Re: **PLN140300**

Dear Mr. Mack:

On February 17th, our office filed an appeal of the Planning Commission decision on this project application on behalf of Mr. Flores. We understand that regulations specify that the appellant is entitled to a hearing on the matter within 60 days of filing.

However, we are requesting on behalf of the applicant/appellant that the hearing be delayed for an undetermined period. At this time, we are working with the applicant to identify potential modifications and mitigations for the project.

Sincerely,

Gail Hatter-Crawford,
Sr. Land Use Specialist
