ADDENDUM 3

PRIMARY CARE PHYSICIAN CARE BASED INCENTIVE PROGRAM

1. Introduction.

This Addendum sets forth the terms of care based incentives offered to PCPs by Plan. The program is designed to compensate PCPs for efforts undertaken to improve the care provided to Eligible Members as reflected by data measured by Plan, all as described herein (the "Care-Based Incentive" or the "CBI").

The CBI consists of two components: (1) the CBI Incentive Program and (2) the CBI Fee-for-Service Incentive. The CBI continues for a limited term, as described in Section 7 of this Addendum 3, unless it is specifically extended by mutual written agreement of the parties hereto. The budget for the CBI Incentive Program is separate for the Medi-Cal and Healthy Families Programs. The budget and allocation for the CBI Fee-for-Service Incentive are separate for the Medi-Cal, Healthy Families, Healthy Kids, Alliance Care IHSS, Alliance Care AIM and Alliance Care Individual Conversion Programs.

2. Definitions.

In addition to other terms defined in this Addendum 3 or in the Agreement, the following terms shall have the meanings set forth below:

- 2.1 Available Points is the maximum number of points available under each Measurement Component as determined in the sole discretion of Plan.
- 2.2 CBI Fee-for-Service Incentives are fee-for-service payments, in addition to those payments described elsewhere in the Agreement, which PCPs are eligible to receive in exchange for performing specific activities as described in Section 5 to this Addendum 3.
- 2.3 CBI Incentive Payments are the annual or quarterly payments, as described in Section 4 to this Addendum 3, which are based upon a PCP's performance under the CBI Incentive Program.
- 2.4 CBI Incentive Program is a program whereby PCPs are measured against Performance Targets and against a Comparison Group and are eligible for incentive payment based upon their performance.
- 2.5 CBI Table means the table set forth in Attachment 1 to this Addendum 3 specifying the Available Points, Member Requirement, Performance Target/Relative Ranking Measures, Measurement Period, Measurement Data Source and Methodology for each Measurement Component.
- 2.6 Comparison Group is the group of PCPs to which Provider is compared to determine Provider's percentile ranking within the group. PCPs are divided into three (3) Comparison Groups: 1) family practice/general practice (FP/GP), 2) pediatrics (PED) and 3) internal medicine (IM). Any obstetrician/gynecologist that is a Primary Care Physician will be included in the FP/GP Comparison Group.
- 2.7 Dual Coverage Members are Members who are eligible for either Medi-Cal or Healthy Families and for coverage from another source, such as Medicare or a commercial health plan.

2.8 Eligible Members

2.8.1 Eligible Members for the CBI Incentive Program measures are the Santa Cruz, Monterey or Merced Medi-Cal Members and the Santa Cruz or Monterey Healthy Families Members, excluding Dual Coverage Members.

2.8.2 Eligible Members for the CBI Fee-For Service Incentives are the Santa Cruz, Monterey or Merced Medi-Cal Members; the Santa Cruz or Monterey Healthy Families Members; the Santa Cruz or Merced Healthy Kids Members; the Monterey County IHSS Members, Monterey County AIM Members, and the Monterey County Individual Conversion Plan Members, excluding Dual Coverage Members.

2.9 Eligible Member Months. Eligible Member Months for the CBI Incentive Program is the total number of member months each Eligible Member is linked to the PCP during the measurement period, except that member months for a PCP's Linked Medi-Cal Members who are in the Aged, BCCTP, Disabled and Long Term Care Medi-Cal aid code categories are multiplied by four (4) to determine the Eligible Member Months applicable to those Linked Members. Member months are determined by identifying the total number of Linked Members linked to the PCP during each month of the Measurement Period.

2.10 Measurement Component shall mean the measures as described in the CBI Table.

2.11 Measurement Period is the period for which Plan shall measure data in order to calculate the applicable CBI Incentive Payment.

2.12 Methodology is the internally developed methodology, or the source of data utilized by Plan, to measure Provider's performance for each Measurement Component under the CBI.

2.13 PCP is the individual or group of PCPs to whom Linked Members are assigned.

2.14 Performance Targets are the targets established in the sole discretion of Plan. Performance Targets are set forth in the CBI Table.

2.15 Performance Target Measures are those Measurement Components for which the PCP receives points based upon meeting a specified Performance Target.

2.16 Plan Goal is the percentage of Eligible Members for whom the PCP provided the applicable Measurement Component of the Quality of Care (HEDIS) measures. The Plan Goal for each Quality of Care measure is ninety percent (90%).

2.17 Relative Ranking Measures are those Measurement Components for which a PCP receives points based on its ranking relative to performance of other PCPs within the PCP's Comparison Group.

3. CBI Incentive Program.

PCPs are eligible to receive an incentive payment from a set budget or pool ("CBI Pool"). Funding of the CBI Pools shall be at the sole discretion of Plan. The CBI Pools are divided into three (3) sub-pools: (1) the FP/GP CBI Pool, (2) the PED CBI Pool, and (3) the IM CBI Pool. Amounts paid under each Measurement Component correlate to each PCP's rank within its Comparison Group for each measure or for the PCP meeting a specific Performance Target. The CBI Incentive Program consists of the Measurement Components as set forth in Sections 3.1 through 3.9, below.

