeted as a net amount, offsetting revenues.

The \$104.9 million increase in revenue over the FY 2024-25 Adopted Budget is primarily attributed to increased revenues from patient services and intergovernmental funding. In December 2021, the California Department of Health Care Services announced the approval of California Advancing and Innovating Medi-Cal (CalAIM) by the Centers for Medicare and Medicaid Services (CMS). This is the new waiver for California's public safety net providers effective January 1, 2022 through December 31, 2026.

CMS continues to evaluate the funding levels and regulations for Medicaid funding. NMC will monitor the CalAIM initiative to assess its impacts on reimbursement and inpatient/outpatient hospital service utilization. CalAIM may become the proposed model for a new five-year Medicaid waiver through CMS with different reporting requirements and new payment methodology. NMC has a capital project fund for projects exceeding \$100,000 in cost. NMC transfers funding as needed from the enterprise fund to the capital project fund and draws from the fund to pay for the projects.

Road Fund

Road Fund	Actuals 2023-24	Adopted Budget 2024-25	Current Year Estimate 2024-25	Recommended 2025-26
A. Beginning Fund Balance	30,858,217	26,682,096	26,682,096	8,726,384
B. Revenue	81,540,715	61,290,800	62,439,232	60,746,391
C. Total Financing, A+B	112,398,932	87,972,896	89,121,328	69,472,775
D. Expenditures	85,716,836	77,900,547	80,394,944	61,420,006
E. Ending Fund Balance, C-D	26,682,096	10,072,349	8,726,384	8,052,769

The Recommended Budget for the Road Fund includes \$60.1 million in expenditures, supported by an estimated \$60.7 million in revenues, requiring the use of \$673,615 in fund balance.

The Road Fund has multiple funding sources, including the State Highway User Tax Account (HUTA); TOT; Road Maintenance and Rehabilitation Account (RMRA)/Senate Bill 1 (SB1)(Chapter 5, Statutes of 2017); local use tax ordinance Measure X; grants and programs such as the Federal Highway Administration (FHWA) and Regional Surface Transportation Block Grant Program (RSTP); and non-road reimbursable work.

Based on the Board of Supervisors' adopted General Financial Policies, the Board caps TOT revenue to the Road Fund at 25% of total TOT revenue annually. In FY 2024-25, the 25% allocation was the funding source for the adopted Local Road Rehabilitation Program. In FY 2025-26, the full 25% allocation would have provided \$9.6 million, however, due to funding constraints, the Recommended Budget proposes a \$3.2 million reduction, or \$6.5 million, which represents the Maintenance of Effort (MOE) – the minimum required to meet HUTA, SB 1, and Measure X requirements. The MOE mandates that the County provide GFC for street and highway purposes, ensuring that state and local funding supplements, rather than replaces, transportation expenditures. Several Local Road Rehabilitation Program projects, including County Service Area 17 - Tierra Grande and the Community Road Maintenance Program, may be delayed or suspended to address the resulting revenue shortfall.

The Road Fund work plan includes \$35.1 million in projects, mainly infrastructure like beginning the construction phase of Laureles Grade Road/Carmel Valley Road Roundabout (\$3.2 million), Elkhorn Road Rehabilitation (\$6.9 million), Chualar Safe Route to School (\$5.0 million), San Ardo Safe Route to School (\$2.8 million), Castroville Safe Route to School (\$5.8 million), Jolon Road Rehabilitation (\$1 million), Viejo Road Slope Repair (\$1.6 million) and the preliminary design phase of Carmel Valley Road Overlay (\$1.3 million). The plan also includes \$16.4 million for Road and Bridge Maintenance and Administration in the districts of San Miguel, Monterey, Greenfield, and San Ardo, as well as Litter Control.

The fund balance has typically decreased, as it continues to be a primary source of project financing. The initial fund balance of \$8.7 million, which includes \$3.8 million in operational contingencies and strategic reserve, is projected to be reduced to \$8.1 million as planned projects are delivered and completed.

County Library Fund

Library Fund	Actuals 2023-24	Adopted Budget 2024-25	Current Year Estimate 2024-25	Recommended 2025-26
A. Beginning Fund Balance	7,828,652	9,948,802	9,948,802	9,852,363
B. Revenue	13,450,849	12,250,446	12,441,108	13,081,580
C. Total Financing, A+B	21,279,501	22,199,248	22,389,910	22,933,943
D. Expenditures	11,330,699	14,212,669	12,537,547	14,447,457
E. Ending Fund Balance, C-D	9,948,802	7,986,579	9,852,363	8,486,486

The Monterey County Free Libraries (MCFL) was established in 1911 to provide services to communities. Library operations are primarily funded through their share of property taxes.

The Recommended Budget includes \$14.4 million in expenditures financed by \$13.1 million in anticipated revenues, and utilization of \$1.4 million in fund balance. Expenditures increased by \$234,788 over the current year's adopted budget,

while revenues increased by \$831,134. Higher costs are due primarily to an increase of \$669,321 in salaries and benefits resulting from wage increases and \$930,977 higher operating expenses related to projects in three library branches, including: furniture, fixtures, and equipment in the new library in the City of Gonzales, landscaping at the library in the community of San Lucas, and rehabilitation of the library branch in the community of Pajaro. Offsetting decreases to expenditures include a reduction of \$1,046,113 to the CP charge. Library branch projects are anticipated to be funded using fund balance.

Most of the MCFL's revenues are derived from property taxes, which account for \$12.2 million or 93% of revenues; property tax revenues are increasing by \$790,700 from the current year's adopted budget.

Local Revenue Fund 2011

Local Revenue Fund 2011	Actuals 2023-24	Adopted Budget 2024-25	Current Year Estimate 2024-25	Recommended 2025-26
A. Beginning Fund Balance	73,363,017	86,604,320	86,604,320	77,747,807
B. Revenue	94,087,185	94,526,443	88,684,750	100,479,700
C. Total Financing, A+B	167,450,202	181,130,763	175,289,070	178,227,507
D. Expenditures	80,845,881	100,628,344	97,541,263	116,218,579
E. Ending Fund Balance, C-D	86,604,320	80,502,419	77,747,807	62,008,928

Local Revenue Fund 2011 was created to receive money from specified tax sources, and other money specifically appropriated to be deposited in this fund exclusively for public safety purposes as defined in the Government Code, section 30025(h). These funds partially support the County's public safety, behavioral health, and social service programs. The Recommended Budget includes revenue of \$100.5 million and expenditures of \$116.2 million, in the form of Operating Transfers Out to the various programs, exceeding revenues by \$15.7 million. The use of fund balance is primarily to cover authorized uses in the Probation Department (\$9.3 million), the Department of Social Services (\$753,756), and the Health Department's Behavioral Health Bureau programs (\$5.6 million). Public Safety departments collectively project completely depleting their portion of this fund balance by FY 2027-28 due to increasing state mandates and salary and benefit costs.

Behavioral Health Services Fund

Behavioral Health	Actuals 2023-24	Adopted Budget 2024-25	Current Year Estimate 2024-25	Recommended 2025-26
A. Beginning Fund Balance	44,839,186	30,263,084	30,263,084	23,182,563
B. Revenue	150,546,128	164,773,469	175,518,468	194,843,727
C. Total Financing, A+B	195,385,314	195,036,553	205,781,552	218,026,290
D. Expenditures	165,122,230	170,658,951	182,598,989	199,316,276
E. Ending Fund Balance, C-D	30,263,084	24,377,602	23,182,563	18,710,014

The Recommended Budget for the Behavioral Health Services Fund, formerly the Mental Health Services Act, includes expenditures and revenues of \$199.3 million and \$194.8 million, respectively. Expenditures increased by \$28.7 million (16.8%), and revenue increased by \$30.1 million (18.2 %), from the FY 2024-25 Adopted Budget. The increase in expenditures is mainly due to the Mental Health Rehabilitation Center (MHRC) costs, funded by the Behavioral Health Continuum Infrastructure Program (BHCIP) Round 2 grant from the California Department of Health Care Services (DHCS), and other increases in contracts for the expansion of services. The revenue increase is driven by the BHCIP grant and an increase in Operating Transfers In from 1991 and 2011 Realignment funds. The Recommended Budget provides a sustained level of programmatic expenditures. Of the programmed fund balance use of \$4.4 million, \$4.0 million will support the Recuperative Care Project administered by the Health Department's Administration, and when completed, will offer shelter to individuals experiencing homelessness while recovering from illness, and \$397,000 in the Health Department's Behavioral Health Bureau for a one-time investment in program supplies and services. Overall, revenue in the fund helps support a comprehensive array of behavioral health and substance use disorder services, both in-house and through contracts with community-based organizations and culturally competent providers.

Health and Welfare Realignment Fund

Health and Welfare Realignment	Actuals 2023-24	Adopted Budget 2024-25	Current Year Estimate 2024-25	Recommended 2025-26
A. Beginning Fund Balance	61,225,549	65,541,936	65,541,936	59,461,991
B. Revenue	76,313,392	74,387,181	83,257,150	72,638,611
C. Total Financing, A+B	137,538,941	139,929,117	148,799,086	132,100,602
D. Expenditures	71,997,005	85,916,084	89,337,095	87,621,738
E. Ending Fund Balance, C-D	65,541,936	54,013,033	59,461,991	44,478,864

The Health and Welfare Realignment Fund in California is a system where the state shifts the responsibility of funding various health and social service programs to the counties. The fund receives state sales tax and Vehicle License Fees (VLF) apportionments. The Recommended Budget includes expenditures of \$87.6 million and revenues of \$72.6 million, resulting in a fund balance use of \$15.0 million. Compared to the current year's adopted budget, expenditures increase by \$1.7 million while revenues decreased by the same amount. The increase in appropriations is primarily due to higher Operating Transfers Out to support the mandatory increase in the In-Home Supportive Services Maintenance of Effort and increased caseloads for entitlement programs, CalWORKs, and Out-of-Home Care, as well as higher costs in children's medical services and public health. The Health Department's Public Health Bureau is planning to utilize \$11.2 million in fund balance for the Assembly Bill 85 (Chapter 24, Statutes of 2013) redirection payment (\$200,000) and support of children's medical services and public health programs (\$11 million), including the Enhanced Care Management program formerly funded with Whole Person Care (pilot program designed to improve health outcomes for high-risk high-utilizing Medi-Cal beneficiaries by integrating health, behavioral health and social services) funds. The Health Department's Behavioral Health Bureau will use \$1.2 million in fund balance to finance program supplies and involuntary services. The Department of Social Services plans to use \$2.6 million in fund balance to support a projected increase in caseload for programs and as a one-time measure to address delayed receipt of revenues for health-related programs such as In-Home Supportive Services, Child Welfare, and Adult Protective Services.

Emergency Communications Fund

Emergency Communications	Actuals 2023-24	Adopted Budget 2024-25	Current Year Estimate 2024-25	Recommended 2025-26
A. Beginning Fund Balance	3,650,892	2,912,230	2,912,230	2,893,442
B. Revenue	14,012,969	14,649,287	14,657,896	15,682,524
C. Total Financing, A+B	17,663,861	17,561,517	17,570,126	18,575,966
D. Expenditures	14,751,631	14,649,287	14,676,684	15,682,524
E. Ending Fund Balance, C-D	2,912,230	2,912,230	2,893,442	2,893,442

The Emergency Communications Department operates from a Special Revenue Fund to provide emergency and non-emergency call answering and dispatch services to law enforcement, fire, and emergency medical response agencies across the County. Costs are shared according to the cost-sharing formula in the 9-1-1 Service Agreement, which allocates costs based on an equally weighted three-factor ratio of Population, Assessed Value, and Workload for each user agency. Approximately 70% is collected as revenue from non-county users for every dollar of cost. The County pays the remaining 30% for services provided to the Sheriff's Office, the Probation Department, and to subsidize the fire districts' costs.

The Recommended Budget includes \$15.7 million in expenditures, financed by \$15.7 million in revenue, with an estimated ending fund balance of \$2.9 million. The Recommended Budget consists of an augmentation of \$648,104 to restore four vacant Communications Dispatcher II positions to maintain minimum status quo staffing levels, supported by \$439,878 in revenue from outside agencies and a county share of \$208,226. Two other dispatcher positions will be kept in the budget without funding to allow for quick recruitment if the fiscal situation improves. The Recommended Budget does not include a contribution to the Dispatch Reserve, which has reached its target of 15% of its annual budget or \$2.3 million. Overall expenditures increased \$1.0 million (7.0%) from the current year's adopted budget, mainly due to higher wages resulting from negotiated salary adjustments from labor agreements and the implementation of base wage studies.

Parks Lake and Resort Operations Fund

Parks Lake and Resort Operations	Actuals 2023-24	Adopted Budget 2024-25	Current Year Estimate 2024-25	Recommended 2025-26
A. Beginning Fund Balance	2,488,242	3,319,860	3,319,860	3,098,253
B. Revenue	5,124,518	4,789,959	8,057,934	4,938,979
C. Total Financing, A+B	7,612,760	8,109,819	11,377,794	8,037,232
D. Expenditures	4,292,900	4,703,098	8,279,541	5,490,251
E. Ending Fund Balance, C-D	3,319,860	3,406,721	3,098,253	2,546,981

The Public Works, Facilities and Parks - Lake and Resort Operations Fund is an Enterprise Fund for the Nacimiento Resort and Recreation Area (Lake Nacimiento). Lake Nacimiento is a self-supporting entity that provides goods and services to the public for a fee. It is managed under an agreement with an external operator, ExplorUS. The concessionaire agreement allows reimbursement of the operator's expenses when revenues exceed. In addition, the County pays a monthly management fee and an annual incentive fee. The County is responsible for capital expenditures such as repairs to infrastructure.

The Recommended Budget includes revenues of \$4.9 million and expenditures projected at \$5.5 million. Revenues are \$3.1 million less than the current year estimate, while costs are \$2.8 million lower. Both revenues and expenditures decreased primarily due to the completion of the Lake Lodge refurbishment project, eliminating the Operating Transfers In from revenue and lowering the expenses due to the completion of capital expenditures. With the Lake Lodge renovation completed, an increase in guest attendance is expected.

Excluding the capital project designation, operating revenues are anticipated to be 12.9% higher than the current year estimate, assuming average high water levels will draw more patronage for a full summer season. Absent the capital expenditures, the expenditure budget is estimated to be 15.8% higher than the current year estimate due to increases in the CP, depreciation, and non-capital project costs.

The Recommended Budget will yield a net loss of \$0.6 million and a Net Position of \$2.5 million, before adjustment of the capitalizable expenditures. Without capital expenditures, there is a Net Gain of \$0.05 million, bringing the Net Position to \$3.1 million.

Laguna Seca Recreation Area

Laguna Seca Recreation Area	Actuals 2023-24	Adopted Budget 2024-25	Current Year Estimate 2024-25	Recommended 2025-26
A. Beginning Fund Balance	\$ 9,262,343	\$ 31,130,456	\$ 31,130,456	\$ 28,841,541
B. Capital Contributions	19,947,066	-	-	-
C. Revenue	28,855,485	22,587,817	2,673,234	701,097
D. Total Financing, A+B+C	58,064,894	53,718,273	33,803,690	29,542,638
E. Expenditures	26,934,438	23,984,364	4,962,149	3,238,261
F. Ending Fund Balance, D-E	31,130,456	29,733,909	28,841,541	26,304,377

Laguna Seca Recreation Area (LSRA), an Enterprise Fund, operates as a fee-for-service entity. LSRA provides services that include camping, daily track rentals, venue rentals, corporate team-building packages, and ticket sales to special events. Special events range from small local gatherings to world-renowned international events.

Effective August 1, 2024, Friends of Laguna Seca (FLS), a non-profit organization, assumed the operations and management of LSRA. The County and FLS entered a five-year Concessionaire Agreement through December 31, 2028, with the option to extend for two additional 25-year periods, subject to compliance with specific conditions set in the agreement. The County will begin to earn an incentive fee on Net Operating Income for the calendar year ending on December 31, 2028.

With this transition, the Recommended Budget revenues will drop significantly to \$701,097. Revenues include a Mission Foods sponsorship, which must be used to reimburse the General Fund for the advance from General Fund Contingencies

(\$1.6 million) for the Start/Finish Bridge project, completed in FY 2023-24. It also includes CP reimbursement from FLS and a minimal estimate for Investment Income.

Expenditures of \$3.2 million include county-allocated costs, such as property insurance (\$0.74 million), legal services, other personnel and professional services (\$0.14 million), depreciation expense (\$1.7 million), CP charges (\$0.34 million), and an Operating Transfer Out of \$355,000 to reimburse the General Fund for the Start/Finish Bridge project advance. The remainder of the advance (\$521,959) will be paid annually until FY 2027-28.

The Recommended Budget anticipates a \$2.5 million net loss for LSRA, which will decrease the Net Position from \$28.8 million to \$26.3 million. Of this amount, \$25.0 million is Net Investment in Capital Assets, which represents the amount invested in capital assets, reduced by accumulated depreciation and any attributable debt. The remaining \$1.3 million is available for the County's ongoing expenditures.

Budget Hearings

Budget Hearings to consider the FY 2025-26 Recommended Budget are scheduled to begin on Wednesday, May 28, 2025. The schedule will be available online at the County of Monterey's Clerk of the Board's website ([County of Monterey - Calendar](#)) on or about Friday, May 16, 2025.

Appropriation Limits

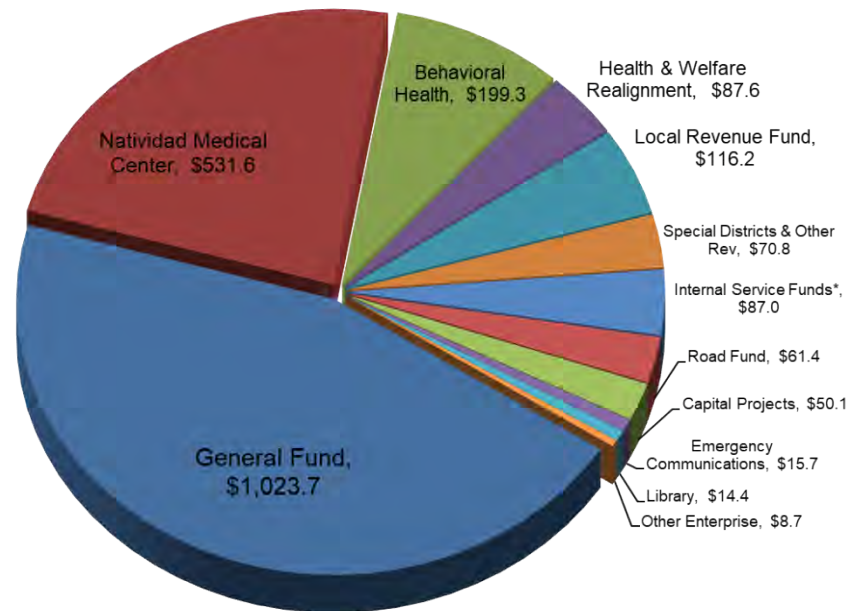

The Gann Limit, formally known as Proposition 4 (1979), constitutionally (Article XIII B of the California State Constitution) limits the amount of tax money that state and local governments in California can spend. This requires the County to calculate an appropriations limit, compile revenues subject to this limit, and make a comparison between the two. If the County's revenues (tax proceeds) exceed the limit, the law allows the voters to approve the increase, or the County must return the excess revenues to the taxpayers within two years.

The Auditor-Controller's Office prepares the County's General Fund and Library Fund appropriations limit calculations with assistance from the County Administrative Office. All districts subject to the Gann Limit are within their limits.

Supplemental Charts

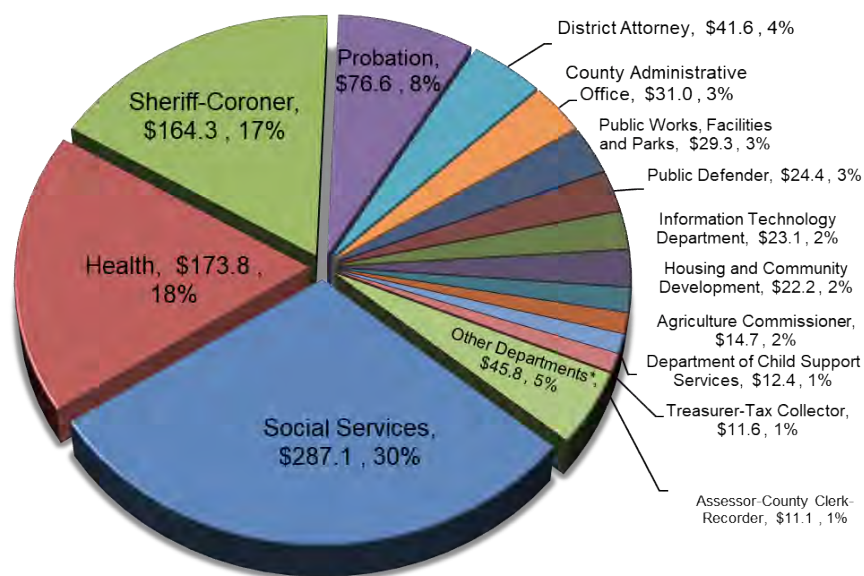

This section provides supplemental information on the Recommended Budget, including recommended appropriations by fund and office / department, General Fund expenditures and revenue, GFC, information on the County's Strategic Reserve, and countywide positions.

Chart 1. Recommended Appropriations by Fund, All Funds (Millions)

* Includes programs for GL, WC, Enterprise Resource Planning, and employee benefits

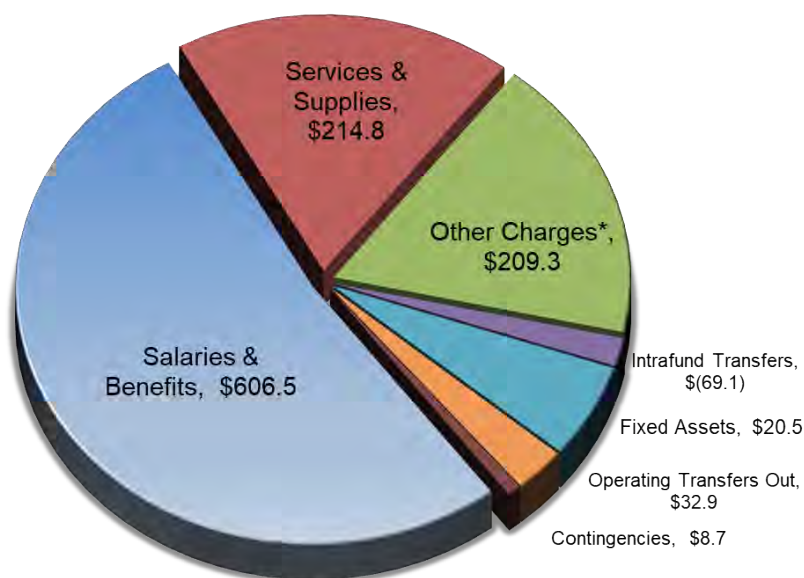

Chart 2. General Fund Appropriations by the County Office / Department (Millions)

Excludes non-departmental costs.

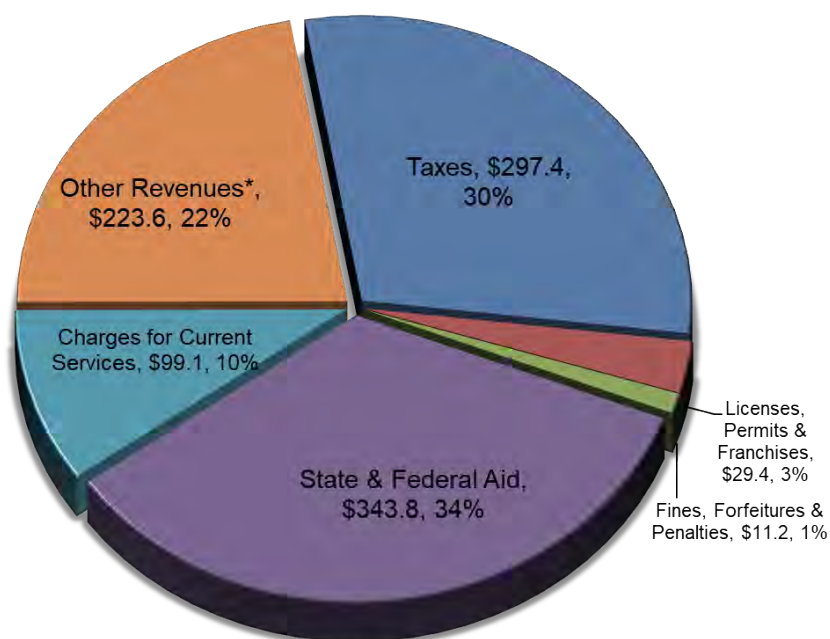

*Includes Human Resources, Auditor-Controller, Board of Supervisors, County Counsel, Clerk of the Board, Elections, Civil Rights Office, Dept. of Emergency Management, and Cooperative Extension. Chart excludes non-departmental

Chart 3. General Fund Expenditures by Category (Millions)

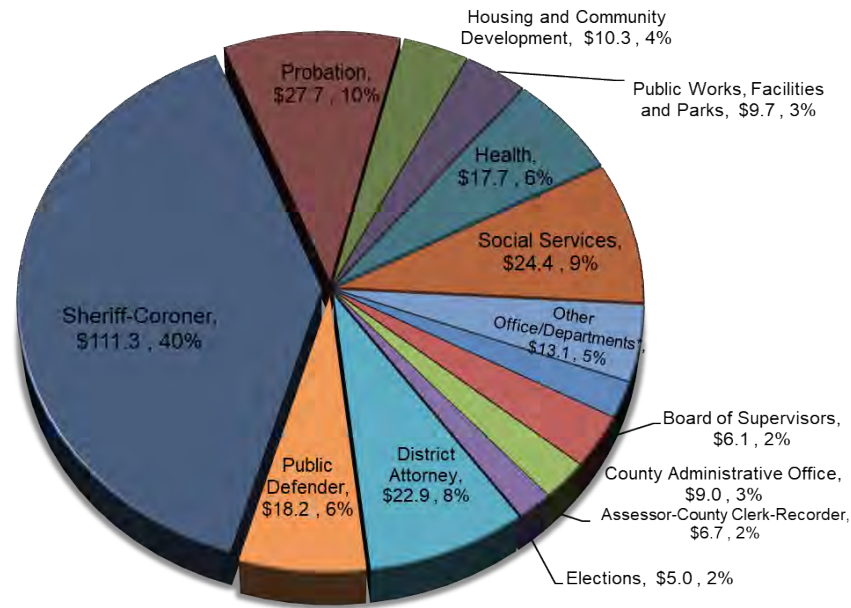

* Other Charges include \$108.6 million for public assistance, out-of-home care, and other support payments. Other charges also reflects the CP charges of \$65.7 million. Intrafund Transfers of \$69.6 million are reflected as negative expenditures and represent transfers to County office/departments for support of various programs/projects from other funds for reimbursement for services provided to non-General Fund office/departments.

Chart 4. General Fund Sources of Revenue (Millions)

* Includes Operating Transfers into the General Fund from other funds (\$151.4 million), CP credit (\$60.6 million) tobacco settlement monies (\$3.8 million), investment income (\$3.9 million), and various miscellaneous revenues.

Chart 5. General Fund Contributions by Office / Department (Millions)

*Includes Human Resources, Clerk of the Board, Civil Rights Office, Treasurer-Tax Collector, County Counsel, Information Technology Dept, Dept of Emergency Management, Ag Commissioner, and Cooperative Extension. Chart excludes non-departmental costs such as bond payments, trial courts, contributions to fire districts and other agencies, and various miscellaneous countywide expenditures.

General Fund Strategic Reserve

The chart below reflects funds set aside in the Strategic Reserve. Per the County's General Financial Policies, a strategic reserve equal to 10% of estimated annual revenue, can only be utilized to provide temporary funding of unforeseen needs, and restored to the minimum level of 10% of General Fund estimated revenues within five fiscal years following the fiscal year in which the event occurred. The General Fund portion was \$57.8 million at the end of FY 2023-24. During the current year, the County added \$10 million from prior year surplus and utilized \$9.2 million for disaster response, bringing the General Fund Strategic Reserve to an estimated \$58.6 million. Based on the estimated balance, the reserve is currently at 5.8% of estimated General Fund revenues, below the 10% target. NMC has a designated reserve of \$33.5 million.

Chart 6. Strategic Reserve (Millions)

County Employees

The table below summarizes the authorized positions in all funds by office / department and recommended changes from the FY 2024-25 Adopted Budget.

Table 1. Position Summary

Department	2024-2025 Adopted	2025-2026 Recommended	Change
Board of Supervisors	20.0	20.0	-

Recommendations

It is recommended that the Board of Supervisors:

1. Hold a Public Hearing on May 28, 2025, at 9:00 a.m. to adopt the Fiscal Year (FY) 2025-26 Appropriation Limits pursuant to Article XIII B of the California State Constitution.
2. Commence Budget Hearings with the County Administrative Office summary presentation of the FY 2025-26 Recommended Budget on May 28, 2025, at 9:00 a.m. and continue Budget Hearings on May 29, 2025, beginning at 9:00 a.m. if necessary.
3. Authorize and direct the County Administrative Office to prepare the FY 2025-26 Adopted Budget Resolution reflecting changes made by the Board during Budget Hearings, to make any changes in budget units to reflect any position and/or account adjustments approved by the Board during or prior to Budget Hearings.
4. Authorize and direct the County Administrative Office to adjust, if needed, position counts, appropriations, revenues, fund balances, etc., to correct clerical, technical, and inadvertent errors due to erroneous entries in the County's budget system.
5. Authorize the County Administrative Office to cap the funding for Development Set-Aside (DSA) at the FY 2022-23 level in the FY 2025-26 Recommended Budget. This represents a reduction of \$881,585 from the established formula to redirect toward other critical needs. The FY 2025-26 Recommended Budget continues to fund \$505,000 for other organizations including \$200,000 for Salinas Valley Promise, \$200,000 for Salinas Regional Soccer Complex, \$100,000 for Shuman Heart House, and \$5,000 for the Prunedale Senior Center.
6. Authorize the County Administrative Office to amend the General Financial Policies by adjusting the contribution of Transient Occupancy Tax (TOT) revenue to the Road Fund from the capped rate of 25.0% of County TOT revenue based on prior year audited actuals to \$6,466,393, the FY 2025-26 maintenance of effort (MOE) requirement, effective July 1, 2025. Authorize and direct the County Administrative Office to incorporate into the FY 2025-26 Adopted Budget the updated TOT contribution to the Road Fund.
7. Authorize the County Administrative Office to temporarily suspend the annual contribution to the unfunded accrued liability (UAL) supplemental pension (115 Pension Trust) program as set forth in the Pension Liability Policy, to meet other unfunded needs in the FY 2025-26 Recommended Budget.
8. Authorize the County Administrative Office to release \$125,214 from Compensated Absences Assignment in the FY 2025-26 budget to provide funding to each Board District (District) to meet unfunded community project needs within each District as determined by each Supervisor.
9. Authorize the County Administrative Office, in the event that any unbudgeted/unassigned fund balance is available at year-end FY 2024-25, to allocate in the following order of priority:
 - a. For support of the Strategic Reserve (3111), not to exceed established Board policy of 10% of estimated FY 2024-25 General Fund revenues (excluding Natividad Medical Center Strategic Reserve) as prescribed in the County of Monterey General Financial Policy;
 - b. In an assignment to be used for the FY 2026-27 Recommended Budget;
 - c. For the General Fund Contingency Assignment (3113) to help cover unanticipated events or emergencies as prescribed in the County General Financial Policy.
10. Authorize the County Administrative Office to transfer or release to/from assignments associated with the following self-funded programs in the event they require additional funds or have excess funds at the end of FY 2024-25:
 - a. Information Technology Charges Mitigation Assignment (3124).

11. Authorize the County Administrative Office to adjust the FY 2025-26 Adopted Budgets for the other funds under the authority of the Board of Supervisors to reflect the FY 2024-25 year-end final available fund balance.
12. Consider approval and adoption of the Public Works Annual Work Program for the Road Fund for FY 2025-26. California Code of Regulations Section 994 - Road Construction & Maintenance Activity, and Streets & Highways Code Division 3, Chapter 1, Section 2007 require that a Road Fund budget be submitted to the Board of Supervisors at the same time as other County departments submit their recommended budgets. The Public Works Facilities and Parks - Public Works Annual Work Program outlines planned expenditures within the recommended Work Program (Road Fund) budget by project and activity. It details anticipated administrative, engineering, and reimbursable expenditures along with planned capital project expenses and maintenance activities.

Three Year Forecast

Monterey County Financial Forecast

March 2025

Introduction

The County Administrative Office is pleased to present the financial forecast for the County of Monterey. The forecast is the first step of the annual budget development cycle, which concludes with the adoption of a balanced budget by July 1 of each year. To meet this timeline, staff conducts a comprehensive mid-year review of planned spending and anticipated revenues for the current fiscal year (FY 2024-25), the upcoming budget year (FY 2025-26), and two additional years. The result of this review is an assessment of the County's financial condition, emerging needs, and expected fiscal capacity to meet those needs.

Approach and Assumptions

The forecast is an analysis of estimated revenues and costs for existing levels of staffing and services within the context of current statutes and policies. A forecast is different than a budget. In forecasting, departments estimate "normal" cost of operations, which generally include the filling of vacancies and current level of discretionary spending. Developing a three-year forecast provides a window of opportunity to identify potential actions necessary to balance revenues and expenditures over the long-term to ensure financial sustainability of the County. Similarly, the forecast also serves as a tool for the upcoming budget to assess the impact that decisions made in the present, such as considering wage increases, a new revenue source or the funding of a new program, will have on future fiscal condition of the County.

The forecast includes employee salary and benefits changes as authorized under existing memorandums of understanding (MOUs) and scheduled employee step advances. The forecast also takes into consideration known increases in PERS retirement rates and health insurance premiums. Revenue estimates are based on the most recent financial data and available information about federal and State funding levels. The forecast compares expenditures required to carry out existing operations related to estimated financing sources. This analysis is a key financial management tool to guide the upcoming budget process and help preserve long-term financial stability.

General Fund Results Prior Fiscal Year

The general fund supports core governmental functions related to public safety, land use and environment, public assistance, health and sanitation, recreation and education, and finance and administration. The FY 2023-24 adopted budget included \$847.8 million in appropriations, matched by an equivalent amount of financing: \$836.7 million in revenue and \$11.1 million in fund balance. Throughout the year, subsequent modifications increased appropriations by \$60.4 million, financed by \$29.8 million in additional revenue for one-time expenditures.

The County ended the fiscal year with a favorable performance compared to the final budget. The general fund ended with revenues of \$858.8 million, cancellation of assigned funds of \$23.1 million, cancellation of \$15.2 million of restricted fund balance, releases of strategic reserve of \$25.0 million; expenditures of \$830.2 million, additions to restricted fund balance of \$11.8 million, additions to assigned fund balance of \$53.6 million, and replenishment of strategic reserve of \$19.1 million which

resulted in an initial operating surplus of \$7.3 million. \$24.6 million of additions were made to the assigned fund at the direction of Board of Supervisors following the Budget End of Year Report for FY 2023-24. These additions included \$10 million to replenish the Strategic Reserve, \$6.0 million to cover salary and project cost increases in FY 2024-25, \$5.2 million for the 168 W Alisal solar project, and \$3.4 million for other projects that can be found in RES 24-198. Even though the County had to release significant amounts from its strategic reserves, the Board's strong commitment to prioritize its replenishment is a strong indicator of the County's commitment to weathering future unforeseen events and meet emerging needs with strategic planned use of its reserves.

Subsequent Events

During the time period between departmental forecast submissions and the publication of this report, changes in department outlooks have occurred. Below is a list of items that are expected to have a major impact on the results of our current year. These items were not included in the initial forecast and will not be included in the charts and tables provided throughout this document.

Sheriff – Due to issues with submission timelines, the Sheriff's Office believes the numbers shared in this report do not reflect an accurate financial position for FY24-25 and future years. While the forecast indicates a small deficit of \$43,519 in the current fiscal year and \$10.7 to \$25.5 million in forecast years, the department has provided a more up to date estimate of deficits of \$7.6 million in the current year and ranging from \$29.6 million to \$44.4 million in future years. The Sheriff's Office increased deficit in expenditures is largely driven by negotiated wage increases from various labor unions amounting to \$5.4 million, as well as \$1.3 million in retirement and separation payouts. Both of which have not been included in this forecast.

Health Department - Although the forecast depicts the department ending the current fiscal year with a \$5.4 million deficit, the Department anticipates narrowing or closing the gap with additional new fee for service revenue at the primary care clinics which was identified after the submission of the year-end estimates, and with expenditure adjustments. The Department projects ending within or very close to the allocated General Fund Contribution in the current year. The projected deficits in the forecast years are clerical in nature, as use of restricted funds was not included. The Department will submit annual budgets in compliance with the allocated General Fund Contribution.

Social Services - For the prior year, FY2023-24, DSS ended the year with a deficit of approximately \$6.5 million due to delayed revenue that was not received until after the fiscal year accrual deadlines. The revenue received to balance this deficit is not included in this forecast as it does not represent operational revenues for the current fiscal year. Therefore, at the FY2024-25 year end, DSS expects to have a technical surplus of \$6.5 million to return to the General Fund.

The 3 items listed above are expected to have a favorable net impact of \$4.3 million to the results presented below. However, it should be noted that \$6.5 million of this favorability is funds that are revenues received to balance the FY2023-24 DSS deficit.

General Fund Current Fiscal Year Estimated Results

The three-year forecast for the General Fund indicates challenging results in FY 2024-25, but those results turn to significant deficits in the three following fiscal years. Given this forecast, the Board's commitment to prudent financial management of the County's finances will be imperative in the

upcoming fiscal years. This prudent management approach is evident in the current year, the County could add an estimated \$13 million to fund balance at the end of FY 2024-25. This positive result could not have been achieved without continuous management of operational budgets by Departments. The modified budget is not inclusive of transactions occurring after the submission of the current year estimate. Although results are positive for the entire fund, upcoming challenges with potential federal funding issues and increases in wages can add to the volatility of these estimates.

General Fund Outlook through 2027-28 (figures in millions of dollars)

Overall, 17 general fund departments are estimating ending the year within their budget and estimating a \$9.3 million surplus. However, 6 departments estimate they will end the year over their allocated GFC, resulting in a deficit of \$8.5 million. Significant deficits are estimated for the Health Department (\$5.4 million), Public Works, Facilities and Parks (\$2.0 million), and the Department of Social Services (\$970,239). Details for departmental forecasts are provided toward the end of this report.

Department	Final Budget	Current Year Estimate	Variance
Agriculture Commissioner's Office	\$ (5,838,428)	\$ (4,690,724)	\$ 1,147,704

District Attorney's Office	\$ (19,611,946)	\$ (17,199,010)	\$ 2,412,936
Elections Department	\$ (4,125,284)	\$ (4,112,148)	\$ 13,136
Health Department	\$ (25,542,267)	\$ (30,987,572)	\$ (5,445,305)
Housing and Community Development Department	\$ (9,625,779)	\$ (8,315,855)	\$ 1,309,924
Human Resources Department	\$ (813,044)	\$ (274,867)	\$ 538,177
Information Technology Department	\$ (2,769,799)	\$ (1,192,530)	\$ 1,577,269
Probation Department	\$ (25,210,412)	\$ (24,767,320)	\$ 443,092
Public Defender's Office	\$ (14,992,145)	\$ (14,766,447)	\$ 225,698
Public Works, Facilities and Parks Department	\$ (14,538,470)	\$ (16,509,188)	\$ (1,970,718)
Sheriff-Coroner	\$ (102,632,910)	\$ (102,676,429)	\$ (43,519)
Treasurer-Tax Collector	\$ (245,845)	\$ 140,304	\$ 386,149

Expenditures are \$5.3 million lower than the modified budget, and therefore contributing a positive bottom line. The lower expenditures are primarily due to the salary and benefit saving in the general fund of \$16.5 million mainly in the Health Department (\$5.3 million), District Attorney's Office (\$1.8 million), and Probation (\$1.7 million). Favorability in salary and benefits is partially offset by an increase to services and supplies of \$9.0 million.

Current year non-program revenue is estimated \$3.5 million higher than budget primarily due increased property tax of \$2.7 million and Federal Aid of \$1.0 million.

Forecast

The forecast reveals significant deficits in the upcoming three years. FY 2025-26 forecasts estimates a deficit of \$43.3 million. Similarly, the deficit grows to \$67.4 million and \$93.6 million in FY 2025-26 and 2026-27 respectively. These deficits are projected despite the anticipated increases in non-program revenue next in the forecast years. This imbalance is the result of continuing increased costs which will exceed available funding. More details about the cost drivers creating this imbalance are provided in the cost driver section of this report.

Furthermore, there are pending negotiations, classification and compensation studies being performed by the Human Resources Department which could affect the projected expenditures in FY 2024-25. The forecast reflects deficits primarily driven by the rising cost of health insurance, PERS, general liability insurance, worker's compensation, and negotiated salary increases.

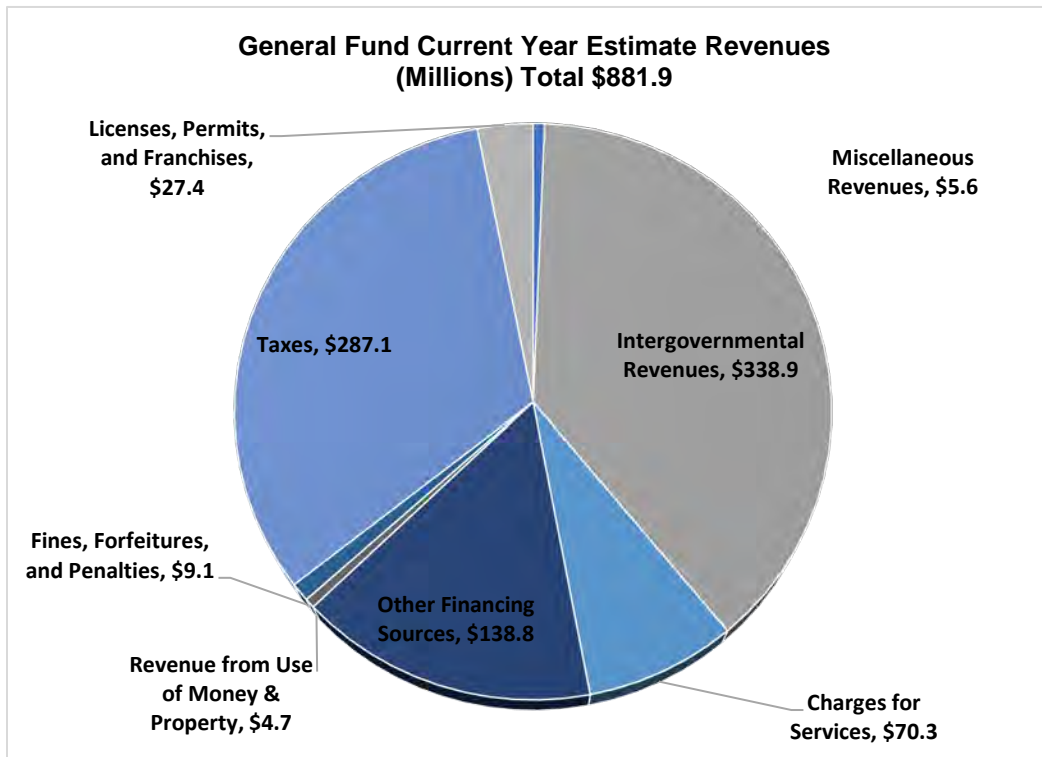

Departments estimate program revenues based on the programs they deliver and known federal and State funding sources as well as grants for the forecast period. Non-program revenue, which is the County's discretionary revenue, is projected to increase. County staff are typically conservative when estimating revenues and expenditures with actual performance generally favorable compared to forecasts. These hypothetical deficits are based on current operations and policy and do not include future service enhancements, wage increases for wage studies, changes in federal or State financial commitments, or revenue declines in an economic downturn, or inflationary changes.

Looking into the future, the County, like the State and other local governments, must continue to plan for a stable and sustainable future for coming generations by maintaining its Strategic Reserve, addressing infrastructure needs, and paying down unfunded liabilities. The financial forecast assumes that the economy continues to grow through the forecast period and does not include potential impacts that may result from possible federal or State policy changes or impacts of a recession or current year discretionary revenue declines. This forecast also does not include any consideration of the use of the County's new sales tax revenue beginning in April of 2025. Consideration of these revenues will be brought forward at a later date when more reliable estimates are calculated.

While some growth is assumed in forecasted years, it is not sufficient to cover increases in costs for current levels of staffing and services. Any new budget commitments will increase the severity of reductions the County would have to make in an economic downturn. Given these uncertainties and events, prudent financial management practices, including limiting new on-going commitments or expansion of programs, is paramount for the current environment.

General Fund Revenues

General fund revenue is composed of program and non-program revenue. Program revenue is specifically designated and/or statutorily required for programs. Sources of program revenue are derived from State and federal aid for various mandated programs primarily in Health and Social Services, charges for services are primarily fees collected by health clinics and other revenues include primarily reimbursement from realignment funds for health, social services, and public safety programs.

Non-program or “discretionary” revenues are mostly derived from taxes and are utilized to address local priorities and to provide funds to leverage federal and State monies, including maintenance of effort requirements.

Current year revenues are \$5.7 million over budget expectations. The major variances compared to budgeted revenue in the current year include:

- **Revenue in the Department of Social Services is \$10.1 million higher than budget.** The estimated revenue increase is correlated to the increase in reimbursable expenditures by the State for higher salary costs of negotiated staff COLAs and increased entitlement caseload costs for CalWORKS, General Assistance, and Out of Home Care programs.

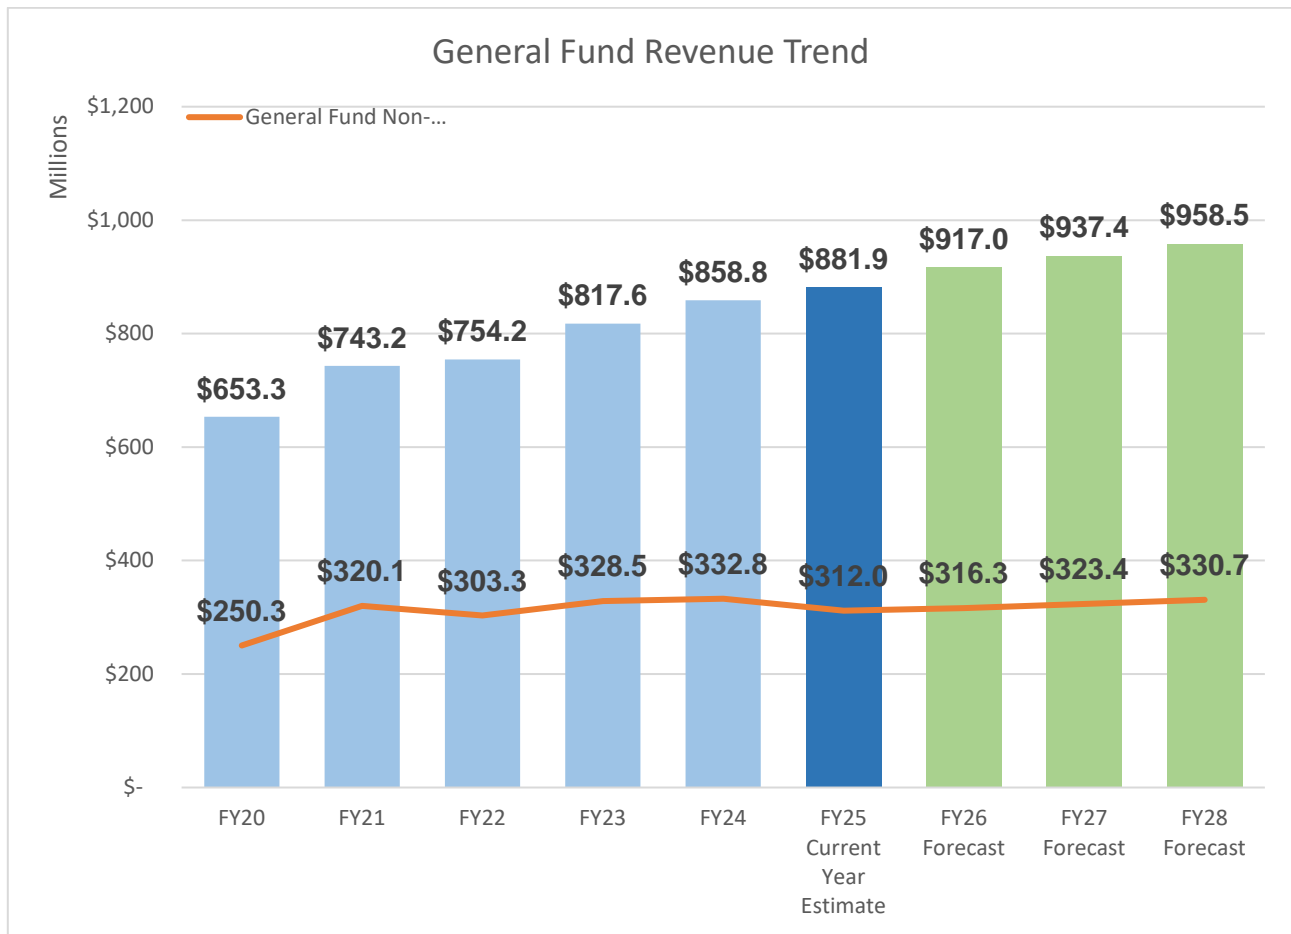

For the prior year, FY2023-24, DSS ended the year with a deficit of approximately \$6.5 million due to delayed revenue that was not received until after the fiscal year accrual deadlines. The revenue received to balance this deficit is not included here as it does not represent operational revenues for the current fiscal year. Therefore, at the FY2024-25 year end, DSS expects to have a technical revenue of \$16.6 million greater than the budget.

- **Revenue in the County Administrative Office is \$6.7 million higher than budget.** This revenue increase was driven by an \$8.5 million transfer from NMC Enterprise Fund to the

Strategic Reserve Fund and will be offset by a decrease in Fund 2010. Funds were transferred to increase reserves available for NMC's working capital to cover major capital projects and equipment, which include a hospital information technology system conversion. This increase is partially offset by a \$1.1 million reduction of Federal Aid expected for Homelessness Strategies and Initiatives, and a \$0.5 million reduction in Fines, Forfeitures, and Penalties recovered.

- **Non-program revenue is projected to be \$3.5 million higher than budget.** In the current year, the increase in discretionary revenue is largely driven by property tax \$2.7 million above budget due to higher property values.
- **Revenue in Public Works, Facilities, and Parks is \$1.0 million higher than budget.** The revenue increase is mainly attributed to higher park visitation at Lake San Antonio due to improved water levels (\$0.3 million), a \$0.1 million grant for a boat, and \$0.1 million from increased shared utility costs. Additionally, \$0.4 million in revenue was transferred in to cover the unscheduled maintenance projects.
- **Revenue in the Sheriff-Coroner is \$0.9 million higher than Budget.** Increase in revenue is driven primarily by CalAIM grants provided to support inmate care and supportive services as they transition back to the communities.
- **Revenue in the Health Department is \$15.5 million below budget.** The contributing factors to lower than budgeted revenue include the high vacancy rate which impacted the level of services provided, and decreased patient visits at the primary clinics.
- **Revenue in the Treasurer Tax Collector is \$1.1 million below Budget.** The Treasurer Tax Collector projects revenue to be \$1.1 million below budget due to lower levels of reimbursable expenditures in the TTC's Revenue and Treasury Divisions. In addition, the repeal of various administrative fees by Assembly Bills 177 and 199 continues to negatively impact previously collectible revenue sources.

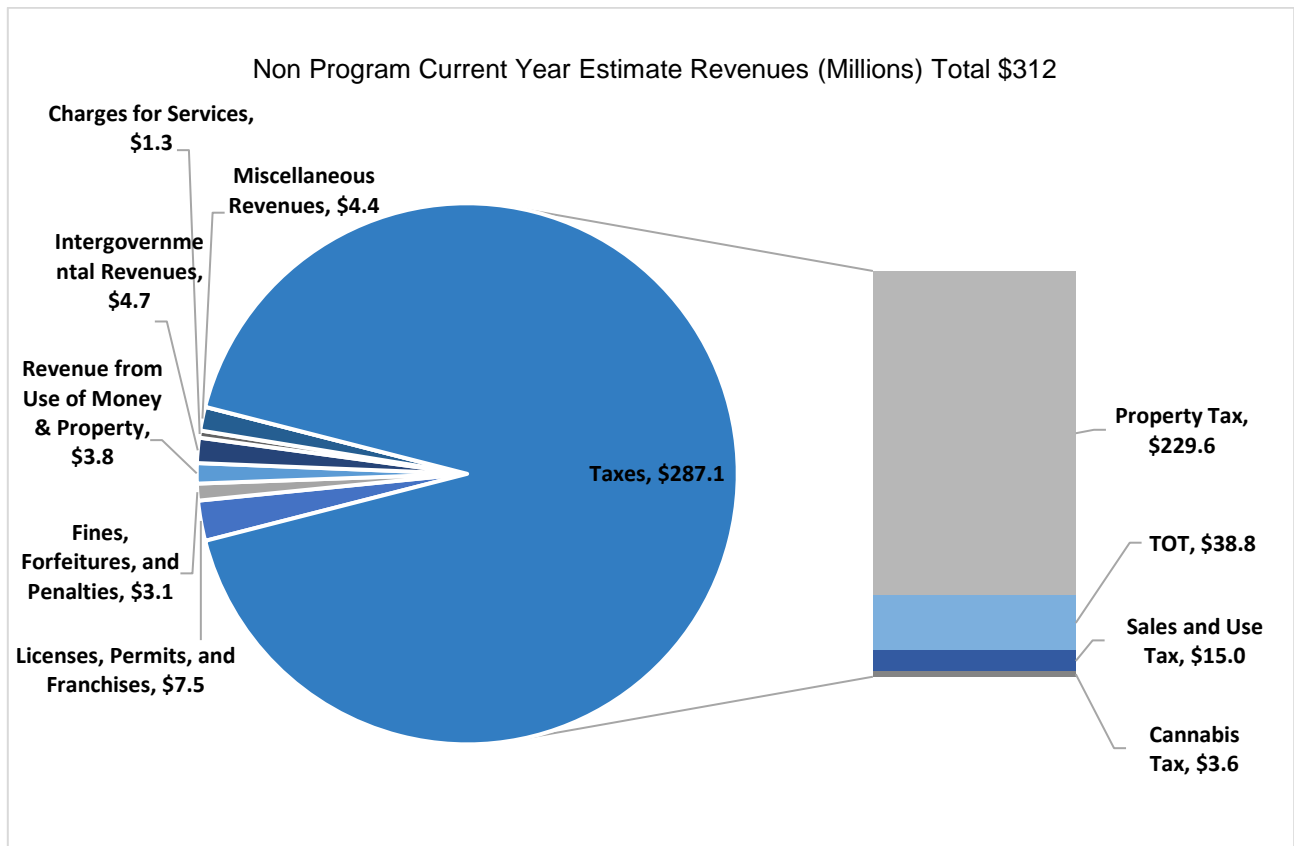

Forecasted years exclude one-time revenue sources and ARPA revenue, but overall, assume modest growth in program and discretionary revenues. Departments balance their budgeted expenditures based on a combination of revenues earned directly by the program (State reimbursement, permit fees, clinic charges, etc.) and County contributions of discretionary "non-program" revenue.

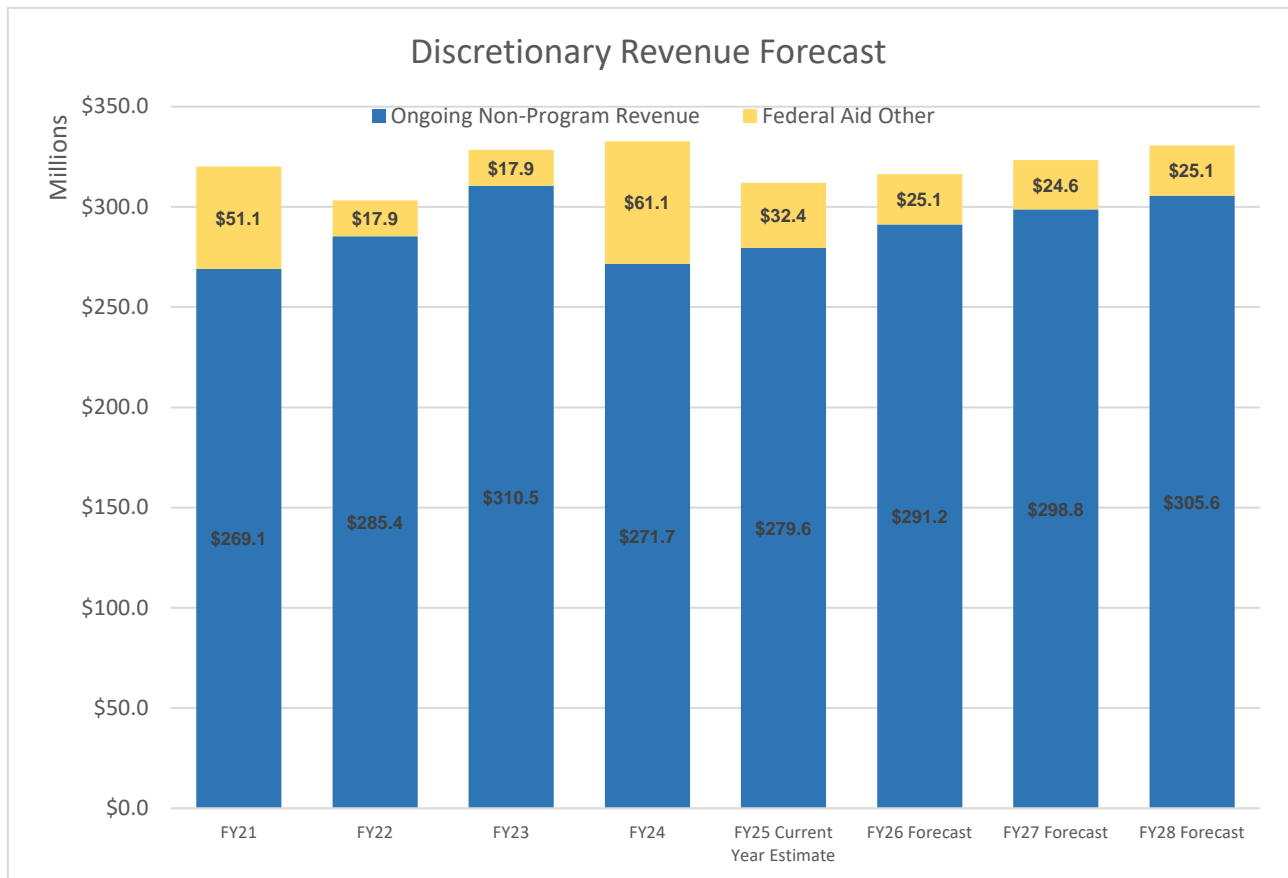

Since FY 2013-14, the County’s program revenues have mostly grown under state-county realignment and the Affordable Care Act to support increased responsibilities and associated costs, including mandated public assistance and health and public safety programs. For FY 2025-26, general fund revenues are estimated to increase \$35 million. This increase is primarily due to higher State reimbursements within DSS and the Health Department salary increases and will be offset by the related expenses. The chart above reflects the overall general fund revenue trend and the non-program revenue trend, which accounts for slightly over one-third of general fund revenues.

Discretionary Revenues

Discretionary revenues provide the Board flexibility to address local priorities and to provide matching funds to leverage federal and State monies and to meet maintenance of effort requirements.

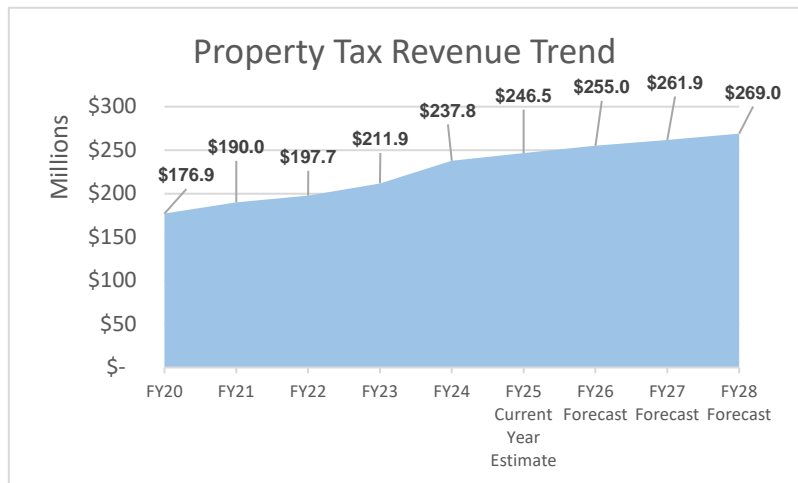

Tax revenue accounts for majority of local discretionary monies. Sources of non-program revenue are displayed in the chart above. Total non-program revenue in the current year is estimated at \$312.0 million. Property tax revenue is the largest source of non-program revenue, projected at \$229.6 million (74%) of total current year estimated non-program revenue. Other significant sources of discretionary revenue include: \$38.8 million in TOT, \$15.0 million in sales and use tax revenue, franchise fees of \$7.5 million, \$3.8 million of federal aid, tobacco settlement monies of \$3.8 million, investment income of \$3.8 million, and \$3.6 million in cannabis revenue.

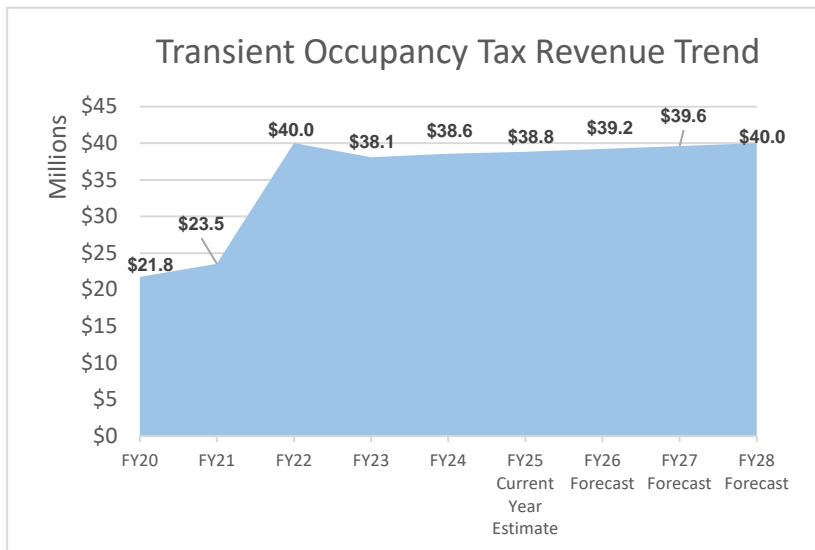

Discretionary revenue continues to grow in coming years. The chart reflects the projected non-program revenue in the current year, upcoming budget year (FY 2025-26) and two out years. Projected current year non-program revenue is above budget mostly due to improvement in property taxes as current year performance has fared better than initial more conservative estimates included in the budget. The chart also breaks out Federal Aid revenue from the prior year and current year, to reflect a more accurate trend in discretionary revenues. Adjusting out the Federal Aid revenues from the current year, we see that discretionary revenue grows \$11.6 million in FY 2025-26 and an additional \$7.6 million and \$6.8 million in the subsequent two years, respectively. The improvement in projected revenue is primarily due to positive trends in property tax collections resulting from higher assessments.

Increases in property assessments result in discretionary revenue growth.

As seen on the chart, property taxes continue to grow due to positive trends in property values and an increase in assessments. Next year, the forecast assumes a 3.4% growth resulting in a \$8.4 million improvement in property tax revenue. The two out years include a more conservative growth assumption of 2.7% each, yielding additional revenue of \$6.9 and \$7.1 million respectively.

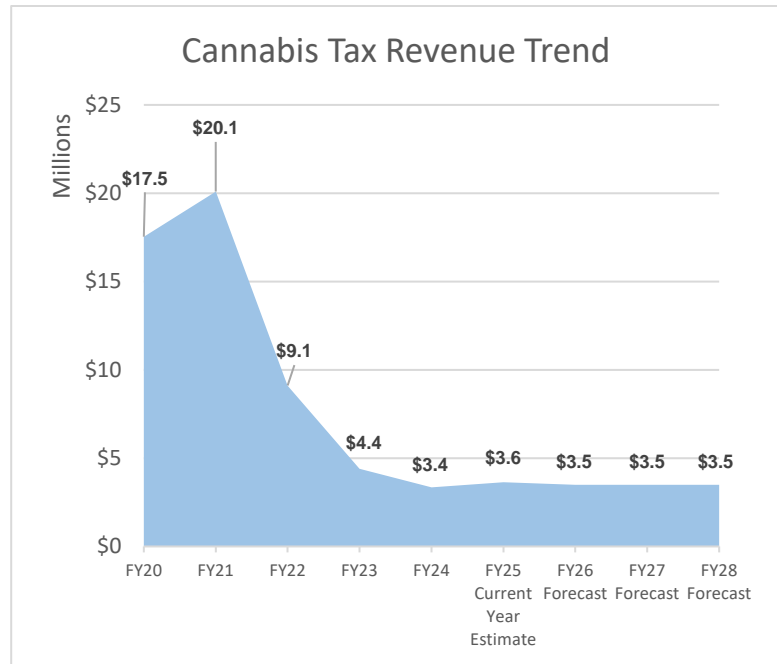

Transient Occupancy Tax Continues at a Level Rate. TOT is the County’s second largest source of discretionary revenue. Often referred to as the “hotel tax,” TOT is the tax applied on hotel/motel accommodations. Various tourist attractions contribute to the County’s TOT. The tax rate for Monterey County is 10.5%. The pandemic and corresponding stay at home orders negatively impacted revenue collected in the second half of the FY 2019-20. As travel restrictions eased in FY 2020-21, the County saw a rebound in tourism with revenues coming in at \$23.5 million. In FY 2021-22 TOT revenue came in at a historic \$40.0 million. In FY 2022-23 and FY 2023-24, TOT revenue remained high at \$38.1 million and \$38.6 million. TOT revenue is expected to remain stable at an estimated \$38.8 million in revenue for FY2024-25 and has been forecasted in out years with an expected growth of 1.0% assuming no economic downturn.

Cannabis revenue continues at a decreased level based on approved tax changes. In FY 2022-23, the Board approved reductions to cannabis tax rates resulting in \$5.5 million decrease to cannabis revenue. Cannabis revenue is estimated to be \$3.6 million for FY 2024-25. If lower cannabis tax rates are adopted by the Board of Supervisor as cost pressures continue in the industry, cannabis revenue will further decrease, and the cannabis program will be further affected.

As of the date of this report, the cannabis assignment has an estimated uncommitted balance of \$0.3 million. The assignment is not expected to grow future years since cannabis revenue is allocated entirely as part of the GFC next fiscal year. Assignment utilization in FY 2024-25 totals \$2.2 million as shown in the table below.

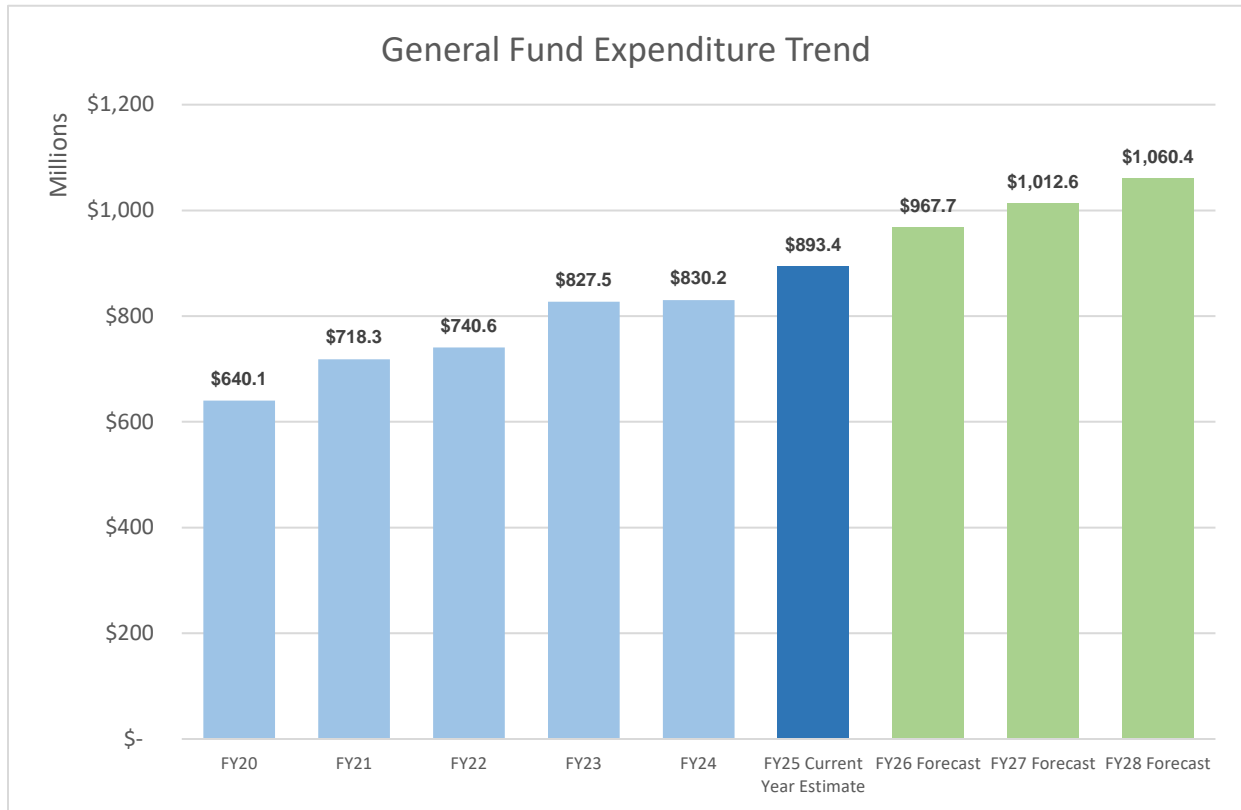

Cannabis Tax Assignment

Description	Amount	Budgeted	Total

General Fund Expenditures

The FY 2024-25 adopted budget included appropriations of \$881.9 million. The modified budget is \$900.7 million. There are modifications to budgets which occurred after this report was compiled and

were not included in the modified budget figures due to timing. Departments continue to amend their budget throughout the year as the need arises and the final modified budget will be different.

Current year expenditures are estimated at \$893.4 million, or 7.3 million below budgeted expenditures.

The primary factor for below budget expenditures in the current year is \$16.5 million in salary and benefits savings from vacancies across the County. The Health Department alone accounts for \$5.3 million in salary and benefit savings, the District Attorney's Office accounts for \$1.8 million, and Probation Department \$1.7 million, as the departments continue to struggle recruit and to find qualified staff.

At the writing of this report, the County had an overall 13.5% vacancy rate in the general fund. For perspective, the 2.5% increase that most units in the County received and the wage adjustments had an estimated cost \$22.5 million in the current year, based on currently filled positions. At the time the forecast was developed there were an estimated 486 vacancies in the general fund, with an estimated annualized value of \$51.2 million next fiscal year. Of these vacancies, approximately 56% reside within two departments: Health and Social Services. To the extent these departments fill vacant positions costs will go up, but it is likely some of the costs would qualify for some level of reimbursements from State and federal agencies. Therefore, vacancies in these departments do not translate into County savings to the same extent as departments which cannot seek reimbursement

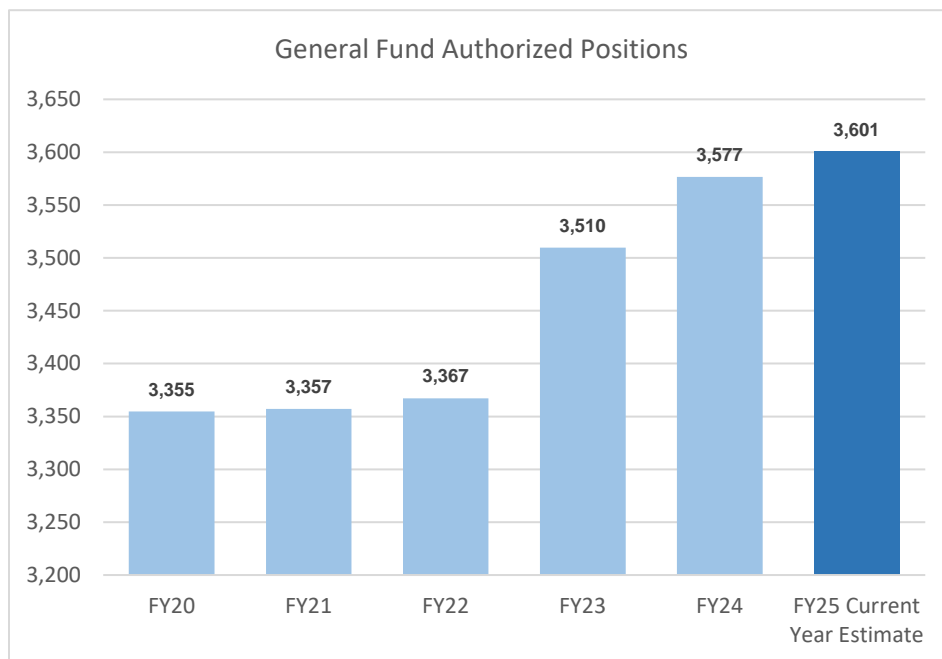

from State and federal agencies for costs not incurred. The same holds true for departments with grant-funded vacancies or departments that share cost with other payors.

For next year’s forecast, one-time expenditures such as infrastructure projects are excluded. In the forecast, departments generally assume that all vacancies are filled and at top step. This conservative estimate illustrates potential increases in expenditure levels; however, expenditures are curtailed to available funding. As responsible fiscal managers, Departments make operational changes if funding levels are constrained, including delaying hiring of vacant positions. An adjustment for salary savings is made in the forecast years. This adjustment is discussed later in the report.

The FY 2024-25 adopted budget included a fund balance use of \$18.5 million to support department programs and one-time funding needs. Departmental restricted fund balance is utilized by the Health Department (\$4.5 million) to cover a liability payment to the state related to the true-up of payments received and services rendered in health clinics and for environmental health oversight. The Department of Social Services plans to utilize \$3.4 million in restricted funds for its community programs and other programs. The County Administrative Office will use \$1.4 million to provide a rate subsidy to Pajaro Sanitation District. Public safety departments use of \$924,596 in departmental restricted fund balance for expenses that meet restrictions of funds. Additionally, the Budget includes cancellation of assignments including \$1.1 million from the Information Technology Assignment to fund projects to replace technology infrastructure; \$1.7 million from the Cannabis Assignment to fund body-worn cameras in the Sheriff’s Office and to fund a position in the Department of Emergency Management; \$550,000 from the disaster assignment to fund an agreement to manage Federal Emergency Management Agency (FEMA) cost recovery for previous disaster response; and \$1.0 million from the Compensated Absences Assignment to provide additional funding for community requests.

Major Cost Drivers

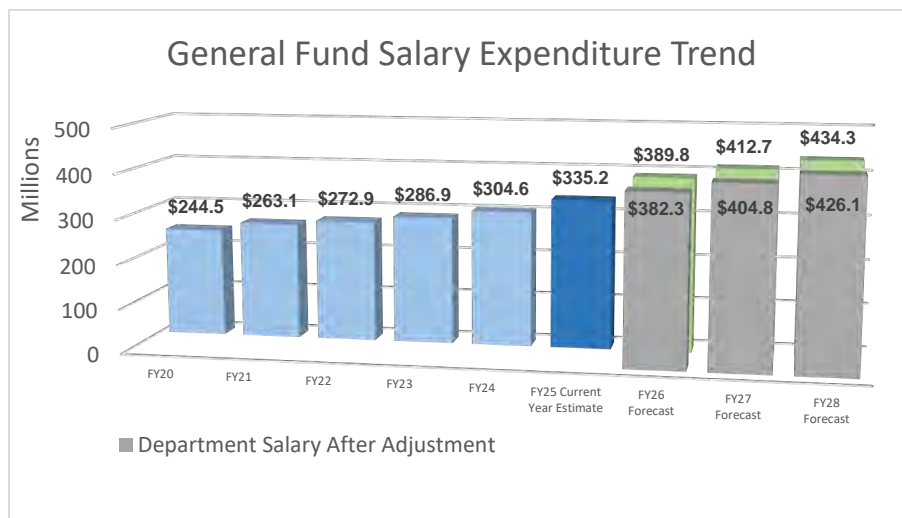

County programs and services continue to be impacted by higher labor costs resulting from negotiated

salary increases, increased employer pension contributions, increased healthcare costs, higher workers' compensation, and general liability costs.

Prior and current fiscal year wage increases add to salary cost. Higher salary costs are associated with wage increases based on approved MOUs, which provided employees in most bargaining units a 2.5% base wage increase in FY 2023-24. Over the past five years, the general fund has absorbed an average annual increase of \$11.6 million in salary costs. In the fall of 2024, the Board of Supervisors approved various Tentative Agreements with labor groups which included wage increases for FY 2024-25 through FY 2026-27. The Board approved annual wage increases for most labor groups of 4.0% through FY 2026-27, while CEMA represented units received 4.0% every six months starting in January 2025 and ending in July 2026. Additionally, the County has implemented wage adjustments for various classifications throughout the County resulting in increased costs to the County. These adjustments originated from compensation studies conducted by Human Resources in accordance with the County's compensation philosophy. Independent of position growth, wage increases approved for the three fiscal years had an estimated impact of \$45.3 million in cost (wages and impact to payroll taxes and higher pension contributions) to the general fund in the current year, compounded to \$150.8 million by the end of FY 2027-28. The forecast assumes approved wage increases through FY 2027-28.

Along with increases in staffing levels, salary increases continue to constrain department's budgetary flexibility. General Fund positions grew year-over-year by a total of 246 positions from FY 2020-21 to FY 2024-25.

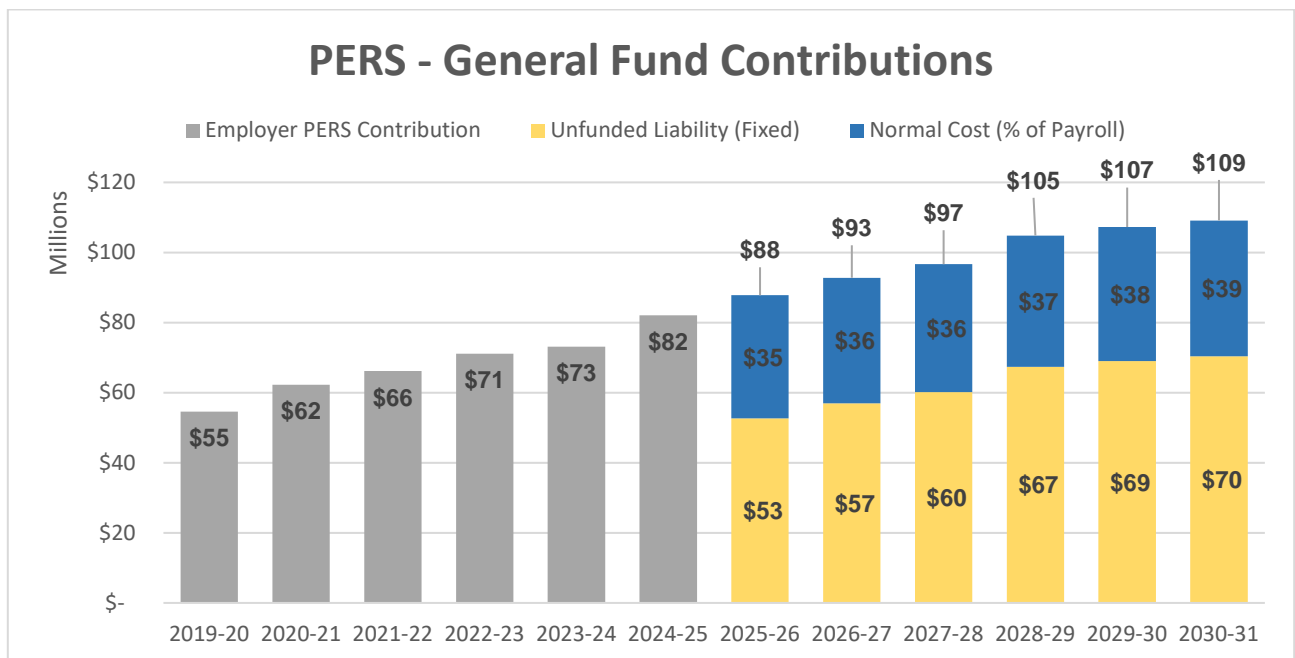

Departments estimate salary expenditures increases of \$30.6 million, from \$304.6 million in the prior year to \$335.2 million in the current year. The estimate includes higher wages based on labor agreements, classification age studies, plans to fill additional positions through the current year, and step advances. Departments generally forecast all vacancies are filled and at top step. Departments manage their budgets to anticipated funding levels, and thereby make changes to their operations – including delaying hiring. Additionally, savings in salaries have consistently occurred due to attrition and turnover. Some Departments such as Health and Social Services build in a vacancy rate into the forecast. However, it is important to note that most departments experience turnover and attrition, and actual performance is historically better than the projections. As such, the forecast added a salary savings adjustment to illustrate prior years' experience more closely in salary expenditures. Taking

the salary adjustment into consideration, salary expenditures increase to \$426.1 million by FY 2027-28. The forecast includes future wage increases for labor agreements through FY 2027-28 but does not include any increases for negotiations that are currently occurring.

Employer contributions continue to increase. The County continues to see its contributions towards employee pensions increase. Driving the increases are changes to CalPERS’ actuarial methodology, including the following actions:

- Changes in amortization and rate smoothing policies to accelerate paying down large unfunded liabilities.
- Change to fixed dollar contribution for the unfunded liability portion, rather than as a percentage of payroll, to prevent potential funding issues that could arise from a declining payroll.
- Adoption of new demographic assumptions that show retirees living longer, and thus requiring higher lifetime payout of benefits.
- Approval of a new funding risk mitigation policy to incrementally lower the discount rate.

Projected results assume no plan changes, no changes in assumptions, and no liability gains or losses. Additionally, projected results are based on investment returns not falling below the assumed rate of return, which will increase contributions. Projections are also based on payroll reported to CalPERS and assume an inflation factor; however, projections do not consider adding new positions. Any changes to those elements will have a direct impact on required contributions.

General fund contributions continue to increase in the forecast years with an increase of \$5.6 million next fiscal year bringing the total contribution to \$88 million.

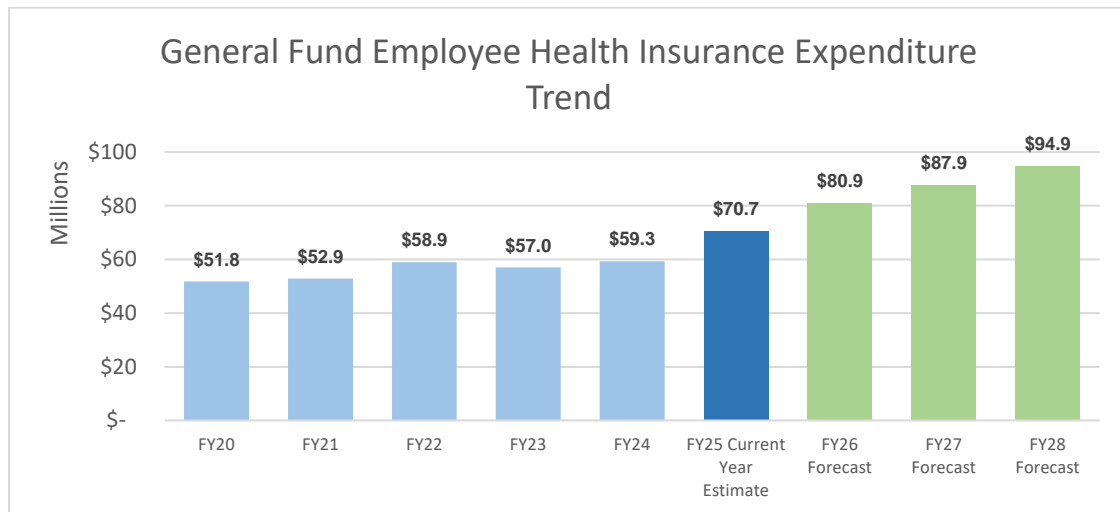

As part of their Funding Mitigation Policy, CalPERS is using a discount rate of 6.8% effective with the June 30, 2021 valuation. Their policy seeks to reduce funding risk over time and establishes a mechanism that prompts adjustments if the investment performance significantly outperforms the discount rate, expected investment returns, and strategic asset allocation targets. This was the case for FY 2020-21, where performance yielded a 21.3% return on investment, and therefore, a 20-basis point adjustment was triggered by the funding policy. However, in FY 2021-22, the performance yielded a

-6.1% return on investment leading to the first loss since the 2009 financial crisis. In FY 2022-23, the CalPERS investment return rate of 5.8% continued to fall short of the 6.8% discount rate. As a result, required employer contributions are expected to increase in the coming years. The projections in the chart above are based on CalPERS actuarial valuations, which are built on actual payroll data obtained by CalPERS, and therefore, based on existing levels of filled staffing. The chart breaks out the portion of the contribution that goes toward paying unfunded liabilities. The County's current unfunded liabilities are \$906.5 million after considering the \$108 million in the 115 -pension trust fund.

In addition to the increases shown in the chart above, higher inflation rates are expected to further increase the required contribution amounts in future years. During the time period between the valuation date and the publication of the CalPERS Actuarial Report, inflation has been higher than the expected inflation of 2.3% per annum. Since inflation influences cost-of-living increases for retirees and beneficiaries and active member pay increases, higher inflation is likely to put at least some upward pressure on contribution requirements and downward pressure on the funded status in the June 30, 2024, valuation. The actual impact of higher inflation on future valuation results will depend on, among other factors, how long higher inflation persists.

Increases in health insurance premiums continue to add to Countywide fiscal pressures.

Health care costs for the current year are estimated at \$70.7 million, an increase of \$11.4 million from the prior year. As comparison, costs increased \$7.5 million from FY 2019-20 to FY 2022-24.

Additionally, costs are estimated to grow by \$10.2 million in FY 2025-26. This increase is a direct result of premium increases, phase out of more affordable plans, and the terms of the latest negotiated labor contracts which include higher County contributions for premiums and higher costs of flex cash credits provided to more bargaining groups. However, much of the increase is tied to assumptions that vacancies are filled in forecast years (FY 2024-25 through FY 2026-27).

Costs to run internal service fund programs continue to increase.

The workers’ compensation program continues its trend of increasing projected allocated costs. FY 2025-26 costs are estimated at \$21.0 million or \$1.9 million higher than the current year and projected to grow 10% annually in the following two years, to \$25.4 million by FY 2027-28. This growth represents a \$9.8 million increase from FY 2019-20 costs. Next fiscal year, the general liability (GL) program’s allocated costs to departments also are estimated slightly higher than the current year at \$14.8 million (recoverable and non-recoverable combined) and then grow 15% in the subsequent two years to \$22.6 million by FY 2027-28.

The chart above, shows the trend of historical and projected workers’ compensation and general liability costs. The chart reflects a dip in FY 2020-21 for general liability costs, which reflects the suspension of approximately \$8.5 million in charges of GL recoverable costs to general fund departments due to budgetary constraints. In FY 2021-22, the GL recoverable costs resumed.

Funding Commitments

In addition to operational cost drivers, County policy provides for funding towards external agencies and to the Road Fund. Funding agreements are based on percentage formulas, which have generally resulted in increased annual contributions in recent years. These commitments total \$18.7 million in FY 2024-25 and result from the following:

Funding to external agencies in support of their mission to economic development. County policy provides funding for agencies that promote economic development, tourism, and cultural arts. Contributions to these endeavors has varied over time as the County’s contribution adapts to the economic conditions facing the community. For example, during FY’s 2016-17 and 2017-18, contribution amounts were capped at FY 2015-16 levels, or \$1.9 million, due to fiscal constraints. In FY 2018-19, contributions returned to formula based; however, in FY 2019-20 contributions were set at a capped amount, totaling \$2.1 million. In FY 2020-21, the contribution was reverted to a formula driven approach, with a cap reflecting the anticipated decline of TOT revenue due to the COVID-19 Pandemic, resulting in a contribution of \$1.2 million. In FY 2021-22, the amount was based on a formula using FY 2018-19 (pre pandemic) revenue, resulting in a contribution of \$2.5 million. On April 26, 2022, the Board of Supervisors established that all future contributions will be capped at the FY 2019-20 amount of \$2.1 million. The forecast assumes static amounts from the current year. In FY 2022-23 adopted budget a one-time augmentation of \$10,000 to the Film Commission and \$20,000 to the Arts Council was approved by the Board. In FY 2023-24 adopted budget included a modified contribution which represented a 29.1% (\$657,113) increase over their year. In FY 2024-25 adopted budget the contribution was reverted to a formula approach; increased the DSA percentage of TOT from 8.93% to 9.19%; included the Business Council as an official DSA agency with a dedicated percentage of the formula; resulting in a total contribution of \$3.4 million. Contributions to these agencies had grown by an average of \$160,000 annually over the last nine fiscal years. During the budget development, the Board decides the level of contributions and can modify distribution percentages for this funding based on current economic conditions.

