Subject: Statement of Interest

Date: September 3, 2024

I am a disabled veteran who served 14 years with the U.S. Army. My interest in serving on the Greenfield Memorial Board is to assist first and foremost local veterans, active service members, and the community of Greenfield. The Greenfield Memorial Hall and its Board of Directors has provided services to the community either at no cost or a cost lower than our surrounding cities. We are very proactive in communicating with the public to enhance how we can collectively provide better services and address matters of concern.

We have basically a community outreach program which once a year at the invitation of the local schools to lecture on veteran experiences and the importance of getting a good education.

My life experience has provided me with the education to multi-task across a wide range of fields as a board member since I am the only one who is retired as needed in other areas.

My objective as much as possible is to steer our youth in the right direction and give them the basic knowledge of what is needed now and when it's time to leave home to become an asset in society and not a liability. I've always said the key to a productive life in any endeavor is "discipline".

Sincerely,

Dominic Gilliam - Finance Director