3.1 Member Reassignment Threshold is the Plan mean of Member reassignments per 1,000 members per Fiscal Year as determined by the Plan and if exceeded by more than two standard deviations,

the points awarded to Provider for the Relative Ranking and Performance Target Measures will be reduced by fifty-percent (50%). The Member Reassignment Threshold is not applied to PCPs with less than an average of one hundred (100) Linked Members, as determined by the number of months for which PCP was contracted during the Measurement Period.

- 3.2 Rate of Ambulatory Care Sensitive Admissions. This Measurement Component measures the rate of ambulatory care sensitive admissions for PCP's Linked Members as determined by a review of claims data. The rate is reported by the number of ambulatory care sensitive admissions (based upon Plan-identified AHRQ specifications) per 1,000 Linked Members per Fiscal Year. To qualify for this measure, a PCP must have at least an average of one hundred (100) Linked Members, as determined by the number of months for which PCP was contracted during the Measurement Period.
- 3.3 Rate of Readmission. This Measurement Component measures the rate of readmissions for PCP's Linked Members as determined by a review of claims data. The rate is reported by the number of readmissions during the CBI Term per 1,000 Linked Members per Fiscal Year. A readmission is any admission of a Linked Member during the CBI Term which occurs within ninety (90) days of the Linked Member's discharge from an inpatient stay which commenced during the CBI Term. The rate of readmissions shall not include admissions or readmissions associated with diagnoses related to transplant or maternity. The rate of readmissions for PCP's Linked Members shall include only those readmissions where the Linked Member is linked to the PCP at both the time of admission and at the time of readmission. To qualify for this measure, a PCP must have at least an average of one hundred (100) Linked Members, as determined by the number of months for which PCP was contracted during the Measurement Period.
- 3.4 Rate of Generic Prescriptions. This Measurement Component measures the percent of generic prescriptions filled for PCP's Linked Members among all prescriptions filled for PCP's Linked Members as determined by a review of claims data.
- 3.5 Quality of Care Measures. The Quality of Care Measurement Components are HEDIS or IHA P4P defined clinical performance measures that follow the applicable methodology and are based on claims and encounter data, not on chart review. In order for a PCP to receive points for a Quality of Care measure, there must be a minimum of five (5) Eligible Members that qualify for the measure based on HEDIS specifications. The total points available for the Quality of Care Measurement Components will be allocated across only those measures for which the PCP has five (5) Eligible Members that qualify for the Measurement Component.
- 3.5.1 There are eight (8) clinical performance measures, as follows: (1) well child visit 3 - 6 years, (2) well adolescent visit 12 - 21 years, (3) cervical cancer screening, (4) diabetes LDL-C screening, (5) diabetes HbA1c screening, (6) diabetes medical attention for nephropathy, (7) body mass index (BMI) percentile calculated, and (8) asthma medication ratio.
- 3.6 Rate of Preventable Emergency Department (ED) Visits. This Measurement Component measures the rate of preventable emergency department visits for PCP's Linked Members as determined by a review of claims data. The rate is reported by the number of preventable emergency department visits per 1,000 Linked Members per Fiscal Year. To qualify for this measure, a PCP must have at least an average of one hundred (100) Linked Members, as determined by the number of months for which PCP was contracted during the Measurement Period.
- 3.7 Rate of Primary Care Visits. This Measurement Component measures the rate of primary care visits provided to PCP's Linked Members on an annual basis. The Performance Target for this measure is more than three (3) PCP visits per Linked Member, per Fiscal Year. Partial points may be earned by Provider for visits per Linked Member per Fiscal Year between two and one-quarter (2.25) and three (3) visits per Member per Fiscal Year.

