**KEY:**

- PLAN = RMA Planning
- RMA-PW = RMA Public Works
- RMA-ENV = RMA Environmental Services
- WRA = Monterey County Water Resources Agency
- EHB = Environmental Health Bureau
- CC = County Counsel

**NOTE: THE FEES THAT ARE SHOWN IN BOLD ARE A DEPOSIT AND MAY BE BILLED FOR ADDITIONAL HOURS**

- (1) RMA-Planning fees are based on an hourly rate of \$161.40, representing a weighted blend of the fully burdened labor rate for RMA-Planning staff. A flat fee is based on the average, estimated, reasonable cost of processing the permit/entitlement. Fees for deposit projects will be based on actual hours worked by staff multiplied by the hourly rate. The applicant is required to pay the indicated deposit unless the applicant and the Director of RMA-Planning elect, on a case-by-case basis, to agree to a different deposit. Fees have been rounded down to the nearest dollar.
- (2) Fees for Combined Development Permits and Combined Development Permit Condition Compliance under Monterey County Code Chapters 21.76 and 20.70 shall be 85% of the total combined permit fees.
- (3) In the Coastal Zone, the appeal fee applies only to appeals of permits that are not appealable to the California Coastal Commission such as Administrative Permits, Design Approvals, Variances and Tree Removal Permits in certain coastal areas. The appeal fee does not apply to appeals of Coastal Development Permits that are appealable to the Coastal Commission.

**MONTEREY COUNTY LAND USE FEES**  
(effective 04/27/2014)

Permit Type	PLAN (1) (2) (12) (15)	File Storage Fee	Technology Fee (13)	RMA PW	RMA ENV	WRA	EHB	CC	GPU (7)	Total FY14	Notes
-------------	------------------------	------------------	---------------------	--------	---------	-----	-----	----	---------	------------	-------

- (4) "Extraordinary Development Applications" are those applications which will require staff time well beyond the typical application, as determined by the Director of RMA-Planning (i.e. complex, large scale development with multiple entitlements). Any project requiring an EIR shall qualify as an extraordinary development application. The amount paid to the County is for staff costs. The County may utilize a consultant, whose expenses shall be fully funded by the project applicant.
- (5) Fees collected for application appointments and Development Review Conferences shall be credited against any subsequent discretionary permit, except Design Approval, provided the discretionary permit application is made within 6 months of the application appointment.
- (6) This fee shall not apply to an application for the first Building Permit following approval of a discretionary planning entitlement, except Design Approvals.
- (7) A General Plan Implementation fee of 3% of the total permit fee is required for all permits covered under Article IX (Planning Fees) except for the following: Application Requests, Appeals, Appeals of Administrative Determinations, Appeals of Fee Determinations, and Landscape Review.
- (8) Code Enforcement fees as land use fees will be credited back to Monterey County RMA-Building Services – Code Enforcement section.
- (9) The deposit paid to the County for staff costs as identified in the Reimbursable Funding or Reimbursement Agreement between the County and the Applicant. Staff costs shall be reimbursed as part of an Extraordinary Development Application as noted in (4) above.
- (10) These fees only apply to maps originally submitted prior to July 13, 2003, when applicants were charged "flat-fees", and those submitted after August 20, 2006. Maps submitted between these dates and on or after the effective date of this article are full-cost recovery projects and require a deposit.
- (11) These fees apply to any permit approved with mitigation measures and conditions after the effective date of this article. If these fees apply, other condition compliance fees do not apply. Projects approved prior to the effective date of this article shall be subject to the mitigation monitoring fees set forth in the County Fee Resolution that was in effect on the project approval date. Fees for clearing conditions and monitoring mitigation measures will be based on actual hours worked by staff multiplied by the hourly rate.
- (12) A flat fee is based on the average, estimated, reasonable cost of processing the permit/entitlement. Fees for deposit projects will be based on actual hours worked by staff multiplied by the hourly rate. The fee will be calculated at full cost recovery when the project is complete.
- (13) A Technology fee of 4% of the planning permit fee is required for all permits except for the following: Application Requests, Appeals, Appeals of Administrative Determinations, Appeals of Fee Determinations, and Landscape Review. This fee begins July 1, 2008 and will only be in effect until June 30, 2016.
- (14) Fees collected for parcel legality determinations shall be credited against any subsequent Certificate of Compliance application for the same requested property (same legal description).
- (15) The condition compliance fee is collected after project approval and after all administrative appeals have been exhausted. The condition compliance fee represents the estimated reasonable cost of condition compliance for the permit. If the permit has mitigation measures, the fees under "Mitigation Monitoring and Condition Compliance for Projects with Mitigation Measures" shall apply. See footnote (11) above.
