**The CAPOZZI ANTHONY P & PAULA C application (PLN260002) came on for a public hearing before the County of Monterey Zoning Administrator on March 26, 2026. Having considered all the written and documentary evidence, the administrative record, the staff report, oral testimony, and other evidence presented the Zoning Administrator finds and decides as follows:**

**FINDINGS**

1. **FINDING:** **CONSISTENCY** – The Project, as conditioned, is consistent with the applicable plans and policies which designate this area as appropriate for development.  
**EVIDENCE:**
  - a) During the course of review of this application, the project has been reviewed for consistency with the text, policies, and regulations in:
    - the 1982 County of Monterey General Plan (General Plan);
    - Carmel Area Land Use Plan (CAR LUP);
    - Carmel Area Coastal Implementation Plan (CAR CIP);
    - Monterey County Code Chapter 7.120; and
    - Monterey County Coastal Zoning Ordinance (Title 20).No conflicts were found to exist. No communications were received during the course of review of the project indicating any inconsistencies with the text, policies, and regulations in these documents.
  - b) Project Scope. The property is located at 2752 16<sup>th</sup> Avenue, near a state scenic highway, in Carmel subject to the Carmel Area Land Use Plan, Coastal Zone. The subject property is located behind the Carmel River Elementary School and is currently developed with an existing 1,609 square foot two story single-family dwelling with three bedrooms, three bathrooms, kitchen, and an attached garage. One of the three bedrooms

is above the garage that has no internal circulation to the main single family dwelling. These structures are attached by a covered walkway. The neighborhood is primarily residential in character and is within walking distance of coastal recreation areas including Carmel River State Beach and Carmel Mission Basilica. This property is directly south of the Carmel River Elementary School and adjacent to a green belt. The applicant is proposing to use these existing structures as a Commercial Vacation Rental. The Applicant/Owner proposes that the residence be occupied by a maximum of 7 people overnight and 10 people during daytime hours at the property at a time.

- c) Allowed Use. The property is located at 2752 16<sup>th</sup> Avenue, Carmel within the Carmel Area Land Use Plan (APN: 009-504-004-000). The parcel is zoned Medium Density Residential with a maximum density of 2 units per acre and a Design Control and 18 feet maximum height overlay in the Coastal Zone or “MDR/2-D(18’)(CZ)”. Title 20 Section 20.12.050.DD allows for the Commercial Vacation Rental use, subject to the granting of a Coastal Development Permit. Title 20 Section 20.64.290.F establishes the regulations for a property operating as a Commercial Vacation Rental on such property for transient lodging for a period of 30 calendar days or fewer. Therefore, the proposed use is allowable.
- d) Lot Legality. The subject parcel (Assessor’s Parcel Number 009-504-004-000) is shown in its current size and configuration and described in the 1964 and 1972 Assessor’s Map Book 9, Page 50. The County recognizes the subject property as a legal lot of record.
- e) Land Use Advisory Committee (LUAC). This project was not referred to the Carmel Highlands LUAC for review. Based on the current review guidelines adopted by the Monterey County Board of Supervisors per Resolution No. 15-043, this application did not warrant referral to the LUAC as it does not fall within the LUAC review guidelines.
- f) Business License. Condition No. 7 requires that the applicant obtain a Business License and provide documentation to prove that they comply with all of the requirements of the Business License pursuant to Title 7 Section 7.02.060. The subject property is required as conditioned to ensure that they always have an active Business License.
- g) Vacation Rental Operation License. Condition No. 8 requires that the applicant obtain a Vacation Rental Operation License and provide documentation to prove that they comply with all of the requirements of the Vacation Rental Operation License pursuant to Title 7 Chapter 7.120. The subject property is required as conditioned to ensure that they always have an active Vacation Rental Operation License.
- h) Transient Occupancy Tax. Condition No. 9 requires that the applicant register with the County of Monterey Treasurer-Tax Collector to pay Transient Occupancy Tax pursuant to Title 5 Chapter 5.40 and must pay Transient Occupancy Tax on all applicable rent received from transient occupancy of their residence as a Commercial Vacation Rental. The subject property is required as conditioned to ensure payment of Transient Occupancy Tax to the County of Monterey Treasurer-Tax Collector is made pursuant to Title 5 Chapter 5.40.
- i) Adequate Emergency Response Time. Condition No. 6 requires that the applicants notify the guests of the average response time for emergency

fire and medical services and the address and phone number of those services. The subject property complies with Title 20 Section 20.64.290.F.5, adequate emergency response times for fire and emergency medical. The submitted Operations Plan includes contact information for County emergency services for fire and emergency medical. Adequate is defined as 5-8 minutes within Community Areas, Community Plans, and Sphere of Influence, 12 minutes within Rural Centers, and 45 minutes for all other areas. The subject property falls within the City of Carmel-By-The-Sea sphere of influence; therefore, is subject to the 5-8 minute response time for County emergency services. Cypress Fire Protection District is 8 minutes away, and the Community Hospital of the Monterey Peninsula is 4 minutes away, which provides 24-hour emergency medical and fire response services. The subject property complies with the requirement to provide contact information for County emergency services for fire and emergency medical. The designated Property Manager for the Commercial Vacation Rental will be the agent, Steve Bellavance, who resides at 316 Mid Valley Ctr, Suite 306, Carmel, CA 93923, is approximately 15 minutes away (7.6 mile drive) from the subject property. Steve Bellavance will be available 24/7 to respond to guest or neighborhood questions or concerns, and has the ability to arrive within thirty minutes. The contact information is included as required in the informational signage that must be posted within six feet of the front door.