- 3.8 Electronic Claims/Encounter Data Submittal. This Measurement Component measures the percentage of PCP's eligible claims and encounter data submitted to the Plan electronically. Eligible claims include those that are not for CHDP services, Medicare-Medi-Cal crossover claims, or claims with attachments. The Performance Target for this measure is ninety-five percent (95%) of all eligible claims submitted electronically.
- 3.9 Referral Submittal. This Measurement Component measures the percentage of PCP's eligible referrals submitted to the Plan through the Plan's web portal. The Performance Target for this measure is 75% of all eligible referrals submitted through the web portal. Eligible referrals are those referrals that providers may submit through the web portal.
4. Calculation and Payment of CBI Incentive Payments. An accounting of CBI Incentive Payments shall be made annually four (4) months after the conclusion of each Fiscal Year and shall be certified by the Plan's Chief Financial Officer. The accounting will be based only on claims and data submitted for dates of service within the CBI Term and received by Plan no later than January 31, 2014. Distributions are made to PCPs following Plan approval of such accounting and are made no later than one hundred eighty (180) days after the conclusion of each Fiscal Year.
- 4.1 Relative Ranking Measures. Except as stated below in 4.1.1, PCPs shall be awarded the maximum number of points for each measure in which the PCP is ranked at or above the 76th percentile. PCP shall be awarded one-half the maximum number of points for each measure in which the PCP is ranked between the 51st and 75th percentile. PCP shall receive zero (0) points for any measure in which the PCP is ranked at the 50th percentile or below.
- 4.1.1 Quality of Care Measures. For the Quality of Care measures for which the PCP qualifies, if the PCP meets or exceeds the Plan Goal, the PCP shall be awarded the maximum number of points for the measure even if the PCP is not in the top quartile for the measure.
- 4.2 Performance Target Measures.
- 4.2.1 Rate of Primary Care Visits Measure. PCP shall be awarded the full amount of points if the PCP meets or exceeds the Performance Target. PCPs shall be awarded partial points if they provide between two and one-quarter (2.25) and three (3) visits per Linked Member per Fiscal Year. If the PCP falls below two and one-quarter (2.25) visits per Linked Member per Fiscal Year, the PCP will earn zero (0) points.
- 4.2.2 Electronic Claims/Encounter Data Measure. PCP shall be awarded the full amount of points if the PCP meets or exceeds the Performance Target. If the PCP falls below the Performance Target, the PCP will earn zero (0) points.
- 4.2.3 Referral Submittal Measure. PCP shall be awarded the full amount of points if the PCP meets or exceeds the Performance Target. If the PCP falls below the Performance Target, the PCP will earn zero (0) points.
- 4.3 After the assignment of points for the Relative Ranking Measures and the Performance Target Measures, the total CBI Incentive Program points are determined for each PCP. In the event that the PCP exceeded the Member Reassignment Threshold by more than two standard deviations, PCP's total CBI Incentive Program points will be reduced by fifty-percent (50%). The total points are multiplied by the number of Eligible Member Months for the PCP during the Fiscal Year to determine the PCP's "Weighted Points". Percentages are then determined by comparison to the totals for PCPs of the same Comparison Group, as follows: Weighted Points for PCP divided by total Weighted Points for all PCPs of the same Comparison Group equals the PCP's "CBI Distribution Percentage".

4.4 PCPs will receive a portion of the applicable CBI Pool (e.g. IM CBI Pool, PED CBI Pool or FP/GP CBI Pool) by multiplying the PCP's CBI Distribution Percentage by the total amount of funds in such CBI Pool.

5. Fee-for-Service Incentives

5.1 Increased preventive and disease management actions. Plan shall pay a fee-for-service incentive for performance of the following:

5.1.1

5.1.2

5.1.3

5.1.4

5.2 Increased prevalence of extended hours. Plan shall pay Provider five percent (5%) of the fee-for-service amount applicable to those services set forth in the Provider Manual, Primary Care Physician Services – Case Management, excluding Children's Health and Disability Prevention (CHDP) services and Comprehensive Perinatal Services Program (CPSP) services, for holding office hours for at least eight (8) hours per week beyond Monday through Friday, 8:00 a.m. to 5:00 p.m. during the quarter. Plan shall pay Provider the enhanced payment for all PCPs under Provider's contract located within a 5 mile radius of the location with extended hours availability if Linked Members may access care during the extended hours at the extended hours location.

5.3 Payment of Fee-for-Service Incentives. An accounting of Fee-for-Service Incentives shall be made each quarter within forty five (45) calendar days after the conclusion of each quarter. PCP should submit all Fee-for-Service Incentives within 30 days of the close of each quarter and will

not receive payment for any Fee-for-Service Incentives submitted to Plan after January 31, 2014. Distributions are made to PCPs following Plan approval of such accounting. Distributions for the first, second and third quarters are made no later than ninety (90) calendar days after the conclusion of the quarter. The distribution for the fourth quarter Fee-for-Service Incentives shall be made with the distribution of the CBI Incentive Payments no later than one hundred eighty (180) days after the conclusion of the Fiscal Year.

6. CBI Payments Determination Final. Plan's calculation of payments under the CBI shall be final. Provider recognizes that the measurement of the CBI data is subject to variation and reasonable statistical and operational error. Provider acknowledges that Plan would not be willing to offer the CBI if Plan's calculation of payments under the CBI would expose Plan to increased risk of disputes and litigation arising out of Plan's calculation. Accordingly, in consideration of Plan's agreement to offer the CBI to Provider, Provider agrees that Provider will have no right to dispute Plan's determination of payments due under the CBI, including determination of any data or the number of Eligible Members.
7. Term of CBI. The term of this CBI shall begin on January 1, 2013 and end on December 31, 2013 (the "CBI Term").
8. CBI Programs for Future Periods. Plan, in its sole and absolute discretion, may implement care-based incentive programs for periods after completion of the CBI Term. Any such programs shall be on terms determined by Plan. Until Plan and Provider enter into a written agreement with respect to any such new program extending beyond the CBI Term, no such program shall be binding upon Plan.
9. Effect of Termination of Agreement. In the event of the termination of the Agreement for any reason prior to the expiration of the CBI Term, no CBI Incentive Payments shall be earned or made hereunder.