- **Proposition 172 revenues (Half-Cent Public Safety Tax).** The County distributes Proposition 172 revenues based on funding agreements to user agencies of the 911 dispatch center and to fire districts to promote public safety. These contributions are at the discretion of the Board. The FY 2024-25 contributions to user agencies of the 911 center total \$2.3 million and the allocation to the fire districts is \$4.1 million and were based on the original formula using FY 2021-22 actuals as the base. Contributions to user agencies and fire districts have grown \$582,895 and \$1.1 million annually over the last five fiscal years. Due to an uncertain economic outlook, it is assumed that Proposition 172 revenue will see no growth in contributions from the current year.
- **TOT to the Road Fund.** In FY 2013-14, the Board adopted a policy to contribute a percentage of TOT revenue to the Road Fund, recognizing that well maintained roads are vital to the local economy. In FY 2019-20, the Board approved adjusting the contribution to the Road Fund at a level necessary to meet maintenance of effort (MOE) with the difference directed to Board approved road projects. In FY 2022-23 the amount was kept at the minimum MOE required. In FY 2024-25 the Board approved 25 percent of TOT revenue to the Road fund. Based on current formulas, next fiscal year, the estimated contribution to the Road Fund to meet MOE is \$6.4 million will be exceeded by \$3.2 million for a total of \$9.6 million.

Emerging Countywide Needs

The following table summarizes emerging needs including departmental cost pressures that will require budget solutions beginning in the current year and next fiscal year. Although most departments are anticipating absorbing the additional cost, some departments may require budgetary solutions in the current year.

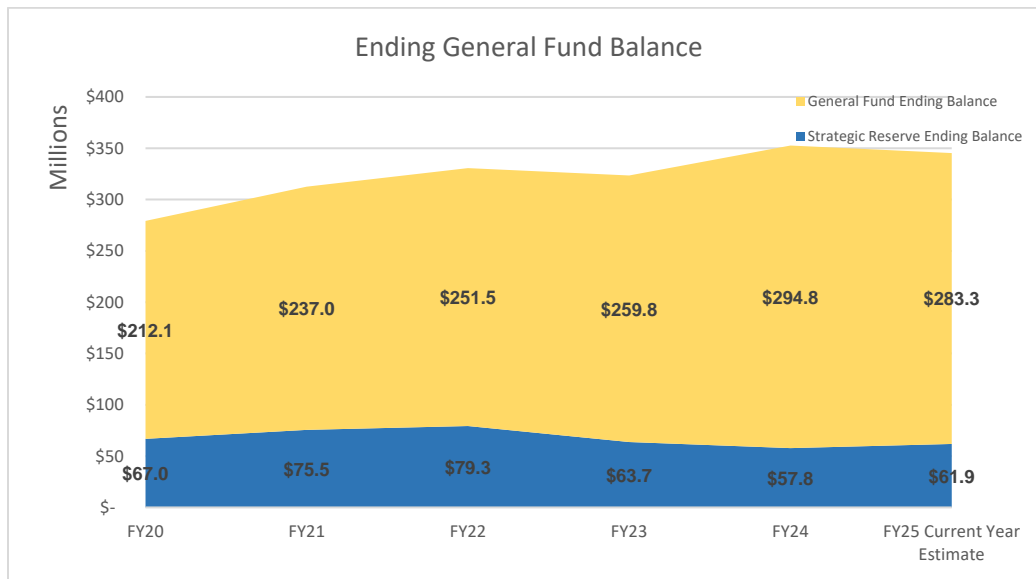

Emerging Needs	FY24-25	FY25-26	FY26-27
Wage Study Adjustments		\$ 6,379,451	\$ 6,201,474
Salary Increases	\$ 2,306,294	\$ 29,735,229	\$ 31,073,386
PERS Contribution Increases	\$ 8,944,891	\$ 5,675,216	\$ 5,013,033
Total	\$ 11,251,185	\$ 41,789,896	\$ 42,287,893

Salary increases. Most bargaining units labor agreements were negotiated with the County in the current year, resulting in additional costs of \$2.3 million and \$29.7 million the following year. Additionally, several wage studies for various classifications occurred in the current year, with an estimated cost of \$6.3 million for the next fiscal year. While non-program revenue is increasing, it is not sufficient to keep pace with increasing costs, resulting in some unfunded needs next fiscal year.

PERS contribution. As mentioned earlier in the report, pension contributions continue to increase. An increase of \$5.6 million is anticipated next fiscal years. This is independent of position growth or salary increases.

2025 Moss 300 Lithium-ion Battery Energy Storage Facility Structure Fire and Hazardous Materials Event. On January 16, 2025, shortly after 3:00 p.m. a fire began at the Vistra Energy 300-MW Phase I battery energy storage facility located at the Moss Landing Power Plant. The Vistra operation is one of the largest lithium battery storage facilities in the world and the fire caused the lithium batteries to burn. Local fire officials could not extinguish the fire due to the extreme heat from the multiple lithium batteries burning, and as of January 17th the fire continued burning. On January 16th, the Monterey County Sheriff evacuated approximately 1,200 individuals in the area. Response and recovery efforts are ongoing and the total cost to the County is unknown currently. On January 16, 2025, shortly after 3:00 p.m. a fire began at the Vistra Energy 300-MW Phase I battery energy storage facility located at the Moss Landing Power Plant. The Vistra operation is one of the largest lithium battery storage facilities in the world and the fire caused the lithium batteries to burn. Local fire officials could not extinguish the fire due to the extreme heat from the multiple lithium batteries burning, and as of January 17th the fire continued burning. On January 16th, the Monterey County Sheriff evacuated approximately 1,200 individuals in the area. Response and recovery efforts are ongoing and the total cost to the County is unknown currently.

Financial Reserves

Since the recession, the Board has strengthened financial policies to restore balance between ongoing revenues and expenditures, ending the practice of using one-time gains in fund balance to finance ongoing operations. Historically, the County has invested year-end surpluses and one-time gains in its strategic reserve and other key investments, resulting in improvement to the County’s ending fund balance each year.

The FY 2024-25 modified budget includes \$11.5 million in use of fund balance including funds authorized from restricted fund balance and other assignments. Based on the current year estimated results, the estimated general fund balance is projected at \$283.3 million at year-end. At the time this report was written, the Annual Comprehensive Financial Report (ACFR) was not available; therefore, fund balance figures for FY 2023-24 are estimated.

The County has previously built up the general fund strategic reserve which allowed the County to be able to respond to natural disasters and extraordinary legal costs. Because of favorable results, the County was able to keep investing in the Strategic Reserve reaching 10% of estimated annual general fund revenues, thereby meeting the Board’s strategic reserve policy ceiling in FY 2021-22 (\$79.3 million). Therefore, in FY 2022-23, the County was able to redirect \$52.1 million towards unforeseen disasters.

The current Strategic Reserve is \$57.8 million a decrease of \$5.9 million mainly due to the reliance on strategic reserves for responses to winter storms over the last two years. The strategic reserve balance is currently at 6.8% of general fund estimated revenues for FY 2025-26, compared to the 10% (\$91.7 million) policy target prudently set by your Board. This leaves the strategic reserve with a gap of \$29.8 million to meet the policy requirements. Minimum reserves levels must be restored within five years of the event by policy.

As illustrated in the above graph, unforeseen costs can easily reduce reserve levels. Without the prior investments, the County may not have been able to respond to the magnitude of costs due to unforeseen events or the recession during FY 2008-09. Potential uses of the strategic reserve will help the County mitigate impacts during an economic recession or other extraordinary events. It is important to continue to preserve the County’s finances, and align expenditures to available ongoing revenues, to be better prepared for future events including an economic downturn.

Natural Disasters Affecting the County's Finances

The County has seen an increase in the number of disasters affecting its constituents. The severity of these disasters has also grown in duration and intensity. This has required the County to utilize a significant amount of its local reserves to help alleviate the community's impact caused by these disasters pending federal and other financing sources which could be used for this purpose. Since Federal reimbursements for these costs usually take a long time to reach local communities, the County the impact to the County's finances has been significant. Based on estimates provided by the Department of Emergency Management (DEM), since 2019, the County has incurred an estimated \$97 million in eligible response costs to various emergencies of which an estimated \$11 million has been received from the Federal government and \$46-80 million are outstanding. The final reimbursement amount is still in the process of refinement and does not account for the \$23 million the County received in FY 2022-23 from the State as part of an advance to help respond to the 2023 storm events. The CAO department will continue working with the DEM department to fine tune these figures and provide a more complete picture of FEMA reimbursements when the FY 2025-26 budget is presented to the Board.

Disaster #	Incident Name	Status	Possible FEMA Eligible Damage	Low End Reimbursement	Maximum Possible Federal	Obligated Federal Share
4434	2019 Winter Storm	Close Out	\$95,762	\$70,429	\$77,250	\$70,429
4482	2020 COVID-19	In Progress	\$18,179,563	\$7,114,934	\$18,149,804	\$7,114,934
4558	2020 Wildfires	Close Out	\$1,820,703	\$1,737,358	\$1,737,358	\$1,737,358

4699	2023 March Winter Storms	In Progress	\$43,751,190	\$17,341,847	\$32,813,393	\$384,717
4769	2024 February Winter Storms	Commencing	\$4,953,995	\$778,336	\$3,715,496	-
Grand Total			\$96,800,239	\$45,797,550	\$79,982,360	\$11,344,364

General Fund Departmental Forecasts

This section provides individual departmental forecasts, which compare forecasted needs (i.e., expenditures) based on current staffing and services to available financing including estimated program revenue plus authorized general fund contributions adopted by the Board. The resulting forecast summaries help identify potential areas where service capacity may be impacted because of projected changes in expenditures and revenues. Departmental summaries offer a tool to assist the Board of Supervisors in prioritizing the distribution of discretionary general fund contributions in the upcoming budget process.

Per County policy, Departments forecasting current year deficits are required to prepare and submit a Budget Committee report outlining the cause of the problem, the alternatives available to mitigate the projected deficit, and the Department's recommended action. In the current year, Departments estimating a deficit include the Health Department, Sheriff, Civil Rights Office, Clerk of the Board's Office, Department of Social Services, and Public Works Facilities and Parks.

General Fund Contributions

Departments are provided preliminary estimates of general fund contributions for purposes of building their initial "baseline" budgets. The initial GFC estimates represent preliminary allocations of discretionary general fund monies to be used for planning purposes. Departments use these monies to supplement program-specific revenues to finance operations. All non-program revenue, including growth, was allocated as GFC to departments.

Preliminary GFC planning estimates for the budget year and forecast years were based on current year GFC allocations with the following adjustments:

- Worker’s Compensation & General Liability Increase Adjustments
- Cost Plan Adjustment – preliminary GFC planning estimates did not include an adjustment to departments GFC for anticipated cost plan charges or credits. Departments assumed static cost plan charges and credits for the forecast. Since the preliminary GFC estimates were distributed, the Auditor-Controller’s Office has published updated countywide cost plan allocation (COWCAP) amounts to be applied next fiscal year. An updated GFC estimate was distributed to departments to include an adjustment for COWCAP. Per the Board’s prior direction, updated GFC estimates redistributed preliminary GFC allocations across general fund departments to make the updated COWCAP a budget-neutral event (to the extent of available resources) and minimize the COWCAP’s impact to general fund departments.

Departmental Forecasts

Departmental forecasts assume the budget year 2024-25 preliminary General Fund Contribution (GFC) figures as approved by the Board to fund levels of staffing and services as prioritized in the adopted budget; and assumes growth in discretionary revenue in the FY 2025-26 is distributed using the same priorities. GFC for the remaining forecast years is assumed to be static from FY 2025-26. The forecast tables in the upcoming sections reference the cost plan. This represents the cost allocation plan charges or credits for departments receiving or providing internal administrative services respectively.

Fund 1001 (General Fund) Agriculture Commissioner's Office	Modified Budget 2024-2025	Year End Estimate 2024-2025	Forecast		
			2025-2026	2026-2027	2027-2028
A. Operating Expenditures	\$ 13,419,426	\$ 13,211,862	\$ 14,582,976	\$ 15,013,686	\$ 15,852,283
B. Cost Plan	\$ 2,569,502	\$ 2,569,502	\$ 2,569,502	\$ 2,569,502	\$ 2,569,502
C. Total Expenditures, A+B	\$ 15,988,928	\$ 15,781,364	\$ 17,152,478	\$ 17,583,188	\$ 18,421,785
D. Revenue	\$ 10,150,500	\$ 11,090,640	\$ 10,224,500	\$ 10,249,500	\$ 10,274,500

G. Surplus/(Deficit), F-E	\$ -	\$ 1,147,704	\$ (1,428,376)	\$ (1,834,086)	\$ (2,647,683)

Agricultural Commissioner – The Agricultural Commissioner’s Office expects to end the current year with \$15.8 million in expenditures, \$11.1 million in revenues and a general fund contribution of \$4.7 million resulting in a year-end surplus of \$1.1 million. The surplus is primarily due to unanticipated revenue earned through Unclaimed Gas Tax (UGT) and distributed by the California Dept. of Food & Agriculture (CDFA). The Department plans to manage expenditures during the remaining fiscal year to ensure it meets maintenance of effort requirements and earn maximum UGT revenue for FY 2025-26. In the forecast years, the projected expenses increase due to higher salary and benefit costs, increases to service and supply due to inflationary pricing changes and scheduled equipment and vehicle replacement. Revenues are estimated to maintain current budgeted levels in forecast years, and do not assume continuance of the unanticipated revenue realized in the current year. The forecast period reflects growing deficits for the Department as rising cost pressures outpace revenue growth.

Fund 1001 (General Fund) Auditor-Controller's Office	Modified Budget 2024-2025	Year End Estimate 2024-2025	Forecast		
			2025-2026	2026-2027	2027-2028

F. Preliminary GFC	\$ 1,191,747	\$ 1,191,747	\$ 1,209,756	\$ 1,209,756	\$ 1,209,756
G. Surplus/(Deficit), F-E	\$ -	\$ 52,817	\$ (625,137)	\$ (1,837,810)	\$ (5,585,851)

Auditor-Controller – The table summarizes the finances for departmental operations. The Auditor-Controller estimates ending the fiscal year with expenditures of \$1.8 million and revenues of \$620,293, resulting in a projected surplus of \$52,817. The surplus is a result of salary and benefit savings due to vacancies. The deficits in the forecast years are driven by increases in PERS contributions and supplemental charges, health insurance cost, salary increases resulting from labor agreements and wage studies, and decreased interfund reimbursements for staff costs as a result of the expected completion of the ERP Replacement project.

G. Surplus/(Deficit), F-E	\$ -	\$ 342,885	\$ (653,111)	\$ (1,230,431)	\$ (1,792,205)

Assessor-County Clerk/Recorder – The Assessor-County Clerk/Recorder estimates year-end expenditures of \$9.3 million, and revenues of \$ 3.3 million resulting in an estimated surplus of \$ 342,885. The estimated surplus is attributed to salary savings from vacant positions. Revenue continues to decrease as real estate transactions in the Recorder's office decrease. Forecasted deficits are due to estimated step advances, negotiated salary increases, employee benefit costs and decreased revenue.

Fund 1001 (General Fund) Board of Supervisors	Modified Budget 2024-2025	Year End Estimate 2024-2025	Forecast		
			2025-2026	2026-2027	2027-2028
A. Operating Expenditures	\$ 5,417,608	\$ 5,347,411	\$ 5,779,955	\$ 6,156,084	\$ 6,502,428

G. Surplus/(Deficit), F-E	\$ -	\$ 70,197	\$ (316,385)	\$ (692,514)	\$ (1,038,858)

Board of Supervisors – The budget for the Board of Supervisors includes six general fund units, providing for each of the five districts, and a general pool that covers shared expenses not specific to any one district. The Department projects year-end expenditures of \$6.3 million compared to a budgeted GFC of \$6.3 million, resulting in a year-end estimated surplus of \$70,197. The estimated surplus is primarily due to decreases in various services and supplies such as equipment, miscellaneous services, and other departmental expenses. The deficits emerging in forecast years are driven by cost increases related to higher salaries, health insurance premiums, retirement costs, and general liability insurance.

Fund 1001 (General Fund) Department of Child Support Services	Modified Budget 2024-2025	Year End Estimate 2024-2025	Forecast		
			2025-2026	2026-2027	2027-2028
A. Operating Expenditures	\$ 11,347,611	\$ 11,400,026	\$ 11,343,849	\$ 12,126,870	\$ 12,920,244

G. Surplus/(Deficit), F-E	\$ -	\$ 37,680	\$ (7,632)	\$ (790,653)	\$ (1,584,027)

Child Support Services - is funded almost entirely through federal and state subventions for mandated services. The Department estimates year-end expenditures of \$12.3 million, revenue of \$12.3 million and General Fund Contribution (GFC) of \$25,141. The GFC is to cover cost such as non-recoverable general liability cost that are not reimbursable by the State. The Department will be relocating its offices during the fiscal year, resulting in a cost of nearly \$1 million which is offset by salary savings from vacancies during the year. Overall, the estimate reflects an increase in expenditures of \$52,416; however, state reimbursements will also be higher than budget, resulting in a surplus GFC of \$37,680.

Expenditures are forecasted to increase primarily due to increase in employee salary and benefits, workers compensation and PERS contributions. The forecast assumes elimination of nine vacant position that have not been filled due to budgetary restraints. Even then, the department is projecting deficits in the forecast period due to rising cost pressures, assuming the allocation from the State Department of Child Support remains static with FY 24-25.

Fund 1001 (General Fund) Civil Rights Office	Modified Budget 2024-2025	Year End Estimate 2024-2025	Forecast		
			2025-2026	2026-2027	2027-2028
A. Operating Expenditures	\$ 1,128,545	\$ 1,178,587	\$ 1,245,888	\$ 1,374,377	\$ 1,438,536
B. Cost Plan	\$ (745,921)	\$ (745,921)	\$ (745,921)	\$ (745,921)	\$ (745,921)

G. Surplus/(Deficit), F-E	\$ -	\$ (50,042)	\$ (114,736)	\$ (243,225)	\$ (307,384)

Civil Rights – The Civil Rights Office estimates expenditures of \$1.2 million offset by a cost plan credit of \$745,921. The Department anticipates ending the year with a projected deficit of \$50,042. Much of this deficit is attributable to the unanticipated \$23,000 increase in wages due to approved labor agreements. Other increases included unanticipated but necessary security measures for the Civil Rights Office. The forecast period reflects continuous deficits at the current level of funding based on rising costs for salary, pension, healthcare costs as well as higher operating expenses to continue necessary protections for civil rights.

Fund 1001 (General Fund) Clerk of the Board's Office	Modified Budget 2024-2025	Year End Estimate 2024-2025	Forecast		
			2025-2026	2026-2027	2027-2028

G. Surplus/(Deficit), F-E	\$ -	\$ 330,936	\$ (1,807,689)	\$ (2,761,104)	\$ (3,552,496)

County Administrative Office - The table above summarizes the finances for the County's Administration "departmental" operations, including Administration and Finance, Budget and Analysis, Contracts/Purchasing, Intergovernmental and Legislative Affairs (IGLA), Community Engagement & Strategic Advocacy, Economic Development, Cannabis, Sustainability, Communications, and Homelessness Strategies and Initiatives.

The Department projects year-end expenditures of \$21.0 million, financed by revenues of \$13.1 million and GFC of \$8.2 million. These projections result in a year-end estimated surplus of \$330,944. The estimated surplus is primarily due to salary savings from vacancies.

The deficits emerging in forecast years are driven by cost increases related to higher salaries, health insurance premiums, and retirement costs.

Fund 1001 (General Fund) County Counsel	Modified Budget 2024-2025	Year End Estimate 2024-2025	Forecast		
			2025-2026	2026-2027	2027-2028

C. Total Expenditures, A+B	\$ 2,087,140	\$ 1,914,143	\$ 2,712,710	\$ 3,106,475	\$ 3,469,211
D. Revenue	\$ 450,000	\$ 522,990	\$ 450,000	\$ 450,000	\$ 450,000
E. Financing Need, C-D	\$ 1,637,140	\$ 1,391,153	\$ 2,262,710	\$ 2,656,475	\$ 3,019,211
F. Preliminary GFC	\$ 1,637,140	\$ 1,637,140	\$ 1,665,118	\$ 1,665,118	\$ 1,665,118
G. Surplus/(Deficit), F-E	\$ -	\$ 245,987	\$ (597,592)	\$ (991,357)	\$ (1,354,093)

County Counsel - County Counsel estimates to end the current fiscal year (FY) 2024-25 at \$1.9 million in expenditures and \$522,990 in revenues, which results in a surplus of \$245,987 after General

Fund Contribution of \$1.6 million. The estimated surplus is due to increased revenue from direct bill clients and salary savings from some vacant and underfilled positions throughout the fiscal year. The estimated deficits anticipated for the 3-year forecast are due to the salary and benefit increases and wage studies, especially for the attorney positions.

Fund 1001 (General Fund) Department of Emergency Management	Modified Budget 2024-2025	Year End Estimate 2024-2025	Forecast		
			2025-2026	2026-2027	2027-2028
A. Operating Expenditures	\$ 9,779,994	\$ 9,574,255	\$ 10,177,988	\$ 10,379,510	\$ 10,562,839

G. Surplus/(Deficit), F-E	\$ -	\$ 199,165	\$ (2,092,080)	\$ (2,293,602)	\$ (2,476,931)

Department of Emergency Management – Emergency Management estimates year-end expenditures of \$10.3 million, revenues of \$6.7 million, and a GFC of \$3.7 million resulting in a surplus of \$199,165. The estimated surplus is a result of salary and benefits savings due to several positions becoming vacant and the delay in being able to fill them as well as delays in several contract executions. DEM is continuing recruitment efforts and will be filling limited term grant funded positions. The department will continue to monitor the year-end estimate as unknown expenses continue to arise from prior year storms and the potential for future unknown disaster events may occur.

In the forecast years, the projected expenses increase due to estimated step advances, negotiated salary increases and employee benefits cost.

Fund 1001 (General Fund) District Attorney's Office	Modified Budget 2024-2025	Year End Estimate 2024-2025	Forecast		
			2025-2026	2026-2027	2027-2028

District Attorney – The Office of the District Attorney (DA) anticipates year-end expenditures of \$35.2 million, revenues of \$18 million and \$19.6 million in GFC, resulting in a year-end surplus of \$2.4 million. Revenues are down \$300K due to delays in settlements of cases in the Civil Unit, decreased Prison Unit billings and decreased sales tax revenues. Expenditures are significantly lower than budgeted levels due to salary savings from vacancies throughout the year. The DA projects deficits in the forecast years primarily due to forecasted salary increases, increasing PERS retirement costs, health insurance premiums and allocated costs such as workers' compensation insurance.

Fund 1001 (General Fund) Elections Department	Modified Budget 2024-2025	Year End Estimate 2024-2025	Forecast		
			2025-2026	2026-2027	2027-2028
A. Operating Expenditures	\$ 6,004,435	\$ 6,153,236	\$ 6,388,629	\$ 6,613,753	\$ 6,800,088

F. Preliminary GFC	\$ 4,125,284	\$ 4,125,284	\$ 4,140,155	\$ 4,140,155	\$ 4,140,155
G. Surplus/(Deficit), F-E	\$ -	\$ 13,136	\$ (1,989,975)	\$ (999,473)	\$ (2,835,808)

Elections - The Elections Department administers all federal, state, county, and local public elections. Departmental expenditures and revenues vary based on the number and size of scheduled and unscheduled elections each year. The Department expects to end the current year with expenditures of \$6.6 million, revenues of \$2.5 million, and a general fund contribution of \$4.1 million, resulting in a surplus of \$13,136.

The Department had savings in salary and benefits from vacancies, reduction of printing costs related to efficiencies in the ballot layout and design of the November 5, 2024 Presidential Election and a corresponding reduction in postage. This cost savings will facilitate previously deferred purchases, including the maintenance and upgrade of computer hardware and the potential implementation of electronic poll books, estimated at \$552,665. The Department expects to end the Fiscal Year with an overall remaining surplus of \$13,135.

Projected expenditures and revenues in forecast years reflect one scheduled election per fiscal year: a statewide primary in FY 2025-26, a statewide general in FY 2026-27, and a Presidential Primary in FY 2027-28. The funds necessary to conduct mandated county, state and federal elections must be provided by the General Fund. Revenues from local districts reimburse the cost of their portion of the election. FY 2025-26 and FY 2027-28 are projected to have reduced revenues due to fewer billable jurisdictions that consolidate with the primary election cycle. FY 2026-27 is projected to have an increase in revenue from a greater number of billable jurisdictions consolidating with the general election cycle. Revenue from state and federal grants is expected to decrease significantly during the forecast period. The deficits in the forecast period are attributed to higher employee compensation, a decrease in grant funds, and the cyclical revenue which is dependent on reimbursements from jurisdictions.

Health Department – The Health Department provides a wide array of services including but not limited to animal services, public health, clinic services, public guardian/conservator/administrator, emergency medical services, and environmental health. The Department estimates year-end expenditures of \$137.2 million, revenues of \$106.3 million, and a financing need of \$31.0 million.

Year-end expenditures are estimated at \$10.1 million lower than budgeted primarily due to salary and benefits savings of \$5.2 million resulting from a vacancy rate of approximately 22% as the Department continues to struggle to find qualified staff across all bureaus, but particularly in the

Public Health Bureau and Health Department Administration and Office of Equity, and savings of \$4.9 million in services and supplies, other charges and fixed assets attributable to lower levels of services to the public than planned. Overall, most of the savings are in the categories of professional services, which will not be required due to the lower than planned staffing, and capital assets due to delays in equipment acquisition associated with the supply chain. The total estimated expenditures include a liability payment to the State totaling \$4.2 million from budgeted restricted fund. As of March 2015, some Central California Alliance for Health members were moved from fee-for-service to capitation with the State performing yearly reconciliations. Any over payment for services rendered by the County found by the State must be returned. Revenue is projected to end the year \$15.5 million below budget. The contributing factors to lower than budgeted revenue include the high vacancy rate which impacted the level of services provided, and decreased patient visits at the primary clinics.

Although the table depicts the Department ending the current fiscal year with a \$5.4 million deficit, the Department anticipates narrowing or closing the gap with additional new fee for service revenue at the primary care clinics which was identified after the submission of the year-end estimates, and with expenditure adjustments. The Department projects ending within or very close to the allocated General Fund Contribution in the current year. The projected deficits in the forecast years are clerical in nature, as use of restricted funds was not included. The Department will submit annual budgets in compliance with the allocated General Fund Contribution.

Fund 1001 (General Fund) Housing and Community Development Department	Modified Budget 2024-2025	Year End Estimate 2024-2025	Forecast		
			2025-2026	2026-2027	2027-2028
A. Operating Expenditures	\$ 17,961,329	\$ 16,633,469	\$ 19,551,621	\$ 20,818,311	\$ 22,026,146
B. Cost Plan	\$ 1,733,296	\$ 1,733,296	\$ 1,733,296	\$ 1,733,296	\$ 1,733,296
C. Total Expenditures, A+B	\$ 19,694,625	\$ 18,366,765	\$ 21,284,917	\$ 22,551,607	\$ 23,759,442

Housing and Community Development - The FY2024-25 year-end estimate for Housing and Community Development (HCD) consists of \$18.4 million in expenditures, revenues of \$10 million and a General Fund Contribution of \$9.6 million resulting in a net estimated surplus of \$1.3 million. The savings is attributed to salary and benefit savings due to vacancies. The Department is working to fill vacant positions to provide a higher level of service to the constituents of Monterey County. HCD continues to utilize outside consultants to process Planning and Building applications. The Department continues to forecast revenues conservatively even though the non-discretionary costs continue to rise.

Fund 1001 (General Fund) Human Resources Department	Modified Budget 2024-2025	Year End Estimate 2024-2025	Forecast		
			2025-2026	2026-2027	2027-2028
A. Operating Expenditures	\$ 7,364,193	\$ 6,826,016	\$ 8,109,970	\$ 8,752,075	\$ 9,289,870
B. Cost Plan	\$ (6,551,149)	\$ (6,551,149)	\$ (6,551,149)	\$ (6,551,149)	\$ (6,551,149)
C. Total Expenditures, A+B	\$ 813,044	\$ 274,867	\$ 1,558,821	\$ 2,200,926	\$ 2,738,721
D. Revenue	\$ -	\$ -	\$ -	\$ -	\$ -
E. Financing Need, C-D	\$ 813,044	\$ 274,867	\$ 1,558,821	\$ 2,200,926	\$ 2,738,721

G. Surplus/(Deficit), F-E	\$ -	\$ 538,177	\$ (780,502)	\$ (1,422,607)	\$ (1,960,402)

Human Resources- The Human Resources Department projects \$538,177 in unused appropriations for the current fiscal year due to position vacancies.

A deficit is projected for the forecasted years, and it is projected to grow over the next few years primarily because of rising salary and benefit costs, such as wage increases, position step advances, PERS contributions, worker's comp insurance, and general liability insurance.

Fund 1001 (General Fund) Information Technology Department	Modified Budget 2024-2025	Year End Estimate 2024-2025	Forecast		
			2025-2026	2026-2027	2027-2028
A. Operating Expenditures	\$ 23,675,359	\$ 22,172,261	\$ 25,721,295	\$ 27,212,867	\$ 28,588,503
B. Cost Plan	\$ (20,355,560)	\$ (20,355,560)	\$ (20,355,560)	\$ (20,355,560)	\$ (20,355,560)
C. Total Expenditures, A+B	\$ 3,319,799	\$ 1,816,701	\$ 5,365,735	\$ 6,857,307	\$ 8,232,943
D. Revenue	\$ 550,000	\$ 624,171	\$ 550,000	\$ 550,000	\$ 550,000
E. Financing Need, C-D	\$ 2,769,799	\$ 1,192,530	\$ 4,815,735	\$ 6,307,307	\$ 7,682,943
F. Preliminary GFC	\$ 2,769,799	\$ 2,769,799	\$ 2,172,840	\$ 2,172,840	\$ 2,172,840
G. Surplus/(Deficit), F-E	\$ -	\$ 1,577,269	\$ (2,642,895)	\$ (4,134,467)	\$ (5,510,103)

Information Technology – The Information Technology Department estimates year-end operational expenditures of \$22.2 million and revenue of \$624,171. The Department recovers its operational expenditures through direct charges to customers and cable funds received, as well as the cost plan which in the current year reflects a credit in the amount of \$20.4 million. Combined expenditure and income results in an estimated General Fund Contribution need of \$1.2 million, resulting in a surplus of \$1.6 million over the budgeted amount. Future forecast figures include an increase in operational expenses mostly due to salary and benefit costs, which reflect a corresponding deficit increase in GFC.

Fund 1001 (General Fund) Probation Department	Modified Budget 2024-2025	Year End Estimate 2024-2025	Forecast		
			2025-2026	2026-2027	2027-2028
A. Operating Expenditures	\$ 63,507,288	\$ 61,980,502	\$ 68,207,294	\$ 71,881,205	\$ 75,464,484
B. Cost Plan	\$ 3,865,789	\$ 3,865,789	\$ 3,865,789	\$ 3,865,789	\$ 3,865,789
C. Total Expenditures, A+B	\$ 67,373,077	\$ 65,846,291	\$ 72,073,083	\$ 75,746,994	\$ 79,330,273
D. Revenue	\$ 42,162,665	\$ 41,078,971	\$ 40,922,883	\$ 40,992,379	\$ 41,123,515
E. Financing Need, C-D	\$ 25,210,412	\$ 24,767,320	\$ 31,150,200	\$ 34,754,615	\$ 38,206,758
F. Preliminary GFC	\$ 25,210,412	\$ 25,210,412	\$ 24,995,631	\$ 24,995,631	\$ 24,995,631
G. Surplus/(Deficit), F-E	\$ -	\$ 443,092	\$ (6,154,569)	\$ (9,758,984)	\$ (13,211,127)

Probation – The Department projects year-end expenditures of \$65.8 million, revenues of \$41.1 million and a GFC of \$25.2 million. The estimated surplus of \$443,090 is primarily due to salary and benefit savings projected from department vacancies and lower PERS expenses resulting from the County's prepayment to the State of a portion of PERS retirement costs. The estimate reflects a decrease in budgeted revenues and expenditures of \$1,083,694 and \$1,526,784, respectively. The decrease in revenues is due to lower State Prop 172 funding and reduced expected reimbursements from a local service program. The lower expenditures are due to vacancies and reduced claimable activities for the mentioned service program. The forecast years are primarily due to continued flat revenue projections and cost increases to salaries and benefits from negotiated bargaining agreements with rising pension contribution costs.

Fund 1001 (General Fund) Public Defender's Office	Modified Budget 2024-2025	Year End Estimate 2024-2025	Forecast		
			2025-2026	2026-2027	2027-2028
A. Operating Expenditures	\$ 17,697,503	\$ 17,940,009	\$ 23,544,568	\$ 24,925,070	\$ 25,765,657
B. Cost Plan	\$ 1,245,843	\$ 1,245,843	\$ 1,245,843	\$ 1,245,843	\$ 1,245,843
C. Total Expenditures, A+B	\$ 18,943,346	\$ 19,185,852	\$ 24,790,411	\$ 26,170,913	\$ 27,011,500
D. Revenue	\$ 3,951,201	\$ 4,419,405	\$ 6,532,221	\$ 6,719,307	\$ 6,364,219
E. Financing Need, C-D	\$ 14,992,145	\$ 14,766,447	\$ 18,258,190	\$ 19,451,606	\$ 20,647,281
F. Preliminary GFC	\$ 14,992,145	\$ 14,992,145	\$ 14,449,471	\$ 14,449,471	\$ 14,449,471
G. Surplus/(Deficit), F-E	\$ -	\$ 225,698	\$ (3,808,719)	\$ (5,002,135)	\$ (6,197,810)

Public Defender – The Public Defender's Office estimates year-end expenditures of \$17.9 million,

revenues of \$4.4 million, and a GFC of \$15.0 million, resulting in a surplus of \$225,699. The surplus is primarily due to a small increase in revenues due to additional grant funding relating to Care Court, Proposition 47, and Cohort 4. The department projects deficits in the forecasted years due to increases in non-discretionary costs and a decrease associated with one-time revenues. Non-discretionary cost increases include higher salaries and benefits from negotiated labor agreements, pension contributions, and health insurance premiums. Future revenue and expenditures will continue to vary depending on trial-related costs and associated service agreements that maintain department operations. The Public Defender will continue to monitor these impacts, adjust as needed to minimize their effect, and pursue grant funding opportunities to offset increased costs.

Fund 1001 (General Fund) Public Works, Facilities and Parks Department	Modified Budget 2024-2025	Year End Estimate 2024-2025	Forecast		
			2025-2026	2026-2027	2027-2028
A. Operating Expenditures	\$ 29,432,010	\$ 32,380,909	\$ 33,089,665	\$ 34,968,907	\$ 36,843,029
B. Cost Plan	\$ (11,351,867)	\$ (11,351,867)	\$ (11,351,867)	\$ (11,351,867)	\$ (11,351,867)
C. Total Expenditures, A+B	\$ 18,080,143	\$ 21,029,042	\$ 21,737,798	\$ 23,617,040	\$ 25,491,162
D. Revenue	\$ 3,541,673	\$ 4,519,854	\$ 3,963,701	\$ 3,964,874	\$ 3,967,280
E. Financing Need, C-D	\$ 14,538,470	\$ 16,509,188	\$ 17,774,097	\$ 19,652,166	\$ 21,523,882
F. Preliminary GFC	\$ 14,538,470	\$ 14,538,470	\$ 12,269,221	\$ 12,269,221	\$ 12,269,221
G. Surplus/(Deficit), F-E	\$ -	\$ (1,970,718)	\$ (5,504,876)	\$ (7,382,945)	\$ (9,254,661)

Public Works, Facilities, and Parks (PWFP) - The FY 2024-25 current year estimate projects expenditures of \$21 million, revenues of \$4.5 million and general fund contribution of \$14.5 million, resulting in a net deficit of \$2.0 million. This reflects an increase in expenditures and revenues of \$2.9 million and \$1.0 million, respectively, compared to the modified budget.

The rise in expenditures is primarily due to the carryover of costs from the December 2022 and March 2023 winter storm project for the Pajaro Mansion, which were not included in the budget. This accounts for \$1.6 million. Additionally, \$0.4 million in unscheduled maintenance projects, which rolled over into FY 2024-25, and a 23% increase in utility costs for the County, contributing \$0.9 million, further drive-up expenditures.

The revenue increase is mainly attributed to higher park visitation at Lake San Antonio due to improved water levels (\$0.3 million), a \$0.1 million grant for a boat, and \$0.1 million from increased shared utility costs. Additionally, \$0.4 million in revenue was transferred in to cover the unscheduled maintenance projects.

Looking ahead, forecasted deficits in subsequent years are driven by nondiscretionary cost increases, including salaries, pension contributions, employee insurance allocations, and general liability insurance premiums. Revenue reductions are expected due to the one-time allocations for rolling unscheduled maintenance projects and then in later years to remain stable. Other fluctuations between FY 2024-25 and future years are related to adjustments in the General Fund Contribution (GFC), covering one-time costs for facility maintenance, shared utility costs, and fire fuel abatement.

Fund 1001 (General Fund) Sheriff-Coroner	Modified Budget 2024-2025	Year End Estimate 2024-2025	Forecast		
			2025-2026	2026-2027	2027-2028
A. Operating Expenditures	\$ 144,336,161	\$ 145,251,593	\$ 151,484,280	\$ 159,730,132	\$ 167,509,808
B. Cost Plan	\$ 11,020,284	\$ 11,020,284	\$ 11,020,284	\$ 11,020,284	\$ 11,020,284
C. Total Expenditures, A+B	\$ 155,356,445	\$ 156,271,877	\$ 162,504,564	\$ 170,750,416	\$ 178,530,092
D. Revenue	\$ 52,723,535	\$ 53,595,448	\$ 49,810,943	\$ 50,315,961	\$ 51,046,040
E. Financing Need, C-D	\$ 102,632,910	\$ 102,676,429	\$ 112,693,621	\$ 120,434,455	\$ 127,484,052
F. Preliminary GFC	\$ 102,632,910	\$ 102,632,910	\$ 102,011,064	\$ 102,011,064	\$ 102,011,064
G. Surplus/(Deficit), F-E	\$ -	\$ (43,519)	\$ (10,682,557)	\$ (18,423,391)	\$ (25,472,988)

Sheriff-Coroner – Due to issues with Oracle and submission timelines, the above numbers do not reflect an accurate financial position of the Sheriff’s Office for FY24-25. While the table indicates a small deficit of \$43,519 in the current fiscal year and \$10.7 to \$25.5 million in forecast years, the department has provided a more up to date estimate of deficits of \$7.6 million in the current year and ranging from \$29.6 million to \$44.4 million as detailed below.

The Sheriff’s Office is projected to end the current fiscal year with a deficit estimated based on mid-year calculations is \$7.643 million. Expenditures are estimated at \$151.7 million or \$7.4 million higher than budget, while revenues are estimated at \$52.4 million or \$243,356 lower than budget.

The Sheriff’s Office deficit in expenditures is largely impacted by unbudgeted negotiated wage increases from various labor unions amounting to \$5.4 million. In addition, \$1.3 million in unbudgeted retirement and separation payouts is an additional factor. As of the writing of this report, the Sheriff’s Office has prepared a Budget Committee report requesting support to seek augmentation funding for the \$1.3 million retirement payouts from the Compensated Absences Assignment Balance Sheet Account from the Board. Additionally, the Sheriff’s Office has initiated expenditure controls and an overtime reduction program aimed at absorbing the unbudgeted wage increases as well as other necessary expenditures with the objective of keeping a balanced budget for the current fiscal year.

The projected deficit of approximately \$243,356 in revenues was attributed to the decrease in estimated revenue from Proposition 172. Additional revenue with an estimated amount of \$303,167 was not accounted for in the Mid-Year estimate. Incorporation of this revenue is pending Board approval for the acceptance of new grant revenue totaling \$85,000 from the State of California Board of State Community Corrections Medical Assisted Treatment (MAT). Additionally, the Sheriff’s Office will collect \$218,167 from the Court Security fund for unbilled service costs. The Department is actively searching for additional revenues to help in the balancing of its Budget.

The Sheriff’s Office projects growing deficits in forecast years ahead, increasing to \$29.6 million in FY 2025-2026; \$37.4 million in FY 2026-2027 and \$44.4 million in FY 2027-2028 primarily due to increases in salary and benefits from negotiated bargaining agreements; cost of living adjustments; increased costs to service agreements, especially the inmate medical services; fleet costs; Cost Plan changes; and increases to general liability and workers compensation insurance in the next three years.

Lastly, the Sheriff’s Office has submitted a total of \$2.2 million claims from FEMA, which includes \$1.1 million from 2020 fires and \$1 million from 2021-2023 winter storms. Receipt of these revenues will potentially augment any deficit in the department revenues in the current fiscal year and in the future.

The Sheriff's Office will continue to seek new funding opportunities to offset increased costs and implement controls in spending to meet a balanced budget at year-end.

Fund 1001 (General Fund)	Modified Budget	Year End Estimate	Forecast		
Department of Social Services	2024-2025	2024-2025	2025-2026	2026-2027	2027-2028
A. Operating Expenditures	\$ 258,482,088	\$ 269,518,114	\$ 297,763,423	\$ 311,643,925	\$ 326,143,113
B. Cost Plan	\$ 10,874,544	\$ 10,874,544	\$ 10,874,544	\$ 10,874,544	\$ 10,874,544
C. Total Expenditures, A+B	\$ 269,356,632	\$ 280,392,658	\$ 308,637,967	\$ 322,518,469	\$ 337,017,657
D. Revenue	\$ 243,007,757	\$ 253,073,544	\$ 274,158,981	\$ 283,057,950	\$ 294,118,534
E. Financing Need, C-D	\$ 26,348,875	\$ 27,319,114	\$ 34,478,986	\$ 39,460,519	\$ 42,899,123
F. Preliminary GFC	\$ 26,348,875	\$ 26,348,875	\$ 22,180,028	\$ 22,180,028	\$ 22,180,028
G. Surplus/(Deficit), F-E	\$ -	\$ (970,239)	\$ (12,298,958)	\$ (17,280,491)	\$ (20,719,095)

Social Services – The Department of Social Services (DSS) estimates year-end expenditures of \$280 million, revenues of \$253 million and GFC of \$27.3 million, resulting in a deficit of approximately \$1 million.

Year-end expenditures are estimated at \$11 million higher than budgeted due to increased salary costs for negotiated staff COLAs and increased entitlement caseload costs for CalWORKS, General Assistance, and Out of Home Care programs. In addition, CalWORKS and Out of Home Care programs received grant COLA increases. Year-end revenues are estimated at \$10 million higher than budgeted, correlating with the increase in reimbursable expenditures by the State for the above programs.

The resulting \$1 million deficit is a net result of \$1 million of unused fund balance and \$2 million deficit in general fund contributions due to the increased county share of costs for both General Assistance and Out of Home Care along with increased costs for county dependent high-risk children in foster care. The increased county share of cost will be covered mostly by sales tax realignment and supplemented with recognized savings in Military & Veterans Affairs due to salary savings due to staff vacancies.

It should be noted that the year-end estimate was completed at a time when only one quarter of fiscal data was available to estimate earned revenues, and these estimates may change before year-end closing. Expenditures in the forecast years are estimated to increase at a higher rate than revenues, leading to forecasted deficits. Realignment was forecasted to be flat with no growth, however, the Governor's January Proposed Budget is forecasting realignment growth. To close the deficit gap in Forecast Year 1, realignment revenues and estimated earned revenues will be re-forecasted using the Governor's forecast and utilize realignment fund balance where possible. For the fund deficits in Forecast years 2 and 3, part of the deficit gap will be covered by realignment growth which was forecasted flat for this exercise.

For the prior year, FY2023-24, DSS ended the year with a deficit of approximately \$6.5 million due to delayed revenue that was not received until after the fiscal year accrual deadlines. The revenue received to balance this deficit is not included in the table above as it does not represent operational revenues for the current fiscal year. Therefore, at the FY2024-25 year end, DSS expects to have a technical surplus of \$6.5 million to return to the General Fund.

Fund 1001 (General Fund) Treasurer-Tax Collector	Modified Budget 2024-2025	Year End Estimate 2024-2025	Forecast		
			2025-2026	2026-2027	2027-2028
A. Operating Expenditures	\$ 11,004,071	\$ 9,468,801	\$ 11,131,184	\$ 11,783,174	\$ 12,388,220
B. Cost Plan	\$ (1,746,577)	\$ (1,746,577)	\$ (1,746,577)	\$ (1,746,577)	\$ (1,746,577)
C. Total Expenditures, A+B	\$ 9,257,494	\$ 7,722,224	\$ 9,384,607	\$ 10,036,597	\$ 10,641,643
D. Revenue	\$ 9,011,649	\$ 7,862,528	\$ 9,255,706	\$ 9,627,029	\$ 10,020,475
E. Financing Need, C-D	\$ 245,845	\$ (140,304)	\$ 128,901	\$ 409,568	\$ 621,168

G. Surplus/(Deficit), F-E	\$ -	\$ 386,149	\$ 149,350	\$ (131,317)	\$ (342,917)

Treasurer-Tax Collector - Tax Collector (TTC) projects year-end expenditures of \$7.7 million, revenue just under \$7.9 million, and a general fund contribution (GFC) of \$245,845, resulting in an estimated surplus of \$386,149. This surplus is largely due to estimated expenditures being under budget by \$1.5 million, primarily due to lower salary and benefit expenditures resulting from vacancies and delayed recruitments as well as having renegotiated vendor contracts with multiple vendors to reduce costs. However, these savings were partially offset by new expenses due to recent labor union agreements. Revenue is projected to be \$1.1 million below budget, primarily a result of lower levels of reimbursable expenditures in the TTC's Revenue and Treasury Divisions. In addition, the repeal of various administrative fees by Assembly Bills 177 and 199 continues to negatively impact previously collectible revenue sources.

Estimated expenditures in forecasted years include negotiated cost of living increases, earned step increases, increases in service agreement expenditures, and countywide increases for healthcare insurance, PERS Retirement, property insurance, and other internal service charges. Forecasted revenue assumes allowable cost recovery based on estimated expenditures for the Revenue Division, Treasury services, and conservative increases based on recent and current year experience.

OTHER MAJOR FUNDS

Road Fund – The Road Fund is a special revenue fund established per State law to account for revenues that are legally restricted for County road and bridge construction and related maintenance projects. The Road Fund's primary funding sources are State Highway User Tax Allocation (HUTA or Gas Tax), the Transportation Agency for Monterey County (TAMC) retail transaction and use tax ordinance (Measure X), the Road Repair and Accountability Act of 2017 (Senate Bill 1 [SB1]), and Transient Occupancy Tax (TOT). Measure X and SB1 produce annual revenues of \$9.9 and \$12.4 million, respectively.

Fund 1201 (Road Fund Fund) Public Works, Facilities and Parks Department	Modified Budget 2024-2025	Year End Estimate 2024-2025	Forecast		
			2025-2026	2026-2027	2027-2028
A. Beginning Fund Balance	\$ 26,682,096	\$ 26,682,096	\$ 8,726,384	\$ 9,767,740	\$ 7,071,853
B. Total Revenues	\$ 61,290,800	\$ 62,439,232	\$ 79,548,598	\$ 64,823,565	\$ 65,811,196
C. Total Expenditures	\$ 78,152,940	\$ 80,394,944	\$ 78,507,242	\$ 67,519,452	\$ 66,001,808
D. Ending Fund Balance	\$ 9,819,956	\$ 8,726,384	\$ 9,767,740	\$ 7,071,853	\$ 6,881,241
E. Increase/(Decrease) in Fund Balance	\$ (16,862,140)	\$ (17,955,712)	\$ 1,041,356	\$ (2,695,887)	\$ (190,612)

The FY 2024-25 revenue estimate is \$1.1 million higher than budget as HUTA and SB1 exceeded the State's estimates and Davis Road Bridge utility relocation funding was approved for the project. Fluctuations in forecasted revenues is a result of Caltrans Federal and State funded projects. The Chualar, San Ardo and Castroville Safe Route to School projects in FY 2025-26 are key factors contributing to a \$17.1 million increase in revenues.

Estimated expenditures exceed the budget by \$2.2, reflecting increases in various projects, like the Local Rehabilitation Program and Pavement Management Seal Coat, that carried over from FY 2023-24, but were not in the adopted budget. The increase also includes salary and benefit increases approved by the new MOU for J, F, and X bargaining units.

Ending fund balance is estimated at a positive \$8.7 million, with \$3.7 million allocated to reserves at year-end. As with prior years, forecasted revenues and expenditures will fluctuate depending on project activity. Measure X and SB1 revenues are the primary fund balance source over the three-year forecast period.

Monterey County Free Libraries – For the current fiscal year estimate, the Library Department estimates using \$96,439 in fund balance compared to the original budget of \$2.0 million. Expenditures are \$1.7 million below budget primarily due to the delay of completion of library projects such as the Gonzales Library and the Pajaro Library, which are now expected in the next fiscal year. Additionally, the Library deferred the purchase of a new South County Bookmobile to offset increases in Salary and Benefits due to approved labor agreements. The Library has salary and benefit savings of \$380,289 due to vacant positions. Revenues for the current year are \$190,662 above budget due to higher property tax collections. The lower expenditures and higher revenue result in a fund balance use of \$96,439.

Fund 1210 (Library Fund Fund) Library Department	Modified Budget 2024-2025	Year End Estimate 2024-2025	Forecast		
			2025-2026	2026-2027	2027-2028
A. Beginning Fund Balance	\$ 9,948,802	\$ 9,948,802	\$ 9,852,363	\$ 7,774,023	\$ 6,492,904
B. Total Revenues	\$ 12,250,446	\$ 12,441,108	\$ 13,084,487	\$ 13,461,448	\$ 13,633,833
C. Total Expenditures	\$ 14,212,669	\$ 12,537,547	\$ 15,162,827	\$ 14,742,567	\$ 14,310,482
D. Ending Fund Balance	\$ 7,986,579	\$ 9,852,363	\$ 7,774,023	\$ 6,492,904	\$ 5,816,255
E. Increase/(Decrease) in Fund B:	\$ (1,962,223)	\$ (96,439)	\$ (2,078,340)	\$ (1,281,119)	\$ (676,649)

The forecast reflects higher expenditures in FY 2025-26 due to the Gonzales branch and Pajaro branch now anticipated to complete in FY 2025-26. Other new projects such as the East Garrison Library, and smaller projects for the Big Sur branch, San Lucas branch, and completion of a parking lot including EV charging at the Greenfield branch are also anticipated next fiscal year. FY 2026-27 and FY 2027-28 show a slight decrease due to completion of Library projects. These projects will require fund balance use to fund book collections, technology, and furniture, fixture, and equipment for the new Gonzales and East Garrison branch as well as the reopening of the Pajaro Library. The Library also anticipates significant increases in salaries and benefits in the forecast period due to higher wages and increases in pension and healthcare costs. The Library anticipates using an estimated \$2.1 million in fund balance next fiscal year to meet project requirements and operational cost increases.

Behavioral Health – Under Welfare and Institutions Code Section 5600, the Health Department’s Behavioral Health Bureau provides a continuum of county-operated and community-based substance use disorder and mental health services. The program primarily provides community prevention programs, crisis intervention, inpatient psychiatric services, social rehabilitation, supportive housing, and outpatient services to Monterey County Medi-Cal beneficiaries who meet the State Department of Health Care Services, Mental Health Division’s medical necessity criteria. In addition, the program also serves many non-Medi-Cal eligible residents who have behavioral health disorders. The Behavioral Health Fund (fund 23) captures these services' financial activity.

Fund 1310 (Behavioral Health Fund) Health Department	Modified Budget 2024-2025	Year End Estimate 2024-2025	Forecast		
			2025-2026	2026-2027	2027-2028
A. Beginning Fund Balance	\$ 30,142,039	\$ 30,142,039	\$ 23,061,519	\$ 11,203,675	\$ 106,922
B. Total Revenues	\$ 164,773,469	\$ 175,518,468	\$ 175,297,271	\$ 174,510,746	\$ 174,463,718
C. Total Expenditures	\$ 170,658,951	\$ 182,598,988	\$ 187,155,115	\$ 185,607,499	\$ 186,692,475
D. Ending Fund Balance	\$ 24,256,557	\$ 23,061,519	\$ 11,203,675	\$ 106,922	\$ (12,121,835)
E. Increase/(Decrease) in Fund Balance	\$ (5,885,482)	\$ (7,080,520)	\$ (11,857,844)	\$ (11,096,753)	\$ (12,228,757)

For the current year estimate, the Behavioral Health Fund expenditures are estimated at \$182.6 million and revenues at \$175.5 million, resulting in an estimated decrease in fund balance of \$7.1 million.

The fiscal year's expenditures are projected to be \$11.9 million above the budget of \$170.6 million. The factors that impacted the increase in spending are an anticipated increase of \$3.5 million in construction costs of the Mental Health Rehabilitation Center and the Pearl Street Renovation Project, as well a projected increase of \$8.4 million in operational costs, which includes salary and benefits. Increases in grant revenues will offset some the higher projected expenditure at the end of the current fiscal year.

The bureau's anticipated revenue is \$10.7 million above the budget of \$164.7 million. The higher revenue is credited to the Mental Health Rehabilitation Center and a projected increase of \$7.2 million in Federal Financial Participation from the prior fiscal year and current fiscal year.

The forecast years depicts a moderate increase in FY 2025-26 due to the Mental Health Rehabilitation Center ramped up construction and decreases over the next year. While the project is expected to be completed in FY 2026-27, future costs will be budgeted outside of the Behavioral Health fund. Fiscal years 2026-27 and 2027-28 depict increases in expenditures, as compared to current year, due to salary and benefit increases and contracted services. Revenues for future fiscal years are projected to remain flat. The Bureau will monitor these impacts as it prepares future fiscal year budgets and will adjust as needed to minimize the impact. As reported in the FY 2022-23 year-end report, the fund balance includes \$8.4 million is assigned funds for potential future Medi-Cal program settlement costs.

Emergency Communications - The Emergency Communications Department provides dispatch and call taking (9-1-1 and non-emergency) to Monterey County residents and law enforcement, fire protection and emergency medical dispatch services for over 30 local, regional, county, and State public safety agencies.

Fund 1340 (Emergency Communications Fund) Emergency Communication Department	Modified Budget 2024-2025	Year End Estimate 2024-2025	Forecast

The Department is operating under a special revenue fund and expects to end the current year with expenditures and revenues totaling \$14.7 million including a County GFC of \$2.3 million. Costs are expected to rise in forecast years due to escalating salaries, pension, and health insurance costs, as

well as rising costs of service agreements that maintain the operations at the department. Costs are charged pursuant to the formula in the 9-1-1 Services Agreement which allocates costs to the agencies served through a 3-factor ratio of jurisdictional workload, property value, and population.

Natividad – Natividad is a county enterprise fund, defined as a governmental fund that provides goods and services to the public for a fee, making the entity self-supporting.

Fund 2010 (Natividad Medical Center Fund) Natividad Medical Center	Modified Budget 2024-2025	Year End Estimate 2024-2025	Forecast		
			2025-2026	2026-2027	2027-2028

Revenue: Net operating revenue for the current year is expected to be \$440.6 million, \$0.4 million higher than budget. The increase in net revenues resulted from an improvement in the patient payor mix and government assistance for higher expenses in providing care. The remaining \$159.9 million in revenue and expenses are offsetting internal government transfers.

Operating Expenses: Expenditures in the current year are estimated at \$427.2 million, \$0.7 million over budget. Labor and supplies expenses are major contributors to increases in expenditure. While higher volume contributed to additional costs, contracted or travel nurses and labor for ancillary services significantly added to labor expenses. Annual wage increases for both union and non-union employees and benefits are factors to labor costs increases. Contracted physicians to provide 24/7 coverage to trauma services also was a factor. The price of supplies also continues to be high compared to previous years.

Capital Expenditures: The current year and the forecasted years include costs for capital projects. Natividad forecasts to spend on average \$10.0 million annually on capital projects. Proposed projects include enhancements to patient flow, seismic compliance upgrade to the facility, installation of a tube system connecting Rehab and Medical-Surgical units with Labor and Delivery, refurbishment of Medical-Surgical Unit 3, upgrade fire alarm system, upgrade to the communication phone system, and replacement of general medical equipment.

Net Results: NMC projects an increase in net position from operations totaling \$13.4 million over the current and decreasing in the forecasted years.

Lake & Resort Operations – The Lake & Resort Operations Fund is an enterprise fund dedicated to managing the operations of Lake Nacimiento. As a self-sustaining entity, it provides goods and services to the public in exchange for fees. The Resort at Lake Nacimiento is operated under an agreement with an external operator. This agreement ensures reimbursement for the operator's expenses, along with monthly management fees and annual incentive payments. Capital expenses, such as infrastructure repairs, remain the responsibility of the County.

Fund 2020 (Parks Lake and Resort Operations Fund) Public Works, Facilities and Parks Department	Modified Budget 2024-2025	Year End Estimate 2024-2025	Forecast		
			2025-2026	2026-2027	2027-2028
A. Beginning Fund Balance	\$ 3,319,861	\$ 3,319,861	\$ 3,098,255	\$ 3,601,382	\$ 4,159,255
B. Total Revenues	\$ 4,789,959	\$ 8,057,934	\$ 4,885,251	\$ 5,026,370	\$ 5,171,724
C. Total Expenditures	\$ 4,703,098	\$ 8,279,540	\$ 4,382,124	\$ 4,468,497	\$ 4,615,244
D. Ending Fund Balance	\$ 3,406,722	\$ 3,098,255	\$ 3,601,382	\$ 4,159,255	\$ 4,715,735
E. Increase/(Decrease) in Fund Balance	\$ 86,861	\$ (221,606)	\$ 503,127	\$ 557,873	\$ 556,480

As of the beginning of Fiscal Year 2024-25, the fund's total Net Position stood at \$3.3 million, which is \$0.4 million higher than originally anticipated, primarily due to the capitalization of assets. The estimated ending Net Position for the year is \$3.1 million, but this figure is expected to rise by \$4.1 million due to the adjustment of assets from ongoing Lake projects. This will result in a total Net Position of \$7.2 million, of which \$5 million is reserved for Investment in Capital Assets. Additionally, \$0.6 million is restricted for specific uses: \$0.3 million for the Zebra/Quagga Mussel Program and \$0.3 million for mobile home rehabilitation, funded by the 2018 Trailer Fire insurance proceeds. The remaining \$1.6 million is available for unrestricted use.

For the current year, the fund is projected to generate \$8.1 million in revenues and incur \$8.3 million in expenditures, resulting in a net loss of \$0.2 million. The increase in revenue estimates, compared to the initial budget, is mainly due to an operating transfer-in of \$3.7 million to cover various project costs. A total of \$3.6 million of these project costs is reflected in the expenditure estimates. Excluding these non-operating revenues and costs, operating revenues and expenditures align with the budget, yielding an operating gain of \$0.1 million, slightly surpassing the budgeted net gain of \$0.09 million.

Revenue forecasts for the next three years show a steady increase of approximately 2-3% per year, driven by an expected rise in Lake visitors once the Lake Lodge renovation and County boat repairs are completed. At the same time, expenditure forecasts are expected to remain under control, with increases in line with anticipated revenue growth.

Laguna Seca Recreation Area (Laguna Seca) – The management and operations of Laguna Seca Recreation Area transitioned to Friends of Laguna Seca (FLS) under a long-term concession agreement in August 2024. FLS is solely responsible for all expenses for the management and maintenance of LSRA, with very limited exceptions. Likewise, all revenues will be retained by FLS.

Fund 2030 (Laguna Seca Recreation Area Fund) Public Works, Facilities and Parks Department	Modified Budget 2024-2025	Year End Estimate 2024-2025	Forecast		
			2025-2026	2026-2027	2027-2028
A. Beginning Fund Balance	\$ 31,130,455	\$ 31,130,455	\$ 28,841,539	\$ 26,393,935	\$ 23,883,404
B. Total Revenues	\$ 22,587,817	\$ 2,673,234	\$ 365,000	\$ 365,000	\$ 176,959
C. Total Expenditures	\$ 23,984,364	\$ 4,962,150	\$ 2,812,604	\$ 2,875,531	\$ 2,771,179
D. Ending Fund Balance	\$ 29,733,908	\$ 28,841,539	\$ 26,393,935	\$ 23,883,404	\$ 21,289,184
E. Increase/(Decrease) in Fund Balance	\$ (1,396,547)	\$ (2,288,916)	\$ (2,447,604)	\$ (2,510,531)	\$ (2,594,220)

The initial FY 2024-25 budget projected a net position of \$8.2 million by the end of the year. However, this is now expected to increase to \$28.8 million, primarily due to adjustments from the prior fiscal year. This includes \$19.2 million in costs for the completed Track and Bridge project at Laguna Seca and \$2.2 million in ARPA capital projects for LSRA, which were moved from the

Capital Projects Fund to Laguna Seca, increasing the beginning net position. Of the total \$28.8 million, \$26.4 million is tied up in capital assets, leaving \$2.4 million as unrestricted.

Revenue and expenditures for FY 2024-25 are expected to decrease significantly compared to the budget, due to the transition of operations to FLS. Under the new concession agreement, FLS has taken full control of the Laguna Seca Recreation Area (LSRA), including its revenues and expenses. The County will start receiving an incentive based on FLS's net operating income, beginning at the end of 2029.

For the remainder of the current year and the next three years, revenue will primarily come from sponsorships for a single event, which will be used to repay the General Fund for a portion of the Track and Bridge project costs. These revenues will be received over several fiscal years.

Expenditures for the next three years will mostly cover overhead costs, including depreciation of County-owned facilities and insurance expenses that the County is evaluating, in addition to those provided by FLS. Salary and benefit costs are no longer expected, as staff will be reassigned within Public Works, Facilities, and Parks. However, the continuing costs absorbed by the Enterprise Fund are expected to deplete the unrestricted net position sooner than anticipated.

Strategic Initiatives

The Strategic Initiatives have been updated and implemented into the County's new Strategic Goals. They will be represented in the FY 2026-27 Recommended Budget Book.

Monterey County's Prior Strategic Initiatives

Monterey County's prior strategic initiatives were one element of an integrated management system focused on understanding how well programs and services are meeting defined goals with the resources provided by County, state and federal funds. The system linked together four previously separate efforts by the County to understand and evaluate programmatic performance.

Each element of the integrated management system provided critical information for the County's officials, staff and the public.

- **Strategic Initiatives** were set by the Board of Supervisors. They established overarching priorities for the County and provided direction to offices and departments during the budget development process.
- **Department Operational Goals** are developed at the office and department level as part of the annual budget development process. These aligned with the Board of Supervisors' prior strategic initiatives.
- **Programs and Services** are delivered by county staff and were designed and budgeted in accordance with established budget goals.
- **Performance Measures** provided a framework to assess the County's programs and services in relation to the Board's prior strategic initiatives. County officials, department directors, managers and supervisors used performance data on an ongoing basis to manage for results and program improvement.

Prior Strategic Initiatives

Policy Area	Prior Strategic Initiative
Economic Development <i>“Enhancing the well-being and prosperity of Monterey County Residents”</i>	Through collaboration, strengthen economic development to ensure a diversified and healthy economy.
Administration <i>“Efficient and Effective Government Operations”</i>	Promote an organization that practices efficient and effective resource management and is recognized for responsiveness, strong customer orientation, accountability and transparency.
Health and Human Services <i>“Health and Wellness for Monterey County Residents”</i>	Improve health and quality of life through County supported policies, programs, and services; promoting access to equitable opportunities for healthy choices and healthy environments in collaboration with communities.
Infrastructure <i>“Meeting our Facilities, Water, Technology and Transportation Needs”</i>	Plan and develop a sustainable, physical infrastructure that improves the quality of life for County residents and supports economic development results.
Public Safety <i>“Creating Safe Communities”</i>	Create a safe environment for people to achieve their potential, leading businesses and communities to thrive and grow while reducing violent crimes.

Key Objectives for Prior Strategic Initiatives

Economic Development

- Create better paying jobs, reduce poverty and increase the revenue base through business expansion while adding to the economic vitality of the County.

Administration

- Achieve a balanced budget each year that sustains core services and efficiently allocates resources.
- Recruit and retain a diverse, talented workforce that supports the mission of Monterey County.
- Foster innovation in order to improve efficiency and effectiveness of County services.

Health and Human Services

- Reduce regional, socio-economic inequities in health outcomes.
- Improve health outcomes through healthy and wellness promotion and access to top quality healthcare.
- Advocate for a sufficient allocation of funds from the state and federal governments that will enable the County to carry out its authorized health care programs.

Infrastructure

- Improve the conditions of County roads and bridges.
- Promote the use of best environmental practices for County facilities and operations.
- Provide for adequate County facilities and infrastructure.
- Protect water quality and provide for adequate water supply.

Public Safety

- Create and sustain a comprehensive approach to reducing violence.
- Attain safe and appropriate facilities to house adult and juvenile offenders that prepare them for successful re-entry to society.
- Engage public safety stakeholders, partners, and whole community in resiliency building activities including emergency reporting, disaster preparedness, mitigation response and recovery.

COUNTY OF MONTEREY

GENERAL FINANCIAL POLICIES

Fiscal Year 2025-26

1. PURPOSE AND BACKGROUND

The stewardship of public funds is one of the most significant responsibilities given to the officials and managers of the County of Monterey (County). The development and maintenance of prudent financial policies enable County officials to protect public interests, ensure transparency, and build trust. Financial policies define a shared understanding of how the County develops its financial practices and manages its resources to provide the best value to the community.

This document centralizes the County's financial policies to establish a framework for overall fiscal planning, management, and guidance. These policies are reviewed, updated, and brought before the Board of Supervisors (Board) as needed but at least annually for adoption. This continued review and adoption promotes sound financial management and helps maintain the County's stability, efficiency, and effectiveness by ensuring the Board's financial guidance is provided before all County actions. The policies also offer guidelines for evaluating both current activities and proposals for future programs and direct the County's financial resources toward meeting its objectives and strategic initiatives.

The policies provide general guidance in the management of the County's fiscal affairs and are to be used by all County departments to meet their obligation to operate in a financially prudent manner. The Recommended Budget adheres to these policies.

2. GENERAL FINANCIAL PHILOSOPHY

The financial policies provide a sufficient financial base and the resources necessary to support and sustain an adequate and responsible community service level to ensure public safety, enhance the physical infrastructure and environment, and improve and maintain the quality of life within our community.

The cornerstone and highest priority of the County's financial policies is fiscal integrity. It shall be the goal of the County to achieve a strong financial condition with the ability to:

- a. Sustain adequate financial liquidity to meet normal operating and contingent obligations;
- b. Provide an acceptable level of medical, social, law enforcement, and other protective services to assure public health and safety;
- c. Ensure a sufficient financial base is maintained to withstand local and regional economic impacts;
- d. Prudently plan, coordinate, review, and implement responsible community development and growth;
- e. Foster the ability to adjust efficiently to the community's changing service requirements;
- f. Maintain and improve infrastructure and capital assets;
- g. Regularly review programs and operational methods to improve processes that result in higher productivity, eliminate repetitive and duplicative functions;
- h. Encourage collaboration with other government entities, the private sector, and public-private partnerships where cost and risk are minimized in the delivery of services within the community;
- i. Promote equitable sharing of costs by service users;
- j. Ensure the legal use of financial resources through effective systems of internal controls;
- k. Support sound financial management by providing accurate and timely information on the County's financial condition; and
- l. Provide a framework for the wise and prudent use of debt financing and maintain a good credit rating in the financial community.

2.1 The Annual Budget

- a. The County Administrative Office will recommend a balanced budget aligning annual expenditures with conservative revenue estimates to minimize the use of fund balance or other one-time financing sources for ongoing operating expenditures;
- b. The County Administrative Office will consult with Department Heads and seek their input in developing the Recommended Budget through cooperative discussions and budget workshops;
- c. The County Administrative Office will keep the Board apprised on the condition of the County's finances and emerging fiscal issues; and
- d. Through the Board's Legislative Committee, the County will work with the California State Association of Counties (CSAC), state representatives, legislative advocates in the State Capitol, and other local government organizations to assure any state programs administered by the County are adequately funded and any realignment of state and county responsibilities are fiscally neutral.

3. ROLES AND FUNCTIONS

3.1 Role of County Administrative Office

The County Administrative Office, led by the County Administrative Officer, serves as the chief policy advisor to the Board of Supervisors (Board). The County Administrative Office promotes responsible resource allocation, strives to protect the County's financial position and integrity, and provides independent analysis on policy issues. The County Administrative Officer is the fund manager for the General Fund and all other funds, and on behalf of the Board, the County Administrative Officer makes independent recommendations regarding all additional funds under their jurisdiction.

3.2 Principal Functions of the County Administrative Office

Principal functions of the County Administrative Office include:

- a. Promoting continuous improvement of the structures, systems, processes, and effectiveness of programs;
- b. Preparing the annual financial plan (Recommended Budget);
- c. Working with departments to evaluate potential federal, state, and local budget impacts;
- d. Developing financial forecasts;
- e. Monitoring revenues and expenditures for conformance with the annual budget;
- f. Recommending effective fiscal policies to carry out programs;
- g. Verifying Board policies are consistently applied; and
- h. Ensuring items brought before the Board are accurate, complete, fully justified, and reviewed by appropriate stakeholders.

3.3 Principal Functions of County Departments

Departments are considered the content experts for the functions they perform. They are responsible for:

- a. Carrying out operations efficiently and cost-effectively while adhering to all county, state, and federal laws, regulations, and policies;
- b. Preparing budgets and financial estimates with attention to accuracy based on their operational expertise, county, state, and federal funding changes, and economic indicators affecting revenues, expenditures, and service levels;
- c. Reviewing, evaluating, and assessing potential federal and state budget issues that may impact local budgets;
- d. Developing and performing financial forecasts;
- e. Monitoring monthly revenue and expenditure performance and conformance with the annual budget;
- f. Meeting the Board's strategic initiatives and its policies; and
- g. Ensuring items brought before the Board are transparent, accurate, complete, fully justified, and reviewed by all appropriate stakeholders.

3.4 Principal Functions of the Budget Committee

The Budget Committee's principal functions include receiving staff updates on financial issues affecting the County and providing oversight and direction to staff in developing and modifying the budget.

3.5 Principal Functions of the Capital Improvement Committee

The Capital Improvement Committee's principal functions are to review the status of projects and establish a priority between competing needs.

4. SERVICES AND FUND STRUCTURE

4.1 General Fund

The County provides a broad range of mandated and non-mandated government services. The cost of these services is accounted for in the General Fund, the County's largest single fund. The General Fund is used to account for revenues and expenditures unless another fund has been created to account for a specific item, activity, or program.

4.2 Other Funds

Other governmental and proprietary funds that account for activities not provided by the General Fund are described below.

Other Governmental Funds

- a. Special revenue funds are used to account for proceeds and expenditures from specific revenue sources to finance designated activities required by statute, regulation, ordinance, resolution, or board order.
- b. Debt service funds are used to provide repayment of debt, such as Certificates of Participation (COPs), short-term borrowing, and other obligations.
- c. Capital project funds are used for capital improvements and specified capital projects.

Proprietary Funds

- a. Enterprise funds are financed and operated like private business enterprises whose services are primarily funded through user charges.
- b. Internal service funds are used to account for any activity that provides goods or services to other funds, departments, or agencies of the County.

4.3 Major Funds

The County Administrative Officer or designee shall have the authority to determine funds that will be considered major funds for financial planning purposes. In addition to significant appropriations, factors that may be considered when designating major funds include political/social sensitivity of the activities financed from that fund, impact or potential impact of that fund on other programs or services, the significance of that fund on financing activities which are of high interest to the County and the public, and the existence of known uses or users of that information (e.g., bond rating companies, investors).

Major funds are as follows, but not limited to: 1) General Fund; 2) Natividad; 3) Facility Master Plan Projects; 4) Road Fund; 5) Library Fund; 6) Behavioral Health Fund; 7) Health and Welfare Realignment Fund; 8) Local Revenue Fund; and 9) Laguna Seca Recreation Area Fund.

5. OPERATING BUDGET

5.1 The County Budget

The Recommended Budget is the central financial planning document that embodies all County departments' goals, objectives, priorities, levels of service, and the associated operating revenue and expenditures. Appropriation authority is granted on the relationship between expected expenditures and revenue; therefore, appropriation authority is granted contingent on this relationship meeting the Recommended Budget. If revenues fall below expected amounts, the department must take all actions available to reestablish a revenue and expenditure relationship that conforms to the Recommended Budget.

The Recommended Budget shall be presented to the Board for adoption in June of each year and presented clearly for a general audience of the public. The Recommended Budget may be modified as approved by the Board during the fiscal year.

5.2 Balanced Budget

The County must adopt a *statutorily* balanced budget. A budget is *statutorily* balanced when the total estimated financing sources (beginning fund balance plus revenues) equal the total appropriations. At no time shall spending in a fiscal year exceed total current revenues plus any fund balance carryover from the prior year.

In addition to adopting a *statutorily* balanced budget, the County ensures the ongoing sustainability of its services by producing a *structurally* balanced budget. A *structurally* balanced budget matches total ongoing expenditures to the annual estimated revenues. In a *structurally* balanced budget, beginning fund balance may not be used as a financing source for ongoing expenditures. Departments have a fiscal objective to avoid using fund balance for operating purposes by aligning annual operating expenditures with annual operating revenues.

5.3 Ongoing Maintenance and Operations Needs

The County will adequately fund ongoing maintenance and operational needs with ongoing annual revenue. Without prior direction and approval by the Board and its Budget Committee, the use of one-time revenues or short-term borrowing is not allowed as a resource to finance ongoing maintenance and operational needs.

5.4 Adequate Maintenance of Capital Facilities and Equipment

The County shall establish as a primary fiscal responsibility the preservation, maintenance, future improvement and, when applicable, orderly replacement of the County's capital facilities and equipment.

5.5 CalPERS

The annual budget will provide adequate funding for all retirement systems. The County contracts with the California Public Employees' Retirement System (CalPERS) to provide retirement benefits under their defined benefit program. As a participant, the County is required to annually fund at a minimum the cost for retiree health benefits, otherwise known as Other Post-Employment Benefits (OPEB). To provide long-term funding for this benefit, the Board authorized joining CalPERS' California Employers' Retiree Benefit Trust (CERBT) and the pre-funding of the County's OPEB liabilities.

Due to its length, the Pension Liability Policy is separate from these policies and available online: <https://www.countyofmonterey.gov/government/departments-a-h/administrative-office/budget-analysis/county-policies>

5.6 Budget Deficits

Departments estimating a budget deficit shall prepare and submit a report to the Budget Committee that outlines the cause of the problem, the alternatives available to mitigate the projected budget deficit, and the department's recommended action. All additions to appropriations, transfers between funds, major plans to reduce service levels, or plans to request funding from the contingencies' appropriation require approval by at least four Board members (4/5ths vote).

5.7 Appropriations and Transfers

The following policy establishes appropriation control at the appropriation unit level, per Section 29120 of the California Government Code. The County Administrative Officer, per Section 29092 of the California Government Code, is the designated administrator over appropriation control, which includes transfers and revisions of appropriations that do not result in an overall increase in appropriations for an appropriation unit.

Accordingly, after budget adoption, a department does not need to request a transfer between major expense categories within the same appropriation unit. The County Administrative Officer has instituted budgetary controls through the financial system limiting total appropriations to the appropriation unit level. Approval of appropriation moves between major expense categories is not necessary. Examples of major expense categories include salary and employee benefits, services and supplies, and other financing uses.

Transfers of appropriations between appropriation units must be approved by Board resolution. Per Section 29125 (a) of the California Government Code, operating transfers in and out between funds are not a transfer of appropriations, as, per Section 29089 of the County Budget Act, transfers out by fund are specified in the budget and are adopted by resolution.

5.8 Responsibility for Budget Management and Budgetary Control

The County shall maintain a budgetary control system to help it adhere to the budget. The County Administrative Office has budgetary control and authority over appropriations. The Auditor-Controller shall administer and maintain the system utilized for budgetary control. As the administrator of the budgetary control system, the Auditor-Controller shall notify the County Administrative Office when a department is reaching an appropriation limit. The Auditor-Controller shall seek guidance from the County Administrative Office on all issues relating to appropriation limits and controls.

County Officers and Department Heads have primary responsibility for managing departmental budgets by:

- a. Providing accurate and timely budget estimates;
- b. Monitoring revenues to ensure timely receipt in the amounts anticipated;
- c. Ensuring that expenditures comply with the law, adopted resolutions, policies, and align appropriations relative to revenues;
- d. Providing prompt notification to the County Administrative Office when either revenues or expenditures are not as anticipated; and
- e. Preparing and justifying budget revisions when necessary.

5.9 Preparation of Financial Reports

The County Administrative Office annually prepares:

- a. A Budget End-of-Year Report (BEYR) to retrospectively report on actual financial performance at a detail and summary level;
- b. A current year estimate and three-year forecast to provide current year performance and forward-looking perspective to advise the Board on future challenges and provide a base for building the following year's Recommended Budget; and
- c. Additional reports, as appropriate, to keep the Board informed on current financial performance and developments.

The Auditor-Controller's Office annually prepares:

- a. An Annual Comprehensive Financial Report (ACFR) as required by the state, that reports on the County's financial position and activities beyond Generally Accepted Accounting Principles (GAAP) or state law requirements, to provide readers with a broader understanding of financial operations;
- b. A Single Audit that reports federally funded County activities, in compliance with the U.S. Office of Management and Budget Circular A-133 Compliance Supplement, to assure the County's adherence to laws, regulations, contracts, and grants applicable to its major federal programs;
- c. A Cost Allocation Plan schedule, as required by the Federal Management Circular A-87 "Cost Principles for State and Local Governments", that confirms and allocates the indirect costs of the County to operating and non-general county departments; and
- d. The countywide annual Tax Rate Book.

The County Administrative Office has oversight and contract management over the external auditors reviewing the ACFR. External auditors shall report to the County Administrative Office on audit findings. The County Administrative Office will take audit findings thereafter to the Board.

5.10 Publication of Budget

The County Administrative Office shall publish annually a Recommended Budget document that satisfies nationally recognized standards for effective budget presentation. The Auditor-Controller shall annually publish an adopted budget document to meet State Controller's Office requirements.

5.11 County Budget Development

Budget development is an annual process incorporating the Board's priorities and weighing competing requests for County resources within expected fiscal constraints. The process begins with departments preparing "baseline" budgets proposing levels of service and staffing that can be carried out within expected resources (e.g., program revenues and general fund contributions). To the extent there are increased costs or reduced revenue, baseline budgets may indicate potential reductions in staffing or services to maintain budgetary balance if additional resources are not provided. Departments may submit "augmentation requests" for additional resources to mitigate potential impacts, increase staffing/services, or invest in infrastructure. The County Administrative Office evaluates baseline budgets and augmentation requests within the constraints of a balanced budget and builds the annual Recommended Budget. Staff considers the following criteria in formulating recommendations for the annual budget and subsequent mid-year budget modifications:

- a. Mandated by current law or Board policy;
- b. Alignment with the County's strategic initiatives and priorities;
- c. Consistent with community priorities expressed in forums, surveys, and other community engagement initiatives;
- d. Necessary to maintain the current level of mission-critical services/operations;
- e. Substantiation of compelling public need (e.g., health, safety, economic vitality, quality of life) that cannot be met within existing resources;
- f. Likelihood of success based on prior performance, degree of planning/specificity, requested resources, and assumed timeline;
- g. Leverages sustainable financial support from non-County sources;
- h. Appropriate placement of responsibility (federal, state, or local);

- i. Degree of urgency; and
- j. Critical infrastructure investment to ensure productivity and continuity of operations.

Criteria in the listing are not exhaustive or in any particular order, nor are they mutually exclusive; funding recommendations may align with more than one criteria.

5.12 Establish Countywide Priorities

The Board has a continuous process of establishing countywide priorities for ensuing years. The Board implements these priorities in the Recommended Budget within the framework of the law. Understanding that elected officials and Department Heads are charged with the actual provision of services to the community, the Board shall set broad priorities to ensure flexibility for departments to concentrate on these priorities.

5.13 Authorization of Elected Officials

In determining service levels, the Board and County Administrative Office recognize that countywide elected officials have constitutional and/or statutorily created mandates and are accountable to the electorate. Although the Board adopts a budget for each department, elected officials will determine the services they will provide within the adopted budgetary constraints. These policies recognize that elected officials have independent constitutional and/or statutory powers to direct service levels and priorities within their departments. These powers are independent of the Board in part because these officials (like the Board) serve at the pleasure of the electorate. However, the Board is responsible for allocating appropriations to all departments.

5.14 Budget Adoption Level

Under the County Budget Act (California Government Code, Sections 29000 through 29144), the Board enacts the annual financial plan (the Adopted Budget) through the passage of a resolution. The resolution mandates the maximum authorized expenditures for the fiscal year and sets appropriation control at the appropriation unit level. An appropriation unit represents one or more budget units and defines the budgetary limits of those budget units. A budget unit represents a program or group of programs providing a similar service. The assignment of an appropriation unit is guided by State Controller financial reporting requirements and/or County requirements. Pursuant to Section 29092 of the County Budget Act, the County Administrative Office is charged by the Board to monitor and make administrative decisions related to appropriation control.

5.15 Amendments to the Adopted Budget

Modifications to the Adopted Budget require approval by at least four Board members (4/5ths vote). Amendments to the Adopted Budget will be made in compliance with Board policies.

5.16 Budgetary Basis

The County uses the modified accrual basis of accounting following Generally Accepted Accounting Principles (GAAP). The budgetary basis is substantially the same as the modified accrual method of accounting that is used for financial reporting for all governmental funds except enterprise funds. The County currently has three enterprise funds which are budgeted based on a full accrual basis of accounting.

5.17 Capital Asset Definition

The County defines capital assets as assets with initial, individual costs of \$5,000 or more and an estimated useful life greater than one year, except infrastructure, for which the threshold is set at \$100,000. Capital assets include both tangible and intangible assets categorized by asset type for reporting purposes.

6. STRATEGIC PLANNING

6.1 Three-Year Forecast

The County uses a Three-Year Forecast strategic model to develop, initiate, and modify policies and budgets. The Three-Year Forecast demonstrates the County's ability to accomplish long-term goals by determining the potential budgetary impacts of current budget decisions. This approach allows the Board to be aware of the probable long-term outcomes of alternative decisions and to select the one that effectively serves the interests of the community within the financial resources of the County.

The Three-Year Forecast identifies fund balances, revenue patterns, expenditure trends, and cash requirements. It is neither a future budget, nor does it recommend services or programs. The Forecast is a guide to assist in making recommendations and building future budgets. The Forecast is designed to facilitate decision-making based on two fundamental questions: "What is the County's financial future without change?" and "What path does the County wish to take for the future?"

The annual Three-Year Forecast is prepared in February by the County Administrative Office, with the subject matter expert assistance of departments. The timeframe allows departments to obtain prior year audited results and six months of actual financial data in the current fiscal year. The Forecast serves as a current year estimate and three-year financial outlook for building next year's Recommended Budget.

7. REVENUE AND EXPENDITURE POLICIES

7.1 Revenue Diversification

A diversified and stable revenue system will be maintained to shelter community services from short and long-term fluctuations to the extent possible.

7.2 Revenue Estimates

Annual revenues are conservatively estimated as a basis for preparing the Recommended Budget. Estimates shall not be based on optimistically hoped-for events but analytical techniques that use historical data, economic trends and indicators, information available from the state and other governmental agencies, and other accepted standards. In general, revenue estimates shall not assume any growth rate that is not well documented. Real growth that occurs beyond budgeted revenue will be recognized through budgetary adjustments. Significant revenues will be estimated by the department that manages the program and then reviewed first by the County Administrative Office and subsequently by the Board's Budget Committee before the adoption of the Recommended Budget.

7.3 Current Revenues

Annual expenditures shall be balanced to ongoing annual revenues without the use of one-time financing. Deficit financing and borrowing will not be used to support ongoing County services and operations without explicit Board direction and approval. The Board shall be advised that interfund loans are required, or the use of non-appropriated funds is requested.

7.4 User Fees

The County charges user fees for various services when it is appropriate and permitted by law. Unless set by policy, regulation, or statute, user fees are established and maintained at the Board's discretion. Fees will generally be set at a level sufficient to cover both direct and indirect costs of the services provided. The service may be subsidized by the County as deemed necessary by the Board. Factors for subsidy consideration include whether a subsidy causes an inappropriate burden on taxpayers, the degree to which the service benefits a segment of the population, whether beneficiaries can pay the fee, and whether the service provides a broader benefit to the community.

All fees for services are reviewed as necessary and adjusted where appropriate. The full cost of providing a service is calculated to provide a basis for setting the charge or fee and incorporates direct and indirect costs, including operations and maintenance, overhead, charges for the use of capital facilities, as well as depreciation. Other factors for fee or charge adjustments may include the impact of inflation, other cost increases, the adequacy of the coverage of costs, current competitive rates, and contractual or statutory restrictions. Part of the decision-making process in establishing new services or increasing service levels should include an analysis of fees and user charges and a desired cost-recovery threshold. Increases may be justified based on outside variables not considered during the baseline budget submissions (e.g., water levels, gas prices, economy).

7.5 One-Time Revenues

The use of one-time revenues for ongoing expenditures is discouraged. Unpredictable revenues are budgeted conservatively, and any amount collected over the budget is generally carried forward in the fund balance.

7.6 Revenues of a Limited or Indefinite Term

Revenues of a limited or indefinite term will generally be used for those limited or unlimited term functions associated with the revenue. If it cannot be done, the revenue is to be considered discretionary revenue. It may be used for one-time expenditures to ensure no ongoing service programs are lost when such revenues are reduced or discontinued.

7.7 Use of Discretionary General Fund Revenue

Departments shall maximize the use of non-General Fund discretionary revenue and minimize the need to use discretionary General Fund revenue to fund programs. The Board will prioritize the use of discretionary General Fund revenue through the annual budget process.

7.8 Maintaining Revenue and Expenditure Categories

The County will maintain revenue and expenditure categories per state statute and administrative regulation and operational needs.

7.9 Outside Organization Contributions

Public Safety Sales Tax (Proposition 172)

Government Code Section 30052 requires Proposition 172 funds be placed into a special revenue fund and expended on such public safety services as sheriffs, fire, county district attorneys, and corrections.

The County has historically shared its Proposition 172 revenues with other agencies to help fund fire districts and offset costs to cities for emergency dispatch services. In the event of fiscal constraints, the Board retains the authority to reduce allocations to other agencies upon findings that internal public safety programs would otherwise require program reductions. The County Administrative Office is charged with determining when a reduction to other agencies would be appropriate and obtaining authorization from the Board to begin those discussions.

Emergency Communications Users' Offset

The Emergency Communications Department receives five percent (5%) of Proposition 172 revenues. The current agreement with user agencies fixed their funding at five percent (5%) of the County's total Proposition 172 revenues for the most recently audited fiscal year (e.g., the FY 2024-25 allocation will be five percent (5%) of FY 2022-23 audited actuals). Overall, ten percent (10%) of Proposition 172 revenues are distributed for emergency communication operations.

Fire Agencies' Distribution

The County shares with the Association of Firefighters and Volunteer Fire Companies 9.13% of the County's Proposition 172 revenue of the most recently audited fiscal year. The various fire agencies allocate the Proposition 172 revenue amongst themselves via their own allocation formula.

Distributions to Sheriff, Probation, and District Attorney

After allocation to local fire agencies and Emergency Communications, 80.87% percent of Proposition 172 revenues are distributed to the Sheriff, Probation, and District Attorney departments as approved by the Board in the base year of FY 1995-96, with growth revenues distributed using the percentages listed below:

<u>Department</u>	<u>% of Growth</u>
Sheriff	61.2%
District Attorney	21.7%
Probation	17.1%

County Agency Distribution

The State Board of Equalization apportions Proposition 172 revenues to each county based on its proportionate share of statewide taxable sales. Due to the disbursement cycle of Proposition 172 revenues from the State Controller, each fiscal year's actual Proposition 172 revenues are not known until August of the following fiscal year.

Proposition 172 Distribution Formula

<u>Agency</u>	<u>Prop. 172 Distribution</u>
Local Fire Agencies	9.13%
Emergency Communications	10.0%
Other Public Safety County Departments	80.87%

Contributions from Transient Occupancy Tax (TOT)

Contributions to Economic Development Set Aside

The County has agreed to annual contributions to the Monterey County Convention and Visitors Bureau, the Arts Council for Monterey, the Monterey County Film Commission, and the Monterey County Business Council, respecting the value these organizations add to the community and their role related to the County Transient Occupancy Tax (TOT) revenues. This contribution is based on a shared percentage of total TOT revenues from the previously audited fiscal year. The Convention and Visitors Bureau receives a contribution equal to 5.03%, the Monterey County Business Council receives a contribution equal to 0.50%, the Monterey County Film Commission receives a contribution equal to 0.76%, and the Arts Council for Monterey receives a contribution equal to 1.58%, totaling a combined 7.87% contribution from the County's TOT revenues. In the event of fiscal constraints, the Board retains the authority to reduce its allocation to these outside agencies upon findings that internal countywide priority programs would otherwise require program reductions. The County Administrative Office is charged with determining when a reduction to outside agencies would be appropriate and obtaining authorization from the Board to begin those discussions.

