Exhibit A – Additional Provisions and Scope of Services and Payment Provisions

Additional provisions and description of services and obligations between Healthcare Coding and Consulting Services LLC, (HCCS) and Natividad Medical Center (NMC).

1. In all instances, HCCS will be considered an Independent Contractor and will not be considered an employee or agent of Natividad Medical Center.
2. HCCS shall work with NMC to draft a “Coding Profile” that sets forth the coding procedure HCCS is to follow when coding for NMC. Coding Profile includes, but is not limited to, items such as E/M leveling, coding with or without a discharge summary, abstracting, physician querying, charge entry, and user permission requests. NMC may also use the HCCS standard hospital coding profile, which includes all usual and customary coding and abstracting elements. NMC may request modifications to the Coding Profile at any time.
3. HCCS shall assign sufficient coders to NMC account and NMC shall provide HCCS with sufficient accesses to information necessary to accurately code NMC’s health records and meet turnaround time obligations. The information necessary to code said health records is determined by legal and statutory requirements, accepted industry standards, and supplemented by the Coding Profile. Upon receiving said health records, HCCS shall code said health records as set forth in the Coding Profile created by HCCS and approved by NMC. All coding shall be in compliance with all legal and statutory requirements. Medical records will be coded and returned to NMC for billing within an average of twenty-four (24) hours of their receipt by HCCS (excludes weekends and federal holidays).
4. To access and code health records, HCCS will use NMC’s EHR (Meditech) and encoder (3M). HCCS coders will work within NMC’s IS via VPN or Citrix environment to enter codes, abstract data, and generate charge codes as delineated in agreed upon NMC Profile.
5. HCCS warrants that the services will be performed in a good and workmanlike manner and will not be in violation of any federal or state laws, rules or regulations. The services shall conform to all CMS Medical Reporting requirements and will meet or exceed established guidelines.
6. All HCCS coders coding at NMC will be US-based and will possess current RHIA, RHIT, CCS and/or CPC coding credentials.
7. HCCS’s staff of coding auditors will conduct ongoing internal audits on HCCS coders, auditing a random sample of between 3% and 6% of all accounts coded with the monthly sample size for each coder capped at 25 accounts per facility and chart type. Provided that NMC has granted the necessary access to HCCS auditors, HCCS will send monthly audit reports to NMC within 45 days of each month’s end, beginning with the first full month of coding at NMC. Customized reports are available on demand. Audit reports include the accuracy of each aspect of coding (e.g., ICD-10, CPT, E/M, POA, Modifiers, DRG, APC) broken down by facility,

chart type, and coder. This report will include details on coding errors and any action taken correct errors and prevent future errors. Auditors will immediately notify NMC of any coding errors that necessitate a rebill.

8. HCCS's standard for coding accuracy is 98%. If a coder scores below 95% accuracy in any month, corrective action is taken and documented in the monthly audit reports. Any time a coder falls below these levels, HCCS will increase sample size to at least 6% of the coder's total volume for the month. This larger sample size is typically focused on areas identified as weaknesses in the original audit sample. If a coder's accuracy is still below acceptable levels in the larger sample size, the coder is placed on concurrent audit status, meaning up to 100% of the coder's charts are reviewed by an auditor before the chart is finalized.
9. All HCCS Coders newly assigned to NMC will be concurrently audited by the designated account Auditor. This rate will begin at 100% and gradually reduce at the discretion of HCCS Auditor. No coder will be released from concurrent status until the HCCS Auditor is confident the coder will maintain HCCS and NMC accuracy standards. This concurrent auditing/training period is typically two weeks for coders new to HCCS and one week for established HCCS coders that are new to the NMC account.
 - a. For a period of one week following the start of new HCCS coders at NMC, average turnaround time for records assigned to new coders may exceed 24 hours, but will not exceed 48 hours; this is to accommodate the concurrent auditing process.
10. Should a payer subsequently deny any health records coded by HCCS, HCCS agrees to assist NMC in the reconsideration process. If the denial is due to a coding error, this assistance shall consist of the drafting defense for use in all necessary letters to the payer, supported by necessary documentation from the chart (provided by NMC), and consulting with NMC staff as to the best defensible position. HCCS will refund the amount paid to HCCS by NMC for coding of claims denied by payer due to coding errors.
11. Compensation: In consideration for the Services and in accordance with the schedule of payment set forth in the Pricing section of this exhibit, NMC shall certify the invoice(s) and forward to the Auditor-Controller. TNMC shall pay HCCS all undisputed amounts within thirty (30) days following receipt of an itemized invoice detailing the Services performed, date(s) of performance, and time required (if payment is on an hourly fee basis).
12. NMC have the right to audit or verify any or all of HCCS's work by any means it may deem appropriate.
13. NMC may terminate this contract at any time, without cause and with no notice. HCCS may terminate this Agreement at any time and without cause by providing 60 days' written notice.
 - a. If NMC is satisfied with HCCS services, but wishes to significantly decrease the volume of coding requested, HCCS requests that NMC gives HCCS as much notice as possible. This gives HCCS time to find alternative work for employees assigned to NMC, preventing both layoffs and the significant cost of retaining employees that have no work.
14. Non-solicitation: NMC shall not solicit or hire any employee of HCCS who has performed services for NMC under this Agreement during or within twelve (12) months following termination of this Agreement without the prior written consent of HCCS. If HCCS permits NMC to hire such employee during such prohibited time period, then NMC shall pay to HCCS a placement fee equal to 25% of such individual's starting annual salary with NMC.

15. This Agreement shall define the obligations of the parties regarding the services described herein. To the extent this Agreement is inconsistent with any prior agreements between the parties, this Agreement shall control and take precedence. No oral agreements between the parties exist.
16. Payments, notices and all other written communications between NMC and HCCS shall be given either in person, by United States postage prepaid, or by email or other electronic format, addressed as follows:

- For every percentage point beyond 10% above expected coding productivity (100 per day), HCCS will reduce the following quarter's invoice by 1%.
