**APPENDIX D – SCOPE OF SERVICES/PAYMENT PROVISIONS FOR
CONSTRUCTION MANAGEMENT SERVICES, CONSTRUCTION ESTIMATING SERVICES, AND
PROJECT BUDGETING AND PLANNING**

On a project-by-project basis, CONTRACTOR will provide JOC Complete Solution *Plus*TM services to the COUNTY.

JOC Complete Solution *Plus*TM

JOC Complete Solution *Plus*TM includes construction management services to manage job orders from job order issuance to completion of the punch list to job order close-out. Whether due to peak volumes, staff shortages, or new strategic staff directives, CONTRACTOR's JOC Complete Solution *Plus*TM services will provide on-site construction management experts, using proven methods, to carry out day-to-day JOC operations and relieve COUNTY's project workload burden. CONTRACTOR's staff will become COUNTY staff. CONTRACTOR will bring unparalleled expertise to work for COUNTY from the start to get job orders completed. JOC Complete Solution *Plus*TM services provided by CONTRACTOR will be a cost effective and flexible construction management solution. A detailed list of CONTRACTOR's standard construction management services, which will be modified as necessary to meet the needs of the COUNTY, is as follows:

- **Preconstruction** – CONTRACTOR's project manager will assist COUNTY in determining whether professional design services are required and conduct a pre-construction meeting with COUNTY's representative(s), the JOC contractor and, if applicable, the architect or engineer to review the basic project parameters and funding. Where design services are required, the project manager will work with the architects or engineers to coordinate necessary studies and design standards, and deliver plans and specifications that maximize the benefits of JOC for each COUNTY project. Next, the project manager will coordinate and share any preconstruction information with COUNTY, the JOC contractor and other appropriate parties, and will assist in the coordination of the JOC contractor obtaining the necessary permits.
- **Site Visit** – During construction, CONTRACTOR's project manager will monitor the JOC contractor's work in-progress, manage the JOC contractor's compliance with the approved safety plan and complete a report for each site visit.
- **Communicate** – CONTRACTOR's project manager will provide weekly construction status reports to COUNTY, conduct project progress meetings with all JOC contractors and staff on a periodic basis, and coordinate any required technical and code inspections.
- **Supplemental Job Orders** – In the event there are unforeseen conditions or COUNTY requests changes to the scope after the work has begun, CONTRACTOR's project manager will analyze and process a supplemental Job Order by utilizing the procedures used to develop the initial Job Order.
- **Approvals** – CONTRACTOR's project manager will review and approve, or direct necessary revisions to, the JOC contractor's applications for payment and obtain COUNTY's approval of the work. Final acceptance of the work will be the responsibility of COUNTY. Technical and code inspections will be the responsibility of the appropriate inspection agencies.
- **Project Close-out** – As the final step in the process, CONTRACTOR's project manager will enter all Job Order related information into the eGordian[®] information management system and collect any required as-builts, warranties, etc., from the JOC contractor.

**APPENDIX D – SCOPE OF SERVICES/PAYMENT PROVISIONS FOR
CONSTRUCTION MANAGEMENT SERVICES, CONSTRUCTION ESTIMATING SERVICES, AND
PROJECT BUDGETING AND PLANNING**

JOC Complete Solution *Plus*TM Fee

CONTRACTOR's fee to provide JOC Complete Solution *Plus*TM services to COUNTY will be 5.95% of the value of the work ordered. The JOC Complete Solution *Plus*TM fee will be payable when construction of a Job Order has been completed and accepted by COUNTY, except at the election of CONTRACTOR, the fee for Job Orders requiring more than 60 days to complete shall be payable monthly on a percentage of completion basis.

Construction Estimating Services

In addition to providing the JOC Complete Solution *Plus*TM services described above, CONTRACTOR will provide professional construction estimating services to COUNTY on an as-needed basis. CONTRACTOR's professional construction cost estimators will provide project estimating services, on JOC and non-JOC projects, consisting of building rough order of magnitude estimates, using national construction cost data, from stated scopes and/or construction drawings. Professional construction estimating services will be provided for a fee of \$150 per hour, and will be invoiced to COUNTY at the end of each calendar month. This rate will be effective for calendar year 2014. In the event the services extend beyond 2014, the hourly rate will be adjusted by CPI for the trailing twelve month period or 3%, whichever is less.

Project Budgeting and Planning

On an as-needed basis, CONTRACTOR will assist COUNTY in project budgeting and planning. These services include, but are not limited to, developing all project costs including JOC pre-construction services, bidding services and construction supervision as required. Project budgeting and planning services will be provided for a fee of \$165 per hour, and will be invoiced to COUNTY at the end of each calendar month. This rate will be effective for calendar year 2014. In the event the services extend beyond 2014, the hourly rate will be adjusted by CPI for the trailing twelve month period or 3%, whichever is less.

Staffing

CONTRACTOR will provide experienced project management staff at the level necessary to properly perform the services including, but not limited to, Kyle Asire, Paul Burns and Phil Rubino. In the event additional staff is needed due to the volume of work assigned to CONTRACTOR, CONTRACTOR will be prepared to assign additional staff.