Contributions to the Road Fund

In FY 2013-14, the TOT contribution percentage for the Road Fund was established by the Board and is currently capped at twenty-five percent (25%) of total TOT revenue. This contribution replaces, and is not in addition to, the \$2.0 million the County previously provided per annum to the Road Fund from the General Fund.

Annual Contributions

Organizations that are not part of the County, but receive contributions from the County, shall not have their appropriation carried forward from budget-cycle to budget-cycle unless authorized and directed by the Board. At the will of the Board, organizations receiving County contributions may be subject to annual review and presentation to the Board on the value and services provided to the community with County funds.

7.10 Appropriations for Contingencies

The County annually adopts an appropriation for contingencies to provide sufficient working capital and a margin of safety for unplanned operational needs. The contingency appropriation may be used at the discretion of and by the action of the Board. The contingency appropriation is utilized only after all other budget resources have been examined. The appropriation for operational contingencies shall be equal to one percent (1%) of estimated General Fund revenues unless expressly modified by the Board as part of the annual budget adoption.

7.11 Performance Measures

Departments shall develop key performance measures that address best practices, desired outcomes, Board strategic initiatives, and annual goals to ensure resource optimization and maximize results. Departments will pursue the most cost-effective means to achieve their performance measures. Performance measures provide the criteria that the Board and management uses to evaluate departmental requests for funding.

7.12 Procurement

Departments shall adhere to standard procurement guidelines that comply with state and federal policies and County procedures. Expenditures are a matter of public record; therefore, purchases should be a prudent use of public funds. Procurement policies are published online: <https://countyofmonterey.sharepoint.com/sites/Infonet/contracts-purchasing/documents-policies/procurement-policies>

7.13 Payment for Goods from Prior Year

Goods and services ordered but not received before the end of the prior fiscal year will be paid from the current year's budgeted appropriations. The department's payment for goods and services to be received or used in the next year are not authorized for payment from current year funds unless the items are dues or maintenance agreements where recurring invoices for the next year are generally due before year-end.

8. FUND BALANCE AND RESERVE POLICIES

8.1 Use of Year-End Fund Balance

The fund balance is a measurement of available financial resources. It is the difference between total assets and total liabilities in each fund. The Board recognizes that the maintenance of fund balance is essential to preserving the County's financial integrity. The County's goal is to use fund balance as a source to finance one-time investments, reserves, and/or commitments. As a one-time financing source, any unbudgeted year-end fund balance will be used for non-recurring expenditures and only after the yearly audit and confirmation of the General Fund's fund balance.

Governmental Accounting Standards Board (GASB) Statement 54 distinguishes fund balance based on the relative strength of the constraints that control the purposes for which specified amounts can be spent. Beginning with the most restrictive constraints, fund balance amounts are reported in the following categories:

- a. **Nonspendable fund balance** – amounts that are not in a spendable form (e.g., inventory) or are legally or contractually required to be maintained intact (e.g., permanent fund principal).
- b. **Restricted fund balance** – amounts that can be spent only for the specific purposes stipulated by external parties, either constitutionally or through enabling legislation (e.g., grants or donations).
- c. **Committed fund balance** – amounts that can only be used for the specific purposes determined by a formal action (resolution) of the Board. Commitments may be changed or lifted only by referring to the formal action that imposed the constraint originally (e.g., the Board's commitment in connection with future capital projects).
- d. **Assigned fund balance** – amounts intended to be used for specific purposes. Intent can be expressed by the Board, or the County Administrative Officer, or designee.
- e. **Unassigned fund balance** – includes all amounts not contained in other classifications and is the residual classification of the General Fund only. Unassigned amounts are available for any legal purpose.

8.2 Fund and Reserve Levels

Sufficient fund balance and reserve levels are a critical component of the County's overall financial management strategy. They are key factors in the ability to sustain service delivery and obtain external financing. Rating agencies analyze fund balance when considering the County's overall financial strength and creditworthiness. Adequate reserves enable flexible financial planning in developing future capital projects, dealing with unforeseen emergencies and changes in fiscal conditions. Each fund shall maintain a level of reserves, providing a positive fund balance throughout the fiscal year. In the event a fund anticipates going in a negative cash position, the fund manager shall immediately bring to the Budget Committee a report outlining the reason(s) along with a financial plan to ensure the fund regains a positive cash balance.

The County uses a strategic reserve policy to provide adequate fund balance throughout the year. All major County funds shall develop a reserve policy and fund a reserve in conformance with their industry's best practices. In the event such best practices are non-existent, the fund shall adopt the

percentages as follows: an appropriation for operational contingencies equal to one percent (1%) of estimated annual revenue and a strategic reserve equal to ten percent (10%) of estimated annual revenue.

8.3 Committed Fund Balance – Strategic Reserve Fund

The County will commit a portion of the fund balance in the General Fund as a strategic reserve to provide the County with sufficient working capital and be used to fund settlement of legal judgments against the County in excess of reserves normally designated for litigation, for short-term revenue reductions due to economic downturns, for natural disasters as determined by the County Administrative Officer or Board, and for one-time-only state budget reductions that could not be addressed through the annual appropriations for contingencies in the General Fund. The County's goal is to maintain a strategic reserve equal to ten percent (10%) of the General Fund estimated revenues. The Natividad Medical Center (NMC) strategic reserve designation, established in 2011, is a sub-designation of the General Fund strategic reserve.

If the strategic reserve is utilized to provide temporary funding of unforeseen needs, the County shall take measures necessary to prevent its use in the following fiscal year by increasing General Fund revenues and/or decreasing expenditures to regain structural balance. The County shall also restore the strategic reserve to the minimum level of ten percent (10%) of General Fund estimated revenues within five fiscal years following the fiscal year in which the event occurred. The plan to restore the strategic reserve shall be included and highlighted in the County's Three-Year Forecast. Funds in excess of ten percent (10%) of the annual requirements may be retained in the strategic reserve or may be considered for other purposes, such as supplementing capital project funds or prepaying existing debt.

8.4 Order of Expenditure of Fund Balance

When multiple categories of fund balance are available for expenditure (e.g., a project is being funded partly by a grant, funds set aside by the Board, and unassigned fund balance), the County will start with the most restricted category and spend those funds first before moving down to the next fund balance category with available funds.

9. INTERFUND LOANS

Interfund loans are the lending of cash from one County fund to another for a specific purpose and require repayment. Interfund loans are typically short-term in nature and constitute the allocation of cash between individual funds for working capital purposes.

Interfund loans may be made for the following reasons:

- a. To offset timing differences in cash flow;
- b. To offset timing differences between expenditures and reimbursements, typically associated with grant funding;
- c. To provide funds for interim financing in conjunction with obtaining long-term financing; and/or
- d. For short-term borrowing in place of external financing.

Interfund loans are not to be used to solve ongoing structural budget issues or hindering the accomplishment of any function or project for which the lending fund was established. Interfund loans are not to be used from fiscal year to fiscal year as a financing strategy. If a fund has a negative cash balance, the department must present the County Administrative Office with a plan for reaching a positive cash balance. A negative cash balance must be addressed in the fiscal year that the fund reaches negative cash.

Interfund loan monies may only be used for the purpose identified in the authorizing resolution. Appropriate accounting records will be maintained to reflect the balances of loans in every fund affected by such transactions. A summary of all outstanding interfund loans will be included in the Annual Comprehensive Financial Report (ACFR).

9.1 Interfund Loan Terms

The Board must approve interfund loans by resolution. The resolution will include a planned schedule of repayment of the loan principal and set a reasonable interest rate to be paid to the lending fund if required by the lending fund's restrictions or regulations during the time the loan is outstanding. Repayment of an interfund loan shall be within the same fiscal year unless otherwise stated in a Board resolution. The County Administrative Office shall have authority for issuing temporary interfund loans for end-of-year purposes and report out these temporary interfund loans to the Board via memorandum.

9.2 Interfund Loan Interest

The following guidelines should be used in establishing the rate of interest:

- a. Not lower than the "opportunity cost" if the funds were otherwise invested, such as the County Treasury Pooled Interest Rate;
- b. Treasury yields or short-term bond yields for a similar term; and
- c. Not higher than the external rate available to the County.

Interest is not required in the following circumstances:

- a. The borrowing fund has no independent source of revenue other than the lending fund; or
- b. The borrowing fund is generally funded by the lending fund; or

- c. The lending fund is the General Fund, which, being unrestricted, can loan interest-free, except to a proprietary fund (such as one of enterprise funds below).

10. ENTERPRISE FUNDS

The County will establish enterprise funds for County services when:

- a. The fund's operations are financed and operated like private business enterprises, where services provided are primarily funded through user charges; or
- b. The Board determines that it is appropriate to conduct a periodic review of net income for capital maintenance, accountability, or other public policy purposes.

The County Administrative Office is the chief advisor to the Board in the creation of an enterprise fund. The County currently has three enterprise funds: 1) Natividad (fund 451*); 2) Lake Resort (fund 452*); 3) Laguna Seca Recreational Area (fund 453*).

10.1 Expenses

Enterprise fund expenses and revenues will be established at sufficient levels to properly maintain the fund's infrastructure and provide significant capital development without requiring County fiscal intervention.

10.2 Rate Structure and Net Position

Each enterprise fund will maintain an adequate rate structure to cover the cost of all operations, including cash flow, capital replacement and maintenance, debt service if applicable, contingency funding, scheduled reserve contributions, and depreciation. Rates may be offset from the available net position only after these requirements are met.

10.3 Services

Enterprise fund services will establish and maintain reserves for general contingency and capital purposes consistent with those maintained for general governmental services.

10.4 Net Operating Revenues

The County will ensure that net operating revenues of the enterprise are sufficient to pay operating expenses, capital costs, and any debt service requirements where applicable, in compliance with the County's fiscal and debt policies.

10.5 Interest from Funds

Unless otherwise directed by statute, regulation, or resolution, interest will be allocated as discretionary financing for an enterprise fund.

10.6 Financial Monitoring and Reporting

The County Administrative Office and departments shall monitor revenues and expenses throughout the year to ensure conformity to adopted budgets. Enterprise funds shall provide the Budget Committee financial status reports on a semi-annual or quarterly basis. Financial reports shall contain a year-to-date summary of expenses, revenues, and cash positions, significant variances, comparisons to previous fiscal years' activity, trends for the current fiscal year, and financial impacts to the General Fund, if any.

11. INTERNAL SERVICE FUNDS

An internal service fund (ISF) is a centralized governmental service that provides services or products on a cost-reimbursement basis to other governmental units or external users with a break-even motive. To qualify as an ISF, the predominant users of the services or products must be the government itself.

11.1 Use of Internal Service Funds

Risk Management

The Office of the County Counsel is responsible for managing the County's general liability (fund 475*) and workers' compensation (fund 476*) ISF funds. These ISFs shall function as funds for paying all judgments, settlements, and claims against the County. The General Liability ISF will reserve adequate funds to cover both excess insured events and events not covered by excess insurance coverage and provide for "recoverable" and "non-recoverable" losses. Both ISFs are currently funded at a seventy percent (70%) confidence level.

Human Resources – Benefits

The Human Resources Department is responsible for managing the County's Benefits ISF (fund 477*). The ISF covers various benefit programs supported by contributions from the County, active employees, and retired employees. Programs include dental and vision benefits for employees and dependents, Employee Assistance Program, Long-Term Disability, Retiree Sick Leave Conversion, and other miscellaneous benefit programs.

Resource Planning

The County Administrative Office has administrative authority over all aspects of the Resource Planning ISF (fund 478*). The Resource Planning ISF provides funds for capital projects that require replacement, maintenance, or upgrades during the asset's life. The fund serves to establish a capital funding process, generating funds over an asset's life, thereby minimizing fiscal impacts to operations.

The Resource Planning Fund's respective sub-funds are the: 1) VAMP-Vehicle Asset Management Program; 2) ERP-Enterprise Resource Planning for Upgrades/Replacement; 3) BIR-Building Improvement and Replacement; and 4) EIR-Equipment Improvement and Replacement.

11.2 General Fund Transfers

In the event there is a large settlement that cannot be funded within the existing ISF reserve, the Office of the County Counsel may submit a request to the County Administrative Office for a transfer from the General Fund or such other fund as may be available and appropriate. Such a request will include, at a minimum, an analysis of the impact of the settlement on the reserve, alternatives for addressing the implications, and the advantages and disadvantages of each alternative.

11.3 Actuarial Studies

The County Counsel-managed ISFs and the Benefits ISF shall complete two annual actuarial studies. The first study will be completed using data through June 30th, and a second ("true-up") actuarial study will be completed with data through December 31st. The June 30th study will be used to set department allocations for the upcoming fiscal year, while the December 31st study will be used for meeting its operational needs (e.g., purchasing excess insurance coverage). County Counsel will work throughout the year to obtain information on potential settlements that could impact reserve levels and provide this information to the actuary as part of the semi-annual actuarial valuation process.

11.4 Internal Service Funds Reporting

Departments that manage ISFs shall provide to the Board and its Budget Committee an annual report outlining funding levels, operational costs, and outcomes of operations.

12. CAPITAL FACILITIES AND IMPROVEMENT POLICIES

12.1 Capital Investments

The County is responsible for investing in the preservation, maintenance, and improvement of buildings, parks, roads, sewers, equipment, and other capital infrastructure. Strategic capital improvement plans, policies, and programs assess future needs and prevent emergencies to avoid major costs. Thus, the Board established the Capital Improvement Program, Five-Year Plan (CIP), which incorporates into the operating budget the fiscal impact of projects including design, construction, equipment, land purchases, and administration. The CIP is prepared and updated annually by the Public Works, Facilities, and Parks Department with review by the County Administrative Office.

Projects in excess of \$100,000 that have an estimated useful life of at least five years and are non-recurring should be included in the CIP for consideration and countywide prioritization. Updates will regularly be made to all projects in various stages of implementation within the CIP and annual review of priorities, needs and staffing levels will be conducted. The CIP shall be consistent with the County's overall goals and objectives and coordinated with economic development infrastructure investments.

12.2 Enhanced Infrastructure Financing District

The Board supports economic development projects that benefit the community and will consider private investment and partnerships with jurisdictions that are interested in forming an Enhanced Infrastructure Financing District (EIFD). This allows collaboration and joint financing to capture increases in assessment and various revenue sources to reinvest the growth in value from large planning projects when an individual entity's resources might otherwise be insufficient. Cooperation provides additional opportunities to issue bonds and attract state and federal grant funding. The EIFD policy outlines the Board's criteria for evaluating proposals.

12.3 Financial Analysis of Funding Sources

Financial analysis of funding sources is conducted for all proposed major capital improvement projects. Operating and maintenance costs should be identified separately, to ensure that adequate funds will be available for ongoing expenses necessary to maximize useful life. The Budget Committee determines available funding sources and provides input toward scope changes to meet any fiscal constraints. Project scope and budget must be defined and submitted to the Board for approval before project funds can be expended.

12.4 Annual Capital Improvement Budget

The Board includes capital project funding during the annual budget process. In general, capital projects that have secured funding to progress in the first year of the CIP will be included in the Recommended Budget. The Board shall determine annual ongoing funding levels for each of the major project categories within the CIP. When considering the priority and funding of each capital project, the County shall consider the operating impacts (e.g., increased staff, facilities maintenance, and outside rentals) of the project.

12.5 Capital Project Reports

Capital projects shall provide the following reports:

- a. Monthly updates of the drawdown schedule for debt-financed projects;
- b. Quarterly reports to the County Administrative Office detailing quarterly forecasts of expenditures for the life of debt-financed projects;
- c. Quarterly updates to the Capital Improvement and Budget committees on implemented capital projects that include the initial approved and modified budgets, expenditures to date, remaining budget and expenditures, original completion date, and if applicable, revised completion date and the phase (in a percentage) the project is toward completion;
- d. Quarterly updates to the Budget Committee on capital funds interest accumulation; and
- e. Semi-annual updates to the Capital Improvement and Budget committees on scheduled and unscheduled maintenance projects.

The County Administrative Office shall provide a quarterly report to the Capital Improvement and Budget committees regarding drawdown schedules for debt-financed projects.

13. DEBT MANAGEMENT

Due to its length and complexity, the Debt Management Policy is reviewed by the Board separately from these policies. The Debt Management Policies are published online: <https://www.countyofmonterey.gov/government/departments-a-h/administrative-office/debt-management>.

14. GRANT MANAGEMENT

The County recognizes that grant funding provides significant resources to enhance the ability to provide services and activities not otherwise available. Consideration will be given to whether grant activities further the County's mission, are part of the core functions of the department, benefit the community, and whether locally generated revenues will be required to support grant activities when grant funding is no longer available. Grants that do not meet these criteria shall be declined.

Departments are responsible for the continuous monitoring of the financial status of grants and compliance with all applicable federal, state, and local regulations, including procurement policies and procedures.

Any position changes related to grant funding must be approved by the Board and adequately classified by Human Resources. Departments are to promptly notify payroll of coding changes needed for those positions being charged to grants since grant codes may change each year.

Departments are responsible for all aspects of the grant process, including planning for grant acquisition, preparing and submitting grant proposals, developing grant implementation plans, managing grant programs, preparing and providing reports to grantors, and adequately closing out grant projects. Department staff and the County Administrative Office will maintain a close working relationship concerning any grant activity to ensure a clear understanding of the project status.

The County manages a variety of programs, which depend on outside grants for partial or full funding. Grants that require a General Fund match must be approved by the Board before the department can apply. In the event of reductions in such external funding amounts, the program service levels will be reduced, and additional County support shall not be provided to compensate for the decrease in outside funding unless approved and directed by the Board.

15. STATE AND FEDERAL PROGRAMS

The County shall operate state and federal programs based on the level of state funding provided and shall not backfill any state cuts with General Fund resources except when mandated, or local priorities dictate a need for a continuance.

APPENDIX

***Board of Supervisor approval of above policy preceded adoption of final new chart of accounts; below is a crosswalk for enterprise and internal service funds referenced in the policy and designated with an asterisk (*)**

Fund Name	Prior Fund Number	Future Fund Number
Natividad Medical Center	451	2010
Lake and Resort Operations	452	2020

Board of Supervisors

Departmental Overview:

Pursuant to California Government Code, section 25000, each county shall have a board of supervisors consisting of five members. The County of Monterey is governed by five supervisors representing individual districts as well as the County in its entirety.

District One, represented by Supervisor Luis A. Alejo, encompasses the urban east, west, north, and downtown areas of the City of Salinas.

District Two, an area spanning from Boronda north through Castroville and Pajaro to the Santa Cruz County line, is represented by Supervisor Glenn Church.

Supervisor Chris Lopez represents District Three, which includes a small part of east Salinas, the four Salinas Valley cities of Gonzales, Greenfield, Soledad, and King City, and south to the San Luis Obispo County line.

District Four, represented by Supervisor Wendy Root Askew, includes south Salinas, Fort Ord, and the cities of Marina, Seaside, Del Rey Oaks, and Sand City.

Supervisor Kate Daniels represents District Five, covering the Highway 68 corridor, Carmel Valley and Pebble Beach, the cities of Carmel-by-the-Sea, Monterey, and Pacific Grove, and south along the Big Sur coastline.

Programs and Functions:

The Board of Supervisors is responsible for establishing and directing the implementation of policies consistent with public needs and the requirements of state and federal laws. As the governing body of the County, the Board of Supervisors acts in the capacity of the Board of Directors of the Monterey County Water Resources Agency and as the governing Board of the Successor Agency and Housing Successor Agency of the County Redevelopment Agency. Board members provide review and policy guidance through the Board of Supervisors' committees, including Budget; Homelessness Health, Housing & Human Services; Capital Improvement; Legislative; Human Resources; Economic Development; and Alternative Energy and the Environment. Additionally, board members represent the interests of the County as members of numerous local and regional committees, boards, and special districts. Supervisorial District Offices coordinate business through the Clerk of the Board and the County Administrative Office. The Board of Supervisors' budget provides salaries and benefits to the board members and their staff, as well as costs for countywide internal services, such as information technology, telecommunications, general liability insurance, and workers' compensation insurance. Appropriations provide for expenses related to the business needs of each supervisorial district, including office supplies, equipment and maintenance, and travel requirements.

Department's Contributions to the County's Prior Strategic Initiatives:

The Board of Supervisors developed and adopted the Strategic Initiatives setting forth policies, key objectives and performance measures for Economic Development, Administration, Health and Human Services, Infrastructure, and Public Safety.

The strategic initiatives have been updated and are currently being implemented into Strategic Goals. They will be represented in the FY 2026-27 Recommended Budget Book.

Summary of Recommendation

The County Administrative Office (CAO) prepares the budget for the Board of Supervisors, working with supervisorial district staff to identify funding requirements. The Recommended Budget includes appropriations for each district to meet salary and benefits requirements at a level consistent with negotiated salary, benefits, and earned step increases.

Appropriations provide for fixed, non-discretionary expenditures and day-to-day business-related costs necessary to meet district and County representation requirements.

Recommended appropriations total \$6,247,365, a decrease of \$135,425 (2.17%) from the FY 2024-25 Adopted Budget. The decrease is primarily attributed to prior-year one-time augmentations for funding for non-

profit needs. Offsetting the reductions are increases attributed to earned salaries, pension contributions, health insurance, and general liability.

Budget Impacts

The Recommended Budget maintains status quo staffing and operations.

Prior Year Accomplishments

The Board of Supervisors continued implementing the adopted Strategic Initiatives setting forth policies, key objectives and performance measures for Economic Development, Administration, Health and Human Services, Infrastructure, and Public Safety:

Economic Development- "Enhancing the well-being and prosperity of Monterey County Residents"

Strategic Initiative: Through collaboration, strengthen economic development to ensure a diversified and healthy economy.

Administration- "Efficient and Effective Government Operations"

Strategic Initiative: Promote an organization that practices efficient and effective resource management and is recognized for responsiveness, strong customer orientation, accountability and transparency.

Health and Human Services- "Health and Wellness for Monterey County Residents"

Strategic Initiative: Improve health and quality of life through County supported policies, programs, and services; promoting access to equitable opportunities for healthy choices and healthy environments in collaboration with communities.

Infrastructure- "Meeting our Facilities, Water, Technology and Transportation Needs"

Strategic Initiative: Plan and develop a sustainable, physical infrastructure that improves the quality of life for County residents and supports economic development results.

Public Safety- "Creating Safe Communities"

Strategic Initiative: Create a safe environment for people to achieve their potential, leading businesses and communities to thrive and grow while reducing violent crimes.

Budget Year Goals

Continue implementation of adopted Strategic Goals and Key Objectives, which assure that County functions are performed to consistently meet Board-adopted goals on behalf of Monterey County citizens. The Board will remain actively engaged with directing and achieving the policy area Strategic Goals to meet key objectives.

Pending Issues

The Strategic Initiatives have been updated and are currently being implemented into Strategic Goals and will be represented in the FY 2026-27 Recommended Budget Book.

Policy Considerations

There are no policy considerations.

Emergency Management

Departmental Overview:

The Department of Emergency Management (DEM) leads and coordinates major countywide services including community disaster preparedness, public preparedness education, emergency planning, public employees' emergency and disaster skills development, response planning, alert and warning, operational area incident response management and short-term recovery. The department develops and sustains effective relationships with residents, county offices and departments, cities, special districts, state and federal agencies, community-based organizations, and other allied stakeholder organizations.

Programs and Functions:

DEM administers a comprehensive range of administrative and emergency management functions to ensure effective disaster preparedness, response, and recovery services are provided to impacted communities.

Its administrative functions include managing day-to-day office operations, overseeing fiscal planning, securing funding for emergency efforts, and advocating for policies that align with state and federal standards. The department coordinates with local agencies and external partners, oversees post-disaster cost recovery efforts, and administers a significant local, state, and federal grant profile. These functions enable DEM to efficiently allocate resources and prepare for unforeseen emergencies.

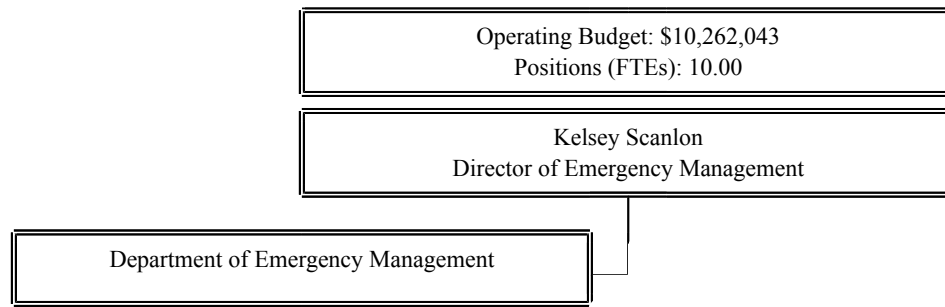

DEM's emergency management programs focus on enhancing County and community preparedness, response, and recovery. Programs include, but are not limited to:

- Disaster Preparedness, Planning and Public Education
- Disaster Service Capability and Capacity Development
- Disaster Response and Recovery
- Emergency Operations Center (EOC)
- First Responder and Disaster Service Worker Support and Training
- Alert and Warning System, Public Information
- Critical Infrastructure and Community Resilience

Department's Contributions to the County's Prior Strategic Initiatives:

DEM has significantly advanced the County's strategic goals by enhancing community resilience, safety, and well-being across the Operational Area by supporting economic development and preparing the County for disaster recovery, safeguarding critical infrastructure, and fostering economic resilience post-disaster. The restructuring of DEM in 2022 strengthened internal operations, improved resource allocation and coordination for large-scale emergencies. DEM is responsible for maintaining, operating, and managing the county Emergency Operations Center (EOC), which serves as a leader in public health and safety by coordinating and overseeing comprehensive disaster response efforts, ensuring the community's safety through cross-sector coordination during emergencies. DEM leads proactive initiatives like public education and outreach programs, which equip residents with the knowledge to prepare for and respond to disasters. During a crisis, the EOC becomes the central hub for managing emergency response, coordinating with local agencies, public safety organizations, and first responders to ensure timely and effective delivery of services. DEM's leadership extends to providing critical resources and support to vulnerable populations, ensuring they receive the help they need during and after a disaster. DEM's management and administration of the emergency alert and warning system, Alert Monterey County, ensures that the public is kept informed with real-time updates, helping residents make informed decisions. Through these efforts, DEM and the EOC not only respond to disasters but also help build resilience and safeguard public health and safety across the community.

Staffing Trends

Expenditure/Revenue History (in millions)

The Board of Supervisors adopted a resolution establishing the County as the Single Operational Area and Operational Area (OA) Authority for the purpose of coordinating inter-jurisdictional emergency management activities during disasters in 1995. DEM leads and coordinates major countywide services including community disaster preparedness, public preparedness education, emergency planning, public employees' emergency and disaster skills development, response planning, alert and warning, operational area incident response management and short-term recovery.

Summary of Recommendation

The FY 2025-26 Recommended Budget for DEM is \$10,262,043 and will be financed through program revenues of \$2,506,037, a General Fund Contribution (GFC) of \$2,806,006 and \$4,950,000 in restricted revenues. This is a decrease of \$1,241,174 and DEM faces the loss of a vacant Management Analyst II position. With the removal of the vacant position the department's positions were reduced to 10 Full-Time Equivalent positions (FTEs).

The Recommended Budget includes an augmentation of \$129,370 to maintain a filled Administrative Secretary position.

Budget Impacts

The GFC reduction will have a significant impact on the department's ability to prepare, respond and recover from potential and existing emergency events. The loss of a Management Analyst position creates a burden on other staff already struggling with existing grant reporting and documentation requirements and limits the ability to seek additional grant opportunities with less staff to manage and administer the grants.

The loss of the position will further impact the ability to meet grant requirements for the Homeland Security Grant and Emergency Management Grant which require staff to attend multiple trainings. DEM has continued to decrease operating costs over the last two fiscal years, delaying new emergency plans necessary to receive funding and prepare for future emergency incidents. DEM submitted augmentation requests, which were not recommended due to other countywide fiscal obligations, for assistance with writing the Emergency Operation and Five-Year Strategic plans, additional positions for Alert & Warning and Public Information Officer, and grant and contract management.

The augmentation request for the EOC Budget was denied, which will severely impact DEM's ability to respond and provide a service level the community has come to expect should an emergency occur, given the constraints of the current fiscal situation.

Prior Year Accomplishments

DEM continued to expand and broaden its community services and outreach while seeking additional grant opportunities after becoming a standalone department on December 31, 2022, and is in its second year of maintaining a department budget.

Incidents and Emergencies

DEM responded to approximately 30 incidents and emergencies throughout the Operational Area (OA). In 2024, the County proclaimed the existence of two local emergencies in the winter; of which one resulted in a Gubernatorial Declaration of a Major Disaster. In addition to the Bomb Cyclone Storm/Power Disruption and Rocky Creek Landslide, the county experienced several notable threats and/or emergencies that did not result in a Local Proclamation of Emergency, including but not limited to wildfires, landslides, tornado warning, flash flooding, and a geomagnetic storm. In early 2025, two emergencies resulted in the proclamation of the existence of a local emergency: flooding and Moss300 Battery Energy Storage System structure fire and hazardous materials incident.

Accomplishments

An atmospheric river event brought heavy rain leading to a breach of the Pajaro River Levee system on March 10, 2023. DEM continues to administer the \$20 million disbursement through Assembly Bill 102 - Budget Act of 2023 (Chapter 38, Statutes of 2023) funds to provide flood relief and resilience programs within and for the community of Pajaro.

DEM launched a new standalone disaster webpage, ReadyMontereyCounty.Org, to serve as a one stop shop for all emergency information in the OA.

In spring 2024, DEM was awarded the "Exceptional Service Award" at the California Emergency Services Association Conference for the County's response and recovery efforts to winter storm flooding in Pajaro and throughout the OA in March 2023.

Staff coordinated the County's participation in the Diablo Canyon Nuclear Power Plant Ingestion Pathway Exercise in Summer 2024.

DEM developed and commenced the implementation of the new Disaster Service Worker Program policies, procedures, organization, and training in the winter.

Over the course of a year, DEM staff planned a functional exercise of the Emergency Operations Center (EOC) to test the Nacimiento Dam Emergency Action Plan in spring 2025.

Budget Year Goals

Pajaro Long-Term Recovery: In December 2023, the Board of Supervisors authorized the Director of DEM to take all steps necessary to implement and administer the grant of \$20 million from the California Office of Emergency Services via the 2023 Winter Storm Flood Relief (WS) Program #WS23 01 0270. This program continues to be the highest priority of the Department in 2025, in addition to developing long-term recovery efforts and community outreach.

2025 Emergency Operations Plan (EOP) Update: DEM plans to commence the fourth EOP in FY 2025-26 in anticipation of the 2025 expiration date.

Disaster Service Worker (DSW) Program: As public employees, County employees are DSWs and may be called to respond in the event of a disaster. DEM will be organizing and training DSWs to serve in a disaster through collaboration with the County Administrative Office and Human Resources Department.

Community Organizations Active in Disasters (COAD): The 2023 Winter Storms highlighted the various ways in which community based organizations and non-profit organizations can solve unique challenges outside of the scope of government disaster services. DEM will be working with stakeholders to develop and establish a County COAD.

Community Emergency Response Teams (CERT): Individual emergency preparedness continues to be a cornerstone of community resilience, especially considering the increasing frequency of inclement weather, extreme heat, wildfires, and the high probability of a major earthquake for our region. Currently, there are only four (4) CERTs in the OA: Carmel Valley, Monterey Peninsula, Big Sur, and Lockwood. Developing new and supporting current CERTs is a top priority of DEM.

Youth Preparedness Program: DEM will be collaborating with the Monterey County Office of Education to roll out a Monterey County Cares for Kids youth emergency preparedness program and provide age-appropriate disaster preparedness education in classrooms.

Cost Recovery and Grant Administration: DEM's fiscal responsibilities have continued to expand due to multiple significant federal disasters that occurred in 2023 and 2024, and the County's exhaustive and robust efforts to protect lives and property. Considerable effort has and will continue to be committed to effective cost recovery of Federal Emergency Management Agency's Public Assistance grant program.

Pending Issues

DEM is responsible for the coordination and general oversight of financial cost recovery of eligible expenses related to disasters. At present, the department is still processing reimbursements from projects affiliated with the following Gubernatorial Declarations: DR-4769 2024 Winter Storms, DR-4699 2023 Winter Storms & Levee Breach, DR-4683 2022-23 Severe Winter Storms, Flooding, Landslides, and Mudslides, DR-4558 2020 Wildfires, DR-4482 2020 COVID-19.

Recovery initiatives in the unincorporated township of Pajaro have remained an ongoing effort, placing additional staffing, and workload demands on the department. Some non-essential or unmandated functions may be suspended to prioritize recovery needs for the community of Pajaro.

Policy Considerations

There are no policy considerations.

Unit Description

DEM ensures that the County has the capability and sustained capacity to prepare for, respond to, and recover from any natural, technological, or human- related emergency or disaster. Responsibilities include coordinating public awareness and education on community risks, hazards, and preparedness actions. DEM ensures that the whole community, including public safety, governmental leadership, private, and non- profit agencies are fully prepared to engage in response, recovery, and mitigation operations. To accomplish this, DEM develops and maintains a variety of emergency planning efforts, including incident response plans, and hazard and function-specific

plans. The coordination and collaboration between federal, state, local, and non- government agencies is the cornerstone of operations.

County Administrative Office

Departmental Overview:

The County Administrative Office (Office) serves as the chief policy and fiscal advisor to the County Administrative Officer (CAO) and the Board of Supervisors. The Office aids and advises the BOS through coordination of county operations and responses to and resolution of countywide issues and challenges. The Office promotes responsible resource allocation, protects the financial integrity of the County and provides independent analysis of policies. This responsibility includes the recommendation of the annual county budget, representation of the BOS in relationships with other agencies, and assistance to offices and departments in analyzing new or changed systems, procedures, and organizations.

Programs and Functions:

The Office has five major divisions within its organization: Administration and Finance, Budget and Analysis, Contracts-Purchasing, Intergovernmental and Legislative Affairs (IGLA), and Economic Development. The Administration and Finance Division includes the CAO, administrative staff, and finance staff. Budget and Analysis provides countywide financial management and policy analysis. The IGLA Division includes the Legislative Program. In addition, the Office includes the following programs: Cannabis, Sustainability, Media/Communications, Homelessness Strategies and Initiatives, and Workforce Development.

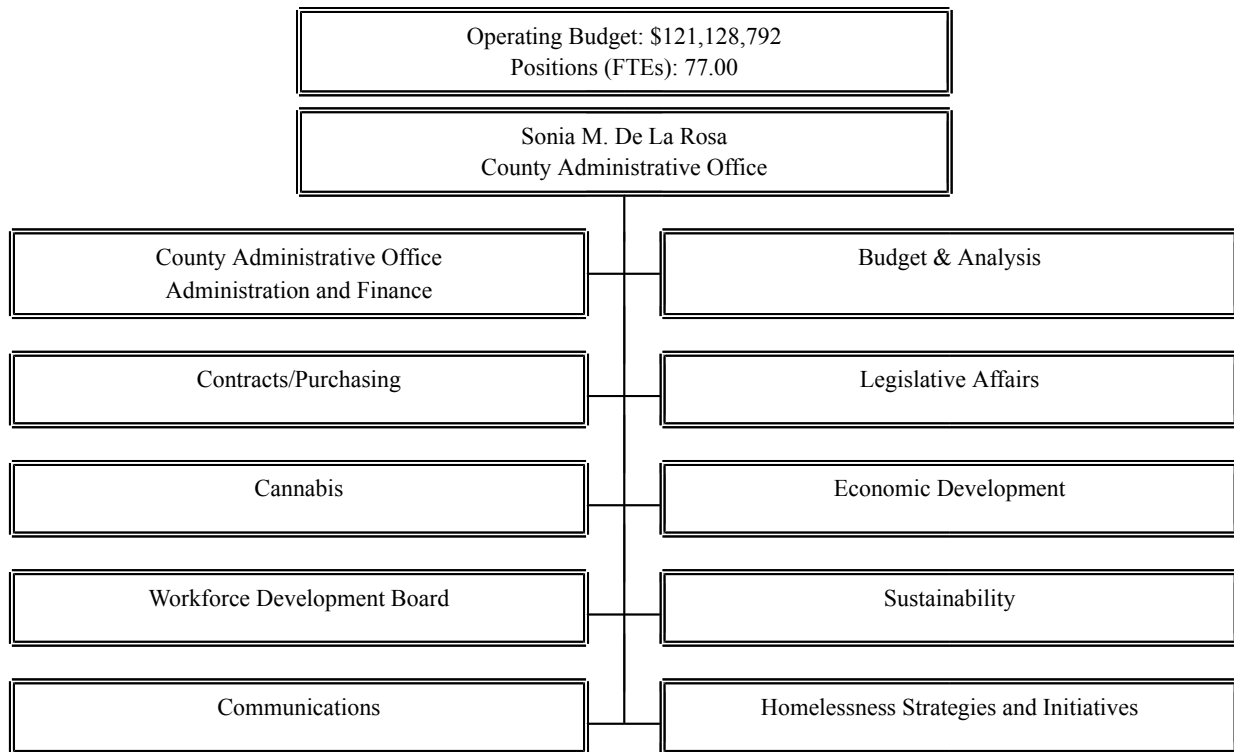

In addition, the Office performs countywide (non-departmental) functions, including: annual debt service, contributions to fire agencies, contributions to other funds within the County and external agencies, appropriations for contingencies, memberships in governmental organizations, enterprise resource planning (ERP), required support for trial courts, and appropriations of realignment monies for health and social services programs. Further detail on these functions is found in the appropriate budget unit descriptions contained in the budget book.

The Office continues to engage in leadership and change management with the focus to provide continuous improvement in the quality, efficiency, and effectiveness of county operations.

Department's Contributions to the County's Prior Strategic Initiatives:

The Office addresses the County Strategic Plan goals by developing a balanced budget each year that sustains core services, improving efficiency and effectiveness of programs, providing leadership for an array of countywide initiatives and projects, and is recognized for responsiveness, strong customer orientation, accountability, and transparency.

Summary of Recommendation

The FY 2025-26 Recommended Budget for the County Administrative Office is \$121,128,792 in appropriations, an increase of \$20,860,259 from the prior year adopted budget. The increase is primarily attributed

to new state grants in Homeless Strategies and Initiatives. The FY 2025-26 Recommended Budget includes an augmentation in Sustainability to support the Climate Action Plan funded by the Cannabis Assignment. Recommended staffing for the Office totals 77 FTE, including 17 allocations on loan positions maintained to loan to offices/departments throughout the County for operational needs.

Budget Impacts

The Recommended Budget includes a \$43,212,425 increase in revenue when compared to the FY 2024-25 budget. This increase is mostly a result of increased property taxes of \$10,812,375 due to increased assessed property values and the award of new Homeless Strategies State grants. This increase includes \$17,709,484 due to a change in budgeting methodology for Cost Plan credits. Both revenue and expenses have grown due to a change in budgeting methodology now including cost plan credits as a revenue, where previously cost plan credits were treated as offsetting expenses. Funding for a Principal Administrative Analyst is discontinued in the Recommended Budget.

Prior Year Accomplishments

Published the Budget End of Year Report, County Financial Forecast, and FY 2024-25 Recommended Budget. Facilitated budget workshops with elected officials/department heads and the Board of Supervisors. Concluded spending of the American Rescue Plan Act (ARPA), which brought \$84.3 million in federal funds to the County to be spent over a 46-month period. Provided oversight of the Measure AA sales tax, which will add additional general fund revenue through a one percent sales tax in the unincorporated County, to be expended in the unincorporated areas. Conducted community meetings to inform and promote public involvement in the budget process. Managed the credit rating process for the County working with Standard & Poor (S&P) and maintained the County's long-term general obligation credit rating of AAA, the highest rating possible. Received Government Finance Officers Association (GFOA) Award for Distinguished Budget Presentation for FY 2024-25. Implemented a new budgeting software system for the Countywide Enterprise Resource Planning (ERP) replacement project.

Led extensive Board of Supervisors, elected officials and department head involvement in development of the County of Monterey Strategic Plan 2025-2028, adopted in March 2025. Coordinated annual Board of Supervisors, Elected Officials, and Department Head Retreat in collaboration with the Board Chair. Assisted in the implementation of the new executive evaluation process for Appointed Officials. Partnered with California State Associations of Counties (CSAC) to bring Leadership Academy opportunities to county employees.

Secured Victims of Crime Act (VOCA) grant funding (\$222,801) from the California Governor's Office of Emergency Services to provide direct services to victims of crime in Monterey County. Funding sustains cost of direct services, referral and case management, training and education services conducted in partnership between the County and internal/external community partners within the county.

Developed and implemented the 2024 Legislative Program and 2024 Strategic Grant Services Program. Planned and facilitated the Board of Supervisor's annual Legislative Workshop with state and federal legislators representing the County. Advocated on proposed state and federal legislation that would directly impact the County and community. Developed and submitted the County's 2024 State Budget and FY 2025 Congressionally Designated Spending requests. Continued Board of Supervisors directed advocacy efforts related to the disaster response and recovery.

Graduated 87 county employees as part of the County Procurement Academy, implemented the County Displaced Worker Program to

support impacted communities, hosted annual vendor exposition leading to the expansion of countywide services with local vendors, completed the update to the County Procurement Manual, and reopened Schilling's Café at 1441 Schilling Place. Oversight and management of over 80 countywide Service Agreements (CSA), countywide contracts, and procurements totaling \$99.3 million. Administered Procurement Card Program with a total spend of \$48.3 million, generating a \$67,000 rebate, and managed County Surplus Program resulting in cost savings of over \$50,000.

Prioritized addressing unsheltered homelessness for FY 2024-25 by collaborating with key stakeholders, relevant departments, and the Board of Supervisors to develop the County's Board of Supervisors Policy on Encampments and securing \$11 million in funding to tackle two significant encampments in South Monterey County. This funding will support the construction of a temporary village with modular tiny homes for interim shelter and the conversion of a motel into permanent supportive housing.

Completed the second annual update to the Comprehensive Economic Development Strategy, issued over \$1.2 million in small business revolving loan funds contributing towards 45.5 new employees and retention of 32 employees, administered several ARPA-funded programs resulting in the release of the first Monterey County Industries & Economic Trends Report, and over 15 workshops in Spanish and English serving over 700 small and underserved businesses countywide. Collaborated with city partners and CAO-Communications on the development and design of Meets Opportunity prospectus.

Led public information efforts for the 2024 Pajaro flood recovery and 2025 Moss Landing Lithium Battery Fire response, launching a campaign to address community needs. Assisted in the implementation of the "Know Your Rights" immigration initiative and county-wide public education campaign. Introduced Supervisors Snapshot newsletter, developed County's 175th Anniversary icon, achieved 624% social media growth, handled 1,700+ media inquiries, and launched new CAO and MGTV websites. Introduced live emergency alerts via MGTV and social media platforms, produced multilingual video assets, created a public resource library, developed disaster training videos, and managed 1,500+ service requests from departments and officials.

Processed 92 applications through the Pajaro Unmet Needs Small Business Disaster Assistance program, issued \$1.5 million to reimburse businesses for losses and/or damages, and \$741,779 towards business beautification projects. Green Cadre's Program youth participants removed over 55 tons of dead eucalyptus from State Park sites, removed or chipped approximately 50,000 cubic feet of down material, packed 10,200 food parcels equating to over 40,000 community members being fed, and served over 2,400 meals to unhoused residents. Collaborated with Joby Aviation, leading to the placement of 45 participants into paid On-the-Job Training (OJT) programs focusing on technical skill development (wages ranging from \$20-\$65 per hour), and provided summer internship opportunities to eight youth with a focus on tech manufacturing. Secured grant funding from Central California Alliance for Health for \$886,260 to fund Community Health Worker (CHW) cohort training for 130 individuals at Monterey Peninsula College and to offset program staffing and operational costs.

Continued oversight of the County Cannabis Program. Collaborated with key County offices/departments, fire districts, and members of the cannabis industry to garner feedback for the 2024-26 Cannabis strategic plan. The plan prioritizes the facilitation of moving cannabis industry members from provisional to annual permits. This facilitation was assisted by a grant from the Department of Cannabis Control that provided \$434,000 in passthrough funds during FY 2024-25 to reimburse operators for expenditures related to transitioning from provisional to annual permit/licensure.

Completed solar projects at 1441 Schilling Pl. and Sheriff’s Public Safety Building, commenced work on additional solar projects at Natividad Medical Center, ITD Building at 1590 Moffett St., and the Government Center at 168 W. Alisal. Collaborated with departments and Natividad Medical Center to procure and install \$238,000 of energy efficient heat pump hot water heaters using State incentive funds and implement LED lighting retrofit projects that will provide \$2.5M of savings over 10 years with no upfront cost to the County. Represented County’s interests in the Regional Climate Project Working Group to draw down large scale grant awards for mutually beneficial climate action projects in the region, securing \$15M grant award from Federal Highway Administration for electric vehicle charging station installation effort. Resumed planning process for Community Climate Action & Adaptation Plan and Municipal Climate Action Plan (CCAAP), with a focus on community outreach. The CCAAP is expected to move forward for adoption in Summer of 2025.

Budget Year Goals

Given the increasingly challenging fiscal landscape, strategies target an achievable and sustainable balanced budget, including prioritizing programs and identifying potential areas for service adjustments. Simultaneously, methods will maximize reimbursement for disaster-related expenses and conduct rigorous financial oversight of proposed capital projects to ensure fiscal prudence. Leadership for long-range

financial planning and prudent budgeting will be targeted as the county right-sizes the organization to match budgetary realities while identifying available resources.

Pending Issues

Discretionary revenue has continued to grow over the years, but this growth has not been sufficient to keep pace with county obligations. This challenge is compounded by increased salary, pension, health insurance, general liability insurance, and workers' compensation costs. The County has used some one-time funds to balance its budget in prior years, but these are no longer available. This recommended budget begins the reduction of vacant positions and services.

Policy Considerations

The Recommended Budget presents Transient Occupancy Tax (TOT) contributions to outside agencies as a fixed amount based on the FY 2022-23 contributions. The General Fund’s contribution to the Road Fund is recommended at the Measure X Maintenance of Effort, but the Board may make changes to this recommendation during the budget hearings.

Description:

The Office's departmental operations include: Administration and Finance, Budget and Analysis, Contracts-Purchasing, Intergovernmental & Legislative Affairs, Cannabis, the Office of Community Engagement and Strategic Advocacy, Workforce Development Board, Economic Development Administration, Sustainability, Homeless Strategies and Initiatives, and Communications.

The responsibilities and programs for each respective unit are discussed in unit narratives following this section.

Summary of Recommendation

The FY 2025-26 Recommended Budget for the Office's departmental operations is \$30,992,142 an increase of \$13,205,252 from the prior year adopted budget. The increase is mainly attributed to new state grants in Homeless Strategies and Initiatives and decreased departmental cost plan recoveries. Both revenue and expenses have grown due to a change in budgeting methodology now including cost plan credits as a revenue, where previously cost plan credits were treated as offsetting expenses.

Unit Description

The Administration and Finance unit consists of countywide executive management and staff for fiscal/financial support to all divisions within the CAO, the Board of Supervisors (BOS), and Clerk of the Board. Daily departmental support includes payroll, accounts payable, accounts receivable, purchase requisitions, expense reimbursements, cost accounting, fiscal grant management, and related interactions with the Auditor-Controller's Office. CAO provides support to Board of Supervisors' district offices in the development of their annual budget requests and budget maintenance throughout the fiscal year.

Unit Description

The Budget and Analysis Division develops and presents the County's annual Recommended Budget, aligning recommendations with the adopted goals, policies, and priorities of the Board. The Division also prepares the annual Three-Year Financial Forecast, Budget End of Year Report, and other financial analysis products such as reports providing analysis and recommendations for solving mid-year unfunded needs.

Other responsibilities include: analyzing weekly Board meeting agenda items to ensure transparency and that recommendations are consistent with Board policy; working with county offices and departments to monitor performance in meeting countywide goals and priorities; providing advisory assistance and analysis to departments on recommendations for new or changing organizational programs, systems, policies and procedures; and evaluating organizational improvements to maximize countywide service delivery and efficiencies. In addition, the

Budget and Analysis Division coordinates and provides professional staff support to the Board's Budget Committee and Capital Improvement Committee.

Unit Description

The Sustainability Program manages projects and programs ensuring compliance with state law and local regulations related to greenhouse gas emissions and sustainable energy. The program develops and implements the Community Climate Action Plan and the Municipal Climate Action Plan, both of which contain strategies to reduce greenhouse gas emissions within county government operations as well as externally countywide through the development of policies and local regulations. The program staffs the Board of Supervisors Alternate Energy and Environment Committee and develops policies and regulations regarding sustainability for consideration by the Board of Supervisors. In addition, the program recommends sustainable infrastructure projects to county offices and

departments and applies for, manages and implements energy-related grants.

Unit Description

County Communications provides clear and effective communication to residents, elected officials, community organizations, business entities, and the media. The team disseminates critical information on county business and urgent issues, provides strategic support to all county offices and departments, and manages the broadcast of public meetings, news briefings, and conferences.

It serves as the official Public Information Office for the County Board of Supervisors, County Administration, and the Department of Emergency Management. The team directs the Monterey County Operational Area's Joint Information Center, particularly during emergency situations, ensuring timely and accurate information reaches the public when needed most. The team facilitates collaboration among various stakeholders, including community organizations, public agencies, and industry groups, on behalf of the County Administrative Office and the Board of Supervisors.

It promotes the County's Alert and Warning System, ensuring timely and accurate information reaches the public. County Communications plays a crucial role in ensuring continuity of government and acts as the primary source of public information for local government partners. The team oversees compliance with county policies regarding public relations, social media management, branding, and web authoring, contributing to the county's overall accountability.

Unit Description

The Cannabis Program (Program) serves as the local regulatory agency for growing and dispensing cannabis. The Program coordinates activities with and between key county offices and departments, external agencies, the state Department of Cannabis Control (DCC), the cannabis industry, and public and community groups. Seven county offices/departments and the fire districts work collaboratively to enforce local cannabis policies and regulations as well as regulations imposed by the DCC and various state and federal agencies. Each of these organizations plays a critical role and requires the program to be well coordinated, with effective internal and external communication to ensure the success of the cannabis industry within the County.

Unit Description

This unit contains the staff and administrative costs of the Economic Development Administration. Staff within this unit are responsible for the County's economic development, Development Set-Aside Agencies funding, small business loans, and the County's Comprehensive Economic Development Strategy. Other responsibilities include staffing the Economic Development Committee (EDC).

Unit Description

The Monterey County Workforce Development Board (MCWDB) delivers career planning, occupational skills training, and employment services to residents across the County through its three Career Centers located in Salinas, Marina, and Seaside. Their mission is to strengthen the regional economy by aligning workforce development programs with businesses in the County's priority industry sectors: Health Care, Agriculture, and Hospitality and Tourism.

MCWDB receives over \$10 million in federal, state, and local grant funding to design and implement programs that serve both adults and young adults. The team also administers a number of regional grants on behalf of the Workforce Development Boards of Santa Cruz and San Benito Counties. A \$1.2 million grant from the state supports job training programs in Health Care, Ag Tech, and Culinary Arts, in collaboration with community colleges in the Counties of Monterey, San Benito, and Santa Cruz. Additionally, a \$1.9 million grant from the California State Workforce Development Board has enabled MCWDB to develop a 350-

hour pre-apprenticeship program, preparing 126 individuals for careers in the building trades through registered apprenticeships.

In response to a series of weather-related disasters in 2023, MCWDB secured a \$1.5 million National Dislocated Worker Grant from the U.S. Department of Labor to provide temporary employment focused on cleanup and restoration of public lands throughout the county. The MCWDB has also partnered with the County’s Department of Emergency Management to administer \$4 million in small business disaster grants, supporting eligible businesses impacted by the 2023 Pajaro levee breach with restoration and beautification projects.

Description:

The CAO’s Non-Departmental unit operations consist of annual debt service, contributions to fire agencies, contributions to other funds within the County and external agencies, appropriation for contingencies, economic development set-asides, memberships in governmental organizations (e.g., California State Association of Counties), Resource Planning Internal Service Fund, pension unfunded liability, support required for trial courts, and appropriation of realignment monies for health and social services programs.

Summary of Recommendation

The FY 2025-26 Recommended Budget for the CAO’s non-departmental operations is \$77,805,568, an increase of \$5,534,726 from the prior year adopted budget, including an increase of \$6,375,770 from the Pension Trust Fund to cover the increase in unfunded accrued liability payment to CalPERS, a \$4,841,645 increase for Building Improvement and Replacement and a \$1,377,394 increase in Equipment Replacement due to cost plan credits budgeted as revenue. Partially offsetting these increases include a \$2,047,974 decrease in Development Set-Aside, a \$1,579,788 decrease in Enterprise Resource Planning, and a \$4,121,223 decrease in transfers to outside funds.

Unit Description

The CAO's Contingency unit maintains the portion of the General Fund appropriation for operational contingencies to provide the County with sufficient working capital and a margin of safety for such impacts as natural disasters, economic shocks resulting in significant revenue shortfalls, and/or program changes. The County's General Financial Policies specify an annual appropriation for contingencies equivalent to 1% of total General Fund estimated revenues. In an emergency and/or

unexpected revenue decline, the appropriation for contingencies may be used at the discretion of and by action of the Board of Supervisors. These funds are utilized only after other budget sources have been examined.

Unit Description

Pursuant to Welfare and Institutions Code, section 17000, counties are required to provide medical care to indigent residents lawfully residing in the County when such persons are not supported by some other means. In prior fiscal years, the CAO's Medical Care Services unit provided a General Fund payment to Natividad Medical Center and the Health Department to cover costs associated with indigent medical care. Beginning in FY 2012-13, a change in accounting for realignment dollars resulted in this unit being used to appropriate Vehicle License Fee (VLF) for the County's Health Department and the Department of Social Services; the County's portion of the Sales Tax Revenue match for health services; and the Sales Tax Revenue match for Mental Health Services.

However, changes in statutes eliminated the requirement for counties to deposit VLF into the General Fund; therefore, they are deposited directly into their respective trust fund accounts.

The Recommended Budget allocates the Public Health Realignment funds as follows: \$532,678 Behavioral Health Mental Health Services and \$3.4 million Health Department's Maintenance of Effort.

Unit Description

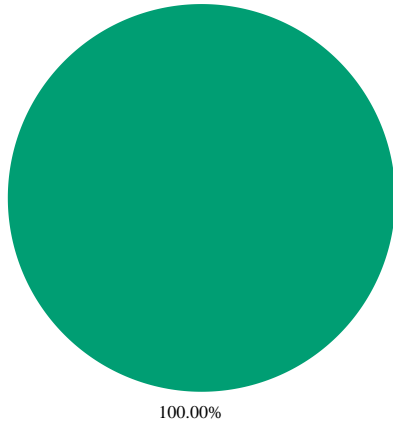

The CAO's Other Financing Uses unit makes payments and contributions from the General Fund to other county funds for debt service, capital projects, contributions, and general subsidies. Funding may also be included for issues requiring additional review, analysis, county services, and issues exempt from the Brown Act (California Government Code, section 54950 and following), such as real estate/property negotiations. Additionally, this unit includes annual transfers to the Road Fund and debt service.

The FY 2025-26 Recommended Budget for Other Financing Uses totals \$21,338,427, a decrease of \$4,121,223 from the prior year, attributed mainly to one-time transfers for Information Technology Department projects funded by the IT Charges Mitigation Assignment.

Unit Description

The CAO's Other General Expenditures unit provides for general-purpose expenses not allocated to an existing office/department or program, including external audit services and the Budget Committee.

External audit services include financial statements, Single Audits, and non-Comprehensive Annual Financial Report (CAFR) entities. The Budget Committee budget allows for engagement of outside firms to conduct audits to ensure independence and oversight of the County's financial reporting process. The Budget Committee's principal functions

include receiving staff updates on financial issues affecting the County and providing oversight and direction to staff in developing and modifying the budget. The Budget Committee will assist the Board of Supervisors in fulfilling its responsibilities regarding financial reporting, internal control systems, and the audit process.

Unit Description

The CAO's Pension Unfunded Liability unit was established to collect unfunded accrued liability (UAL) supplemental pension payments and discretionary revenue contributions to address the County's unfunded pension liability. Contributions from the supplemental payments are held in a Section 115 Trust (established to set aside fund contributions for

paying post-retirement employee benefits) with an external trust administrator.

Unit Description

The CAO's Contributions – Proposition 172 unit accounts for the County's Public Safety Sales Tax [Proposition 172 (1993) (Prop 172) (a permanent statewide half-cent sales tax dedicated to funding local public safety services)] revenues that the County contributes to fire protection service providers in the unincorporated areas. In FY 2011-12, the CAO and the Association of Fire Fighters and Volunteer Fire Companies (Association) agreed to a disbursement model for Prop 172 revenues.

Beginning FY 2011- 12, the County started sharing with the Association 9.13% of Prop 172 revenues for the most recently audited fiscal year.

Unit Description

The CAO's Trial Courts unit accounts for the County's obligations to the state on behalf of the Courts as outlined in Assembly Bill (AB) 233 (Chapter 850, Statutes of 1997), the Trial Courts Funding Act of 1997 and subsequently amended by Senate Bill (SB) 1732 (Chapter 1082, Statutes of 2002) the Trial Courts Funding Act of 2002 (the Act). AB 233 authorized the transfer of responsibility for Trial Courts funding from counties to the state and established an expenditure and revenue Maintenance of Effort (MOE) obligation for each county. The County MOE is based on the amount of County General Funds expended for Trial

Courts operations and the amount of certain designated fines and forfeiture revenues distributed to the state in the base year (FY 1994-95). Additionally, AB 233 required the County to share with the state any increase in revenues on 50-50 basis beyond the revenue base outlined in the Act.

The Trial Courts budget provides for local trial court activities that affect county expenditures and revenues, including: Trial Courts MOE payments; County Facility Payments (CFPs); 50-50 revenue share with the State; revenue collection related costs for specified fines and fees; judicial benefits and other court collection costs, as agreed to between the

County, the Superior Court of Monterey County, and the Administrative Office of the Courts (AOC). Revenues reflect all fines, forfeitures, and fees collected on behalf of the County by both the Superior.

Court of Monterey County and the Revenue Division of the County's Treasurer-Tax Collector's Office. The Revenue Division is responsible for the Criminal Court Collections Program (CCCP) for the County. Pursuant to the Act, the County transferred the Marina Courthouse title to the AOC, effective December 31, 2008. On March 30, 2009, the

County executed a transfer of responsibility for the Monterey, King City, and Juvenile Court facilities. Responsibility for the Salinas North Wing Court Facility transferred to the AOC on October 12, 2010. However, title to the North Wing and Monterey facilities will not transfer to the AOC until the bonded indebtedness, to which the buildings are subject, is paid. CFPs associated with these transfers are budgeted in this unit.

Unit Description

The CAO's Enterprise Resource Planning (ERP) unit is a Resource Planning Internal Service Fund (ISF) component. The unit is composed of an ERP replacement/upgrade reserve for the cost of the County's upcoming ERP replacement. County offices/departments are billed annually for the reserve, thus minimizing fiscal impacts on departmental operations. A given office's/departments's allocation may change yearly

due to changes in the number of their departmental adopted full-time equivalents.

Unit Description

The CAO's Development Set-Aside (DSA) unit provides funding for economic development, tourism marketing, filmmaking, cultural arts programs, and small business outreach that strengthen the workforce in Monterey County and broaden the County's economic base to increase revenue and promote the creation and retention of jobs. The Board of Supervisors designated the Arts Council of Monterey County (ACMC), See Monterey (rebranded in 2023 from Monterey County Convention and Visitors Bureau), the Monterey County Film Commission (MCFC), and the Monterey County Business Council (MCBC) to implement specific aspects of the DSA program. Funding is provided on a formula basis for each entity. More details can be found in the Contributions/Obligations, Liabilities, and Other section.

Unit Description

The CAO's Revolving Loan Program unit was established to reuse grant funds as repaid loans. It includes the County's Small Business Revolving Loan Fund (RLF), which supports the expansion, retention, and attraction of small businesses, commerce, and industry.

The RLF is intended to help diversify and strengthen the economic base of the local area by assisting businesses that cannot secure suitable private financing for start-up and expansion costs. RLF loans range in size from \$10,000 to \$350,000 and have created or helped retain more than 1,100 jobs since 1990.

Human Resources

Departmental Overview:

The Human Resources Department (HRD) is responsible for a range of critical and important functions, including managing and overseeing the employment process, labor relations, classification and compensation, employee benefit programs, maintaining employee records, coordinating employee training, providing counseling on employee rights and human resources matters, and conducting strategic human resources planning.

Programs and Functions:

The Human Resources Administration Division plays a vital role in countywide human resources leadership and support. This division is responsible for developing and implementing policies, liaising with county offices and departments and external agencies, managing public inquiries, providing logistical support, analyzing data, conducting research, and developing programs.

The Employee and Labor Relations Division negotiates, implements, and upholds labor agreements. Additionally, it provides training for supervisors and managers and serves as the County's representative in meet-and-confer processes, grievances, and disciplinary proceedings.

The Employment Services Division employs a range of methods and strategies to attract, recruit, and retain a skilled and diverse workforce dedicated to delivering essential public services. This division also maintains a standardized, competitive, and equitable compensation system.

The Employee Benefits Division administers a full range of benefit programs and services to eligible employees, retirees, and their dependents.

The HR Information Systems Division advances the County's strategic vision by implementing secure and efficient processes and technologies. This includes areas such as data management, reporting and analysis, workforce management, recruitment, compensation, benefits administration, and compliance.

Department's Contributions to the County's Prior Strategic Initiatives:

ECONOMIC DEVELOPMENT

Ensure that county employees receive a competitive salary and benefits package that support their ability to thrive, live, and grow.

ADMINISTRATION

Attract, employ, develop, and retain a dedicated diverse and talented workforce.

HEALTH AND HUMAN SERVICES

Partner with healthcare professionals to create and develop programs that foster healthy work environments and lifestyles for county employees and residents.

PUBLIC SAFETY

Provide a work atmosphere that is safe, healthy, and secure.

Staffing Trends

Expenditure/Revenue History (in millions)

HRD develops and delivers human resources services and programs designed to support the strategic goals of the County.

Summary of Recommendation

The FY 2025-26 Recommended Budget for HRD is \$21,550,800; financed by \$19,246,541 in revenues and \$2,463,509 in fund balance, generating a net contribution to the General Fund of \$159,250. The Recommended Budget includes a large increase in total expenditures compared to the FY 2024-25 Adopted Budget mainly due to the Cost Plan reimbursement showing as revenue instead of as a credit under expenditures as in previous years. The actual expenditures increased by \$850,507 due to a combination of increased costs in the claims and administration fees for the dental and unemployment insurances. The Recommended Budget shows a large increase in revenues due to the Cost Plan credit being moved from expenditures to revenue. The actual revenues decreased by \$100,209 due mainly to a reduction in

contributions to the Other Post-Employment Benefits trust fund. The estimated use of fund balance results from the costs of benefits exceeding revenues, which are purposely budgeted this way to reduce surplus fund balance.

The Recommended Budget includes 39 positions, three of which are Enterprise Resource Planning (ERP) backfills; these three positions are being funded by the ERP Fund.

Budget Impacts

The Recommended Budget does not include augmentations requested for two vacant positions that had to be deleted to balance the budget. These positions are essential to be able to maintain the current levels of service.

Prior Year Accomplishments

Successfully negotiated successor three-year agreements with 19 bargaining units which are set to expire between June 30 and December 31, 2027, and developed and posted negotiation summaries for all agreements.

Hosted the 1st Annual County Job Fair at Hartnell College in Salinas, CA, and almost all 28 county offices and departments participated. In addition, HRD hosted smaller county job fairs at various locations within the County.

Identified a mechanism and placed start and end parameters to track time-to-fill metrics by utilizing the HR Tracking System.

Hosted or participated in over ten career and internship fairs and events.

Reduced the base wage compensation backlog by approximately 83%, decreasing outstanding requests from 90 to 15, by hiring external consultants to assist with completing these studies.

Established limited submission periods for base wage compensation study requests, ensuring timely completion of current-year requests.

Closely monitored California Public Employees' Retirement System's (CalPERS) expansion of the Kaiser medical plan into the County and coordinated the necessary steps for implementation, including customized, targeted webinars to ensure employees were adequately informed about the new health plan coverage available.

Completed and distributed the Americans with Disabilities Act of 1990 (ADA) instructional user guide, providing countywide guidance on reasonable accommodation requests to enhance compliance and support for employees with disabilities, and created a Reasonable Accommodation website to support applicants, employees, supervisors/managers, and HR professionals.

Digitized the Leave of Absence (LOA) Worksheet, adding auto-calculation of health insurance to streamline the LOA management process and reduce errors and rejections.

Conducted several surveys, such as the Employee Engagement Survey, Seven Days from Hire Survey, and Exit and Job Candidate surveys.

Built Onboarding and Employee Appreciation and Recognition Toolkits.

Coordinated and celebrated activities and events, including National Employee Appreciation Day, Public Service Recognition Week, Customer Service Week, and National Working Parents' Day.

Contracted with LEADx, a platform and program focused on leadership development, to launch a Leadership Development Pilot Program for managers/supervisors and their direct reports.

Presented webinars on various topics to support working parents, help employees manage stress during the holiday season, and to help managers/supervisors demonstrate employee appreciation/recognition.

Streamlined HRD's organizational structure with a focus on service delivery and customer service.

Began redesigning the new HR website with an estimated completion date of the end of FY 2025-26.

Collaborated with the Information Technology Department to develop a security framework for departmental access for performance evaluations.

Implemented electronic storage of recruitment files for the County.

Ongoing planning and development meetings with Oracle consultants. Currently in the third phase of five in the system implementation schedule for HR Core, Position Control, Benefits, and Time & Attendance.

Budget Year Goals

Negotiate a foundational agreement with the Union of American Physicians and Dentists and a successor agreement with the California Nurses Association.

Refine internal tracking tools for employee relations matters.

Host the 2nd Annual County Job Fair.

Identify current average time-to-fill for full recruitments conducted for HRD-supported offices and departments and establish time-to-fill goals.

Continue collaborating with educational institutions, employee resource groups, and community partners to participate in their internship and career fairs.

Collaborate with offices and departments to identify potential obsolete classification specifications in the HR classification system.

Establish definitions and frequently asked questions on the classification and compensation process.

Transfer county job classifications to NEOGOV, the comprehensive HR software and management solution, for ease of access by job seekers and to meet Section 508 of the Rehabilitation Act of 1973 web standards compliance.

Review and update the County's leave policy to ensure compliance with new laws and develop standardized leave documents.

Develop a Reasonable Accommodation database to streamline the management of ADA accommodation requests and interactive accommodation process to enhance efficiency, improve tracking of requests, and ensure timely follow-ups.

Develop and implement dental and vision buy-up options to provide employees with greater flexibility in their benefits, offering enhanced coverage choices and allowing employees to select plans.

Develop and distribute a comprehensive LOA Guide, equipping HR staff with clear instructions and best practices

Continue coordinating activities to celebrate the National Employee Appreciation Day, Public Service Recognition Week, National Working Parent's Day, and Customer Service Week.

Complete the Performance Evaluation electronic repository, allowing supervisor/manager access to employee performance evaluations.

Complete implementation of the storage of electronic recruitment files for the 17 departments served.

Continue remaining phases for implementation of the HR Core, Position Control, Benefits, and Time & Attendance modules with planned go-live in January 2026.

Description:

The Human Resources departmental operations include Employee and Labor Relations, Employment Services, Employee Benefits, HR Administration, and HR Information Systems. Responsibilities and programs for each of these divisions are discussed in their budget unit description.

Summary of Recommendation

The FY 2025-26 Recommended Budget for the departmental operations reflects \$8,777,249 in expenditures, \$1,387,920 in interfund reimbursements, and \$7,548,579 in Cost Plan credit, creating a net contribution to the General Fund of \$159,250. The Recommended Budget results in a large increase in total expenditures compared to the FY 2024-25 Adopted Budget due to the Cost Plan reimbursement showing as revenue instead of as a credit under expenditures as in previous years. The actual expenditures decreased by \$23,195 because two positions were deleted to balance the budget and close the funding gap caused by the increased cost of salaries and benefits.

Unit Description

To cultivate a top-tier workforce, the Employee and Labor Relations Division is tasked with nurturing a positive employer/employee work environment. This is achieved by fostering collaborative relationships among employees, management, and employee organizations. Employee and Labor Relations is responsible for administering 14 labor agreements for 21 bargaining units, resolving contract disputes, interpreting statutes and policies, and providing guidance, training and recommendations pertaining to performance management and progressive discipline.

Unit Description

The Employment Services Division provides innovative, responsive, fair and consistent, recruitment and selection services to county offices and departments, employees, and job applicants. This ensures that the County employs and retains a qualified and diverse workforce capable of delivering essential services to the community. This division provides and monitors a competitive and fair compensation system and maintains a standardized and equitable classification system, which define the scope and nature of job assignments, provide ongoing updates of classification specifications, identify job expectations, and support career development options which enable the County to attract, employ, and retain qualified employees.

Unit Description

The Human Resources (HR) Administration Division serves as a cornerstone of countywide HR leadership and support. It is responsible for developing and implementing HR policies, facilitating collaboration with county departments and external agencies, managing public inquiries, and providing logistical and operational support. It conducts data analysis, research, and program development to enhance HR functions while ensuring compliance with legal and regulatory requirements, mitigating personnel-related liabilities, and maintaining policies and procedures.

The division also provides staff support to the Board of Supervisors' HR Committee. It also encompasses the finance section, which oversees budget management, contract administration, and Benefit Programs Fund management in support of all departmental divisions. Its daily financial

operations include managing accounts payable and receivable, payroll processing, purchase requisitions, expense reimbursements, and cost accounting.

Description:

The HR non-departmental operations consist of the Benefit Programs Fund under the management and control of HRD. This fund includes the following benefits: dental insurance, disability insurance, Employee Assistance Program (EAP), Other Post-Employment Benefits (OPEB), unemployment insurance, and miscellaneous benefits.

Summary of Recommendation

The FY 2025-26 Recommended Budget for the HR non-departmental operations is \$14,161,471, financed by \$11,697,962 in revenues and the use of \$2,463,509 in fund balance. The Recommended Budget reflects an increase of \$873,702 in appropriations compared to the prior year adopted budget due to a combination of increased costs in the claims and administration fees for the dental and unemployment insurances. The charges to offices and departments are based on employee utilization and plan design. Over the past years, the Dental, Vision, and Unemployment Funds have accumulated a fund balance surplus; hence the large use of fund balance to bring the balance down.

Unit Description

The Dental Unit is a component of the Benefit Programs Fund and includes revenue and expenditures related to the County's self-insured dental plan. Contributions are calculated on a cost recovery basis through premiums charged to county offices and departments and participating employees. Dental insurance premiums may change from year to year due to changes in the cost of utilization claims. An actuarial study is completed on an annual basis by a third-party provider for an estimate of projected funding requirements and recommended premium rates.

Whenever there is excess revenue in a specific fiscal year, it is kept in the Benefit Programs Fund to be used in future years when expenditures exceed revenue.

Unit Description

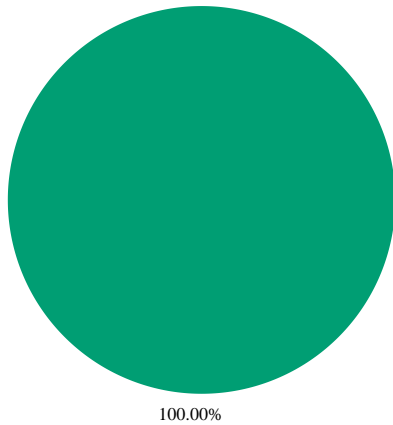

The Disability Unit is a component of the Benefit Programs Fund and includes revenue and expenditures related to the County's disability (long-term and short-term) insurance. Contributions are calculated on a cost recovery basis through charges allocated to county offices and departments based on a flat fee per eligible employee. A given office's or department's allocation may fluctuate from year to year due to changes in number of eligible employees and cost of benefits.

Whenever there is excess revenue in a specific fiscal year, it is kept in the Benefit Programs Fund to be used in future years when expenditures exceed revenue.

Unit Description

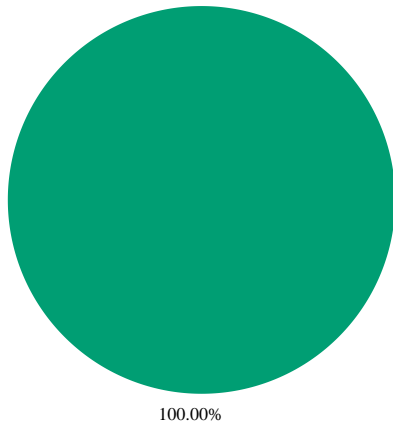

The Employee Assistance Program (EAP) Unit is a component of the Benefit Programs Fund and includes revenue and expenditures related to the County's EAP. Contributions are calculated on a cost recovery basis through charges allocated to county offices and departments based on a flat fee per employee. A given office's or department's allocation may fluctuate from year to year due to changes in number of employees and cost of benefits.

Whenever there is excess revenue in a specific fiscal year, it is kept in the Benefit Programs Fund to be used in future years when expenditures exceed revenue.

Unit Description

The Other Post-Employment Benefits (OPEB) Unit is a component of the Benefit Programs Fund and includes revenue and expenses related to OPEB. The County's OPEB is limited to the state mandated amount that the County pays for retirees' health care, including payments for current retirees and Board of Supervisors' authorized pre-funding of benefit costs for future retirees. Biennial actuarial analyses are performed which determine the County's annual contributions which are charged to county

offices and departments based on employee count and transmitted to the California Employers' Retirement Benefit Trust for investment purposes. Whenever there is excess revenue in a specific fiscal year, it is contributed to the California Employers' Retirement Benefit Trust as an additional contribution.

Civil Rights Office

Departmental Overview:

The Civil Rights Office (CRO) develops and utilizes equitable tools and practices to help advance civil rights policies in the County of Monterey. CRO strives to create a diverse and inclusive culture where everyone working for or interacting with the County is treated equitably and with respect. These goals are achieved by training the workforce, advising County offices and departments on diversity, equity, inclusion, and belonging (DEIB), and enforcing Titles VI (focused on discrimination in programs receiving federal financial assistance) and VII (focused on employment discrimination) of the Civil Rights Act of 1964 (Civil Rights Act), the Americans with Disabilities Act of 1990 (ADA), the California Fair Employment and Housing Act of 1959, the County's nondiscrimination ordinances (Chapters 2.19 - Civil Rights Officer, also referred to as the Equal Opportunity Officer, and 2.80 - Civil Rights Ordinance of the Monterey County Code), related Board of Supervisors policies [Nondiscrimination (P-160), Sexual Harassment (P-260), Language Access and Effective Communication (P-130), and Reasonable Accommodation P-242], and the County's plans for Equal Opportunity (EOP), Community Impact Action, and Title VI Implementation.

Programs and Functions:

CRO develops and provides two mandatory trainings: the California mandated Harassment and Discrimination Prevention (HDP) and the Civil Rights Training (CRT). In addition, CRO creates training and hosts webinars on subjects such as Collaborative Problem Solving and other topics relevant to civil rights. CRO advises County offices and departments on applying equal opportunity law, developing and using equitable tools to support fair recruitment efforts, community engagement, and workplace DEIB practices. CRO reviews and resolves complaints of unlawful discrimination, harassment, and retaliation violating federal and state civil rights statutes.

In addition to internally handling DEIB issues, CRO reviews the same problems related to residents, as established by Title VI. In that role, CRO acts as a conduit to help residents address discrimination issues when interacting with the County to ensure equitable and fair access to services.

Office's Contributions to the County's Prior Strategic Initiatives:

ADMINISTRATION: Administration of the County's EOP and Title VI Implementation Plans. Implementation of mandatory HDP and CRT training and handling of unlawful discrimination, harassment, and retaliation complaints.

HEALTH AND HUMAN SERVICES: Provide training to improve and maintain work satisfaction at a high level by creating/maintaining a more respectful and inclusive workplace culture free from harassment, discrimination, and abusive conduct. CRO created a Collaborative Problem-Solving Training that helps employees build capacity to increase effective communication and address interpersonal and workplace issues. CRT helps participants understand and gain tools to address implicit bias and inequities at the individual and institutional levels, understand cultural competence, and strive for cultural humility. These efforts translate into more culturally appropriate service delivery to the County's residents, including language access and justice.

INFRASTRUCTURE: Supports County offices and departments tasked with planning and developing physical infrastructure by focusing on fairness and equitable access. CRO aids County offices and departments in compliance with the ADA, ensuring County buildings and services are accessible to people with disabilities and provide equitable access to County services, in accordance with Title VI.

PUBLIC SAFETY: Support the County's public safety offices and departments in achieving their goals while interacting with the public to create a safe environment for people to achieve their potential, allowing businesses and communities to thrive and grow.

Summary of Recommendation

The Fiscal Year (FY) 2025-26 Recommended Budget for the Civil Rights Office (CRO) includes \$1,155,863 in appropriations financed by a cost plan credit of \$1,385,500 and a general fund contribution (GFC) of \$(229,637). Both expenses and revenues have grown over the adopted budget due to a change in budgeting methodology now including the cost plan credit as a revenue, where previously cost plan credits were treated as offsetting expenses. Additionally, salaries and benefits increased due to negotiated salary increases and higher pension costs.

The Recommended Budget includes an augmentation of \$18,000 to support CRO's investigation function.

The Recommended Budget includes five positions, no change from the prior year.

Budget Impacts

The Recommended Budget provides for investigation duties at 75% of the department's request, or \$18,000. This will be challenging if there are multiple investigations. Unfunded augmentations for federal and state mandated functions include HDP training and Title VI compliance. Additionally, the Recommended Budget does not include an allocation for the recent Board of Supervisors-approved Community Impact Action Plan and the Language Access Plan within Title VI.

Prior Year Accomplishments

Prioritized investigations drove various initiatives, advancing the Board of Supervisors' efforts to promote DEIB in the County.

Conducted a countywide survey that informed various training opportunities and the latest versions of the County's Community Impact Action Plan and Title VI Implementation Plan.

Created and held the first Collaborative Problem-Solving Academy available to County employees.

Launched a new version of the mandated CRT for County employees.

Actively implementing the Mesoamerican Language Access Project (MeLAP) to enhance language access for Indigenous groups in the County.

Partnered with community organizations to better serve historically under-resourced communities and help the County govern equitably for all.

Budget Year Goals

Provide customized training to county offices and departments on cultural competency, cultural humility, and equity issues.

Continue to provide timely, unbiased, informed support and investigations to County employees and the public.

Provide conflict resolution as an alternative outside of the complaint process, as allowed by federal and state laws and County ordinances and policies, as well as ongoing delivery of the Collaborative Problem-Solving trainings and academies to further equip County employees with resolution skills.

Support county offices and departments in compliance with state-mandated HDP and CRT training and implement a structure that allows

offices and departments to stay on track with their compliance throughout the year.

Pending Issues

The Civil Rights Office has unfinished and newly adopted implementation plans with no budget allocation. This includes the Community Impact Action Plan, and the Title VI Implementation Plan, and the upcoming EOP. As a result, services to the public and employees will be impacted and scaled back, and newly adopted implementation plans may need to be placed on hold.

Policy Considerations

Executive orders and policy changes at the federal level undoubtedly affect the work of CRO, and, in conjunction with County fiscal impacts, may result in services and programs being reduced. Presidential orders include: “Ending Radical and Wasteful Government Diversity, Equity, Inclusion Programs And Preferencing” and “Ending Illegal Discrimination And Restoring Merit-Based Opportunity”. While CRO has not engaged in “wasteful DEI programing,” “preferencing” any groups over others, or ignoring “merit” when it promotes equal opportunities, the County cannot anticipate the federal government actions and the effect of those.

The County remains committed to and will continue this vital work through resolutions, action plans, and updated and amended policies to ensure that all residents and employees of the County can pursue a vibrant and healthy life free from unlawful discrimination and harassment.

Auditor-Controller

Departmental Overview:

The Office of the Auditor-Controller is an elected office in the Executive Branch of the County of Monterey government. The mandated duties of the position are performed under legal authority outlined in the California Government Code, the Revenue and Taxation Code, and the Monterey County Code, and by uniform Generally Accepted Accounting Principles (GAAP) and other authoritative bodies on a state and federal level. The Auditor-Controller (AC) is the County's Chief Accounting Officer. The AC exercises general supervision over accounting forms and methods of organization for county offices and departments and districts under the control of the Board of Supervisors and districts whose funds are maintained in the County's Treasury. Other responsibilities include disbursement of county funds in Treasury, budgetary control, debt payment administration, compilation and publication of the County's financial statements, cost allocation plan, maintenance of tax rolls, tax rate calculations, apportionment of property tax, payroll preparation, disbursement and maintenance of financial records, and payment of claims against the County. The Board of Supervisors may assign additional responsibilities.

Programs and Functions:

The Office of the Auditor-Controller consists of five divisions: Auditor-Controller (Administration), Disbursements, General Accounting, Internal Audit, and Systems Management.

The Administration Division is responsible for strategic planning, policy guidance, and facilitating office environments. The Disbursements Division oversees Accounts Payable, Payroll, and Property Tax. The General Accounting Division provides support and financial oversight via the County's official system of record, adhering to policies, procedures, and processes in accordance with GAAP, the County policies, and state and federal guidelines.

The Internal Audit Division executes audit programs for county offices and departments, special districts, and other agencies. The Systems Management Division maintains the County's official financial system record. In addition, the Auditor-Controller performs (non-departmental) functions such as Public Improvement Corporation (PIC) Debt Service; management of consultant service contracts that monitor the County's sales tax revenue; preparing reimbursement claims for the cost of the County's programs mandated by the state; and annual audits.

Department's Contributions to the County's Prior Strategic Initiatives:

ADMINISTRATION

The Office of the Auditor-Controller promotes an organization that practices efficient and effective resource management and is recognized for responsiveness, strong customer orientation, accountability and transparency, which includes budget control and control over the official system of record. This commitment is reflected in this Office's Vision, Mission, Value Statements, and the Government Finance Officers Association (GFOA) award winning Annual Comprehensive Financial Report (ACFR).

Summary of Recommendation

The FY 2025-26 Recommended Budget for the Office of the Auditor-Controller is recommended at \$22,922,857 in appropriations, financed by \$22,433,984 in revenue, which includes \$7,086,297 cost plan credits, \$2,223,578 in interfund reimbursements, and a general fund contribution (GFC) of \$478,873. Expenditures increased by \$6,230,860 and Revenue increased by \$7,134,397. Both revenue and expenses have grown due to a change in budgeting methodology, now including cost plan credits as revenue, where previously cost plan credits were treated as offsetting expenses. Salary Expenditures decreased mainly due to vacant positions being budgeted at lower steps, and bond-related expenditures

also decreased offset by increases in negotiated salaries and employee health insurance costs.

Budget Impacts

The Recommended Budget does not include any augmentation requests.

Prior Year Accomplishments

Processed W-2 (Wage and Tax Statement) for 6,431 county employees with reported earnings of \$516,269,544.13 for Tax Year 2024.

All special assessments were loaded and balanced, tax rates were approved by the Board of Supervisors, and all 2024-25 tax information was updated in Megabyte, the department's tax system. The secured extension was successfully run in mid-September and secured property tax bills were created.

The FY 2024-25 Tax Rate Book was prepared and published on the Auditor-Controller's website in October 2024.

Property tax apportionments were successfully calculated and distributed on December 20, 2024.

Processed 761 1099 Informational Returns for Tax Year 2024.

Received the Government Finance Officers Association (GFOA) Award for Excellence in Financial Reporting for the FY 2022-23 Annual Comprehensive Financial Report (ACFR).

Assisted with the FY 2023-24 Annual Audit and the Single Audit conducted by the independent auditing firm. The Annual Audit was completed by December 31, 2024. Applied for the Award for Excellence in Financial Reporting from GFOA.

The ACFR for FY 2023-24 was posted to the Auditor-Controller's website on January 3, 2025.

Prepared and submitted the state Financial Transactions report for the County and Special Districts for FY2023-24 by January 31, 2025.

Received the State Controller's Office award for Financial Transactions Reporting for FY 2022-23.

Prepared and submitted the Countywide Cost Allocation Plan for use in FY 2025-26 by December 31, 2024.

Prepared the FY 2024-25 Adopted Budget book by December 1, 2024, and published on the Auditor-Controller's website on December 6, 2024.

Conducted countywide meetings with finance managers regarding year-end preparation and training on the Cost Plan and the Schedule of Expenditures of Federal Awards for Single Audit.

Finetuned the process for printing Internal Revenue Service (IRS) Form W-2s, the Wage and Tax Statements, reducing the printing time from eight to four hours and made W-2s available to county employees prior to the IRS deadline of January 31, 2025.

Corrected unexpected Payroll job run issues such as Affordable Care Act reporting errors, mistakes made in reporting health insurance coverage information, have been corrected and successfully transmitted the file to IRS.

Managed process changes due to replacement of Enterprise Resource Planning (ERP) Budgeting system from CGI to Oracle EPM, managing user access and providing needed support.

Configured 2025 Memorandum of Understanding Bargaining Unit pay updates and special pays.

Conducted quarterly reviews of the Treasurer's cash and investments, as required by state code.

Monitored compliance with the County's Special Districts financial reporting program, as required by state code.

Monitored county office and departments' change and imprest or petty cash funds to ensure compliance with county policy.

Administered and finalized extensions for master service agreements with external audit firms to provide as-needed audit and consulting services.

Assisted county offices and departments with contracting for external audits, administering and overseeing these audits, and providing technical audit assistance.

Supported Oracle implementation by analyzing, extracting, and cleaning data. Processed FY 2024-25 updates including Position Budgeting to CGI HRM and loading budgeted amounts into CGI Financials.

Obtained Board of Supervisors approval of the new Biannual Internal Audit Work Plan for FY 2024-25 & FY 2025-26.

Completed work prioritized in the Board-approved Internal Audit Work Plan for FY 2024-25.

Commenced audits of the Information Technology Department's indirect cost allocation process and provided departmental oversight of outside bank accounts.

Budget Year Goals

Meet with office and department Timekeepers, Finance Managers, and Benefit Coordinators to disseminate information regarding Memorandum of Understanding (MOU) and Fair Labor Standards Act (FLSA) changes and continue training on the County's Travel and Business Expense Reimbursement Policy. Recorded Zoom meetings will be posted for reference and training.

By September 2025, special assessments should be loaded and balanced, tax rates approved by the Board of Supervisors, and FY 2025-26 information updated in the property tax system to run the secured extension process for creating the secured property tax roll.

Calculate FY 2025-26 apportionment factors and compile information by December 31, 2025, to complete the Tax Rate Book for FY 2025-26 and publish on Auditor-Controller's website.

Update and distribute the Accounts Payable Training Manual to countywide finance staff. Updated training documents will be posted for reference and training.

Successfully implement and transition to the Oracle Cloud Fusion System.

Prepare the ACFR for FY 2024-25 and receive an unmodified opinion by December 31, 2025. Apply for and receive the Award for Excellence in Financial Reporting from GFOA.

By December 31, 2025, assist with completing of the FY 2024-25 Annual Audit for the ACFR and compile the Schedule of Expenditures of Federal Awards (SEFA) for use by the external auditors for the Single Audit.

Prepare the State Financial Transactions report for the County and Special Districts for FY 2024-25 by January 31, 2026.

Prepare the Countywide Cost Allocation Plan for use in FY2026-27, by December 31, 2025.

Prepare the FY 2025-26 Adopted Budget book by December 1, 2025, and publish on the Auditor-Controller's website by December 31, 2025.

Meet with department finance managers to continue education efforts and disseminate information regarding accounting and financial reporting procedures and changes in accounting standards.

Provide direction and support in implementing the new Oracle Fusion applications, specifically with improved system's security using role-based access control, workflow, interfaces, data analysis, and reporting for the County's payroll, time and attendance, position control in the compensation systems, financials, and budgeting systems.

Implement new automated Chart of Accounts request process and synchronization of the elements across modules.

Partner with all County departments in implementing system configurations for maximum the utilization of new software capabilities in the new Oracle Fusion systems, increasing effectiveness and efficiencies of the County's business processes.

Continue to lead the operational support for annual calendar year end handling of Wage and Tax Statements Form W-2, Employer-Provided Health Insurance Offer and Coverage Form 1095-C's, critical tax reporting, the Medical Benefits Open Enrollment, fiscal year end position control project management, closing of the fiscal year, preparation of the budgeting module and transfer of adopted positions and budgets for use in the new fiscal year.

Manage process changes and challenges due to the replacement of the software and provide training and systems support.

Due to phased go-live approach, maintain the data integrity and synchronization in Oracle systems while providing support in CGI systems.

Complete the audits identified in the FY25 Internal Audit Work Plan to improve the County's internal control. Begin other audits identified in FY26 Internal Audit Work Plan.

Continue to complete the quarterly reviews of the Treasurer's cash and investments, as required by state code.

Continue monitoring compliance for the County's Special Districts financial reporting program, as required by state code.

Continue to monitor office and departments' change and imprest funds to ensure compliance with county policy.

Continue to assist county offices and departments with contracting for external audits, administering and overseeing these audits, and providing technical audit assistance.

Finalize and obtain Board of Supervisors approval of a new biannual Internal Audit Work Plan, which identifies and prioritizes the internal audit work for FY27 and FY28.

