EXHIBIT A-2 - SCOPE OF SERVICES/PAYMENT PROVISIONS

To Agreement by and between
County of Monterey, hereinafter referred to as "County"
and
EMC Planning Group, Inc., hereinafter referred to as "CONTRACTOR"

BACKGROUND

CONTRACTOR shall provide additional effort and out-of-scope costs associated with the preparation of the Moss Landing Community Plan Update (Project) Environmental Impact Report (EIR). Specific out-of-scope costs are related to additional water supply study revisions, revisions to the EIR related to changes in the Project Description, preparation of additional proof drafts of the EIR, and additional administrative time related to these out-of-scope costs and length of the Agreement term.

A detailed description of the methodology to be used to continue to prepare this EIR is included in the scope presented below.

A. SCOPE OF SERVICES

CONTRACTOR shall provide additional services and staff, and otherwise do all things necessary for or incidental to the performance of work to update the tasks associated with the Project, as set forth below:

Task 1: Administration/Management

Task 1.5 Administrative Time

An Agreement between County and CONTRACTOR for this Project was approved by the County Board of Supervisors for the Project on January 11, 2011. The Agreement was executed on February 9, 2011 with an Agreement term of May 4, 2010 to May 31, 2011. In accordance with the terms on page 35 of the Agreement, CONTRACTOR requests an amendment to the Agreement due to the significant expansion of the original scope and term of the Agreement. CONTRACTOR requests an additional administrative budget in the amount of \$19,500 for additional administrative work through the upcoming Agreement term (through September 30, 2018) to complete the Project.

Please refer to the summary tables at the end of this scope and the attached spreadsheet.

Task 3 Prepare Complete and Detailed Project Description

3.3 Past Changes to the Project Description

CONTRACTOR received full authorization to proceed on the EIR for the Project from County on September 19, 2012 (a partial authorization was provided earlier for preliminary Biological Resources work). Throughout the course of the Project, the Project Description changed repeatedly, resulting in unanticipated changes to the EIR. A chronology of key Project Description changes and milestone events that have occurred during CONTRACTOR's work on the Project are as follows:

EXHIBIT A-2 - SCOPE OF SERVICES/PAYMENT PROVISIONS

October 18, 2012	Updated Community Plan
January 22, 2013	Plans from Moss Landing Marine Lab (MLML) do not match those in Community Plan
February 15, 2013	County Roads Project Description received
March 6, 2013	CONTRACTOR finalizes Notice of Preparation (NOP) Project Description
March 11, 2013	Quin Delta, LLC/Gregg Drilling (Gregg) site expanded to north (contingency transfer)
April 8, 2013	Revised design guidelines received
April 8, 2013	Build-out table version 4 replaces Table ML-2. Buildout Estimate
April 15, 2013	NOP distributed
May 10, 2013	Additional information regarding Monterey Bay Aquarium Research Institute (MBARI)
May 13, 2013	Build-out table version 5 replaces version 4
June 26, 2013	Build-out table version 6 replaces version 5
January 2, 2014	Administrative Draft EIR delivered to County
April 17, 2014	Public Works requests Traffic Impact Analysis (TIA) revisions (Amendment No. 6 to Agreement)
April 21, 2014	Revised Land Use Map
May 6, 2014	Updated Community Plan
June 5, 2014	Summary of Community Plan changes
July 1, 2014	Proof Draft EIR delivered to County

EXHIBIT A-2 - SCOPE OF SERVICES/PAYMENT PROVISIONS

August 12, 2014	Revised seawater intake figure provided for Business Park
March 9, 2015	Request for revised TIA, Noise, Water, and Greenhouse Gas (GHG) analysis - Amendment No. 6 to Agreement
April 9, 2015	Build-out table version 7 replaces version 6
April 21, 2015	Revised NOP circulated
May 6, 2015	Revised Draft Community Plan and Implementation Plan
June 8, 2015	County mark-up of Proof Draft EIR Project Description
August 5, 2015	Build-out table version 8 replaces version 7
September 28, 2015	Build-out table version 9 replaces version 8
September 28, 2015	New plans for Phil's Fish Market at Gregg site
September 10, 2015	Revisions to Phil's Fish Market and Gregg description
December 7, 2015	Build-out table version 9a per Todd Groundwater corrections

Most of the Project Description changes have been individually small and incremental, but cumulatively significant in terms of additional accumulated cost. The difficulty of attempting to assess an ever-changing Project Description has been time consuming and costly. CONTRACTOR has estimated at least fourteen (14) changes to the Project Description which resulted in at least three (3) hours of additional work for each Project Description change at a rate of \$200 per hour. These Project Description changes amount to an increase of \$8,400.00.