- j) Parking. Parking requirements outlined in Title 20 Sections 20.64.290.F.6 and 20.58.040 require that a Single-Family Detached residential dwelling unit have 2 spaces/unit, which this application complies with as illustrated in the attached plans.
- k) One Commercial Vacation Rental Per Legal Lot of Record. The subject legal lot of record complies with Title 20 Section 20.64.290.F.7, as this is the only Commercial Vacation Rental on the legal lot of record (APN: 009-504-004-000).
- l) Ownership Interest in One Commercial Vacation Rental in the Unincorporated Monterey County. The trustees of the legal lot of record comply with Title 20 Section 20.64.290.F.8 and do not have any ownership interest in any other Commercial Vacation Rentals in the unincorporated Monterey County. This application, before the Zoning Administrator, would be the first and only ownership interest the applicants would have in a Commercial Vacation Rental in the unincorporated Monterey County.
- m) Permit Expiration. Condition No. 5 applies a 7-year expiration to the granting of this Coastal Development Permit, pursuant to Title 20 Sub-Section 20.64.290.F.12.a. The purpose of this expiration is to provide adequate ongoing review of the approved use of the residence as a Commercial Vacation Rental. Prior to its expiration, the owner/applicant shall file an extension in accordance with Title 20 Section 20.70.110, which requires submittal of the request at least 30 days prior to the expiration date. The appropriate authority to consider this extension shall be the Zoning Administrator. This subsequent review will ensure: 1) the use continues to meet the standards of Title

20, and 2) an opportunity for Planning staff's review for ongoing compliance with the conditions of approval.

- n) Access. The subject property is accessed by a county-maintained road, therefore no further documentation or condition is required of the applicant.
- o) The application, project plans, and related support materials submitted by the project applicant to Monterey County HCD-Planning found in Project File PLN260002.

**2. FINDING: SITE SUITABILITY** – The site is physically suitable for the proposed development and/or use.

- EVIDENCE:**
- a) The project has been reviewed for site suitability by the following department and agency: HCD-Planning. County staff reviewed the application materials and plans to verify that the project on the subject site conforms to the applicable plans and regulations, and there has been no indication that the site is not suitable for the development. Conditions recommended have been incorporated.
  - b) The application, project plans, and related support materials submitted by the project applicant to Monterey County HCD-Planning found in Project File PLN260002.

**3. FINDING: HEALTH AND SAFETY** – The establishment, maintenance, or operation of the project applied for will not, under the circumstances of this particular case, be detrimental to the health, safety, peace, morals, comfort, and general welfare of persons residing or working in the neighborhood of such proposed use, or be detrimental or injurious to property and improvements in the neighborhood or to the general welfare of the County.

- EVIDENCE:**
- a) The project was reviewed by HCD-Planning. The respective agency has recommended conditions, where appropriate, to ensure that the project will not have an adverse effect on the health, safety, and welfare of persons either residing or working in the neighborhood.
  - b) The property has road access from 16<sup>th</sup> Avenue, a public road. No alterations to this driveway or access are required for the use (see evidence “n” in Finding 1).
  - c) California American Water currently provides potable water service to the subject property and the existing connection will be retained for the proposed use. Sewer service will be provided by Carmel Area Wastewater District (CAWD).
  - d) Solid waste (garbage) collection service is and will continue to be provided by Waste Management.
  - e) To address emergency situations, the attached Operations Plan includes an evacuation map which is placed in a location that is easy to access by renters.
  - f) The application, project plans, and related support materials submitted by the project applicant to Monterey County HCD-Planning found in Project File PLN260002.

**4. FINDING: NO VIOLATIONS** – The subject property is in compliance with all rules and regulations pertaining to zoning uses, subdivision, and any

other applicable provisions of the County’s zoning ordinance. No violations exist on the property.

- EVIDENCE:**
- a) Staff reviewed Monterey County HCD-Planning and HCD-Building Services records and is not aware of any current violations existing on subject property.
  - b) The application, project plans, and related support materials submitted by the project applicant to Monterey County HCD-Planning found in Project File PLN260002.

**5. FINDING: CEQA (Exempt)** – The project is categorically exempt from environmental review and no unusual circumstances were identified to exist for the proposed project.