Pending Issues

Pending completion of the State Controller's approval of the preliminary Countywide Cost Allocation Plan for use in FY2025-26.

Policy Considerations

There are no policy considerations.

Description:

The Office of the Auditor-Controller is organized into five divisions: Auditor-Controller (Administration), Disbursement, General Accounting, Internal Audit, and Systems Management

Summary of Recommendation

The FY 2025-26 Recommended Budget for the Office of the Auditor-Controller departmental units is \$7,864,483, an increase of \$6,052,443. Both revenue and expenses have grown due to a change in budgeting methodology, now including cost plan credits as revenue, where previously cost plan credits were treated as offsetting expenses. Revenue increased mainly due to cost plan credits and interfund reimbursements for staff working on the new Oracle Fusion implementation.

Unit Description

Auditor-Controller (Administration) Division is responsible for Department administration, strategic planning, and policy guidance. Responsibilities include employee development, budget development and management, general administrative support services, contract development, and high-level staff supervision. Administration provides overall guidance and direction to the County's System of Record, Enterprise Resource Planning (ERP), which includes: Performance Budget, Advantage Financial and Advantage Human Resource Management (HRM), SymPro Debt and Investment, and Convey Taxport.

The Division interfaces with the cities, Monterey County Department of Education, school districts, Monterey Regional Airport District, Monterey Regional Water Pollution Control Agency, and independent special districts including fire districts, recreation districts, and regional park districts, providing consultation for financing, property taxes and Successor (former Redevelopment) Agency issues.

Unit Description

The Disbursements Division is responsible for Accounts Payable, Payroll, and Property Tax and provides services to independent special districts. The Accounts Payable section audits and prepares vendor payments, credit card payments, and required Internal Revenue Service (IRS) and California State Franchise Tax Board report information.

The Payroll section prepares bi-weekly checks, calculates benefit and year-end tax information, reviews and processes employee reimbursement claim payments, and reconciles payroll functions. It calculates and reports required payroll taxes, CalPERS payments, employee benefit payments, and annual IRS and Franchise Tax Board reports. Garnishments, liens, and levies are also processed.

The Property Tax Section is responsible for calculating property taxes and processing property tax refunds, maintaining the property tax rolls and allocation systems, and allocating and accounting for property tax apportionments. This section publishes the Monterey County Tax Rates book each year based on additional information provided by the County Assessor and from direct taxing entities (cities, special districts, fire districts, school districts, etc.). After collecting property taxes, this section accounts for and apportions (distributes) property taxes to the appropriate taxing entities. No property tax funds may be disbursed without the approval of the Auditor-Controller's Office.

As a result of the dissolution of redevelopment agencies in the state, the Auditor-Controller's Office has been given a variety of additional responsibilities. The Auditor-Controller administers the Redevelopment Property Tax Trust Fund for the benefit of the holders of the former

redevelopment agency enforceable obligations and taxing entities that receive pass-through payments and distributions of property taxes pursuant to legislation.

Unit Description

The Office of the Auditor-Controller maintains the official financial system of record of the County. It is responsible for the business computer systems that support the accumulation and reporting of these official records. These systems include Megabyte Property Tax system, SymPro Debt, and the Enterprise Resource Planning (ERP) system, namely CGI Advantage, to include the following modules: Performance Budget, Advantage Financial, Advantage HRM, Vendor Self Service, Employee Self Service, InfoAdvantage reporting.

Systems Management provides procurement, development, implementation, and production support for countywide and office- and department-administered systems in collaboration with the Information

Technology Department, other agencies, and vendors. Systems Management is staffed by ERP Business Analysts who provide countywide end-user business solutions, assure business requirements are met, and operations are effective and efficient.

Unit Description

General Accounting maintains the County's official system of record, produces, approves, and enforces accounting policies, procedures, and processes, ensures financial reporting by Generally Accepted Accounting Principles (GAAP), and ensures the County policies and state and federal guidelines are followed.

The Unit also prepares the Adopted Budget Book, enforces budgetary controls, and reconciles fixed asset activity to the County's inventory. General Accounting is responsible for the preparation of the Annual Comprehensive Financial Report (ACFR) and compilation of program data for the Single Audit Report by Uniform Guidance. The Unit prepares the Countywide Cost Allocation Plan (CAP) by Office of Management and Budget (OMB) Title 2 Code of Federal Regulations (CFR) Part 200 - Uniform Administrative Requirements, Cost Principles, and Audit County of Monterey Recommended Budget FY 2025-26

Requirements for Federal Awards, which is used to claim reimbursement of indirect costs from the federal and state governments.

This Unit is also responsible for continuing debt disclosure filings for the and making the debt payments for the County and school districts. In addition, the Unit calculates the GANN Limit (a spending cap on state and local government revenue, established by Proposition 4 - Government Spending 'Gann Limit' Initiative in 1979) for the County and Board of Supervisors governed special districts, prepares the State Controller Financial Transactions Reports, monitors countywide external checking accounts, coordinates Countywide Senate Bill (SB) 90 (Statutes of 1972) the Mandated Cost Reimbursement law, claiming activities, performs public safety accounting and reporting for Proposition 172 - the Local Public Safety Protection and Improvement Act of 1993, performs Realignment Sales Tax accounting, and monitors the County's franchise fee collection.

Unit Description

Annual Audits include funding for the Sales and Use Tax audit, SB 90 state mandate claiming services, and contracted audits required by the Auditor-Controller. The Sales and Use Tax audit identifies and recovers sales and use tax allocation errors, helps maximize tax revenues from specific projects and business situations, and provides ongoing data, analyses, and staff expertise to support fiscal planning and economic development. state law (SB 90) provides for reimbursement of costs incurred by local agencies for various state- mandated services.

Unit Description

The Public Improvement Corporation (PIC) Debt Service funds debt payments and related expenses for Certificates of Participation (COPs) issued by the PIC. COPs are long-term financial commitments whereby the County transfers title of a particular property to the PIC. The PIC then leases the facility back to the County and sells participation in the lease revenue stream to investors in the form of bonds.

Treasurer-Tax Collector

Departmental Overview:

Consistent with California Government Code, section 27000, the Treasurer-Tax Collector serves the residents of the County of Monterey and public agencies by protecting the public trust through the delivery of valuable professional and innovative services in the collection of property taxes, other county taxes, fines and fees, and through the implementation and oversight of banking and investment services.

Programs and Functions:

Property Tax - Administration and enforcement of state law and Monterey County Code providing for the collection of property taxes on behalf of the County, school districts, cities, special districts, community service districts, and libraries throughout the County. The Property Tax Division collects transient occupancy taxes (TOT) and commercial cannabis business taxes in unincorporated areas of the County. It administers the County's Business License Ordinance, including requirements for the issuance, annual review, and renewal of business licenses for unincorporated area permitted cannabis operations and short-term rentals. These activities historically provide the County's most significant sources of annual discretionary revenues, supporting the ability to achieve a balanced budget that sustains core services and efficiently allocates resources to address local priorities and Board-established strategic goals.

Revenue Division - Performs billing and collection services of court-ordered fines and fees for the Probation Department and, through an agreement with the local Superior Court of California, which allows the Division to recover its costs from a portion of funds collected.

Treasury - Safeguards and prudently invests all deposits for the County, all school districts, and numerous special districts in Monterey County. Treasury responsibility includes oversight and managing a pooled portfolio that provides for the safety and liquidity of cash assets.

Department's Contributions to the County's Prior Strategic Initiatives:

ADMINISTRATION

The Treasurer-Tax Collector is committed to efficient and effective resource management and is recognized for responsiveness, strong customer service orientation, accountability, and transparency. The departmental culture includes a broad focus on continual evaluation of operational functions to improve the efficiency and effectiveness of services, deliver excellent customer service, increase general fund revenue, and minimize the cost of collections.

Staffing Trends

Expenditure/Revenue History (in millions)

The Treasurer-Tax Collector tracks key performance measures to monitor the success and effectiveness of departmental activities and professional services relevant to Treasury banking and investment services, the collection of transient occupancy taxes (TOT) and the collection of property and cannabis business taxes by the Tax Division, as well as customer service ratings related to Court ordered fines, fees, and restitution collected through the collections program.

Key Performance Measures	2022-2023 Actual	2023-2024 Actual	2024-2025 Mid-Year
Treasury - Percentage of invested portfolio maintaining a weighted average maturity (WAM) of two years or less. Target = 100%	100%	100%	100%
Tax - Percentage of property taxes collected - SECURED. Target (annual) = 97%	99%	98.8%	58.0%
Tax - Percentage of property taxes collected - UNSECURED. Target = 96%	97.50%	98.0%	97.6%
Revenue - Percentage of customers who rate services received as excellent. Target = 90%	99.60%	99.0%	98.2%

Summary of Recommendation

The Recommended Budget for the Treasurer-Tax Collector (TTC) is \$11,639,312 in appropriations, financed by estimated revenues of \$11,427,271, which includes \$1,735,441 in cost plan credits, \$1,037,741 intrafund reimbursements, and a general fund contribution (GFC) of \$212,041. Expenditures reflect an increase of \$2,381,818 primarily due to negotiated salaries, California Public Employees Retirement System (CalPERS) contributions, healthcare benefits, workers' compensation, earned annual step increases, and banking and investment services as TTC continues to experience growth in assets. Both revenue and expenses have grown due to a change in budgeting methodology, now including cost plan credits as revenue, where previously cost plan credits

were treated as offsetting expenses. Revenue is projected to increase by \$2,415,622 primarily from increased cost recovery service charges for the Revenue Division and Treasury.

Budget Impacts

The TTC's recommended budget prioritizes the retention of current staffing and maintaining existing service levels. The TTC has renegotiated several contracts to reduce costs for services and supplies where possible to fund non-discretionary increases for salaries and benefits and internal service charges within allocated levels of available General Fund Contributions (GFC) and estimated revenues. Reductions to services and supplies expenditures particularly impact the Property

Tax Division, which is funded almost entirely by the department's allocation of GFC. Assembly Bills 177 (Chapter 257, Statutes of 2021), which eliminated 17 administrative fees and costs imposed on individuals in California's criminal justice system and 199 (Chapter 57, Statutes of 2022), which impacted the state's financial system, particularly concerning court fees and tax collection, continue to decrease the revenues of the Revenue Division. Potential backfill of funds from the State Controller's Office is estimated but will not make up the total loss. Funding has been included for a Revenue Division case management system upgrade to modernize collection processes and deploy hardware for customer credit card processing at the counter. The Revenue Division and most Treasury costs are funded through cost recovery for services provided. The TTC carefully monitors actual expenditures throughout the course of the fiscal year to minimize increased cost impacts to other public agencies that rely on TTC services, including the local Superior Court and Treasury portfolio participants.

Prior Year Accomplishments

Fostered increased employee engagement through a variety of departmental activities throughout the year, including one-on-one development meetings, job shadowing opportunities, team-building initiatives, and special employee recognition events.

Engaged staff in emergency preparedness through Learning Management System (LMS) trainings for Disaster Service Workers (DSW) and in-person training at the County's Department of Emergency Management.

New equipment was deployed to enhance the department's services and support the adoption of innovative (enhanced) systems.

Continued work on the department's external website to increase traffic engagement, and accessibility while improving the overall customer experience.

Monitored and optimized Bixby, the Chatbot, a software program that uses artificial intelligence to simulate human conversation, on the TTC website, ensuring customers could access accurate information and conduct business 24/7.

Conducted annual safety training for staff on appropriate responses to various emergency scenarios.

Assisted in emergency response to the County storms by deploying staff as DSW to shelters to service impacted residents.

Coordinated with the local Superior Court and completed current case management database clean-up to increase collection services and account management.

Shared departmental knowledge across the internal support team and acknowledged staff contributions towards the departmental goals.

Continued to update and expand Chatbot content to improve constituents' online experience.

Monitored and optimized Bixby, the Chatbot on the Treasurer-Tax Collector website, ensuring customers can access accurate information and conduct business 24/7.

Conducted annual safety training for all staff on appropriate responses to various emergency scenarios.

Assisted in emergency response to Monterey County storms by deploying staff as DSW to shelters to service impacted residents.

Coordinated with local Superior Court and completed current case management database clean up to increase collection services and account management.

Shared departmental knowledge across internal support team and acknowledge staff contributions towards the department goals.

Continued to update and expand chatbot/AI content to improve constituent's online experience.

Work in progress, continuing to develop our Statement of work to include additional County Collection partners.

Continued to explore in-person payment services options for Revenue and Tax Divisions while considering a new case management features and enhancements.

Ensured the protection of all invested assets while maintaining sufficient liquidity for expenditure obligations.

Implemented remote deposit across county departments.

Evaluated procedures to identify opportunities for efficiency gains and established best practices for Remote Deposit.

Successfully facilitated educational opportunities for special districts, deepening their understanding of the portfolio's performance and the investment process within the pool.

Implemented new Business License requirement for hotels, limited and commercial vacation rentals and homestay operators under Monterey County Code Chapter 7.02 and continue to create awareness of transient occupancy tax and reporting requirements in coordination with rental compliance monitoring.

Redesigned the property tax website to comply with current accessibility standards.

Initiated cross training efforts of the Account Technician series to ensure continuity of operations and upgraded equipment at personal workstations to improve response time.

Budget Year Goals

Foster stronger employee engagement by implementing regular departmental activities, including one-on-one development meetings, job shadowing, team-building initiatives, recognition events, and department-wide celebrations.

Enhance staff involvement in emergency preparedness through ongoing cross-training, ensuring the continuous operation of critical functions and strengthening adherence to the Continuity of Operations Plan (COOP) requirements.

Continue to replace aging equipment, to ensure new infrastructure continues to support business continuity, improves performance, and is cost-effective.

Strengthen community engagement by expanding the use of County social media channels.

Conduct annual safety training for all staff on appropriate responses to various emergency scenarios.

Refine procedures, workflow and documentation in response to changes in legislation or court directives that impact internal operations and collection opportunities.

Refine/optimize procedures, workflows and documentation through the adaptation of an upgraded case management system implementation.

Increase operational efficiency and optimizing customer satisfaction.

Upgrade and enhance the Revenue Division case management system to enable electronic funds transfer (EFT) recurring payment options, increase ease of use by staff, and add automations to streamline internal processes with external agencies.

Continue to explore in-person payment services options for Revenue and Tax Divisions and work at improving processing fees for constituents.

Preserve the safety of all invested assets while maintaining adequate liquidity for expenditures.

Continue remote deposit deployment for payment processing to streamline processes.

Optimize internal procedures, workflows, and documentation in preparation for the new ERP system to increase efficiency and streamline processes.

Expand the promotion of credit card payment solutions countywide, while exploring more efficient cash collection methods, such as secure cash deposit solutions safe point.

Create a Transient Occupancy Tax (TOT) Handbook to educate the public and disseminate information related to TOT collection in coordination with Housing and Community Development's oversight of the vacation rental ordinance.

Implement procedures in response to changes in legislation that impact internal operations for tax collections and business licenses.

Leverage a third-party print vendor to process delinquent reminder notices for unpaid property taxes to improve efficiencies in mailing and notice processes and reduce postage costs.

Complete cross training of Account Technician series and initiate cross training of accounting series to ensure continuity of operations.

Unit Description

The Property Tax Division oversees the billing, collection, reporting, and accounting of all real and taxable personal property in Monterey County. The Division is responsible for the administration and enforcement of the County's Transient Occupancy Tax (TOT) and Commercial Cannabis Business Tax Ordinances, including billing and collection of taxes from all related operators in unincorporated areas of the County. Tax functions

provide for the collection of the most significant portions of the County's General Fund general purpose (discretionary) revenue. The Property Tax Division also administers and enforces the County's Business License Ordinance. The Ordinance currently requires initial issuance, annual review, and renewal of Business Licenses for all cannabis operations and short-term rentals permitted in unincorporated areas of the County.

Unit Description

The Revenue Division provides in-house collections services for various county operating departments that may levy fines and/or charge for their services. Departments served include Probation, Public Defender, Sheriff, and the local Superior Court of California. The Revenue Division's primary activities include the collection of Court-ordered debt (COD) on behalf of the local Superior Court of California. This includes a collection of victim restitution, current and delinquent misdemeanor

and felony fines and fees, delinquent infraction penalties, and court-ordered probation fees.

The Division participates in the State of California Comprehensive Collection Program (CCP) through a Board of Supervisors approved Memorandum of Understanding (MOU) with the Superior Court to recover Treasurer-Tax Collector departmental expenses incurred in the collecting and distributing of court-ordered debt.

Unit Description

As an elected official serving as department head, the Treasurer-Tax Collector (TTC) has legal authority vested by California Government Code, section 27000, which provides that mandated agency funds be deposited and safely kept by the Treasurer. The TTC serves as the ex-officio Treasurer of Monterey County's 26 school districts and various special districts and performs general banking services for the County and depository agencies. The Treasurer invests and maintains monies deposited, but not immediately needed, by managing a pooled portfolio that provides for the safety and liquidity of all cash assets.

Assessor-County Clerk-Recorder

Departmental Overview:

The Assessor-County Clerk-Recorder is an elected office in the Executive Branch of the County of Monterey government. The mandated duties of the position are performed under legal authority outlined in the California Government Code. The Assessor-County Clerk-Recorder Office (Office) establishes the values on property in the County and applies all legal exemptions to qualifying properties. The current assessed value is more than \$92.2 billion, generating over \$932 million for local government agencies and schools annually.

Programs and Functions:

The Assessor's branch of the Office calculates the values of all real and business personal property for tax purposes. Property tax is the backbone of financing for counties and incorporated cities in the state and accounts for approximately two-thirds of the discretionary revenue in the County. The State Constitution mandates that property will be assessed ad valorem (based on value) of land and improvements.

The operations of the County Clerk-Recorder's branches of the Office are financed almost entirely by program revenue. In addition, the branches collect documentary transfer tax that generate considerable revenue for the County and other jurisdictions. The responsibilities of the County Clerk-Recorder's branches of the Office include issuing licenses and fictitious business name statements, filing statements of economic interest, filing oaths of office and notary bonds, and registering process servers. The Recorder duties include the maintaining public records of all real property within the County and transfers of encumbrances on property. The Recorder also records vital statistics such as births, deaths, and marriages.

Department's Contributions to the County's Prior Strategic Initiatives:

ECONOMIC DEVELOPMENT AND ADMINISTRATION

The Office is committed to streamlining county operations for greater accountability, efficiency of service delivery, and cost savings by producing an accurate and timely assessment roll and providing quality customer service in a courteous and professional manner.

Staffing Trends

Expenditure/Revenue History (in millions)

The goal of the Office is to streamline operations for greater accountability, efficient service delivery, and cost savings by producing an accurate and timely assessment roll and providing quality customer service courteously and professionally manner.

Summary of Recommendation

The Recommended Budget for Assessor-County Clerk-Recorder Office is \$11,473,134 in appropriations, financed by \$4,789,391 in revenue, (\$40,482) Fund Balance, and a General Fund Contribution (GFC) of \$6,724,225. The Recommended Budget reflects an increase of \$419,522 in expenditures mainly due to negotiated salaries, PER's (Public Employees' Retirement), health insurance and cost plan charges; offset by a slight growth of \$395 in revenue.

Fund 1360 has been established to recognize and track restricted revenue solely for the use of the County Clerk/Recorder for office modernization, micrographics, vital records and electronic recording delivery system expenses; includes revenue of \$307,909 off-set by matching expenditures.

Budget Impacts

The office is hiring positions at lower steps creating challenges to fill positions in order to stay within the allocated GFC.

The impact of the decreased revenue and vacancies results in larger staff workloads, delayed valuations and enrollment of values for sales, change in ownership, and supplemental assessments, Proposition 8 (1978)(codified by section 51(a)(2) of the Revenue and Taxation Code) review, and appeals requiring more significant analysis. Reduction in staff to process marriage licenses, fictitious business licenses, and perform civil ceremonies; the redesigning and upgrading the process of the County Clerk/Recorder branches of the Office lobby to provide an accommodating and efficient flow for customers; and the preservation project of old real property books and map record books in the Recorder's branch of the Office. There is currently a decrease in recorded documents but, Assembly Bill 1466 (Chapter 359, Statutes of 2021) requires state county recorders to identify and redact unlawful restrictive covenants in recorded documents. Therefore, mandated legislative changes are ongoing and continue to create additional workload in the Recorder's branch of the Office to meet the Section 12955(I) of the Government Code requirements. In addition, the creation of the civil ceremonies has added work and requires more staff to keep up with the demand.

Prior Year Accomplishments

Completed the FY 2023-24 local assessment roll on time, with a net assessed value of over \$92.2 billion. The Assessor's branch of the Office also reviewed the assessed valuation of over 3,589 properties with reduced values under the provisions of Proposition 8 (1978), Proposition 13 (1978)(amendment of the state constitution, to cap property taxes and limit property reassessments to when the property changes ownership, and to require a 2/3 majority for tax increases in the state legislature) and California Revenue and Tax Code, section 51 (annual reassessment of property values and the recognition of declines in value for property tax purposes).

Grew the percentage of electronically recorded documents by 80% in the Recorder's office exceeding our goal.

Continued to provide quality customer service to county taxpayers and strive for continual improvement through the placement of "How Are We Doing" survey cards at service counters, which are reviewed with management, office supervisors, and staff.

Phase I: The Recorder branch of the Office redacted unlawful restrictive covenant language from records per Section 12955(I) of the Government Code by April 30, 2025; approximately 11,500.

By June 30, 2025, 377 civil ceremonies will have been performed exceeding the projected 150 ceremonies by over 50% and exceeding the projected \$15,000 in revenue, generating approximately \$37,700 for FY 2024-25.

A wedding room was created to accommodate the public appointments and create a positive civil ceremony experience.

September 2024, cross-training program for Assessor branch of the and County Clerk-Recorder branches of the Office to address the increased workload performing the civil ceremonies and the staff reductions required to meet General Fund Contribution.

Budget Year Goals

By June 30, 2025, produce a completed assessment roll of residential, commercial, and industrial properties in the County of Monterey for FY 2024-25.

Cross-training additional staff from Assessor and County Clerk-Recorder branches of the Office to increase efficiencies due to staff reductions.

Implement Phase II: Redact unlawfully restrictive covenant language from records in the Recorder branch of the Office as per Section 12955(I) of the Government Code for documents recorded 1978 to present.

Begin add-on services to Civil Ceremonies which will enhance the civil ceremony experience and service.

Move from compact Disk (CD) to Secure File Transfer Protocol (SFTP) service for Official Records subscription requests.

Adding SFTP Service to Fictitious Business Number Service index subscription requests.

Continue preservation project of old real property books and map record books in the Recorder's Office.

Continue to carry out, implement and monitor the Employee Engagement Action Plan to improve working relations and communication between management and employees.

Increase quality customer service to all taxpayers of positive rating from 95% to 98% on customer survey cards.

Complete a comprehensive telework program by June 30, 2026.

Pending Issues

There are no pending issues.

Unit Description

The Assessor branch of the Office responsibilities include: locating all taxable property in the County and determining property ownership, establishing the taxable value of all property subject to local property taxation, applying all legal exemptions, and preparing annual assessment rolls upon which local government units rely for property tax revenue. To accomplish these various tasks, the Assessor branch of the Office has organized the office into the following program areas: Administration, Department Information Systems and Map Drafting, Exemptions, Personal Property Appraisal, Real Property Appraisal, and Change of Ownership. Tax revenues identified by the Assessor branch of the Office's valuation of property account for approximately two-thirds of the County's discretionary funds.

Unit Description

The Clerk-Recorder branches of the Office create, maintain, and have custody of files which constitute the official public record of certain legal financial documents such as deeds, notices of default, notices of completion, abstracts of judgment, liens, subdivision maps, etc. These files are important to the conduct of local commerce and are vital to the real estate industry. The Clerk-Recorder branches of the Office functions include but are not limited to maintaining records of births, deaths and certain marriages, certification of copies of public records, and issuance of marriage licenses.

Unit Description

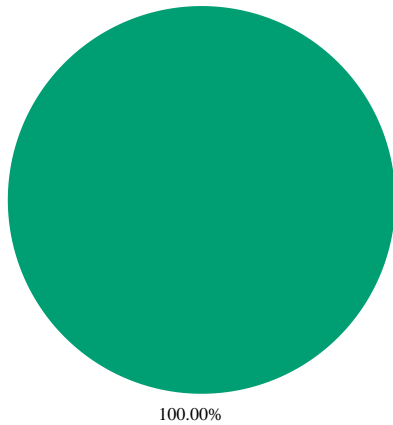

Beginning FY 2025-26, Fund 1360 was established as the repository and appropriation unit for the Clerk/Recorder branches of the Office restricted revenue. Per Governmental Accounting Standards Board No. 33 (GASB 33), Accounting and Financial Reporting for Transactions, restricted recording fee revenue must be recognized and tracked. These funds are restricted by state law under Government Code, sections 27361.4 (a), 27361(c), 27397, and Health and Safety Code, section 103625(h) solely for the use of the Clerk/ Recorder branches of the Office

for modernization expenses. The Recommended Budget for FY 2025-26, in the amount of \$307,909, represents the estimated funding available to fund eligible expenditures during the budget year.

Unit Description

Beginning FY 2025-26, Fund 1362 was established as the repository and appropriation unit for the Clerk/Recorder branches of the Office restricted revenue. Per GASB 33, restricted recording fee revenue must be recognized and tracked. These funds are restricted by state law under Government Code, sections 27361.4 (a), 27361(c), 27397, and Health and Safety Code, section 103625(h) solely for the use of the Clerk/Recorder branches of the Office for micrographics expenses. The Recommended Budget for FY 2025-26, in the amount of \$54,000, represents the estimated funding available for eligible expenditures during the budget year.

County Counsel

Departmental Overview:

The Office of the County Counsel (Office) serves as the in-house legal counsel for the County of Monterey, the Board of Supervisors (BOS), and county officers, departments, agencies, boards, and commissions, as well as management and support to the Civil Grand Jury. In addition to providing legal advice, the Office also represents the County in civil and special litigation in state and federal courts, various administrative proceedings, and coordinates the services of outside legal counsel.

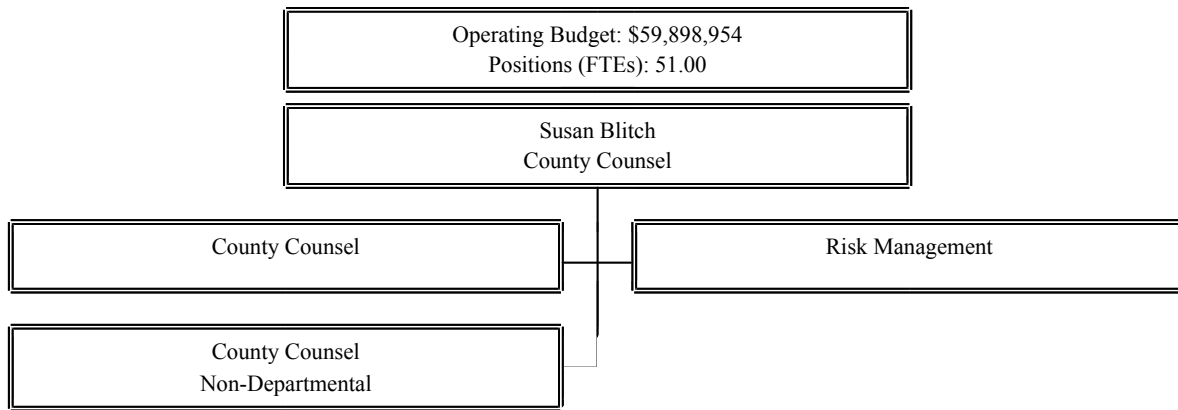

Programs and Functions:

The Office consists of four divisions. The General Government, Litigation and Land Use Divisions provide legal counsel to county offices and departments, and representation in litigation matters. The Risk Management Division oversees and manages the County insurance and self-insurance programs, claims management, safety, ergonomics, and other risk transfer and loss control activities that protect the County and mitigate losses. The Office manages and advises the Civil Grand Jury and provides legal and insurance-related services for the Monterey County Water Resource Agency.

Office's Contribution to the County's Prior Strategic Initiatives:

The Office addresses Economic Development, Administration, Health & Human Services, Infrastructure, and Public Safety. The primary goal of the Office is to provide services with the highest degree of competence and integrity in a timely and responsive manner and to enable the Board of Supervisors, county officials, appointed department heads, departments, and outside agencies to carry out their functions and achieve their goals effectively.

Staffing Trends

Expenditure/Revenue History (in millions)

Legal advisor and primary litigator for the Board of Supervisors, elected county officials, appointed department heads, county departments and agencies on issues of law or public policy. The Office advises various boards, special districts and commissions within the County. In doing so, the Office enables its clients to carry out their responsibilities in a manner entirely consistent with local, state and federal laws. The Risk Management Division manages general liability and workers' compensation programs, safety, ergonomics, and procures insurance.

Summary of Recommendation

The FY 2025-26 Recommended Budget for the Office of the County Counsel is \$59,898,954 in appropriations, which includes \$3,072,074 of interfund reimbursement. The total expenditures are financed by \$59,333,251 in revenue increasing by \$10, 338,251 from FY 2024-25 Adopted Budget due to a \$5,406,407 cost plan credit and, \$4,931,844 as the General Liability (GL) and Workers' Compensation (WC) insurance allocations have increased, and a general fund contribution (GFC) of \$565,703. In addition, expenses grew due to negotiated salaries, wage studies, pension plans, health insurance, property insurance, stop loss insurance costs, Third Party Administrator (TPA) fees, WC claims, GL claims, and the funding of GL Non-Recoverable Internal Service Fund (ISF), but were offset to some degree by decreasing Claims

and Judgment costs and Interfund Reimbursements. Both revenue and expenses have grown due to a change in budgeting methodology, now including cost plan credits as revenue, where previously cost plan credits were treated as offsetting expenses.

Budget Impacts

No impacts.

Prior Year Accomplishments

This past year, the Office handled more than 750 litigation matters and 1,500 new assignments in addition to advising numerous committees and commissions.

The Office absorbed the new Care Court assignment and an increased number of restraining order cases. Additionally, the Office provided numerous trainings on topics ranging from Ralph M Brown Act (Chapter 1588, Statutes of 1953, which promotes transparency by requiring government bodies to conduct their deliberations openly) compliance to conflict-of-interest matters.

The Risk Management Division endeavored to modernize risk prevention within the County, updating numerous policies and procedures, and increasing safety and ergonomic training. As a result, the County's injury rate has decreased.

Budget Year Goals

Continue to advise elected officials, appointed department heads, and county employees in a timely manner and assist departmental needs in achieving their goals and objectives.

Manage and conclude claims and litigation fairly, respecting the rights of claimants and litigants, and providing fiscal accountability to the public.

Maintain the professional and technical competence of all employees through appropriate continuing education, modern technology, and electronic case management and assignment tools, to provide innovative solutions to legal problems.

Pending Issues

Testing and bioventing (enhancing the natural biodegradation process of hydrocarbons and other contaminants by introducing air or oxygen into the water) of Lake San Antonio, resulting from a fuel system leak. If the bioventing does not prove effective, the Office may have to request additional funding during FY 2025-26.

Policy Considerations

As per the State Controller's Office and the County's own Actuarial Service provider (Bickmore), the County's GL and WC ISFs should be operating at an 80% confidence level after ten years. The County programs have remained at 70% over the last 20 years.

Description:

The Office's Departmental section includes the Risk Management Division. The Office serves as the in-house legal counsel for the County, the Board of Supervisors, and county officers, department heads, departments, agencies, boards, and commissions. In addition to administrative and support staff, the Office is comprised of four divisions: Land Use, Litigation, General Government, and Risk Management. It manages and supports the Grand Jury.

The Risk Management Division oversees insurance, self-insurance, claims management, Workers Compensation (WC), General Liability (GL), safety, ergonomics, and other risk transfer and loss control activities that protects the County and mitigates losses. Additional responsibilities include the administration of general insurance programs

for fires, earthquakes, property, boiler/machinery, and performance bonds. The Risk Management Division, with the assistance of County Counsel, negotiates and places excess insurance and manages and directs GL and WC claims and medical malpractice claims involving the Health Department and Natividad Medical Center (NMC).

Summary of Recommendation

The FY 2025-26 Recommended Budget for County Counsel Departmental is \$6,153,025 in appropriations, which includes \$3,072,074 of interfund reimbursement. The total expenditures are financed by revenue of \$5,906,407 including \$5,406,407 from a cost plan credit, and \$246,618 from GFC. Salary and benefit increased by \$438,648 due to negotiated salaries, wage studies, pension costs, health insurance, and insurance premiums. Both revenue and expenses have

grown due to a change in budgeting methodology now including cost plan credits as a revenue, where previously cost plan credits were treated as offsetting expenses.

The Recommended Budget includes \$2,145,673 in expenditures for Risk Management, offset by reimbursements from the GL and WC Internal Service Funds (ISF).

Unit Description

The Office serves as the in-house legal counsel for the County, the Board of Supervisors, and county officers, appointed department heads, departments, agencies, boards, and commissions. The Office represents the County in civil and special litigation in state and federal courts, various administrative proceedings, and coordinates the services of outside legal counsel. Divisions within the Office include Administration and Support (comprised of business, legal, and office support staff); Land Use, Litigation and Employment, General Government; and Risk Management.

The Office provides legal services, by contract or statute, to other public entities, including the Transportation Agency of Monterey County (TAMC), Local Agency Formation Commission of Monterey County (LAFCo), Monterey County Water Resources Agency, the Monterey Bay Air Resources District (MBARD), the Salinas Valley Basin Groundwater Sustainability Agency (SVBGSA), and other local area special districts. The Office also serves as legal counsel to the Civil Grand Jury.

Unit Description

The Risk Management Division oversees and manages County's insurance programs, claims management, safety, ergonomics, contract risk review, and other risk transfer and loss control activities that protect the County and mitigate losses. Responsibilities include management, oversight, and administration of safety programs; Worker Compensation (WC) insurance and self-insurance; General Liability (GL) insurance; health care liability and medical malpractice insurance; and directors' and officers' liability coverage. Additional responsibilities include the administration of the general insurance programs, such as fire, earthquake, property, boiler/machinery, and performance bonds.

Risk Management Division also negotiates and places excess insurance and manages and directs GL and WC claims and medical malpractice County of Monterey Recommended Budget FY 2025-26

claims involving the Health Department and Natividad Medical Center (NMC). It also runs the County's safety programs.

Description:

The Office of the County Counsel non-departmental section consists of individual non-operational units, including Civil Grand Jury, General Liability (GL) Internal Service Fund (ISF), Workers Compensation (WC) ISF, and Enterprise Risk. The individual unit narratives provide specific details on each of the non-departmental units.

Summary of Recommendation

The FY 2025-26 Recommended Budget for County Counsel non-departmental is \$53,745,929 funded by revenues of \$53,426,844 and a general fund contribution (GFC) of \$319,085. Increases to stop loss insurance costs, Third Party Administrator (TPA) fees, Workers' Compensation (WC) claims, General Liability (GL) claims, and a funding of GL Non-Recoverable ISF were offset, in part, by decreasing Claims and Judgement Costs.

Unit Description

The General Liability (GL) Internal Service Fund (ISF) is directed and managed by the Risk Management Division and contains expenses for liability claims, settlements, and judgments against the County, administration, legal defense costs, excess insurance premiums, and general insurance programs. Recoveries from external entities are recorded as offsetting revenues. ISFs are funded outside the County General Fund, and their costs are allocated to offices and departments.

Funding of GL claims is based upon the total incurred value of loss and financing as determined by the County's actuaries, based upon loss history and future exposure. It is currently funded at a 70% confidence level. Allocations are comprised of two categories: recoverable and non-recoverable. Both are based on experience and exposure. A department's allocation may change from year to year due to the following factors: (1) change in payroll and number of employees; (2) change in the department's percentage of total claims paid out over the last seven years; and (3) change in the actuarially determined total allocation. Debt service associated with settlement of the Lake Nacimiento and Lake San Antonio litigation is included in the ISF. This non-recoverable allocation is apportioned on a full-time employee basis.

The County maintains a Self-Insured Retention of \$2.5 million per occurrence and excess coverage, with limits of \$50 million through excess insurance providers. The County self-insures events that external insurance providers do not cover.

Unit Description

The Workers' Compensation (WC) Internal Service Fund (ISF) covers expenses related to claims, settlements, judgments, administration, legal defense costs, and excess insurance premiums. WC-related liability, judgments, settlements, and claims are paid from the WC ISF (Fund 476). Support contributions to this ISF are calculated on a cost recovery basis through charges apportioned to county offices and departments and funds based on experience and exposure. Recoveries from external entities are recorded as offsetting revenues in the ISF. ISFs are funded outside the County General Fund, and their costs are allocated to departments.

Funding is based upon the total incurred value of loss and funding, as determined by the County's actuaries, based upon loss history and future exposure, and is currently funded at a 70% confidence level. A given offices and department's allocation may change from year to year due to the following factors: (1) change in payroll and number of employees; (2) change in the office's and department's percentage of total claims paid out over the last seven years; or (3) change in the actuarially determined total allocation.

Unit Description

The Civil Grand Jury is a constitutionally mandated body of citizens who volunteer for a one-year term of service. It is assembled annually by the local superior court to investigate the finances, operations, and affairs of local cities, the County, and other local governmental agencies. Typical work products of the Civil Grand Jury include mid-year and final reports and recommendations to the Board of Supervisors, area city councils, and special districts.

In prior years, Civil Grand Jury activities were administered by the local superior court on a reimbursement basis. Effective with the empaneling of the 2012 Civil Grand Jury, County Counsel assumed management and

administrative functions previously handled by the Superior Court, except for empanelment procedures.

Continuing in FY 2025-26, an Administrative Operations Manager is allocated to provide administrative and analytical support. 40% of the cost for this position is funded in this unit, with 60% funded in the County Counsel unit.

Unit Description

The Enterprise Risk unit is responsible for the tracking of fuel spill costs at Lake San Antonio, as well as county risk-related settlements and costs that cannot be passed through for federal and state reimbursement.

This page intentionally left blank.

Clerk of the Board

Departmental Overview:

The Clerk of the Board of Supervisors (COB) performs duties as provided in the California Government Code and/or by formal directives of the Board of Supervisors through the County Administrative Office (CAO).

The COB strives to provide the highest customer service to the public, county offices and departments, and public agencies. The COB preserves the integrity of the local legislative process by issuing notices of pending matters and decisions made by the legislative body to assure timely access to information by the public and other county offices and departments.

Programs and Functions:

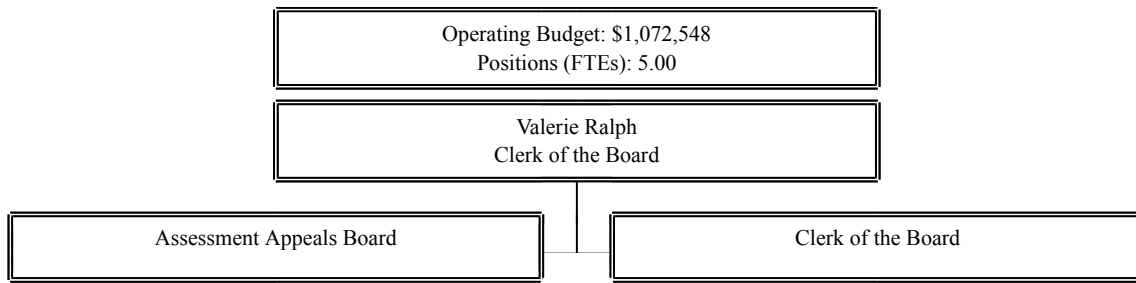

The COB is responsible for carrying out mandated functions including, but not limited to: supporting the Board of Supervisors and county offices and departments in the Board agenda process; maintaining and archiving county records; managing boards, commissions, committees and special district appointments and abiding by the Maddy Act (Chapter 669, Statutes of 1991, Government Code, sections 54970-54975), which provides for the maximum public awareness of appointments to be made by the Governor, the City Council, or other legislative bodies, in posting of appointment vacancies; serving as Filing Officer for Statements of Economic Interests Fair Political Practices Commission (Form 700); serving as Administrative Officer in the processing of Assessment Appeals applications and acting as Clerk to the Assessment Appeals Board; serving as Secretary to the City Selection Committee; receiving and responding to Public Records Act Requests; and providing administrative support for land use appeals and California Land Conservation Act of 1965 or the Williamson Act applications.

Department's Contributions to the County's Prior Strategic Initiatives:

ADMINISTRATION

Promote an organization that practices efficient and effective resource management and is recognized for responsiveness, strong customer orientation, accountability, and transparency. The COB uses innovative technologies and other resources, providing timely public access to records and information.

Staffing Trends

Expenditure/Revenue History (in millions)

The Clerk of the Board (COB) keeps public trust, facilitating access to information through technology, transparency and excellent customer service. The COB is committed to providing excellent customer service and access to information.

Summary of Recommendation

The Recommended Budget for the Clerk of the Board (COB) includes \$1,072,548 in appropriations, financed by \$20,400 in revenue associated with assessment appeals filings and a General Fund Contribution of \$1,052,148. Expenditures increased mainly due to step increases, negotiated salaries, wage studies, worker compensation, pension plans and a change in budgeting methodology. Both revenue and expenses have grown due to a change in budgeting methodology now including cost plan credits as a revenue, where previously cost plan credits were treated as offsetting expenses.

Budget Impacts

No impacts.

Prior Year Accomplishments

Cleaned up and organized both back storage areas where records are housed and cleaned up COB office sending old supplies to surplus.

Trained staff on new Board Chambers audio/media equipment.

Inventoried, purged, and destroyed Board of Supervisors (BOS) cassette tapes ten years and older.

Continued cross-training on office processes and clerking for the Board of Supervisors and Assessment Appeals Board meetings.

Completed annual training with Vendor on NetFile for filers and liaisons regarding Form 700 filings.

Inventoried and boxed up 40 boxes of Board agenda records and sent 120 old Board record books to Records Retention for better preservation.

Partnered with the Information Technology Department (ITD) to create Legistar training videos (how to create a file, searchable documents, choosing an agenda date, and how to publish an agenda), assessable in the Learning Management System.

Achieved Title VI of the Civil Rights Act of 1964 Website Compliance.

Assisted with the launch of Wordly Artificial Intelligence real-time Spanish interpretation for Planning Commission meetings.

Onboarded one new Supervisor.

Budget Year Goals

Document and develop limited English proficiency services.

Continue to review the public's access to Board of Supervisors records through online resources, including new enhancements to the Boards records management system through the media and audio upgrade project with ITD.

Create Board Orders electronically in Legistar.

Start looking at Assessment Appeals being set up in Legistar for an electronic process versus manual paper process.

Implement eComments on Insite, our public-facing web portal, for constituents' comments on Board of Supervisors agenda items.

Revise the 2009 Board Report guidelines.

Create an onboarding guide for new Supervisors.

Preserve old Board record books in new bound books if funding permits.

Pending Issues

The COB office continues to encounter challenges with maintaining full staffing.

Policy Considerations

The Department will explore historic records preservation/ digitizing in the coming years with the assistance of the County Administrative Office. Should the Board of Supervisors want to proceed with any projects, funding will have to be identified.

Unit Description

The Clerk of the Board (COB) is responsible for performing mandated functions outlined in the California Government Code and Revenue and Taxation Code including: preparing Board of Supervisors meeting agendas and minutes; records maintenance; managing the assessment appeals process; maintaining and tracking appointments for about 75 boards, commissions, and committees and more than 80 special districts; and processing Public Records Act Requests and information requests from the public and outside agencies. The COB also acts as the Filing Officer for Statement of Economic Interests filings, serves as the Secretary/Clerk for the Monterey County City Selection Committee and other Board-governed special districts. The COB receives filings,

processes fees, and provides administrative support for land use appeals and Williamson Act applications.

Elections

Departmental Overview: The Elections Department conducts federal, state, and local elections in compliance with applicable laws and regulations. The department works to maintain the integrity and transparency of the election process and to provide equitable access to the community. The work of the takes place within seven areas:

Programs and Functions:

ADMINISTRATION: Oversight all areas of elections, media functions, and finance.

CANDIDATE AND CAMPAIGN SERVICES: Candidate filing, local initiatives, referendum, and recall petitions. Serves as the Filing Officer for campaign finance disclosure statements.

DATA AND VOTING TECHNOLOGY: Technological services, network infrastructure, and production of the ballot, election data reports, voter files, and maps.

PRECINCT SERVICES: Recruitment and training election workers and coordinating polling place logistics.

VOTE BY MAIL AND EARLY VOTING: Mailed ballots and early voting centers, coordination of ballot return locations, and processing mail ballot returns.

VOTER REGISTRATION SERVICES: Maintaining and updating voter registration data and ensuring compliance with the National Voter Registration Act.

BILINGUAL OUTREACH AND EDUCATION: Coordinating the specialized language effort for target audiences that meet the federal and state Voting Rights Act requirements and delivering community presentations and voter registration drive trainings.

Department's Contributions to the County's Prior Strategic Initiatives:

ADMINISTRATION

Conduct transparent elections that are accountable to the integrity of the process and the public. To fulfill this mission, the department recruits and trains a large, diverse, skilled workforce to offer innovative, cost-effective services that positively impact local agencies and voters while streamlining resources er innovative, cost-effective services that positively impact local agencies and voters while streamlining resources.

Staffing Trends

Expenditure/Revenue History (in millions)

Monterey County Elections serves voters in the administration of elections. Outreach efforts work to educate and empower these voters and those who are eligible to register to vote but have not yet done so; especially those who are underrepresented in the voting population.

Key Performance Measures	2022-2023 Actual	2023-2024 Actual	2024-2025 Mid-Year

Summary of Recommendation

The FY 2025-26 Recommended Budget for the Elections Department is \$5,757,557 financed by \$706,703 in revenue, \$5,028,855 in general fund contribution (GFC), and \$22,000 from the general capital assignment. The recommended appropriations decreased \$690,753 from the adopted budget due to a decrease in services and supplies such as voter guide printing, temporary staffing, and postage. Other charges increased mainly due to an increase in the cost plan charge.

The Recommended Budget includes a decrease in revenues by \$1,616,323 due to a reduction in federal grant funding and a limited number of billable jurisdictions for the June Primary Elections compared to the FY 2024-25 Adopted Budget, which included a most significant number of billable jurisdictions for the General Election. Since the department administers federal, state, and local elections, Elections

expenditures and revenues vary based on the number and type of scheduled and unscheduled elections in a given year.

Budget Impacts

State law mandates that local agencies reimburse the County for all election services; however, the federal and state governments have no requirement to reimburse counties for their share when conducting federal or state elections. The Recommended Budget does not include \$1,509,000 in requested augmentations for FY 2025-26 to carry out elections.

Future funding will be necessary to meet the minimum requirements for election services. Pursuant to California Elections Code, section 13001, funding for the scheduled June Primary Election in 2026 must be provided by the General Fund. While local revenues may help offset

a portion of the costs if jurisdictions consolidate with the Primary Election, the department must still comply with mandates and regulations related to election administration, including in the event of a special statewide election.

Additionally, the County elections officials are required to mail a ballot to every registered voter while ensuring that full in-person voting opportunities remain available. Vote-by-mail increases participation among eligible voters but sending a ballot to every voter has significantly raised election costs. Moreover, Senate Bill 504 (Chapter 14, Statutes of 2022) has expanded mailings to those eligible to have their voting rights restored, when reimbursements for these outreach efforts have been suspended.

Language translation is mandated; the new state language requirements per California Elections Code section 14201 will be released before the election. There may be additional language requirements that will increase the cost of the election.

Due to staffing shortages, employee wage increases, unprecedented inflationary pressures, and a decrease in grant funding, the department is experiencing a significant rise in election-related costs. These factors contribute to budget uncertainty for the upcoming fiscal year, reducing service to the department's outreach and education efforts.

Prior Year Accomplishments

The Elections Department is committed to conducting scheduled and unscheduled elections in full compliance with federal, state and local laws. This remains the primary ongoing functional goal.

In FY 2024-25, the department administered the November 5, 2024, Presidential General Election, achieving a record registration of 214,883 voters. The Presidential General Election had a 69% voter turnout. To enhance civic engagement in this complex environment, the department expanded its mobile/flex voting programs, which began in 2022, and formalized a partnership with the Monterey County Free Libraries through the Books and Ballots program. This expansion facilitated voter registration and voting and supported candidate and campaign filing. The mobile/flex voting program brings election services to communities, including rural and underserved communities, across the County during the most critical early voting period, at times and locations convenient for constituents.

During the November 5th election, electronic poll books were expanded at select polling locations, replacing traditional paper rosters, streamlining voter processing at the polls, and improving canvassing procedures post-election

The Poll Worker Advisory Panel and Outreach Volunteer Committee, which consists of volunteers with some level of expertise in elections who provide feedback on training materials and assist with recruitment efforts was continued. The Outreach Volunteer Committee includes trained volunteers providing outreach at events and engaging the public on topics such as voter participation and volunteer opportunities. The department expanded involvement in the local Voting Accessibility and Language Accessibility Advisory Committees.

Continued to play a leadership role within the California Association of Clerks and Election Officials (CACEO). The Registrar of Voters serves on the Board of Directors and chairs the recount committee. In contrast, Elections Program Managers serve on the State Language Accessibility Advisory Committee and the Voter Accessibility Advisory Committee. Other staff members actively participate in various CACEO committees focused on voting accessibility, language services, petition standardization, and fiscal services.

Budget Year Goals

Conduct the June 2, 2026, Primary Election. Given that the election will include an open gubernatorial seat for which the incumbent has

termed out, there will be tremendous interest and activity in this statewide election.

Continue to seek new methods and modes to engage in voter outreach and civic engagement, including partnerships with service agencies, schools, colleges, and community organizations, while finding ways to manage fiscal constraints. The department will continue to expand in-person voting and registration opportunities through the mobile voting unit.

Pending Issues

SPECIAL ELECTIONS

At the time of this writing, there is considerable uncertainty regarding a potential Special Statewide Recall Election within the next fiscal year. Historically, elections conducted on behalf of the state have not been reimbursable. It is unknown at this time to what extent, if any, reimbursement will be made should a statewide special election occur.

VOTING SYSTEMS

The Secretary of State recently approved the recertification of voting systems, necessitating the need for the department to upgrade its existing systems. The department will continue to seek a viable mechanism to fund voting systems in conjunction with partial matching federal grant funds administered by the Secretary of State. Jurisdictions are billed according to the election cycle on a pro-rata basis to offset ongoing leasing expenses partially. Current Help America Vote Act (2002) grant funds, to finance voting technology, are set to expire August 31, 2026, and are in the final stages of claims.

NEW LAW

The federal and state governments continue to introduce and pass legislation that could have additional impacts on the Elections Department, including the possible mandate of additional languages for the County, technology upgrades, and services at polling places. The Federal Administration continues to pass election-related orders whose impacts are unknown; however, the department will continue to participate in the CACEO Legislative Committee to stay informed as new election-related legislation is introduced.

Policy Considerations

The Elections Department will monitor state legislation that aligns with the Board of Supervisors legislative priorities, such as those that support efficient administrative operations while expanding access to and enhancing the integrity of elections. Elections will continue to develop the public observer panel and other committees to improve voting accessibility, transparency, accessibility, and public education activities. Additionally, the department's involvement at the CACEO supports legislation to fund elections at the federal and state level to minimize costs for local agencies.

Emergency Communications

Departmental Overview:

The Emergency Communications Department (ECD) operates the countywide consolidated emergency communications system. Emergency and non-emergency call answering and dispatch services are provided to the Sheriff's Office, Probation Department, 11 of the 12 incorporated city police departments, fire agencies for all 12 cities, four fire districts, the Monterey Regional Airport District, Salinas Valley State Prison, and California State University Monterey Bay Police Department. These services are provided under the Agreement for 9-1-1 Emergency Communications Dispatch Services (911 Services Agreement).

Programs and Functions:

ECD is the primary Public Safety Answering Point (PSAP) for the County, providing emergency and non-emergency call taking services and dispatch of law enforcement and fire field units including status reporting and associated activity for after-hours dispatch of the public works crews. It also provides and maintains consoles and associated radio dispatch equipment located in its communications center.

As defined in the billing formula within the 911 Services Agreement, costs for dispatch and call taking services are calculated through an equally weighted, three-factor allocation ratio of Assessed Property Value, Population, and Workload. Each dollar of expense for operating the emergency communications center is paid for by approximately 30 cents of County funding and 70 cents in user agency revenue. The County funding represents the cost of services provided to the Probation Department, Sheriff's Office and a 90% subsidy to fire districts. ECD bills users of the countywide Next Generation Radio System (NGEN) for Operations and Maintenance (O&M) and Capital Fee costs. These costs are billed to 26 agencies based on the percentage of radios in use with a 75% weighting for fire radios.

Department's Contributions to the County's Prior Strategic Initiatives:

PUBLIC SAFETY

Creating a safe environment for people to achieve their potential, leading businesses and communities to thrive and grow by reducing violent crimes as well as crimes in general, with the key objective to engage public safety stakeholders, partners, and the whole community in resiliency building activities including emergency reporting.

Staffing Trends

Expenditure/Revenue History (in millions)

ECD is the primary Public Safety Answering Point for the County. Its center answers 9-1-1 and non-emergency calls and provides law enforcement and fire protection dispatch services to public safety agencies countywide.

Key Performance Measures	2022-2023 Actual	2023-2024 Actual	2024-2025 Mid-Year
Number of emergency calls answered.	264,653	209,844	109,393
Number of non-emergency calls answered.	469,885	367,529	191,703
Number of emergency calls requiring language translation services provided.	9,080	8,667	4,719
Percentage of emergency calls answered within 15 seconds. Target = 95%	87%	91%	87%
Number of law enforcement service calls generated.	399,449	375,034	201,330
Number of fire protection service calls generated.	56,982	53,627	28,607
Number of Text to 9-1-1 Calls received.	3,310	7,705	6,881

Summary of Recommendation

The Fiscal Year (FY) 2025-26 Recommended Budget for the Emergency Communications Department (ECD) is \$19,102,780 financed by \$18,438,338 in revenue, including a county contribution of \$2,685,302 as an operating transfer in. The \$664,442 revenue gap will be covered using fund balance held in Fund 1935.

The Recommended Budget includes an augmentation of \$648,104 to restore four (4) vacant Communications Dispatcher II positions which reduces funded Dispatcher staffing from 56 to 54. The two unfunded dispatcher positions will remain with the goal of restoring funding in the

future. This augmentation is supported by \$439,878 in revenue from outside agencies and a County General Fund Contribution (GFC) of \$208,226.

The Recommended Budget for ECD includes two special revenue funds and one Capital Project Fund.

Special Revenue Fund 1340: The Dispatch Operations Fund has a FY 2025-26 Recommended Budget of \$15,682,524 where approximately 70% of the operational costs are shared by non-County user agencies.

Special Revenue Fund 1350: The Next Generation (NGEN) Radio System Operations and Maintenance Fund has a FY 2025-26 Recommended Budget of \$1,608,120. This budget is created in partnership with the Information Technology Department (ITD), based on estimated costs related to the maintenance and operation of the NGEN Radio System and reviewed by the ECD Executive Board. These costs are then billed to the user agencies by the ECD. ITD controls most expenditures within the budget and recovers the costs through ECD.

Capital Project Fund 1935: The NGEN Capital Project Fund has a FY 2025-26 Recommended Budget of \$1,812,136 for projects necessary to enhance and maintain operability, system coverage, system capacity, and standardization. This budget is created in partnership with ITD and billed to the user agencies by the ECD. ITD controls most expenditures within the budget.

Budget Impacts

There are no budget impacts.

Prior Year Accomplishments

Completed a rehost of the Computer Aided Dispatch (CAD) system nearing end of life to allow future vendor upgrades.

ECD has maintained a positive cash balance for the entire FY 2024-25 fiscal year in all funds and collected interest revenue on this cash balance.

Construction of a security fence around the dispatch center and Emergency Operations Center building was completed.

ECD promoted eight trainees to journey-level dispatchers which is the highest number of promotions in over five years. The time from hire to promotion to journey level dispatcher is 12 months so these promotions were 2023 hires. In 2024, ECD hired 12 new dispatchers and the promotions from this group will be measured in 2025.

Coordinated with participating fire agencies through the 911 Services Agreement to implement a mobile incident command and response solution that increases situational awareness, speeds incident response, streamlines incident management and improves firefighter accountability. The County is the contract holder that leverages single contract efficiencies with 100% of costs recovered from the participating fire agencies.

An artificial intelligence non-emergency call answering solution was implemented. This tool resolves non-emergency calls 1/3 of the time without any dispatcher interaction which allows dispatchers to focus on emergency calls and public safety radio dispatch.

Budget Year Goals

Continue to conduct new employee academies throughout the year with the goal of recruiting, hiring, and training to fill existing vacancies which will reduce mandatory overtime.

Implement Fire Station Alerting to modernize notifications to fire agencies ECD dispatches in line with goals provided by the Civil Grand Jury.

Complete implementation of quality assurance artificial intelligence software with training simulations to provide continuous quality service improvement and employee feedback. The goal of this software is increased dispatcher job satisfaction/retention as well as service quality improvements to residents and public safety personnel the department serves.

Unit Description

In this special revenue fund, ECD operates the countywide consolidated emergency communications system. Emergency and non-emergency call answering and dispatch services are provided to the Sheriff's Office, Probation Department, 11 of the 12 incorporated city police departments, fire agencies for all 12 cities, four county fire districts, the Monterey Regional Airport District, Salinas Valley State Prison, and California State University Monterey Bay Police Department. These services are Emergency Communications

provided under the Agreement for 9-1-1 Emergency Communications Dispatch Services (911 Services Agreement).

Unit Description

This special revenue fund provides for the operations and maintenance of the NGEN Radio System used by 35 public safety agencies across the County and three public works departments. The operations and maintenance of the countywide system governance, technical oversight, and fiscal administration are controlled through the NGEN Services Agreement. This fund includes costs only for operation and maintenance of the current system including the Very High Frequency (VHF) radio system, control stations, microwave stations for backhaul, replacement of dispatch consoles, and network and information technology security systems.

This fund's budget is created in partnership with ITD and reviewed and approved by the NGEN Executive Board before final approval by the County Board of Supervisors. These costs are then billed to the system users by ECD while most revenue is transferred to ITD for NGEN operations and maintenance.

Information Technology

Departmental Overview:

The Information Technology Department (ITD) is responsible for delivering strategic information technology (IT) solutions to support internal county operations and business activities. ITD resources are operated and maintained to support high availability for utilization and minimize the risk of business interruption. ITD focuses on developing a sustainable, customer-focused environment to enhance and improve the quality of technology services used by county offices and departments for the benefit of the County's residents, businesses, and visitors.

Programs and Functions:

ITD consists of a Business Office, Applications & Customer Support, Infrastructure and Operations, and Information Security.

Department's Contributions to the County's Prior Strategic Initiatives:

ECONOMIC DEVELOPMENT

In conjunction with telecom service providers, continue to extend the broadband footprint throughout the County.

ADMINISTRATION

Deliver modern applications and technology infrastructure to enhance the County's ability to serve the public and provide robust voice, data, video, and radio services.

HEALTH AND HUMAN SERVICES

Develop and deploy modern technical solutions to provide effective and efficient services to county constituents.

INFRASTRUCTURE

Deploy sustainable and cost-effective technologies by migrating aging infrastructure and applications to the cloud and Software as a Service (SaaS) environments for access online via a subscription, rather than being bought and installed on individual computers.

PUBLIC SAFETY

Deliver technologies that improve the overall safety of county constituents and the ability of public safety officials to respond to events with the implementation of the Next Generation (NGEN) Digital Radio System, a consolidated radio communications system within the County, including all of its incorporated cities and a number of special districts.

[Learn More](#) 

APPLICATIONS & CUSTOMER SUPPORT
Delivers innovative technical solutions to link County services to its residents; provides development, maintenance and database services for enterprise, mobile and custom web applications, GIS solutions, internal and external websites and SharePoint sites; assists in planning, acquisition, installation, troubleshooting, technical support and maintenance of hardware and software solutions.

BUSINESS OFFICE
Provides project management services, human resources services, budget preparation support, contracts administration, procurement coordination and cost and labor accounting reports.

INFRASTRUCTURE & OPERATIONS
Architects, designs, builds and administers scalable technology framework that transports voice video, data and radio services; provides enterprise architecture and operations, data center facility and operations support, physical and virtual server and storage design and administration.

INFORMATION SECURITY
Implements security solutions, conducts threat hunting, incident response, investigation, awareness and assessment activities to eliminate and minimize security risks.

Summary of Recommendation

The Recommended Budget for ITD is \$23,139,648 in appropriations made up of \$33,635,899 in total Expenditures offset by \$10,496,250 in Interfund Reimbursements. Appropriations are financed by \$19,389,017 in revenues, \$18,639,017 of which are Cost Plan credits, and a General Fund Contribution (GFC) of \$3,750,631. The Recommended Budget reflects an increase in appropriations by \$18,119,849 from the FY 2024-25 Adopted Budget mainly due to the Cost Plan credit of \$18,639,017 now being reflected under Miscellaneous Revenue rather than as a credit

in Expenditures. No augmentations are being funded for ITD Capital Improvement Projects (CIP) in FY 2025-26.

The total operational expenditures budget of \$33,635,899 is an overall increase of \$1,592,983 from FY 2024-25. Salaries and Benefits increased \$854,699 mainly due to increases in salaries, pensions costs, and health insurance, and Services and Supplies increased \$738,284 primarily due to vendor increases. Anticipated combined Cost Plan credits and county departmental reimbursements of \$29,135,267 reflects an increase of \$412,150 over FY 2024-25 due to increases in service levels and rising vendor costs.

The capital asset expenditures budget for CIP projects reflects a decrease of \$1,700,000 over FY 2024-25 as none of the proposed projects were approved for funding.

External revenue of \$550,000 from services rendered is expected to remain status quo.

The FY 2025-26 Recommended Budget includes 110 positions, which reflects no change from FY 2024-25

Budget Impacts

The Recommended Budget reflects an increase of \$980,832 in GFC.

Prior Year Accomplishments

ITD continued to recruit and retain a diverse, talented workforce and foster a collaborative work environment with an emphasis on customer service and execution to support the mission of the County. ITD continued recruitment activity in FY 2024-25, efficiently filling five positions by the third quarter. In addition, ITD strengthened its recruitment efforts through partnerships with local high schools, colleges, and universities, providing students with hands-on exposure to IT careers via career fairs, presentations, and internships. By cultivating early interest in technology and offering real-world experience, ITD is building a sustainable talent pipeline. Additionally, ITD invested in leadership training and development to enhance employee growth and retention and support a highly skilled and future-ready workforce.

ITD worked collaboratively with stakeholders to implement cloud-based Oracle Fusion applications, completing the Enterprise Performance Management module and now progressing with the Enterprise Resource Planning and Human Capital Management modules; expanded communication channels such as Zoom Chat (an instant messaging feature within the Zoom Workplace app) and SMS (Short Message Service - text messages between mobile phones over a cellular network) to make it easier for customers to request IT services and enhance customer experience by providing self-help resources; partnered with offices and departments to ensure compliance with the County's Web Authoring Policy No. G-239 to promote accessibility and deliver an inclusive, user-friendly online experience for all residents; migrated top level website and email addresses to ".gov" to enhance security and to assure users that they are accessing an official state governmental resource; established an Artificial Intelligence (AI) workgroup and deployed AI-powered tools, including a ChatGPT (Generative Pre-Trained Transformer) -enabled bot (Bixby) on select departmental websites, the Zoom AI Companion for meeting summarization, and a proof of concept for Wordly, an AI-powered real-time translation platform, to enhance communication and streamline service delivery; upgraded Windows-based devices to Windows 11 operating system driving operational efficiency, empowering workforce, and enhancing security; implemented Mobile Device Management (MDM) to manage, monitor and secure mobile devices; automated workstation and dock patch management to drive operational efficiency; implemented OneDrive across county offices and departments to ensure secure and accessible storage of users' data from anywhere with internet connectivity, providing seamless access to the remote workforce; collaborating with offices and departments to develop standards and policies for records digitization and leverage SharePoint Document Management System for centralized document storage and enforcement of standards and policies; continued deployment of IT Service Management system to offices and departments to further automate incident management workflows; enhanced mapping and imagery services to include post disaster imagery to increase efficiency of emergency response services; and leveraged Azure Cloud Services to develop custom-built technical solutions for business process automation and data analytics.

With the approval of the NGEN Capital Fee Schedule and the five-year NGEN Capital Improvement Plan, ITD initiated the NGEN radio system core upgrade along with the Analog Overlay supplementary radio system upgrade, partially funded by a \$363,000 Homeland Security grant; also established key NGEN Board policies, including system access, system key management, and emergency responder radio communication system management; completed the construction of three new NGEN radio sites—Lobos Ridge, Piedras Blancas, and Glen Devon—enhancing communications for peninsular police departments, the County Sheriff's Office, and Monterey County Regional Fire; enhanced communication infrastructure by deploying the next-generation Zoom softphone solution to approximately 90% of county users; successfully migrated the RightFax system (centralized, server-based software application that provides secure faxing capabilities) to the cloud and completed enterprise-wide virtual components of VMware hardware and software upgrades; ITD introduced Wordly AI for real-time translation integrated with Board chamber broadcasting; implemented a cloud-based identity and access management service (Microsoft Entra P2) to strengthen Microsoft Office 365 system security; leveraging innovative technologies, deployed Starlink connectivity which offers internet access to remote sites including Lake Nacimiento Dam and Lodge, San Antonio Dam, and San Lorenzo Park where traditional internet infrastructure is limited or unavailable; established dedicated, redundant internet connections for county public safety agencies; upgraded the end-of-life network infrastructure at the County datacenter with Cisco Nexus Fabric, the interconnected network infrastructure; and replaced network equipment at County Library sites.

ITD completed the American Rescue Plan Act-funded broadband development project, expanding internet access to unserved and underserved areas of the County and introducing internet service to approximately 1,882 serviceable locations and households; and partnered with county offices and departments to promote reduced-rate internet service programs.

ITD made significant strides in securing the innovation, transformation and delivery of ITD products and cloud services. The department implemented conditional access policies to help safeguard county accounts, successfully migrated the Cybersecurity Awareness training to the cloud, and launched the 2025 enterprise-wide training course, now available in over 40 languages to better serve our diverse workforce. In addition, ITD expanded the phishing simulation program to include targeted exercises based on real-world attack scenarios.

Budget Year Goals

In FY 2025-26, ITD aims to improve performance evaluation metrics with a quarterly goal of 100% completion and maintain hiring efficiency with an average quarterly goal of 90 days. ITD will continue to enhance and expand outreach efforts to recruit and retain a diverse, talented workforce. In addition, ITD will continue training and development programs to foster a collaborative work environment with an emphasis on customer service and execution to support the mission of the County.

ITD will work closely with stakeholders to complete the implementation of the cloud-based Oracle Fusion Enterprise Resource Planning and Human Capital Management modules, enhancing efficiency and delivering improved capabilities; leverage customer feedback and extend ServiceNow content capabilities to automate workflows, enable self-service, reduce resolution times, and enhance the service quality through process reengineering; partner with offices and departments to ensure compliance with accessibility standards and enhance user experience in alignment with Title II of the American with Disabilities Act and Title VI of the Civil Rights Act of 1964 requirements; expand the use of AI tools, including the ChatGPT-enabled bot (Bixby) on departmental websites for enhanced communication with constituents, Wordly for translation services, and evaluate emerging tools to further improve efficiency and expedite service delivery; increase the use of Mobile Device Management (MDM) to enhance the management, security, and

oversight of mobile devices across the County; implement Autopilot (technologies used to set up and pre-configure new devices) to automate the provisioning, configuring and securing of desktop devices for efficiency; work with offices and departments to migrate content from file servers to SharePoint, ensuring secure, accessible data storage for remote access; collaborate on establishing records digitization standards and utilize SharePoint for document storage and policy enforcement; enhance mapping and imagery services to include post disaster imagery to increase efficiency of emergency response services; begin development of a geospatial strategy to improve data maintenance workflows and enhance cross-department collaboration; and collaborate with departments to create customized technical solutions that drive business process automation and enhance data analytics capabilities.

ITD will complete the county-wide Zoom softphone development (turning computers into virtual phones and removing traditional desktop phones); finalize the design of the new NGEN core system upgrade; complete 60% of the NGEN Analog Overlay supplementary radio system upgrade; enhance end-to-end network segregation, reporting, and control by implementing distinct departmental network Internet Protocol (IP) spaces within the County Virtual Private Network (VPN) to improve performance and security; redesign the county-wide guest Wi-Fi (wireless fidelity) network to enhance performance and the user experience; continue the replacement of end-of-life network hardware, including over 200 wireless access points; and regularly maintain, patch, and update the enterprise virtual server and storage environment to ensure security, performance, and reliability while minimizing downtime and mitigating potential vulnerabilities.

Dependent on the Digital Equity Capacity Grant being awarded to Golden State Connect Authority on behalf of the County, ITD will collaborate with county service departments and community partners to

develop programs as sub-recipients of the grant funding. Similarly, if the Federal Funding Account Round 2 application is awarded to Golden State Connect Authority for the unincorporated regions of South County, ITD will provide support to advance the next steps in expanding broadband services. The department will continue advocating for broadband expansion within the County and work with providers to offer reduced-cost internet services to unserved and underserved residents.

ITD will continue strengthening the County’s security posture by focusing on five key areas: identify, protect, detect, respond, and recover. These core pillars will guide the County’s cybersecurity efforts and ensure the County’s digital assets are secured. In addition, ITD will develop smart practices aligned with the Center for Internet Security (CIS) and the National Institute of Standards and Technology (NIST) to secure and strengthen the overall cybersecurity posture.

ITD will enhance security awareness education efforts by introducing role-based information security training, roll out monthly educational newsletters to keep all staff informed about the types of cybersecurity events to be aware of, and launch quarterly phishing simulations to help strengthen the organization’s ability to recognize and respond to real-world threats. These initiatives are part of ITD’s ongoing commitment to building a strong security culture across the County.

Unit Description

The ITD - Administration Division is comprised of Fiscal, Human Resources Management, Project Management and Contracts Management.

Fiscal is responsible for overseeing department finances, which include budget preparation, tracking actual transactions, and financial forecasting as it relates to both internal department and customer charges. Capital infrastructure needs and asset tracking are also covered in this division.

The County's Human Resources (HR) Department partners and collaborates with ITD management to provide diverse talent management and recruitment services, staff development and retention, and other HR support services such as benefit coordination.

ITD - Project Management provides project and portfolio management for large scale, multi-disciplined IT infrastructure and application projects. The Project Management Office (PMO) guides projects through the complete project management lifecycle utilizing best practices, and developing tools and processes to foster consistent, repeatable, and measurable project outcomes.

ITD - Contracts Management is responsible for processing contracts and agreements, managing fleet and facilities, and overseeing cable and franchise programs.

Unit Description

The Applications and Customer Support Division includes Enterprise Applications, Web Services, Geographical Information System (GIS) Services, and Customer and Department Applications Support.

Enterprise Applications provides database administration, software programming, systems consulting, project management, and application administration support for enterprise applications for collaboration, document and records management, data integration warehousing and management, business intelligence and analysis, and interdepartmental billing and reporting of ITD services.

Web Services provides development and maintenance of the County's internal and external website including individual office department sites, County of Monterey Recommended Budget FY 2025-26

as well as graphic services, consulting, and training services on the tools and techniques for content management, website quality assurance, and web analytics and reporting.

GIS Services provides analytical services, develops, and maintains the County's Geo Database, including additional layers of specific GIS data and map development for internal and external customers.

Department Applications Support provides database administration, software programming, systems consulting, project management, and application administration support services for applications specific to individual county offices and departments.

Customer Support offers a portfolio of IT services, including desktop management, service desk, and procurement services. These

complementary services provide fundamental IT capabilities vital to customers.

IT Service Desk serves as a single point of contact for requesting IT services, technical support, and the dissemination of information on the status of IT systems availability.

Desktop Management provides Personal Computer (PC) lifecycle management including the planning, acquisition, installation, support, maintenance, and replacement of PC-based hardware and software.

IT Procurement is responsible for logistical support and sourcing for IT-related goods and services to county agencies and operating the County’s central IT Warehouse facility. In addition, this group oversees the functionality of IT facilities, including backup generators, Heating, Ventilation, and Air Conditioning (HVAC), and (Uninterruptible Power Supply (UPS) systems, which provide backup power to critical equipment during power outages or surges.

Unit Description

The Infrastructure and Operations Division is comprised of Network Services, Systems and Operations, Unified Communication and Collaboration and Radio Communications. This division provides critical technology capabilities essential for the County's business needs, which include network, voice, video, data center, public safety radio, and microwave services.

Network Services is responsible for building and supporting a secure, reliable, and scalable local and wide-area network. It offers an IP (Internet Protocol) converged platform to support existing and emerging technologies.

Unified Communication and Collaboration provides voice and video collaboration services and support for County Board of Supervisors meetings and broadcasting services.

Systems and Operations supports and maintains the County’s on-premises and cloud-based data centers and systems, including servers, storage, data backup and restore, and critical systems support.

Radio Communications provides end-to-end radio services, radio tower and site management, and microwave backhaul services, focusing on serving regional public safety agencies.

District Attorney

Departmental Overview:

The District Attorney's Office is an elected office with mandated duties performed under legal authority outlined in Government Code Section 26500. The Office of the District Attorney (DA) consists of attorneys, investigators, legal support staff and victim advocates. The main office is in Salinas, adjacent to the Superior Courts, with branch offices in Monterey and King City.

Programs and Functions:

FAMILY JUSTICE CENTER

The DA's Office launched the very first Family Justice Center (FJC) in the County, Holding on to Hope, which opened on April 1, 2024 in King City. The mission of a FJC is to provide one place for victims of domestic violence, sexual assault, child abuse, elder abuse, and human trafficking to receive services from both non-profit and governmental agencies to break generational violence. FJCs co-locate, coordinate, and integrate services so that survivors and their children travel to fewer places and tell their stories fewer times. South Monterey County historically had less access to these essential services previously available in Salinas.

TRUANCY ABATEMENT PROGRAM (TAP)

The program has led to a notable rise in individual mediation hearings at school sites due to a steady increase in truancy referrals. Early intervention and heightened collaboration between TAP, schools, and families have yielded positive outcomes, with most students improving their regular attendance with an appropriate school program, as well as an increase in the high school graduation rate compared to the statewide rate.

Office's Contributions to the County's Prior Strategic Initiatives:

ADMINISTRATION

DA is financially efficient with a unit cost per case almost half the state average.

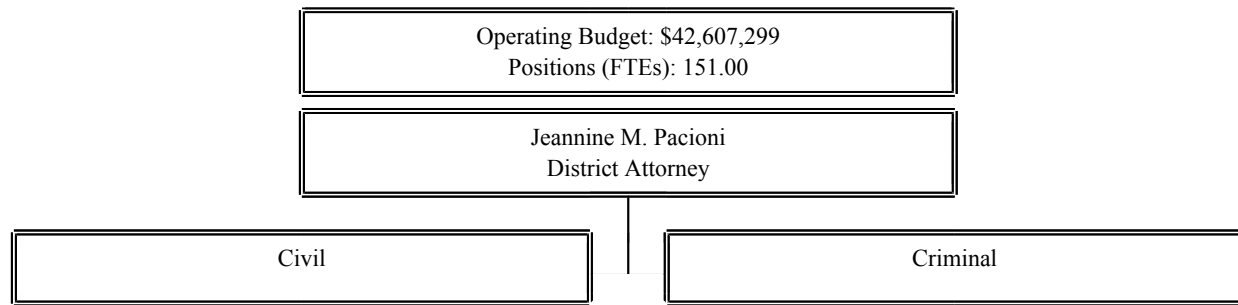

HEALTH AND HUMAN SERVICES

DA ensures the highest quality of life in the County through environmental law enforcement.

PUBLIC SAFETY

DA promotes justice, ensuring that the rights of victims are upheld by treating them with dignity, respect and compassion. The Office aggressively and fairly prosecutes those who violate the law.

Staffing Trends

Expenditure/Revenue History (in millions)

Improved drop-out rates demonstrate improvements in case management. Some schools use a Grade Point Average of 1.0 to graduate, the state uses 2.0. GFC, as compared to cases filed, demonstrates efficiency compared to other DA's Offices.

Key Performance Measures	2022-2023 Actual	2023-2024 Actual	2024-2025 Mid-Year
Truancy: Number of Active Cases Monitored	9,547	9,254	10,016
Truancy: Monterey County Graduation Rate	90.4%	88.7%	NA
Truancy: California Graduation Rate	88.7%	88.4%	NA
Efficiency: District Attorney net county cost per case filed with courts	NA	NA	NA
Efficiency: California Counties (Other DAs) net county cost per case with courts	NA	NA	NA

Summary of Recommendation

The Recommended Budget for the DA is \$42,607,299 financed by \$19,648,156 in revenue, a general fund contribution (GFC) of \$22,888,403 and \$70,740 in departmental restricted revenues. The Recommended Budget reflects significant base wage increases for attorneys and 4% cost-of-living increases for other bargaining groups, compounded by higher benefit, pension, and insurance costs.

The Recommended Budget includes augmentations to restore 13 filled positions that the Office did not have the resources to maintain, as well as two new investigators funded by the state, for a total of 151 full-time equivalent positions.

Budget Impacts

The Recommended Budget does not fund 13 vacant positions within the DA's Office: 5 criminal attorneys; 4 civil attorneys; 2 Victim Advocates; and 2 Legal Secretaries. Due to the large salary increases in the current fiscal year, without commensurate increases in appropriations, the Office has insufficient resources to maintain existing staff levels.

Prior Year Accomplishments

The Criminal Unit prosecuted many complex, high-profile cases during the year, including murder, gang crimes, and sexual assaults.

The DA's Office created a Cold Case Homicide Unit in June 2020 through a \$535,000 federal grant, resulting in prosecution of multiple cases, solving several others, and identifying ten unknown individuals through DNA.

In 2024, the DA's Office created the Human Trafficking Working Group, which includes members of eight allied law enforcement agencies from federal, state and local jurisdictions. Staff to the working group gave four community presentations (Seaside High School, Monterey Peninsula College Nursing Program, Monterey County Multi-Cultural Council, and Salinas Rotary), hosted three law enforcement trainings which benefited efforts to combat human trafficking, and assisted allied agency members conducting operations targeting the rescue of juvenile victims of sexual exploitation. Since 2022, the Office has filed human trafficking related charges against 25 suspects.

The Driving Under the Influence (DUI) Vertical Prosecution Unit is entering its 14th year, funded by the state Office of Traffic Safety. The Unit is comprised of specially trained and focused members who take on the most serious and complex cases, recently recognized through additional grant awards. In the last three years, the unit has grown from a single prosecutor to manage every felony DUI crime, to two experienced prosecutors and an experienced traffic crimes investigator.

The Civil Unit successfully enforced consumer and environmental protection laws throughout 2024, resolving cases involving unfair competition, false advertising, fraud, hazardous waste, pesticide exposure, asbestos exposure, and other violations. From 2017 through 2024, the unit secured settlements averaging over \$2 million annually, which protects consumers, safeguards our environment, and maintains a fair and competitive landscape for businesses.

The Victim Services Unit provided over 31,000 services to 4,800 victims of crime and their families throughout the County. Additionally, Odie, Norma Jeane and Armani, the DA's Office facility dogs, continue to assist

child and adult victims in their time of need as they navigate the court system.

Budget Year Goals

Continue to effectively prosecute criminal offenses, enforce consumer and environmental protection laws, and provide essential services to victims of crime.

Pending Issues

DIGITAL EVIDENCE: The DA's Office continues to seek solutions to process an ever-increasing quantity of digital evidence resulting from more law enforcement agencies using body cameras and the prevalence of surveillance videos. Obtaining, reviewing and providing this evidence to defense counsel is challenging for DA's offices statewide.

CRIMINAL JUSTICE REFORM: The Legislature continues to pass criminal justice reforms, many of which apply retroactively to cases adjudicated years ago. Such measures, abundant and increasing annually, impose unfunded state mandates that strain existing staff. Petitions received from ineligible defendants seeking relief necessitate substantial time and effort to demonstrate ineligibility to the court. Other times, relief requires litigation to determine whether the new law applies to a defendant.

In 2024, the state Racial Justice Act (Assembly Bill 256, Chapter 739, Statutes of 2022) began allowing any inmate currently serving term in state prison or county jail to petition for relief if the inmate believed that racial bias or animus was exhibited in his or her conviction. A vast number of cases that were formerly final can now be reopened with little demonstrable evidence.

RACE-BLIND CHARGING: Effective January 1, 2025, the state Penal Code, section 741 (Assembly Bill 2778, Chapter 806, Statutes of 2022) the process for evaluating charging requires that reports received from law enforcement agencies be redacted before attorney review to perform race-blind charging. This unfunded mandate substantially increased workload. Although it has been cumbersome by turning a one-step into a multistep process, the DA's Office managed to accommodate the change in the current case management system at no additional cost. The required process has caused delays and created a backlog in filing.

Unit Description

The Consumer Protection Unit handles civil and criminal enforcement, including cases involving unfair business practices and false advertising, fraud in telemarketing and mail solicitation, price gouging, pyramid schemes, real estate and mortgage fraud, fraudulent investment transactions, securities drug and healthcare claims, warranties, sweepstakes, insurance packing, internet auctions and purchases, and schemes targeting senior citizens or immigrant communities.

Environmental Protection Unit cases involve hazardous material and waste violations, pollution, and other areas that impact the health of the community.

District Attorney

Cases involve collaboration with multiple agencies or counties throughout the state.

The Cannabis Prosecution Unit enforces state and local regulations to protect the industry from competition from illegal cannabis, thereby protecting consumers, the environment, and revenue.

Unit Description

General Fund Contributions (GFC) fund approximately 55% of criminal core functions, including prosecution of crimes such as murder, sexual

assault, gang crimes, robbery, burglary, felony assault, felony theft, juvenile crimes and all misdemeanor crimes. The remaining 45% revenue consists of grants and non-GFC sources designated for civil and environmental cases, various types of specialty fraud prosecutions, and

crimes committed in the two prisons within the County. The DA's Office reviews over 15,000 cases for filing per year.

The prosecutorial functions of the Office also include, but are not limited to: acting as legal advisor to the Grand Jury, both civil and criminal, and assisting them in their investigations when requested; working with the United States Attorney's Office to co-prosecute cases in the federal courts; investigating and prosecuting violations of open meeting laws [Ralph M. Brown Act (Chapter 1588, Statutes of 1953) which promotes transparency by requiring government bodies to conduct their deliberations openly]; reviewing and responding to writs and appeals and extraditions; investigating and prosecuting white collar crimes; conducting commitment and sanity proceedings; investigating public corruption matters involving government officials; undertaking "conflict of interest" criminal investigations for law enforcement agencies, and responding to various county and municipal offices and departments throughout the County to handle potential criminal violations within their agencies. The DA's Office attends and advocates at lifer hearings (inmates sentenced to life in prison who are eligible for parole within the discretion of the Board of Parole Hearings) throughout the state multiple times per month.

Unit Description

The Family Justice Center (FJC) opened April 1, 2024 in King City to provide effective, efficient, meaningful and compassionate services to victims of domestic violence, sexual assault, human trafficking, child abuse, and their children. FJCs and other co-located, multidisciplinary models provide the structure and the foundation to offer flexible, holistic services that can meet the needs of victims, their families, and survivors where they are.

The FJC serves victims of crime by providing a full-time Spanish speaking victims advocate and legal secretary and working collaboratively with other non-profit service providers who are also Spanish speaking. Having a center in South County helps establish trust so that victims feel safe and comfortable in seeking services. Victims and

their families can access services, including short- and long-term crisis intervention, without traveling to Salinas or receiving services over the phone.

Unit Description

The FY 2011-12 state budget enacted a shift or realignment of state program responsibilities and revenues to local governments (Public Safety Realignment Act of 2011, Assembly Bills (ABs) 109 and 117, Chapters 15 and 36, Statutes of 2011). To support realigned criminal justice, mental health, and social services programs, the Legislature passed Assembly Bill 118 (Chapter 40, Statutes of 2011), which created the new Local Revenue Fund 2011. For transparency in reporting, the

County established Fund 1300 to account for all related public safety realignment revenues and provide an accounting structure. A portion of state sales tax and vehicle license fee revenues are deposited, with operating transfers to reimburse the General Fund from Fund 1300 for realigned program payments.

Child Support Services

Departmental Overview:

The County of Monterey's Department of Child Support Services (DCSS) is federal and state funded; 66% and 34%, respectively. DCSS places helps parents provide for their children's economic and social well-being, health, and stability. All parents, regardless of income or immigration status, are eligible for services.

Programs and Functions:

The primary purpose of DCSS is to enforce and collect child support for families. A wide variety of activities are undertaken to achieve these objectives: locating parents and their assets; establishing parentage, including genetic testing of parents and children; obtaining court-ordered child support and health insurance coverage; modifying orders; and enforcing current and past due support obligations.

Department's Contributions to the County's Prior Strategic Initiatives:

ADMINISTRATION

DCSS is committed to cost-effectiveness, continuous improvement, and setting standards for greater accountability. Customer survey results help to provide excellent service.

HEALTH AND HUMAN SERVICES

Child support payments ensure children receive the financial support they need, helping to reduce child poverty and improving their outcomes. Child support is one of the largest sources of income for families in poverty, which regularly helps enhance the quality of life and wellness of those families.

PUBLIC SAFETY

Studies show parents who pay child support are more likely to increase their involvement in their children's lives. As a result, children who have both parents involved are less likely to engage in substance use, be incarcerated, have a teen pregnancy, and achieve better results in school.

Staffing Trends

Expenditure/Revenue History (in millions)

The performance measures are directly aligned with the mission of the child support program and meeting these goals each year results in increased services to customers, more significant dollars collected, and optimization of federal incentive dollars.

Key Performance Measures	2022-2023 Actual	2023-2024 Actual	2024-2025 Mid-Year

Summary of Recommendation

The FY 2025-26 Recommended Budget for the DCSS is \$12,381,992, which is state and federal funded based on reimbursement of claimed expenditures. Appropriations increased \$139,054 from the FY 2024-25 Adopted Budget, mainly due to negotiated wage increases and higher pension costs, offset by a decrease in cost plan charges and lower anticipated rent expense due to the relocation to a county-owned building. The general fund contribution (GFC) of \$28,530 covers costs such as non-recoverable general liability that are deemed unallowable and are not reimbursable by the state.

The Recommended Budget includes 73 positions, a decrease of 9 vacant positions, including 7 Child Support Officers and 2 Child Support Assistants that were deleted to align operational expenditures with ongoing revenues.

Budget Impacts

No budget impacts.

Prior Year Accomplishments

With a caseload of slightly over 12,000 cases, DCSS distributed over \$43.8 million in child support payments during federal fiscal year 2024. Delivering consistent and reliable child support payments helps reduce poverty and promote family self-sufficiency in vulnerable households.

DCSS continues to have high collection totals while reviewing and streamlining its processes, placing the department in highest State rankings for the federally mandated collection-to-cost performance measure, collecting \$3.87 for every dollar spent.

DCSS continues to set standards for greater accountability and creates an annual business plan, which results in higher performance attainment. Performance measurements are implemented for every employee, and these measurements are utilized in monthly and quarterly coaching and the annual evaluation process.

Continued with providing customers the opportunity to provide feedback through surveys, social media, and emails. This process enabled the department to review current practices for any efficiency gaps. Customers continue to take advantage of the department’s self-check-in computers available in the lobby, which reduces wait times to two minutes or less to be helped by their case manager.

Provided information about the program services at 115 Community Outreach events that educate the public on our services, such as parentage adjudication, establishment and enforcement of child support, reviewing and adjusting monetary child support orders when circumstances change, and maintaining reliable and permanent accounting records.

Embraced the shared services concept and continued an agreement with the Ventura County DCSS, at no cost, to answer non-emergency telephone calls. This process allows staff to focus on the more complex issues for quick resolution.

Budget Year Goals

Increase the frequency and reliability of child support payments, so families can depend on this important source of income.

Increase in all federal and state performance measures with emphasis on collections distributed to families and cost efficiency for service delivery.

Use best practices and innovation to ensure that families and children receive the optimal amount of child support and health insurance coverage.

Use budget equity tools when applicable to analyze and improve policies and practices to benefit disadvantaged communities.

Continue to have a proactive outreach program, with emphasis on collaboration with other county offices and departments and community organizations and increase outreach in remote and disadvantaged communities.

Continue to leverage technology to increase effectiveness and efficiency when available.

Continue to review cost-saving opportunities and the sharing of services with child support agencies in other counties.

Develop and retain employees by providing ongoing professional and personal development courses through the County’s Learning Management System, the Employee Wellness Program, Child Support Conferences, and other internal and external courses.

Pending Issues

There are no pending issues.

Public Defender

Departmental Overview:

The Office of the Public Defender and the Office of the Alternate Defender work diligently to offer legal representation to indigent adults and juveniles who cannot afford legal counsel in criminal and certain civil cases. A robust and adequately funded Public Defender's office is crucial for safeguarding the rights of every individual, thus fostering equity within the criminal justice system. Public Defenders actively engage with therapeutic courts to mitigate recidivism by guiding non-violent offenders through specialized programs such as Drug Court, DUI Court, Veterans Court, and mental health diversion initiatives. Building strong partnerships with justice system stakeholders is vital for developing comprehensive, holistic programming aimed at enhancing the well-being of members of the community.

