

FACE COVERING ORDINANCE CONSIDERATIONS & OPTIONS

Board of Supervisors Meeting

November 16, 2021

Ordinance Considerations

CDC Data

- Origin of input data unclear.
- Not clear if any lag in reporting.
- Does not match local data.
- Not available over weekends or holidays.

County Data

- Public Health can describe origin of data
 - 7-day lag in reporting.
- Board can ask questions about data.
- Can ask Public Health to provide data every day.
- Can ask for different data sets.

Community Transmission Levels	Low Transmission	Moderate Transmission	Substantial Transmission	High Transmission
Total new cases per 100,000 persons in the past 7 days	0-9.99	10-49.99	50-99.99	≥100
Percentage of NAATs that are positive during the past 7 days	0-4.99%	5-7.99%	8-9.99%	≥10.0%

Face Covering Options

1. Maintain Status Quo
2. Terminate or suspend Facial Covering Requirement
3. Return at a Special Meeting or next Regular Meeting to adopt an urgency ordinance or introduce a due course ordinance (2 meetings needed-effective 30 days thereafter) using different metrics:
 - a. Could use data thresholds to activate or suspend mask requirement
 - b. Could use County Public Health data
 1. Could use case rates, positivity rates, hospitalizations, deaths, other.
4. Provide alternate direction.
