* - Sanitation Services (Sewer Fee) revenue is lower than anticipated due to delays in rate increase. A proposed Rate Increase is anticipated to come to the Board in FY20.

** - Expenditures for manhole repair project less than originally anticipated; savings were realized in lower soil testing and haz-mat clean up costs than anticipated.

*** - FEMA claims for Pajaro manhole and generator were denied; however, insurance claims are pending.

**** - Based on the annual true-up of utility fees completed in December 2018, the PCSD received a credit which significantly reduced monthly charges through end of FY 2018-19.