Programs and Functions:

CRIMINAL UNIT

The primary role of the Public Defender is to represent indigent individuals facing criminal charges. Misdemeanor cases encompass a range of offenses, including shoplifting, driving under the influence, drug possession, and assault and battery. Felony matters include murder, sex offenses, gang-related crimes, Three Strikes cases, embezzlement, fraud, domestic violence, and first-degree burglary. The juvenile division advocates for youth while addressing their educational, mental health, and social needs by connecting them with available county and state resources. The Office manages approximately 11,000 criminal cases each year.

CIVIL UNIT

A robust civil practice includes mental health advocacy, probate matters, post-conviction relief, and immigration advocacy. The Mental Health Division safeguards the health and financial well-being of the most vulnerable clients in the community, including by leveraging initiatives like Community, Assistance, Recovery, and Empowerment (CARE) Court (SB 1338, Ch 319, Statutes of 2022) to connect individuals with essential resources and support systems, ensuring they receive appropriate care while reducing their involvement in the criminal justice system.

The Post Sentence Relief Division offers vital services for individuals seeking record expungement, certificates of rehabilitation, and pardons, all of which facilitate their reintegration into society as productive members. Furthermore, the immigration attorney provides crucial guidance throughout plea negotiations, dispositions, and sentencing for non-citizen clients represented by the Public Defender and Alternate Defender. This protects and supports the mental and physical health of clients.

Office's Contributions to the County's Prior Strategic Initiatives:

HEALTH AND HUMAN SERVICES

The Public Defender's commitment to health and human services involves safeguarding the mental and physical well-being of youth and adults who cannot care for themselves by ensuring effective legal representation in criminal and civil court divisions. A holistic approach includes referrals to healthcare, educational resources, and behavioral health services to support their needs.

PUBLIC SAFETY

The Office is dedicated to safeguarding individual rights to reside in a society free from unlawful interference by the state by vigorously defending individual rights and offering post-relief services to ensure a safe and just community for all.

ECONOMIC DEVELOPMENT

Collaboration with public safety partners ensures clients involved in nonviolent cases remain out of custody and engaged in the workforce thus preventing unnecessary disruptions to their employment, housing, and treatment, proactively supporting their reintegration into society and fostering economic stability.

Staffing Trends

Expenditure/Revenue History (in millions)

The Public Defender provides legal assistance to individuals charged with a crime who are financially unable to retain private counsel. This also includes mental health, juvenile court, state prison matters, and post sentence relief.

Summary of Recommendation

The Recommended Budget for the Office is \$25,002,163, financed by \$6,217,222 in anticipated program revenue, \$18,236,284 in General Fund Contributions (GFC), \$429,665 in departmental restricted revenue and \$118,992 in departmental fund balance. The budget reflects a reduction associated with the expiration of a Board of State and Community Corrections (BSCC) Proposition 47 (Prop 47) (2014 Criminal Sentences, Misdemeanor Penalties) Cohort 3 grant for programs that address mental health services, substance abuse disorder treatment, diversion programs, or some combination thereof for people in the criminal justice system. The Office experienced higher costs due to wage adjustments, negotiated salaries, and pension contributions.

The Recommended Budget includes \$2,865,873 in augmentations to restore 2.0 full-time equivalent (FTE) Public Defender Investigator III, 5.0 FTE Deputy Public Defender IV attorney position, and a 1.0 FTE Account Clerk, 5.0 FTE Legal Secretary II, 1.0 FTE Accountant, 1.0 FTE Administrative Secretary Confidential, two Temporary DPD IV, a Temporary Legal Secretary II, a Temporary Office Assistant, and a Temporary Intern, for a total of 62.0 FTEs.

Budget Impacts

The Recommended Budget enables the Office to sustain current service levels for indigent clients in the County. This staffing level ensures that the Public Defender can continue to provide vital services to the community.

Recent legislative changes have imposed additional demands on the Office, necessitating extensive research, case history reviews, and potential resentencing hearings for serious felony cases, as well as increased resources for mental health diversion matters. These time intensive cases require the preparation of written motions, hearings, and writ petitions, which further strain staff and resources. By maintaining adequate staffing levels, the Office will be better equipped to manage this increased workload and continue to serve the community effectively.

The Office continues to encounter significant challenges related to the increasing number of special circumstance cases and those involving charges that carry life sentences. Furthermore, technological advancements have increased the volume of discovery to review, with body camera footage significantly increasing the time needed to advocate for clients effectively. The ongoing development of new holistic programming aimed at assisting clients will impact the budget.

Prior Year Accomplishments

The Office collaborated closely with key stakeholders to effectively design and establish the CARE Court in the County. The team actively engaged with community stakeholders and justice partners to design a framework that addresses the root causes of each individual's entanglement with the justice system, ensuring that their unique circumstances are addressed with compassion and expertise. Community forums and training workshops were held to gather valuable feedback, fostering a collaborative environment that prioritized clients' voices.

The Office launched a Social Worker Internship Program with California State University, Monterey Bay. This initiative is designed to provide valuable hands-on experience for students while enhancing services. The program will continue to be refined to optimize the internship experience, ensuring that it effectively addresses community needs. Moreover, the Office's commitment to expanding post-sentence relief and holistic services throughout the county has been significantly enhanced by the \$8 million grant received this year. This funding has allowed the development of a more effective workflow, integrating services across various agencies to minimize the overlap that often hinders access to resources, and identifying key areas of need to strategically allocate resources, ensuring a seamless experience for individuals seeking assistance.

Alongside these efforts, staff development was prioritized, including in-house training and collaboration with external organizations to equip the team with skills to navigate the evolving landscape of legal defense, ultimately enriching service delivery and impact within the community.

Budget Year Goals

The Office will focus on advancing the successful rollout of the Prop 47 \$8 million grant services through continued collaboration with key stakeholders in the community. The Office is committed to enhancing holistic representation for individuals navigating the legal system, ensuring they receive comprehensive support tailored to their unique circumstances. The goal is to expand presence within the community by increasing access to post-sentence relief and immigration services, thereby empowering individuals with the resources they need to thrive after their legal challenges. Fostering strong partnerships and prioritizing community engagement will create a more just and supportive environment for all clients.

Pending Issues

The Office faces rising costs associated with mandated services yet lacks adequate long-term funding to support these demands. Recent legislation has significantly heightened the Public Defender's workload, particularly with the enactment of Assembly Bill 600 (Chapter 446, Statutes of 2023), which enables judges to resentence individuals under specific conditions, and Assembly Bill 1118 (Chapter 464, Statutes of 2023), which broadens the scope for individuals to present Racial Justice Act claims on appeal, requiring cases to be sent back to trial courts for further review.

In terms of CARE Court and holistic expansion, the Office is broadening its civil-related services to create more comprehensive programming that addresses the needs of the whole person. The Social Worker internship program continues to enhance outreach efforts related to mental health, employment, housing, and substance use disorder. The focus remains on increasing services in underserved areas across the County and strengthening collaborations with justice partners and community outreach organizations to ensure a more integrated approach to support.

Unit Description

The Court Assigned Counsel Unit, referred to as the Alternate Defender's Office (ADO), represents clients in criminal cases in which the Public Defender's Office has a conflict of interest or is otherwise unable to accept representation. The ADO meets these mandates through the combination of contract attorneys and panel attorneys. The Chief Alternate Defender maintains operational responsibility and manages the contract attorneys and panel attorneys. Panel attorneys are used when the contract attorneys have a conflict and in cases falling outside the contract, e.g., capital cases. The ADO has a dedicated and diverse team committed to ensuring that the right to effective and competent legal representation in criminal and juvenile cases is a reality for county residents. The ADO provides funds for appointed counsel and related

defense costs, including but not limited to investigations, expert witnesses, forensic laboratory procedures, interpreters, and transcriptions for indigent clients not represented by the Public Defender.

Unit Description

The Public Defender provides legal representation to indigent persons in local Superior Court matters. While most clients are defendants in criminal cases, the Public Defender also provides representation in probate, conservatorship, and limited civil matters, including when mental health clients' liberty may be at risk.

The Office also provides representation of youth in matters within the jurisdiction of the juvenile courts. This function includes having an attorney available around the clock to consult with arrested juveniles before they undergo questioning.

The Office functions allow the County to meet its obligations imposed under the Constitutions of the United States and California and other applicable statutes such as California Government Code section 27706, which lists the duties of the public defender.

Unit Description

The FY 2011-12 state budget enacted a shift or realignment of state program responsibilities and revenues to local governments (Public Safety Realignment Act of 2011, Assembly Bills (ABs) 109 and 117, Chapters 15 and 36, Statutes of 2011). To support realigned criminal justice, mental health, and social services programs, the Legislature passed Assembly Bill 118 (Chapter 40, Statutes of 2011), which created the new Local Revenue Fund 2011. For transparency in reporting, the County established Fund 1300 to account for all related public safety realignment revenues and provide an accounting structure. A portion of state sales tax and vehicle license fee revenues are deposited, with operating transfers to reimburse the General Fund from Fund 1300 for realigned program payments.

Sheriff-Coroner

Departmental Overview:

The Sheriff-Coroner is an elected official per the authority of the California Government Code and Health and Safety Code and provides public safety services to residents. Services include 24-hour uniformed patrol, the investigation of crimes, criminal records management and community policing. The Office is also responsible for the safekeeping and security of persons arrested by any law enforcement agency in the county. In fulfilling the duties of the Coroner, staff investigates reportable deaths to determine the cause and manner of those deaths. Additionally, through the California Office of Emergency Services Law Enforcement Mutual Aid Plan the Sheriff's Office serves as the County Operational Area Law Enforcement Mutual Aid Coordinator responsible for first response and coordination of local, regional and statewide resources to serve all municipal law enforcement agencies within the County.

Programs and Functions:

The Sheriff's Office provides general law enforcement, investigations, custody services, court security, coroner operations, canine, air and drone operations, special weapons and tactics services, explosive ordinance response, dive search and rescue, crisis negotiations, land-based search and rescue operations and law enforcement support.

Office's Contributions to the County's Prior Strategic Initiatives:

PUBLIC SAFETY

The Sheriff's Office promotes safe communities by providing proactive patrol, investigations and crime prevention efforts.

ECONOMIC DEVELOPMENT

The Office provides essential public safety services and keeping the county safe enhances people's desire to live, work, and recreate in the county.

ADMINISTRATION

The Sheriff's executive management team meets weekly to develop policies to improve services to the public. The team engages other County offices and departments, the judiciary, and the public on a regular basis to assess current service delivery models. As an elected official, the Sheriff meets with the public to discuss public safety policy and obtain community input and feedback on operational issues.

HEALTH AND HUMAN SERVICES

Deputy Sheriffs are first responders and quickly deploy to disasters that jeopardize the health and safety of the community. Their daily interactions with the most vulnerable populations in the community foster trust and build partnerships that connect citizens with services.

INFRASTRUCTURE

The Office provides infrastructure protection through rapid responses and collaborative efforts with other public safety partners at the local, state and federal levels.

Staffing Trends

Expenditure/Revenue History (in millions)

The Sheriff-Coroner Department is divided into three bureaus: Administration Operations, Enforcement Operations (patrol) and Correction Operations (jail).

Summary of Recommendation

The Recommended Budget for the Sheriff's Office includes \$171,819,244 in appropriations, financed by \$60,341,332 in revenues, \$111,327,913 in General Fund Contributions (GFC) and \$150,000 in restricted revenues. It includes \$3,222,787 in augmentations to provide for status quo funding to maintain 21 existing filled baseline positions.

Sheriff-Coroner

The recommended budget represents an increase in appropriations of \$8,713,694 over the FY 2024-25 Modified Budget. These increases in costs are due to increased wages from cost-of-living and step increases, the implementation of countywide wage studies, higher employee pension costs, health insurance, and rising premiums for workers' compensation and general liability programs. The Recommended Budget includes 453 full-time equivalent (FTE) positions.

Unfunded augmentation requests amounting to \$9,574,927 to maintain status quo funding and existing positions and services were not included in the Recommended Budget.

Budget Impacts

The Sheriff's Office will be required to eliminate vacant positions to achieve the recommended funding level. The impacts of cuts in services could lead to: a) the closure of the patrol sub-stations in King City and Monterey; b) reduction in deputies patrolling the unincorporated areas of the County; c) increased patrol response times to community emergencies; d) reduction in corrections deputies; e) reduction of hours and services to the public and a direct impact to the public safety of residents.

The Sheriff's Office began FY 2024-25 with almost no sworn vacancies and currently has 49 mostly professional vacancies. This puts pressure on existing personnel to cover mandatory minimum shift coverage and ensure timely investigations into serious crimes against persons and property.

Prior Year Accomplishments

The Jail implemented a communication system to provide each incarcerated person with a tablet, conduct mail service offsite, and have telephones and visiting kiosks placed throughout the facility.

The Jail completed resurfacing of the wall/floor padding in all the Jail observation and safety cells, installed drug amnesty boxes for use, and put two fentanyl trained canine and handler units into service.

The Jail implemented a medical Sergeant position to oversee day-to-day operations in the Jail and supervise the medical deputy team; an Administrative Sergeant to increase operations efficiency handling the housing units and intake areas; a Facility Sergeant position to create efficiency with Support Services Operations; and a 2nd Classification Sergeant in the Receiving Area to ensure Classification interviews and compliance are accomplished at intake.

The Jail, working with its incarcerated persons food services vendor, launched a micro market for employees to purchase reasonably priced food and drink options due to their inability to leave the facility.

The Board of Supervisors approved the resolution presented by the Sheriff's Office to increase the Vehicle License Fee (VLF) from one dollar (\$1.00) to two dollars (\$2.00) and from two dollars (\$2.00) to four dollars (\$4.00) for commercial vehicles to increase auto theft enforcement operations.

The Sheriff's Office was awarded grant funding through the Homeland Security Grant Program to conduct advanced Special Weapons and Tactics (SWAT) sniper training, SWAT Advanced and Basic courses, advanced canine detection and tracking workshops, Bomb Squad Vehicle Borne Improvised Explosive Devices course, for a bomb suit, a rescue boat for the dive team, a swat kinetic breaching tool, and a Bomb Squad Incident Command vehicle and robot.

The Professional Standards and Training Division implemented a comprehensive inventory control system for full inventory and tracking of all equipment and certified 12 regional California Peace Officer Standards and Training (POST) approved training classes to be hosted at the Sheriff's Office.

The Office deployed 63 FLOCK surveillance cameras to detect and record vehicle license plates across the unincorporated county and

implemented and deployed Axon Taser 10 for less lethal options, Axon body worn cameras, and Axon Interview with updated interview rooms capabilities.

With funding from California Advancing and Innovating Medi-Cal (CalAIM), the Office launched and administers the Re-entry Resource Center, a comprehensive resource hub, bringing together Sheriff and Behavioral Health staff, Community Based Organizations (CBOs), Community Health Workers, Workforce Development, and other essential services.

Budget Year Goals

The Office will implement an in-car video camera system for its Corrections and Enforcement Operations Bureaus fleets.

Make critical infrastructure repairs to the Jail to include: repair and upgrade of door controls to make the two systems compatible and correct and enhance safety issues; mitigate asbestos flooring and replace tiling in the men's pods and women's section failing tile flooring per Board of State and Community Corrections (BSCC) requirements; upgrade and add needed security cameras; address the antiquated Rehabilitation Center, leaking roof, replace failing rain gutters, install new clothes washers and dryers, and to replace resin in the water softeners that protect the interior plumbing.

The Sheriff's Office plans to seek funding for unfunded sworn and professional staff positions to continue its core functions and comply with Constitutional mandates, maintain adequate jail staffing, and increase the number of patrol deputies working in the community.

Expand the countywide law enforcement security camera system to provide digital evidence to support operations and impact criminal activity.

Reestablish the countywide Auto Theft Task Force utilizing the Vehicle License Fee and partner with municipal agencies.

Establish a Special Enforcement Unit to investigate and impact violent gang crimes, engaging partners from the Federal Bureau of Investigation, Bureau of Alcohol, Tobacco and Firearms, Drug Enforcement Agency, Secret Service, and Department of Homeland Security.

Pending Issues

The Public Safety Building remains a critical issue due to lack of basic security, such as ballistic glass at the front counter, doors that secure properly, and protective measures to prevent unauthorized access to the roof of the building. Both Sheriff's Office sub-stations have antiquated security systems as well. The Jail perimeter security fencing is substandard and failing, which endangers employees and risks inmate escape. The Jail has experienced infrastructure failures, such as plumbing, boilers, heating, air conditioning and generators.

The State Trial Court funding remains a pending item. Court Security funding is a top legislative priority for the California State Sheriffs' Association (CSSA). The Sheriff's Office is working with the CSSA legislative team to lobby for additional funding and will continue to work with local Superior Court to ensure staffing falls within the funding allotment given by the state while maintaining safe and secure courthouses.

Policy Considerations

There are no policy considerations.

Unit Description

This unit provides support to all bureaus within the Sheriff's Office and law enforcement and criminal justice agencies in the county on a 24/7 basis. Functions include: processing Live Scan fingerprinting for the public, providing arrest records and crime reports, submitting the State Department of Justice (DOJ) required statistics, entering restraining orders, and operating the public information counter. The Warrants Section is the central repository for criminal, traffic and juvenile warrants issued in the County. The unit enters, maintains, and confirms warrants before they are served.

Unit Description

This unit is responsible for enforcement operations including patrol, investigations, special operations and support functions and provides general and specialized support to other law enforcement agencies within the county.

The Enforcement Operations and Administration Division oversees the management of three patrol stations. The Coastal Patrol Station serves the designated areas of unincorporated Carmel, Carmel Valley, Pebble Beach, Carmel Highlands, Big Sur, Cachagua, and the Highway 68 corridor from Laureles Grade to Highway 1.

The Central Patrol Station covers the area most affected by crimes (Pajaro, Las Lomas, Castroville and Prunedale) and specifically violent

crimes with the highest number of gang members. The station is home to the highest number of assigned staff and therefore supplies the highest number of deputies to special details that include natural disasters, major crimes, special events and major enforcement actions to include those that occur in local cities such as Salinas. This station trains new deputies assigned to the Patrol Division.

The South County Station patrols the largest geographical area, with responsibility over 1,800 square miles divided into three patrol beats providing coverage of South County from 5th Street, Gonzales to the San Luis Obispo County line, and west to the ridgeline of the Santa Lucia mountain range. The U.S. Army and California National Guard have major installations at Fort Hunter Liggett and Camp Roberts. This area also contains a large portion of the Los Padres National Forest.

Unit Description

The Community Services unit manages the many special events held each year in the county. These events draw crowds to the area, requiring an additional law enforcement presence. The unit manages the Sheriff's Office fleet of vehicles, volunteer units (Reserves, Mounted, Aero Squad, Sheriff's Emergency Assistance Team), and other specialized teams, including the Search and Rescue Team (SAR). Pursuant to California Government Code section 26614, the Sheriff has the authority to search for and rescue missing persons in the County. Each year, the SAR and

the Dive Team respond to numerous calls for service regarding vehicles over a cliff, lost or injured hikers, divers or swimmers in distress, or other miscellaneous associated calls for service.

In FY 2016-17, the Sheriff's Office expanded the Sheriff's Emergency Assistance Team (SEAT) and the Explorer Post. The SEAT volunteer unit provides personnel to respond to events with traffic control, manning of road blocks, and incident support. SEAT has also begun to provide a cadre of members to conduct Citizens on Patrol activities in the Monterey Peninsula area. This service is expanding to include Central Station and

South County Station coverage. The Explorer Post allows youth to participate in Sheriff’s Office activities while providing limited personnel resources for major events throughout the County.

The Special Enforcement unit responds to many critical or high-risk incidents outside the training, experience and equipment capabilities of patrol deputies, including the Special Weapons and Tactical Team (SWAT)/Hostage Negotiators (HNT), the Mobile Field Force (MFF) which responds to civil disobedience and the Bomb Squad/Weapons of Mass Destruction Team. Additionally, this unit manages the Terrorism Liaison Officers who collaborate with the Northern California Regional Intelligence Center (NCRIC), the Crime Analysts who examine trends, and the acquisition, training and daily operations of the canine unit.

Unit Description

The Coroner Unit completes competent and timely medicolegal forensic investigations of reportable deaths occurring within the county, with a mission to provide timely and accurate answers to survivors of loved ones.

Not all deaths are reportable to the coroner. Reportable deaths fall into 24 categories. Government Code, section 27491 and Health and Safety Code, section 102850 direct the coroner to inquire into and determine the circumstances, manner, and cause of any death, which falls into one of these categories. Like 42 other counties in California, the County is a Sheriff-Coroner County that gives the investigator dual powers as a coroner and peace officer. The Sheriff's Sergeant within the Coroner Unit also chairs the county's Child Death Review Team.

In any death into which the coroner is to inquire, the coroner may take charge of personal effects, valuables, and property of the deceased at the scene of the death or related to the inquiry and hold or safeguard them

until lawful disposition thereof can be made. When requested by other jurisdictions, coroner personnel will also make death notifications to next of kin residing in the County for people who have died in other states or other California counties. The Coroner's Unit may assist the people of the state, as appropriate, in implementing the Uniform Anatomical Gift Act (legal framework for organ donation).

Unit Description

The Corrections Operations Bureau (COB) is managed by a chief, a captain, and commanders who are responsible for all aspects of corrections operations including, but not limited to inmate care and custody, inmate transportation, court security, inmate programs, contract services administration and support functions for the jail. This unit is responsible for the care and custody of inmates in compliance with BSCC Title 15, Minimum Standards for Local Detention Facilities. This unit

oversees and monitors realigned prisoners as a result of AB 109 and classifies inmates and assigns appropriate housing to those arrested in the County.

The Compliance and Administration Division develops policies and procedures and coordinates with the Office of County Counsel and other agencies on claims and lawsuit response. This unit ensures that all mandated inspections are completed and develops remediation plans for any noted deficiencies. This unit coordinates jail construction and facility

improvement projects for the Sheriff's Office and jail general maintenance. In addition, this unit performs regular compliance monitoring on many bureau functions and provides recommendations for improvements when necessary.

This unit manages the inmate food service and commissary contract with Aramark, purchasing equipment and supplies for the Corrections Operations Bureau, and the inmate phone contract.

This unit manages the jail records unit, which maintains all custody records and is the point of contact for the public at the jail and the Work Alternative Program (WAP) which processes clients into the program, conducts site inspections, and books inmates for the Probation Department's Home Confinement Program and the District Attorney's Office. The WAP alleviates jail crowding by allowing eligible candidates to perform community service hours in lieu of jail time.

Unit Description

The FY 2011-12 state budget enacted a shift or realignment of state program responsibilities and revenues to local governments (Public Safety Realignment Act of 2011, Assembly Bills (ABs) 109 and 117, Chapters 15 and 36, Statutes of 2011). To support realigned criminal justice, mental health, and social services programs, the Legislature passed Assembly Bill 118 (Chapter 40, Statutes of 2011), which created the new Local Revenue Fund 2011. For transparency in reporting, the County established Fund 1300 to account for all related public safety realignment revenues and provide an accounting structure. A portion of state sales tax and vehicle license fee revenues are deposited, with operating transfers to reimburse the General Fund from Fund 1300 for realigned program payments.

Unit Description

The FY 2011-12 state budget enacted a shift or realignment of state program responsibilities and revenues to local governments (Public Safety Realignment Act of 2011, Assembly Bills (ABs) 109 and 117, Chapters 15 and 36, Statutes of 2011). To support realigned criminal justice, mental health, and social services programs, the Legislature passed Assembly Bill 118 (Chapter 40, Statutes of 2011), which created the new Local Revenue Fund 2011. For transparency in reporting, the County established Fund 1300 to account for all related public safety realignment revenues and provide an accounting structure. A portion of state sales tax and vehicle license fee revenues are deposited, with operating transfers to reimburse the General Fund from Fund 1300 for realigned program payments.

Unit Description

The FY 2011-12 state budget enacted a shift or realignment of state program responsibilities and revenues to local governments (Public Safety Realignment Act of 2011, Assembly Bills (ABs) 109 and 117, Chapters 15 and 36, Statutes of 2011). To support realigned criminal justice, mental health, and social services programs, the Legislature passed Assembly Bill 118 (Chapter 40, Statutes of 2011), which created the new Local Revenue Fund 2011. For transparency in reporting, the County established Fund 1300 to account for all related public safety realignment revenues and provide an accounting structure. A portion of state sales tax and vehicle license fee revenues are deposited, with operating transfers to reimburse the General Fund from Fund 1300 for realigned program payments.

Probation

Departmental Overview:

The Probation Department is part of the County's criminal justice system and protects residents by preventing and reducing the frequency, severity, and impact of criminal and delinquent behavior. This is accomplished through prevention activities, preparation of requisite reports, recommendations to the court, enforcement of court orders, assisting victims, and developing methodologies in probation services. The department reports to the local Superior Court for policy and procedural matters, and to the Board of Supervisors for funding and service levels.

Programs and Functions:

The Probation Department manages the operation of adult and juvenile probation services, including two 24-hour juvenile institutions, and programs that provide alternatives to detention or are designed to deter juveniles from entering the criminal justice system. The department is composed of Administration and four operational divisions: Adult, Juvenile, Juvenile Hall and Youth Center. The Adult Division provides support to the courts, supervises offenders under its jurisdiction, and manages alternative to detention programs. The Juvenile Division provides similar services to court involved and at-risk youth and their families. The two juvenile institutions, Juvenile Hall and Youth Center, provide safe custodial environments for adjudicated youth, as well as in custody and reentry rehabilitative services. The department invests in an array of partnerships and collaborations with County agencies, law enforcement and criminal justice partners, educational institutions and service providers.

Department's Contributions to the County's Prior Strategic Initiatives:

ADMINISTRATION, HEALTH AND HUMAN SERVICES, INFRASTRUCTURE

The department's administration manages infrastructure and support services: fiscal, including collection of victim restitution, personnel, safety, facilities, fleet, training and technology. The department manages referrals to services for clients, serving at-risk youth, utilizing the therapeutic court model, and working with families to improve the home environment. In addition, the department provides leadership in data sharing projects with the courts and other criminal justice partners, as well as County agencies and service providers.

PUBLIC SAFETY

The department uses evidence-based practices in correctional supervision of adult and juvenile offenders, campus safety and community supervision through participation in therapeutic courts and alternatives to detention, reentry services, and referrals to services addressing criminogenic needs and providing support to client rehabilitation. The department fosters collaboration with criminal justice partners, local law enforcement agencies and service providers. Probationers are assessed for risk and needs and supervised by Probation Officers in accordance with court orders. The department refers clients to community-based service providers and utilizes supervision strategies with the goal of reducing risk factors and supporting positive behavioral changes.

Staffing Trends

Expenditure/Revenue History (in millions)

Probationers are assessed and supervised by Probation Officers who monitor compliance with court orders, provide referrals to community based services, and utilize supervision strategies with the goal of reducing risk factors and supporting positive behavioral changes.

Key Performance Measures	2022-2023 Actual	2023-2024 Actual	2024-2025 Mid-Year
Percent of adults who successfully complete probation - Target = 60%	51%	60%	61%
Percent of juveniles who successfully complete probation - Target = 65%	64%	74%	85%
Percent of employees who received an annual EPR - Target = 85%	68%	70%	56%

Summary of Recommendation

The FY 2025-26 Recommended Budget for the Probation Department is \$118,759,719, financed by \$81,742,763 in program revenue, \$27,731,505 in General Fund Contribution (GFC), and \$9,285,451 in one-time departmental restricted fund balance.

Appropriations and revenue levels are respectively \$14,609,275 and \$7,293,550 higher than the FY 2024-25 Adopted Budget. The increase is primarily due to operational transfers out from the Local Revenue Fund to reimburse the General Fund (\$5,355,397) plus higher employee salary

costs, employee benefits and pension contributions (\$4,784,475); an increase in cost plan charges (\$3,240,372) and an increase in contracted professional services supporting the Public Safety and Juvenile Realignment programs (\$1,086,750).

An increase in revenue is chiefly funded by a rise in reimbursements of \$2.8 million in state and federal monies for the Juvenile and Adult Realignment programs and the California Advancing and Innovating Medi-Cal (CalAIM) initiative, and an increase of operational transfers-in of \$4.3 million from state funded reimbursements for departmental claimable program activities. Finally, GFC increased by \$2.5 million primarily to offset the departmental rise in the cost plan charges.

The Recommended Budget reflects two fund sources: the Local Revenue Fund budget of \$41,868,964 and a General Fund budget of \$76,890,755. Pursuant to state legislation, the Local Revenue Fund is a pass-through fund primarily for receipt of Assembly Bill 109 (California Public Safety Realignment Act of 2011, Chapter 15, Statutes of 2011) monies. The department's positions and operations are paid by the General Fund and reimbursed from the Local Revenue Fund as expenses are incurred. The funding associated with these realigned responsibilities is shared with justice partners, including the Sheriff's Office, District Attorney, Public Defender, and Health in the form of operating transfers from the Probation Department to the recipient departments. The Recommended Budget includes 300.5 full-time equivalent (FTE) positions.

Budget Impacts

The Recommended Budget covers operations at a status quo level, but does not include augmentations for building systems maintenance or personnel recruitment. The department continues to mitigate the fiscal impact of increased non-discretionary costs connected to rising employee compensation due to negotiated labor agreements and wage analysis studies, increased pension contributions and health care premiums that consume revenue growth. Consequently, Probation's Recommended Budget continues to use one-time departmental restricted funding to maintain mandated services.

In response to these fiscal challenges, the department continues to serve the public and strives to protect public safety while providing support in leadership roles on a local and statewide basis to facilitate departmental and County goals.

Prior Year Accomplishments

Following the passage of Senate Bill 823 (Juvenile Justice Realignment, Chapter 337, Statutes of 2020) a Secure Youth Treatment Program (SYTP) was developed within the Juvenile Hall facility. Institutional programming was expanded to meet the needs of the realigned population, including culturally competent art curriculum from Homeboy Art Academy, Success Stories Program, and rescued animal therapy at Hidden Hills Ranch. The department requested and issued a formal Request for Proposal (RFP) to the public for evidence-based programming and curriculum for youth participating in the SYTP, with a contract anticipated to be completed by the end of FY 2024-25.

The SYTP formal individualized rehabilitation and re-entry case plan template created in 2024 to meet the legislative mandates and rehabilitative needs of the realigned population, has been implemented by the Probation Department, and along with the Intradisciplinary Team of representatives from collaborative agencies within the SYTP continues to address and coordinate rehabilitative goals for the realigned population successfully. The community furlough program for youth to assist with reintegration to the community and continuity of services developed last year is being utilized for youth approved by the court for a less-restrictive re-entry program setting. This ongoing program enables youth to be furloughed from the secure detention facility to attend services, education, prosocial activities, and employment within the community, returning to the detention facility after their approved schedule of activities to continue treatment and services within the SYTP.

The Youth Center reviewed existing programming and identified new services that are evidence-based and focused on youth needs and other factors that arise during After-Care. The Youth Center continued providing programs such as Strengthening Families (evidence-based skills training), Life Skills taught by Sun Street Center (education, prevention, treatment and recovery), Cooking Fundamental Classes with ServSafe (food safety) certification, Workforce Development Program, Hartnell College Class Ethnic Studies, and Power Through Choices (sex ed in out-of-home settings). The following new programs were added:

animal-based therapeutic programming with Hidden Hills Ranch, and a youth mentoring program, Sharp Circle.

The Youth Center clients continued to work on resumes, submitting job applications, applying for financial aid, and enrolling in college and securing housing or enrolling in a high school program before returning home on After-Care. Once on After-Care, the clients work, open a bank account, apply for their identification or driver's license and can access transitional living programs for youth who are 18 years of age or older. For employment, the Youth Center provided paid work experience for youth with their High School Diploma or GED through the Work Force Development Program.

The department engaged Hartnell College to provide expanded services to both youth facilities for post-secondary education classes, and the Prison Education Program (PEP) now provides supplemental education and tutoring services for graduates within the facilities, concentrating on educational skills and practice to enhance their pathway to success in college-level courses. The PEP program utilizes volunteer students from the California State University and the University of California, many formerly system-impacted students. Additionally, Probation collaborated with the Health Department's Behavioral Health Division to add a full-time psychiatric social worker to the SYTP resulting in the facilitation of individualized therapy, and cognitive behavior treatment with the population.

For youthful offenders, the department fully integrated the Youth Assessment Screening Instrument (YASI) risk assessment tool for justice-involved juveniles and results into case plans following review of policy and protocols under SB823. This integration yielded positive results in rehabilitation case plans that utilized targeted interventions for each offender and supervision of offenders in the community based upon risk of recidivism. When violations occur, probation officers are trained to utilize the least restrictive sanction to achieve the desired result from the youth offender, with the goal of keeping offenders in the community to receive services unless they represent a clear threat to themselves or others.

Senate Bill 129 (Chapter 69, Statutes of 2021), to reduce pretrial detention without compromising safety, expanded adult pretrial services. Recently passed unfunded Proposition 36, which increases sentences for certain drug crimes and thefts, increased the list of offenses requiring assessment. These challenges and ongoing vacancies have somewhat stalled progress, with the program remaining about 85% toward full implementation. Superior Court has continued to incrementally expand the list of offenses, and additional staff will likely be needed to meet court timelines, to properly monitor clients, and ensure accurate assessments, and compliance. Probation refined the comprehensive assessment report sent to the Superior Court that evaluates a client's likelihood of returning before the court and their community risk level. The report includes recommended monitoring conditions based on the client's risk score, aiding the court in determining the appropriateness of release under pretrial services.

The department increased the use of adult offender reporting via Offenderlink which automates and supplements the supervision of clients meeting the established criteria. Additionally, Probation IT researched methodologies to integrate Offenderlink with the Tyler Case Management System (CMS).

The Probation IT unit completed milestones on the proof-of-concept development for the upgrade and migration to the County's new version of SharePoint. In collaboration with the central Information Technology Department, implementation planning continued for the migration of data and a seamless version upgrade, with an estimated completion in December 2025.

Probation IT began the identification of the data schema to increase technical knowledge needed to support the Tyler CMS, and achieve

sufficient training levels for Probation IT staff to ensure accurate and timely reports and data queries in the Tyler CMS. A pilot Power BI business analytics dashboard was created to include Juvenile Hall daily bookings, referrals and offenses. It is anticipated that the dashboard will be finalized in May 2025. In addition, Probation IT continued to identify needed CMS reports and created customized versions of reports within the CMS for the Adult and Juvenile Divisions. The new reports support the mandated data reporting requirements for specialized programs and utilization of data statistics for informed decision making. Lastly, the Data Clean-Up Project which updated and corrected transferred data in the Tyler CMS from Probation's previous legacy system was completed in December 2024.

Finally, as a stakeholder in the CalAIM and Realignment initiatives for juveniles and adults, Probation is working to ensure a robust reentry for all individuals involved in the criminal justice system.

Budget Year Goals

Implement a resource family recruitment for foster care placements specific to probation placement.

Contract with recognized providers to deliver updated training and coaching on the best practices in Community Supervision for the juvenile and adult probation staff.

Continue to develop vocational and post-secondary education opportunities for detained youth in the facilities.

Develop and implement an independent appraisal and review process to determine efficacy of programming and services delivered to detained youth.

Develop and implement a change control system that tracks and reports requested changes, including an approval and denial process for change requests and a historical records repository of approved changes.

Complete Quality Assurance (QA) Project to standardize case plan processes for both the Adult and Juvenile Divisions with QA checks, development of a data validation process, creation of automated alerts, and provision of training and guidance to staff on proper data entry procedures.

Pending Issues

The Juvenile Hall capital project was completed in 2020 and the residents relocated to the new facility. However, the project was scaled down due to funding constraints, and essential areas such as space for programming, kitchen, dining, and laundry areas were eliminated. This continues to limit the department's ability to expand services to the residents and is further aggravated by the realignment of youth from state juvenile facilities to Probation's custodial responsibility.

Effective July 1, 2021, per SB 823, responsibility for youthful offenders under state custody transferred to local jurisdictions, initiating the closure of California's Division of Juvenile Justice (DJJ) and its juvenile correctional facilities. The realigned population includes youth under juvenile court jurisdiction that in the past would have been committed to custody in one of the state juvenile correctional facilities due to the severity of their crimes. The short implementation timeline outlined by the legislation, its impact upon the department's infrastructure needs, the creation of specialized programs and behavior management protocols for long-term commitments, and development of comprehensive medical and mental health services for long-term commitments continue to be a considerable challenge for California counties. Further, the implementation of the responsibility shift for long-term housing, care, and meaningful rehabilitation guidelines that were outlined in the original legislation and the clarifying SB 92 legislation (Chapter 18, Statutes of

2021), has resulted in a need for ongoing collaborative development of services to address crucial components of the legislation, as well as those that remain unanswered. These items include additional clarifying legislation to address outstanding legal issues; provide direction for uniformity in operational application of the bill throughout the state; provide further guidance on sentencing procedures and discharge guidelines for the new secure youth facility sentencing track; development of specialized placements, programs, and services that meet the benchmarks outlined by the legislature, and develop the necessary critical updates to the County's local infrastructure needed to accommodate youth placed in long-term detention by the court.

The absence of a locked mental health residential treatment facility for youth with severe mental and emotional illnesses is an additional challenge for the realigned population. Although there are efforts to identify funding and needed resources, this remains a slow process and a significant unmet need.

The Youth Center is a nine-month to a year commitment detention facility with a capacity of 44 beds. The center provides programming/services that are evidence-based for the youth focused on their needs and other factors that may arise during their Youth Center Program/After-Care. Staffing is currently below full capacity. It lacks practical and vocational training programs to facilitate the integration of youth into the community. There is a need for funding to support these initiatives.

The Youth Center is in the process of transforming the Laguna Bay to a Secure Track Stepdown Program (STSP) or Less Restrictive Program (LRP). The goal is to provide structure, support and supervision for STYP youth who have demonstrated to the satisfaction of the court that they are ready to safely transition into a less restrictive setting where they can begin reintegrating into their communities. The unit is currently slotted for 10 beds and will need to be staffed

In March 2021, the California Supreme Court upheld a San Francisco-based State Court of Appeal decision (in re Humphrey, 11 Cal 5th 135) indicating that the money bail system violated due process and equal protection by imprisoning defendants before trial solely because they could not afford to pay bail. While the ruling does not ban cash bail, it impels the judiciary to favor pretrial release and consider a person's ability to pay before setting bail, thus significantly reducing or eliminating the cash payment for some offenders.

Under SB 129, the 2021-22 California state budget appropriated \$140 million (\$70 million ongoing) to the Judicial Council to fund the implementation and operation of ongoing court programs and practices that promote safe, efficient, fair and timely pretrial programs. The funding is intended to provide courts with information and resources to support judicial officers in making pretrial release decisions that impose the least restrictive conditions to address public safety and implement appropriate monitoring practices and provision of services for released individuals. Monterey County Superior Court is contracting with the Probation Department for pretrial services. The lack of appropriate candidates to fill vacant SB 129 department positions will negatively impact full and timely implementation. Additionally, the department must validate its pretrial assessment tool on the local population to ensure its accuracy, fairness, and effectiveness. Different communities may have unique cultural, socioeconomic, and legal factors that influence the outcomes of assessments. Validating the tool within the local context ensures that the tool reflects these factors and provides reliable predictions for individuals in that specific area. This process helps to prevent biases, promote equitable treatment, and support more informed decision-making, ultimately contributing to a fairer justice system. Although initial funding from the courts was sufficient for the first year of the program, funding for subsequent years will fall well short of the amount needed to achieve mandated service levels and necessary staffing. The Probation Department will therefore still have to identify and utilize other funding sources to sustain the pretrial program.

The passage of Prop 36 on November 5, 2024, significantly altered the state's approach to certain drug and theft offenses. The measure reclassified specific crimes, such as possessing fentanyl and other illicit substances, as felonies, subjecting individuals with two prior convictions to felony charges. Additionally, Prop 36 established a treatment-mandated felony category, offering drug offenders the option to complete rehabilitation programs instead of serving prison sentences; failure to complete treatment could result in up to three years in prison.

The Probation Department faces increased responsibilities, including enhanced monitoring and managing of individuals with mandatory treatment requirements. With the new provisions requiring drug offenders to complete treatment programs and stricter supervision for repeat offenders, probation departments statewide will need to allocate more resources to manage caseloads effectively. The increased need for drug testing, compliance checks, and participation in rehabilitation

programs could lead to a rise in probation-related expenses. With no dedicated state funding, probation departments may struggle to maintain the staffing levels and services required to fulfill these duties. This could result in delays, reduced services, or reliance on overburdened staff.

The unfunded nature of this measure places significant pressure on the Probation Department. Without state funding to support the new requirements, local governments will face financial challenges, potentially affecting the quality and availability of services essential to the success of the measure. In addition, this gap in funding could hinder the intended goals of rehabilitation and reduce the long-term savings that proponents anticipate from lowering recidivism rates.

Policy Considerations

There are no policy considerations.

Unit Description

The Alternative Programs unit includes a variety of programs directed at adjudicated and at-risk youth. These programs include the Silver Star Youth Program (SSYP) at Rancho Cielo, and the Silver Star Resource Center (SSRC) for gang prevention and early intervention, the Truancy Program, and Alternative Education collaborations. The unit provides services in the continuum of care, ranging from prevention and intervention to education and employment counseling, to reduce the incidence of juvenile delinquency and gang involvement.

Unit Description

Juvenile Hall is an 80-bed secure treatment facility that provides services to in-custody youth awaiting adjudication or disposition from Juvenile Court, as well as a secure youth treatment program for those youth that have been determined by the Juvenile Court to require rehabilitation and treatment within a highly structured custodial setting. Additionally, the Department operates the Home Supervision and the Temporary

Electronic Monitoring Programs as detention alternatives that enable youth to return to their homes during the court process.

Referrals to Juvenile Hall are received from countywide law enforcement agencies, the Probation Department, and the Superior Court. Services are provided to youth to assist with their reintegration into the community and address their educational, physical, behavioral, psychological and emotional needs within a trauma-informed setting. Youth committed to the Secure Youth Treatment Program receive intensive intervention

designed to help youth develop life skills, learn emotional management and problem-solving skills, develop an awareness about the dynamic factors that have resulted in law enforcement involvement, as well as benefit from a full continuum of cognitive and mental health services geared towards supporting long term success both in and out of the custody setting.

Unit Description

The Youth Center is a local secure treatment facility and After-Care program designed for Juvenile Court wards, comprised of three dormitories with a total capacity of 44 male residents. The program's cognitive behavioral approach is focused on building trusting relationships with staff as positive adult role models, developing better decision-making skills, learning strategies to reduce anger by attending group and individual counseling sessions along with receiving substance use disorder, mental health, and educational services.

Rehabilitation opportunities are offered in collaboration with other county agencies and departments, as well as private and business sectors of the community. The Youth Center's environment is designed to address anti-social/illegal behavior and thinking patterns in youth while promoting acceptance of personal responsibility, increasing self-awareness, enhancing resilience and personal coping mechanisms, and encouraging pro-social attitudes and behaviors.

The After-Care/Re-Entry portion of the program is spent in the community and can last from six to twelve months. All residents are placed on electronic monitoring when starting the After-Care Program.

The goal of Re-Entry is to transition youth successfully back into their family and the community through supervision, connection to resources and continued therapeutic treatment and support.

Unit Description

The Adult Division provides services to offenders as ordered by the sentencing court, including investigation reports, case management, and field supervision. The division handles tasks such as determining victim restitution, referring offenders to community-based treatment programs, conducting substance abuse testing, and ensuring court compliance through probation searches. Additional support includes housing assistance, mental health services, and job readiness programs.

Specialized programs include Supervised Home Confinement, which uses GPS and alcohol monitoring as an alternative to jail, Pretrial Services, Drug Treatment Court, Mental Health Court (Creating New Choices), DUI Court, Veterans Treatment Court, and the Adult Day Reporting and Re-Entry Center. The division manages general supervision caseloads, adult placement programs, and specialized services for sex offenders, gang members, and domestic violence cases through the Family Violence Unit and Child Advocate Program.

Probation officers use risk and needs assessments to identify the factors that lead to criminal behavior and determine the level of supervision needed. For domestic violence cases, officers use the Ontario Domestic Assault Risk Assessment (frequency, severity, future assault factors), and for sex offenders, state-approved risk assessment tools. Based on these assessments, officers develop personalized case plans to address an individual's needs and help them successfully reintegrate into the community.

The Adult Division oversees community supervision for individuals returning from the California Department of Corrections and Rehabilitation. This work includes not only supervising these individuals but also working closely with local law enforcement, the state, the County Jail, community partners, and the local superior court.

Unit Description

The Juvenile Probation Division consists of intake, diversion and early intervention services, court investigation, and field supervision. Services include victim restitution, restorative justice programs, the campus-based Probation Officer program, a specialized juvenile sex offender program (Juveniles who Sexually Offend Response Team-JSORT), juvenile drug court, and juvenile special services, such as Wraparound, mental health assessments and a mental health court (Collaborative Action Linking Adolescents-CALA), and out-of-home placement.

Orders of probation require a variety of activities, including drug testing, collection of victim restitution, probation searches, monitoring of school performance and referrals of youth and families to various community treatment interventions, conducting risk and needs assessments to identify criminogenic needs, assessing youth and their family to determine if the youth is at-risk of being a candidate for foster care, and monitoring youth's progress to enable them to meet their rehabilitative goals.

Unit Description

The FY 2011-12 state budget enacted a shift or realignment of state program responsibilities and revenues to local governments (Public Safety Realignment Act of 2011, Assembly Bills (ABs) 109 and 117, Chapters 15 and 36, Statutes of 2011). To support realigned criminal justice, mental health, and social services programs, the Legislature passed Assembly Bill 118 (Chapter 40, Statutes of 2011), which created the new Local Revenue Fund 2011. For transparency in reporting, the County established Fund 1300 to account for all related public safety realignment revenues and provide an accounting structure. A portion of state sales tax and vehicle license fee revenues are deposited, with operating transfers to reimburse the General Fund from Fund 1300 for realigned program payments.

Agricultural Commissioner

Departmental Overview:

The Agricultural Commissioner/Sealer of Weights and Measures provides environmental and consumer protection through the local enforcement of federal and state laws and regulations about agriculture and weights and measures. Responsibilities include protecting the health and safety of workers, the public, the food supply, and the environment; safeguarding the County from introducing harmful pests and diseases detrimental to agriculture and our communities; promoting and protecting agriculture; and assuring business and consumer confidence in the marketplace.

Programs and Functions:

Major programs include pesticide use enforcement, plant quarantine, pest exclusion, pest detection, fruit and vegetable standardization, nursery, seed, and weights and measures enforcement. The Agricultural Commissioner performs pest management activities within the County and provides phytosanitary certification services (ensuring it meets the importing country's requirements) that enable the export of agricultural products. The annual Crop Report tabulates the county's gross value of agricultural production. Under the Weights and Measures program, the department registers and verifies the accuracy of commercial weighing and measuring devices and fosters confidence in transactions through price verification inspections to promote fair competition among businesses by leveling the playing field and protecting consumers by ensuring they get what they paid for.

Department's Contributions to the County's Prior Strategic Initiatives:

ECONOMIC DEVELOPMENT

Regulatory programs ensure a healthy and viable agricultural economy by maintaining a level playing field, excluding harmful pests and diseases, and preventing illegal residues on agricultural commodities. Phytosanitary certification facilitates the exportation of agricultural products across the nation and worldwide. The Annual Crop Report and associated economic reports quantify the contribution of agriculture to the economy of the County and denote agricultural trends of major commodities in the region. Local agricultural education programs sponsored by the department teach children and adults the importance of agriculture and support the industry with opportunities to engage and educate policy makers on key issues in the industry.

The Weights and Measures program maintains equity in the marketplace and protects consumers.

ADMINISTRATION

The Agricultural Commissioner actively recruits women and minorities, focusing on retention through advancement by investing in training and fostering a culture of teamwork and inclusivity.

HEALTH AND HUMAN SERVICES

The Pesticide Use Enforcement program protects farm workers, the public and the environment by ensuring pesticides are used safely and effectively. These protections are achieved through outreach and education with commercial pesticide users, determining compliance through regulatory field inspections, investigation of pesticide-related illnesses, and responding to public complaints.

INFRASTRUCTURE

The Agricultural Commissioner supports public services from its main office in Salinas and satellite offices located in Pajaro, King City, and Marina. The main office location offers services for programs and houses the Weights and Measures Division. This location houses a separate space for the University of California Cooperative Extension and the Agricultural Center which provides a meeting space for agricultural education.

PUBLIC SAFETY

The Pesticide Use Enforcement program protects farm workers, the public and the environment from pesticide exposure. Preventing the introduction of invasive pests reduces the need to conduct costly eradication measures.

Staffing Trends

Expenditure/Revenue History (in millions)

The Agricultural Commissioner enforces state and local regulations in concert with state agencies to protect agriculture, human health and safety, and the environment. Primary programs include pesticide use enforcement, plant quarantine, and fruit and vegetable standardization.

Key Performance Measures	2022-2023 Actual	2023-2024 Actual	2024-2025 Mid-Year

Summary of Recommendation

The Recommended Budget for the Agricultural Commissioner is \$14,689,394 financed by \$10,497,354 in revenues and \$4,192,040 in general fund contributions (GFC). The Recommended Budget decreases appropriations by \$1,299,534 from the prior fiscal year due to a decrease in Cost Plan charges and a decrease in budgeted services and supplies. Revenues show an increase of \$346,845 anticipated from state reimbursements to agricultural activities.

The Recommended Budget includes 75.0 positions, no change from Agricultural Commissioner

the prior fiscal year.

Budget Impacts

There are no budget impacts.

Prior Year Accomplishments

The Weights & Measures division conducted quality control inspections throughout the County and reviewed approximately 14,000 weighing and

measuring devices used for commercial transactions at nearly 2,000 locations ensuring compliance and protecting consumers.

The Agricultural Commissioner received Unclaimed Gas Tax (UGT), a fund that distributes accumulated unclaimed gasoline taxes to state and local programs that support agriculture, and Mill Tax revenue, from a tax levied by the Department of Pesticide Regulation on the sale of pesticides, by meeting the Maintenance of Effort (MOE) requirement with the California Department of Food and Agriculture (CDFA) and California Department of Pesticide Regulation (CDPR). This funding maintains operations at appropriate levels to implement programs that protect agriculture and communities.

Further refined an electronic dispatch system with shippers and coolers. All Inspector/Biologists receive their dispatch calls electronically, improving departmental efficiency and reducing clerical errors. Phytosanitary certificate requests are now digitally dispatched to and signed by inspectors streamlining the inspection process.

Collaborated with the University of California Integrated Pest Management division to sponsor a Train-the-Trainer program to provide pesticide safety training certification to 40 field supervisors representing various Farm Labor Contractor companies that conduct work in the County. The certification provides supervisors with the knowledge and requirements needed to train agricultural workers and supports continued efforts for the safety of workers.

Continued implementation of the Ag Pass Program, which was approved by the County Board of Supervisors in April 2023. The voluntary program provides representatives of a commercial agricultural operation with limited emergency access to their property in the event of a disaster to conduct limited activities to protect agricultural assets, such as sheltering or evacuating livestock. Sixty-four commercial agricultural operations have signed up for the program in the first two years, and the program is expected to grow. A small pilot program was explored this year to test the feasibility of expanding the Ag Pass area.

Budget Year Goals

Retain UGT revenue by meeting the MOE requirements determined by the CDFA.

Conduct outreach and education activities on new pesticide regulatory changes impacting growers.

Present case studies during continuing education sessions to growers and license holders, where basic information is shared from select priority illness investigations that are either recently completed or are in the process of completion. By sharing this information, attendees will become aware of the major incidents that occur in the County, hoping that with the knowledge gained, they may avoid making similar mistakes in the future.

Publish the 2024 Crop Report in English and Spanish to increase readership and accessibility. Release an updated Economic Contributions of Monterey County Agriculture publication that expands on understanding the true value of agriculture to the County's economy.

Continue collaboration with the California Department of Food and Agriculture to participate in applicable survey activity for early detection efforts of new invasive pests not yet found in California.

Continue updating the department's website to comply with new Title II Americans with Disabilities Act web accessibility requirements. In addition to information and resources for the agriculture industry and the public, explore fine and registration payments through online bill pay used by other county offices and departments.

Pending Issues

The department will work with the CDFA to continue exclusion and detection efforts for the European Grape Vine Moth, the Asian Citrus Psyllid, Glassy-winged Sharpshooter, and other target pests of concern. Light Brown Apple Moth quarantines by Mexico continue to require significant staff resources. China has opened its border to U.S. strawberries, and the protocol requires intensive inspection. Taiwan's quarantine protocol also requires intensive inspections for exported commodities.

The Department will continue to closely monitor federal budget impacts to the USDA, which may have the potential to negatively affect funding for pest prevention and pest exclusion programs locally.

Policy Considerations

Successful management of the department's resources will determine if the County's share of the UGT will continue at historic levels. In FY 2024-25, the County received \$4,547,764 in UGT. Lower spending can affect the amount of UGT received, which may negatively impact the safeguards established to protect the County's leading industry.

Unit Description

The Agricultural unit conducts programs to monitor and protect the County from environmental, consumer, and special services. Programs include pest detection, management, and prevention; phytosanitary

certification of commodities for export; pesticide use enforcement; quarantine enforcement; inspections of seeds, nurseries, eggs, and apiaries; fruit and vegetable quality standards; crop statistics and registration; and certification of organic producers and handlers.

Housing and Community Development

Departmental Overview:

The Department of Housing and Community Development (HCD) balances environmental protection with sustainable development. HCD brings together a range of land use services including housing, planning, and development to ensure reasonable and safe development, plan for the County's future needs, manage infrastructure and county facilities, and protect natural resources.

Programs and Functions:

HCD includes four divisions: Administrative Support, Development Services, Planning Services, and the Permit Center. Administrative Support provides budgeting, accounting, customer service, human resources, safety, secretarial support, and information. Development Services includes three sections: Building Services, Environmental Services, and Engineering Services. Planning Services comprises three sections: Advance (Long-Range) Planning, Current Planning, and Housing Programs. The Permit Center manages public records, the call center, and is the first point of contact for guidance on planning and construction-related permits.

Department's Contributions to the County's Prior Strategic Initiatives:

ECONOMIC DEVELOPMENT

Streamline the permitting and application process and develop regulations that provide opportunities to generate increased tax revenue and facilitate safe and affordable housing opportunities to support the County's workforce.

ADMINISTRATION

Utilize performance measures to monitor key public services and track trends that form organizational improvements, budgeting priorities, and efficiencies.

HEALTH AND HUMAN SERVICES

Promote health in all land use policy documents. Support other county office and department efforts for special needs housing and programs. Consider environmental justice, racial equity factors, and human health when preparing plans.

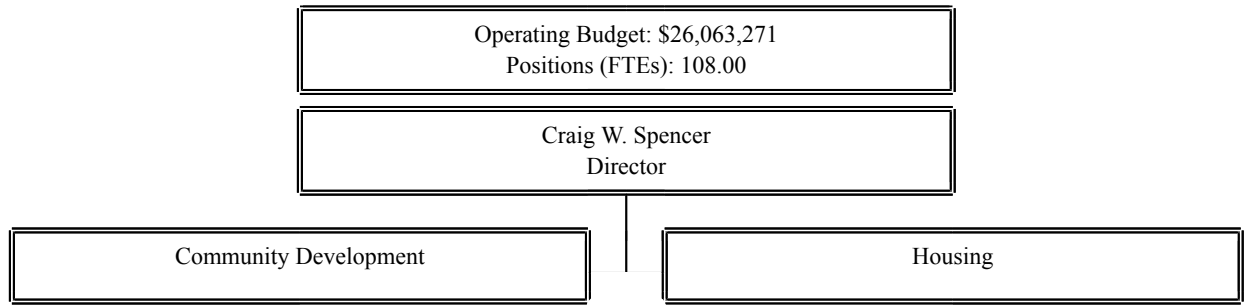

INFRASTRUCTURE

Ensure that projects and plans provide adequate infrastructure funding and planning to maintain customer-expected service levels while protecting the natural environment.

PUBLIC SAFETY

Serve as a lead agency for public safety in the County's unincorporated areas, coordinate with other land use agencies on policy development and implementation, review and inspect development, and coordinate with county offices and departments and agencies in cases of natural disasters. Ensure development is done to protect the health, safety, and general welfare of the County's residents and visitors.

Staffing Trends

Expenditure/Revenue History (in millions)

HCD utilizes these performance measures to inform operational improvements, assist in developing budgets, and identify additional resources needed to achieve its targets. HCD is evaluating other processes and programs to establish additional key performance measures.

Key Performance Measures	2022-2023 Actual	2023-2024 Actual	2024-2025 Mid-Year

Summary of Recommendation

The Recommended Budget for the Housing and Community Development (HCD) Department includes \$26,063,271 in expenditures, financed by \$16,609,316 in program revenue and \$10,333,224 in General Fund Contribution (GFC) with an expected surplus of \$879,269 in non-General Fund balances. The Recommended Budget for HCD includes 108 positions, an increase of 4 FTE over the FY 2024-25 Adopted Budget.

Budget Impacts

HCD submitted five augmentation requests totaling \$1,201,787 that may be categorized as Department Programs and County Programs. Four are included in the Recommended Budget for a total of \$936,287. The department also requested \$78,000 for increased technology to simplify the permitting process. This request was not recommended but the department believes it will be able to fund the upgrades with the approved

appropriations when the FY 2025-26 budget is adopted. The approved augmentation requests are:

- 1) General Plan Housing and Safety Element Update and Preparation of Environmental Justice Element, \$373,787
- 2) Chualar Community Plan, \$375,000
- 3) Consultant services for Building Plan Check, \$75,000
- 4) Consultant services for Planning Plan Check, \$112,500

HCD will utilize salary savings from vacant positions to assist with funding any outside consultant work necessary to meet permit processing timelines.

Prior Year Accomplishments

Goal 1 Housing Administration: Complete the Sixth Cycle Housing Element and begin program implementation to spur the development of housing projects.

A draft Sixth Cycle Housing Element was submitted to the California Department of Housing and Community Development in August 2024. In November 2024, the state provided findings from its review of the draft. Before the end of FY 2024-25, an updated Housing Element will be submitted to the state for a second review. Certification is anticipated early in FY 2025-26.

Goal 2 Code Compliance: Address the backlog of Code Compliance cases. Tasks include reviewing code compliance division policies and procedures, developing reasonable standard operating procedures, reviewing cases in the backlog to determine if they can be closed, and scheduling Administrative Hearings for cases that have not progressed.

HCD reduced the backlog of code compliance cases to approximately 2,700. In the 2024 calendar year, HCD responded to 665 new code compliance cases and closed 700 cases.

Goal 3 Permit Streamlining: Implement permit processing efficiencies to reduce backlogs and wait times. Tasks to accomplish this goal include identifying and maintaining a list of policies and regulations that need updates and implementing at least one ordinance or resolution that improves permitting efficiencies.

HCD continues to evaluate new ways to streamline the permitting process. Organizational charts have been modified to address long-standing weaknesses and points of failure in the process. Recruitments

for new and modified positions are underway and progress and improvements will be monitored closely in the coming fiscal year. Minor permit reviews have been simplified by reducing documentation needed to approve. With input from the architectural and construction industry partners, a standardized checklist of information needed for a permit to build one new single-family dwelling or to do an addition/remodel has been developed. A list of other policy updates has been developed and prioritized.

Goal 4 Customer Service: Fill vacant positions including the ombudsperson position and develop a system for proactively monitoring the progress of permits.

In FY 2024-25, HCD experienced significant turnover in the Planning Division. Other divisions remained relatively stable. Despite a mid-year hiring freeze, HCD has managed to recruit for new principal planners, new associate planners, and an ombudsperson to support the Planning team. Ongoing training is planned to improve responsiveness and customer service.

Budget Year Goals

Goal 1 Housing Administration: Complete the Sixth Cycle Housing Element.

Goal 2 Make substantial progress toward completion of the Chualar Community Plan.

Goal 3 Reduce vacancies within the department.

Goal 4 Improve services levels by reducing permit processing times, updating policies, ensuring clear and prompt communication, and improving access to technological resources.

Pending Issues

Historic lack of progress on the 2010 General Plan implementation, considerable changes in state law surrounding housing, and the ongoing need for regulatory updates have created a backlog of long-range planning activities. The Recommended Budget includes positions and funding that reflect the need to address this backlog.

Policy Considerations

HCD continually evaluates the need for land use and housing policy updates, working with the Planning Commission and Board of Supervisors.

Unit Description

HCD's Administrative Unit is responsible for functional activities that support the department and provide departmental executive direction, oversight, and centralized administrative and financial support. This unit includes consolidated functions that provide services to support HCD operations, including budget, finance, accounting services, and administrative support. The management analyst team oversees contracts and agreements, and supports special projects, programs, and administrative functions for the department, including former redevelopment, the former Fort Ord, and projects in the lower Carmel River area.

This unit is also responsible for the County's affordable and inclusionary housing programs, community development, homelessness program County of Monterey Recommended Budget FY 2025-26

support, and related grants. Other responsibilities include staffing the Housing Advisory Committee, the Urban/County Community Development Block Grant Committee, and providing support for the Health, Housing, Homelessness and Human Services Committee.

Unit Description

HCD's Community Development Unit consists of the following functions: Permit Center, Planning Services, and Development Services (Building, Engineering, Code Compliance, and Environmental).

The Permit Center provides agency-wide internal and external customer service through its Permit Counter, Call Center, Public Records, and County of Monterey Recommended Budget FY 2025-26

Administrative Support teams. The unit is responsible for the departmental website and access to public data.

Planning is primarily responsible for regulating development activity in the unincorporated areas of the County, preparing and implementing land use policy and regulations, providing information to the public, and reviewing development projects to ensure compliance with the County's land use regulations governing planning, building construction and

Housing and Community Developer

design, subdivisions, grading, and erosion control. In addition, Planning is responsible for preparing and reviewing environmental documents for development within the County, processing discretionary land use permits, managing records, implementing ordinances, and maintaining long-range planning documents, including the General Plan (a long-range policy document that guides future development and conservation with the county) and Local Coastal Program (critical land use planning document that allows coastal counties to implement the California Coastal Act at the local level). Planning supports the Planning Commission (advisory body to the Board of Supervisors, primarily focused on land use planning and development), Zoning Administrator, Cannabis Committee, Inter-Agency Review (IAR), Airport Land Use Commission (ALUC), Land Use Advisory Committees (LUAC) and Historical Committees.

Building Services issues construction permits, reviews and approves proposed construction documentation, performs inspections of ongoing construction to ensure compliance with county and state laws related to building health and safety standards, and conducts code compliance for building and land use. Building Services includes four programs and coordinates the review and approval of building permit applications with other related county agencies and 13 fire protection districts. Plan check engineers and technicians review plans and supporting documentation to ensure that building codes and other construction regulations are met. Inspectors investigate construction work performed without permits, provide technical advice to the public in the field or office, and perform routine plan checks as time permits. Code Enforcement responds to and investigates complaints of violations regarding state and county building, zoning, housing, and grading policies and helps property owners bring their properties into compliance.

Engineering Services reviews major and minor subdivision improvement plans, surveys, and maps, and processes final maps and parcel maps in accordance with the Subdivision Map Act, the Land Surveyors Act, and local ordinances. Additionally, Engineering Services reviews technical documentation consistent with the California Environmental Quality Act (CEQA), which requires that state and local agencies disclose and evaluate the significant environmental impacts of proposed projects and adopt all feasible mitigation measures to reduce or eliminate those impacts; provides the technical review of boundary maps for the Local Agency Formation Commission (LAFCo), an independent regulatory commission established by the State Legislature to regulate the boundaries of cities and most special districts within each county; maintains the road-naming and house numbering system; issues transportation permits for oversize and overweight vehicles traveling in the County; and issues encroachment permits for public right-of-way.

Environmental Services consolidates development review responsibilities for grading and erosion control. This unit conducts construction site inspections to ensure code compliance and manages the Construction Site Stormwater Runoff Control Program and the Post-Construction Stormwater Management Program.

Unit Description

The East Garrison Developer Reimbursement Unit was created in FY 2013-14 for the purpose of monitoring and accurately allocating county administration costs, including program support from County Counsel and Economic Development, financial support from the Department of Housing and Community Development, and other support and oversight. These activities are paid for from the developer's deposits and reimbursements and are expected to be cost-neutral to the County.

Unit Description

On June 30, 2020, the Fort Ord Reuse Authority (FORA) dissolved, and the County agreed to assume certain responsibilities with associated funding. This fund was established to implement a habitat management program for the former Fort Ord lands. Under this program, HCD performs essential habitat management planning activities.

Unit Description

The Inclusionary Housing Program was established by ordinance adopted by the Board of Supervisors in FY 1979-80 and amended in 2011. The Inclusionary Housing Fund is for the development of housing for the County's low- and moderate-income residents. The fund is capitalized through the payment of in-lieu fees by developers of subdivision projects and repayment of project loans.

Revenue is distributed to eligible for-profit and non-profit developers to assist with the cost of providing affordable housing. The County's

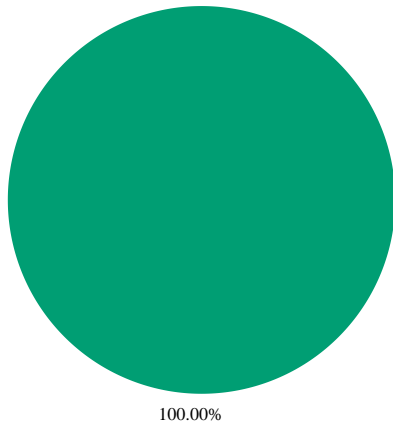

Housing Advisory Committee reviews affordable housing proposals. The fund supports the cost of administering the existing loan portfolio, monitoring inclusionary units, and administering compliance matters relating to the Inclusionary Housing Ordinance. All revenue must be spent per the ordinance.

The Inclusionary Housing Program allows very low-, low-, and moderate-income households to purchase or rent affordable inclusionary units throughout the County's unincorporated areas. Currently, there are approximately 251 owner-occupied units and 423 tenant-occupied units in the Inclusionary Housing Program.

Unit Description

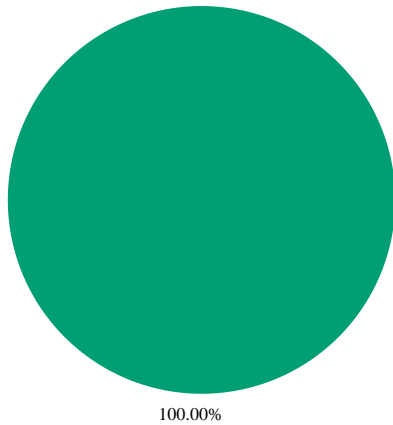

HCD's Community Development Reuse unit provides for the reuse of payments on loans that were originally funded by state Community Development Block Grant (CDBG) and Housing Opportunity and More Efficiency (HOME) Investment Partnerships program funds. Grant funds

are loaned to low- and very low-income households for first-time homebuyer down payment assistance activities and nonprofits for affordable housing projects. All program income must be spent on eligible activities in accordance with state regulations and adopted Program Income Reuse Plans and Guidelines.

Unit Description

HCD's Community Development Grant Unit provides for community and economic development projects funded through federal CDBG, state HOME, and other grant programs and funding sources. This unit funds public infrastructure, community facilities, public service programs, and housing projects for very low-, low-, and moderate-income households. Funding must be utilized per funding source guidelines.

Unit Description

The Castroville/Pajaro Housing Set-Aside Unit was established to provide affordable housing to very low-, low-, and moderate-income families within the Castroville/Pajaro Redevelopment Project Area. Per the California Redevelopment Law, first enacted in 1945, funds deposited into the Housing Set-Aside Fund were to be used to increase the supply or improve the condition of very low-, low-, and moderate-

income housing (California Health and Safety Code governs redevelopment, with Section 33000 and following). Since the state's dissolution of Redevelopment Agencies and the loss of funds, the County took required action to become the Housing Successor Agency, which manages the remaining low- and moderate-income housing assets of a dissolved redevelopment agency. Any repayment of loans can be used to reinvest in housing.

Public Works, Facilities and Parks

Departmental Overview:

The Public Works, Facilities and Parks Department (PWFP) plays a vital role in ensuring the safety and development of the County by managing infrastructure, maintaining county facilities, and protecting natural resources. The department is dedicated to planning for future needs while maintaining and improving the County's essential services and public spaces.

Programs and Functions:

PWFP is divided into three key divisions: Public Works, Facilities and Parks, which are responsible for managing and maintaining the County's infrastructure and open space.

The Public Works Division includes Road and Bridge Design, Stormwater and Flood Plain Management, Special Districts, Road and Bridge capital projects, Land Survey, Traffic, and Road and Bridge Maintenance. It is responsible for managing approximately 1,263 miles of county roads, 175 County-maintained bridges, three sewer service areas (two county sanitation districts and one county service area), and road appurtenances, such as 29 traffic signals, traffic signs, and striping.

The Facilities Division is responsible for several key functions, including Architectural Services, which oversees capital projects and the development of the Annual Five-Year Capital Improvement Plan. The division manages facility maintenance and grounds crews to maintain over 2.7 million square feet of county-owned buildings and 397,000 square feet of leased building space. Additionally, Real Property Management oversees 96 county-owned facilities, 63 leased facilities, 56 county landlord leases and 507 owned parcels. Central Services include Fleet Administration, Vehicle Asset Management Program (VAMP), Mail and Courier, and Records Retention.

The Parks Division manages and enforces the use of 30,130 acres of regional parks and open space, comprised of Royal Oaks Park, Manzanita Park (under Concessionaire Agreement with North County Youth Recreation Association), Jacks Peak Park, Toro Park, Travel Camp, San Lorenzo Park, Lake San Antonio (North and South), Lake Nacimiento Resort and Recreation area (under Management Agreement with Explore Us), Laguna Seca Recreation Area (under Concessionaire Agreement with the Friends of Laguna Seca), and the Rifle and Pistol Range. In addition, the Parks Division manages the administrative and operational functions of East Garrison Community Services District, which includes five neighborhood parks, a regional park, open space, street lighting, roads, sidewalks, and storm drainage systems. Following the dissolution of Fort Ord Reuse Authority (FORA) in June 2020, the County assumed responsibility for managing an additional 2,980 acres of open space land with habitat management duties.

Department's Contributions to the County's Prior Strategic Initiatives:

ADMINISTRATION

Utilize performance measures to monitor key public services, track emerging trends, and inform organizational improvements, budgeting priorities, and efficiency measures.

HEALTH AND HUMAN SERVICES

Provide high-quality recreational facilities that enhance the experience for visitors to the County's parks, lakes, and open spaces.

INFRASTRUCTURE

Ensure funded projects outlined in the Countywide Five-Year Capital Improvement Plan (CIP) are completed on schedule and within budget.

Continuously update and implement facility management plans, focusing on increasing proactive maintenance efforts.

Maintain 1,263 miles of county roads, 175 bridges, and associated road appurtenances.

PUBLIC SAFETY

Facilitate safe transportation across the County road network by completing necessary safety improvements. Implement safety measures that create secure facilities and environments for all who utilize the County's properties.

Staffing Trends

Expenditure/Revenue History (in millions)

Public Works, Facilities, & Parks (PWFP) utilizes these measures to inform operational improvements, assist in developing budgets, and identify additional resources needed to achieve its targets. PWFP partnered with the Transportation Agency for Monterey County (TAMC) on a countywide road condition assessment providing field data.

Key Performance Measures	2022-2023 Actual	2023-2024 Actual	2024-2025 Mid-Year
Percent of County roads (1,257 miles) at Pavement Condition Index rating of 60 or above. Target = 50%	17.30%	17.90%	16.1%
Percent of fully funded priority Capital Improvement Program (CIP) projects on schedule and on budget. Target = 100%	80%	74%	80%

Summary of Recommendation

The Recommended Budget for Public Works, Facilities and Parks (PWFP) includes appropriations of \$149,043,490, financed with revenues of \$127,450,880, Use of General Restricted Fund Balance of \$120,797, and a General Fund Contribution (GFC) of \$9,700,107, resulting in a decrease to the non-general fund, fund balance of \$11,771,706. The overall reduction in expenditures and revenues is largely due to two key factors: the transition of the Laguna Seca Recreation Area to a concessionaire agreement with the Friends of Laguna Seca, and the timing of when Capital Improvement Projects are incorporated into the budget.

The Recommended Budget includes 269 positions, reflecting a net loss of 10 positions—12 eliminated and two added through funding from the sanitation districts. The budget includes \$673,047 in partially funded augmentations for park temporary staff, custodial services at multi-use facilities, and post-closure monitoring at the Lake San Antonio South Shore Landfill. These augmentations are supported by \$632,250 in additional GFC and \$40,797 from General Restricted Fund Balance, but a shortfall of \$229,953 remains due to none being fully funded.

Budget Impacts

The Recommended Budget funds salary and benefit costs resulting from newly negotiated labor agreements and the implementation of comprehensive wage studies. The Recommended Budget also includes funding for 3 requested augmentations: Temporary summer staffing at Lake San Antonio, custodial care staff to ensure compliance with health and safety standards, and funding to complete the Post-Closure Maintenance Plan update and required landfill gas monitoring at the Lake San Antonio South Shore Landfill to ensure compliance with state regulations and avoid potential fines.

Prior Year Accomplishments

Goal 1 - Continue close coordination with the departmental Human Resources (HR) team and the HR Department to fill vacant positions throughout the department, particularly in the Parks, Public Works Engineering, and Maintenance Divisions. Managers work closely with HR to ensure the success of recruitment efforts and that vacant positions approved to be filled are in an active recruitment process. PWFP has activated recruitment efforts for 29 positions, 25 of which perform duties related to the Parks, Public Works Engineering, and Maintenance Divisions.

Goal 2 - Consider salary competitiveness for difficult-to-retain professional classifications and develop a succession plan with the HR team. The HR Department completed several classification and compensation study requests this fiscal year, increasing compensation for positions that previously were not competitive with industry standards.

Goal 3 - Complete the needs assessment and evaluation to select a preferred vendor/software for a Computerized Maintenance Management System (CMMS). A Request for Proposals was issued to develop and implement a CMMS system, which will be implemented in phases pending funding allocation.

Goal 4 - Complete developing content for and publish the updated PWFP website in compliance with the Americans with Disabilities Act Title II compliance to give people with disabilities an equal opportunity to benefit from the information shared online. PWFP has made vital documents in Spanish to meet Title VI of the Civil Rights Act compliance and broaden access to information. PWFP is developing new content to add to the redesigned website to better serve internal and external customers.

Goal 5 - Complete the transition to a cloud-based electronic file storage system. PWFP will begin transitioning digital originals and destroying the hard copies. A digital records conversion policy was developed to meet

legal requirements for transitioning paper records held in Records Retention Center (RRC) to digital originals, should county offices/departments request it. Available software solutions do not meet the technical or capacity needs of a complete digital records repository. RRC continues to explore software solutions in consultation with the Information Technology Department (ITD).

Goal 6 - Continue Investment in new critical equipment. PWFP acquired heavy-duty equipment that incorporates new technologies and methods, including hot trucks and bucket/patch trucks. In FY 2024-25, Public Works purchased two Thermo Lay trucks for hot mix patch paving, two PB Loader patch trucks, and a High Ranger Bucket truck for the tree crew. As a cost-effective measure, replacement light-duty vehicles for the maintenance team were purchased.

Goal 7 - Complete the Concessionaire transition for the Laguna Seca Recreation Area. Friends of Laguna Seca (FLS) completed the transition in August 2024 and satisfied the conditions precedent. Within a year, FLS will present a master plan and capital improvement plan to the Board of Supervisors for approval.

Goal 8 - Complete an online park user survey. In partnership with Outer Spatial, a park user application can be used to report issues, create interactive challenges, and use the app for mapping and Geographic Information System (GIS) purposes. Parks will continue to push forward to get the app released in FY 2025-26.

Goal 9 - Replace outdated park signage and create trail designation signage. Informational signage is provided in both English and Spanish, and regulatory signage will follow the California Department of Transportation specifications. In partnership with the Monterey Off-Road Cycling Association, Parks will complete mapping and trail signage on county-owned Former Fort Ord Parcels.

Goal 10 - Improve marketing for special events at Lake San Antonio. Parks has successfully negotiated two triathlons at Lake San Antonio: Alpha Win Triathlon and the Wildflower Experience. Parks continues

to improve and repair facilities, thereby enticing other special events to the facility. Smaller community events like fishing tournaments, astronomy group events, and equestrian gatherings have returned.

Goal 11 - Redraft Parks naming policy to incorporate private-public partnerships and community-funded improvements with anticipated completion in FY 2025-26.

Goal 12 - Develop and implement a small engine/equipment replacement program to switch to electric or battery-operated equipment. As comparable equipment becomes commercially available and budgets permit, PWFP will work with the County's Sustainability Division to identify grant funding sources for replacement.

Goal 13 - Transition Fleet, Mail, Courier, & Records Retention to Internal Service Funds, effective FY 2025-26. Implementing the replacement of the Enterprise Resource Planning system delayed the conversion of central service units to Internal Service Funds.

Goal 14 - Facilities Master Plan and Parks Master Plan. A consultant was engaged to implement Phase 1 of a Facility Master Plan and provide a short- and long-term strategic roadmap for facility planning, service delivery, and real estate asset utilization. Phase 1 focused on five key county campuses, including the Alisal Government Center, East Laurel Facility Yard, Schilling Place Complex, Monterey Courthouse (Aguajito Road), and The Life Foundation Building (1000 S. Main Street). The phase will be completed by June 30, 2025, with Phase 2 consisting of a review of needs for the remaining county facilities.

Parks is completing scope development and anticipates releasing a Request for Proposals for the Parks Master Plan in early FY 2025-26.

Goal 15 - Bring roads to a passing grade. Public Works seeks funding to raise the County roads pavement condition index (PCI) to an average level of "Fair" or better. With the Board of Supervisor's adoption of a Local Road Rehabilitation Program funded by Transient Occupancy Tax (TOT),

neighborhood streets will have a dedicated funding source for rehabilitation. Measure X and Senate Bill 1 (Road Repair and Accountability Act, Chapter 5, Statutes of 2017) funding will address the pavement needs of our county's arterial roads. In FY 2024-25, Public Works rehabilitated sections of the following roads: Carmel Valley, Reservation, Blanco, Hitchcock, Foster, Alisal, Jolon, and the local roads in the communities of Aromas, County Service Area (CSA) 25 - Valley Greens Drive neighborhood, CSA 66, CSA 67, and the Wood Street neighborhood of Castroville (through the Measure X Local Street Repair Program).

Budget Year Goals

Goal 1 - Continue close coordination with the HR Department to fill vacant positions throughout the department, particularly in the Parks, Public Works Engineering, and Maintenance Divisions.

Goal 2 – Issue Notice to Proceed to the preferred vendor/software to begin a phased implementation of the Computerized Maintenance Management System (CMMS).

Goal 3 - Complete developing content for and publish the updated PWFP website.

Goal 4 - Complete the transition to a cloud-based file storage system.

Goal 5 - Continue Investment in new critical equipment.

Goal 6 - Monitor Concessionaire performance for the Laguna Seca Recreation Area.

Goal 7 – Provide community events at the day-use parks, such as summer concerts, food competitions/events, and movies in the park.

Goal 8 - Replace outdated signage in parks and create trail designation signage.

Goal 9 - Improve marketing for special events at all parks.

Goal 10 - Work with users and communities to develop a trail use program at each park.

Goal 11 - Develop and implement a small engine/equipment replacement program to switch to electric or battery-operated equipment.

Goal 12 - Transition Fleet, Mail, Courier, & Records Retention to Internal Service Funds after the new Oracle System is implemented.

Goal 13 – Complete Phase 2 of Facilities Master Plan, focused on facilities not covered under Phase 1 and the Parks Master Plan.

Goal 14 – Work towards improving the overall average pavement condition index (PCI) of county roads to 50, or a “Fair Condition.”

Pending Issues

Road Condition

PWFP has approximately \$1.6 billion in deferred maintenance costs: Roads (\$700 million), Bridges (\$300 million), Road Appurtenances (\$500 million), Buildings (\$100 million), and Parks (\$15 million). The addition of Measure X and SB 1 revenues provided added funding for county roads, but not enough to impact the deferred maintenance significantly. The increasing traffic and weathering of the County's roads are leading to a decline in payment conditions, and many roads need rehabilitation. The Pavement Condition Index (PCI) (where 0 is a failed condition and 100 is an excellent condition) indicates the countywide average is 46 (poor).

Parks Deferred Maintenance and New Projects

In FY 2024-25, Parks will complete \$3.1 million in repairs and rehabilitation of the Lake Nacimiento Lodges. This project will bring the facility to modern standards and enhance the guest experience. Parks continues to address facility repairs through the Capital Improvement Program, including reroofing buildings and replacing key amenities such as barbecues, campfire rings, and picnic tables. Despite these efforts, many Parks facilities reflect decades of deferred maintenance and deterioration.

Fort Ord Land Management

Following the dissolution of the Fort Ord Reuse Authority (FORA) in 2020, the County assumed responsibility for managing over 2,980 acres of open space and trails on former Fort Ord land. PWFP currently oversees these areas and supports other regional parks.

Additionally, several administrative and management responsibilities previously held by FORA are now shared between PWFP and the Housing and Community Development Department (HCD). HCD is developing a long-term Habitat Management Plan, which will guide the creation of an operations and maintenance program requiring ongoing implementation and oversight. While FORA provided a one-time lump sum to support the plan, the funding would not sustain long-term needs. Another potential funding source is the statutory tax increment FORA previously received - 35% of tax revenue generated within the former Fort Ord. Of that amount, 38% is distributed to the County, generating approximately \$275,000 annually.

Facilities Conditions

In October 2024, PWFP's Facilities Team initiated Phase 1 of a comprehensive Countywide Facility Master Plan in collaboration with a consultant. This phase included an employee survey, interviews with elected officials, department heads, members of the Board of Supervisors, and site visits. Preliminary findings highlight critical needs, including addressing deferred maintenance at aging facilities—nearly 40% of which are over 50 years old—optimizing space utilization, improving site security and parking, expanding services in South County, and planning for future health care and public assistance demands. Phase 1 focused on five key campuses: Alisal Government Center, East Laurel Facility Yard, Schilling Place Complex, Monterey Courthouse (Aguajito Road), and the Life Foundation Building (1000 S. Main Street). Phase 2 will address remaining facilities and refine short- and long-term options. These options must consider the highest and best use of county-owned properties, both occupied and vacant, department-specific needs, and broader priorities such as affordable housing. All proposals must account for over \$300 million in unfunded capital, deferred maintenance projects, and the County's limited financial resources amidst broader economic uncertainty.

Disaster Event Recovery

Significant disaster events have occurred over the past eight years. While the Board has provided General Fund Strategic Reserve to cash flow the disaster response and recovery, the County submitted for state and federal disaster relief funds and is waiting for a response. PWFP is working with the County's Department of Emergency Management to respond to questions from the Federal Emergency Management Agency (FEMA) regarding the list of recovery projects and planning to appeal should FEMA determine projects are ineligible.

Policy Considerations

There are no policy considerations.

Unit Description

PWFP's Facilities Maintenance Unit is responsible for the operation and maintenance of county buildings, as well as grounds maintenance and landscaping on county-owned multi-department facilities, the Public Safety Building, and various parcels outside road rights-of-way. Coverage includes building equipment, such as auxiliary power generators, infrastructure, including utility services, and building control

functions for heating, ventilation, and air conditioning (HVAC) systems. Facilities administers ongoing programs affecting building and occupancy conditions, such as security, parking, code compliance related to occupancy, environmental conditions, and the Americans with Disabilities Act (ADA) Transition Plan. This unit provides maintenance to designated areas of the Monterey and King City Courthouses based on percentages specified in Joint Occupancy Agreements between the County and state Administrative Office of the Court (AOC). The County

receives reimbursement from the AOC for associated costs in per the terms specified in the agreements.

Facilities provides Architectural and Property Management services. Architectural Services provides project management for new construction, major renovation, and facility maintenance and repair projects funded by Capital Projects Fund 1930, and projects directly financed by county offices and departments. Property Management manages real property related to 96 owned facilities, 63 leases with the County as tenant, 56 leases with the County as landlord, and 507 owned parcels, totaling more than 2.74 million square feet. This includes management of acquisition, sales, leases, and records affecting properties.

Unit Description

PWFP's Utilities Unit manages the costs of essential services, such as water, garbage, sewer, alarm lines, fire protection, gas, and electricity across shared county facilities.

However, for the Monterey Courthouse, King City Courthouse, and the North Wing of the Salinas Courthouse, negotiated quarterly County Facility Payments (CFPs) for utility costs are included in the Trial Courts budget under the oversight of the County Administrative Office.

The County continues to provide utilities for common areas in the Monterey and King City Courthouses. Until separate utility metering is installed, the County also covers 100% of electricity, natural gas, water, and sewer services for the North Wing of the Salinas Courthouse. These

expenses are reimbursed in accordance with cost-sharing percentages established in the Joint Occupancy Agreements.

Unit Description

PWFP's Records Retention Department manages the full records lifecycle for county offices and departments, ensuring compliance with federal, state, and local regulations. The unit organizes records for efficient access during audits, legal matters, and public requests, and oversees their secure destruction or permanent preservation when appropriate. The unit trains in records management best practices, helping to protect sensitive information, reduce legal risks, and improve overall operational efficiency.

Unit Description

PWFP's Courier and Mail Services Unit is a newly consolidated unit, integrating the former Mail Unit and Courier Unit to streamline financial and budgetary oversight. The FY 2023-24 Budget and the FY 2024-25 Adopted Budget reflect only courier operations. The FY 2024-25 Current Year Estimate and the 2025-26 Recommended Budget reflect the merged operations.

The Courier team is responsible for the collection, transportation, and distribution of intra-office correspondence and United States Postal Service (USPS) mail and packages. Each year, the unit processes over one million mail items and services more than 130 delivery points across the County. The Mail function manages outgoing USPS and United Parcel Service (UPS) items, including collection, distribution, presorting,

and automated postage metering.

Courier and Mail Services are fully cost-recovered through service charges to county offices and departments.

Unit Description

PWFP's Fleet Administration Unit (Fleet) services and tracks repairs and maintenance for over 1,500 equipment pieces, ranging from passenger cars to heavy equipment, ensuring compliance with government regulations. Additionally, Fleet operates an automated vehicle rental program (Invers), multiple fueling sites, and manages a vehicle replacement program.

Unit Description

PWFP's Capital Projects Fund accounts for financial resources used to acquire or construct major capital assets. These include land and land improvements, buildings and building improvements, infrastructure, and construction in progress. American Rescue Plan Act (ARPA) infrastructure water projects, Proposition 68 California Drought, Water, Parks, Climate, Coastal Protection, and Outdoor Access for All Act of 2018 projects, and several County HVAC unit replacement projects are included in this budget.

Unit Description

PWFP's Vehicle Asset Management Program (VAMP) facilitates the timely replacement of vehicles and equipment through a methodical process of predicting asset lifecycles using costing information, utilization data, and asset age assessment. Participating offices and departments contribute a monthly fee dedicated to future vehicle replacement throughout the asset's operational lifespan. These pooled funds are then utilized for vehicle replacement once the asset has reached full depreciation, typically occurring within six to eight years.

Unit Description

Parks were established to protect and preserve the community's natural, historic, cultural, and recreational resources. The Parks Division operates and maintains a system of county parks.

The system enriches the local community by providing an assortment of outdoor and recreational activities while boosting local tourism and economic activity. Residents and visitors value parks for access to outdoor spaces where they can play and be active, exercise and participate in group sports, and experience and discover the natural environment.

Unit Description

The Monterey County Fish and Game Advisory Commission supports the preservation and enhancement of the County's fish and wildlife resources, including funding local youth and outdoor education through Grant Awards. The Commission is under the authority of the Board of Supervisors and serves in an advisory capacity. Parks Division personnel provide administrative services and support to the Commission. The Commission receives a percentage of fine monies from enforcement

activities by the state Department of Fish and Wildlife Game Wardens. The Commission oversees the allocation of Fish and Game Propagation Funds and recommends grant awards to the Board of Supervisors for qualified organizations and agencies undertaking fish and wildlife preservation, protection, and educational projects or programs.

Unit Description

PWFP's Lakes Unit provides comprehensive support for resort operations at Lake Nacimiento, ensuring a high-quality experience for all visitors. The lake park facilities offer various recreational opportunities, including camping, day-use areas, fishing, furnished lodging, boat launch ramps, boating and water sport rentals, full-service marinas, a general store, snack bar, and other related services.

A contracted management company is responsible for operating key amenities such as the entry gate, marina, general store, service station, campgrounds, condominium units, and lake view lodges.

Unit Description

In 1974, under federal government's Legacy of Parks program, the County acquired 542 acres (formerly Fort Ord land) to create the Laguna Seca Recreational Area (LSRA). This was the beginning of the raceway, the rifle and archery range, the motocross track, the campground, lake, and picnic area on the LSRA property. LSRA, an Enterprise Fund since FY 2020-21, operates as a fee-for-service enterprise. Services include camping, daily track rentals, venue rentals, corporate team-building

Public Works, Facilities, and Parks

packages, and ticket sales for various special events, which range from small local gatherings to events known worldwide.

Effective August 1, 2024, the operations and management of LSRA were assumed by Friends of Laguna Seca (FLS), a non-profit organization. County and FLS entered a five-year Concessionaire Agreement through December 31, 2028, and can be extended for two additional 25-year periods, subject to compliance with specific conditions set in the agreement.

Unit Description

PWFP's Roads and Bridges Unit includes capital projects management for the construction of county roads, bridges, streetlights, and traffic signals, as well as road and bridge maintenance. The Unit maintains 1,263 miles of road and 175 bridges with various infrastructure within the County's rights-of-way, which includes: pavement markings, striping, traffic signals, traffic signs, gutters, sidewalks, grading of shoulders, ditches and dirt roads, drainage culverts, vegetation, guardrails, sanitary sewer lift stations, flood management of the Carmel Lagoon and emergency response to multi-hazards, as well as maintenance of over 60 miles of dirt roads within the Padres National Forest for the US Forest Service.

The primary sources of revenue for this Unit include state and federal Grants, Transportation Safety & Investment Plan Local Tax Measure X, Road Maintenance and Rehabilitation Account (RMRA)/ Senate Bill 1 (SB 1), State Highway Users Tax Account (HUTA), Regional Surface Transportation Program (RSTRP), and an allocation from Transient Occupancy Tax (TOT) to meet the maintenance of effort requirement.

Unit Description

Litter Control provides for the collection and disposal of litter, debris, and hazardous material on County maintained roads and County roads rights-of-way under the jurisdiction of the Board of Supervisors. Litter clean-up from County roads and rights-of-way is a seven-day a week operation staffed by two County employed Litter Guards. The Litter Abatement Program, established in FY 2019-20, is a partnership between Public Works, Facilities and Parks, and waste authorities, Salinas Valley Solid Waste Authority (SVSWA) and Monterey Regional Waste Management District (MRWMD), and contractor(s) with multiple components. The Litter Abatement Program removes illegal dumping of

household, commercial, and industrial waste on County roads and public lands.

Unit Description

PWFP's County Disposal Site (CDS) Program provides for administering and inspecting of two transfer stations and 12 closed landfill sites. Three landfills (Bradley, Lake San Antonio North Shore, and San Ardo) require annual inspections and wet weather maintenance. San Antonio South Shore requires completion of a Post-Closure Maintenance Plan.

Unit Description

In 2006, the Board of Supervisors, through adoption of Resolution No: E/G 06-012, created PWF's Community Facilities District (CFD) Number 2006-1 (East Garrison CFD). This Unit includes activities related to the collection and disbursement of facilities' special tax revenue collected in the East Garrison CFD.

The facilities' special tax unit was set up to acquire constructed facilities from the East Garrison Developer (up to a maximum of \$20 million) either through the issuance of bonds or through a pay-as-you-go method. Revenues include special taxes collected, interest earned on unused funds, and penalties from delinquent special facilities taxes.

Specific activities funded in this unit include payment of administrative expenses, as defined in the rate and method of apportionment for the fiscal year, and construction or acquisition of authorized facilities, including roads, drainage, parks, and open space.

Unit Description

The County has 37 individual Community Service Areas (CSAs) overseen by PWWP. The CSAs provide urban services to unincorporated areas of the County. Services include park maintenance, street lighting, street and sidewalk maintenance, storm drainage maintenance, surface

water disposal, sewage collection and treatment, levee maintenance and repair, and administration of the CSAs. The Board of Supervisors acts as the governing body of CSAs. PWWP's Special District Administration Unit administers the maintenance and operations of the CSAs.

Unit Description

There are currently two active PWWP's operated County Sanitation Districts (CSDs), Pajaro and Boronda for which the Board of Supervisors

is the governing body. The CSDs provide sanitation (wastewater collection) services. Boronda CSD also includes the San Jerardo Water System Zone 2, which provides potable water to the San Jerardo Cooperative.

Unit Description

PWFP's CSA/CSD Debt Service Funds are used to manage the repayment of long-term debt issued to support essential infrastructure projects. As of FY024-25, outstanding bond obligations are either fully repaid or scheduled to be paid in full by June 30, 2025. Although the debt will be fully retired by the end of the fiscal year, a budget is still required to complete final administrative tasks, ensure proper closeout procedures, and maintain compliance with financial reporting standards.

This section includes the Pajaro County Sanitation Sewer Revenue Fund, which supported sanitation improvements for the Pajaro County

Sanitation District and was fully paid off in FY 2019-20. It includes the Boronda County Sanitation Revenue Bond, used to support sanitation infrastructure in the Boronda County Sanitation District, and the Chualar County Water Service Area bond, which funded street improvements within that district. Both remaining bonds are scheduled to be fully repaid by the end of FY 2024-25.

Unit Description

PWFP's Stormwater & Floodplain Management is responsible for implementing regulations and ensuring compliance with the National Pollutant Discharge Elimination System (NPDES) (As authorized by the Clean Water Act, NPDES program controls water pollution by regulating point sources that discharge pollutants into waters of the United States), Municipal General Permit, and representing the County in the Monterey Regional Stormwater Management Program (MRSWMP). PWFP conducts related field work to meet NPDES requirements, including but not limited to, water quality monitoring, stormwater inspections of the County's facilities, and illicit discharge elimination site investigations. This unit collaborates with Housing and Community Development in coordinating the submittal for the FEMA Community Rating System certification [voluntary incentive program that recognizes and encourages community floodplain management practices that exceed the minimum requirements of the

National Flood Insurance Program (NFIP)] and manages the Street Sweeping program. PWFP provides regular support to Special Districts, such as assisting in mapping, field work, and report writing.

Health

Departmental Overview:

The County of Monterey Health Department is responsible for protecting the health and wellbeing of the community and safeguarding the local environment. To meet this responsibility, the Health Department collaborates with partners and community members to improve outcomes in health and racial equity; enforces laws and regulations to protect the public's health; and offers behavioral health, primary and specialty healthcare services, and public health education, prevention, and control services.

Programs and Functions:

The Health Department is organized into eight (8) operational bureaus/divisions. The Administration Bureau provides infrastructure, and support services and through its Office of Equity leads Health in All Policies efforts. The Hitchcock Road Animal Services Joint Powers Agreement in partnership with the City of Salinas, provides sheltering, rabies control, licensing, and responsible pet ownership education. The Behavioral Health Bureau manages services for those experiencing a severe mental illness and provides mental health and substance use disorder, case management and treatment services, and prevention services to Medi-Cal beneficiaries and uninsured. The Clinic Services Bureau provides comprehensive primary medical care, obstetrics, internal medicine, low acuity behavioral health, and dental services to Medi-cal beneficiaries and uninsured. The Environmental Health Bureau safeguards the health and safety of residents and the environment by way of education and enforcement of federal, state, and local environmental statutes. Emergency Medical Services (EMS) plans, coordinates, and evaluates the countywide pre-hospital system. The Public Health Bureau registers births and deaths, conducts laboratory analyses, coordinates services to children and families, implements strategies for the prevention and control of communicable diseases, and implements programs that inform and educate individuals and communities to reduce health inequities. The Public Guardian/Administrator serves as the court-appointed conservator and guardian of vulnerable individuals unable or unwilling to meet their medical, housing, clothing, and physical needs due to a qualifying mental or health condition and manages estates of deceased without next of kin or will.

Department's Contributions to the County's Prior Strategic Initiatives:

ECONOMIC DEVELOPMENT

Encouraging municipalities to consider health equity and "Health in All Policies" in future community development plans.

ADMINISTRATION

Conducting ongoing quality improvement activities and using customer satisfaction survey results to improve public services.

HEALTH AND HUMAN SERVICES

Ensuring equitable access to physical and emotional health services and working with community partners to address the root causes of health disparities.

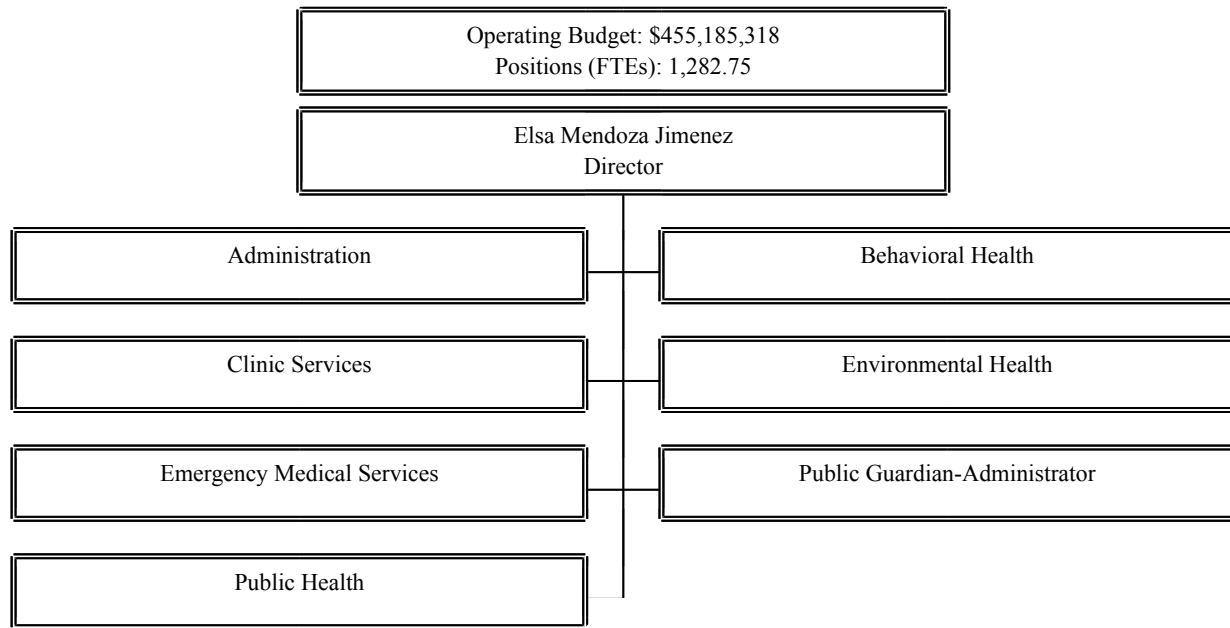

INFRASTRUCTURE

Ensuring the quality of well stream and beach water through ongoing testing and public information announcements.

PUBLIC SAFETY

Promoting protective interventions against violence; advocating for the use of safety equipment and safe routes to school; ensuring timely and appropriate pre-hospital transportation; and responding to disasters.

Staffing Trends

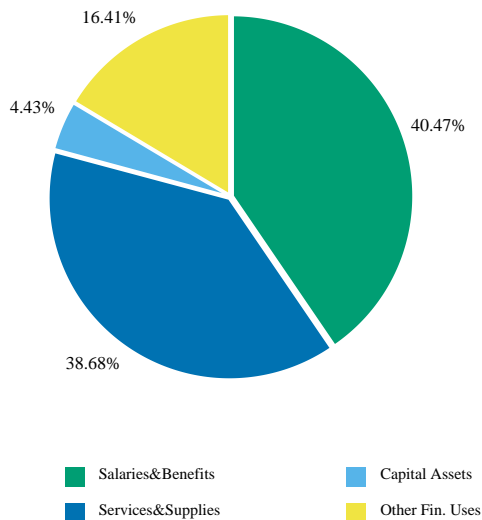

Expenditure/Revenue History (in millions)

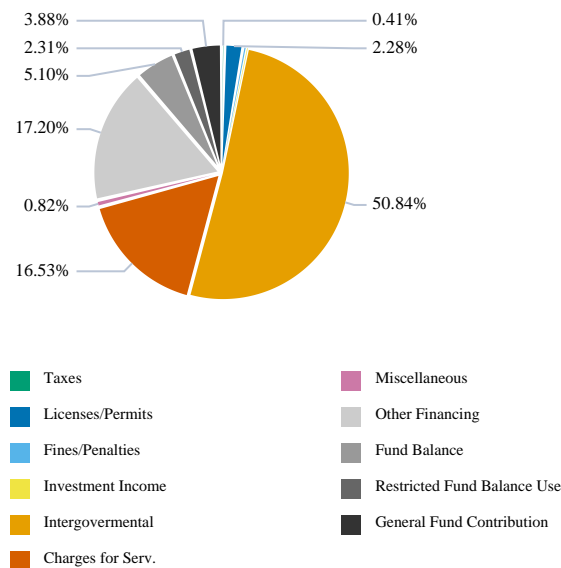

The Health Department protects the health of the entire community by offering primary, specialty, and mental health care, health education, enforcing laws and regulations to protect health and the environment, and by collaborating with partners to improve health equity.

Summary of Recommendation

The Recommended Budget for the Health Department includes appropriations of \$455,185,318, financed by revenues of \$403,828,322, departmental fund balance of \$23,149,140 (Behavioral Health \$ 397,218, Whole Person Care \$4,075,331, 2011 Realignment \$5,581,672, 1991 Health

Realignment \$1,144,701, Health Realignment \$11,232,077, CSA 74 \$703,534, Animal Service \$75,000, and a contribution to the EMS fund balance of \$60,393), departmental restricted funds of \$10,536,227 (Clinic Services \$10,350,000, Environmental Health \$186,227) and general fund contribution (GFC) of \$17,671,630. Appropriation and revenue levels are respectively \$64,754,874 and \$55,507,564, higher than the Fiscal

Year (FY) 2024-25 Adopted Budget. The \$64,754,874 increase in appropriations is driven primarily by program growth in the Behavioral Health, Clinic Services, and Public Health Bureaus (\$27,715,471, \$23,361,233 and \$9,716.670, respectively) to meet increased demand for services and programming, with corresponding increases in program revenues.

The Recommended Budget includes 16 augmentations that add 12 new positions, as follows: one in the Administration Bureau (1.0 Chronic Disease Prevention Coordinator), three in the Public Health Bureau (2.0 Public Health Nutritionist, and 1.0 Community Service Aide III), one in the Public Guardian/Conservator (1.0 Deputy Administrator/Guardian/Conservator I) and seven in the Behavioral Health Bureau (4.0 Contract Physician, 1.0 Management Analyst II, 1.0 Patient Rights Advocate, 1.0 Finance Manager I), all funded with Departmental revenues. The Recommended Budget also includes augmentations for low or no cost spay/neuter clinics (\$75,000 and to respond to and investigate complaints of unpermitted food operations (\$15,000).

Budget Impacts

The Recommended Budget does not include augmentations in the Animal Services Division for: four new positions 1.0 Animal Control Officer, 1.0 Animal Control Technician II, 1.0 Office Assistant II, and 1.0 Management Analyst I, (County’s share of cost for all four positions is \$226,052), and the recommended amount for low cost spay/neuter clinics was \$26,780 below the requested amount.

Prior Year Accomplishments

Completed 67.1% of employee annual performance appraisals on or before anniversary dates.

No Plan, Do, Study, Act (PDSA) exercises for programs serving vulnerable populations have been conducted due in part to employee turnover at key positions and to staff being engaged in the Health Department’s re-accreditation process.

Achieved the goal of having less than 17% of clients with behavioral health conditions re-hospitalized within 30 days from release.

Sustained equitable behavioral health access to services for new and existing clients by focusing on underserved County regions in proportion to the regions in which Medi-Cal recipients reside; Coast Goal: 14% Actual: 23%, North Goal: 11% Actual: 9%, Valley Goal: 50% Actual: 48%, South Goal: 20% Actual: 18%, and Other Goal: 5% Actual: 3%.

Continued to make progress on the goal to aid more than 71% of Clinic Services patients with diabetes to have Hemoglobin A1c levels of less than 9. The actual rate achieved was 66.5%.

The goal to help more than 64% of Clinic Services patients with hypertension to have systolic blood pressure measurement less than 140 mm Hg and diastolic blood pressure less than 90 mm Hg was nearly met, achieving an actual rate of 66.8%.

Conducted annual inspection of 69% of current permitted high-risk food facilities; the goal was 100%.

Met the goal to collect 18,000 pounds of recyclables/solid waste from beaches, agricultural lands, and open spaces.

97% of urgent Public Guardian client’s safety needs were addressed within five days of court appointment compared to a goal of 100%.

Surpassed the goal to encourage more than 50% of Women, Infant, and Children (WIC) program infant beneficiaries to receive breastfeeding at 12 months, achieving a rate of 54.5%.

Budget Year Goals

Complete 90% of employee annual performance appraisals on or before anniversary dates.

Conduct 4 quality improvement projects using the Plan, Do, Check, Act method.

Ensure that less than 17% of clients with behavioral health conditions are re-hospitalized within 30 days.

Sustain equitable Behavioral Health access to services for new and existing clients by focusing on underserved County regions in proportion to the regions in which Medi-Cal beneficiaries reside; Coast 14%, North 11%, Valley 50%, South 20%, and Other 5%.

Aid more than 71% of Clinic Services patients with diabetes to have Hemoglobin A1c levels of less than 9.

Help more than 64% of Clinic Services patients with hypertension to have systolic blood pressure measurement less than 140 mm Hg and diastolic blood pressure less than 90 mm Hg.

Conduct annual inspection of 100% of current permitted high-risk food facilities.

Collect 18,000 pounds of recyclables/solid waste from beaches, agricultural lands, and open spaces.

Ensure that 100% of urgent Public Guardian clients’ safety needs are addressed within five days of court appointment.

Encourage at least 50% of clients enrolled in the Women, Infants, and Children (WIC) program with infants at 6 months of age to feed their infant(s) some or only breast milk.

Ensure that at least 75% of individuals without previously known HIV infection and a new early syphilis diagnosis receive an HIV test within 30 days of their syphilis diagnosis.

Pending Issues

The Clinic Services Bureau had more than 42,500 patients assigned per month in FY 2023-24. Provider recruitment and retention is a concern for the healthcare industry. Losing providers presents challenges in providing access to timely patient care, maintaining quality of care, reducing staff burnout, and maintaining financial sustainability. Shortage of primary care providers in the region results in high demand of primary care providers, which creates competitive markets. Retaining and recruiting providers will remain a challenge in subsequent FYs. Review of provider compensation, ability to accommodate part-time employment, and alternative venues will be necessary to retain current providers and recruit new providers needed for patient care. Clinic Services is participating in the National Health Service Corp (NHSC) Loan Repayment Program as a new means to attract providers.

The Department of Health Care Services (DHCS) submitted State Plan Amendment 18-003 to the Center for Medicare and Medicaid Services. It included a few proposals pertinent to Federally Qualified Health Centers (FQHC), such as, adding marriage and family therapists (MFT) as a new FQHC billable provider, reducing minimum productivity standards used in the rate setting process, and an alternative payment method (APM) pilot program to reform payment and service delivery modules. The APM would replace the traditional Fee for Service, per visit payment model where payment is contingent on a face-to-face visit with a medical provider. DHCS launched an APM pilot program on January 1, 2024, and Clinic Services is a participant. Additionally, DHCS

approved Community Health Workers as new billable providers starting FY 2022-23.

The State launched the California Advancing and Innovating Medi-Cal (CalAIM) initiative in January of 2022. CalAIM seeks to move Medi-Cal to a population health approach, which prioritizes prevention and whole person care and provides supports beyond those available in traditional medical settings. CalAIM seeks to address social drivers of health and offer beneficiaries coordinated and equitable access to services. This will be achieved through various strategies and interventions, including Enhanced Care Management (ECM) and Community Supports, which are provided to beneficiaries with the highest needs. Having participated in the Whole Person Care demonstration project, the Health Department transitioned to a provider of ECM services. The Health Department executed an agreement with the Central California Alliance for Health (CCAH), a managed care provider, effective January of 2022 and continues to accept client referrals from CCAH. The ECM program is administered by the Public Health Bureau. CalAIM was implemented in a three-phase approach, transitioning one population of focus at a time, which began in January 2022 with individuals and families experiencing homelessness, high-utilizer adults, and adults with severe mental illness and/or substance use disorders. The next population of focus was introduced on January 1, 2023, and it encompassed adults, children, and youth transitioning from incarceration, eligible for long-term-care, and at risk of institutionalization, as well as nursing facility residents wishing to transition to the community. The third and last population of focus was introduced on July 1, 2023, and it encompasses children and youth who are high utilizers, with severe emotional disturbance (SED), enrolled in California Children Services (CCS) with needs beyond CCS, and a history of involvement with child welfare. Currently, Public Health is serving as an ECM provider for beneficiaries experiencing homelessness and those eligible under the Birth Equity population.

Due to the implementation of AB 85, approximately \$6 million in local health revenues in future years will be redirected to the State annually. In FY 2018-19, the Board approved a three-year plan that used a realignment fund balance to minimize the impact to services. Through prudent decision-making and management, the three-year plan has outperformed initial estimates, and consequently, the realignment fund balance continues to be used strategically to minimize impacts to services. If AB 85 redirection continues, the Department may face budgetary challenges in future years. AB 85 developments continue to be monitored.

The Emergency Medical Services Authority (EMSA) continues to explore options to ensure that its exclusive operating area for pre-hospital care is maintained, and that higher level of emergency medical services are delivered in a more equitable manner. A new Request-for-Proposals was released in FY 2024-25 with a new 10-year agreement expected to be executed in FY 2025-26.

Implementation of Salinas Valley Basin Groundwater Sustainability Agency (SBVGSA) Groundwater Sustainability Plan will require a review and update to Environmental Health's role in the permitting of drinking water, and agricultural well construction, destruction, and monitoring.

Hitchcock Road Animal Services Joint Powers Agreement (JPA), with the County of Monterey and the City of Salinas as the lead agencies took effect January 1, 2023. The Board of Directors of the newly formed JPA, with representation from the lead agencies, will continue to work on refining details of shelter operations and establishing cost and revenue sharing methodologies and any resulting budgetary impacts from membership in the JPA will be brought to the Board for consideration and approval. A new accounting structure has been established to account for and report on the financial activity of the JPA.

The enactment of Senate Bill (SB) 317, Competent to Stand Trial, has further increased referrals for services to the Public Conservator. Penal Code 1370 cases, as they are known, are the most complex and result in staff needing to have smaller assigned caseloads to better support these individuals who are deemed mentally incompetent with complex needs. Referrals come from many sources, including hospitals, courts, jails, adult protective services, etc., and the Public Conservator may not have sufficient capacity to meet increased demands for its services while assuring delivery of effective, quality conservator services to Monterey County's most vulnerable adult population. The Public Guardian Division will continue to monitor the increased workload, reassess needs and bring forth request for additional resources to the Board for consideration and approval.

SB 184 authorizes DHCS to transfer the Child Health and Disability Prevention (CHDP) functions to local Medi-Cal Managed Care Plans effective July 1, 2024, and eliminate CHDP allocations to counties in the FY 2024-25 budget. The Healthcare Program for Children in Foster Care (HCPFCF) will transition to a stand-alone program. The Health Department will continue to engage with DHCS and Central California Alliance for Health (CCAH) to prepare for these transitions.

California Department of Health Care Services intends to institute a new performance management and oversight of local CCS programs starting July 1, 2025, without additional funding to support county efforts to comply.

The Public Health Bureau received notice that the Centers for Disease Control and Prevention (CDC) has rescinded Fiscal Year 2024-2025 and 2025-2026 funding used to rebuild and maintain local public health expertise, infrastructure and services, and delivery of behavioral health services effective March 24, 2025. The federal court issued a temporary restraining order but official notice of extension of approval to expend has not been issued. Loss of funding for public health and behavioral health services is currently estimated at \$11,700,000.

Passage of Proposition 1, which will reform the behavioral health system, will have a significant impact on the Behavioral Health Bureau's budget. The proposition will go into effect in FY 2025-26; however, the fiscal impacts will be realized in FY 2026-27. The updated legislation will redirect an additional five (5) percent of receipts to the state, of which, a portion will be used to fund statewide prevention efforts, that were previously funded at the county level under the Mental Health Services Act. In addition, counties will be required to redirect thirty (30) percent of funds from treatment to housing and other support services. The BHB will use the time between now and FY 2026-27 to plan and prepare for the upcoming changes and will report the financial impact when it can be accurately estimated.

On October 10, 2023, Governor Newsom signed into law Senate Bill 43 (SB43), which made substantive changes to the Lanterman-Petris-Short (LPS) Act and related provisions of the Health and Safety Code (HSC). These changes include expanding the criteria for involuntary treatment of all types to include individuals with severe Substance Use Disorder (SUD), as well as defining "risk of harm" to include (for people with any behavioral health condition) the presence of a severe medical condition for which the individual is unable to engage in needed treatment to prevent deterioration. SB43 became effective January 1, 2024; however, counties are permitted, by adoption of a resolution by their governing body, to defer implementation until January 1, 2026, at the latest. Monterey has elected to delay implementation to this date. This legislation is expected to have fiscal implications, as there is no designated state or federal funding to support implementation; however, this impact is still unquantifiable.

On November 5, 2024, California voters approved Proposition 36 (Prop 36), also known as "The Homelessness, Drug Addiction, and Theft Reduction Act," which went into effect on December 18, 2024. Prop 36 aims to reduce drug-related crimes by steering repeat offenders toward

treatment rather than prison. It modifies existing law and adds the Health and Safety Code section 11395, which is a new recidivist felony offense of possession of a hard drug and having two or more prior felony or misdemeanor convictions for specified drug-related crimes by providing an option for treatment in lieu of incarceration for offenses. Prop36 will give defendants the option to choose treatment instead of incarceration, and upon successful completion of the treatment program, the court shall dismiss the charge. The Bureau projects that Prop36 will require substantial time and effort by at least two clinician staff for which no State or Federal funding has been designated.

Policy Considerations

The continued implementation of Short-Lived Climate Pollutants (Organics Recycling), SB 1383, will require the Environmental Health Bureau to develop Board approved resources and coordinative efforts among other key agencies and entities, which may increase notice of violations and potentially cost reimbursement in future fiscal years.

The Environmental Health Bureau will continue to submit annual fee adjustments of health permits and services for the Board's consideration and approval. Such annual adjustments are needed to keep pace with the rising costs of providing services.

County and local municipality ordinances regulating the sale, manufacturing, and distribution of Adult-Use Marijuana will continue to have significant impacts on workloads and require collaboration with law enforcement to address illegal operations throughout the Monterey County. The Department will need a new, dedicated funding source to comply with local and State requirements for commercial, medical, and recreational cannabis use.

The COVID-19 health emergency exposed inadequate local systems and resources brought about by years of underinvestment in core Public Health functions, including communicable disease prevention and control, data surveillance, and the Public Health laboratory. As part of the response efforts, the Federal Government made one-time funding available for Public Health, which has helped prop up temporary infrastructure. Starting FY 2022-23 the State Budget allocated \$200.4 million in Future of Public Health (FoPH) funding which was reduced to \$188.2 million in FY 2024-25 due to state budget challenges. FoPH is an ongoing funding source that is intended for investments in public health workforce and infrastructure. The Department's annual allocation is \$2.5 million. Locally, the FoPH allocation allowed for a modest investment in public health workforce; however, further ongoing investments will be required to assure local health departments are

adequately prepared and resourced to meet their communities' needs and to respond to future health emergencies.

The Hitchcock Road Animal Services JPA submitted an augmentation request for continuation of mobile spay/neuter clinics, which in the current fiscal year has provided spay/neuter surgeries for more than 670 feral cats and owned pets. continued investments in low, no cost spay/neuter services is vital to reducing overpopulation of feral cat colonies. In addition, augmentation requests were also submitted for additional positions, which are needed to manage the current demand for services.

The implementation of the Community Assistance, Recovery, and Empowerment program (Care Court), in December of 2024 will expand the ways in which individuals with untreated severe mental illness are referred for treatment to county behavioral health systems without additional state funding. Under this new program, families and other community members will be able to submit referrals for the court-ordered treatment. The treatment can last up to 12 months, and counties are required to provide it. This will impact the Behavioral Health Bureau, due to the prescribed timelines and the need for periodic review hearings which means these cases may have to be prioritized over others, potentially stressing a system with chronic recruitment challenges and limited financial resources. Early adopting counties have indicated a minimal impact to their systems; however, it is too early to estimate the potential impact locally.

The Behavioral Health and Clinic Services Bureaus secured grant funding for capital projects, \$20.1 million, \$11 million, and \$4.0 million, \$3.9 million respectively, for a new Mental Health Rehabilitation Center (MHRC), Bridge Housing, a new primary care clinic, and a recuperative care center. Cost estimates for the MHRC, new health center, and recuperative care center projects exceed the grant funding secured. Due to the ongoing reforms to the behavioral health system, it is possible that additional grant funding for capital projects such as the MHRC could become available in Fiscal Year 2026 and if eligible, the Behavioral Health Bureau would submit a proposal. As the availability of additional grant funds is uncertain, the Department and its bureaus must develop a financing structure to fill the funding gaps to bring these much-needed projects to completion to meet the need for 24-hour mental health rehabilitation services and recuperative care services locally and for primary healthcare. Towards this end, the Department will collaborate with the County Administrative Office to identify viable options for financing and present them to the Board for consideration.

Unit Description

Health Department Administration Bureau provides operating Bureaus/Divisions with infrastructure and support services. These services include: departmentwide administration, budget, and accounting oversight, human resources services, management information systems support, management of public health accreditations processes, and facilities management.

Unit Description

The Office of Equity plays a pivotal role in advancing the Health Department's mission to enhance, protect, and improve the health of the people of Monterey County by focusing on three key areas. First, the Office of Equity stewards the Health Department's Strategic Plan, ensuring that its goals and objectives align with the Department's commitment to equity. Second, it is responsible for aligning and monitoring the Department's performance standards to meet national public health accreditation requirements, ensuring the highest standards of public health practice. Third, the Office of Equity addresses the social and environmental determinants of health by implementing policies and practices that promote equitable health outcomes across communities.

Expanding its reach, the Office of Equity also enhances access to care by identifying barriers within the healthcare system and developing strategies to overcome them, ensuring that all community members, regardless of their socio-economic status, have the ability to obtain the care they need. This commitment to improving access is part of a broader effort to support health equity improvement in both the Health Department and the wider community.

In support of these efforts, the Office of Equity aids Health Department programs and community organizations through program evaluations, responding to requests for data on chronic diseases and the built environment, conducting health impact reviews, and providing grant

writing assistance for initiatives that span across multiple systems. These activities not only bolster the Health Department's capacity to address health disparities but also strengthen the foundation for a healthier, more equitable community.

Unit Description

Hitchcock Road Animal Services provides protection to the residents of County of Monterey through rabies and stray animal control. Animal Services also provides public education, volunteer opportunities, field response for dangerous animals and nuisance complaints, pet licensing, spay and neuter services and shelter for approximately 4,000 animals

annually, which largely consist of animals coming in as stray and roaming animals. Join Exercise of Powers Agreement (JPA) established in January 2023, between County of Monterey and City of Salinas, with the County of Monterey as the lead agency. JPA created to meet financial activity and be a standalone agency, where both agencies contribute towards the overall costs of operations.

Unit Description

Pursuant to Welfare and Institutions Code Section 5600, the Behavioral Health Bureau provides a continuum of County operated and community-based substance use disorder and mental health services. The program provides community prevention programs, crisis intervention, inpatient psychiatric services, social rehabilitation, supportive housing, and outpatient services primarily to Monterey County Medi-Cal beneficiaries Health

who meet the State Department of Health Care Services, Mental Health Division's medical necessity criteria. In addition, the program also serves many non-Medi-Cal eligible residents who have behavioral health disorders. For instance, the program serves non-Medi-Cal eligible children who meet the Seriously Emotionally Disturbed definition under the Education-Related Mental Health Services Program. The passage of AB 100 realignment and the restructuring of the State Departments of Mental Health and Alcohol and Drugs resulted in a significant transition

of Behavioral Health Services from the State to counties. Behavioral Health Administration provides administrative support to both Mental Health and Substance Use Disorder Programs. This unit includes quality management for Medi-Cal and non-Medi-Cal clinical services; budget development, management, and monitoring; accounts receivable/payable, and procurement; Medi-Cal billing; electronic health records maintenance; information technology support; grants management; contract management; housing projects administration; capital projects development and coordination; workforce education and training coordination; human resources services; purchasing; and executive management.

Unit Description

The Local Revenue Fund, Fund 1305, was established in FY 2011-12 pursuant to AB 118, to recognize and track non-health and social services sales tax revenue and vehicle license fee realignment funds. For consistency in the treatment of 2011 revenue, effective in March 2015, recognition and tracking of Behavioral Health Sub-account revenue receipts was transferred to Fund 1305. The Recommended Budget of \$37,551,921 represents the amount available to fund eligible expenditures during the budget year and is financed with estimated revenue and use of fund balance.

Unit Description

The Health & Welfare Realignment Fund, Fund 1333, was established in FY 2012-13 to comply with new 1991 Realignment accounting and funding methodologies adopted by the State. Fund 1333 serves as the repository and appropriation unit for all realignment funds. Effective March 2015, the recognition and tracking of 1991 Realignment receipts for Mental Health was transferred to Fund 1333. The Recommended Budget of \$11,445,417 represents the estimated the amount available to fund eligible expenditures during the budget year and is financed with estimated revenue and use of fund balance.

Unit Description

The Clinic Services Administration Unit centralizes all administrative functions necessary for the efficient management of the County-operated Federally Qualified Health Centers (FQHC) clinics, and to maintain and expand FQHC status. The functions encompassed are administration, finance, quality improvement, and customer service. Administration provides leadership, administrative support, service delivery and strategic planning, contracting, and provider credentialing. Finance is responsible for fiscal reporting and oversight, and for all medical payor and patient billing, and processes applications for the sliding fee discount program for individuals who are at or below the 200% Federal Poverty Level Income guideline, in compliance with FQHC regulations. Quality

improvement conducts quality monitoring, reviews performance data, identifies areas of improvement, monitors performance efforts, implements policies and procedures, and develops and provides staff training. In addition, the quality improvement team develops and implements workflow and documentation standards for the Electronic Medical Record (EMR) system, provides information technology support to the EMR, and manages database functions necessary to meet standards of practice and regulatory quality improvement programs required by federal, state, and local agencies. The Customer Service Center is the first point of contact for Clinic Services patients, and is responsible for scheduling appointments, answering patient questions, and documenting information requests. The Center provides dedicated customer-focused services to all clinics and their customers.

Unit Description

The Federally Qualified Health Centers (FQHC) Unit encompasses all the county-operated clinics. The Alisal Health Center, Laurel Family Practice, Laurel Internal Medicine, Laurel Pediatrics, Laurel Vista, and NIDO clinics are located in Salinas and provide primary and preventive care, obstetric and gynecological care and procedures, behavioral health,

internal medicine, comprehensive perinatal and postpartum education, and pediatric primary and preventive care, and mental health services. Additionally, the Laurel Family Practice and Laurel Pediatrics clinics also serve as collaborative training sites for 30 Natividad family practice residents, and the NIDO clinic specializes in serving adults with a compromised immune system and other infectious diseases such as HIV/AIDS, tuberculosis, and sexually transmitted infections and more.

The Marina Health Center is in Marina, and it offers primary care and preventive services. The Seaside Family Health Center is located in Seaside and serves the Monterey Peninsula providing comprehensive primary care, preventative health services, including obstetric and gynecological care, pediatrics, mental health, and internal medicine. The Clinic offers services in a group visit setting for diabetic management and offers behavioral health services to those with mild to moderate mental health conditions. The Bienestar Clinic in Salinas and the Marina Integrated Clinic in Marina are operated in partnership with the Behavioral Health and provide primary care services to individuals with severe mental illness.

Unit Description

Consumer Health Protection Services (CHPS) is responsible for the regulatory oversight of all retail food activities in all areas of the county including, but not limited to, restaurants, markets, delis, cottage food operations, mobile food operations, and temporary food booths at special events. In addition, CHPS conducts food inspections at institutional operations such as cafeterias in schools, hospitals, skilled nursing, and detention facilities.

Outside of retail food activities, CHPS is also responsible for the regulatory oversight of agricultural field toilets and tobacco retail licensing.

Unit Description

Hazardous Materials Management Services (HMMS) is designated as the local Certified Unified Program Agency (CUPA) in Monterey County and is responsible for inspecting facilities in the County to verify proper storage, handling and disposal of hazardous materials and hazardous wastes. HMMS is responsible for permitting and conducting inspections of underground storage tanks and aboveground petroleum storage tanks,

business response plans, hazardous waste, California Accidental Release Prevention Program and contaminated site mitigation. Additionally, HMMS provides emergency response 24 hours each day, seven days per week, to oversee hazardous material spill site cleanup activities and to operate the pesticide illness reporting program.

Solid Waste Management Services (SWMS) is designated as CalRecycle's Local Enforcement Agency (LEA) and the Tire

Enforcement Agency (TEA) for the County. LEA/TEA is responsible for permitting and inspecting solid waste handling facilities such as landfills, transfer stations, compost facilities, waste tire generators, haulers, and end use facilities. SWMS also implements inspection enforcement programs for the body art, medical waste, solid waste vehicle, liquid waste vehicle, and vegetable cull feeder programs. SWMS staff is responsible for the local Illegal Dumping and Litter Abatement Program, responding to illegal dumping complaints to ensure the timely clean up and proper disposal of abandoned waste. Staff of SWMS also administers State funded grants that support program activities.

Unit Description

The Health Department's Drinking Water Protection Services (DWPS) is responsible for permitting, inspection, and enforcement of over 1,250 water systems in the County. DWPS assists non-state regulated public and private potable water distribution systems to comply with local, state, and federal regulations, and to resolve water quality and quantity issues. DWPS permits water well construction, repair, and destruction activities in the County; operates cross-connection control and water reuse programs; and permits and inspects desalination treatment facilities. Additionally, DWPS issues hazardous materials monitoring well construction, destruction, and soil boring permits and inspections.

Unit Description

The Health Department's Animal Services provides health protection to the residents of the County through rabies and stray animal control. Animal Services provides public education, volunteer opportunities, field response for dangerous animals and nuisance complaints, pet licensing, spay and neuter services, and shelter for approximately 4,000 animals annually, largely consisting of animals coming in as strays and roaming animals.

Effective January 1, 2023, a Joint Powers Agreement (JPA) was established. Salaries and benefit costs are associated with Animal Services General Fund unit, which was later transferred to unit 8601-400003 under Hitchcock Road Animal Services and covered by both agencies, the County and City of Salinas.

Unit Description

The Emergency Medical Services (EMS) Agency is designated by the County Board of Supervisors, pursuant to California Health and Safety Code, section 1797.200, as the Local EMS Agency. The local EMS Agency is responsible for planning, implementing, and evaluating the EMS System, consisting of organized patterns of readiness and response services based on public and private agreements and operational procedures. The Local EMS Agency is responsible for implementing advanced life support systems and establishing policies and procedures approved by the Medical Director of the Local EMS Agency to assure medical control of the EMS system. In addition, EMS Agency staff

administer funds received through the County Service Area 74 - Ambulance Services Special Tax (Fund 1442) and the Uncompensated Care Fund (Fund 1280).

Unit Description

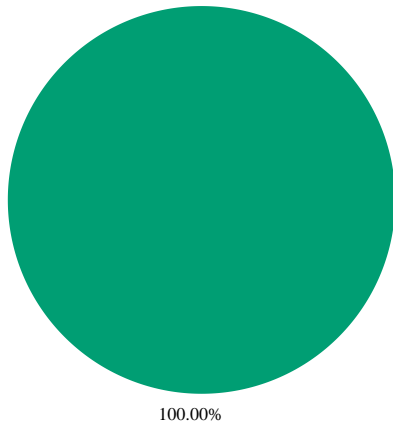

The County Emergency Medical Services (EMS) system provides paramedic, ambulance and related services.

Originally, CSA-74 was formed to provide funding for paramedic, ambulance, and related services. On March 7, 2000, county voters approved Measure A, replacing the former CSA 74 benefit assessment with an equivalent special tax, in compliance with Proposition 218 (1996, Right to Vote on Taxes Act). The special tax is collected and administered by the Emergency Medical Services (EMS) Agency.

Unit Description

The Health Department's Uncompensated Care Fund 1280 was established in 1989 to collect and distribute fine proceeds authorized by the California State Legislature through SB 612 (Presley, Chapter 945, Statutes of 1988) and SB 1773 (Alarcon, Chapter 841, Statutes of 2006). These laws allow counties to levy an assessment of \$4.00 per \$10.00 of fines for specified traffic violations. Pursuant to state law, up to 10% of the proceeds are available to fund the program's administration. The remaining 90% is distributed to physicians and hospitals for patients who do not make payments for EMS and for other emergency medical services

as follows: 58% to reimburse physicians for a portion of unreimbursed indigent services/bad debt costs; 25% to reimburse hospitals which provide a disproportionate share of unreimbursed emergency medical care; and 17% to support the Health Department's Emergency Medical Services (EMS) Agency activities.

Unit Description

Public Health is credited with adding 25 years to the life expectancy of people in the United States. Major accomplishments in the last 100 years include vaccinations, motor vehicle safety laws, safer workplaces, safer drinking water, infectious disease control, healthier food, and alcohol and

tobacco laws. The County's Public Health Bureau includes six divisions.

The Communicable Disease Prevention and Control Division monitors reportable diseases and takes measures to reduce the spread of disease. Public Health Preparedness staff respond effectively to emergencies and disasters such as pandemics, floods, and forest fires, while enhancing

hospital emergency response capability. The Immunization Program collaborates with schools and health care providers to vaccinate children against deadly illnesses. Vital Records Office registers and issues certificates for live births and deaths in the County and issues burial and cremation permits. Epidemiology and Surveillance investigates suspected outbreaks, analyzes population level health information, and provides infection control guidance to health care agencies, congregate living facilities, schools, and businesses.

The Public Health Laboratories Division provides local testing to protect the community against public health threats. The Clinical Laboratory receives samples from local hospitals and health care providers to test for infectious diseases such as legionellosis, norovirus, E. coli, and Salmonella. The Environmental Laboratory receives samples from Environmental Health, businesses, and residents to test for contaminants in drinking water, wastewater, and recreational water.

Community Based Nursing Division's Nurse Family Partnership and Maternal, Child, and Adolescent Health Programs promote comprehensive perinatal services for pregnant women, provide case management for mothers and their babies, and link families to services and resources that reduce the number of babies that die before the age of one. Enhanced Care Management nurses case manage persons experiencing homelessness, high-utilizers of the hospital, and persons with substance use disorders, which involve referrals to housing services, drug treatment, and medical homes, which improve a person's health and social well-being. Public Health Nutrition supports clients and their families who have weight management, chronic disease, and related dietary concerns, focusing primarily on children under 21 years of age and their families, medically fragile adults, and individuals in jeopardy of negative psycho-social outcomes.

The Chronic Disease and Injury Prevention Division works in schools to prevent teen pregnancy, sexually transmitted infections, and abusive relationships. It works with health care providers and schools to promote oral health and prevent childhood gum disease and cavities. The division collaborates with cities to reduce motor vehicle, cyclist, and pedestrian injuries and deaths, and supports businesses to reduce youth access to alcohol, cannabis, and tobacco products. The Healthy Aging Program provides outreach and education services that rely on prevention strategies. The Women, Infants, and Children (WIC) program offers supplemental food, health care referrals, and nutrition education for low-income pregnant and postpartum women. The Employee Wellness Program aims to improve county employees' mental and physical health to improve morale and productivity, reduce absenteeism and workers' compensation claims, and reduce health insurance and disability rates.

The Children's Medical Services Division assures access to quality preventive and specialty medical care for county children and is budgeted in Entity 400028.

The Public Health Administration Division administers the Sexual Assault Response Team (SART). The SART Coordinator and trained Sexual Assault Forensic Examiners (SAFE) respond collaboratively with counselors, law enforcement, and the District Attorney's Office to reports of cases of sexual assault, sexual abuse, and domestic violence.

Unit Description

The Health Department's Community Health Regional Teams unit 400027's staff and services are merged to unit 400026. There is no reduction in staff or services. Unit 400027 will remain active in FY 2025-26 to account for pending financial transactions. 400027 is anticipated to be deactivated at the end of FY 2025-26 and inactive in FY 2026-27. 400027's previously offered the following services to the community, which are now provided in unit 400026.

Public Health Nutritionists and support staff in the Public Health Nutrition Program provide nutrition evaluation and case management to multiple populations of focus, which include people under 21 years of age and their families, medically fragile adults, and individuals in jeopardy of negative psycho-social outcomes. Public health nutritionists support clients and their families who have weight management, chronic disease, and related dietary concerns

Unit Description

Children's Medical Services assures access to quality preventive and specialty medical care for Monterey County children. Programs provided include California Children's Services (CCS), Health Care Program for Children in Foster Care (HCPCFC), and Childhood Lead Poisoning Prevention Program (CLPPP).

CCS, a State-mandated program, provides eligibility determination for all children referred to CCS by health care providers, parents, and health plans. CCS Case Management Program provides treatment authorization and medical care coordination for eligible children up to age 21 who are

not Medi-Cal Managed Care Plan members. CCS Medical Therapy Unit (MTU) Program delivers physical and occupational therapy services to children with certain eligible MTU conditions. HCPCFC works with the County Probation Department and the Child and Family Services Division of the County Department of Social Services to assure children in foster care have timely access to appropriate behavioral, dental and health care services. CLPPP educates medical providers in detecting and preventing lead poisoning in children, improves lead poisoning detection by assuring at-risk children receive blood lead screening tests, case manages lead-poisoned children to assure screening follow-up, and collaborates with community partners to increase awareness of childhood lead poisoning.

Unit Description

The Health & Welfare Realignment Fund 1330 was established in FY 2012-13 to comply with new 1991 realignment accounting and funding methodologies adopted by the State. Fund 1330 will serve as the repository and appropriation unit for realignment funds.

Total expenditures of \$22,792,567 are categorized as follows: \$2,450,645 for Sheriff's Office inmate medical care, \$2,416,266 for Policy Evaluation and Planning Unit (PEP), \$157,000 for Enhanced Care

Management (ECM), \$38,000 for Medi-Cal Coordination (MAA/TCM), \$60,000 for indigent medical services to rural clinics, \$557,409 for Animal Services, \$552,000 for Participatory Budget services, \$2,269,291 for Children's Medical Services, \$14,385,186 for Public Health programs and services, and \$206,592 for AB 85 one-time payment.

Social Services

Departmental Overview:

The County of Monterey's Department of Social Services (DSS) promotes the social and economic self-reliance of individuals and families in the County through employment services, temporary financial assistance, social support services, protective services for children, dependent adults and seniors, and partnerships with the community to develop and support personal responsibility and self-sufficiency.

Programs and Functions:

COMMUNITY BENEFITS (CB) provides eligibility services for Medi-Cal health insurance, CalFresh nutrition assistance, California Work Opportunity and Responsibility to Kids (CalWORKs) through cash aid to families with children, and General Assistance to indigent adults.

FAMILY AND CHILDREN SERVICES BENEFITS (FCS) provides child abuse and neglect prevention, assesses and investigates referrals of child abuse and neglect, supports adoptions and other permanency resources when reunification is not possible, and provides independent living skills services for older youth who are in care or emancipating to independence.

CalWORKs EMPLOYMENT SERVICES (CWES) provides the Welfare-to-Work Employment Program services to lift CalWORKs customers out of poverty and encourage self-sufficiency. These include childcare, job search support, skill building, wage subsidies, and services to overcome barriers related to housing, mental health, substance use disorder, and domestic violence.

AGING AND ADULT SERVICES (AAS) administers the Adult Protective Services (APS) Program to address abuse and dependent adult exploitation, the In-Home Supportive Services (IHSS) program provided home care service as an alternative to institutional care, Supplemental Security Income (SSI) advocacy to support disabled General Assistance recipients apply for SSI benefits, Public Authority to assist with IHSS provider enrollment and Area Agency on Aging programs for seniors.

MILITARY & VETERANS AFFAIRS OFFICE (MVAO) supports and assists veterans, their survivors, and dependents through outreach, benefit claim preparation, and development of appeals when appropriate.

Department's Contributions to the County's Prior Strategic Initiatives:

HEALTH AND HUMAN SERVICES: Improve residents' health, stability and quality of life by promoting equitable access to a range of public assistance opportunities including Medi-Cal, CalFresh, and CalWORKs, CalWORKs Employment Services, Child Welfare Services, Adult Protective Services, Behavioral Health, and Homeless Services, in partnership with a vibrant network of community partners.

ECONOMIC DEVELOPMENT: Implement programs and services while advocating for policy and resources to improve residents' lives, strengthening the local economy, and ensuring the viability of the department and its community partners.

ADMINISTRATION: Restructure and innovate administrative systems, internal processes, and service delivery to improve efficiencies, departmental capacity, service access, and customer experience. Recruit and retain a diverse, talented workforce dedicated to protecting children and adults in ways that strengthen families and encourage independence.

INFRASTRUCTURE: Redesign and modernize departmental and public spaces to address workflow and convey and facilitate respect, dignity, and accessibility.

Summary of Recommendation

The Recommended Budget for the Department of Social Services (DSS) totals \$369,151,794 in appropriations, financed by \$339,257,096 in program revenues, \$24,366,497 in General Fund Contributions (GFC), \$2,169,095 in General Fund restricted assignment use for Community Programs, \$2,606,349 in Social Services Realignment fund balance, and \$752,756 in the Protective Services Realignment fund balance. These represent increased appropriations of \$22,124,675, increased estimated

revenues of \$20,083,606, increased use of fund balance of \$561,391, and an increase in GFC of \$1,479,677 from the FY 2024-25 Adopted Budget. The increase in GFC is mainly due to an increase in Cost Plan charges to the department.

Appropriations are higher than the prior year's adopted budget by \$22,124,675. This increase is primarily driven by increased salaries and benefits, program growth projected for the entitlement (client benefits) programs, and increased costs for Out of Home Care for children with

acute needs in foster care. Salaries and benefits increase of \$9,056,000 is mostly driven by negotiated wage increases and the implementation of wage compensation studies by the County. Public Assistance payments increase of \$5,471,110 is primarily due to CalWORKs case-load and grant increases, \$1,393,669 for the In-Home Supportive Services (IHSS) Maintenance of Effort, and \$3,240,422 for Out of Home Care expenses due to higher costs associated with increased specialized placements in foster care for children with acute needs. Additionally, Operating Transfers Out increased \$4,327,735 from sales tax realignment funds to fund entitlement programs and DSS personnel.

The Recommended Budget includes 852 full-time equivalent positions, representing a decrease of 79 positions from the FY 2024-25 Adopted Budget. The decrease in positions impacted various programs and functions at DSS. The following vacant positions are recommended for deletion: 33 Eligibility Specialists and Supervisors, 21 various clerical, 11 various managerial, six Social Workers, five Employment and Training Workers and Supervisors, and three other support staff. Two additional augmentations are included in the Recommended Budget for the Out of Home Care Program of \$1,125,000 for children with acute needs and \$359,918 for the County's General Assistance Program that provides cash assistance to indigent adults.

Budget Impacts

The Recommended Budget includes two augmentations for entitlement programs. There is \$1,125,000 for the Out of Home Care Program that funds placement costs for children in foster care with acute needs, and \$359,918 for the General Assistance Program, a county-funded cash assistance program.

Prior Year Accomplishments

DSS collaborated with key partners, including the Continuum of Care Leadership Council and the Monitoring and Evaluation Committee, to strengthen system-wide infrastructures addressing self-sufficiency, homelessness prevention, and homelessness. DSS developed a comprehensive Monitoring Program for the County and the Continuum of Care, ensuring the creation and implementation of Regionally Coordinated Homelessness Action Plans. These efforts aligned with the goals of the Lead Me Home Plan. The development of the plan was co-sponsored by the County in 2020 and adopted by the Board of Supervisors in 2021; it emphasized permanent housing solutions, long-term housing stability, and supportive services, with measurable benchmarks to track progress.

DSS established policies, procedures, and tools that meet the Homeless Housing, Assistance, and Prevention Program requirements. These frameworks can be adapted for other funding sources, such as the state's Permanent Local Housing Allocation (funding to local governments for housing-related projects and programs that assist in addressing the unmet housing needs of their local communities) and Encampment Resolution Funding Program (competitive grant program available to assist local jurisdictions to provide services and support to people experiencing homelessness in encampments that results in meaningful paths to safe and stable housing), to generate measurable outcomes and support.

Family and Child Services (FCS) supported seven masters' level social work interns in their field placement and one undergraduate intern through placements. This entailed providing additional training and coaching to existing and new staff. Additionally, feedback was compiled from newly onboarded social workers and will inform program implementation.

FCS continued meeting with other Bay Area counties to gather information about visitation processes and policies. FCS compiled data and instituted a structure for court-involved parents to access visits and coaching. Furthermore, completion of the required training led to updated

policies and procedures for Social Service Aides, Social Workers, and Social Work Supervisors.

The Military and Veterans Affairs Office (MVAO) continued advocating to local, regional, and federal Veterans Affairs (VA) leadership about ways to sustain and improve mental health services at the Major General William H. Gourley VA-DoD Outpatient Clinic in the City of Marina. It established the Santa Cruz County Vet Center counseling access point at the Monterey County Veterans Affairs main office in the City of Marina.

MVAO held 4,336 appointments and completed 5,770 claim actions for 2,991 unique Veterans. The office aided in the awarding of 1,865 VA disability compensation claims totaling over \$19.8 million. It helped process 270 College Tuition Fee Waivers, saving the County's disabled Veterans over \$1.9 million.

The Aging and Adult Services (AAS) Branch reached and/or served 41,569 customers through its programs. It implemented the Age Wise Program (connects customers with services designed to enhance their overall mental health and well-being) in partnership with the County's Behavioral Health Bureau for counseling services for seniors and wrap-around services.

Through various service agreements and collaborations, AAS expanded congregate meals sites for seniors living in the cities of Marina and Salinas, collaborated with CalWORKs Employment Services to hold the Annual Open House and Resource Fair with over 500 multi-generational community members and 50 Community Service providers in attendance and awarded over \$6.5 million to community service providers including the Center for Independent Living, Meals on Wheels, Senior Legal Services, and Alliance of Aging.

The CalWORKs Employment Services Branch (CWES) engaged families in a Welfare-to-Work sanction status using goals, strategies, and action steps; implemented the California Outcomes and Accountability Review (Cal-OAR) System Improvement Plan; and provided over 33,500 direct services to CWES participants. The County is recognized as one of the top counties in the state with a high work participation rate.

The Community Benefits (CB) Branch continued to provide cash, food, and medical assistance to approximately 200,000 in the County. The volume of applications remained high with a peak of more than 6,000 during the winter months of November and December. Furthermore, the branch accomplished high service delivery levels by processing over 90% of applications timely.

The CB branch expanded the Salinas lobby to serve the high volume of customers efficiently at this location and implemented a Self-Service Center to teach customers how to submit online applications, check case statuses, and upload documents.

DSS continued outreach presentations and collaborations with other county offices and departments, schools, and non-profit agencies. The medium-sized van purchased last fiscal year was equipped with necessary mobile outreach resources to provide information throughout the County during resource fairs and events to increase awareness and services available to underserved and remote communities. The larger mobile office purchased with a US Department of Agriculture Food and Nutrition Service (FNS) grant is in the process of being equipped with two interview rooms, Internet access, and EBT (electronic benefit transfer) printing machine with delivery expected by the end of 2025. The mobile office will provide additional flexibility in outreach efforts, particularly for customers who may face barriers or may be hesitant to come to one of the district offices, and provides a confidential interview setting and ability to collaborate with other county offices and departments during natural disasters.

Budget Year Goals

Improve the quality and coordination of partnerships across branches, county offices and departments, and community partners to strengthen and sustain system-wide infrastructures that address self-sufficiency, homeless prevention, and homelessness.

Continue to create innovative funding strategies through interdepartmental Memorandums of Understanding and joint funding plans that address federal and state policy changes.

Increase relative and near-kin connection to children in out of home care through a newly instituted 30-days-to-family program in the placement unit.

Partner with Wayfinder Family Services, a community non-profit, to ensure relatives and near-kin are connected to resources that will increase relative placements and their stability. Continue to assess needs to ensure relatives and near-kin can accept placements.

Continue to administer the Housing and Disability Advocacy Program (HDAP) to provide advocacy and housing supports to persons with disabilities experiencing homelessness.

Continue to grow a strong and collaborative Aging and Disability Resource Connection network of community partner agency that serve older adults and persons with disabilities through the No Wrong Door service delivery model.

Continue to support community partners with OAA and Area Agency on Aging funding services to help meet the needs of seniors, individuals with disabilities, and care providers.

Continue coordinating with CWES and AAS for various multi-generational service delivery opportunities.

Continue to meet and/or exceed federal work participation requirements for all families.

Provide intensive case management to families facing significant barriers to participation in welfare-to-work activities and help address the underlying barriers to employment and self-sufficiency.

Focus available resources toward families that have received a welfare-to-work sanction.

Continue to partner with California Department of Human Resources (CalHR) Merit System Services (MSS) to improve the recruitment, testing, and selection process.

Continue to hold a robust Training, Mentoring, and Development (TMD) program to provide quality opportunities for continued professional growth.

Continue to investigate complaints remanded to DSS-HR by the California Department of Social Services (CDSS) Civil Rights Unit in a timely manner and implement corrective action plans when necessary.

Assess resources and trends to continue high service levels and handle application and ongoing workload accurately and efficiently.

Develop additional training and resources to increase accuracy and efficiency.

Recruit and retain at the highest possible levels to maximize service and benefit delivery to the County's Veterans, service members, and their families.

Increase state Subvention Funding through closer collaboration within DSS divisions.

Continue to advocate to county offices and departments to implement hiring and retention programs for Veterans, and work through the state and federal legislators to introduce or support legislation that benefits the Veteran and military community.

Pending Issues

CDSS may receive a USDA penalty based upon the state's high error rate for CalFresh programs. States are responsible for maintaining a low error rate that does not exceed the federal national average, which was 11.09% in federal fiscal year (FFY) 2023. The County had an error rate of 12.36% in FFY 2023. The federal and state governments are still calculating the error rate for FFY 2024, but it is most likely that the state will exceed the national average. States that exceed the national average for two consecutive years will be sanctioned with a monetary penalty. The state will then share this penalty with the counties that caused the state to exceed the federal national average error rate in the second year, which includes the County. DSS continues taking measures with staff by reviewing processes, creating training, identifying tips and new tools, meeting with customers directly to gain input on their understanding of reporting responsibilities and materials provided to them, and meeting with staff regularly to gain input and insight to improve accuracy.

Policy Considerations

There are no policy considerations.

Unit Description

CalWORKs is the state's implementation of the federal Temporary Assistance for Needy Families (TANF) program. It is a temporary cash assistance program for very low-income families that have children in the home. If the family has little or no cash and needs housing, food, utilities, clothing, or medical care, they may be eligible to receive immediate assistance. Families that apply and qualify for ongoing assistance receive money each month to help pay for housing, food, and other necessary expenses. Families can apply and be screened for other support programs such as CalFresh and Medi-Cal.

The CalWORKs Welfare-to-Work Employment Services (CWES) Program provides employment-focused and supportive services to address the underlying social, educational, economic, health, mental health, housing, and barriers to employment to assist families in the move toward self-sufficiency. Supportive services include childcare, transportation, books, clothing, job search and interview techniques, learning disability assessments, tutoring, credit repair, and behavioral health counseling. Adult household members are eligible for up to 60 months of cash aid and supportive services offered through the program.

Unit Description

In-Home Supportive Services (IHSS) provides for the cost of home care to support the independence of aged, blind, and disabled persons and to help them live safely in their homes and communities. Services range from personal care, meal preparation, and housekeeping. Individuals can receive IHSS if eligible for Supplemental Security Income/State Supplementary Payment (SSI/SSP) and/or Medi-Cal and live independently. The appropriations in this unit are for the IHSS Maintenance of Effort (MOE), the total cost of health benefits, and an

Operating Transfer to the IHSS Public Authority for the County's share of costs. The IHSS MOE represents the County's share of cost for service provider wages, IHSS administrative costs, health benefits for caregivers, and the administration of the IHSS Public Authority, a local public agency established by the county to support the IHSS program.

Unit Description

Appropriations in the DSS Out of Home Care budget provide for living expenses of children who are placed out-of-home as a result of parental unwillingness or inability to provide care. This support includes payments for emergency placements, foster care with relatives and non-relatives through DSS's Resource Family Homes (homes licensed to provide services to a child in the custody of the stat, including foster care and legal guardianship), wraparound services (comprehensive, person-centered model of care that provides a wide range of support and recourses), assistance to adoptive families, and assistance for emancipated youth transitioning to independence and adulthood. These programs receive a statutory cost-of-living adjustment on July 1st of each year based on the California Necessities Index (CNI). Out of Home Care programs include:

- 1) Aid to Families with Dependent Children Foster Care (AFDC-FC) provides the cost of foster care for children under the juvenile court's jurisdiction. Foster care aid payments are made on behalf of children placed with Resource Families (approved to provide care for children who are not able to live with their birth families) in Resource Homes or institutions by social workers or probation officers.
- 2) The Adoption Assistance Program (AAP) supports the cost of care for families adopting children with special needs.
- 3) County Court Dependent Children provides the cost of foster care for children placed by court order who are not eligible under the AFDC-FC program.

4) Emergency Placements provide for the cost of care for children placed in emergency short-term foster homes while court jurisdiction is established.

5) The Wraparound Program funds comprehensive supportive social services to assist foster children with severe emotional challenges to live safely with families within the community in lieu of high-cost residential treatment. Additionally, wraparound is provided for children and youth transitioning out of residential treatment.

6) The Transitional Housing Placement Program (THPP) helps participants aged 16 through 20 successfully transition to adulthood by

providing a safe environment to thrive. Within THPP, participating youth practice the skills learned in the Independent Living Program (ILP), which assists current and former foster youth achieve self-sufficiency. Participants may live alone, with departmental approval, or with roommates in apartments and single-family dwellings with regular support and supervision provided by THPP agency staff, ILP Coordinators, and county social workers and/or probation officers.

7) THP-Plus is a transitional housing placement opportunity for former foster youth, aged 18 through 24, to achieve self-sufficiency.

Unit Description

General Assistance is a county-funded program that provides cash and in-kind assistance to indigent adults who are not eligible for other public assistance programs. There are two parts to this aid program: 1) Regular General Assistance payments for indigent adults who can work; and 2) Interim Assistance which is paid to indigent adults who are applying for Supplemental Security Income/State Supplementary Program (SSI/SSP) because of a disability. Adults who can work are required to participate in the General Assistance Work Experience Program (GA-WEP) that secures work with government or non-profit agencies. Eligibility for the GA-WEP program is limited to six months of assistance within a 12-month period.

Unit Description

The Military and Veterans Affairs Office (MVAO) assists and advocates for Veterans, military service members, and their families by providing support through the adjudication process with the Department of Veterans Affairs (VA) regarding compensation, pension, education, burial, surviving spouse and dependent benefit and entitlement allocations. MVAO also assists with discharge upgrades, securing service and medical records, placement in VA and state medical and domiciliary facilities, survivor assistance for the families of military personnel, and services through the Service-members Civil Relief Act (federal law designed to protect the rights of active-duty military personnel by easing financial and legal burdens during their service). MVAO has robust collaborative relationships with county, state, and federal elected officials; community-based organizations such as the United Veterans County of Monterey Recommended Budget FY 2025-26

Council, the Veterans Issues Advisory Committee, and the Military and Veterans Affairs Advisory Commission; local college and university programs such as Hartnell, Monterey Peninsula College, California State University Monterey Bay, and the Middlebury Institute; homelessness services providers such as the Coalition of Homeless Services Providers, the Veterans Transition Center, and Nation's Finest; and military installations such as the Presidio of Monterey, Defense Language Institute, Naval Support Activity Monterey, the Naval Postgraduate School, and Fort Hunter Liggett. MVAO is a proud and contributing member of the California Association of County Veterans Service Officers (CACVSO) and the National Association of County Veterans Services Officers (NACVSO).

Unit Description

The Community Programs Unit primarily covers shelter facility costs and contracts with private non-profit organizations for housing support, shelter, case management, and counseling. The unit serves individuals and families experiencing housing instability and homelessness and victims of domestic violence. Programs include Rental Assistance and Rapid Re-Housing, facility operation and service coordination of the Salinas Housing Advancement, Resource and Education (SHARE) Center, operational support for the domestic violence shelters, the youth homeless shelter, shelters for women and families, and the Safe Parking Program. The unit has funding from the Homeless Housing, Assistance

and Prevention Program (HHAP) for the Coalition of Homeless Services Providers to operate the local US Department of Housing and Urban Development (HUD) Continuum of Care. This unit funds an Operating Transfer to Community Action Partnership (Unit 501008) and IHSS Public Authority (Unit 501009) for the County's share of general liability non-recoverable expenses. The unit's expenditures are financed by CDSS; California Department of Housing and Community Development; California Business, Consumer Services, and Housing Agency; the California Interagency Council on Homelessness; Domestic Violence revenues; and County GFC.

Unit Description

The Social Services unit administers a variety of social services programs including: eligibility for CalWORKs cash payments and welfare-to-work services to low-income families; eligibility for General Assistance cash payments to individuals; eligibility for CalFresh nutrition assistance; Medi-Cal health insurance eligibility; assessment of need for IHSS; Child Welfare Services, Child Abuse Prevention programs, Resource Family Approval, and Adoption services; and advocacy to support General Assistance recipients in applying for federal Supplemental Security Income and Adult Protective Services.

These programs are primarily funded by the CDSS, and the California Department of Health Care Services. State and federal allocations and sales tax realignment contribute to funding most of these programs under sharing formulas, which vary from program to program. Generally, the state cost reimbursements are capped, while most federal funding, except for CalWORKs, is open-ended. The operation of the various programs is subject to state and federal mandates, which may impose fiscal or other sanctions for non-compliance.

Social Services Operations and Administration consists of the following main areas:

COMMUNITY BENEFITS: CalFresh, Medi-Cal, CalWORKs Eligibility, Foster Care Eligibility, Quality Control, and Fraud Prevention;

FAMILY AND CHILDREN'S SERVICES: Child Protective Services, the Child Abuse and Neglect Hotline, Child Abuse Prevention programs, Family Maintenance, Family Reunification, Permanency Planning for foster children, Adoptions, Resource Family Approval, the Promoting Safe and Stable Families program, Independent Living Support for Transitional Age Youth, and Transitional Services for former foster youth;

AGING AND ADULT SERVICES: IHSS assessments, Adult Protective Services, Supplemental Security Income (SSI) Advocacy, Area Agency on Aging, and the Senior Information, Referral and Assistance Hotline;

CalWORKs EMPLOYMENT SERVICES: Welfare-to-Work services for CalWORKs recipients include childcare, ancillary/work-related expenses, and transportation assistance. Additional supportive services include domestic violence referral and counseling services, learning disability assessments, and employment and job search readiness workshops;

HUMAN RESOURCES: Employee and labor relations, recruitment and selection, retention, complaint investigations, civil rights and Americans with Disabilities Act (ADA) compliance, workers' compensation, employee safety, leave and benefits management, and department-wide staff development; and

ADMINISTRATIVE SERVICES: Financial planning, revenue maximization, payroll, accounting, statistical reporting, information systems, procurement, records retention, copying and mail distribution center, facilities management, and fleet operations.

Unit Description

The Monterey County Community Action Partnership (MCCAP) administers the federal Community Services Block Grant (CSBG). MCCAP contracts with non-profit organizations to provide programs that advocate for low-income and vulnerable populations and support services to help individuals attain self-sufficiency. MCCAP combines CSBG funds with restricted and general discretionary funds budgeted in Community Programs (Unit 501006) for homeless, domestic violence, and emergency rental assistance programs, and state funds budgeted in Social Services (Unit 501007) for housing support. Priority program areas include safety-net services such as housing and shelter resources,

food access, information and referrals, domestic violence prevention and intervention, youth and family counseling, youth engagement activities, youth employment support, and homeless planning and coordination.

Unit Description

The In-Home Supportive Services (IHSS) Public Authority (PA) is administered by Aging and Adult Services. PA manages home care registry that supports IHSS recipients and social workers with provider referrals. PA staff also manage training for IHSS providers. The PA is the administrator of the IHSS provider health insurance plan and serves as employer of record for the purpose of labor negotiations. The PA coordinates with the IHSS Program but is an independent authority.

Unit Description

The Planning and Service Area (PSA) 32 was established as an Area Agency on Aging (AAA) in 1980 by the state and the Board of Supervisors in accordance with the federal Older Americans Act (OAA). Its core mission is to plan, advocate, and coordinate services for individuals 60 and older. The AAA is administered by DSS's Aging and Adult Services Branch and has a 15-member AAA Advisory Council.

The AAA allocates funds to local non-profit organizations serving seniors and family caregivers to enhance the quality of life for seniors. Funded services include Health Insurance Counseling and Advocacy Program (HICAP), Medicare Improvements for Patients and Providers (MIPPA), Ombudsman for Long-Term Care, family caregiver

supportive services (e.g., transportation, outreach, legal services, information, referral, and assistance), congregate nutrition services, home-delivered meals, nutrition education, disease prevention and health promotion services, elder abuse prevention services, fall prevention, intergenerational activities, and a senior nutrition infrastructure program. Planning efforts focus on home and community-based long-term services and support that promote healthy aging. These activities are funded and supported primarily by OAA funding, the California Department of Aging, the Administration for Community Living, the U.S. Department of Health and Human Services, Mello-Granlund Older Californians Act (Senate Bill 1249, Chapter 337, Statutes of 2024) funding for the Home and Community-Based Services and supplemented by a General Fund Contribution for administrative expenses.

Unit Description

Public Safety Realignment legislation adopted in 2011 (Assembly Bill 109 and 118, Chapter 15 and 40, Statutes of 2011) and reaffirmed by Proposition 30 (The Schools and Local Public Safety Protection Act of 2012), requires counties to be responsible for payments of the non-federal portion of Adult Protective Services, Adoption Assistance Program, Foster Care, and many Child Welfare Services Programs. The State Controller's Office transfers sales taxes to the counties to fund these new local costs. The Local Revenue Fund (Fund 1300) was established to provide transparency of receipts and transfers of sales taxes associated with the Protective Services Account for the 2011 Public Safety Realignment (AB 118). A process is in place that includes Operating Transfers from Fund 1300 to two General Fund Budget Units, Out of Home Care (Unit 501003) and Social Services (Unit 501007) for the realigned programs.

Unit Description

The 1991 Realignment (Realignment) (Assembly Bill 1491, Chapter 89, Statutes of 1991) legislation refers to a fiscal arrangement between the state and counties which dedicates portions of sales tax and vehicle license fee (VLF) revenues to county-administered health, mental health, and social services programs. The Realignment was designed to promote greater county responsibility in operating realigned programs, altered cost-sharing ratios. It provided counties with the VLF and sales tax as dedicated revenues to pay for the increased program responsibility. The 1991 Realignment differs from the 2011 Public Safety Realignment.

The Realignment impacted DSS in such programs as: CalWORKs, CalFresh, Foster Care, Adoptions, Child Welfare Services, and IHSS. The sales tax and VLF are collected and distributed monthly by the State Controller's Office and are deposited into the Health and Welfare Realignment Fund (Fund 1330) and distributed through Operating Transfers to various budget units within the Social Services and Health Departments. Growth funds above the base are distributed by a defined process and estimated annually by the state Department of Finance.

Library

Departmental Overview:

Monterey County Free Libraries (MCFL) is a public library system whose mission is to bring ideas, inspiration, information and enjoyment to the community. MCFL was established to provide library services to the diverse communities of the County of Monterey under the County Library Law of 1911. MCFL's operations are primarily financed through its share of property taxes. Other financial support is received from the Foundation for Monterey County Free Libraries (FMCFL), Friends of the Libraries' groups, and government and private grants.

Programs and Functions:

Community Libraries and Services Access Points: MCFL services the public through a network of 16 branches covering the communities of Aromas, Big Sur, Buena Vista, Carmel Valley, Castroville, Gonzales, Greenfield, King City, Marina, Pajaro, Parkfield, Prunedale, San Ardo, San Lucas, Seaside, and Soledad. MCFL provides library services through three bookmobiles, Library by Mail, and online through eMCFL.org.

Print, Digital and Unique Collections: MCFL provides public access to a collection of materials for all ages in English and Spanish that can be browsed and/or borrowed, including books, movies, audiobooks, magazines, newspapers, reference materials, and local history resources. Additional materials and languages are available from a consortium of partner libraries through interlibrary loan. A strong online collection includes a digital archive, downloadable e-books, e-audiobooks, digital magazines and newspapers, access to online resources, homework help, veterans' resources, language learning programs, job development programs, literacy, and citizenship. MCFL lends telescopes, hotspots, early childhood kits, mental health kits, Book-Club-to-Go bags, and other activity kits.

Program and Learning Activities: MCFL offers free programs for children, teens, adults, and families, including story time, crafts, makerspaces, and play-and-learn activities. The annual summer reading program offers performances, activities, and reading encouragement. MCFL operates an early literacy bookmobile that brings programs and resources to preschools, emphasizing Science, Technology, Engineering, Arts and Mathematics (STEAM).

Staff Assistance: MCFL is available to assist the public in English and Spanish with getting a library card, checking out library materials, finding information, answering questions, recommending reading material, supporting students with homework, assisting with technology, promoting literacy, providing information resources, and locating accessible community services. MCFL has branch managers and community liaisons connecting each community to the services of the entire library system.

Technology: Every branch offers free access to computers and the Internet. Wireless printing, copy machines, fax services, and computer printing are available with in-person assistance and referrals to other technology learning resources.

Community Engagement Activities: MCFL supports community engagement through partnerships with other county offices and departments, school districts, cities, and other agencies. These include mental health awareness, housing application assistance, tax preparation assistance, lunch at the libraries, citizenship classes, voter information/registration, and services to veterans. Meeting rooms are often the site of community outreach from local non-profits. MCFL facilities serve as Temporary Evacuation Points, Community Resource Centers, cooling centers, and other needs during emergencies throughout the County.

Department's Contributions to the County's Prior Strategic Initiatives:

HEALTH AND HUMAN SERVICES

Improve the health and quality of life through County-supported policies, programs, and services, promoting access to equitable opportunities for healthy choices and healthy environments in collaboration with communities.

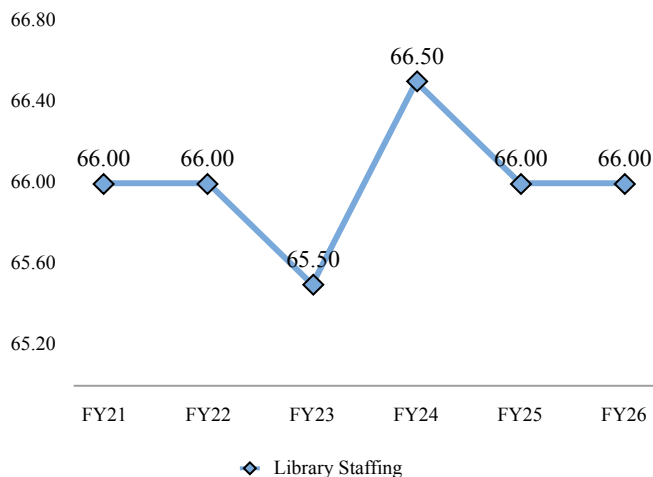

ECONOMIC DEVELOPMENT

MCFL offers a variety of services and programs to the public. Details of services and programs are available at www.emcfl.org.

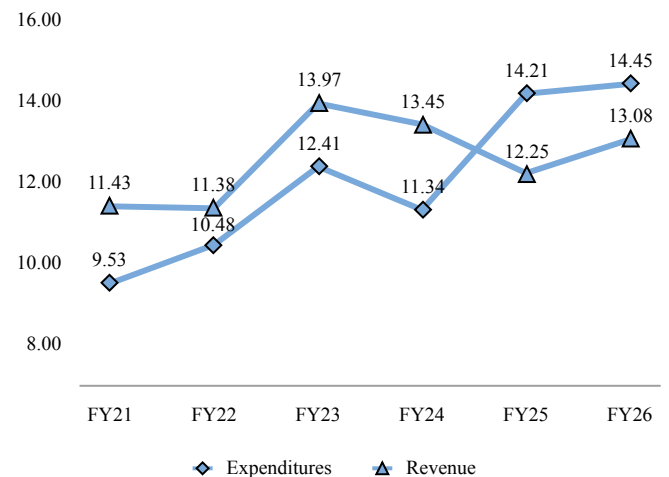

Staffing Trends

Expenditure/Revenue History (in millions)

MCFL envisions the County as a community where everyone can achieve their potential and pursue happiness. MCFL's mission is to bring ideas, inspiration, information and enjoyment to the community through various delivery methods such as 16 library branches, a website, three bookmobiles, and Library-By-Mail.

Total Source of Funds	\$ 11,335,021	\$ 14,212,669	\$ 12,537,547	\$ 14,447,457	\$ 14,447,457	\$ 234,788

Summary of Recommendation

MCFL's Recommended Budget includes \$14,447,547 in appropriations financed by \$13,081,580 in anticipated revenues, and utilization of \$1,365,877 in fund balance. Expenditures increased by \$234,788 and revenues increased by \$831,134 from the FY 2024-25 Adopted Budget. Higher expenditures are due primarily to an increase of \$669,321 in salaries and benefits resulting from wage increases and higher operating expenses of \$930,977 related to projects in three library branches, including: furniture, fixtures and equipment in the new Gonzales Library, landscaping in the community of San Lucas Library, and rehabilitation of the Pajaro Branch. These projects are anticipated to be funded from

the departmental fund balance. Offsetting decreases to expenditures include a decrease of \$1,046,113 in the Cost Plan charge elimination of capital asset expenditure. Most of MCFL's revenues are derived from property taxes, which account for \$12,162,155 or 93%; property taxes are increasing by \$790,700 from the FY 2024-25 Adopted Budget.

Budget Impacts

The Recommended Budget anticipates contributions for capital projects in FY 2025-26, including rehabilitation of the Pajaro Branch (impacted by flooding since 2023), and completion of the new Gonzales Library.

MCFL's budget for books and materials is a concern as costs continue to rise, requiring MCFL to reexamine the purchasing balance between physical and online materials and actively seeking grant opportunities that can contribute to the materials collections.

Significant resources funded at the state level are gone, and others based on federal funding are in jeopardy.

Prior Year Accomplishments

- Applied and received grants to fund programs.
- Conducted a survey and analysis of branch hours and implemented adjustments to serve communities better.
- Lowered operational costs through new contracts and more efficient processes through printing, scanning, copying, and faxing.

Budget Year Goals

- The major goal during FY 2025-26 will be to update the strategic plan to reflect new economic and political realities.
- Complete capital projects including Pajaro rehabilitation, the new Gonzales Library, and the new East Garrison Branch.

Pending Issues

MCFL has unfinished and uncertain capital projects anticipated to be funded primarily from the departmental fund balance. This includes selecting a new vehicle to replace the aging South County Bookmobile, completing the electric vehicle charging stations at Greenfield Library, and completing exterior landscaping at the community of San Lucas Library. Each project involves other offices and departments and long-

term service plans, and depending on timing, may carry into FY 2026-27.

At the time of printing, unknown and uncertain federal and state support was pending. The Recommended Budget is based on operational funding, and it is anticipated that public services will likely be impacted. MCFL will adjust the budget as required when more details are known.

Policy Considerations

Policy changes at the federal level for access to materials or services are rippling through to the state and are anticipated to impact how MCFL serves the community. For example, the California State Library's Plan for expenditure of Library Services and Technology Act (LSTA) funds has changed to comply with Presidential Executive Orders. These funds provide MCFL patrons with eBooks (books in electronic form that can be read on a computer or handheld device rather than in print) and online subscriptions. Simultaneously, public libraries are implementing the California Freedom to Read Act, adjusting collection development policies to ensure compliance with this state law that prohibits any governing body of a public library that receives state funds from proscribing procurement, access, or circulation of library materials based on protected characteristics, sources, intended or perceived audience, or the views, ideas, or opinions contained in the materials. There is a clear conflict if federal funds are expected to supply library materials under policies governed by the Freedom to Read Act and complying with Executive Order 14238 terminating "... all 'equity action plans,' 'equity' actions, initiatives, or programs, [and] 'equity-related' grants...." The direct budget impact will be determined based on what services or programs are ultimately cut directly, which cannot be accessed with this conflict, and if MCFL must adjust the internal budget to provide the service or program in the absence of federal funding.

Cooperative Extension Service

Departmental Overview:

Cooperative Extension is one of the oldest departments in the County. The University of California (UC) and the County started the local Cooperative Extension office in 1918 for the betterment of the local economy and quality of life. Cooperative Extension is a national program under the United States Department of Agriculture (USDA) with support from the County and the UC to bring the research and knowledge of the land grant universities directly to the community.

Programs and Functions:

AGRICULTURAL PROGRAM: The Agricultural Program is conducted by the Farm Advisors (UC paid academics) who were selected based on their expertise, degrees in their disciplines, and their abilities to teach and work with people. Their mission is to conduct frequent needs assessments and to provide local actionable research and education geared to protecting and promoting Monterey County's farm-based economy, the number one industry. The Farm Advisors have programs in Agricultural Technology, Entomology, Irrigation, Plant Pathology, Specialty Crops, Vegetable Crops, Viticulture, Water Quality and Water Policy, and Weed Science. Cross-county Farm Advisors also support research within the county in Berry Crops, Ornamental Horticulture, and Small Farming. The programs promote the economic viability of the agricultural industry and the protection of environmental resources. Research and educational programs encompass target areas such as sustainable, safe, nutritious food production, economic success in a global economy, and a sustainable, healthy, productive environment focusing on three of the USDA and UC strategic initiatives: Water Quality, Quantity and Security; Endemic and Invasive Pests; and Sustainable Food Systems.

4-H YOUTH PROGRAM: The mission of the 4-H Youth Development Program is to instill leadership, citizenship and life skills in youth through hands-on learning and community service. There are 14 4-H clubs throughout the County serving young people ages five through 19. The programs are delivered to youth via trained adult volunteers, and focus on science, engineering and technology, healthy living, and citizenship. High quality 4-H activities engage youth in an environment where youth feel safe and free to share, learn, and grow.

MASTER GARDENER PROGRAM: The mission of the Master Gardener program is to extend research-based knowledge and information on home horticulture, pest management and sustainable practices to the residents. There are 175 volunteers that donate over 4,000 hours per year assisting home gardeners, building community and school gardens, hosting community education demonstrations, and maintaining a teaching and demonstration garden, reaching over 1,500 residents.

NATURAL RESOURCES PROGRAM: Two cross-county advisors add to in-County expertise, and UC campus specialists bring additional knowledge to bear on specific County issues as they arise. They work to solve local issues in fire science, rangeland management, water quality, soil conservation, land use and animal agriculture production.

Department's Contributions to Monterey County's Strategic Initiatives:

ECONOMIC DEVELOPMENT

Active engagement in appropriate economic development and promotion of economic viability of the agricultural industry.

HEALTH AND HUMAN SERVICES

Promote the use of alternative energy sources, conservation, and related best practices that benefit the environment and create approaches aimed at increasing the overall well-being and quality of life for County residents.

Staffing Trends

Summary of Recommendation

The Recommended Budget for the UC Cooperative Extension is \$597,905, financed by \$10,409 in program revenue and \$587,496 in general fund contributions (GFC). Recommended appropriations increased \$6,976, due to increased costs associated with salary and benefit costs. Services and Supplies were decreased by \$25,173 due to lower fleet charges. Revenues decrease next year due to lower use of UC reimbursable labor. The Recommended Budget includes an augmentation of \$9,219 to partially restore funding in order to maintain a full-time staffing.

Unit Description

This Budget Unit supports the Agricultural Program described in the Department Description. All expenses of this Budget Unit are reimbursed by the University of California (UC). The UC grant funding supports research and education programs in vegetable diseases, plant nutrition, weed science, viticulture, insect control, waste management, irrigation, water quality and water policy.

Natividad Medical Center

Departmental Overview:

Natividad Medical Center (Natividad) is a 172-bed acute care hospital owned and operated by the County of Monterey. As a designated public safety-net hospital providing health care to the residents of Monterey County for over 139 years, Natividad provides health care access to patients regardless of their ability to pay.

Natividad is fully accredited by The Joint Commission (an independent, not-for-profit organization that evaluates and accredits health care organizations and programs in the United States), has an appointed Board of Trustees, and is under the governance of the Board of Supervisors.

Programs and Functions:

Natividad offers inpatient, outpatient, emergency, diagnostic, and specialty medical care and annually provides more than 38,000 patient days and more than 50,000 Emergency Department visits. Natividad is a Level II Trauma Center that provides the immediate availability of specialized personnel, equipment, and services to treat the most severe and critical injuries. Natividad operates a large hospital-based specialty clinic, a primary care clinic, and is the location of outpatient primary care clinics operated by the County's Health Department. Natividad has a medical staff of over 400 physicians.

Through its affiliation with the University of California, San Francisco (UCSF), Natividad is the only teaching hospital on the Central Coast. Recognized nationally and internationally as a model program, Natividad's Family Medicine Residency Program is postgraduate training for physicians specializing in family medicine. Approximately one-third of graduates remain on the Central Coast to establish a practice.

Natividad's mission is to continually monitor and improve the health of the people, including the vulnerable, through coordinated, affordable, and high-quality health care. The vision is to be a health care delivery system that collaborates with other providers to offer accessible, high-quality, and high-value health care services in a financially stable manner.

Department's Contributions to the County's Prior Strategic Initiatives:

ADMINISTRATION

Promote an organization that practices efficient and effective resource management and is recognized for responsiveness, strong customer orientation, accountability, and transparency.

HEALTH AND HUMAN SERVICES

Improve health and quality of life through county-supported policies, programs, and services; promote access to equitable opportunities for healthy choices and health environments in collaboration with communities.

INFRASTRUCTURE

Plan and develop a sustainable, physical infrastructure that improves the quality of life for county residents and supports economic development.

Summary of Recommendation

The Recommended Budget for Natividad totals \$551,635,149 in expenditures, financed by \$555,093,167 in revenue, a \$3,458,018 estimated increase in fund balance.

Personnel and medical operating costs are the largest cost drivers in the budget. Personnel costs are budgeted at \$319,885,173, an increase of \$33,681,222 from the FY 2024-25 Adopted Budget. Employee step advances, higher employee benefit costs, and pay raises contribute to the increase in personnel costs. Other Charges are budgeted at \$87,622,144,

an increase of \$79,252,621 over the FY 2024-25 Adopted Budget. The increase is largely made-up of intergovernmental transfers for various government funding programs. These amounts were previously budgeted as a net amount, offsetting intergovernmental revenues.

The \$104,908,139 increase in revenue over the FY 2024-25 Adopted Budget is attributed mainly to the rise in gross intergovernmental transfers. Previously, these transfers were budgeted as a net amount under revenue only. Revenues from patient and other services are budgeted at

\$343,953,608, an increase of \$18,178,580 over the FY 2024-25 Adopted Budget. The increase in patient revenues is from an increase in patient

volume and a change in payor mix, resulting in a more favorable collection rate.

Budget Impacts

California Advancing and Innovating Medi-Cal (CalAIM) implementation began on January 1, 2022, and will continue through December 31, 2026, as a coordinated commitment to making Medi-Cal more equitable and person-centered.

CalAIM renews the Global Payment Program to provide a statewide pool of funding for the remaining uninsured population in California. As a global program, it includes \$1.2 billion annually in Disproportionate Share Hospital (DSH) funds and \$246 million in the Safety Net Care Pool (SNCP).

Additionally, CalAIM initiatives provide key programs that prioritize prevention and social drivers of health. Services and reimbursement for justice-involved adults and youth are in negotiations.

Managed Care directed payment programs, including the Quality Incentive Program (QIP) and the Enhanced Payment Program (EPP) continue payments to ensure performance alignment with state and Plan requirements.

Prior Year Accomplishments

Natividad received an “A” Leapfrog Hospital Safety Grade (only hospital rating focused exclusively on hospital safety) for Fall 2024 from the nonprofit watchdog for keeping patients safe from preventable harm and medical errors. This publicly reported information enables the public to make informed decisions about where to receive care.

Natividad’s Sam Karas Acute Rehabilitation Center ranked No. 21 in California according to Newsweek’s “America’s Best Physical Rehabilitation Centers 2024” list.

U.S. News & World Report rated Natividad a Top Hospital for Maternity Care and highlighted the hospital’s equity measures.

Natividad was named Best Hospital in the Salinas Valley Readers’ Choice Awards 2023, published by the Monterey Herald. The hospital’s Emergency Department ranked number 2 in the Salinas Valley, while Dr. Dustan Millward was voted Best Podiatrist, and Dr. Minerva Perez-Lopez was voted Best Primary Care Physician.

Natividad partnered with Dr. Mario Pauda to expand its footprint to the Sanborn Clinic in East Salinas in June, providing primary care services for more residents in the Salinas area.

The hospital expanded its specialty care to include a full-time pulmonary medicine provider and pulmonary function testing and added rheumatology. Natividad established multi-specialty trauma clinics and expanded its total joint replacement program. Its Urogynecology program expanded to include pelvic floor therapy services, making it only one of three in the country.

Natividad, the only teaching hospital in the County, graduated 10 physicians from its Family Medicine Residency program and welcomed its newest class in June. Natividad had 700 applicants and 125 interviews for 10 positions for the class of 2027. Three first-year residents are local, and 23 residency graduates are on staff at Natividad.

Natividad continued its Everyone’s Harvest Farmers’ Market as part of the hospital’s ongoing commitment to promoting wellness and healthy eating. The weekly outdoor market allows the community to shop for fresh produce, food, and more. Through Everyone’s Harvest, Natividad funded Fresh Rx prescriptions for families with credits of \$25/week in fresh produce in the Farmers’ Market. Participating patients results show lower body mass index (BMI) after the completion of the annual program.