Task 5 Prepare Technical Studies

5.1 Conduct TIA (Fehr & Peers)

5.1. a Traffic Count Update

County Traffic Engineer reviewed the TIA and draft components of the State Route 1 Corridor Study and determined that the traffic counts used in those efforts are dated. Therefore, County's Traffic Engineer requested that new counts be conducted to validate the data used in the preparation of the TIA and Corridor Study. New counts shall be conducted at four (4) intersections during the morning and evening commute periods, and a memorandum documenting findings with respect to the validity of the traffic count data shall be prepared by CONTRACTOR. Preparation of any additional traffic operations analysis or evaluations of mitigation measures is not included.

5.4 Senate Bill (SB) 610 Water Supply Assessment (Todd Engineers)

5.4.a Water Supply Study

As part of County's preparation of the second Proof Draft EIR, CONTRACTOR's sub-consultant, Todd Engineers, was requested to make changes to the water supply report to reflect Project changes. The cost of this additional work is reflected in the scope of the Agreement. However, while undertaking this task, Todd Engineers discovered discrepancies in the Project build-out table, which the

EXHIBIT A-2 - SCOPE OF SERVICES/PAYMENT PROVISIONS

County then corrected (the corrected build-out table was identified as table version 9a). As a result of this change in the Project build-out table, additional funding is required to allow Todd Engineers to re-do the analysis of the water supply report.

Task 7 Proof Draft EIR

7.3 Additional Proof Draft EIR

CONTRACTOR's scope includes a proof Draft EIR, which was completed and submitted to County on June 30, 2014. More than ten (10) months after submittal of the proof Draft EIR, on May 16, 2015, County completed extensive changes to the Community Plan (and by extension the EIR Project Description) which necessitated preparation of a second proof Draft EIR. In anticipation of the changes to the Community Plan, County issued a revised NOP on April 21, 2015.

County also made changes to the EIR Word files to reflect the revised Community Plan and returned those to CONTRACTOR for review, acceptance, formatting, and production. Per County request, CONTRACTOR reviewed and began work on finalizing the second proof Draft EIR, which required considerable editing, formatting, and the creation of new graphics. The level of effort was far in excess of that expected for a proof Draft EIR, and included significant changes that had not been directed when the Administrative Draft was reviewed and the first proof Draft EIR was prepared. Work on the second proof Draft EIR is not included in the original scope. Some of CONTRACTOR's work was completed, and additional work remained to be completed before County staffing assignments changed and work was effectively stopped on the Project at the end of March 2016. The work expended on the second proof Draft EIR is summarized in the following table:

County has subsequently determined that additional changes to the Community Plan are required. Given the changes in the Project over time, CONTRACTOR recommends preparation of a second Administrative Draft EIR, followed by a final proof Draft EIR. CONTRACTOR anticipates the following additional tasks shall be required to finalize the second Administrative Draft EIR:

- Review revised Community Plan (and related Implementation Plan and Design Guidelines), noting changes from the October 2012 version on which the Administrative Draft and first proof Draft EIR were based;
- Review current Project plans for MBARI, MLML, Gregg, and County Road and Drainage project, noting changes from projects as described in the Administrative Draft and first proof Draft EIR;
- Prepare redline file comparing first proof Draft EIR with in-progress second proof Draft EIR to identify significant changes, and determine extent to which second proof Draft EIR changes should be carried forward;
- Update Project Description and associated figures;
- Update NOP references to reflect issuance of second NOP and additional NOP comments, and ensure that comments in response to the second NOP have been addressed;
- Confirm status of the 1984 sewer allocation system;
- Update the environmental and regulatory settings throughout EIR;
- Review EIR analysis for consistency with revised Project Description, noting in

EXHIBIT A-2 - SCOPE OF SERVICES/PAYMENT PROVISIONS

- particular any mitigation measures from the initial proof Draft EIR that have been included within the Community Plan as policy, and making changes as necessary;
- Update GHG Emissions Section to current analysis and threshold methodologies;
 - Confirm analysis and impact assessment approach for water supply;
 - Confirm analysis and impact assessment approach for State Route 1 level of service;
 - Update the Transportation Section based on the completed State Route 1 Corridor Study and revised TIA;
 - Update the alternatives text and table to the extent that any changes to the Project Description or analysis may affect comparison of alternatives to the Project;
 - Update sources and references;
 - Update the summary and summary table to reflect all other changes;
 - Meet with County staff to discuss Project changes, approaches, and/or review work products [one (1) meeting]; and
 - Conduct a follow-up site visit to confirm and update conditions.

The second Administrative Draft EIR shall be submitted to County electronically. The second Administrative Draft EIR shall include a list of appendices, but the actual appendices shall not be included.

A final proof Draft EIR shall be prepared to reflect County comments on the second Administrative Draft EIR. The proof Draft EIR shall be submitted to the County electronically and five (5) printed copies shall be submitted with appendices on a CD (which will be inserted in a sleeve inside the rear cover of the document).

CONTRACTOR shall produce the above mentioned deliverables to the following individual:
