Subject: FW: Quote for XR Tube replacement on Picker XR room

Good morning

I need to request an emergency PO to replace the tube on the picker1. The quote is attached. Once we have approval the department will schedule GE to come in for the repairs.

The EPO will keep the amount off the contract for billables which is approved only for \$12k per month.

thanks

Subject: Quote for XR Tube replacement on Picker XR room

Heidi – Attached is a quote to replace the XR tube on System ID 831755PICKER1. The system is still operational but the tube is noisy and will need to be replaced.

The total for the XR tube part and associated labor estimated to replace it is \$12,214.00.

Let us know if you need any additional information and when you would like us to proceed on this.