Natividad participated in more than 60 community outreach events and organizations, including:

- * Ciclovía Salinas and South County

- * Juneteenth Events – Seaside/Monterey and Salinas

- * Monterey Pride Parade and Salinas Pride Day

- * Monterey County Fair Sponsorship and “Natividad Day”

- * CISNE Monthly Forums

- * Ag Business Health Fairs

- * School Resource Fairs

Natividad Foundation, the nonprofit that supports Natividad, accomplished the following:

- * Record-breaking 2024 donation from The Agricultural Leadership Council (TALC) of \$600,000.

- * Unveiled new 20-piece Employee Art and 40-piece Monterey Plein Air Painters Association exhibitions at Natividad.

- * Raised \$90,900 through the 2024 Pebble Beach Concours d’Elegance Charity Drawing.

- * Maintained 99% success rate in preventing re-injury among victims of violence enrolled in CHOICE.

- * Received a \$300,000 grant from the Tanimura Family Foundation to support the Emergency Department Prefabricated Building project.

- * Funded a full-time chaplain for Spiritual Care.

- * Funded breast cancer screening and therapeutic care for low-income women.

- * Funded basic needs for patients ready for discharge but needed help to continue healing.

Natividad worked closely with the County’s Health Department clinics to meet the Quality Incentive Pool (QIP) targets and overperformed on several metrics, such as immunizations and routine screenings.

- * Recognized by the Safety Net Institute (SNI) for high performance and effective workflow strategies for perinatal and postpartum care measures.

- * QIP is a program comprised of 40 quality measures representing multiple service lines within Natividad and the County’s Health Department clinics. Each measure has a performance target that must be met every calendar year.

Natividad’s Simulation Center served over 1,600 learners and expanded simulation programs to other disciplines, including non-clinical staff.

The hospital launched a language resources project to create audio files of admissions communications in indigenous languages while expanding services to the Health Department.

Natividad increased sign-on bonuses and reintroduced the referral bonus program while conducting wage studies for over 40 classifications.

Natividad renewed its accreditation with The Joint Commission, which continuously aims to improve health care for the public by assuring organizations are providing safe and effective care.

Achieved the 2024 Blue Distinction Center for Bariatric Surgery designation by Blue Cross Blue Shield. The Blue Distinction Specialty Care program recognizes nationally designated health care facilities that show expertise in delivering improved patient safety and better health outcomes.

Natividad completed year eight of BETA Healthcare Group (professional liability insurer of hospitals on the West Coast) with a focus on Emergency Department Pediatric Readiness and “Quest for Zero” excellence in the Emergency Department.

Natividad’s Sam Karas Acute Rehabilitation Center ranked in the top 3% for quality and outcomes of 861 Inpatient Rehabilitation Facilities.

Natividad’s Sam Karas Acute Rehabilitation Center received the "Top Performer Award" for Centers for Medicare & Medicaid Services (CMS) quality metrics scoring in the top 10% for six consecutive years.

Natividad has been recognized every year since 2015 by Blue Shield of California with a Blue Distinction® Centers (BDC) for Maternity Care designation.

Received the BETA Healthcare Group Award of Excellence 17 years running for High Quality Obstetrical Practices achieving, 100% compliance. The initiative aims to promote best practices in care delivery to moms and babies in BETA’s “Quest for Zero” preventable birth injuries.

The California Perinatal Quality Care Collaborative presented the High-Risk Infant Follow-Up (HRIF) Award to the Natividad Neonatal Intensive Care Unit (NICU) team. The NICU team ensures that babies and parents return to our medical specialists at least once a year for three years because high-risk infants need extra care during their first years.

A Baby-Friendly USA hospital since 2013, Natividad earned a five-year renewal for the prestigious Baby-Friendly designation, which immediately addresses feeding problems and improves breastfeeding success.

The American College of Surgeons National Surgical Quality Improvement Program (ACS NSQIP) has recognized Natividad as one of 78 participating hospitals that have achieved meritorious outcomes for surgical patient care, which is based on outcomes of inpatient and outpatient surgical procedures and data that assesses patient safety and quality.

Budget Year Goals

Develop programs necessary to meet requirements for the State’s CalAIM initiative

Pending Issues

Unit Description

The Natividad Medical Center (NMC) Fund 2010 accounts for hospital operations providing health services to county residents. Revenues are principally fees for patient services, payments from federal and state programs (e.g., Medicare, Medi-Cal, and Short Doyle), and

realignment revenues. NMC is a self-supporting enterprise fund that provides goods and services to the public for a fee.

Recommended FY 2025-2026 Positions

Classification Code	Classification Label	FTE
11A25	HOSPITAL CHIEF EXECUTIVE OFFICER	1.00

Unit Description

The Natividad Medical Center (NMC) utilizes Fund 1930, a County Capital Project Fund, to hold funds for capital projects approved by the Board of Supervisors that are greater than \$100,000 in cost. As expenditures for capital projects are incurred by NMC, the capital project funds are transferred. This budgetary control prevents commingling of operational and capital funds and ensures approved funding for capital projects is available to complete projects.

Contributions/Obligations, Liabilities, and Other

Introduction

This section of the Recommended Budget describes the various contributions, obligations, liabilities, legislation, and policies that result in expenditures or decreased General Fund revenue. It also serves as a repository for legislation and policy decisions impacting the availability of General Fund financing sources and provides a historic and comparative perspective of those impacts. The discussion in this section is organized into three sub-sections: 1) Contributions/Obligations - expenditures paid directly from the General Fund; 2) Liabilities - with short- and long-term costs/benefits; and 3) Other Obligations adopted to benefit the well-being of the County.

Table 1 summarizes the three sub-sections. County contributions and obligations to non-county entities total \$35.3 million in Fiscal Year (FY) 2025-26. Included are the Monterey County Local Agency Formation Commission (LAFCO), economic development and tourism promotion contributions, Trial Court Funding, Proposition 172 sales tax contributions to fire districts and user agencies, and debt service. Total contributions and obligations decreased by \$1.3 million over the prior year, primarily due to a recommendation to decrease the contribution to the Development Set-Aside's for tourism promotion as a result of funding constraints.

Liabilities total \$1.2 billion, an increase of \$30.9 million over the prior year. Liabilities are centered on the pension unfunded liability of \$1.0 billion. Other liabilities include Other Post-Employment Benefits (i.e., retiree health care), vacation accruals, certificates of participation debt (COPs), and capital leases. Typically, Workers' Compensation and general liability programs may carry liabilities for future claims, but the programs are currently sufficiently funded, thus no liabilities are included for these programs.

Other financial commitments total \$8.5 million, a decrease of \$2.9 million, mainly due to a recommendation to decrease the contribution to the Road Fund due to funding constraints. Liabilities include Williamson Act subventions, which decrease property owners' tax obligations in exchange for conserving open space, funding for the Library, and an annual contribution to the Pajaro/Sunny Mesa Community Services District.

Details of the contributions, liabilities, and other commitments are described in the sections that follow. The benefit of this historical perspective is the ability to compare how changes in policy affect funding allocations of the County's General Fund revenues.

Contributions/Obligations

LAFCO

The Monterey County Local Agency Formation Commission is a regulatory agency with countywide jurisdiction, established by state law (Cortese-Knox-Hertzberg Act) to discourage urban sprawl and to encourage the orderly and efficient provision of services, such as

water, sewer, fire protection, etc. LAFCO is responsible for reviewing and approving proposed jurisdictional boundary changes, including annexations and detachments of territory to and/or from cities and special districts, incorporation of new cities, formation of new special districts, and consolidation, merger, and dissolution of existing districts.

LAFCO’s primary revenue source is annual contributions from the County, special districts, and cities. Pursuant to Government Code, section 56381(a), the County pays approximately one-third of LAFCO’s annual operational costs. The remainder is apportioned to the special districts and cities.

Table 2 shows the FY 2025-26 projected total (net) revenues of \$1,147,800 on which LAFCO’s operational cost is based. The County’s share is estimated at \$377,400 or 32.88% of total operations.

Table 2

Local Agency Formation Commission (LAFCO)			
	FY2023-24	FY2024-25	FY2025-26
Operational Costs	1,261,023	1,131,054	1,147,800
County Share	363,784	371,898	377,400
% County Share	28.85%	32.88%	32.88%

Economic Development and Promotion of Tourism

The County’s Development Set-Aside (DSA) Program promotes economic development, tourism, filmmaking, and cultural arts activities that strengthen the County’s economic base by providing a share of its Transient Occupancy Taxes (TOT) to four community organizations. The Monterey County Convention and Visitors Bureau rebranded in Fall 2023 to See Monterey, the Arts Council for Monterey County (Arts Council), the Monterey County Film Commission (Film Commission), and the Monterey County Business Council (MCBC). These organizations submit annual marketing plans outlining specific programs and tasks in support of economic development. The County enters into annual agreements with these agencies to implement the plans. Each agency is described later in this section.

County contributions recognize that the efforts of these agencies can stimulate tourism which in turn may increase Transient Occupancy Tax (TOT). TOT is an assessment by the County, currently 10.5%, on hotel room revenues at all short-term stay hotels and accommodation rentals. The rationale behind levying TOT is to offset a jurisdiction’s General Fund expenses for public safety, street cleaning, street maintenance, etc. that are, to a degree, consumed and utilized by visitors. In addition to the County’s share of TOT, See Monterey benefits from a Tourism Improvement District (TID) assessment, which is a fixed amount per occupied room per night and collected directly by the TID. The fixed amount ranges from \$1.50 to \$2.00 for limited-

service lodging establishments to \$7.00 to \$7.50 for luxury lodging businesses. The estimated annual assessment budget (included in their ten-year management district plan for 2023-2033) is \$8.9 million for FY 2024-25 and provides marketing, group business development, and administration costs.

Chart 1

FY 2019-20 TOT collections decreased over the prior year as tourism declined due to stay-at-home orders resulting from the pandemic. Due to the continued impacts of the pandemic, FY 2020-21 revenue was expected to decrease, however, collections were better than budget at \$23,528,875.

In FY 2021-22, TOT revenues increased to an unprecedented \$40,025,756 thereby exceeding pre-pandemic levels. This was largely attributed to eliminating restrictions on travel related to COVID, increasing room capacity (additional rooms), and inflationary factors. Due to favorable trends, the FY 2023-24 budget was set at \$40,025,756, but actuals came in slightly lower at \$38,564,453. Based on current collections, the FY 2024-25 estimate remains stable from the prior year and with no significant revisions to budget. In FY 2025-26, the Recommended Budget includes a minimal 1% increase to reflect current collection trends, bringing the TOT to \$39,227,287. TOT is highly volatile as it is driven by consumer behavior which is highly sensitive to changes in the economy including health restrictions related to outbreaks and other economic factors.

In FY 2007-08, the Board of Supervisors determined a formula-based approach to funding the See Monterey, the Arts Council, and the Film Commission. The contribution is based on a percentage of the County’s TOT from the prior audited fiscal year. The percentages for See Monterey, the Arts Council and the Film Commission were 6%, 1.98% and 0.95%, respectively.

However, in years of difficult economic circumstances, the County has negotiated its contributions to these organizations. For example, in FY 2018-19, the contributions were based on formulas, however, the additional \$12,790 previously approved for the MCBC in FYs 2016-17 and 2017-18 was funded with a reduction of the same amount from See Monterey's contribution. Similarly, the FYs 2021-22 and 2022-23 Adopted Budgets included contributions based on alternate calculations from the formula (FY 2021-22) or a capped amount (FY 2022-23). The FY 2023-24 Adopted Budget included a modified contribution that was less than the formula due to resource constraints during budget development but represent an increase of \$657,113 or 29.1% increase over the prior year capped contributions.

During the Budget Workshop for the FY 2024-25 Recommended Budget, the Board directed staff to look at options for continuing contributions to DSA's and additionally contribute to other agencies while recognizing the County's limited resources. The FY 2024-25 Recommended Budget allocated \$3,499,975 in total contributions, an increase of \$720,862 or 29.9% over the prior year. Of the total contribution amount, \$3,399,975 was allocated to the DSA budget unit and \$100,000 was allocated in the Department of Social Services budget to fund the augmentation request for the Shuman HeartHouse, a low-barrier Housing First homeless shelter for single women and families with children. As part of this recommendation, the contributions to the DSA's, including MCBC were recommended at new percentages of TOT totaling 7.87%, including 5.03% for See Monterey, 1.58% for the Arts Council, 0.76% for the Film Commission, and 0.50% for MCBC. This allowed the County to provide \$2,994,975 to the DSA's and fund requests of \$200,000 for Salinas Valley Promise, \$200,000 for Salinas Regional Soccer Complex, a \$5,000 request for the Prunedale Senior Center, and the aforementioned \$100,000 for Shuman HeartHouse.

Due to limited resources and numerous funding needs, the FY 2025-26 Recommended Budget caps the funding for the DSA's at the FY 2022-23 level. This represents a reduction of \$881,585 from the established formula to redirect toward other critical needs. The FY 2025-26 Recommended Budget continues to fund \$505,000 for other organizations including \$200,000 for Salinas Valley Promise, \$200,000 for Salinas Regional Soccer Complex, \$100,000 for Shuman HeartHouse, and \$5,000 for the Prunedale Senior Center.

Table 3 provides the actual contributions for last three fiscal years and the recommended contribution for the upcoming fiscal year.

Table 3

County TOT Contributions				
	FY2022-23	FY2023-24	FY2024-25	FY2025-26

See Monterey

See Monterey is a non-profit collaborative of local government and the hospitality community with a mission to grow overnight business from domestic and international leisure and business visitors. This is done through initiatives focusing on marketing, media relations, direct sales, and visitor services.

The contribution to See Monterey for FY 2025-26 is \$1,400,000 a decrease of \$513,494 over the previous fiscal year. In addition to the support that the County provides, See Monterey receives funding from other local entities. Table 4 provides a four-year summary of funding by other local entities.

** Estimated

Arts Council of Monterey (Arts Council)

The County's contribution to the Arts Council for FY 2025-26 is \$440,000, a decrease of \$163,164 over the prior year. This contribution funds the Arts Council's focus on audience development including increasing awareness of opportunities in the arts; strengthening the ability to attract and serve a more diversified audience; increasing participation of visitors in arts activities; enhancing the arts and education program; increasing partnerships and collaborative efforts to serve youth and families; and administering the re-granting program. The Arts Council displays artwork in the public lobbies at the County's Government Center – Administration Building and other county-operated buildings.

The Monterey County Film Commission (Film Commission)

The County’s contribution to the Film Commission for FY 2025-26 is \$212,000, a decrease of \$77,724 over the prior year. The Film Commission is a nonprofit organization, created by the County Board of Supervisors in 1987 to boost the local economy through on-location film production. The Film Commission markets countywide locations to the film industry and helps facilitate productions. It markets local film crew professionals to visiting production companies, makes referrals to local businesses and services, and offers educational programs related to the film industry. Notable recent productions include Public Broadcasting Service (PBS) and British Broadcasting Company’s (BBC) “Big Blue Live,” and Home Box Office’s (HBO) “Big Little Lies” with Nicole Kidman and Reese Witherspoon.

Monterey County Business Council (MCBC)

The contribution to MCBC for FY 2025-26 is \$100,000, a decrease of \$88,593 over the prior year. MCBC provides collaborative leadership via such programs as the Procurement Technical Assistance Center, Leadership Monterey County, the Monterey Bay Defense Alliance, and the Monterey County (C²) competitive clusters initiative. MCBC forges cross-sector alliances to foster entrepreneurship for job creation and economic diversification, facilitates business-related issues between private and public sectors, educates industry executives on the importance of economic drivers in Monterey County, provides access to expert advice and knowledge in relevant industries, and improves the overall image of the County as a business and technology-friendly community.

Tobacco Settlement Funds

The Tobacco Master Settlement Agreement (MSA) is an agreement between the four largest U.S. tobacco companies (Philip Morris USA, R.J. Reynolds, Brown & Williamson Tobacco Corp., and Lorillard Tobacco Company) and the Attorney General of 46 states (as well as the District of Columbia, Puerto Rico, and the Virgin Islands). The MSA settled Medicaid lawsuits against the tobacco industry for the recovery of tobacco-related health care costs and exempted the companies from private tort liability regarding harm caused by tobacco use. Tobacco companies agreed to pay annual payments to compensate states for some of the medical costs of caring for persons with smoke-related illnesses.

Although the settlement was to compensate for health care costs, MSA funds are discretionary, and do not have any restrictions on how the funds may be utilized by the recipient jurisdiction. The County participated in the lawsuit against the tobacco industry and began receiving MSA allocations in FY 2001-02. On March 13, 2001, the Board of Supervisors approved a financial policy of leveraging \$500,000 of Tobacco Settlement Funds annually, for 23

years, for health facility improvements; ending in FY 2024-25.

MSA funds are a fluctuating amount based on several factors, i.e. relative market share (based on 1997 figures), number of cigarettes sold in the state, volume adjustments, etc. Table 5 provides a four-year history of the MSA funding to the County. Since implementation, MSA funds have remained relatively flat.

Table 5

Tobacco Settlement Funds				
	FY 2022-23	FY 2023-24	FY 2024-25*	FY 2025-26*
Tobacco Settlement	4,283,004	3,819,638	4,283,004	3,819,638

*Budget

Trial Court Funding

Maintenance of Effort (MOE) and 50/50 Revenue Split

Assembly Bill 233 (Chapter 850, Statutes of 1997), the Lockyer – Isenberg Trial Court Funding Act of 1997 went into effect January 1, 1998 transferring primary responsibility for funding the courts to the state, including future growth in cost. Additionally, requiring counties to make a capped maintenance of effort (MOE) payment to the state yearly for court operations. In return, the state allowed counties to retain many fine and forfeiture revenues to help fund the MOE payment with the caveat that collected revenue that exceeded a set amount must be shared equally between the state and the county (50/50 Revenue Split).

The County’s historical MOE contribution was made up of two components: expenditure component of \$4,520,911 represented the adjusted FY 1994-95 county expenses for court operations; and, the revenue component of \$3,330,125 was based on the fine and forfeiture revenue sent to the state in FY 1994-95. In FY 2006-07, the revenue component was reduced to \$2,662,998 because of enacted legislation. The statutory amount of the County’s MOE payment is noticed at the beginning of the payment fiscal year by the state. The MOE payment of \$7,183,910 has remained constant over the past six fiscal years.

County Facilities Payments

The Trial Court Funding Act also transferred responsibility of trial court facilities from counties to the Administrative Office of the Courts (AOC) via transfer agreements that specify the County Facilities Payment (CFP) amount for ongoing operations and maintenance costs.

By 2001, only a small percentage of California county court facilities had transferred responsibility to the state. By July 2008, the only county facility that was prepared to be transferred was the Marina Courthouse.

Through the Trial Court Facilities Act of 2002 (Senate Bill 1732, Chapter 1082, Statutes of 2002), the governance of

many court facilities shifted from county to state control. The legislation provided for the application of monetary penalties to incentivize expeditious transfers, where tiers were established based on time of transfer. If a transfer agreement was executed during the respective time period, the following applied in addition to the standard County Facility Payment, which helped counties cover the costs associated with court facilities and operations. The tiers included: Tier 1- December 1, 2008 to March 31, 2009, the added inflationary price factor of 2.4%; Tier 2- April 1, 2009 to December 31, 2009 the State Appropriations Limit (5%) was added; and on or after January 1, 2010, no further transfer agreement(s) could be executed. In July 2008, the County Administrative Office began negotiating with the Administrative Office of the Courts (AOC) regarding the transfer of the Marina, Monterey, King City, Salinas North Wing and Juvenile trial court facilities. In December 2008, the County executed a transfer agreement for the Marina Courthouse. The four remaining court facilities were transferred to the AOC, but title did not pass to the state, pursuant to the Trial Court Facilities Act, the County retained title to the four facilities due to either long-term debt on the property (Monterey and Salinas North Wing) or the County was the majority occupant and retained management responsibility for the facility.

The Salinas North Wing facility underwent extensive restoration and construction; with completion estimated in summer 2010. The Monterey, King City and Juvenile Court facilities transfers were completed via a Transfer of Responsibility Agreement with a Joint Occupancy Agreement. The Salinas North Wing Facility transferred via a Transfer of Responsibility with a Deferred Transfer of Title Agreement. The four facility transfer agreements were executed on March 29, 2009, thereby avoiding a 5% CFP penalty assessment. Although the County challenged the levying of a 2.5% penalty on the four remaining courthouses at the Court Facilities Dispute Resolution Committee, it was unsuccessful resulting in a 2.5% penalty (in accordance with the formula set forth above) is annually assessed on the facilities excluding Marina.

Table 6 provides the statutorily calculated CFP terms of the transfer agreements the County pays to the AOC for ongoing operations and maintenance of court facilities within four fiscal years. The CFPs are based on historical operation and maintenance of court facilities expenditures. The County began paying the CFP for the Salinas North Wing court upon completion on October 13, 2010. FY 2011-12 was the first year in which the County remitted the entire CFP amount for the five facilities to the state.

Table 6

County Facility Payments (CFP)				
Facility	FY 2022-23	FY 2023-24	FY 2024-25	FY 2025-26
Marina	96,522	96,522	96,522	96,522
Monterey	167,251	167,251	167,251	167,251
King City	48,079	48,079	48,079	48,079
Juvenile Court	3,960	3,960	3,960	3,960
Salinas North Wing	461,237	461,237	461,237	461,237
Total Annual CFP	777,049	777,049	777,049	777,049

Depending on the percentage change in the National Implicit Price Deflator used to calculate the 2.5% annually assessed penalty, the total CFP could be marginally increased. The state typically notifies the County of the calculated CFP amounts for the upcoming fiscal year around April of the current fiscal year.

Proposition 172 – Public Safety Sales Tax (Prop 172)

The state's FY 1993-94 budget agreement transferred \$2.6 billion in property tax revenue from local governments into educational revenue augmentation funds (ERAFs) to help the state meet its obligations to K-14 school districts. Most of the diverted tax revenue came from counties, thereby compromising the ability to fund general purpose services, the largest of which is public safety. The passage of Proposition 172 (Local Public Safety Protection and Improvement Act of 1993) established a permanent statewide half-cent sales tax for support of local public safety to partially replace the lost property tax revenue. Pursuant to Government Code, section 30052, Prop 172 funds must be placed into a special revenue fund to be expended on such "public safety services" includes, but is not limited to, sheriffs, police, fire protection, county district attorneys, and county corrections and ocean lifeguards but not the courts". In addition, Government Code, section 30056, contains a maintenance of effort requirement for these funds, to ensure that public safety funding levels remain stable and adequate despite fluctuations in Prop 172 funds. The County allocates Prop 172 revenues as follows:

Emergency Communication Users' Offset

Prior to FY 2003-04, the County shared 10% of its Prop 172 revenue with emergency communication user agencies of 911 dispatch services. The funds were applied as an offset against the County's charges to user agencies. In subsequent years, and in response to ongoing fiscal constraints, the County negotiated various agreements to reduce the total Prop 172 revenue allocated to user agencies. The last of these annual agreements held the Prop 172 offset flat at \$1,157,179 beginning in FY 2010-11.

In April 2012, the County met with user agencies' representatives to negotiate a long-term funding solution. The funding for user agencies is based on a formula set at

5% of the County's total Prop 172 revenue for the most recent audited fiscal year. However, the contribution for FY 2020-21 was a flat amount from the FY 2019-20 contribution due to an anticipated decline in Public Safety Sales Tax revenue as a result of the pandemic. The contribution for FY 2021-22 was based on the formula but utilized FY 2018-19 actuals instead of FY 2019-20. The contribution provided \$1,804,903 to user agencies with \$20,822 funded with American Rescue Plan Act (ARPA) funds. In FY 2022-23, the contribution was based on the original formula of 5% based on FY 2020-21 actuals. The FY 2025-26 is based on FY 2023-24 actuals, for a total of \$2,245,079, a decrease of \$9,463 (0.4%) from FY 2024-25. Table 7 shows the Prop 172 negotiated offset provided to user agencies beginning in FY 2008-09.

Table 7

Proposition 172 911 Dispatch User Agencies	
Fiscal Year	Off-Set Contr.
2008-09	1,360,558
2009-10	1,428,617
2010-11	1,157,179
2011-12	1,157,179
2012-13	1,224,879
2013-14	1,357,363
2014-15	1,428,113
2015-16	1,486,369
2016-17	1,559,559
2017-18	1,566,675
2018-19	1,630,239
2019-20	1,722,029
2020-21	1,722,029
2021-22	1,804,903
2022-23	1,933,039
2023-24	2,213,134
2024-25	2,254,542
2025-26	2,245,079

Fire Agencies' Distribution

In the FY 1997-98 budget, the Board of Supervisors approved a phased, fixed percentage (8.02%) of Prop 172 revenues for allocation to fire agencies; it increased to 9.13% in FY 2001-02. In June 2004, the County negotiated a three-year agreement with the Association of Firefighters and Volunteer Fire Companies (the Association) to retain a portion of the 9.13% of Prop 172 revenue historically contributed to local fire agencies. The agreement resulted in the County retaining 25% of the 9.13% allocation for FYs 2004-05 and 2005-06. Subsequent agreements reduced the County's retention to 20% in FY 2006-07, 10% in FY 2007-08, and 5% in FYs 2008-09 through 2010-11.

The County and the Association agreed to a new negotiated disbursement model for Prop 172 revenue beginning in FY 2011-12. The County agreed to share the full 9.13% with the Association for the most recently audited fiscal year. Like the agreement with emergency communication user agencies, the current methodology ties future allocations to audited actuals, resulting in greater predictability for budgeting purposes, and eliminating the need for year-end reconciliations and payment true-up.

Due to favorable Prop 172 revenue trends, the contributions to the Association have grown \$1,862,884 since FY 2012-13. Similar to the contribution for user agencies, the contribution of \$3,144,425 for FY 2020-21 was flat from the FY 2019-20 contribution due to anticipated reductions in Prop 172 revenue as a result of the pandemic. In FY 2021-22 the contribution was based on the formula, but utilized FY 2018-19 actuals instead of FY 2019-20, amounting to \$3,295,753 of which \$38,021 was funded with ARPA funds. Since FY 2022-23 the contribution is based on original formula utilizing two prior year actuals. The FY 2025-26 contribution provides \$4,099,514 or a decrease of \$17,279 (0.4%) from the prior year.

The various fire agencies allocate the Prop 172 revenues among themselves via their own allocation formula. Table 8 lists the estimated allocation for FY 2025-26.

Table 8

Proposition 172 FY 2025-26 Fire Agencies Allocation		
Fire Agency	Allocation	% of Total Allocation
Aromas FPD	\$103,258	2.56%
Big Sur VFB	112,498	2.38%
Cachagua FPD	68,532	1.29%
Carmel Highlands FPD	287,993	7.14%
Carmel Valley FPD	593,733	14.72%
Cypress FPD	368,260	9.13%
Gonzales Rural FPD	52,032	1.29%

San Ardo VFC	52,032	1.29%
Soledad Rural FPD	52,032	1.29%
Spreckels CSD	66,956	1.66%
So. Monterey County FP	173,000	3.88%
Total	\$4,099,514	100%

County Agency Distribution

The State Board of Equalization apportions Prop 172 revenue to each county based on its proportionate share of statewide taxable sales. Due to the disbursement cycle of Prop 172 revenues from the State Controller, each fiscal year's actual Prop 172 revenue are not known until August of the following fiscal year. Therefore, actual FYs 2024-25 and 2025-26 revenues at the time of this publication are estimates. Though Prop 172 revenues have improved since FY 2019-20 and the pandemic, decreases are now anticipated due to the state revenue decline.

Table 9

Proposition 172 Allocation by Entity			
Entity	FY 2023-24	FY 2024-25	FY 2025-26
Fire District	\$4,041,183	\$4,116,793	\$4,099,514
User Agencies of 911 Ctr.	2,213,134	2,254,542	2,245,079

shaded figures are estimates

Liabilities

CalPERS

The County of Monterey contributes to the California Public Employees' Retirement System (CalPERS), which manages pension and health benefits for California public employees, retirees, and their families. As of June 30, 2024, CalPERS has 1,509,145 active and inactive (no longer work for a CalPERS employer with service credit on account) members and 805,071 retirees, beneficiaries and survivors receiving a monthly allowance for a total membership of 2,314,216. The CalPERS investment portfolio market value totaled \$506.6 billion as of June 30, 2024, and realized a net investment return of 9.3% over the same fiscal year (CalPERS Facts at a Glance FY 2023-24). The valuation reports as of June 30, 2023, for the County of Monterey reflect 5,342 active members and 5,053 retirees and beneficiaries.

CalPERS provides retirement, death and health benefits; deferred compensation; disability retirement; and long-term care benefits to state government employees and, by Contributions/Obligations, Liabilities and Other

contract, to local agencies and school employees. As an active plan member, the County is required to contribute to the pension fund. Before FY 2017-18, the County contributed an overall percent of payroll. Beginning with FY 2017-18, the County's contribution has two components: a percentage of the annual covered salary of its Miscellaneous Plan and Safety Plan employees; and a fixed amount to pay down its unfunded liability. This ensures payments are not affected by a lower payroll and keeps agencies on track to pay down unfunded liabilities. The normal cost, which is the contribution on behalf of active employees, remains as a percentage of the annual covered salary.

Retirement benefits are calculated using an employee's years of service credit, age at retirement, and final compensation (average salary for a defined period of employment). The actual retirement formulas are determined by the employer (state, school, or local public agency), occupation [miscellaneous (general office and others), safety, industrial, or peace officer/firefighter], and the specific provisions in the contract between CalPERS and the employer. Prior to the enactment of the California Public Employees' Pension Reform Act of 2013 (PEPRA) (Assembly Bills 340 and 197 (Chapters 296 and 297, Statutes of 2012) the County utilized the miscellaneous formula of 2% at the age of 55 and 3% at the age of 50 for safety employees. Upon PEPRA implementation on January 1, 2013, the miscellaneous formula for new county employees (new hires without prior membership in any California public retirement system) was designated at 2% at the age of 62, with a minimum retirement age of 52 and 2.7% at the age of 57 for safety employees. Additional information regarding PEPRA can be found in the following pages.

Employer and Employee Contributions to CalPERS

Prior to changes made in FY 2011-12, the County contributed the employer share and varying amounts of the employees' shares to CalPERS to fund retirement benefits. In the case of Miscellaneous Plan employees, the County paid the entire employee contribution of 7%. For those covered by the safety formula, the County paid differing amounts of the employee's share depending upon negotiated bargaining unit agreements. Effective October 8, 2011, the County implemented negotiated agreements with bargaining units wherein employees paid an increased portion. In general, most employees began paying 3.5% of the employee contribution while certain safety bargaining units' employee contribution amount was increased by 4.5%.

Effective November 2013, most employee groups received a salary increase of 3.5%. The increase was negotiated in exchange for employees paying the remaining 3.5% of the employee share of PERS retirement costs (totaling 7%)

formerly covered by the County. Safety employees were already paying in excess of the full employee share with the FY 2011-12 changes.

Table 11 provides the employer contributions required to be paid by the County, pursuant to negotiated Memorandums of Understanding with bargaining units. These figures are provided in the annual CalPERS actuarial report published each year in October.

For FY 2025-26, the total county contribution for CalPERS Miscellaneous Plan will increase by \$6,371,171, a 7.1% increase over the prior fiscal year. The county contribution for Safety Plan over the same fiscal year increases by \$2,279,048 or 6.4%.

The higher contributions are due to increased unfunded liability for both plans and a higher normal cost for the Miscellaneous Plan due to substantial growth in projected County of Monterey Recommended Budget FY 2025-26

payroll from the prior year. The unfunded liability for the Miscellaneous Plan increased 7.5% and Safety Plan increased 10.6% from the prior year, based on investment returns and actuarial assumptions. One factor affecting the unfunded liability were investment losses affecting the 06/30/2022 valuation report. The current amortization policy for investment losses is a 20-year period, with a five-year ramp-up at the beginning. Gains and losses are smoothed out through the amortization policies.

In 2021, CalPERS revised assumptions used to calculate contributions to reflect improved life expectancy among its membership. The improved life expectancy is reflected in the lower active employee to retiree ratio, which has decreased from 2 to 1 over a decade ago to 1.36 to 1 in 2023 and is expected to continue to decrease. A lower number of active employees are paying into the system to support retirees, who are living longer. Other factors contributing to the increase in unfunded liabilities are new amortization and smoothing policies (discussed below) and change to the discount rate or assumption of return on investment.

In December 2016, the CalPERS Board of Administration approved lowering the discount rate assumption from 7.5% to 7.0%, to be phased in over three years, beginning with FY 2018-19. This change was due to the volatility of the pension fund caused by weak investment returns in a low interest rate environment. The earnings, or the rate of return realized on investments, pays for nearly two-thirds of benefits paid out. Because realistic earnings are expected to be lower, this change resulted in higher costs and accrued liabilities, further increasing county contributions. However, by lowering the discount rate, CalPERS is on the path to strengthen the long-term sustainability of the pension fund, while reducing negative cash flows and volatility.

The CalPERS Funding Risk Mitigation Policy adopted in November 2021, allows CalPERS to use investments gains to offset the cost of reducing the volatility of future investment returns. In FY 2020-21, the 21.3% return greatly exceeded the 7.0% discount rate assumption; therefore, the discount rate was lowered to 6.8% beginning with the FY 2020-21 report, to reduce future investment volatility.

Public Employee Pension Reform Act of 2013 (PEPRA)

PEPRA went into effect on January 1, 2013, establishing a cap on the amount of compensation that can be used to calculate the retirement benefits for new CalPERS members. PEPRA applies to new employees that have never been employed by a public employer prior to January 1, 2013. New Miscellaneous Plan members are subject to a formula based on 2% at the age of 62 (versus the prior 2% at the age of 55 formula discussed above). For new Safety Plan members, the formula changes from 3% at age the age

of 50, to 2.7% at the age of 57. There are PEPR provisions that affect existing employees, i.e. limit on post-retirement employment, felony convictions, and breaks in service and reciprocity. A complete actuarial cost analysis of PEPR prepared by CalPERS can be found at the following link: <http://www.calpers.ca.gov/page/newsroom/for-the-record/2012/actuarial-analysis>

Unfunded Pension Liabilities

Unfunded pension liability is the difference between the pensions the County is obligated to pay to employees when they retire and the money available to pay for those pensions. CalPERS projects future pension requirements annually for the County and calculates the amount required to meet future pension payments.

Beginning with the June 30, 2013, valuations that set the FY 2015-16 rates, CalPERS no longer uses an actuarial value of assets. An amortization and smoothing policy that pays for all gains and losses over a fixed 30-year period with the increases or decreases in the rate spread applied over a five-year period is used. Pursuant to that change, the Market Value of Assets (MVA) or the current market value of the assets at a specific point in time, is used and not Actuarial Value of Assets (AVA) which reflects the investment returns over time, using a smoothing method that amortizes gains and losses over a period, often 15 or 30 years, which means Unfunded Liability is measured on an MVA Basis and not an AVA Basis.

CalPERS adopted a new amortization policy beginning with the June 30, 2019 valuation report that shortened the amortization period of investment gains and losses from 30 years with a five-year ramp up and ramp down at the beginning and end of period, to 20 years with a five-year ramp up at the beginning only. The new policy is applied prospectively; gains and losses realized before 6/30/2019 are still amortized according to the previous policy.

Table 12 reflects the MVA Basis and shows that the County's unfunded liability for the Miscellaneous Plan increased \$53,216,935 from June 30, 2022, to June 30, 2023. The Safety Plan unfunded liability increased \$10,161,863 over the same period. The total unfunded liability for both plans is \$1.0 billion based on the June 30, 2023, report, an increase of 6.7% over the previous report. The increase in the unfunded liability is due to investment returns (gains and losses), actuarial policies, and assumptions. The Miscellaneous Plan and Safety Plan are funded at 73.6% and 65.5%, respectively.

The amounts provided in Table 12 are based on the previous two years' data, the latest available.

Table 12

Miscellaneous Plan - Funded Status				
	6/30/2020	6/30/2021	6/30/2022	6/30/2023
Present Value of Projected Benefits	2,620,501,937	2,885,211,737	3,029,585,313	3,238,842,230

	6/30/2020	6/30/2021	6/30/2022	6/30/2023
Present Value of Projected Benefits	922,461,790	990,522,420	1,022,196,012	1,066,551,521
Entry Age Normal Accrued Liability	781,412,473	834,923,858	870,525,962	912,021,322
Market Value of Assets	503,842,113	616,502,788	565,942,939	597,276,436
Unfunded Liability	277,570,360	218,421,070	304,583,023	314,744,886
Funded Ratio	64.5%	73.8%	65.0%	65.5%

On June 2, 2021, in response to the increasing Unfunded Accrued Liability (UAL), the Board of Supervisors established a Section 115 Pension Trust, also known as a California Employers' Pension Prefunding Trust (CEPPT) Fund with the Public Agency Retirement Services (PARS). This is a tax-exempt trust established under Section 115 of the Internal Revenue Code to pre-fund employer contributions to defined benefit pension systems for eligible California public agencies. The 115 Pension Trust utilizes an investment similar to CalPERS designed to provide annualized returns of 4-6% with funds held in the trust only available to fund future pension liabilities. The initial investment for the 115 Pension Trust was initially funded by \$8,038,138 from the General Fund Compensated Absence Assignment. As part of the year-end process in FY 2020-21, the Board of Supervisors added one-time funding to the 115 Pension Trust in the amount of \$40,628,394; which consisted of a General Fund contribution of \$30,641,609 and reconciled balance in the UAL-PERS Unfunded Liability sub-Balance Sheet Account (2103) held in the Payroll Revolving Fund 1040 of \$6,462,039 and from Natividad \$3,524,746. During the FY 2021-22 year-end process, additional one-time funds of \$15,402,538 funds were designated toward the 115 Pension Trust.

To assure ongoing oversight, the Board of Supervisors adopted a Pension Liability Policy, to make ongoing contributions through annual departmental charges. In FYs 2022-23 and 2023-24, the annual contributions were \$15,402,538 and \$15,227,703, respectively. In the FY 2024-25 Recommended Budget, the annual contribution was suspended to meet other unfunded needs. The FY 2025-26 Recommended Budget does not include a planned contribution to the 115 Pension Trust due to ongoing cost drivers and competing priorities for financial resources. The contributions to the Pension Trust fund total \$94,699,311 through FY 2023-24. The balance as of the June 30, 2024 ACFR is \$104,420,215. The County anticipates funding the increase of the Unfunded Accrued Liability contribution (the payment toward the County's

unfunded liability) in both the Miscellaneous and Safety plans in FY 2025-26 from the 115 Pension Trust, which increase a combined \$6,325,590 next fiscal year.

Other Post-Employment Benefits (OPEB)

Governmental Accounting Standards Board Statement Number 45 (GASB 45) requires public agencies to account for and report the Actuarially Determined Contributions (ADC) of Other Post-Employment Benefits (OPEB) on financial statements. OPEB are defined as post-retirement medical, pharmacy, dental, vision, life, long-term disability, and long-term care benefits that are not associated with a pension plan.

Prior to 2009, the County paid OPEB benefits as they came due. The California Employer's Retiree Benefit Trust (CERBT) was established by CalPERS in 2007 at the request of public employers to provide a low-cost, professionally managed investment vehicle for prefunding retiree health benefits and other post-employment benefits. The County makes regular contributions to CERBT where the funds are professionally invested like the CalPERS retirement funds. The expected rate of return used to determine OPEB liability is 6.25%. The County can then utilize funds from the trust to pay OPEB costs.

To participate in the CERBT, CalPERS requires a funding policy. The County contributes an amount at least equal to 100% of the current year cost of the ADC as specified in the applicable actuarial valuation.

Table 13

OPEB Obligations and Asset Valuation				
	FY 2020-21	FY 2021-22	FY 2022-23	FY 2023-24
Total OPEB Liab.	86,841,264	95,870,517	102,798,577	91,600,151
Plan Fiduciary Net Position	47,753,003	66,600,276	61,814,169	70,843,192
Net OPEB Liability (NOL)	39,088,261	29,270,241	40,984,408	20,756,959

Table 13 shows the County's Total OPEB Liability (formally the Actuarial Accrued Liability) decreased by \$11,198,426 while the County's Plan Fiduciary Net Position (formally referred to as the Market Value of Assets) increased by \$9,029,023 due to investment earnings realized through June 30, 2023 (measurement date used for June 30, 2024 financial statements). The resulting Net OPEB Liability decreased by \$20,227,449 compared to the previous year. OPEB liability, just like pension liability can be greatly impacted by investment performance, where investment gains can improve the liability and investment losses will typically grow liability. Actuarial valuations from which the data on Table 13 derives, are prepared every two years.

The CERBT quarterly statement report for the period ending June 30, 2024, indicates the County's market value increased from \$70,206,365 to \$82,859,175 in FY 2023-24. County of Monterey Recommended Budget FY 2025-26

This change was the result of county contributions to the plan in the amount of \$4,631,000; investment earnings of \$8,085,545; and expenses of \$63,735. This represents an increase of \$12,652,810 over the previous period. Table 14 below shows the ending balance for the last four fiscal years based on CERBT Annual Statements. Information on Table 14 represents market value at that point in time; it is different than the actuarial reports that factor in changes in assumptions, expected versus actual experience, and actual benefit payments. The actuarial reports are updated every two years.

Table 14

California Employers' Retiree Benefit Trust (CERBT)				
	FY 2020-21	FY 2021-22	FY 2022-23	FY 2023-24
Beginning Balance	47,769,148	66,608,882	61,246,602	70,206,365
Contribution	5,188,000	4,603,000	4,856,000	4,631,000
Investment Earnings	13,700,429	(9,314,385)	4,158,660	8,085,545
Transfer Out	-	(594,167)	-	-

Investment Expenses	(20,555)	(23,960)	(23,186)	(26,919)
Ending Balance	66,608,882	61,246,602	70,206,365	82,859,175

Workers' Compensation and General Liability

Workers' Compensation

The County accounts for its Workers' Compensation and General Liability risk financing activities in two internal service funds (ISFs) functioning as the County's self-insurance programs. ISFs are used to separately budget and account for services provided to county offices and departments. Workers' Compensation is administered by Risk Management which is part of the Office of County Counsel. For specific information on the Workers' Compensation ISF, see the detail contained in County Counsel's Budget Unit 8409 description.

Workers' Compensation is a form of insurance the County utilizes to provide compensation and medical care for employees who are injured during employment. Workers' Compensation provides for payments in place of wages (functioning as a form of disability insurance), compensation for economic loss (past and future), reimbursement or payment of medical and like expenses (functioning as a form of health insurance) and benefits payable to the dependents of workers killed during employment (functioning as a form of life insurance). General damages for pain and suffering and punitive damages for employer negligence are generally not available in workers' compensation plans.

Workers' compensation is administered on a state-by-state basis, with a state governing board overseeing varying public/private combinations of workers' compensation systems. In most states, workers' compensation is solely provided by private insurance companies. Twelve states operate a state fund of which California is the largest. The California Constitution, Article XIV – Labor Relations,

Section 4, sets forth the intent of the people to establish a system of workers' compensation. It provides the Legislature with the power to create and enforce a complete system of workers' compensation and, likewise, create and enforce a liability on the part of any or all employers to compensate any or all their employees for injury or disability. This liability includes employees' dependents in the case of an employee's death in the course of their employment, irrespective of the fault of any employee.

Since 1973, the County has been self-insured for Workers' Compensation liabilities. The County utilizes a third-party claims administrator Intercare Holdings to assist with claims management, reporting, and data management. Most recently the agreement was reauthorized on June 27, 2023.

Unpaid claims liabilities are based on the results of actuarial studies and include amounts for claims incurred but not reported, and adjustment expenses. Claims liabilities are calculated considering the effects of inflation, recent claim settlement trends including frequency and amount of payouts, and other economic and social factors. Workers' Compensation liabilities are carried at present value using a discount rate of 2.5%. Premiums are charged by the ISFs using various allocation methods that include actual costs, trends in claims experience, and number of participants.

Historically, the County's Annual Comprehensive Financial Report (ACFR) has been used to report the Workers' Compensation ISF net position. Commencing in FY 2015-16 the Actuarial review of the County's Self-Insured Workers' Compensation Program is used.

Bickmore Actuarial's September 2024 review estimates the cost of claims and expenses for claims incurred during FYs 2024-25 and 2025-26 program years to be \$20,870,000 and \$22,348,000, respectively. These amounts include: Allocated Loss Adjustment Expenses (ALAE) (direct cost associated with the defense of individual claims such as legal and investigation fees and court charges); Unallocated Loss Adjustment Expenses (ULAE) (cost to administer all claims to final settlement, which may be years in the future, such as claims adjusters' salaries and taxes); and a discount for anticipated investment income (based on the likely payout pattern of the County's claims, assuming a 2.5% return on investments per year). The expected FYs 2024-25 and 2025-26 costs translate to rates of \$4.79 and \$4.31 per \$100 of payroll, respectively.

Bickmore Actuarial estimates the program's liability for outstanding claims to be \$92,677,000 and \$98,555,000 as of June 30, 2024, and June 30, 2025, respectively. The report estimated program assets of \$114,834,000 on June 30, 2025, with a projected surplus of \$16,235. At the 70% confidence level, the outstanding claims are projected at \$105,749,000 and the surplus is projected at \$9,085,000 as of June 30, 2025.

The Board of Supervisors approved a ten-year plan to fund the program deficit in FY 2004-05. Prior to the approval, the County was on a pay-as-you-go basis which caused deficits in the ISF. In FY 2010-11, due to budget constraints, the County postponed the deficit funding plan; however, the County has since reinstated the plan. Bickmore Actuarial recommends a five-year funding plan to maintain program assets at the 70% confidence level by June 30, 2028. Under this plan, Bickmore Actuarial recommends amortizing the surplus over five years with the County funding the value of each prospective year's claims costs offset by the amortized projected surplus as of June 30, 2025. To maintain funding at the 70% confidence level, the County's FY 2025-26 contribution is \$28,201,000; \$24,359,000 for claims and loss adjustment expenses; \$5,749,000 for non-claims related expenses; and a \$1,907,000 reduction from the June 30, 2025 projected surplus.

General Liability

General Liability insurance is part of the County's general insurance system of risk financing for the risks of liabilities imposed by lawsuits and similar claims. Liability judgments, settlements, and claims against the County are paid from the General Liability ISF.

Similar to Workers' Compensation, the County's ACFR had been used to report the General Liability ISF net position. Since FY 2015-16 the Bickmore Actuarial review of the County's Self-Insured General Liability Program is used.

The Bickmore Actuarial September 2024 review estimated the cost of claims and expenses for claims during FYs 2024-25 and FY 2025-26 program years to be \$9,567,000 and \$10,225,000 respectively. These amounts include ALAE, ULAE and a discount for anticipated investment income (based on the likely payout pattern of the County's claims, assuming a 2.5% return on investments per year). The expected costs for FYs 2024-25 and 2025-26 claims translate to rates of \$3.37 and \$3.00 per \$100 of payroll, respectively.

Bickmore Actuarial estimates the program's liability for outstanding claims to be \$21,950,000 and \$25,137,000 as of June 30, 2024, and June 30, 2025, respectively. The assets are estimated at \$35,617,000 as of June 30, 2025. At the 70% confidence level, the discounted loss and LAE is estimated at \$28,236,000 indicating a surplus of \$7,381,000. This effectively places the program between the 85-90% confidence level funding.

In previous reports, Bickmore Actuarial recommended the County implement a five-year funding plan to bring program assets back to the desired Marginally Acceptable 70% confidence level by June 30, 2028. The plan assets are

now above the 70% confidence level. Bickmore Actuarial recommends amortizing the surplus over five years; with the County funding the value of each prospective year’s claims costs offset by the amortized projected surplus as of June 30, 2025. Based on this recommendation, the County’s FY 2025-26 contribution is \$19,599,000; \$12,014,000 for claims and loss adjustment expenses; \$9,135,000 for non-claims related expenses; and a reduction of \$1,550,000 from the June 30, 2025 surplus.

The County settled for a \$15,500,000 Notes Payable in FY 2007-08 from its Lakes Resort which caused the deficit in the fund. According to the FY 2010-11 ACFR (Note to Financial Statements #23) the Note amount with interest was approved to be paid in full by the Board of Supervisors over 15 years; however, the ISF experienced a deficit five years prior when the County was on a pay-as-you-go basis. The Note has been paid as of June 2024.

Vacation Accruals

Employee’s unused vacation and paid time off (PTO) may be accumulated up to a specified cap depending on the employee’s bargaining unit. When an employee separates from county employment, they are paid any unused vacation and PTO balances. Because the County cannot accurately predict when an employee may separate, the liability of compensated absences that could potentially be paid during a fiscal year is a dynamic figure.

Table 15 shows the net vacation accrual/compensated absences liability on June 30 of the past four fiscal years as reported in the ACFR. The vacation accrual liability for fiscal year ending June 30, 2024 is \$50,350,325. In FY 2010-11, a reserve to meet vacation accrual/compensated absences payouts was created. As reported in the ACFR, the reserve set aside for vacation accruals had a balance of \$12,670,138 resulting in a total compensated absences liability of \$37,680,187 remaining stable from the prior year.

Table 15

Compensated Absences				
	FY2020-21	FY2021-22	FY2022-23	FY2023-24
Unfunded Liability	48,075,556	49,814,417	50,428,206	50,350,325
Reserve	-	9,527,138	12,708,427	12,670,138
Total Compensated Absences Accrual	48,075,556	40,287,279	37,719,779	37,680,187

The FY 2024-25 Recommended Budget included utilization of \$1,000,000 from the reserve, bringing the estimated balance in the current year to \$11,670,138.

Debt

In July 2017, the Board of Supervisors revised the County’s Debt Management Policy’s debt issuance approval process for non-capital improvement projects (non-recurring, less than \$100,000, and/or useful life of less than five years).

Rules contained in the policy include the General Obligation bond debt ceiling of 1.25% of the countywide assessed value (including Certificates of Participation), limitations and procedures for investment of debt proceeds, and terms of use of Mello-Roos Act financing.

Certificates of Participation (COPs) provide long-term financing where an individual purchases a share of the lease revenues of an agreement made by a government entity. These purchases are made through a lease or installment sale agreement that does not constitute indebtedness under the state constitutional debt limitation. COPs differ from bonds in that they are not subject to statutory restrictions applicable to bonds, including interest rate limitation, election requirements, competitive sale requirements, or semiannual or fixed rate interest payment restrictions. A summary of the County’s long-term debt obligations over the past four fiscal years is shown in Table 16.

Table 16

County Long-term Debt Obligations				
Description	FY2022-23	FY2023-24	FY2024-25	FY2025-26
COPs	97,341,192	92,204,445	86,780,051	81,100,788
COP NGEN	818,645	-	-	-
Notes Payable	35,543,368	32,852,475	30,809,340	28,800,036
NMC COP's / Leases	21,613,806	17,610,555	13,364,949	8,889,212
Liabilities	155,317,011	142,667,475	130,954,340	118,790,036

COPs originally issued for the construction of the Natividad Medical Center (NMC) campus were refunded in December 2019 due to favorable interest rate conditions, lowering their debt service.

NGEN, or Next Generation 911, is in response to a Federal Communications Commission directive requiring wideband radio users to migrate to narrow band modes. The financing obligations are shared by multiple agencies participating in the public safety radio network project. Those agencies obligations are secured by the jurisdictions’ property taxes. This Note was paid off in FY 2023-24.

In July 2017, the County refunded (refinanced) its 2007 COPs issued to finance portions of the costs of renovating, constructing, acquiring, and improving county infrastructure including Health facilities. The refunding of the 2007 COPs and issuance of the 2017 COPs resulted in over \$2 million in annual savings due to favorable market conditions. Interest payments for the Refunding 2017 COPs (both County portion and Natividad) are paid twice annually in October and April.

The acquisition of the Schilling Place property during FY 2014-15 poised the County to begin the process of optimizing usage of its facilities while incorporating plans to reuse its unoccupied facilities. Several projects were combined into one master project package plan the Monterey County Facilities Utilization Project: (1) the 1441 Schilling Place Tenant Improvement Project with the

Administration Building Tenant Improvement Project; (2) the East and West Wing Tenant Improvement Project; and (3) the Government Center Modular Removal Project. The project was budgeted and scheduled under the Monterey County Facilities Utilization Project, which provided oversight to enhance long-term infrastructure and centralization efficiencies while balancing facility space needs at 1441 Schilling Place, the Administration Building, the East and West Wings, and eliminating the need for modular buildings.

Legal Debt Limit

Article XVI, Section 18 of the California Constitution, establishes that California Counties have legal debt limits for general obligation bonds secured by the issuing government’s general revenue and taxing power. The County’s debt limit as of the June 30, 2024 ACFR was \$1.1 billion; the limit is based on 1.25% of the net assessed valuation of property within the County. As of June 30, 2024, none of the County’s long-term debt is subject to the debt limit.

Debt Service

Table 17 reflects the historical and future repayment schedule for the County’s COPs and Natividad COPs.

Table 17

Annual Debt Service					
Debt	Payment Due	FY2022-23	FY2023-24	FY2024-25	FY2025-26

Other Obligations

Williamson Act

Monterey County’s leading industry and foundation for economic development is agricultural production and distribution. The California Land Conservation Act of 1965 (Assembly Bill 2117), otherwise known as the Williamson Act, was enacted to preserve agricultural and open space lands by discouraging conversion to urban uses.

The Williamson Act allows private landowners to contract with counties to voluntarily restrict land uses. Existing land under contracts in Monterey County total 802,282 acres. Every year, the County considers applications to be designated as either Farmland Security Zones or Agricultural Preserves. If approved, landowners are given property tax relief in exchange for an agreement that the land will not be developed or converted to another use, thus preserving agricultural and open space land. The Williamson Act provided an annual state-provided subvention to local governments to compensate for the tax loss. However, revisions to the California State Budget in July 2009 eliminated the subventions while providing the opportunity for counties to opt out of the contracts.

Table 18 shows the calculated tax loss associated with Williamson Act contracts in FY 2023-24 to be \$1,495,900 from approximately 691 active contracts. The estimated portion of county tax loss is the overall tax revenue (calculated at 1% of assessed valuation) and the County’s actual tax loss (approximately 14%). The estimated tax loss is based on the average tax the County receives on both incorporated and unincorporated areas. FYs 2024-25 and 2025-26 are estimated using the Assessor’s county-wide projected property tax growth rates of 5.03% each year. Based on these assumptions, the estimated tax loss for FY 2025-26 is \$1,649,230. The number of contracts is estimated to increase by about nine contracts each year based on historical information.

Table 18

Williamson Act Contracts Estimated County Tax Loss				
Description	FY2022-23	FY2023-24	FY2024-25	FY2025-26
Total Contracts	685	691	700	709
Base Value	3,044,170,592	3,189,720,303	3,349,206,318	3,516,666,634

Shaded areas are estimates

General Fund Contributions to the Library Fund (1210)

The County has historically supplemented the Library Fund with General Fund Contributions (GFC). This figure had

remained relatively constant until FY 2017-18. In December 2017, the Board of Supervisors authorized the allocation of the full salary and benefits of the Library Director pursuant to state law (California Education Code, Article 2, section 19147). The FY 2025-26 GFC to the Library Fund is estimated at \$316,974. Table 19 provides a four-year history of contributions.

Table 19

Contribution to Library				
	FY2022-23	FY2023-24	FY2024-25	FY2025-26
GFC	275,356	274,156	290,304	316,974

Transient Occupancy Tax (TOT) Contribution to the Road Fund (1201)

Prior to FY 2013-14, the Road Fund received \$2,000,000 annually in Transient Occupancy Tax (TOT). In February 2014, recognizing that well-maintained roads contribute to economic vitality, the Board of Supervisors approved the following percentage formula providing an annual increase to eventually lead to a TOT rate capitation of 25%: FY 2013-14 (20%), FY 2014-15 (21%), FY 2015-16 (22%), FY 2016-17 (23%), FY 2017-18 (24%) and FY 2018-19 (25%). The percent was based on the two-year’s prior audited TOT numbers contained in the ACFR. Effective FY 2019-20, the Board of Supervisors continued the contribution to the Road Fund based on the established formula, however, only the Maintenance of Effort (MOE) amount of \$5,319,831 was transferred to the Road Fund, with the remaining amount of \$920,053 set aside for priority projects.

Considering significant reductions anticipated in TOT due to the pandemic, the County began contributing the MOE amount toward the Road Fund effective FY 2020-21 instead of the formula. In FY 2020-21, the contribution of \$5,205,660 was based on the MOE using FY 2016-17 as a base year and increasing each year by a construction inflation index two years in arrears. This method was used for contributions from FYs 2020-21 through 2023-24.

The Board of Supervisors directed that the FY 2024-25 Adopted Budget included \$9,518,405 thereby reverting to the formula of 25% of TOT based on audited actuals.

Due to significant funding constraints, the FY 2025-26 Recommended Budget includes funding based on the MOE instead of the formula, resulting in a reduction of \$3,052,012 from the prior year. Table 20 provides historical and future TOT contributions to the Road Fund.

Table 20

Contribution to Road Fund				
	FY2022-23	FY2023-24	FY2024-25	FY2025-26
TOT	5,809,574	6,222,054	9,518,405	6,466,393
%TOT			25%	17%

Pajaro /Sunny Mesa Community Services District

In FY 2015-16, the Board of Supervisors approved a Memorandum of Understanding (MOU) with the Pajaro/Sunny Mesa Community Services District to annually allocate \$25,000 for the maintenance of the Pajaro Neighborhood Park. The MOU is in effect until June 30, 2039.

Healthcare Realignment

Pursuant to Welfare and Institutions Code, section 17000, California counties are required to provide medical care to indigent residents lawfully residing in the County when such persons are not supported and relieved by some other means. Historically, this population of medically indigent adults (MIAs) had been cared for by county governments that relied on local, state and federal funding to provide the necessary services. Until recently, the County received funding for this purpose via the realignment of health and social services programs that occurred in 1991 and 1992. Realignment increased California sales and vehicle license fees earmarked for counties to support the financial obligations of caring for the MIA population, amongst other things.

When California elected to implement a state-run Medicaid Expansion under the Affordable Care Act, the state anticipated that counties’ costs and responsibilities for the medically indigent would decrease since many in this population would become eligible for coverage through Medi-Cal or the Exchange, where Californians can get brand-name health insurance with federal premium assistance. On June 27, 2013, Governor Brown signed into law Assembly Bill 85 (AB 85) Chapter 24, Statutes of 2013 that provided a mechanism for the state to redirect State Health Realignment funding to fund social service programs.

In consideration of the Medi-Cal expansion for MIA adults, effective January 1, 2014, AB 85, as modified by Senate Bill 98 (Chapter 358, Statutes of 2013), reduced California counties’ Health Realignment funds by an average of 60% (including maintenance of effort payments). Beginning in FY 2014-15, a portion of California counties’ realignment amounts, based upon a calculation of FYs 2009 through 2012, would be subject to redirection by the state. Table 21 provides the amount of realignment dollars the County received for the fiscal periods utilized to determine the redirected amounts.

Table 21

Monterey County Realignment Dollars Received by Fiscal Year			
Fiscal Year	Sales Tax Realignment	Vehicle License Fees	Total Realignment Dollars
2008-09	\$ 2,709,949	\$ 8,759,851	\$ 11,469,800
2009-10	\$ 2,609,952	\$ 8,169,943	\$ 10,779,895
2010-11	\$ 2,609,952	\$ 8,169,943	\$ 10,779,895
2011-12	\$ 2,609,952	\$ 7,583,086	\$ 10,193,038

Public hospital counties were given a choice between two options to determine the pro rata portion of realignment funds. Because Natividad is the designated county hospital for Monterey County, the AB 85 options were: 1) Percentage approach: accept a reduction of 60% in realignment funds, including \$3.3 million in annual maintenance of effort payments; or 2) Formula approach: utilize a formula to show a lesser reduction would be appropriate, which was based on historical costs for providing uninsured programs.

The Board of Supervisors chose the formula approach and Natividad and the Health Department provided historical data to the state's Department of Health Care Services (DHCS) to use in determining the reduction formula. Initially, the state returned a formula that would have resulted in an 85% reduction of health realignment funds (approximately \$8.5 million). The County Administrative Office submitted a subsequent series of historical documentation to the state for re-evaluating the formula. The second submission resulted in a redetermination by the state placing only 51.19% of the County's realignment dollars at risk for redirection (approximately \$5.1 million).

The redirection is based on a calculation of estimated revenue and expenditures, with an annual true-up adjusting for actuals. The County received notification in the beginning of FY 2017-18 that the redirection would increase sharply starting that same year, with a nearly \$6 million budget gap emerging in FY 2018-19 as a result. A three-year plan was implemented and includes utilizing \$3.2 million in health realignment fund balance for program costs for animal, children's medical, communicable disease, home visitation, administrative, public health lab, Whole Person Care (WPC), and Women, Infant, and Children services. Through prudent decision-making and management, the three-year plan has outperformed initial estimates and consequently, realignment fund balance continues to be used strategically to minimize impacts to services. The department will continue to fund programs with realignment and monitor for any anticipated deficits due to AB 85.

Conclusion

The General Fund supports basic governmental functions including public safety, criminal justice, land use and environment, education, recreation, health and sanitation, public assistance, and finance and administration.

As the demands on the County's funds increase via obligations, liabilities and contributions, the ability to maintain the service levels of prior fiscal years becomes more challenging. County offices and departments continue to exercise austere fiscal measures in day-to-day operations but will undoubtedly face more challenges in upcoming fiscal years.

Capital Budget Summary

Capital Improvement Program (CIP)

Five-Year Plan

Fiscal Years (FYs) 2025-26 through 2029-30

The County of Monterey's Capital Improvement Program Five-Year Plan (CIP) sets forth capital projects essential to maintain and improve the County's public facilities. It allows for orderly implementation of the County's General Plan. These facilities include county-owned buildings, major equipment, telecommunications infrastructure, parks, and transportation systems. These projects cost more than \$100,000 and provide long-term assets to the County.

Each year, the Board of Supervisors (Board) reviews and updates the CIP, considering the County's needs, priorities, and available funding. The five-year CIP provides several benefits:

- Prioritizes needs and establishes an orderly basis for sound budgetary decisions.
- Focuses attention on mandated and community goals, needs, and capabilities to use public funds effectively and long-term planning to address future needs.
- Improves the likelihood of obtaining state and federal financing assistance for projects.
- Encourages project coordination between the County and public agencies to reduce scheduling conflicts.
- Permits private enterprise to relate and/or align their projects to the CIP.

The CIP is developed annually as part of the County's budget process. Capital projects are administered by the Public Works, Facilities and Parks Department (PWFP), Natividad Medical Center (NMC), and the Information Technology Department (ITD). PWFP leads the development of the CIP and coordinates with the County's offices and departments to identify, compile, and document capital needs.

Capital needs for the County's infrastructure, such as roads, bridges, buildings, and parks are estimated at nearly \$1.6 billion. This far exceeds available financing resources. As such, priorities must be established and revised as new funding streams become available, and the County's capital needs are modified. The unfunded and partially funded projects proposed for FY 2025-26 are ranked utilizing: 1) life/health/safety criteria and 2) racial equity tool criteria. The projects and associated costs identified for FYs 2026-27 through 2029-30 illustrate priorities and the magnitude of future funding needed.

PWFP presents the draft CIP to the Capital Improvement Committee (CIC) for project priority determination. These recommendations are presented to the Board during the annual April Budget Workshop. The FY 2025-26 Recommended Budget and capital projects were presented to the Budget Committee (BC) in May 2025 for fiscal review. The CIP is presented to the Planning Commission to determine conformity with the General Plan. The final CIP is presented to the Board in June for consideration as part of the annual budget adoption process.

These capital projects are budgeted in the Capital Projects Fund 1930 and the Enterprise Fund 2020. The Board's adoption of the CIP budget appropriates funding for the first year of the five-year program as part of the operating budget. The total capital budget requested countywide, which includes funded, partially funded, or unfunded projects, in FY 2025-26 is \$1.06 billion. Budgeted costs may consist of

design, environmental, construction, equipment, land purchase, and project administration of new, improved, or replacement infrastructure. Associated funding is provided through a wide variety of sources, including local, state, and federal grants, gas tax revenues, bonds, fees, capital funds, and enterprise fund profits.

The CIP list includes 92 projects funded in FY 2025-26 and future funded, partially funded, and unfunded needs which the County's offices and departments have identified as priority. The future project list is comprised of 92 projects with an estimated total amount of \$395 million. The following summaries provide individual project details.

Fund 1930: Capital Projects

Capital Projects Fund 1930 accounts for financial resources to acquire or construct major capital assets. These include land and land improvements, buildings and building improvements, infrastructure, and construction in progress. Fund 402, which was previously used to account for smaller-scale projects, was closed on June 30, 2022, and all project activity, except for Enterprise Fund projects, is now reported in Fund 1930. The FY 2025-26 Recommended Budget for Fund 1930 includes the following:

Project Title	Project Budget FY 2025-26
Aguaquito HVAC Repairs & Replacement	393,289
Animal Shelter Replace HVAC unit	1,017,312
Bradley Library Branch	112,251
Capital Improvement Project Administration	225,000
Carmel River Floodplain Restoration (CRFREE)	15,165,941
CSA/CSD - ARPA Projects	200,000
Development SW Corner of Gabilan @ Church	250,000
Election Office Security Upgrades	100,500
Health Department - Water Intrusion Project	250,000
King City Courthouse Parking Lot Repaving	552,612
Lake San Antonio Water System Compliance	75,000
Monterey County Solar Project	5,788,531
Parks - ARPA Projects	1,000,000
Public Defender Security Upgrades	86,717
Seaside Community Benefits Office	1,814,852
Women's Shelter Kitchen Upgrades and Building Repairs	2,118,000
Youth Center Tenant Improvements	200,000
Fund 1930 Total:	29,350,005

Aguaquito HVAC Repair & Replacement:

The Aguaquito Heating, Ventilation, and Air Conditioning (HVAC) project covers a range of repairs and improvements based on Axiom's 2023 HVAC System Assessment. Repairs and modifications are prioritized as high (Category 1a, 1b, 1c...) through Low (Category 5a, 5b, 5c...). Ranking is based on the condition of equipment, potential for labor and energy savings, maintaining consistent temperatures

while reducing energy waste, improving air quality, and impact on the unexpected HVAC failures on building comfort. The funding request for FY 2025-26 would cover repairs and improvements designated as Category 1 New variable air volume (VAV) box retrofits, converted to electronic, to eliminate the pneumatic system completely. Other repairs and improvements are divided out across fiscal years. Project costs are split 50/50 with local state courts.

Total FY 2025-26 Budget: \$393,289
Est. Project Completion Date: 6/30/2026
Total Project Budget: \$1,752,608

Animal Shelter Replace HVAC Units:

The Animal Services facility, operated by the Health Department at 160 Hitchcock Road, has operated for approximately 22 years. The facility has the original system equipment and is comprised of seven separate HVAC units. Five units are located over the main building, which houses the customer service area, staff offices, spay and neuter clinic, and animal shelter. The two remaining units are over the dog kennel wings. Due to the aged equipment, repairs have increased significantly; the units have reached a point where they may no longer be repairable. This project will replace the aging HVAC system to ensure consistent and efficient heating and cooling for the animals and people in the building.

Total FY 2025-26 Budget: \$1,017,312
Est. Project Completion Date: 6/30/2026
Total Project Budget: \$2,246,754

New Bradley Library and Resiliency Center:

The Board allocated \$200,000 to investigate the feasibility of acquiring a new site for a replacement Bradley Library. The existing site is located at 65607 Dixie Street, and Bradley Elementary is interested in supporting the creation of a replacement facility that will serve the residents and students of the Bradley community. The feasibility study began in August 2022 and was completed in FY 2022-23. The FY 2023-24 and FY 2024-25 project budget was based on preliminary construction estimates conducted during the feasibility stage including real estate acquisition, design, permitting and construction. The FY 2025-26 budget would continue construction implementation. The New Bradley Branch Library Feasibility Study & Future Development project was previously reported in the CIP.

Total FY 2025-26 Budget: \$112,251
Est. Project Completion Date: 6/30/2026
Total Project Budget: \$5,639,116

Capital Improvement Project Administration:

The Capital Improvement Project Administration funds investigative reviews and analyses of potential projects and special requests initiated by the County Administrative Office or the Board. Additionally, it funds the annual update to the CIP five-year plan.

Total FY 2025-26 Budget: \$225,000
Est. Project Completion Date: 6/30/2026
Total Project Budget: \$225,000

Carmel River Floodplain Restoration and Environmental Enhancement (CRFREE):

The Carmel River Floodplain Restoration and Environmental Enhancement (CRFREE) Project is a comprehensive effort to improve flood control and restore native riparian habitat, floodplain habitat, and hydrologic function to a portion of the lower floodplain along the Carmel River. Key aspects include: 1) Creating notches in the levees

along the south bank of the lower Carmel River, 2) Restoring the south lower Carmel River floodplain, and 3) Building a causeway (overflow bridge to allow for flood flows to access the flood plain on the west side) under Highway 1, connecting the south lower Carmel River floodplain with the south arm of the Carmel Lagoon. The project is funded through the following grant programs: Wildlife Conservation Board, National Fish and Wildlife Foundation, Department of Water Resources – Flood Corridor Program (including through the Big Sur Land Trust), Coastal Flood and Urban Streams grant programs, California State Coastal Conservancy, Integrated Regional Water Management, MPRPD, Caltrans, and the joint Federal Emergency Management Agency/ California Office of Emergency Services Hazard Mitigation Grant Program.

Total FY 2025-26 Budget: \$15,165,941
Est. Project Completion Date: 6/30/2028
Total Project Budget: \$58,357,462

County Service Area/County Sanitation District – American Rescue Plan Act Projects:

American Rescue Plan Act (ARPA) funds will be utilized for sewer and water infrastructure for various County Service Areas (CSA) and County Sanitation Districts (CSD). Several of the CSAs/CSDs serve disadvantaged communities, and over time, the ability for these areas and districts to fund the ongoing sewer and water infrastructure needs, maintenance, and/or replacement has proved challenging. The ARPA funds will allow for infrastructure repairs in four districts and one area including CSDs in Pajaro, Boronda and San Jerardo, and the community of Chualar CSA. The FY 2025-26 budget would continue utilizing ARPA funding for these systems, allowing the County to provide drinking water and more reliable sanitation systems and facilities for community residents.

Total FY 2025-26 Budget: \$200,000
Est. Project Completion Date: 12/31/2026
Total Project Budget: \$4,100,000

Development of County Property – Church and Gabilan Streets:

The Development of County Property – Church and Gabilan Streets project is on county-owned property in the City of Salinas. The plan is to construct a parking structure for city, county, and court employees and public use. The City of Salinas and the County would fund the project jointly, thereby addressing the deficit of off-street parking identified in the original Environmental Impact Report for the Government Center campus.

Total FY 2025-26 Budget: \$250,000
Est. Project Completion Date: 6/30/2026
Total Project Budget: \$34,465,170

Elections Office Security Upgrades:

The Elections Office Security Upgrades project will provide tenant improvements at the Elections Department (1441 Schilling Place, Salinas). The FY 2025-26 budget would fund the installation of security windows and the modification of counter-tops to accommodate new transaction trays at the reception/lobby area.

Total FY 2025-26 Budget: \$100,500
Est. Project Completion Date: 6/30/2026
Total Project Budget: \$268,000

Health Department – Water Intrusion Project:

The Health Department – Water Intrusion Projects repairs the ongoing water intrusion during heavy rains. In October 2009, the Health Department at 1270 Natividad Road was commissioned and today

serves as the department's headquarters, housing over 200 employees. On December 2, 2019, heavy rains penetrated through the stucco walls into the building's interior, causing significant displacement of staff and an emergency response to dehumidify the structure in several areas to improve health and safety. Work on the project is mostly complete, with the FY 2025-26 budget to cover any closeout costs.

Total FY 2025-26 Budget: \$250,000
Est. Project Completion Date: 6/30/2026
Total Project Budget: \$5,118,401

King City Courthouse Parking Lot Repaving:

The King City Courthouse Parking Lot Repaving project would repave and restripe the parking lot at the King City Courthouse, located at 250 Franciscan Way in King City. The Sheriff's Office, District Attorney, and Court occupy the building and serve the public. A placeholder for other costs has been added to the project for potential electric vehicle charging stations at the parking lot. The FY 2025-26 budget is primarily for the excavation, irrigation underground, subgrade, concrete and paving of the entry parking lot and completion of paving previously started on the front parking lot.

Total FY 2025-26 Budget: \$552,612
Est. Project Completion Date: 6/30/2026
Total Project Budget: \$3,339,753

Lake San Antonio Water System Compliance:

The Lake San Antonio (LSA) Water System Compliance project would allow PWFP to implement minor improvements to the outdated water treatment plan at LSA South Shore. The project includes additional upgrades to improve the water quality and treatment/distribution systems drastically. The outdated treatment system has not met turbidity standards since 2015, requiring PWFP to provide notifications to the public to continue services. The FY 2025-26 budget would fund the minor improvements.

Total FY 2025-26 Budget: \$75,000
Est. Project Completion Date: 6/30/2026
Total Project Budget: \$275,000

Monterey County Solar Project:

The Monterey County Solar Project will consist of solar carport and rooftop arrays of the following sizes in direct current power: 543 kilowatts (kW) at the Government Centers at 168 and 142 West Alisal Street, offsetting approximately 26% of annual electricity consumption, and 448 kW at the Information Technology Department building at 1590 Moffett Street, offsetting approximately 72% of electricity consumption. The electricity offset would reduce the County's greenhouse gas emissions by 632 metric tons of carbon dioxide equivalent over the project's first year of operation. The systems must include the installation of electric vehicle charging stations to comply with code requirements.

Total FY 2025-26 Budget: \$5,788,531
Est. Project Completion Date: 6/30/2026
Total Project Budget: \$8,806,635

Parks – American Rescue Plan Act Projects:

The Parks – American Rescue Plan Act (ARPA) Projects designate a portion of the County's ARPA funding to water and sewer system improvement projects in the County parks system (Toro, Royal Oaks, Manzanita, Jacks Peak, Lake San Antonio, and Lake Nacimiento). Funds are distributed between the parks based on initial project cost estimates. Many existing systems experience regular breakdowns. This funding will allow the County to provide drinking water and more reliable sanitation systems and facilities for park visitors. Specifically, the FY 2025-26 budget would help fund an irrigation system at Toro Park, water system upgrades at Lake San Antonio, and

preliminary design of a centralized water treatment system at Laguna Seca Raceway.

Total FY 2025-26 Budget: \$1,000,000
Est. Project Completion Date: 12/31/2026
Total Project Budget: \$7,656,221

Public Defender Security Upgrades:

The Public Defender Security Upgrades project will replace the glass in the Office of the Public Defender lobby, from the top of the counter to the ceiling in the reception area, with ballistic glazed glass. The FY 2015-26 budget would fund the replacement of the glass divider, increasing the safety of county employees and the public when conducting business.

Total FY 2025-26 Budget: \$86,717
Est. Project Completion Date: 6/30/2026
Total Project Budget: \$201,292

Seaside Community Benefits Office:

The Seaside Community Benefits Office project is to program and design a new/updated facility for the Department of Social Services (DSS) Community Benefits Branch (CB). The location is proposed as a multi-service facility with space for other DSS programs, the Library, and community partner functions, offering an authentic one-stop experience. Programming is underway to determine feasibility and potential costs for this project. The FY 2025-26 budget would include environmental and traffic studies, as well as design and permitting.

Total FY 2025-26 Budget: \$1,814,852
Est. Project Completion Date: 6/30/2028
Total Project Budget: \$112,362,324

Women's Shelter Building Repairs & Kitchen Upgrades:

The Women's Shelter Building Repairs & Kitchen Upgrades project would address repair and renovation needs. The facility houses women and children impacted by domestic violence and/or homelessness. The improvements include replacement of worn stove top burners, kitchen sinks/cabinetry, and upgrading cold storage with two added commercial refrigerators for clients to store food. Other improvements include electrical panel upgrades; water heater and furnace replacement; fire alarm upgrades; upgrade restroom partition stalls, sinks, showers, and water damage repair; replace old, cracked flooring throughout building; repair/upgrade HVAC system; seal and repaint cracks in stucco; new landscaping in backyard to provide children an outside play area; landscaping; resurface and stripe parking lot.

Total FY 2025-26 Budget: \$2,118,000
Est. Project Completion Date: 6/30/2026
Total Project Budget: \$3,276,948

Youth Center Tenant Improvements:

The Youth Center Tenant Improvements Project addresses facility compliance with the Americans with Disabilities Act/California Building Code (CBC) – Chapter 11-B and the Fire Code. Tenant improvements would allow for the reconfiguration of space to meet best practices for operations and the separation of youth populations in the facility. The project renovates the approximately 12,000 square-foot housing units. New fire walls will compartmentalize the housing units in compliance with square footage requirements.

Total FY 2025-26 Budget: \$200,000
Est. Project Completion Date: 6/30/2026
Total Project Budget: \$268,000

Fund 1930:

Natividad Medical Center Capital Projects

The FY 2025-26 Recommended Budget for Fund 1930 Natividad Medical Center (NMC) includes the following:

Project Title	Project Budget FY 2025-26
Refresh of Med Surg	6,500,000
Fire Alarm Campus Wide	1,200,000
Information and Security Compliance	160,000
Furniture for Patient Areas & Ergo Equipment	317,000
General IT Equipment Replacement	429,000
IT Cabling	100,000
Patient Queuing System	136,000
Asset Management Tracking System	511,000
Contracts Management System	150,000
JOC Facilities Project	202,900
Fund 1930 Total:	9,705,900

Natividad Refresh of Med Surg:

The Natividad Refresh of Med Surg project includes a comprehensive remodel of the Medical Surgical Unit. The project allows for new paint, flooring, bathroom tile, and casework improvements in the patient rooms. The area has not been modernized since it was constructed in 1999. This project will involve several smaller projects aimed at refurbishing specific areas primarily focused on furniture replacement (patient, visitor, and staff areas), and collectively refurbishing other areas considered small projects.

Total FY 2025-26 Budget: \$6,500,000
Est. Project Completion Date: 12/31/2026
Total Project Budget: \$8,000,000

Fire Alarm Campus Wide:

The Fire Alarm Campus Wide project will replace fire alarms identified on Kitchell report as end-of-life. The report noted inherent problems had begun with a 20-year-old system, including electronic glitches that trigger an alarm, but are unable to record why; devices becoming more difficult to find, so when a duct detector fails, weeks will lapse before another one can be located.

Total FY 2025-26 Budget: \$1,200,000
Est. Project Completion Date: 6/30/2026
Total Project Budget: \$1,200,000

Information and Security Compliance:

The Information and Security Compliance project, through the purchase of software and other tools, reduces the potential impacts of unmanaged IT on system availability. These enhancements improve patient care delivery, financial sustainability, and hospital confidence. Ongoing investments in Information Security will maintain system and data protection and keep technology up to date to address new emerging threats. This is a Health Insurance Portability and Accountability Act (HIPAA) mandate compliance requirement and safeguards healthcare best practice standards.

Total FY 2025-26 Budget: \$160,000
Est. Project Completion Date: 6/30/2026
Total Project Budget: \$160,000

Furniture for Patient Areas & Ergo Equipment:

The Furniture for Patient Areas & Ergo Equipment project replaces equipment and furniture within the hospital nearing end of life due to its rapid decline in reliability. The FY 2025-26 budget would fund these replacements.

Total FY 2025-26 Budget: \$317,000
Est. Project Completion Date: 6/30/2026
Total Project Budget: \$317,000

General IT Equipment Replacement:

The General IT Equipment Replacement project replaces and updates end-of-life equipment across NMC, including computers, laptops, printers, scanners, etc. The FY 2025-26 budget would fund equipment replacement to ensure staff have the appropriate equipment to provide and sustain the best patient care.

Total FY 2025-26 Budget: \$429,000
Est. Project Completion Date: 6/30/2026
Total Project Budget: \$429,000

IT Cabling:

The IT Cabling project adds low-voltage IT cabling to support various hospital capital projects. The wiring is an operational requirement for connecting and networking computers, phones, systems and sensors.

Total FY 2025-26 Budget: \$100,000
Est. Project Completion Date: 6/30/2026
Total Project Budget: \$100,000

Patient Queuing System:

The Patient Queuing System project would fund an electronic queue management system to help the hospital's clinics and ancillary services safely and efficiently manage patient flow through real-time dashboards and business intelligence capabilities.

Total FY 2025-26 Budget: \$136,000
Est. Project Completion Date: 6/30/2026
Total Project Budget: \$136,000

Asset Management Tracking System:

The Asset Management Tracking System would fund an in-house tracking/locating system to find rented and/or purchased medical equipment. The FY 2025-26 budget would implement a new management system to track all NMC's assets.

Total FY 2025-26 Budget: \$511,000
Est. Project Completion Date: 6/30/2026
Total Project Budget: \$511,000

Contracts Management System:

The Contracts Management System project would fund an upgrade to the contracts tracking process by securing a robust contract management system with reporting capabilities, templates, and possibly an electronic Request for Proposals module. The FY 2025-26 budget would acquire a web-based system as a replacement.

Total FY 2025-26 Budget: \$150,000
Est. Project Completion Date: 6/30/2026
Total Project Budget: \$150,000

JOC Facilities Project:

The JOC Facilities Project is a combination of various repair projects under \$100,000. The FY 2025-26 budget would fund these projects, including electric vehicle chargers, ADA-accessible sidewalks and stair door replacements, campus-wide chemistry sample automation, morgue lifts, walk-off mats, etc.

Total FY 2025-26 Budget: \$202,900

Est. Project Completion Date: 6/30/2026

Total Project Budget: \$202,900

Debt Management Policy

Section 1 – Introduction

The purpose of the County of Monterey (the “County”) Debt Management Policy (the “Policy”) is to ensure sound and uniform practices for issuing and managing debt. The County recognizes that it may need to enter into debt obligations to finance projects and to meet fiscal responsibilities. Accordingly, this Debt Management Policy confirms the commitment of the Board of Supervisors (the “Board”), staff, advisors and other decision makers to adhere to sound financial management practices.

The County's Comprehensive Annual Financial Report lists a number of legally separate organizations (“component units”) for which the Board is financially accountable. This Policy informs the actions of these component units to ensure a uniform approach to the issuance of debt.

The procedures set forth herein shall be followed in connection with all proposed offerings of bonds, notes, or other debt instrument financings authorized by the County, and any other entity for which the Board, or other County agency, is the governing body. The Board adopted a Public Financing Policy (“Debt Management Policy”) on May 19, 1998 which incorporated as an addendum the Mello-Roos Community Facilities District Financing Policy, previously adopted by the board on March 25, 1991. Revising resolutions were approved: on October 8, 2002 to address statutory changes and to more appropriately provide financial protection to the County for issuance of Mello-Roos debt; August 16, 2005 to add Certificates of Participation to General Obligation Bonds for purposes of calculating debt ceilings; on July 11, 2006 to establish the Capital Improvement Plan and Committee, and on April 21, 2008 to further amend policies, and on February 14, 2012 to delete reference to the Debt Advisory Committee (DAC). Those amendments and original policy are modified and restated herein. This revised policy as of July 25, 2017 ensures the County’s compliance with requirements pursuant to California Senate Bill 1029, which amended Section 8855 of the California Government Code and became effective in January 2017. Such requirements pertain to how the policy’s goals relate to the County’s planning goals, capital improvement program, and overall objectives. The updated policy herein also contains new language to ensure the County’s ongoing diligence with respect to financial disclosure, monitoring, and recordkeeping.

The proper utilization of debt is a major financing tool of the County – supplementing and/or leveraging other sources of financing such as allowed taxation, fees for services, fines and grants. Costs versus benefits/risks of borrowing will be a major consideration when evaluating each proposed use of debt as a source of financing specific county needs.

Debt is utilized by the County to address County-wide business needs and Board of Supervisor goals and objectives, and when it is determined to be the most prudent and cost-effective method for meeting general or specific needs and service requirements. Debt proposals must be closely coordinated with the county’s capital and operating budget processes and must consider the impact of the proposed debt issue on the county’s credit rating and total debt burden, as well as long-term goals, objectives and financial forecasts. Repayment of borrowed funds is of paramount concern to the County. Proper structuring and continued management of county debt is critical.

1.1 Policy Objectives

The Policy objectives are as follows:

- Establish a systematic and prudent approach to debt issuance and debt management.
- Ensure access to debt capital markets and direct purchase investors (private placement providers) through prudent and flexible policies.
- Define specific limits or acceptable ranges for general fund supported debt and pension obligation debt.

1.2 Scope

This Policy governs the issuance and management of all debt and lease financing activity by County entities and component units. The debt policies and practices of the County are subject to and limited by applicable provisions of state and federal law and to prudent debt management principles.

The County uses financing techniques prescribed under existing law for projects that require financing beyond the current fiscal year. These techniques can include, but are not limited to, certificates of participation, lease-back arrangements, and revenue and assessment bonds.

Section 2 – Debt Advisory Committee

The Debt Advisory Committee (DAC) shall be reestablished, consisting of the Auditor-Controller, Treasurer-Tax Collector, and County Administrative Officer, or their designees, for the purpose of reviewing and advising the Budget Committee, Capital Improvements Committee, and the Board regarding proposed and existing debt issues in which the Monterey, or other entity for which the Board is the governing body, has complete or limited obligation for debt repayment. Such debt issues include, but are not limited to General Obligation Bonds, Revenue Bonds, Certificates of Participation (COPs), Tax Allocation Bonds, Special Assessment Bonds, Revenue Securitizations, Judgment Obligation Bonds, Conduit Debt, Mark-Roos and Mello-Roos financings, Tax and Revenue Anticipation Notes (TRANs), and other short term financings. The DAC may utilize the services of an independent municipal advisor when analyzing the proposed financing.

The Auditor-Controller or his or her alternate will chair the DAC. The Treasurer-Tax Collector or his or her alternate will act as the vice chair. The chair shall be responsible for providing the functions of a recording secretary if the DAC deems such services to be necessary.

2.1 DAC Responsibilities

The DAC shall meet to consider County public financing proposals, refunding opportunities, or other debt management issues. A Debt Action Request (DAR) will be presented to the DAC by the County Administrative Office summarizing the action(s) requested (i.e., proposed financings, refunding opportunities, material events disclosure requirements, arbitrage issues, recommendations, policy, and other matters), all pertinent information surrounding the request, analysis, findings, and justification for a recommended course of action.

The DAC will consider and discuss the DAR and any additional relevant information required to make an informed decision. This may include seeking input and analysis from other internal and/or external resources, as deemed appropriate. The DAC will approve, modify, or deny the DAR, as determined by the DAC to be in the best interests of the County. If the DAC approves or modifies the DAR, the County Administrative Office will be responsible for implementation of requested action(s). If the DAC advises denial of the request, a written explanation of the Committee's reasoning will be provided to the requesting agency, committee, or department by the County Administrative Office within 10 days of the meeting, or as determined to be an appropriate and reasonable timeframe based on the requesting entity and purpose of the request.

For each individual issue, the DAC will analyze the current market conditions, benefits to be derived from the financing, potential risks, debt service burdens, revenue streams, sector expertise, cost of issuance, statutory restraints, current and projected market conditions, and other factors to determine debt structure, the method of sale, the financing team composition, term, use of credit enhancement, and method of awarding contracts.

Section 3 – Issuance of Approval Process

The approved Monterey County Capital Improvement Plan (CIP) and other Board approved or referred projects are the primary foundation for debt financing consideration for County serviceable debt. Debt proposals may originate from the Board, the Budget Committee, the issuing agency, and/or the recommending department. Debt for projects not eligible as a CIP project (non-recurring, less than \$100,000, and/or useful life of less than five years) may be recommended by the agency or department proposing such issuance. A department, agency, or committee proposing a debt issue will submit a written report (in Board report format) to the County Administrative Officer, or designee, fully describing the proposed project, which specifically addresses the following:

- Purpose and feasibility of the proposed project.
- Public benefit derived from the project.
- Available project financing sources and alternatives (grants, etc.).
- Estimated total costs of the project (excluding cost of financing).
- Estimated timeline for completion of the project.
- Estimated additional ongoing operational costs resulting from the project.
- Appropriate revenue streams available for debt service.
- Proposed collateral to be pledged.
- Estimated total General Fund impact from debt service requirements and changed operational costs.

A DAR will be presented by the County Administrative Officer, or designee, for DAC review. DAC's review, findings, and recommendations will be presented to the Budget Committee for consideration and, if appropriate, referral for full Board consideration for approval to engage the financing team of external finance professionals. The County Administrative Office will be responsible for presentation, in coordination with the proposing department, agency, or committee.

3.1 Standards of Debt Financing

The County will minimize the level of direct debt by incurring debt only in those cases where public policy, public interest and/or economic efficiency favor debt over cash financing or grant funding. In addition, the County shall use self-supporting (debt-service neutral or better) debt when possible.

The County in most cases will issue debt to finance capital projects. Other possible reasons to issue debt include (but are not limited to) refinancing unfunded pension liabilities, allowing the County to cover periods of temporary cash shortfalls, refinancing bonds, and paying obligations imposed by law. Except to alleviate cash-flow timing issues within a fiscal year, the County will avoid using debt to finance reoccurring operating expenses. All debt issuance will fall within the limits permitted by the California Constitution and state law.

Section 4 – General Debt Policies

4.1 Purpose of Debt

There are two basic types of debt: new money financings and refunding financings.

4.1.1 New Money Financings

The County may issue long-term debt to generate funding for capital projects. Short-term debt may be issued to generate funding for cash flow needs.