- EVIDENCE:**
- a) California Environmental Quality Act (CEQA) Guidelines section 15301, categorically exempts the leasing of existing private structures, involving negligible or no expansion of existing or former use.
  - b) The project proposed to allow the use of an existing residential property for transient lodging for a period of 30 calendar days or fewer. The project would not expand the residence, nor would it allow any additional occupancy beyond what is allowed for the existing residence. Therefore, the project fits the criteria of the exemption.
  - c) None of the exceptions under CEQA Guidelines section 15300.2 apply to this project, as discussed in subsequent Evidence “d” through “i”.
  - d) Class 1 exemptions are not qualified for an exception by their location.
  - e) The County’s regulatory process of Coastal Development Permits for the use of an existing residential property for transient lodging allows the County to regulate such uses in a way that would prevent adverse cumulative impacts to the surrounding environment. Consistent with the Findings and Purpose in Monterey County Ordinance Number 5439 Section 1.F, the requirement for a Coastal Development Permit for Commercial Vacation Rental activities ensures that the impact of such leasing activities can be appropriately evaluated. Further, Title 20 Section 20.64.290 establishes caps on the maximum amount of Coastal Development Permits for Commercial Vacation Rentals to ensure that the potential cumulative effects of Commercial Vacation Rentals are minimized. The maximum allowed for the Carmel Area Land Use Plan is 118. This application is the 9<sup>th</sup> approved Commercial Vacation Rental. The project is consistent with all the criteria in Title 20 section 20.64.290 and, therefore, would not contribute to a cumulative effect.
  - f) The County prepared a Final Environmental Impact Report (FEIR) for the Vacation Rental Ordinances project, which was certified by the Board of Supervisors on August 27, 2024 (SCH# 2022080643). The FEIR analyzed the project for environmental impacts and did not identify any significant impacts of Commercial Vacation Rentals up to the Commercial Vacation Rental cap set for each County of Monterey Planning Area. This Commercial Vacation Rental does not exceed the cap on Commercial Vacation Rentals in the Carmel Area Land Use Plan. It would be the 10th Commercial Vacation Rental in the Carmel Area Land Use Plan. The FEIR did address public comments that vacation rentals have the potential for negative side effects including nuisance issues such as traffic, parking and noise. However, no

significant environmental effects were identified. County regulations have been developed and are in effect to ensure that vacation rentals remain compatible with existing residential uses. Cumulative impacts of the regulations taken together with other past, present, and probable future projects were analyzed and no significant effects were identified. There is no evidence suggesting that approving this project would result in significant environmental impacts.

- g) There are no unusual circumstances related to the project that would create a reasonable possibility of a significant effect.
- h) The project would not result in damage to scenic resources within view of the State Scenic Highway. The nearest designated State Scenic Highway is Highway 1, which is approximately 1 mile east of the property. However, the property is not visible from Highway 1 due to distance and intervening vegetation and structures. The project also does not propose any physical changes that would damage scenic resources; no construction, exterior alterations to structures, land alteration, or vegetation (or tree) removal are proposed.
- i) The project is not located on a hazardous waste site included on any list compiled pursuant to Section 65962.5 of the Government Code.
- j) The project would not damage any historical resources.
- k) See supporting Finding Nos. 1 and 2. The application, project plans, and related support materials submitted by the project applicant to County of Monterey HCD-Planning found in Project File PLN260002.

**6. FINDING:** **PUBLIC ACCESS-** The project is in conformance with the public access and recreation policies of the Coastal Act (specifically Chapter 3 of the Coastal Act of 1976, commencing with Section 30200 of the Public Resources Code) and applicable Local Coastal Program, and does not interfere with any form of historic public use or trust rights.

- EVIDENCE:**
- a) No public access is required as part of the project as no substantial adverse impact on access, either individually or cumulatively, as described in Section 20.146.130 of the Monterey County Coastal Implementation Plan can be demonstrated.
  - b) No evidence or documentation has been submitted or found showing the existence of historic public use or trust rights over this property.
  - c) The subject property is not described as an area where the Local Coastal Program requires visual or physical public access (Carmel Area, Figure 3, Local Coastal Program Public Access).
  - d) The application, project plans, and related support materials submitted by the project applicant to Monterey County HCD-Planning found in Project File PLN260002.

**7. FINDING:** **APPEALABILITY** – The decision on this project may be appealed to the Board of Supervisors and California Coastal Commission.

- EVIDENCE:**
- a) Board of Supervisors. Pursuant to Title 20 Section 20.86.030.A, an appeal of the Zoning Administrator’s decision for this project may be made to the Board of Supervisors by any public agency or person aggrieved by their decision.
  - b) Coastal Commission. Pursuant to Title 20 section 20.86.080.A, the project is subject to appeal by/to the California Coastal Commission

because it involves development that is permitted in the underlying zone as a conditional use.

**DECISION**

**NOW, THEREFORE**, based on the above findings and evidence, the Zoning Administrator does hereby:

- 1) Find the project qualifies for a Class 1 Categorical Exemption pursuant to CEQA Guidelines Section 15301; and
- 2) Approve a Coastal Development Permit for a Commercial Vacation Rental to allow the use of a residential property for transient lodging for a period of 30 calendar days or fewer.

All of which are in general conformance with the attached sketch and subject to the attached conditions, all being attached hereto and incorporated herein by reference.