4.1.2 Refunding Financings

Refunding bonds are issued to retire all or a portion of an outstanding bond issue or other debt. Such bonds can be used to achieve present value savings on debt service, to modify interest rate risk, or to restructure the payment schedule, type of debt instrument used, or covenants of existing debt. The County must analyze each refunding bond on a present value basis to evaluate the economic effects. Policies on the administration of refunding bonds are detailed in Section 4.13 "Debt Refunding."

4.2 Use of Debt

Debt should be used when it is in the best overall interest of the County, including appropriate short-term borrowings and financing of certain assets with substantial useful and economic lives. The term of the debt must not exceed the useful life of the financed asset and, ideally, it should match or have a duration of less than the useful life of the asset.

Debt may be issued to finance needed equipment, facilities or infrastructure identified by the Capital Improvement Committee or adopted County Budget.

Debt may be issued to fund short-term operating and/or cash flow needs of the County, but must be repaid within 13 months from date of issuance. Debt may be issued for refunding existing debt when a reasonable overall net savings can be realized.

4.3 Legal Limitations

All debt issued by the County shall be in compliance with all pertinent State and federal statutes and in compliance with all regulations promulgated by agencies that maintain jurisdiction over debt issuance. All debt issues by the County shall conform to the provisions of this policy, unless waived by the Board. The Board, by resolution dated August 16, 2005, extended the General Obligation bond debt ceiling of 1.25% of countywide assessed value to include COPs financings.

4.4 Bond Proceeds

The use of proceeds from long-term financings will be limited to the uses authorized by law and allowed by the provisions of the particular debt issue. Generally, these limitations will allow for paying costs of planning, design, land, construction or acquisition of buildings, permanent structures, attached fixtures and/or equipment, movable furniture and equipment, and the costs of planning and issuing the debt.

The uses of short term financing will include funding the County's cash flow deficit in anticipation of tax and revenue receipts.

Proceeds of debt will be held either (a) by a third-party trustee, which will disburse such proceeds to the issuer upon the submission of one or more written requisitions, or (b) by the issuer, to be held and accounted for in a separate fund or account, the expenditure of which will be carefully documented by the County.

4.5 Avoiding Negative Impact on General Fund

Expenditures and investment transactions related to borrowings for funds other than the County's General Fund shall be structured to eliminate, to the maximum extent possible, direct and or indirect negative impacts on the General Fund. Interim funding for project expenditures shall be established and financed from proceeds of borrowings (or other appropriate sources) to avoid delays in draw-downs or reimbursements which would have the effect of reducing General Fund interest earnings.

4.6 Debt Issue Size

The amount of any financing should be held to a minimum, taking into consideration any available existing funds to partially finance project costs. Reasonable revenue coverage will be required for all issues. Bond reserve funds and capitalized interest should generally be minimized or eliminated to reduce borrowing size, unless it is in the County's best interest to do otherwise, or if such funds are required as a function of law, regulation, or market conditions. Debt will only be issued to cover authorized costs as indicated in the preceding section on Bond Proceeds. Generally, debt will only be issued upon receipt of acceptable and reliable project construction bids. In certain situations, reliable estimates may be the basis for debt issuance.

4.7 Debt Level/ Affordability Targets

The County shall establish an affordable level of debt to preserve credit quality and ensure financial stability. As such, aggregate General Fund lease debt service should not fall more than within a range of four to six percent (4%-6%) of General Fund expenditures. The County shall maintain a debt affordability model with ratios recalculated at the time of a new debt issue. The DAC and the Board will be notified if any new issuance would cause the ratio to exceed the threshold. Both DAC and Board approval would be required before the County is allowed to exceed the ratio threshold.

A component unit may be allowed to exceed the above target ratio if the unit generates user fees through a business-type activity. The component unit must, however, repay the debt with money generated by user fees or other dedicated revenue sources.

The above target ratio does not include the County's pension and retiree health care unfunded actuarial accrued liabilities (UAAL), which itself is a form of "debt" owed to retirement plan members.

4.8 Tax Status

It is the County's policy to issue tax-exempt obligations and to avoid taxable status on County borrowings unless it is determined that taxable status would be in the best interest of the County. Generally, tax- exempt bond issues are subject to IRS arbitrage rebate requirements. These requirements specify that any profit or arbitrage be rebated to the federal government. Rebate computations are typically required every five (5) years and upon final redemption or maturity of the bonds. Any excess earnings are required to be rebated to the federal government. As primarily a tax-exempt borrower, the County will comply with applicable IRS regulations and provisions including arbitrage rebate calculations, rebate of arbitrage profits, and any necessary tax filings.

4.9 Taxpayer Equity

If a debt issuance is to be financed by General Fund revenues, the proposing department must demonstrate a benefit to a significantly large proportion of the County's property taxpayers. If the project would primarily serve a definable group of taxpayers, the obligation to repay the debt should be borne by that group of taxpayers, when feasible. In certain instances, the Board may determine that exceptions to this general guideline would be in the best interests of the County.

4.10 Authorized Method of Sale

The County's goal is to protect the public's interest by obtaining the lowest possible interest cost. To obtain this goal, the County may use a competitive, negotiated, limited-competitive (hybrid) or private placement method of sale. The appropriate method should be determined on a case-by-case basis.

Before selecting a method of sale for public offerings, the financing team shall take into consideration the current market, the issuer's characteristics, and the proposed bond structure. Market considerations will focus on the supply and demand of competing issuances. Issuer characteristic considerations will include market familiarity, credit strength, and policy goals. Bond structure considerations will include the type of debt instrument, issue size, structure, and timing.

Determination of whether to sell bonds under a competitive bid or a negotiated sale will depend on many factors, including the market environment,

timing considerations, structure of financing, and the type of bond or other financing instrument. For certain types of debt instruments and financing structures, competitive sale is generally the method by which the County can obtain the lowest interest cost, and is required for specified types of debt issues. However, in some circumstances, competitive sale may not be feasible or practical, and in some situations, the use of negotiated sales may provide a more favorable financial outcome. Thus, the method of sale must be analyzed by the County, and if used, the municipal advisor, prior to any debt issue. Private placement may be used for any debt issue structured specifically for one purchaser, typically, a bank, insurance company, broker dealer, or leasing company. Financial analysis and professional concurrence must precede any private placement issue.

4.10.1 Competitive Sale

In a competitive sale, competing underwriters deliver sealed bids to the County, at the time and place specified in the Official Notice of Sale. The County selects the underwriter offering the best terms at the time. Bids will be awarded on a True Interest Cost (TIC) basis, providing other bidding requirements are satisfied. TIC is a method of calculating bids for new issues that takes into consideration certain costs of issuance and the time value of money. In such instances where the County Administrative Office deems the bids received unsatisfactory, the County Administrative Office may enter negotiations for sale of the securities or reject all bids. The Official Notice of Sale will be carefully constructed to ensure the best possible bid for the bonds, in light of existing market conditions and other prevailing factors

4.10.2 Negotiated Sale

A negotiated sale is a sale of bonds whereby the terms and price are negotiated by the County and the municipal advisor through an exclusive agreement with a previously selected underwriter and/or underwriting syndicate. In many cases, County debt is issued via a negotiated process, which provides the County control over the financing structure, the issuance timing and flexibility of distribution.

4.11 Debt Credit Rating

The County seeks to maintain and, if possible, improve its current long and short-term debt ratings to enhance the County's reputation within the financial community and to minimize borrowing costs. Emphasis should be placed on protecting the General Fund and enhancing the County's financial condition. Further, the County will maintain good communication with the bond rating agencies and keep them apprised about the County's financial condition through provision of relevant reports and documents.

The County may solicit a credit rating review at its discretion, typically done in the context of a bond transaction. It is the County's policy to solicit ratings from Nationally Recognized Statistical Ratings Organizations (NRSRO) for its debt issues, including Fitch Ratings, Moody's Investor Services, and Standard & Poor's. A single credit rating may be utilized if/when it is financially advantageous to do so and upon advice from the County's municipal advisor, or/and underwriter.

4.12 No Public Financing for the Purpose of Arbitrage

The County shall be prohibited from issuing arbitrage bonds. Permitted investment of proceeds must be clearly defined prior to each issuance. Planning, contract, and construction delays must be managed to assure compliance with the various exceptions afforded by the Internal Revenue Service (IRS) concerning arbitrage, such as the 6-month, 18-month, 3-year and 5-year exceptions, when applicable.

4.13 Debt Refunding

The County is responsible for acting upon refunding opportunities that offer significant savings over the maintenance of existing debt. Periodically, the County will analyze and evaluate debt repayment opportunities based on current market conditions. Additionally, the County may request or receive analysis of an opportunity to refund existing debt from a municipal advisor or other municipal financial market participant. The County will consider such opportunities and evaluate the economic benefit they may present.

Outstanding debt issues may be refunded, if permissible by federal tax law and the terms of the debt instrument, if refunding results in an acceptable level of debt service savings. Other structural aspects are to be determined by the DAC, municipal advisor or/and underwriter.

As defined for federal tax law purposes, the County may issue current or advance refunding bonds when advantageous, legally permissible, prudent, and when the aggregate net present value savings (expressed as a percentage of the par amount of the refunding bonds) equal or exceed three percent (3%). Refunding's of current debt shall be made only if recommended by the DAC and the County Admirative Office, and approved by the Board. Refundings that produce negative savings will not be considered, unless there is a compelling public policy objective.

Within federal tax law constraints, a refunding will be considered if and when there is a net economic benefit or if it is imperative in order to modernize covenants essential to operations and management. A current refunding provides that all proceeds (aside from expenses and reserve fund, if required) are used to extinguish existing debt at a savings to the County in the overall repayment costs. Managers of existing projects may request refundings for the purpose of taking advantage of more favorable economic conditions and lower market interest rates, restructuring the principal and debt service payments, or eliminating burdensome covenants with bondholders. Advance refundings used to refinance outstanding debt before the date the outstanding debt becomes due or callable. Proceeds of advance refunding bonds are placed into an escrow account with a fiduciary agent and used to pay interest and principal on the refunded bonds until final redemption at their maturity or call date.

The financial advantages of a refunding must outweigh the costs and risks of reissuing bonds. The request for refunding will be assessed with competing new capital projects requiring financing. In no event will the maturity date of the refunding issue exceed the original maturity date of the refunded debt.

Savings requirements for current or advance refunding undertaken to restructure debt may be waived at the recommendation of the County Administrative Office, in consultation with the municipal advisor, with DAC and Board approval, upon a finding that such a restructuring is in the County's overall best financial interest.

4.14 Primary and Continuing Disclosure

Primary disclosure shall include the preliminary official statement (POS) and the official statement (OS), which shall be prepared in a manner consistent with applicable securities laws and the Government Finance Officers Association (GFOA) guidelines. In connection with a debt issuance,

the County may undertake to provide continuing disclosure in order to enable the underwriters of such debt to comply with the requirements of Securities and Exchange Commission (SEC) rule 15c2-12. Disclosure certifications shall be acknowledged by the Office of the Auditor-Controller who shall be responsible for the County's continuing disclosure undertakings.

After entering a Continuing Disclosure undertaking (i.e., a contract), the County shall comply with the terms of such undertaking. Not only must all filings be made in a timely manner, if for any reason there is a failure to make a timely filing, such failure also must be disclosed (and could reflect negatively on the County). The Office of the Auditor-Controller will take all reasonable steps to ensure that the County files timely annual reports and "listed event" (there are currently 15 such events) notices with the Municipal Securities Rulemaking Board's (MSRB's) Electronic Municipal Market Access system (EMMA), and that all such filings are (i) complete and accurate under the law and (ii) clear, concise and readable for the investing community.

The County may also (i) select certain staff members to be the County's "disclosure team" that, with the County Administrative Office, develops and employs disclosure practices and procedures that are effective, reasonable and defensible and (ii) engage with an external disclosure counsel to provide additional guidance and training. The County may also from time to time evaluate using the services of a dissemination agent, such as the County's municipal advisor or Digital Assurance Certification, LLC, or some other third-party entity to assist with compliance.

4.15 Investment of Bond Proceeds

Bond proceeds shall be invested as permitted by the instrument pursuant to which the bonds are issued and pursuant to the County's investment policies. The County Administrative Office will determine the investment structure reasonably expected to produce the results which are in the best interest of the County as it relates to the issue. Bond proceed investment can be managed by the County Treasury, Guaranteed Investment Contracts, or outside investment managers within the scope allowed by the instrument pursuant to which the bonds are issued.

4.16 Timing of Debt Issuance

Debt should be issued to correlate with the need for funds. For long-term projects, issuance should only occur when there is a verifiable need and reasonable expectation of compliance with statutes.

4.17 Expenditure of Bond Proceeds

Any new construction or project acquisition monies raised through debt issuance will adhere to the specific "Use of Proceeds" disclosures provided in the instrument pursuant to which the bonds are issued and any statutory requirements.

Annually, the Office of the Auditor-Controller shall submit a report to the California Debt and Investment Advisory Commission (CDIAC). The annual report will cover the period July 1, to June 30, inclusive and shall be submitted no later than seven months after the end of the reporting period by any method approved by CDIAC. The annual report shall, among other things, include the use of proceeds of issued debt during the reporting period, including the following:

1. Debt proceeds available at the beginning of the reporting period.
2. Proceeds spent during the reporting period and the purposes for which it was spent.
3. Debt proceeds remaining at the end of the reporting period.

4.18 Arm's Length Transactions

The County will endeavor to have "Arm's Length Transactions," in which the buyers (underwriters) of the debt have no relationship with the County. For Arm's Length Transactions, the County and the buyer are both acting in their own self-interest and are not subject to any pressure or duress from the other party.

4.19 Records Retention

Documentation relating to each particular financing will be retained for the term of the financing plus three years, including all refundings. Storage may be in hard copy or electronic format.

Section 5 – External Finance Professionals

The County Administrative Office will be responsible for dissemination of requests for proposal (RFP), at least every three (3) years, to establish pre-approved lists of financing professionals from which issue specific teams will be selected. The County Administrative Office will assemble issue specific teams based on factors, including but not limited to, experience of the firm and individuals, issue specific expertise, scope of services to be provided, financial strength, recommended strategies, industry reputation, and pricing. Awards will not be based on price alone, but instead on which combination of professionals will result in the lowest overall borrowing costs to the County.

Most financing professionals are compensated from bond proceeds upon issuance. However, legal, municipal advisory, and feasibility consultant services may require payment for hourly services regardless of whether an issue is sold. Arbitrage rebate consultants, trustees, paying agents, and custodians generally charge annual fees for services provided after issuance.

5.1 External Finance Professionals

- A. **Bond Counsel:** Prepares necessary bond resolutions, bond indentures, establishes underlying legal framework for the issuance, reviews all documentation and opines as to legalities relating to the issue.
- B. **Disclosure Counsel:** Prepares the official statement or other disclosure for a debt issue.
- C. **Tax Counsel:** Opine on tax matters associated with the offering and preparation of filings necessitated by IRS rules.
- D. **Independent Municipal Advisor(s)** (MA): May be engaged by the County, if deemed advisable or appropriate by the DAC, to

provide independent analysis to the County of proposed public financings on such terms and conditions as ratified by the Board. The County Administrative Office, subject to Board ratification, shall have the discretion to hire MAs with respect to any particular proposed public financing or more generally to provide advice with respect to the public financing needs of the County on a periodic basis. The MA, and any related entity, shall be prohibited from: (i) receiving any payments from the underwriter(s) with respect to the proposed public financing; and (ii) selling any securities or derivative products to the County during the period it is acting as MA to the County. In the event it is determined that it is not necessary or advisable for the County to hire a MA with respect to a particular proposed public financing, the County shall perform any responsibilities which might otherwise have been performed by the MA.

- E. **Feasibility Consultants:** Determine feasibility of complex debt issues as required by statute or at the County's discretion.
- F. **Underwriters:** Contractually commit to purchase and market the debt issue on negotiated sales, or may be the successful bidder(s) on competitive sales.
- G. **Underwriter's Counsel:** Selected by the underwriter to act as counsel to the underwriter on negotiated sales.
- H. **Special Tax Counsel:** Advises the County and bond counsel on tax related matters if tax counsel does not have the appropriate level of expertise. Customarily applicable to Mello Roos issuance.
- I. **Ratings Agency Analysts:** Conduct financial reviews of the County and the debt issue to assign short and/or long-term ratings and will monitor the County's financial condition for possible adjustments to the assigned rating. Subsequent reviews can be initiated by either the County or the ratings agency.
- J. **Credit Enhancement Providers:** Provide credit enhancements for debt issues including, but not limited to, insurance, liquidity facilitation, and letters of credit. Banks providing enhancement must be rated at least "A" by an NRSRO, approved by the County, and properly licensed to conduct business within the state of California. Bond insurance must be provided by nationally recognized municipal bond insurers who are rated at least "A" by an NRSRO. Contracts with credit enhancement providers should be structured, if possible, to protect the County's interests in the event of ratings downgrades, financial deterioration of the enhancement provider, and other material events likely to affect the issuance.
- K. **Arbitrage Consultants:** Calculate investment returns on bond proceeds, arbitrage rebate amounts, and prepare the associated tax returns and forms.
- L. **Trustees, Registrars, Paying Agents, and Fiscal Agents:** Banks or trust companies that provide vital corporate trust services throughout the term of the debt issue.
- M. **Investment Advisors:** Provide advice as to investment of proceeds of debt issuances in appropriate investment vehicles.

Section 6 – Financial Disclosure, Monitoring, and Recordkeeping

To assure clear, comprehensive, and accurate financial information, the County is committed to meeting secondary disclosure requirements on a timely and comprehensive basis, cooperating fully with rating agencies, institutional and individual investors, County departments and agencies, other levels of government, and the general public. Complete and accurate disclosure supports the taxable or tax exempt status of bonds issued by the County and provides transparency regarding County finances and operations.

The County Administrative Office, Treasurer-Tax Collector, and Auditor-Controller, pursuant to their authority, shall be responsible for the following as they apply to County long-term and short-term debt issues:

- A) Providing the trustees and/or dissemination agents ongoing disclosure information for filing with the MSRB via EMMA. The County may elect to utilize the services of a dissemination agent for continuing disclosure reporting; however, the responsibility for ensuring the reports are filed timely remains with the County.
- B) Maintaining compliance with disclosure standards promulgated by State and Federal regulatory bodies.
- C) Ensuring the Comprehensive Annual Financial Report (CAFR) and continuing disclosure statements meet (at a minimum) the standards articulated by the Government Accounting Standards Board (GASB), the SEC, and Generally Accepted Accounting Principles (GAAP).
- D) Monitoring to ensure all covenants and annual continuing disclosure requirements are complied with, including requiring each County department, agency, district, or authority to notify the County Administrative Office immediately upon the occurrence of any event, specified in Rule 15c2-12 under the Securities Exchange Act of 1934, which must be filed with EMMA. Examples of such events are credit rating downgrades, major disasters, major litigation, default on existing debt, bankruptcy, etc. and for Tax and Revenue Anticipation Notes (TRANs) issuance, ensuring cash deficit requirements are met for each issuance, to meet arbitrage and rebate requirements and protect the tax-exempt status of each issuance.
- E) Submit an annual report to the CDIAC. The annual report will cover the period July 1, to June 30, inclusive and shall be submitted no later than seven months after the end of the reporting period by any method approved by CDIAC. The annual report shall consist of the following:
 - 1. Debt authorized during the reporting period, which shall include the following:
 - Debt authorized at the beginning of the reporting period.
 - Debt authorized and issued during the reporting period.
 - Debt authorized but not issued at the end of the reporting period.

- Debt authority that has lapsed during the reporting period.
 - 2. Debt outstanding during the reporting period, which shall include the following:
 - Principal balance at the beginning of the reporting period.
 - Principal paid during the reporting period.
 - Principal outstanding at the end of the reporting period.
 - 3. The use of proceeds of issued debt during the reporting period, which shall include the following:
 - Debt proceeds available at the beginning of the reporting period.
 - Proceeds spent during the reporting period and the purposes for which it was spent.
 - Debt proceeds remaining at the end of the reporting period.
- F) When applicable, applying the private business use, private payment or security, and the private loan financing tests to ensure the tax-exempt bond issues are not issues of private activity bonds. Monitoring shall include:
1. Reviewing the amount of existing private use of bond-financed facilities,
 2. Identifying any new sale, lease or license, management contract, or other arrangements involving the private use of a bond-financed facility, and
 3. Promptly consulting with bond counsel as to any possible private use of a bond-financed facility and any necessary remedial action. Generally, an issuer will not loan more than five percent (5%) of the proceeds of an issue to one or more nongovernmental persons. The issuer does not expect to allow and will not allow more than ten percent (10%) of the sale proceeds and investment proceeds of the issue or of the bond-financed facility to be privately used directly or indirectly by any nongovernmental person in any trade or business, other than as a member of the general public. For purposes of the preceding sentence, “10%” is reduced to “5%” for nongovernmental use of any facility financed or refinanced from the proceeds of an issue which are disproportionate to or not related to the governmental purposes of the issue. Absent an opinion of counsel a nongovernmental person is treated as “privately using” proceeds of the issue to the extent the nongovernmental person:
 - a. borrows proceeds of the issue,
 - b. uses the bond-financed facility (e.g., as owner, lessee, service provider, operator or manager), or
 - c. acquires the output (or throughput) of the bond-financed facility.
- G) When applicable, establishing and maintaining a system of monitoring, reporting and recordkeeping to meet the arbitrage rebate compliance requirements of the federal tax code. Arbitrage in the municipal bond market is the difference in the interest paid on the tax-exempt bonds and the interest earned by investing the bond proceeds in taxable securities. If interest rates on investments are higher than the interest on the bonds, there is positive arbitrage. The tax code requires that, to the extent the investment yield exceeds the bond yield, such excess must be rebated to the federal government, subject to the exceptions discussed in paragraph 3, below. The system shall include annually:
1. Ensuring investments of proceeds comply with yield restrictions throughout their investment life;
 2. Tracking the investment earnings on bond proceeds since issuance and calculating any rebatable earnings (rebatable earnings are amounts earned from the investment of the gross bond proceeds at a yield in excess of the yield on the issue);
 3. Applying exceptions to the application of rebatable earnings for certain investments of bond proceeds [e.g., if investments were (i) during a temporary period, (ii) part of a reasonably required reserve or replacement fund, or (iii) as part of a minor portion (an amount not exceeding the lesser of 5% of the sale proceeds of the issue or \$100,000)];
 4. Remitting any rebatable earnings to the federal government no later than sixty (60) days after the end of every fifth (5th) bond year throughout the term of a bond issue. The County Administrative Office has the authority to contract with parties specializing in arbitrage/rebate calculations, if deemed necessary; and
 5. Satisfying the Arbitrage Rebate/Yield Reduction Filing Requirements-Form 8038-T or Form 8038-R, if applicable.
- H) Ensuring debt service for all existing and anticipated debt is properly budgeted and appropriated for each fiscal year and documenting any specific revenue sources for repayment.
- I) Initiating scheduled debt service payments.
- J) Reconciling bank statements for money managed by trustees.
- K) Validating all payments for construction and other debt related expenditures.
- L) Retaining all material records related to bond financings, in a combination of paper and electronic forms, including, but not limited to:
1. Records relating to the bond transaction, including documents prepared by bond counsel, audited financial statements, offering documents (including the official statements), minutes and resolutions authorizing the bond financings, appraisals, surveys, feasibility studies, documents related to government grants, publications/articles related to County bond financings, correspondence, any IRS correspondence or examinations, and arbitrage related documents and calculations;
 2. Documentation evidencing expenditure of bond proceeds;
 3. Documentation evidencing use of bond-financed property;

4. Documentation of allocation of bond proceeds to issuance costs;
 5. Copies of construction and purchase contracts, requisitions, draw schedules, draw requests, invoices, bills, and cancelled checks related to bond proceeds spent for construction or purchase of bond financed facilities;
 6. Copies of all agreements, contracts, leases, subleases, ownership documentation, and entity formation documentation;
 7. Documentation evidencing all payments and security for the bonds;
 8. An asset list or schedule of all bond-financed facilities or equipment;
 9. Depreciation schedules for bond-financed depreciable property; and
 10. The tracking of purchases and sales of bond-financed assets.
- M) Maintaining material records for as long as the bonds are outstanding plus three (3) years after the final redemption date of the bonds.
- N) Ensuring all County staff involved with debt issuance will be provided pertinent educational resources, enrolled in training/educational seminars and classes, and trained by knowledgeable staff to ensure compliance with all applicable Federal and State laws and regulations.

Section 7 – Types of Debt Permitted to be Issued

The County may engage in issuance of the following types of debt when circumstances, resources, and appropriate planning suggest their need and use.

7.1 Short-term Debt

- A. Bond Anticipation Notes: used to obtain interim project financing when bonds are approved but not yet issued.
- B. Grant Anticipation Notes: used to eliminate cash flow deficits associated with funding delays on State or federally funded programs.
- C. Tax and Revenue Anticipation Notes: used to eliminate cash flow deficits before receipt of taxes and other revenue in the same fiscal year.
- D. Other types of short-term debt promulgated by statute or regulatory authority that serves a beneficial public purpose (includes dry period loans).

7.2 Long-term Debt

- A. General Obligation Bonds and Limited Obligation Bonds: used for acquisition and improvements of land and buildings.
- B. Special Assessment Bonds: used for facilities of local benefit to property.
- C. Tax Allocation Bonds: used for public projects within a redevelopment project area.
- D. Certificates of Participation and Lease Revenue Bonds: use unrestricted.
- E. Revenue Bonds: used for revenue producing facilities.
- F. Taxable Bonds: Required if there is a private, non-governmental purpose of financing. Used to avoid arbitrage rebate restriction on projects with anticipated completion dates beyond three (3) years after issuance.
- G. Mello-Roos Bonds: used for community facilities development.
- H. Marks-Roos Bonds: issued by a joint power authority (JPA) to provides loans to local agencies to finance public capital improvements, working capital, and insurance programs. Voter approval is not required.
- I. Pension Obligation Bonds and Other Post-Employment Benefits (OPEB) Bonds: issued to fund the obligation to pay pension benefits and other post-employment benefits.
- J. Judgment Obligation Bonds: issued to finance legal obligations resulting from litigation.
- K. Other securitizations of County revenues: issued to obtain lump sum cash from a multi-year income stream.

Section 8 – Permitted Structural Features

- A. Maturity of the debt issued cannot exceed that permitted by law.
- B. Maturity of the debt shall not exceed the estimated useful life of the project being constructed or improved with the proceeds of the debt, regardless of the legally permitted final maturity.
- C. Compound interest bonds (also known as zero coupon bonds or capital appreciation bonds) are sold at a deep discount from par but do not require interest or principal payments until maturity or sinking fund dates. Subject to specific structural restrictions, they are to be used for projects that will not generate sufficient revenue to permit semi-annual debt service until some time in the future. Premium bonds are those sold at a premium over par. The premium cannot exceed that permitted by law.
- D. In most cases, annual debt service will be approximately level with semi-annual interest coupons. Non-level debt service may be utilized if the structure results in a favorable financial outcome. Annual payments may be considered for multi-participant JPA or MOU financings.
- E. A mandatory redemption feature may be used on revenue bonds to call bonds with revenues produced in excess of those required to

debt service. An optional call feature should be used on special assessment bonds to call bonds from proceeds of assessment prepayments.

- F. Credit enhancements, such as bond insurance or a letter of credit, are to be used if they result in an overall net debt service savings. In any event, credit enhancement is required for the use of Mello-Roos bonds in the County. A cost versus benefit analysis must be reviewed by the County Administrative Office to determine whether to purchase bond insurance or to issue bonds based on the stand-alone credit rating.
- G. Debt issues should be structured to be senior lien obligations; junior lien obligations are to be avoided due to the higher interest rate demanded by investors, but may be required dependent on the credit and structure of bond issuance.
- H. Derivative products such as interest rate swaps and hedges, while permissible, impose additional risks. Use of derivatives must first be analyzed by the County's MA, reviewed by the DAC, and approved by the Board.
- I. If necessary for federal tax law purposes, a reimbursement resolution should be approved by the Board for qualifying capital projects that require expenditures prior to the issuance of the debt to enable those expenditures to be reimbursed in the debt issue sizing.

Section 9 – Specific Permitted Features by Type of Debt

9.1 General Obligation

General obligation bonds pursuant to State law require a two-thirds majority of those voting in a local election to authorize a bond issue for a specific purpose. They may be issued to acquire, construct, and improve real property, but cannot be used to purchase equipment or for operations and maintenance. Both competitive and negotiated sales are permissible. The bonds cannot be sold at a discount from par and the interest rate cannot be higher than the statutory limit of twelve percent (12%) nor that approved by the voters. The maximum aggregate outstanding amount of general obligation bonds may not exceed 1.25% of the assessed valuation of all real and personal property in the County, except that for water conservation and flood control projects and construction of certain County roads, the maximum may increase to 3.75%. The maximum maturity cannot exceed forty (40) years, and in no event shall it exceed the useful life of the project being financed. Annual debt service shall be approximately level. If the proceeds of the debt issue are to be used for construction of a project, the issue should be sized to include a reasonable contingency factor, depending upon the certainty of the cost of the project. An optional call feature should be included, and any funds remaining after construction of the project should be used to call outstanding bonds. A debt service reserve is not required. A credit enhancement may be employed if it reduces the overall net cost of the issue.

9.2 Revenue Obligations

Enterprise Revenue bonds are to be used to acquire or construct a specific project and are to be repaid solely from the revenue, or net revenue, produced by such enterprise. Bondholders are only entitled to repayment from such revenue or net revenue and have no recourse to the general fund. The net revenue coverage ratio (gross revenue less operations and maintenance cost) goal of 1.25 times annual debt service is desired. A debt service reserve equal to the highest annual debt service (limited by Tax Code to 10% or proceeds) may be dictated by the market. There is no stated maximum maturity, but in no event shall it exceed the useful life of the project being financed. Annual debt service should be approximately level unless rate increases have been implemented. If the proceeds of the debt issue are to be used for construction of a project, the issue should be sized to include a reasonable contingency factor, depending upon the certainty of the cost of the project. An optional call feature should be included, and any funds remaining after construction of the project should be used to call outstanding bonds. A credit enhancement may be employed if it reduces the overall net cost of the issue. Estimated costs of issuance may be included in sizing the issue. Capitalized interest from the dated date of the bonds to six months after the anticipated completion of the project or until revenues are sufficient to pay debt service may be included in the issue sizing, as determined by the MA and/or Debt Advisory Committee (DAC).

9.3 Fixed and Variable Rate Debt

To maintain a predictable debt service burden, the County will give preference to debt that carries a fixed interest rate. An alternative to the use of fixed rate debt is floating or variable rate debt. It may be appropriate to issue short-term or long-term variable rate debt to diversify the County's debt portfolio, reduce interest costs, provide interim funding for capital projects, or improve the match of assets to liabilities.

Fixed rate debt should be considered as a primary structural tool for project financings, so that annual debt service requirements are not subject to interest rate exposure and will not vary as interest rates change. However, other forms of rate structures may be used if they result in favorable financial outcomes.

Budgetary safeguards should be in place before incurring variable rate debt, and such debt should never amount to more than twenty percent (20%) of all outstanding debt. Before incurring variable rate debt, careful consideration should be given to current market conditions and trends, including the costs and availability of Liquidity Facilities. The County's cost for administering variable rate debt should be considered when comparing fixed and variable rate debt.

Variable rate debt may be used if interest rates are high and market expectations are that rates will decline. While variable rate debt permits the County to obtain lower rates than fixed rate debt, the County is subject to interest rate risk. The frequency with which the interest rate on the debt is reset has a direct effect on the amount of interest to be paid. Variable rate debt should only be used if the County can be converted to fixed rate debt. The County will consider the use of interest rate caps on any variable rate issue.

The use of synthetic interest rate swaps may be employed if their use is determined advisable by the County's MA, reviewed by the DAC, and approved by the Board.

9.4 Lease-backed Debt

COPs provide long-term financing through a lease or installment sale agreement that does not constitute indebtedness under the State constitutional debt limitation and are not subject to other statutory restrictions applicable to bonds, including interest rate limitation, election requirements, competitive sale requirements, or semiannual or fixed rate interest payment restrictions. COP debt was aggregated with General Obligation debt by Debt Management Policy

Board of Supervisor resolution on August 16, 2005 to maximize aggregate County debt 1.25% of countywide assessed value. Rental interruption, earthquake, and other insurance should be provided. COPs shall require specific noticing for public hearings to be held for any such financing.

Lease revenue bonds are like COPs because they are both based on a lease agreement and are not subject to the constitutional debt limitation. The financed project may be revenue producing or non-revenue producing. The issuer (lessor) must lease to another public entity and receive lease payments in return that are sufficient to meet the debt service on the issue. Title must revert to the issuer after the bonds are paid in full. Lease revenue bonds cannot bear an interest rate above the legal maximum.

9.5 Special Obligation Debt

Assessment district debt may be levied to provide infrastructure improvements to defined communities of interest. Sizing of the issue may include engineering costs, legal and financing costs, and a debt service reserve. The ratio of land value to assessment lien must be at least 4 to 1 on a per parcel basis. As there is generally no obligation of the issuer to make up any delinquencies or defaults, it is necessary to provide a covenant to foreclose. Balloting for the assessment protest procedures must be in compliance with Proposition 218.

Tax allocation bonds may be issued by redevelopment agencies to revitalize blighted and economically depressed areas of the County and to promote economic growth. They may be structured as tax-exempt bonds or federally taxable bonds. If tax increment is the sole source of repayment, it must meet a reasonable coverage test for annual debt service. The bonds must be sold by competitive sale and cannot bear an interest rate above the legal maximum. However, the bonds can be sold to the JPA at negotiated sale. Refunding bonds can be negotiated, as can housing bonds. The issue must include capitalized interest to cover the period before sufficient incremental taxes will be realized. A professional analysis of projected tax increment is required for any tax allocation bond. The County must pursue all appropriate pass-through agreements prior to debt issuance. The County may contract with a professional firm to prepare an economic feasibility determination in support of debt issuance.

9.6 Conduit Issues

Industrial development bonds may be issued under the California Industrial Development Financing Act to assist private companies in financing certain projects. Bonds issued under the Act are repaid solely by private enterprise, and no taxes or other public moneys are obligated. The maximum term is forty (40) years, the interest rate cannot exceed 12%, and they may be sold at either competitive or negotiated sale.

There are a number of federal tax law limitations and restrictions applicable to industrial development bonds.

The County may act as a conduit issuer for entities qualifying under statute for tax exempt financing when the County is expressly held harmless as documented in the bond covenants.

The County may utilize the California Statewide Communities Development Authority (CSCDA) short-term Tax and Revenue Anticipation Note (TRAN) program and affiliated long-term CaLease program when appropriate to reduce cost of issuance. The County is a member of the Authority. In addition, the County may participate in other joint powers or related agreements with public or quasi-public entities for beneficial issuance of debt instruments.

9.7 Taxable Debt

Taxable debt may be issued when facilities include private uses that exceed statutory thresholds. Taxable debt may be used when its use is determined to be structurally favorable to the overall financing. There are no arbitrage restrictions on taxable debt. There are also no restrictions as to use of the bond proceeds and on the amount of private participation. Taxable debt may be sold by competitive or negotiated sale. Taxable debt may be issued in conjunction with tax exempt debt when economically in the best interest of the County.

9.8 New Financing Methods and Techniques

Changing federal regulations and the shifting concerns of rating agencies mean that the County operates in a dynamic financial environment. This policy is not intended to hinder the County's use of any new financing techniques that may arise.

Proposals for financing methods not included in this policy should be addressed to the DAC. If the DAC approves of such financing methods, the DAC should recommend their use to the County Administrative Office. This policy should then be amended to reflect any new financing techniques recommended by the DAC and approved by the Board.

Section 10 – Mello-Roos Debt

10.1 Local Goals and Policies

Adopted by the Board of Supervisors on March 29, 1991, the County's Mello-Roos Policy is restated and incorporated into this Debt Management Policy with only minor modifications. Section 53312.7(a) of the California Government Code required the County to consider and adopt local goals and policies concerning the use of the Mello-Roos Community Facilities Act of 1982 (the "Act"), prior to the initiation of proceeding on or after January 1, 1994 to establish a Community Facilities District (also known as Mello-Roos district) under the Act. This policy was intended to satisfy the requirements of the Act and provides specific guidance for approval of public financing for provision of public facilities and services in proposed development projects through Community Facilities Districts. In addition, this policy established the standards and guidelines for the review of these proposed development financings by County staff and its designated agent(s), the Budget Committee, and ultimately the Board. In those cases in which fixed lien special assessment or other types of land based financing is substituted for Community Facilities Districts, the County will apply applicable provisions of this policy.

10.2 Priorities for Financing

The priority that various kinds of public facilities and services will have for financing through the County's use of the Act are as follows:

- Public facilities to be owned and operated by the County that constitute regional or backbone infrastructure required to serve proposed development;

- Other public facilities (excluding in-tract infrastructure) to be owned and operated by the County for which there is a clearly demonstrated public benefit; and
- Services authorized to be financed pursuant to the Act; and
- In-tract infrastructure to be owned and operated by the County.

Generally, public facilities to be owned or operated by a public agency other than the County, including such public facilities financed in lieu of the payment of development fees imposed by such public agency, will not be financed through the County's use of the Act; provided, however, that the County may consider the financing of such facilities on a case-by-case basis. Generally, privately owned facilities (that is, facilities not owned by a local agency) will not be financed through the County's use of the Act; provided, however, that the County may consider the financing of such facilities on a case-by-case basis.

10.3 Mello-Roos Policies

- A) **Consideration of Community Facilities Districts.** The Board of Supervisors will consider the use of community facilities districts (CFDs) as well as other financing methods to assist certain types of residential, and/or nonresidential development, where, in the County's opinion, the financing of public facilities satisfies a public need and represents a significant public benefit, while having the financial security to reasonably assure a sound investment for potential bondholders and minimize any County exposure to liability for actions taken on behalf of public financing projects. Effective January 1, 2008, CFD policies must include a statement of priority for services.

While recognizing that public facilities proposed to be financed must meet a public need and must benefit properties within the proposed development project, public benefit implies that a significant public benefit will also result to the community at large. An example of significant public benefit is a public facility having regional impact such as an all-weather bridge, a freeway overpass, or a regional water or wastewater treatment plant. In respect of the foregoing, the County will give priority to the financing of backbone regional public infrastructure improvements that produce significant public benefit. Significant public benefit can also take the form of the provision of affordable housing through reduced housing costs.

CFD financing will be permitted for public improvements that will benefit the expected long-term property owners, and whose useful life will be equal or greater than the longer of (a) five (5) years or (b) the term of the bonds.

- B) **Consistency with Comprehensive General Plan.** The proposed development project must be consistent with the County's Comprehensive General Plan and have secure appropriate land use approvals from the County to allow for the implementation of the development of the area as contemplated.
- C) **Ownership of Facilities.** Facilities which, upon completion, are to be owned, operated, or maintained by public agencies shall be considered public facilities. Limited exceptions will be made for certain facilities that are to be owned, operated, or maintained by private utilities and homeowner associations.
- D) **Appraisal.** An appraisal of the property subject to any lien required to secure any public financing shall be required. A minimum property value to lien/debt ratio of 4:1 (including any overlapping assessment or community facilities districts) must be present pursuant to Premise 3 entitled "Bulk Land Value" as set forth in Attachment A as determined by an M.A.I appraisal. The appraisal shall be reviewed by the County and shall be prepared as set forth in Attachment A hereto.
- E) **Absorption Study.** Unless waived by the County, an absorption study of the proposed development project shall be required for CFD financings. The absorption study shall be used as a basis for verification that sufficient revenues can be produced to fully and timely satisfy debt service requirements and costs of services and to determine if the financing of the public facilities and services is appropriate given the timing of the development. Additionally, the projected absorption rates will be provided to the appraiser for use in the appraisal.
- F) **Rate and Apportionment of Special Tax.** With regard to CFDs, the proposed rate and method of apportionment of the special tax shall comply with the following criteria:
1. The rate and method of apportionment shall not provide for an annually increasing maximum special tax for any classification. However, subject to County approval in its sole discretion, under appropriate circumstance, as determined by the County, an increase in the maximum special tax may be permitted, not to exceed two percent (2%) annually.
 2. The total projected annual special tax revenues must exceed the projected annual gross debt service on the bonds by at least ten percent (10%). In structuring the special tax, projected annual interest earnings on bond reserve funds shall not be included as revenue for the purpose of this calculation.
 3. In limited cases, as determined by the County in its sole discretion, a special tax for services may be permitted and the annual special tax may increase to reflect projected increases in costs to provide the applicable services in an amount to be determined by the County, in its sole discretion.
 4. The projected annual special tax revenues shall include amounts projected to be sufficient to pay reasonable annual administrative expenses and other direct costs to the CFD.
 5. All property not otherwise statutorily exempted or owned (or to be owned) by a public entity shall bear its appropriate share of the special tax liability.
 6. The special tax shall be apportioned on a reasonable basis to categories and classes of property within the CFD subject to the special tax.
 7. A formula to prepay the special tax may be permitted.
 8. The projected ad valorem property tax and other direct and overlapping debt for the proposed development project (including

estimated CSA charges, projected benefit assessments, levies for authorized but unissued debt and any other anticipated municipal charges which may be included in a property owners annual tax bill), including the proposed maximum special tax, may not exceed two percent (2%) of the anticipated original sales value of each improved parcel upon completion of the bond financed improvements and the reasonably anticipated private improvements. Real estate market fluctuation downward can cause the overall rate, as a percentage of sales price or appraised value, to be in excess of the two percent (2%) limitation.

9. A backup special tax or other security device to protect against changes in densities resulting in insufficient annual special tax revenues to pay annual debt service and administrative expenses may be required at the sole discretion of the County.
- G) **Credit and Structure for Bond Issues.** Each bond issue shall be structured to adequately protect bondholders and to not negatively impact the bonding capacity or credit rating of the County through a combination of credit enhancements, foreclosure covenants, and special reserve funds. Specifically:
1. A credit enhancement will be required whenever one entity or related entities are responsible for twenty percent (20%) or more of the debt service obligation of the proposed debt issue. The required credit enhancement shall take the form of, and shall be provided as set forth in Attachment B, hereto.
 2. A foreclosure covenant will be required and shall be included in any applicable bond indenture or fiscal agent agreement.
 3. The County will require that capitalized interest on the initial series of bonds be funded from proceeds of the bonds and be limited to the amount necessary to pay debt service on the bonds until the first interest payment date occurring after the levy of the special taxes on the real property tax roll. Inclusion of capitalized interest on subsequent series of bonds will be at the County's discretion and will only be permitted if a direct benefit inures to the ultimate property owners.
 4. A reserve fund equal to the lesser of ten percent (10%) of the original principal amount of the bonds, maximum annual debt service or one hundred twenty five percent (125%) of average annual debt service (Reserve Requirement) shall be funded from the proceeds of each series of bonds. A reserve fund surety bond or letter of credit, provided by a municipal bond insurer, a major banking institution or other equivalent source, may be substituted, at the County's sole discretion.
- H) **Level Debt Service Requirement.** Bond issues should be structured with approximately level debt service. To the extent that bonds are issued in series, individual series of bonds may have uneven debt service if the intent is to create level debt service at such time as all series of bonds are issued and to minimize the potential of fluctuating annual special taxes.
- I) **Maximum Term of Bonds.** If a single series of bonds is contemplated, the term of the bonds shall not, by statute, exceed forty (40) years. It is County policy to attempt to restrict such bonds to a term of thirty (30) years. If multiple series of bond issue are contemplated, in no instance should an individual residential parcel be encumbered for debt service beyond a thirty-five (35) year period.
- J) **Disclosure.** Disclosure of the special tax lien shall be in compliance with applicable statutory authority. The County, in its sole judgment, may require additional property owner notification if it deems such disclosure will assist subsequent property owners to be made aware of the lien obligation. In addition, applicants for CFD financings and all major landowners will be required to co-operate prior to and subsequent to all bond sales with initial and continuing disclosure to bondholders and the financial markets. Applicants and landowners will cooperate in the preparation, verification, and dissemination of the identity of land owners, development project plans, timetables, and statistics, and financial pro-forma information, and any other information the County and its financing team deem appropriate.
- K) **Payment of Initial Fees and Costs by Applicant.** No proposal to initiate the formation of a CFD financing will be considered valid without the payment of a fee to compensate the County for all costs incurred to perform its analysis of the proposal and to pay for the costs of conducting the proceedings. Applicants for public financing projects shall submit proposals to the Clerk to the Board of Supervisors. The County will review the proposal within sixty (60) days after it is deemed complete and make its determination whether or not to formally consider the proposed district. The applicant(s) shall deposit a minimum \$25,000 estimated fee amount with the Clerk to the Board of Supervisors at the time the proposal is submitted. Additional deposits will be required as needed to cover costs. The minimum fee will be increased to an amount determined by the County in its sole discretion to be appropriate given the size and scope of the proposed project or financing. The estimated fee amount shall be in the form of cash or other negotiable instrument. Failure to submit any requested increase in the deposit will result in a suspension of the processing of the financing.
- L) **Independent Review by County.** The County will perform an independent review of the proposed public financing and may take recommendations to the Board regarding the financial risk, impact on the County's bonding capacity, economic feasibility and related issues. The applicant(s) shall be required to provide current and two (2) prior year financial statements, preferably audited, of the entity responsible for the development and initial payment of special taxes and other materials to assist the County or its agent in its fiscal review.
- M) **County to Select Professionals.** The County shall select the bond counsel, underwriter, financial advisor, appraiser, absorption consultant, special tax consultant and other professionals and consultants it deems appropriate. No payment from special tax or bonds will be made for property owner consultants.
- N) **Cooperation by County Departments.** All appropriate County departments will cooperate with the initiating department, the County Administrative Office and the Debt Advisory Committee (DAC) in conducting the necessary reviews and proceedings.
- O) **Limited Security for Bonds.** All statements and materials related to the sale of CFD bonds shall emphasize and state that neither the faith, credit nor the taxing power of the County is pledged to the repayment of the bonds.
- P) **County to Acquire Completed Facilities.** It is the desire of the County that it incur no liability for the design, engineering and maintenance of the public improvements to be financed through bond proceeds. It is the preference of the County to use the "acquisition district" approach to pay for CFD financed public infrastructure, under which bond proceeds will be released only upon completion of the financed improvement or approved components thereof and acceptance by the entity which is to own, operate, and maintain the improvement. All contracts for public improvements to be owned, operated or maintained by the County shall be consistent with the requirements set for the in Attachment C, hereto.

- Q) **County's Use of Financial Consultant.** The County may, at its sole discretion, employ a financial consultant to assist the County during its fiscal review period and all costs for consulting services will be borne by the applicant(s).
- R) **Disbursement of Bond Proceeds.** The financing documents will provide that bond proceeds will be used and disbursed at times and in the manner as specified in the indenture or fiscal agent agreement pursuant to which the bonds are issued.
- S) **Report in Event of Default.** For outstanding bond issues, all County departments and agencies with administrative responsibilities will notify the Board and file a written report of the circumstances if an event of default under the financing documents has occurred.
- T) **Refunding of CFD Bonds.** All proposed refunding or refinancing issues will be submitted to the County for review with complete disclosure of the benefits and costs of the proposed refinancing. A preliminary and final official statement or disclosure statement for any bonds to be refunded shall be filed with the County Treasurer-Tax Collector, County Counsel, Office of the Auditor-Controller, and Clerk of the Board of Supervisors.
- U) **Right to Modify or Waive Policies.** The County has the right to waive or modify any of the policies included herein if, in the County's judgment, benefit inures to the ultimate property owners, the CFD and/or to the County.

Attachment A – Criteria for Appraisals

- A. **Definition of Appraisal.** An appraisal is a written statement independently and impartially prepared by a qualified appraiser setting forth an opinion of defined value of an adequately described property as of a specific date, supported by the presentation and analysis of relevant market information.
- B. **Standards of Appraisal.** The format and level of documentation for an appraisal depend on the complexity of the appraisal problem. A detailed appraisal shall be prepared for complex appraisal problems. A detailed appraisal shall reflect nationally recognized appraisal standards, including, to the extent appropriate, the Uniform Appraisal Standards for Federal Land Acquisition. An appraisal must contain sufficient documentation, including valuation data and the appraiser's analysis of the data, to support his or her opinion of value. At a minimum, the appraisal shall contain the following items:
1. The purpose and/or the function of the appraisal; a definition of the estate being appraised, and a statement of the assumption and limiting conditions affecting the appraisal.
 2. An adequate description of the physical characteristics of the property being appraised; location, zoning, present use, and analysis of the highest and best use.
 3. All relevant and reliable approaches to value consistent with commonly accepted professional appraisal practices. If a discounted cash flow analysis is used, it should be supported with at least one other valuation method such as a market approach using sales that are at the same stage of land development. If more than one approach is utilized, there shall be an analysis and reconciliation of approaches to value that are sufficient to support the appraiser's opinion of value.
 4. A description of comparable sales, including a description of all relevant physical, legal and economic factors such as parties to the transaction, source and method of financing, and verification by a party involved in the transaction.
 5. A statement of the value of the real property.
 6. The effective date of valuation, date of appraisal, signature and certification of the appraiser.
- C. **Conflict of Interest.** No appraiser or review appraiser shall have any interest direct or indirect in the real property being appraised for the Agency that would in any way conflict with the preparation or review of the appraisal. Compensation for making the appraisal shall not be based on the amount of valuation.
- D. **Community Facilities District Appraisal Premises.** The valuation of proposed special tax districts should be based on three premises:
1. **Raw Land Value. (Premise #1).** The total land within the project is valued "as is":
 - a. Without any existing infrastructure.
 - b. Without proposed infrastructure being financed.
 - c. With existing parcel configuration.
 - d. Considering planned densities allowed by the specific plan of the project. This is a typical type of land valuation.
 2. **Project Build-out Value. (Premise #2).** The total land within the project is valued under projected conditions:
 - a. With proposed infrastructure being financed completed.
 - b. At the planned densities allowed by the specific plan.
 - c. Land development is at the stage of being marketed to merchant builders or tentative tract maps ready to be filed.

This is a projected value based on project plans predicated on market conditions continuing as projected.
 3. **Bulk Land Value. (Premise #3).** The total land within the project is valued under projected conditions:
 - a. With proposed infrastructure being financed completed.
 - b. With existing parcel configuration.
 - c. Considering planned densities allowed by the specific plan of the project.

This premise should consider a discounted or "quick sale" valuation considering time, costs, and the possibility of a per unit value based on the total size of the project.

Attachment B – Policy on Credit Enhancement

- A. With regard to formation of a Community Facilities District pursuant to the Mello-Roos community Facilities Act of 1982, as amended, if a property owner or owners would be responsible for ten percent (10%) or more of the total annual special tax to be levied within the proposed boundaries of the District, then said property owner or owners will be required to provide a Letter of Credit naming the County of Monterey as beneficiary.
- B. The Letter of Credit will be drawn down by the County to call and redeem all bonds allocable to said property owner or owners, pay interest thereon through redemption, bond call premiums and an associated costs and penalties when the property owner or owners are deemed to be in default under the terms of the required contractual agreement between the property owner or owners and the County for payment of annual assessed special taxes.
- C. The terms of the agreement with the bank providing the Letter of Credit shall require the bank to provide sixty (60) days notice of termination or expiration for any cause to the County, and permit, if fifteen (15) days prior to expiration no replacement or renewal Letter of Credit is in place that will be in effect upon the expiration date, the County to draw upon the Letter of Credit and call and redeem the allocable bonds, pay interest thereon through redemption, call premiums and any associated costs and penalties.
- D. The Letter of Credit is to be in an amount equal to 110% of the gross principal amount of the bonds allocable to the said property owner or owners plus an amount sufficient to pay the maximum accrued interest and bond premium, if any, through call and redemption of the allocable bonds in event of default in payment of special tax by said property owner or owners. The Letter of Credit shall be in force and renewed continuously for a period beginning on the date before the delivery of the bonds and continuing until such time as the said property owner or owners annual tax liability falls below ten percent (10%) of the gross annual special tax being levied within the boundaries of the proposed District. The amount of the Letter of Credit may be reduced on an annual basis, commencing on the anniversary date of the day prior to delivery of the bonds as the aforementioned property owner or owners sell portions of their property.
- E. The Letter of Credit must be issued by a financial institution acceptable to the County, the long term unsecured obligations of which are rated at least “single-A” or better by a NRSRO.
- F. “Property owner or owners” as used here shall mean owners at the time of commencement of the CFD, owners owned or controlled by said owner or any related owners and any successor property owner.

Attachment C – Construction Contracts for Community Facilities Within Mello-Roos Districts

With regard to the construction of public facilities that are to be financed from the proceeds of bonds sold pursuant to the Mello-Roos Community Facilities Act of 1982, as amended, (commencing with Section 53311 et seq. of the Government Code) (the “Act”) the following policies are to be applied:

- A. The appropriate County department will be specified as the District’s representative to administer the construction of each of the facilities to be owned and maintained by the County.
- B. The facilities to be owned and maintained by the County are to be constructed and/or acquired, by the District.
- C. Consistent with this policy, the County finds, pursuant to Section 53329.5(c) of the Act, that it will not serve the public interest to allow the property owners to elect to perform the construction of the facilities after the publication of the notice of the award of the contract and declaration to this effect is to be included in each resolution of intention submitted to the Board of Supervisors pursuant to Section 53321.

Attachment D – Required Basic Contractual Terms

Prior to delivery of the bonds, property owner or owners agree for timely payment of all annual assessed special taxes to the property owner or owners or its successors. An agreement will specify that a required Letter of Credit will be liquidated and applied to payment of the bonds via bond call provisions specified in the bond indenture in the event of default by the property owner or owners or its successors.

A default condition is defined as any installment (Section 2605 et seq. Revenue and Taxation Code) of property taxes where a lien for Mello-Roos assessments attaches to some installment and where such installment remains unpaid as of 5:00 p.m. on the delinquent date established for a tax installment (normally December 10 and April 10).

The agreement shall remain in full force and effect, and will be binding upon the property owner or owners or its successors in fee title as long as the property owner or owners (as defined by County Policy on Credit Enhancement) or its successors are responsible for payment of 10% or more of the total annual special tax to be levied for any fiscal year.

	Total Road Projects	35,113,618
Total FY 2025-26 Work Program, Road Fund - Fund 1201		61,420,006

Budget Development Process

The County's annual budget development process consists of five stages: 1) Budget Initiation; 2) Forecast; 3) Budget Development; 4) Budget Adoption; and 5) Budget Management. Offices and departments began their financial planning at mid-year, developing a detailed financial forecast. Offices and departments used the forecast to estimate future service levels afforded within their program revenue and general fund contributions (GFC). GFC are non-departmental monies allocated at the discretion of the Board of Supervisors to supplement an office's or department's program-specific revenues (federal or state allotments, service charges, etc.). Most offices/departments rely on GFC at some level to provide services and use their forecasts to plan capacity for funding future years' services. The County Administrative Office (CAO) presented forecast details to the Board of Supervisors during its March 11, 2025, meeting.

Following the forecast presentation, offices and departments submitted their FY 2025-26 Requested Budgets. These budgets included: (1) baseline spending plans and (2) augmentation requests. These represent the departmental proposed plans for operations in the next fiscal year, within the constraints of anticipated revenue and GFC. The CAO reviewed and prioritized requests based on the substantiation of benefits, alignment with the Board of Supervisors' priorities, and opportunities to leverage existing and/or new resources. In March, the CAO held workshops with (1) Elected Officials and Department Heads to receive departmental input; and then (2) before the Board of Supervisors to communicate fiscal challenges shaping next year's budget, hear departmental presentations, and receive the Board of Supervisors' general input. The CAO will consider incorporating suggestions in the FY 2025-26 Recommended Budget, primarily depending on resource availability and impact on countywide operations. Ultimately, this results in a deliberate, comprehensive, rational, and balanced spending plan for the coming year. This plan will be presented to the Board of Supervisors at the annual Budget Hearings on May 28-29, 2025, with adoption on June 17, 2025. Detailed budget development dates are in the County's Budget and Reporting Development Schedule on the following pages.

Budget Reporting and Development Schedule

Budget Development Schedule FY 2025-26

PLEASE NOTE: This schedule is subject to change.

	Date	Task/ Issue	Lead
SEPTEMBER	17	CAO-Budget & Analysis distribute the FY 2025-26 Budget Development Schedule to all departments (SharePoint).	CAO B&A
	17	CAO-Budget & Analysis distribute the FY 2025-26 Request for Change to Organization Structure form (SharePoint).	CAO B&A
	20	Information Technology and customer departments begin discussions for FY 2024-25 technology and telecom service needs and related charges.	ITD
	25	Budget Committee Meeting - (1:00 p.m. - Monterey Room)	CAO B&A
	30	CAO-Budget & Analysis initiates review of FY 2024-25 year-end results for preparation of Budget End of Year Report (BEYR).	CAO B&A
OCTOBER	11	Deadline: Departments submit narratives for BEYR.*	CAO B&A
	14	Deadline: HR & Payroll to provide MOU details for approved changes (if any) e.g. pay differentials, salary increases, etc.	Central HR/ Payroll
	14	Charging departments (ERP, Fleet, Mail Svcs., Facilities, Risk, Benefits, Health, etc.) begin review of FY 2024-25 year-end and FY 2025-26 services/ costs, including Indirect Costs (Cost Plan).	ITD, PFWP, ACO ERP, Gen'l Acctg.
	23	Review of HRM report, MC-HRM-POSN-0039 Authorized Position, correction/ cleanup as needed to match authorized position with employee and FTE counts; match BOS Adopted/ Current Year BOS approved position updates.	HR & Finance - All Depts
	25	Deadline: Departments submit FY 2025-26 Request for Change to Organization Structure form(s) to CAO Analysts.	Requesting Depts
	25	Deadline: Risk Mgmt. distributes FY 2024-25 (update) & FY 2025-26 cost allocations/ assumptions for Gen'l Liab., Work Comp, Other Insurance (for EPM programming & Three-Year Forecast).	Risk Mgmt
	25	Deadline: HR-Benefits distributes FY 2024-25 (update) & FY 2025-26 cost allocation changes/ assumptions for PERS retirement, OPEB, Med/ Dental, etc. (for EPM programming & Three-Year Forecast).	Central HR - Benefits
	25	Deadline: Health distributes FY 2025-26 Wellness Program cost changes/ assumptions for non-general fund budget units.	Health - Wellness
	30	Budget Committee Meeting - (1:00 p.m. - Monterey Room)	CAO B&A
NOVEMBER	12	CAO-Budget & Analysis prepares preliminary FY 2025-26 Non-Program Revenues Forecast.	CAO B&A
	12	Confirmation of EPM security assignment by all departments.	CAO B&A & ACO ERP
	15	CAO-Budget & Analysis publishes approved FY 2025-26 Request to Change to Organization Structure (SharePoint).	CAO B&A
	20	Review of HRM report, MC-HRM-POSN-0039 Authorized Positions, correction/ cleanup as needed to match authorized position with employee and FTE counts; match BOS Adopted/ Current Year BOS approved position updates.	HR & Finance - All Depts
	20	Departments submit and review new & reallocated positions in HRM before 1st HRM to EPM Load.	HR & Finance - All Depts
	20	Budget Committee meeting - (1:00 p.m. - Monterey Room) - Receives Budget End of Year Report (BEYR).	CAO B&A
DECEMBER	3	Board of Supervisors Meeting - Receives Budget End of Year Report (BEYR).	CAO B&A
	6	FY 2025-26 Budget Development kick-off meeting (9:00 a.m. - via Zoom)	All Depts
	6	CAO-Budget & Analysis distributes financial assumptions for development of the FY 2024-25 Three-Year Forecast.	CAO B&A
	6	CAO-Budget & Analysis issues preliminary budget baseline funding approach/ General Fund Contribution (GFC).	CAO B&A
	6	Issue Capital Improvement Program (CIP) Call for Project Updates to all departments.	PWFP - All Depts
	5-6	Training for EPM functionality, Year-End Estimate, and Three-year Forecast data entry.	CAO B&A
	9	1st EPM HRM to EPM Load & FIN to EPM Load.	ACO ERP, HR
	12	EPM Open for Year-End Estimates & Three-Year Forecast data entry.	CAO B&A
	16-17	EPM Year-End Estimate/ Three-Year Forecast Labs.	
	17	Deadline: Auditor-Controller's Office publishes FY 2025-26 Cost Plan plan draft.	ACO
JANUARY 2025	2	Review of HRM report, MC-HRM-POSN-0039 Authorized Position, correction/ cleanup as needed to match authorized position with employee and FTE counts; match BOS Adopted/ Current Year BOS approved position updates.	HR & Finance - All Depts
	2	Deadline: Service departments issue UPDATES TO FY 2024-25 Year-end Estimate (if applicable) and FY 2025-26 charges to customer departments (I.T., telecom, records retention, vehicle mtc, fleet mgmt, courier/ mail svcs., ERP, etc.).	Info Tech, RMA, Auditor
	3	Deadline: Depts submit HRM PSMT (position changes) to Central HR.	HR Analysts - All Depts
	3	Deadline: Depts finalize Year-End Estimate and Three-Year Forecast data entry in EPM.	All Depts
	3	Deadline: Human Resources Updated Salary Tables for Approved and Completed Wage Analyses	Human Resources
	3	Depts to have all new and reallocated positions finalized before 2nd HRM to EPM Load.	HR & Finance - All Depts
	3	B&A Analysts begin review/ analysis of Year-End Estimates, Three-Year Forecast, fund balance, mid-year cost adjustments, etc.	CAO B&A
	6	Departments review FY 2025-26 Proposed State Budget.	All Depts
	6	Deadline: Other Fund departments submit year-end estimated fund balance, cancellations & provisions to obligated fund balance.	Fund Mgrs, FMs
	8	Deadline: Depts submit narrative to CAO B&A regarding proposed State Budget Impacts.	All Depts
	8	CAO B&A issues memo advising departments of "BLACKOUT" dates and related Board Report language.	CAO B&A

**Budget Development Schedule
FY 2025-26**

PLEASE NOTE: This schedule is subject to change.

Date	Task/ Issue	Lead
JANUARY 2025	10 State Budget Impacts Board Report to begin workflow through Legistar for BoS mtg.	CAO B&A
	17 2nd HRM to EPM Load, EPM closed for baseline preparation.	ACO ERP, HR
	17 Deadline: CAO Analysts finalize Year-End Estimates and Three-Year Forecast data entry in EPM.	CAO B&A
	17 Deadline: Departments enter capital project updates into the CIP Database.	All Depts
	24 Open EPM for Baseline Budget data entry.	ACO ERP, HR
	24 Deadline: Depts. submit narratives for Three-Year Forecast.*	CAO B&A
	24 Deadline: Departments submit pictures to CAO B&A for the FY 2025-26 Recommended Budget Book.	All Depts
	24 Deadline: Departments submit Requests to Classify (RTC) forms for FY 2025-26 new or reallocated positions to Central HR for approval.	HR Analysts - Applicable Depts
	29 Budget Committee Meeting - receives State Budget Impacts report.	CAO B&A
FEBRUARY	3 Departments run 4301/4305/4306 reports, verify correct position data transferred from HRM.	HR & Finance - All Depts
	3-5 EPM training for Budget Development 'Baseline' and Budget Augmentations.	CAO B&A
	4 Deadline: LDPC (HRM Labor Distribution Profile Codes) Requests to add/ delete/ update due to ERP for FY 2025-26.	HR & Finance - All Depts
	5 FY 2024-25 Three-Year Forecast & General Financial Policies begins Legistar workflow for BC & BoS mtg.	CAO B&A
	7 Deadline: Submit all HR-reviewed/ approved RTCs for new or revised positions to CAO Budget & Analysis.	Dept HR, Central HR
	7 Deadline: Departments submit Performance Measures for Recommended Budget Book to CAO Budget & Analysis.	All Depts
	11 Board of Supervisors Meeting - receives State Budget Impacts report.	CAO B&A
	18 Complete input of all Board approved positions for the current year (from the 2nd HRM load thru March 31, 2025) in HRM.	Central HR/ Dept HR Analysts/ CAO
	19-21 EPM Budget Development Baseline and Budget Augmentations Labs.	CAO B&A
	19 Review of HRM report, MC-HRM-POSN-0039 Authorized Position vs -4305/4306 to compare and verify Current Year Allocations to continue for FY 2025.	HR & Finance - All Depts
	19 Deadline: CAO B&A review Request to Classify (RTC) forms/ follow up as needed.	CAO B&A, HR, Depts
	19 BLACKOUT: Last day for position changes (new/ reallocations) until adoption of FY 2025-26 Budget.	CAO B&A, HR, All Depts.
	19-21 Depts. review requested positions; update info as needed; confirm current position info (position code/ count).	DHs/ FMs & HR
	26 Budget Committee Meeting - (1:00 p.m. - Monterey Room) Receives Three-Year Forecast & General Financial Policies.	CAO B&A
MARCH	3 Deadline: Departments finalize FY 2025-26 baseline and budget augmentation requests in EPM. Confirm positions; include related approved RTCs as attachments.	All Depts/ FMs
	4 EPM Requested Budget/ Stage 1 closed.	ACO ERP, CAO B&A
	7 CAO Analysts complete preliminary data entry in EPM for FY 2025-26 Recommended Budget.	CAO B&A
	7 Recommendation from Budget Director to CAO on available fund balance and budget augmentations.	CAO B&A
	10 Capital Committee Meeting - (3:30 p.m. - Monterey Room) - PWWP presents Draft CIP, unfunded CIP projects.	CAO B&A/ PWWP
	11 Board of Supervisors Meeting - receives Three-Year Forecast & General Financial Policies.	CAO B&A
	11 Deadline: Other Fund Departments submit revised fund balance and cancellations and provisions for reserves/ designations, if appropriate, for year-end estimate and requested budget.	Fund Mgrs, FMs
	17 Board Report on Status on the Development of FY 2025-26 Recommended Budget begins Legistar workflow (for Special Budget Workshop of the Board on 3/25/25 - date subject to change).	CAO B&A
	20 Recommended Budget Book - Budget Narratives Training and Lab.	CAO B&A
	21 Department Heads Budget Workshop - Place TBD - 9:00 a.m.	CAO B&A
	25 Special Meeting of the Board of Supervisors - Budget Workshop on the Status on the Development of the Recommended Budget - Board Chambers - 9:00 a.m.	CAO B&A
	26 Budget Committee Meeting - (1:00 p.m. - Monterey Room).	CAO B&A
	31 Deadline: Departments update CAO Analysts on significant changes to year-end estimate based on third quarter actuals.	Applicable Depts
	1 CAO Analysts make final adjustments to EPM FY 2024-25 Year-end Estimate, if material, based on third quarter estimates.	CAO B&A
APRIL	4 Preliminary confirmation to departments regarding FY 2025-26 recommended budget augmentation requests.	CAO
	4 Individual DH meetings w/ CAO if appealing FY 2025-26 recommendations.	CAO - DHs
	7 Deadline: Departments finalize Requested Budget narratives, including recommended budget augmentation requests.	All Depts
	7 Communicate Layoff Positions to Budget Analyst and Central HR.	HR & Finance - All Depts
	7 Inform Central HR if extension is needed for filled Allocation on Loan Positions.	HR & Finance - All Depts
	7 CAO Analysts revise Recommended Budget and Recommended Budget Book narratives, third-quarter year-end estimate changes, and BoS approved budget modifications.	CAO B&A
	7 Verify balanced FY 2025-26 Recommended Budget.	CAO B&A

**Budget Development Schedule
FY 2025-26**

PLEASE NOTE: This schedule is subject to change.

	Date	Task/ Issue	Lead
APRIL	7	Create EPM to HRM "Draft" position worksheet for departments to review/ confirm.	ACO - ERP
	4/9-4/30	Departments review "draft" position worksheet and confirm all positions, transfers, reorgs, reallocations, deletions, etc.	HR & Finance - All Depts
	11	CAO and Auditor-Controller review Year-end Estimated Fund Balance, Cancellations, & Reserves.	CAO B&A
	30	Budget Committee Meeting (1:00 p.m. - Monterey Room).	CAO B&A
MAY	1	Deadline: Dept. HR and finance sign off "Draft" EPM to HRM position spreadsheet to Auditor's Office.	HR/ Finance/ All Depts
	1	Deadline: All Advantage HRM transactions to reflect positions in EPM have been workflowed through CAO B&A and HR.	All Depts
	5	Auditor-Controller's Office provides Gann Limit information and Schedules for Recommended Budget Book.	CAO B&A & Auditor
	5	Prepare Notice to Taxpayers to publish by 5/15 (10 days before Public Hearings).	CAO B&A
	6	FY 2025-26 Recommended Budget goes to print.	CAO B&A
	7	FY 2025-26 Recommended Budget Summary Report(s) due in Legistar workflow (for BC).	CAO B&A
	7	Begin preparing "Adopted Budget" Board Reports for all agencies in Legistar, to be finalized immediately following Budget Hearings.	CAO B&A
	16	FY 2025-26 Recommended Budget available for review by public & departments.	CAO B&A
	21	Budget Committee Meeting - receives FY 2025-26 Recommended Budget Summary. (*Special meeting)	CAO B&A
	23	BoS - FY 2025-26 Recommended Budget Agenda(s) posted (for 5/28 & 5/29 hearings).	CAO B&A
	28-29	FY 2025-26 Recommended Budget Hearings (5/28 & 5/29, date subject to change).	CAO B&A
JUNE	2	Deadline: Submit detailed worksheet to Central HR and A/C-ERP for any position changes directed by Board at Budget Hearings.	CAO B&A
	2-3	Reconciliation and tabulation of position changes made during Budget Hearings.	Central HR/ ACO ERP/ CAO B&A
	2-3	Verify necessary position and budget changes based on Budget Hearing actions by the Board, for EPM data entry and preparation of Adopted Budget Resolution.	CAO B&A
	3	Create EPM to HRM "final" position spreadsheet for departmental review/ verification.	ACO ERP, Central HR
	2-4	Prepare worksheets to identify Budget Hearing changes to Recommended Budget, detailed by Fund, Dept, Unit, line item for revenue, expenditures, for data entry in EPM and SBFS revisions.	CAO B&A
	2-4	Final "Adopted Budget" changes data entry in EPM for all accounting details by department, all position changes in SBFS, verify through FSQs and Advantage reports EPM Stage 3.	CAO B&A
	2-9	Finalize and workflow 9+/- individual Board Reports in Legistar for adoption of FY 2025-26 Budgets for all Board of Supervisors governed agencies and special districts (for 6/17/25 BoS mtg)	CAO B&A
	17	Board of Supervisors Meeting - Adoption of FY 2025-26 Budget.	CAO B&A
	18	Deadline: Position (PSMT) draft documents and employee (ESMT) draft documents updated and review completed. Dept. HR and finance sign off on position and employee documents to Auditor's office.	HR & Finance - All Depts
	20	Load EPM to HRM "Final" position spreadsheet to HRM as draft documents.	ACO ERP
	20	Load ESMT to HRM as draft documents.	ACO ERP
	18-20	EPM approved FY 2025-26 budget data moved to FIN Advantage (or Oracle ERP).	ACO ERP
	20-24	Position (PSMT) - Position Authorization (PAMT) - Employee (ESMT) documents finalized.	ACO ERP
	20-25	Department verification of budgets in FIN Advantage, Expense/ Revenue query pages (MC-FIN-BA-0200/0201), Expense vs Budget/ Revenue vs Budget.	Finance Staff/ All Depts
	25	Budget Committee Meeting - (1:00 p.m. - Monterey Room).	CAO B&A
JULY	1	Departments compare FY 2025-26 Adopted Budget to HRM report (MC-HRM-POSN-0039) authorized positions to verify position and FTE counts.	HR & Finance - All Depts
	1	Departments verify positions finalize manual entries to HRM with Central HR coordination when discrepancies found in authorized positions & FTE counts and employees.	HR & Finance - All Depts, Central HR

* Departments should submit narratives for their General Fund operations and, if applicable, for the following major funds: NMC, Road Fund, Library Fund, Behavioral Health Fund, Local Revenue Fund 2011, Health & Welfare Realignment Fund, and Parks & Lake Resorts operations, Emergency Communications.

Glossary of Terms

ACCOUNT

A classification of activity, e.g., “Office Expense” is an account in the overall category “Services and Supplies.”

ADOPTED BUDGET

The approved plan for estimated revenues, unreserved fund balance, and appropriations for a fiscal year. Also referenced as “Final Budget.”

APPROPRIATION

The Board of Supervisors’ authorization to make expenditures and to incur obligations for specific purposes; expires at fiscal year-end.

ASSESSED VALUATION

A value established for real estate or other property by the County Assessor or the State Board of Equalization as a basis for levying taxes.

ASSIGNED FUNDS

Amounts constrained by the government’s *intent* to be used for a specific purpose but are neither restricted nor committed. Intent is expressed by the governing body itself, or a body (a budget or finance committee) or official to which the governing body has delegated the authority to assign amounts. Assignment is not required to be the government’s highest level of decision-making authority and the nature of the action to remove or modify assignments are not as strict.

AUTHORIZED POSITIONS

Personnel positions approved by the Board of Supervisors which may or may not be funded (see “Budgeted Positions”).

AVAILABLE FINANCING

All the means of financing a budget, primarily fund balance and estimated revenues including proceeds of property taxes; does not include encumbered reserves, reserves, or designations.

BALANCED BUDGET

Statutorily Balanced: When total estimated financing sources (beginning fund balance plus revenues) equal the total appropriation (expenditures plus ending fund balance). Spending in a given year does not exceed total current revenues plus any fund balance carryover from the prior year.

Structurally Balanced: The budget matches total ongoing expenditures to the annual estimated revenues. Beginning fund balance may not be used as a financing source for ongoing expenditures.

BUDGET

A document listing appropriations and estimated revenues for a fiscal year.

BUDGET UNIT

The smallest entity for which the Board of Supervisors approves an appropriation. A department may have one or more budget units. Each budget unit has several accounts.

BUDGETED POSITIONS

The number of full-time equivalent (FTE) personnel positions funded in a budget. These are different from “authorized positions,” which are positions that may or may not be funded (see “Authorized Positions”).

CALFRESH

California’s implementation of the Supplemental Nutrition Assistance Program (SNAP) welfare program that supplements the food budget of low-income households to meet their nutritional needs.

CALWORKS

California’s implementation of the Federal Temporary Assistance for Needy Families (TANF) welfare program that gives cash aid and services such as housing, food, utilities, clothing, or medical care to eligible families.

CAPITAL ASSET

A financial resource, tangible or intangible, with a useful life beyond one year, such as land, buildings, furniture, and equipment, with unit cost thresholds generally starting at \$5,000.

CAPITAL PROJECTS

Proposed acquisitions, additions, and improvements to capital assets, e.g., buildings, building improvements, and land purchases subject to the County’s Capitalization Policy.

CERTIFICATES OF PARTICIPATION (COP)

A form of financing by government entities which allows an individual to buy a share of the lease revenue of an agreement made by these entities.

COMMITTED FUNDS

Amounts that can be used only for the specific purposes determined by a formal action of the government’s highest level of decision-making authority. Constraints can only be removed or changed by taking the same type of action it employed to commit those amounts, i.e., legislation, resolution, or ordinance.

CONTINGENCIES

An amount set aside in the budget for unforeseen expenditure

requirements that must be appropriated by the Board of Supervisors and is subject to a 4/5ths vote.

COBRA

Consolidated Budget Reconciliation Act of 1985. Refers specifically to Title X of the Act, which included provisions to provide members of company health plans who have lost their coverage due to a "qualifying event" to continue coverage at the employee's expense for a period of time.

COST ALLOCATION PLAN

This document, known as the Cost Plan or historically as the COWCAP is derived from OMB Circular A-87, and it identifies, accumulates, and distributes allowable direct and indirect costs under grants and contracts and identifies the allocation methods used for distribution.

DEBT SERVICE

An obligation to pay principal and interest on all bonds and other debt instruments issued by the County according to a pre-determined payment schedule.

EMPLOYEE BENEFITS

Amounts paid to or on behalf of employees but not included in the salary, e.g., group health or life insurance payments, contributions to employee retirement, Social Security taxes, Workers' Compensation payments, and Unemployment Insurance payments.

ENCUMBRANCE

An obligation in the form of a purchase order, contract, or other commitment which is chargeable to an appropriation. Available appropriations are reduced by the amount of outstanding encumbrances.

ENTERPRISE FUND

A fund established to account for certain public functions which are primarily or partially supported by user charges, e.g., the operation of Natividad Medical Center is funded through user fees to access the provided services.

EXPENDITURE

A payment made in a governmental fund for goods delivered or services rendered during a fiscal year whether paid or unpaid at fiscal year-end.

FINAL BUDGET

The approved plan for estimated revenues, unreserved fund balance, and appropriations for a fiscal year. Also referenced as "Adopted Budget."

FISCAL YEAR

The twelve-month period on which financial accounting is based. The fiscal year for the County of Monterey is

July 1st through June 30th.

FUNCTION

A group of activities aimed at achieving an objective. For example, "Public Protection" is a function.

FUND

A fiscal and accounting entity that represents a sum of money made available for a particular purpose, e.g., General Fund, Library Fund.

FUND BALANCE

An amount derived by the formula: "fund balance equal assets minus liabilities." All or a portion of this balance may be available to finance a succeeding year's budget.

GAAP

Generally Accepted Accounting Principles are a set of accounting rules, standards, and practices that aim to standardize the classifications, assumptions, and procedures used in accounting.

GANN LIMIT

Annual appropriation limits established in accordance with Article XIII B of the California Constitution. Paul Gann, president of the California Taxpayers Association, was instrumental in placing the amendment on the November 1978 ballot.

GASB

The Governmental Accounting Standards Board is the current source of Generally Accepted Accounting Principles (GAAP) used by state and local governments in the United States.

GENERAL FUND

The fund that supports general County services.

GENERAL FUND CONTRIBUTION (GFC)

Local non-program revenues such as property taxes, sales and use taxes, and transient occupancy taxes which the Board of Supervisors appropriates through the annual budget process to supplement departments' program-specific revenues.

GRANT

A payment or series of payments from one governmental unit to another for a specific purpose and time period, e.g., child abuse vertical protection program.

IMPREST FUNDS

A sum of money to be used as petty cash.

INTER FUND TRANSFER

A non-reciprocal transfer of resources from one fund to another fund.

INTRA FUND TRANSFER

A non-reciprocal transfer of resources from one department to

another in the same fund.

MEDI-CAL

The California Medical Assistance Program is the California Medicaid welfare program serving low-income families, seniors, persons with disabilities, children in foster care, pregnant women, and certain low-income adults.

NON-SPENDABLE FUNDS

An amount that is not expected to be converted to cash such as inventories, prepaid items, long-term loans and notes receivable; or funds that are legally or contractually required to be maintained intact.

OBJECT TYPE OF EXPENDITURE

A major type of expenditure, e.g., “Salaries and Benefits,” “Services and Supplies,” “Capital Assets” and “Other Charges.”

OPERATING TRANSFER IN/OUT

The authorized transfer of funds from one fund/account/unit (Operating Transfer Out) to another made to support the normal level of operations of the receiving fund/account/unit (Operating Transfer In).

PUBLIC IMPROVEMENT CORPORATION

A financing agent for the County that issues and manages the debt service for Certificates of Participation (COPs).

RECOMMENDED BUDGET

The proposed plan for estimated revenues, unreserved fund balance, and appropriations for a fiscal year; presented to the Board of Supervisors by the County Administrative Officer in collaboration with County departments.

REIMBURSEMENT

A repayment from the funds responsible for expenditures to the funds that initially paid for them.

RESERVE

An amount set aside based on legal requirements.

RESTRICTED FUND

Amounts with constraints imposed on their use by

external creditors, grantors, contributors, or laws or regulations of other governments, or imposed by law through constitutional provisions of enabling legislation.

REVENUE

Money received which can be used to finance County operations, e.g., property taxes, sales taxes, fees, and state and federal grants.

SALARY SAVINGS

The dollar amount of salaries saved due to position vacancies.

SCHEDULE

A listing of financial data in a form and manner prescribed by a governing code, policy or standard.

SPECIAL DISTRICT

A dependent (under the Board of Supervisors) or independent unit of local government generally organized to perform a single function, such as street lighting, water works, and fire protection.

SUBVENTIONS

Payments by an outside agency, such as the State or Federal Government, for specific costs which originate in the County.

TAX REVENUE ANTICIPATION NOTE

A note of short-term debt obligation issued by a state or local government with the understanding that a certain amount of taxes will be collected within an appreciable period of time.

TRANSIENT OCCUPANCY TAX (TOT)

A California tax charged when occupying a room or other living space in a hotel, inn, motel, or other lodging for a period of less than 31 days.

UNASSIGNED FUNDS

Any fund balance that has not been restricted, committed, or assigned in the General Fund. The General Fund should be the only fund that reports a positive unassigned fund balance amount. The only classification that can report negative fund balances is the unassigned category.

USER CHARGES (USER FEES)

A fee for a public service paid by the party benefiting from the service.

Glossary of Funds

1001 – GENERAL FUND: The general fund supports basic governmental functions including public safety, criminal justice, land use and environment, education, recreation, health and sanitation, public assistance, and finance and administration.

1025 – PENSION TRUST: This fund was established for the collection of unfunded accrued liability (UAL) supplemental pension payments to address the County's unfunded pension liability. Contributions from the supplemental payments are held in a Section 115 Trust with an external trust administrator.

1201 – ROAD FUND: A special fund for Road Services as required by State law. The Road Fund provides funding for road and bridge maintenance and construction activities. Major activities are traffic engineering, transportation planning, design and construction engineering of road improvements, development review, and maintenance and operation of County roads, bridges and utility infrastructure.

1210 – LIBRARY FUND: Monterey County Free Libraries (MCFL) is a special taxing authority under the County Library Law of 1911 and, as such, its operations are funded primarily through its own share of property tax.

1220 – IN-HOME SUPPORT SERVICES (IHSS): This fund provides for the cost of home care services to support the independence of aged, blind, and disabled persons, assisting them to live safely in their own home and community.

1230 – FISH & GAME PROPAGATION FUND: This fund provides for the administration of the County's Fish and Game Commission. The Commission oversees the allocation of Fish and Game fine monies for grants to organizations and agencies undertaking fish and game wildlife propagation or educational projects.

1240 – COMMUNITY ACTION PARTNERSHIP (CAP): This fund administers the Federal Community Services Block Grant. CAP contracts with community organizations to provide programs to advance and advocate for low-income and vulnerable populations.

1250 – INCLUSIONARY HOUSING: This fund facilitates development of housing for lower and moderate-income residents. The Fund is capitalized through payment of in-lieu fees by developers of subdivision projects and repayment of project loans made from inclusionary funds.

1260 – ECONOMIC DEVELOPMENT PROGRAM: This fund was established for the County's Small Business Revolving Loan Fund (RLF). The RLF supports the expansion, retention, and attraction of industry, commerce, and agriculture. Programs are intended to help diversify and strengthen the economic base of the local area by assisting businesses that are unable to secure suitable private financing for start-up and expansion costs.

1270 – COMMUNITY DEVELOPMENT FUND: This fund provides support for public infrastructure, community facilities and housing projects for very low-, low-, and moderate-income households.

1280 – EMERGENCY MEDICAL SERVICE FUND: This fund supports financing to plan, coordinate, and evaluate the countywide Emergency Medical Services (EMS) System. This includes maintaining countywide advance-life support services, contracting for ambulance and pre-hospital care services, monitoring and administering EMS training programs, planning for disaster medical response, and coordinating public information and education.

1290 – WORKFORCE DEVELOPMENT BOARD: Facilitates the coordination between the public and private sector in focusing resources to effectively educate, train, and place individuals with the necessary resources and skill set to meet employer demands.

1300 – LOCAL REVENUE FUND: Pursuant to AB 109, this fund was created to receive sales tax revenue and vehicle license fee revenue in support of public safety realignment funds. This is a grouping of funds 1301 through 1309.

1301 – LOCAL REVENUE FUND DISTRICT ATTORNEY: Pursuant to AB 109, this fund was created to receive sales tax revenue and vehicle license fee revenue in support of District Attorney realignment fund.

1302 – LOCAL REVENUE FUND PUBLIC DEFENDER: Pursuant to AB 109, this fund was created to receive sales tax revenue and vehicle license fee revenue in support of Public Defender realignment fund.

1303 – LOCAL REVENUE FUND SHERIFF-CORONER: Pursuant to AB 109, this fund was created to receive sales tax revenue and vehicle license fee revenue in support of Sheriff-Coroner realignment fund.

1304 – LOCAL REVENUE FUND PROBATION:

Pursuant to AB 109, this fund was created to receive sales tax revenue and vehicle license fee revenue in support of Probation realignment fund.

1305 – LOCAL REVENUE FUND BEHAVIORAL HEALTH:

Pursuant to AB 109, this fund was created to receive sales tax revenue and vehicle license fee revenue in support of Behavioral Health realignment fund.

1306 – LOCAL REVENUE FUND: Pursuant to AB 109, this fund was created to receive sales tax revenue and vehicle license fee revenue in support of Social Services realignment fund.

1310 – BEHAVIORAL HEALTH: This fund is designated to recognize the use of funds mandated for mental health purposes.

1320 – HOMELAND SECURITY GRANT: This fund provides for grant programs to support homeland security-related activities.

1330 – HEALTH AND WELFARE: This fund is used to recognize Sales Tax Revenue, Vehicle License Fees, and Maintenance of Effort used for health and social services realignment. This is a grouping of funds 1331 through 1339.

1331 – HEALTH AND WELFARE PUBLIC HEALTH: This fund is used to recognize Sales Tax Revenue, Vehicle License Fees, and Maintenance of Effort used for Public Health realignment.

1332 – HEALTH AND WELFARE SOCIAL SERVICES: This fund is used to recognize Sales Tax Revenue, Vehicle License Fees, and Maintenance of Effort used for Public Health realignment.

1333 – HEALTH AND WELFARE BEHAVIORAL HEALTH: This fund is used to recognize Sales Tax Revenue, Vehicle License Fees, and Maintenance of Effort used for Behavioral Health realignment.

1340 – EMERGENCY COMMUNICATIONS: This fund contains the operations of emergency and non-emergency call answering services to law enforcement and fire agencies in the County.

1350 – NGEN OPERATIONS & MAINTENANCE: This fund provides for the operations and maintenance cost of NGEN equipment.

1360 – CLERK / RECORDER: This fund serves as the repository for the County Clerk/Recorder's restricted revenue solely for the use of modernization, micrographics,

vital record, and electronic recording delivery system expenses. This is a grouping of funds 1361 through 1369.

1361 – RECORDER'S MODERNIZATION: This fund serves as the repository for the County Recorder's restricted revenue solely for the use of modernization expenses.

1362 – RECORDER'S MICROGRAPHICS: This fund serves as the repository for the County Recorder's restricted revenue solely for the use of micrographics expenses.

1363 – RECORDER'S VITAL AND HEALT STATS: This fund serves as the repository for the County Recorder's restricted revenue solely for the use of vital record expenses.

1364 – CLERK'S VITAL AND HEALT STATS: This fund serves as the repository for the County Clerk's restricted revenue solely for the use of vital record expenses.

1365 – ELECTRONIC RECORDING DELIVERY SYSTEM: This fund serves as the repository for the County Clerk/Recorder's restricted revenue solely for the use of electronic recording delivery system expenses

1370 – HABITAT MANAGEMENT PROGRAM: Per the Joint Community Facilities Agreement between Fort Ord Reuse Authority (FORA) and the County, this fund segregates Habitat Management allocated funds to provide habitat related services within or in FORA's Base wide Community Facilities District (CFD) in perpetuity.

1380 – HITCHCOCK ROAD ANIMAL SERVICES: This fund provides support for the Hitchcock Road Animal Services.

1390 – EAST GARRISON COMMUNITY SERVICES DISTRICT: This fund includes funding for activities to own, operate, and maintain designated municipal infrastructure within the East Garrison Development Project.

1400 – COUNTY SERVICE AREAS: These funds provide support for county service areas. This is a grouping of funds 1401 through 1499.

1401 – CSA 1 CARMEL POINT: This fund provides support for the streetlight system.

1402 – CSA 9 OAK PARK: This fund provides support for the storm drainage and streetlight systems.

1403 – CSA 10 LAGUNA SECA RANCH: This fund provides support for wastewater reclamation.

1406 – CSA 15 SERRA VILLAGE, TORO PARK: This fund provides support for the storm drainage, Min-Parks, Open Space, and streetlight systems.

1407 – CSA 17 RANCHO TIERRA GRANDE: This fund provides support for the Open Space Fire Maintenance system.

1408 – CSA 19 CARMEL MEADOWS: This fund provides support for the streetlight system.

1409 – CSA 20 ROYAL ESTATES: This fund provides support for the storm drainage & streetlight systems.

1410 – CSA 23 CARMEL RANCHO: This fund provides support for the storm drainage, streetlight, parkway maintenance, and sidewalk maintenance systems.

1411 – CSA 24 PEDRAZZI SUBDIVISION / INDIAN SPRINGS: This fund provides support for the storm drainage system.

1412 – CSA 25 CARMEL VALLEY GOLF & COUNTRY CLUB: This fund provides support for the storm drainage and streetlight systems.

1413 – CSA 26 NEW MOSS LANDING HEIGHTS: This fund provides support for the streetlight system.

1414 – CSA 30 RANCHO MAR MONTE: This fund provides support for the storm drainage system.
